Re: Neighborhood Enterprise Zone Certificate Applications for 2021 Marantette and 1733 Wabash in the Corktown area (Recommend Approval).

The City Clerk's Office forwarded to our office applications for Neighborhood Enterprise Zone (NEZ) certificates at 2021 Marantette and 1733 Wabash. City Planning Commission staff's research indicates that the above properties are within the boundaries of the Corktown 1999 C NEZ, which was approved by City Council on November 10, 1999.

Both certificates are for owner occupied rehabilitation. At 2021 Marantette,

the owner is proposing to add insulation and update the plumbing and electrical. At 1733 Wabash, the owner is proposing to spend \$30,000 on fencing, furnace/air conditioning, insulation, and tree removal.

It appears the true cash value of 2021 Marantette (\$26,536) and 1733 Wabash (\$28,306) are less than the \$80,000 per unit maximum allowed under the NEZ Act.

Based on the above analysis, CPC staff recommends approval of the subject NEZ certificates. Please contact us should you have any questions.

Honorable City Council:  
Re: Neighborhood Enterprise Zone (NEZ) Certificate Applications for 2505, 2525 and 2527 John R, within the Crosswinds Communities, Inc. NEZ (Recommend Approval).

The City Clerk's Office forwarded to this office applications from Crosswinds Communities, Inc. for Neighborhood Enterprise Zone (NEZ) certificates for 2505, 2525 and 2527 John R, within the Crosswinds Communities Brush Park NEZ. Your Honorable Body approved the Crosswinds Communities Brush Park NEZ designation on July 17, 1996.

The properties involved are confirmed as being within the boundaries of the NEZ and should be eligible for NEZ certificates under State Act 147 of 1992 as currently written. Crosswinds Communities, Inc. has applied for the certificates, prior to the issuance of building permits, on behalf of future owners who will occupy the property. It is appropriate for Crosswinds Communities, Inc. to apply for certificates at this time even if buyers have not yet been identified. The State Tax Commission, however, will not issue a certificate until an owner is identified. When an owner is identified, he or she can then apply for the certificate. At that time, it would not be necessary for City Council to pass another resolution.

Crosswinds Communities, Inc. proposes to construct three (3) owner-occupied attached single family condominiums. The NEZ certificate application incorrectly states that the petitioner is proposing to rehabilitate existing properties. The petitioner has been made aware of this and will correct the submittal to the State. The developer will need to submit to the State Tax Commission a list of the parcels that are to receive the certificates with a map showing the parcels.

The City Planning Commission staff, therefore, recommends approval of the requested certificate in the Crosswinds Communities Brush Park NEZ. Please contact Mr. Gregory Moots of my staff at 224-2110 with any questions.

Honorable City Council:

Re: Proposed modification of approved plans for an existing PD (Planned Development District) zoning classification to facilitate the construction of the GM Plaza and Promenade Phase 2 on land located generally south of Atwater between Beaubien and Rivard extended (Recommend Approval with Conditions).

The City Planning Commission (CPC) has received and processed a request from Hines Interests (developer) on behalf of Riverfront Holdings, Inc. (RHI), a subsidiary of General Motors (GM), to revise the development proposal for an existing PD (Planned Development District) zoning classification located southeasterly of the Renaissance Center. Specifically, the subject property is bounded on the west by Beaubien (extended to the south), on the north by a line approximately 70 feet north of and parallel to the Detroit River, on the east by a line roughly 80 feet west of Rivard (extended south), and on the south by the Detroit River. The requested modification would facilitate the development of the second phase of General Motors' public plaza and promenade east of the General Motors Global Headquarters at the Renaissance Center south of Atwater. The total plaza and promenade project comprises approximately 4.78 acres of land. Phase 2 would be approximately 1,500 feet long and contain approximately 2.85 acres.

**PROPOSAL**

The Plaza Promenade Phase 2 as proposed would run east from Beaubien to a point about 80 feet west of Rivard, where the Detroit Riverfront Conservancy's design proposal (to be reviewed and approved later) begins with a plaza. To the north, Phase 2 would ultimately be bordered by low-rise mixed-use development sited along the south side of Atwater. This scheme also includes a proposal for a short stretch of a Riverside Drive that, if realized, would separate the promenade from the mixed-use.

The design consists of an 18-foot wide promenade pathway along the water with five "garden rooms" bordering it along the northern edge. The pathway would be paved with a colored concrete and includes a railing matching that of the Civic Center Promenade. The northern edge of the pathway would be lined by five garden rooms, 52 feet in depth (north to south) and of varied length. Trees, low shrubs, lighting fixtures and benches facing out toward the River, would define each garden room. Each room would feature an open lawn panel for passive and active uses and a smaller seating area providing a more contemplative setting. Furnishings includes benches, movable chairs, game tables (chess/checkers) and the possibility of small playscapes in the future. The landscape also includes materials such as colored concrete, decomposed granite, grassy areas and shrubs. The eastern third of the project realigns the promenade to the north along the proposed Riverside Drive and allows for a natural treatment of the water's edge. This area includes lighting, trees, native

grasses and a Rip Rap (broken concrete) edge (see attached drawings).

The 200 or so feet running east from this point would be the design and construction responsibility of the Detroit Riverfront Conservancy (DRFC). It would be used to form the Rivard Plaza access point to the RiverWalk. This proposal is the subject of a separate review and approval. Both Phase 2 and the water's edge portion of Phase 1 would be managed by the DRFC as is proposed for the entire public accessway.

#### **SURROUNDING LAND USE AND ZONING**

To the North — commercial, office, surface and structured parking — PD

To the South — Detroit River

To the East — surface parking, open storage, vacant land — PD

To the West — Plaza Promenade Phase 1 — PD

#### **ANALYSIS AND ISSUES**

When the PD district was modified for the Plaza Promenade Phase 1 in the summer of the 2003, the concept for Phase 2 was included in the renderings. The proposal currently before your Honorable Body is in keeping with that concept. The design team of Hargraeves Associates and Albert Kahn Associates remains the same, further ensuring continuity with Phase 1.

Generally, the CPC is pleased with the design of this project. It is somewhat conservative in approach, but unique with the introduction of the garden rooms and highlighting the pre-existing natural condition. In review of this project CPC staff made note of several items, a number of which only required some clarification or explanation of the developer. Questions and concerns covered the placement of lighting fixtures, planting materials, the movement of people in and around the space, seating opportunities, the arrangement of the garden rooms and the day to day use of the space versus event use. The staff of the Planning and Development Department (P&DD) who joined CPC staff on this review shared these questions and concerns.

In response, the developer has made a number of modifications to the proposal. The seating areas in the two easternmost garden rooms have been shifted to the opposite ends of their respective rooms to relate to the entry path extending from Hastings Street above. Accessibility and security to the garden rooms has been improved by providing additional openings and paths in the hedges and planting beds. Additional seating is also to be provided, making for greater and varied arrangements.

All parties also agreed that there was both a need and an opportunity to expand the accessible area and improve upon the

layout of the promenade around the natural edge treatment. The developer has an engineering team reexamining that area at present to see if any opportunities exist. Current thinking would place the pathway in the same alignment (along the proposed Riverside Drive) as currently depicted in the drawings, but the railing would move southward toward the river, loosely paralleling the irregularities of the shoreline. This would result in a varied widening of the total expanse of the promenade ranging from an additional five (5) to as much as 35 feet in some places. This additional land would be soft-scape with native grasses and the addition of birch trees. Depending upon the results of that effort the design may be further revised in that area.

While the drawings accompanying this report do not reflect the modifications agreed to as a result of our deliberations, the drawings that will be presented to you and that are referenced in the approving ordinance do. Both the CPC and the staff of P&DD are satisfied with the design inclusive of these changes.

#### **MASTER PLAN**

The proposed project falls within the Central Business District Sector (CBD) of the Detroit Master Plan of Policies. More specifically it falls within Planning Unit 'K' of the CBD which calls for recreation facilities, a pedestrian/bicycle path and public access to the River. The proposed project provides these features and appears to be consistent with the Master Plan.

#### **PUBLIC HEARING RESULTS**

The City Planning Commission held its public hearing on this matter on July 15, 2004. The hearing produced only one speaker who spoke in support of the project. The developer has met with various stakeholders in an effort to familiarize them with the project and seek their input. These groups are listed in the application and the attached letter from the developer updating the original application submission. Stakeholder support is evident and to date CPC has not received any comments opposing this request.

#### **CONCLUSIONS AND RECOMMENDATION**

The City Planning Commission has reviewed this request, and is pleased with the proposal and the agreed-upon modifications to the design thus far. The material palette is balanced with color and a good mix of soft and hard-scaping. It relates well with Phase 1 and the Civic Center Promenade. As it concerns the ongoing investigation of the natural area, the additional land and alteration to the design will only improve upon the current project. CPC and P&DD staff will continue to work with the developer as this portion of the proposal and furniture and plantings are further refined and finalized.

The CPC believes that this design will provide yet another unique setting along

our redeveloping riverfront for tourists, event goers, the downtown work force and area residents alike. With the foregoing expectations and understanding, the CPC recommends approval of requested PD modification and the GM Plaza Promenade Phase 2. This recommendation is conditioned upon the developer continuing to work with City agencies as appropriate as the design is finalized, and the submission of final site plans and elevations, landscaping, lighting and signage plans to the City Planning Commission staff for approval prior to the issuance of applicable required permits.

Honorable City Council:

Re: Detroit Entertainment LLC's (d/b/a MotorCity Casino) request to rezone land to SD5 (Special Development District for Casinos) for the construction of a casino complex. (Submitting Resolution to extend the period for Council consideration of the petition).

On Wednesday, April 28, 2004, your Honorable Body passed a resolution extending the period of consideration for the above captioned rezoning request of MotorCity Casino. This was necessitated by the pending expiration of the 120-day time period for the Council to take action on the rezoning request, as set forth in Section 64.0700 of the Official Zoning Ordinance.

The April 28th resolution will expire after July 26, 2004 unless another extension is granted. Previously, you directed the CPC staff to monitor and inform your Honorable Body of the status of this petition in order to maintain it as viable for

your consideration. Please find attached a resolution extending the period for consideration of MotorCity Casino's SD5 rezoning request for an additional 90 days.

Whereas, Detroit Entertainment LLC (d/b/a MotorCity Casino) has petitioned the City Council for a rezoning of certain property in the City of Detroit from R2 and PD zoning district classifications to SD5; and

Whereas, The City Planning Commission report and recommendation on this rezoning request was received by the City Council on October 15, 2003; and

Whereas, The original 120 day period pertaining to this request was to expire on February 11, 2004, and since then this City Council has granted two 90 day extensions, the most recent of which will expire after July 26, 2004; and

Whereas, This City Council has expressed the desire to extend the period of consideration for this petition;

Now, Therefore, Be It Resolved, That pursuant to Section 64.0700 of the City of Detroit Zoning Ordinance, the Detroit City Council hereby extends the time period for consideration of the petition of Detroit Entertainment LLC to rezone property generally bounded by Grand River, Elm, Trumbull, Spruce, Brooklyn and the John C. Lodge Freeway from R2 (Two-Family Residential District) and PD (Planned Development District) to SD5 (Special Development District for Casinos) for an additional 90 days from July 27, 2004 through October 24, 2004.

**City of Detroit

July 9, 2004

Honorable City Council:

Re: Downtown Development Authority FY 2004-2005 Budget.

Pursuant to Article 28, Act 197, as amended, we have prepared the attached FY 2004-2005 Downtown Development Authority's General Fund Budget. This budget is submitted to your Honorable Body for review and approval, prior to its adoption by the Authority.

The amount of funds available from the one mill tax for FY 2004-2005 has been estimated at \$810,000, net of collection delinquencies and reserves for tax settlements, reflecting no change from the actual receipts for fiscal year 2003-2004. Transfer from the DDA's Tax Increment Fund of an amount of \$500,000 will remain level at the 2003-2004 allocation. The FY 2004-2005 budget reflects revenues of \$650,000 to be generated from the parking operations representing a \$300,000 increase from FY 2003-2004 attributable to the completion of construction and start of the full operation of the Kennedy Garage. Transfer from Fund Balance has been estimated at \$85,000, which is needed to offset the anticipated shortfall in revenue for FY 2004-2005. This amount represents a decrease from FY 2003-2004 of \$165,000, contributable to the increased revenues from parking operations.

On the appropriations side, contractual services of \$1,420,000, reflecting no change from last year. The budgeted amount of \$355,000 for professional services and fees, inclusive of a \$10,000 expense for Computer Support, reflects a \$20,000 increase from the 2003-2004 Fiscal Year primarily due to an increase in anticipated insurance expenses. The FY 2004-2005 budgeted expenses of \$350,000 related to parking operations shows no increase from last year's expenses, as parking operations are expanded with the opening of the Kennedy Garage. Finally, \$500,000 of allocated funds for Special Projects and Contingencies for FY 2004-2005 indicates no increase from last year.

We respectfully request City Council's approval of the attached budget at its July 14, 2004 formal meeting. A waiver of reconsideration is requested.

Honorable City Council:

Re: Petition from Exchange Support Services, Inc. for Establishment of an Obsolete Property Rehabilitation District at See Attached List under Public Act 146 of 2000 (Petition #2605).

Exchange Support Services, Inc., proposes to rehabilitate in phases the above referenced properties. The first phase is the Argonaut Building located at 465-485 W. Milwaukee. The developer proposes to integrate three separate use functions: an approximate 275 unit, 445,000 square foot residential loft component, an approximate 84,000 square foot office component, a service and retail component of approximately 15,000 square feet. The office, service and retail components falls under the obsolete tax abatement law. The developer has petitioned for tax abatement on this project to make it financially feasible.

The Planning & Development and Finance Departments have reviewed the petition and find it meets the criteria for tax abatement as set forth in the Act. We recommend that the Obsolete Property Rehabilitation District be established.

The Act requires that, prior to your Honorable Body's passage of a resolution establishing the District, a Public Hearing must first be conducted. We request that a date and time for such a Public Hearing be established, in accordance with the attached resolution and legal description, for the purpose of considering the establishment of the requested District.

Respectfully submitted,

Honorable City Council:

Re: Request for Public Hearing (Rescheduled of June 4, 2004 Public Hearing) Residential Alley Conversions to Easements for Petitions No. 382, 567, 607, 650, 812, 1774, 1832, 2081, 2148, and 3499.

The Planning and Development Department (P&DD), in accordance with the Detroit Code, Article VI, Section 50-6-1, has reviewed requests for residential alley conversion to easement for the above-referenced petitions which were previously filed with the Office of the City Clerk. An attached listing provides specific information for each petition. Our investigation of the subject petitions discloses the following:

1. The submitted petitions for residential alley vacation received no objections from impacted utility companies or city departments.
2. The alley does not serve as the sole means of ingress/egress to the abutting properties.
3. The alley is not required for municipal services (trash collection).
4. The public utilities located in the alley can be properly serviced if this alley is converted to an easement. The conversion to easement will have covenants and agreements, uses and regulations to be observed by the abutting property owners.

The P&DD finds that these requests for residential alley vacation would be beneficial to both the City and abutting property owners. It is requested that your Honorable Body hold the required public hearing for each petition as provided in the Detroit Code. The above referenced ten (10) petitions are simple residential alley vacations for which we do not anticipate extensive public discussion.

Therefore, we estimate the duration of time required for this public hearing to be one hour (1 hour).

Respectfully submitted,

The triplexes will consist of three-bedrooms with 2-1/2 baths and range in size from 1,726 to 1,942 square feet each. This use is permitted as a matter of right in a R-5 zone.

On **8411 Northfield** the Offeror proposes to construct approximately twenty-two (22) single-family homes comprised of brick with vinyl siding and attached garages. The homes will consist of three-bedrooms with 2-1/2 baths and range in size from 1,700 to 2,200 square feet. This use is permitted as a matter of right in a R-1 and R-2 zone.

Once this sales transaction is approved, a simultaneous closing will occur between the Detroit Public Schools of the City of Detroit, the City of Detroit and Morgan Development, LLC, a Michigan Limited Liability Company. It is understood that Morgan Development, LLC, a Michigan Limited Liability Company is purchasing this property in its present condition. Upon closing of this land sale, the Planning & Development Department will remit \$185,130 to the Detroit Public Schools of the City of Detroit for the property and retain the balance of \$20,570 for its consideration.

We, therefore, request that your Honorable Body approve the attached resolution authorizing the Planning and Development Department Director of Development Activities to accept the conveyance of 1314 W. Grand Blvd. and

We, therefore, request that your Honorable Body approve the attached resolution authorizing the Municipal Parking Department to transfer jurisdiction of the above-captioned property to the Planning & Development Department.

Honorable City Council:

Re: Amendment to Sales Resolution  
Development: 9338, 9344, 9350,  
9356, 9362 & 9368 Yosemite.

On June 17, 2002, (Legal News, Pg. 10), your Honorable Body authorized the sale of the above captioned property to Chapel Hill Non-Profit Housing Corporation, a Michigan Non-Profit Corporation, for the purpose of constructing a ten (10) to eleven (11) unit townhouse development with paved surface parking.

