Honorable City Council:

Re: Establishment of the Puritan/Lodge/Parkside/Petoskey Neighborhood Enterprise Zone as Requested by NorthStar Community Development Corporation.

Attached for your consideration please find a resolution and legal description which will establish the above-referenced Neighborhood Enterprise Zone (NEZ) in accordance with Public Act 147 of 1992 ("the Act").

The goal of this NEZ establishment is the construction of the 40-unit Titan Pointe town-home-style condominiums, to be located on Puritan Avenue between Holmur and Petoskey Streets, and the construction of single family houses on scattered sites located throughout the proposed NEZ area.

Your Honorable Body conducted a public hearing on this matter on April 15, 2002, as required by the Act. The public hearing revealed that NorthStar Community Development Corporation desired to revise the site plan of the condominiums, a fact which required additional review by P&DD's Planning Division. The passage of time since then resulted from NorthStar's revision of the Titan Pointe plans, review by P&DD of the plans, preparation of an amendment to the Master Plan, a public hearing on said amendment, and, finally, your adoption of the amendment. The Act stipulates that your Honorable Body may not establish an NEZ which is in conflict with the Master Plan.

We recommend that you approve the resolution at your next regular or adjourned formal session.

Respectfully submitted,  
HENRY B. HAGOOD

Direct of Development Activities  
By Council Member Collins:

Whereas, Michigan's Public Act 147 of 1992, the Neighborhood Enterprise Zone Act ("the Act") provides for the establishment of Neighborhood Enterprise Zones

(NEZs), the exemption from *ad valorem* taxes, and the imposition of a specific property tax in lieu of *ad valorem* real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in others; and

Whereas, The Detroit City Council has found the establishment of the Puritan/Lodge/Parkside/Petoskey NEZ to be consistent with the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Whereas, The Detroit City Council has adopted a statement of goals, objectives and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed NEZs; and

Whereas, The Detroit City Council has enacted a housing inspection ordinance requiring that before the sale of a unit in a new or rehabilitated facility for which an NEZ Certificate is in effect, an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

Whereas, The Act requires that the designation of NEZs must be approved by a resolution adopted by the local governmental unit subsequent to a public hearing at which any taxpayer or resident, or representative of any taxing authority levying a property tax in the City of Detroit, was given the opportunity to address the requested establishment of an NEZ; and

Whereas, A public hearing on the issue of establishing the Puritan/Lodge/Parkside/Petoskey NEZ was conducted before the Detroit City Council on April 15, 2002, with notice of the public hearing having been given to the general public and by certified mail to every taxing authority levying a property tax with the City of Detroit; and

Whereas, Impediments to the establishment of the Puritan/Lodge/Parkside/Petoskey NEZ have been resolved;

Now Therefore Be It

Resolved, That the land area described in the attached legal description is hereby established as the Puritan/Lodge/Parkside/Petoskey NEZ pursuant to Public Act 147 of 1992, the Neighborhood Enterprise Zone Act.

Re: Petition No. 1116 — St. John Christian Methodist Episcopal Church, requesting for conversion of alley to easement in the area of Blaine and Gladstone.

Petition No. 1116 of “St. John Christian Methodist Episcopal Church”, requesting for conversion of the North-south, 20 feet wide, and a portion of the East-West 18 feet wide, public alleys into private easements for utilities and dedication of land for a new public alley outlet, 18 feet wide, all in the block bounded by Woodward Avenue, 100 feet wide, Second Boulevard, 80 feet wide, Blaine Avenue, 60 feet wide, and Gladstone Avenue, 60 feet.

The request was approved by the Solid Waste Division — DPW, and Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

City Council is requested to declare the city’s “intent” to accept the executable warranty deed and alley for public purposes; provided said property complies with the requirements of Detroit codes and ordinances No. 29-94, Detroit Code Section 2-1-11 through 2-1-15 also known as the “Environmental Review Guidelines”, also, provided that the alley is built to City of Detroit standard specifications, under City Engineering Division — DPW permits and inspection, and provided the Law Department concludes that the grantor possess the appropriate rights, title, and interest in properties to convey said land to the city for an alley outlet and other public purposes.

If the petitioner at any time plans to discontinue use of the paved alley entrances, (into Gladstone and Blaine

Avenues), the petitioner shall pay all incidental removal costs.

All other city departments and private utility companies have reported no objection to the conversion of public rights-of-way into private easement for utilities. Provision protect utility installations are part of this resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,

SUNDAY JAIYESIMI

City Engineer

**STATEMENT BY COUNCIL MEMBER BATES FOR NO VOTE TO AMEND CHAPTER 5 OF THE 1984 DETROIT CITY CODE TITLED "AMUSEMENTS"**

I would like to start by saying in my twenty-five (25) plus years in the political arena, I have never seen so much political grandstanding as I have in my three (3) years on the Detroit City Council. First, it appears that the issue of adult entertainment has been presented in a manner to deliberately confuse the citizens. Nothing in the ordinance will stop the proliferation of adult entertainment venues. There is nothing in this ordinance that would prohibit the flow of traffic into the community. This ordinance adds seven (7) new regulations that would have a direct effect on what goes on inside an adult entertainment facility, it does not close or stop any additional clubs from opening.

My position is that these regulations should be compromised between our Law Department, Research and Analysis Division and members of the adult entertainment industry so we can pass an ordinance that would be well crafted and withstand any challenges and potential lawsuits. One more week to work out all the issues would allow us to come back with something everyone can agree on. At the public hearing held on Monday, March 22, 2004, my colleague Councilwoman Sheila Cockrel asked that the ordinance not be voted on until the City Planning Commission, RAD, Law and representatives from the industry meet and come back in a week with a compromise; that

was not adhered to. At the same time, Council President Mahaffey asked to have the "domestic partnership" issue taken off the agenda until she returned and her request was granted. Why the difference? Are we not governed by the same rules? Are members' requests going to be honored or not, or is the Detroit City Council a "political playground" for certain members?

The other issue is that we do not represent a certain group of Detroit citizens. I was elected to serve all citizens regardless of their occupation. As long as they are not doing anything illegal, my commitment is to serve them. The regulations, as written and passed, will hinder dramatically the ability of those citizens who work in the entertainment business to earn a living. Some people might not agree with how they make a living but they have the same right to earn a decent wage as a school teacher, a bus driver, a Reverend, or Detroit City Councilperson. If this right is taken away the adult entertainment industry will be forced to go underground and residents will have to deal with unlicensed and unregulated adult entertainment facilities opening right next door to their homes.

Like it or not "sex" is a major part of our culture and there is nothing the Detroit City Council can do or say to change that. Yes, I believe that regulations are needed but the City Council should be pushing for regulations that are fair to all parties involved, not regulations that will benefit certain council members and end up costing the city in lawsuits. The adult entertainment business brings over 2.5 million dollars annually to the City of Detroit through taxes and licensing. With a looming deficit, I don't believe we are in a position to turn those dollars away. I'll say it again; I am in support of regulating the industry, but I support fair regulations that won't end up hurting the city in the long run.

STATEMENT BY COUNCIL MEMBER  
KENNETH V. COCKREL, JR. ON THE  
ADULT ENTERTAINMENT ORDINANCE

Today I joined with a majority of my colleagues in voting to support an ordinance calling for stricter regulations of adult entertainment night clubs.

This ordinance generated tremendous opposition from the adult entertainment industry in Detroit. Some of the concerns centered on language in the ordinance that they felt should be changed because it is too restrictive in their opinion. Some of these concerns are valid.

However, I voted for the ordinance because many of our citizens have made it clear that they believe stronger regulations are necessary. While further amendments to the ordinance are indeed necessary in my opinion, I see no reason why

these amendments can't be made at a later date.

I do think that it is important to clear up one misconception about the ordinance — mainly that it will prevent new strip clubs from opening. The Council is currently conducting the research needed for us to prepare an ordinance that will allow us to do that.

STATEMENT BY COUNCIL MEMBER  
KAY EVERETT ON THE AMENDMENT  
TO CHAPTER 5 OF THE 1984  
DETROIT CITY CODE TITLED  
"AMUSEMENTS"

On Wednesday, March 24, 2004, this Honorable Body was requested to vote on amendments to Chapter 5 of the 1984 City Code titled "Amusements." I voted "Yes" to support the amendments, which provides rules and regulations to business owners of adult entertainment venues.

This ordinance has flaws, which could potentially place the City of Detroit in multi-million dollars of lawsuits. As an elected official, it is my position to provide oversight on any fiscal implications as it relates to the City of Detroit. Therefore, I adamantly, requested that members from ACE (Adult Club Executives) meet with representatives from the Law Department, Research Analysis Division (RAD), City Planning Commission (CPC) and City Council Staff to properly identify the potential flaws of this ordinance.

Although, I do not condone the behavior that goes on in most of these adult entertainment venues, it is not my place to legislate morals. I am aware some adult entertainment venues provide secondary affects in our community and these concerns need to be addressed. However, in a democratic process, everyone should be heard and I must balance the quality of life of citizens and businesses in Detroit.

