City of Detroit Housing Commission

June 18, 2001

Honorable City Council:

Re: City Council Agenda Item, Request for Waiver of 48 hour rule for submission of agenda item: *DHC Request for Qualifications H354 — Master Developer, Woodbridge Estates, (formerly Jeffries Homes)*.

DHC issued a Request for Qualifications (RFQ) in March of 2000 and after an exhaustive evaluation including several interviews and revised offers, DHC has proposed entering into an agreement with Scripps Parks Associates, L.L.C. of Detroit, MI to serve as Master Developer for Woodbridges Estates. The principal of Scripps Parks Associates, L.L.C. are Herb J. Strathier Associates of Detroit, MI, Slavik Enterprises, L.L.C. of Farmington Hills, MI and Rosenberg Housing Group, Inc. of New York, NY.

DHC requests that it be placed on the City Council agenda for Tuesday, June 19, 2001. We will present an Executive Summary of the Woodbridge Estates Master Developer's Agreement and the associated Ground Lease and Land Contract. DHC desires to submit the

Development Agreement to HUD by June 22, 2001. The HUD office responsible for review of the DHC Development Agreement is also in charge of reviewing all 2001 HOPE VI applications from around the country. We are seeking HUD's approval prior to the time HUD begins this review process to help ensure that HUD will review approve and return the DHC documents in a much more expeditious manner than would be the case if our submissions are presented after HUD begins its overall review process.

With the approval of the DHC Board of Commissioners, your Honorable Body and HUD, Scripps Parks Associates is prepared to begin construction in September, 2001.

Insomuch as the expeditious approval of the Master Developer's Agreement, Ground Lease and Land Contract is vital to the success of the Woodbridge Estates (Jeffries) Revitalization, it is the recommendation of DHC that your Honorable Body approve the agreement with Scripps Parks Associates, L.L.C. in accordance with the attached resolution.

Respectfully submitted,
 JOHN NELSON, JR.
 Executive Director

By Council Member Mahaffey:

Whereas, The Detroit Housing Commission (DHC) is committed to the Revitalization of the Woodbridge Estates (Jeffries Homes); and

Whereas, DHC recommended Scripps Parks Associates, L.L.C. as the Master Developer after a competitive selection process conducted in compliance with the U.S. Department of Housing and Urban Development (HUD) procurement regulations and DHC's procurement policy; and

Whereas, The Detroit Housing Commission authorized its Executive Director on June 18, 2001, to enter into, in substantial form, the attached Master Development Agreement, Ground Lease and Land Contract.

Now Be It Therefore Resolved, That the City of Detroit; acting by and through the Detroit Housing Commission, is hereby authorized to enter into, and to execute acting by and through its Executive Director, a Master Development Agreement, Ground Lease and a Land Contract with Scripps Parks Associates, L.L.C. in the form substantially similar to the aforementioned documents attached hereto, subject to said documents being approved by HUD, and is authorized to enter into and execute all related documents, including but not limited to, the site condominium documents including a master deed as referenced in the Land Contract, the deeds of conveyance under the Land Contract and the assignment of ground lease and sublease of ground lease as referenced in the Ground Lease.

Adopted as follows:

Nays — None.

***ON WAIVERS OF RECONSIDERATION**

Council Member Tinsley-Talabi moved to waive the right to reconsider the vote by which each resolution and/or ordinance was adopted.

City Planning Commission

Honorable City Council:

Re: Directional Signage Program Proposed by University Cultural Center Association (Recommending Approval with Conditions).

This report provides information regarding the proposed directional signage program being proposed by the University Cultural Center Association (UCCA) for the area bounded by Ford Freeway to the north, Fisher Freeway to the south, Lodge Freeway to the west, and Chrysler Freeway to the east. A total of 127 directional signs (also called wayfinding signs) are proposed. Please find the complete proposal attached.

The program will consist of signs affixed to street light poles. These signs will provide direction to major institutions and parking throughout the cultural, med-

ical, and university districts, as well as the Cass Corridor and Brush Park. The program will be financially supported by foundations and contributions secured by the UCCA. The total budget for the program is projected to be \$310,000. McGregor funds (representing \$50,000) are contingent on UCCA obtaining City Council approval by the end of June.

The program includes two types of signs: 1) Gateway Arrival/District Directional signs will introduce visitors to the area and direct them to one of the six districts within the area; and 2) Destination Directional signs will identify specific destinations, including institutions, parking and freeways.

One goal of the program is to strengthen the area's identity. UCCA members are proposing to identify the area as "Midtown" due to its spatial relationship to downtown and new center. Within Midtown, six districts have been identified: Wayne State University, Cultural Center, Medical Center, Orchestra Place, Brush Park and Cass Park.

Community Feedback

Per your Honorable Body's request, City Planning Commission (CPC) staff mailed information to eleven community organizations in the area, including six Citizens' District Councils (CDCs). This was done to inform these organizations about the proposal as well as to obtain their feedback. Five organizations (seven individuals) contacted CPC staff with their feedback.

- Two of the organizations appear to support the plan. Cass Corridor Neighborhood Development Corporation told the UCCA that it did not have a problem with the proposal. Brush Park Development Corporation noted that it particularly liked the overall concept as well as the design.

- Two organizations are very concerned about the planning process. Specifically, Art Center CDC and University City A CDC are very concerned that UCCA ignored the community planning process by not presenting the plans to CDC's in the area. UCCA's response is that, since this program is not publicly funded, Citizens' District Council review and approval are not required.

CPC staff did notify the community and obtain feedback as noted above. While there is no requirement for CDC review and approval, there is a definite need for established community organizations with a long history in working for the revitalization of their areas to participate in a process designed to not only improve circulation and visibility but to also create a new identification for the larger community.

- One organization, Art Center CDC, was concerned about the exclusion of Peck Park and the historical homes on Kirby, Ferry and Frederick Douglass from

the program. CPC staff agrees with the CDC on the importance of including sites that have been designated as historic districts and, therefore, have broader community significance. Peck Park, on the other hand, functions primarily as a local neighborhood park. Staff feels less strongly about its inclusion in a signage program designed to provide directions to persons unfamiliar with the area.

RECOMMENDATION: CPC staff recommends that the program be modified to include the historic districts on Ferry, Kirby and Frederick Douglass.

- One organization, Cass Community UMC, was concerned that a sign is being proposed on a light pole that they use for banners. They do not want their banner program to be affected by this directional signage program which they are not a part of and are not funding.

RECOMMENDATION: CPC staff recommends avoiding a blanket policy that banners cannot be hung on poles with directional signs. The size of the directional signs should be a consideration when banners are proposed.

Staff Review

City Planning Commission (CPC) staff met with representatives from the UCCA on April 6, 2001 to discuss the proposed directional signage program. At that time, CPC staff expressed concerns about the size of the signs, the number of signs proposed, the redundancy of some messages, how this program relates to banner programs in the area, the use of the Midtown designation, and the overall impact of the program given the density of existing and proposed signs. UCCA made modifications to the plan including eliminating some signs altogether and dropping the Midtown designation on all but the seven gateway arrival signs.

CPC staff also provided a copy of the proposal to the Historic Designation Advisory Board (HDAB) and the Detroit Historic District Commission for review. HDAB had some general aesthetic concerns, including concern that the signs could clutter an already dense area. The Historic District Commission did not have any concerns.

Recommendation

CPC staff recommends approval of the program with the following conditions:

1. that the program be modified to include signing to the Kirby, Ferry, and Frederick Douglass historic districts; and
2. that existing directional signs, including size of the signs, be considered when approving future banner requests.

Please let us know if You have any questions.

Re: Community Development Block Grant (CDBG) Reprogramming.

In a letter dated April 23, 2001, I requested reprogramming of \$8,612,185.03 from various CDBG project activities to the demolition program.

After consideration of the comments from the public and the concerns expressed by your Honorable Body and the recommendations submitted to you by the City Plan Commission on June 15, 2001, I am submitting a revised request.

This request is consistent with the City Plan Commission recommendations. It provides funding for the demolition program, for the senior/emergency home repair program, and for the DOCTOR program. Some project activities in the original request have been removed from this request reducing the amount to be reprogrammed to \$7,503,224.63 in accordance with the City Plan Commission recommendations.

In the next few weeks, all appropriations for the dangerous and abandoned building demolition program will be expended, encumbered, or committed.

In order to continue this important program, it is respectfully requested that your Honorable Body approve the attached resolution reprogramming Community Development Block Grant funds, amending the HUD Consolidated Plan for this reprogramming, and changing appropriations in accordance with the reprogramming.

Planning & Development Department

June 28, 2001

Honorable City Council:

Re: Proposed Ordinance to Modify the Development Plan for the Jefferson-Chalmers Project.

The Planning and Development Department would ask that Council consider changes to the Modified Development Plan in the form of land use and zoning changes. These changes will allow Parcel 3 and Parcel 4a/5a to be defined as Housing/Commercial (H/C), Parcel 5 and 6 to be redefined as Commercial with Housing as a secondary use (Ch), the boundaries of Parcels 5 and 6 shall be modified and Parcels 13 and 14 will be deleted as they will no longer be designated for redevelopment. In addition, the Maheras/Gentry Park land, Alfred Brush Ford Park, Riverfront-Lakewood East Park and Mariners Park shall be revised to reflect current Parks and Recreation (PR) Zoning District classification. The zoning of the land west of Dickerson/ Lenox shall be re-designated with the options of district classifications, the northern half of Maheras/Gentry Park and Mariners Park shall be re-designated as Parks and Recreation (PR) and the land immediately west of Mariners Park (the existing trailer park), otherwise known as Parcel 19, be re-designated with the options of Parks and Recreation (PR) and Planned Development (PD). (See attached Summary of changes for entire list of amendments.)

In compliance with normal procedures, the above-referenced proposed ordinance is being submitted to Your Honorable Body for consideration. Hence, the above-referenced proposed ordinance is necessary to allow new commercial and residential development in the area. (I.E. — Home Depot and Heritage Condominiums.)

A resolution, which provides for the date of a public hearing and authorizes the Planning and Development Department to carry out all legally required actions that pertain to the public hearing, accompanies this proposed ordinance. We request that this proposed ordinance be introduced, and the accompanying resolution be adopted.

Please feel free to contact Tracee Davie (224-2374) or Shannon Black (628-0190) at the Planning and Development Department to answer any questions that you may have concerning this proposed

ordinance. Thank you for your consideration.

Respectfully submitted,

MSHDA has indicated that such developments receiving low income tax credits but no financing from the authority are eligible to receive tax abatements pursuant to Section 15a of Act 346 of the Public Acts of 1966 as amended.

The Westside Gardens Phase I development consist of 11 new construction 3-bedroom, 2 bath single-family dwellings. The development is in the area bounded by Tireman (North) McGraw (South) Woodrow Wilson (West) and Grand Boulevard (East).

The Plan is for the development of the Kales Building located at 76 W. Adams Street located in Detroit, Michigan.

Projected Costs

The proposed Plan anticipates the cost of the eligible activities for this project will be approximately \$629,600.00. The expense of these eligible activities is the responsibility of Kales.

This proposed Plan has been presented to the Planning Department's Concept Plan Review and DBRA received favorable recommendation for its approval. A copy of the recommendation letter dated May 31, 2001 is attached to the Plan.

Honorable City Council:

Re: Resident Opportunity Self-Sufficiency (ROSS) Application.

The Detroit Housing Commission (DHC) is seeking \$500,000 in an application to the U.S. Department of Housing and Urban Development (HUD) under the Resident Opportunities Self-Sufficiency Program (ROSS). The purpose of ROSS is to link services to public housing residents by providing funds for various supportive services, resident empowerment activities and to assist residents in becoming economically self sufficient.

Approval of this resolution will enable DHC (through partnership with a local service provider) assist a segment of the resident population that is frequently overlooked, namely, trained entrepreneurs who need start-up business spaces and/or capital. The grant fund requested will complement a previous ROSS grant award of \$250,000 for resident entrepreneurship training and micro-loan program by providing trained entrepreneurs with business space and other business support services from a One Stop Incubation Center located at a DHC site. The selected service provider will provide various business support services including answering service, copying, faxing, computer access, conference space, mail boxes, referrals for loans and other professional services. The incubation center will be equipped to service up to sixteen (16) businesses and physically house six (6).

Therefore, the Detroit Housing Commission requests the approval of the Detroit City Council to submit this pivotal grant application to HUD.

Department of Environmental Affairs

June 5, 2001

Honorable City Council:

Re: Michigan Department of Environmental Quality, Environmental Assistance Division, Regional Pollution Prevention Grant Program. Resolution to Submit Proposal.

The Michigan Department of Environmental Quality (MDEQ) through its Environmental Assistance Division solicited proposals for Regional Pollution Prevention Grant Program Funds. This funding opportunity is available and applies to non-profit organizations and municipalities. Either may apply for monies to be used for pollution prevention (P2). P2 aims to eliminate and/or reduce the generation of wastes at their source where practical, environmentally acceptable, and economically feasible. P2 activities include process changes, technology changes, raw material and product changes, and good operation practices. Wastes that cannot reasonably be prevented from being created at the source should be reused or recycled in an environmentally sound manner. Approximately \$500,000 is available from Michigan's Regional Pollution Prevention Grant Program.

The Department of Environmental Affairs (DEA) is seeking your Honorable Body's approval to submit a proposal to participate in the Regional Pollution Prevention Grant Program for the establishment of a Salvage yard Pollution Prevention Pilot Program. The Salvage yard P2 Program is designed to provide education and outreach activities to operators of these businesses focusing on the

development and implementation of Environmental Management Systems (EMS). The attached proposal seeking approximately \$140,000.00 for the development of the Salvage yard P2 Program is attached.

We respectfully request your Honorable Body's approval of the attached resolution authorizing the City of Detroit, through the Director of the Department of Environmental Affairs, to respond to the guidelines issued in solicitation for proposals for the establishment of a Salvage yard P2 Pilot Program as described above. A waiver of reconsideration is requested.

Re: Transfer of Jurisdiction of Surplus Property. Development: 2733 Gratiot; a/k/a "Old Engine 11 Firehouse"

On November 29, 2000, your Honorable Body authorized the sale of the above-captioned property to the Phoenix of the Detroit Fire Department. The sales resolution, however, did not include a request to transfer jurisdiction of the property from the Detroit Fire Department to the Planning and Development Department. The Director of the Detroit Fire Department has indicated to the Planning & Development Department (P&DD) that they have declared the above-captioned property surplus to their needs and requests that P&DD assume jurisdictional control over this parcel so that it may be made available for sale and development to the Phoenix of the Detroit Fire Department.

We, therefore, request that your Honorable Body approve the attached resolution authorizing the Detroit Fire Department to transfer jurisdiction of the above-captioned property to the Planning & Development Department with a Waiver of Reconsideration.

Respectfully submitted,

On June 11, 2001, (Legal News Page 10), your Honorable Body authorized the sale of above-captioned property to People's Community Baptist Church, a Michigan Ecclesiastical Corporation, for the purpose of constructing a one-story church facility with paved surface parking.

Planning & Development Department

July 5, 2001

Honorable City Council:

Re: Request for Authorization to Submit an Application for Funding under the Core Cities Initiative (CCI) for Assistance with Costs Associated with the SmartZone Project.

The State of Michigan has enacted Public Act 248 of 2000 creating the Michigan SmartZone program. SmartZones are districts of technological business and research institutions throughout the state. The zones are intended to stimulate the growth of technology-based businesses and jobs by aiding in the creation of recognized clusters of new and emerging businesses, specifically those businesses primarily focused on commercializing ideas, patents and other opportunities surrounding university or private research institute R & D efforts.

A \$50 million appropriation was recently granted to the Michigan Economic Development Corporation (MEDC) to fund infrastructure needs in 88 core communities or in SmartZone-designated areas. On October 16, 2000 the City of Detroit, in conjunction with Wayne State University, submitted a MEDC SmartZone RFP response for the purpose of securing a SmartZone designation for the City of Detroit. On April 11, 2001 the State of Michigan announced eleven (11) Michigan areas receiving high-tech designations, one of which is the City of Detroit Woodward Technology Corridor SmartZone and which includes its first technology park — the Wayne State University Research and Technology Park (the "Park").

The Woodward Technology Corridor SmartZone extends from Euclid on the north to the Detroit River on the south and from the John Lodge freeway on the west to I-75 on the east. The Wayne State University Technology Park extends from Amsterdam on the north to Antoinette on

the south and from Third Street on the west to Woodward on the east.

In order to assist in the process of the development of the Park, the Planning and Development Department respectfully requests authorization from your Honorable Body to apply for a loan through the MEDC under the Core Community Initiative (CCI), mentioned above, in the amount of two million dollars (\$2,000,000.00). In addition, the Planning and Development Department requests your Honorable Body to authorize Paul A. Bernard, its director, as the authorizing signature on the application forms to the MEDC.

If you have any further questions or comments, please contact my office at 224-6389.

Re: Premier Apartments — Payment in Lieu of Taxes.

Laurence Tisdale of LarC Properties, the Sponsor, has formed Premier Apartments Limited Dividend Housing Association Limited Partnership. Premier Apartments is financed under the City of Detroit Home Investor Loan Program,

Enterprise Mortgage Investment, Inc., and Low Income Housing Tax Credit.

The development consists of the rehabilitation of 18300-18330 Lahser into 5, 2-bedroom, 1-bath apartments and 33, 1-bedroom, 1-bath apartments.

Michigan State Housing Development Authority (MSHDA) has indicated such developments receiving low income credits, but no financing from the authority are eligible to receive tax abatements pursuant to Section 15a of Act 346 of the Public Acts of 1996 as amended.

In order to make the development economically feasible; it is necessary for the development to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1966 (P.A. 346, as amended, MCLA 125.1415A).

At least twenty percent (20%) or 8 of the development's units must be occupied by households having incomes no greater than 50% of the area median income, adjusted for family size. The remaining eighty percent (80%) or 30 units must be occupied by households whose incomes do not exceed 60% of area median income, adjusted for family size.

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a four percent (4%) service charge for this housing project.

Respectfully submitted,
FREDERICK W. MORGAN

Whereas, The purpose of the housing project is to serve low income persons, the description of the property is as Exhibit "A".

Honorable City Council:

Re: Allen Williams v City of Detroit, W.C.C.C. Case No. 00-030221 CK

On June 13, 2001, a mediation panel evaluated the case at Thirty Six Thousand Dollars (\$36,000.00). In light of the information gathered, it is in the best interest of the City of Detroit to accept mediation by July 11, 2001, and settle this matter for the sum of Thirty-Six Thousand Dollars (\$36,000.00). If all parties accept the mediation panel's evaluation, judgment will be entered in that amount, which includes all fees, costs, and interest to the date of judgment. If a party rejects the evaluation, the case proceeds to trial; however, the party rejecting the evaluation must pay additional sanctions if the trial results are not favorable.

We have reviewed the above-captioned complaint, the facts and particulars of which are set forth in a confidential attorney-client privileged memorandum that is being separately hand-delivered to each member of your Honorable Body. From this review, it is our considered opinion that an acceptance of the mediation evaluation in the amount of Thirty-Six Thousand Dollars (\$36,000.00) is in the best interest of the City of Detroit. The acceptance of the mediation evaluation does not guarantee settlement of the matter in this amount since the plaintiff has the right to reject the award and proceed to trial; however, the amount of the award is fair and reasonable and an eventual settlement of this matter in this amount is prudent.

We, therefore, request authorization to accept the mediation evaluation and to direct the Finance Director to issue his

draft in the amount of Thirty-Six Thousand Dollars (\$36,000.00) payable to Allen Williams and his attorney, Steve J. Weiss, to be delivered upon receipt of the notice of mediation settlement, properly executed Releases and Order of Dismissal.

Brownfield Redevelopment Authority

July 10, 2001

Honorable City Council:
Re: I-94 Industrial Park Project Brownfield Plan.

The Brownfield Plan for the I-94 Industrial Park Project (the "Plan"), submitted by the Detroit Brownfield Redevelopment Authority Board (the "Authority") to the Community Advisory Committee (the "Committee"), has been considered and reviewed by the Com-

mittee and a public hearing was held by the Authority on July 9, 2001 to solicit public comments and was attended by the Committee. After review of public comments, the Committee considered and approved a resolution recommending approval of the Plan by the Authority and City Council in the form presented by the Authority.

On July 10, 2001, the Authority adopted a resolution approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. Prior to the approval of the Plan by the City Council, the Authority will also notify the taxing jurisdictions about the fiscal and economic implications of the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

Purpose of the Proposed Plan

The Plan as proposed will authorize the DBRA to capture tax increment revenues produced from the development of the properties in Area 1 of the I-94 Industrial Park Project Area. These captured tax revenues will reimburse the City of Detroit's costs for environmental, infrastructure and site preparation work, which will be performed on the property in connection with the Plan.

Property Subject to the Proposed Plan

The eligible property as defined in the Plan encompasses Area 1 of the I-94 Industrial Park Project Area, which consists of 255 parcels of land generally bounded by Huber Avenue on the north, Conrail railroad right-of-way on the west, Georgia Avenue on the south and the vacated alley between Concord and Helen Avenues on the east.

Projected Costs

The Plan contemplates that the total cost of eligible activities will be \$5,380,302.00. The DBRA will capture incremental tax revenues through 2015. In turn, the proceeds from the captured tax revenues will be used to reimburse the City of Detroit for its costs to undertake the requisite eligible activities, as defined under Section 201 of Act 381. Moreover, additional tax revenues will be captured for an additional five years and will be used to establish a Local Site Remediation Revolving Fund (the "LSRRF"). The Plan contemplates that approximately \$4,931,068.00 will have accrued in the LSRRF by 2020.

This proposed Plan has been presented to the Planning Department's Concept Plan Review and DBRA received favorable recommendation for its approval. A copy of the recommendation letter dated July 1, 2001 is attached to the Plan.

Public Comments Received

The Committee's communication to the City Council and the Authority dated July 9, 2001 (Exhibit C), recommending approval of the Plan, including the minutes of the Committee's public meeting following a Public Hearing held by the Authority on July 9, 2001, are enclosed for City Council's consideration.

At the public hearing, there were no comments by members of the public on the Plan. However, during the follow-up meeting of the CAC, three members of the Citizens District Council made favorable comments in support of the Plan. Those members were Ms. Emily Cartwright, Ms. Michelle Thaxton and Ms. Flossie Williams.

Authority's Request

The Authority is respectfully requesting the following actions from the City Council:

a) July 11, 2001

STATEMENT REGARDING HOME REHABILITATION & NEIGHBORHOOD REVITALIZATION

By COUNCIL MEMBER MAHAFFEY:

I voted "Yes" in support on the change order to increase by \$15,000,000.00, the funds for the Detroit Neighborhood Development Corporation to continue the process of alleviating the devastation brought to the City of Detroit by the RIMCO scandal.

Seven Million Dollars of these funds will be used to pay off the complete interest of the banks. Without this buyout, the banks receive funds every time a RIMCO house is sold. Often this amount causes the cost of resale of many homes to be beyond the point where present renters can buy the house. The sale of former RIMCO houses to current renters is one of the most important goals of the Joint Task Force on RIMCO, which I chaired. Further, by paying off the banks now it will be easier to sell these properties because it will assist in clearing up title problems.

The payment of this money now is saving the citizens of the City of Detroit a significant amount of money when compared to the total amount which the city would have had to pay the banks when each separate property is sold.

I want to make sure that minority business, local business, and small business are awarded contracts for the rehabilitation work done on former RIMCO houses. I believe these concerns are met by the promise of Paul Bernard, Director of the Department of Planning & Development, to meet with City Council before any official action is taken on the rehabilitation. I also understand that since the funds involved originally come from HUD funds, I believe that there are already protections for minority businesses. The City of Detroit's own ordinances are also a protection.

Separating repairs from the bank buy-out delays a project already delayed six months. This problem has been with us for three years, causing more blight in our

neighborhoods and loss of tax dollars. It has caused untold trauma for the renters and people who thought they were buying their homes.

It is time to move on.

Adopted as follows:

Yeas — Council Members S. Cockrel, K. Cockrel, Jr., Everett, Hood, Mahaffey, Scott, and President Hill — 7.

Nays — Council Members Cleveland, Tinsley-Talabi — 2.

**STATEMENT REGARDING THE
DETROIT NEIGHBORHOOD
DEVELOPMENT CORPORATION
CONTRACT TO REHABILITATE
RIMCO HOUSES IN DETROIT**

By COUNCIL MEMBER TINSLEY-TALABI:

The Planning & Development Department recently submitted a contract to the Detroit City Council for \$15 million to purchase and renovate former RIMCO controlled properties in Detroit. This contract was pursuant to the bankruptcy of the company and the necessity for a public policy that would prevent several thousand houses from continuing to be eyesores in the community and to place these houses back on the tax rolls. While I wholeheartedly support this project, I could not, in good conscience, support the contract as presented to the City Council and therefore voted "No."

The \$15 million total contract consisted of two components: \$7 million to acquire the houses to be rehabilitated and \$8 million for the actual renovation. I was fully prepared to approve the \$7 million to acquire the property, but was not prepared to approve the \$8 million for renovation because I was unsure of the level of participation by small Detroit-based businesses. It must be noted that the department was not immediately prepared to begin the renovation portion of the project.

The Detroit City Council is regularly petitioned by small businesses in the city regarding participation on city projects. Often large scale projects are out of reach for many small businesses because of bonding and financial requirements. However, the RIMCO Project requires routine electrical, plumbing, roofing, dry wall and painting associated with home improvement. This is work that our small businesses have demonstrated they can do and many have been doing this work for 10-20 years for every one except for the City of Detroit. Given the nature of the RIMCO Project and the concerns raised by so many small businesses while I have been a Member of the Detroit City Council, I asked P&DD to submit to Council the list of companies that will be doing the work prior to approval in order to determine up front the level of small business participation. The department refused citing that to do so would cause

delays, even though the department had not issued an RFQ to select the companies for the project. P&DD asked Council to approve the entire contract as submitted; Council concurred but I could not.

In my opinion, the Detroit City Council must accept more responsibility for the lack of participation by small businesses on city projects. The City Council is quick to offer a listening ear when small business owners come before Council for assistance, but slow to take any meaningful action. We can no longer rely on local ordinances, executive orders and the like to ensure a level playing field for small businesses. The existence of these laws and programs have not decreased the number of concerns received from the small business community. The City Council can not continue to approve contracts and rely on these initiatives to work. I will continue to raise the issue of the responsibility that the City Council must bear regarding small business participation and continue to maintain my stance in favor of increased opportunities for small businesses in Detroit. And I will do so even if this means standing alone.

***ON WAIVERS OF RECONSIDERATION**

Council Member K. Cockrel, Jr. moved to waive the right to reconsider the vote by which each resolution and/or ordinance was adopted.

Honorable City Council:
Re: Alonzo Bates v. City of Detroit, Wayne County Circuit Case No. 98-827273 CZ

This matter was mediated before a Wayne County Mediation Panel for Ninety Thousand Dollars (\$90,000.00) as to the claims of the plaintiff in this case against Defendant City of Detroit. If all parties

accept the mediation panel's evaluation, judgment will be entered in that amount, which includes all fees, costs, and interest to the date of judgment. If a party rejects the evaluation, the case proceeds to trial, however, the party rejecting the evaluation must pay additional sanctions if the trial results are not favorable.

We have reviewed the above-captioned civil lawsuit, the facts and particulars of which are set forth in a confidential attorney-client privileged memorandum that is being separately hand-delivered to each member of your Honorable Body. From this review, it is our considered opinion that an acceptance of the mediation evaluation in the amount of Ninety Thousand Dollars (\$90,000.00) is in the best interest of the City of Detroit. The acceptance of the mediation evaluation does not guarantee settlement of the matter in this amount since the plaintiff has the right to reject the award and proceed to trial; however, the amount of the award is fair and reasonable and an eventual settlement of this matter in this amount is prudent.

We, therefore, request authorization to accept mediation evaluation and to direct the Finance Director to issue her draft in the amount of Ninety Thousand Dollars (\$90,000.00) payable to Alonzo Bates and his attorney, O'Neal O. Wright, to be delivered upon receipt of the notice of mediation settlement, properly executed Releases, and Order of Dismissal.

 CLIS No.: 007648.

On June 4, 2001, a mediation panel evaluated the above-captioned lawsuit and awarded Seven Thousand Five Hundred Dollars (\$7,500.00) in favor of Plaintiff. Due to a court ordered extension, the parties have until August 1, 2001 to either accept or reject the mediation evaluation. Based upon our review of the facts and particulars of this lawsuit, which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body, it is our considered opinion that acceptance of the mediation award is in the best interest of the City of Detroit.

We, therefore, request your Honorable Body to authorize acceptance of the mediation award; and, in the event that Plaintiff accepts the award, to direct the Finance Director to issue a draft in the amount of Seven Thousand Five Hundred Dollars (\$7,500.00) payable to Mark Carter, a minor, by his Next Friend, Antoinette Gouch, his mother and their attorney, Law Offices of Leslie M. Department of Transportation File #: 11502 (TSW)

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in a confidential attorney-client privileged memorandum that is being separately hand-delivered to each member of your Honorable Body. We, therefore, request authorization to settle this matter in the amount of Seventy Thousand Dollars (\$70,000.00) and that your Honorable Body authorized and direct the Finance Director to issue a draft in that amount payable to Herschel Rivers, and his attorney, Alex Berman, to be delivered upon receipt of properly executed Releases and Order of Dismissal in Workers Compensation Claim #11502, approved by the Law Department.

On June 25, 2001, a mediation panel evaluated the above-captioned lawsuit and awarded Fourteen Thousand Dollars (\$14,000.00) in favor of Plaintiff. The parties have until July 23, 2001 to either accept or reject the mediation evaluation. Failure to file a written acceptance or rejection within this period constitutes a rejection.

We, therefore, request your Honorable Body to authorize acceptance of the mediation award; and, in the event that Plaintiff accepts the award, to deem such acceptance as a settlement and to direct the Finance Director to issue a draft in the amount of Fourteen Thousand Dollars (\$14,000.00) payable to Daniel Chandler and his attorneys, Brescoll & Associates, P.C., to be delivered upon receipt of properly executed Releases and Stipulation

WILLIAM M. WORDEN

Director

By Council Member Everett:
AN ORDINANCE to amend Chapter 25, Article 2, of the 1984 Detroit City Code by adding Section 25-2-138 to provide for the establishment of the G.A.R. Building Historic District, to establish rehabilitation as the design treatment level for the district, and to define the elements of design for the district.

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

Section 1. Chapter 25, Article 2, of the 1984 Detroit City Code be amended by adding Section 25-2-138 to read as follows:

SEC. 25-2-138. THE G.A.R. BUILDING HISTORIC DISTRICT.

(A) A HISTORIC DISTRICT TO BE KNOWN AS THE G.A.R. BUILDING HISTORIC DISTRICT IS HEREBY ESTABLISHED IN ACCORDANCE WITH THE PROVISIONS OF THIS ARTICLE.

(B) THIS HISTORIC DISTRICT DESIGNATION IS HEREBY CERTIFIED AS BEING CONSISTENT WITH THE DETROIT MASTER PLAN.

(C) THE BOUNDARIES OF THE G.A.R. BUILDING HISTORIC DISTRICT

ARE AS SHOWN ON THE MAP ON FILE IN THE OFFICE OF THE CITY CLERK, AND SHALL BE: ON THE NORTHWEST, THE CENTERLINE OF WEST ADAMS; ON THE SOUTH, THE CENTERLINE OF GRAND RIVER; AND ON THE EAST, THE CENTERLINE OF CASS AVENUE. (THESE BOUNDARIES INCLUDE "A TRIANGULAR PIECE OF LAND BOUNDED BY CASS, GRAND RIVER, AND ADAMS AVENUES, BLOCK 73, SUBDIVISION OF CASS FARM N. OF GRAND RIVER." (LIBER 1, PAGE 74, WAYNE COUNTY RECORDS).

(D) THE DESIGN TREATMENT LEVEL OF THE G.A.R. BUILDING HISTORIC DISTRICT SHALL BE REHABILITATION AS PROVIDED FOR IN SECTION 25-2-2 OF THIS CODE.

(E) THE DEFINED ELEMENTS OF DESIGN, AS PROVIDED FOR IN SECTION 25-2-2 OF THIS CODE, SHALL BE AS FOLLOWS:

(1) **HEIGHT.** THE G.A.R. BUILDING IS FOUR AND ONE-HALF (4-1/2) STORIES TALL. ITS TWO CORNER TOWERS ARE SEVENTY-FIVE (75) FEET IN HEIGHT.

(2) **PROPORTION OF BUILDING'S**

FRONT FACADE. THE PRIMARY FACADE, ALONG GRAND RIVER AVENUE, IS WIDER THAN TALL. A BALANCE IS ESTABLISHED BY THE VERTICAL FIVE-SECTION PROPORTIONAL SYSTEM, WHICH INCLUDES THE TWO (2) TOWERS. THE SECONDARY ELEVATION, ALONG CASS AVENUE, IS ALSO WIDER THAN TALL, AND THE WEST ADAMS ELEVATION APPEARS TALLER THAN WIDE.

(3) **PROPORTION OF OPENINGS WITHIN THE FACADE.** WINDOW AND DOOR OPENINGS AMOUNT TO ABOUT TWENTY-FIVE PERCENT (25%) TO THIRTY PERCENT (30%) OF THE FRONT FACADE AREA. THE GROUND FLOOR FORMER MARKET OPENINGS ARE WIDER THAN TALL, BUT ARE FILLED WITH GLASS BLOCK WITH SMALLER WINDOWS CONTAINED WITHIN. THERE IS ONE (1) FIRST FLOOR STOREFRONT ON THE GRAND RIVER FACADE AND ONE (1) ON THE CASS AVENUE FACADE, BOTH PLACED TO THE SOUTH. THEY ARE SUBDIVIDED INTO AREAS THAT ARE SQUARE, WIDER THAN TALL, OR TALLER THAN WIDE. THE GROUND FLOOR ENTRANCE OPENING IS WIDER THAN TALL BUT IS SUBDIVIDED INTO SEGMENTS TALLER THAN WIDE AS WELL AS WIDER THAN TALL. ALL WINDOW OPENINGS ABOVE THE GROUND FLOOR ARE TALLER THAN WIDE AND CONTAIN ONE-OVER-ONE PANE DOUBLE HUNG SASH WINDOWS, WITH THE EXCEPTION OF THE ARCHED TRANSOM WINDOW OPENING AT THE FOURTH FLOOR LEVEL AND THE SEMI-CIRCULAR OPENING ABOVE THE FRONT ENTRANCE AT THE SECOND STORY LEVEL, WHICH ARE WIDER THAN TALL AND CONTAIN FIXED PANES OF GLASS. ALTHOUGH WINDOWS ABOVE THE FIRST FLOOR ARE SOMETIMES ARRANGED IN GROUPS OF TWO (2), THREE (3), OR FOUR (4), THEY ARE NOT PLACED SO AS TO CONSTITUTE A SINGLE OPENING. THE CASS AVENUE ELEVATION IS SIMILAR IN ITS PROPORTION OF OPENINGS BUT THE WEST ADAMS ELEVATION CONTAIN FEWER OPENINGS OVERALL; THE THIRD AND FOURTH FLOORS OF ITS CENTRAL GABLED BAY ARE UNFENESTRATED.

(4) **RHYTHM OF SOLIDS TO VOIDS IN FRONT FACADE.** THE FIVE (5) SECTIONS OF THE FRONT FACADE ARE FENESTRATED WITHIN THEMSELVES. THE TOWER SECTIONS ARE SIMILAR TO EACH OTHER, AS ARE THE ADJACENT BAYS, EXCEPT THAT IN THESE BAYS THE EASTERNMOST HAS TWO (2) WINDOWS ACROSS AND THE WESTERNMOST HAS THREE (3) WINDOWS ACROSS TO SUIT A WIDER SPACE. GENERALLY, IDENTICAL

TYPES OF WINDOWS RUN IN ROWS HORIZONTALLY BY FLOORS AND ARE PLACED DIRECTLY ABOVE OR BELOW EACH OTHER VERTICALLY WITHIN THE SECTIONS. VOIDS ARE SET DEEPLY INTO WALL SURFACES, THEREBY EMPHASIZING THE THICKNESS OF THE WALLS. THE GROUND FLOOR CONSISTS OF STOREFRONT OPENINGS, THE ORIGINALLY OPEN MARKET AREAS THAT WERE LATER INFILLED WITH STONE AND GLASS BLOCK, AND THE CENTRAL ENTRANCE FACING GRAND RIVER AVENUE. THE SECOND STORY IS OCCUPIED BY A LARGE SEMICIRCULAR ARCH OVER THE ENTRANCE AND SEMICIRCULAR ARCHED WINDOWS TO ITS SIDES, EXTENDING HORIZONTALLY THROUGH THE TOWERS. THE THIRD STORY CONTAINS RECTANGULAR WINDOWS; THE FOURTH STORY CONTAINS RECTANGULAR WINDOW OPENINGS INTERSECTED BY CIRCULAR TRANSOMS ABOVE IN THE SECTIONS FLANKING THE TOWERS, AND A "PALLADIAN" ARRANGEMENT CONSISTING OF FOUR (4) RECTANGULAR WINDOWS WITH A SEMICIRCULAR TRANSOM WINDOW ABOVE THE CENTRAL TWO (2) WINDOWS. THE CENTRAL GABLE CONTAINS A ROW OF FOUR (4) RECTANGULAR WINDOWS. THE FOURTH STAGES OF THE TOWERS HAVE TWO (2) ROWS OF NARROW VERTICAL DOUBLE HUNG SASH WINDOWS; THE FIFTH OR ATTIC LEVELS OF THE TOWERS HAVE A REGULAR ROW OF RECTANGULAR WINDOWS. THE CASS AVENUE ELEVATION IS SIMILAR IN ITS RHYTHM OF SOLIDS TO VOIDS TO THE FRONT FACADE; THE WEST ADAMS ELEVATION CONTAINS THE SAME TYPES OF WINDOWS AND ARRANGEMENTS OF WINDOWS BUT THEIR RHYTHM IS BROKEN BY THE LACK OF WINDOWS IN THE THIRD AND FOURTH STORIES OF THE CENTRAL GABLED BAY.

(5) **RHYTHM OF SPACING OF BUILDINGS ON STREETS.** NOT APPLICABLE DUE TO SINGLE BUILDING DISTRICT.

(6) **RHYTHM OF ENTRANCE AND/OR PORCH PROJECTIONS.** THERE ARE NO ENTRANCE OR PORCH PROJECTIONS ON THE G.A.R. BUILDING. NO RHYTHM IS CREATED DUE TO SINGLE BUILDING DISTRICT.

(7) **RELATIONSHIP OF MATERIALS.** THE MAJOR MATERIAL IS STONE. THE BUILDING HAS AN UNCOURSURED RUBBLE FOUNDATION, A LIMESTONE GROUND FLOOR, AND SANDSTONE ABOVE THAT. LINTELS, SILLS, BELT COURSES AND CARVED DETAIL ARE CARRIED OUT IN STONE. WOODEN ELEMENTS CONSIST OF WINDOW FRAMES, PANELS, MULLIONS,

MUNTINS, SASHES, AND DOORS. SOME GROUND FLOOR STOREFRONTS STILL RETAIN THE ORIGINAL TREATMENTS OF WOODEN LOWER PANELS AND WOODEN DIVISION BARS, WHILE ORIGINAL MARKET OPENINGS HAVE BEEN FILLED WITH STONE AND GLASS BLOCK. THE PRESENT ASPHALT SHINGLES REPLACED AN ORIGINAL SLATE ROOF. THE FLAT ROOFS OF THE TOWERS ARE TAR-COVERED SHEET METAL.

(8) **RELATIONSHIP OF TEXTURES.** ON THE STREET LEVEL, THE LIMESTONE WALLS ARE ROCK FACED, AS ARE THE MORE NARROWLY COURSED SANDSTONE WALLS ABOVE AND THE LATER LIMESTONE INFILL IN THE FIRST FLOOR WALLS. A BAND OF SMOOTH LIMESTONE DIVIDES THE GROUND LEVEL FROM THE SECOND LEVEL, AND A SMOOTH BAND OF SANDSTONE SEPARATES THE SECOND AND THIRD STORIES AND THE THIRD AND FOURTH STORIES. PROJECTING BELT COURSES BETWEEN THE THIRD AND FOURTH STORIES AND PROJECTING CONTINUOUS SILLS AND CARVED STONE DETAIL CONTRIBUTE SIGNIFICANTLY TO TEXTURAL INTEREST. WOOD ELEMENTS AND GLASS-PANED WINDOWS PROVIDE SMOOTH SURFACES, WHEREAS THE GLASS BLOCK FILLING SOME FIRST FLOOR OPENINGS PROVIDES A MORE TEXTURED EFFECT. THE ASPHALT ROOF HAS NO TEXTURAL INTEREST.

(9) **RELATIONSHIP OF COLOR.** THE MAJOR COLOR IMPRESSION IS THAT OF THE PINKISH-BROWN SANDSTONE CONTRASTED WITH THE LIGHT GRAY LIMESTONE OF THE GROUND STORY. WOODEN ELEMENTS ARE PAINTED PALE YELLOW, AND THE ENTRANCE DOORS ARE PRESENTLY PAINTED PINK. THE ROOF IS BLACK. THE ORIGINAL COLORS OF THE BUILDING, AS DETERMINED BY PROFESSIONAL ANALYSIS, ARE ALWAYS ACCEPTABLE, AT THE TIME OF ENACTMENT OF THIS SECTION, MANY OF THE PAINTED ELEMENTS WERE OBSCURED BY TEMPORARY PLYWOOD BOARDING PAINTED YELLOWISH CREAM.

(10) **RELATIONSHIP OF ARCHITECTURAL DETAILS.** ALL OF THE DETAIL IS CARRIED OUT IN STONE AND MOST IS ARCHITECTONIC IN NATURE. THE BATTLEMENTS AND MACHICOLATION OF THE TOWERS, THE BUTTRESSES AND NICHEs, AND THE TREATMENT OF THE GABLES ARE EXPRESSIONS OF THE RICHARDSONIAN ROMANESQUE STYLE OF THE BUILDING. STONE BUTTRESS ABUTMENTS AND COLUMN CAPITALS AROUND THE ENTRANCE BEAR CARVED FLORAL DETAIL. WINDOWS ARE SET DEEPLY

INTO THE WALLS, EMPHASIZING THE THICKNESS OF THE WALLS. CONTINUOUS SILLS AND/OR BELT COURSES DIVIDE THE BUILDING HORIZONTALLY AND BUTTRESSES OR PILASTERS DIVIDE IT VERTICALLY. A STONE, DOUBLE-DENTICULATED CORNICE RESTS BENEATH THE BUILDINGS SLIGHTLY OVERHANGING EAVES.

(11) **RELATIONSHIP OF ROOF SHAPES.** A GABLE ROOF RUNS FROM FRONT TO BACK (GRAND RIVER AVENUE TO CASS AVENUE) OVER THE CENTRAL SECTION OF THE BUILDING AND INTERSECTS WITH A GABLE ROOF RUNNING FROM THE NORTH (WEST ADAMS) ELEVATION. MILDLY SLOPED HIPPED ROOFS APPEAR OVER THE SECTIONS IN BETWEEN THE GABLED SECTIONS.

(12) **WALLS OF CONTINUITY.** NOT APPLICABLE DUE TO SINGLE BUILDING DISTRICT.

(13) **RELATIONSHIP OF SIGNIFICANT LANDSCAPE FEATURES AND SURFACE TREATMENTS.** THERE ARE NO SIGNIFICANT LANDSCAPE FEATURES ON THE SITE. THE SIDEWALKS AROUND THE THREE-SIDE BUILDING ARE WIDE AND CONCRETE, WITH MODERN STEEL LIGHT POLES, PARKING METERS, AND SIGN POSTS SET NEAR THE STREET.

(14) **RELATIONSHIP OF OPEN SPACE TO STRUCTURE.** NO OPEN SPACE EXISTS SINCE THE BUILDING OCCUPIES ITS ENTIRE LOT AND BLOCK. THERE ARE SURFACE PARKING LOTS IN THE IMMEDIATE VICINITY OF THE G.A.R. BUILDING TO ITS NORTH-NORTHWEST AND TO ITS SOUTH-SOUTHEAST.

(15) **SCALE OF FACADE AND FACADE ELEMENTS.** THE G.A.R. BUILDING IS LARGE IN SCALE. ELEMENTS WITHIN IT ARE LARGE, SUCH AS THE TOWERS, GABLES, FRONT ENTRANCE, BUTTRESSES AND WINDOWS. CARVED DETAIL IS SMALL IN SCALE.

(16) **DIRECTIONAL EXPRESSION OF FRONT ELEVATION.** THE DIRECTIONAL EXPRESSION IS VERTICAL DUE TO THE EMPHATICALLY VERTICAL ELEMENTS SUCH AS THE TOWERS, GABLES, AND BUTTRESSES. THE LENGTH OF THE BUILDING ALONG GRAND RIVER AVENUE AND HORIZONTAL ELEMENTS, SUCH AS THE BELT COURSES AND CONTINUOUS SILLS, PROVIDE CONSIDERABLE BALANCE TO THE VERTICAL DIRECTIONAL EXPRESSION.

(17) **RHYTHM OF BUILDING SET-BACKS.** NOT APPLICABLE DUE TO SINGLE BUILDING DISTRICT.

(18) **RELATIONSHIP OF LOT COVERAGES.** THE ENTIRE LOT IS OCCUPIED BY THE STRUCTURE.

(19) **DEGREE OF COMPLEXITY WITHIN THE FACADE.** THE FACADE IS COMPLEX; IT IS COMPOSED OF A MULTIPLICITY OF WINDOW SHAPES AND SIZES, SURFACE TEXTURES, AND MASSING. HOWEVER, IT IS STRAIGHTFORWARD IN ITS ARRANGEMENT AND PLACEMENT OF WINDOWS, ITS AXIAL FOCUS, AND ITS LIMITED AMOUNT OF APPLIED DETAIL.

(20) **ORIENTATION, VISTAS, OVER-VIEWS.** THE G.A.R. BUILDING'S PRIMARY ORIENTATION IS TO THE SOUTH FACING GRAND RIVER AVENUE AND CASS AVENUE FROM WHICH THERE ARE DRAMATIC VIEWS OF THE BUILDING; ITS SECONDARY ORIENTATION IS TOWARDS GRAND RIVER AVENUE WHICH FACADE CONTAINS THE MAIN ENTRANCE. ITS TERTIARY ORIENTATION IS TO CASS AVENUE. ITS TRIANGULAR SITE FORMS AN ISLAND IN THE MIDDLE OF THREE (3) STREETS, TWO (2) OF WHICH ARE MAJOR THOROUGHFARES. DRAMATIC VISTAS TOWARDS DOWNTOWN AND UP GRAND RIVER AVENUE CAN BE SEEN FROM THE G.A.R. BUILDING.

(21) **SYMMETRIC OR ASYMMETRIC APPEARANCE.** ALTHOUGH THE G.A.R. BUILDING MAY APPEAR SYMMETRICAL, IT IS ASYMMETRICAL BECAUSE THE NORTHERN BAYS OF THE GRAND RIVER AND CASS FACADES ARE WIDER THAN THE SOUTHERN BAYS OF THOSE SAME FACADES.

(22) **GENERAL ENVIRONMENTAL CHARACTER.** THE UNUSUAL TRIANGULAR SITE WITH STREETS ON ALL THREE (3) SIDES SETS THE G.A.R. BUILDING APART FROM ITS NEIGHBORING BUILDINGS AND DISTINGUISHES IT FROM MORE CONVENTIONALLY SITED BUILDINGS IN THE AREA. ITS PROXIMITY TO THE PUBLIC SIDEWALK AND LOCATION AT THE INTERSECTION OF TWO (2) MAJOR THOROUGHFARES — GRAND RIVER AVENUE AND CASS AVENUE — CONTRIBUTE TO ITS BUSY, URBAN CHARACTER. THE G.A.R. BUILDING IS ONE OF THE FEW REMINDERS OF THE LATE NINETEENTH - EARLY TWENTIETH CENTURY CHARACTER OF THE AREA THAT ONCE EXISTED.

Section 2. All ordinances, or parts of ordinances, that conflict with this ordinance are repealed.

Section 3. This ordinance is declared necessary for the preservation of the public peace, health, safety, and welfare of the People of the City of Detroit.

Section 4. In the event that this ordinance is passed by a two-thirds (2/3) majority of City Council Members serving, it shall be given immediate effect and become effective upon publication in accordance with Section 4-116 of the

1997 Detroit City Charter. Where this ordinance is passed by less than a two-thirds (2/3) majority of City Council Members serving, it shall become effective no later than thirty (30) days after enactment in accordance with Section 4-115 of the 1997 Detroit City Charter.

Historic Designation Advisory Board

June 5, 2001

Honorable City Council:

Re: Historic Designation Advisory Board submitting its final report on the proposed R. Thornton Brodhead Armory Historic District.

At the direction of the Historic Designation Advisory Board at its meeting of November 14, 2000, I am pleased to submit to your Honorable Body the board's final report on the proposed R. Thornton Brodhead Armory Historic District. The recommendation of the Advisory Board is for designation and, therefore, a draft ordinance of designation is attached. The ordinance has been approved as to form by the Law Department.

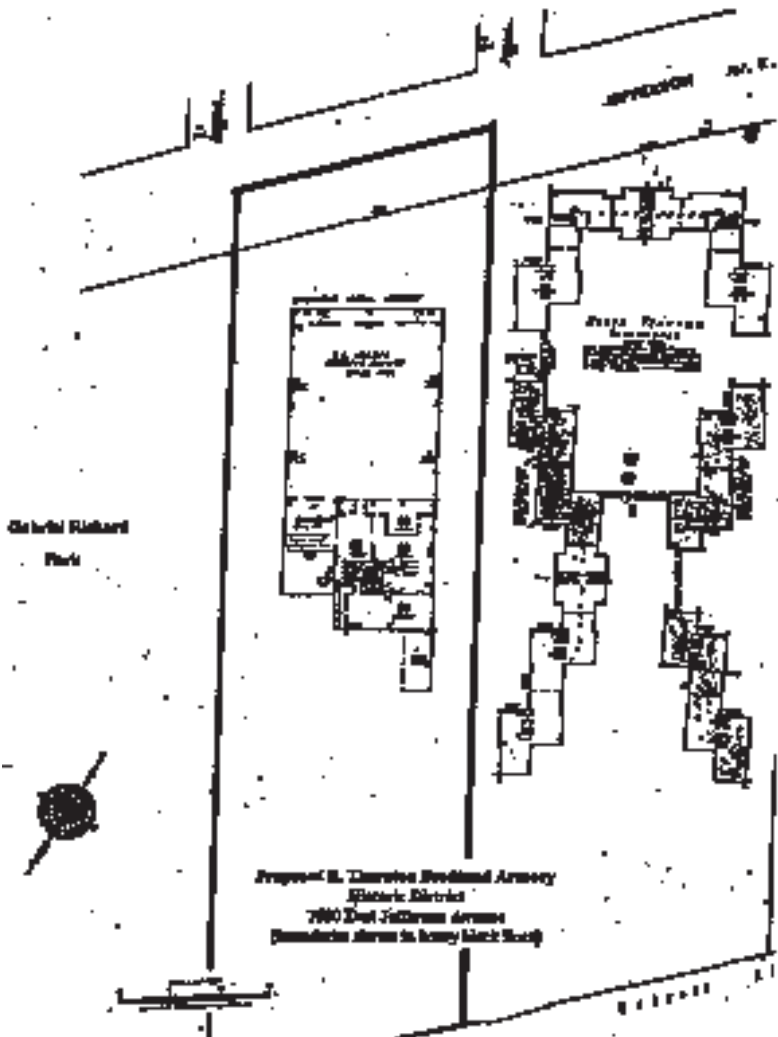

The Board's final report and a copy of the minutes of the public hearing held by the Advisory Board on this matter is on file in the City Clerk's office. The designation was requested by the Brodhead Armory Preservation Society, Inc. Greg Huntington, Michigan Army National Guard (Military Affairs, Environmental Division) representing the ownership interest in the armory, acted as an ad hoc representative to the Advisory Board; he is in favor of the designation. Ernest

Burke, Jr., Director of the Recreation Department, served as the other ad hoc member and represented the city's interest as owner of Gabriel Richard Park, in which the armory stands. Also is a copy of the minutes of the public hearing held by the Advisory Board in this regard and a

copy of the Historic District Commission comment on the proposed designation is on file in the City Clerk's office..

If you should have any questions, I may be reached at 4-3487.

Respectfully submitted,
 WILLIAM M. WORDEN
 Director

By Council Member Everett:
AN ORDINANCE to amend Chapter 25, Article II, of the 1984 Detroit City Code by adding Section 25-2-137 to establish the R. Thornton Brodhead Armory Historic District, to establish rehabilitation as the design treatment level for the district, and to define the elements of design for the district.
 IT IS HEREBY ORDAINED BY THE

PEOPLE OF THE CITY OF DETROIT THAT:

Section 1. Chapter 25, Article II, of the 1984 Detroit City Code be amended by adding Section 25-2-137 to read as follows:

SEC. 25-2-137. R. THORNTON BROADHEAD ARMORY HISTORIC DISTRICT.

(A) A HISTORIC DISTRICT TO BE KNOWN AS THE R. THORNTON

BRODHEAD ARMORY HISTORIC DISTRICT IS HEREBY ESTABLISHED IN ACCORDANCE WITH THE PROVISIONS OF THIS ARTICLE.

(B) THIS HISTORIC DISTRICT DESIGNATION IS HEREBY CERTIFIED AS BEING CONSISTENT WITH THE DETROIT MASTER PLAN.

(C) THE BOUNDARIES OF THE R. THORNTON BRODHEAD ARMORY HISTORIC DISTRICT ARE AS SHOWN ON THE MAP ON FILE IN THE OFFICE OF THE CITY CLERK, AND SHALL BE: ON THE NORTHEAST, THE EAST LINE OF PRIVATE CLAIM 16; ON THE NORTHWEST, THE CENTERLINE OF EAST JEFFERSON AVENUE; ON THE SOUTHWEST, A LINE 250 FEET WEST OF AND PARALLEL TO THE PRIVATE CLAIM LINE COMMON TO PRIVATE CLAIMS 16 AND 38; AND ON THE SOUTHEAST, THE DETROIT HARBOR LINE. THE LEGAL DESCRIPTIONS IS AS FOLLOWS: THE EASTERN 250 FEET OF PRIVATE CLAIM 16, WHICH INCLUDES BUT IS NOT LIMITED TO LOT K AND THE EASTERN 2.7 FEET OF LOT I, F. ADAMS ASSIGNEE OF F. L. SEITZ SUBDIVISION OF PART OF PRIVATE CLAM 16 SOUTH OF JEFFERSON AVENUE, HAMTRAMCK TOWNSHIP (LIBER 4, PAGE 34, WAYNE COUNTY RECORDS).

(D) THE DESIGN TREATMENT LEVEL OF THE R. THORNTON BRODHEAD ARMORY HISTORIC DISTRICT SHALL BE REHABILITATION AS PROVIDED FOR IN SECTION 25-2-2 OF THIS CODE.

(E) THE DEFINED ELEMENTS OF DESIGN, AS PROVIDED FOR IN SECTION 25-2-2 OF THIS CODE, SHALL BE AS FOLLOWS:

(1) **HEIGHT.** THE R. THORNTON BRODHEAD ARMORY IS ONE (1) TO FOUR (4) STORIES TALL. ITS FRONT VESTIBULE IS TWO (2) STORIES TALL, AND IT IS FLANKED BY ONE (1) STORY WINGS. THE DRILL HALL IS ONE (1) TALL STORY, WITH AN INTERIOR GALLERY RUNNING ALONG ITS SIDES AND SOUTHEAST END. THE OFFICE WING AT THE REAR OF THE STRUCTURE WAS ORIGINALLY THREE (3) STORIES TALL ON A HIGH BASEMENT; A FOURTH STORY PENTHOUSE WAS ADDED IN 1936-39. ATTACHED TO THE REAR OF THE DRILL HALL AND THE SOUTHWEST SIDE OF THE OFFICE WING IS A ONE (1) STORY ADDITION.

(2) **PROPORTION OF BUILDING'S FRONT FACADES.** THE R. THORNTON BRODHEAD ARMORY HAS TWO (2) PROMINENT ELEVATIONS, THE FRONT (NORTHWEST) FACADE AND THE SIDE (SOUTHWEST) ELEVATION, EACH SUBSTANTIALLY WIDER THAN TALL. THE FRONT FACADE IS COMPOSED OF A CENTER ENTRANCE SECTION

AND TWO (2) WINGS, SITUATED IN FRONT OF THE NORTHWESTERN WALL OF THE DRILL HALL, WHICH IS SURMOUNTED BY A SHALLOW GABLE. THE LONG SIDE (SOUTHWESTERN) ELEVATION OF THE DRILL HALL IS SEVEN (7) BAYS WIDE.

(3) **PROPORTION OF OPENINGS WITHIN THE FACADES.** ON THE FIRST FLOOR THE FRONT FACADE FEATURES FIVE (5) SQUARE, TRIPLE-DOORED ENTRANCE OPENINGS WITH HORIZONTAL RECTANGULAR TRANSOMS ABOVE EACH DOOR, WITH FIVE (5) CORRESPONDINGLY PLACED, NEARLY SQUARE WINDOW OPENINGS ABOVE AT SECOND STORY LEVEL. TWO (2) SLENDER STAIRWAY WINDOWS FLANK THE ENTRANCE SECTION. EACH WING OF THE FRONT FACADE CONTAINS TWO (2) SQUARE WINDOW OPENINGS. OPENINGS IN THE FRONT FACADE AMOUNT TO APPROXIMATELY TWENTY PERCENT (20%). ON THE SOUTHWEST ELEVATION OF THE DRILL HALL, FIVE (5) FENESTRATED BAYS STAND BETWEEN THE UNFENESTRATED OUTER BAYS AND CONTAIN FIVE ELONGATED, TWO-STORY-TALL OPENINGS CONTAINING TEN (10) ROWS OF TWO (2) PANES EACH. THE CENTRAL BAY IS COMPOSED OF A SQUARE GARAGE DOOR OPENING WITH SIMILAR WINDOW OPENINGS FLANKING IT AND OCCUPYING THE SECOND STORY ABOVE. OPENINGS AMOUNT TO APPROXIMATELY TWENTY PERCENT (20%) OF THE SOUTHWESTERN ELEVATION OF THE DRILL DECK.

(4) **RHYTHM OF SOLIDS TO VOIDS IN FRONT FACADES.** VOIDS ARE REGULARLY PLACED AND ARE GENERALLY DEEPLY RECESSED INTO THE WALL SURFACES, CREATING A CONSISTENT RHYTHM OF LIGHT AND SHADOW AS WELL AS SOLIDS TO VOIDS. WINDOWS ARE GENERALLY STEEL FRAMED, WITH METAL MULLIONS AND MUNTINS SUBDIVIDING LARGE OPENINGS INTO SMALL RECTANGULAR PANES, WITH THE EXCEPTION OF THOSE ON THE FIRST FLOOR OF THE REAR (SOUTHEAST) ELEVATION, WHICH ARE DOUBLE-HUNG SASH.

(5) **RHYTHM OF SPACING OF BUILDINGS ON STREETS.** NOT APPLICABLE DUE TO SINGLE BUILDING DISTRICT.

(6) **RHYTHM OF ENTRANCE AND/OR PORCH PROJECTIONS.** CENTERED ON THE FRONT FACADE IS A PORTICO IN ANTIS CONSISTING OF AN ARCADE IN FRONT OF THE FIVE (5) TRIPLE-DOORED ENTRANCES, WHICH ARE EVENLY SPACED AND SEPARATED BY LIMESTONE PILLARS. THE NORTHEAST

ELEVATION FEATURES THREE (3) PROJECTING CONCRETE PORCH ENTRANCES ON THAT ELEVATION. THE REAR ELEVATION FEATURES A MOTOR POOL WITH A SERIES OF REGULARLY SPACED GARAGE DOORS.

(7) **RELATIONSHIP OF MATERIALS.** THE R. THORNTON BRODHEAD ARMORY IS CLADE IN LIMESTONE WITH PEWABIC TILE PANELS INSET ON THE FRONT FACADE. A NON-ORIGINAL SIGN MADE OF METAL OCCUPIES THE SPACE OVER THE PORTICO; THE ENTRANCE DOORS ARE WOOD. A GRANITE MEMORIAL, WITH A BRONZE RELIEF IN THE UPPER PORTION, OCCUPIES A POSITION ON THE SOUTHERN CORNER OF THE SOUTHWEST ELEVATION OF THE DRILL HALL. WINDOWS ARE METAL-FRAMED. METAL RAILINGS EXTEND UP FROM THE TOP OF WALLS ON REAR OFFICE WING. METAL AND GLASS SPOTLIGHTS PROJECT OVER THE FRONT SIGN AND THE TOPS OF SIDE ELEVATION WALLS.

(8) **RELATIONSHIP OF TEXTURES.** THE SMOOTH, MATTE FINISHED, LARGE BLOCKS OF LIMESTONE LAID HORIZONTALLY IN ROWS ARE SET IN ALMOST FLUSH MOTOR JOINTS. CARVED LIMESTONE DETAIL IN ZIG ZAG AND FLUTED PATTERNS ON THE PORTICO ADD TO TEXTURAL INTEREST, AS DO HOLLOW SQUARE MOLDINGS IN WOOD AROUND THE FRONT ENTRANCES. MULTI-PANED WINDOWS CREATE A TEXTURAL EFFECT.

(9) **RELATIONSHIP OF COLORS.** THE NATURAL GREY/BEIGE COLOR OF LIMESTONE IS COMPLIMENTED BY THE PUTTY-COLORED MORTAR JOINTS AND CONTRASTED WITH THE PEWABIC TILES WITH PALE YELLOW FRAMING OF A BLUE BACKGROUND ON THE FRONT FACADE, GREEN BRONZE DOWNSPOUTS, THE DENBY MEMORIAL TABLET ON THE SOUTHWEST ELEVATION, AND RUST COLOR ON METAL WINDOW FRAMES IN NEED OF MAINTENANCE. THE RED AND YELLOW HORIZONTAL REPLACEMENT SIGN OVER THE PORTICO CONTRASTS WITH THE DIGNIFIED BLOCK LETTERS IN SHALLOW RELIEF THAT ARE ENGRAVED IN THE STONE AT THE TOP OF THE ARMORY'S FACADE.

(10) **RELATIONSHIP OF ARCHITECTURAL DETAILS.** THE ORIGINAL ARCHITECTURAL ELEMENTS AND DETAILS ON THE EXTERIOR OF THE R. THORNTON BRODHEAD ARMORY REFLECT THE ART MODERN STYLE. ORNAMENTATION IS APPLIED SPARINGLY, AND TENDS TO EMPHASIZE THE RELATIONSHIP OF LIGHT TO SHADE AND SOLIDS TO VOIDS THROUGH REPETITION, SUCH AS THE

USE OF STRAIGHT LINES, LINEAR GROOVES AND PROTRUSIONS, AND ENGRAVED BLOCK LETTERS. THE PORTICO IN ANTIS HAS STEPPED ELEMENTS BETWEEN THE TRANSVERSE ARCHES; ITS COLUMNS DISPLAY GEOMETRIC DETAILS IN LIEU OF CAPITALS.

(11) **RELATIONSHIP OF ROOF SHAPES.** THE PRATT TRUSS-SUPPORTED ROOF SYSTEM OF THE DRILL HALL IS NOT VISIBLE FROM THE STREET, ALTHOUGH IT IS ARTICULATED ON THE FRONT FACADE AS A SHALLOW GABLED PARAPET. ROOFS OVER OTHER PARTS OF THE BUILDING ARE ALSO NOT VISIBLE, WITH THE EXCEPTION OF THE ONE (1) STORY ADDITION AT THE SOUTHERN END OF THE DRILL HALL, WHICH HAS A BARREL VAULTED ROOF.

(12) **WALLS OF CONTINUITY.** NOT APPLICABLE DUE TO SINGLE BUILDING DISTRICT.

(13) **RELATIONSHIP OF SIGNIFICANT LANDSCAPE FEATURES AND SURFACE TREATMENTS.** THE SITE SLOPES DOWN TOWARDS THE DETROIT RIVER FROM EAST JEFFERSON AVENUE. THE FRONT ENTRANCE OF THE R. THORNTON BRODHEAD ARMORY IS APPROACHED FROM A WIDE CONCRETE WALK FLANKED BY GRASS TURF AND EVERGREENS IN FRONT OF THE WINGS. A SEMICIRCULAR DRIVEWAY WITH AN ENTRANCE FROM AND EXIT TO EAST JEFFERSON AVENUE BOUNDS A U-SHAPED GRASS TURF FRONT LAWN AREA. CENTERED WITHIN THAT LAWN IS A CONCRETE WALK WIDENING INTO A CIRCULAR AREA CONTAINING A FLAGPOLE AND AN ANCHOR. SURROUNDING THE CIRCULAR AREA ARE EVERGREEN BUSHES WITH A THICK, BLACK PAINTED CHAIN IN FRONT OF THEM. TWO (2) TREES ARE SITUATED TO EACH SIDE IN THE GRASS-TURF FRONT LAWN AREA. A LARGE ROCK AT THE NORTHEAST CORNER OF THE PROPERTY NEAR THE DRIVE AND PUBLIC SIDEWALK MARKS THE SITE OF THE LAST TOLLGATE ERECTED IN DETROIT WITH A BRONZE TABLET ATTACHED. THE GRASS TURF IN FRONT OF THE WINGS OF THE FRONT FACADE EXTENDS ALONG THE BUILDING'S SIDE ELEVATIONS IN THE FORM OF A STRIP OF GRASS TURF APPROXIMATELY TEN (10) FEET WIDE. BEYOND THE STRIP OF GRASS AT THE SOUTHWEST ELEVATION IS A BLACK-TOPPED PARKING LOT; ALONG THE STRIP OF GRASS AT THE NORTHEAST ELEVATION IS A LONG DRIVEWAY LEADING TO THE REAR OF THE PROPERTY. IN THE REAR IS A CONCRETE

PARKING AREA AND A GRAVEL AREA FOR SPECIALTY VEHICLE PARKING.

(14) **RELATIONSHIP OF OPEN SPACE TO STRUCTURES.** OPEN SPACE EXISTS ON ALL FOUR (4) SIDES OF THE R. THORNTON BRODHEAD ARMORY: ON THE NORTHEAST IS GABRIEL RICHARD PARK, AN EXPANSIVE PUBLIC, PASSIVE RECREATION AREA. A COMBINATION OF GRASS TURF AND PAVED AREAS EXISTS IN FRONT OF THE ENTRANCE TO THE BUILDING AND ITS SIDE AND REAR ELEVATIONS. A HIGH CHAIN LINK FENCE SEPARATES THE BUILDING ON ITS NORTHEASTERN SIDE FROM THE ADJACENT APARTMENT COMPLEX, AND ON ITS SOUTHEASTERN AND SOUTHERN END FROM GABRIEL RICHARD PARK AND THE DETROIT RIVER.

(15) **SCALE OF FACADES AND FACADE ELEMENTS.** THE R. THORNTON BRODHEAD ARMORY IS LARGE IN SCALE. ELEMENTS WITHIN THE FACADE, SUCH AS THE FACADE COLUMNS, BANDS OF BLOCK LETTERS IN RELIEF, AND DOORS AND WINDOW GROUPINGS, ARE MODERATE TO LARGE IN SCALE. THE TILE ON THE FRONT FACADE IS SMALL IN SCALE.

(16) **DIRECTIONAL EXPRESSION OF FRONT ELEVATIONS.** THE DIRECTIONAL EXPRESSION OF THE R. THORNTON BRODHEAD ARMORY IS EMPHATICALLY HORIZONTAL. MAJOR VERTICAL ELEMENTS, SUCH AS THE BANKS OF WINDOWS, HEIGHT OF THE DRILL HALL, AND PILASTERS AND COLUMNS, PROVIDE BALANCE TO THE COMPOSITION.

(17) **RHYTHM OF BUILDING SETBACKS.** THE R. THORNTON BRODHEAD ARMORY IS SET BACK FROM THE PUBLIC RIGHT-OF-WAY. NO RHYTHM OF SETBACKS IS CREATED DUE TO THE SINGLE BUILDING DISTRICT.

(18) **RELATIONSHIP OF LOT COVERAGES.** THE BUILDING OCCUPIES APPROXIMATELY TWENTY PERCENT (20) OF THE LAND INCLUDED IN THE DISTRICT. IT IS SITUATED CLOSE TO THE NORTHEASTERN PROPERTY LINE; THE SOUTHWESTERN PROPERTY LINE IS OPEN TO THE PUBLIC PARK.

(19) **DEGREE OF COMPLEXITY WITHIN THE FACADES.** THE FACADE AND MAJOR ELEVATIONS OF THE R. THORNTON BRODHEAD ARMORY ARE STRAIGHTFORWARD IN THEIR ARRANGEMENT. THE DETAIL IS NOT COMPLEX.

(20) **ORIENTATION, VISTAS, OVERVIEWS.** THE R. THORNTON BRODHEAD ARMORY IS ORIENTED TOWARD EAST JEFFERSON AVENUE, ONE OF DETROIT'S MAJOR EAST-

WEST THOROUGHFARES. ITS LONG, SOUTHWEST ELEVATION FACES GABRIEL RICHARD PARK, A LARGE OPEN SPACE EXTENDING EAST-NORTHEAST OF MACARTHUR BRIDGE, THE HISTORIC BRIDGE LEADING TO BELLE ISLE. BECAUSE OF THE SLOPE OF ITS SITE TOWARDS THE DETROIT RIVER, THE ARMORY BUILDING APPEARS LESS MASSIVE THAN IT ACTUALLY IS WHEN VIEWED FROM EAST JEFFERSON AVENUE.

(21) **SYMMETRIC OR ASYMMETRIC APPEARANCE.** THE EAST JEFFERSON AVENUE FACADE IS SYMMETRICAL; THE SOUTHWEST SIDE ELEVATION OF THE DRILL HALL IS SUBSTANTIALLY SYMMETRICAL, EXCEPT FOR THE INCLUSION OF THE DENBY MEMORIAL AT ITS SOUTHERN END.

(22) **GENERAL ENVIRONMENTAL CHARACTER.** THE R. THORNTON BRODHEAD ARMORY IS AN INDIVIDUAL, SPECIAL USE BUILDING THAT SITS UNPRETENTIOUSLY IN ITS PARK-LIKE SETTING AT THE EDGE OF EASTERN BOUNDARY OF GABRIEL RICHARD PARK.

(F) IN ACCORDANCE WITH SECTION 25-2-5 OF THIS CODE, THE HISTORIC DISTRICT COMMISSION IS HEREBY AUTHORIZED TO CONSIDER INTERIOR FEATURES IN CERTAIN PORTIONS OF THE R. THORNTON BRODHEAD ARMORY HISTORIC DISTRICT. A PERMIT SHALL BE REQUIRED FOR SUCH INTERIOR WORK IN THOSE PORTIONS OF THE R. THORNTON BRODHEAD ARMORY, AS REQUIRED IN SECTION 25-2-18 OF THIS CODE, AS IF SUCH WORK WHERE EXTERIOR WORK. THE COMMISSION'S CONSIDERATION OF THE INTERIOR FEATURES OF THE R. THORNTON BRODHEAD ARMORY, AS PROVIDED FOR IN SECTION 25-2-5 OF THIS CODE, SHALL BE AS FOLLOWS:

(1) THE INTERIOR SPACES OF THE R. THORNTON BRODHEAD ARMORY WHICH ARE HEREBY MADE SUBJECT TO THE COMMISSION'S CONSIDERATION ARE THOSE SPACES NORMALLY ACCESSIBLE TO THE PUBLIC FROM THE MAIN ENTRANCE DOORS ON EAST JEFFERSON AVENUE, INCLUDING THE DRILL HALL; THOSE THIRD FLOOR SPACES INCLUDING THE MESS HALL, THE WARD ROOM, AND THE OFFICERS' BAR; AND THE FORMAL STAIR HALL AREAS FROM FLOORS ONE (1) THROUGH THREE (3). FEATURES WITHIN THESE AREAS SUBJECT TO THE COMMISSION'S CONSIDERATION INCLUDE, BUT ARE NOT LIMITED TO, WALL SURFACES, SUCH AS WOODWORK, FRESCO PAINTINGS, AND MURALS, CEILINGS, FLOOR SURFACES, AND PERMANENT FIXTURES INCLUDING LIGHT FIX-

TURES. AREAS WHICH ARE NOT MADE SUBJECT TO THE COMMISSION'S CONSIDERATION INCLUDE THE INTERIORS OF OFFICES ADJOINING HALLWAYS, ROOMS ADJACENT TO THE DRILL HALL, REST ROOMS, AND ALL OTHER AREAS WITHIN THE R. THORNTON BRODHEAD ARMORY, BEING BASEMENTS, GARAGES, FOURTH FLOOR SPACES, ATTIC AREAS, AND THE INTERIORS OF CLOSETS AND SERVICE AREAS.

(2) WHEN CONSIDERING PROPOSALS FOR THE ALTERATION, DEMOLITION, PARTIAL DEMOLITION, REMOVAL, OR ADDITION TO ANY OR ALL OF THE ARCHITECTURAL FEATURES AND PERMANENT FURNISHINGS WITHIN THE DESIGNATED AREAS OF THE INTERIOR OF THE R. THORNTON BRODHEAD ARMORY, THE COMMISSION SHALL USE THE FOLLOWING CRITERIA:

A. SUBSECTIONS (E)(1) THROUGH (E)(2) OF THIS SECTION AS APPLICABLE.

B. THE ARCHITECTURAL OR HISTORIC SIGNIFICANCE OF THE EXISTING OR PROPOSED STRUCTURE, FEATURE, OR PERMANENT FIXTURE, AND ITS RELATIONSHIP TO THE ARCHITECTURAL AND HISTORICAL VALUE OF THE R. THORNTON BRODHEAD ARMORY HISTORIC DISTRICT;

C. THE PURPOSE OF THE DESIGNATED SPACES WITHIN THE R. THORNTON BRODHEAD ARMORY HISTORIC DISTRICT AND THE NEEDS OF ITS OWNERS; PROVIDED, THAT SUCH CONSIDERATIONS SHALL NOT BIND THE COMMISSION TO PERMIT ANY WORK SOLELY ON THE BASIS OF SUCH CONSIDERATIONS;

D. THE RELATIONSHIP OF ANY ARCHITECTURAL FEATURES OF THE RESOURCE TO THE REST OF THE RESOURCE AND TO THE SURROUNDING AREA;

E. THE PROVISIONS OF SECTION 25-2-22 OF THIS CODE; AND

F. ANY OTHER FACTOR, INCLUDING AESTHETICS, WHICH THE COMMISSION FINDS RELEVANT.

(3) AS A GUIDE IN CONSIDERING PROPOSALS AFFECTING THE DESIGNATED INTERIOR SPACES OF THE R. THORNTON BRODHEAD ARMORY HISTORIC DISTRICT, THE COMMISSION SHALL MAKE USE OF A SET OF SLIDES, TAKEN BY THE STAFF OF THE HISTORIC DESIGNATION ADVISORY BOARD AT OR NEAR THE EFFECTIVE DATE OF THIS SECTION, WHICH REPRESENTS THE STATE OF THOSE INTERIOR SPACES AS OF THE DATE OF DESIGNATION. A COPY OF THIS SET OF SLIDES, TOGETHER WITH A LIST DESCRIBING EACH SLIDE AND A DIA-

GRAM SHOWING THE RELATIONSHIP OF THE SLIDES TO THE DESIGNATED INTERIOR SPACES, SHALL BE PLACED ON FILE IN THE OFFICES OF THE CITY CLERK, THE HISTORIC DESIGNATION ADVISORY BOARD AND THE HISTORIC DISTRICT COMMISSION, AND IN THE BURTON HISTORICAL COLLECTION OF THE DETROIT PUBLIC LIBRARY.

Section 2. All ordinances, or parts of ordinances, that conflict with this ordinance are repealed.

Section 3. This ordinance is declared necessary for the preservation of the public peace, health, safety, and welfare of the People of the City of Detroit.

Section 4. In the event that this ordinance is passed by a two-thirds (2/3) majority of City Council Members serving, it shall be given immediate effect and become effective upon publication in accordance with Section 4-116 of the 1997 Detroit City Charter. Where this ordinance is passed by less than a two-thirds (2/3) majority of City Council Members serving, it shall become effective no later than thirty (30) days after enactment in accordance with Section 4-115 of the 1997 Detroit City Charter.

Re: Request to amend the 2001-2002 Official Compensation Schedule by approving an annual salary range for the following classes:

- Superintendent of Transportation Operations—Interim (35-13-71)
- Superintendent of Transportation Rolling Stock—Interim (72-11-86)
- Superintendent of Transportation Plant Maintenance & Construction—Interim (62-10-83)

A salary survey was conducted to determine rates for similar positions in competitive markets. Review of the essential duties and responsibilities of these classifications, the requisite education and experience, as well as the knowledge, skills and abilities required to perform them, indicates that a salary range of \$60,000-\$72,000 is more appropriate than the current flat rate of \$60,000.

This adjustment will bring these classifications into conformance with other City

classes that have salary ranges rather than flat rates. The Department of Transportation concurs.

The above-referenced petitions have been filed with the Detroit City Council by the abutting property owners, as verified by the Planning and Development Department and as required by the Detroit City Code, Article VI, Section 50-6-1. Our

investigation of the petitions discloses the following:

1. The alleys do not serve as the sole means of egress/ingress to any of the garages on the abutting property.
2. The public utilities located in the alley can be properly serviced if each alley is converted to an easement.
3. The alley is not required for municipal services (i.e. trash collection).
4. No objection to each alley vacation

have been received from utilities or city departments following transmission of Notice of Residential Alley Vacation.

The Planning and Development Department finds that the vacation of these alleys would be beneficial to the City as well as to the property owners involved and therefore, recommends the adoption of the attached resolution.

By Council Member Scott:

Whereas, The Planning and Development Department, in accordance with the Detroit Code, Article VI, Section 50-6-1, has reviewed applicant petition requests for residential alley conversions to easements as referenced in the foregoing communication; and

Resolved, That in accordance with the Detroit Code, Article VI, Section 50-6-1, a hearing will be held for each of the petition requests referenced in the foregoing communication by the City Council in the Committee Room, 13th Floor of the Coleman A. Re: Resolution authorizing the execution and delivery of Amendment No. 2 to Supplemental Service Contract relative to the refunding of all Economic Development Resource Recovery Revenue Bonds Series 1991A and Resource Recovery Revenue Refunding Bonds, Series 1992.

The attached Resolution authorizes the issuance and sale of approximately \$117,000,000 Resource Recovery Revenue Refunding Bonds, Series 2001A & B for the purpose of refunding all of the currently outstanding Series 1991 Bonds.

Because of a continued decline in interest rates, all of the previously issued Economic Development Resource Recovery Bonds may be refinanced, thereby producing interest savings.

It is anticipated that the sale will occur in early August. The attached Resolution has been prepared by Bond Counsel and I recommend its adoption by your Honorable Body, with waiver of reconsideration, at your next formal session. If there are any questions, we are prepared to address them Monday, July 16, 2001 at 1:00 p.m. in the Finance Department (Small Conference Room).

Recitals

By Council Member Scott:

Whereas, The City of Detroit, Michigan (the "City") has previously determined that a facility for the processing and disposal of solid waste and the related recovery of recoverable materials (the "Facility") is necessary for the public health, safety and welfare of the City; and

Whereas, The Greater Detroit Resource Recovery Authority was incorporated under Act No. 179, Michigan

Public Acts, 1947, as amended (Act 179"), for the purpose of assuring the efficient disposal of solid waste by acquiring, constructing and equipping the Facility; and

Whereas, The Authority and Combustion Engineering, Inc. ("C-E") (as such terms and other capitalized terms used herein without definition are defined pursuant to Section 1 of this Resolution), as a condition to receipt of an operating permit from the Michigan Air Pollution Control Commission, agreed to install spray dryer/fabric filter technology and certain other pollution control equipment including acid gas emission scrubbers described in Exhibit A to the EDC Installment Sale Contracts (collectively, the "PC Equipment") and executed and delivered the PC Change Order providing for the construction and installation of such PC Equipment; and

Whereas, In accordance with the Participation Agreements, on October 23, 1991 the Authority sold the Undivided Facility Interest (excluding the Undivided PC Facility Interest) and subleased the Undivided Facility Site Interest to the Trust, and the Trust leased the Undivided Facility Interest and subleased the Undivided Facility Site Interest to Michigan Waste Energy, Inc., a Delaware corporation (the "Lessee") pursuant to the Lease; and

Whereas, On October 23, 1991 the Authority transferred to The Economic Development Corporation of the City of Detroit (the "Issuer") all of the Authority's interests in all work, if any, in progress or completed with respect to the PC Equipment. Simultaneously therewith, the City transferred to the Issuer, subject to the City Ground Lease, the Ground Sublease, the Lease and any Substitute Lease, the Undivided PC Unit Facility Site Interests; and

Whereas, On the OT Assumption Date for each Undivided PC Unit Facility Interest, the Issuer sold such Undivided PC Unit Facility Interest to the Trust and, on the Third OT Assumption Date, transferred to the City the Undivided PC Unit Facility Site Interests; and as each Undivided PC Unit Facility Interest was acquired, the Trust entered into a supplement to its Lease to include the lease of such Undivided PC Unit Facility Interest to the Lessee; and

Whereas, Pursuant to the EDC Installment Sale Contracts and the PC Bond Indenture, the Issuer issued its PC Bonds at the request of the Authority, with the consent of the City and the Trust, to finance all or a portion of the costs of the PC Equipment and any improvements and additions thereto or substitutions therefor or any additional projects required in connection with the Facility (such replacements, additions, substitu-

tions and improvements, together with the PC Equipment, being herein called the "PC Project"); and

Whereas, On October 30, 1991, the Issuer issued two series of PC Bonds under the PC Bond Indenture, \$125,000,000 aggregate principal amount of its Resource Recovery Revenue Bonds, Series 1991A (the "Series 1991A Bonds") and \$46,500,000 aggregate principal amount of its Taxable Resource Recovery Revenue Bonds, Series 1991B (the "Series 1991B Taxable Bonds" and, together with the Series 1991A Bonds and the Series 1992 Bonds hereinafter mentioned, the "Series 1991 Bonds"); and

Whereas, In 1993, C-E sold all of the stock of the Lessee to Ogden Projects, Inc. ("OPI"), OPI assumed the obligations of C-E with respect to the Operating Agreement, and Ogden Corporation (which changed its name to Covanta Energy Corporation on March 14, 2001) guaranteed performance of the obligations of OPI and the Lessee under the Operating Agreement; and

Whereas, All but \$1,500,000 aggregate principal amount of the Series 1991B Taxable Bonds were refunded in 1992 by the Issuer's \$45,000,000 aggregate principal amount of Resource Recovery Revenue Refunding Bonds, Series 1992 (the "Series 1992 Bonds") and the balance of the Series 1991B Taxable Bonds was retired in 1998; and

Whereas, Because there were excess proceeds of the Series 1991 Bonds upon completion of the PC Project, the Authority directed the Issuer to use such excess proceeds to redeem \$6,870,000 of the Series 1991A Bonds and \$2,760,000 of the Series 1992 Bonds on May 1, 1998;

Whereas, The remaining Series 1991 Bonds are subject to redemption prior to maturity at the option of the Issuer at the direction of an Authorized Officer of the Authority on or after May 1, 2001 as a whole at any time, or in part from time to time on any Interest Payment Date; and

Whereas, Because interest rates have dropped significantly, the Issuer, the Authority and the Finance Director of the City have, upon the advice of the City's financial advisors, determined that it is in their best interest for the Issuer to issue, sell and deliver bonds to refund the Outstanding Series 1991 Bonds. The Issuer, the Authority and the City have determined to enter into a bond purchase agreement (the "Bond Purchase Agreement") with Salomon Smith Barney, Inc., as representative of the underwriters (the "Representative" and the "Underwriters") with respect to the issuance, sale and delivery of the Issuer's Resource Recovery Revenue Refunding Bonds, Series 2001A (the "Series 2001A Bonds"), and the Issuer's Taxable

Resource Recovery Revenue Refunding Bonds, Series 2001B (the "Series 2001B Bonds" and, together with the Series 2001A Bonds, the "Series 2001 Bonds"), both under the terms of a First Supplemental PC Bond Indenture (the "First Supplemental PC Bond Indenture"), among the Issuer, The Bank of New York, as institutional trustee, and Leonard Trueblood, as individual trustee (together, the "PC Bond Trustee"); and

Whereas, Counsel to the Underwriters has prepared the forms of the preliminary Official Statement to be used by the Underwriters to sell the Series 2001 Bonds and the form of the Continuing Disclosure Undertaking the City of Detroit required for compliance with federal securities laws, for approval by the City Council; and

Whereas, The Authority will direct the Issuer and the PC Bond Trustee to issue Additional Bonds for the purpose of refunding all of the Outstanding Series 1991 Bonds, in accordance with Section 2.13 of the PC Bond Indenture; and

Whereas, On the Series 2001 Issuance Date, the Series 2001 Bonds will be issued pursuant to the First Supplemental PC Bond Indenture in the aggregate principal amount of not to exceed \$117,000,000, of which \$113,510,000 will be Series 2001A Bonds and not to exceed \$3,490,000 will be Series 2001B Bonds; and

Whereas, The Issuer has determined that the payment when due of the principal of and interest on the Series 2001A Bonds and the Series 2001B Bonds shall be insured by a financial guaranty insurance policy (the "Series 2001 Insurance Policy") to be issued by Ambac Assurance Corporation (the "Series 2001 Bond Insurer"); and

Whereas, As described in the Installment Sale Contracts, each as amended by two separate documents, entitled First Amendment to Installment Sale Contract (together, the "First Amendments"), by and among the Issuer, the Authority and the respective Trust, the Installment Sale Obligations, whether assumed by the Trust or owed by the Authority, have been, and will continue to be paid from and secured by a portion of the Supplemental Tipping Fees to be paid by the City to the Authority under the Supplemental Service Contract (the "Supplemental Service Contract"), as first amended as of March 21, 1996 and as further amended by Amendment No. 2 to Supplemental Full Faith and Credit General Obligation Solid Waste Disposal Contract ("Amendment No. 2 to Supplemental Service Contract") between the Authority and the City, as approved by this Resolution and to be executed and delivered in connection with the issuance of the Series 2001 Bonds; and

Whereas, The Finance Director of the City has received the preliminary consent of the Owner Participants to the proposed refunding of the Series 1991 Bonds (the "Consent") based on their counsel's review of the preliminary forms of the transaction documents including Amendment No. 2 to Supplemental Service Contract to be approved by this Resolution; and

Whereas, In connection with the refunding of the Series 1991 Bonds it is necessary for the City Council to approve and authorize and direct the Mayor and the Finance Director and all other authorized officers to execute and deliver Amendment No. 2 to Supplemental Service Contract and certain certificates and documents on behalf of the City and to perform all acts consistent with this Resolution.

Now, Therefore, Be It Resolved:

Section 1. Definitions.

Terms as used in this Resolution and the preamble and recitals hereof shall have the meanings as defined herein or specified in the First Supplemental PC Bond Indenture.

Section 2. Approval of Refunding of the Series 1991 Bonds. The City Council hereby acknowledges receipt of the Consent to the issuance of the Series 2001 Bonds to refund all of the Outstanding Series 1991 Bonds, subject to the terms and conditions specified therein. The City Council deems it to be in the best interest of the City, based on the advice of the Finance Director and Carnegie Morgan Partners, L.L.C. and Robert F. Baird, Inc., the City's Financial Advisors, for the City Council to approve, and the City Council does hereby approve of the Issuance of not to exceed \$117,000,000 of the Series 2001B Bonds to refund all of the remaining Outstanding Series 1991 Bonds in the manner and subject to the terms and conditions specified in the First Supplemental PC Bond Indenture and the First Amendments. The Finance Director is authorized to deliver such notices and take such action as may be required to facilitate the refunding of all of the remaining Outstanding Series 1991 Bonds.

Section 3. Approval of Contract and Agreement. The forms of Amendment No. 2 to Supplemental Service Contract and the Bond Purchase Agreement on file with the minutes of this meeting are hereby approved, subject to changes, additions, deletions and insertions as, upon the advice of counsel, are not materially adverse to the City or inconsistent with the refinancing of the PC Project and refunding of the Outstanding Series 1991 Bonds.

Section 4. Execution and Delivery of Certain Contracts and Agreements. The Mayor and the Finance Director are

hereby authorized to execute, deliver, attest and seal (if required) Amendment No. 2 to Supplemental Service Contract and to approve of the form of the Bond Purchase Agreement, with such changes, additions, deletions and insertions as, upon the advice of counsel to the City are not materially adverse to the City.

Section 5. **Acknowledgement of Other Documents.** The forms of the First Amendments, the First Supplemental PC Bond Indenture and the other documents related to the refunding of the Series 1991 Bonds to which the City is not a party are hereby acknowledged.

Section 6. **The Preliminary Official Statement and the Official Statement.** Based upon information provided by the Issuer and the Representative, with respect to the Preliminary Official Statement and the Official Statement, the form of and the use and distribution in accordance with law by the Underwriters of the Preliminary Official Statement on file with the minutes of this meeting, are hereby approved. The Finance Director is authorized to deem the Preliminary Official Statement final, except for information permitted to be omitted by the Securities and Exchange Commission Rule 15c-2-12 and to execute the Official Statement.

Section 7. **Approval of Continuing Disclosure Undertaking.** The Finance Director is hereby authorized to execute and deliver the form of the Continuing Disclosure Undertaking in the form on file with the Minutes of this meeting, subject to such changes, additions, deletions and insertions as the Finance Director deems appropriate.

Section 8. **Pledge of Limited Tax Full Faith and Credit and Distributable State Aid.** To the extent necessary to fulfill the full faith and credit general obligation pledge of the City under Amendment No. 2 to Supplemental Service Contract, the City shall continue to levy ad valorem taxes against all taxable property in the City subject to constitutional, statutory and charter tax rate limitations and shall continue to pledge and the City Council does hereby pledge as further security for certain of the City's obligations under the Supplemental Service Contract as amended, Distributable Aid as authorized by Act 97, Public Acts of Michigan 1981, as amended (Act 97"). The Finance Director is hereby authorized to make applications to the Michigan Department of Treasury for orders of approval by the State Treasurer of the obligations incurred under Amendment No. 2 to Supplemental Service Contract and to give the notice to the State Treasurer of the pledge of Distributable Aid by the City to secure certain of its obligations under Amendment No. 2 to Supplemental Service Contract in

the manner and as required by Amendment No. 2 to Supplemental Service Contract and Act 97.

Section 9. **Municipal Bond Insurance.** The Finance Director of the City is hereby authorized to obtain a financial guaranty insurance policy or other credit enhancement to secure the payment of all or part of the City's Tipping Fee obligations relative to debt service on the Series 2001 Bonds, if, and provided that, it shall be determined by the Finance Director that such cost of such municipal bond insurance or other credit enhancement is less than the interest rate savings therefrom or otherwise that it is in the best interest of the City and the Authority. Such municipal bond insurance or other credit enhancement provider may be afforded certain rights and remedies to direct the proceedings with respect to the enforcement of payment of the debt service on the Series 2001 Bonds as shall be provided in the documents relating thereto. In the event a commitment for a policy for a financial guaranty insurance policy is obtained or a commitment for other credit enhancement is obtained, the Mayor and the Finance Director are hereby authorized to approve the terms, perform such acts and execute such documents that shall be required, necessary or desirable to effectuate the terms of such commitment and the transactions described therein and in this Resolution.

Section 10. **Authorization of Other Documents.** The Mayor, the Finance Director, the City Clerk, the Treasurer, staff and Corporation Counsel, or any of them, are hereby authorized to make such filings and execute, date and deliver such other certificates, documents, instruments, and opinions and other papers as may be required by the documents approved hereby or as may be necessary or convenient to comply with requirements of the Michigan Department of Treasury and of federal securities and tax laws to effectuate the refunding of the Series 1991 Bonds, the refinancing of the Project as provided in this Resolution and the issuance of the Series 2001 Bonds.

Section 11. **Conflict and Effectiveness.** All resolutions and parts of resolutions or other proceedings of the City in conflict therewith are repealed to the extent of such conflict. This Resolution shall become effective immediately upon adoption.

City Planning Commission

July 18, 2001

Honorable City Council:

Re: Requests of the Planning and Development Department to sell City-owned land; to rezone property from R2 (Two-Family Residential District) and B4 (General Commercial District) zoning classifications to a PD (Planned Development District) zoning classification; and to approve a development proposal for an existing PD zoning classification and the proposed PD area generally bounded by Riverbend Plaza Phases I and II and E. Jefferson, the alley east of Newport, Freud, and Dickerson to facilitate the construction of a "big box" commercial structure, two retail outlots and a 126 unit residential condominium development (Recommending Approval of Rezoning only at this time)

The Planning and Development Department (P&DD) is requesting the above-captioned actions in order to facilitate the development of Phases III and IV of Riverbend Plaza. The site is located within the Jefferson-Chalmers Neighborhood Development project area and consists of an existing area zoned PD to be combined with an area proposed to be rezoned from R2 and B4 to PD. Riverbend Phase III is proposed to include a Home Depot and two (2) retail outlots. Riverbend

Phase IV involves the proposed construction of a 126 unit residential condominium development. The Department is also requesting approval for the sale of City-owned urban renewal land whereon these projects are sited.

PROPOSED PROJECT

The commercial portion of this project consists of a 118,250 square foot Home Depot store with an additional 23,400 square feet of outdoor garden and seasonal sales area. The Home Depot would be of typical size and character finished in Home Depot orange and white. The building would be clad predominantly if insulated concrete wall panels bearing block imprint. Accent materials include metal panel, masonry block and E.I.F.S (stucco-like material). The two outlot developments would sit along E. Jefferson Ave. on either side of the main entry drive. The outlot to the west of the entry is about .3 acre in area and would hold a 3,000 square foot facility. The outlot to the east is about 1.0 acre in area and would contain a 10,000 square foot building. Presently, staff is not aware of the intended occupants of these structures. The entire commercial development would sit on approximately 12.98 acres of land, known as parcel 154-A for purposes of the sale of City-owned property. The parcel also includes the streets and alleys yet to be vacated.

The residential portion of the project proposes a 126-unit condominium community immediately south of the existing and proposed phases of Riverbend Plaza. It would offer 10 one-bedroom units at 890 square feet, 20 two-bedroom units at 1,100 square feet and 96 two-bedroom units varying from 1,150 square feet to 1,290 square feet. The latter unit has an option for a third bedroom. Each unit would also have a one car attached garage. Fifteen total structures clad of brick and siding would house these units across 10.61 acres of land known as parcel 154-B.

SURROUNDING LAND USE AND ZONING

To the North — mix of commercial uses with parking, residential beyond — R2, B4

To the South — single-family residential (Victoria Park) — PD

To the East — church, single family residential, and commercial — R1, R2, and B4

To the West — senior citizen apartments, high school, and commercial — PD

GENERAL ANALYSIS

Presently this proposal is in conflict with the provision of the Master Plan of Policies and the Jefferson-Chalmers Modified Development Plan. The requested actions and the project proposals must be consistent with both of these documents in order to move forward. The

Planning and Development Department has prepared the appropriate and necessary amendments for both the Master Plan and the Development Plan. The Planning Commission has reviewed and taken action on these proposed amendments and its report and recommendation are forthcoming.

There were various unresolved issues resulting from the review of the proposed developments. In order to adequately address these issues and keep the project moving forward, CPC and P&DD agreed to separate the rezoning and the site plan approvals. This will allow the rezoning to meet the required public notice procedures and be eligible for City Council action prior to recess. It also provides additional time to resolve the outstanding issues and present them to the Commission for action and subsequent recommendation to your Honorable Body.

The requested PD rezoning is being approached in a manner in accord with Section 110.0100 of the Zoning Ordinance. This section sets forth the provisions for establishing and modifying PD zoning districts within urban renewal areas such as this. The approval of the site plan and other documents associated with a given development proposal for such PD zoning districts may then be approved by resolution. This provision has been used many times in the past, most recently in Brush Park and in Jefferson-Chalmers where this proposal is sited.

PUBLIC HEARING RESULTS

The CPC Public Hearing on this matter was held on March 15, 2001 at UAW Local 7 located at 2600 Conner, northeast of the Jefferson-Chalmers community. A total of three individuals spoke to the proposed rezoning. The first, Gerald Irvine, represented the Jefferson Chalmers CDC and spoke in support of the project. The other two speakers also supported the project, while raising questions about impacts on the area. Public hearings were also conducted for the proposed master Plan and Development Plan amendments that same evening. Attendance was in excess of 250 persons.

CONCLUSION AND RECOMMENDATION

Given that the City Planning Commission is still reviewing other matters related to the above stated requests and the notice requirements associated with processing a rezoning, the CPC recommends approval of the rezoning via the appropriate amendatory ordinance. Approval of the site plan, building elevations and related project documents may be done by resolution subsequent to CPC action on the matter, which is expected on Thursday July 19th. The Commission is also expected to take action on the requested land sale at that time. A thorough report on these matters accompa-

nied by the aforementioned resolution will follow shortly thereafter.

Historic Designation Advisory Board

July 18, 2001

Honorable City Council:

Re: Historic Designation Advisory Board submitting its final report on the proposed addition to the Peterboro-Charlotte Historic District.

At the direction of the Historic Designation Advisory Board at its meeting of April 10, 2001, I am pleased to submit to your Honorable Body the board's final

report on the proposed addition to the Peterboro-Charlotte Historic District. The recommendation of the Advisory Board is for designation and, therefore, a draft ordinance to amend the existing district is attached.

The board's final report and a copy of the minutes of the public hearing held by the Advisory Board on this matter is on file in the City Clerk's Office. This designation was requested by Joel Landy, owner of several properties in the existing district on one property, now under rehabilitation, in the proposed addition. (Petition 2376 of 2000). Mr. Landy served as one of the ad hoc members of the board for this study; Michelle Brown of Concerned Citizens of the Cass Corridor served in the other ad hoc position.

A copy of the minutes of the public hearing held by the Advisory Board on this matter, P&DD's letter concerned Master Plan issues, the Historic District Commission's comment on the proposed designation, and a copy of a letter from a property owner opposing the designation are on file in the City Clerk's Office.

If you should have any questions, I may be reached at 224-3487.

Respectfully submitted,
WILLIAM M. WORDEN
Director

By Council Member Scott:

AN ORDINANCE to amend Chapter 25, Article 2, of the 1984 Detroit City Code by amending Section 25-2-100 to provide for the addition of the properties on the west side of Woodward Avenue between Charlotte and Peterboro Avenues to the Peterboro-Charlotte Historic District.

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

Section 1. Chapter 25, Article 2, of the 1984 Detroit City Code be amended by amending Section 25-2-100 to read as follows:

Sec. 25-2-100. Peterboro-Charlotte Historic District.

(a) A historic district to be known as the Peterboro-Charlotte Historic District is hereby established in accordance with the provisions of this article.

(b) This historic district designation is hereby certified as being consistent with the Detroit Master Plan.

(c) The boundaries of the Peterboro-Charlotte Historic District are as shown on the map on file in the office of the City Clerk, and shall be: On the north, the center line of Peterboro; on the west, the center line of Park; on the south, the center line of Charlotte; and on the east, ~~beginning at the intersection of the center line of Peterboro and the center line of the easternmost north-south alley between Woodward and Park; thence south along said center line of said alley to its inter-~~

section with a line 16.76 feet north of the south line of Lot 3, subdivision of Park Lot 72 (L53/P196); thence east along said line to its intersection with the center line of Woodward Avenue, thence south along said center line to its intersection with the center line of Charlotte. (These boundaries include Scott's Sub of Park Lot 71, Lots 5 1-21 (L1/P249) ; AND Sub of Park Lot 72, Lots 4 1-21 and the south 16.76 feet of Lot 3 (L53/P196)).

(d) The design treatment level of the Peterboro-Charlotte Historic District shall be conservation, as provided for in Section 25-2-2 OF THIS CODE.

(e) The defined elements of design, provided for in Section 25-2-2 OF THIS CODE, shall be as follows:

(1) *Height.* All of the primary buildings in the district are between ~~two (2) stories~~ ONE (1) and six (6) stories tall. All houses are either two (2) or two and one-half (2-1/2) stories in height and the ~~apartment buildings are between three (3) and~~ ADDISON HOTEL AT 14 CHARLOTTE IS six (6) stories in height. THREE (3) OF THE FOUR (4) COMMERCIAL BUILDINGS ON WOODWARD AVENUE ARE TWO (2) STORIES TALL; THE FORMER SERVICE STATION BUILDING IS ONE (1) STORY.

(2) *Proportion of buildings' front facades.* Most of the RESIDENTIAL buildings in the district are taller than wide, with the exceptions being the Scott Mansion at 81 Peterboro, the building at 3126 Park, and the Addison Hotel at 14 Charlotte, which are wider than tall. THE COMMERCIAL BUILDINGS FACING WOODWARD AVENUE ARE WIDER THAN TALL, AND, TAKEN TOGETHER, FORM A CONTINUOUS BUILDING WALL SUBSTANTIALLY WIDER THAN TALL.

(3) *PROPORTION OF OPENINGS WITHIN THE FACADES.* Areas of voids generally constitute approximately thirty ~~(30) per cent~~ PERCENT (30%) of the front facades of the small-scale residential structures, excluding the roofs, and between twenty ~~(20)~~ PERCENT (20%) and thirty-five ~~(35) per cent~~ PERCENT (35%) of the front facades of the larger multi-unit residential structures. Most window openings IN RESIDENTIAL BUILDINGS are taller than wide, although when grouped together, openings may achieve a horizontal effect. Transoms are wider than tall or square. Window openings are frequently present in gables, turrets, and/or foundations. A great variety of sizes, shapes, and arrangements of openings exist AMONG THE RESIDENTIAL BUILDINGS in district. THE FOUR (4) COMMERCIAL BUILDINGS ON WOODWARD AVENUE HAVE LARGE STOREFRONT OPENINGS AND, WHERE A SECOND STORY EXISTS, SECOND STORY OPENINGS THAT ARE

WIDER THAN TALL. THE PROPERTY AT 3153-61 WOODWARD AVENUE HAS TWO (2) SECOND STORY WINDOWS THAT ARE TALLER THAN WIDE. AREAS OF VOIDS IN THE FRONT FACADES OF COMMERCIAL PROPERTIES RANGE FROM APPROXIMATELY THIRTY-FIVE PERCENT (35%) TO SEVENTY PERCENT (70%), ALTHOUGH SOME OPENINGS ARE OBSCURED BY BOARDS. THE SERVICE STATION BUILDING HAS TWO (2) GARAGE DOOR OPENINGS ON ITS NORTH ELEVATION; ITS CORNER STOREFRONT OPENINGS HAVE BEEN ALTERED BUT STILL RETAIN THE ORIGINAL CONFIGURATION OF A CORNER DOOR OPENING FLANKED BY LARGE STOREFRONT WINDOWS.

(4) *Rhythm of solids to voids in front facades.* The five (5) houses grouped together on Peterboro have essentially similar rhythms of solids to voids on their front facades. The entrance bay is on the west and has one double hung sash window above it at second story level. The east section of the front facade has a bowed or bay window. Some buildings on Charlotte and the ONE (1) residential ~~buildings~~ BUILDING on the east side of Park have a similar arrangement. Gables are generally punctured with a window or a grouping of windows. The Scott Mansion at 81 Peterboro has a variety of different window shapes, sizes, and placements, resulting in an asymmetrical and sometimes random rhythm of solids to voids. In general, the Victorian buildings display freedom in the placement of openings within the facades. ~~Apartment buildings~~ THE ADDISON HOTEL AND COMMERCIAL BUILDINGS are more regular in their fenestration.

(5) *Rhythm of spacing of buildings on streets.* On Peterboro and Charlotte, the buildings are either centered on their thirty (30) feet to fifty (50) feet lots or are placed on the western lot line, creating very narrow side yards and a rhythmic progression of buildings along the streetscape. The Scott Mansion at 81 Peterboro and the Addison Hotel at 14 Charlotte are visually removed from other buildings by vacant lots and alleys. ~~Apartment buildings in the district~~ THE ADDISON HOTEL AND THE COMMERCIAL BUILDINGS ON WOODWARD AVENUE, WITH THE EXCEPTION OF THE SERVICE STATION BUILDING, tend to occupy ~~almost all or all~~ THE WIDTH of their lots, CREATING A CONTINUOUS STREETSCAPE.

(6) *Rhythm of entrance and/or porch projections.* The progression of steps and porches lends to the consistency of the RESIDENTIAL streetscapes. On Peterboro and Park, the houses have recessed entrances and porches; on Charlotte, the porches tend to project. ON WOODWARD AVENUE, THE PROGRESSION OF

STOREFRONTS CREATES A CONSISTENT RHYTHM.

(7) *Relationship of materials.* Brick is the most prevalent building material used in the district, and is frequently combined with wooden detail and trim. Stone is sometimes used for foundations and trim, occurring primarily on Peterboro. Stone is the major material of the Scott Mansion at 81 Peterboro. Slate, the original roofing material, still exists but has been largely replaced with asphalt shingles. Copper flashing exists on a few houses in the district. THE WOODWARD AVENUE COMMERCIAL FACADES FEATURE TERRA COTTA TILES, GLAZED BRICK, CAST STONE, PORCELAIN ENAMEL PANELS, AND LARGE EXPANSES OF GLASS.

(8) *Relationship of textures.* The most common textural relationship in the district is that of brick and mortar joints juxtaposed with wood and/or stone, both sometimes carved. In the Scott Mansion at 81 Peterboro, different textures of stone are juxtaposed. Slate roofs contribute particular textural qualities, whereas asphalt shingles generally do not contribute to textural interest. THE SMOOTH, SHINY TEXTURE OF WINDOW GLASS, PORCELAIN ENAMEL, AND GLAZED TERRA COTTA ADD TO THE TEXTURAL INTEREST OF THE COMMERCIAL BUILDINGS ON WOODWARD AVENUE.

(9) *Relationship of colors.* Victorian buildings show freedom in the use of color. Most of the brick houses in the district are painted in one (1) color with contrasting trim. The orange brick of some of the apartment buildings and the red brick at the Addison Hotel at 14 Charlotte are IS not painted. The Scott Mansion at 81 Peterboro contrasts different color stones, such as light gray limestone with red sandstone. Roof colors are generally natural slate colors or black. WHITE TERRA COTTA AND PORCELAIN ENAMEL, BUFF COLORED AND REDDISH-ORANGE BRICK, AND COLORED TILES ARE PRESENT ON COMMERCIAL BUILDINGS. PAINT colors known to have been in use on buildings of similar type in the nineteenth century AT THE TIME OF CONSTRUCTION may be considered for suitability on similar buildings. Original color schemes for any given building may be determined by professional paint analysis and when so determined are always appropriate for that building.

(10) *Relationship of architectural details.* Victorian architectural details in the Romanesque, Queen Anne, Eastlake, Stick, Gothic and Italianate styles decorate the late nineteenth century buildings. Porches, window frames, cornices, dormers and gables are frequently treated. Early twentieth century buildings in the district are more austere in detail; areas frequently treated are the cornices and porches. The Addison Hotel at 14

Charlotte is more ornate than the other apartment buildings in the district, it bears Beaux-Arts ornament. THE COMMERCIAL BUILDINGS ON WOODWARD AVENUE REFLECT AN EARLY TWENTIETH CENTURY COMMERCIAL STYLE WITH MODEST STYLISTIC DETAILING.

(11) *Relationship of roof shapes.* ON THE VICTORIAN RESIDENTIAL BUILDINGS, A multiplicity of roof types exist, and frequently within the same building. The predominant forms of roofs are either the hipped, mansard, or gabled type, frequently with dormers and intersecting gables. The Scott Mansion at 81 Peterboro has a conical roof over an engaged tower at its western bay. Porches in the district have mostly flat roofs, and the apartment buildings ADDISON HOTEL AND COMMERCIAL BUILDINGS also appear to have flat roofs hidden by parapet walls.

(12) *Walls of continuity.* The major wall of continuity is created by the buildings' facades with their fairly uniform setbacks on Peterboro, and sections of Charlotte, AND ON WOODWARD AVENUE. Residences of Charlotte have less uniform setbacks but are still fairly consistent with the exception of the Addison Hotel on the corner of Woodward Avenue and Charlotte, which is set at the sidewalk. THREE (3) COMMERCIAL BUILDINGS ON WOODWARD AVENUE ABUT EACH OTHER, FORMING A CONTINUOUS STREET WALL. No wall of continuity exists on park due to the amount of vacant land.

(13) *Relationship of significant landscape features and surface treatments.* The streetscapes of Peterboro and Charlotte consist of a sixty (60) foot right-of-way with narrow, frequently paved tree lawns. Characteristic treatment of individual properties is a shallow, flat front lawn area in grass turf subdivided by a straight concrete walk to the front entrance. Frequently on Peterboro hedges run along the front and side lot lines and, in one case, a chain link fence encloses the front yard. On Charlotte, there is an occasional side hedge in the front yard at the property line. No notable landscaping on Charlotte or Park now exists. An iron fence encloses the property of the house on Park, and a chain link fence encloses the vacant lot south of 3120 Park. Foundation plantings of the deciduous and/or evergreen nature are present on Peterboro. There are no driveways in the district; garages or carriage houses are reached off the rear brick paved alleys. Curbs and public sidewalks in the district are concrete. The tree lawns are frequently replaced by concrete or brick paving and are occasionally planted with new trees. Modern steel light posts are located between the curb and the public sidewalk. Although the district was once

fully developed, vacant lots, some in use for parking, are noticeable features of the district. These VACANT LOTS mostly occur at ends of streets. Rear yards are sometimes landscaped and/or paved with brick. SINCE THE BUILDINGS ON WOODWARD AVENUE, WITH THE EXCEPTION OF THE SERVICE STATION BUILDING, SIT ON THE FRONT LOT LINE AT THE CONCRETE SIDEWALK, THERE ARE NO LANDSCAPE FEATURES. THERE IS A PAVED PARKING AREA IN FRONT OF THE SERVICE STATION BUILDING AT THE SOUTHWEST CORNER OF WOODWARD AVENUE AND PETERBORO.

(14) *Relationship of open space to structure.* Vacant land in the district is due to housing demolition. Much land on Park and Peterboro is in use as parking lots. Front yards OF RESIDENCES are shallow and THEIR back yards are generally more spacious. Some RESIDENTIAL properties have carriage houses accessed off the alley. Vacant land at the end of the streets tends to isolate buildings in clusters or individually. The Addison Hotel at 14 Charlotte has no open space between it and the public sidewalk. AND THE WOODWARD AVENUE COMMERCIAL BUILDINGS ARE SEPARATED BY A VACANT LOT; ALL ARE ENTERED FROM THE SIDEWALK.

(15) *Scale of facades and facade elements.* The scale of the buildings in the district are generally not large, with the exception being the Addison Hotel at 14 Charlotte and the Scott Mansion at 81 Peterboro. The elements within the Victorian buildings are sometimes large, such as gables, bay windows, porches and dormers, and details within THOSE LARGE ELEMENTS are on the A small scale. The facade of the Scott Mansion at 81 Peterboro is divided into large segments, such as towers AND projecting gables; details within these elements are small-scaled. The Addison Hotel at 14 Charlotte is large and imposing in scale; elements within, such as quoins and the cornice, are small to moderate in scale. Apartment buildings on Charlotte tend to be of moderate scale for buildings of that type. COMMERCIAL BUILDINGS ARE SMALL TO MODERATE IN SCALE. Buildings generally are within THE normal limits of scale for THE TYPE TO WHICH EACH BUILDING BELONGS INCLUDING moderate single-family residences, COMMERCIAL BUILDINGS, and apartment buildings of the late nineteenth and early twentieth century.

(16) *Directional expression of front elevations.* The majority of RESIDENTIAL buildings in the district have vertically expressed front facades with the major exceptions being the Addison Hotel at 14 Charlotte and the Scott Mansion at 81 Peterboro. Some houses on Charlotte are

neutral in directional expression. THE COMMERCIAL BUILDINGS ON WOODWARD AVENUE HAVE HORIZONTAL DIRECTIONAL EXPRESSIONS.

(17) *Rhythm of building setbacks.* On the south side of Peterboro, all RESIDENTIAL buildings have consistent setbacks; on Charlotte, buildings have slightly varying setbacks. The Addison Hotel on the corner of Woodward AVENUE and Charlotte ~~site~~ IS SITED directly ~~on~~ AT the sidewalk, AS ARE THE THREE (3) CONTIGUOUS COMMERCIAL BUILDINGS ON WOODWARD AVENUE. THE SERVICE STATION BUILDING IS SET BACK AT THE CORNER OF WOODWARD AVENUE AND PETERBORO. There is no rhythm created on the east side of Park.

(18) *Relationship of lot coverages.* Lot coverage ranges from approximately twenty-five ~~(25)~~ PERCENT (25%) to one hundred ~~(100 percent)~~ PERCENT (100%), most being in the thirty-five ~~(35 percent)~~ PERCENT (35%) range of lot coverage. THE COMMERCIAL BUILDINGS RANGE FROM FIFTY PERCENT (50%) TO ONE HUNDRED PERCENT (100%) LOT COVERAGE, WITH THE EXCEPTION OF THE SERVICE STATION BUILDING, WHICH OCCUPIES APPROXIMATELY FIFTEEN PERCENT (15%) OF ITS CORNER LOT.

(19) *Degree of complexity within the facade.* In general, the Victorian buildings exhibit complex massing and a multiplicity of roof shapes, coloristic effects, materials, and textures within the facades. The early twentieth century buildings are less complex in their arrangement and detail.

(20) *Orientation, vistas, overviews.* All buildings are oriented frontally towards the street. The Addison Hotel, on the corner of Woodward AVENUE and Charlotte, is oriented towards Charlotte, while its storefronts are oriented towards Woodward Avenue. Garages or carriage houses are oriented towards the alley but have an entrance facing the rear yards as well. Downtown Detroit can be seen by looking south from the district and the New Center ~~are~~ AREA can be seen to the north from the third story of some of the houses. The district is situated between Woodward Avenue, the City's main thoroughfare, and Detroit's Chinatown on Cass Avenue, another major artery.

(21) *Symmetric or asymmetric appearance.* The Victorian buildings are asymmetrical in appearance. The Addison Hotel at 81 14 Charlotte and the ~~Richelieu Apartments at 48-50 Charlotte~~ COMMERCIAL BUILDINGS ON WOODWARD AVENUE are symmetrical in appearance.

(22) *General environmental character.* The character of the district is that of a single block of late nineteenth century to early twentieth century middle class residential structures AND THEIR COMMERCIAL FRONTAGE ~~that have~~ WHICH HAS

suffered from urban blight in more modern times. A cohesiveness to the streetscape is achieved through fairly uniform setbacks, spacing of buildings on lots, and massing of buildings. The streetscapes are very urban in character, due to the closeness of the buildings to each other and to the streets. Peterboro-Charlotte is a low density neighborhood between two (2) of Detroit's busiest thoroughfares, Woodward and Cass Avenues.

Section 2. All ordinances, or parts of ordinances, that conflict with this ordinance are repealed.

Section 3. This ordinance is declared necessary for the preservation of the public peace, health, safety and welfare of the People of the City of Detroit.

Section 4. In the event that this ordinance is passed by a two-thirds (2/3) majority of City Council Members serving, it shall be given immediate effect and become effective upon publication in accordance with Section 4-116 of the 1997 Detroit City Charter. Where this ordinance is passed by less than a two-thirds (2/3) majority of City Council Members serving, it shall become effective no later than thirty (30) days after enactment in accordance with Section 4-115 of the 1997 Detroit City Charter.

A Resolution By Council Members Alberta Tinsley-Talabi and Sheila Cockrel Regarding Alpha Data Services, Inc.

WHEREAS, Alpha Data Services, Inc. (ADS) is an information technology company and is currently the only woman-owned contractor providing prime contractor professional services to the Detroit Water & Sewerage Department (DWSD); and

WHEREAS, ADS received a professional services contract from DWSD in 1997. The company has continuously provided technology services and support for the department's mission critical computer systems as a result of three amendments to the 1997 contract; and

WHEREAS, The third amendment to the contract ended in July 2001. The quality and thoroughness of services provided by ADS has not been disputed by DWSD; and

WHEREAS, As a result of a mandate by the Information Technology Services Dept. requiring all city departments to use information technology companies

already under contract with ITS, DWSD has decided not to retain the services of ADS in lieu of these other companies; and

WHEREAS, this mandate of the Information Technology Services Dept. is not likely to result in real cost savings for DWSD, but will certainly have a negative impact on ADS. Moreover, the Detroit City Council is sensitive to DWSD maintaining continuity of quality service for its mission critical systems; and

WHEREAS, In this instance, it is the opinion of the Detroit City Council that DWSD's decision to discontinue its contractual relationship with ADS is not consistent with sound public policy for the City of Detroit. NOW THEREFORE BE IT

RESOLVED, The Detroit City Council strongly encourages DWSD and its Board of Commissioners to continue to utilize the services of ADS by negotiating further amendments to the 1997 contract. Contract amendments are a common practice for DWSD and, in the opinion of the Detroit City Council, are justified for the continuation of efficient and effective services by ADS; And Be It Finally

RESOLVED, that a copy of this resolution be forwarded to the Chairperson and Members of the Board of Commissioners for the Detroit Water & Sewerage Dept. and the Director of DWSD.

Yeas — Council Members Cleveland, K. Cockrel, Jr., S. Cockrel, Everett, Hood, Mahaffey, Scott, Tinsley-Talabi, and President Hill — 9.

OPPOSITION TO THE ORDINANCE TO AMEND CHAPTER 36, ARTICLE 2, OF THE 1984 DETROIT CITY CODE TITLED "NOISE"

July 25, 2001

By COUNCIL MEMBER S. COCKREL:

Today I voted in opposition to the ordinance to amend Chapter 36, Article 2, of the 1984 Detroit City Code titled "Noise." Noise pollution has been increasingly recognized as a serious and growing environmental and health problem. Noise pollution upsets the peace of neighborhoods and parks, causes stress and hypertension for our citizens, and can disrupt the ability of an individual to enjoy the peace and quiet of his own home. This issue needs to be addressed. Unfortunately the legislation passed by Council today is not a sound approach to addressing the problem of noise pollution in our City.

Detroit has struggled with this issue for many years now. The City's first ordinance to address this problem was struck down by the Courts for being vague and overly broad in its drafting. City Council, in attempting to provide an enforceable standard for the regulation of noise levels and avoid the problems cited by the Courts, has in previous years made appropriations from the City's budget for the purchase of decibel meters. Such meters would allow police officer to ascertain objective noise level standards based on measurable decibels. This method of enforcement increases the likely success in prosecution of such complaints. This method also relieves police officers from having to rely on their own subjective interpretation as to what constitutes an enforceable noise violation.

The ordinance passed today provides no objective standard upon which police officers can rely. Instead the ordinance mandates the use of a "reasonable person" standard, which is left undefined by the statute, for the enforcement of noise violations. I vehemently believe that such

a standard, without further elucidation, will result in police officers using their own judgement as to what level of noise constitutes an enforceable noise violation as well as what types of conduct constitute enforceable noise violations. Additionally, the need for training for police officers on the "reasonable person" standard has not been adequately addressed.

In the past the City of Detroit has been forced to pay hundreds of millions of dollars in lawsuit settlements because Detroit Police officers have lacked the necessary discretion to enforce laws and ordinances that provide no objective standard to enforcement. This is such an ordinance. It is my belief, based on past events and the present climate, that the Detroit Police Department lacks the necessary resources to safely and effectively implement this ordinance. This ordinance, with no objective standards set forth for enforcement, allows the police officer the same broad discretion that has been the cause of extremely costly litigation and fines against the City of Detroit in the past.

Because the ordinance that was passed today does not provide any objective standard to the measurement and enforcement of noise violations within our City and we have within our resources the ability to implement a method that does provide an objective standard to the measurement and enforcement of noise violations, I was forced to vote in opposition to the ordinance.

It is for these reasons that I voted NO.

STATEMENT ON NOISE ORDINANCE

July 25, 2001

By KENNETH V. COCKREL, JR.:

Today I joined a majority of my colleagues in voting to support a new ordinance governing noise in the City of Detroit.

Some Council Members raised concerns about the lack of a scientific means for measuring noise to determine whether or not it is in violation of the law. They argued that in passing the ordinance without supplying officers with the proper equipment to measure noise levels, officers will have to use subjective opinion. This, they further argued could lead to selective enforcement of the ordinance and possibly harassment by police of young people playing music as they drive their cars, for example.

These concerns are valid but an equally valid concern for the quality of life for our citizens led me to vote in support of this ordinance. I have spoken via telephone and in person with dozens of Detroit residents who complain time and time again of people parking their cars in residential neighborhoods and playing their music at sky high volumes during all hours of the day or night.

While the City, has long had a noise ordinance on the books, that ordinance has not been enforced because the courts have deemed that the language of that ordinance is unconstitutional. In the absence of an enforceable noise ordinance, our citizens have been left with no recourse until now.

Though the risk of selective enforcement is real it is important to note that this risk is present with any ordinance that is enforced by police officers. But this risk can be minimized through thorough training of police officers in how to deal with all facets of the public in different situations.

The new ordinance eliminates the earlier language problems and gives our police officers the tools they need to address the problem of excessive noise in our community. Furthermore, Council has agreed to revisit the ordinance and, if necessary, make additional amendments that address the concerns about lack of scientific measurement at a later date.

Honorable City Council:

Re: Address: 13252 Caldwell. Name: Thomas Pilarski. Date ordered removed: March 21, 2001 (J.C.C. pp. 790-2).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on June 19, 2001 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of May 23, 2001.

The proposed use of the property is owner occupancy.

Therefore, it is recommended that the demolition ordered be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. Rehabilitation is to be complete within three (3) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. You will be required to obtain relevant permits for all rehabilitation work performed.

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, you must contact this department to arrange an inspection to evidence you have met the conditions of the deferral or have made substantial progress toward rehabilitation. If the building becomes open to trespass or if you do not comply with the conditions of the deferral, we are authorized to notify City Council and request the Department of Public Works to proceed with demolition without further hearings.

Respectfully submitted,

GENI GIANNOTTI

Director

City Planning Commission

July 24, 2001

Honorable City Council:

Re: Petition #3834 Detroit/Wayne County Port Authority Port of Detroit Project (Recommending Approval of Attached Resolution).

On Friday, July 13, 2001, your Honorable Body held a discussion with the Detroit/Wayne County Port Authority (the Authority) and the staff of the City Planning Commission (CPC) concerning the above referenced petition. The preliminary report prepared by CPC staff for that occasion urged your Honorable Body to support and encourage a much closer relationship between the City and the Port Authority in order to further advance the plans for the Port of Detroit and explore new opportunities utilizing its untapped resources. Upon clarifying the circumstances of this request with the petitioner, CPC staff indicated its desire to return this matter to the Commission for action. The following is a complete report on the Authority's request and reflects the recommendation of the Commission as rendered on Thursday, July 19, 2001.

REVIEW

On April 19th of this year, the Authority presented to the City Planning Commission its plans for the Port of Detroit, including the construction of public docking facilities, a passenger cruise terminal and improvements to the existing freight terminal. The terminal building is in fact much more than that. It would house the offices of the Port Authority, both operational and administrative, and serve as a public gathering place from which to view the port, stage tours, hold meetings and the like. The Authority has received funding from the State of Michigan for the demolition of the Clark Street warehouse and Federal funds for the construction of the public dock and passenger terminal facility.

This project would be the first such project undertaken by the Authority. It is one component of the larger Development Plan (the "Plan") for which the Authority is seeking your approval. According to the Michigan Hertel-Law-T. Stopczynski Port Authority Act of 1978 (the Act), the Authority must have an approved development plan to be eligible for various types of funding and to be able to issue bonds, with which it intends to fund the infrastructure improvements to the port facilities. Furthermore, the Act requires that the development plan be approved by the constituent bodies of a Port Authority, in this instance the City of Detroit and Wayne County. The Act also gives the Authority many powers to manage and construct or improve port facilities as well as promote and increase commerce and recreation within the Authority's territorial jurisdiction.

The Mission Statement of the Authority

contains three goals: economic growth, recreational growth, and environmental stewardship. The Authority's goals and objectives are summarized below:

Comprehensive Port Goals — build relationships among the Authority's funding sources, market the Authority, develop a niche for the Authority's planning and development and also coordinate with other such agencies, and obtain strong political support.

Economic Development — develop literature describing its services for customers, pursue revenue generating opportunities, increase domestic and international commerce (especially by exploring cross-border trade and expanding the influence of the Greater Detroit Free Trade Zone), lobby and support local Congressional members to ensure fair funding, and continue the development of intermodal capabilities. The Authority is also interested in undertaking some local land acquisition.

Recreational — develop the City as a port of call for the cruising industry, collaborate with tourism agencies, create a unique identity for the region, and partner with the City on the Riverfront Promenade project. The Authority is also interested in improving access and amenities for recreational boaters.

Environmental — collaborate with the Army Corps of Engineers to pursue funding for dredging, identify areas of need and concern regarding sustainable river commerce, continue leadership with the American Heritage River team, and establish a partnership with the City Recreation Department and Department of Environmental Quality for involvement in brownfield development and Clean Michigan projects.

The Plan, for which approval has been requested, contains the following project descriptions:

Public Dock and Terminal — This is the project that was presented previously to the Commission. This port and dock would allow Great Lakes cruise ships to dock in Detroit. See Appendix A for a fuller description of this project.

Port Terminal Development — This is the real "bread and butter" of the Port's operations. The Authority seeks to acquire current port sites through revenue bonds and invest in substantial infrastructure improvements. The Authority also owns and leases the existing port facility between Scotten and Clark and intends to improve that facility. A more complete description of the project is included in Appendix A.

Dredging Projects — Dredging of a reef in front of Hart Plaza is to be done.

Continued Land Development — The Authority will investigate State loan programs as they relate to brownfield development.

Dewin Joint Venture — The Authority is investigating a collaboration with the Windsor port.

Waterfront Promenade — The Authority will continue to offer its services (unutilized thus far) to the City in the effort to rebuild the riverfront.

Equipment and Facility Updating — The Authority will coordinate the assessment of port facility equipment and will seek funding for the updating of this equipment.

ISSUES AND ANALYSIS

The City Planning Commission shares the concern raised by your Honorable Body relative to the appropriateness and attractiveness of the Clark site for the docking of passenger cruise ships. The area around the site is largely industrial and can only benefit from the activity that would be generated by this proposal whether cruise ships dock there or not. Without a great deal of improvement to the area, it does present itself as the most compatible site for long term use as a primary passenger terminal. A higher profile location with better access and proximity to transit facilities, entertainment, recreational and commercial land uses would provide a preferable and welcoming entry to the City.

Given the shallow depth along most of the City's waterfront and the low water levels presently experienced here and across the state, this is one of very few sites that can accommodate passenger cruise ships. While the proposed site may not be the most desirable, it will be better to have the facility at that location than to have it at all. With an established terminal the City would be better able to participate in and benefit from the Great Lakes cruise industry. Without it, cruise vessels would continue to dock around downtown Windsor where the depth is greater, given its proximity to the channeled portion of the River.

As stated in our previous report, CPC is aware that other sites closer to the downtown area along the waterfront were sought for the passenger terminal, but support from the City Administration for those sites was not forthcoming. Given recent changes in the direction of riverfront development, it would appear that there is opportunity to reconsider those sites for the passenger terminal or some complementary facility that could work in conjunction with the proposed improvements at the Clark Street site. Opportunities along the east riverfront in particular could be explored given the uncertain future of the Waterfront Reclamation and Casino Development District Project.

CONCLUSIONS AND RECOMMENDATION

Approval of the Authority's Development Plan and this component project would not preclude the development of

another facility. The design of the Clark Street facility and programming are not final. Therefore, the scale of the passenger terminal functions could be altered if necessary in anticipation of a companion project. In the future, the Clark Street site could work in concert with another facility specifically designed to receive passengers at a more preferable site. In the interim, the Clark Street site can accommodate that function and provide the Authority with on-site offices and public space to conduct civic, educational and business activities.

With an approved Plan, the Port Authority will not only be able to move forward on the project at the Clark Street site, but on the other projects listed above. Working with the City and Wayne County, new projects can be developed and the untapped resources of the Authority can be utilized to the benefit of past, present and future development projects. Therefore, the City Planning Commission recommends approval of the Development Plan as submitted by the Detroit/Wayne County Port Authority.

Respectfully submitted,

MARSHA S. BRUHN

Director

By Council Member Everett:

Whereas, The Detroit/Wayne County Port Authority (DWCPA) has requested approval of its Development Plan; and

Whereas, The Michigan Hertel-Law-T. Stopczynski Port Authority Act of 1978 requires a Port Authority to have a Development Plan and that plan be approved by the constituent bodies of that Port Authority; and

Whereas, The City of the Detroit and Wayne County are the constituent bodies of the DWCPA; and

Whereas, This plan is required in order for the DWCPA to conduct certain work such as purchase and develop land, make improvements to the shoreline and issue bonds; and

Whereas, The DWCPA states within its Development Plan the desire to initiate various activities and has presented and proposed the development of a public dock and passenger terminal at the Port of Detroit as the first of such projects; and

Whereas, This proposed project will include a passenger cruise terminal, the offices of the Port Authority and complementary facilities, and would serve as a public gathering place from which to view the port, stage tours, hold meetings and the like; and

Whereas, This proposed project does not preclude the siting and development of other passenger cruise facilities in the future;

Now, Therefore, Be It Resolved, That the Detroit City Council approves the Development Plan of the Detroit Wayne County Port Authority; and

Be It Further Resolved, That the City Planning Commission and other City agencies as appropriate begin working with the Detroit Wayne County Port Authority to explore the siting of a future passenger terminal in the downtown area and other means whereby the City and the Authority may mutually benefit; and

Be It Finally Resolved, That the Clerk forward a copy of this resolution and the foregoing report of the City Planning Commission to the appropriate City Agencies and the offices of the Wayne County Executive and the Wayne County Commission.

Re: Petition from Blue Circle Cement

Company for Approval of Increased Costs under Industrial Facilities Exemption Certificate No. 00-691, in Accordance with Michigan State Tax Commission Administrative Rule No. 54 (Petition #2332)

We recommend approval of the above referenced request.

Michigan State Tax Commission Rule No. 54 requires that, in instances where actual costs incurred for a project exceed by more than 10% the costs as stated in the Application for an Industrial Facilities Exemption Certificate, such increased costs must be approved by the local legislative body and the Michigan State Tax Commission.

The increased investment amount was primarily due to higher-than-anticipated labor costs. The company's investment under the Industrial Facilities Exemption Certificate is associated with the retention of 54 jobs.

A resolution, approved by the Law Department, giving approval to Blue Circle Cement Company's request is attached for your consideration.

Respectfully submitted,
ERIC R. SABREE
Deputy Director

By Council Member S. Cockrel:

Whereas, Michigan's Plant Rehabilitation and Industrial Development Districts Law (Public Act 198 of 1974), as amended, provides for the establishment of Plant Rehabilitation Districts and Industrial Development Districts, and favorable property tax treatment for facilities located within each District through the issuance of Industrial Facilities Exemption Certificates (IFECs), for the purpose of assisting industrial enterprises in locating, constructing, improving, or expanding facilities in Michigan; and

Whereas, in 2000 the City of Detroit gave its approval to an IFEC application from Blue Circle Cement Company; and

Whereas, the Michigan State Tax Commission considered the application, and with the concurrence of the Michigan Department of Commerce, issued IFEC No. 00-691; and

Whereas, in its application for an IFEC, Blue Circle Cement Company estimated that it would invest \$14,234,034 in real and personal property improvements, with the aforementioned figure receiving the approval of the City of Detroit and the State of Michigan; and

Whereas, Blue Circle Cement Company, in implementing its project, actually invested \$16,824,000, which is more than 10% above the amount that received the approval of the City and the State, with the increased costs being primarily due to higher-than-anticipated labor costs; and

Whereas, Michigan State Tax Commission Administrative Rule No. 54

states that, in instances where the IFEC holder's actual costs exceed the costs as stated in the application by more than 10%, the IFEC holder shall seek the approval of the City and State for the increased costs; and

Whereas, it is the desire of the Detroit City Council that Blue Circle Cement Company receive the maximum tax saving available under Public Act 198 of 1974, due to the fact that the company's investment is associated with the retention of 54 jobs; now therefore be it

Resolved, that the Detroit City Council hereby gives its approval to the increased investment amount and requests the Michigan State Tax Commission to also approve the increased amount and to issue a revised IFEC.

Be and the same is hereby vacated as public alleys and is hereby converted into private easements for public utilities of the full width of the alleys, which easements shall be subject to the following covenants and agreements, uses, reservations and regulations, which shall be observed by the owners of the lots abutting on said alleys and by their heirs, executors, administrators and assigns, forever to wit:

First, Said owners hereby grant to and for the use of the public easements or right-of-ways over said vacated public alleys herein above described for the purposes of maintaining, installing, repairing, removing, or replacing public utilities such as water mains, sewers, gas lines or mains, telephone, electric light conduits or poles or things usually placed or installed in a public alley in the City of Detroit, with the right to ingress and egress at any time to and over said easements for the purpose above set forth,

Second, Said utility easements or right-of-ways in and over said vacated alleys herein above described shall be forever accessible to the maintenance and inspection forces of the utility companies, or those specifically authorized by them, for the purpose of inspecting, installing, maintaining, repairing, removing, or replacing any sewer, conduit, water main, gas line or main, telephone or light pole or any utility facility placed or installed in the utility easements or right-of-ways. The utility companies shall have the right to cross or use the driveways and yards of the adjoining properties for ingress and egress at any time to and over said utility

easements with any necessary equipment to perform the above mentioned task, with the understanding that the utility companies shall use due care in such crossing or use, and that any property damaged by the utility companies, other than that specifically prohibited by this resolution, shall be restored to a satisfactory condition,

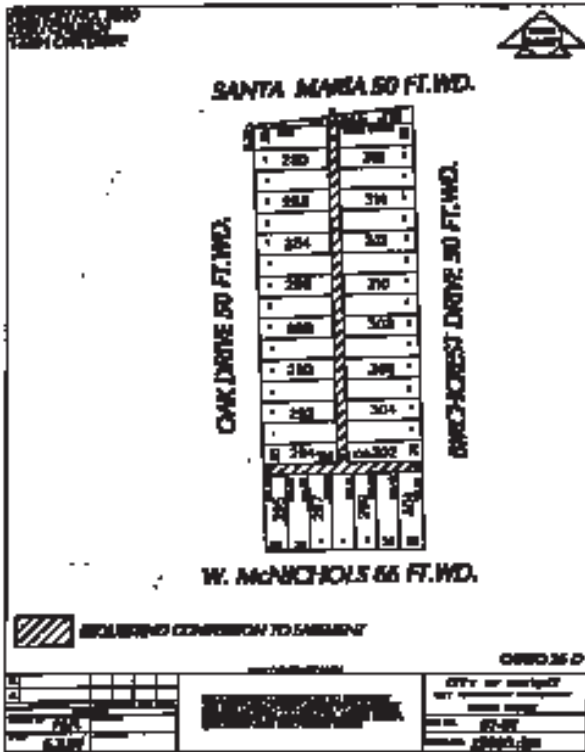

Third, Said owners for their heirs and assigns further agree that no buildings or structures of any nature whatsoever including, but not limited to, retaining or partition walls, shall be built or placed upon said easements, nor change of surface grade made, without prior approval of the City Engineering Division — DPW,

Fourth, That if the owners of any lots abutting on said vacated alleys shall request the removal and/or relocation of any existing poles or other utilities in said easements, such owners shall pay all costs incidental to such removal and/or relocation, unless such charges are waived by the utility owners,

Fifth, That if any utility located in said property shall break or be damaged as a result of any action on the part of said owners or assigns (by way of illustration but not limitation) such as storage of excessive weights of materials or construction not in accordance with Section 3, mentioned above, then in such event said owners or assigns shall be liable for all costs incidental to the repair of such broken or damaged utility; and further

March 19, 2001

Honorable City Council:

Re: (a) Petition No. 3002 — Detroit Athletic Club, request for vacation of a public alley and vacation of a temporarily closed street, in the area of Madison, Brush, Adams and Randolph.

(b) Petition No. 2807 — Forbes Management, Inc., request for alley encroachment in the area of Madison, Brush and Adams.

Petition No. 3002 of "Detroit Athletic Club" (the "D.A.C."), request for the outright vacation of the north-south public alley, 20 feet wide, in the block bounded by John R, Brush, Madison and Adams, and the outright vacation of the remaining portion of Randolph Street, 39.48 feet wide (temporarily closed) north of Madison.

Petition No. 2807 of "Forbes Manage-

ment, Inc.," request to encroach into the easterly 16-1/2 feet of the north-south public alley, 20 feet wide, (same alley as Petition No. 3002) in the block bounded by John R, Brush, Madison and Adams.

The petitions were referred to the City Engineering Division — DPW, concurrently, for investigation (utility review) and report. This is our report.

The north-south public alley in question in both of the petition requests is situated between the D.A.C. and the Gem Theatre/ Century Club ("the GEM"). The Planning and Development Department (P&DD) and the D.A.C. originally requested the vacation of this alley in February, 1997. In May, 1997, as a condition of the acquisition of the land for the Gem Theatre/ Century Club the P&DD on behalf of Charles Forbes filed a petition. No resolution or report has been made to the City Council regarding said petitions, because of conditions that had not been resolved. During this time the owner's of the "GEM" have occupied the full width of the public alley with a patio, tree wells, fencing and steps/porch foundations, which are a part of the Gem Theatre/Century Club campus, without approval of your Honorable Body. As a result this alley is no longer available for public use.

Previously City Council adopted a resolution (May 4, 2000, J.C.C. pgs. 1004-06) allowing the "D.A.C." to encroach 3-1/2 feet into the public alley, 20 feet wide, for the installation of caissons to support additional work to the existing parking structure. This leaves the 16-1/2 feet of right-of-way that the "Forbes Management, Inc.", petition no. 2807 request to occupy the remaining right-of-way. From an engineering and right-of-way change standpoint this constitutes a full width use or a vacation of the alley.

Therefore the City Engineering Division — DPW considers petition no. 2807 as moot and supports the outright vacation request of petition no. 3002.

The D.A.C. has made arrangements with the Detroit Water and Sewerage Department and Comcast Cablevision for the relocation or abandonment of its facilities.

The request was approved by Planning and Development Department, the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. All other involved city departments and privately owned utility companies have reported no objections to the requested outright vacation or that satisfactory arrangements have been made.

An appropriate resolution is attached for consideration by your Honorable Body.

Respectfully submitted,
SUNDAY JAIYESIMI

**COMMUNICATIONS FROM:
 Finance Department
 Administration**

July 26, 2001

Honorable City Council:

Re: Resolution Authorizing the Issuance and Sale of Not to Exceed \$850,000.00 Sewage Disposal System Revenue and Revenue Refunding Bonds.

The attached Resolution authorizes the issuance and sale of the subject Bonds for the purpose of providing approximately \$550 million for financing the ongoing Sewage Disposal System Capital Program. In addition, the Resolution authorizes up to an additional \$300 million to be used for refunding certain of the currently outstanding Sewage Disposal System Revenue Bonds.

Because of a continued decline in interest rates, certain of the previously issued Sewage Bonds may be refinanced, thereby producing interest savings. The actual amount of Bonds will likely be reduced, depending on which Bonds may be economically refunded at the time of the actual sale.

In accordance with existing ordinances, the Resolution also authorizes the Finance Director to utilize existing funds of the system to defease additional Bonds outstanding, should market conditions provide economically advantageous.

It is anticipated that the sale will occur in early October. The attached Resolution has been prepared by Bond Counsel and I recommend its adoption by your Honorable Body, with waiver of reconsideration, at your next formal session.

Respectively submitted,

J. EDWARD HANNAN

Finance Director

(iii) shall otherwise be in the best interests of the City.

Section 13. Tax Covenant.

The City hereby covenants and represents with the registered owners of the Series 2001 Securities that so long as any of the Series 2001 Securities remain outstanding and unpaid as to either principal or interest, the City shall, to the extent permitted by law, take all actions within its control to maintain, and will refrain from taking any action which would impair the exclusion of the interest on the Series 2001 Securities from gross income for federal income tax purposes under the Internal Revenue Code of 1986, as currently amended including, but not limited to, actions relating to any required rebate of arbitrage earnings and the expenditure and investment of Series 2001 Security proceeds and moneys deemed to be Series 2001 Security proceeds, and to prevent the Series 2001 Securities from being or becoming "private activity bonds" as that term is used in Section 141 of the Internal Revenue Code of 1986, as currently amended.

Section 14. Preliminary and Final Official Statements.

(a) The Finance Director shall cause

(d) Nothing in this Section shall require the Finance Director to prepare a preliminary official statement for a type of Series 2001 Securities if it is acceptable municipal finance practice to market such type of Securities without a preliminary official statement.

Section 15. Continuing Disclosure.

Unless otherwise set forth in the Sales Resolution because of an exemption from the Rule, the Series 2001 Securities are hereby made subject to the Continuing Disclosure Agreement, and if so subject, the City hereby agrees to abide by the provisions thereof so long as any Series 2001 Securities are outstanding.

Section 16. Sale of Series 2001 Securities.

The Series 2001 Securities shall be sold by negotiated sale to the Underwriters pursuant to a Purchase Agreement in customary form with such changes thereto as the Finance Director shall determine are in the best interests of the City, within the parameters established hereby. Such determination shall be conclusively established by the Finance Director's execution and delivery of the Purchase Agreement to the Representative.

(1) The Finance Director is authorized to accept, on behalf of the City, an offer from the Representative to purchase the Series 2001 Securities wherein the aggregate compensation to be paid to the Underwriters shall not be more than 1% of the original principal amount of the Series 2001 Securities.

(c) An Escrow Deposit for the Securities to be defeased shall be held in or credited to an account designated as the "City of Detroit Sewage Disposal System Revenue Bonds [*Designation appropriate to the cash defeased Securities*] Escrow Fund" pursuant to an escrow agreement entered into pursuant to and complying with *Section 12(c)(2) and (3)*.

(b) In addition to determinations authorized elsewhere in this Resolution, the Finance Director shall determine the aggregate principal amount of Series 2001 Securities to be issued, but not in excess of the aggregate principal amount authorized by this Resolution, on the basis of his evaluation of the maximum amount of Series 2001 Securities which can be sold, given anticipated interest rates and the revenue coverage requirements with respect to the Series 2001 Securities and for any other reasons the Finance Director deems appropriate.

(1) Such determination shall also include the type or types of Series 2001 Securities to be issued and if in one or more issues and whether to issue Series 2001 Securities as Senior Lien Bonds or Second Lien Bonds or a combination thereof and the redemption provisions for Series 2001 Securities.

CLIS No.: 8007.

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body. We, therefore, request authorization to agree to entry of an Order of Dismissal and to enter into an Agreement to Arbitrate on the terms and conditions set forth in the following resolution and, upon certification by the Law Department that the arbitrators have announced a decision requiring the City to pay a designated sum to the Plaintiff, that your Honorable Body direct the Finance Director to issue a draft payable to Calvin Jones and his attorneys, G. W. Caravas & Associates, P.C., in the amount the City is to pay the Plaintiff pursuant to the arbitrators' decision, but said draft shall not exceed Eighty Thousand Dollars (\$80,000.00).

Resolved, That:
The Law Department is authorized to agree to entry of an Order of Dismissal and to enter into an Agreement to Arbitrate in the case of Calvin Jones vs. City of Detroit and Patricia Robinson, Wayne County Circuit Court Case No. 00-026156 NI, on the following terms and conditions:

A. 1. The parties shall submit to arbitration all matters in controversy raised in the above-named lawsuit.

2. The maximum amount of any award to the Plaintiff shall not exceed the amount of Eighty Thousand Dollars (\$80,000.00).

3. Any award in excess of \$80,000.00 shall be interpreted to be in the amount of \$80,000.00.

There shall be no costs, fees, attorney fees or interest taxable with respect to the award rendered by the arbitrators.

The award of the arbitrators shall represent a full and final settlement of any amounts due and owing to Plaintiff for any and all claims arising out of the incident which occurred on or about January 14, 2000 at or near Grand River Avenue at Virginia Park; however, limited judicial

review may be obtained in a Michigan Federal District Court or Michigan Circuit Court of competent jurisdiction (a) in accordance with the standards for review of arbitration awards as established by law; or (b) on the ground that the arbitrators committed an error of law.

B. Promptly after the arbitrators announce their decision, the Law Department shall inform City Council in writing of that decision.

C. Upon certification by the Law Department that the arbitrators have announced a decision requiring the City to pay part or all \$80,000.00 to the Plaintiff, the Finance Director is authorized to issue a draft drawn upon the proper account in favor of Calvin Jones and his attorneys, G. Re: City of Detroit v Rockwell International and Meritor Automotive, Inc., Case No. 00-012332-CE.

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in the attached Settlement Memorandum submitted under separate cover. From this review, it is our considered opinion that acceptance of the settlement of the lawsuit, in the amount of Six Hundred Thousand Dollars (\$600,000.00), is in the best interest of the City of Detroit.

We are further seeking this Honorable Body's resolution directing the Finance Director to accept certified checks or wire transfers totaling the amount of Four Hundred Fifty-Five Thousand Dollars (\$455,000.00) from Rockwell International and Meritor Automotive, Inc., which shall be tendered to the City of Detroit in exchange for a properly executed release, and stipulation and dismissal of the litigation with prejudice and without costs to either side.

It is further requested that this Honorable Body amend the "Contract for Professional Legal Services Between City of Detroit, Michigan and Bodman, Longley & Dahling, LLP Contract No. 74832", pursuant to Section 6.06 of said contract, in the amount of One Hundred Forty Five Thousand Dollars (\$145,000.00) for payment of its legal services and reimbursable costs in its representation of the City of Detroit in this matter. Section 6.05 states that "If the Attorney is able to recover an adjusted award or judgment (or a portion thereof) entered in favor of the City pursuant to this Contract, then in addition to Base Compensation paid to the Attorney by the City pursuant to Section 6.01 above, the City agrees to pay to the Attorney a contingent sum..." The contingency fee shall be computed as follows: "If the amount of the Net Recovery exceeds Five Hundred Thousand and No/100 Dollars (\$500,000.00),

then the City shall pay the Attorney Contingent Compensation in the amount of One Hundred Twenty-Five Thousand and No./100 Dollars (\$125,000.00) plus a sum equal to Twenty Percent (20%) of that portion of the Net Recovery which exceeds Five Hundred Thousand and No/100 Dollars (\$500,000.00)." It is therefore requested that Bodman, Longley & Dahling, LLP be authorized to accept a check in the amount of One Hundred Forty-Five Thousand Dollars (\$145,000.00) for payment of legal services and costs.

On July 17, 2001, a mediation panel evaluated the above-captioned lawsuit and awarded Nine Thousand Five Hundred Dollars (\$9,500.00) in favor of Plaintiff. Re: Eastern Market Action Plan Report — Phase 2.

In preparation for the upcoming Eastern Market Discussion set for Tuesday, July 31, 2001 at 11:00 a.m., the Planning and Development and Recreation Departments are attaching *The Eastern Market Action Plan Report — Phase 2, July 20, 2001*.

The report is a summary of the findings of the Eastern Market Workgroup that has met on eight (8) separate occasions over the past eleven (11) months. As you may recall, your Honorable Body approved a professional services contract with the Project for Public Spaces, public market consultants, in July 2000. The first phase of the contract was structured to assist

the city and the Eastern Market Commission in making a recommendation to Council regarding a preferred management option for the entire Eastern Market District. Thus, the Workgroup was formed per the direction of your Honorable Body, in order to investigate all of the management options considered for Eastern Market in greater detail.

The Workgroup, consisted of representatives from: The Mayor's Office, Detroit City Council, Council Research & Analysis, Council Fiscal Analysis, Council Planning, The Planning and Development and Recreation departments, the Law Department, and the Eastern Market Commission.

Throughout the eight planning session of the Workgroup much in depth analysis was performed regarding the Eastern Market situation, which is reflected in the report. The basic public market management options were studied in detail. Individual members of the Workgroup contacted eight cities in the United States, which had different variations of management structures for their public markets. Written and verbal reports were shared with all. Time was also spent gathering capital improvement budgets for the Market. The Workgroup then established four (4) basic goals and objectives for the Eastern Market revitalization. Based on the goals, along with a clearer understanding of the various options and case studies considered, the Workgroup has been able to tailor a management option that builds on the strength, history, and tradition of the city operated sheds, along with providing an opportunity for direct community input into the decision making process for the entire Eastern Market District.

The Eastern Market Action Plan Report — Phase 2 commences with the establishment of the four goals and objectives for Eastern Market by the Workgroup. Based on this foundation, the Workgroup analyzed the "pros and cons" of the different management options provided in the case studies. A recommendation was then established based on all of the collective findings. The report concludes with the proposed next steps of action in order to commence implementation of the establishment of the proposed management option.

Also, the following appendixes are included in the report: The chronology of the Eastern Market revitalization effort to date over the past five (5) years, the draft Memorandum of Understanding (MOU), capital improvements cost estimates needed for the District, the basic management options considered, and the Historic Eastern Market Task Force report from 1996.

We trust that the materials and recommendation contained in this report

addresses the earlier concerns of your Honorable Body regarding the need for additional information on the Eastern Market situation.

Please find attached a resolution that requests the specific action being requested from your Honorable Body for the Eastern Market at this particular point in time.

If you should have questions, or desire additional information regarding this report please contact Mr. James Marusich, of the Planning and Development Department at 224-3517.

Respectfully submitted,
PAUL A. BERNARD

By Council Member Hood:

Whereas, Per the recommendation of the Detroit City Council, the Eastern Market Work Group was formed, consisting of representatives of the Detroit City Council, the City Council Divisions of Research and Analysis, Fiscal Analysis, and City Planning Commission, the Mayor's Office, the Planning and Development, Law, and Recreation Departments and the Eastern Market Commission; and

Whereas, Over the course of eleven months, the Eastern Market Work Group analyzed several options for structuring redevelopment efforts for the entire Eastern Market District, including both the city-owned sheds and the surrounding privately-held businesses and properties; and

Whereas, The Eastern Market Work Group concluded that the best redevelopment strategy for the entire Market District would build on the strengths, history, and tradition of the City-operated Market sheds, while also engaging direct community participation in the decision-making process for the revitalization of the district; and

Whereas, The Eastern Market Work Group recommended that the City-operated Market sheds work in partnership with an independent non-profit community development corporation, to be formed by the Eastern Market community, that would focus on overall Market District development; and

Whereas, Through this partnership, the City would continue to control and operate the Market sheds while the independent non-profit community development corporation would assist private business and landowners in the economic and physical development of the district surrounding the sheds and provide assistance to the Recreation Department in areas such as fundraising, grantwriting, and farmer and vendor recruitment for the public market;

Now Therefore Be It

Resolved, That the Detroit City Council supports the concept of a partnership effort to revitalize the Eastern Market District comprised of the City of Detroit, through its Planning and Development and Recreation Departments, and the Eastern Market community, through a non-profit community development corporation to be established; and

Be It Finally Resolved, That the Administration will submit all appropriate documents, plans and recommendations, required to fully implement the plan as submitted by the Eastern Market Work Group at the time that these items are deemed appropriate for City Council approval and action.

Re: Petition No. 3751 — Oakland Investment Company et. al., requesting vacation of the alley in the area of Alwar and Anvil.

Petition No. 3751 of "Oakland Investment Company et. al.", at 3890 Oakland Drive — Bloomfield Hills, MI 48301, requests to outright vacate the North-South 20 feet wide alley in the block bounded by Pfent Avenue, 50 feet wide, Lappin Avenue, 60 feet wide, Alwar Avenue, 60 feet wide, and Anvil Avenue, 60 feet wide, in order for the construction of a new Office Building.

The petition was referred to the City Engineering Division — DPW for investigation (utility clearances) and report. This is our report.

Ameritech/Michigan Bell Telephone Company and Detroit Edison reported involvement with estimated costs of removing and rerouting services to maintain service to customers.

The Detroit Water and Sewerage Department (DWSD) reported no objection provided that the sewers and man-holes involved are to be relocated and a 20 foot easement is reserved for repair and maintenance of the sewer.

"Oakland Investment Company", Murry D. Wilkol — President, at 3890 Oakland Drive — Bloomfield Hills, MI 48301 — Phone 248-988-9341, Ext. 213 has a letter on file (dated July 26, 2001) signed by Micheal A. All other city departments and private utility companies have reported no involvement or satisfactory arrangements have been made.

Whenever it becomes necessary to discontinue use of the pave alley return entrance into Pfent Avenue and Lappin Avenue, such removal and construction of new curb and sidewalk must be done under City Engineering Division — DPW specifications, permits and inspection

with all cost borne by Oakland Investment Co., its heirs and assigns.

I am recommending adoption of the attached resolution.

Re: Petition No. 2087 — Neighborhood Development Corporation Project No. 1. CityHomes Project — Street and Alley Vacations, Easements and Dedications containing the Phase Two Parcels in the area bounded by St. Clair, St. Jean (nameless) New Road and E. Jefferson.

City Council adopted a Project Plan for the Neighborhood Development Corporation Project No. 1 on March 20, 1998. That Plan provides for public street and alley modifications. City Council adopted a resolution on April 25, 2001 approving the public right-of-way adjustments within the "Phase One Parcels." This part of Petition No. 2087 for the Neighborhood Development Corporation Project No. 1 requests public street and alley vacations, easements and dedications in the area bounded by St. Clair, St. Jean, (nameless) New Road and E. Jefferson Avenues. The attached resolution contains the public right-of-way adjustments required to construct within the "Phase Two Parcels."

The petition was referred to City Engineering Division — DPW for investigation and report. This is our report.

Traffic Engineering Division — DPW approved the public street closing(s).

The Project Plan calls for underground burial of public utility services. Ameritech Company, Detroit Edison Company and Comcast Cablevision reviewed the Project Plan. Necessary provisions protecting certain utility installations are part of the resolution.

The Water and Sewerage Department (DWSD) condition their approval of the Project Plan on ten stipulations (listed in the attached resolution) for Petition No. 2087. Four existing easement(s) crossing private property used for sewage transport and/or public street drainage into St. Jean, Beniteau and Meadowbrook must be vacated and extinguished.

All other involved city departments and privately owned utility companies reported no objections to the outright vacations. Provisions protecting certain utility installations are part of the resolution.

The resolution does not name the dedicated public streets. A separate report will be submitted to City Council.

I am recommending adoption of the attached resolution.

Honorable City Council:

Re: Petition No. 2919 — Velmeir Co., L.L.C., et. al, request to vacate public alley and deed land for new alley in the area of West McNichols, Wyoming and Washburn.

Petition No. 2919 of "Velmeir Co., L.L.C., 5757 West Maple Road, Suite 800, West Bloomfield, MI 48322, et. al," requests the outright vacation of all the east-west and a portion of the north-south

public alley(s), 20 feet wide, and the dedication of land for new public alley outlet, in the block bounded by West McNichols Road, 96 feet wide, Grove Avenue, 60 feet wide, Wyoming Avenue, 66 feet wide, and Washburn Avenue, 60 feet wide, in order to facilitate construction of a new CVS Pharmacy.

The Solid Waste Division — DPW and the Traffic Engineering Division — DPW approved the request. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The petitioner plans to remove or alter the existing paved alley entrances into Washburn and Wyoming Avenue(s). The petitioner shall pay all incidental removal costs whenever discontinuance of use makes removal necessary.

The petitioner ("Velmeir Co., L.L.C., 5757 West Maple Road, Suite 800, West Bloomfield, MI 48322") on behalf of CVS Pharmacy, must build a new public alley at no expense to the City of Detroit. The petitioner intends to acquire land and set-aside funding to build the new alley. The alley shall be built by private contract with-in property to be owned or controlled by the petitioner under City Engineering Division — DPW inspection and permits. When the alley is completed to city specifications, the petitioner shall deed the property to the city. City Council is requested to declare the city's 'intent' to accept the executable warranty deed and alley for public purposes; provided said property complies with the requirements of Detroit codes and ordinances, also known as the 'Environmental Review Guidelines' and provided The Law Department concludes that the grantor possess the appropriate rights, title, and interest in properties to convey said land to the city for alley and other public purposes. The dedication of the 18 feet wide east-west strip of land between Wyoming and the north-south alley must be completed before closing the alleys to avoid the creation of a dead-end alley.

The Ameritech Company (AMBT) reports an estimated cost of \$80,000.00 for removing and/or rerouting services. The petitioner has made satisfactory arrangements with AMBT.

The Detroit Edison Company (DeCo) reports having overhead facilities in the area, which needs to be removed. The petitioner needs to contact DeCo with a site plan in order to estimate the removal costs. The petitioner will be liable to pay DeCo removal/relocation charges. The petitioner has made satisfactory arrangements with the DeCo.

Comcast Cablevision reports an estimated cost of \$475.20 for removing and/or rerouting services. The petitioner has made satisfactory arrangements with Comcast Cablevision.

The Detroit Water and Sewerage Department (DWSD) reports there are existing sewers and manholes involved and need to be relocated to a 20 feet easement for repair and maintenance of the sewer(s), however, DWSD has no objection provided provisions protecting remaining facilities are made a part of the resolution to City Council.

The Public Lighting Department (PLD) reports there is overhead fed street lighting circuit running east-west and going north-south in the alleys. PLD will remove the one lighting unit at no cost to the petitioner, after the attached resolution has been approved by City Council. In order to vacate the requested alley, the PLD must relocate its overhead facilities and reroute the lighting circuit at petitioner's expense. The petitioner has made satisfactory arrangements with the PLD to cover the costs of rerouting and/or removing PLD facilities.

All other involved city departments and privately owned utility companies have reported no objections to the requested outright vacations or that satisfactory arrangements have been made. Provisions protecting utility installations (if necessary) are part of the resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,

Honorable City Council:

Re: Detroit Downtown Development Authority/Premier Parking Garage addendum to Petition No. 1237, requesting four public right-of-way easements.

Petition No. 1237 of the "Detroit Downtown Development Authority" was previously adopted by your Honorable Body on May 5, 1999, J.C.C. Pgs. 1195-1198. The property is now under the control of the Detroit Building Authority (DBA) to build a four level underground parking

garage for the Municipal Parking Department.

This addendum to Petition No. 1237 by the Detroit Building Authority (DBA) is requesting four easement(s) into the public street rights-of-way adjacent to the Premier Parking Garage property in the block of Woodward Avenue, Gratiot Avenue, East Grand River Avenue and Farmer Street in order to install and maintain four (4) garage exhaust shafts. Two (2) — 12 ft. x 10 ft. shafts are into Woodward Ave., one (1) — 28 ft. x 10 ft. shaft is into Gratiot Ave., and one (1) — 28 ft. x 5 ft. shaft into E. Grand River Ave. The Woodward shafts will have exhaust grating approximately 15 feet beyond the property line, the Gratiot and E. Grand River shafts have grating that abuts the property line. All four (4) shafts have ADA approved grating that is flush with the sidewalk.

The petition was referred to the City Engineering Division — DPW for investigation and report. This is our report:

The "Woodward Mall Canopy" caissons remain below grade within Woodward Avenue. The garage exhaust shafts must be aligned to prevent damages to existing "Mall Canopy" caissons.

It is the determination of the City Engineering Division — DPW after consultation with the City of Detroit Law Department, that the redevelopment plan is a public economic development project. Therefore, all private or public utility facilities and structures, excluding Woodward Mall caissons, must relocate their facilities and structures at no cost to the development project.

City departments and privately owned utility companies have reported no objections to the creation of easements or that satisfactory arrangements have been made. Provisions protecting utility installations (if necessary) are part of the resolution.

Finally, the City Engineering Division — DPW requires "the Detroit Building Authority" to submit certified "as built" drawings, a map and survey, showing the exact location of the petitioner's completed garage exhaust shaft system installation.

I am recommending adoption of the attached resolution.

Honorable City Council:

Re: Capital Bond Authorization Proposal.

The Detroit Historical Museum, built fifty years ago for the City's 250th Birthday, requires renewal and expansion to meet the needs of our People for the

21st Century. A new addition with modern galleries will allow the museum to better present our proud history, particularly the contributions of the people and the institutions that shaped Detroit when the City took its place on the world stage in the 20th Century. To achieve this, it will be necessary to seek approval from the electorate for an additional bond authorization of \$20,000,000.

The City intends to sell \$105,000,000 in General Obligation Bonds this summer. The combination of prior authorizations and the upcoming proposed bond sale will leave the City with \$169,410,000 in voter authorized (but unissued) bonds for General City agencies. Of this amount, \$6,000,000 is allocated for the Historical Museum which is intended to be used for 1) Historical Fort Wayne collections storage, and 2) Dossin Great Lakes Museum Building expansion and landscape improvements.

However, despite the \$6 million allocation for these items, the main Historical Museum facility itself is in great need of renovation and expansion at this time. Therefore, I am submitting to your Honorable Body this bond authorization proposal of \$20 million for inclusion on the November 6, 2001 City General Election ballot. The proceeds of these bonds will be used to complement other possible public funding and private donations which are being sought for the renovation and major expansion of the Museum.

The attached resolution, which we request be adopted with a waiver of reconsideration authorize the placement of this question on the ballot. The approved package must be submitted to the City Clerk at least seventy (70) days prior to the election, which date is August 28, 2001, to be placed on the November 6, 2001 City General Election ballot for consideration by the voters of the City of Detroit.

Respectfully submitted,
DENNIS W. ARCHER
Mayor

By Council Member Scott:

Whereas, Art. 9, §6 and §§25-34 of the 1963 Michigan Constitution require the approval of a majority of qualified electors of the City of Detroit as a condition precedent to the issuance of General Obligation Bonds of the City secured by *ad valorem* taxes in addition to state statutory and City Charter limits;

Whereas, On the occasion of the City's 300th birthday, the Detroit City Council deems it necessary for the preservation of the public peace, health, safety, and welfare of the People of the City of Detroit that the City's Historical Museum be improved and expanded in order to further better interpretation of our proud heritage, particularly that of the 20th Century, and to include the participation of the many

and diverse people who have been part of the City's history, and that the cost, or part of the cost thereof, be defrayed from the proceeds of the sale of General Obligation Bonds of the City of Detroit currently outstanding or to be issued, which shall be secured by the full faith and credit of the City of Detroit and for which *ad valorem* taxes may be levied, in addition to state statutory and City Charter limits, by the City of Detroit;

Whereas, Funds in the amount of \$20,000,000 from the proceeds of the sale of General Obligation Bonds of the City of Detroit will be used to renovate and expand the facilities of the Detroit Historical Museum; and

Whereas, The estimated millage rate in the first year and simple average annual millage rate set forth in the bond proposition are reasonable estimates of such millage rates based on current assumptions;

Now Therefore Be It Resolved, That, as the legislative body of the City of Detroit, the Detroit City Council hereby determines to submit to the qualified electors of the City of Detroit at the November 6, 2001 City General Election a proposal authorizing the issuance of capital improvement bonds for the renovation and expansion of the Detroit Historical Museum;

Be It Further Resolved, That said proposal be printed upon the ballot for the November 6, 2001 City General Election as follows:

**Proposal ___ — City of Detroit

The estimated millage that will be levied per \$1,000 of the taxable value of property located in the City to pay for the proposed bonds will be \$0.2016 in the first year, and the estimated simple average annual millage rate over the life of the bonds, which will not exceed 30 years from the date of issuance, is .1310 mills (\$0.1310 per \$1,000 of taxable value)."

Yes ___
No ___

Be It Further Resolved, That, before submission of said proposal to voters of the City of Detroit, such proposal shall be published in full as a part of the official proceedings of the Detroit City Council in The Detroit Legal News;

Be It Further Resolved, That said proposal shall be posted, in full, in a conspic-

uous place in each polling place on the day of the November 6, 2001 City General Election; and

Be It Further Resolved, That a copy of this Resolution be transmitted to the Detroit Election Commission to certify the wording of the above ballot proposal, within the time prescribed by law, for placement on the ballot for the November 6, 2001 City General Election.

Re: Surplus Property Assignment, Assumption and Consent Agreement Development: Parcel A, former Scripps School Site located on the north side of Kercheval between Holcomb & Belvidere

On November 6, 2000, your Honorable Body approved an Agreement to Purchase and Develop the above-captioned property with Kercheval Place LDHALP, a Michigan Limited Dividend Housing Association Limited Partnership, for the amount of \$20,000.00. Kercheval Place LDHALP proposed to build twenty-four (24) two story townhouses. This use was granted by the Board of Zoning Appeals on March 13, 2000.

Kercheval Place LDHALP has advised P&DD that in order to obtain MSHDA (Michigan State Housing Development Authority) financing for this project they propose to assign all their rights, title and interest to Kercheval Townhomes LDHALP, a Michigan Limited Dividend Housing Association Limited Partnership under the terms of an Assignment, Assumption and Consent Agreement.

Under the terms of an Assignment, Assumption and Consent Agreement, Kercheval Townhomes LDHALP, a Michigan Limited Dividend Housing Association Limited Partnership will develop the same twenty four (24) two story townhouse/multi-family units with a paved surface parking lot for the storage of licensed operable vehicles.

Kercheval Townhomes LDHALP, a Michigan Limited Dividend Housing Association Limited Partnership possesses the qualifications and has indicated potential financial resources necessary to

develop Parcel A. The disposal of this land by negotiation is an appropriate method for making the land available for redevelopment and the proposed Assignment, Assumption and Consent Agreement is in satisfactory form.

We therefore, request that your Honorable Body adopt the attached resolution with a Waiver of Reconsideration, authorizing and approving an Assignment, Assumption and Consent Agreement between Kercheval Place LDHALP, a Michigan Limited Dividend Housing Association Limited Partnership, Kercheval Townhomes LDHALP, a Michigan Limited Dividend Housing Association Limited Partnership and the City of Detroit, a Michigan Public Body Corporate.

Planning & Development Department

July 9, 2001

Honorable City Council:

Re: Minor Home Repair Program/Lead-Based Paint Program. Resolution of February 9, 2001.

On February 9, 2001, Planning and Development Department (P&DD) submitted for your review, a Resolution to amend the criteria for the operation of the Minor Home Repair Program as stated in your Resolution dated October 10, 2000. The October 10, 2000 Resolution required P&DD to target funds allocated to the Minor Home Repair Program for 2000-2001 and years prior to children with elevated blood lead levels. (EBLL). The Resolution dated February 9, 2001 has never received action, as the City Planning Commission (CPC) was asked by your Honorable Body to conduct additional research on the issue of how lead was handled in other cities. CPC submitted their report on June 21, 2001.

The Council Resolution has had the impact of slowing production in the Minor Home Repair Program, since applications for the Program have not been submitted at the rate originally anticipated by community groups or the Detroit Health Department. As of July 6, 2001, 23 applications have been received from the Detroit Health Department and are being processed by P&DD to determine final eligibility.

In an attempt to reach an agreement on Program implementation, City Planning Commission staff and Planning and Development staff have conducted several meetings to discuss the issues. On June 25, 2001 Marsha Bruhn, Director, CPC and CPC staff and P&DD staff and I met and believe we have come to a consensus on the following issues:

1. Production under a Minor Home

Repair Program targeted solely to children with EBLL administered by P&DD could not result in the impact originally anticipated by Council due to the complexities of the Program.

2. There is a need to resume operation of the Minor Home Repair Program.

3. To make a significant impact on lead remediation where children with elevated blood lead levels (EBLL) reside, will require the coordinated effort of many entities including Buildings and Safety Engineering for code enforcement, the Detroit Health Department for screening, and many other entities with experience in lead remediation, including organizations such as Clearcore, Detroit Housing Commission, State of Michigan and P&DD. This contention is also supported by the CPC report dated June 20, 2001.

To resume operation of the Minor Home Repair Program, there is also agreement between CPC and P&DD that the Program should be restructured under the following parameters:

1. Minor Home Repair Program funding in community group cost centers awarded **prior to 2000-2001** could be awarded based on traditional Minor Home Repair Program guidelines. All households in a community group areas could qualify if they meet Program guidelines. All homes under the Program would be made lead-safe as required by the Department of Housing and Urban Development (HUD) to a maximum of \$24,950. The focus of this Program is prevention to keep housing lead-safe so that children will not be poisoned, as well as to repair and maintain the housing stock of the City.

2. Minor Home Repair Program funding awarded to community groups during the 2000-2001 year would be spent according to the February 9, 2001 Resolution as follows:

- a. Children with EBLL
- b. Households with children under the age of 6
- c. Seniors who have children under the age of 6

This will allow P&DD to focus on the prevention of lead poisoning targeted specifically for families with young children. The maximum dollar amount for this Program will be \$17,000 and focus only on remediation of lead hazards and rehabilitation only to the extent it is causing a lead hazard. It is anticipated relocation will only be necessary for children who have been identified with EBLL.

3. The 2001-2002 funds in the amount of \$1,024,000 awarded for children with EBLL on a City-wide basis will also have a Program maximum of \$17,000 and be limited to lead hazards and rehabilitation only to the extent it is causing the lead hazard. Relocation will be necessary for this Program. It is anticipated that there will be

a maximum of 60 homes completed.

The above changes will allow P&DD to resume Program activity in an expeditious manner and still achieve the goals that Council has made a priority. A copy of a new Resolution which incorporates these changes is submitted hereby for review and approval.

Thank you for your consideration of this matter.

Respectfully submitted,
 PAUL A. BERNARD

Honorable City Council:
 Re: Expanding the Priorities of the CDBG/NOF Minor Home Repair/Lead Remediation Program (Submitting Departmental Report and Revised Resolution).

This report provides the City Planning Commission (CPC) staff's response to the document submitted to your Honorable Body by the Planning and Development Department (P&DD) dated July 9, 2001.

As indicated in the report, CPC staff met on multiple occasions with P&DD regarding the status of the CDBG/NOF Minor Home Repair/Lead Remediation Program. At our last meeting on June 25, 2001, CPC staff and P&DD reached an agreement that, if authorized by your Honorable Body, would allow some expansion beyond the lead priority for pre 2000-2001 funds, while, at the same time, using later funds to address lead. Both parties believe that the agreement would both help the department meet its production goals, and at the same time, begin to address the lead crisis in our City.

At the close of that meeting, P&DD staff agreed to do some additional research and to submit the agreement in writing to CPC staff for review and comment by June 27, 2001. We had hoped that CPC staff and P&DD would come to your Honorable Body with a jointly prepared resolution for your consideration. Unfortunately, CPC staff was not provided an opportunity to review the document prior to the Council's receipt of it. As a result, we would like to clarify what is

being recommended and have submitted a revised resolution to reflect that recommendation.

CPC staff and P&DD did agree to the parameters specified in the letter dated July 9th. In short, we agree that funds allocated to community groups prior to 2000-2001 should be spent on the traditional minor home repair program. These funds need to be spent in a timely manner, and allowing communities to select applicants from pre-existing waiting lists should help.

Second, we agree that funds allocated to community groups in 2000-2001 should be spent on lead poisoned children, households with children under age 6, and seniors who have children under the age of 6 in their care for 6 or more hours per week. We believe that these priorities are in the spirit of Council's budget resolution passed to target funds to address lead, yet allow communities some flexibility to spend the funds quickly.

Third, we agree that the funds allocated to the department in 2001-2002 in a single line item for lead remediation must be spent on households with lead poisoned children only. These funds were allocated to the department so that they could be spent citywide, wherever children with lead poisoning live in the City. As a result of this decision, the community groups were not allowed to apply for minor home repair funds for 2001-2002. It would not be fair to the children with lead poisoning or the community groups to use these funds for any other purpose.

Finally, we discussed the possibility of narrowing the scope of work on the homes of lead poisoned children. In the July 9th report, the department included a \$17,000/unit estimate for "remediation of lead hazards and rehabilitation only to the extent it is causing a lead hazard". CPC staff supports this approach because it would allow more homes to be served. It might also minimize the amount of time a family will need to relocate, making relocation more feasible.

Please find below a chart that summarizes the agreements between CPC and P&DD staff.

Since some of the agreed-upon details are missing from the July 9th resolution,

Year allocated	Estimated amount	Cost per unit	Proposal for spending funds	Rationale
Pre 2000-2001	\$6,000,000 to communities	\$24,950 for home repair and interim lead controls	Minor Home Repair without additional restrictions	Allocations preceded Council's resolution to target program

Year allocated	Estimated amount	Cost per unit	Proposal for spending funds	Rationale
2000-2001	\$4,000,000 to communities	\$17,000 for lead hazard control and rehab that directly contributes to a lead hazard	Lead remediation and repairs in households with lead poisoned children age 6 or under; households with children age 6 or under, including seniors with children in their care 6+ hours per week	Council passed resolution to target program but funds must be spent in community areas; some flexibility is needed for community groups to find applicants.
2001-2002	\$1,024,000 to P&DD in a single line item	\$17,000 for lead hazard control and rehab that directly contributes to a lead hazard	Lead remediation and repairs in households with lead poisoned children age 6 or under only (10+ ug/dL)	Council passed resolution to target program through a single line item of funds that can be spent citywide; funds must be spent on lead remediation since they were allocated for that purpose.

CPC staff has prepared a revised resolution for Council's consideration. While we have not had an opportunity as yet to meet with P&DD staff about this version, we have faxed a copy for their review and intend to meet with them prior to City Council action. We regret that the details of the resolution were not worked out prior to Council's receipt of the P&DD report.

Please let us know if you have any questions.

By Council Member S. Cockrel:

Whereas, The Federal Department of Housing and Urban Development (HUD) has mandated enforcement of lead regulations in houses that receive federal funding for home repair; and

Whereas, The Detroit City Council passed a total of three resolutions since May 2000 that target Community Development Block Grant/Neighborhood Opportunity Fund Minor Home Repair funding to households with children age six and under with elevated blood levels of at least 10 micrograms per deciliter; and

Whereas, The City Council included in the October 2000 resolution that community Development Block Grant/Neighborhood Opportunity Fund Minor Home Repair funding for 2001-2002 would be allocated to the Planning and Development Department in a single line item to allow the flexibility to provide lead remediation in homes of lead poisoned children throughout the City; and

Whereas, The Planning and Development Department has determined that

there is approximately \$10,000,000 in Community Development Block Grant/Neighborhood Opportunity Fund Minor Home Repair funding allocated in 2000-2001 and for years prior that cannot be spent quickly under a program confined solely to lead poisoned children; and

Whereas, Planning and Development has requested that the priorities of some of the Community Development Block Grant/Neighborhood Opportunity Fund Minor Home Repair funding be expanded to allow greater flexibility and more timely expenditure while, at the same time, using some Minor Home Repair funding to address City Council's lead remediation priority.

Now, Therefore, Be It Resolved That the Community Development Block Grant/Neighborhood Opportunity Fund Minor Home Repair funding allocated prior to 2000-2001 will be spent on qualified households without any additional limitations other than those imposed by the federal regulations; and

Be It Further Resolved That the Community Development Block Grant/Neighborhood Opportunity Fund Minor Home Repair Funding allocated in 2000-2001 to community groups be targeted to qualified households with children age six and under with elevated blood lead levels of at least 10 micrograms per deciliter of blood, or in communities where this is not possible, to qualified households with children age six and under, including seniors who have children age six and under in their care in their homes for six or more hours per week; and

Be It Finally Resolved, That the Community Development Block Grant/

Neighborhood Opportunity Fund Minor Home Repair funding allocated in 2001-2002 to the Planning and Development Department in a single line item be targeted to only qualified households with children age six and under with elevated blood levels of at least 10 micrograms per deciliter of blood.

City Planning Commission

July 30, 2001

Honorable City Council:

Re: Planning and Development Department, proposed amendments to the Master Plan of Policies for the Jefferson-Chalmers area (Recommend Approval).

REQUEST

The Planning and Development Department (P&DD) has prepared a set of amendments to the Detroit Master Plan of Policies (Master Plan) that correspond to the proposed changes to the Jefferson-Chalmers Modified Development Plan. Your Honorable Body initially received a set of amendments in a November 20, 2000 letter from the Department. The proposed amendments were revised to reflect the 1993 amendment to the same portion of the Master Plan and resubmitted in a letter dated March 9, 2001. The proposed amendments affect the East Riverside Subsector and Generalized Rezoning Concept maps. While the Jefferson Chalmers Modified Development Plan is quite specific in most instances, the Master Plan is more general in nature, but both documents should be consistent with one another. Please see the attached letter and proposed amendment from the department.

REVIEW AND CONCLUSIONS

The proposed map changes are relatively simple involving just two maps. The East Riverside Subsector General Land Use Plan would be altered to reflect an Institutional/General Commercial designation along E. Jefferson Ave. from Eastlake Baptist Church to the Golightly Vocation Center. The land south of this area, excluding parkland, would be consolidated under the Low-Medium Density Residential (RLM) category from the four categories that presently cover this area. General Commercial and High Density Housing designations would be included for the proposed Home Depot and Heritage Condominium sites as well as the existing medium and high density housing projects. Finally, the Residential Local Commercial land use designation would cover the south side of E. Jefferson Ave. from Lakewood to Alter Rd.

The Generalized Rezoning Concept map would be changed to reflect a PD (Planned Development District) zoning classification for the area east Coplin and south of Jefferson Ave. where the proposed Home Depot would be sited. It would be further modified to show a B2 (Local Business and Residential District) zoning classification along the south side of Jefferson Ave. to a depth of 150 feet from the Home Depot site east. This will accommodate existing uses as well as facilitate the rehabilitation and development of commercial ventures with residential above or adjacent. The additional lot dept could result in encroachment beyond the public alley into the residential areas when commercial development demands, and there is support for such an approach. Additional action(s) such a rezoning or Board of Zoning Appeals grant would be required for this type of encroachment to take place.

The proposed amendments are in line with those proposed for the Jefferson-Chalmers Modified Development Plan and should facilitate anticipated development and afford new development interests at the same time. While we expect a comprehensive amendment to the Jefferson-Chalmers Modified Development Plan in the near future, it does not presently appear as though these maps will require any additional modification beyond this amendment. However, when the future Development Plan amendment is presented, the text associated with this area of the Master Plan will undoubtedly require some revision at that time.

RECOMMENDATION

The City Planning Commission has reviewed the proposed Master Plan amendments and found them to be both appropriate and consistent with the proposed amendment of the Jefferson-Chalmers Modified Development Plan.

Therefore, the Commission recommends approval of the proposed amendments.

March 9, 2001

Honorable City Council:

Re: A resolution to amend the **Detroit Master Plan of Policies** for a portion of the Jefferson-Chalmers Urban Renewal Area to allow the proposed land use to remain consistent with the Jefferson-Chalmers Development Plan and to accommodate future commercial and residential use (**Revised** Master Plan Change #32).

Attached for your consideration and action is a proposed Amendment to the **Detroit Master Plan of Policies** for the area generally bounded by East Jefferson Avenue on the north, vacated Clairpointe Avenue and Conner Canal on the west, Avondale Avenue and its eastward extension on the south, and the Detroit city limits on the east. Adoption by your Honorable Body of this resolution would accommodate changes in the **Master Plan of Policies** that would allow the proposed land use to remain consistent with the Jefferson-Chalmers Development Plan, which is presently being updated. The proposed Amendment is being requested by the Planning & Development Department to enhance the market for future commercial and residential redevelopment along and near the East Jefferson Avenue frontage.

The subject area to be changed, which covers an area of approximately 175 acres, is shown on the **Master Plan of Policies** Map 302-10, East Riverside Subsector, East Sector "Generalized Proposed Land Use". It is recommended that the land use in the **Master Plan of Policies** for the subject area be changed from "OSI" Open Space Institutional, "RL" Low Density Residential, and "INST/GC/RLM" Institutional/General Commercial/Low-Medium Density Residential to "INST/GC" Institutional/General Commercial north of the alley south of East Jefferson and east of Dickerson Avenue. It is also recommended that the land use designation for the portion of the subject area south of the alley south of East Jefferson and west of Dickerson be changed to entirely "RLM" Lot-Medium Density Residential, deleting the "RL" Low Density Residential, "INST/GC/RLM" Institutional/General Commercial/Low-Medium Density Residential, and "RM" Medium Density Residential proposed

uses. Other recommended revisions include extending the eastern boundary of the "GC" General Commercial area in the north central portion of the subject area from Piper to the alley west of Lakewood and changing the land use of the East Jefferson frontage from the alley west of Lakewood to the City Limits from "GC" General Commercial to "RLC" Residential Local Commercial. The latter change would also involve extending the depth of the proposed RLC land use area along the East Jefferson frontage from 100 feet to 150 feet. Also proposed to be changed is the East Sector "Generalized Rezoning Concept" map. This attached map shows only the proposed changes in the rezoning concept for the subject area, while the "Generalized Proposed Land Use" map displays the proposed land use for the entire subject area.

The Planning & Development Department is requesting the proposed Amendment in order to enhance the marketability for potential new commercial and residential development in the subject area and to maintain consistency with the Jefferson-Chalmers Development Plan. Planning & Development has received support from and is currently working with local organizations such as Creekside, the Jefferson East Business Association, and the Jefferson-Chalmers Citizens' District Council to update the Development Plan. This portion of Detroit is experiencing a revival with new commercial development such as Riverbend Plaza and residential developments such as Clairepointe Woods. However, the **Master Plan of Policies** was written before any of these projects were built, and as a result, new development opportunities have arisen that had not been previously anticipated.

Recent residential developments such as Habitat for Humanity infill housing and others currently planned such as Jefferson-Chalmers Commons have the potential for creating a market that could sustain substantially more commercial development along East Jefferson. In turn, revitalization of the commercial strip's currently blighted condition could spur more residential redevelopment in adjacent areas. Thus, the Jefferson-Chalmers Development Plan is presently being updated to reflect these new opportunities and allow for a balance of residential, commercial, and institutional uses in the subject area. In summary, it is our belief that the proposed land use changes are appropriate for the subject area in order to encourage more commercial and residential redevelopment and to maintain consistency with the soon-to-be revised Jefferson-Chalmers Development Plan.