It has come to our attention that the Offeror now desires to modify the original proposed development and construct approximately twelve (12) townhouse units with a paved surface parking lot for the storage of licensed operable vehicles for their tenants. It has also come to our attention that the name of the legal entity was issued in error. Accordingly, the sale of Chapel Hill Non-Profit Housing Corporation, a Michigan Non-Profit Corporation, has been amended to show Chapel Hill Limited Dividend Housing Association Limited Partnership, a Michigan Limited Partnership, as the Developer. This developer possesses the qualifications and has indicated potential financial resources necessary to acquire and develop the land in accordance with the Development Plan.

The Planning and Development Department has reviewed the request of Chapel Hill Limited Dividend Housing Association Limited Partnership, a Michigan Limited Partnership, and has

determined it to be reasonable and consistent.

We, therefore request that your Honorable Body adopt the attached resolution authorizing an amendment to the sales resolution to reflect the construction of approximately twelve (12) townhouse units with paved surface parking for the storage of licensed operable vehicles and also a name change in the purchaser from Chapel Hill Non-Profit Housing Corporation, a Michigan Non-Profit Corporation to Chapel Hill Townhouses Limited Dividend Housing Association Limited Partnership, a Michigan Limited Partnership.

We, further, request that your Honorable Body adopt the attached resolution, authorizing and approving an amendment to the Agreement to Purchase and Develop Land between Chapel Hill Limited Dividend Housing Association Limited Partnership, a Michigan Limited Partnership and the City of Detroit, a Michigan Public Body Corporate.

Respectfully submitted,

HENRY B. HAGOOD

Director of Development Activities  
By Council Member Collins:

Resolved, That in accordance with the foregoing communication, the Planning and Development Department Director of Development Activities be and is hereby authorized to approve an amendment to the Agreement to Purchase and Development Land between Chapel Hill Townhouses Limited Dividend Housing Association Limited Partnership, a Michigan Limited Partnership and the City of Detroit, a Michigan Public Body Corporate.  
and be it further

Resolved, That in accordance with the Offer to Purchase and the foregoing communication, the authority to sell property described on the tax rolls as:

**Department of Public Works Administration Division**

May 26, 2004

Honorable City Council:

Re: Appropriations Transfer.

An analysis of the surplus and deficits of the Department of Public Works' accounts indicate the necessity of an appropriation transfer in the amount of \$800,000 to appropriation #00052, of which \$200,000 is available from appropriation 00051 and

\$600,000 is available from appropriation 00042, within the department. This transfer is needed to avoid a deficit in our fuel account, appropriation 00052, which would consequently create further delays in vendor payment and an immediate interruption of service.

I, therefore, respectfully request that your Honorable Body adopt the attached resolution to provide for continued operation of the department through the remaining fiscal year.

Respectfully submitted,  
**JAMES A. JACKSON**  
 Director

Honorable City Council:  
 Re: Donated Refuse Truck Body.  
 The Department of Public Works is requesting authorization to accept a Refuse Truck Body from Heil Environmental Industries. This offer is being made through the local distributor, Quality Truck Body and Equipment Company.

In a gesture of appreciation for continued product support, Heil Environmental Industries will provide the City of Detroit a new Formula 5000 — 25-yard rear loading body. The value of the body is approximately \$40,000. Additionally, this will allow the department the opportunity to evaluate the performance of the body in our refuse collection system.

The body would be mounted and delivered on a Mack LE 613 Cab and Chassis. The cost of the Cab and Chassis will be \$93,000 and would be the responsibility of the City of Detroit. The Department paid \$149,960 each in 2003 for vehicles of this type.

This provides a great opportunity for

the Department to be in a position to perform comparative analysis of refuse collection equipment for future purchase consideration.

I respectfully request that your Honorable Body formally approve the attached resolution to accept the donated body and authorizing payment for the Cab and Chassis it will be mounted on.

Respectfully submitted,

Re: Petition No. 2078 — Mack/Conner Associates, L.L.C., request to vacate and convert to easement the (Old) Mack Ave. lying north of (New) Mack Ave. between Conner and Anderdon.

Petition No. 2078 of "Mack/Conner Associates, L.L.C.", in c/o BVS, Ltd., 243 W. **RESOLUTION OPPOSING ANY  
REPUBLICAN ADMINISTRATION  
PROPOSAL TO POSTPONE  
ELECTION**

By COUNCIL PRESIDENT MAHAFFEY:

WHEREAS, The United States Department on Homeland Security has asked the Justice Department's Office of Legal Counsel to analyze what legal steps would be needed to permit the postponement of the election were an attack to take place, and

WHEREAS, It is significant that while a real threat of terrorism exists in the United States, an intensifying "election terror threat" is coming from the Bush administration, if a terrorist attack were to occur between now and November 2, the administration might be more likely to postpone the election if the Republican ticket is behind in the polls. This kind of unprecedented manipulation of the U.S. presidential election system should be strictly prohibited, and

WHEREAS, The Washington Post newspaper opined that even during the Civil War, elections were held. Additionally, there is no provision in the U.S. Constitution to allow anyone to cancel or suspend our elections.  
THEREFORE BE IT

RESOLVED, That the Detroit City Council strongly dissents from any efforts to postpone the 2004 Presidential election. It is critically important to our democracy that outsiders, threats of terrorism or even natural disasters do not influence our elections. FURTHER BE IT

RESOLVED, That the City Clerk forward copies of this resolution to the entire Michigan Congregational delegation, as well as to Senators Carl Levin and Debbie Stabenow.

WHEREAS, The Police Department communicated to the City Council that they would not be sending a representative to the hearing because of the threat of litigation; and

Police Department representative be prepared to respond to the Petitioner's complaints as presented at the July 13, 2004, Hearing, as well as, but not limited, to responses to the following City Council members' questions below:

2. Does the Boulevard and Towing Company get one-half of the Petitioner's towing fees? (i.e. \$35 out of \$70) If so, under what authority?

3. Is there a mechanism for a towing company to receive money for towing vehicles different from collecting directly from the vehicle owner, prior to resorting to the auction process?

4. Is there a legitimate basis not to give further towing assignments to a towing company if a towing company refuses to take a lot of "clunkers" (i.e. old cars that are not claimed by their owners)? What is the practice in such case?

5. Are there any towing companies which are doing business with the City of Detroit, owned by former police officers; **AND BE IT FINALLY**

IN SUPPORT OF RESOLUTION  
AUTHORIZING PETITION OF  
MILESTONE REALTY SERVICES, INC.,  
TO ESTABLISH OBSOLETE  
PROPERTY REHABILITATION  
DISTRICT FOR PROPERTIES  
LOCATED IN 1001-1065 WOODWARD**

On Thursday, July 22, 2004, I voted in support of the resolution referenced above. It has been my experience that developers have been seeking tax abatements through Obsolete Property Rehabilitation Certificates, Neighborhood Enterprise Zones and Brownfield Redevelopment because of the challenged competitive position of the City of Detroit as compared to other communities in southeast Michigan. Conceptually, such tax abatements serve to increase both residential and commercial development in the City of Detroit, thereby creating long-term growth.

There has been an increasing concern over the granting of the various tax abatements. Since certain taxes are abated for several years on eligible property, the concern is that the potential long-term growth may be overshadowed by the immediate "loss" in tax revenue. Policy-makers must

carefully balance these factors in order to minimize short-term loss and maximize long-term gain. We must carefully evaluate the current economic value and tax position of the building or project.

It is commonly recognized and understood that the "cost of doing business" in Detroit is inordinately high due to massive disinvestment following the 1967 rebellion. As a government, we are continuing the process of focusing on rebuilding the economic infrastructure of the City through policy initiatives. For that reason, tax incentives are a reasonable method of spurring growth as long as the development itself makes sense. In the instant case, Milestone Realty Services, Inc., is seeking to establish an obsolete property rehabilitation district for properties located in the area of 1001-1065 Woodward.

With this particular project, Assessment Division of the Finance Department indicated that the City would not be waiving any tax revenue on this project in that it would be captured by the Downtown Development Authority. Further, the project would be a combination of commercial and residential property that would make use of land that would otherwise remain underutilized. 1001 Woodward is currently 25% occupied. Renovations and improvements are required in order to make it a viable commercial building. Providing the abatements will facilitate the development, which in turn will increase the occupancy rate that will ultimately result in increased revenue for the City.

Over the long-term, the City would gain revenue from the residents that would come to live and work here. Given that it is necessary to give a tax abatement in this case in order to procure development for the long-term interest, I am satisfied that the resolution to authorize the establishment of an obsolete property rehabilitation district is justified. For these reasons, I voted in support of the resolution.

STATEMENT OF COUNCIL MEMBER  
S. COCKREL ON "NO" VOTE ON  
SUBPOENA OF DEPARTMENT OF  
TRANSPORTATION DIRECTOR  
NORMAN WHITE

At the City Council Special Session held on July 27, 2004 I voted against the subpoena prepared by the City Council Research and Analysis Division. Issuing a subpoena for the appearance of a Department Director who has already agreed to appear before Council in two days time is blatant political grandstanding.

It had been the long-standing custom of the Detroit City Council to use its subpoena powers sparingly. Unfortunately, this policy has been thrown out the window in favor of supporting the political puffery of the few.

Earlier in the Economic Development Standing Committee meeting, Council Member Alberta Tinsley-Talabi was able to clarify from the Administration that Mr. White would be attending the City Council discussion with representatives from AFSCME and ATU that was already scheduled for 10:45 a.m. on Thursday, July 29, 2004. The Administration's representative indicated to Council that Mr. White had not received a request for various "documents" as described at this Committee meeting. It was then indicated that this request was made at the table the previous Friday and should be in the committee clerk's notes. If Council Members wish to request documents from a Department Director they should be requested properly, not imbedded in the clerk's notes.

If Mr. White had been requested to come to the table and provide these documents and had never appeared, then I believe that Council's use of the subpoena powers would be justified. Some members of Council refused to take the time and allow the proper processes to take place only furthers the continued marginalization of this City Council's influence and standing in the City of Detroit.

-----  
STATEMENT OF COUNCIL MEMBER  
SHARON McPHAIL IN CONNECTION  
WITH THE VOTE TO SUBPOENA MR.  
NORMAN WHITE, AND REFERENCED  
DOCUMENTS, OF THE DETROIT  
DEPARTMENT OF TRANSPORTATION

Today, the Detroit City Council voted to subpoena the Director of DDOT, and to require him to provide documents that

have been requested in connection with the problems being experienced by citizens with the bus transportation system.

Two Members of Council, Sheila Cockrel and Alberta Tinsley-Talabi, voted against this resolution and Ms. Cockrel referred to it as a "Grandstanding" move.

As any attorney knows, subpoenas are not punitive, they are issued to guarantee the appearance of a witness and the production of documents. Often, subpoenas are issued at the request of a witness, to protect him or her from retaliation for having appeared.

When a subpoena is provided, the resultant testimony is under oath and the documents produced are submitted under oath. In my view, citizens deserve to have a level of confidence in whatever comes out of the hearing that is planned and they will only do that if witnesses are required to testify truthfully under oath.

In my view, this Council should exercise its right to issue subpoenas more often. It is this Council's job to investigate allegations where harm is being done to our citizens and we should not be afraid to do that.

My colleague, Ms. Cockrel's effort to shield department heads from subpoena is consistent with her lock-step votes for the administration and her disrespect of the citizens in this community. As usual, when she is not a part of a majority vote, she insults and demeans those who were supportive of the majority. This personalizing of what should be business matters has not served the Councils reputation well: it is inappropriate.

## Mayor's Office

July 27, 2004

Honorable City Council:

Re: Veto Statement of Detroit Capital Development Corporation.

On July 14, 2004, City Council adopted a resolution declaring its support for establishing the Detroit Capital Development Corporation (DCDC), a "quasi-public corporation." I am vetoing the DCDC resolution because the concept set forth therein is illegal.

The Michigan Constitution places clear restrictions on the ability of a city to loan its credit:

Except as otherwise provided in the constitution, no city or village shall have the power to loan its credit for any private purpose or, *except as provided by law*, for any public purpose.

Const 1963, art 7, § 26.

The prohibition on the lending of credit for *private* purposes bars use of public funds as follows: 1) in furthering a private enterprise or granting private benefits, 2) providing gifts or donations to private parties, 3) providing insurance, surety, or indemnification to private parties, and 4) selling or exchanging city-owned property for less than fair market value.

Pursuant to the resolution, the DCDC would be funded by City dollars, starting with an initial outlay of \$30 million, derived from what the resolution describes as "casino funds." Even assuming that providing financial support to African-American businesses within the City could be considered a "public purpose," there is no statutory authority for the City to establish the DCDC. Accordingly, unless the State Legislature were to provide such authority, as it did with the analogous Economic Development Authority statute, MCL 125.1601, *et seq.*, using City funds for an entity such as the DCDC would violate article 7, § 26 of the Michigan Constitution.

The DCDC would establish a City-funded institution that would lend or grant money only to African-Americans. As such, individuals, would be treated differently based upon racial classification. Whenever the government treats any person unequally because of his or her race, that person has suffered an injury that falls squarely within the language and spirit of the Fourteenth Amendment to the United States Constitution which states:

All persons born or naturalized in the United States, and subject to the jurisdiction thereof, are citizens of the United States and of the State wherein they reside. No State shall make or enforce any law which shall abridge the privileges or immunities of citizens of the United States; nor shall any State deprive any person of life, liberty, or property, without due process of law; nor deny to any person within its jurisdiction the equal protection of the laws.

Generally speaking, race-based measures receive "strict scrutiny" in the federal courts, where courts require that any such program be related to a compelling governmental interest and be narrowly tailored to achieve the interest. In applying strict scrutiny, the courts determine whether the racial classification by the government serves a compelling state interest, and whether the means chosen to serve that interest are narrowly tailored to achieve the goal.

It is quite obvious that the DCDC cannot survive the strict scrutiny analysis required in the federal courts. The resolution establishing the DCDC states that the discrimination it seeks to remedy was practiced by the banks in the community. There is no proffered evidence that *the City* engaged in any discriminatory prac-

tices with regard to financing. There is also no proffered evidence establishing that community banks engaged in discrimination. The courts are very clear that generalized statements of societal discrimination are insufficient. Even if there were such evidence, the program would not be found to be narrowly tailored, as it doesn't address any specific discrimination on the part of the City, it is unlimited in duration, and no racially neutral programs were considered. Therefore, there is no compelling interest on the part of the City in establishing the DCDC.

For the reasons stated herein, I respectfully veto this resolution.

Respectfully submitted,  
KWAME M. KILPATRICK  
Mayor

Honorable City Council:

Re: Veto Statement of Majority/Minority.

For decades now, African-Americans have in fact comprised the majority of the population of the City of Detroit. No "official" declaration by the City government was needed to establish that fact. The resolution captioned "Resolution Recognizing Black/African Americans as the Majority-Minority Population and Also as the Under-Served Population Within the City of Detroit" could be said to state only what is obvious. However, its declarations may have a polarizing effect on the City since they ignore the status of other disadvantaged groups who are not African-American. Therefore, I must veto this resolution.

This Administration is committed to improving the social and economic conditions of not only African-Americans but also other traditionally disadvantaged groups. Examples of such commitments include the Detroit-Headquartered Business certification program which was implemented to complement the Detroit-Based Business and Minority and Women-Owned Business Enterprise certification programs. Other commitments to assist "minorities" also include ordinances pertaining to the Cable Franchise Agreement, the Casino Development agreements, the Empowerment Zone Development Corporation, and City purchasing procedures. Unfortunately, the resolution adopted by this Honorable Body conflicts with the spirit and the express commitments outlined in these executive orders and ordinances. As a matter of law, a resolution cannot change any of the measures enacted by ordinance or executive order. Instead, an ordinance can only be repealed or amended by ordinance and executive orders are alterable or revocable only at the pleasure of the Executive.

It would indeed be an economic and social tragedy if a business owned by African-Americans was no longer eligible for certification as a "minority owned business," or commitments concerning affirmative action were no longer beneficial to African-Americans because governing law defined affirmative action in a manner adversely impacting African-Americans. The federal government categorizes minorities as consisting of Black, Hispanic, Asian or Pacific Islander, American Indian or Alaskan Native for purposes of affirmative action programs. Therefore, a resolution giving the "majority" title to African-Americans within the City of Detroit, would be ineffective in light of federal programs, and more likely than not, preempted by federal law. Therefore, I respectfully veto this resolution.

Respectfully submitted,  
KWAME M. KILPATRICK  
Mayor

SHEILA M. COCKREL IN OPPOSITION  
TO RESOLUTION TO OVERRIDE THE  
MAYORAL VETO OF CITY COUNCIL  
RESOLUTION IN SUPPORT OF THE**

ESTABLISHMENT OF THE DETROIT CAPITAL DEVELOPMENT CORPORATION AND RESOLUTION TO OVERRIDE MAYOR VETO OF CITY COUNCIL RESOLUTION RECOGNIZING AFRICAN-AMERICANS AS THE MAJORITY MINORITY WITHIN THE CITY OF DETROIT

On July 28, 2004, I voted no on the resolution to override the Mayor's Veto of the resolutions referenced above. On Wednesday, July 14, 2004 I voted no on the underlying resolutions that the Mayor vetoed. I have already issued a statement expressing my reservations about the substantive issues those resolutions raised given that we were awaiting an opinion from the Law Department. Having received the opinion of the Law Department on this matter, I am firmly confident in my previous convictions of the general infirmities of these resolutions. For these reasons, I voted no on the original resolutions, and I voted no to overriding the Mayor's veto.

The Law Department opinion raised legal issues that mirror the policy issues I raised in my statement. I work hard to exercise due diligence and thoroughness on each matter that comes before the City Council. Due diligence oftentimes requires the professional expertise of the dedicated professionals who are responsible for advising this body. The Law Department and the Research and Analysis Division of City Council have both attempted to shed light on the difficult, if not impossible issues raised by these resolutions. I am gravely concerned that this Council has acted in contravention of the opinion issued by the Law Department. The recalcitrance and hastiness of those who voted to implement these resolutions in the face of clear and convincing evidence of their fragility and incorrectness in their present forms will further contribute to the demise of the integrity of this body.

Council Member Watson moved to reconsider the vote by which the foregoing resolution was adopted, which motion prevailed as follows:

Yeas — Council Members Bates, K. Cockrel, Jr., S. Cockrel, Collins, Everett, McPhail, Tinsley-Talabi, Watson, and President Mahaffey — 9.

WHEREAS, The City Council continues to believe such a corporation is the best mechanism for achieving the desired result of enabling African-American entrepreneurs to engage in business enterprises on a level equal to that of others in the community; NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council does hereby override the mayoral veto and will continue its efforts to achieve parity for African-American entrepreneurs.

Re: Michigan Dept. of Treasury Personal Property Grant Program Under Section 926 of Public Act 161 of 2003, Resolution to Accept Grant.

The Michigan Department of Treasury solicited proposals for the Personal Property Grant Program Under Section 926 of Public Act 161 of 2003. This funding opportunity is available to Cities, Counties, and other Assessing Jurisdictions. This initiative is a part of the State's plan to increase revenue and reduce spending by enforcing current Personal Property Tax laws and encouraging greater compliance among businesses. The funds are to reimburse the costs of Personal Property Audits completed by certified Personal Property Examiners by September 30, 2005.

Re: Request For Cancellation of Erroneously Assessed Personal Property Taxes Various Taxpayers.

This office has reviewed the above matter, the facts and particulars of which are set forth in the attached memorandum. From this review, it is our considered opinion that a waiver of personal property tax assessments in this matter is in the best interest of the City of Detroit.

This request is to have various personal property tax assessments cancelled for the herein referenced properties. By a 2/3 vote, City Council may vacate and waive the associated assessments if it finds the

assessment unjust or placed upon any property not owned by the person to whom it is assessed or if the assessment is illegal. Ordinance §18-9-8, §18-9-9.

Upon information and belief, the attached schedule of personal properties were unjustly assessed or the assessments were placed upon properties not owned by the person to whom it is assessed. The personal property was not located in the City of Detroit on tax day for the tax year indicated.

We hereby request and recommend that the personal property tax assessments, in accord with the attached resolution, be stricken from the City of Detroit tax rolls and cancelled.

Honorable City Council:

Re: Request for Cancellation of Erroneously "Uncapped" Real Property Taxes in Part for Various Taxpayers.

This office has reviewed the above matter, the facts and particulars of which are set forth in the attached memorandum. From this review, it is our considered opinion that reduction of the real property tax assessments in this matter is

in the best interest of the City of Detroit.

This request is to have various real property tax assessments, specifically the taxable value increased beyond what is allowed under Michigan statute, be cancelled for the herein referenced properties. By a 2/3 vote, City Council may vacate and waive the associated assessments in part if it finds the assessment unjust or placed upon any property not owned by the person to whom it is assessed or if the assessment is illegal. Ordinance §18-9-8, §18-9-9.

Upon information and belief, the attached schedule of real properties' taxable value was unjustly or erroneously "uncapped."

In accord with the attached resolution, we hereby request and recommend that the real property tax assessments, specifically, the taxable value, be reduced to justly reflect its proper value on the City of Detroit tax rolls.

Respectfully submitted,

RUTH CARTER

Honorable City Council:

Re: Request for Cancellation of Real Property Taxes in Part for Vacant Property Erroneously Assessed as Improved.

This office has reviewed the above matter, the facts and particulars of which are set forth in the attached memorandum. From this review, it is our considered opinion that waiver of real property tax assessments above the value of a vacant unimproved lot in this matter is in the best interest of the City of Detroit.

This request is to have various real property tax assessments cancelled for the herein referenced properties. By a 2/3 vote, City Council may vacate and waive the associated assessments in whole or in part if it finds the assessment unjust or placed upon any property not owned by the person to whom it is assessed or if the assessment is illegal. Ordinance §18-9-8, §18-9-9.

Upon information and belief, the attached schedule of real properties were unjustly assessed or the assessments

were placed upon properties not owned by the person to whom it is assessed. On tax day, the properties were assessed as improved rather than as vacant lots.

We hereby request and recommend that the real property tax assessments, in accord with the attached resolution, be corrected as stated and that the excess real property tax assessments be stricken from the City of Detroit tax rolls and cancelled.

The proposed use of the property is owner occupancy.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:
  - Certificate of Acceptance related to building permits
  - Certificate of Approval as a result of a Housing Inspection
2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).
3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we will proceed with demolition without further hearings. Pursuant to the Property Maintenance Code our Municipal Civil Infractions (MCI) Unit will issue the appropriate violations/tickets.

Honorable City Council:

Re: Resolution authorizing the purchase of goods and services during City Council's recess.

As directed by your Honorable Body, the Research & Analysis Division (RAD) has amended the proposed resolution authorizing the Purchasing Division of the Finance Department to purchase goods and services requiring City Council approval under Ordinance 570-H during the period of the City Council recess from Monday, August 2, through Tuesday, September 7, 2004.

Your Honorable Body specifically requested that RAD add language that holds all contracts that may conflict with Ordinance No. 13-04 titled "Privatization" during the recess period. Therefore, RAD has added language that states that all purchases of goods and services that are identified by RAD as "Possible Privatization Ordinance Implications" shall be automatically held by your Honorable Body for the duration of the recess. Furthermore, your Honorable Body has stated that it will hold all contracts for the duration of the recess. However, City Council should note that by holding all contracts there is a strong possibility that those goods and services that clearly are not in conflict with the Privatization Ordinance will be held, as well as, those goods and services that may conflict with the Privatization Ordinance.

Therefore, not only will some vital equipment purchases be held, but, professional and personal services such as CDBG funded contracts that have been anticipating receiving their funds, as well as, Personal Service Contractors such as Recreation Department summer employees, youth employees and individual Council Members staff. Therefore, your Honorable Body may wish to focus on those contracts identified by RAD and

your own individual staff members as having a high index of suspicion of violating the Privatization Ordinance or for some other specific reason.

Honorable City Council:

Re: Neighborhood Enterprise Zone (NEZ) Certificate Application for the West Town Homes 1, LLC for 16090 Tireman in the West Town Neighborhood NEZ (Recommend Approval)

The City Clerk's Office has forwarded to our office an application for an NEZ certificate for West Town Homes 1, LLC. The NEZ designation for the area generally bounded by the C&O Railroad to the north, Rutherford Avenue to the east, the first alley south of Tireman to the south and Asbury Park to the west was approved by City Council on May 12, 2004. The City Planning Commission staff has reviewed the application and recommends approval.

The certificate is being requested by 16090 Tireman. This property lies within the boundaries of the West Town Neighborhood NEZ area and should be eligible for an NEZ certificate under Michigan Public Act 147 of 1992 as currently written.

West Town Homes 1, LLC plans to construct a 1,550 square foot single family home on the property. The house will be priced at \$170,000, but there would be a subsidy of \$80,000 for a qualified buyer.

West Town Homes 1, LLC has applied

for a certificate prior to the issuance of building permit on behalf of the future owner who would eventually occupy the property. The State Tax Commission, however, will not issue a certificate until an owner is identified. Once an owner is identified, he or she can apply for the certificate. At that time, it would be necessary for the City Council to pass another resolution.

The CPC staff, after a review of the above NEZ certificate application, recommends that the NEZ certificate application for the property indicated above be approved as submitted.

Honorable City Council:  
Re: Proposed New Zoning Ordinance (Submitting Resolution to Extend Period for Council Consideration).

On March 26, 2004 (Line Item #5) your Honorable Body concurred with the recommendation of the City Planning Commission staff to freeze the proposed new Zoning Ordinance to include only those provisions recommended by the City Planning Commission on May 15, 2003, as well as those items transmitted by CPC staff in reports dated March 12, 2004 and March 24, 2004.

As a result of that action, CPC staff generated a 6th draft of the Ordinance that contains all of the requisite changes. This draft was forwarded to the Law Department on June 18, 2004 for its approval as to form. Once signed by the Corporation Counsel, your Honorable Body can introduce the Ordinance and set a public hearing.

As indicated in the City Planning Commission (CPC) reports of August 29, 2003 and November 12, 2003, and as required by Section 64.0700 of the Zoning Ordinance, City Council needs to act on the recommended ordinance within 120 days of receipt of the Planning Commission's report and recommendation. The original 120-day review period would have expired on January 2, 2004 but has been extended by resolutions of City Council until May 1, 2004 and then until August 29, 2004.

Since the Law Department's review will continue past August 29, 2004, CPC staff recommends that the attached resolution be put on for a vote prior to your Honorable Body's August recess. The resolution will extend the review period of the proposed, new Zoning Ordinance for an additional 120 days until December 27, 2004.

**City of Detroit**

**Brownfield Redevelopment Authority**

July 22, 2004

Honorable City Council:

Re: Belle Harbour Estates Project Brownfield Plan.

The enclosed Brownfield Plan for the Belle Harbour Estates (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "Authority") to the Community Advisory Committee (the "Committee"), has been considered and reviewed by the Committee and public hearing was held by the Authority on July 21, 2004 to solicit public comments. At its July 14, 2004 meeting, the Committee considered and approved a resolution recommending approval of the Plan by the Authority and City Council in the form presented by the Authority.

On July 21, 2004, the Authority adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

**Project Introduction**

The Belle Harbor Estates project, a development of Riverfront Development LLC with the Phoenix Development Group as project manager, is proposed to be a market rate for-sale residential community constructed in phases. The project will consist of mid-rise tower(s) of 8-12 stories and 6-10 attached condo buildings (each building with 4-10 units). The exact mix of units will vary depending on market demand. The project will entail extensive sub-surface work due to unsable fill on the site. There is extensive demolition of structures, removal of above ground storage tanks, utility upgrades and road improvements. It is estimated that the total eligible investment will exceed \$59

million.

**Purpose of the Proposed Plan**

The primary purpose of this Brownfield Plan ("Plan") is to promote the redevelopment of and private investment in certain "brownfield" properties within the City. Inclusion of property within this Plan will facilitate financing of environmental response and other eligible activities at eligible properties, and will also provide tax incentives to eligible taxpayers willing to invest in revitalization of eligible sites, commonly referred to as "brownfields." By facilitating redevelopment of brownfield properties, this Plan is intended to promote economic growth for the benefit of the residents of the City and all taxing units located within and benefited by the Authority.

**Property Subject to the Proposed Plan**

The area comprising the eligible property consists of one (1) approximately seven-acre parcel, with the address of 14630 Riverside Boulevard in the City. The parcel, located immediately west of the intersection of Riverside Boulevard and Alter Road is "Blighted."

**Basis of Eligibility**

The Property is considered "eligible property" as defined by Act 381, Section 2 because (a) the Property was previously utilized for a residential purpose; (b) it is located within the City, a qualified local governmental unit; and (c) the Property is determined to be blighted as defined by Act 381.

**Blighted**

- The Property is an attractive nuisance to children because of physical condition, use, and lack of occupancy.
- The Property is a fire hazard or is otherwise dangerous to the safety of persons or property.
- The Property has had the utilities and sewerage permanently disconnected, and rendered ineffective so that the property is unfit for its intended residential use.

**Eligible Activities**

The following eligible activities and budgeted costs for Belle Harbour Estates are intended as part of the development of the Property and are to be financed solely by the Developer. The Authority is not responsible for any cost of eligible activities and will incur no debt.

<b>Description of Eligible Activity</b>	<b>Budgeted Cost</b>
Site Preparation (clearing site and removal of topsoil)	\$ 743,000
Potential due care and additional response activities	\$ 175,250
Demolition of structures	\$ 250,000
Installation of public roads, sidewalks and street lights	\$1,617,000

Flood mitigation and canal dredging \$ 764,000

**Projected Costs**

This Belle Harbour Estates project anticipates extensive demolition of structures, removal of above ground storage tanks, utility upgrades and road improvements. It is estimated that the total eligible investment will exceed \$59 million.

The Belle Harbour Brownfield Project has been reviewed and received a letter of support from the City of Detroit Planning and Development Department. The project has also received a written approval of a Notice of Intent Document from the Michigan Economic Development Corporation.

**Public Comments Received**

The Committee's communication to the City Council and the Authority, dated July 14, 2004 (Exhibit C), recommending approval of the Plan including the minutes of the Public Hearing held by the Authority on July 21, 2004, are enclosed for the City Council's consideration.

The Authority is respectfully requesting the following actions from the City Council:

Honorable City Council:

Re: River Pointe Terrace Project Brownfield Plan.

The enclosed Brownfield Plan for the River Pointe Terrace (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "Authority") to the Community Advisory Committee (the "Committee"), has been considered and reviewed by the Committee and public hearing was jointly held by the Authority on July 21, 2004 to solicit public comments. After receipt of the public comments, the Committee considered and approved a resolution at its

July 21, 2004 meeting, recommending approval of the Plan by the Authority and City Council in the form presented by the Authority.

On July 21, 2004, the Authority adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

**Project Introduction**

The River Pointe Terrace project, a development of 8344 East Jefferson, LLC, is proposed to be a market rate for-sale residential community of approximately 96 units contained in multiple low-rise buildings. The units will feature 2-4 bedrooms with the exact mix of units depending on market demand. The project will entail extensive sub-surface work due to unstable fill on the site. Other eligible activities include a basement environmental assessment, due care plan, due care activities, removal of underground obstructions, utility upgrades and construction of a new access road. It is estimated that the total eligible investment will exceed \$28 million.

**Purpose of the Proposed Plan**

The primary purpose of this Brownfield Plan ("Plan") is to promote the redevelopment of and private investment in certain "brownfield" properties within the City. Inclusion of property within this Plan will facilitate financing of environmental response and other eligible activities at eligible properties, and will also provide tax incentives to eligible taxpayers willing to invest in revitalization of eligible sites, commonly referred to as "brownfields." By facilitating redevelopment of brownfield properties, this Plan is intended to promote economic growth for the benefit of the residents of the City and all taxing units located within and benefited by the Authority.

**Property Subject to the Proposed Plan**

The area comprising the eligible property consists of one (1) approximately two-acre parcel, with the address of 8344 East Jefferson Avenue in the City. The parcel, located immediately west of Owen Park, is a "facility."

**Basis of Eligibility**

The Property is considered "eligible

property” as defined by Act 381, Section 2 because (a) the property was previously utilized for a residential purpose; (b) it is located within the City, a qualified local governmental unit; and (c) the Property is determined to be a “facility” as defined by Act 381.

A Phase I environmental site assessment was conducted in February, 2003 which noted on-site mounds of unknown origin which were considered potential recognized environmental conditions. A Phase II environmental site assessment was conducted on the site to address the recognized environmental conditions.

**Eligible Activity**

The following eligible activities and budgeted costs are intended as part of the development of the Property and are to be financed solely by the Developer. The Authority is not responsible for any cost of eligible activities and will incur no debt.

Description of Eligible Activity	Budgeted Cost
Baseline Environmental Assessment	\$ 3,500
Due Care Plan	\$ 2,500
Due Care Activities	\$500,000
Site Preparation (site grubbing, land balancing, grading)	\$525,000
Demolition of structures (basement removal)	\$125,000
Installation of public roads, sidewalks and street lights	\$750,000

**Projected Costs**

It is estimated that the total eligible investment for the River Pointe Terrace Brownfield Redevelopment Plan will exceed 28 million dollars.

The River Pointe Terrace Brownfield Project has been reviewed and received a letter of support from the City of Detroit Planning and Development Department. The project has also received a written approval of a Notice of Intent Document from the Michigan Economic Development Corporation.

**Public Comments Received**

The Committee’s communication to the City Council and the Authority, dated July 21, 2004 (Exhibit C), recommending approval of the Plan including the minutes of the Public Hearing held by the Committee and the Authority on July 21, 2004, are enclosed for the City Council’s consideration.

**Authority’s Request**

The Authority is respectfully requesting the following actions from the City Council:

Re: Whittier Regatta Project Brownfield Plan.

The enclosed Brownfield Plan for the Whittier Regatta (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "Authority") to the Community Advisory Committee (the "Committee"), has been considered and reviewed by the Committee and public hearing was jointly held by the Committee and the Authority on July 21, 2004 to solicit public comments. After receipt of the public comments, the Committee considered and approved a resolution at its July 14, 2004 meeting, recommending approval of the Plan by the Authority and City Council in the form presented by the Authority.

On July 21, 2004, the Authority adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

Many of the smaller units will be combined in order to create 165 new market-rate apartments and approximately 30,000 square feet of

retail/office space will be renovated. The Whittier Tower will need approximately \$21.24 million in investment. Phase 2 (the "Regatta") will feature the construction of approximately 180 residential units at 215 Burns Drive. The Regatta will be market-rate for sale units with the unit configuration dependent on market-demand. It is estimated that the total eligible investment on the Regatta will be approximately \$38 million.

The parcel at 425 Burns Drive is "functionally obsolete" and the parcel at 445 Burns Drive is adjacent and contiguous to 425 Burns Drive. Note that some documents refer to 445 Burns Drive as 215 Burns Drive and 405 Burns Drive as 315 Burns Drive (the proposed addresses for the lot when first legally split).

#### Basis of Eligibility

The Property at 425 Burns Drive is considered "eligible property" as defined by Act 381, Section 2 because (a) the property was previously utilized for a residential purpose; (b) it is located within the City, a qualified local governmental unit; and (c) the Property is determined to be "functionally obsolete" as defined by Act 381. The property as 445 Burns Drive is considered "eligible property" as defined by Act 381, Section 2 because it is adjacent and contiguous to 425 Burns Drive.

Honorable City Council:

Re: Petition No. 2173 — Jorgensen Ford, requesting to convert into easement and outright vacate public streets and alleys in the area of Lonyo, Renville, Michigan and Edsel Ford Expressway (I-94).

Petition No. 2173 of "Jorgensen Ford" at 8333 Michigan Avenue, Detroit, Michigan 48210, request the outright vacation and conversion to easement of certain public right-of-ways and easements in the block bounded by Lonyo Avenue, 80 feet wide, Ogden Avenue, 50 feet wide, Michigan Avenue, 100 feet wide, and Edsel Ford Expressway (I-94) for the construction of a New Gas Station Auto Center and Carry-Out Restaurant.

The request was approved by the Planning and Development Department, the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility clearance) and report. This is our report:

The Public Lighting Department (PLD) reports no objection to the proposed conversion to easements and outright vacations, however, PLD has a cable pole, overhead traffic signal and street lighting circuit running east-west in the proposed easement area. PLD will require 24-hour access with heavy vehicles to provide maintenance to PLD installations.

Detroit Edison Company (DTE) reports satisfactory arrangements have been made with the petitioner and require a reserved easement for DTE facilities in the 9 feet easement south of the Edsel Ford Expressway, between Lonyo and Renville.

All other city departments and private utility companies have reported no objections to the changes of the public rights-of-way. Provisions protecting utility installations are part of this resolution (if necessary).

I am recommending adoption of the attached resolution.

Re: Petition No. 3621 — Warrington Block Club, request for a temporary closure of public alleys in the area of West Seven Mile, Clarita, Livernois, and Warrington.

Petition No. 3621 of "Warrington Block Club" requesting the temporary closure of the North-South and a portion of the East-West, public alleys, 18 feet wide, in the block bounded by West Seven Mile Road, 86 feet wide, Clarita Avenue, 50 feet wide, Livernois Avenue, 120 feet wide, and Warrington Avenue, 50 feet wide, for a period of five (5) years.

The request was approved by the Traffic Engineering Division — DPW, and the Planning and Development Department. This petition was referred to the City Engineering Division — DPW for investigation and report. This is our report:

The Public Lighting Department (PLD) reports no objections to the proposed temporary closing of the alleys, however, PLD has a overhead primary (7200 volt) and street lighting circuit running in said alleys. PLD will remove the two lighting units (fixture and bracket arm) at no cost to the petitioner. The PLD requires 24-hour access to the area by crews and heavy vehicles for the maintenance of PLD facilities.

All other city departments and privately owned utility companies have reported no objections to the proposal, provided they have the right to ingress and egress at all times to their facilities.

An appropriate resolution, containing the necessary conditions, is attached for consideration for your Honorable Body.

Honorable City Council:

Re: Petition No. 2384 — Angelo lafrate Construction Company, for encroachment into rights-of-way in the area of East Grand River and Broadway.

Petition No. 2384 of "Angelo lafrate Construction Company", 26400 Sherwood, Warren, Michigan 48091, on behalf of the Barton Malow Company, request to install and maintain encroachments consisting of a temporary earth retention system within Broadway Avenue 100 feet wide, between Grand River Avenue and John R. Street and Grand River Avenue, 60 feet wide, between Farmer Street and Broadway Avenue, in order to facilitate the construction of the new Downtown YMCA.

An earth retention wall system will be set in place within the southeast quadrant of the proposed YMCA site at the intersection of E. Grand River and Broadway. The encroachments will extend approximately 200-feet to the west paralleling E. Grand River and 200-feet to the north paralleling Broadway, consisting of 3/4-inch diameter retaining rods with approximately 1-foot square plates at the end, placed at 6 to 8-feet on center a minimum of 5-feet below the existing grade. The earth retention wall system will be used until a permanent concrete retaining wall can be cast in place. Although the encroachments are to be known as a temporary earth retention system, the rods will not be removed once the permanent wall is cast.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report:

The Detroit Water and Sewerage Department (DWSD) has no objection to the proposed encroachments provided that the petitioner abides by all of the terms and conditions of the attached resolution.

The Public Lighting Department (PLD) reports having duct banks for high voltage cables, communication, traffic signal, and

underground fed street lighting cables at E. Grand River and Broadway in the proposed encroachment area. Also, the PLD has traffic signal pedestals at the north-west corner of E. Grand River and Broadway. Any structure built shall maintain a 42-inch horizontal clearance from the PLD facilities. Also, the PLD will require 24-hr access for heavy vehicles for maintenance of its installations.

The Petitioner or its assigns must obtain permits from City Engineering Division — DPW for any street openings, backfill, surface restoration, barricade, or occupancy of city rights-of-way to install and/or maintain the encroachments. The Petitioner will be required to make use of "MISS DIG" facilities before the placement of any encroachment(s).

City Engineering Division — DPW also requires the Petitioner to submit certified "as built" drawings, a map and survey, showing the exact location of the completed encroachments.

All other involved City departments and privately owned utility companies have reported no objections to the proposed encroachments. Where appropriate, provisions protecting utility installations are part of the resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,

WILLIAM TALLEY

Honorable City Council:  
Re: Petition No. 2087. Neighborhood Development Corporation Project

No. 1 CityHomes Project — Alley Vacations and Easements containing the Phase Four Parcels in the area bounded by St. Clair, Meadowbrook, Lisette and E. Jefferson.

City Council adopted a Project Plan for the Neighborhood Development Corporation Project No. 1 on March 20, 1998. That Plan provides for public street and alley modifications. City Council adopted a resolution on April 25, 2001 approving the public right-of-way adjustments within the "Phase One Parcels." City Council adopted a resolution on August 1, 2001 approving the public right-of-way adjustments within the "Phase Two Parcels." City Council adopted a resolution on November 14, 2001 approving the public right-of-way adjustments within the "Phase Three Parcels." This part of Petition No. 2087 for the Neighborhood Development Corporation Project No. 1 requests public alley vacations and easements for the area bounded by St. Clair, Meadowbrook, Lisette and E. Jefferson Avenues. The attached resolution contains the public right-of-way adjustments required to construct within the "Phase Four Parcels."

The petition was referred to the City Engineering Division — DPW for investigation and report. This is our report:

Traffic Engineering Division — DPW approved the Project Plan street and alley closing(s).

The Project Plan calls for underground burial of public utility services. Ameritech Company, Detroit Edison Company and Comcast Cablevision reviewed the Project Plan. Necessary provisions protecting certain utility installations are part of the resolution.

The Water and Sewerage Department (DWSD) condition their approval of the Project Plan on ten stipulations (listed in the attached resolution) for Petition No. 2087. One existing easement crossing private property used for sewage transport and/or public street drainage into St. Clair must be vacated and extinguished.

All other involved city departments and privately owned utility companies reported no objections to the outright vacations. Provisions protecting certain utility installations are part of the resolution.

All dedicated public streets for the Project Plan named in the resolution adopted on August 1, 2001 were selected and approved by the Planning and Development Department.

I am recommending adoption of the attached resolution.

Honorable City Council:

Re: Resolution of Necessity to Acquire Easements from the Sienna Group, LLC For the Baby Creek Combined Sewer Overflow Control Facility.

As part of its long term Combined Sewer Overflow (CSO) control plans, the Detroit Water and Sewerage Department (DWSD) will construct several CSO facilities along the Detroit and Rouge Rivers. One such facility, Baby Creek CSO, is currently under construction, a portion of which requires additional easements through Woodmere Cemetery.

The existing Baby Creek Enclosure was constructed through Woodmere Cemetery pursuant to an agreement entered into on June 1, 1937, which was supplemented by agreements entered into on February 16, 1939 and April 29, 1960. The engineering design of the CSO Control Project requires the following work in Woodmere Cemetery:

- Construction of a sewer to transport screenings from the screening and disinfection building to the Northwest Interceptor,
- Construction of access structures on the existing Baby Creek Enclosure,
- Cleaning the Baby Creek Enclosure, and
- Construction of an effluent sampling building on the existing Baby Creek Enclosure.

While DWSD has a permanent easement in Woodmere Cemetery for the existing Baby Creek Enclosure, an additional permanent easement and a construction easement are required, adjacent to the existing permanent easement, to construct these elements of the CSO Control Facility and to clean the existing Baby Creek Enclosure.

DWSD make a "Good Faith Offer" of \$76,000.00 (appraised fair market value) to the Sienna Group for the easements. The offer has been rejected, and the Department has elected to proceed with condemnation if authorized to do so by the Detroit City Council. The Board of Water Commissioners gave their authorization at its meeting of June 23, 2004.

The easements will be acquired in accordance with state and federal property acquisition laws as well as City of

Detroit local ordinances. Time is important since the National Pollution Discharge Elimination System (NPDES) Permit (for regulated discharges into the Detroit and Rouge Rivers) contains certain dates to complete and initiate operations of various capital improvements.

DWSD respectfully requests your Honorable Body's approval of the "Resolution of Necessity to Acquire Easements from the Sienna Group, LLC for the Baby Creek Combined Sewer Overflow Control Facility."

Respectfully submitted,  
VICTOR M. MERCADO  
Director

FOR THE BENEFIT AND USE OF THE  
PUBLIC FOR THE DETROIT WATER  
AND SEWERAGE DEPARTMENT  
WOODMERE CEMETERY SEWER  
CONDUIT AND OTHER MUNICIPAL  
PUBLIC PURPOSES.**

By Council Member Watson:

Whereas, There exists in the City of Detroit, Michigan (the "City"), the need to provide a sanitary water supply and disposal system for City residents, to construct, equip, operate, maintain and improve works for the sanitary treatment, purification and disposal of City sewage, and to provide needed sewage services and facilities to the City and its residents; and

Whereas, Act 316 Public Acts of Michigan 1931, as amended, Act 279 Public Acts of Michigan 1909, as amended, Act 451 Public Acts of Michigan 1994, as amended and Act 211 Public Acts of Michigan 1949, as amended (the "Acts"), constitute full authority for the City to carry out the purposes set forth in the Acts, including but not limited to the institution of eminent domain proceedings to acquire the necessary property; and

Whereas, The City has previously established that the Detroit Water and Sewerage Department (the "DWSD" or the "Department") has the authority to exercise the powers and authority granted by the Acts, as amended; and

Whereas, The DWSD Board of Water Commissioners has authorized implementation of certain capital improvements to its wastewater treatment system, including but not limited to expand its sewer conduit traversing and running through Woodmere Cemetery, along with other related facilities (the "Project") to enhance the quality of wastewater treatment services in the City of Detroit and the Detroit Metropolitan Region and in order to provide for the City's continued compliance with its duly issued National Pollution Discharge Elimination System ("NPDES") Permit; and

Whereas, Engineers and consultants

working on behalf of the DWSD have determined that from among other alternatives, the expansion of the existing sewer conduit is the best and the most reasonable alternative which will ensure proper maintenance, optimize operational efficiency, minimize cost, maintain regulatory compliance and reduce the impact on private property interests while addressing the current sewer overflow requirements in the City's NPDES Permit, and

Whereas, The only suitable location for the installation of the Project is in a permanent expanded easement immediately adjacent to the sewer conduit and easement traversing and running through the Woodmere Cemetery as shown more specifically on Exhibit A and B (the "permanent easement"); and

Whereas, In addition to the permanent expanded easement, the City also needs a temporary construction easement (the "temporary easement") as shown on Exhibit A and B for a period of twenty-four (24) months (together the permanent easement and the temporary easement constitute the "subject property"); and

Whereas, The City has determined that the construction of the Project on the subject property is the most feasible and cost effective design available; facilitates optimal operational performance; ensures minimal maintenance concerns; maintains regulatory compliance with the City's NPDES permit; and minimizes the impact on private property; and

Whereas, Pursuant to the Acts, as amended, the City is authorized to take private property necessary for public improvements and/or a public facility for the public purposes within the scope of its powers under the act for the use and benefit of the public and to institute and prosecute proceedings for such purpose, including but not limited to proceedings pursuant to 1980 Public Acts of Michigan 87, as amended; and

Whereas, It is necessary to acquire the subject property described on Exhibit B attached hereto and incorporated herein by reference to accomplish the public objectives, purposes, and uses of the Project, and it is essential for the public health, safety, general welfare and peace of the City; and

Whereas, It is necessary to acquire said private property (i.e., the subject property) for such public purposes within the scope of the statutory power or the Acts for the use and benefit of the public; and

Whereas, The most recent state equalized valuation for the entire subject property was Zero Dollars (\$0) because the property is a cemetery and therefore, exempt from taxation; and

Whereas, The initial estimate of the total aggregate cost of acquiring the subject property, including but not limited to

July 28

2636

2004

the estimated total aggregate just compensation to be paid plus contingencies, is Seventy-Six Thousand Dollars (\$76,000.00); and

Whereas, The initial estimate of the total aggregate relocation benefits to be paid to any displaced person in connection with the properties to be acquired plus contingencies is Twenty Thousand Dollars (\$20,000.00); and

Whereas, The Project is expected to enhance the quality of the wastewater treatment services in the City, and ensure the City's continued compliance with its NPDES Permit; and

Whereas, The approval of this Resolution of Necessity for the consummation of the transactions contemplated by implementation of this Project, and is in the best interests of the citizens of the City of Detroit:

Now, Therefore, Be It Resolved:

1. This Honorable Body hereby declares that the development and use of the expanded sewer line in the permanent easement area traversing and running through the Woodmere cemetery and a temporary construction easement adjacent and near the permanent easement as shown on Exhibits A and B are necessary and essential to the interests of the public peace, health, safety and welfare of the City, and to the enhancement of the quality of wastewater treatment and sewage services to the City of Detroit and the residents of the City of Detroit and Southeastern Michigan;

2. This Honorable Body hereby (a) declares that the development of the expanded sewer is necessary; (b) determines that the Project constitutes a major public improvement and/or the development of public facilities for the use and benefit of the public; (c) declares it necessary to take private property for the purpose of these public improvements; and (d) determines that the permanent and temporary easements necessary for such Project are located in or near Woodmere Cemetery in the City of Detroit, County of Wayne, Michigan, as shown more specifically in Exhibits A and B attached hereto;

3. The City of Detroit hereby declares its intention to acquire private property necessary for the development of the Project by gift, purchase, condemnation, abandonment, or otherwise, for the purpose of transfer to the DWSD on terms and conditions that the City and the DWSD deem appropriate, and this Honorable Body hereby declares and determines that the taking, transfer and use of such property is a necessary public improvement, is necessary for public purpose and for the health, welfare and benefit of the residents of the City of Detroit;

4. The Director of the City of Detroit Water and Sewerage Department or his designee is hereby authorized to make

offers to purchase said property to initiate negotiations for the purchase of said property and to enter into the purchase and transfer agreements in connection with said property;

5. The Director of the City of Detroit Water and Sewerage Department or his designee shall comply with the terms and conditions of City of Detroit Ordinance 18-96;

6. The Corporation Counsel for the City of Detroit is hereby directed to institute and bring to an appropriate conclusion the necessary condemnation proceedings on behalf of the City of Detroit in the Third Judicial Circuit, County of Wayne, State of Michigan to acquire said property through the exercise of the City's power of eminent domain, if the City is unable to purchase the property from the property owners through negotiations pursuant to 1980 PA 87, as amended, and other applicable laws;

7. The Corporation Counsel or her designee is authorized to accept deeds and/or requisite documents related to the acquisition and to authorize payment of the estimated just compensation presently held by the City Treasurer;

8. The City treasurer is directed to prorate all City and County taxes to the date of closing on property acquired;

9. The Finance Director or his designee is authorized to honor applications and/or vouchers covering payment for the estimated just compensation deposited with the City Treasurer or his designee when deeds and/or the requisite documents related to the acquisition are presented in advance of regular trial on any contested parcel;

10. In order to implement and facilitate the accomplishment of the Project, improvements and modifications, it is hereby found and determined that certain other official action may be taken by the City with respect to, but not limited to, changes in the zoning and the vacation and removal of streets, alleys, or the public ways and certain utilities and public facilities; and

11. This Resolution is to take immediate effect.

-----  
STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN OPPOSITION OF RESOLUTION TO OPPOSE THE IMPOSITION OF A USAGE FEE UPON NON-DETROIT RESIDENTS AT THE DETROIT PUBLIC LIBRARY

On Wednesday, July 28, 2004, I voted in opposition to the resolution referenced above. The Detroit Public Library (Library) is an institution that has long stood for the free sharing of knowledge. As is the case with any service, it requires a substantial amount of funding to properly maintain and make available all of the resources that the Library has to offer. People from all over the Detroit metropolitan area as well as the State of Michigan come here to utilize the services offered at the Library. It would therefore only make sense that the cost of maintaining such a fine institution be borne by everyone.

The State of Michigan used to have an annual appropriation of \$6 million to the Library. That amount was reduced to \$2.9 million, and is now gone altogether. In this struggling economy, I utterly fail to see why the cost of maintaining a resource that is used by citizens throughout the state should be put on the backs of Detroiters alone. Once the state stopped contributing to the upkeep of the Library, tough decisions needed to be made in order to make up that difference.

In this case, the Detroit Library Commission is requesting that the voters approve the renewal and extension of an existing millage as well as one additional mill in order to cover the costs of continuing and expanding Library services. The Library administration has also instituted a fee of \$100 per year or \$10 per day for the use of its special collections by non-residents of Detroit. It has been the longstanding practice of libraries in the suburbs to charge non-resident user fees. I do not find it unreasonable for the Library to do the same when its state funding has been completely eliminated. The spirit of fairness requires all users of the Library to pay for its upkeep in an equitable manner. For these reasons, I voted no to the resolution opposing the non-resident user fees instituted by the Library.

**RESOLUTION**

By COUNCIL MEMBER WATSON:

WHEREAS, The company Environmental Disposal Systems is proposing to operate Michigan's first commercial hazardous waste injection well; and

WHEREAS, This injection well technology will pump more than 200 of the most toxic chemicals known to humanity underground into a geological formation that encompasses not only the Downriver region, but the entire State of Michigan; and

WHEREAS, The unique risks associated with a commercial hazardous waste injection wells are as follows:

Commercial hazardous wells use more than one source of hazardous waste resulting in the mixing of waste streams.

Commercial hazardous wells in other states, which began with a handful of less toxic wastes, now accept between 400 and 500 different types of hazardous wastes, some of which are the most toxic chemicals known to humanity.

These hazardous wastes must be transported from the site where they are generated to the disposal well. With this transportation comes the associated risk of accidents and spills.

There are grave consequences if a waste generator tries to slip through a small amount of hazardous waste that is not approved for that disposal well. And there is a financial incentive for well operators to let a discrepancy in waste type slide.

Louisiana, Ohio and Texas have commercial hazardous wells, all of which have had significant environmental and public health problems in and around the well areas including:

a. Hazardous waste spills

b. Millions of gallons of "lost" hazardous wastes that have escaped their injection zone.

c. Migration of hazardous wastes further in ten years than was "guaranteed" not to occur for 10,000 years.

d. Unexplained birth defects, diseases and deaths in humans.

e. Unexplained animal mutations, infertility and death.

f. Contamination in surface water and ground water supplies.

g. High and continually increasing cancer rates.

h. Noxious and toxic fumes.

i. Devastated property values.

Over 600 personal injury lawsuits led to the closing of a commercial hazardous disposal well facility in Texas; and

WHEREAS, The location of the proposed commercial hazardous waste injection well is in a heavily populated urban area, Wayne County, but existing wells are in rural areas; and

WHEREAS, The well would have a negative impact on the quality of life in our area.

WHEREAS, There is no need for such a well. No waste generators in Michigan have come forward to express any need or desire for this type of hazardous waste disposal, the generators for this well would come from out of state and Canada, and there is a disposal well less than 100 miles away in Vickery, Ohio; THEREFORE BE IT

RESOLVED, That the Detroit City Council opposes the licensing and building of the proposed EDS commercial hazardous waste injection well.

RESOLVED, That the Detroit City Council recommends to the Detroit Police and Fire Retirement System Board that it avoid investment in this project.

STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN OPPOSITION OF RESOLUTION OPPOSING THE LICENSING AND BUILDING OF THE PROPOSED EDS COMMERCIAL

HAZARDOUS WASTE INJECTION WELL AND RECOMMENDATION THE DETROIT POLICE AND FIRE RETIREMENT SYSTEM BOARD AVOIDING INVESTMENT IN PROJECT

On Wednesday, July 28, 2004, I voted in opposition to the resolution referenced above. From an environmental perspective, there is some evidence pointing to potential deleterious effects posed by commercial hazardous waste injection wells. At the same time, I have not been presented with both sides of the story. Prior to casting my vote in favor of any issue, I am forever in favor of reviewing all of the relevant information pertaining to the subject matter placed before me. In this case, the processing of researching, examining, and fully discussing this issue has not occurred. I will not vote in favor of an issue as this without the benefit of such a process.

It is my understanding that the Police and Fire Retirement System Board (Board) is already invested in EDS. Accordingly this resolution constitutes an unsolicited opinion from the City Council made without knowledge of all of the possible ramifications for this investment in contravention of a decision that has already been made by a presumably informed pension board. A possible secondary negative effect of this resolution is that it devalues a City investment. The Board is a body constituted for the specific purpose of investing for the benefit of our police and fire retirees. The Board has the benefit of having knowledge, experience and staffing to make the appropriate business decisions. The role of oversight of the City's affairs is an important and legitimate one for the Council. However, the Council needs to do its due diligence in effectuating and recommending policy decisions. That was not done here and for these reasons, I voted no.

### City Council Rule No. 27

Council Member Watson moved that Rule No. 27 of the "Rules and Order of Business of the City Council", which requires that every ordinance previous to its introduction, shall be approved as to form by the Corporation Counsel, be suspended, for this session only, for the purpose of introducing and adopting an emergency ordinance to suspend layoffs of 112 D-DOT employees for a period of sixty days beginning July 30, 2004, which motion prevailed as follows:

### Section 1.

**AN EMERGENCY ORDINANCE to suspend the layoffs of 112 D-DOT employees for a period of sixty days beginning July 30, 2004 to provide the Detroit City Council with an opportunity to develop a plan to keep these employees working.**

### DECLARATION OF EMERGENCY

Whereas, The proposed lay off of 112 D-DOT employees on July 30, 2004 would pose serious threats to at least 20% of Detroit's workforce; and

Whereas, At least 20% of Detroit's workforce require public transportation to and from work to earn a living to support their families, pay mortgages and city taxes; and

Whereas, The Detroit Department of Transportation (D-DOT) has no plan in effect that will meet the shortfall in labor to keep the system operating; and

Whereas, The City Council is the planning and policy making arm of the City of Detroit and must insure that plans are in place to protect the riding public of Detroit; and

Whereas, The loss of 20% of the workforce along with the woeful condition of the bus system threatens the system with collapse, thereby denying the riding public of necessary public transportation; and

Whereas, AFSCME Michigan Council 25 and its Local 312 were successful in preventing layoffs for thirty days due to the failure of the Department to issue contractually required thirty day notices of layoffs; and

Whereas, The Court was informed by the Department that it would not subcontract the work of the laid-off employees and the court, based on such representation, found it could not enjoin subcontracting in the light of the statement that none would occur; and

Whereas, The Court maintained juris-

diction for 60 days of discovery during which the plaintiffs could bring to the court evidence of subcontracting which could or may serve as the basis for injunctive relief;

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

The layoffs of 112 D-DOT employees on July 30, 2004 be suspended for 60 days to provide an opportunity for D-DOT to provide a plan that will prevent the collapse of the transportation system, provide for the continuation of the present minimum standards of service, review the utilization of current outside contractors with a view to bringing their work inside to provide employment for the laid off employees and produce a plan that will meet the needs of the citizens, be compliant with appropriate collective bargaining agreements and be consistent with the City Charter and the ordinances dealing with the privatization of work.

**Section 2.** All ordinances, or parts of ordinances, in conflict with this ordinance are suspended on Saturday, July 31, 2004, from 12:00 A.M. to Tuesday, September 28, 2004 at 11:59 P.M. only.

**Section 3.** This ordinance is declared necessary for the preservation of the public peace, health, safety and welfare of the People of the City of Detroit.

**Section 4.** This ordinance shall be given immediate effect and become Effective upon publication in accordance with the applicable provisions of the 1997 Detroit City Charter.

**Section 5.** This ordinance shall expire on the sixty-first (61st) day after enactment unless re-enacted as an emergency ordinance.

Read twice by title.

Council Member Watson then moved that inasmuch as this ordinance is an emergency measure, it be placed on the order of third reading.

THIRD READING OF THE ORDINANCE.

The title to the ordinance was read a third time.

The ordinance was then read.

The question being "Shall this ordinance now pass?"

The ordinance was not passed, a majority of the Council Members present voting therefor as follows:

STATEMENT BY COUNCIL MEMBER  
SHEILA M. COCKREL ON  
EMERGENCY ORDINANCE TO HALT  
THE PROPOSED JULY 30, 2004  
LAYOFF OF 112 D-DOT EMPLOYEES  
AND RESOLUTION TO REQUEST THE  
ADMINISTRATION TO TRANSFER

**\$1,000,000.00 FROM CITY COUNCIL  
BUDGET TO RESTORE DDOT  
POSITIONS**

On Friday, July 30, 2004, I voted in opposition to the emergency ordinance and in favor of the resolution referenced above. The emergency ordinance was worded in the form of a resolution and is riddled with legal issues. For example, Section 8-210 of the 1997 Detroit City Charter provides that after adoption of the Budget, emergency appropriations may be made, "upon request of the Mayor." In this instance, the Mayor has not requested the action that this ordinance would attempt to make and would thus be ineffectual. Additionally, this ordinance appears to be a direct interference with administration in contravention of Section 4-113 of the Charter.

The City Council received oral opinion from the Law Department, Budget Department, the Research and Analysis Division and the Fiscal Analysis Division that this action is not authorized by law and would be totally ineffectual. In that regard, continuing discussion on this proposal serves no purpose. It only serves to falsely raise the hopes of those individuals who were laid off. It raises false hopes that the City Council can take resounding action on this matter. The hard truth is that Council cannot take this action. The hard truth is that this "emergency ordinance" is a terrible political statement that will only briefly raise, before finally crushing the collective spirits of those individuals who want real answers.

A better policy was presented by Councilwoman Alberta Tinsley-Talabi. She presented a resolution that would urge the Mayor to transfer \$1,000,000 from the City Council budget in order to restore those positions that were laid off. This resolution is in line with the requirements of the Charter that the Mayor present the Council with requests for emergency appropriations and that the Council approve them. In this regard, the Administration would have the opportunity to evaluate the feasibility of such a plan and to present it to Council for a final approval. If positions are to be restored, the funding has to come from somewhere. This resolution is a pragmatic approach to a difficult problem and one that makes sense.

For the reasons stated above, I voted no to the emergency ordinance and yes to the resolution.

Honorable City Council:

Re: Capital Bond Authorization Proposals.

In order to continue the process of an orderly capital improvement program over the next several years, it will be necessary to seek approval from the electorate

for additional General Obligation Bond Authorization totaling \$215 million. These bonds will not be issued at one time, but will be sold over a period of four years. We normally sell between \$40 to \$45 million in General Obligation Bonds annually. At the same time, the city is annually paying off outstanding bonds of a similar amount. Therefore, a taxpayer should not realize a tax increase due to the issuance of these bonds. For example, for FY 2004-05, we have a decrease in the debt service tax rate of 0.4449 (per \$1,000 of valuation), even when you take into consideration the \$42 million planned bond sale.

The 2004-05 City budget includes a general obligation bond issue of \$42,400,000 to be sold during the fiscal year. The combination of prior authorizations and the proposed bond sale in the current budget leaves the City with only \$61,027,000 in voter authorized (but unissued) bonds for General City agencies. There also exists an additional \$24,000,000 of authorized (but unissued) general obligation bonds for sewer construction in 1960 (prior to that agency's ability to sell revenue bonds). The last

time the City went to the electorate for voter authorization was in April 2003 when \$6,000,000 (out of a total of \$131 million) was approved for the C. H. Wright Museum of African American History.

Having reviewed those needs, I am submitting to your Honorable Body, five (5) bond authorization proposals for inclusion on the November 2, 2004 General Election ballot. This package addresses the City's capital needs in the areas of Neighborhood Redevelopment and Economic Development; Public Lighting; Public Safety (Police, Fire, Health and EMS); Recreation, Zoo and Cultural Institutions; and Transportation Facilities. The attached summary is an outline of proposed projects.

The attached resolutions will authorize the placement of these questions on the ballot. The approved package must be submitted to the City Clerk at least seventy (70) days prior to the election, which date is August 24, 2004, in order to be placed on the November 2, 2004 General Election ballot for consideration by the voters of the City of Detroit.

Respectfully submitted,  
KWAME M. KILPATRICK

-----  
 STATEMENT BY COUNCIL MEMBER  
 SHEILA M. COCKREL IN SUPPORT OF  
 RESOLUTIONS AUTHORIZING  
 PROPOSALS FOR PLACEMENT ON  
 THE NOVEMBER 2, 2004 GENERAL  
 ELECTION AUTHORIZING THE  
 ISSUANCE OF CAPITAL  
 IMPROVEMENT BONDS

On Friday, July 30, 2004, I voted in favor of five (5) resolutions authorizing the placement of proposals to authorize the issuance of capital improvement bonds in a total amount of \$215 million over the next four (4) years. These resolutions merely allow the question to be placed on the ballot for voters to decide whether or not to approve the issuance of bonds.

At the outset, it is important to emphasize that the approval of the electorate is required before the City can sell bonds. After Council approves the placement of these bonds on the ballot, the voters of the City have the full power to either authorize or not to authorize the Administration and City Council to sell the bonds. As one member of this Council, it is my considered opinion that the threshold questions have been answered to allow the placement of these questions on the ballot. There have been efforts by some members of Council to thwart the democratic process to disallow this question from being placed on the ballot. I will not stand in the way of allowing the people to vote on this matter.

The major areas of concern are potential increases on the debt service levy and oversight by the City Council. As it relates to the potential for increased taxes, I am satisfied that absent extraordinary circumstances, there would be no increase on the debt service levy. It would not make financial sense for the City to increase

this levy. It has remained mostly stable during the last ten (10) years and the Administration has committed to keep the issuance of debt under \$50 million per year. Additionally, in order to maintain the City's bond ratings, it would be imperative to maintain the current level of debt service. Unless the City is forced into a position to increase such service, the market factors in addition to the Administration's commitment should be enough to maintain current levels.

As it relates to Council oversight, as a body, we have the power to approve on three (3) separate levels. First, Council must approve this step of placing the bond proposals on the ballot. Second, Council must approve Budget Capital Projects. Third, Council must approve the actual sale of bonds. There is an abundance of opportunity to examine such bonds methodically step by step before the City can actually take on debt.

For all of the reasons stated above, I voted yes.

Re: Address: 3766-68 Virginia Park. Name: Victor Melton. Date ordered removed: March 19, 2003 (J.C.C. p. ).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on April 16, 2004 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of April 13, 2004.

The proposed use of the property is rehabilitation and rental.

Therefore, it is recommended that the demolition ordered be deferred for a period of three (3) months subject to the following conditions:

1. A permit for rehabilitation work shall be obtained within 30 days.

2. The building shall be maintained securely barricaded until rehabilitation is complete. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for

all residential rental properties.

3. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

4. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we will proceed with demolition without further hearings. Pursuant to the Property Maintenance Code our Municipal Civil Infraction (MCI) Unit will issue the appropriate violations/tickets.

Re: Neighborhood Enterprise Zone Certificate application for one new single family home located at 14547 Plainview (Recommend Approval).

The City Planning Commission (CPC) staff has reviewed the application for a Neighborhood Enterprise Zone (NEZ) certificate forwarded from the City Clerk's Office on July 22, 2004. The application corresponds to the property located at 14547 Plainview.

On June 30, 2004, the CPC staff reviewed an earlier application for this address and recommended denial of the NEZ certificate because the property was outside of the general boundaries of the Westwood Park NEZ. However, the applicant contacted our staff regarding the more specific boundaries of the NEZ area, which cite the southern property line of Stoepel Park as the northern boundary. CPC staff confirmed the boundaries in the original application for the NEZ area that showed the southern property line of Stoepel Park as the northern boundary to the NEZ. Northwest Detroit Neighborhood Development intends to construct a single-family home at the subject address on approximately .16 acres on the west side

of Plainview between Stoepel Park and Lyndon Avenue.

CPC staff has reviewed the application and recommends approval because the subject property is within the boundaries of the Westwood Park NEZ area, which is generally bounded by the southern property line of Stoepel Park to the north, Evergreen to the west, Grandville to the east and Schoolcraft to the south.

Honorable City Council:

Re: Paradise Valley Commemorative Working Group (Departmental Report; Requesting Adoption of Resolution).

As your Honorable Body is well aware, new life has been given to efforts that would commemorate Paradise Valley immediately adjacent to Ford Field. Since your Honorable Body included a bond sale appropriation in the amount of \$400,000 in the City's 2004-05 budget for

the development of a commemorative park or plaza, the Paradise Valley Working Group has been quite busy continuing to meet informally. The following is an update of the Working Group's activities since that time and a request for a formal action of your Honorable Body empowering the Working Group and authorizing its ongoing efforts.

#### **WORKING GROUP ACTIVITIES**

Over the past six weeks the Paradise Valley Commemorative Working Group has refined its focus, expanded upon its current and potential list of participants, developed a rough organizational structure and devised a strategy for developing the park. Attached you will find a mission statement and supportive objectives conveying the purpose and intent of the Working Group. You will also find a developing list of persons and/or entities that the Working Group has identified as potential or current participants either at the Working Group or committee level. There is at present an organizational structure that includes three committees under the Working Group with primary staff support provided by City Planning Commission (CPC) staff. The three committees are Communications, Finance and Design, and Construction Management. This structure will be augmented as appropriate.

The park is not the only manifestation the Working Group hopes will be realized through this effort. There is the potential, pending funding and interest, to establish an ongoing exhibit as part of the park. Such an exhibit could be interactive, employing various technologies. This exhibit could be joint venture of the Museum of African American History and the Detroit Historical Museum or other interested parties. The Working Group is also hopeful that a new or existing organization might come forward and take on the challenge of furthering these efforts. Such an organization may take on the maintenance of the park and/or develop other interpretive or programmatic aspects of it. Such a group might take on the responsibility of expanding the celebration and commemoration of Paradise Valley in other complementary ways.

#### **STRATEGY**

The Working Group has determined that best avenue for realizing the development of the park is through the Downtown Development Authority (DDA). The preexisting mechanisms and project activities of the DDA present the easiest route for the design and development of the park. With your support and approval, the park project could be added as a separate activity to the many downtown improvement and streetscaping projects currently underway. Although the Detroit Wayne County Stadium Authority owns the site, control of the land was trans-

ferred to the DDA, which subsequently entered into an agreement with the Detroit Tigers transferring development rights to them. The Tigers then transferred those rights to the Detroit Lions and Ford Field, after the land for the second stadium was conceived. The DDA's purpose, project activities and relationship to the site make it the logical mechanism to facilitate this project.

The Working Group proposes that some or all of the funds in the appropriation (appropriation #11540, organization 399000), currently under the Recreation Department, be transferred to the DDA. The DDA in conjunction with the Working Group would then prepare and issue a request for proposals (RFP) to the design community. This would provide for an open and competitive process, whereby the City should receive a number of quality design concepts from various interested parties. Depending upon the RFP response, a short list of respondents would be prepared from which to award the design contract. Working with the selected respondent, the Working Group would move through the design process in order to realize the final design of the park and the associated costs from which to develop a budget for the project.

With a design in place and the corresponding cost estimates, the Working Group would have a real project for which to seek funding support. In addition to seeking funding support from the corporate partners that, hopefully, will join the Working Group, it is intended that other business sector, public and philanthropic support will be sought for this project. Aiding in their particular portion of this effort would be Detroit Downtown, Inc. (DDI). DDI has offered its non-profit arm, the Detroit Downtown Foundation, as the mechanism through which the Working Group would be able to solicit and collect funds. The Foundation is authorized by the State of Michigan to engage in such activities for specific public purposes such as this. These funds would be transferred from the Foundation to the DDA to be used in support of the project.

Once the needed level of funding is achieved, construction documents would be prepared and the DDA would put the job out for bids. A contractor would be selected and the permitting and construction processes could begin. It is possible that funding and other limitations may dictate that the park design be implemented in phases.

The Group's optimistic and somewhat ambitious goal is to begin construction in the fall of 2005 and have the park in place for the 2006 Super Bowl. However, the window of opportunity is small, Construction has commenced on an office building and a parking deck on the east side of St. Antoine. The construction

July 30

2708

2004

schedule for these structures calls for the park site being utilized as a staging area. The site is scheduled to be free by September or October of 2005. If the schedule holds and weather accommodates, there should be enough time to construct the park. To the extent that construction of the other projects is delayed, the window of opportunity closes for the park. Again, the Working Group is optimistic regarding the circumstances.

#### RECOMMENDATION

This information is submitted for your review and consideration. The Working Group considers this undertaking to be similar to the public/private partnerships engaged with Campus Martius Park and the Detroit Riverfront Conservancy efforts, but on a smaller scale. That being the case, the Working Group feels it needs necessary empowerment and recognition to properly carry out its mission. Therefore, CPC staff respectfully recommends your adoption of the attached resolution. Additionally, we recommend that a corresponding press release be issued alerting the public of your action and the Working Group's charge. While the Working Group has had the support and participation of administrative agencies, we believe a concurrent action by the Mayor supporting this endeavor and authorizing the support and participation of other City Departments would further ensure success.

**Detroit Public Library**

July 28, 2004

Honorable City Council:

2004 Millage Proposal:

The Detroit Public Library's existing millages, which were overwhelmingly approved by Detroit voters in February, 2000, will expire in June, 2005. On behalf of the Detroit Library Commission, we are here today, to request the support and endorsement of this Honorable Body, for two library millages, which will be included in the ballot for the November, 2004 general elections.

As proposed to the Election Commission, the two library millages will be scheduled as Proposals L and M.

- Proposal L will combine, renew and extend DPL's existing 2.9943 mills for 10 years.

- Proposal M will request one (1) additional mill for a period of 10 years.

The decision to request a one-mill increase did not come easy for the Detroit Library Commission. The library commission is highly sensitive to the high tax burden carried by the citizens of Detroit. To this end, the library engaged Detroiters through focus groups and a mail survey, in part to determine their willingness to pay more in support of their public library. We heard from majority of Detroiters surveyed that although their tax burden is high, they are willing to make the sacrifice, to sustain and enhance library services in the city. We take this public trust very seriously. In fact, the Detroit Library Commission, in April of this year, adopted a new vision, mission and core values, with an exclusive focus on library services for the citizens of Detroit. **If approved by voters, the one-mill increase will:**

- ◊ Enhance Technology Resources
  - Introduce a 24/7 DPL Virtual Internet Branch
  - Introduce dedicated computers for homework and non-Internet needs
  - Implement Technology Centers at select Branch locations.
- ◊ Strengthen library services to children and youth
  - Introduce Teen Library Centers at select library locations
  - Complete the Main Library's

July 30

2710

2004

#### Children's Library Project

- Enhance library collections, programs and technology resources geared towards children and young adult.

- ◊ Enhance library services at regional library locations.

- Identify at least two branches to serve as "super locations," one on the east side and one on the west side.

- Increase library hours at these two locations

- Expand technology resources
- Enhance the library's collections.

It seems like yesterday when Detroit Public Library appeared before Detroit voters with a different millage agenda. In that successful library millage election five years ago, the library promised to:

- Restore Bookmobile services
- Reopen three closed branches —
- Add more evening hours to all library locations

- Restore Sunday hours at the Main Library

- Repairs and maintenance to library buildings

- Upgrading library services such as Internet access at all locations.

Following the successful millage election in February, 2000, the library immediately embarked on an action plan to make good on the promises it made to Detroit. In the process, an annual appropriation from the State of Michigan to DPL, in the amount of \$6 million was first reduced to \$2.9 million, and then completely eliminated. In spite of this severe budget reduction, the Detroit Public Library fulfilled above and beyond its millage 2000 promises in the following areas:

- Restored Bookmobile Services — two new bookmobiles were introduced to Detroit in 2002.

- Reopened two closed library branches — Richard Branch in 2001 and Skillman Branch in 2003.

- Restored and refurbished three branch libraries — Conely, Bowen and Montieth.

- Shifted library hours to provide two evenings of service at all library locations (excluding MRL, Gray and Skillman).

- Installed new Roofs at 17 Branch locations (including the closed Mark Twain Branch).

- Installed High Speed Internet access and added over 200 additional public access computers bringing the total to more than 700.

I am pleased to inform you that the Detroit Library Commission is at present, finalized a lease agreement for the relocation of the closed Campbell Branch Library in Southwest Detroit. The new Campbell Branch Library is included in the Lawndale Station initiative, a \$20 million historic redevelopment project in Southwest Detroit. I thank Councilwoman, Honorable Alberta Tinsley-Talabi, for attending the ribbon cutting for Phase I of

Lawndale Station project on June 18, 2004. We were pleased to have Governor Granholm make the announcement about the library plans.

On the East side, the Detroit Public Library is continuing to seek a solution for the restoration of the closed Mark Twain branch. Although library services are provided to the Mark Twain community from an annex location, the Tudor-style magnificent architecture of the closed Mark Twain facility is a jewel worth preserving. The Detroit Library Commission is committed to reopening this branch. A new roof was installed on the building in 2001, and at present, an architectural study is in progress, to determine what it will cost to restore and reopen the building. The library has requested for the Mark Twain project to be included in the City's bonds, which may appear in the November ballots. If the bond issue is successful, the library's vision is to reopen the facility as a regional library, and a Center for African-American history in Detroit.

#### Planning for the November Ballot:

In preparation for the November ballot, the Detroit Public Library, in partnership with the Friends of the DPL Foundation, has established a Millage Campaign Committee for the Detroit Public Library. In a few days, council members will receive invitations to join the committee and to assist the library in its millage initiative. Your support is critical to the library's success at the polls this November. Three Detroit icons: The Reverend Wendell Anthony, Betty Brooks and Frankie Darcell, have all agreed to serve as co-chairs for the Millage Campaign Committee. A fourth icon, Mr. Hester Wheeler, Director of the Detroit NAACP, will serve as director for the millage committee's work.

A successful millage ensures that the library's doors will remain open for Detroit's children and citizens. As eloquently articulated by one the millage committee co-chairs, "a functional, operational and phenomenal library for Detroit is NON-NEGOTIABLE." I thank you for allowing us this time to present the library's millage agenda and we look forward to your support.

STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN SUPPORT OF RESOLUTIONS AUTHORIZING FOR THE NOVEMBER 2, 2004 GENERAL ELECTION FOR THE RENEWAL OF 2.9943 MILLS (PROPOSAL L) AND REQUEST FOR 1 ADDITIONAL MILL (PROPOSAL M) AUTHORIZED BY THE DETROIT PUBLIC LIBRARY

On Friday, July 30, 2004, I voted in favor of two (2) resolutions referenced above. By passing this resolution, Council has approved the placing of this question on the ballot in order for the citizens of Detroit to vote on this issue. Just like voters should be allowed to vote for their own school board, they too should be given their right to vote on tax increases.

The State of Michigan eliminated an annual appropriation of \$6 million to the Library. For that reason, the Library was left in dire financial straits and instituted the non-Detroit resident user fee and requested the renewal of the current library millage as well as an increase of one additional mill.

As it relates to the request for the 2.9943 mill renewal, the Library has a proven track record of effectively using its funding. Five (5) years ago, the Library made millage promises to:

- Restore Bookmobile services
- Reopen three closed branches
- Add more evening hours to all library branches
- Restore Sunday hours at the Main Library
- Repairs and maintenance to library buildings
- Upgrading library services such as Internet access at all locations

Today, the Library fulfilled these promises and more:

- Restored Bookmobile services and introduced two more
- Reopened two closed branches
- Restored and refurbished three branch libraries
- Shifted hours to provide two evenings of service at nearly all locations
- Installed new roofs at 17 locations
- Installed High Speed Internet access and added over 200 additional public access computers

As it relates to the 1 mill increase, the Library would use the one-mill increase to enhance technology resources, strengthen services to children and youth and

2004

enhance services at regional library locations. The Library is indeed a precious public resource of knowledge and it is crucial that it receive necessary funding. However, it needs to be made clear that **this is an increase in taxes.**

Increasing the City's millage base of the City's tax system has consequences to every property owner and resident in this City. As such, the library commission must make an extraordinary case for a millage increase given that the City's tax rate is one of the deterrents to people purchasing homes in city and for staying in City. Be that as it may, the purpose of this resolution is to place these questions on the ballot and for the reasons stated above, I voted yes. Let the people decide.

Re: Requesting authorization for the Department of Public Works to accept a \$20,000.00 grant from the Michigan Department of Natural Resources to replace ash trees lost as a result of the Emerald Ash Borer.

The Department of Public Works is requesting authorization to accept a \$20,000.00 grant from the Michigan Department of Natural Resources, to be utilized to assist in the replacement of ash trees that were lost due to the infestation of the Emerald Ash Borer insect. Upon City Council approval, DPW will set up the necessary Appropriation and Organization account numbers to facilitate the receipt and expenditure of funds for this project.

Monies received from this grant will assist the city in purchasing approximately 500 replacement trees for dead or dying ash trees removed during the 2003-04 fiscal year. This grant is a shared grant, between DPW and Recreation, and therefore will be used for the replacement of both street and park trees.

Re: Agreement and Grant of Easement for Water Mains and Sewers SRM Associates, LLC — DWSD-#03-40.

SRM Associates, LLC, has executed an Agreement and Grant of Easement for Water Mains and Sewers with the Detroit Water and Sewerage Department (DWSD). This agreement will allow DWSD to construct, operate, maintain, inspect, replace, remove, and/or repair a sewer and related improvements and appurtenances as needed.

This action is the result of the Detroit City Council on July 3, 2003, approving the outright vacation of existing easements located north of Mack between Grayton and Harvard to allow SRM Associates, LLC to expand its business (Bob Maxey Lincoln Mercury, Inc.) at this location. The easements were vacated with the provision that the existing sewer in the easements is relocated and easements provided to DWSD for the relocated sewer. SRM Associates, LLC, will grant to the City of Detroit through its Board of Water Commissioners a twenty-foot wide sewer easement as illustrated in Exhibits "A" and "B" of the Easement Agreement.

At its meeting of June 23, 2004, the Board of Water Commissioners approved entering into this Agreement. It is respectfully requested that your Honorable Body adopt the attached resolution accepting the Easement Agreement as agreed to by the Board of Water Commissioners and SRM Associates, LLC.

By COUNCIL MEMBER McPHAIL, Joined By COUNCIL PRESIDENT MAHAFFEY:

WHEREAS, Some eighty-one thousand (81,000) African-American farmers are still awaiting justice from the United States Government as a result of a 1999 consent decree and settlement in the case of Timothy Pigford v. Dan Glickman, Secretary Department of Agriculture, and

WHEREAS, The Black Farmers succeeded in their litigation and obtaining of \$2.3 billion dollar consent decree against the USDA, and

- A deadline was issued barring sixty four thousand (64,000) claimants, despite lack of notice.

- U.S.D.A. denied nine thousand (9,000) plaintiffs in the lawsuit granted an "automatic" award class.

STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL ON "NO" VOTE ON RESOLUTION EXPRESSING OPPOSITION OF EFFORTS TO CIRCUMVENT THE FEDERAL DRUG APPROVAL PROCESS FOR THE CONSIDERATION OF MEDICAL USES OF MARIJUANA

On Friday, July 23, 2004, the City Council held an informative discussion with representatives from both sides of the medical marijuana issue in advance of the August 3, 2004 ballot Proposal "M" initiative to decriminalize possession and use of marijuana for medical purposes.

Subsequently, on July 30, 2004 I voted against the resolution in opposition to Medical Marijuana because I believe that every option should be available for people with painful and debilitating diseases such as Multiple Sclerosis, Glaucoma and Cancer.

I agree that one of the goals of the Detroit City Council has been and should be the assurance of safe and drug-free communities in the City of Detroit. I also believe that the legalization of the use of marijuana for medical purposes would not compromise the achievement of this goal. Council was informed at the discussion that there are prescription drug alternatives available to persons suffering from the complications from diseases that medical marijuana is said to alleviate. Considering the high cost of prescription drugs and lack of quality insurance for the people in the City of Detroit, reaping the benefits from prescription drug alternative is almost impossible.

This vote was cast with the understanding that whatever action Council and the voters in the City of Detroit take in favor of this issue, it will most likely be preempted by State law. However, I strongly believe that those people who are suffering with the pain and discomfort of terminal and debilitating diseases should be able to explore every available option in order to improve their quality of life.

**RESOLUTION REGARDING THE CONTROL AND SUPERVISION**

**OF CITY OF DETROIT PERSONNEL AND ASSETS BY AN OUTSIDE CONSULTANT**

By COUNCIL MEMBER TINSLEY-TALABI:

WHEREAS, In August 2003, the Infrastructure Management Group (IMG) was retained by the Detroit Water and Sewerage Department (DWSD) to develop a cost cutting plan for the department; and

WHEREAS, This contract, in part, provided for rapid management change assistance and three full time contractors to work in key management positions to assist the director with management changes; and

**STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL ON EMERGENCY ORDINANCE TO HALT THE PROPOSED JULY 30, 2004 LAYOFF OF 112 D-DOT EMPLOYEES AND RESOLUTION TO REQUEST THE ADMINISTRATION TO TRANSFER \$1,000,000.00 FROM CITY COUNCIL BUDGET TO RESTORE DDOT POSITIONS**

On Friday, July 30, 2004, I voted in opposition to the emergency ordinance and in favor of the resolution referenced above. The emergency ordinance was worded in the form of a resolution and is riddled with legal issues. For example, Section 8-210 of the 1997 Detroit City Charter provides that after adoption of the Budget, emergency appropriations may be made, "upon request of the Mayor." In this instance, the Mayor has not requested the action that this ordinance would attempt to make and would thus be ineffectual. Additionally, this ordinance appears to be a direct interference with administration in contravention of Section 4-113 of the Charter.

The City Council received oral opinion from the Law Department, Budget Department, the Research and Analysis Division and the Fiscal Analysis Division

July 30

that this action is not authorized by law and would be totally ineffectual. In that regard, continuing discussion on this proposal serves no purpose. It only serves to falsely raise the hopes of those individuals who were laid off. It raises false hopes that the City Council can take resounding action this matter. The hard truth is that Council cannot take this action. The hard truth is that this "emergency ordinance" is a terrible political statement that will only briefly raise, before finally crushing the collective spirits of those individuals who want real answers.

A better policy was presented by Councilwoman Alberta Tinsley-Talabi. She presented a resolution that would urge the Mayor to transfer \$1,000,000 from the City Council budget in order to restore those positions that were laid off. This resolution is in line with the requirements of the Charter that the Mayor present the Council with requests for emergency appropriations and that the Council approve them. In this regard, the Administration would have the opportunity to evaluate the feasibility of such a plan and to present it to Council for a final approval. If positions are to be restored, the funding has to come from somewhere. This resolution is a pragmatic approach to a difficult problem and one that makes sense.

For the reasons stated above, I voted no to the emergency ordinance and yes to the resolution.

WHEREAS, The DPL is known nationally and internationally and is an extremely valuable and accessible public institution; and

WHEREAS, The DPL houses several important collections as well as ten subject departments; and

WHEREAS, The distinctive and widely utilized collections housed by DPL include:

- The Burton Historical Collection is a collection on the history of Detroit, Michigan and the Old Northwest, as well as Canada and New France, it is one of the most important private historical collections in the country.

- Great Lakes Patent & Trademark Center (GLPTC) in a partnership with the U.S. Patent & Trademark Office maintains complete U.S. patent files as well as records of federally registered trademarks

WHEREAS, The DPL also provides enrichment services such as Library on Wheels and The Detroit Sub Regional Library for the Blind and Physically Handicapped; and

WHEREAS, Since 2002, the Detroit Public Library has lost over \$6 million in state funding; and

WHEREAS, The State of Michigan, in an effort to balance the States' budget, completely eliminated annual appropriations to the DPL in 2003; and

WHEREAS, Up to 75% of DPL's collection users reside outside of the City of Detroit; and

WHEREAS, A millage to fund the DPL was passed in February, 2000 which expires in June, 2005; and

WHEREAS, The ballot proposals would extend the current millage for a ten-year period and introduce a one mill levy for a ten-year period; and

WHEREAS, The elimination of annual appropriations to the DPL from the State of Michigan increases local taxes to fund vital public institutions utilized by persons outside of the region; and

RESOLVED, That the Governor and

Legislature of the State of Michigan re-examine the funding commitment to the DPL and the negative impact of defunding; and BE IT FINALLY

**RESOLUTION**

By COUNCIL MEMBER WATSON:

WHEREAS, Insurance rates in the City of Detroit are consistently higher than those of many municipalities in the State of Michigan; and

WHEREAS, The majority of the citizens in the City of Detroit are people of color and/or have incomes below the poverty line; and

WHEREAS, The insurance industry has been unwilling to provide relief in the form of reduced rates to the many citizens of Detroit for whom automobile, residential and other insurance is essential; and

WHEREAS, The insurance industry frequently bases an "insurance score" for a prospective insured on that individual's credit rating; and

WHEREAS, An insurance score may be a significant factor in the determination of the insurance rates for an insured; and

WHEREAS, The National Consumer Law Center has reported studies that show that low-income people of color often have what is regarded as less favorable credit ratings than other consumers because of such factors as a tendency by the poor not to possess credit cards or engage in other financial activities that would tend to establish a credit history that would be reported to credit bureaus; and

WHEREAS, The practice of using cred-

it ratings to establish insurance scores is otherwise unfair because of the likelihood that many consumers may have poor credit ratings because of short-term personal crises and other factors having no relevance to the question of whether they are a good or bad insurance risk; and

WHEREAS, There are many other reasons why use of credit ratings to determine insurance rates is unfair; and

WHEREAS, Michigan Financial and Insurance Services Commissioner Linda Watters has proposed a rule to reduce insurance base rates and to ban the insurance industry's use of credit ratings when assessing the risks of insuring a consumer; and

WHEREAS, Many individuals and organizations with expertise in these matters, including, but not limited to the Michigan League for Human Services and the Michigan Poverty Law Program, fully support this proposed rule;

NOW THEREFORE BE IT RESOLVED, That the Detroit City Council fully supports Michigan Financial and Insurance Services Commissioner Linda Watters' proposed rule to ban the insurance industry's use of credit ratings in the setting of insurance rates for consumers.

Adopted as follows:

Yeas — Council Members Bates, K. Cockrel, Jr., S. Cockrel, Collins, Everett, McPhail, Tinsley-Talabi, Watson, and President Mahaffey — 9.

Honorable City Council:

Re: Request for Closed Session of Detroit City Council to Discuss Castle Investment vs. City of Detroit.

The Law Department hereby requests the opportunity to meet with your Honorable Body in closed session to discuss pending litigation in the matter of Castle Investment vs. City of Detroit.

Act 267 of the Public Acts of 1976, commonly referred to as the "Open Meetings Act," allows a public body, upon a two-thirds roll call vote of its members to:

To consult with its attorney regarding trial or settlement strategy in connection with specific pending litigation, but only if an open meeting would have a detrimental financial effect on the litigating or settlement position of the public body. MCL 15.268(e).

It is the opinion of the Law Department that an open meeting would have a detrimental financial effect on the City of Detroit in the on-going litigation referenced above.

The attorneys of record from the Law Department are available to meet with this Honorable Body on September 15, 2004 at 10:00 A.M. or September 28, 2004 at 10:00 A.M. Please advise of the date and time acceptable to this Honorable Body. I have attached a proposed resolution for your approval.

Honorable City Council:

Re: Neighborhood Enterprise Zone (NEZ) Certificate Application for 2515 Marlborough in the Far East Side Area (Recommend Approval).

The City Clerk's Office forwarded to this office an application from Darliner Bracey for a Neighborhood Enterprise Zone (NEZ) certificate for 2515 Marlborough, within the Far East Side NEZ.

The Far East Side NEZ was approved by City Council on September 18, 2002. The petitioner is proposing to rehabilitate a single-family home.

The subject property is confirmed as being within the boundaries of the NEZ and should be eligible for an NEZ certificate under State Act 147 of 1992 as currently written. It appears that the request for a certificate has been filed prior to construction, as the State Act requires. The 2003 True Cash Value of the property is well below the \$80,000 per unit maximum allowed by the State Act.

The City Planning Commission staff, therefore, recommends approval of the requested certificate in the Far East Side NEZ. Please contact Mr. Gregory Moots of my staff at 224-2110 with any questions.

Re: Implementation of Wage Adjustments and Certain Fringe Benefit Changes

for Employees Represented by Senior Water Systems Chemists Association.

The Labor Relations Division has recently reached agreement with Senior Water Systems Chemists Association. Given the extensive time it will take to type and process the entire contract, it would cause an unreasonably long delay to withhold implementation until the formal contract has been prepared and presented to your Honorable Body for approval.

Therefore, in accordance with standard City procedure, this Office is recommending that your Honorable Body pass a resolution amending the 2003-2004 Official Compensation Schedule by granting a 2% general wage increase for the subject represented employees effective July 1, 2003, and similarly amend the 2004-2005 Official Compensation Schedule by granting a 2% general wage increase effective July 1, 2004. We are further requesting authorization to implement the following new contract provisions:

- 1) Special Adjustment for certain classifications as outlined in the attached Schedule A.
- 2) Fringe benefit changes as set forth in the attached Schedule B.

We further respectfully request that your Honorable Body adopt the following resolution with a Waiver of Reconsideration.

Honorable City Council:  
Re: Establishment of the Pittman Homes Neighborhood Enterprise Zone.

Attached for your consideration please find a resolution and legal description which will establish the Pittman Homes Neighborhood Enterprise Zone (NEZ) in accordance with Public Act 147 of 1992 ("the Act").

Your Honorable Body conducted a public hearing on this matter on July 22, 2004 as required by the Act. No impediments to the establishment of the NEZ were presented at the public hearing.

The Act requires that at least 60 days must pass from the date of the notice of the public hearing to the date of your formal approval of a resolution establishing the NEZ. The date of the notice of the public hearing is July 6, 2004 and we therefore recommend that you approve the resolution at your regular formal session of Wednesday, September 15, 2004.

Respectfully submitted,  
HENRY B. HAGOOD

Director of Development Activities  
By Council Member S. Cockrel:

Whereas, Michigan's Public Act 147 of 1992, the Neighborhood Enterprise Zone Act ("the Act"), provides for the establishment of Neighborhood Enterprise Zones (NEZs), the exemption from *ad valorem* taxes, and the imposition of a specific property tax in lieu of *ad valorem* real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in others; and

Whereas, The Detroit City Council has found the establishment of the Pittman Homes NEZ to be consistent with the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Whereas, The Detroit City Council has adopted a statement of goals, objectives

and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed NEZs; and

Whereas, The Detroit City Council has enacted a housing inspection ordinance requiring that before the sale of a unit in a new or rehabilitated facility for which an NEZ Certificate is in effect, an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

Whereas, The Act requires that the designation of NEZs must be approved by a resolution adopted by the local governmental unit subsequent to a public hearing at which any taxpayer or resident, or representative of any taxing authority levying a property tax in the City of Detroit, was given the opportunity to address the requested establishment of an NEZ; and

Whereas, A public hearing on the issue of establishing the Pittman Homes NEZ was conducted before the Detroit City Council on July 22, 2004, with notice of the public hearing having been given to

the general public and by certified mail to every taxing authority levying a property tax with the City of Detroit; and

Whereas, No impediments to the establishment of the Pittman Homes NEZ are known:

Now Therefore Be It

Resolved, That the land area described in the attached legal description, and shown on the attached map, is hereby established as the Pittman Homes NEZ pursuant to Public Act 147 of 1992, the Neighborhood Enterprise Zone Act.

By COUNCIL PRESIDENT MAHAFFEY:

WHEREAS, Problems with drugs and alcohol continue to be prevalent in every state in the nation, but there is hope that the tide can turn if more people with alcohol and drug use disorders are given access to treatment. to identify affected people and direct them to treatment, inadequate public and private insurance coverage for treatment services, and shrinking state budgets that limit funding for treatment programs, and

WHEREAS, Saluting people who are in recovery from alcohol and drug use disorders, as well as those who have helped them obtain treatment, helps to overcome such barriers by educating the community about the benefits of treatment, and affirming the goal that all people with alcohol and drug use disorders should have access to treatment services, and

WHEREAS, Entire families are breaking the cycle of addiction and are embracing recovery through support programs and counseling services like the City of Detroit Health Department Substance Abuse Division. Our community salutes those in our neighborhoods who are in recovery, and the counseling and program staff who brought them out of the darkness. THEREFORE BE IT

## COMMUNICATIONS Finance Department Assessment Division

August 3, 2004

Honorable City Council:

Re: Brightmoor Homes 111 — Payment in Lieu of Taxes (PILOT).

Northwest Detroit Neighborhood Development Inc., the sponsor has formed Brightmoor Homes 111 Limited Dividend Housing Association Limited Partnership. The partnership is developing a housing project consisting of 50 newly constructed three and four bedroom single-family units of 1200 and 1400 square feet respectively. The project area is bounded by Lahser to the west, Westbrook to the east, Fenkel to the north and West Outer Drive to the south.

Financing for the development will be through: Charter One Bank with a loan of \$880,000 at 8% for 30 years; City of Detroit — Home Investor Loan Program in the amount of \$1,659,000 at 6.00% for 20 years and Low Income Tax Housing Tax Credits for a total development cost of nine million four hundred sixty-five thousand and ninety-nine dollars (\$9,465,099).

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A.

346, as amended, MCLA 125.1415A).

At least twenty percent (20%) or 10 of the units must be occupied by households with incomes no greater than 50% of the area median income adjusted for family size. The remaining eighty percent (80%) or 40 of the units must be occupied by households with incomes that do not exceed 60% of the area median income adjusted for family size. These income restrictions will be in effect for the longer of the period the Affordable Housing Restrictions apply or the time required under the Tax Credit Program.

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a 4% service charge for this housing project.

Respectfully submitted,  
FREDERICK W. MORGAN  
Assessor

By Council Member Watson:

Whereas, Pursuant to the provisions of Act 346 of the Public Acts of 1996, as amended, a request for exemption from taxes by Northwest Detroit Neighborhood Development Inc. has been filed, and it has been determined that said sponsors have formed a Limited Dividend Housing Association Limited Partnership; and

Whereas, The purpose of the project is to serve low to moderate income persons, the description of the property is as Exhibit "A".

Now, Therefore, Be It

Resolved, That the said described premises are henceforth entitled to be exempt from taxation but subject to the provisions of a service charge for payment in lieu of taxes as set forth in Act No. 346 of the Public Acts of 1996, as amended, being MCLA 125.1401, et seq., MSA 16114(1) et., seq., and be it further

Resolved, That said described premises shall be allowed a payment in lieu of taxes (PILOT) or service charge of 4% of the annual net shelter rent obtained from the project per City Ordinance 9-90 as amended, having taken effect, and be it further

Resolved, That arrangements to have collections of a payment in lieu of taxes from Brightmoor Homes 111 Limited Dividend Housing Association Limited Partnership be established upon occupancy for future years with respect to the described property and that all necessary journal entries with respect to the same be prepared by the Chief Financial Officer, and be it further

Resolved, That the City Clerk furnish the Finance Department — Assessments Division two certified copies of this resolution.

Honorable City Council:

Re: Petition Number 1157 — Request for City Council Approval for the Issuance of New Michigan Liquor Control Commission Dance-Enter-

tainment Permit to Bella II, Inc. at 1500 Woodward (Group "A" Cabaret).

Section 916(6) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(6), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, or a combination dance-entertainment permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of (1) the chief law enforcement officer, and (2) the legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded a Local Approval Notice (Request ID Number 194158) to the Detroit City Council, which has been designated by the City Clerk as Petition Number 1157. The petition requests City Council approval or disapproval of the issuance of a new MLCC dance-entertainment permit in conjunction with the transfer of ownership of a Class 'C' licensed business at 1500 Woodward from Acceleration, LLC, to Bella II, Inc.

The Consumer Affairs Business License Center reports that Bella II, Inc. and the business location are in compliance with all of the applicable provisions of the 1984 Detroit City Code for the issuance of a Group "A" cabaret City business license. Pursuant to Section 5-7-1 of the 1984 Detroit City Code, a Group 'A' cabaret means an establishment open to the public which sells or serves alcoholic beverages with or without food, and either allows dancing with or without live entertainment, or provides three (3) or more live entertainers at one time with or without dancing. Therefore, upon this Body's approval of the request for the issuance of the new dance-entertainment permit and the City's issuance of a Group 'A' cabaret business license to Bella II, Inc., the subject location will be approved for dancing by patrons, with or without live entertainment, and entertainment in accordance with a Group 'A' cabaret license. Pursuant to Section 5-7-13 of the City Code, a Group 'A' cabaret license does not allow or permit the type of adult entertainment permitted by a Group 'D' adult cabaret license or a Group 'E' adult cabaret license.

The Buildings and Safety Engineering Department ("B&SE") reports that the business is located in an E-5 (Major Business) zoning district and that the current legal, conforming use of the property is Class 'C' bar/nightclub, restaurant and offices per building permit number 31021, dated November 3, 1999, by virtue of B&SE grant number 109099. Further, B&SE reports that the continued use of location for this use is permitted under the Detroit Zoning Ordinance subject to com-

pliance with all grant conditions, codes, and ordinances. A Certificate of Maintenance of Grant Conditions for 1500 Woodward was issued by B&SE to Bella II, Inc. on February 28, 2003.

In accordance with City Council's established procedures, the Law Department recommends that this matter be placed on the agenda for consideration of the approval or disapproval of the issuance by the MLCC of a new dance-entertainment permit to Bella II, Inc. for the business at 1500 Woodward. Attached is a proposed resolution approving the issuance of the requested permit to Bella II, Inc. for the subject location.

If there are any questions or concerns, please do not hesitate to contact us.

Re: Petition Number 1553 — Request for City Council Approval for the Issuance of Dance-Entertainment

and Topless Activity Permits by the Michigan Liquor Control Commission to 1416 Griswold, Inc. at 1416 Griswold.

Section 916(6) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(6), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, a combination dance-entertainment permit, or a topless activity permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of (1) the chief law enforcement officer, and (2) the legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded a Local Approval Notice (Request ID: 223318) to the Detroit City Council, which has been designated by the City Clerk as Petition Number 1553. The petition requests City Council consideration and approval of the issuance of dance-entertainment and topless activity permits in conjunction with the transfer of a 2003 Class C liquor license from Famous Door II, Inc., to 1416 Griswold, Inc. Upon the issuance of a Group 'D' cabaret business license by the Consumer Affairs Business License Center to 1416 Griswold, Inc. and the MLCC's issuance of dance-entertainment and topless activity permits to 1416 Griswold, Inc., 1416 Griswold will be approved for dancing by patrons, entertainment, and topless activity on the premises.

The Consumer Affairs Business License Center reports that the 1416 Griswold, Inc., and the location are in compliance with all of the applicable provisions of the 1984 Detroit City Code for the issuance of a Group 'D' cabaret business license. The Buildings and Safety Engineering Department reports that the property is located in a B5 (Major Business) zoning district and that the current, nonconforming use of the property is "Adult Cabaret, Restaurant and Class 'C' Bar.

Pursuant to this Body's August 1, 2003 resolutions on the procedures and criteria for the approval or disapproval of the issuance of MLCC dance, entertainment, or topless activity permits, or any combination of such permits, nonconforming use status shall be considered by City Council when considering such requests.

Therefore, the Law Department recommends that this matter be placed on the City Council's agenda for consideration and the approval or disapproval of the issuance by the MLCC of dance-entertainment and topless activity permits to 1416 Griswold, Inc. for 1416 Griswold. Attached are proposed resolutions: A) approving the MLCC issuance of dance-

entertainment and topless activity permits to 1416 Griswold, Inc., and B) disapproving the MLCC issuance of dance-entertainment and topless activity permits to 1416 Griswold, Inc.

 STATEMENT OF  
 COUNCIL MEMBER  
 SHEILA M. COCKREL IN  
 OPPOSITION TO RESOLUTION B —  
 DISAPPROVING PETITION OF  
 FAMOUS DOOR II (#1553) TO  
 TRANSFER OWNERSHIP WITH  
 DANCE ENTERTAINMENT AND  
 TOPLESS ACTIVITY PERMIT FROM  
 FAMOUS DOOR II, INC. LOCATED AT  
 1416-1422 GRISWOLD

On Wednesday, September 15, 2004, I voted no on the resolution referenced above. The petition of Famous Door II was a request for the Detroit City Council, as the local legislative body, to approve the issuance of dance-entertainment and topless activity permits by the Michigan Liquor Control Commission in conjunction with a transfer of ownership of a Class C license at 1416 Griswold.

The business located at that address featured adult entertainment in a B5 zoning district. Prior to 1999, such a business was permitted with approval in a B5 district. In 1999, Ordinance 26-99, commonly known as the Gateway Radial Thoroughfare Ordinance was enacted which, among other things, amended the Zoning Ordinance to prohibit adult entertainment in B5 zoning districts. For this reason, the business at 1416 Griswold became a nonconforming use. This property is not a historic nonconforming use and presents a special situation of non-conformance due to recent zoning

changes.

When this petition came before Council, this Body was faced with the decision of essentially approving a license transfer for a business that became nonconforming only very recently. In August of 2003, the Detroit City Council passed a resolution establishing "procedures and criteria for the approval/disapproval of MLCC activity permits." In pertinent part, the rules provide that it is the policy of the City Council to not lengthen the lives of nonconforming uses. Further, the petitioner is allowed to present evidence to rebut this presumption.

In this particular case, Famous Door II, Inc. was requesting a transfer to 1416 Griswold, Inc. 1416 Griswold, Inc. presented plans to renovate the existing facility and also presented plans to build a new restaurant and sports bar on the adjacent property. The Council was presented with letters of support from surrounding businesses. Consumer Affairs reported that the company as well as the location were in compliance with all applicable provisions of the 1984 Detroit City Code. The Buildings and Engineering Safety Department indicated that the building had a legal occupancy as a "Cabaret D license." In consideration of all of the factors including the letters of support, plans for new development and especially the fact this property became nonconforming very recently, I did not vote in favor of disapproving the transfer of ownership.

For all of the reasons stated above, I voted no.

-----  
 STATEMENT OF SHARON McPHAIL  
 CONCERNING THE COUNCIL VOTE  
 ON TRANSFER OF A TOPLESS  
 PERMIT TO A NEW OWNER WITH  
 REGARD TO FAMOUS DOOR II, INC.

Over the last three years, I have watched as many x-rated establishments have moved into the City of Detroit without any analysis of secondary effects of these establishments on the quality of life for Citizens of the City of Detroit.

Major cities throughout the United States have worked diligently to repopulate their cities with some success: Detroit continues to lose population at an alarming rate, in no small part due to quality of life issues in this city. Reportedly, Detroit has approximately 70% of all of the topless clubs in the entire State of Michigan.

Routinely, neighborhood groups and individuals call the Detroit City Council offices complaining about drug paraphernalia, prostitution, fighting, used condoms and the like, in their areas and around the topless clubs. The neighborhood children are subjected to viewing sex acts on their streets and patrons of the topless clubs accost neighborhood women.

September 15

2852

2004

This is not a Free Speech issue: The City of Detroit provides more opportunities for x-rated speech than any municipality in the State of Michigan. Rather, the issue concerning these clubs is one of land use and the number of uses of this nature that will be allowed in our City. In that regard, it is similar to the limitations on taxicabs, liquor stores and gas stations.

Whether one believes that x-rated establishments are businesses, which should be encouraged or discouraged also is not the issue: Our Citizens are the issue.

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body. We, therefore, request authorization to settle this matter in the amount of Seventy-Seven Thousand Five Hundred Dollars and No Cents (\$77,500.00) and that your Honorable Body direct the Finance Director to issue a draft in that amount payable to Ben M. Gonek, attorney, and Dennis Nix, to be delivered upon receipt of properly executed Releases and Stipulation and Order of Dismissal entered in Lawsuit No. 03-317429 NO, approved by the Law Department.

Re: Kizzy Nickerson vs. P.O. Antoine Ingram. Case No.: 03-301-721 NO. File No.: A37000-004558.

We, therefore, request that your Honorable Body rescind the original resolution, adopt the amended resolution submitted herewith and direct the Finance Director to issue a draft in the amount of Fifteen Thousand Dollars (\$15,000.00) payable to Posner, Posner & Posner, Attorney and Kizzy Nickerson, to be delivered upon receipt of properly executed Releases and Stipulation and Order of Dismissal entered in Lawsuit No. 03-301721 NO, approved by the Law Department. Honorable City Council:  
Re: Henry Thomas Pedigo vs. City of Detroit. Case No.: 03-336-188-CH. File No.: A36000.000516.

On July 14, 2004, a case evaluation panel evaluated the above-captioned lawsuit and awarded Ten Thousand and No/100 Dollars (\$10,000.00) in favor of Plaintiff. The parties have until September 15, 2004, to either accept or reject the case evaluation. Failure to file a written acceptance or rejection within this period constitutes a rejection.

Based upon our review of the facts and particulars of this lawsuit, which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body, it is our considered opinion that acceptance of the case evaluation award is in the best interest of the City of Detroit.

We, therefore, request your Honorable Body to authorize acceptance of the case evaluation award; and, in the event that Plaintiff accepts the award, to deem such acceptance as a settlement and to direct the Finance Director to issue a draft in the amount of Ten Thousand and No/100 Dollars (\$10,000.00) payable to Henry Thomas Pedigo and his attorney, Law

Honorable City Council:  
Re: Request for Closed Session of Detroit City Council to Discuss Castle Investment v City of Detroit.

The Law Department hereby requests the opportunity to meet with your Honorable Body in closed session to discuss pending litigation in the matter of Castle Investment v City of Detroit.

Act 267 of the Public Acts of 1976, commonly referred to as the "Open Meetings Act," allows a public body, upon a two-thirds roll call vote of its members to:

To consult with its attorney regarding trial or settlement strategy in connection with specific pending litigation, but only if an open meeting would have a detrimental financial effect on the litigating or settlement position of the public body. MCL 15.268(e).

It is the opinion of the Law Department that an open meeting would have a detrimental financial effect on the City of Detroit in the on-going litigation referenced above.

The attorneys of record from the Law Department are available to meet with this Honorable Body on September 15, 2004 at 10:00 A.M. or September 28, 2004 at 10:00 A.M. Please advise of the date and time acceptable to this Honorable Body. I have attached a proposed resolution for your approval.

**STATEMENT BY COUNCIL MEMBER  
 SHEILA M. COCKREL IN SUPPORT OF  
 INTRODUCTION OF PROPOSED  
 ORDINANCE TO AMEND CHAPTER 26,  
 ARTICLE III, OF THE 1984 DETROIT  
 CITY CODE, SALES AND  
 CONVEYANCES OF ONE- OR  
 TWO-FAMILY DWELLINGS**

On Wednesday, September 15, 2004, I voted yes on the introduction of the ordinance referenced above. This ordinance was prompted by an Order entered by the Wayne County Circuit Court on August 12, 2004 in the case of *Castle Investment v City of Detroit*. That order enjoined the City of Detroit from further enforcing the certificate of approval provisions of Ordinance 124-H, codified as Section 26-3-6 of the 1984 Detroit City Code.

Ordinance 124-H required the issuance of certificates of approval after inspections prior to certain real property transfers. Inspections were to be conducted according to guidelines to be promulgated by the Buildings and Safety Engineering Department and to be approved by the City Council. The Michigan Supreme Court held that since these guidelines were never approved by the Council, the certificate of approval provisions were unenforceable.

This proposed ordinance is designed to remedy this legal defect. In its August 12, 2004 Order, the Wayne County Circuit Court specifically recognized the authority of the City Council to cure the legal defect and prospectively resume enforcement of the certificate of approval provisions.

Consequently, this proposed ordinance would amend Section 26-3-6 of the 1984 Detroit City Code to give authority to the Director of the Buildings and Safety Engineering Division to promulgate guidelines for inspections for the purposes of issuing certificates of approval. The enforceability of these provisions is crucial in order to protect the interests of prospective homebuyers in the City of Detroit. In order to enforce these provisions again, it is necessary to amend the ordinance.

For the reasons stated above, I voted yes.

Therefore, it is recommended that the

demolition order be deferred for a period  
of three (3) months subject to the follow-  
ing conditions:

1. A permit for rehabilitation work shall  
be obtained within 30 days.

2. The building shall be maintained  
securely barricaded until rehabilitation is  
complete. Rehabilitation is to be complete  
within six (6) months, at which time the  
owner will obtain one of the following from  
this department:

- Certificate of Acceptance related to  
building permits

- Certificate of Approval as a result of a  
Housing Inspection

- Certificate of Inspection, required for  
all residential rental properties

3. The owner shall not occupy or allow  
occupancy of the structure without a cer-  
tificate (as outlined above).

4. The yards shall be maintained clear  
of weeds, junk and debris at all times.

At the end of the deferral period, the  
owner must contact this department to  
arrange an inspection to evidence that  
conditions of the deferral have been met  
or that substantial progress toward reha-  
bilitation has been made. If the building  
becomes open to trespass or if conditions  
of the deferral are not complied with, we  
will proceed with demolition without fur-  
ther hearings. We recommend that utility  
disconnect actions cease to allow the  
progress of the rehabilitation.

Honorable City Council:

Re: Address: 16128 Linwood. Name: Trenton Lindsay. Date ordered removed: July 9, 2003 (J.C.C. pg 2175).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on July 26, 2004 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of June 23, 2004.

The proposed use of the property is owner occupancy.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. A permit for rehabilitation work shall be obtained within 30 days.

2. The building shall be maintained securely barricaded until rehabilitation is complete. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

3. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

4. The yards shall be maintained clear of weeds, junk and debris at all times.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

Re: Address: 15101 Lamphere. Name: Joy Lopresti. Date ordered removed: September 20, 2000 (J.C.C. p.p. 2278-9).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on July 28, 2004 revealed the building is secured and appears to be sound and repairable.

The owner has entered into an approved Tax Payment Plan to pay the current taxes due as of August 31, 2001.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. A permit for rehabilitation work shall be obtained within 30 days.

2. The building shall be maintained securely barricaded until rehabilitation is complete. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

3. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

4. The yards shall be maintained clear of weeds, junk and debris at all times.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met and that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

The City of Detroit will receive a total of \$100,000 to write a Pre-Disaster Mitigation Plan. The project is a study to compile a comprehensive profile identifying existing hazards; identify the types of hazards (with a focus on natural hazards) which may make the community vulnerable; and to provide information critical for determining the most appropriate mitigation measures.

In addition, this Pre-Disaster Mitigation Plan will permanently reduce or eliminate the long-term risk to human life and property from natural, technological, and human-caused disasters.

The plan is a pre-requisite for future Disaster Mitigation Funding available to the State of Michigan in the upcoming budgets for FY04-FY06.

Honorable City Council:

Re: Establishment of the Woodward/Michigan (a.k.a. 1001 Woodward) Neighborhood Enterprise Zone.

Attached for your consideration please find a resolution and legal description which will establish the Woodward/Michigan Neighborhood Enterprise Zone (NEZ) in accordance with Public Act 147 of 1992 ("the Act").

Your Honorable Body conducted a public hearing on this matter on July 22, 2004 as required by the Act. No impediments to the establishment of the NEZ were pre-

sented at the public hearing.

As you may recall the Milestone Realty Services proposes to invest \$38 million to convert vacant office on the 13th thru 21st floors of a downtown high-rise commercial building into 40 residential dwellings with parking and retail outlets. The units will be marketed upward of \$250 to \$400,000.

The Act requires that at least 60 days must pass from the date of the notice of the public hearing to the date of your formal approval of a resolution establishing the NEZ. The date of the notice of the public hearing July 7, 2004 and we therefore recommend that you approve the resolution at your regular formal session of Wednesday, September 15, 2004.

Respectfully submitted,

HENRY B. HAGOOD

Director of Development Activities  
By Council Member Tinsley-Talabi:

Whereas, Michigan's Public Act 147 of 1992, the Neighborhood Enterprise Zone Act ("the Act"), provides for the establishment of Neighborhood Enterprise Zones (NEZs), the exemption from *ad valorem* taxes, and the imposition of a specific property tax in lieu of *ad valorem* real property taxes within NEZs.

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in others; and

Whereas, The Detroit City Council has found the establishment of the Woodward/Michigan NEZ to be consistent with the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Whereas, The Detroit City Council has adopted a statement of goals, objectives and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed NEZs; and

Whereas, The Detroit City Council has enacted a housing inspection ordinance requiring that before the sale of a unit in a new or rehabilitated facility for which an NEZ Certificate is in effect, an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

Whereas, The Act requires that the designation of NEZs must be approved by a resolution adopted by the local governmental unit subsequent to a public hearing at which any taxpayer or resident, or rep-

ly line of Woodward Ave. and the point of beginning containing 82,500 square feet or 1.895 acres more or less.

Re: Surplus Property Assignment, Assumption and Consent Agreement Development: Parcel 97; generally located on the west side of Wabash Between Myrtle & Ash Street.

On August 1, 2003, your Honorable Body approved an Agreement to Purchase and Develop the above-captioned property with Arden Park and Associates, LLC, a Michigan Limited Liability Company, for the amount of \$29,300. Arden Park and Associates, LLC, proposed to build twenty-seven (27) two-story townhouses units with attached garages. This use was granted by the Board of Zoning Appeals (BZA) on July 15, 2003.

Arden Park and Associates, LLC, has advised the Planning and Development Department (P&DD) that in order to obtain Detroit Renaissance Foundation financing for this project, they propose to assign all their rights, title and interest to Princeton Development Non-Profit Housing Corporation, a Michigan Non-Profit Housing Corporation.

Under the terms of an Assignment, Assumption and Consent Agreement, Princeton Development Non-Profit Housing Corporation will develop the same twenty-seven (27) two-story townhouse units with attached garages and a paved surface parking lot for the storage

of licensed operable vehicles.

Princeton Development Non-Profit Housing Corporation, a Michigan Non-Profit Housing Corporation, possesses the qualifications and has indicated potential financial resources necessary to develop the above-captioned property. The disposal of this land by negotiation is an appropriate method for making the land available for redevelopment and the proposed Assignment, Assumption and Consent Agreement is in satisfactory form.

We, therefore, request that your Honorable Body adopt the attached resolution, authorizing and approving an Assignment, Assumption and Consent Agreement between Arden Park and Associates, LLC, a Michigan Limited Liability Company, Princeton Development Non-Profit Housing Corporation, a Michigan Non-Profit Housing Corporation and the City of Detroit, a Michigan Public Body Corporate.