Therefore, I supported the amendments to provide rules and regulations to business owners of adult entertainment venues. I recognized there are loopholes in the various laws that govern the adult entertainment industry that need immediately attention for the safety of employees, patrons, and community. However, it was not my intent to potentially place the City of Detroit in any lawsuits that would financially impact the city I am strongly encouraging members of ACE, Law Department, RAD and CPC to work together to present proposed amendments to Chapter 5 of the 1984 City Code that would alleviate any potential lawsuits.

STATEMENT OF HONORABLE  
ALBERTA TINSLEY-TALABI REGARDING  
THE AMUSEMENTS ORDINANCE

I voted in favor of the Amusements

Ordinance in order to put in place several necessary regulations to benefit the citizens of Detroit. These changes include increasing the insurance requirements for various amusements around the City and regulation of all adult entertainment.

While the law recognizes freedom of speech, it also recognizes a municipality's right to preserve the welfare of its citizens. Among those is the right to regulate adult entertainment establishments. It is my job to balance the rights of all citizens. The City of Detroit is not attempting to regulate the message of the adult entertainment industry, but to regulate the manner in which these establishments are run.

All establishments that hold a cabaret license within the City of Detroit are regulated through the Detroit City Code. Those regulations prohibit totally nude dancing. However, a loophole in the old ordinance allowed total nudity if alcohol is not served. A Cabaret E classification was created to close this loophole. Now all adult entertainment establishments are regulated and all prohibit totally nude dancing regardless of whether they own a liquor license.

Although much of the discussion surrounding the ordinance focused on the adult entertainment provisions, seventeen additional uses are affected by these amendments such as bowling alleys, carnivals, and coffee houses to name a few. The insurance requirements for the various uses have now been updated to amounts that would better protect citizens in the event of an accident.

No law that is created is perfect. City Council routinely amends ordinances to make them better reflect the needs of the community. This ordinance is no different. Although I recognize that this ordinance will need additional amendments, a number of the provisions could not wait any longer to be enacted. These changes were suggested over two years ago and I did not think it prudent to allow these necessary changes to sit any longer; thus my favorable vote to approve the amusement ordinance.

Re: Nora Nicholas vs. City of Detroit and Detroit Police Officer Robert Demers. Case No.: 03-307-569-NO. File No.: A37000.004294 (LB).

On March 9, 2004, a mediation panel evaluated the above-captioned lawsuit and awarded Forty Thousand Dollars (\$40,000.00) in favor of Plaintiff. The parties have until April 6, 2004 to either accept or reject the mediation evaluation.

Honorable City Council:

Re: Address: 6609 Barton. Name: Gary Booker. Date ordered removed: January 27, 2003 (J.C.C. p. ).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on March 1, 2004 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of February 2, 2004.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met

or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

demolition order be deferred for a period of three (3) months subject to the following conditions:

- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. **Planning & Development Department**  
March 22, 2004

Honorable City Council:

Re: Acquisition of Property for Development. 25, 35 and 70 W. Alexandrine.

In response to the United States Department of Housing and Urban Development's (HUD's) Notice of Intent for Foreclosure Sale, the Planning & Development Department proposes to acquire from HUD property located at 25, 35 and 70 W. Alexandrine. The property consists of an eight-story brick structure situated on an area of land measuring approximately 150' x 151' known as Seventy West Apartments and a paved surface parking lot containing approximately 8,832 square feet.

HUD has agreed to a non-competitive sale of this property to the City of Detroit for the amount of \$10.00 if they receive an executed contract of sale by April 2, 2004 (See attached letter dated March 12, 2004). The property will be transferred to the City of Detroit vacant, with no use restrictions, thus allowing the City to

determine the future use of the building. This acquisition is necessary in order to preserve and promote the public health, safety and welfare of the surrounding community.

The Planning & Development Department is currently working with the Woodward East Ventures, LLC, an African-American Development Team headed by George Stewart and Michael Byrd, who are local businessmen that own Flood's and Mike's Restaurants, as the Developer for Garden Theater District Redevelopment Project. The project description (See attached Exhibit A), of the Garden Theater District Redevelopment Project, which includes 70 W. Alexandrine and existing land use plans, sets forth existing and proposed development that impacts the project area within a radius of one-quarter of a mile. The Seventy West Apartments is a part of the Developer's Phase I proposal.

As required by section 2-1-13 of the 1984 Detroit City Code, a Phase I environmental inquiry has been conducted on this property to determine if there is any evidence of environmental contamination. The results of the environmental inquiry reveal that while asbestos and lead paint are likely present within the structure, these substances can be addressed during the building renovation to be performed by the Developer. Further, the environmental inquiry did not reveal the presence of any significant environmental conditions which would warrant further investigation and/or remediation under Part 201 of the Natural Resources and Environmental Protection Act.

Section 2-1-15 of the 1984 Detroit City Code provides that your Honorable Body may waive the requirement that the seller bear the cost of the environmental inquiry if the acquisition is necessary to preserve or promote the public health, safety, welfare or good, and the environmental inquiry has revealed that an environmental assessment is not required. Accordingly, your Honorable Body's approval of the attached resolution waiving the requirement that the seller bear the cost of the environmental inquiry is hereby respectfully requested.

We, further, request that your Honorable Body approve the attached resolution authorizing the Planning and Development Department Director of Development Activities to accept the conveyance of 70 W. Alexandrine from the United States Department of Housing and Urban Development (HUD), for the amount of \$10.00.

Respectfully submitted,  
HENRY B. HAGOOD

Director of Development Activities  
By Council Member Everett:

Resolved, That in accordance with the foregoing communication, the Planning

and Development Department Director of Development Activities is hereby authorized to accept the conveyance of the following described property, from the United States Department of Housing and Urban Development, for the amount of \$10.00.

Land in the City of Detroit, County of Wayne and State of Michigan being Lots 43, 44 and 45, Plat of Subdivision of Park Lots 61 and 62, according to the plat thereof as recorded in Liber 1, Page 128 of Plats, Wayne County Records, also, Lots A and B; "Charles Newman's Re-subdivision" of Lots 2 and 3 of the Subdivision of Park Lots 61 and 62, according to the plat thereof as recorded in Liber 3, Page 97 of Plats, Wayne County Records.

Further Resolved That, a Phase I Environmental Site Assessment was performed by DLZ, a Michigan Corporation, and based on a review by qualified persons, there is no finding of a release of hazardous substances, and the findings in the report do not warrant further investigation or assessment, and be it

Further Resolved, That this acquisition is necessary to preserve and promote the public health, safety, and welfare, and the requirement that the grantor bear the cost of the environmental inquiry is hereby waived.

Adopted as follows:

Yeas — Council Members Bates, Collins, Everett, McPhail, Tinsley-Talabi, Watson, and President Pro Tem. K. Cockrel, Jr. — 7.

Nays — None.

By COUNCIL MEMBER BATES:

WHEREAS, The Clinton Administration created the E-Vote Program in order to level the playing field between inner-city schools and their suburban counterparts; and

WHEREAS, The Detroit Public Schools District as Michigan's largest and oldest school district suffers from an aged school infrastructure, declining enrollment and reduced funding from the Michigan School Aid Fund; and

**RESOLUTION OPPOSING HB4160, MICHIGAN'S ANTI-LIVING WAGE STATUTE**

By COUNCIL PRESIDENT MAHAFFEY:

WHEREAS, The Michigan legislature is attempting to pass legislation aimed at prohibiting municipalities from enacting and enforcing living wage laws, and

WHEREAS, These laws are critical to the lives of families. The minimum wage doesn't adequately support a family. One minimum wage earner supporting a traditional family of four would fall about 40% of the poverty threshold. By also encouraging employers to provide medical benefits, a living wage improves health care and lowers public health care costs, and

WHEREAS, Municipal leaders know what is best for their own communities. Local living wage ordinances follow the lead of state policies, which require employers receiving state tax breaks must pay an average of 150% of the federal minimum wage. And,

WHEREAS, The Living wage movement is devoted to the simple principle that people who work full time should not be living in poverty. One study conducted by Michigan State University Professor David Neumark shows that from 1996 to 2000, poverty fell more sharply in communities with a living wage than it did elsewhere in the country. BE IT THEREFORE

RESOLVED, That the Detroit City Council urges our State Representatives to oppose HB 4160, the attempt to prohibit local municipalities from enacting living wage ordinances. BE IT FURTHER

RESOLVED, That the Detroit City Clerk send copies of this resolution immediately to the entire Detroit State House and Senate delegation, and to Governor Granholm.

Honorable City Council:

Re: Authorization to submit a grant to the Michigan Department of Natural Resources to create the following:

1. In-Town Youth Camp at Rouge Park, and
2. Nature Interpretive/Environmental Education Facilities in the Brennan Pools Building.

The Detroit Recreation Department is hereby requesting the authorization of your Honorable Body to submit two grant applications to the Michigan Department of Natural Resources, for funding under the 2004 Recreation Grants Program. Funding would be requested from the Michigan Natural Resources Trust Fund and from the Land Water Conservation

Fund (of the National Park Service).

The amount being sought from the Trust Fund is \$407,000. To that amount, the Recreation Department would be adding \$143,000 in matching funds from its Capital dollars, for a total project cost of \$550,000. The amount being sought from the Conservation Fund is \$375,000, to which the Recreation Department would be providing \$375,000 in matching funds from its capital budget, for a total project cost of \$750,000.

The Trust Fund grant would enable the Department to do the following:

- Create an in-town camp by adding a restroom, small play area, natural amphitheater, bird and butterfly observation areas, hiking trail, camp activity/family picnicking stations and other camp amenities in the area of Rouge Park where W. Chicago and W. Parkway meet.

The Land & Water Conservation Fund grant would enable the Department to do the following:

- Create a Nature Interpretive/Environmental Education facility in the Brennan Pool Building in Rouge Park. With building additions and renovations, we would create stations where children could engage in activities like growing plants, testing water samples, learning about the plants and animals of Rouge Park and how they can personally become involved in protecting the environment.

With your authorization, the Department will submit a request to the Michigan Department of Natural Resources Trust Fund in the amount of \$407,000. The City match of \$143,000 will come from the Department's 2004-05 Capital Budget. It will be available in Appropriation #00905.

With your authorization, the Department will submit a request to the Land Water Conservation Fund in the amount of \$375,000. The City match of \$375,000 will come from the Department's 2004-05 Capital Budget. It will be available in Appropriation #00905.

We respectfully request your approval to apply for these grants by adopting the following resolution, with a Waiver of Reconsideration.

Honorable City Council:

Re: Chinetta Brown vs. City of Detroit.  
 Case No.: 03-318-995-NI. File No.:  
 A19000.002648 (LB).

On March 9, 2004, a mediation panel evaluated the above-captioned lawsuit and awarded Twelve Thousand Five Hundred Dollars (\$12,500.00) in favor of Plaintiff. The parties have until April 6, 2004 to either accept or reject the mediation evaluation. Failure to file a written acceptance or rejection within this period constitutes a rejection.

Based upon our review of the facts and particulars of this lawsuit, which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body, it is our considered opinion that acceptance of the mediation award is in the best interest of the City of Detroit.

We, therefore, request your Honorable Body to authorize acceptance of the mediation award; and, in the event that Plaintiff accepts the award, to deem such acceptance as a settlement and to direct the Finance Director to issue a draft in the amount of Twelve Thousand Five Hundred Dollars (\$12,500.00) payable to Chinetta Brown and her attorney, Gary R. Blumberg, P.C., to be delivered upon receipt of properly executed Releases and Stipulation and Order of Dismissal entered in Lawsuit No. 03-318-995-NI, approved by the Law Department.

The City Clerk's Office forwarded to this office applications from various applicants for Neighborhood Enterprise Zone (NEZ) certificates for 15 homeowners at the above-mentioned addresses.

City Planning Commission staff's research indicates that all of the above properties are within the boundaries of the Corktown NEZ, which was approved by City Council on October 26, 1994.

The 9 properties listed above on Labrosse Street and 3 properties on Brooklyn Avenue are part of a townhouse project constructed in the mid 1990's at the northeast corner of Labrosse and Brooklyn. The 6 properties listed above on 6th Street are part of a 5-story building that was redeveloped in the mid 1990's with condo/lofts.

CPC staff understands that a special State Act was passed to allow the above properties to qualify for NEZ certificates even though the building permits were already issued.

Based on the above analysis, CPC staff recommends approval of the subject NEZ certificates within the boundaries of the Corktown NEZ area. Please contact us should you have any questions.

Honorable City Council:

Re: Petition No. 1846 — McCatty Incorporated, requesting to vacate the alley in the area of Military, Hammond, Ranspach and Federal.

Petition No. 1846 of "McCatty Incorporated", at 2355 Grayson Road, Ferndale, Michigan 48220, request for the outright vacation and conversion to easement the North — South open public alley, 20 feet wide, in the block bounded by Military Avenue, 66 feet wide, Hammond Avenue, 66 feet wide, Federal Avenue, 66 feet wide, and Ranspach Avenue, 50 feet wide, for the expansion of the existing Magni Industrial Building.

The request was approved by the Planning and Development Department, the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation and report. This is our report:

The Public Lighting Department (PLD) reports there is one Over Head lighting circuit in that portion of the alley requested to be outright vacated. PLD will remove the Over Head lighting circuit at no cost to the petitioner.

The Detroit Water and Sewerage Department (DWSD) reports there are existing water service and sewer main in the alley requested for outright vacation that must remain in service. DWSD has no objection to the outright vacation provided that the water service and sewer main are relocated to a suitable easement to DWSD. Also, the petitioner must comply with the provisions and requirements of the attached resolution.

The petitioner (McCatty Incorporated at 2355 Grayson Road, Ferndale, Michigan 48220) has made arrangements with Comcast Cablevision, DTE Energy — Detroit Edison and SBC Telecommunication for any costs for the removal, rerouting or relocation of their facilities within the project area.

If the petitioner at any time plans to dis-

continue use of the paved alley entrance (into Ranspach and Federal Avenue(s)), the petitioner shall pay all incidental removal cost.

All other city departments and privately owned utility companies have reported no objections to the changes in the public rights-of-way or that satisfactory arrangements have been made. Provisions protecting utility installations (if necessary) are part of this resolution.

An appropriate resolution containing the necessary conditions is attached for consideration by your Honorable Body.

Respectfully submitted,

SUNDAY JAIYESIMI

Re: Petition No. 3134 (Addendum-B) Detroit Housing Commission, Jeffries Housing Development Phase III (Woodbridge Estates) requesting the dedication and naming of new streets.

Petition No. 3134 (Addendum-B) of the Detroit Housing Commission requests in the third Phase to dedicate land and name streets within the Jeffries Housing Development, related to the Hope VI Project (Woodbridge Estates). The first Phase of the project included two (2) public alley vacations (adopted by City

Council November 30, 2001, J.C.C. Pgs. 3883-85) in the area bounded by Gibson, Brooklyn, Selden and W. Alexandrine. In order to establish the proposed Condominium Units, which street names will reflect on the "Motown" theme, in the second Phase, it was necessary to set-aside land for the dedication of new public streets, the widening of Selden Avenue and to name the new dedicated streets in the area bounded by Gibson, the John C. Lodge Service Drive, Selden and W. Canfield (adopted by City Council March 28, 2002, J.C.C. Pages 891-905). In the third Phase, to continue the "Motown" theme, it is necessary to set-aside land for the dedication and the naming of two (2) additional streets in the area bounded by Gibson, the John C. Lodge Service Drive, Martin Luther King, Jr. Blvd. and Selden.

The new dedicated public streets were approved by the City Engineering Division (CED) DPW/Street Design Bureau and the Traffic Engineering Division of DPW.

City Council is requested to accept the land for public street purposes; provided said property complies with the requirements of Detroit codes and ordinance No. 29-94, Detroit Code Sections 2-1-11 through 2-1-15 also known as the "Environmental Review Guidelines, also, provided that the streets are built to City of Detroit standard specifications, under CED permits and inspection, with plans reviewed and approved by City Engineering Division — DPW Street Design Bureau and the Traffic Engineering Division of DPW.

Honorable City Council:

Re: Puritan/Lodge/Parkside/Petoskey Neighborhood Enterprise Zone as Requested by NorthStar Community Development Corporation.

In a letter to your Honorable Body dated March 10th, with an accompanying resolution that made reference to an attached legal description, we requested that you establish the above referenced Neighborhood Enterprise Zone. You passed the resolution at your formal session of March 17th.

However, through P&DD staff error, there was no legal description attached to the correspondence. The legal description is essential to the establishment of the NEZ, so in effect, no NEZ was established.

We are again sending you herewith the resolution, with the legal description attached. We request that you act on the resolution at your next regular or adjourned formal session.

We apologize for any inconvenience.

Respectfully submitted,  
HENRY B. HAGOOD

Direct of Development Activities

By Council Member S. Cockrel:

Whereas, Michigan's Public Act 147 of 1992, the Neighborhood Enterprise Zone Act ("the Act"), provides for the establishment of Neighborhood Enterprise Zones (NEZs), the exemption from *ad valorem* taxes, and the imposition of a specific property tax in lieu of *ad valorem* real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in others; and

Whereas, The Detroit City Council has found the establishment of the Puritan/Lodge/Parkside/Petoskey NEZ to be consistent with the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Whereas, The Detroit City Council has adopted a statement of goals, objectives and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed NEZs; and

Whereas, The Detroit City Council has enacted a housing inspection ordinance requiring that before the sale of a unit in a new or rehabilitated facility for which an NEZ Certificate is in effect, an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

Whereas, The Act requires that the designation of NEZs must be approved by a resolution adopted by the local governmental unit subsequent to a public hearing at which any taxpayer or resident, or representative of any taxing authority levying a property tax in the City of Detroit, was given the opportunity to address the requested establishment of an NEZ; and

Whereas, A public hearing on the issue of establishing the Puritan/Lodge/Parkside/Petoskey NEZ was conducted before the Detroit City Council on April 15, 2002, with notice of the public hearing having been given to the general public and by certified mail to every taxing authority levying a property tax with the City of Detroit; and

Whereas, Impediments to the establishment of the Puritan/Lodge/Parkside/Petoskey NEZ have been resolved;

Now Therefore Be It

Resolved, That the land area described in the attached legal description is hereby established as the Puritan/Lodge/Parkside/Petoskey NEZ pursuant to Public Act 147 of 1992, the Neighborhood Enterprise Zone Act.

**Water and Sewerage Department  
General Administration**

March 19, 2004

Honorable City Council:

Re: Transfer of jurisdiction of a portion of Belle Isle Park from the Recreation Department to the Water and Sewerage Department for Belle Isle Pump Station — CSO Control Facility.

On March 16, 1994 (J.C.C. pp. 492-93), the City Council adopted a "Resolution of Authority" for the Detroit Water and Sewerage Department ("DWSD") to acquire properties, easements and rights-of-way for the purpose of constructing federally-mandated Combined Sewer Overflow ("CSO") basins. To build one of the CSO Control Facilities — the Belle Isle Pump Station — CSO Control Facility, which will be used to service only Belle Isle — DWSD will require the transfer from Recreation to DWSD of a 0.84-acre parcel within Belle Isle Park. The site of the proposed CSO Control Facility is directly adjacent to the existing Belle Isle Park sewage pumping station.

Staffs from DWSD and Recreation have met to coordinate the proposed CSO control plan on Belle Isle Park. DWSD and Recreation will continue to work diligently with each other to ensure that the impact of the construction and operation of the CSO Control Facility upon Belle Isle is minimized to the maximum feasible extent. We are hereby asking your Honorable Body to adopt the attached resolution, which authorizes the transfer of jurisdiction of the 0.84-acre parcel of Belle Isle Park to DWSD for the Belle Isle Pump Station — CSO Control Facility.

Respectfully submitted,

Honorable City Council:

Re: Establishment of the Garden Court Apartments Neighborhood Enterprise Zone.

Attached for your consideration please find a resolution and legal description which will establish the Garden Court Apartments Neighborhood Enterprise Zone (NEZ) in accordance with Public Act 147 of 1992 ("the Act").

Your Honorable Body conducted a public hearing on this matter on January 15th, as required by the Act. No impediments to the establishment of the NEZ were presented at the public hearing.

As you may recall, the Farbman Group will invest \$5 million in the Garden Court Apartments, converting the building's 65 units to condominiums. The units range in size from 771 to 3100 square feet and are projected to market from \$90,000 to \$250,000.

The Act requires that at least 60 days must pass from the date of the notice of the public hearing to the date of your formal approval of a resolution establishing the NEZ. The date of the notice of the public hearing was December 3, 2003 and we therefore recommend that you approve the resolution at your regular formal session of Wednesday, February 11, 2004.

Respectfully submitted,  
HENRY B. HAGOOD

Director of Development Activities  
By Council Member Everett:

Whereas, Michigan's Public Act 147 of 1992, the Neighborhood Enterprise Zone Act ("the Act") provides for the establishment of Neighborhood Enterprise Zones (NEZs), the exemption from *ad valorem* taxes, and the imposition of a specific property tax in lieu of *ad valorem* real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in others; and

Whereas, The Detroit City Council has found the establishment of the Garden Court Apartments NEZ to be consistent with the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Whereas, The Detroit City Council has adopted a statement of goals, objectives and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed NEZs; and

Whereas, The Detroit City Council has enacted a housing inspection ordinance requiring that before the sale of a unit in a new or rehabilitated facility for which an NEZ Certificate is in effect, an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

Whereas, The Act requires that the designation of NEZs must be approved by a resolution adopted by the local governmental unit subsequent to a public hearing at which any taxpayer or resident, or representative of any taxing authority levying a property tax in the City of Detroit, was given the opportunity to address the requested establishment of an NEZ; and

Whereas, A public hearing on the issue of establishing the Garden Court Apartments NEZ was conducted before the Detroit City Council on January 15, 2004, with notice of the public hearing having been given to the general public and by certified mail to every taxing authority levying a property tax with the City of Detroit; and

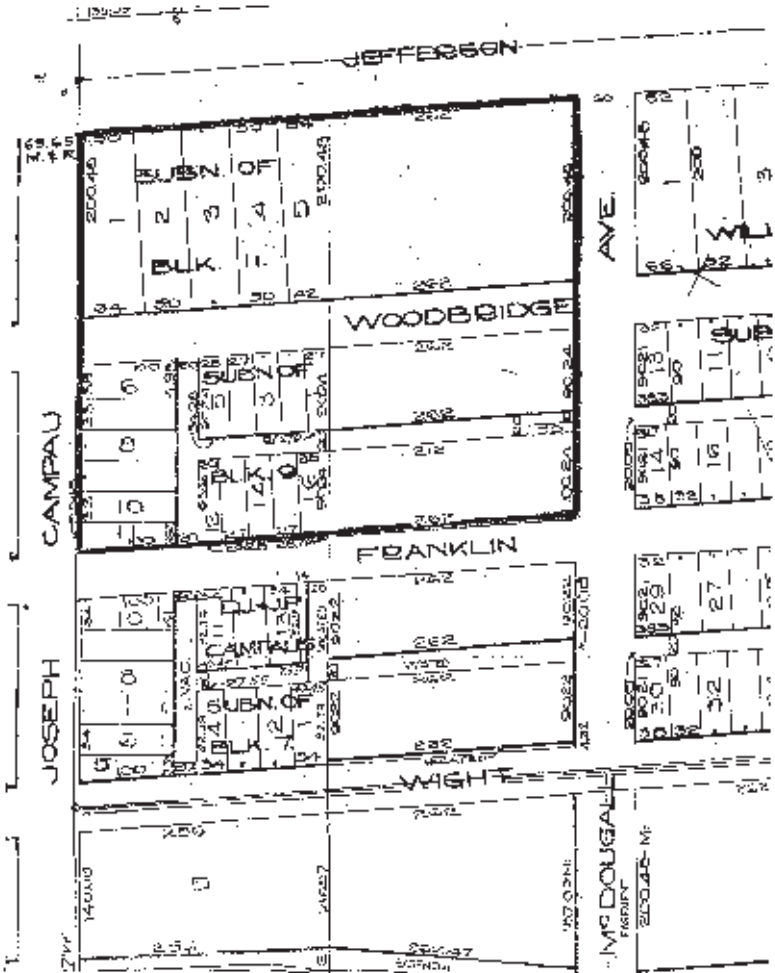

Whereas, No impediments to the establishment of the Garden Court Apartments NEZ are known;

Now Therefore Be It

Resolved, That the land area described in the attached legal description, and shown on the attached map, is hereby established as the Garden Court Apartments NEZ pursuant to Public Act 147 of 1992, the Neighborhood Enterprise Zone Act.

March 30, 2004

Honorable City Council:

Re: Request of Land Assembly for Neighborhood Development to show a PD (Planned Development District) zoning classification where B4 (General Business District), P1 (Open Parking District), and R2 (Two Family Residential District) zoning classifications are shown on the area generally described as the north side of Mack between Manistique and Ashland and the south side of Mack Ave. between the alley east of Phillip and Alter Road to allow for the construction of a 3-building retail development (RECOMMEND APPROVAL WITH CONDITION).

Land Assembly for Neighborhood Development, which is affiliated with the Warren-Conner Development Corporation, has submitted a request to rezone property to show a PD (Planned Development District) zoning classification where:

- a B4 (General Business District) zoning classification is shown on the area generally described as the north side of Mack Ave. between Ashland and Manistique and on the south side of Mack Ave. between Manistique and Alter,
- a P1 (Open Parking District) zoning classification is shown on the area generally described as north of the B4 frontage on the north side of Mack Ave. between Ashland and Manistique and south of the B4 frontage on the south side of Mack Ave. between the alley east of Phillip and Alter, and
- an R2 (Two Family Residential District) zoning classification is shown on the area generally described as the four (4) lots south of the P1 district on the east and west sides of Manistique, the three (3) lots south of the P1 district on the west side of Ashland and the one (1) lot south of the P1 district on the east side of Ashland, and on the three (3) lots on the east side of Manistique and the west side of Ashland north of the B4 frontage on Mack Ave., as shown on the attached map.
- The subject area is approximately six (6) acres on the south side of Mack Ave. and 1 acre on the north.

The proposal, if approved, would result in the construction and operation of three (3) retail buildings on the south side of Mack Ave. All existing structures on the properties would be demolished to construct the stores. The parcel to the north would remain undeveloped at this time.

This proposal is a part of the larger development proposed by the same developer last year, the first phase of which (a gas station) was approved in 2003. The gas station is under construction. It is anticipated that construction of the retail development will begin in the summer of 2004.

The petitioner is requesting a rezoning to PD because the proposed retail uses would not be permitted in the R1 and P1 portions of the site and to give the developer flexibility in site design and parking requirements.

The proposed site is comprised of two parcels of land. The first parcel, which is on the south side of Mack, is zoned P1, B4, and R2. The parcel contains two (2) retail stores on the Mack Ave. frontage, two (2) occupied homes (which have been acquired by the developer), and vacant lots. The second parcel, located on the north side of Mack Ave., is zoned B4 and R2 and contains a collapsing residential property and an occupied home (which has been acquired by the developer).

#### **PROPOSED DEVELOPMENT**

The proposal, if approved, would result in the construction and operation of three (3) retail buildings on the south side of Mack Ave. The anticipated tenants include a discount grocery store, a dollar

store (currently on the site), an accounting firm, a pharmacy, a video store, and other retail tenants. A bank branch and a police mini-station have been confirmed. All existing structures on the properties would be demolished to construct the stores. The parcel to the north of Mack would remain undeveloped at this time.

The proposed buildings would be one story in height. The sizes of the proposed buildings are 20,000 square feet for the western building, 30,400 square feet for the grocery store and retail building in the middle building, with approximately half for the grocery store, and 11,180 square feet for the eastern building, anticipated to be a pharmacy.

The front of the buildings would consist of tan split-faced concrete block at the base with brick above. Signage depicted on the elevations is for illustrative purposes only and is to be determined and reviewed at a later date. The treatment of the front of the buildings would wrap around a portion of the sides, with the remainder of the sides being concrete block. The rear of the buildings would be concrete block. A 6-foot high masonry embossed (with a brick appearance) concrete-panel screenwall is proposed at the southern and western edges of the site to separate the retail development from the adjacent residences. Final elevations would have to be reviewed and approved in the future.

The parking area would provide approximately 266 surface parking spaces for the entire retail development. The site would have four (4) vehicular access points: two (2) from Mack Ave. and two (2) from Alter Rd. Regarding the south parcel, the developer is working with the City to have portions of Manistique, Ashland, and Phillip, and the alley parallel to and south of Mack vacated or converted to easements to allow the site to be developed. A new east-west alley immediately south of the development between Manistique and Ashland would be created and dedicated to the City to avoid those streets being dead-ends.

#### **SURROUNDING ZONING AND LAND USES**

The zoning classifications and land uses surrounding the proposed development are as follows:

North: R2 and PD — single family homes and a gas station

South: R2 — single family homes

East: R2, B4 and PD — single family homes, retail stores, government office, and a gas station

West: R2 and B4 — church, vacant commercial buildings, and single-family homes

#### **MASTER PLAN**

The recently amended Master Plan shows "PD" for the current rezoning con-

cept for the subject area, and GC (General Commercial) for the Future Land Use. The proposed rezoning is in conformance with the Master Plan.

**PUBLIC HEARING RESULTS**

At the Commission's February 19, 2004 public hearing on this matter, three (3) persons spoke. Two (2) of the speakers, who live south of Mack Ave., had concerns about the access to their alley-entrance garages if the proposed street and alley vacations that are a part of this project are approved. If the east-west alley south of Mack Ave. and the northern portions of the north-south alleys between Alter and Philip are closed, persons who access their garages from the alley would have to access the alley from Charlevoix instead of from Mack, as they are presently able to do (when the alley is passable). One person, living north of Mack Ave., had concerns about issues separate from the proposed project.

A community meeting was held at the offices of the developer to provide a further opportunity for community input on the alley closings and other issues. One (1) of the two (2) persons who spoke of their concerns at the hearing about access to their garages attended. He indicated that he does not use the portion of the alley that is proposed to be closed: he drives through the vacant lot adjacent to his home to access the alley. He did not have further concerns about the proposed development.

**ANALYSIS**

The site plan provides approximately 266 parking spaces. If the site were not zoned PD, approximately 307 parking spaces would be required (calculating each building separately), depending on the exact mix of office to retail uses. It is felt that there will be some shared parking between the retail uses, so the deficit from what would be required should not negatively impact the surrounding area.

The appearance of the buildings is generally pleasing, with the brick facades facing Mack and Alter. The issue of access to garages was clarified to the persons attending the community meeting that there will continue to be access to the garages for the Manistique properties. The residents on the east side of Manistique are also to have a new east-west alley south of Mack so that there would continue to be two-way access.

**RECOMMENDATION**

The Commission recommended at its March 4, 2004 meeting that the requested rezoning be approved, with the condition that final site plans, landscaping, and elevations be approved by CPC staff prior to the issuance of building permits.

The appropriate amendatory ordinance, approved as to form by the Law Department, is attached for your consideration. We understand that the petitioner would like the

ordinance introduced and a public hearing scheduled as soon as possible, so that construction can begin.

**R2 Two-Family Residential District.**

The district is designed to protect and enhance those areas developed or likely to develop with single or two-family dwellings. The district regulations are designed to promote a suitable environment for homes and for activities connected with family life. The only uses permitted as a matter of right are single- and two-family dwellings. Additional uses are permitted with approval.

**P1 Open Parking District**

This district is designed for off-street parking of private passenger vehicles on property that abuts, or is separated by an alley or easement from a non-residential district. The regulations permit the establishment of parking facilities to serve the non-residential uses, and at the same time do not permit the non-residential uses per se to extend into residential areas. The district will assist in reducing traffic congestion caused by non-residential uses and at the same time will protect abutting residential areas from the deleterious effects of adjacent vehicular parking areas.

An amendment to the Zoning Ordinance requires the approval of the City Council after a public hearing and after receipt of a report and recommendation by the City Planning Commission.

You may present your views on this proposal by attending this hearing, by authorizing others to represent you, or by writing to this office. Because it is possible that some who are affected by this proposal may not have been notified, it is suggested that you kindly inform your neighbors so that they too may express their positions if they so desire.

An interpreter for the hearing impaired will be present at the meeting if requested at least 48 hours in advance. To request that an interpreter for the hearing impaired be present at the meeting, please call 224-4946.

The City Clerk's Office forwarded to this office applications for Neighborhood Enterprise Zone (NEZ) certificates for 28 soon-to-be constructed houses at the above-mentioned addresses.

City Planning Commission staff's research indicates that all of the above properties are within the boundaries of the U-SNAP-BAC NEZ, which was approved by City Council on June 25, 1997. The certificates are for 28 new single-family houses, which are expected to cost \$150,000 per unit to construct.

Based on the above analysis, CPC staff recommends approval of the subject NEZ certificates within the boundaries of the U-SNAP-BAC NEZ area. Please contact us should you have any questions. U-SNAP-BAC Non Profit Housing Corp. is

applying for the certificates, prior to the issuance of building permits, on behalf of the future owners of the property.

Please let us know if you have any questions.

Re: Neighborhood Enterprise Zone Certificate application for one new single family home located at 14000 Plainview located within the Westwood Park NEZ (Recommend Approval).

The City Planning Commission (CPC) staff has reviewed the application for a Neighborhood Enterprise Zone (NEZ) certificate forwarded from the City Clerk's Office on March 22, 2004. The application corresponds to the property located at 14000 Plainview.

Northwest Detroit Neighborhood Development intends to construct a single-family home on approximately .18 acres on the east side of Plainview between Kendall and Evergreen. The lot located at 13994 Plainview will be combined with the lot at 14000 Plainview. The NEZ certificate application appears to have been submitted prior to the issuance of any applicable permits.

CPC staff has reviewed the application and recommends approval because the subject property is within the Westwood Park NEZ area, which is generally bounded by Lyndon to the north, Evergreen to the west, Grandville to the east and Schoolcraft to the south.

The property in question has been confirmed as being within the boundaries of the Westwood Park NEZ and should be eligible for an NEZ Certificate in accordance with State Act 147 of 1992. The estimated cost to construct the home is \$180,000.00.

**City Planning Commission**

March 31, 2004

Honorable City Council:

Re: Proposed amendment to the Master Plan of Policies, East Central Sector Policies, Article 303 and the Near East Riverfront Subsector, "Recommended Future Land Use" map (RECOMMEND APPROVAL).

The Planning and Development Department (P&DD) has prepared a set of amendments to the Detroit Master Plan of Policies (Master Plan) in support of development activity in the Near East

Riverfront. The proposed amendment affects the East Central Sector Policies, Article 303 and the Near East Riverfront Subsector, "Recommended Future Land Use" map. This amendment is not intended to address the comprehensive east riverfront planning activities of the last two years, but simply to make interim adjustments. The primary reason for pursuing an amendment at this time is to allow for a Neighborhood Enterprise Zone designation that would facilitate the renovation of the Stone Soap Building at 1490 Franklin for residential use and the redevelopment of the surrounding 10 acres. Please see the attached letter and proposed amendment from the department.

#### **PROPOSED AMENDMENT**

The proposed amendment includes map changes and related text changes. The subject area is shown on the East Central Sector Near East Riverfront Subsector, "Recommended Future Land Use" map (see map included in the attached amendment). It is proposed that the designation for the area bounded by East Jefferson, Joseph Campau, Woodbridge, McDougall, Atwater and its eastern extension and Rivard be changed from SC, Special Commercial-Residential to SRC, Special Residential-Commercial. It is also proposed that the "Entertainment/Gaming Area" designation be removed from the area generally bounded by East Jefferson, Chene, Atwater and Riopelle. Corresponding, all references to "gaming" contained within the text of the East Central Sector Policies, Article 303, would be removed and appropriate references made with regard to the SC to SRC designations.

The proposed land use designation would accommodate the mixed-use (predominantly residential) development most practical for the area given the nature of its existing buildings. Coincidentally, but rationally, this change is consistent with the planning being done for the Near East Riverfront district. The removal of the entertainment/gaming designation reflects the decision to not locate permanent casinos in the near east riverfront area.

#### **STONE SOAP BUILDING**

Aspen Custom Builders and Quint Construction have proposed to renovate the former Stone Soap building into 24 lofts. P&DD feels that the designation of the surrounding 10 acres will encourage the renovation or creation of additional residences.

#### **PUBLIC HEARING RESULTS**

On March 18, 2004, the City Planning Commission (CPC) held a public hearing on this matter. At that hearing, no one spoke.

#### **CONCLUSIONS AND RECOMMENDATIONS**

The renovation of the Stone Soap building is indicative of the renewed direction for development in the Near East Riverfront. The renovation project requires the financial benefits of the NEZ designation, which requires the project be consistent with the Master Plan. Furthermore, another Master Plan amendment for this area is forthcoming, subsequent to the completion of riverfront planning activities, which will provide another, more comprehensive review of this area. At its March 18, 2004 meeting, the CPC took action to recommend approval of the requested amendment to the Master Plan of Policies.

Re: A resolution to amend the Detroit Master Plan of Policies for a portion of the Near East Riverfront to remove references to an "Entertainment/Gaming Area" and accommodate new mixed-use development.

Pursuant to the City of Detroit's City Charter (Section 8-102), the Planning and Development Department's Planning Division has submitted for your consideration and action a proposed Amendment to the Detroit Master Plan of Policies. Adoption by your Honorable Body of this resolution would accommodate changes in the Master Plan of Policies that would remove references to an "Entertainment/Gaming Area" that describe the former proposed permanent casino site while facilitating future mixed-use development.

#### **Location**

The subject area for the proposed change is generally bounded by East Jefferson Avenue on the north, Joseph Campau and McDougall Avenues on the east, Atwater Street and its eastward extension on the south, and Rivard Street on the west. The approximately 100-acre subject area is located in the East Central Sector, Near East Riverfront Subsector of the Master Plan of Policies.

#### **Existing Site Information**

##### **Future general land use:**

"SC", Special Commercial-Residential

##### **Existing land and/or building use:**

Commercial, residential, parking, and some light industrial uses along with some vacant lots

##### **Existing zoning:**

SD4 (Special Development, riverfront mixed use)

**Size (acreage):** Approximately 100 acres

**Surrounding Site Information**

**Future general land use:**

*North and West:* "SC", Special Commercial north of Woodbridge and "SC/OS", Special Commercial-Residential/Open Space south of Woodbridge

*South:* "SC/MP", Special Commercial-Residential/Major Park west of Orleans; "MP", Major Park between Orleans and Chene; and "SC'OS", Special Commercial-Residential/Open Space east of Chene

**Existing land and/or building use:**

*North:* Retail, some apartments

*East:* Apartments, retail, and parking

*South:* Chene Park, open space, parking, and isolated industrial uses

*West:* Retail, institutional, and parking

**Existing zoning:**

*North:* General Business (B4)

*East:* Special Development, riverfront mixed use (SD4) north of Franklin and Planned Development (PD) south of Franklin

*South:* Planned Development (PD) near the subject area's southeastern and southwestern boundaries; Parks and Recreation (PR) between Orleans and St. Aubin and also between Dubois and Chene; Intensive Industrial (M4) at three separate locations; and Special Development, riverfront mixed use (SD4) adjacent to the southeastern boundary

*West:* Special Development, riverfront mixed use (SD4) north of Franklin and Planned Development (PD) south of Franklin

**Project Proposal**

**Future general land use:** "SRC", Special Residential-Commercial to accommodate mixed-residential and commercial development.

**Proposed land and/or building use:** The specific project precipitating this proposed land use change calls for renovating the former Stone Soap Co. building at 1490 Franklin into 24 residential loft units.

**Proposed zoning:** The subject area has recently been rezoned to SD4 (Special Development, riverfront mixed use) and is currently reflected as such on the East Central Sector Generalized Rezoning Concept map.

The proposed Stone Soap project is located within a proposed Neighborhood Enterprise Zone (NEZ) that encompasses 9.65 acres and is generally bounded by East Jefferson Avenue and East Woodbridge Street on the north, Orleans Street on the east, Guoin Street on the south, and the western property lines of 1418 East Woodbridge, and 1410 and 1415 Franklin Street on the west.

**Interpretation**

*Impact on Surrounding Land Use*

The project could help to reenergize the market for residential and mixed-use development in an area that had declined after it was proposed as a permanent

casino site.

*Impact on Transportation*

The proposed development could potentially put more auto traffic onto east-west streets such as Atwater and Woodbridge. These streets are in generally poor condition and will need to be upgraded.

*Additional Analysis*

The proposed Amendment is the second Amendment for this portion of the Near East Riverfront (see Master Plan Amendment #8; April, 1997). The previous Amendment converted the subject area from a largely "SRC", Special Residential-Commercial land use designation to an "SC", Special Commercial-Residential designation. This was done to accommodate the proposed permanent casino district, but as those plans have changed, the "SC" designation is no longer necessary.

**Recommended Master Plan Amendment**

The Planning and Development Department requests this proposed Amendment to the Master Plan of Policies to accommodate mixed-use residential and commercial development in the subject area, a portion of which includes the 57-acre former proposed permanent casino district. The subject area had previously been envisioned as a mixed-use area in the Master Plan prior to its designation as a proposed casino district. Mixed-use, predominantly residential development is the most practical use for the subject area, as it contains many existing buildings that have either been used as residences in the past, or could be easily converted to residential use in the future.

The Planning Division of the Planning and Development Department therefore requests that the changes recommended in this proposed Amendment to the Near East Riverfront Subsector text and Future General Land Use map be made in the Master Plan of Policies.

Respectfully submitted,

Re: Correction of Legal Description Development: Parcel 243; generally bounded by Mullett, Gratiot, St. Antoine & Waler P. Chrysler Freeway.

By resolution adopted June 18, 2003, as subsequently amended by resolution adopted June 27, 2003, your Honorable Body authorized the sale of the above-captioned parcel to Greektown Casino, LLC, a Michigan Limited Liability Company, for the purpose of constructing a new permanent home for Greektown Casino. The sale took place and closing occurred on June 30, 2003.

It has come to our attention that a portion of the parcel intended to be conveyed was omitted from the legal description set forth in the resolution by which Council approved the transaction and from the quit claim deed delivered to Greektown Casino, LLC to effect the sale. A corrected legal description has been prepared that accurately and completely describes the parcel being conveyed.

Dortch, Director of Urban Development, request to install and maintain encroachments within the south right-of-way line of Woodbridge Street, 50 feet wide, east of St. Antoine Street, 50 feet wide.

The Colasanti Corporation intends to renovate its property at 672 Woodbridge Street. Part of this renovation will require that portions of the new building facade encroach a minimum of 4 inches and a maximum of 8 inches within the public right-of-way.

Division — DPW.

The Public Lighting Department requires a minimum horizontal clearance of 3-feet 6-inches and a vertical clearance of 1'-0" must be maintained from their facilities.

The Detroit Water and Sewerage Department (DWSD) has no objection to the proposed encroachment provided that the petitioner abides by all of the terms and conditions of the attached resolution.

All other involved City departments and privately owned utility companies reported no objections or that satisfactory arrangements have been made.

Respectfully submitted,

Honorable City Council:

Re: Petition No. 1378 — Thamer Gasso et. al., for conversion of alley to easement in the area of 10020 and 10070 Gratiot Avenue.

Petition No. 1378 of "Thamer Gasso et. al", request conversion of a portion of the North-South public alley, 18 feet wide, in the block bounded by Gratiot Avenue, 124 feet wide, Burchill Court, 30 feet wide, and Hurlbut Avenue, 60 feet wide into a private easement for utilities for the construction of a new parking lot.

The request was approved by the Planning and Development Department, the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

If the petitioner at any time plans to discontinue use of the paved alley entrance (into Hurlbut Avenue), the petitioner shall pay all incidental removal cost.

All other city departments and private utility companies have reported no objection to the conversion of public rights-of-way into a private easement for utilities. Provisions protecting utility installations are part of this resolution.

STATEMENT BY COUNCIL MEMBER  
KENNETH V. COCKREL, JR. ON  
GENESIS CONTRACT VOTE

Today the Detroit City Council voted to approve a \$1.8 million contract for the repair of streetlights.

I could not in good conscience vote to approve this contract, which is with the Detroit-based Genesis company. This contract generated a tremendous amount of controversy and concern particularly among unions representing Public Lighting Department employees. These employees argued that this contract was privatization and that city workers could do the work.

While these concerns should not be taken lightly I do not believe they are valid in this case. Both the terms of the contract language as well as written and oral statements by PLD Director Mark Petty made it clear that this was a short-term contract intended to address a backlog in malfunctioning streetlights. Petty also stated that no union employees would be fired because of this contract.

My opposition is based on the fact that the purchasing ordinance appears to have been subverted in this case. Genesis was not the low bidder. The city's purchasing ordinance does have an "equalization factor" that allows a Detroit firm to be selected when it is not the low bidder but its bid amount is close enough to the low bidder's amount for it to be given preference. However, this Genesis bid was so high in comparison to the low bid that this equalization factor did not even apply.

Though Mark Petty did provide an explanation for why this decision was made, I do not believe the arguments were strong enough to justify what appears to be a disregard for the city's ordinance.

While I believe that Genesis is qualified to do work and respect and appreciate the fact, that it is based in Detroit, simply disregarding the purchasing ordinance in this case sets a potentially dangerous

precedent and leaves the city vulnerable to a legal attack.

STATEMENT BY COUNCIL MEMBER S. COCKREL IN SUPPORT OF PUBLIC LIGHTING CONTRACT NO. 2630629 FOR STREET LIGHT REPAIRS

On Thursday, April 8, 2004, I voted in support of the contract referenced above for two basic reasons. First, there is an imminent need for the lights to be repaired. Second, this contract makes good business sense for the City.

The Mayor's Office and Council Members received letters from concerned constituents whose lights were not working. One such letter indicated that, "we do not have street lights on our blocks, the lights are out or they are very, very dim, we need lights in the neighborhood." Emphasis added. She went on to indicate that "last summer a young black man was killed...walking from the store, not to say that if the lights were working this would have prevented his death, but lights would be helpful in the neighborhood." (Emphasis Added).

Clearly, there is a great need for these lights to be repaired. In that regard, it is the responsibility of the government to repair these lights in the most efficient, cost-effective manner possible while balancing the broader needs of City employees and the community as a whole.

Having reviewed the information pertaining to this contract, approving this contract makes good business sense in my estimation. The contractor's cost for labor per repair has been reported to be \$51.00. In contrast, the cost of labor per repair for a Public Lighting Department was reported to be \$81.10. At a basic level, it makes fiscal sense to execute this contract. Additionally, the funds being used for these repairs are capital dollars. Accordingly, these funds may not be used to hire new City workers. Lastly, the purpose of this contract is to repair the "backlog" of broken lights within the City. Once this contract is over, I am confident the Public Lighting Department employees will continue to maintain the City lights.

For all of the reasons stated above, I voted yes.

STATEMENT BY COUNCIL PRESIDENT MARYANN MAHAFFEY ON VOTE ON GENESIS ENERGY SOLUTIONS STREET LIGHT MAINTENANCE CONTRACT

I voted against the \$1.8 million Genesis Energy Solutions Street Light Maintenance Contract because it is an unwise expenditure of our tax dollars. Spending \$1.8 million on an outside contract for work that could be done more efficiently and inexpensively by city employees who live in our city, work and pay taxes, hurts all of us.

Public Lighting Department employees

in the Lamp Division have completed a four year Department of Labor Apprenticeship program and have the most knowledge and expertise about our lights and circuitry than anyone else. After the blackout last summer, our Public Lighting Department employees toiled relentlessly and performed miracles by restoring power quickly, despite depleted resources.

The Public Lighting Department do not have the staffing or material resources needed in order to work at full capacity. Because of the city's short-sightedness and refusal to fully equip our public utility employees, our neighborhoods suffer from having lights that don't work. The reason for the backlog of street light repairs, according to the employees who know best, lies in not having the resources they need to fix them. Spending more than \$300 per light under the Genesis contract does little to solve this problem in the long term. After the seven month contract is completed, what guarantee do we have that there will not be another backlog, if our city employees don't receive the equipment and materials they need?

There was some discussion about the facts that Genesis is a Detroit based, minority owned company. However, because it is primarily a consulting company, they will be hiring IBEW workers, the majority of whom are not minority. In contrast, the employees of the Lamp Room are all African American or Latino.

The \$1.8 million would be better spent by investing in our city resources. Our city workers can perform this work in a way that ensures efficacy and quality, and it would save jobs. The City Council recently passed a privatization ordinance and while it doesn't take effect for three months, we have a moral and political obligation to abide by it in spirit.

STATEMENT OF THE HONORABLE ALBERTA TINSLEY-TALABI REGARDING THE GENESIS ENERGY SOLUTIONS CONTRACT

In the three terms I have been a Councilmember, concerns relating to inoperable street lights have been one of the top 10 complaints on the Ombudsman's yearly Complaint List. A backlog of over 5,000 inoperable lights has accumulated, creating a dangerous and undesirable condition for our residents. I supported the Genesis Energy Solutions contract to deal with these issues in a timely and efficient manner.

The citizens have been forced to live with the lighting situation for much too long. I acknowledge that this is work that can be done by our city employees. However, the city is not able to purchase trucks and hire enough employees to address this backlog in a timely manner.

So to provide the level of service that our citizens deserve this contract was needed.

The funds utilized to provide this service are capital improvement dollars. There are limitations on how these funds can be used. Based on those limitations, it did not seem prudent to hire employees for seven months and then terminate them. Moreover, the time it would take to acquire the needed equipment for city employees to do this work would increase the backlog of repairs.

The Public Lighting Department has been installing new, technologically advanced lighting throughout the City over the past year. Not only are these new lights brighter, they last significantly longer. The major problem is that the city was not able to repair lights in a timely manner. The Genesis Energy Solutions contract allows the City the opportunity to tackle the backlog of repair and replacement of lights in an expedient manner, while supporting a Detroit-based business.

Although CLS offered a lower price to repair the lights, they did not include union wages in their bid. Their bid would require a large change order to reflect the increase in labor costs. Genesis Energy Solutions' bid gave a more accurate price for the services being provided because they have already established a relationship with the International Brotherhood of Electrical Workers.

I understand the unions' concern with the outsourcing of what appears to be the privatization of their work. I would not have approved this contract if even one City job was lost. There will be no positions lost or employees displaced as a result of the letting of this contract. Despite the negative comments that the press puts in the media, I know that our employees do a good job. This situation is no different. In the future Public Lighting has to be more proactive in its management of the department's resources to avoid the necessity of this kind of contract.

Again, I supported this contract because of my concern for the citizens of Detroit. Our residents deserve lighted and safe streets and this contract gave it to them in the most timely manner.

Re: 4623 Oregon. Emergency Demolition.

The building at the above location was recently found to be extensively fire damaged and structurally unsafe to the point of near collapse.

Our records indicate that this building was ordered removed by Council on February 12, 2002.

It is our opinion that there is an actual and immediate danger affecting the health, safety and welfare of the public. Therefore, under the authority of Ordinance 290-H, we are taking emergency measures to have this building or portions thereof removed with the cost assessed against the property.

By copy of this letter, we will notify all utility companies to immediately start utility disconnects.

Resolved, That, in accordance with the foregoing communication, the Department of Public Works is directed to immediately implement emergency measures to demolish dangerous structure or portions thereof, and to assess the costs of same against the property located at 4623 Oregon.

Honorable City Council:

Re: Address: 20154 Santa Barbara.

Name: Robert Tressler. Date ordered removed: March 12, 2004 (J.C.C. p. ).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on March 23, 2004 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of March 22, 2004.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

Director

Re: Address: 4315-17 Grand. Name: Michelle Clark. Date ordered removed: September 10, 2003 (J.C.C. pp. 2774-5).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on February 25, 2004 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of February 24, 2004.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

April 6, 2004

Honorable City Council:

Re: Petition of Kathleen Wendler (#2047) protesting proposed CSX Transportation gate at the intersection of Dix Avenue, West Vernor Highway, and Waterman Avenue (Recommend Approval of Temporary Driveway Permit).

In October, 2003, Kathleen Wendler of the Southwest Detroit Business Association (SDBA) sent a letter to your Honorable Body raising numerous concerns about CSX's plans to create a new main access gate for its expanded intermodal yard at the intersection of Dix Avenue, West Vernor Highway, and Waterman Avenue.

For this project, CSX has been studying two options: 1) improve an existing drive/gate just west of the Dix/Waterman/Vernor intersection without the need for a new driveway permit from the City, and 2) develop a new drive/gate just east of the intersection requiring a permit from the City. The SDBA contends a gate along West Vernor of Dix would negatively impact its community and favors access to the yard be provided from the east along Livernois or from the west closer to Wyoming. Regarding the Dix/Waterman/West Vernor intersection, City Planning Commission (CPC) staff, the Department of Public Works (DPW) Traffic Engineering Division (which is charged with issuing new driveway permits), and CSX agree that having a new driveway east of the intersection would be much safer than a driveway west of the intersection.

On February 6, 2004, City Council held a hearing to review the proposed project and discuss the SDBA's concerns. At the end of the discussion, Ms. Wendler and a CSX representative agreed to meet to work toward resolving the situation. Ms. Wendler requested that the City not issue any permits until an expedited review of the existing options was completed and there was agreement to explore longer-term solutions. Also, it was noted that State Representative Steve Tobocman was also working to have MDOT (which is providing a \$4 million forgivable loan for the project) assist in resolving the dispute. From the discussion, it was clear that the Council Members present favored the Traffic Engineering Division not issuing any permit until the various parties worked toward a resolution.

After the Council discussion, the Traffic Engineering Division indicated it would not issue a new permit to CSX unless City Council supported such action.

