Therefore, it is recommended that the demolition ordered be deferred for a period of six (6) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. You will be required to obtain relevant permits for all rehabilitation work performed.

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, you must contact this department to arrange an inspection to evidence you have met the conditions of the deferral or have made substantial progress toward rehabilitation. If the building becomes open to trespass or if you do not comply with the conditions of the deferral, we are authorized to notify City Council and request the Department of Public Works to proceed with demolition without further hearings.

July 30, 2001

Honorable City Council:

Re: Proposed Resolution to Establish Exceptions for High-Rise Buildings from the Requirements of the Michigan Building Code Effective July 31, 2001.

We are submitting the above-referenced resolution to your Honorable Body for consideration pursuant to Public Act of 245 of 1999, known as the "Still-DeRosett-Hale Single State Construction Code Act" (hereinafter the "Act"), being MCL 125.1501 *et seq.* Under the Act, the Director of the Michigan Department of Consumer and Industry Service (MDCIS) is authorized to promulgate rules governing the construction, use, and occupation of buildings and structures, and other requirements relating to the safety, including safety from fire, and sanitation facilities of buildings and structures. As a result of this authority, the Director of MDCIS has promulgated Michigan Administrative Code Rule 408.30401 *et seq.*, effective July 31, 2001 which adopts the International Building Code/2000 Edition, with certain amendments, additions, and deletions as the Michigan Building Code (MBC). Upon its effective date, the MBC will be part of the single state construction code.

Rule 408.30429 of the MBC, which amends Section 403.1 of the International Building Code/2000 Edition provides that all high-rise buildings having occupied floor located more than fifty-five (55) feet above the lowest level of fire department vehicle access shall comply with certain requirements, *with the exception of existing buildings having occupied floor levels not more than seventy-five (75) feet above the lowest level of fire department vehicle access, where the local unit of government has a municipal fire department with an ISO rating of 3 or lower, employing a full time career fire fighting staff, and the governing body of the local unit of government has passed a resolution affirming the use of this exception and filed that resolution with the MDCIS, Bureau of Construction Codes.*

Also, Rule 408.30445 of the MBC, which amends Section 903.2.12.3 of the International Building Code/2000 Edition, provides that an automatic sprinkler system shall be installed throughout a building that has a floor level which has an occupant load of thirty (30) or more occupants and which is located thirty (30) feet

or more above the lowest level of fire department vehicle access, with the exception of existing building having occupied floor levels not more than fifty-five (55) feet in height above the lowest level of fire department vehicle access, where the local unit of government has a municipal fire department with an ISO rating of 3 or lower, employing a full time career fire fighting staff and the governing body of the local unit of government has passed a resolution affirming the use of this exception and filed that resolution with the MDCIS, Bureau of Construction Codes.

Since the City of Detroit has a fire department with an ISO rating of three (3) or lower, employing a full time career fire fighting staff, the attached proposed resolution will affirm the use by the City of the exceptions provided for in Rules 408.30429 and 408.30445 of the MBC for the non-application of the requirements of Sections 403.1 and 903.2.12.3 of the International Building Code/2000 Edition. Further, we have discussed this matter with the Fire Marshal who concurs with this action.

We request that this proposed resolution be adopted at the next Formal Session of your Honorable Body. A waiver of reconsideration is requested. Upon approval of the proposed resolution, a copy is to be forwarded for filing to the Michigan Department of Consumer and Industry Services, Bureau of Construction Codes, 2501 Woodlake Circle, Okemos, Michigan 48864.

We are available to answer any questions that you may have concerning this proposed resolution. Thank you for your consideration.

Respectfully submitted,
AMRU MEAH

Deputy Director/Building Official
By Council Member Everett:

Whereas, Public Act of 245 of 1999, known as the "Still-DeRossett-Hale Single State Construction Code Act" (hereinafter the "Act"), being MCL 125.1501 *et seq*; authorizes the Director of the Michigan Department of Consumer and Industry Services (MDCIS) to promulgate a state construction code consisting of rules governing the construction, use, and occupation of buildings and structures, and other requirements relating to the safety from fire, and sanitation facilities of buildings and structures;

Whereas, Pursuant to the Act, the Director of the MDCIS has promulgated Michigan Administrative Code Rule 408.30401 *et seq*, effective July 31, 2001, which adopts the International Building Code/2000 Edition, with certain amendments, additions, and deletions as the Michigan Building Code (MBC), as part of the single state construction code;

Whereas, Section 8a(1) of the Act,

being MCL 125.1508a, provides that the Act and the single state construction code shall apply throughout the state and that each governmental subdivision must notify the state that it intends to enforce the state code and that the failure to provide such notice to the state conclusively presumes that the governmental subdivision does not intend to enforce the code and that the state shall assume the responsibility for administering and enforcing the Act within that governmental subdivision;

Whereas, Mayor Dennis W. Archer, by a Notice of Adoption dated May 7, 2001, notified the MDCIS, Bureau of Construction Codes, of the City's intent to administer and enforce the MBC;

Whereas, Rule 408.30429 of the MBC, which amends Section 403.1 of the International Building Code/2000 Edition, provides that all high-rise buildings having occupied floors located more than fifty-five (55) feet above the lowest level of fire department vehicle access shall comply with certain requirements, with the exception of existing buildings having occupied floor levels not more than seventy-five (75) feet above the lowest level of fire department vehicle access, where the local unit of government complies with the following:

1. The local unit of government has a municipal fire department with an ISO rating of 3 or lower, employing a full time career fire fighting staff; and

2. The governing body of the local unit of government has passed a resolution affirming the use of this exception and filed that resolution with the MDCIS, Bureau of Construction Codes;

Whereas, Rule 408.30445 of the MBC, which amends Section 903.2.12.3 of the International Building Code/2000 Edition, provides that an automatic sprinkler system shall be installed throughout a building that has a floor level which has an occupant load of thirty (30) or more occupants and which is located thirty (30) feet or more above the lowest level of fire department vehicle access, with the exception of existing buildings having occupied floor levels not more than fifty-five (55) feet in height above the lowest level of fire department vehicle access, where the local unit of government complies with the following:

1. The local unit of government has a municipal fire department with an ISO rating of 3 or lower, employing a full time career fire fighting staff; and

2. The governing body of the local unit of government has passed a resolution affirming the use of this exception and filed that resolution with the MDCIS, Bureau of Construction Codes;

Whereas, The City of Detroit has a municipal fire department with an ISO rating of three (3) or lower, employing a full time career fire fighting staff.

Now Therefore It is Resolved, That the City of Detroit affirms the use of the exception provided for in Rule 408.30429 of the MBC for the non-application of the requirements of Section 403.1 of the International Building Code/2000 Edition for existing buildings having occupied floor levels not more than seventy-five (75) feet above the lowest level of fire department access;

Now Therefore It Is Resolved, That the City of Detroit affirms the use of the exception provided for in Rule 408.30445 of the MBC for the non-application of the requirement of Section 903.2.12.3 of the International Building Code/2000 Edition for existing buildings having occupied floor levels not more than fifty-five (55) feet in height above the lowest level of fire department vehicle access;

It Is Further Resolved, That pursuant to Rules 408.30429 and 408.30445 of the MBC, a copy of this resolution shall be forwarded for filing to the Michigan Department of Consumer and Industry Services, Bureau of Construction Codes, 2501 Woodlake Circle, Okemos, Michigan 48864.

Honorable City Council:

Re: Nominations for the Citizen Review Committee for terms ending June 30, 2004 (Recommending Appointments).

There are currently three vacancies on the Citizen Review Committee (CRC) due to the expiration of the terms of Edward Anderson, Charles Brooks, and Edward Koch on June 30, 2001. The City Planning

Commission (CPC) has interviewed candidates and has nominated three persons to fill these vacancies. These positions are for three-year terms that will expire on June 30, 2004.

The staff of the City Planning Commission solicited applications for the Citizen Review Committee through a city-wide mailing in April, 2001. Nineteen applications were received prior to the due date. In June, 2001, seven applicants including the three incumbents whose terms expired in 2001 were selected for interviews with the City Planning Commission. Applicants were selected based on their grass-roots community involvement, their history of involvement in community development issues, and their understanding of grant applications and of the NOF proposal review process.

Just previous to the interviews, Mr. Charles Brooks informed our office that he did not wish to be considered for another appointment to the Citizen Review Committee because of health concerns. Mr. Brooks has been a member of the Citizen Review Committee since 1983 with one short interruption, having served six terms. He has brought a wealth of history and knowledge regarding Detroit's community organizations to the table and will be missed.

Five persons appeared for interviews on June 21 with the City Planning Commission. The City Planning Commission has nominated Mr. Edward Anderson, Mr. Edward Koch, and Mr. James Long to each serve for a three-year term ending on June 30, 2004.

- Mr. Edward Anderson, 7620 West Seven Mile, is completing his second term on the CRC and has been a member of the CRC since 1995. He is a resident of the northwest side of Detroit.

- Mr. Edward Koch, 15455 Warwick, is completing his third term. Mr. Koch resides in the far west side.

- Mr. James Long, 18265 Pennington, is a new applicant and resides in the northwest section of Detroit.

The following items are on file in the City Clerk's Office for your information:

"Job Description for Citizen Review Committee Members/Criteria for Selection";

A listing of the incumbent members of the Citizen Review Committee;

The applications of the three persons nominated for the Citizen Review Committee by the City Planning Commission; and

A map showing the residences of the current members and new nominees.

RECOMMENDATION

The City Planning Commission recommends that Mr. Edward Anderson, Mr. Edward Koch, and Mr. James Long be appointed to serve as members of the

Citizen Review Committee for three year terms ending June 30, 2004. The appropriate resolution is attached for your consideration.

Honorable City Council:

Re: Proposed Capital Agenda for 2000-2001 through 2005-2006 (Recommend Approval with Conditions).

Submitted herewith is a City Planning Commission staff follow-up report relative to the adoption of the Charter-mandated proposed Capital Agenda for 2000-01 through 2005-06. Your Honorable Body approved the Capital Agenda on February 28, 2001 subject to the following conditions:

1. holding a public hearing on the Capital Agenda, as required by Section 8-202 (3) of the City Charter, on March 7, 2001;
2. receiving and reviewing public comments from the public hearing; and
3. receiving the input and recommendations of the City Planning Commission.

In addition to the conditions stipulated above, the Council reserved its right under Section 8-202 (2)(D) of the City Charter to delete projects from the Capital Agenda, and to make other amendments to the plan after requesting and receiving the input of the Director of the Planning and Development Department (P&DD).

In accordance with the above conditions, the Council held a public hearing on March 7, 2001. No one from the public testified at the public hearing.

The City Planning Commission submitted its recommendations on the proposed Capital Agenda to City Council in a letter dated May 4, 2001. The City Council concurred with the Commission's recommen-

dations and, consistent with the stipulations of Section 8-202 (2)(D) of the City Charter, a copy of the proposed amendments was forwarded to the Director of the Planning and Development Department on May 15, 2001. Section 8-202 (2)(D) says, among other things, that: "The city council may delete projects from the capital agenda as submitted to it, but may not otherwise amend the capital agenda until it has requested the recommendations of the planning director. The city council shall not be bound by those recommendations and may act without them if they are not received within thirty (30) days from the date requested".

Two months have elapsed since the Council's request for recommendation and there has been no response from Mr. Bernard. Since no response has been received, the Council may now proceed to adopt the Capital Agenda with the recommendations contained in the City Planning Commission's May 4, 2001 letter. A resolution to this effect is attached for your consideration.

1. In the Airport Department's capital plan, the references to "Area C" in the Land Acquisition (Mini-Take) be deleted; and

4. The Department of Public Works is requested to explain why the Rehabilitation of Bridges and Paving of Class C Street projects have been included in its capital plan rather than in Street Capital. The Historical Department is requested to provide information about the possible traffic impacts the proposed Historical Museum expansion and the resultant closure of Kirby might have, especially with regards to Wayne State University.

Honorable City Council:

Re: Request of Westminster and Abbey Homes, L.L.C. to purchase City-owned urban renewal property referred to as Parcel B in the Hubbard-Richard Rehabilitation Project Development Area and to receive PD (Planned Development District) site plan approval in order to develop 78 units of housing. (Recommend Approval With Conditions).

BACKGROUND

Westminster and Abbey Homes, L.L.C. is requesting to purchase approximately 7 acres of vacant City-owned urban renewal land near the Ambassador Bridge just east of Ste. Anne's Church in order to develop 78 units of market-rate non-subsidized housing.

The subject property is L-shaped, consisting of two separate blocks bounded by Porter Street on the north, 16th Street on the east, Lafayette Boulevard on the south, and 17th and 18th Streets on the west (please see the attached map for reference.) The property is referred to as Parcel B in the Hubbard-Richard Rehabilitation Project Development Area and is zoned PD (Planned Development District), which is subject to site plan and proposal review and approval by City Council.

In October 2000, the Planning and Development Department (P&DD) issued an RFP for the redevelopment of Parcel B with the goal of creating a variety of low-density market-rate housing. P&DD selected Westminster and Abbey Homes as the developer, which is a local home building company based in Bingham Farms, MI and an affiliate of the Burton-Katzman Development Company. Westminster and Abbey Homes (which has constructed about 250 homes since 1998) was formed in 1998 out of Heritage Residential Group, Inc. (which constructed 1,000 homes in its six-year existence, including 18 homes in Victoria Park). Westminster and Abbey Homes is developing the project in cooperation with the Bagley Development Corporation, which is a for-profit subsidiary of the Bagley Housing Association.

PROPOSED DEVELOPMENT

The developer is proposing a variety of housing types appealing to different market segments. On the north block, the developer is proposing the following:

- **Hubbard Homes at Ste. Anne's Gate** — 6 single-family homes.

Type 1: 2-story, 3 bedroom, 1-1/2 bath, 1,520 square feet, @ \$140,000.

Type 2: 2-story, 4 bedroom, 2 bath, 1,824 square feet, @ \$150,000.

- **Hubbard Townhomes at Ste. Anne's Gate** — 30 townhouse units in 10 buildings.

Unit A (end unit): 2-story, 2 bedroom 2-1/2 bath, 1,740 square feet, @ \$120,000.

Unit B (middle unit): 2-story, 2 bedroom, 1-1/2 bath, 1,635 square feet, @ \$110,000.

On the south block, the developer is proposing the following:

- **Richard Rowhouses at Ste. Anne's Gate** — 42 rowhouse units in 6 buildings.

2-1/2 story, 2 bedroom, 1-1/2 bath, 1,935 square feet, @ \$140,000.

The single-family homes are designed to be consistent with the residential neighborhood to the north, including locating the houses perpendicular to the street, providing front porches, and having detached garages at the rear of the site accessed from an alley.

Each Hubbard Townhome building would have a center unit flanked on both sides by another unit. Each Townhome unit would have an attached one car garage at the rear of the townhome and one outdoor parking space. The townhomes would be accessed by car from a single driveway off of 17th Street leading to an internal north/south circulation drive.

Each of the Richard Rowhouse units would be accessible from ground level and have a one car attached garage partially below grade level at the rear of each unit with an adjacent outdoor parking space. The developer is proposing to create a one acre open space at the northwest corner of Lafayette Boulevard and 16th Street. All of the rowhouse front doors would face the street or adjacent open space. The rowhouses would be accessed by car from a single driveway off of Lafayette Boulevard leading to an internal circulation drive.

CITY PLANNING COMMISSION DISCUSSION RESULTS

On June 7, 2001, the City Planning Commission (CPC) held a discussion on the proposed project and raised two main issues. First, how does the design of the single-family housing tie into the design of the other PD developments in the immediate vicinity? CPC staff explained that the single-family homes are proposed as a link to the single-family houses to the north, and the townhomes and rowhouses

are designed to compliment the architecture of Ste. Anne's Church and the senior housing complex to the West.

Second, the Commission recommended that the Hubbard-Richard CDC or some other entity make sure that the level of durability and wearability of the subsidized housing does not vary from the mean. One of the Commissioners noted that the affordable housing built in the area is very high quality. Bagley Housing Association indicates that for its new subsidized housing units, an 18-month limited warranty according to FHA standards is established between the builder and the homebuyer. Also, Bagley Housing Association actively tries to ensure that the units are well built and sometimes brings in a handyperson to address problems not covered by the warranty.

ANALYSIS

Surrounding Zoning and Land Use

The zoning classification and land uses surrounding the subject area are as follows:

North: R2 (Two-Family Residential District) — developed with single family houses, and M3 (General Industrial District) — vacant.

East: M3 — developed with industrial.

South: M4 (Intensive Industrial District) — developed with industrial, M3 — vacant, and R2 — vacant.

West: R2 — developed with Ste. Anne's church complex, PD — developed with a senior housing complex, and R2 — developed with single family houses.

Land Use and the Development Plan

On the subject land, the Land Use Development Plan permits Low Density Residential Uses (defined as row houses and town houses) and Medium Density Residential Units (defined as garden apartments). It is the CPC's understanding that the Development Plan would not allow the single-family houses. As a result, the developer is in the process of appealing to the Board of Zoning Appeals (BZA) for a minor variation from the Plan to allow the single-family homes.

Regarding setbacks, the Development Plan requires a minimum 20-foot setback from public streets for all permanent structures. It appears that some of the setbacks for the single-family homes may not meet this requirement. As a result, the developer is having the land surveyed and then, based on the results, will appeal to the BZA for a minor variation from the Plan.

Provision of Market-Rate Housing

Since forming in 1989, the Bagley Housing Association has built or is in the process of building 46 single-family houses as infill units in the neighborhood just north and west of the proposed project, and in the upcoming year, hopes to construct an additional 33 single-family houses. All of these units have been subsidi-

dized in order to make them available to low and moderate income individuals and families. The Bagley Housing Association indicates it has been forced to turn away numerous interested homebuyers, because their income levels are above the low and moderate-income requirements. As a result, the Bagley Housing Association maintains there is a large demand for market-rate housing in the neighborhood.

Design and Relationship with Surrounding Development

The proposed project is designed to respect the existing street grid, be orientated toward the existing community, and mitigate the impacts of adjacent industrial uses. As a result, the CPC thinks the proposed project provides a desirable environment and would not be out of harmony with the general surroundings. The single-family houses would be available in brick or vinyl siding, and the rowhouse and townhomes be built with a combination of brick and vinyl siding. The petitioner has not indicated on the site plans what color the vinyl or brick would be, but presentation drawings show brown and red brick for the townhomes and rowhouses respectively.

Vehicular and Pedestrian Access

The CPC is very supportive of the fact that the developer is proposing a 4-foot high decorative fence between the buildings, rather than a higher fence around the perimeter of the project. Also, the CPC is very supportive that the proposed one acre open space at 16th Street and Lafayette Boulevard, which will be maintained by the condo association, will not have a perimeter fence and will be available for use by the surrounding neighborhood. At this point, the petitioner is undecided whether to have gates installed at the main entrances to the townhomes off 17th Street and the rowhouses off Howard Street, and would like to leave this decision up to the condo association once formed. The CPC would prefer that no security gates be installed.

Landscaping and Signage

The developer has submitted a preliminary landscape plan, which shows numerous trees and other landscaping around the perimeter of the site and extensive landscaping within the proposed open space at 16th and Lafayette. However, the CPC would like to see additional shrubbery in front and at the sides of the rowhouse and townhouse units, which is currently lacking. The Development Plan requires that, prior to the start of site work on any parcel, a landscape plan shall be submitted to the City of Detroit for review and approval. Also, the developer is proposing to install a development sign in the open space at the 16th Street and Lafayette Boulevard, but has not submitted any designs. The

Development Plan requires that the size, location, and general design of all signs be subject to review and approval by the City.

Community Input

On February 19, 2001, the Hubbard-Richard Citizens District Council and on June 22, 2001, the Housing Commission voted to support the proposed project.

CONCLUSION AND RECOMMENDATION

The CPC is pleased to see the continued development of housing in this portion of the Hubbard-Richard Community, particularly a variety of housing types, which blends in nicely with the surrounding community.

The CPC recommends APPROVAL of the proposal to purchase City-owned urban renewal property referred to as Parcel B in the Hubbard-Richard Rehabilitation Project Development Area and approval of the plans and elevations for the proposed development as described in this report with the following conditions:

1. that the Exhibit B require that a separate detailed landscaping plan indicating caliper, species, and location of landscaping materials, and showing additional deciduous and evergreen shrubbery along the front facades of the proposed townhome and rowhouse units and the sides of townhome and rowhouse buildings and that plans for the monument sign, be submitted and subject to review and approval by CPC staff;
2. that the site plan be modified and the Exhibit B require that no gates be allowed at the main entrance off of 17th Street for the townhomes and the main entrance off of Howard Street for the rowhouses; and
3. that the site plan be modified and the Exhibit B include a description of the color of the exterior building materials, subject to review and approval by CPC staff.

This approval should be granted provided that the developer receive approval for minor variances from the Development Plan from the Planning & Development (P&DD) and the Board of Zoning Appeals (BZA) regarding the proposal to build six single-family houses on the site and for failure to meet various building setback requirements for the single-family homes.

A resolution approving the plans for this development subject to the conditions recommended by the City Planning Commission is attached.

Honorable City Council:

Re: Surplus Property Sale by Develop-

ment Agreement to Alternatives for Girls.

In July, 2001, Alternatives for Girls, a Michigan nonprofit corporation, submitted to the City of Detroit Planning and Development Department a revised offer to purchase that certain vacant city-owned surplus property located between West Grand Boulevard and Vinewood Avenue, more particularly described in Exhibit A, attached hereto and made a

part hereof by this reference (hereinafter referred to as the "Property"). This vacant land measures 3.02 acres and is zoned R2 and R4.

Alternatives for Girls ("AFG") is a community-based, private, nonprofit organization incorporated in 1985. AFG's mission is to help homeless and high-risk girls and young women avoid violence, teen pregnancy and exploitation, by providing access to support, resources and the education and employment opportunities necessary for them to make positive choices in their lives. This commitment is fulfilled by the delivery of services through three interrelated programs: Prevention, Street Outreach and Crisis Shelter/Transition to Independent Living.

The Prevention Program serves girls in southwest Detroit between the ages of five and seventeen who are at risk of dropping out of school, abusing drugs or alcohol, becoming pregnant at an early age, engaging in drug related activities, and/or becoming involved in an abusive relationship. Weekly, the girls participate in activities designed to bolster self-esteem, strengthen personal values and improve school performance.

AFG's Street Outreach Program trains and employs young women as peer educators to work with at-risk girls. The Outreach Program also deploys staff and volunteers to work directly with homeless young women engaged in high-risk activities, by providing them with such necessities as food, clothing, HIV prevention materials, crisis intervention and transportation to medical services.

Finally, the Crisis Shelter/Transition to Independent Living Program, the only residential program offered by AFG, serves homeless girls and young women between the ages of sixteen and twenty who are not in the foster care or judicial system. Trained individual guidance and group programs help these girls and women develop independent living skills, obtain and maintain employment, re-enter school, and, when appropriate, enhance parenting skills. This twelve bed emergency shelter facility is the only long-term independent living program for teenage girls in the City of Detroit.

AFG currently administers its three programs from three sites, with its base of operation and the Crisis Shelter/Transition to Independent Living Program at St. Peter's Episcopal Church. AFG's present facilities have no space for individual counseling sessions, and in September, 2000, the church suffered severe flood damage in the basement which houses the Crisis Shelter/Transition to Independent Living Program, rendering that space uninhabitable. Due to the growing demand for its services, coupled with the inadequacy of its current space, AFG has outgrown its current accommodations.

AFG proposes to construct a 32,000 square foot central campus/headquarters building on the Property described in Exhibit A hereto. In connection therewith, in addition to the offer to purchase, AFG has secured a right-of-entry from the City of Detroit Planning and Development Department and has caused a Phase I and Phase II environmental assessment to be performed on the subject location. AFG's environmental consultant has advised AFG that high concentrations of petroleum exists at the site and it is assumed that such is associated with certain underground storage tanks that served the old City of Detroit Employment and Training building, which tanks must be removed prior to any construction activity on the site. The environmental consultants further advised AFG of certain other contamination above residential standards requiring remediation. In addition to the above, the title work for the Property has disclosed certain liens or encumbrances on one of the parcels comprising the site.

As indicated above, the Property is zoned R2 and R4, neither of which classification permits, as a matter of right or with approval, the construction of the proposed development. On July 16, 2001, AFG submitted its application for appeal to the City of Detroit Board of Zoning Appeals requesting a land use variance and conditional use permit to allow for the construction of the proposed facility. The hearing for the Board of Zoning Appeals has been scheduled for August 28, 2001.

Based on the foregoing, AFG has offered to assume remediation and title insurance costs, in consideration of a purchase price for the Property of One and 00/100 (\$1.00) Dollar and other good and valuable consideration. AFG proposes to commence construction of its new facility in late Fall, 2001, and to occupy the building by August, 2002. The estimated total construction cost for the project is Four Million Five Hundred Thousand and 00/100 (\$4,500,000.00) Dollars, to be financed with the proceeds of various grants, community donations and pledges and conventional financing.

We, therefore, request your Honorable Body to authorize the City of Detroit to sell the Property described in Exhibit A hereto to AFG for One and 00/100 (\$1.00) Dollar and, subject to the approval and grant of the use variance and conditional use permit from the Board of Zoning Appeals as described above, to authorize the Director of the City of Detroit Planning and Development Department to execute an agreement to purchase and develop the Property with AFG, with terms and conditions acceptable to the Director of the Planning and Development Department and the City of Detroit Law Department. We further requests your

approval of this matter, with a waiver of reconsideration no later than August 4, 2001, to permit the consummation of this transaction by September 15, 2001.

Respectfully submitted,
PAUL A. BERNARD
Director

Re: Public Hearing on Request by Ram Development Company for Designation of the 3600 Woodward Area as a Neighborhood Enterprise Zone in Accordance with Public Act 147 of 1992.

In response to the above referenced requests for designation of the 3600 Woodward area as a Neighborhood Enterprise Zone, the Planning & Development Department, in conjunction with the Assessments Division of the Finance Department, have reviewed the Master Plan and the neighborhood preservation and development goals of the City, and find that approval of the aforementioned request would be consistent with the Master Plan and the neighborhood preservation and development goals.

Public Act 147 of 1992, commonly referred to as the Neighborhood Enterprise Zone (NEZ) Act, in Section 3(1) states "the governing body of a local governmental unit by resolution may designate one (1) or more neighborhood enterprise zones." Prior to acting upon the resolution establishing an NEZ, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an ad valorem tax within the proposed NEZ, said notice to be made not less than 60 days prior to your Honorable Body's passage of a resolution designating an NEZ.

Attached for your consideration please find a resolution establishing a date and time for the public hearing, together with a legal description of the proposed NEZ.

Honorable City Council:

Re: I-94 North Industrial Park Project Waiver Requests/Environmental.

Your Honorable Body adopted a resolution of necessity on August 4, 1999 (J.C.C. 2294-2295), with respect to certain parcels of land to be acquired as a part of the above-referenced project.

Requests for authorization to waive various costs related to environmental matters with respect to a number of properties in this project area were approved by your Honorable Body on November 29, 1999 (J.C.C. 3475), August 2, 2000 (J.C.C. 2001), and November 29, 2000 (J.C.C. 3037). The City's environmental consultants have now obtained access to certain additional parcels in the project area.

The purpose of this letter is to provide a report on the environmental condition of certain properties to be acquired pursuant to the resolution of necessity, as required pursuant to Section 2-1-13(C) of the 1984 Detroit City Code, as amended (the "City Code"). In addition, the purpose of this letter is to request that your Honorable Body authorize waiver of the following in the City's good faith offer, appraisal, and declaration of taking: 1) the costs of environmental inquiry, if any; 2) costs of environmental assessments, if any; and 3) action to recover all costs associated with the remediation of or response activity at a facility from the present owner (as that term is defined in 1980 PA 87, as amended), for certain of the non-City owned parcels of land in the project area, as described more fully herein.

A Phase I Environmental Assessment of each of the parcels included in this request has been conducted in accordance with current ASTM standards, and in accordance with the requirements of the Detroit City Code.

With respect to the following parcels, the Phase I did not disclose 1) that these parcels had been used for any purposes other than residential/vacant, nor did it indicate 2) evidence of any recognized environmental conditions.

With respect to the following parcels, the Phase I did not disclose 1) that these parcels had been used for any purposes other than residential, nor did it indicate 2) evidence of any recognized environmental conditions, other than conditions which are consistent with residential use, such as asbestos, lead based paint, and aboveground storage tanks for heating purposes, or conditions for which the current owner is not liable:

With respect to the following parcels, the Phase I showed that the parcels are being or have been used in the past for purposes other than residential (the purposes are set forth below); however, the Phase I did not reveal any evidence of recognized environmental conditions, other than conditions that could be anticipated with residential or commercial use, such as asbestos, lead based paint, and aboveground storage tanks for hearing purposes:

Under the terms of the applicable portions of the City Code (Sections 2-1-15(a), 2-1-15(b) and 2-1-15(c)), City Council may waive 1) the costs of environmental inquiry, if any; 2) costs of environmental assessments, if any; and 3) action to recover all costs associated with the remediation of or response activity at a facility from the present owner (as that term is defined in 1980 PA 87, as amended). In this case, we respectfully submit that the conditions for such waiver are met, because your Honorable Body has previously declared the project necessary and essential to the interests of the public peace, health, safety and welfare of the

City, and the acquisition is being accomplished by the exercise of the City's power of eminent domain in a manner consistent with the Uniform Condemnation Procedures Act, 1980, PA 87. In addition, as noted above, no evidence of recognized environmental conditions were found for these properties, except in certain cases, conditions that could be anticipated with residential or commercial use.

Accordingly, for those properties listed above, your Honorable Body is respectfully requested to adopt the attached resolution authorizing waiver of such costs associated with the properties in the City's good faith offer, appraisal, and declaration of taking, with respect to the present owner only. 1980 PA 87, as amended, provides that the condemning authority must state its intent to "waive or reserve" recovery of response costs from the property owner in the appraisal of the property and the good faith offer. MCL Section 213.55. A decision is needed by your Honorable Body at this time in order to comply with the requirements of the statute. A waiver of reconsideration is also hereby respectfully requested.

Respectfully submitted,
PAUL A. BERNARD

Director

By Council Member Mahaffey:

Whereas, The Planning and Development Department has submitted a report regarding the environmental assessments conducted with respect to the parcels described in Exhibit A, which are a part of I-94 Industrial Park project area; and

Whereas, the results of said environmental assessments do not indicate any recognized environmental conditions, except, in certain cases, those which are consistent with residential or commercial use, or those for which the current owner is unlikely to be liable; and

Whereas, The project has been declared necessary and essential to the interests of the public peace, health, safety and welfare of the City, and the acquisition is being accomplished by the exercise of the city's power of eminent domain in a manner consistent with the Uniform Condemnation Procedures Act, 1980, PA 87; and

Whereas, Based upon the foregoing, the conditions of Article 1, Division 2, Section 2-1-15 of the 1984 Detroit City Code, as amended, for granting a waiver of certain claims have been met;

Now Therefore Be It Hereby Resolved, That, with respect to the present owner of each parcel listed on Exhibit A, waiver of the following costs in the City's good faith offer, appraisal, and declaration of taking be and is hereby authorized: 1) the costs of environmental inquiry, if any; 2) costs of

environmental assessments, if any; and 3) action to recover all costs associated with the remediation of or response activity at that parcel.

Re: Petition No. 1650 — Detroit International Bridge Company, requesting Permanent easements and dedication of street in the area of the N. Fisher Freeway Service Dr., W. Lafayette, 23rd St.

Petition No. 1650 of the "Detroit International Bridge Company (DIBC)" requests the conversion of parts of public streets and alleys in the area (generally) bounded by, Twenty-Second Street, West Grand Boulevard, West Fort Street, West Lafayette and the Fisher Freeway Service Drive, (adjoining lots owned by the DIBC) into an easement for public utilities; also request approval of the dedication of private land for public street purposes between Twenty-Third Street and West Lafayette, as part of the Ambassador Bridge Entrance and Plaza Improvement Project. This Project will facilitate additional Bridge entrance options during the complicated phasing of the Gateway Project proposed by the Michigan Department of Transportation.

The request public street and alley vacations and the dedication of land for public street purposes was approved by The Planning and Development Department, the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report:

City Council is requested to accept the deed and street for public purposes; provided said property complies with the requirements of Detroit codes and ordinance No. 29-94, Detroit Code Sections 2-2-11 through 2-2-15 also known as the 'Environmental Review Guidelines'.

City departments and privately owned utility companies have reported no objections to the conversion of public rights-of-way into a utility easement. Provisions protecting utility installations are part of the resolution.

An appropriate resolution is attached for consideration by your Honorable Body.

Honorable City Council:

Re: Petition No. 3658 — Planning and Development Department, requesting street and alley vacations in the Jefferson-Chalmers Development area Home Depot and Heritage Commons Housing Development.

Petition No. 3658 of the "Planning and Development Department" on behalf of "Curis Enterprises" (the Developer) at 11850 East McNichols, Detroit, Michigan 48205, requests the vacation of certain public rights-of-way in the area bounded by Drexel, Lakewood, Freud, and East Jefferson Avenues; listed as follows:

1. Conversion of the remaining part of Coplin Avenue, 60 feet wide, between E. Jefferson and Freud Avenues into a private easement for public utilities; also

2. Conversion of the remaining part of Piper Avenue, 80 feet wide, between E. Jefferson and Freud Avenues (except that part previously vacated May 1, 1996, J.C.C. Pages. 923-927) into a private easement for public utilities; also

3. Conversion of a southern portion of Newport Avenue, 50 feet wide, between E. Jefferson and Freud Avenues into a private easement for public utilities; also

4. Conversion of the north-south public alley, 18 feet wide, in the block bounded by Newport, Lakewood, Freud, and East Jefferson Avenues into a private easement for public utilities; also

5. Outright vacation of the north-south public alley, 18 feet wide, in the block bounded by Coplin, Piper, Freud, and East Jefferson Avenues; also

6. Outright vacation of Eastlawn Avenue, 60 feet wide, between E. Jefferson and Freud Avenues [excepting therefrom certain portions retained as a private easement for utilities]; also

7. Outright vacation of a northern portion of Newport Avenue, 50 feet wide, between the south line of the east-west public alley, 18 feet wide, first south of E. Jefferson and Freud Avenue [excepting therefrom certain portions retained as a private easement for utilities]; also

8. Outright vacation of the east-west public alley, 18 feet wide, in the block bounded by Newport, Eastlawn, Freud, and East Jefferson Avenues; also

9. Outright vacation of the easterly portion of the east-west public alley, 18 feet wide, in the block bounded by Piper, Eastlawn, Freud, and East Jefferson Avenues; also

11. Encroachment into the center of Piper Avenue, 80 feet wide, at its intersection with E. Jefferson, with Landscaped Island and Town House Identification signage.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The requested public street and alley vacations were approved by the Solid Waste Division — DPW, the Traffic Engineering Division — DPW, the Fire Department and the Detroit Water and Sewerage Department (DWSD) provided access for fire fighting purposes is maintained and subject to certain provisions and requirements for water mains and/or sewers.

Whenever discontinuance of use makes removal of all or part(s) of the Coplin, Piper, Eastlawn, Newport Avenues and the public alley returns into Freud, E. Jefferson or Newport necessary, "the Developer" shall pay all incidental removal or alteration costs. "The Developer" shall apply to the City Engineering Division — DPW for construction permits to work within all remaining public rights-of-way.

All other involved city departments and privately owned utility companies reported no objections to the encroachment(s), outright vacation(s) and private easement(s) or that satisfactory arrangements have been made.

Provisions protecting Michigan Consolidated Gas Company, Detroit Edison, Comcast Cablevision, Ameritech, the Public Lighting Department and DWSD utility installations (if necessary) are part of the resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,

Honorable City Council:

Re: Collaborative Agreement Between the Detroit Public Schools and the Detroit Recreation Department.

Enclosed is the Detroit Public Schools' proposal to the City of Detroit. It is entitled, "Capital Improvement Program, Building for the Future." In the words of the document, the proposal serves as a "framework for defining and clarifying" the DPS request to build 4 new schools, 3 middle and 1 elementary, on 3 properties currently owned by the City of Detroit Recreation Department. The proposed sites are Heilmann, Bessy and Milan Playfields. An elementary and a middle school would be constructed on the Heilmann site and a middle school on each of the Bessy and Milan Playfields.

This document represents a continuation of the collaborative processes that included our discussion before your Honorable Body about this matter. As a result of serious negotiations, the Recreation Department and DPS agreed to the specifics outlined in the attached proposal. We both feel it offers a 'win-win' situation to the customers that we serve — both the school children and Detroit citizens of all ages.

We respectfully request your approval of the resolution related to this matter, with a waiver of reconsideration.

Respectfully submitted,

Re: Petition No. 3965 — Velmeir Construction Services, L.L.C., request for conversion of sewer, phones, and power.

The City Engineering Division — DPW (CED) has investigated Petition No. 3965 of Velmeir Construction Services, L.L.C., requesting an easement in the block generally bounded by of East Warren, Mack, Anatole, Frankfort and Lafontaine Avenues.

CED has concluded that there is an existing private easement, 18 feet wide, adjoining the properties within said block. This is a private easement for public utilities that was created when the "Sunny Side Sites Subdivision" of a part of P.C.'s 122 & 404, Twps of Grosse Pointe & Gratiot, Wayne County, Michigan, as recorded in Liber 42, Page 57, Wayne County Records; was platted (or created). There are no public rights-of-way within the block. However, the public utilities that may exist must submit an independent report to your Honorable Body concerning their interest or involvement.

The petitioner will then negotiate private property agreements between themselves and any private utility that may exist in this planned easement.

Re: 1965-67 E. Alexandrine. Emergency Demolition.

The building at the above location was recently found to be extensively fire damaged, structurally unsafe and dilapidated with extensive structural damage to the point of near collapse.

Our records indicate that this is the initial complaint for this location.

It is our opinion that there is an actual and immediate danger affecting the health, safety and welfare of the public. Therefore, under the authority of Ordinance 290-H, we request that the Department of Public Works immediately take emergency measures to have this building or portions thereof removed with the cost assessed against the property.

July 13, 2001

Re: Vaccine Replacement and Handling Program (Org. #258675) Appropriation #10462.

The Health Department has been notified by the Michigan Department of Community Health (MDCH) that additional grant funds are available in the amount of \$15,612 for the Vaccine Replacement and Handling Program. This increase brings our total grant to \$171,045 for the fiscal period October 1, 2000 through September 30, 2001.

The reason for this increase is that the Vaccine Handling allocations that had been used for this fiscal year did not coincide with the recommendations of the Funding Formula Committee at their meeting in July

2000. An incorrect formula was used to calculate the local health department allocations. The formula used was based on population multiplied by 50% of total funding available, plus actual doses multiplied by 50% of total available. Therefore, the Local Funding Formula Committee recommended and approved a formula which is based on actual doses only.

We, therefore, request authorization to accept these funds from the Michigan Department of Community Health in accordance with the foregoing information.

Re: Public Hearing on Request by Cass Avenue Development for Designation

of the Peterboro-Charlotte Area as a Neighborhood Enterprise Zone in Accordance with Public Act 147 of 1992.

In response to the above referenced request for designation of the Peterboro-Charlotte area as a Neighborhood Enterprise Zone, the Planning & Development Department, in conjunction with the Assessments Division of the Finance Department, have reviewed the Master Plan and the neighborhood preservation and development goals of the City, and find that approval of the aforementioned request would be consistent with the Master Plan and the neighborhood preservation and development goals.

Public Act 147 of 1992, commonly referred to as the Neighborhood Enterprise Zone (NEZ) Act, in Section 3(1) states "the governing body of a local governmental unit by resolution may designate one (1) or more neighborhood enterprise zones." Prior to acting upon the resolution establishing an NEZ, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an ad valorem tax within the proposed NEZ, said notice to be made not less than 60 days prior to your Honorable Body's passage of a resolution designating an NEZ.

The boundaries of the proposed NEZ are irregular, but may be generally described as Peterboro on the North, Woodward on the East, Temple on the South, and Cass on the West.

Attached for your consideration please find a resolution establishing a date and time for the public hearing, together with a legal description of the proposed NEZ.

By Council Member Hood:

Whereas, Michigan Public Act 147 of 1992, the Neighborhood Enterprise Zone (NEZ) Act ("the Act") provides for the establishment of Neighborhood Enterprise zones; and

Whereas, Cass Avenue Development has requested that an NEZ be established for the Peterboro-Charlotte area, and the Planning & Development Department and the Finance Department — Assessments Division, after a review of the Master Plan and the neighborhood preservation and development goals of the City, recommend that the area specified in the attached legal description be designated an NEZ for new and rehabilitated facilities in accordance with the 10% acreage allowance provided under Section 3(5) of the Act; and

Whereas, an NEZ may not be established without a public hearing first being held, with notice of such public hearing provided to the assessor and governing body of each taxing unit that levies an ad valorem tax within the proposed NEZ at least 60 days prior to passage of a resolution establishing the NEZ; Now Therefore Be It

Resolved, That a public hearing be held by the Detroit City Council in the Committee Room, 13th floor of the Coleman A. Re: Federal Aid-Congestion Mitigation and Air Quality Program, Traffic Signal Modernization and Pavement Marking at the 4 Intersections on E. Warren. State Agreement 97-5163.

On September 24, 1997 (J.C.C. Page 2505), your Honorable Body approved City Contract No. 076650 with the Michigan Department of Transportation which provided for an estimated amount of \$1,175 for the City's share for the project described below:

Traffic Signal Modernization and pavement marking together with necessary related work at the following intersections within the corporate limits of the City of Detroit:

E. Warren Avenue at Beaubien/St. Antoine Street.

E. Warren Avenue at Brush Street.

E. Warren Avenue at Chrysler Freeway Ser. Dr.

E. Warren Avenue at John R. Road.

On June 7, 2000 (J.C.C. Pages 1332-33), your Honorable Body authorized the Finance Director to increase the amount of CPO #2527366 (FICS — City Contract No. 076650) from \$1,175 to \$22,871.

Now an audit of the project has been done which resulted in an increase of City Share by \$9,636.34 to a final amount of \$32,506.57. The overrun has resulted from an increase in construction cost.

From The Clerk
September 5, 2001

Honorable City Council:

It has come to the attention of this office that a resolution providing for approval of encroachment for Petition of Real Estate Group, Inc. (#2303), incorrectly printed the legal description in proceedings of January 24, 2001.

It is therefore respectfully requested that the following communication and resolution from City Engineering Division of the Public Works Department be a part of said proceedings Nunc Pro Tunc as of January 24, 2001:

**Department of Public Works
City Engineering Division**

January 18, 2001

Honorable City Council:

Re: Petition No. 2303 — Real Estate Group, Inc., and Loft Works, Ltd. requesting conversion to easement of the public alleys and to maintain existing fence encroachment in the block bounded by Brush, Beaubien, R.R. R.O.W., and E. Milwaukee.

Petition No. 2303 of “Real Estate Group, Inc.”, and “Loft Works, Ltd”., request permission to maintain a fence encroachment approximately 2.00 feet x 141.00 feet into E. Milwaukee Ave., 60 feet wide, and 2.00 feet x 180.00 feet into Brush Street, 60 feet wide, and request the conversion of the north-south & east-west public alleys 20 feet wide & the east-west public alley 15 feet wide in the block bounded by Brush, Beaubien, N.Y.C. Railroad, and E. Milwaukee into private easements for public utilities.

The request was approved by the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The Public Lighting Department (PLD) will require a minimum vertical clearance of one foot, and a minimum horizontal clearance of three feet between PLD facilities and the existing fence encroachment. The Detroit Water and Sewerage Department (DWSD) will require a minimum vertical clearance of one foot, and a minimum horizontal clearance of three and one-half feet between DWSD sewers, drains, water mains, fire hydrants, catch basins, sewer and water manholes (and any other DWSD facilities) and the existing fence encroachment.

The petitioner plans to use the paved street return entrance (into E. Milwaukee and Beaubien) and request such remain in their present status. The petitioner shall pay all incidental removal costs whenever discontinuance of use makes removal necessary.

All other city departments and privately owned utility companies have reported no objections to the encroachments and the conversion of public rights-of-way into private easements for public utilities. Provisions protecting utility installations are part of the resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,

SUNDAY JAIYESIMI

City Engineer

 Labor Relations Division**

September 5, 2001

Honorable City Council:

Re: 2001-2002 Rates Schedules for Dental, Vision, and Life Insurance (Also, 2002-2003 Rates for Vision).

Monthly rates to be paid to the carriers who will provide Dental, Vision and Life Insurance coverages to City employees and retirants were recently submitted for acceptance and were approved by the Employees Benefit Governing Board at their Special Board meeting of August 15, 2001.

The attached schedules contain the monthly dental coverage rates we are submitting for approval to cover the period from November 1, 2001, through October 31, 2002. Also submitted for approval is the schedule of monthly rates for vision care coverage to cover the period, from November 1, 2001, through October 31, 2002, and November 1, 2002, through October 31, 2003.

The "base" dental plan (Blue Cross) and four other dental carriers cited extreme rises in their costs as the reasons for their average 18.14% rise in rates charged. Only Dental Care Network submitted a much smaller increase, however, it was the only plan that had a sizeable employee paycheck deduction last

year. Again for the coming year, only Dental Care Network and the Coalition of Public Safety Health Trust (C.O.P.S. Trust) plan which covers some uniformed police and fire personnel, will have employee co-pay deductions from paychecks.

Although a vision rate was submitted for the C.O.P.S. Trust plan which will provide coverage for some uniformed police and fire personnel, the applicable rate the City must pay and the remaining portion the employee must pay, if any, has not yet been determined because certain information which is needed to make the appropriate cost-sharing determination has not yet been reported to the parties. When that special information is received and the subsequent City rates and employee cost-sharing are approved by the Employees Benefit Governing Board, these amounts too will be forwarded to your Body for approval. In the meantime, the Employees Benefit Governing Board has acknowledged that the Labor Relations Division will continue to work towards achieving an accurate rate-sharing determination while, for the current C.O.P.S. Trust rate remains in effect.

Finally, the schedule for Life Insurance coverage is attached and reflect no change in rates.

As these rates were discussed with the Employees Benefit Governing Board as reflected above and were approved by that Body, they are hereby submitted for your approval.

Respectfully submitted,
ROGER N. CHEEK
 Labor Relations Director

By Council Member Scott:

Resolved, That the attached rate schedules for dental Benefits, as submitted by Blue Cross/Blue Shield, Golden Dental Plan, Dencap, Dental Care Network, and the Coalition of Public Safety Health Trust (C.O.P.S. STATEMENT BY COUNCIL MEMBER
K. COCKREL, JR. ON CHARTER
AMENDMENTS AFFECTING THE
DETROIT BOARD OF
POLICE COMMISSIONERS

Today, I joined with my colleagues on the City Council to vote in support of placing two charter amendment proposals on the ballot for the November general election. Both these charter amendment proposals affect the Detroit Board of Police Commissioners. Additionally, both resulted largely from work I have done in connection with the issue.

If approved by voters, the first proposal would alter the process for removing commissioners from the board. Currently, the commission consists of five people, each of whom is appointed by the Mayor and each of who can be removed by the Mayor [at will]. If the voters approve the charter amendment, sitting commissioners could only be removed "for cause." In a nutshell, this means the Mayor would have to demonstrate to City Council — and through a formal process — why a commissioner is no longer fit to serve on the board.

The Detroit City Council's Research and Analysis Division [RAD] offered this proposal as an alternative to a previous charter amendment I recommended. Under this proposal, City Council would have had the power to appoint some commissioners. I believed then [and still do]

that this is necessary to ensure a more independent commission — one that can be more aggressive in its investigation of issues like police brutality and misconduct. One has to question how independent *any* body can be that is appointed solely by one individual. However, both the city's law department and City Council's own RAD provided legal opinions indicating that this proposal violates both the separation of powers provision of the City Charter and state law.

For this reason, I've chosen to withdraw that proposal to support the alternative offered by RAD. While the alternative is not as proactive as I would like [in that the Mayor still retains full appointment power], it does at least offer protection to commissioners who take public stances that are at odds with the Mayor and the police chief. And for this reason, I hope Detroit voters will choose to support it in November.

I also offered for City Council's consideration and voted in support of a second charter amendment. This amendment, if approved by voters, would change the procedure the board uses to handle complaints. Currently, complaints against the DPD are to be filed immediately with the board of police commissioners' secretary. Many citizens are frustrated with filing complaints against the police department because they never receive a response. Thus, citizens are unsure as to whether or not their complaints are being investigated.

My charter amendment would mandate that within 30 days after the receipt of a complaint by the board secretary, the commission shall send a written communication informing the complainant that their complaint has been received. That letter will also detail the guidelines on how the complaint shall be handled, and the timeline under which the complainant shall receive a disposition.

If approved by voters, it should be noted that neither of these charter amendments would cure all that ails the DPD. But I do believe they are steps in the direction of creating a board of police commissioners and a police department more accountable to Detroit's citizens.

All action of the City Council appearing herein is subject to reconsideration and/or approval of the Mayor.

Detroit, Wednesday, September 12, 2001

The City Council met and was called to order by the President, Honorable Gil Hill.

Present — Council Members Cleveland, K. Cockrel, Jr., S. Cockrel, Scott, Tinsley-Talabi, and President Pro Tem. Mahaffey — 6.

There being a quorum present, the City Council was declared to be in session.

Invocation

Convening Prayer, Detroit City Council, September 12, 2001.

Let us pray:

Let Your presence be and abide in this room, O God.

Let Your spirit fall afresh on us.

Let Your wisdom live in our minds and in our hearts as this Council meets to consider the needs and concerns, the hopes and the dreams of the citizens of this great city.

Help us to open the doors of opportunity to prepare the way of excellence, to teach our children the way of righteousness

and to comfort and care for those who have lived long

and done much for their community.

We pray, not only for our own city, but for our sisters and brothers in New York and Washington, indeed, for our entire nation.

Our hearts are broken in grief as we think of those who died. They were our brothers and sisters though we did not know them by name.

The left their homes and families expecting to return after an honest day's work.

They said good-bye and parted with a kiss not knowing it would be their last farewell.

Receive these beloved departed into Your eternal care. Wipe away their tears and hold them to Your bosom. Grant them all the blessing of Your kingdom that knows no end. Comfort the families of those who have departed. Protect them in this time of profound grief. Through the power of the Holy Spirit, wrap them in Your loving arms. Help them know that we grieve with them: that they are not alone.

We pray for those who were injured, who are in pain and who face difficult recoveries or permanent losses. Grant them courage to face the living of their days, knowing that You are near to them and that they are dear to us.

We pray for the brave men and women who at this moment are risking their lives to save life. Protect them in this time of danger. Strengthen their hands and prosper their efforts.

We pray, O God, for our nation and for its leaders. Help us to heed the angels of our higher calling. Help us to remember the values that make us great. Confirm in us a commitment to liberty and justice for all. Protect us from hatred that is quick to judge and from the desire to act before we know the truth. Help us to rise above this cowardly attack and to stand before the world as a beacon of truth and justice, for this is our calling and our destiny.

We pray for all the nations of the world, O God, that together we may know the peace and joy that you intend for us.

For this we ask in the name of Jesus Christ, the Prince of Peace. Amen.

Re: 1079 Annin also known as 1079-81 Annin, Ward 01, Item 7341, Detroit, MI 48203-1585.

We have reviewed the above captioned matter for demolition of the building at the referenced address. From this review, we therefore recommend and request approval of the attached resolution to cancel the Demolition Lien, Lis Pendens and Special Assessment for the herein referenced property.

The City of Detroit, Public Works Department, demolished the building at 1079 Annin also known as 1079-81 Annin, Ward 01, Item 7341 (hereinafter the "Premises"), and recorded a Lis Pendens on or about April 1, 1997. The City of Detroit was in the process of placing a Special Assessment against the tax rolls in the amount of Eight Thousand Nine Hundred Forty Six & 42/100 Dollars (\$8,946.42) plus further interest, fees and penalties on the Premises for the demolition costs. The State of Michigan subsequently conducted a real property tax foreclosure for outstanding County of Wayne real property taxes and became the owner of the Premises. On October 20, 1998, the State of Michigan conveyed ownership of the Premises via Quitclaim Sale Deed issued under Section 131, of Act 296, Public Acts of 1983, as amend-

ed. The City of Detroit's demolition of the building at the Premises occurred prior to October 20, 1998. The state foreclosure extinguishes the Demolition Lien Lis Pendens, and Special Assessment(s) by the City of Detroit related to the demolition of the building and the Lis Pendens filed by the Building, Safety and Engineering on April 1, 1997.

Resolved, That:

The Law Department is authorized to agree to entry of an Order of Dismissal and to enter into an Agreement to Arbitrate in the case of Patrick Lawrence Hatfield v City of Detroit, David Michelis and John Doe, Wayne County Court Case No. 99-926067 NO, on the following terms and conditions:

A. 1. The parties, by their attorneys, agree to submit this matter to binding arbitration.

2. The parties shall submit to arbitration all matters in controversy raised in the above-named lawsuit.

3. Arbitration shall be conducted in accordance with the Michigan Rules of Evidence, except as may be modified by a majority of the arbitrators, or by stipulation of the parties.

4. The matter shall be arbitrated by a panel of three arbitrators, all of whom shall be practicing Michigan attorneys. The Plaintiff shall select one arbitrator, the Defendant shall select one arbitrator, and the Plaintiff and Defendant shall jointly select the neutral arbitrator. Plaintiff shall pay all fees and costs associated with the arbitrator he selects. Defendants shall pay all fees and costs associated with the arbitrator they select. All fees and costs of the neutral arbitrator shall be paid fifty percent (50%) by Plaintiff and fifty percent (50%) by Defendants.

All other costs and fees, including attorney fees, shall be borne by the party which incurs them.

5. In the event that the neutral arbitrator is unavailable for a hearing on the date set by the parties, either by failure to accept appointment, disqualification, withdrawal, or incapacity, the position shall be filled by agreement of the parties.

6. Pre-hearing briefs shall be required of Plaintiff and Defendant, and shall be submitted to the arbitration panel prior to commencement of the arbitration.

Medical records and reports may be used at the hearing in lieu of the personal appearance of physicians, medical care providers or records custodians.

7. When two or more of the Arbitrators arrive at a decision regarding this matter, their decision is and shall be by agreement of all parties, final and binding upon the parties as to any and every and all claim(s) Plaintiff has asserted or could have asserted against Michelis and/or the City from the beginning of time up to and including the date of the decision of the Arbitrators arising out of the incident occurring on or about October 16, 1998; however, limited judicial review may be obtained in a Michigan Federal Court or Michigan Circuit Court of competent jurisdiction (a) in accordance with the standards of review of arbitration awards as established by law; or (b) on the ground that the arbitrators committed an error of law.

8. The minimum of any award to the Plaintiff shall be in the amount of Zero Dollars (\$0).

The Maximum amount of any award to the Plaintiff shall be in the amount of One Hundred and Twenty Thousand Dollars (\$120,000.00).

9. Any award in excess of \$120,000.00 shall be interpreted to be in the amount of \$120,000.00.

There shall be no costs, fees or interest taxable with respect to the award rendered by the arbitrators.

The award of the arbitrators shall represent a full and final settlement of any amounts due and owing to Plaintiff for any and all claims arising out of the incident on October 16, 1998 at 1431 Washington Blvd., #2309.

10. Neither the "high-low" amounts nor the mediation award shall be disclosed to the arbitrators. Disclosure of the "high-low" amounts or the mediation award to the arbitrators shall render the arbitration agreement voidable by any non-disclosing party.

11. Discovery proceedings may continue, and each party shall have the opportunity to take "discovery only" depositions of the opponent's experts, to the extent that such depositions have not already been completed. The parties shall be able to take depositions of parties or witnesses for use as evidence at the arbitration, without regard to witness availability.

12. The parties agree that they will faithfully observe the Agreement to Arbitrate, and that they will abide by and satisfy the award rendered by the arbitrators. In the event that any party refuses to abide by the arbitrators' decision, the

other party may petition the Court to confirm the award and enter judgement thereon.

13. There shall be no need to have any proceedings convened by the arbitrators recorded. However, if one of the parties wishes to have the proceedings recorded, then any costs incurred shall be borne exclusively by such party.

B. Promptly after the arbitrators announce their decision, the Law Department shall inform City Council in writing of that decision.

C. Upon certification by the Law Department that the arbitrators have announced a decision requiring the City of pay part or all \$120,000.00 to the Plaintiff, the Finance Director is authorized to issue a draft drawn upon the proper account in favor of Patrick Lawrence Hatfield and his attorney, David L. Honorable City Council:

Re: Public Hearing on Request by Nailah, L.L.C., for Establishment of the "East Ferry Neighborhood Enterprise Zone" in Accordance with Public Act 147 of 1992.

In response to the above referenced request, the Planning & Development Department, in conjunction with the Assessments Division of the Finance Department, have reviewed the Master Plan and the neighborhood preservation and development goals of the City, and find that approval of the request would be consistent with the Master Plan and the neighborhood preservation and development goals.

Public Act 147 of 1992, commonly referred to as the Neighborhood Enterprise Zone (NEZ) Act, in Section 3(1) states "the governing body of a local governmental unit by resolution may designate one (1) or more neighborhood enter-

prise zones." Prior to acting upon the resolution establishing an NEZ, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an ad valorem tax within the proposed NEZ, said notice to be made not less than 60 days prior to your Honorable Body's passage of a resolution designating an NEZ.

The boundaries of the proposed NEZ are irregular, but may be generally described as Ferry on the North, I-75 Service Drive on the East, the alley south of Ferry on the South, and Brush on the West.

Attached for your consideration please find a resolution establishing a date and time for the public hearing, together with a legal description of the proposed NEZ.

Respectfully submitted,

Whereas, A Neighborhood Enterprise Zone may not be established without a public hearing first being held, with notice of such hearing provided to the City Assessor and to the governing body of each jurisdiction levying ad valorem taxes within the proposed Neighborhood Enterprise Zone at least 60 days prior to passage of a resolution establishing the Neighborhood Enterprise Zone; Now Therefore Be It

Economic Development Corporation of the City of Detroit

Honorable City Council:

Re: Motown Center Project — Project Plan.

The Motown Center Project (the "Project") is being undertaken by the Economic Development Corporation of the City of Detroit (the "EDC") and will

involve the development of a mixed-use facility including a musical museum and other compatible uses.

On July 17, 2001, the Board of Directors of the Economic Development Corporation of the City of Detroit (the "EDC") adopted a Resolution requesting your Honorable Body to designate the Project District Area and the Project Area for the Project pursuant to Act 338, Public Acts of Michigan, 1974, as amended ("Act 338"). Exhibit B

**City Council Resolution Setting
Hearing Date for the Economic
Development Corporation of the City
of Detroit Motown Center Project**

By Council Member Tinsley-Talabi:

Whereas, This City Council, in conformity with Act 338 of Public Acts of 1974, as amended ("Act 338"), has previously approved a Project Area and Project District Area with respect to the Economic Development Corporation of the City of Detroit Motown Center Project; and

Whereas, This City Council has received a Project Plan for said Project and wishes to set a date for public hearing on said Project Plan.

Now, Therefore, Be It Resolved by the City Council of the City of Detroit, as follows:

1. A public hearing on the Project Plan for said Project shall be held at 10:00 o'clock a.m., local time, on the 26th day of September, 2001, or such other date to which the public hearing may be adjourned in the City Council Chambers, in the Coleman A. Young Municipal Center, in the City of Detroit, County of Wayne, Michigan. At such hearing, the City Council of the City of Detroit shall provide an opportunity for interested persons to be heard and shall receive and consider communications in writing with reference to the hearing and the proposed Plan. The hearing shall provide the fullest opportunity for the expression of opinion, for arguments on the merits, for introduction of documentary evidence pertinent to the proposed Project Plan and the location and nature of the proposed Project to be financed. This City Council shall make and preserve a record of the public hearing, including all data presented at the public hearing.

2. The staff of the EDC is hereby requested to publish, post and mail notice of such hearing, such notice to be substantially in the form attached hereto (Exhibit B-1).

3. The City Clerk is hereby directed to provide five (5) certified copies of this Resolution to the Secretary of the Board of Directors of the Economic Development Corporation of the City of Detroit.

4. All resolutions or parts thereof in conflict with this Resolution are hereby repealed, but only to the extent of such conflict.

A Waiver of Reconsideration is requested.

**Exhibit A
Project Plan**

**Of the Economic Development
Corporation of the City of Detroit
for the**

Motown Center Project

**A. Provide the location and extent
of existing streets and other public
facilities within the development area**

and designate the location, character, and extent of the categories of public and private land uses now existing and proposed for the project area, including residential, recreational, commercial, industrial, educational, and other uses. Attach a legal description of the project area as Exhibit A.

The project area is bounded generally by Woodward to the east, Park to the west, Fisher Freeway/I-75 to the south, and Sibley to the north. This parcel is bisected by Henry Street. Currently, there are no picnic or private uses of the property. The area is mostly vacant land, undeveloped, and the few buildings that are present are abandoned and unsafe. As more particularly described below, the proposed use for the project area is a world-class museum and entertainment destination location, which will celebrate the legacy, artists, and music of Motown Records and its founder Berry Gordy, associated parking and ancillary uses. Legal descriptions for the parcels in the project area are provided under Exhibit A-1.

B. Provide a description of existing improvements in the project area to be demolished, repaired, or altered, a description of repairs and alterations, and an estimate of the time required for completion.

The project area includes both vacant buildings and vacant land which will be altered to accommodate the proposed new cultural, entertainment, and mixed use development, as well as for parking, landscaping, access, and park settings. The existing buildings will either be demolished or rehabilitated. Existing public improvements in Henry Street and the public alleys may be removed and relocated, rehabilitated, or abandoned in place. The current estimate of time for completion of the project is set forth in Section D below.

C. Provide the location, extent, character, and estimated cost of the improvements including rehabilitation contemplated for the project area and an estimate of the time required for completion.

As set forth above in Section A, the project area is located at the very significant intersection of Woodward and the Fisher Freeway/I-75 just north of the heart of Downtown Detroit. This site is close to many of the new developments on and off Woodward Avenue, including the Fox and Second City theatres, the Detroit Opera House, Hockeytown Café, Comerica Park, Ford Field, and a significant number of new residential developments.

The Motown Center will be an exciting, interactive, high-tech destination that creates and hosts exhibitions, programs, performances, and events expressing the core themes of creativity, innovation, and entrepreneurship. It will serve as a living

and breathing incubator and mentor to children, youth, and young adults focused on the creation and enjoyment of popular music and the music business. The Center will celebrate the legacy of Motown Records and its history in Detroit, its founder Berry Gordy, as well as the artists that made the label great, and will also provide for the Detroit community an innovative educational program in the area of the popular music business joining with educational, cultural, community, and industry organizations.

The Project will cost approximately \$28 million. See Section D below for completion schedule. The Developer's plans are in an early stage of evolution and therefore have not been finalized. The Developer will either rehabilitate the existing Motown buildings located on Woodward between I-75 and Henry or build an entirely new facility on the existing location. The balance of the project area will be devoted to parking and ancillary uses.

D. Provide a statement of the construction or stages of construction planned and the estimated time of completion of each stage.

It is anticipated that from commencement of design to completion of construction will take approximately 33 months. The contemplated phasing is summarized as follows:

Phase I — Pre-construction Site Analysis and Preparation — 6 Months

Phase II — Design Development and Initial Site Improvements — 9 Months

Phase III — Construction and Interior Fit-ups — 18 months

E. Provide a description of the parts of the project area to be left as open space and the use contemplated for the space.

The project will have broad, landscaped sidewalks and park-like settings surrounding the project, which open to an entry plaza at Woodward Avenue and street level parking.

F. Provide a description of the portions of the project area which the corporation (EDC) desires to sell, donate, exchange, lease to, or from the municipality and the proposed terms.

The City of Detroit acting through its Planning and Development Department will transfer the city owned parcels in the project area (see Exhibit B) to the EDC. The EDC will subsequently convey title to the Developer pursuant to the terms and conditions of a development agreement by and between the EDC and the Developer.

G. Provide a description of the desired zoning changes and changes in streets, street levels, intersections, and utilities.

Henry Street and all alleys within the project area may be vacated. The project

area is zoned B4 — General Business (see Exhibit C). Accordingly, it is anticipated that most of the planned site improvements are available to the Developer as a matter of right. However, it is determined that a planned use would not comply with the City's zoning ordinance, then the Developer will be required to seek the requisite approvals from the appropriate City departments and agencies of jurisdiction, including possible rezoning.

No changes to street levels and intersections, other than the potential closing of Henry between Woodward and Park. Moreover, it is anticipated that the north-south and east-west alleys will be vacated (see Exhibit D). It is contemplated that private utilities may have to be relocated in connection with the project. If Henry and the alleys are closed, the public utilities contained in them may have to be relocated or abandoned.

H. Provide a statement of the proposed method of financing the project and the ability of the corporation (EDC) to arrange the financing.

The project is estimated to cost approximately \$28 million. At least 50% of the project will be financed through an institutional mortgage. The other 50% of the project will be financed through contributions by Berry Gordy, Vivendi Universal Foundation, under the sponsorship of Edgar Bronfman, Jr., Executive Vice Chairman of Vivendi Universal, private donations and other sources including an EDC development grant in an amount not to exceed \$2.55 million.

I. Please list the persons who will manage or be associated with the management of the project for a period of not less than one year from the date of approval of the project plan.

Recreation Department

August 16, 2001

Honorable City Council:

Re: Authorization to accept \$232,250.00 grant from Detroit Health Department, Bureau of Substance Abuse, to conduct a substance abuse prevention project.

The Recreation Department requests authorization to accept a \$232,250.00 grant from the Detroit Health Department, Bureau of Substance Abuse, to conduct the "RAP (Recreation and Prevention) Project — Year VI." The Department also requests authorization to set up Appropriation No. 10698 and Organization No. 392961, to facilitate the expenditure of funds for this project.

The RAP Project will provide 300 elementary school age students, who are at risk for abusing alcohol, tobacco and other drugs (ATOD), with opportunities to participate in an after school recreation program, at four recreation center sites: the Adams/Butzel Complex and Williams, Lipke and Kronk Centers. The project will be conducted from October, 2000- May, 2001, four days per week, from 3:00- 6:00 p.m. It will integrate ATOD prevention components with recreational activities which are thematically oriented to educate children about the negative consequences of substance abuse. The activities will be designed to be so engaging and challenging that they provide the participants with an array of alternative activities to counteract the lure of ATOD. The program's focus will be to prevent children who have not yet developed destructive recreational habits from becoming substance abusers.

The Department requests the authorization of your Honorable Body to expend the funds from the Detroit Health Department Substance Abuse Prevention grant to conduct the RAP Project from October, 2001- May, 2002, with a waiver of reconsideration.

**RESOLUTION
IN OPPOSITION TO SEPARATION OF
THE DETROIT HOUSING
COMMISSION FROM THE CITY OF
DETROIT; AND RETAINING ALL CITY
EMPLOYEES ASSIGNED TO THE
DETROIT HOUSING COMMISSION AS
CITY OF DETROIT EMPLOYEES WITH
ALL RIGHTS AND BENEFITS
PROVIDED BY THE CITY OF DETROIT**
By ALL COUNCIL MEMBERS:

WHEREAS, The Detroit City Council, for years, has been deeply concerned

about the level of services, operations and management of City owned public housing, having received and worked to redress hundreds of complaints and allegations of mistreatment of residents in public housing, complaints and allegations of roughshod treatment of city employees assigned to the Detroit Housing Commission, about the dramatic loss, in sheer numbers, of affordable housing units under the management and control of the Detroit Housing Commission, and about allegations that the Detroit Housing Commission and its executive staff intend to cause further reductions in public housing available to persons and families with the lowest and most moderate of incomes in favor of market rate housing, in a manner the Detroit City Council believes is contrary to the requirements of enabling law for housing commissions in the State of Michigan — to the detriment of persons most in need of safe, affordable housing in Detroit; and

WHEREAS, The Detroit City Council has held many public hearings on the issue of separation of the housing commission from the jurisdiction of the City of Detroit at which residents and employees have unanimously implored the City Council to reject any effort to separate the Detroit Housing Commission from the City of Detroit; and

WHEREAS, The Detroit City Council has taken reliable and substantial testimony from residents of the public housing properties operated by the Detroit Housing Commission; such evidence unequivocally evidences that the health, safety, and welfare of the residents is at risk; and

WHEREAS, Each and every member of the Detroit City Council has had to respond personally to intervene to protect residents of public housing from capricious, arbitrary and unjust actions by agents of the management of the Detroit Housing Commission; and

WHEREAS, The City of Detroit is and has been the owner of publicly owned housing to be operated for the benefit of persons and families that are income eligible and require safe, sanitary, and affordable housing within the corporate limits of Detroit; and

WHEREAS, The laws of the State of Michigan authorize the Detroit City Council to establish a housing commission by ordinance and to prescribe the duties and authorities granted to such housing commission through ordinance; and

WHEREAS, The Detroit City Council will amend the current Detroit Housing Commission Ordinance to implement certain provisions of the State of Michigan's Housing Facilities Act; such amendments include: reorganization of the membership of the Detroit Housing Commission; con-

tinuation of the housing commission as an agency and department of the City of Detroit; the requirement of not less than twelve (12) regular and interval meetings of the commission, increases legislative oversight through the requirement of not less than monthly reporting by the commission to the city council; payments in lieu of taxes; prohibition of borrowing by the housing commission; and the requirement of certain resolutions and actions by the mayor and the city council with regard to compensation and classifications for city employees assigned to work for the housing commission; and

WHEREAS, The Mayor of the City of Detroit has communicated to the Detroit City Council, the city employees assigned to the housing commission, the tenants of the housing commission, and the general public, that he intends to take independent actions to separate the housing commission from the jurisdiction of the City of Detroit, thereby creating an independent authority, and will divest city employees assigned to the housing commission of their status as city employees with respect to the City of Detroit, the Detroit City Charter, and all rights to the existing City of Detroit pension and benefits system; NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council declares that no action has or will be taken by it, or will be recognized by the Detroit City Council to further separate the Detroit Housing Commission from the jurisdiction of the City of Detroit, through its mayor, its city council or its laws; and that the Detroit City Council declares its intention that all city employees currently assigned to the Detroit Housing Commission as members of the classified or unclassified service of the City pursuant to Section 6-517 of the Detroit City Charter shall remain members of classified and unclassified service for of the City, and BE IT FURTHER

RESOLVED, That the Detroit City Council declares that all current city employees assigned to the Detroit Housing Commission, and all future employees hired by or on behalf of the Detroit Housing Commission shall retain all of the rights, benefits and duties of all employees of the City of Detroit under the laws of the State of Michigan, the Charters as amended or revised of the City of Detroit, the codes and ordinances of the City of Detroit and its rules, regulations and procedures as are or may be adopted; and BE IT FURTHER

RESOLVED, That the Detroit City Council rejects any action or request by the Mayor, and his administration, including the members of the Detroit Housing Commission, and its executives, agents or designees to separate the Commission from the legal and fiduciary authority of the City of Detroit; the Detroit City Council

specifically refuses to authorize the proposed Intergovernmental Agreement submitted to it by the mayor on July 17, 2001 on the basis that the Detroit City Council believes that the mayor and the housing commission lack the legal authority to reorganize the housing commission as an independent authority without the express action and approval action of the city council; this City Council rejects all efforts to establish the Commission as an independent authority — including re-appropriations, transfers of monies and funding, budgetary or financing authority; or any action to separate any/all city employees assigned to the Detroit Housing Commission, or persons hired in the future in assignment to the Detroit Housing Commission; and this City Council invokes all legal authority imbued in the Detroit City Council as the legislative body for the incorporating unit, the City of Detroit under the laws of this State and the City of Detroit; and BE IT FURTHER

RESOLVED, That the Detroit City Council finds that any further separation of the Detroit Housing Commission is inconsistent with the Preamble and the Declaration of Rights at Part II Sections 1, 2 and 4 of the 1997 Detroit City Charter, and state law to permit municipal establishment of a housing commission to eliminate housing conditions which are detrimental to the public peace, health, safety, morals and welfare; and BE IT FURTHER

RESOLVED, That the Detroit City Council hereby directs the City Clerk to transmit a copy of this resolution, following its enactment, to the Hon. Dennis W. Archer, Mayor; each member of the Detroit Housing Commission; John Nelson, Director of the Housing Commission; the Secretary of the Department of Housing and Urban Development (HUD) for the United States; the Hon. John Conyers and the Hon. Carolyn Cheeks Kilpatrick — United States House of Representatives; the Hon. Carl Levin and the Hon. Debbie Stabenow — United States Senate; the Hon. John Engler, Governor of the State of Michigan; the Hon. and one other paper of general circulation in the City of Detroit, posted on the web site for the City of Detroit, City Clerk, posted in the Main Branch of the Detroit Public Library, and posted at each Neighborhood City Hall.

Nays — None.

RESOLUTION OPPOSING BALLISTIC MISSILE DEFENSE PROGRAM

By COUNCIL MEMBER MAHAFFEY:

WHEREAS, President Bush has proposed funding a missile defense program designed to protect U.S. territory from attack by long-range (strategic) ballistic missiles. It is a program that has been consistently criticized as unnecessary, wasteful and dangerous by defense experts, Union of Concerned Scientists, and others, and

WHEREAS, The technology needed for this system still does not exist. A rudimentary system would not likely be ready until at least 2008. Moreover, according to the Union of Concerned Scientists, the system that is the furthest along will offer little or no defense, since it can be defeated by simple countermeasures. Repeated tests have failed to demonstrate the viability of this system. And,

WHEREAS, The proposed program violates the ABM treaty which has been successful in halting the race to build more nuclear weapons and resulted in the reduction of nuclear weapons. International condemnation of this program has been widespread, because the security costs of deployment will far outweigh the security benefits, and

WHEREAS, The proposed missile defense shield has diverted more than \$60 billion over the past 20 years from domestic programs which would provide more jobs and a higher quality of life for Americans. BE IT THEREFORE

RESOLVED, That the Detroit City Council joins with the U.S. Peace Council and other organizations in opposing the ballistic missile defense program. We urge our elected officials in Washington to instead support funding domestic programs which benefit our communities. BE IT FURTHER

RESOLVED, That the City Clerk send copies of this resolution to the entire Detroit Congressional delegation and to Senators Carl Levin and Debbie Stabenow.

RESOLUTION IN SUPPORT OF WORLD BANK BONDS BOYCOTT

By COUNCIL PRESIDENT PRO TEM MAHAFFEY:

WHEREAS, Many cities are joining in the opposition to World Bank and

International Monetary Fund policies and structural adjustment programs that are environmentally harmful and have contributed to a loss of social services, health, nutritional and educational programs that are needed in developing countries; and

WHEREAS, These same cities are calling for a boycott of World Bank bond investments. The one year old World Bank Bonds Boycott campaign organizes institutional investors to stop buying World Bank bonds as a means of putting political and financial pressure on the World Bank for fundamental change. The boycott demands that the World Bank Group cancel 100% of its debts owed in it by impoverished countries, ends all lending for oil, gas and mining projects as well as environmentally harmful projects such as dams that include forced relocation of people; and

WHEREAS, Ten major institutional investors have joined the Boycott campaign, including the American Federation of Government Employees; International Longshore and Warehouse Union; the Unitarian Universalist General Assembly and the Sisters of the Holy Cross. In addition, the Midstate Central Labor Council and Pax Christi USA have adopted the boycott. Cities that have called for an end to destructive World Bank policies and programs include Boulder, Colorado; San Francisco, Oakland and Berkeley, California, and Takoma Park, Maryland. THEREFORE BE IT

RESOLVED, That the Detroit City Council joins in supporting a boycott of World Bank bond investments. This campaign is modeled on the anti-Apartheid divestment movement and has a goal which we support of furthering social and environmental justice around the world.

By COUNCIL PRESIDENT PRO TEM MAHAFFEY:

WHEREAS, These "start-over" resolutions require that the ERA be approved by two thirds both Houses of Congress and have fresh ratifications by three-fourths, or 38 states. There are currently 17 co-

sponsors for SJ 10 in the Senate. HJ 40 has 163 co-sponsors in the House; and

This is to request cancellation of all of the City of Detroit real property taxes for all of the referenced properties.

We have reviewed the above captioned matter to confirm that the City of Detroit is the owner of the premises, by and through the City of Detroit Housing Commission. From this review, we therefore recommend and request approval of the attached resolution to cancel all of the outstanding City of Detroit real property taxes for the herein referenced properties.

The City of Detroit, Detroit Housing Commission, purchased the referenced properties utilizing monies disbursed by a federal agency, the Department of Housing and Urban Development. Heretofore, the Department of Finance

inadvertently continued assessing the properties owned by the Detroit Housing Commission. The City of Detroit is in the process of having all of the referenced properties listed as exempt with the Board of Tax Assessors. As of this date, there are outstanding real property taxes still assessed against the referenced properties for the following amounts:

Property	Amount	Tax Year(s)
1301 E Jefferson Ward 5 Item 78-80	\$56,342.62	1999 & 2000
15045 Novara Ward 22 Item 22534	\$ 3,482.66	1985, 1996, 1997 & 1998
8244 Carlin Ward 22 Item 31977	\$ 1,899.33	1973, 1997, 1998
9271 Meyers Ward 22 Item 20653	\$ 2,448.90	1996, 1997 & 1998

Re: Petition #3885, Susan Sautter.
Request for alley vacation in the area of Junction Ave., Fort Street, Campbell Ave. and the Fisher Freeway.

The above-named petitioner has requested that a portion of the alley bounded by Junction Avenue, Fort Street, Campbell Avenue and the Fisher Freeway be vacated and converted into an easement.

The above referenced petition has been filed with the Detroit City Council with the signatures of 100% of the abutting property owners and is in compliance with the Detroit Code, Article VI, Section

2. That the alley does not serve as the sole means of ingress/egress to the abutting properties.

3. No objections to this alley vacation have been received from any utilities or City Departments.

Therefore, it is the recommendation of the Planning and Development Department that this request be granted.

Respectfully submitted,

Re: Establishment of Woodbridge Estates Neighborhood Enterprise Zone, as Requested by Scripps Park Associates.

Attached for your consideration please find a resolution and legal description which will establish the Woodbridge Estates Neighborhood Enterprise Zone (NEZ) within the area bounded by Martin Luther King Boulevard, Canfield, Trumbull, and the John C. Lodge Service Drive.

The Finance Department-Assessments Division reports that the latest available data indicates that the assessed valuation within the proposed NEZ is \$5,111,400. This information was inadvertently omitted in our previous reporting to you.

Council Member Kenneth Cockrel requested that the University City "A" Citizens District Council (CDC) be briefed on the proposed development within the proposed NEZ. Be advised that concerted efforts were made to arrange a date and time for a presentation to the CDC. The CDC, however, was unresponsive to these efforts. This Department strongly desires that we move forward with the establishment of the NEZ so that the proposed development can proceed. It is my understanding that your Honorable Body shares this desire. Recall that the proposed NEZ is not within the CDC's boundaries.

Your Honorable Body conducted a public hearing on the proposed NEZ on July 12th, in accordance with the NEZ Act. The NEZ Act requires that sixty days must pass between the date of the notice of the public hearing and the date of your Honorable Body's passage of a resolution establishing the NEZ. The date of the notice of the public hearing was June 25th. Therefore you may pass the attached resolution at your next formal session, and we recommend that you do so.

Neighborhood Enterprise Zone Resolution

By Council Member Everett:

Whereas, Michigan Public Act 147 of 1992, the Neighborhood Enterprise Zone Act, provides for the establishment of Neighborhood Enterprise Zones, exemption from ad valorem taxes and the imposition of specific property tax in lieu of ad valorem real property taxes within designated Neighborhood Enterprise Zones; and

Whereas, The City of Detroit meets all the distress criteria set out within the Act; and

Whereas, The Detroit City Council desires to take advantage of the Neighborhood Enterprise Zone Act; and

Whereas, The Detroit City Council finds that designation of certain areas as Neighborhood Enterprise Zones is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay of others; and

Whereas, The Detroit City Council has found the proposed Neighborhood Enterprise Zone consistent with the Detroit Master Plan of Policies and the neighborhood preservation and economic development goals of Detroit; and

Whereas, The Detroit City Council has adopted a statement of City's goals, objectives and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed Neighborhood Enterprise Zones; and

Whereas, The Detroit City Council has passed a housing inspection ordinance requiring that before the sale of a unit in a new or rehabilitated facility for which a neighborhood enterprise zone certificate is in effect an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

Honorable City Council:

Re: Jeffrey Martin vs. City of Detroit and John Doe. Case No.: 99-923549 NI and 00-001728 NF. File No.: 99-92314 (SLW). CLIS No.: 9907127 and 00-7501.

On June 6, 2001, your Honorable Body authorized the Law Department to settle the above-captioned lawsuits in the amount of Seventeen Thousand Five Hundred Dollars (\$17,500.00). It has since come to our attention that the State of Michigan — M.S.A. should not be a payee on the check.

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body. From this review, it is our considered opinion that a settlement in the amount of Seventeen Thousand Five Hundred Dollars (\$17,500.00) is in the best interest of the City of Detroit.

We, therefore, request you to rescind the original resolution and adopt the amended resolution submitted herewith granting authority to settle this matter in the amount of Seventeen Thousand Five Hundred Dollars (\$17,500.00) and that

your Honorable Body direct the Finance Director to issue a draft in that amount payable to Jeffrey Martin and his attorneys, Eisenberg & Fields, P.C., to be delivered upon receipt of properly executed Releases and Stipulation and Order of Dismissal entered in Lawsuits Nos. 99-923549 NI and 00-001728 NF, approved by the Law Department. **Industrial Facilities Exemption
Certificate Agreement**

THIS AGREEMENT, made this 24th day of July, 2001 by and between the City of Detroit, acting by and through its Planning and Development Department ("the City") and Meritor Light Vehicle Systems, Inc. ("the Applicant").

WITNESSETH:

Whereas, The Applicant has submitted an Application ("Application") to the City for adoption of a resolution giving the City's approval of an Industrial Facilities Exemption Certificate ("IFEC") pursuant to Public Act 198 of 1974, as amended, for personal property ("Facility") to be located at 2301 W. Lafayette, Detroit, Michigan (A copy of the Application is attached hereto as Exhibit "A"); and

Whereas, The Applicant is making personal property improvements for the purpose of establishing a glass encapsulation process; and

Whereas, As part of its application for an IFEC, the Applicant has submitted an employment plan to the City of Detroit Human Rights Department (a copy of the employment plan is attached hereto as Exhibit "B") wherein it has represented that during the term of the IFEC it shall not discriminate in its employment practices because of an individual's age, sex, race, color, creed, religion, marital status, national origin, political orientation, sexual orientation, or non-disabling handicap, and that it will take affirmative action to recruit and hire minority persons and women in accordance with specified targets; and

Whereas, Pursuant to Section 22 of Michigan Public Act No. 334 of 1993, effective December 31, 1993, it is necessary that the City and the Applicant enter into a "written agreement" prior to approval and issuance of an IFEC by the Michigan State Tax Commission; and

Whereas, To encourage approval of an IFEC and in recognition of the investments the City will make toward the economic growth of the Applicant, which in turn will benefit the City, the Applicant agrees as follows:

1. General.

a. The Applicant will make personal property improvements, as set forth in the Applications.

b. The Applicant will be required to create one hundred thirty two (132) new full time employees at the Facility within two years of the Approval Date.

c. The Applicant will retain:

I) One hundred forty one (141) full time employees for two (2) years from the Approval date.

II) Two hundred seventy three (273)

full-time employees at the Facility commencing two (2) years from the approval date and throughout the term of this agreement.

For purposes of this Agreement, a "full-time employee" shall include a person 1) who is employed by the Applicant on a salary, wage, commission, or other basis, for a minimum period of forty (40) hours a week; and 2) from whose compensation the Applicant is required by law to withhold for City income taxes.

2. Annual Affirmative Action Report by the Applicant.

On or before July 5, 2002 and each year thereafter, throughout the term of the IFEC, the Applicant shall submit to the Human Rights Department of the City of Detroit a current Contract Compliance Report (Form EEO-1); and 2) a current Employer Information Report (Form EEO-2). If requested in writing by the Human Rights Department of the City, the Applicant shall also submit to the Human Rights Department of the City an Affirmative Action Plan, which sets forth the future affirmative action goals of the Applicant at the Facility, and the means by which the Applicant intends to effectuate those goals. The provisions of the Affirmative Action Plan must be approved by the Director of the City Human Rights Department.

3. Annual Status Report by the Applicant.

On or before February 1, 2002, and each year thereafter, throughout the term of the IFEC, the Applicant shall submit to the Planning and Development Department of the City a certified status report ("Status Report") signed by an authorized officer of the Applicant. The Status Report shall set forth the affirmative action accomplishments, the average number of full-time employees at the Facility during the calendar year preceding the date of the Status Report, and the Facility costs as of December 31st preceding the Status Report. For purposes of this agreement, the average full-time employees shall be computed as the average of the number of full-time employees at the Facility on March 31st, June 30th, September 30th, and December 31st of the calendar year preceding the date of the Status Report. The information contained in the Status Report shall be in substantially the same form as is attached hereto as Exhibit "C".

4. Review and Audit of Applicant Employment Information.

The Applicant agrees to provide the City with sufficient information, and the City may review and audit the information provided by the applicant, in order to determine compliance with this agreement. If the Applicant fails to provide employment information satisfying the needs of the City, the Applicant will pro-

vide the City and the Michigan Employment Security Commission (MESC) written authorization, in a form acceptable to the City and MESC, to use and develop appropriate MESC documents, such as, but not limited to, the MESC Multiple Worksite Report, to verify the number of full-time employees stated in the annual Status Report. In the event the Applicant fails to provide the City with any information required to be provided to the City under this Section, the Applicant agrees to reimburse the City for all costs, including attorney's fees, incurred by the City to verify the information that was withheld.

5. Revocation or Reduction of Term of IFEC for Affirmative Action or Facility Cost Shortfalls, or Non-Compliance with Prevailing Wage Requirements.

The City may, in its sole discretion, request that the Michigan State Tax Commission reduce the remaining term of the IFEC or revoke the IFEC if: 1) the Applicant fails to provide the City with the information or Affirmative Action Plan required to be provided to the City under Section 2 above; 2) the affirmative action accomplishments at the Facility are less than those to which the Applicant committed itself in the most recent affirmative action plan approved by the City Human Rights Department, due to the failure of the Applicant to use its best efforts to effectuate the Affirmative Action Plan; or 3) if the Facility costs are less than that to which the Applicant committed itself in the Application; or 4) the Applicant failed to pay the prevailing wages for construction work on the project for which it is seeking an Industrial Facilities Exemption Certificate. Prior to taking any action to request reduction of the term of the IFEC or revocation of the IFEC, the City must afford the Applicant an opportunity to present at a public hearing reasons for any shortfall by the applicant in its compliance with this Agreement.

6. Payment of Abated Taxes for Shortfall of Employment.

If the average number of new and retained full-time employees at the Facility during the calendar year preceding the date of the Status Report is less than the number of new and retained employees set forth in Section 1 above, the Applicant agrees to pay the City, in addition to the Industrial Facility Tax due under the IFEC on the Facility, an amount equal to the difference between the amount of ad valorem tax otherwise due on the Facility without the IFEC, and the amount of Industrial Facility Tax due on the Facility under the IFEC, for the calendar year preceding the Status Report, multiplied by a fraction, the numerator of which is the shortfall in the number of new and retained full-time employees indicated in the Status Report, and the denominator

of which is the total number of new and retained full-time employees set forth in Section 1 above. Prior to taking any action to require the Applicant to pay any amount to the City pursuant to this Section, the City must afford the Applicant an opportunity to present at a public hearing reasons for any shortfall by the Applicant in its compliance with this agreement.

7. Reimbursement of City Costs upon Discontinuance of Operations.

a. To enable the Applicant to make the improvements or to install the equipment, machinery, furniture and fixtures as set forth in the Application, or to enable the Applicant to operate the Facility, the City may incur costs for site acquisition, infrastructure improvements, or for other related purposes, as may be agreed to in writing between the City and the Applicant. If during the term of the IFEC the Applicant shall discontinue operations at the Facility, the applicant agrees to reimburse the City for any such agreed upon costs incurred by the City.

b. The Applicant agrees that if during the term of the IFEC it shall decide to discontinue operations at the Facility, the Applicant shall send written notification to the Director of the City Planning and Development Department within thirty (30) days of such decision. The Applicant further agrees that, within thirty (30) days of the actual discontinuance of operations, the Applicant shall send written notification of the actual termination to the Director of the City Planning and Development Department.

8. Living Wage Ordinance.

The Applicant acknowledges receipt of a copy of the Detroit Living Wage Ordinance ("Ordinance") which copy is attached as Exhibit "D" and made a part hereof, and the applicant affirms that it will comply with this Ordinance in all respects unless specifically exempted by the language of the Ordinance. In the event the Applicant violates the Ordinance, the Applicant shall pay to each employee affected the amount of the deficiency for each day the violation continues. Willful or repeated violation of the Ordinance shall constitute a material breach of this agreement and will entitle the City to revoke, or seek revocation, of the Certificates. Willful violation of the Ordinance will result in a penalty paid to the City in the amount of \$50.00 per violation for each day the violation continues. In the event the Applicant is assessed the \$50.00 penalty based on more than three (3) incidents within a two (2) year period, the Applicant shall be barred from entering into any contracts with the City for a period of ten (10) years from the last violation.

9. Prevailing Wage Requirements.

The Applicant agrees that Detroit Ordinance ch 18, art 5 div 4 is made

applicable to this Agreement by section 18-5-65 thereof and agrees that wage and fringe benefit rates paid to each class of building trades workers performing construction work for which an Industrial Facilities Exemption Certificate is requested shall not be less than the rate prevailing in the City. See Exhibit E for a copy of the applicable Ordinance and the rates.

10. Reservation of Remedies.

The City and the Applicant agree that each of the rights and remedies provided by this Agreement may be exercised separately or cumulatively, and shall not be exclusive of any other rights and remedies provided by law. Invalidation of any of the provisions contained in this Agreement by operation of law, judgement, court order, or otherwise shall not invalidate any of the other provisions of this Agreement.

11. Effective Date.

This Agreement shall become effective upon issuance by the Michigan State Tax Commission of an IFEC covering the Facility, and shall be null and void and of no force or effect whatsoever unless the Michigan State Tax Commission issues an IFEC to the Applicant covering the Facility. This Agreement shall terminate thirty (30) days after the due date of the Status Report required by Section 3 above pertaining to the final year the IFEC is in force, or thirty (30) days after the actual filing of said Status Report, whichever is later.

12. Headings.

The headings contained in this Agreement are for descriptive purposes only, and do not alter or govern the substantive content of the provisions of this agreement.

IN WITNESS WHEREOF, the City and the Applicant, by and through their authorized officers and representatives, have executed this agreement as of the date first above written.

b. The Applicant will be required to create one hundred thirty two (132) new full time employees at the Facility within two years of the Approval Date.

c. The Applicant will retain:

I) One hundred forty one (141) full time employees for two (2) years from the Approval date.

II) Two hundred seventy three (273) full-time employees at the Facility commencing two (2) years from the approval date and throughout the term of this agreement.

For purposes of this Agreement, a "full-time employee" shall include a person 1) who is employed by the Applicant on a salary, wage, commission, or other basis, for a minimum period of forty (40) hours a week; and 2) from whose compensation the Applicant is required by law to withhold for City income taxes.

2. Annual Affirmative Action Report by the Applicant.

On or before July 5, 2002 and each year thereafter, throughout the term of the IFEC, the Applicant shall submit to the Human Rights Department of the City of Detroit a current Contract Compliance Report (Form EEO-1); and 2) a current Employer Information Report (Form EEO-2). If requested in writing by the Human Rights Department of the City, the Applicant shall also submit to the Human Rights Department of the City an

Affirmative Action Plan, which sets forth the future affirmative action goals of the Applicant at the Facility, and the means by which the Applicant intends to effectuate those goals. The provisions of the Affirmative Action Plan must be approved by the Director of the City Human Rights Department.

3. Annual Status Report by the Applicant.

On or before February 1, 2002, and each year thereafter, throughout the term of the IFEC, the Applicant shall submit to the Planning and Development Department of the City a certified status report ("Status Report") signed by an authorized officer of the Applicant. The Status Report shall set forth the affirmative action accomplishments, the average number of full-time employees at the Facility during the calendar year preceding the date of the Status Report, and the Facility costs as of December 31st preceding the Status Report. For purposes of this agreement, the average full-time employees shall be computed as the average of the number of full-time employees at the Facility on March 31st, June 30th, September 30th, and December 31st of the calendar year preceding the date of the Status Report. The information contained in the Status Report shall be in substantially the same form as is attached hereto as Exhibit "C".

4. Review and Audit of Applicant Employment Information.

The Applicant agrees to provide the City with sufficient information, and the City may review and audit the information provided by the applicant, in order to determine compliance with this agreement. If the Applicant fails to provide employment information satisfying the needs of the City, the Applicant will provide the City and the Michigan Employment Security Commission (MESC) written authorization, in a form acceptable to the City and MESC, to use and develop appropriate MESC documents, such as, but not limited to, the MESC Multiple Worksite Report, to verify the number of full-time employees stated in the annual Status Report. In the event the Applicant fails to provide the City with any information required to be provided to the City under this Section, the Applicant agrees to reimburse the City for all costs, including attorney's fees, incurred by the City to verify the information that was withheld.

5. Revocation or Reduction of Term of IFEC for Affirmative Action or Facility Cost Shortfalls, or Non-Compliance with Prevailing Wage Requirements.

The City may, in its sole discretion, request that the Michigan State Tax Commission reduce the remaining term of the IFEC or revoke the IFEC if: 1) the Applicant fails to provide the City with the

information or Affirmative Action Plan required to be provided to the City under Section 2 above; 2) the affirmative action accomplishments at the Facility are less than those to which the Applicant committed itself in the most recent affirmative action plan approved by the City Human Rights Department, due to the failure of the Applicant to use its best efforts to effectuate the Affirmative Action Plan; or 3) if the Facility costs are less than that to which the Applicant committed itself in the Application; or 4) the Applicant failed to pay the prevailing wages for construction work on the project for which it is seeking an Industrial Facilities Exemption Certificate. Prior to taking any action to request reduction of the term of the IFEC or revocation of the IFEC, the City must afford the Applicant an opportunity to present at a public hearing reasons for any shortfall by the applicant in its compliance with this Agreement.

6. Payment of Abated Taxes for Shortfall of Employment.

If the average number of new and retained full-time employees at the Facility during the calendar year preceding the date of the Status Report is less than the number of new and retained employees set forth in Section 1 above, the Applicant agrees to pay the City, in addition to the Industrial Facility Tax due under the IFEC on the Facility, an amount equal to the difference between the amount of ad valorem tax otherwise due on the Facility without the IFEC, and the amount of Industrial Facility Tax due on the Facility under the IFEC, for the calendar year preceding the Status Report, multiplied by a fraction, the numerator of which is the shortfall in the number of new and retained full-time employees indicated in the Status Report, and the denominator of which is the total number of new and retained full-time employees set forth in Section 1 above. Prior to taking any action to require the Applicant to pay any amount to the City pursuant to this Section, the City must afford the Applicant an opportunity to present at a public hearing reasons for any shortfall by the Applicant in its compliance with this agreement.

7. Reimbursement of City Costs upon Discontinuance of Operations.

a. To enable the Applicant to make the improvements or to install the equipment, machinery, furniture and fixtures as set forth in the Application, or to enable the Applicant to operate the Facility, the City may incur costs for site acquisition, infrastructure improvements, or for other related purposes, as may be agreed to in writing between the City and the Applicant. If during the term of the IFEC the Applicant shall discontinue operations at the Facility, the applicant agrees to reimburse the City for any such agreed upon costs incurred by the City.

b. The Applicant agrees that if during the term of the IFEC it shall decide to discontinue operations at the Facility, the Applicant shall send written notification to the Director of the City Planning and Development Department within thirty (30) days of such decision. The Applicant further agrees that, within thirty (30) days of the actual discontinuance of operations, the Applicant shall send written notification of the actual termination to the Director of the City Planning and Development Department.

8. Living Wage Ordinance.

The Applicant acknowledges receipt of a copy of the Detroit Living Wage Ordinance ("Ordinance") which copy is attached as Exhibit "D" and made a part hereof, and the applicant affirms that it will comply with this Ordinance in all respects unless specifically exempted by the language of the Ordinance. In the event the Applicant violates the Ordinance, the Applicant shall pay to each employee affected the amount of the deficiency for each day the violation continues. Willful or repeated violation of the Ordinance shall constitute a material breach of this agreement and will entitle the City to revoke, or seek revocation, of the Certificates. Willful violation of the Ordinance will result in a penalty paid to the City in the amount of \$50.00 per violation for each day the violation continues. In the event the Applicant is assessed the \$50.00 penalty based on more than three (3) incidents within a two (2) year period, the Applicant shall be barred from entering into any contracts with the City for a period of ten (10) years from the last violation.

9. Prevailing Wage Requirements.

The Applicant agrees that Detroit Ordinance ch 18, art 5 div 4 is made applicable to this Agreement by section 18-5-65 thereof and agrees that wage and fringe benefit rates paid to each class of building trades workers performing construction work for which an Industrial Facilities Exemption Certificate is requested shall not be less than the rate prevailing in the City. See Exhibit E for a copy of the applicable Ordinance and the rates.

10. Reservation of Remedies.

The City and the Applicant agree that each of the rights and remedies provided by this Agreement may be exercised separately or cumulatively, and shall not be exclusive of any other rights and remedies provided by law. Invalidation of any of the provisions contained in this Agreement by operation of law, judgement, court order, or otherwise shall not invalidate any of the other provisions of this Agreement.

11. Effective Date.

This Agreement shall become effective upon issuance by the Michigan State Tax Commission of an IFEC covering the facil-

ity, and shall be null and void of no force or effect whatsoever unless the Michigan State Tax Commission issues an IFEC to the Applicant covering the Facility. This Agreement shall terminate thirty (30) days after the due date of the Status Report required by Section 3 above pertaining to the final year the IFEC is in force, or thirty (30) days after the actual filing of said Status Report, whichever is later.

12. Headings.

The headings contained in this Agreement are for descriptive purposes only, and do not alter or govern the substantive content of the provisions of this agreement.

IN WITNESS WHEREOF, the City and the Applicant, by and through their authorized officers and representatives, have executed this agreement as of the date first above written.

September 13, 2001

Honorable City Council:

Re: Permission to accept grant award for the Detroit Police Department's Child Abuse Unit ODCP Project #72006-1K01.

The Office of Drug Control Policy has awarded the Detroit Police Department's Child Abuse Unit a grant with a match from the State of Michigan of \$316,733.00, and a local match of \$105,578.00, totaling \$422,311.00. The grant funds are limited to a maximum of four (4) years for the project. The matching requirements are 25% for the first year, 40% for the second year, 50% for the third year, and 60% for the fourth year.

The Detroit Police Department's Child Abuse Unit has requested, through the

grant, the implementation of an on-site prosecutor and child social workers. This team approach would ensure that the investigation of child abuse and neglect is more proficient for the Detroit Police Department. In addition, the on-site prosecutor would increase the prosecution of perpetrators and decrease the abuse and neglect of children within the City of Detroit.

The Wayne County Prosecutor's Office will supply one (1) full-time on-site prosecutor who will have the responsibility of handling all child abuse and neglect complaints within the city. The contract with the Children's Aid Society will provide three (3) Child Social Workers, who will be designated to work full-time, on-site, at the Detroit Police Department's Child Abuse Unit.

Attached is a copy of the revised budget. I am requesting Councils permission to accept the grant awarded to the Police Department's Child Abuse Unit. Ms. Kim Williams, of the Budget Unit has reviewed the request, and has indicated that the general fund savings realized from the officers salaries becoming grant funded may be used to fulfill the matching fund requirements for this grant.

Should you have any additional questions or concerns, please feel free to contact me at 596-1800, Monday through Friday, 8:00 A.M. to 5:00 P.M.

Respectfully submitted,

CHARLES E. WILSON

City Planning Commission

September 24, 2001

Honorable City Council:

Re: Motown Center Project — Economic Development Corporation of City of Detroit, Project Plan, Act 338, Public Acts of Michigan, 1974 (Recommend Approval).

The Motown Center, a Michigan non-profit corporation, is proposing to develop the Motown Center Project. The focus of the project would be an interactive, high-tech, learning museum revolving around Motown Records and the music industry. The location of the project would include the former Motown Corporation headquarters on Woodward.

The City Council is being requested to approve an Economic Development Corporation (EDC) Project Plan that would facilitate the transfer of the City-owned land in the project area to the EDC, which would then convey it to the developer. The Council has also been requested to approve the land transfer to the EDC.

ECONOMIC DEVELOPMENT CORPORATION PROJECT PLAN

The development would include a museum, an entertainment venue, an educational center, parking and ancillary uses. Woodward Avenue, Sibley, Park and the Fisher Freeway Service Drive bound the designated Project District Area for

the Motown Center Project. The Project Area includes Henry Street and the parcels highlighted within the aforementioned District Area boundaries as shown in the attached map (Exhibit A). The anticipated time frame for completion of the project is 33 months, which includes the design and construction phases.

The estimated cost for the development is \$28 million. The EDC would provide a \$2.5 million development grant that would be used for land acquisition of the private property within of the Project District Area and for the Motown Center operating costs. Additional funding sources include an institutional mortgage, private donations and development team contributions. In addition, the City-owned land in the Project Area would be transferred to the EDC for \$1 and subsequently conveyed to the developer. A lien would be placed against the additional privately owned land in the area acquired by the developer. In the event the developer is unable to complete the project in the time-frame specified, all of this land as well as the land obtained from the City would revert back to the EDC.

The existing land uses within the Project Area include vacant land, the former Motown Building and the vacant Sanders building. The land uses in the remainder of the Project District Area consist of vacant residential and commercial structures, an existing bar and an occupied commercial/residential building. The zoning classification for the Project District Area is B4 (General Business District).

City Planning Commission staff has reviewed the above-mentioned Project Plan and determined all applicable information required by Act 338 was provided by the EDC. However, staff identified several issues regarding the Project Plan that include: the type of ancillary uses proposed; whether the existing buildings would be rehabilitated or demolished; zoning and Master Plan land use designations; the fate of the parcels not included in the Project Area and future acquisition of these parcels; site plan and elevations for the development; and the closure of Henry Street and alleys within the area.

Ancillary Uses, Rehabilitation or Demolition

The Project Plan did not specify the ancillary uses that would be established in conjunction with the museum, educational facility and entertainment venues. Engineering and consultant studies are being completed that will determine if the existing buildings will be feasible to renovate, as well as accommodate the needs of the museum. If the studies prove that renovating the existing buildings would not be feasible, then a new facility would be constructed with uses that would complement the museum. Other uses would

include a recording studio in conjunction with the educational center, a restaurant and a retail store specializing in Motown memorabilia.

Zoning and Master Plan

As proposed, the plan is consistent with the existing zoning of B4 (General Business District) since all of the proposed uses are allowed as a matter of right. Furthermore, the project appears to be consistent with the Master Plan of Policies' existing and proposed land use designations that are GC (General Commercial), RM (Medium Density Residential), VAC (Vacant); and SRC (Special-Residential Commercial) respectfully. The Planning and Development Department must determine consistency of the Project Plan to the Master Plan of Policies.

Land Acquisition

Currently, the developer believes that, with the City-owned property, it will have obtained the land needed to complete the development. However, the developer is actively pursuing several privately owned parcels that are not currently included in the Project Area for the development. The developer has obtained options to purchase several of the properties. Furthermore, the developer is scheduled to close on a number of those properties imminently. The development would be built around parcels in the event acquisition is not possible.

Site Plan and Elevations

At this time there are no site plans or elevations for the proposed development. Upon speaking to the developer, it was learned that an international architecture competition will be held for the best design of the new facility. A panel of judges, with representatives from various sectors, including the City of Detroit, would select the best design. Once the design phase is completed, the final site plan and elevations would be submitted to the Planning and Development Department's Site Plan Review Process for review. The City Planning Commission staff is a part of this review process. Likewise, the plans must also be submitted to the EDC for approval.

Street and Alley Closures

The Project Plan indicates that Henry Street and all the alleys within the Project District Area would be vacated. There are several privately owned properties adjacent to these right of ways that not under the control of the developer and consent must be given by the abutting property owners to vacate the street and alleys. The developer has indicated that, if necessary, the development can be completed without the vacations.

RECOMMENDATION

CPC staff met with representatives from the Motown Center, the Detroit Economic Development Corporation, and

the Planning and Development Department regarding the above-mentioned issues and we are satisfied that they have been or will be appropriately addressed. Therefore, City Planning Commission staff recommends approval of the Motown Center EDC Project Plan and the transfer of the City-owned land in the Project Area to the EDC.

Honorable City Council:

Re: Motown Center Project — Project Plan.

The Motown Center Project (the "Project") is being undertaken by the Economic Development Corporation of the City of Detroit (the "EDC") and will involve the development of a mixed-use facility including a musical museum and other compatible uses.

On July 17, 2001, the Board of Directors of the Economic Development Corporation of the City of Detroit (the "EDC") adopted a Resolution requesting your Honorable Body to designate the Project District Area and the Project Area for the Project pursuant to Act 338, Public Acts of Michigan, 1974, as amended ("Act 338"). Moreover, pursuant to Section 4(2) and 4(3) of Act 338, the EDC requested the Mayor to appoint two additional Directors to the EDC Board who shall serve for the duration of the Project and who will be representative of neighborhood residents and/or business interests likely to be affected by the Project. Subsequently, on July 25, 2001 your Honorable Body approved the establishment of the Project District Area and the Project Area and confirmed the Mayor's appointment of two additional Directors to the EDC Board.

Pursuant to Act 338, the EDC has prepared a Project Plan which sets forth the requisite information including but not limited to the location of the proposed Project, the description of the existing and proposed site improvements, the estimated time of completion and the proposed method of financing. The Project Plan was approved by the EDC Board of Directors on July 31, 2001.

The EDC hereby submits the Project Plan to your Honorable Body for review and consideration:

If you have any questions of concerns, please contact me at 237-4638.

Respectfully submitted,

Authorized Agent

**Project Plan
Of the Economic Development
Corporation of the City of Detroit
for the**

Motown Center Project

A. Provide the location and extent of existing streets and other public facilities within the development area and designate the location, character, and extent of the categories of public and private land uses now existing and proposed for the project area, including residential, recreational, commercial, industrial, educational, and other uses. Attach a legal description of the project area as Exhibit A.

The project area is bounded generally by Woodward to the east, Park to the west, Fisher Freeway/I-75 to the south, and Sibley to the north. This parcel is bisected by Henry Street. Currently, there are no public or private uses of the property. The area is mostly vacant land, undeveloped, and the few buildings that are present are abandoned and unsafe. As more particularly described below, the proposed use for the project area is a world-class museum and entertainment destination location, which will celebrate the legacy, artists, and music of Motown Records and its founder Berry Gordy, associated parking and ancillary uses. Legal descriptions for the parcels in the project area are provided under Exhibit A-1.

B. Provided a description of existing improvements in the project area to be demolished, repaired, or altered, a description of repairs and alterations, and an estimate of the time required for completion.

The project area includes both vacant buildings and vacant land which will be altered to accommodate the proposed new cultural, entertainment, and mixed use development, as well as for parking, landscaping, access, and park settings. The existing buildings will either be demolished or rehabilitated. Existing public improvements in Henry Street and the public alleys may be removed and relocated, rehabilitated, or abandoned in place. The current estimate of time for completion of the project is set forth in Section D below.

C. Provide the location, extent, character, and estimated cost of the improvements including rehabilitation contemplated for the project area and an estimate of the time required for completion.

As set forth above in Section A, the project area is located at the very significant intersection of Woodward and the Fisher Freeway/I-75 just north of the heart of Downtown Detroit. This site is close to many of the new developments on and off Woodward Avenue, including the Fox and Second City theatres, the Detroit Opera House, Hockeytown Café, Comerica

Park, Ford Field, and a significant number of new residential developments.

The Motown Center will be an exciting, interactive, high-tech destination that creates and hosts exhibitions, programs, performances, and events expressing the core themes of creativity, innovation, and entrepreneurship. It will serve as a living and breathing incubator and mentor to children, youth, and young adults focused on the creation and enjoyment of popular music and the music business. The Center will celebrate the legacy of Motown Records and its history in Detroit, its founder Berry Gordy, as well as the artists that made the label great, and will also provide for the Detroit community an innovative educational program in the area of the popular music business joining with educational, cultural, community, and industry organizations.

The Project will cost approximately \$28 million. See Section D below for completion schedule. The Developer's plans are in an early stage of evolution and therefore have not been finalized. The Developer will either rehabilitate the existing Motown buildings located on Woodward between I-75 and Henry or build an entirely new facility on the existing location. The balance of the project area will be devoted to parking and ancillary uses.

D. Provide a statement of the construction or stages of construction planned and the estimated time of completion of each stage.

It is anticipated that from commencement of design to completion of construction will take approximately 33 months. The contemplated phasing is summarized as follows:

Phase I — Pre-construction Site Analysis and Preparation — 6 Months

Phase II — Design Development and Initial Site Improvements — 9 Months

Phase III — Construction and Interior Fit-ups — 18 months

E. Provide a description of the parts of the project area to be left as open space and the use contemplated for the space.

The project will have broad, landscaped sidewalks and park-like settings surrounding the project, which open to an entry plaza at Woodward Avenue and street level parking.

F. Provide a description of the portions of the project area which the corporation (EDC) desires to sell, donate, exchange, lease to, or from the municipality and the proposed terms.

The City of Detroit acting through its Planning and Development Department will transfer the city owned parcels in the project area (see Exhibit B) to the EDC. The EDC will subsequently convey title to the Developer pursuant to the terms and conditions of a development agreement

by and between the EDC and the Developer.

G. Provide a description of the desired zoning changes and changes in streets, street levels, intersections, and utilities.

Henry Street and all alleys within the project area may be vacated. The project area is zoned B4 — General Business (see Exhibit C). Accordingly, it is anticipated that most of the planned site improvements are available to the Developer as a matter of right. However, it is determined that a planned use would not comply with the City's zoning ordinance, then the Developer will be required to seek the requisite approvals from the appropriate City departments and agencies of jurisdiction, including possible rezoning.

No changes to street levels and intersections, other than the potential closing of Henry between Woodward and Park. Moreover, it is anticipated that the north-south and east-west alleys will be vacated (see Exhibit D). It is contemplated that private utilities may have to be relocated in connection with the project. If Henry and the alleys are closed, the public utilities contained in them may have to be relocated or abandoned.

H. Provide a statement of the proposed method of financing the project and the ability of the corporation (EDC) to arrange the financing.

The project is estimated to cost approximately \$28 million. At least 50% of the project will be financed through an institutional mortgage. The other 50% of the project will be financed through contributions by Berry Gordy, Vivendi Universal Foundation, under the sponsorship of Edgar Bronfman, Jr., Executive Vice Chairman of Vivendi Universal, private donations and other sources including an EDC development grant in an amount not to exceed \$2.55 million.

I. Please list the persons who will manage or be associated with the management of the project for a period of not less than one year from the date of approval of the project plan.

City Planning Commission

September 12, 2001

Honorable City Council:

Re: Request of the RAM Development Company to approve plans and development proposed for the 3600 Woodward project consisting of a commercial/loft condominium building, an apartment building and a parking structure at the northeast corner of Woodward and Mack in a PD (Planned Development) District in the Medical Center No. 1 Project area (Recommend Approval with Conditions).

Nature of Request

The RAM Development Company proposes to develop a 4.5 acre site currently owned by the Woodward Millennium Limited Partnership for residential and retail uses along with structured parking. The subject property is bounded by Woodward, John R, Mack and the property line between the Professional Plaza office development (3800 Woodward) and the subject property. The property is located in a PD (Planned Development District) zoning classification on former

urban renewal land in the Medical Center No. 1 Project area.

Proposed Development

The proposed \$37 million mixed use development would contain a three story garden style apartment building consisting of 135 rental units, a commercial/loft building containing 45 loft style condominiums and approximately 20,145 square feet of street-level retail, and an 810 space parking garage.

The 73 foot high, 90,680 square foot commercial/loft building would face Woodward Avenue and contain approximately 20,145 square feet of commercial space on the first floor and 45 loft style condominiums on the second through fourth floors. The commercial space would include neighborhood-oriented retail, a lobby for access to the condominiums, and a portico that would provide access through the building to surface parking spaces and the balance of the development. The portico is part of an overall pedestrian plan that runs throughout the site and ties in with a pedestrian path through the Detroit Medical Center Main Campus. The condominiums would range in size from 934 square feet to 1,783 square feet, contain one and two bedrooms, and feature balconies and hardwood floors. Parking for residents would be located in the proposed parking structure. The estimated average sales price is \$200,000. Retail tenants would utilize surface parking and first floor spaces within the parking garage.

The commercial/loft building's facade along Woodward would be constructed of brick and split face block. Accent lines and other architectural features would further enhance the building's facade and presence at the intersection.

The apartment building would sit along Mack Avenue and include 135 garden style apartment units. Of the 135 units, 95 would be one-bedroom units and 40 would be two bedroom units. The building would be equipped with two elevators, a fitness center and clubroom on the first floor and laundry rooms on each floor. The units would range in size from 750 square feet to 1,330 square feet and be equipped with amenities including walk-in closets, connections for washers and dryers, and balconies. Parking would be available to residents in the parking garage on site.

The developer indicates that 40% of the units in the apartment building would be set aside for low to moderate income households.

The apartment building's facade would be constructed of brick, split face block and clapboard siding. Accent lines and other architectural features would further enhance the building's facade.

The 57 foot high, six-level parking garage would contain 810 parking spaces

and support the apartments, condominiums, retail and potentially Wayne State University's School of Pharmacy and Allied Health Building, which is located just east of the site at the northeast corner of John R and Mack. If Wayne State University does not participate in the garage, the garage would be reduced to three stories and 300 spaces.

The site has been designed using traditional urban architecture including buildings fronting major streets and a series of walkways linking public sidewalks and running throughout the site. The site would feature a pedestrian walkway and portico in the Woodward retail space that would link Woodward to John R.

The 20-foot pedestrian pathway would be landscaped, lighted and situated between the parking garage and the front of the apartment building. The materials for the pathway are proposed to be decorative.

Development Issues

Loading would occur at two locations within the site. One directly behind the commercial/loft building within a small parking area within the western half of the site and the other in a space located within the building on the eastern half of the site. The petitioner proposes to install a loading bay accessible from John R. within the building, in order to avoid placing a loading area within the John R. right-of-way as originally proposed.

The developer is also proposing a six-foot high metal fence around the perimeter of the apartment building (but not the parking deck or condo/loft building) with the only entrance provided through the proposed pedestrian pathway. The Commission asked the developer to consider providing secured entrances through the fence along Mack at locations that have been identified as "secured" or emergency exits. In addition, to minimize the defensive impression gating tends to have on its surroundings, the Commission requested further treatment to the fence by providing brick pillars placed strategically along the fencing to enhance the streetscape and to signify entry and exit points along Mack.

The main entrance to the apartment building will be through the proposed pedestrian pathway. This effectively means that the front of the apartment building (i.e., main entry) would face the pathway and parking structure. There was some discussion of reorienting the building so that the front would face Mack providing for a more defined edge along Mack and an opportunity to tie the pedestrian path to the courtyards/greenspace. It was concluded, however, that the original configuration provides a more convenient linkage to the parking deck for apartment dwellers. The proposed configuration would also allow for convenient usage of

drop off and loading zones, as these activities would have had to occur on Mack if the main entrance was there. A major redesign of the site would be needed to accomplish a "front door" facade on Mack. A redesign of the apartment building would have been required in order to accommodate primary entry points off both Mack and the pedestrian path. Such a redesign may have necessitated the moving of the parking deck to another location within the site. Currently, the parking deck is proposed to be slightly visible from Woodward, and a reconfiguration of buildings within the site would probably make the parking deck more prominent than what would be desired.

With regard to traffic, the most critical period to examine is the afternoon peak period for northbound movements along Woodward. These volumes range from 1,684-2,046 vehicles an hour according to information from the City Engineering Division. Concerns of the impact on the area street system, however, will heighten with the proposed development of other uses in the area i.e., the expanded Orchestra Hall, the proposed High School for the Fine and Performing Arts, Wayne State University's Pharmaceutical College and the proposed expansion of the Red Cross Facility just south of the subject property. The proposed development, however, will not generate an excessive amount of traffic that would threaten the capacity of Woodward, Mack and John R.

The Master Plan of Policies calls for the intensive development of Woodward and Mack with consideration for a light rail transit stop at that location. The Medical Center No. 1 Modified Development Plan, however, does not make provision for a transit stop at Mack and Woodward Ave. At this point, since no provisions have been made by the City to provide terminal space, the City would need to plan for another location for a light rail terminal should one be required in the future.

The proposed development is consistent with the requirements of the Medical Center No. 1 Development Plan with the exception of the original siting of a loading area within the John R right-of-way as noted above. The relocation of the loading area onto the development site will address this issue.

Results of the CPC Public Discussion

At the August 2, 2001 CPC public discussion, no one spoke in opposition to the project. The Planning and Development Department indicated that the proposed development was consistent with the Master Plan. A Commissioner asked about the type of retail uses proposed for the site.

The developers responded that local commercial uses would be sought, but no leases had been signed as yet.

Conclusion

The City Planning Commission has considered the site plan for 3600 Woodward and finds that the proposed retail, parking and housing uses should enhance the surrounding area. The proposed condominiums and apartments will provide much needed housing in the area and be compatible with the adjacent housing at Bicentennial Towers. The development provides for a mixed income environment with 54 units devoted to low-moderate income household. All of the proposed housing will attract young married couples, people who work at the numerous nearby activity centers and a demographic who is attracted to downtown living. The linear commercial space along Woodward would further establish that intersection as a major activity node between the CBD to the south and New Center to the north. The east-west pedestrian path will encourage pedestrian movement between Orchestra Place to the west and the hospital complex to the east. The proposed six levels of parking will result in a net increase of parking in the area.

Recommendation

The City Planning Commission recommends approval of the site plan and development proposal with the following conditions:

1. that a loading bay be provided at a location near John R within the site;
2. that the proposed fencing around the apartment building be enhanced to provide a more attractive edge along Mack, at corners and near entrances through the presence of brick pillars and light fixtures integrated within the fence;
3. that secured ingress and egress be provided to access the apartment building through the exit areas of the fence along Mack; and
4. that the petitioner continue to hold discussions with CPC staff regarding exterior building materials with final decision making provided prior to the issuance of building permits.

A resolution to approve the site plan and development proposal for the 3600 Woodward project subject to the above conditions is attached for your consideration.

Honorable City Council:

Re: Authorization to accept the 2001-2002 Early Head Start grant award in the amount of \$1,293,747 and enter into a contract with the delegate agency, Franklin-Wright Settlements, Inc.

The Department of Human Services (DHS) is the Grantee for the Early Head Start Program currently serving 95 eligible children and their families in Detroit. The program is funded on an annual basis by the U.S. Department of Health & Human Services Administration for

Children and Families. Our grant year runs from November 1, 2001 through October 31, 2002 and official notification of the grant totaling \$1,293,747 will be received shortly.

Because we did not receive the grant award from the U.S. Department of Health & Human Services in a timely manner, we are not able to process continuation contracts with our delegate agency, Franklin-Wright Settlements, Inc. before the new year begins on November 1, 2001. The contract is being processed and all the proper clearance have been obtained. However, the time required to

process the contract may adversely affect the delivery of Earl Head Start services.

To avoid any disruption of service and address cash flow problems that our delegate may experience, the DHS is requesting that City Council pass a resolution authorizing DHS to accept the 2001-2002 Early Head Start grant in the amount of \$1,280,201 and to enter into a contract (to be assigned contract CPO number 2557088 and SPO number 2557089) with our delegate agency, Franklin-Wright Settlement, Inc.

The Department intends to prepare and process the formal contract as soon as possible. At this juncture, it is necessary to request pre-approval of this contract. However, as always, the approved detailed budgets will be attached to the contract. All expenditures will be in accordance with budgets approved by the U.S. Department of Health and Human Services and the DHS. The Early Head Start delegated 2001-2002 contract amount will be \$1,280,201 and the advance payment request will be \$214,000.

Your support in helping us to maintain Early Head Start Services is very much appreciated. The Department of Human Services respectfully requests a waiver of reconsideration.

RESOLUTION

By COUNCIL MEMBER S. COCKREL:

WHEREAS, On July 17, 2001, the Honorable Dennis W. Archer, Mayor did submit a document entitled "Memorandum of Understanding—Second Draft" which proposes to form a relationship between the city, the DHC and (currently) unspecified Unions Commission for the purpose of transferring responsibility for employment and labor matters from the City of Detroit to the DHC; Now Therefore Be It

RESOLVED, That Detroit City Council rejects the proposed agreement, a copy of which is attached hereto and is incorporated herein by reference; formally noting the Detroit City Council's vote thereby disapproving this agreement; and Be It Finally

Resolved, That upon its adoption, a copy of this resolution shall be transmitted to the Mayor; the Detroit Housing Commission; Corporation Counsel; the General Retirement System Board of Trustees; the Directors of Human Resources; Finance and Budget; all collective bargaining units representing employees assigned to the Detroit Housing Commission; and all non-union classified and non-classified employees

of the Detroit Housing Commission.

SECOND DRAFT

MEMORANDUM OF UNDERSTANDING

THIS MEMORANDUM OF UNDERSTANDING, made as of this day of ,2000, by and among the CITY OF DETROIT ("City"); DETROIT HOUSING COMMISSION ("DHC"); and (hereinafter referred to as the "UNION").

Whereas, pursuant to Michigan Public Act 18 of 1933 (Extra Session), as amended, the City wishes to acknowledge the Detroit Housing Commission as a separate and independent entity, the DHC:

Whereas, presently, certain classified employees of the City which are assigned to DHC are represented by the Union and subject to the terms of the collective bargaining agreement between the City and the Union (the "Master Agreement");

Whereas, at the date of separation, such employees have the expectation that their future employment with the DHC will be on essentially the same terms and conditions as are currently in effect.

Whereas, to assist the DHC during the initial separation period wherein the DHC will not be able to negotiate the full terms of a separate bargaining agreement with the Union, the DHC shall be a successor of interest to the City as detailed in the provisions of the Master Agreement;

Whereas, maintenance during the initial separation period of as much as possible of the existing bargaining agreement with the Union should be helpful to the employees who will be transferring from the City to the DHC in that it will help to avoid disruptions in practices and expectations:

Whereas, in order to comply with applicable law various issues relating to the treatment of such employees by the DHC must be addressed:

Whereas, in order to fulfill obligations under various collective bargaining agreements certain issues relating to the treatment of such employees by the DHC must be addressed:

Now Therefore, the City, the DHC and the UNION do hereby agree as follows:

I. Bargaining Representative and Bargaining Agreement

A. The DHC shall voluntarily recognize that all City employees represented by the Union and currently working for the City under the supervision of DHC who transfer to DHC will continue, unless precluded by applicable state law, to be represented for collective bargaining purposes by the Union.

B. The DHC and the Union agree to negotiate new provisions to replace those provisions of the Master Agreement which require modification because the City is no longer the employer. For example, services which currently are described in the Master Agreement as being performed by

the City's Labor Relations Division and Human Resources Department will, after separation, be performed by the DHC.

C. The terms of the existing Master Agreement, as amended above, shall constitute a new agreement to apply to the DHC after separation and will continue in effect until the earlier of either the effective date of a new collective bargaining agreement between the DHC and the Union or the termination date of the Master Agreement. It is the understanding of the parties that the separated DHC will continue to pay into the City's pension system and health provider plans for DHC employees so that there is no disruption of any employees pension benefits or health coverage plans and that the separated DHC will honor all employees seniority rights, sick time, vacation time, compensatory time, and swing holiday time.

II. Right to Remain with City

A. All employees will be given a period of sixty (60) days after separation is achieved to declare his or her intent to remain with the City. Therefore DHC shall have one hundred twenty (120) days to transfer any employee to an appropriate City position. Those employees who DHC is not successful in placing can, at their option, remain DHC employees.

B. All employees who do not elect to remain with the City during the period provided in A above will continue to be employed at the DHC as bona fide permanent DHC employees subject to applicable employment rules of the DHC, and will no longer be City of Detroit employees.

III. Effective Date

This Memorandum of Understanding shall take effect upon the date that Separation is deemed accomplished.

However, should neither event occur before , this Memorandum of Understanding will not become operative unless each party shall agree in writing to an extension of time for either of the above events to occur. Failing such agreement to extend this Memorandum, each party shall have its full rights unfettered and will be free to advance any demands, if any, it chooses with respect to this and all other matters as is permitted under applicable law.

Adopted as follows:

Yeas — Council Members K. Cockrel, Jr., S. Cockrel, Everett, Hood, Mahaffey, Scott, Tinsley-Talabi, and President Hill — 8.

Nays — None.

Whereas, The separation of the DHC will result in the current City employees assigned to DHC becoming employees of the DHC; and

Whereas, To assist the DHC during an initial transition period, currently expected to last until January 1, 2001, wherein the DHC may not be able to immediately establish its own payroll, and may need to some extent to rely upon the existing City payroll, procedure and system; and

Whereas, It is also deemed desirable by DHC, the System and the Board that maintaining the existing benefit plans and benefit administration structure should be helpful to the employees who will be transferring from the City to the DHC in order to avoid disruptions in practices and expectations; and

Whereas, In order to comply with applicable law various issues relating to the treatment of such employees under the System must be addressed; and

Whereas, In order to fulfill obligations under various collective bargaining agree-

ments certain issues relating to the treatment of such employees must be addressed.

B. The City will accept and the DHC will continue coverage for DHC employees under plans currently maintained by the City pursuant to an inter-governmental agreement under M.C.L.A. §124.2.

C. In order to maintain coverage under the existing plans, DHC will assume responsibility for paying the employer portion of premiums or other costs attributable for benefits to City employees who become DHC employees upon separation, which payments shall be computed in accordance with benefits and reimbursement policies between the City and the DHC existing as of the date of Separation.

**RESOLUTION OPPOSING HOUSE
RESOLUTION 167
BY COUNCIL MEMBER
BRENDA M. SCOTT**

WHEREAS, The State House of Representatives is considering a Resolution (HR 167) urging the governor to execute a tribal-state gaming compact between the Match-E-Be-Nash-She-Wish Band of Pottawatomis Indians (The Gun Lake Band) and the State of Michigan; and

WHEREAS, The Honorable John Engler, Governor, proclaimed in 1998 that he would not institute any new tribal gaming compacts in the State of Michigan; and

WHEREAS, Governor Engler and the Michigan State Legislature have adopted a State Equity funding formula for the City of Detroit which resulted in a significant decrease in funding to the City of Detroit; and

anticipates from the implementation and successful operations of casino gaming and related developments within the City of Detroit; and

WHEREAS, Any State action that directly or indirectly results in any further reduction in the revenues currently enjoyed, or projected in the future from the continued and successful operations of the three casino developments licensed in the City of Detroit will be harmful to the fiscal well being of the City of Detroit; NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council urges Governor Engler to refrain from approving any additional tribal-state gaming compacts at this time; and urges both Houses of the Michigan Legislature to reject any proposal in support of additional casino gaming, whether based on a tribal-state gaming compact or licensed by the State of Michigan under the Michigan Gaming Control Act until more investigation and study of the impacts of extending casino gaming to other jurisdictions within the State may be engaged and completed; AND BE IT FURTHER

RESOLVED, That the Detroit City Council urges the House of State Representatives to immediately cause or undertake serious investigation and study:

1. The short and long term impact that any additional casinos may have upon the fiscal well being and economic development in the City of Detroit,

2. The impact upon the three state licensed casinos,

3. The impact on the existing tribal-state gaming pact casinos,

4. The impact on the stream of revenue received by the State of Michigan through the licensing of the three Detroit based casinos; AND BE IT FINALLY

RESOLVED, That a copy of this Resolution be sent to Mayor Dennis W. Archer, Governor John Engler and all Michigan State Legislators.

Unfinished Business:

Mayor's Office

September 26, 2001

Honorable City Council:

The City Clerk has presented for my approval your Honorable Body's ordinance to amend Chapter 14, Article 5 of the 1984 Detroit City Code purportedly to implement the basic requirements of the 1996 amendments to Michigan's Public Act 18, the Housing Facilities Act, being MCL 125.651 et seq. (hereinafter "the 1996 Amendments" or "the Act"). As I understand it, Council directed that this ordinance be prepared in response to my announced intention to proceed with recognition and operation of the Detroit Housing Commission ("DHC") as a separate and distinct public body corporate with the powers conferred upon it as such by the 1996 Amendments. For the legal and policy reasons stated below, I am compelled to veto this ordinance.

I.

For 18 years, from 1979 to 1997, the DHC was a poor performer and was firmly entrenched on the severely distressed or troubled Public Housing Authority list of the federal Department of Housing and Urban Development (HUD). Over 55% of DHC's housing stock was vacant and therefore not being used to serve the needs of low-income family, elderly and disabled households. Moreover, many of the units that were occupied were in need of substantial repairs. For 18 years, DHC could not, among other things, effectively collect rents; return vacated units to service within a reasonable period of time; respond timely to work orders; meet HUD's annual unit inspection requirements; meet HUD's requirements for collecting tenant account receivables; main-

tain operating reserves as required by HUD; and timely process agency contracts for needed services, or, once a contract was in place, timely pay for the goods provided or services rendered.

In view of this history of failure and federal requirements that a troubled housing authority take affirmative measures to improve its performance to meet HUD standards, I, on behalf of the City of Detroit, entered into a series of agreements with HUD — the Memorandum of Agreement (“MOA”) in July 1995, the Partnership Agreement in December 1995, and the revised Memorandum of Agreement in April 1996 (which latter agreement was thereafter approved by the City Council in September 1996). These agreements in toto essentially constituted a workout plan for achievement by DHC of effective and efficient management systems and business practices consistent with federal compliance standards. Pursuant to these agreements DHC and City representatives, in consultation with and with assistance and oversight from HUD officials, sought to develop systems designed to improve all major aspects of DHC’s operations, including administrative services, procurement, finance, management information systems, unit turnaround, work order backlog, and annual unit inspections. Significantly, the Partnership Agreement established joint City-HUD oversight of DHC to ensure that the DHC, among other things, developed a plan for separating the DHC from the governmental structure of the City; appointed an Executive Director; and created a strategic plan for operational improvements and project-based management.

As a result of a tremendous amount of hard work by many individuals throughout City government, including DHC, DHC made sufficient improvements in public housing operations, financial management, and redevelopment of distressed and troubled public housing developments that in 1997 DHC was removed from HUD’s troubled housing list. These advances were in part due to the limited degree of autonomy in operations that DHC had been allowed from centralized City systems in such areas as administrative services, finance, procurement and management information systems. However, these were only the first steps toward the ultimate goal of these workout agreements. The basic constant in the MOA, the Partnership Agreement and the revised MOA was the recognition that full functional separation by DHC from the City’s systems was essential to DHC’s ability to maximize its operational efficiency and achieve and sustain at least satisfactory or better marks under HUD’s scoring system for public housing authorities. The limited level of autonomy achieved to

date for some of DHC’s management divisions is not sufficient to achieve the long-term performance goals necessary to keep DHC off the troubled housing list and to elevate it to the status of a HUD high performer.

Despite DHC’s improved performance to date, the agency continues to experience operational impediments and inefficiencies as a result of its continued integration in the City’s systems, which frustrate its ability to accomplish its mission at the performance levels required by HUD. For example: as a result of staffing of DHC by City employees, all aspects of employment are governed by City procedures and processes, even though they may be incompatible with DHC’s employment needs; personnel transactions such as hiring, promotions and other status changes, and out-of-class pay continue to experience significant processing delays due to the enormous burden on the City’s human resources system; DHC must maintain two sets of financial records in order to provide reports to both HUD and the City, which have different fiscal years and different reporting requirements; all DHC computer system enhancements require approval by the City’s Information Technology Services (ITS) Department as well as the City Council; the limited authorization of DHC to procure goods and services of \$25,000 or less without City Finance Department or City Council approval provides minimal operational enhancements, since virtually all DHC purchases of goods and services exceed \$25,000; and many DHC contracts continue to experience delays and holds in the City’s executive and legislative approval processes, thus preventing the DHC from responding to purchasing needs in the most expeditious manner.

Conversion of DHC to an autonomous agency was HUD’s goal under the above-mentioned workout agreements and remains HUD’s expectation, as reiterated in letters from both the headquarters and local HUD offices previously provided to the Council. In his October 2000 letter to me (copy attached), former HUD Secretary Andrew Cuomo stated:

“This letter confirms our discussion of July 27, 2000, regarding the Department’s expectation concerning the separation of the Detroit Housing Commission’s (DHC) legal status and major operational functions from the governmental structure of the city of Detroit.

“It was the Department’s expressed intent and strategy embodied by the Partnership Agreement entered into between HUD and the City of Detroit on December 15, 1995, and the Revised Memorandum of Agreement (MOA) entered into between HUD, the City and the DHC on October 14, 1996, that the aforementioned separation occurs. In

accordance with the Partnership Agreement and the MOA, the DHC has continued to demonstrate and sustain measurable improvements in its management performance under the Public Housing Management Assessment Program (PHMAP). Consistent with the spirit of these agreements and in view of the increased operational efficiency to be derived from the DHC's independence, the Department encourages both the City and the DHC to work together to achieve the goal of separation as soon as practical."

I submit that the City cannot ignore that HUD, the federal department which is charged with funding, monitoring and regulating all of our nation's public housing authorities, including the DHC, has determined that functional separation of the DHC from City systems would allow a more efficient agency. Furthermore, as has been pointed out many times previously, the National Association of Housing and Redevelopment Officials, an organization which includes as its members professionals who service the nation's public housing authorities, advocates separation of public housing authorities from their incorporating units, and the overwhelming majority of public housing authorities in our country are separate and distinct from their incorporating units.

Thus, I fundamentally disagree with the policy underlying the Council's ordinance, which attempts to maintain the very same status quo operating conditions that have in the past handicapped the DHC's progress. Not only does the ordinance fail to advance DHC into a more efficient and more progressive future, but it is inconsistent with the spirit and intent of the City's agreements with HUD. In fulfillment of the City's previous commitments to HUD, I believe functional separation of DHC from the City as a public body corporate in accordance with the 1996 Amendments must be accomplished, so as to place DHC in the best position to maximize its effectiveness in providing public housing services to Detroit residents.

II.

Aside from my disagreement with the policy choices of the Council's ordinance, it also fails to comply with the 1996 Amendments in several key respects. At approximately the same time that the City was working with HUD to improve the operations of DHC, the Michigan legislature adopted the 1996 Amendments, the effect of which fundamentally altered the governance structure of public housing commissions within our state. The 1996 Amendments established any already existing housing commission (such as the DHC) as well as any newly created housing commission as a public body corporate, and directly conferred specific enumerated powers upon such public bodies corporate without the need for further

local government authorization. At the same time, the 1996 Amendments allowed a local legislative body discretion to determine whether to grant other additional powers to the municipality's housing commission or to retain such powers itself.

The City's Law Department provided a legal opinion to the Director of the DHC on the impact of the 1996 Amendments on Detroit's existing DHC ordinance. I understand that a separate legal opinion was also presented by the Law Department to your Honorable Body on the 1996 Amendments.

Understanding the City Council's apprehension about full functional separation of DHC from City systems, I directed the Law Department to prepare and present to the Council a form of ordinance which would recognize in the DHC only those powers conferred upon it by operation of the 1996 Amendments, while permitting the City Council to retain all of the discretionary powers permitted to a local legislative body under the Act. That ordinance, approved as to form by the Corporation Counsel, was presented to City Council on July 17, 2001. Your Honorable Body has voted not to introduce that ordinance.

Instead, your Honorable Body drafted and adopted the subject ordinance which contravenes the 1996 Amendments. Fundamentally, the 1996 Amendments require that the DHC be recognized as a public body corporate with specifically enumerated powers, including the right to sue and be sued in its own name (MCL 126.654(5)(a); the right to form or incorporate corporations, partnerships or other companies (MCL 125.654(5)(b), (e)); the right independently to enter into contracts with tenants or facilities managers, or to acquire necessary materials or options (MCL 125.661) and the right to hire employees and to fix compensation levels, such compensation levels being subject to the approval of the governing body only if the governing body, in response to a recommendation of the Mayor, passes a resolution to that effect (MCL 125.655(3)). The ordinance that you have adopted completely ignores these explicit statutory mandates. Such unconditional grants of power by the state legislature override and preempt conflicting provisions of local codes.

In addition to the above-referenced omissions, in numerous sections of the ordinance your Honorable Body has changed mandatory statutory language to make it permissive, or changed permissive statutory language to make it mandatory. These changes have the effect of circumventing the spirit, intent, and legal requirements of the Act. I note the following discrepancies between the Act and your ordinance:

(1) Section § 14-5-2(1) purports to prohibit the appointment of city officers and employees to the Commission Board. The Act, at MCL 125.654, provides discretion to the Mayor to make appointments to the Commission Board without such a limitation.

(2) Section § 14-5-2(2) provides that the City Council "shall" adopt a resolution limiting the amounts of expense reimbursements available to Commission members while the Act only provides that the Council "may" adopt such a resolution.

(3) Section § 14-5-3(2) requires the Commission to meet not less than once per month. MCL 125.655(1) provides only that the Commission meet "at regular intervals...". By purporting to dictate meeting times for the Commission, this section directly contradicts the requirement contained in MCL 125.655(1) that the Commission "adopt its own rules of procedure...".

(4) § 14-5-3(5) provides that the Mayor "shall recommend" a compensation schedule or compensation ranges and classifications for Commission officers and employees to the City Council. This provision is directly contrary to the express language of the Act, MCL 125.655(3), which gives the Mayor discretion through the use of the word "may."

(5) Section § 14-5-3(6) requires the City Council to adopt a resolution establishing compensation levels or ranges for the Commission. Among other things, the City Council does not have authority to adopt such a resolution in the absence of the Mayor's recommendation pursuant to MCL 125.655(3).

(6) § 14-5-3(8) not only misquotes the Act but also adds a requirement not found in the Act. With respect to language, MCL 125.655(3) provides that the Commission "may employ" professional consultants when necessary. The proposed ordinance replaces "may employ" with "may contract," thereby materially altering the state law authorization which vests full discretion to "employ" (presumably by either contract or employment) professional consultants without the approval of the City. Further, the proposed ordinance adds the following limitation not found in the Act: "subject to law, city charter, the city code, rules and procedures."

(7) § 14-5-4(1) requires (by use of the word "shall") the City Council to condition provisions of City funds to the Commission on reimbursement of those funds by the Commission. This language removes the discretion of future City Councils to make budgetary appropriations to the Detroit Housing Commission in contravention of state law.

(8) Section § 14-5-4(1) requires (by use of the word "shall") the City Council to adopt a resolution which requires Council approval before the Commission may

accept or enter into agreements relating to one or more grants. MCL 125.656(2) of the Act authorizes (by use of the word "may") the City Council to adopt such a resolution but does not require it.

(9) Section § 14-5-6 makes Detroit's Ethics Ordinance applicable to members, officers, and employees of the Commission. The State Act does not expressly authorize the City Council to establish such requirements. In addition, as to officers and employees, this subsection may interfere with the Commission's power under MCL 125.655(3) of the Act to prescribe the duties of its officers and employees.

(10) Section § 14-5-7(1) requires the Commission to make "monthly" reports of its activities to the City Council. This is inconsistent with MCL 125.659 which only requires an "annual report."

(11) Section § 14-5-6(1) requires the Commission to submit reports to be in a format specified by a resolution of the Council. The State Act contains no such requirement and does not expressly authorize the Council to establish such a requirement.

(12) Section § 14-5-6(2) provides that the City Council "shall direct" the Commission to submit quarterly reports of expenses paid to Commission members. This is inconsistent with MCL 125.659 which provides that the Council "may request" such reports.

Beyond the legal deficiencies in the ordinance explained above, I understand that the Council adopted a substitute ordinance on September 17, 2001 which contained several changes from the version of the ordinance that was introduced on September 5, 2001. The changes that were made are typically considered to be substantive and would require reintroduction of the substitute ordinance with a new public hearing before action could legally be taken on the content.

In conclusion, the separation of the DHC has one purpose — to allow this agency to operate in the most effective and efficient manner possible, so as to maximize its benefit to the residents of DHC housing facilities and those who may need public housing that DHC can offer. These are our customers and our neighbors. We have an obligation to assure that the DHC can maintain its fiscal solvency, continue improvements in the condition of its housing facilities, and construct new housing units and refurbish vacant units without unnecessary delays. I believe, as the state legislature believed, that these goals can best be accomplished by operation of DHC as a separate and distinct public body corporate in the manner required by the 1996 Amendments.

Because of the ordinance's failure to comply with governing state law in the

numerous material respects explained above, and because of the flaws in the Council's process used to adopt it, I hereby veto the ordinance to amend Chapter 14, Article 5 of the 1984 Detroit City Code.

Respectfully submitted,

 Dennis W. Archer

Dear Mayor Archer:

This letter confirms our discussion of July 27, 2000, regarding the Department's expectation concerning the separation of the Detroit Housing Commission's (DHC) legal status and major operational functions from the governmental structure of the City of Detroit.

It was the Department's expressed intent and strategy embodied by the Partnership Agreement entered into between HUD and the City of Detroit on December 15, 1995, and the Revised Memorandum of Agreement (MOA) entered into between HUD, the City and the DHC on October 14, 1996, that the aforementioned separation occurs. In accordance with the Partnership Agreement and the MOA, the DHC has continued to demonstrate and sustain measurable improvements in its management performance under the Public Housing Management Assessment Program (PHMAP). Consistent with the spirit of these agreements and in view of the increased operational efficiency to be derived from the DHC's independence, the Department encourages both the City and the DHC to work together to achieve the goal of separation as soon as practical.

The Department is hopeful that the DHC will build upon its current success and continue to pursue further improvements in its management performance under HUD's new Public Housing Assessment System (PHAS). The Department is pleased to assist the DHC as it moves forward with positive momentum into the new millennium.

Thank you for your interest in the Department's programs.

Sincerely,
 ANDREW CUOMO

October 1, 2001

Honorable City Council:

Re: Proposed Ordinance to Amend Chapter 13, Article VI, of the 1984 Detroit City Code Governing Rights of Employees Entering, During, or Returning from Military Service, and Veterans' Preferences.

Pursuant to the applicable provisions of the 1997 Detroit City Charter, the above-referenced proposed ordinance is being submitted to your Honorable Body for consideration and approval. As indicated, this proposed ordinance amends Chapter 13, Article VI, of the 1984 Detroit City Code.

In particular, this proposed ordinance amends Chapter 13, Article VI, which has been retitled "Rights of Employees Entering, During, or Returning from Military Service," and "Veterans' Preferences," of the 1984 Detroit City Code by amending, repealing, and adding sections within the article which govern leaves of absence for regular classified City employees and regular police officers entering active military service upon the declaration of war by Congress or during an emergency condition recognized by the issuance of a presidential proclamation or a presidential executive order, and City employees returning to City employment from leaves of absence for active military service in time of war or emergency condition, and the rights of City employees during leaves of absence for active military service in time of war or an emergency condition.

Also, the proposed ordinance amends Chapter 13, Article VI, by replacing, where applicable, references to the Civil Service Commission with references to the Human Resources Department consistent with the 1997 Detroit City Charter; by defining 'disabled veteran' to mean a veteran whom the appropriate federal agency certifies as currently receiving treatment or compensation as a result of a disability connected with active military

service; by defining 'veteran' to be commensurate with federal and state law so as to provide for February 28, 1961 as the date for the start of the Vietnam War Era and May 7, 1975 as the date for the end of the Vietnam War Era, and to include any person who has honorably served in the active military forces of the United States for a period of not less than ninety (90) days during one (1) or more periods between the date of declaration of war by Congress and the recognized date of cessation of military hostilities, or between the dates of June 27, 1950 and December 31, 1953, inclusive, or between the dates of February 28, 1961 and May 7, 1975, inclusive, or between the beginning and ending dates of an emergency condition recognized by the issuance of a presidential proclamation or a presidential executive order provided that the person received the armed forces expeditionary or other campaign service medal authorized by the federal government for any such expedition or campaign; by clarifying the provisions which govern veterans' preferences in examinations, computation of seniority, and retention on eligibility lists; and by authorizing the Civil Service Commission to hold hearings and enforce rules to carry out the purposes of this article.

Further, the proposed ordinance provides for the liberal construction of Division 2 of Article VI, and for construction thereof in a manner consistent with all applicable federal and state laws, and the 1997 Detroit City Charter; deletes obsolete references to durational residency requirements for veterans claiming a preference under Division 2 of the article; deletes obsolete references to the waiving of maximum age limits for veterans taking examinations for employment with the City, and to durational residency requirements for qualified persons for retention on City employment eligibility lists and appointments in the classified or police service; and recodifies and clarifies certain sections in the article.

We request that your Honorable Body introduce this proposed ordinance at the next Formal Session, and schedule the earliest possible dates for discussion and a public hearing. In addition, we request a waiver of reconsideration.

We are available to answer any questions that your Honorable Body may have regarding this proposed ordinance. Thank you for your consideration.

Respectfully submitted,

REGULAR CLASSIFIED CITY EMPLOYEE OR A REGULAR POLICE OFFICER WHO IS GRANTED A LEAVE OF ABSENCE TO ENTER THE ACTIVE MILITARY SERVICES OF THE UNITED STATES MUST APPLY IN WRITING OR IN PERSON TO THE HUMAN RESOURCES DEPARTMENT, AND INDICATE HIS OR HER READINESS AND WILLINGNESS TO RETURN TO HIS OR HER FORMER POSITION WITH THE CITY, ANY SUCH EMPLOYEE, WHO IMMEDIATELY UPON DISCHARGE FROM THE ACTIVE MILITARY SERVICES OF THE UNITED STATES IS HOSPITALIZED OR DISABLED BECAUSE OF INJURES INCURRED DURING ACTIVE MILITARY SERVICE, SHALL HAVE AN ADDITIONAL TWENTY-FOUR (24) MONTH PERIOD TO RETURN TO CITY EMPLOYMENT AND SHALL BE CONSIDERED ON LEAVE OF ABSENCE FOR ACTIVE MILITARY SERVICE FOR SUCH ADDITIONAL PERIOD. WHERE SUCH EMPLOYEE ON LEAVE OF ABSENCE FOR ACTIVE MILITARY SERVICE IS SUBSEQUENTLY DISCHARGED FROM ACTIVE MILITARY SERVICE AND EMPLOYED BY ANOTHER EMPLOYER OTHER THAN THE CITY OF DETROIT FOR MONETARY COMPENSATION DURING THE NINETY (90) DAYS AFTER HONORABLE DISCHARGE FROM ACTIVE MILITARY SERVICE, HE OR SHE SHALL NOT BE ELIGIBLE UNDER THIS SUBSECTION FOR RETURN TO HIS OR HER FORMER POSITION WITH THE CITY.

WHERE CITY EMPLOYEE HAS INCURRED A MENTAL OR PHYSICAL DISABILITY IN ACTIVE MILITARY SERVICE THAT DISQUALIFIES HIM OR HER FROM RETURNING TO HIS OR HER FORMER POSITION, THE EMPLOYING DEPARTMENT DIRECTOR

OR AGENCY HEAD SHALL TRANSFER SUCH EMPLOYEE, UNLESS THE EMPLOYEE IS TOTALLY DISABLED, TO A POSITION COMMENSURATE WITH HIS OR HER QUALIFICATIONS AND CAPABILITIES IN ACCORDANCE WITH ALL APPLICABLE CITY, STATE, AND FEDERAL LAWS THAT GOVERN THE EMPLOYMENT OF PERSONS WITH DISABILITIES. A CITY EMPLOYEE WHO IS TRANSFERRED TO A NEW POSITION UNDER THIS SUBSECTION SHALL BE COMPENSATED AT THE RATE OF PAY THAT IS ESTABLISHED FOR THE NEW POSITION.

WHERE THE CITY EMPLOYEE IS TEMPORARILY UNQUALIFIED FOR THE CLAIMED TRANSFER OR PROMOTION DUE TO A PHYSICAL OR MENTAL DISABILITY, INCLUDING LOSS OF SKILL ARISING FROM HIS OR HER ACTIVE MILITARY SERVICE, THE EMPLOYING DEPARTMENT DIRECTOR OR AGENCY HEAD MAY GRANT, UPON THE REVIEW OF SUPPORTING DOCUMENTATION, AN EXTENDED PERIOD OF TIME THAT SHALL NOT EXCEED NINE (9) MONTHS FOR THE REMOVAL OF THE TEMPORARY DISABILITY. IN MAKING SUCH AN INVESTIGATION, THE EMPLOYING DEPARTMENT DIRECTOR OR AGENCY HEAD MAY CONSIDER SENIORITY, WORK RECORD, EXPERIENCE, TRAINING, EDUCATION, PERSONAL AND PHYSICAL FITNESS, AND SUCH OTHER RELEVANT FACTORS. WHERE, AFTER INVESTIGATION, THE EMPLOYING DEPARTMENT DIRECTOR OR AGENCY HEAD DETERMINES THAT A CITY EMPLOYEE WITH MILITARY SERVICE IS EQUALLY OR BETTER QUALIFIED THAN ANOTHER CITY EMPLOYEE WHO WAS TRANSFERRED OR PROMOTED DURING SUCH LEAVE OF ABSENCE, SUCH TRANSFER OR PROMOTION SHALL BE SET ASIDE AND THE CITY EMPLOYEE WITH ACTIVE MILITARY SERVICE SHALL BE TRANSFERRED OR PROMOTED IN HIS OR HER STEAD.

DEPARTMENT DIRECTOR OR AGENCY HEAD, THE HUMAN RESOURCES DEPARTMENT MAY GIVE EXAMINATIONS, AND OPEN SUCH EXAMINATIONS TO ENUMERATED CLASSIFICATIONS, POSITIONS, OR INDIVIDUALS. WHERE A CITY EMPLOYEE HAS BEEN TRANSFERRED OR PROMOTED DURING ANOTHER CITY EMPLOYEE'S LEAVE OF ABSENCE FOR ACTIVE MILITARY SERVICE AS THE RESULT OF AN EXAMINATION, UPON PROPER REQUEST BY THE EMPLOYEE RETURNING FROM SUCH LEAVE OF ABSENCE, SUCH EMPLOYEE SHALL BE GIVEN THE SAME EXAMINATION UNDER SUBSTANTIALLY THE SAME CONDITIONS AND WITH THE SAME STANDARDS. WHERE SUCH RETURNING CITY EMPLOYEE ATTAINS A RATING EQUAL TO OR EXCEEDING THAT OF ANY OTHER CITY EMPLOYEE PREVIOUSLY TRANSFERRED OR PROMOTED AS A RESULT OF AN EXAMINATION, SUCH TRANSFER OR PROMOTION SHALL BE SET ASIDE AND THE CITY EMPLOYEE WITH ACTIVE MILITARY SERVICE SHALL BE TRANSFERRED OR PROMOTED IN HIS OR HER STEAD.

(3) *NO PREFERENCE AMONGST VETERANS.* NOTHING IN THIS SUBSECTION SHALL REQUIRE THE SETTING ASIDE OF A TRANSFER OR PROMOTION OF A VETERAN, AS DEFINED BY SECTION 13-6-21 OF THIS CODE WITH EQUAL OR GREATER AUGMENTED SENIORITY. A CITY EMPLOYEE WHO IS TRANSFERRED UNDER THIS PROVISION TO A NEW POSITION SHALL BE COMPENSATED AT THE RATE OF PAY ESTABLISHED FOR THE NEW POSITION.

(4) *OTHER RIGHTS.* SUCH CITY EMPLOYEES SHALL HAVE THE RIGHTS THAT ARE CONSISTENT WITH THE PURPOSES OF THIS SECTION AS THE CITY COUNCIL OR THE HUMAN RESOURCES DEPARTMENT MAY PROVIDE.

(C) THIS SECTION SHALL NEITHER PLACE ANY ADDITIONAL LIABILITY ON THE CITY BECAUSE OF ANY PENSION OR RETIREMENT PROVISIONS, EXCEPT AS PROVIDED FOR IN THIS DIVISION, NOR SHALL ANY PERMANENT CITY EMPLOYEE BE LAID OFF OR DEMOTED TO PROVIDE A POSITION FOR A CITY EMPLOYEE WHO IS RETURNING FROM A LEAVE OF ABSENCE FOR ACTIVE MILITARY SERVICE UNLESS SUCH RETURNING VETERAN HAS GREATER SENIORITY, AS AUGMENTED BY VETERANS' SENIORITY CREDIT WHICH IS PROVIDED FOR IN SECTION 13-6-24 OF THIS CODE, IN THE REGULAR CLASSIFIED CITY SERVICE OR IN THE REGULAR POLICE SERVICE.

(D) THE RIGHTS AND PRIVILEGES GRANTED TO REGULAR CLASSIFIED EMPLOYEES AND REGULAR POLICE OFFICERS UNDER THIS SECTION ARE SUBJECT TO ANY RIGHTS GRANTED BY ANY FEDERAL OR STATE LAW WHICH GOVERNS THE RIGHTS OF EMPLOYEES RETURNING FROM ACTIVE MILITARY SERVICE OR UNDER ANY PROVISIONS OF ANY COLLECTIVE BARGAINING AGREEMENT BETWEEN THE CITY AND ITS EMPLOYEES, AND ARE SUBJECT TO THE RESTRICTIONS DELINEATED IN THIS DIVISION.

A CITY EMPLOYEE'S DISCHARGE OR RELEASE FROM ACTIVE MILITARY SERVICE OTHER THAN ON HONORABLE GROUNDS SHALL RESULT IN SUCH EMPLOYEE'S FORFEITURE OF ALL RIGHTS AND PRIVILEGES GRANTED BY THIS ARTICLE.

(B) LEAVES OF ABSENCE THAT ARE GRANTED UNDER THE PROVISIONS OF THE 1997 DETROIT CITY CHARTER, THIS CODE, AND THE HUMAN RESOURCES DEPARTMENT RULES, AS APPROVED BY THE CIVIL SERVICE COMMISSION, FOR CITY EMPLOYEES WHO ARE ENTERING THE ACTIVE MILITARY SERVICES OF THE UNITED STATES UPON THE DECLARATION OF WAR BY CONGRESS OR DURING AN EMERGENCY CONDITION RECOGNIZED BY THE ISSUANCE OF A PRESENTIAL PROCLAMATION OR A PRESIDENTIAL EXECUTIVE ORDER SHALL BE DEEMED TO HAVE BEEN

DIVISION 2. VETERAN'S PREFERENCE

Sec. 13-6-26. Rights and privileges of veterans generally.

~~Regular classified civil service employees and regular police officers, who shall enter or who have heretofore entered the armed forces of the United States in time of war or national emergency or under compulsory provisions of laws of the United States in time of peace, shall have the following rights and privileges, subject to the enumerated restrictions:~~

~~(1) Leave of absence may be granted; duration of same. Upon written request, together with proof of entry in active service in the armed forces of the United States, the civil service commission shall grant a leave of absence without pay for the duration of such active service, but not to exceed six (6) months after the cessation of hostilities, unless further service is required by law.~~

~~Nothing in this provision shall prohibit the civil service commission from granting ordinary leaves of absence to veterans for educational purposes, nor to employees engaged in activities related to but not a part of the armed forces of the United States or for other purposes.~~

~~(2) Return to city service. Within ninety (90) days after release from active service, such employees must indicate in writing or in person their readiness, willingness and ability to return to city employment; provided, that employees who immediately on release from the armed forces of the United States are hospitalized because of injuries incurred during active service shall have an additional twelve (12) months' period to return to employment and shall be considered on military leave of absence for such additional period; and provided further, that no employee on military leave of absence and subsequently separated from the armed forces shall have been remuneratively employed from the time of separation to the time of application for return to city employment.~~

~~(3) Restoration to grade and pay. Upon return from military leave of absence, the employee shall immediately be restored to his former position or to one of like grade and pay, if qualified therefor. Loss of skill, if correctable within six (6) months or physical impairment not in fact disabling, shall not be deemed to be disqualifying. Where mental or physical disabilities have been incurred in active service which dis-~~

qualify the employee from returning to his former position, the commission shall, unless the employee is totally disabled, transfer such employee to a position commensurate with his qualifications and disabilities.

Nothing in this provision shall place any additional liability on the city because of any pension or retirement provisions, except as provided for in this division, nor shall any permanent employee be laid off or demoted to provide a position for an employee returning from military leave unless such returning employee shall have greater seniority, as augmented by veteran's seniority credit provided for in this division in the class or in the city service.

(4) *Rights during absence.* Employees granted military leaves of absence pursuant to the foregoing provisions of this section shall, as far as possible, have all the rights and privileges they would have had as city employees if they have not entered the armed forces. Specifically included are:

a. Right to consideration in transfers and promotions made during the employee's military leave of absence. In exercising any privileges granted under this paragraph, the employee shall present this claim for a promotion in writing in conformance with the Charter of the city to the civil service commission within ninety (90) days after the date of his return to city employment. Where the employee is temporarily unqualified for the claimed promotion by reason of physical or mental disabilities, including loss of skill arising from his service in the armed forces of the United States, the commission may grant, upon proper showing, an extended period of time not to exceed nine (9) months for the removal of the temporary disabilities. If the commission shall find after investigation that any employee with active service in the armed forces is equally or better qualified than another employee promoted or transferred during such military leave of absence, such promotion or transfer shall be set aside and the employee with military service transferred or promoted in his stead. In making any investigation, the commission may consider seniority, work record, experience, training, education, personal and physical fitness, and such other factors as it shall deem pertinent. In making any investigation, the commission may give examinations competitively or noncompetitively, and open such examinations to enumerated classes, positions or individuals.

Where employees have been promoted or transferred as the result of promotional or open competitive examinations, upon proper request by an employee returning from military leave of absence, he shall be given the same examination under substantially the same conditions and with

the same standards and if he shall attain a rating equal to or exceeding that of any other employee previously promoted or transferred, such transfer or promotion shall be set aside and the employee with active military service promoted or transferred in his stead. Nothing in these provisions shall require the setting aside of a promotion or transfer of a veteran with equal or greater augmented seniority.

b. Such other benefits not inconsistent with the persons of this subsection, as the city council or the civil service commission may provide.

c. The civil service commission shall issue a certificate to all employees returning from military leave, showing the length of service creditable for any of the above purposes.

(5) *Prior leave.* Leaves of absence heretofore granted under the provisions of the Charter of the city, this Code and other ordinances of the city council, and rules of the civil service commission, to employees entering the armed forces of the United States, shall be deemed to have been granted in accordance with the provisions of this division and to confer the benefits provided in this division.

(6) *To whom benefits available.* The benefits of this division shall be granted only to persons who have honorably served in the armed forces of the United States. Service other than honorable shall result in the forfeiture of all rights and privileges granted by this division.

(7) *Employment status restricted.* To facilitate providing the benefits enumerated in this section, the civil service commission may, in time of war or national emergency:

a. Restrict and condition the effective tenure of appointments of new employees or changes in status of persons employed previous to the emergency period.

b. Establish provisions for the selection and placement of employees on an emergency basis. Persons so placed shall not acquire rights to permanent status in the positions in which placed or in the classified service. REPEALED.

SEC. 13-6-26. AUTHORITY OF CIVIL SERVICE COMMISSION TO HOLD HEARINGS AND TO ENFORCE RULES TO CARRY OUT PURPOSE OF DIVISION.

PURSUANT TO SECTIONS 6-505 AND 6-513 OF THE 1997 DETROIT CITY CHARTER, THE CIVIL SERVICE COMMISSION SHALL HAVE THE AUTHORITY TO HOLD HEARINGS AND TO ENFORCE RULES TO CARRY OUT THE PURPOSES OF THIS DIVISION.

Sec. 13-6-27. Veteran's preference.

(a) Wherever the benefits conferred by this section are greater than those provided for by the veteran's preference act of the state, the privileges herein granted to veterans shall be applicable:

(1) A veteran shall mean any person who has honorably served in the armed forces of the United States with a military or naval rank for a period of not less than ninety (90) days between the date of declaration of war by the Congress of the United States and the cessation of hostilities, or any person who has honorably served in the armed forces of the United States with a military or naval rank for a period of not less than ninety (90) days between the dates of June 27, 1950, and December 31, 1953, inclusive, or for a period not less than ninety (90) days between the dates of August 5, 1964, and the date of cessation of hostility in Indo-China as determined by the government of the United States, inclusive.

The ninety (90) day period of active service specified above shall not apply to disabled veterans. Civilian employees of the United States government and organized reserves not on active duty, except for training purposes, are specifically excluded from the foregoing definition.

(2) A disabled veteran shall mean a veteran whom the appropriate federal agency shall certify to as currently receiving treatment or compensation because of service connected disability.

(3) The provisions of this section shall apply only to persons who have been legal residents of the city for a period of two (2) years immediately prior to the application of the pertinent civil service benefit. Persons claiming preference shall submit proof thereof satisfactory to the civil service commission.

(4) In all examinations for entry into the service of the city, whether such examinations are held pursuant to this division or the provisions of the Charter of the city, the following preference shall be given:

a. Maximum age limits under sixty (60) years shall be waived, except in examinations for police officers, fire fighters, transportation equipment operators or their equivalent, should the current titles be changed, and apprentice or learner positions, but for such classes, veterans shall be entitled to have deducted from their current age the period of service in the armed forces of the United States as a veteran.

b. Veterans shall not be barred from examination or appointment because of service connected disabilities which are, in fact, not disabling for the class of positions applied for.

c. Veterans attaining a passing percentage on an open competitive examination shall have a maximum of ten (10) points added to their earned ratings and disabled veterans shall have a maximum of fifteen (15) points added to their earned rating; provided, that provided, that the civil service commission may by rule provide for the apportioning of such points on the basis of length and character of ser-

vice or disability; and provided further, that any rules made under this paragraph after January 1, 1947, shall not be changed oftener than once in any four (4) year period.

(5) In the computing of seniority, veterans shall be entitled to augmented seniority consisting of one additional month of seniority for each three (3) months of continuous service for which seniority is credited, with a maximum credit of the total time spent in the armed forces of the United States as a veteran. Such augmented seniority shall be used for any personnel or administrative purpose prescribed by the civil service commission or the city council, including, specifically, promotions, work assignments and selection, layoffs and reemployment, but not pension or retirement benefits, salary increases based on length of service or completion of the probationary period. REPEALED.

SEC. 13-6-27. LIBERAL CONSTRUCTION OF DIVISION.

THE PROVISIONS OF THIS DIVISION ARE TO BE LIBERALLY CONSTRUED FOR THE PURPOSE OF GRANTING AND PROTECTING CERTAIN PREFERENCES FOR VETERANS, AND SHALL BE CONSTRUED IN A MANNER CONSISTENT WITH ALL APPLICABLE FEDERAL AND STATE LAWS AND THE APPLICABLE PROVISIONS OF THE 1997 DETROIT CITY CHARTER.

Sec. 13-6-28. Retention on eligible lists.

Any person who, while a civilian, has qualified for appointment in the classified service or in the police service by passing an open competitive examination, and who has been heretofore or who may hereafter be deprived of appointment by reason of absence in the military service, shall, if he shall so request within ninety (90) days from his release from the armed forces, be forthwith appointed as though he had been appointed on the date his name was originally reached for certification or appointment, and his seniority shall begin with such original date; provided, that such eligible shall be a veteran, as defined in this division, shall have been a resident of the city for one year prior to the date of his original examination, shall be physically and mentally qualified for the position; and provided further, that such eligible veteran shall serve the required probation period satisfactorily and shall be given augmented seniority credit in accordance with this division as defined in Section 13-6-27(5), or in accordance with this section, whichever is greater, but not both. REPEALED.

Sec. 13-6-29. Authority of civil service commission to make rules to carry out purpose of division.

The civil service commission shall have the power to make and enforce rules to

~~carry out the purpose of this division, but any rules so made shall not be effective until approved by the city council.~~
~~REPEALED.~~

The Applicant agrees to provide the City with sufficient information, and the City may review and audit the information provided by the applicant, in order to determine compliance with this agreement. If the Applicant fails to provide employment information satisfying the needs of the City, the Applicant will provide the City and the Michigan Employment Security Commission (MESC) written authorization, in a form acceptable to the City and MESC, to use and develop appropriate MESC documents, such as, but not limited to, the MESC Multiple Worksite Report, to verify the number of full-time employees stated in the annual Status Report. In the event the Applicant fails to provide the City with any information required to be provided to the City under this Section, the Applicant agrees to reimburse the City for all costs, including attorney's fees, incurred by the City to verify the information that was withheld.

5. Revocation or Reduction of Term of IFEC for Affirmative Action or Facility Cost Shortfalls, or Non-

Compliance with Prevailing Wage Requirements.

The City may, in its sole discretion, request that the Michigan State Tax Commission reduce the remaining term of the IFEC or revoke the IFEC if: 1) the Applicant fails to provide the City with the information or Affirmative Action Plan required to be provided to the City under Section 2 above; 2) the affirmative action accomplishments at the Facility are less than those to which the Applicant committed itself in the most recent affirmative action plan approved by the City Human Rights Department, due to the failure of the Applicant to use its best efforts to effectuate the Affirmative Action Plan; or 3) if the Facility cost is less than that to which the Applicant committed itself in the Application; or 4) the Applicant failed to pay the prevailing wages for construction work on the project for which it is seeking an Industrial Facilities Exemption Certificate. Prior to taking any action to request reduction of the term of the IFEC or revocation of the IFEC, the City must afford the Applicant an opportunity to present at a public hearing reasons for any shortfall by the applicant in its compliance with this Agreement.

6. Payment of Abated Taxes for Shortfall of Employment.

If the average number of new and retained full-time employees at the facility during the calendar year preceding the date of the Status Report is less than the number of new and retained employees set forth in Section 1 above, the Applicant agrees to pay the City, in addition to the Industrial Facility Tax due under the IFEC on the Facility, an amount equal to the difference between the amount of ad valorem tax otherwise due on the Facility without the IFEC, and the amount of Industrial Facility Tax due on the Facility under the IFEC, for the calendar year preceding the Status Report, multiplied by a fraction, the numerator of which is the shortfall in the number of new and retained full-time employees indicated in the Status Report, and the denominator of which is the total number of new and retained full-time employees set forth in Section 1 above. Prior to taking any action to require the Applicant to pay any amount to the City pursuant to this Section, the City must afford the Applicant an opportunity to present at a public hearing reasons for any shortfall by the Applicant in its compliance with this agreement.

7. Reimbursement of City Costs upon Discontinuance of Operations.

a. To enable the Applicant to make the improvements or to install the equipment, machinery, furniture and fixtures as set forth in the Application, or to enable the Applicant to operate the Facility, the City may incur costs for site acquisition, infra-

structure improvements, or for other related purposes, as may be agreed to in writing between the City and the Applicant. If during the term of the IFEC the Applicant shall discontinue operations at the Facility, the applicant agrees to reimburse the City for any such agreed upon costs incurred by the City.

b. The Applicant agrees that if during the term of the IFEC it shall decide to discontinue operations at the Facility, the Applicant shall send written notification to the Director of the City Planning and Development Department within thirty (30) days of such decision. The Applicant further agrees that, within thirty (30) days of the actual discontinuance of operations, the Applicant shall send written notification of the actual termination to the Director of the City Planning and Development Department.

8. Living Wage Ordinance.

The Applicant acknowledges receipt of a copy of the Detroit Living Wage Ordinance ("Ordinance") which copy is attached as Exhibit "D" and made a part hereof, and the applicant affirms that it will comply with this Ordinance in all respects unless specifically exempted by the language of the Ordinance. In the event the Applicant violates the Ordinance, the Applicant shall pay to each employee affected the amount of the deficiency for each day the violation continues. Willful or repeated violation of the Ordinance shall constitute a material breach of this agreement and will entitle the City to revoke, or seek revocation, of the Certificate. Willful violation of the Ordinance will result in a penalty paid to the City in the amount of \$50.00 per violation for each day the violation continues. In the event the Applicant is assessed the \$50.00 penalty based on more than three (3) incidents within a two (2) year period, the Applicant shall be barred from entering into any contracts with the City for a period of ten (10) years from the last violation.

9. Prevailing Wage Requirements.

The Applicant agrees that Detroit Ordinance ch 18, art 5 div 4 is made applicable to this Agreement by section 18-5-65 thereof and agrees that wage and fringe benefit rates paid to each class of building trades workers performing construction work for which an Industrial Facilities Exemption Certificate is requested shall not be less than the rate prevailing in the City. See Exhibit E for a copy of the applicable Ordinance and the rates.

10. Reservation of Remedies.

The City and the Applicant agree that each of the rights and remedies provided by this Agreement may be exercised separately or cumulatively, and shall not be exclusive of any other rights and remedies provided by law. Invalidation of any of the provisions contained in this

Agreement by operation of law, judgment, court order, or otherwise shall not invalidate any of the other provisions of this Agreement.

11. Effective Date.

This Agreement shall become effective upon issuance by the Michigan State Tax Commission of an IFEC covering the facility, and shall be null and void of no force or effect whatsoever unless the Michigan State Tax Commission issues an IFEC to the Applicant covering the Facility. This Agreement shall terminate thirty (30) days after the due date of the Status Report required by Section 3 above pertaining to the final year the IFEC is in force, or thirty (30) days after the actual filing of said Status Report, whichever is later.

12. Headings.

The headings contained in this Agreement are for descriptive purposes only, and do not alter or govern the substantive content of the provisions of this agreement.

City Planning Commission

September 29, 2001

Honorable City Council:

Re: Request of Riverbend Plaza Inc. for minor modification of the approved site plan and development proposal for an existing PD zoning classification generally bounded by Riverbend Plaza Phases I and II and E. Jefferson, the alley east of Newport, Freud, and Dickerson to facilitate the construction of a Home Depot and two retail outlots (Recommend Approval)

Request

Riverbend Plaza, Inc. is requesting the above-captioned actions in order to facilitate the development of Phase III of Riverbend Plaza, the Home Depot. Shortly after your Honorable Body's approval of both Phases III and IV of Riverbend Plaza, the developer was informed by Home Depot of changes to the Corporation's prototype facility. These

changes would affect this project, as they apply to all new stores in North America. This decision was made outside the knowledge of the Home Depot representative who has been working on this project, otherwise action would have been delayed until after these changes were made. Also impacted by this decision is a Home Depot sited in Auburn Hills, which is farther along in process, having obtained a permit and begun site preparation.

Analysis of Proposed Modifications

Simply stated, the new Home Depot prototype is roughly 20% smaller than the approved structure. The building is reduced from 118,250 square feet to 94,500 square feet. The outdoor garden and seasonal sales area is actually increased from 23,400 square feet to 25,700 square feet. The height of the building is reduced by five feet as measured to the top of the gable on the front facade. These changes, Home Depot hopes, will make the store's interior more friendly to customers. Shelf height will be reduced and the store will not be as heavily stocked with merchandise well above a customer's reach. The desire appears to be to lessen or refine the warehouse-like qualities of the store.

Generally, the exterior appearance of the building is the same with the addition of glass storefront treatments where the two entry pavilions have been combined into one and the contractor pickup area has been expanded. The approved design included a large tool storage area along the front facade enclosed by a decorative fence. The new plan includes two such areas, recessed into the northwest and southwest corners of the building enclosed with masonry walls. These modifications actually enhance the appearance of the structure and reduce potential impacts on adjacent property.

Moving out from the building the layout of the site is basically the same. While the smaller building would require less parking, the developer has taken advantage of the change in lot coverage to provide more parking. Approximately 13 parking spaces were added for a total of 517. The land immediately adjacent to the easternmost outlot, which was designated for parking in the approved plan is now an open landscaped area (this area is available for parking should future demand so warrant). This land could be used as a demonstration area by Home Depot for gardening, landscaping projects and the like. With the exception of that addition and minor changes to the type and distribution of plant materials, the landscaping follows the approved pattern.

The proposed modifications do not appear to impact adjacent properties any more so than the currently approved plan. In fact, the modified proposal offers some

functional and aesthetic improvements. The loading dock previously faced south toward the church and the proposed housing development. The revised plan splits the loading area facing one bay to the east where the view is screened by the wall and facing three bays to the west where they would be approximately 350 feet from the closest unit in the proposed housing development with a direct view to the rear of the facility.

Conclusions and Recommendation

The City Planning Commission has completed its review of the proposed modifications to the Home Depot project proposal. These modifications are acceptable and do not constitute a major deviation in concept from the currently approved plan. Where modifications have created new or different appearances or altered relationships to adjacent properties, the changes resulted in improvements or led to additional modifications to address apparent or potential conflicts. Therefore, the City Planning Commission recommends approval of the site plan, building elevations and related project documents as modified subject to the original conditions. In order to accommodate these changes, the Commission also recommends City Council approval of a new resolution in order to properly reference the modified documents. Attached please find the approving resolution for your consideration.

Re: Campus Martius Project. Transportation Enhancement Fund Program Application.

The City of Detroit Department of Public Works ("DPW") is desirous of making an application to the State of Michigan Transportation Enhancement Fund Program in connection with the above-referenced project. The project will involve the construction and/or installation of various streetscape improvements totaling \$8,155,873 including any and all requisite appurtenances incidental to the work. The work will be performed along Woodward south to Congress, Cadillac Square from Campus Martius east to Randolph and the Woodward "Loop" which circumnavigates the planned open space at Campus Martius. In summation, the streetscape improvements will include the following:

In addition to the above-mentioned improvements, the City of Detroit will invest an estimated \$8,047,934 in other road and infrastructure improvements in connection with the project. The Department of Public Works has already submitted an application to the State for the Transportation Economic Development Fund Program, and anticipates that State will provide the City of Detroit funding in the amount of \$2,935,122 in order to accomplish the road and infrastructure improvements in connection with the project. The remaining \$5,111,922 will be provided by the City of Detroit Downtown Development Authority (the "DDA") in furtherance of the project.

It is anticipated that the completion of the work items delineated above will be phased over a three-year period. Accordingly, DPW contemplates that the total amount of \$8,155,873 being requested under this application will be considered for awarding over the next three funding cycles as follows:

FY 2003

Honorable City Council:

Re: Request to Amend the 1999-2000 and 2001-2002 Official Compensation Schedules to Incorporate Proposed Classification and Rate Changes for the Buildings and Safety Engineering Department.

The recommendations outlined on the attached Schedule A are pursuant to the reorganization of the Inspections Divisions of the Buildings and Safety Engineering Department. Some outcomes of the reorganization are changes in the designation of Assistant Chief Inspector classifications that head inspection divisions, to Chief Inspector titles and some realignment of areas of responsibility. This request is for the assignment of pay ranges for these new titles and amended pay ranges for the remaining Chief and Assistant Chief Inspector classifications. This action is to establish better pay alignment based upon work responsibilities, certification requirements, the pay of supervised staff and external market rates.

This request is also a recommendation to rescind the rate changes approved by your Honorable Body on June 13, 2001 that, due to oversight, were processed before completion of administrative procedures. Revised special adjustments for non-union Supervising Inspector titles are contained in the attachment. A special adjustment is added for Supervising Plumbing Inspector, which was omitted in the earlier action.

The Buildings and Safety Engineering Department concurs with these recommendations. We request that your Honorable Body amend the 2000-2001 and 2001-2002 Official Compensation Schedules, accordingly, and with a waiver of reconsideration.

Respectfully submitted,

COMMUNICATIONS FROM Mayor's Office

October 9, 2001

Honorable City Council:

The City Clerk has presented for my approval three resolutions adopted by your Honorable Body on Wednesday, September 26, 2001. The actions for my approval include:

- 1) a resolution in opposition to my pro-

posed Executive Organization Plan amendment that recognizes and designates the Detroit Housing Commission ("DHC") as a "statutory agency" functionally separate from the City of Detroit municipal corporation. This plan change was proposed in order to implement the 1996 Amendments to the Michigan Housing Facilities Act, MCL 125.651 *et seq.* (the "1996 Amendments"), which established Michigan housing commissions such as DHC as distinct public bodies corporate with enumerated independent powers and authority, as described in my September 26, 2001 veto statement.

2) a resolution rejecting the Memorandum of Understanding that was proposed by and among the City, the DHC and each labor union whose employees would be affected by DHC's functional separation from City systems and operations (labor MOU"), although City Council approval was not required for such MOUs. Each labor MOU committed to provide City employees assigned to DHC who elect to become separate employees of DHC as the successor employer with comparable pay and benefits to those they had under their City collective bargaining agreements, and to provide a 60-day period for City employees assigned to DHC to elect to remain City employees instead of becoming DHC employees.

3) a resolution rejecting the proposed Memorandum of Understanding by and among the City, DHC, the City's General Retirement System, and the City's Employee Benefits Board ("benefits MOU") in which the City would allow City employees assigned to DHC who elect to become employees of DHC as the successor employer to continue their participation in the City's pension and benefits plans. This benefits MOU was contingent upon City Council approval of an intergovernmental agreement to the same effect. (The City Council adopted a resolution on September 17, 2001 which rejected this proposed intergovernmental agreement; I vetoed that resolution on September 26, 2001.)

Separate from the three above-referenced resolutions proposed and adopted by the City Council that have been presented to me for my approval, the City Council voted "no" to my proposed Executive Organization Plan which, as stated above, recognizes the DHC as a separate and distinct public body corporate, and "no" to introduction of the form of ordinance that I presented to City Council on July 17, 2001 that would conform the Detroit City Code concerning the DHC to the minimum statutory requirements of the 1996 Amendments.

The above-described series of actions by the City Council all defy the statutory directives of the 1996 Amendments

establishing DHC as a separate public body corporate with enumerated statutory powers, as well as renege on the agreement that the City made to the Department of Housing and Urban Development ("HUD"), the federal agency which provides 100% of DHC's operating revenues, that DHC would become functionally separated and operate autonomously from City systems.

For all of the reasons stated in both of my veto statements of September 26, 2001 and October 4, 2001, which I incorporate herein by reference, I likewise veto all of the resolutions adopted by the City Council on September 26, 2001 intended to obstruct the separation of DHC from the City's governmental structure and systems.

Respectfully submitted,
DENNIS W. ARCHER
Mayor
