Honorable City Council:

Re: Request for Closed Session of Detroit City Council to Discuss *U.S. EPA et al vs. City of Detroit*.

Pursuant to your Honorable Body's request to the Law Department, the Law Department has worked with Council President Gil Hill and the City Clerk's office to find an appropriate date for a closed session to discuss the lawsuit of *U.S. EPA et al vs. City of Detroit*. The date selected was THURSDAY, JANUARY 25, 2001, at 11:00 A.M.

Act 267 of the Public Acts of 1976, commonly referred to as the "Open Meetings Act," allows a public body, upon a two-thirds roll call vote of its members to:

To consult with its attorney regarding trial or settlement strategy in connection with specific pending litigation, but only if an open meeting would have a detrimental financial effect on the litigating or settlement position of the public body. MCL 15.268(e)

It is the opinion of the Law Department that an open meeting would have a detrimental financial effect on the City of Detroit in the on-going litigation referenced above.

Re: Harrison Sims, III vs. City of Detroit Police Officer William Ashford and The City of Detroit, a Municipal Corporation, Wayne County Circuit #99-910736 NO; U.S. District Court #99-73265. File No.: 98-8188. CLIS No.: 99-06986.

We have reviewed the above captioned lawsuit, the facts and particulars of which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body. From this review, it is our considered opinion that the City should agree to the entry of an Order of Dismissal and enter into an Agreement to Arbitrate on the terms and conditions set forth in the following resolution.

We therefore request authorization to agree to entry of an Order of Dismissal

and to enter into an Agreement to Arbitrate on the terms and conditions set forth in the following resolution and, upon certification by the Law Department that the arbitrators have announced a decision requiring the City to pay a designated sum to the Plaintiff, that your Honorable Body direct the Finance Director to issue a draft payable to Harrison Sims III and his attorney, Brian Kutinsky, in the amount the City is to pay the Plaintiff pursuant to the arbitrators' decision, but said draft may not be more than Seven Hundred and Fifty Thousand Dollars (\$750,000.00).

Resolved, That:

The Law Department is authorized to agree to entry of an Order of Dismissal and to enter into an Agreement to Arbitrate in the case of Harrison Sims, III vs. City of Detroit Police Officer William Ashford, Wayne County Circuit Court Case No. 99-910736 NO, U.S. District Court Case No. 99-73265, on the following terms and conditions:

A. 1. The parties, by their attorneys, agree to submit this matter to binding arbitration.

2. The parties shall submit to arbitration all matters in controversy raised in the above-named lawsuit.

3. Arbitration shall be conducted in accordance with the Michigan Rules of Evidence, except as may be modified by a majority of the arbitrators, or by stipulation of the parties.

4. The matter shall be arbitrated by a panel of three arbitrators, all of whom shall be practicing Michigan attorneys. The Plaintiff shall select one arbitrator, the Defendant shall select one arbitrator, and the Plaintiff and Defendant shall jointly select the neutral arbitrator. Plaintiff shall pay all fees and costs associated with the arbitrator he selects. Defendants shall pay all fees and costs associated with the arbitrator they select. All fees and costs of the neutral arbitrator shall be paid fifty percent (50%) by Plaintiff and fifty percent (50%) by Defendants.

All other costs and fees, including attorney fees, shall be borne by the party which incurs them.

5. In the event that the neutral arbitrator is unavailable for a hearing on the date set by the parties, either by failure to accept appointment, disqualification, withdrawal, or incapacity, the position shall be filled by agreement of the parties.

6. Pre-hearing briefs shall be required of Plaintiff and Defendant, and shall be submitted to the arbitration panel prior to commencement of the arbitration.

Medical records and reports may be used at the hearing in lieu of the personal appearance of physicians, medical care providers or records custodians.

7. The minimum of any award to the Plaintiff shall be in the amount of Ten Thousand Dollars (\$10,000.00).

The maximum amount of any award to the Plaintiff shall be in the amount of Seven Hundred Fifty Thousand Dollars (\$750,000.00).

8. A decision of two of the three arbitrators shall be binding. Any award less than \$10,000.00 shall be interpreted to be in the amount of \$10,000.00.

Any award in excess of \$750,000.00 shall be interpreted to be in the amount of \$750,000.00.

There shall be no costs, fees or interest taxable with respect to the award rendered by the arbitrators.

The award of the arbitrators shall represent a full and final settlement of any amounts due and owing to Plaintiff for any and all claims arising out of the incident on June 30, 1998 at or near 19303 Glastonbury.

9. Neither the "high-low" amounts nor the mediation award shall be disclosed to the arbitrators. Disclosure of the "high-low" amounts or the mediation award to the arbitrators shall render the arbitration agreement voidable by any non-disclosing party.

10. Discovery proceedings may continue, and each party shall have the opportunity to take "discovery only" depositions of the opponent's experts, to the extent that such depositions have not already been completed. The parties shall be able to take depositions of parties or witnesses for use as evidence at the arbitration, without regard to witness availability.

11. The parties agree that they will faithfully observe the Agreement to Arbitrate, and that they will abide by and satisfy the award rendered by the arbitrators. In the event that any party refuses to abide by the arbitrators' decision, the other party may petition the Court to confirm the award and enter judgement thereon.

12. There shall be no need to have any proceedings convened by the arbitrators recorded. However, if one of the parties wishes to have the proceedings recorded, then any costs incurred shall be borne exclusively by such party.

B. Promptly after the arbitrators announce their decision, the Law Department shall inform City Council in writing of that decision.

C. Upon certification by the Law

Department that the arbitrators have announced a decision requiring the City to pay part or all of \$750,000.00 to the Plaintiff, the Finance Director is authorized to issue a draft drawn upon the proper account in favor of Harrison Sims, III and his attorney, Brian Kutinsky, in the amount of the arbitrators' decision, but said draft may not be more than Seven Hundred Fifty Thousand Dollars (\$750,000.00).

On December 18, 2000, a mediation panel evaluated the above-captioned lawsuit and awarded Seven Thousand Five Hundred Dollars (\$7,500.00) in favor of Plaintiff. On December 5, 2000, a mediation panel evaluated the above-captioned lawsuit and awarded Nine Thousand Five Hundred Dollars (\$9,500.00) in favor of Plaintiff. Honorable City Council:

Re: 8834 Mendota (Superceding Response previously sent dated November 3, 2000). (Adopted September 14, 2000 J.C.C. page 2214).

In response to the request for a rescission of the demolition order on the property noted above, we submit the following information:

Our records indicate that the new owner of the property Mr. Larry Butler, whose interest was identified through the Wayne County Register of Deeds Office on July 17, 2000 appeared in this office on August 29, 2000 to respond to our violation notice. He indicated that he would secure a permit to rehabilitate this proper-

ty and did so on September 7, 2000. This information was unfortunately missed in reviewing the records prior to submitting our recommendation to your Honorable Body on September 14, 2000. This resulted in the property being ordered demolished.

We therefore recommend that the demolition order be rescinded, allowing the owner to continue the renovation of this structure.

Respectfully submitted,

GENI GIANNOTTI

Director

Re: Address: 9913 Balfour. Name: Darell Partridge. Date ordered removed: December 6, 2000 (J.C.C. p.).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on December 18, 2000 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of December 7, 2000.

The proposed use of the property is owner occupancy.

Therefore, it is recommended that the demolition ordered be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. Rehabilitation is to be complete

within three (3) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. You will be required to obtain relevant permits for all rehabilitation work performed.

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, you must contact this department to arrange an inspection to evidence you have met the conditions of the deferral or have made substantial progress toward rehabilitation. City Planning Commission

November 28, 2000

Honorable City Council:

Re: Limitation of off-premise advertising in the disposition of City-owned property (Recommend Approval of Attached Resolution).

Dated back to 1993 your Honorable Body has taken several actions to better regulate signage and ultimately eliminate sign clutter in the City. Most notably among those actions are:

1. Ord. No. 14-93 (1993 Billboard Ordinance)
2. Ord. No. 28-94 (Temporary Sign Ordinance)
3. Ord. No. 22-99 (Billboards Inside the Boulevard Ordinance)
4. Ord. No. 26-99 (Gateway Radial Thoroughfare Ordinance)
5. Ord. No. 28-99 (Alcohol-Tobacco Billboards/Protection of Minors Ordinance)
6. Ord. No. 10-00 and 11-00 (Citywide Billboard Ordinances)
7. Denial of Petition #2703 (ATK Outdoor Advertising)

When you include the banner policy currently being finalized for your consideration, we find it becomes more and more apparent that a comprehensive policy towards signage is being developed.

Consistent with these actions and the various discussions surrounding them, as well as the occurrence of some billboards in undesirable locations, City Planning Commission (CPC) staff has been even more sensitive to this matter. In recent months we have asked your Honorable Body to hold selected land sales as CPC staff has looked at the possibilities of these properties being used for off-premise advertising. In some cases staff has requested the Planning & Development to add language to the resolution authorizing the sale, which would prohibit the purchaser from using the property for that purpose. Whatever mechanism is ultimately utilized, the opportunity exists to go beyond the current zoning provisions and further limit the occurrence of off-premise advertising through restrictions or guidelines on the disposition of the City-owned land.

Over the past two weeks CPC staff has requested that holds be placed on the

majority of land sales involving commercially or industrially zoned land where off-premises advertising generally could take place. It should be noted that this was not the only reason for most of these holds, as many of those sales also had other deficiencies. CPC staff indicated to the Council that, rather than dealing with each land sale individually, it would be better to prepare a more comprehensive resolution asserting the Council's position on the matter. We will be meeting with the Planning and Development Department on November 28, 2000 to determine the appropriate means to address it. Preliminary discussions indicate that a resolution providing P&DD with the discretion to deal with each sale on an individual basis would be the best approach to take.

Therefore, the staff of the City Planning Commission submits for your consideration the attached draft resolution as an additional means of reducing sign clutter throughout the City. Should any changes result as a result of our November 28 meeting with P&DD, we will provide a further report to your Honorable Body.

Respectfully submitted,
 MARSHA S. BRUHN
 Director
 MARCELL TODD

By Council Member Everett:

Whereas, The Detroit City Council has recognized and expressed concern for sign clutter and its visual, physical and social impacts on the City of Detroit; and

Whereas, This City Council has taken a number of significant actions to better regulate and, in some cases, prohibit the occurrence of signage, particularly off-premise advertising throughout the City; and

Whereas, The City has a property inventory presently in excess of 45,000 parcels; and

Whereas, A percentage of these parcels are commercially or industrially zoned where off-premise advertising is generally permissible under existing regulations;

Now, Therefore, Be It Resolved, That any authorization granted by this Body for the sale of commercially or industrially zoned City-owned land is given with the general understanding that no off-premise advertising shall take place on such properties; and

Be It Also Resolved, That the Planning and Development Department take the necessary and appropriate steps to modify its current practices and procedures to execute this policy; and

Be It Further Resolved, That any land sale being presented contrary to this understanding be accompanied by a rationale and proof of compliance with the current regulations.

Re: Integrated Model of Addiction Treatment for Substance Abusers Org #258869 Appr #10537.

The Health Department has been notified by the U.S. Department of Health and Human Services-Substance Abuse and Mental Health Services Administration (SAMHSA) that new grant funds have been awarded in the amount of \$499,917 for the Integrated Model of Addiction Treatment for Substance Abusers Program for the period September 30, 2000 through September 29, 2001. The initial funding of \$499,917 is the first of three grant awards for the Project Period September 30, 2000 through September 29, 2003.

This is an integrated model of care designed to meet the needs of clients in the areas of substance abuse and physical and mental health. The program will provide substance abuse and Medicaid treatment to seventy-eight (78) clients with a co-occurring addictive and severe communicable disease. It is postulated that the participants in this program will demonstrate greater adherence to treatment recommendations including utilization of medications, commitment to sobriety, and better health outcomes when compared to clients who do not receive this integrated care.

