RE: Riparian Owners
 Assessment Roll - Fox Creek Canal Area

DATE: April 17, 1985

Pursuant to Section 38-6-4 of the Detroit Municipal Code, the riparian owners of property in the Fox Creek Canal area shall be notified of high water conditions. The United States Corps of Engineers is predicting high water for the Great Lakes, including the Detroit River. I therefore request the assessment roll for this area.

Please supply us with eight (8) gum labels and the assessment list of the following:
