

CITY OF DETROIT
SPECIAL NOTICE TO BIDDERS

1 of 1

TYJT

6/27/09

SEQUENCE OF CONSTRUCTION

The measures in this Special Notice to Bidders supplements the requirements given in the Special Provision for “Maintaining Traffic”.

Special care shall be taken in the sequencing of curb ramp construction to ensure that safe pedestrian mobility is maintained at all times. Measures such as opening up alternate intersections rather than consecutive intersections should be done if it will lessen the impact on pedestrian movement.

Excavation and removals at a corner shall only be done if the Contractor can form and complete the pour within 72 hours.