We, therefore, request authorization to accept these additional funds from the U.S. Department of Health and Human Services in accordance with the foregoing information.

Re: Surplus Property Assignment, Assumption and Consent Agreement. Development Disposition: 436 Charlotte.

On October 23, 1996, (J.C.C. Page 2323), your Honorable Body approved an Agreement to Purchase and Develop the above-captioned property with Joseph P. Tendiglia, a married man, for the amount of \$4,750.00. This vacant land measures approximately 9,500 square feet and is zoned R-5 (Medium Density Residential District).

Mr. Tendiglia has informed the Planning and Development Department (P&DD) that he has sold the above-captioned property to the Cass Corridor Food Store and proposes to assign all his rights, title and interest in and to the existing Agreement to Cass Corridor Food Store, a Michigan Non-Profit Corporation.

Under the terms of an Assignment, Assumption and Consent Agreement, the Cass Corridor Food Store will develop the property for paved surface parking and landscaping. This use is permitted as a matter of right in a R-5 zone.

The Cass Corridor Food Store, a Michigan Non-Profit Corporation possesses the qualifications and has indicated potential financial resources necessary to develop 436 Charlotte. Site.

Petition No. 3280 of "The Downtown Development Authority (DDA)" requests the temporary closing of parts of the Woodward, W. Fort, Michigan and Griswold rights-of-way for a period of approximately 30 months, in order to

begin demolition and reconstruction of the Kennedy Garage.

The petition was referred to the City Engineering Division — DPW for investigation and report. This is our report.

Satisfactory arrangements have been made with the Municipal Parking Department and the Department of Transportation.

Comcast Cablevision, Detroit Edison Company, the Fire Department, Ameritech, Michigan Consolidated Gas Company, Public Lighting Department and the Detroit Water and Sewerage Department (all) will require unimpeded access to service their existing facilities. Any fence and gate installation must provide 13 feet horizontal and 15 feet vertical clearance(s) for utility maintenance vehicles.

All other city departments and privately owned utility companies have reported no objections to the closings, provided they have the right to ingress and egress at all times (when necessary) to their facilities.

An appropriate resolution, containing the necessary conditions, is attached for consideration by your Honorable Body.

Re: Petition No. 372. Orchestra Hall. Alley to Easement, second part of east-west public alley in the block bounded by Cass, Woodward, Davenport and Parsons.

Petition No. 372 of "Orchestra Hall" requests the conversion of a second part of the east-west public alley, 20 and 30 feet wide, in the block bounded by Cass and Woodward Avenues, Davenport and Parsons Streets into a private easement for public utilities. City Council previously granted the conversion of a first part of the east-west public alley, 20 feet wide, in said block on March 5, 1997 (J.C.C. pages 455-462).

Planning and Development Department reviewed the public alley-closing request.

Traffic Engineering Division — DPW, and Solid Waste Division — DPW approved the requested conversion. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report:

The Water and Sewerage Department will require unimpeded access to service their existing facilities. Other city departments and privately owned utility companies reported no objections to the conversion of public rights-of-way into a private easement for public utilities. Provisions protecting utility installations are part of the resolution.

Such revenues will consist principally of income derived from the rates charged to the users of the Sewage Disposal System, a schedule of which is presently on file in the office of the City Clerk. Such rates may from time to time be revised to provide sufficient revenues (i) to provide for the expenses of operating and maintaining the Sewage Disposal System, (ii) to pay the principal of and interest on the Revenue Bonds, on the City's various series of Sewage Disposal System Revenue Bonds and

Sewage Disposal System Revenue Refunding Bonds currently outstanding in the unpaid aggregate principal amount of approximately \$1,098,805,449 and on any additional Sewage Disposal System Revenue Bonds and Sewage Disposal System Revenue Refunding Bonds hereafter issued by the City, (iii) to provide reserves for such bonds, and (iv) for such other purposes as may be required by resolution or ordinance from time to time. The Water and Sewerage Department of the City and the City Council will adjust sewage rates to be effective August 1, 2001. In addition, the Water and Sewerage Department imposes separate water charges for water supply service. Information concerning such rates and the adjustment in rates is available for inspection at the offices of the Water and Sewerage Department of the City.

BOND DETAILS

THE REVENUE BONDS will be issuable in one or more series and from time to time. Each series will be payable in the principal installments as determined by the Finance Director of the City, with the final installment due not more than 40 years after the original date of the Revenue Bonds. The Revenue Bonds will bear interest at the rate or rates to be determined upon the sale thereof, but in no event to exceed 18% per annum or such higher maximum rates permitted by law.

RIGHT OF REFERENDUM

THE REGISTERED ELECTORS OF THE CITY HAVE THE RIGHT TO FILE A PETITION FOR REFERENDUM WITH RESPECT TO THE REVENUE BONDS DESCRIBED IN THE FIRST PARAGRAPH OF THIS NOTICE. THE REVENUE BONDS WILL BE ISSUED WITHOUT A VOTE OF THE ELECTORS UNLESS A PETITION REQUESTING SUCH VOTE SIGNED BY NOT FEWER THAN 15,000 REGISTERED ELECTORS OF THE CITY IS FILED WITH THE CITY CLERK WITHIN 45 DAYS AFTER PUBLICATION OF THIS NOTICE. If such a petition is filed, the Revenue Bonds cannot be issued without an approving vote by a majority of qualified electors of the City voting on the question. On September 22, 1999, notice of intent to issue sewage disposal system revenue bonds in the amount not to exceed \$150,000,000 was published (the *Prior Notice*). No petition for referendum was filed with respect thereto, and to date not all of the sewage disposal system revenue bonds which were the subject of the *Prior Notice* have been issued. The Revenue Bonds described in the first paragraph of this notice are in addition to those described in the *Prior Notice*, and the City reserves the right to issue the bonds described in the *Prior Notice* not heretofore issued whether or not a petition is filed, as described above, with respect to the

Revenue Bonds.

The City also may issue additional bonds for the purpose of refunding any or all of its outstanding Sewage Disposal System Revenue Bonds and Sewage Disposal System Revenue Refunding Bonds or to comply with an order of a court or an order or permit requirement of a state or federal agency of competent jurisdiction to prevent or limit pollution of the environment. Such additional bonds may be issued without the publication of a Notice of Intent to Issue Bonds with respect thereto, in accordance with Michigan law, and may be issued whether or not a petition for a referendum is filed as described above with respect to the Revenue Bonds described in the first paragraph hereof.

ADDITIONAL INFORMATION with respect to the above described Revenue Bonds, the Sewage Disposal System of the City, the rates to be charged, the projects to be acquired and constructed, the repairs to be made and the costs related thereto, the financing thereof, and any other matters relating to the foregoing may be obtained from the office of the City Clerk or from the Finance Director or the Water and Sewerage Department of the City of Detroit.

THIS NOTICE is given pursuant to the requirements of Section 33 of Act No. 94, Public Acts of Michigan, 1933, as amended.

Planning & Development Department

November 17, 2000

Honorable City Council:

Re: Request for General Fund Advance — \$2,922,000. Public Safety Mall aka Public Services Mall Project #F2.1-2.2.

The Planning & Development Department (P&DD) along with the assistance of the Police Department has been taking active steps toward the construction of the Public Safety Mall to be located at Fort and Clark Streets in southwest Detroit. The Detroit Building Authority has selected Hamilton Anderson to provide the architectural services of the complex that will house the 3rd and 4th Police Precincts, 36th District Court, Detroit Fire Department, Municipal Parking, Juvenile Court — Wayne County, Wayne County Prosecutor, Wayne County Sheriff and the Michigan State Police Department.

The Planning & Development Department has started the acquisition and relocation phase of this project and the Department has been notified that these activities are eligible for Empowerment Zone funding. However, due to our agreement with the State regulatory agency for the Empowerment Zone program, we are unable to request these funds in advance to establish the necessary local escrow accounts to complete this process. State requirements for the disbursement of Empowerment Zone funds is in conflict with the Uniform Condemnation Act, which the City must adhere to when acquiring private properties for a public use. It is imperative that P&DD secures funding to establish the local escrow accounts to keep this project on schedule.

Thus, we request that your Honorable Body authorize, with waiver of reconsideration, the Finance Director to make a cash advance from the General Fund in the amount of \$2,922,000 for acquisition and relocation costs associated to this project. Repayment to the General Fund will be made as individual acquisition cases are closed and relocation benefits are paid. The Planning & Development Department will process Empowerment Zone draws as transactions are completed. Upon receipt of the payment from the State of Michigan, which normally takes five to seven business days, the Planning & Development Department will immediately issue a memorandum to the Finance

Department to initiate the wire transfer to the appropriate revenue account to repay the General Fund advance. We anticipate that this process will be completed within the next 12 months providing that there are no condemnation cases involved.

Respectfully submitted,

Planning & Development Department

December 1, 2000

Re: Request for Authorization to Submit an Application for Funding under the Core Cities Initiative (CCI) for Assistance with Cost Associated with the Title Clearance Project.

As your Honorable Body is aware, the City of Detroit retains title to approximately 43,000 parcels located within its municipal boundaries. Many of the parcels have entered the City inventory during the last 25 years due to property abandonment and subsequent tax foreclosure proceedings. Within recent years, development interests in the City of Detroit has risen exponentially and the demand for city-owned property is ever increasing.

A major factor slowing the transfer of city property to interested parties lies in obtaining clear title over parcels under city control. The Planning and Development Department is engaged developing a strategic and organized program to efficiently and effectively clear title in order to transfer property to city residents and interested developers.

In order to administer this program, the Planning & Development Department respectfully requests authorization from your Honorable Body to apply for a loan through the Michigan Economic Development Corporation (the "MEDC") under the Core Community Initiative (CCI) in the amount of Five Million Dollars (\$5,000,000.00). In addition, the Planning and Development requests your Honorable Body to authorize Paul A. Bernard, Director, as the authorizing signature on the application forms to the MEDC.

If you have any further questions or comments, please contact Karen Gage of my staff at 224-4521.

On December 19, 2000, a mediation panel evaluated the above-captioned lawsuit and awarded Three Thousand Dollars (\$3,000.00) in favor of Plaintiffs. The parties have until January 16, 2001 to either accept or reject the mediation evaluation. Failure to file a written acceptance or rejection within this period constitutes a rejection.

Based upon our review of the facts and particulars of this lawsuit, which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body, it is our considered opinion that acceptance of the mediation award is in the best interest of the City of Detroit.

We, therefore, request your Honorable Body to authorize acceptance of the mediation award; and, in the event that

Plaintiff accepts the award, to deem such acceptance as a settlement and to direct the Finance Director to issue a draft in the amount of Three Thousand Dollars (\$3,000.00) payable to Timothy Pooley and his attorney, Kevin S. Oliver, to be delivered upon receipt of properly executed Releases and Stipulation and Order of Dismissal entered in Lawsuit No. 99 938 216 NO, approved by the Law Department.

Honorable City Council:

Re: City Council Appointments to the Empowerment Zone Development Corporation (EZDC).

We have been informed by John Slater, Chairperson of the Nominating Committee of the Empowerment Zone Development Corporation, that our terms on the Board of Directors will expire on January 31, 2001. Mr. Slater has inquired as to our interest in being reappointed to the Board for a new three-year term, to expire January 31, 2004.

Please note that Marsha Bruhn is interested in being reappointed for a new three-year term on the Board. Kathie Dones-Carson is recommending that Peggy Robinson of the Research and Analysis staff be the Council's other appointment to the Board. A resolution that would effectuate these appointments is attached for your consideration.

For your information, a reduction in the size of the Board is under consideration by the Board at this time. At no time since its inception has the Board been at its full 50-member level. Reducing the size of the Board to, for example, 35 members would very likely necessitate reducing the Council's representation to one person. For the time being, however, Council would continue to have two appointments to the Board.

Respectfully submitted,
 MARSHA S. BRUHN
 Director

By Council Member Everett:

Resolved, that the Detroit City Council hereby approves the appointment of the following persons as City Council's representatives on the Board of Directors of the Empowerment Zone Development Corporation, each appointment to be for a three-year term to begin February 1, 2001 through January 31, 2004:

Marsha S. Bruhn, 16739 Shaftsbury Avenue, Detroit, MI 48219;

Peggy Robinson, 17000 Chandler Park Drive, Detroit, MI 48224.

Honorable City Council:

Re: Public Hearing on Request by West Detroit Inter-Faith Community Organization for Establishment of "Prevost Gardens" Area as a Neighborhood Enterprise Zone in Accordance with Public Act 147 of 1992.

In response to West Detroit Inter-Faith Community Organization's (WDIFCO's) request for designation of the "Prevost Garden" area as a Neighborhood Enterprise Zone, the Planning & Development Department, in conjunction with the Assessments division of the Finance Department, have reviewed the Master Plan and the neighborhood preservation and development goals of the City, and find that approval of the aforementioned request would be consistent with the Master Plan and the neighborhood preservation and development goals.

Public Act 147 of 1992, commonly referred to as the Neighborhood Enterprise Zone (NEZ) Act, in Section 3(1) states "the governing body of a local governmental unit by resolution may designate one (1) or more neighborhood enterprise zones." Prior to acting upon the resolution establishing an NEZ, a public hearing must be held, and the City Clerk must provide written notice to the assessor and to the governing body of each taxing unit that levies an ad valorem tax within the proposed NEZ, said notice to be made not less than 60 days prior to your Honorable Body's passage of a resolution designating an NEZ.

The proposed area is 16.699 acres in size and is generally bounded by Westfield and Cathedral Avenues on the north, Kramer Avenue on the south, the property line between Prevost and Forrer Avenues on the east, and the property line between Rutherford and Mansfield Avenues, and the property line between Prevost and Rutherford Avenues, on the west.

Attached for your consideration please find a copy of a resolution establishing a date and time for the public hearing together with a legal description of the proposed NEZ.

City Planning Commission

January 10, 2001

Honorable City Council:

Re: Requesting of the Sterling Group to erect a sign on the wall of 333 W. Fort St. in a PCA (Restricted Central Business District) zoning district (Recommend Approval).

The Sterling Group is requesting a permit to erect a sign at 333 W. Fort. This

property is located in a PCA (Restricted Central Business District) zoning district. PCA zoning districts are located in close proximity to the Public Center District, and the controls of the PCA district are designed to prevent uses and structures from having a deleterious effect on the public center of the city. Section 113.0200 of the Zoning Ordinance requires City Council approval of the location and design of any sign proposed in a PCA district after receiving a report and recommendation from the City Planning Commission.

The proposed sign would be above the main entrance of the garage on the Washington Boulevard side of the building. It would be approximately 2 feet wide and 20 feet long, two-sided, and oriented perpendicular to the face of the building. The sign would be made of plastic in an aluminum frame and contain the wording "Public Parking" in red on a white background.

Section 130.0604 of the Zoning Ordinance states that signs in the PCA district cannot project more than twelve (12) inches into the public right-of-way. The drawings submitted indicate that the proposed sign may project 12 inches or slightly more into the right-of-way. A slight reduction in the size of the sign or an adjustment in its placement may be needed in order to comply with this restriction.

City Planning Commission staff have reviewed the proposal and illustrations and find that they are appropriate for the PCA district. We further find that the location and design of the proposed sign would be consistent with the spirit, purpose and intent of the PCA district. We therefore recommend approval of the location and design of the sign, subject to compliance with the Zoning Ordinance restriction noted above, and submit the attached resolution for your consideration.

Respectfully submitted,
 MARCUS D. LOPER
 Deputy Director

By Council Member Everett:

Whereas, the Sterling Group has requested to erect a sign on the wall of 333 W. Fort above the main entrance of the parking garage facing Washington Boulevard; and

Whereas, the property at 333 W. Fort is located in a PCA (Restricted Central Business District) zoning district classification, and, therefore, requires City Council approval of the location and design of any proposed sign in accordance with the provisions of Section 113.0200 of the Zoning Ordinance; and

Whereas, the City Planning Commission staff has reviewed the location and design of the proposed sign and finds that it is consistent with the spirit, purpose and intent of the district as indicated in the foregoing communication;

Now, Therefore Be It Resolved, that the Detroit City Council hereby approves the location and design of the proposed sign as described in the foregoing communication from the City Planning Commission staff and as presented in the plans submitted by Hardy and Sons Sign Service on December 19, 2000, subject to the sign's compliance with the Zoning Ordinance restriction on the projection of signs in PCA districts.

Yeas — Council Members Cleveland, K. Cockrel, Jr., S. Cockrel, Everett, Hood, Mahaffey, Scott, and President Hill — 8.

January 12, 2001

Honorable City Council:

Re: Revised Award Recommendation — Detroit Housing Commission — DHC File No. H428 — Hazardous Material Abatement Jeffries Homes.
The Detroit Housing Commission

under section 14-5-10 of the City Code recommends the award of the following:

H428—(100% Federal Funding) (C.C.R. 9/16/00) — Hazardous Material Abatement — Jeffries Homes. Contractor to abate hazardous material in conjunction with ongoing demolition of the Jeffries High Rises. Certified Abatement Services, Inc., 3715 Gorey Ave., Flint, MI. Thirteen (13) items, prices range from \$500.00/item to \$49,250.00/item. Lowest Responsive and Responsible Bidder, Total Cost: \$212,638.00.

On November 9, 2000, DHC submitted for the above reference File, which was approved by your Honorable Body on November 22, 2000. The recommended award was to Focal Point Ltd. of Ferndale, MI as the lowest total bidder at \$208,677.00. DHC request to rescind the award resolution and authorization, to contract with Focal Point Ltd. to provide Hazardous Material Abatement for the Jeffries Homes Demolition and revise it's award to as indicated above in this resolution.

The following information is contained in the resolution submitted and approved by the Detroit Board of Housing Commissioners on January 8, 2001.

Summary

After issuance of the preliminary award notice for the referenced services, DHC Purchasing received a protest of the award recommendation from the second lowest bidder Certified Abatement Services, Inc. (CSA). Following a reexamination by the Purchasing Division, assistance from DHC's General Counsel staff, we concluded the prior recommended awardee, Focal Point Ltd., staff member's lacked the required technical certification from the U.S. Environmental Protection Agency (EPA) to supervise the work and therefore their bid has been rejected.

Focal Point Ltd. bid proposed to sub-contract the actual work to another firm. After the reexamination of all submissions including the requested supplemental information, CSA was determined to be the lowest responsive responsible bidder and therefore now recommended for award for the work described above.

Additional Background:

In compliance with DHC Procurement Policy, Federal Procurement Regulations and Detroit City Codes regarding procurement, DHC held in abeyance its award recommendation after receiving the protest or objection to its award recommendation. After reexamination of all bids received, it was determined that none of the bid submissions were complete in that each bid lacked one or more of the documents which were required pursuant to the bid specifications.

On December 1, 2000, DHC issued a notice to all bidders to rescind the preliminary award and allowed bidders to sup-

plement its prior bid package by completing or providing information required from the bid specifications.

After staff review of the supplemental information, staff recommended revising the award recommendation as presented in this resolution.

The contract will allow the Detroit Housing Commission to abate additional hazardous material in the High Rises at the Jeffries Homes. The contractor will provide service in conjunction with the existing demolition occurring at the Jeffries Homes.

Financial Considerations:

The contract is for an amount of \$212,638.00 which is \$3,961.00 greater than the rejected bid from Focal Point Ltd. for \$208,677.00. The original bids were tabulated as follows; 1) Focal Point Ltd. \$208,677.00, 2) CSA \$212,638.00, 3) Qualified Abatement Services \$219,450.00.

The approval of your Honorable Body and a waiver of reconsideration are requested.

Honorable City Council:

Re: Debra Jones-Rayford vs. City of Detroit — Detroit Water & Sewage Department and Carvin Shackelford. Case No. 99-906080 CZ.

On December 18, 2000, this matter was mediated for One Hundred Twenty-Five Thousand (\$125,000.00) Dollars in favor of Plaintiff, Debra Jones-Rayford, and against the City of Detroit and Carvin Shackelford. If all parties accept the mediation panel's evaluation, judgment will be entered in that amount, which includes all fees, costs, and interest to the date of judgment. If a party rejects the evaluation, the case proceeds to trial, however, the party rejecting evaluation must pay additional sanctions if the trial results are not favorable.

We have reviewed the above-captioned civil lawsuit, the facts and particulars of which are set forth in the memorandum.

From this review, it is our considered opinion that an acceptance of the mediation evaluation in the amount of One Hundred Twenty-Five Thousand (\$125,000.00) Dollars is in the best interest of the City of Detroit. The acceptance of the mediation evaluation does not guarantee settlement of the matter in this amount since the plaintiff has the right to reject the award and proceed to trial, however, the amount of the award is fair and reasonable and an eventual settlement of this matter in this amount is prudent.

We, therefore, request you to authorize the acceptance of the evaluation and to direct the Finance Director to issue his draft in the amount of One Hundred Twenty-Five Thousand (\$125,000.00) Dollars payable to Debra Jones-Rayford and David Greco, her attorney, to be delivered upon receipt of the notice of mediation settlement, properly executed Releases and Order of Dismissal.

On January 4, 2001, a mediation panel evaluated the above-captioned lawsuit and awarded One Hundred Eighty-Five Thousand Dollars (\$185,000.00) in favor of Plaintiff. The City of Detroit acquired as a tax

reverted parcel property from the State of Michigan, Lot 73; located on the East side of Vaughan between Vassar and St. Martins.

The subject property in question is a single family frame residential in need of rehabilitation and located in an area zoned R-1.

This property was advertised for sale to the public on a bid sale basis in an "as is" condition. The price was set at \$7,200.00 with terms of sale on a cash basis by our sealed bid procedure to include a 10% deposit in money order or certified check to accompany any bid offering submitted.

Further, the successful bidder would be required to sign an affidavit of "non-occupancy" until a Certificate of Approval is obtained and agree to apply and pay for a 4-1 Special Inspection from the Department of Buildings and Safety Engineering.

Further, the successful bidder would be required to rehabilitate the structure currently existing on the property being conveyed, within six (6) months from receipt of a Quit Claim Deed by the City of Detroit. "Also, the subject property must be registered with the Buildings and Safety Engineering Department as a rental property."

Further, if purchaser fails to complete the rehabilitation of the structure within the time specified herein, the City of Detroit shall have the power to terminate the sale herein conveyed and the right to re-enter and repossess.

At the time of the bid opening, no bids were received for the property. The property was then offered for sale on a "first come" basis, with a minimum acceptable bid of \$3,600.00. An Offer to Purchase was received from Yolonda Strickland, in the amount of \$3,600.00 on a cash basis.

We request your Honorable Body's approval to accept this Offer to Purchase from Yolonda Strickland, in the amount of \$3,600.00 on a cash basis.

 Re: Surplus Property Sale By Development Agreement. Development Disposition: 81 Peterboro & 3136-3148 Park.

We are in receipt of an offer from Landy Cass Avenue Development, Inc., a Michigan Corporation, to purchase the above-captioned property for the amount of \$20,200.00 and to develop such property. This property consists of a vacant commercial brick building which is located on an area of land that measures approximately 19,232 square feet and is zoned R-6 (High Density Residential District).

