TYJT

3/26/09

DESCRIPTION

Temporarily move or relocate minor existing objects such as; news-stands, trash receptacles, benches, etc. as needed for installation of new curb ramps.

CONSTRUCTION

Prior to sidewalk removal operations, note existing location, protect, and move items to be reset to a suitable sidewalk location adjacent to the limits of construction. Place these items in a manner that allows continual pedestrian access/usage during construction operations. Items shall not be placed where they may hinder access to existing; doors, building entrances, fire doors, fire escapes, driveway approaches, alleys, fire hydrants, pedestrian access routes, or other existing pedestrian features. After the proposed concrete walk has been installed and sufficiently cured, the contractor shall return the objects to their original location unless otherwise specified on the plan. Damaged objects will be replaced at the sole expense of the contractor.

METHOD OF MEASUREMENT AND BASIS OF PAYMENT

Work, materials and all other miscellaneous costs incurred while performing the work - including mounting hardware, equipment, hauling, and disposal - shall be included in the contract unit price and will not be paid for separately.
