Honorable City Council:

RE: Petition No. 1554 – DPW: City Engineering Division request to vacate to utility easement that part of Griswold Street, bounded by State Street and Grand River Avenue, otherwise known as Capitol Park.

Petition No. 1554 – DPW: City Engineering Division request to vacate to utility easement that part of Griswold Street, various widths, bounded by State Street, 60ft. wide, and Grand River Avenue, 60ft. wide, otherwise known as Capitol Park.

The petition was referred to the City Engineering Division – DPW for investigation (utility review) and report. This is our report.

The request is made to define the boundaries of the parcel known as Capitol Park.

The request was approved by the Solid Waste Division – DPW, and Traffic Engineering Division – DPW, and City Engineering - DPW.

Detroit Water and Sewerage Department (DWSD) has no objection to the vacation and conversion to utility easement provided certain provisions are met. The DWSD provisions are a part of the attached resolution.

All other involved City Departments, and privately owned utility companies have reported no objections to the vacation and conversion to utility easement of the alley. Provisions protecting utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,

Richard Doherty, P.E., City Engineer
City Engineering Division – DPW