The Offeror proposes to rehabilitate the existing building into an eight (8) unit apartment complex. The adjacent land will be developed into a paved surface parking lot for the storage of licensed operable vehicles to accommodate the tenants. Any area not paved will be appropriately landscaped to enhance the overall site.

The rehabilitated building and site will be consistent with the elements of design for the Peterboro-Charlotte Historic District and with "The Secretary of the Interior's Standards For Rehabilitation". This use is permitted as a matter of right in a R-6 zone. This proposal was presented to the Detroit Historic District Commission on June 14, 2000 and supported by that body.

We, therefore, request that your Honorable Body adopt the sale and authorize the Finance Department Director to execute an agreement to purchase and develop this property with Landy Cass Avenue Development, Inc., a Michigan Corporation.

Honorable City Council:
 Re: Establishment of a Neighborhood Enterprise Zone (NEZ).

Attached please find a resolution and legal description which will establish the Woodmont Estates Neighborhood Enterprise Zone in accordance with Public Act 147 of 1992 ("the NEZ Act"). The establishment of the NEZ was requested by the West Detroit Inter-Faith Community Organization.

The public hearing required by the NEZ Act was held by your Honorable Body on November 27, 2000. The date of the public notice of the public hearing was November 17, 2000.

The NEZ Act requires the passage of at least sixty days between the date of the notice of the public hearing and the date of the passage of the resolution establishing the NEZ. Therefore your Honorable Body may pass the attached resolution at your formal session of January 17, 2001, and we recommend that you do so.

Whereas, the Detroit City Council desires to take advantage of the Neighborhood Enterprise Zone Act; and

Whereas, the Detroit City Council finds that designation of certain areas as Neighborhood Enterprise Zones is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay of others; and

Whereas, The Detroit City Council has found the proposed Neighborhood Enterprise Zone consistent with the

Detroit Master Plan of Policies and the neighborhood preservation and economic development goals of Detroit; and

Whereas, The Detroit City Council has adopted a statement of City's goals, objectives and policies relative to the maintenance, preservation, improvement, and the development of housing for all persons regardless of income level living within proposed Neighborhood Enterprise Zones; and

Whereas, The Detroit City Council has passed a housing inspection ordinance requiring that before the sale of a unit in a new or rehabilitated facility for which a neighborhood enterprise zone certificate is in effect an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

Whereas, The Neighborhood Enterprise Zone Act requires that designation of Neighborhood Enterprise Zones must be approved by a resolution adopted by the local government unit; Now, Therefore Be It

Honorable City Council:

Re: Surplus Property Sale By Development Agreement. Development Disposition: 3131-3143 Woodward.

On February 8, 1999, your Honorable Body authorized the sale of the above-captioned property to Walker Brothers Catering Building, L.L.C., a Michigan Limited Liability Company, for the amount of \$60,000.00 for the rehabilitation of a vacant commercial building. This building

sits on an area of land which measures approximately 6,845 square feet and is zoned B-4 (General Business District). The Offeror proposes to rehabilitate the building for commercial and retail use. This use is permitted as a matter of right in a B-4 zone.

It has come to our attention that construction and rehabilitation on this property has been delayed due to circumstances beyond the Developer's control and the pending approval of a construction loan.

The construction loan has now been granted. However, the bank is requesting several changes be made to the Development Agreement prior to releasing any funds to the Developer. As a result, the Developer is requesting that the Development Agreement be amended to extend the development period to December 31, 2001, indicate that the construction plans were approved by the Planning and Development Department, in case of default or lien the City will notify the bank, delete Sections 19(A) and 19(D) and replace the Exhibit B to the Development Agreement with an amended version. Further, Joel Landy, the manager of Walker Brothers Catering Building, L.L.C., has completed previous developments in a timely manner and has provided satisfactory evidence that the development will be completed within the time period that is being requested.

We, therefore, request that your Honorable Body adopt the attached resolution, authorizing an amendment to the Development Agreement.

Respectfully submitted,
PAUL A. BERNARD
Director

By Council Member Scott:

Resolved, That the sales resolution and the agreement to purchase and develop the following property as described on the tax rolls as:

Legal Description

Land in the City of Detroit, County of Wayne and State of Michigan being the North 26.50 feet of Lot 1; B72 Plat of Subdivision of Park Lots 72, 73, 74, 75, 76, City of Detroit, 1854. Rec'd L. 53, P. 196 Deeds, W.C.R. Also, the South 35.53 feet of Lot 1; B71 Scott's Subdivision of Park Lots 70 and 71, City of Detroit. Rec'd L. 1, P. 249 Plats, W.C.R.

be amended to reflect that the completion of construction be extended to December 31, 2001, indicate that the construction plans were approved by the Planning and Development Department, in case of default or lien the City will notify the bank, delete Sections 19(A) and 19(D) and replace the Exhibit B to the Development Agreement with an amended version.

and be it further

Resolved, That the amendment to the agreement to purchase and develop be

considered confirmed when signed and executed by the Finance Director and approved by Corporation Counsel as to form.

Whenever the City shall deliver any notice or demand to the Developer with respect to any default by the Developer in its obligations or covenants under this Agreement, the City shall at the same time forward a copy of such notice or demand to each holder of any mortgage authorized by this Agreement, including Bank One, at the last address of such holder shown in the records of the City."

6. Sections 19(A) and 19(D) are deleted.

City Planning Commission

January 17, 2001

Honorable City Council:
Re: Petition of Bob's Transmission (#0786), requesting commercial alley closure in the area of Eight Mile Road, Archdale and Oakfield. (Recommend Approval)

In response to your Honorable Body's request on January 8, 2001, City Planning Commission (CPC) staff hereby submits its report regarding the aforementioned petition. Staff conducted a site visit of Bob's Transmission, located on W. Eight Mile road, between Archdale and Oakfield. Currently, the specified alley is blocked off with a fence on the east side of Oakfield.

Furthermore, the alley is blocked off on the west side of Archdale Street, in the rear of Empire Windows and Doors, an adjoining business.

Bob's Transmission has one access driveway off Eight Mile Road that serves as the entrance and exit for customers. Parking is provided on the west side of the building and in the rear. The petitioner owns and uses a lot south of the alley for parking and/or storage of cars.

Blockage of the existing alley does not appear to have a negative impact on the homes in the adjacent residential area since they contain driveways that provide access to their garages. A fence, approximately six feet high, buffers the residential area from the adjacent businesses. The alley that runs north and south in the rear of the existing homes between Archdale and Oakfield is legally closed. The use of the alley by the businesses on Eight Mile also lessens the need for commercial or customer vehicles to park along Oakfield or Archdale. Further, the alley provides a linkage to the property owned by the petitioner located south of the alley off Archdale.

In consideration of the above stated facts, approval from the appropriate departments and consent from the adjacent property owners, CPC staff recommends approval of the alley closure.

Honorable City Council:
Re: Petition No. 786. Bob's Transmission. Alley to Easement east-west public alley in the block bounded by Archdale, Oakfield, Hessel and W. Eight Mile.

Petition No. 786 of "Bob's Transmission" requests the conversion of the east-west public alley, 20 feet wide, in the block bounded by Archdale, Oakfield and Hessel Avenues, and W. Eight Mile Road into a private easement for public utilities.

Traffic Engineering Division — DPW, and Solid Waste Division — DPW approved the requested conversion. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report:

"Bob's Transmission" plans to use the paved alley return entrances (into Archdale and/or Oakfield Avenues) and requests such remain in their present status. "Bob's Transmission" shall pay all incidental removal costs whenever discontinuance of use makes removal necessary.

Detroit Edison Company, and the Water

and Sewerage Department will require unimpeded access to service their existing facilities. Other city departments and privately owned utility companies reported no objections to the conversion of public rights-of-way into a private easement for public utilities. Provisions protecting utility installations are part of the resolution.

I am recommending adoption of the attached resolution.

Be and the same is hereby vacated as a public alley and is hereby converted into a private easement for public utilities of the full width of the alley, which easement shall be subject to the following covenants and agreements, uses, reservations and regulations, which shall be observed by the owners of the lots abutting on said alley and by their heirs, executors, administrators and assigns, forever to wit:

First, said owners hereby grant to and for the use of the public an easement or right-of-way over said vacated public alley herein above described for the purposes of maintaining, installing, repairing, removing, or replacing public utilities such as water mains, sewers, gas lines or mains, telephone, electric light conduits or poles or things usually placed or installed in a public alley in the City of Detroit, with the right to ingress and egress at any time

to and over said easement for the purpose above set forth,

Second, said utility easement or right-of-way in and over said vacated alley herein above described shall be forever accessible to the maintenance and inspection forces of the utility companies, or those specifically authorized by them, for the purpose of inspecting, installing, maintaining, repairing, removing, or replacing any sewer, conduit, water main, gas line or main, telephone or light pole or any utility facility placed or installed in the utility easement or right-of-way. Free and easy access to the public sewers (12 and 24-inches diameter) within the utility easement is required for Water and Sewerage Department equipment, including the use of backhoes, bull dozers, cranes or pipe trucks, and other heavy construction equipment, as necessary for the alteration or repair of the sewer facilities. The utility companies shall have the right to cross or use the driveways and yards of the adjoining properties for ingress and egress at any time to and over said utility easement with any necessary equipment to perform the above mentioned tasks, with the understanding that the utility companies shall use due care in such crossing or use, and that any property damaged by the utility companies, other than that specifically prohibited by this resolution, shall be restored to a satisfactory condition,

Third, said owners of the adjoining property, for themselves, their heirs and assigns further agree that no buildings or structures of any nature whatsoever including, but not limited to, porches, balconies, patios, concrete slabs or driveways, retaining or partition walls, (except necessary line fence; said fence and gate installations shall be subject to the review and approval of the Water and Sewerage Department, Fire Marshal, Buildings and Safety Engineering Department, and the Detroit Edison Company, if necessary) shall be built or placed upon or over said easement, nor storage of materials, nor change of surface grade made, without prior written approval and agreement with the Water and Sewerage Department, and City Engineering Division — DPW,

3, mentioned above, then in such event said owners or assigns shall be liable for all costs incidental to the repair of such broken or damaged utility, and shall also be liable for all claims for damages resulting from their action; and further

Provided, That if it becomes necessary to remove one and/or both of the paved alley returns at their entrance (into Archdale and/or Oakfield Avenues), such removal and construction of new curb and

sidewalk shall be done under city permit and inspection according to City Engineering Division — DPW specifications with all costs borne by “Bob’s Transmission” and/or the abutting owner(s), their heirs or assigns; and further

Provided, That the City Clerk shall within 30 days record a certified copy of this resolution with the Wayne County Register of Deeds.

Honorable City Council:

Re: Petition #1146, Welcome Missionary Baptist Church, requesting alley closing north of Mack between Philip and Manistique (Recommend Approval).

City Planning Commission staff submits this report in response to the request from your Honorable Body to review the aforementioned petition. The

Welcome Missionary Baptist Church is located at 14625 Mack Avenue at Philip. The church is requesting the alley closing to accommodate access to parking for a proposed new church.

The site for the proposed church is on Philip Street, north and adjacent to the alley to be closed. Welcome Missionary Baptist Church owns the property. The land is zoned R2 (Two-family Residential District) and the church has received approval from the Board of Zoning Appeals. The alley will provide access to parking that will be located on the current site of the church on Mack Avenue at Philip Street. That land is zoned B4 (General Business District) and parking is permitted as a matter of right. Access to parking will be from Philip Street and should not negatively impact the residential area to the north of the site for the new church.

The church is in process of purchasing four vacant lots on Manistique for additional parking, directly behind the site for the new church.

City Planning Commission staff recommends that the subject alley be closed.

 Re: Petition No. 2303 — Real Estate Group, Inc., and Loft Works, Ltd. requesting conversion to easement of the public alleys and to maintain existing fence encroachment in the block bounded by Brush, Beaubien, R.R. R.O.W., and E. Milwaukee.

Petition No. 2303 of "Real Estate Group, Inc.", and "Loft Works, Ltd.", request permission to maintain a fence encroachment approximately 2.00 feet x 141.00 feet into E. Milwaukee Ave., 60 feet wide, and 2.00 feet x 180.00 feet into Brush Street, 60 feet wide, and request the conversion of the north-south & east-west public alleys 20 feet wide & the east-west public alley 15 feet wide in the block bounded by Brush, Beaubien, N.Y.C. Railroad, and E. Milwaukee into private easements for public utilities.

The request was approved by the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The Public Lighting Department (PLD) will require a minimum vertical clearance of one foot, and a minimum horizontal clearance of three feet between PLD facilities and the existing fence encroachment. The Detroit Water and Sewerage Department (DWSD) will require a minimum vertical clearance of one foot, and a minimum horizontal clearance of three and one-half feet between DWSD sewers, drains, water mains, fire hydrants, catch basins, sewer and water manholes (and any other DWSD facilities) and the existing fence encroachment.

The petitioner plans to use the paved street return entrance (into E. Milwaukee and Beaubien) and request such remain in their present status. The petitioner shall pay all incidental removal costs whenever discontinuance of use makes removal necessary.

All other city departments and privately owned utility companies have reported no objections to the encroachments and the conversion of public rights-of-way into private easements for public utilities. Provisions protecting utility installations are part of the resolution.

Honorable City Council:

Re: Request for Continued Closed Session of Detroit City Council to Discuss The Legal Representation Request for Officer Moore in the Matter of Eric Vance v City of Detroit, et al, Case No. 98-827079.

Pursuant to your Honorable Body's request to the Law Department, the Law Department is prepared to proceed with the continued closed session to discuss the legal representation request for Officer Moore in the lawsuit of Eric Vance v City of Detroit, et al.

Act 267 of the Public Acts of 1976, commonly referred to as the "Open Meetings Act," allows a public body, upon a two-thirds roll call vote of its members to:

To consult with its attorney regarding trial or settlement strategy in connection with specific pending litigation, but only if an open meeting would have a detrimental financial effect on the litigating or settlement position of the public body. MCL 15.268(e)

It is the opinion of the Law Department that an open meeting would have a detrimental financial effect on the City of Detroit in the on-going litigation referenced above.

Respectfully submitted,

MATTHEW SCHENK,

Legislative Assistant

Corporation Counsel

RESOLUTION OPPOSING JOHN ASHCROFT FOR U.S. ATTORNEY GENERAL

By COUNCIL MEMBER MAHAFFEY,
Joined By ALL COUNCIL MEMBERS:

WHEREAS, Senator John Ashcroft (R-MO) has been nominated by President-elect George Bush for U.S. Attorney General. Ashcroft's confirmation should be opposed due to his extreme record of opposition to civil and reproductive rights, and

WHEREAS, Not only has Ashcroft vociferously expressed his opposition to the very laws that he will be expected to enforce, he has also consistently sought the appointments of only those judges who share his extreme views. Analysis of Sen. Ashcroft's record shows a pattern of delay and opposition to women and minority judicial nominees. He voted against confirmation of Margaret McKeown to the Ninth Circuit Court of Appeals as well as African American Missouri Supreme Court Judge Ronnie White based on a distortion of Judge White's voting record on the death penalty, and

WHEREAS, As Attorney General, Ashcroft would wield enormous power over the existence and protection of federal laws, including those relevant to women's reproductive health. As a senator, John Ashcroft co-sponsored a resolu-

tion calling for a constitutional amendment to ban abortion, even in the cases of rape or incest and to outlaw several of the most common methods of contraception. He voted in favor of overturning *Roe v. Wade* and denying a constitutional right to safe and legal abortion services, and

WHEREAS, Ashcroft voted against the Hate Crimes Prevention Act which would have strengthened the federal response to hate crimes motivated by race, color, religion or national origin. In March, 1998, Ashcroft voted to eliminate the Disadvantaged Business Enterprise Program, which requires the inclusion of women and minorities in federal transportation contracting. His affiliation with Bob Jones University, a university infamous for its racially discriminatory policies and *Southern Partisan*, a neo-Confederate magazine, indicate that he shares the views of the radical right and not the majority of elected officials. And,

WHEREAS, Numerous civil and women's rights groups united in opposing Senator Ashcroft's confirmation for Attorney General include the N.A.C.C.P. and American Association of University Women. THEREFORE, BE IT

RESOLVED, That the Detroit City Council opposes the confirmation of Senator John Ashcroft for U.S. Attorney General. His expressed views and voting record demonstrates his hostility to basic civil and reproductive rights and his lack of commitment to upholding and enforcing current law and equal rights for *all* Americans. BE IT FURTHER

RESOLVED, That the Detroit City Council directs the City Clerk to forward copies of this resolution to U.S. Senators Carl Levin and Debbie Stabenow, as well as the entire Michigan Congressional delegation, to the American Association of University Women and both the Detroit and National offices of N.A. A.C.P.

Yeas — Council Members Cleveland, K. Cockrel, Jr., S. Cockrel, Everett, Hood, Scott, Tinsley-Talabi, and President Pro Tem. Mahaffey — 8.

STATEMENT FOR THE RECORD

VANCE VS. CITY OF DETROIT

MARYANN MAHAFFEY,

PRESIDENT PRO TEM

JANUARY 26, 2001

My "no" vote on the case of Vance vs City of Detroit, Case #98-827079 is based on the failure of the City to ask for representation in the beginning instead, coming to us only after having lost in court and after filing an appeal. The cost to the City is high — however, it is high because the City administration violated the charter by not bringing this case to Council until after the fact. Given the circumstances, Council might have voted not to represent the officer. The jury found that the officer acted in bad faith. Punitive damages are not the obligation of the City, and the City did not have to take on the obligation to pay the millions of dollars in punitive damages.

I can no longer quietly stand by while the departments and administration flout the charter and then expect Council to rubber stamp their solutions to their errors.

MARYANN MAHAFFEY

*ON WAIVERS OF RECONSIDERATION

Council Member Mahaffey moved to waive the right to reconsider the vote by which each resolution and/or ordinance was adopted.

And the Council then adjourned.

January 19, 2001

Honorable City Council:

Re: Amendment No. 4 to Contract Purchase Order No. 2505516 (Formerly FICS Contract #75564), Andersen Consulting LLP — Income Tax Improvement Project.

Your Honorable Body has before you Amendment No. 4 to Contract Purchase Order No. 2505516 between the City of Detroit, Finance Department and Andersen Consulting LLP in the amount of \$3,365,000 for payment of tax collection commissions earned by the subcontractor MTB during this contract.

The purpose of this amendment is to provide funding for MTB commissions, which are above and beyond the contract amount, for discovery and enforcement programs resulting in the collection of delinquent and unpaid City of Detroit Municipal Income Taxes. During the three-year contract period, MTB collected over \$17M for the City. The compensation in this amendment compensates the subcontractor for its collection commissions earned.

We therefore request your approval of Amendment No. 4 in Contract Purchase Order No. 2505516.

Honorable City Council:
Re: Petition No. 2162 — Lear Corporation, request for conversion to easement of the remaining portion of Healy Street north of Nancy Street.
Petition No. 2162 of the "Lear Corporation," requests the conversion of

the remaining portion of Healy Street, 50 feet wide, north of Nancy Street, 50 feet wide into a private easement for public utilities.

The request was approved by the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW provided that 100% of the signatures of the abutting owners are secured. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report:

The petitioner shall pay all incidental removal costs of the paved street return entrance (into Nancy Street) whenever discontinuance of use makes removal necessary.

The Detroit Water and Sewerage Department (DWSD) reports there are an existing water main within Healy Street north of Nancy Street. However, DWSD has no objection to the requested conversion to easement provided that an easement of the full width of the street is reserved.

Michigan Consolidated Gas Company (MichCon) reports there is an existing 4" cast iron gas main in said right-of-way. However, MichCon has no objection to the requested conversion to easement provided that an easement of the full width of the street is reserved.

All other City departments and private-owned utility companies have reported no objections to the conversion of public rights-of-way into a private easement for public utilities. Provisions protecting utility installations are part of the resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,

Process for**

Reviewing Hardship Applications

1. The Applicant must **own and occupy** the property as their primary Homestead.

2. Applicant is required to complete a 4-page application form along with required documentation verifying family composition, all sources of annual income, i.e., rents, Family Independence Agency grants, Michigan Homestead credit, medical and household bills, all

other assets, bank settlements and other pertinent data requested on the application. A copy of application is attached.

The Applicant is required to submit to the Board of Review the federal and state income tax returns for all persons residing at the property, including any property tax credit returns, filed in the immediately preceding year or in the current year or submit the enclosed affidavit explaining why no income tax returns were filed.

3. HOUSEHOLD (RELATED AND NON-RELATED) COMPOSITION AND ANNUAL INCOME — While recognizing that there is no universally agreed upon view as to what constitutes poverty, the Detroit Board of Review has established the following maximum eligible income as a "guideline" and as an aid in eliminating subjective judgments for reviewing 2001 petitions.

Number of Exemptions	Maximum Eligible Income
0-1	\$13,000.00
2	16,633.00
3	18,764.00
4	21,986.00
5	25,262.00
6	28,505.00

Add \$1,005.00 to the income limit for each exemption above six.

In addition, the total household assets (i.e., bank accounts, rental properties) shall not exceed \$2,500.

4. Each Applicant is reviewed as to its individual circumstances based upon all facts submitted by the Applicant. All information is utilized by the Board of Review in judging the taxpayer's ability to meet the tax obligation. If the taxpayer is within the above guidelines, the taxpayer will be granted an exemption. If the taxpayer is outside the above guidelines, the exemption will usually be denied.

If the taxpayer shows extraordinary circumstances that are substantial and compelling, the Board of Review may deviate from the above guidelines and grant or deny a full or partial exemption. In such an instance, the taxpayer shall be advised in writing of the substantial and compelling reasons for the granting or denying of an exemption and the reasons shall also be noted on the application. These guidelines are in accord with the amendments to Section 7(u) of M.C.L.A. 211 et. seq.

It should be noted that each taxpayer's circumstances are considered anew each year.

Honorable City Council:

Re: Resolution Authorizing the Issuance and Sale of Not to Exceed \$750,000,000 Water Supply System Revenue and Revenue Refunding Bonds.

The attached Resolution authorizes the issuance and sale of the subject Bonds for the purpose of providing approximately \$450 million for financing the ongoing Water Supply System Capital Program. In addition, the Resolution authorizes up to an additional \$300 million to be used for refunding certain of the currently outstanding Water Supply System Revenue Bonds.

Because of a continued decline in interest rates, certain of the previously issued Water Bonds may be refinanced, thereby producing interest savings. The actual amount of Bonds will likely be reduced, depending on which Bonds may be economically refunded at the time of the actual sale.

In accordance with existing ordinances, the Resolution also authorizes the Finance Director to utilize existing funds in the Extraordinary Repair and Replacement Fund and in the Bond Reserve Fund to finance a portion of the Capital Improvement Program.

It is anticipated that the sale will occur in early March. The attached Resolution has been prepared by Bond Counsel and I recommend its adoption by your Honorable Body, with waiver of reconsideration, at your formal session. If there are any questions, we are prepared to address them Tuesday, January 30, 2001 at 3:00 p.m. in the Finance Department (Small Conference Room).

Respectfully submitted,
J. EDWARD HANNAN
Finance Director

January 23, 2001

Honorable City Council:

Re: Adelphia Telecommunications Permit Application/Resolution.

