Honorable City Council:

RE: Transfer of Jurisdiction Agreement with MDOT regarding Randolph Street between Gratiot Avenue and East Jefferson Avenue.

The City of Detroit ("CITY") has negotiated an agreement with the Michigan Department of Transportation ("MDOT"), MDOT NO. 2023-0241, that will result in the transfer of jurisdiction of Randolph Street, between Gratiot Avenue and East Jefferson Avenue, from MDOT to the CITY.

Randolph Street, identified in the Transfer of Jurisdiction Agreement as "The ROAD SEGMENT", is within the CITY boundary and is no longer functioning as a State Trunkline. MDOT is willing to transfer jurisdictional control of the ROAD SEGMENT to the CITY and the CITY is willing to accept control of the ROAD SEGMENT. This transfer of jurisdictional control of the ROAD SEGMENT will make this ROAD SEGMENT a City Major Road.

As part of the transfer, the CITY will assume the obligations for maintenance of the ROAD SEGMENT and perform work for improvements of the ROAD SEGMENT identified in the Transfer of Jurisdiction Agreement as the "PROJECT". MDOT agrees to pay a lump sum of \$7,609,203.68 to the CITY as an estimated cost to complete work on the PROJECT.

A resolution is attached for consideration by your Honorable Body.

Respectfully submitted,

Ron Brundidge, Director
Department of Public Works

Cc: Richard Doherty, P. E., City Engineer
Oladayo Akinyemi, DPW Deputy Director
Malik Washington, Mayor's Office

BY COUNCIL MEMBER _____

RESOLVED, in accordance with the foregoing communication, the Transfer of Jurisdiction Agreement Between Michigan Department of Transportation and City of Detroit, by and through the Department of Public Works, and the Michigan Department of Transportation, MDOT No. 2023-0241, is approved.