Pursuant to the applicable provisions of the 1997 Detroit City Charter, the above-referenced Resolution is being submitted to your Honorable Body for consideration.

The Detroit Telecommunications Ordinance,¹ requires that a permit be obtained before the public rights-of-way may be used to establish a system to provide telecommunications services.

Attached to this letter is a proposed Resolution and form a Permit. The attached Resolution approves issuance of the Telecommunications Permit to Adelphia Business Solutions Operations, Inc. ("Adelphia"). Because of the statutory 90-day period to approve/deny/or approve with conditions Adelphia's permit Application, the Resolution was approved administratively by the Detroit Cable Communications Commission on December 13, 2000, subject to ratification by the Detroit City Council and other conditions. Accordingly, the attached Resolution needs to be placed on City Council's agenda for approval.

Background

The City of Detroit's telecommunications Ordinance (Article V of Chapter 9.5) sets forth a telecommunications permit procedure under the Michigan Telecommunications Act of 1995 where the City Council can approve or deny issuance of a telecommunications permit within 90 days after submission of a complete application. On Thursday, December 13, 2000, the City of Detroit Cable Communications Commission held a duly noticed public meeting on the Adelphia Telecommunications Permit Application. The Cable Commission voted to issue the Permit administratively and to recommend to City Council that it ratify Adelphia's Permit.

Applicant

The fiber optic telecommunications system to be operated by Adelphia in Detroit will allow it to provide such competitive services as local and long distance telephone, Internet, and messaging. Adelphia does not plan to install and construct its own conduit. Instead, it will pull new cables through pre-existing Level 3 Communications, LLC conduit.

¹1984 Detroit City Code Sec. 9.5-5-1 *et seq.*

Under the Telecommunications Ordinance and the associated Permit, Adelphia agreed to post a bond in the amount of \$50,000, pay a non-refundable Telecommunications Permit application fee of \$10,000, and pay an annual right-of-way fee of one percent of Adelphia's gross revenues from its telecommunications services in Detroit.

We are available to answer any questions that you may have concerning this proposed Resolution. Thank you for your consideration. A WAIVER OF RECONSIDERATION IS REQUESTED.

Respectfully submitted,

Senior Counsel

By Council Member Mahaffey:

Whereas, Public Act 216 of 1995 ("Act 216") requires telecommunications providers to obtain a permit from the City of Detroit for access to and ongoing use of public rights-of-way under the City's control and jurisdiction; and

Whereas, The City has adopted a Use of Public Way by Telecommunications Providers Ordinance, Chapter 9.5, Sections 9.5-5-1 through 9.5-5-22 of the City Code, to regulate the access to and ongoing use of public ways by telecommunications providers; and

Whereas, Section 9.5-5-5 of the Ordinance provides that no person shall install, construct, maintain, repair, or operate a telecommunications system within the public ways, or use the public ways to provide telecommunications services, without a permit issued pursuant to the Ordinance; and

Whereas, Section 254 of Act 216 provides that "a provider using the highways, streets, alleys, or other public places, shall obtain a permit pursuant to Section 251" of that Act; and

Whereas, On or about October 16, 2000, Adelphia Business Solutions Operations, Inc. filed a Permit Application for Access To and Ongoing Use of Public Ways; and

Whereas, The City of Detroit Cable Communications Commission and the City of Detroit Law Department recommended and approved issuance of a Telecommunications Permit to Adelphia Business Solutions Operations, Inc. subject to certain conditions (the "Permit"); and

Whereas, The City of Detroit approved issuance of the Permit to Adelphia Business Solutions Operations, Inc. administratively as of December 13, 2000; and

Whereas, The Permit was issued to Adelphia Business Solutions Operations, Inc. as of December 19, 2000, subject to

the conditions set forth therein, approval and ratification by City Council, and any conditions set forth by City Council, a copy of the Permit is attached to this Resolution as Exhibit A; and

Whereas, Section 9.5-5-6 of the Ordinance requires an applicant to pay a non-refundable application fee in an amount established by ordinance or resolution of the City Council, such fee being designed to reimburse the City for costs of reviewing an application for a permit; and

Whereas, The application fee is Ten Thousand Dollars (\$10,000) and Adelpia Business Solutions Operations, Inc. has agreed to pay such fee; and

Whereas, Section 9.5-5-7 of the Ordinance requires a Permittee to pay an annual fee in an amount established from time to time by ordinance or resolution of the City Council and Adelpia Business Solutions Operations, Inc. has agreed to pay such fee; and

Whereas, In adopting this Resolution and in approving the Permit, the City has relied on information and materials submitted and provided by Adelpia Business Solutions Operations, Inc., and to the extent any such information or materials are deemed by the City to be false, inaccurate, incomplete, or misleading, then the City desires to reserve the right to amend, rescind, modify or otherwise limit this Resolution;

Whereas, The City of Detroit Law Department recommended that the City approve and ratify issuance of the Permit subject to conditions, namely payment of the application fee, and posting of a bond in the form and amount acceptable to the Law Department and which amount shall not exceed the reasonable cost to ensure that the Public Ways are returned to their original condition during and after Adelpia Business Solutions Operations, Inc.'s access and use; and

Whereas, The City of Detroit hereby declares that it is necessary and desirable to protect the public health, safety, and welfare and to reasonably control the City's rights-of-way by granting a permit to Adelpia Business Solutions Operations, Inc. subject to the conditions hereinafter set forth.

Now, Therefore, Be It Hereby Resolved, The City hereby approves of and ratifies issuance of the Permit to Adelpia Business Solutions Operations, Inc., attached hereto as Exhibit A, for access to and ongoing use of the locations in the public rights-of-way of the City of Detroit specified in the Permit, subject to the terms and conditions set forth in the Ordinance entitled Use of Public Ways by Telecommunications Providers and subject, without limitation, to the following conditions:

1. Payment of the Ten Thousand Dollar (\$10,000) application fee.

2. Payment of an annual fee on or before November 1 of each year of one percent (1%) of gross annual revenues derived from telecommunications services carried on Adelpia Business Solutions Operations, Inc.'s telecommunications system in the City, retroactive to the issuance date of the Permit.

3. Posting of a bond in the amount of at least Fifty Thousand Dollars (\$50,000) and in a form acceptable to the Law Department and which amount shall not exceed the reasonable cost to ensure that the Public Ways are returned to their original condition during and after Adelpia Business Solutions Operations, Inc.'s access and use.

Be It Further Resolved, That acceptance of the Permit by Adelpia Business Solutions Operations, Inc. constitutes an agreement that issuance of the Permit is not a waiver of the City's right to enforce the Ordinance and Act 216 in any respect; and

Be It Further Resolved, That the Permit hereby approved and ratified shall not constitute approval of the transfer to Adelpia Business Solutions Operations, Inc. of any permits or authorizations granted by the City to others; and

Be It Further Resolved, The City in adopting this resolution and in approving the permit, has relied on information and materials submitted and provided by Adelpia Business Solutions Operations, Inc., and to the extent any such information or materials are deemed by the City to be false, inaccurate, incomplete, or misleading, then the City reserves the right to amend, resind, modify or otherwise limit this resolution; and

Be It Further Resolved, That in addition to all rights provided in the Ordinance, City reserves all rights under its police powers and rights and powers conferred by Federal law, the Michigan Constitution, Michigan statutes and decisions, the Charter, the City Code, and City ordinances which City is allowed to exercise, including the ability to amend the Permit from time to time; and

Be It Finally Resolved, That the City Council hereby waives reconsideration of this Resolution.

Charter, the Detroit City Code, and City ordinances which the City is allowed to exercise.

9. Reliance. The issuance of this Permit is based upon the information and materials submitted by the Permittee in its Application for Access to and ongoing use of Public Ways and provided by Permittee in the application process. 2. The Permit is subject to the City of Detroit Engineering Department's review and approval and modification, if necessary, of the proposed routes and plans and Permittee shall not commence construction upon, over, across or under the Public Ways or in the City without first obtaining a construction permit as required under Chapter 50 of the City Code, as amended, which shall apply to the construction of a Telecommunications System.

3. 4. This Permit shall expire one (1) year from the Issuance Date unless Permittee commences construction, installation, or operation of its Telecommunications System.

5. Permittee shall install its Telecommunications System along those portions of the routes described in the maps attached hereto as Exhibit A.

6. By acceptance of this Permit, Permittee acknowledges that the location and depth of the Telecommunications System within the Public Ways have been approved by the City Engineer to avoid or minimize interference with existing or future sewers, water lines, utilities, or other public improvements.

7. Permittee shall, at its sole cost and expense, indemnify and hold harmless the City, all associated, affiliated, allied and subsidiary entities of the City now

existing or hereinafter created, including, without limitation, the City of Detroit Cable Communications Commission and their respective officers, boards, commissions, employees, agents, attorneys, and contractors (hereinafter referred to as "Indemnities"), from and against:

a. Any and all liability, obligation, damages, penalties, claims, liens, costs, charges, losses and expenses (including, without limitation, reasonable fees and expenses of attorneys, expert witnesses and consultants), which may be imposed upon, incurred by or be asserted against the Indemnities by reason of any act or omission of Permittee, its personnel, employees, agents, contractors or sub-contractors, resulting in personal injury, bodily injury, sickness, disease or death to any person or damage to, loss or destruction of tangible or intangible property, libel, slander, invasion of privacy and unauthorized use of trademark, trade name, copyright, patent, service mark or any other right of any person, firm or corporation, which may arise out of or be in any way connected with the construction, installation, operation, maintenance or condition of the Telecommunications System or Permittee's failure to comply with any federal, state or local statute, ordinance or regulation.

b. Any and all liabilities, obligations, damages, penalties, claims, liens, costs, charges, losses and expenses (including, without limitation, reasonable fees and expenses of attorneys, expert witnesses and other consultants), which is imposed upon, incurred by or asserted against the Indemnities by reason of any claim or lien arising out of work, labor, materials or supplies provided or supplied to Permittee its contractors or subcontractors, for the installation, construction, reconstruction, operation or maintenance of the Telecommunications System and, upon the written request of the City shall cause such claim or lien to be discharged or bonded within fifteen (15) days following such request.

Honorable City Council:

Re: Neighborhood Enterprise Zone (NEZ) Certificate Applications for the West Village and Brush Park areas. (Recommend Approval).

The City Clerk's Office forwarded to this office six (6) applications from Steven C. Flum, Inc. for Neighborhood Enterprise Zone (NEZ) certificates for 1462, 1500, 1506, and 1464 Van Dyke, and 8029 and 8030 Coe St., within the West Village NEZ. The West Village NEZ was approved by City Council on November 15, 2000. The developer is proposing to develop four townhouse units and two single-family homes.

The City Clerk's Office also forwarded to this office one application from Ghassan and Marilyn Nash-Yazbeck for a Neighborhood Enterprise Zone (NEZ) certificate for 97 Winder within the Crosswinds Communities Brush Park NEZ. The Crosswinds Communities Brush Park NEZ designation was approved by City Council on July 17, 1996. The petitioner is proposing to rehabilitate the existing structure for use as a bed and breakfast (B&B).

The properties requested by Steven C. Flum, Inc. are confirmed as being within the boundaries of the NEZ and should be eligible for NEZ certificates under State Act 147 of 1992 as currently written. Steven C. Flum, Inc. has applied for the certificates, prior to the issuance of building permits, on behalf of future owners who will occupy the property. It is appropriate for Steven C. Flum, Inc. to apply for certificates at this time even if buyers have not yet been identified. The State Tax Commission, however, will not issue a certificate until an owner is identified. When an owner is identified, he or she can then apply for the certificate. At that time, it **would not** be necessary for City Council to pass another resolution. The developer will need to submit to the State Tax Commission a list of the parcels that are to receive the certificates with a map showing the parcels.

The Yazbecks' request does fall within the boundaries of the NEZ, but its eligibility is uncertain. The State Act that authorizes NEZ's is targeted to owner-occupied

housing, and only a portion of the property will be owner-occupied if it is a B&B. The rest will be a commercial enterprise. State Tax Commission staff indicates that this proposal is not completely ruled out by the State law and it will require further review before a determination is made. Therefore, City Council could recommend the NEZ certificate so that the State can make the decision on whether or not to approve the certificate.

Please let us know if you have any questions.

Petitions Denied

Honorable City Council:

To your Committee of the Whole was referred the following petition. After consultation with the department concerned and careful consideration of the request, your committee recommends that they be denied.

Petition of FDR-PAC, (No. 3391), requesting to appear before the City Council to address stopping the nomination of John Ashcroft for Attorney General.

Resolution for Detroit City Council Registering Objections to the SEMCOG Report on the Effect of Noise from a Prospective Racetrack at State Fair Grounds

Whereas, The report describes a parking shortage of 24,000 spaces, based on an estimated 40,000-70,000 attendance (max 41,176) vehicles). The report further proposes that bridges, driveways and lawns could be used for parking. Residents would earn money for themselves or for neighborhoods by charging for parking in their own driveway and lawns. This is not a modern planning solution.

Whereas, According to the model noise ordinance prepared by Rutgers Noise Technical Assistance Center 50 db to 60 db is an appropriate noise level for neighborhoods. The SEMCOG report would permit sound levels that are way above this figure. This is an added noise impact on each of the routes people would take to the fairgrounds. The prospective racetrack at State Fair will impact the residents of Hazel Park, Ferndale, Pleasant Ridge, and Detroit. The full impact remains to be calculated; and

Whereas, The traffic flows from Woodward to I-696 were not included although drivers may choose to drive directly to this east/west route to avoid the I-75 bottle neck between 8 mile and I-696. This impact of traffic congestion on I-75 and its impact on workers in the region has not been factored in; Now, Therefore Be It

Resolved, That the Detroit City Council does not support the draft report submitted by SEMCOG as it does not meet the necessary standards, regarding the effects of noise from a prospective racetrack and/or year around amphitheater activity at State Fair Grounds.

Yeas — Council Members Cleveland, S. Cockrel, Everett, Hood, Mahaffey, Scott, Tinsley-Talabi, and President Hill — 8.

Benediction

Lord, make me an instrument of Your peace:

where there is hatred, let me sow love;
where there is injury, pardon;
where there is doubt, faith;
where there is despair, hope;
where there is darkness, light;
where there is sadness, joy.

O Divine Master, grant that I may not so much seek

to be consoled as to console,
to be understood as to understand,
to be loved as to love.

For it is in giving that we receive,
it is in pardoning that we are pardoned,
it is in dying that we are born to eternal life.

Honorable City Council:

Re: Carrie Russell v City of Detroit and Reginald Harvel. Wayne County Circuit Case No. 99-931156 NZ.

On November 7, 2000, this matter was mediated for \$125,000.00 against the City of Detroit and Reginald Harvel. The parties have until February 8, 2001 to either accept or reject the mediation award. The failure to file a written acceptance or rejection within this period constitutes a rejection. If all parties accept the mediation panel's evaluation, judgment will be entered in that amount, which includes all fees, costs, and interest to the date of judgment. If a party rejects the evaluation, the case proceeds to trial, however, the party rejecting the evaluation must pay additional sanctions if the trial results are not favorable.

We have reviewed the above-captioned lawsuit, the facts and particular of which are set forth in the memorandum. From this review, it is our considered opinion that an acceptance of the mediation evaluation in the amount of One Hundred Twenty-Five Thousand Dollars (\$125,000.00) is in the best interest of the City of Detroit. The acceptance of the mediation evaluation does not guarantee settlement of the matter in this amount since the plaintiff has the right to reject the award and proceed to trial, however, the amount of the award is fair and reasonable and an eventual settlement of this matter in this amount is prudent.

We, therefore, request you to authorize the acceptance of the evaluation and to direct the Finance Director to issue his draft in the amount of One Hundred Twenty-Five Thousand Dollars (\$125,000.00) payable to Carrie Russell and Scott E. Combs, her attorney, to be delivered upon receipt of the notice of mediation settlement, properly executed Releases and Order of Dismissal.

Buildings and Safety Engineering Department

January 18, 2001

Honorable City Council:

Re: Address: 14359 Blackstone. Name: Mike Deradourian. Date ordered removed: December 5, 2000.

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on January 12, 2001 revealed the building is secured and appears to be sound and repairable.

The owner has entered into an approved Tax Payment Plan to pay the current taxes due as of December 20, 2000.

The proposed use of the property is rehabilitation and rental.

Therefore, it is recommended that the demolition ordered be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. Rehabilitation is to be complete within three (3) months, at which time the owner will obtain one of the following from this department.

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. You will be required to obtain relevant permits for all rehabilitation work performed.

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if; it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, you must contact this department to arrange

an inspection to evidence you have met the conditions of the deferral or have made substantial progress toward rehabilitation. If the building becomes open to trespass or if you do not comply with the conditions of the deferral, we are authorized to notify City Council and request the Department of Public Works to proceed with demolition without further hearings.

Re: Address: 19516 Bentler, Name: Luther Murphy. Date ordered removed: October 4, 2000 (JCC p. 2411)

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on January 16, 2001 revealed the building is secured and appears to be sound and repairable.

The owner has entered into an approved Tax Payment Plan to pay the current taxes due as of December 28, 2000.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition ordered be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. Rehabilitation is to be complete within three (3) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. You will be required to obtain relevant permits for all rehabilitation work performed.

3. The yards shall be maintained clear of weeks, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months: it is not maintained according to the official Building and Property Maintenance Codes of the City: and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, you must contact this department to arrange an inspection to evidence you have met the conditions of the deferral or have made substantial progress toward rehabilitation. If the building becomes open to trespass or if you do not comply with the conditions of the deferral, we are authorized to notify City Council and request the Department of Public Works to proceed with demolition without further hearings.

City Planning Commission

February 2, 2001

Honorable City Council:

Re: The Greater Downtown Partnership's New Center Reinvestment Strategy (Recommend Endorsement with Conditions).

REQUEST

As Your Honorable Body is aware, the Greater Downtown Partnership is a private, non-profit corporation that was formed in 1996 to conduct economic development for the Greater Downtown area, which includes the Central Business District (CBD), the Riverfront, and the University Cultural Center (UCC) and the New Center areas. The Partnership has developed and presented the Lower Woodward Reinvestment Strategy, which Your Honorable Body supported in 1997. That document and related efforts have led to the Campus Martius project and loft development among other things in the CBD.

On February 17, 1999, the Partnership presented and requested Your support of the New Center Reinvestment Strategy. At that discussion, Citizens District Council Coordinating Council representatives informed the Council that the District Council's in the area had not participated in nor been made aware of the Partnership's efforts to produce the New Center and the UCC area strategies. The representatives added that they had only recently been presented with the University Cultural Center Area document and were still reviewing it. In response, Your Honorable Body directed the Partnership to remedy this oversight before any action would be taken on either the UCC Area or New Center Strategies. Having reviewed this matter and also having addressed the issues associated with UCC Area Strategy, the City Planning Commission submits this report and recommendation.

REVIEW

The New Center Area Strategy focuses primarily on the Woodward frontage from Virginia Park south to I-94 and the Grand Blvd. frontage from I-75 to just west of the John C. Lodge Freeway. It also covers the area just north of the Boulevard between Woodward and the Lodge as well as the area south of the Boulevard to I-94 between the Lodge and I-75. The strategy basically builds off of the work being done by the New Center Council and other

major stakeholders. The principal directives are straight forward.

1. Reinforce and revitalize the Woodward Avenue spine.
2. Promote retail and mixed-use development along West Grand Blvd.
3. Build on the success of New Center Commons.
4. Promote the consolidation of State offices into the former General Motors Building.
5. Integrate the new Intermodal Transportation Center.
6. Strengthen linkages to Wayne State University.
7. Rebuild east of Woodward with a mixture of uses.
8. Capitalize on the redesign of I-94.

This is an area where the "Urban Village" concept is well under way with a healthy and diverse residential fabric, as well as entertainment and office opportunities. The strategy recognizes that the area needs more local commercial retail opportunities and improved transit to complete the picture. The intermodal facility, which has completed the design stage, would offer convenient and improved access to both buses and trains, and could be tied into new mass transit along Woodward in the future. Retail along Woodward has survived rather tough times, but is in need of a face lift. With opportunity for new and infill housing as well as commercial/industrial development in the Renaissance Zone east of Woodward, there should be an increased market to draw and support retail and restaurant growth.

CONCLUSIONS

The New Center Reinvestment Strategy, like the other strategies prepared by the Partnership, is primarily intended to be a consensus building tool through which additional development and improvement can be achieved. Much of the New Center area, west of Woodward in particular, has enjoyed this type of consensus, thanks in large part to the efforts of the New Center Area Council and its constituent members. The Partnership hopes to recreate this type of atmosphere across the entire Greater Downtown via the reinvestment strategies. In preparing this strategy, land uses, development initiatives and the design features conceptualized within build upon and are consistent with the efforts of area community and business groups. The plan as a whole appears to be consistent with the Master Plan and has the support of the Planning and Development Department (P&DD).

The New Center Area is one of the City's success stories, proven by its growth and stability over the past two decades. With incoming state government employees, Wayne State University expansion, Henry Ford Hospital improvements, the work of Genesis Community

Development and the development of the Intermodal Transportation Center, to name a few, it appears that the New Center Area Strategy can only further insure continuance of the area's success in light of the loss of General Motors.

While the New Center is not home to the number of social service agencies found to the south in the University Cultural Center Area, it is still faced with some of the same realities. Being a heavily trafficked area with existing and potential public spaces, as well as the incoming state offices, it would not be realistic to undertake this sort of reinvestment activity without considering the realities of homelessness, drug addiction and poverty as these social problems impact and/or are impacted by development. The City Planning Commission feels that a strategy of some sort is needed to confront these issues and avoid the creation of more social division and ill will.

RECOMMENDATION

The City Planning Commission, having reviewed the New Center Reinvestment Strategy, finds it to be a comprehensive document worthy of the City's support. However, recognizing that we live in an ever-changing environment and that there may be issues yet to be realized, the Commission believes that support should be qualified. Therefore, the City Planning Commission recommends that City Council endorse the strategy with the following conditions:

- 1. that this document be understood and presented as one of the documents guiding the physical development and improvement of the New Center area;
- 2. that endorsement of this strategy in no way be misconstrued as an approval of any part or component of the strategy, particularly those items which would fall under the purview of an Urban Renewal Plan as well as any items which would require action by the City Planning Commission, City Council or other agency of City government; and
- 3. that as this strategy is updated and advanced in the future, the Greater Downtown Partnership seek to involve and make aware as many community based organizations, small businesses and even individual residents as possible and appropriate.

Additionally, as it concerns the various public and social service agencies of this area, the Commission believes an initiative should be undertaken to research and develop strategies for the integration of revitalization efforts with these facilities and the treatment of the clientele that they serve. These strategies should take into account the availability, accessibility, acceptability, and affordability of these facilities to their clientele.

Furthermore, as there are many community based organizations across the

City which do not have the wherewithal to produce similar strategies, the City Planning Commission would like to investigate the development of an incubator program, utilizing the local colleges and universities, to assist these organizations in this regard.

A resolution to implement the Commission recommendation is attached for Your consideration.

Office of the Ombudsman

January 30, 2001

Honorable City Council:
 Re: Resolution Requesting a Step Increase for City Ombudsman.

Attached please find your Honorable Body's Resolution, dated March 26, 1996, authorizing the City Ombudsman and the Auditor General to "adjust their own salaries within their budgets and the salary range set by Council..."

Accordingly, I have previously given myself periodic step increases within the Official Compensation Schedule salary range established by your Honorable Body.

However, last year, the Finance Director, in concert with the attached Law Department opinion dated September 27, 2000, determined that your Honorable Body's Resolution of March 26, 1996 was inapplicable.

Therefore, despite my reservations about the validity of the Law Department opinion, I am submitting a Resolution to your Honorable Body in order to process a step increase for myself.

Attached is a Resolution providing for a step increase of 5.75% (five and three-quarters percent), effective July 1, 2000.

Please not that this is not a request to change the salary range as established by Council and published in the Official Compensation Schedule.

Respectfully submitted,
 JOHN R. EDDINGS
 City Ombudsman

By Council Member Everett:

Resolved, That the Finance Director is hereby authorized to implement a 5.75% (five and three-quarters percent) step increase for the classification of City Ombudsman (01-01-90), effective July 1, 2000, and to honor payrolls when presented in accordance with this resolution and standard City of Detroit practices.

 Re: Amendment to Sale Resolution. Development Disposition: 3307 & 3319 Cochrane.

On July 19, 2000, (Legal News, July 25, 2000, Pg. 9) your Honorable Body authorized the sale of the above-captioned property to Kelly R. Cook for the amount of \$1,670.00. This vacant land measures approximately 62' x 100' and is zoned R-2 (Two-Family Residential District). Human Resources Department Labor Relations Division

January 30, 2001

Honorable City Council:

Re: Implementation of Wage Adjustments and Certain Fringe Benefit Changes for Employees Represented by the Assistant Supervisors of Street Maintenance and Construction.

The Labor Relations Division has recently reached agreement with the Assistant Supervisors of Street Maintenance and Construction. Given the extensive time it will take to type and process the entire contract, it would cause an unreasonably long delay to withhold implementation until the formal contract has been prepared and presented to your Honorable Body for approval.

Therefore, in accordance with standard City procedure, this Office is recommending that your Honorable Body pass a resolution amending the 1998-99 Official Compensation Schedule by granting a 2% general wage increase for the subject represented employees effective July 1, 1998, amend the 1999-2000 Official Compensation Schedule by granting a 3% general wage increase effective July 1, 1999, and similarly amend the 2000-2001 Official Compensation Schedule by granting a 3% general wage increase effective July 1, 2000. We are also requesting authorization to implement the new fringe benefit changes as set forth in the attached Schedule A.

We further respectfully request that your Honorable Body adopt the following resolution with a Waiver of Reconsideration.

Respectfully submitted,
ROGER N. CHEEK
Labor Relations Director

By Council Member Everett:

Resolved, that the 1998-1999, 1999-2000, and 2000-2001 Official Compensation Schedules and employee wages be amended according to the foregoing letter and be it further

Resolved, that employees in the Assistant Supervisors of Street Maintenance and Construction bargaining unit

shall receive fringe benefit improvements as recommended in accordance with the Schedule on file with the City Clerk, and be it further

Resolved, that the Finance Director is hereby authorized to honor payrolls and vouchers in accordance with this resolution and letter.

SCHEDULE A

Fringe Benefit Changes

• Other Compensation —

1) **Cash Bonus Formula:** All employees on the regular payroll on June 30, 2001, shall be eligible to participate in a possible cash bonus (not exceeding 2%) which shall be determined and paid one-time in accordance with the conditions set forth in the labor agreement.

2) **Work Performance Cash Incentive Payment:** Effective for the period beginning July 1, 2000, and ending June 30, 2001, the work performance of every bargaining unit member shall be individually evaluated for the purpose of determining if they will be eligible to receive an individual cash incentive payment for their work performance during the period. An employee must receive a minimum overall rating of "Meets Expectations" to qualify for a cash incentive payment of 1% of the employee's base wage to be paid on the first payday in December 2001. This payment shall not increase the employee's base rate of pay.

Vacations —

1) Vacation banks may not exceed more than 40 days on any October 1.

2) Vacation qualifier changed to 1,600 hours. 100% of vacation time allotment shall be credited to an employee's vacation bank after the 1,600 hour qualifier is reached.

Workers' Compensation — Employees who are unable to supplement their Workers' Compensation benefit from their off-time banks because the amount of overtime worked causes the benefit to meet or exceed 95% of weekly take-home pay, shall be treated like employees who are able to supplement for the purposes of hospitalization coverage, life insurance coverage and current sick leave accrual.

• Hospitalization, Medical, Dental, and Optical Care Insurance—

1) Effective July 1, 1999, through June 30, 2001, the City will contribute \$5.50 per month for employees covered by CO/OP Optical and \$5.43 per month for employees covered by Heritage Optical, resulting in increased optical benefits.

2) Effective July 1, 1999, employees on the active payroll who are covered by a health care plan offered by an employer other than the City, and can furnish proof of such coverage, may elect to take an annual \$950 cash payment (Payable quarterly) in lieu of the hospitalization-medical coverage offered by the City. This

election shall take place annually during the open enrollment period. The City shall have the sole discretion to offer this opt-out provision to current and future retirees who are eligible for the City's hospitalization-medical coverage.

Adopted as follows:

Yeas — Council Members Cleveland, K. Cockrel, Jr., S. Cockrel, Everett, Hood, Mahaffey, Scott, Tinsley-Talabi, and President Hill — 9.

A RESOLUTION BY ALL COUNCIL MEMBERS URGING THE MICHIGAN DEPARTMENT OF COMMUNITY HEALTH TO SEEK RESTORATION OF PREVIOUS FUNDING LEVELS FOR COMMUNITY MENTAL HEALTH ASSOCIATIONS

By ALL COUNCIL MEMBERS:

WHEREAS, In January 2001, the Michigan Department of Community Health implemented a unilateral reduction in mental health funding for Medicaid beneficiaries; and

WHEREAS, There was an error made by the State Department of Community Health while calculating how much funding should be paid to Community Mental Health Agencies for "spend down" eligible recipients, whose Medicaid coverage varies by the month; and

WHEREAS, According to many community mental health boards across the State, this reduction in funding violates certain sections of the Master Contract between the State and Community Health Agencies, since it materially and unilaterally changes the terms of funding assumptions of the Contract. Further, this change is also inconsistent with the legislative intent as expressed by the Appropriation Committee for the 2001 Fiscal Year; and

WHEREAS, This unilateral change in funding will result in an estimated \$27 million annual reduction in the State's payments to Michigan's 49 community health agencies, including a \$6.5 million reduction to the Detroit-Wayne County Community Health Agency; and

WHEREAS, Community health agencies have previously made adjustments in order to deal with the issue of mental health being the only segment of the Medicaid program that did not get a cost of living budget increase in the current fiscal year. In addition to those adjustments, this implementation of the reduction in Medicaid funding will result in many negative effects, including a detrimental financial impact on community

mental health services provided to Wayne County residents; and

WHEREAS, It is the opinion of the Detroit City Council that the reduction in payments to community mental health agencies, without an increase in capitation rates for remaining Medicaid recipients, subsequently reduces services available for mentally ill and developmentally disabled people throughout the City of Detroit; NOW THEREFORE BE IT

RESOLVED, The Detroit City Council urges the Michigan Department of Community Health to take action to increase capitation rates to offset the loss of funding for "spend down" eligibles. Thus, allowing community mental health agencies the opportunity to maintain their funding base and therefore the services they provide; AND BE IT FINALLY

RESOLVED, That a copy of this resolution be forwarded to Governor John Engler, the Honorable Kwame Kilpatrick, The Michigan State Legislature, the Michigan Department of Community Health Budget & Finance Director and Deputy Director, the Detroit-Wayne County Community Health Agency, the Michigan Association of Community Health and State Lobbyist Marge Malarney.

Law Department

February 8, 2001

Honorable City Council:

Re: Transfer of Jurisdiction and Campus Martius Redevelopment Agreement with MDOT; Recission of November 22, 2000 Resolution.

On November 20, 2000, the Depart-

ment of Public Works presented your Honorable Body with a contract between the Michigan Department of Transportation ("MDOT") and the City of Detroit, by and through the Department of Public Works, entitled "Transfer of Jurisdiction and Campus Martius Redevelopment Agreement."

At the time that this agreement was presented, I am advised that the contract was in final form. However, after your Honorable Body passed the resolution approving the agreement, MDOT made a few changes to the contract related to auditing and accounting requirements concerning the covered roadway funding. These changes do not alter the basic terms of the agreement. Therefore, we believe it necessary for your Honorable Body to ratify the contract as amended by MDOT. As a result, I have attached the following resolution as well as the final version of the Transfer of Jurisdiction and Campus Martius Redevelopment Agreement for your review and action.

As you may recall, the agreement will result in the transfer of jurisdiction of several streets in the City of Detroit as follows:

1. MDOT will transfer to the City legal jurisdiction of certain streets in the Campus Martius area. This transfer will permit the expeditious reconfiguration of the streets around Campus Martius and the re-establishment of the Campus Martius Park. These streets are: Woodward between Michigan and Jefferson; Fort Street between Griswold and Woodward; Cadillac Square between Woodward and Randolph; and Michigan between Griswold and Woodward.

2. The City will transfer to MDOT legal jurisdiction of the following streets: Davison from the I-96 right-of-way to Rosa Parks; Woodward from Adams to Grand River; and Fort Street from the northeast bound on-ramp to I-75 (terminus of M-85) to Clark Street.

As part of the transfer, MDOT will assume the obligations for reconstructing Fort Street, and bringing the portions of Woodward and Davison transferred to MDOT up to MDOT standards at a cost estimated by MDOT of over \$85 million. To assist in the financing of the improvements to Fort Street, the related bridges, and the portions of Davison and Woodward transferred to the State, the City will forego ten percent (10%) of its share of Michigan Transportation Fund (Public Act 51 funds) over the next 10 years. That amount is estimated to be approximately \$61 million.

When the original resolution was submitted in November, your Honorable Body requested the addition of three resolved clauses to the resolution detailing your understanding that approval of this resolution will not, in and of itself, permit the

State of Michigan to expand the Davison Freeway without further input from the City of Detroit. These resolved clauses are included verbatim, in the attached resolution.

A waiver of reconsideration is respectfully requested.

Respectfully submitted,

PHYLLIS A. JAMES

Corporation Counsel

By Council Member K. Cockrel, Jr.:

Resolved, In accordance with the foregoing communication, the Transfer of Jurisdiction and Campus Martius Redevelopment Agreement between the City of Detroit, by and through the Department of Public Works, and the Michigan Department of Transportation, is hereby approved; and

Resolved Further, In the event that there are minor inaccuracies contained within this Agreement, or the parties agree that non-material changes are required due to unforeseen events or circumstances, or technical matters arise during the term of this Agreement, which changes do not alter the substance of this Agreement, the respective offices of the City and the Michigan Department of Transportation are authorized to approve such changes, and are authorized to execute required instruments, to make and incorporate such technical amendment or change to this Agreement; and

Resolved Further, In approving this resolution the Detroit City Council understands that MDOT policies and procedures necessitate direct and substantial involvement of the City prior to making any decision or implementing any plan with respect to an extension of the Davison Freeway; and

Resolved Further, The Detroit City Council joins the Mayor in finding that Davison should not be considered for freeway development; and

Resolved Further, The Detroit City Council requests to be kept informed of all proposals regarding future development of or improvements to Davison; and

Resolved Finally, That this resolution supercedes the City Council's November 22, 2000 resolution approving the Transfer of Jurisdiction and Campus Martius Redevelopment Agreement.

Yeas — Council Members Cleveland, K. Cockrel, Jr., S. Cockrel, Mahaffey, Scott, Tinsley-Talabi, and President Hill — 7.