In the weeks since the Council discussion, SDBA and CSX have agreed to a number of steps toward exploring longer-term solutions for a different gate location. However, SDBA indicates it will not support a new permit being issued unless it is provided with a process, identification of potential funding, and a timeline including the maximum number of months that the truck gate would remain open at the subject intersection. In response, CSX has not been able to identify potential funding sources and cannot commit to the number of months the gate would be open. CPC staff understands that Representative Tobocman is still working to have MDOT assist with resolving this dispute.

CSX insists if the City does not issue a permit by early April, 2004 (because the project must be completed by June 1st) for a new drive east of Dix/Waterman/West Vernor (because the project must be completed by June 1st), that it will be

forced to develop the existing drive west of the intersection. Because the parties have not yet come to final agreement on a long term strategy and because the City supports a driveway east rather than west of the intersection, CPC staff is recommending at this time that Traffic Engineering grant CSX a temporary permit for a driveway east of the Dix/Waterman/West Vernor intersection.

Regarding the length of the temporary permit, Traffic Engineering recommends 3 to 5 years; CSX favors 8 years, but would accept 5 years. Ms. Wendler indicates the SDBA is opposed to any gate adjacent to the Dix/Waterman/West Vernor intersection, but would be more amenable to a 2-year temporary permit (however, Ms. Wendler indicates her board will not be meeting until April 14, 2004 to discuss a temporary permit).

To resolve the issue, CPC staff recommends a temporary permit be issued for a 3-year period. The Traffic Engineering Division indicates that it would take about 2 weeks to issue the temporary permit, but CSX might be able to start some preliminary work. Attached for Council's consideration is a resolution supporting the issuance of a temporary permit for a 3-year period. While the permit is being prepared, CPC staff would like to draft a memorandum of understanding to be signed by representatives of the City (CPC staff and Traffic Engineering), CSX Transportation, and the SDBA documenting a process for evaluating what steps to take when the temporary permit is close to expiring and the steps for studying finding an alternate gate location away from Dix Avenue and West Vernor Highway.

By Council Member Tinsley-Talabi:

Whereas, CSX Transportation and Norfolk Southern railroads are working with the Michigan Department of Transportation (MDOT) to improve and expand their intermodal freight operations at the Detroit-Livernois rail yard in southwest Detroit; and

Whereas, The reconfiguration of the intermodal operations would still allow Norfolk Southern to access its intermodal yard from a driveway/gate on the west side of Livernois Avenue just south of John Kronk Avenue and would make it difficult for CSX to continue using the Livernois driveway/gate to access its improved and expanded intermodal yard; and

Whereas, CSX has studied how to best access its improved yard and favors using either an already established driveway/gate on the north side of Dix Avenue just west of the intersection of Dix Avenue,

West Vernor Highway, and Waterman Avenue (which does not require a new permit from the City) or creating a new driveway on the north side of West Vernor Highway just east of the intersection of Dix Avenue, West Vernor Highway, and Waterman Avenue (which does require a new permit from the City); and

Whereas, The Southwest Detroit Business Association has raised numerous concerns about CSX's plans to potentially add hundreds of trucks on a daily basis entering and exiting its intermodal yard adjacent to the Dix Avenue, Waterman Avenue, and West Vernor Highway intersection, which is already congested and serves as a vital link connecting adjacent commercial and residential areas; and

Whereas, The City's Department of Public Works (DPW) Traffic Engineering Division has agreed not to issue any new driveway permit to CSX unless the City Council supports such a permit being issued;

Whereas, CSX and SDBA representatives have agreed to collectively explore alternative locations in the long term for trucks to access the CSX facility; and

Whereas, CSX and SDBA representatives, and City Planning Commission (CPC) the Michigan Department of Transportation and DPW Traffic Engineering Division staff will work to sign a memorandum of understanding documenting the process for evaluating the steps to take at the time a temporary permit is close to expiring, as well as the steps for studying the means to find an alternate gate location away from Dix Avenue and West Vernor Highway; and

Whereas, CPC staff and the Traffic Engineering Division think that, in the short term, having a new driveway east of the intersection of Dix Avenue, Waterman Avenue, and West Vernor Highway would allow the intersection to operate more efficiently and be safer to maneuver;

Now, Therefore, Be It Resolved, That the City Council hereby supports the DPW Traffic Engineering Division issuing a temporary 3-year permit to CSX to develop a new driveway on the north side of West Vernor Highway just east of the intersection of Dix Avenue, West Vernor Highway, and Waterman Avenue while an alternative gate location is studied, subject to the following conditions:

1. that prior to the expiration of the aforementioned temporary permit in 3 years, the DPW Traffic Engineering Division and CPC staff in conjunction with input from area community representatives, MDOT, and CSX, provide City Council with a status report regarding the functioning of the subject driveway adjacent to the Dix/Waterman/West Vernor intersection and efforts toward developing a new long term gate away from West

Vernor and Dix Avenue; and

2. that when the aforementioned 3-year temporary permit expires, the DPW Traffic Engineering Division will neither renew the temporary permit nor issue a permanent permit for a gate/driveway adjacent to the intersection of Dix/Waterman/West Vernor, unless the City Council supports such action.

#### City Planning Commission

April 5, 2004

Honorable City Council:

Re: Request of Hardy and Sons Sign Service, Inc. to erect a business sign at 460 W. Fort in a PCA (Restricted Central Business District) zoning district (Recommend Approval).

Hardy and Sons Sign Service, Inc. is requesting a permit to erect a business sign at 460 W. Fort. This property is located in a PCA (Restricted Central Business District) zoning district. PCA zoning districts are located in close proximity to the Public Center District and the controls of the PCA district are designed to prevent uses and structures from having a deleterious effect on the public center of the city. Section 113.0200 of the Zoning Ordinance requires City Council approval of the location and design of any sign proposed in a PCA district after receiving a report and recommendation from the City Planning Commission.

The proposed sign would be installed on the site of the existing gas station and would replace the sign currently located on the 14 foot tall pole near the northeast corner of W. Fort and First Street. The existing sign is 10 feet high by 6 feet wide, 60 square feet, and contains a "BP" logo and gas prices. The new sign would be six feet tall by 8 feet wide, 48 square feet, and would display a "Citgo" logo, gas prices and a credit card panel (see attached illustration). The sign face would be plastic and illuminated.

City Planning Commission staff has reviewed the proposal and illustration related to the proposed sign and finds that it is appropriate for the PCA district. The proposed sign is smaller than the existing sign and the total signage at the site conforms to the City's business sign ordinance. We further find that the location and design of the proposed sign would be consistent with the spirit, purpose and intent of the PCA district. We, therefore, recommend approval of the location and design of the sign and submit the attached resolution for your consideration.

Please find attached an updated draft

resolution in support of the State Lead Bills currently under consideration in the State Legislature. By ALL COUNCIL MEMBERS:

WHEREAS, According to the Centers for Disease Control, Detroit is ranked sixth in the nation for childhood lead poisoning. One out of every ten Detroit children are lead poisoned; in several areas of the city, this number is as high as one in five. Thus, childhood lead poisoning in Detroit is at a crisis level; and

WHEREAS, Despite the risk of lead poisoning, in 2002 only 35% (32,540) of Detroit children under six were tested, and of those 2,830 were identified as

being lead poisoned. Therefore, approximately 60,825 children have not been tested and potentially, 5,413 lead poisoned children in Detroit have not yet been identified; and

WHEREAS, According to the Detroit Free Press article dated January 21, 2003, Detroit has 2,080 homes known to have poisoned more than one child over a six year period; and

WHEREAS, The Detroit City Council has made the control and prevention of lead poisoning a priority through its various lead policies and by allocating funds for minor home repair and lead hazard control for households with lead poisoned children citywide, as well as allocating additional funds for other lead hazard control activities and services in Detroit. Combined these allocations total \$4.24 million over a two-year period.

NOW, THEREFORE, BE IT RESOLVED, That the Detroit City Council supports the efforts of the Michigan Legislature to begin to address the lead crisis in Detroit and throughout the State of Michigan through proposed legislation affecting different aspects of the State's lead problem; and

BE IT FURTHER RESOLVED, That the Detroit City Council supports any legislation that encourages property owners to make their properties lead-safe without imposing undue hardships and encourages the State to continue to seek financial incentives that facilitate property owners in addressing lead hazards, particularly in rental properties; and

BE IT FURTHER RESOLVED, That the Detroit City Council prefers HB 5118 to SB 753 because, in addition to designating representatives from the Mayor's Lead Task Force, it also designates representatives from the Detroit Public Schools and the Detroit Lead Partnership to serve on the State Commission; and

BE IT FURTHER RESOLVED, That the Detroit City Council encourages the State Legislature to also designate representatives on the State Lead Commission from the Detroit Health Department, the Detroit Housing Commission, and the Detroit City Council Housing Task Force to help make representation on the Commission more commensurate to Detroit's share of the State's lead problem, which is estimated to be 65 to 69 percent; and

BE IT FURTHER RESOLVED, That the Detroit City Council encourages the State Legislature to allocate lead resources proportionate to the extent of the problem in Detroit and supports the Governor's proposed Tobacco Tax proposal, in part, because it earmarks funds to help the State of Michigan address childhood lead poisoning; and

BE IT FURTHER RESOLVED, That the Detroit City Council prefers the version of SB 754 introduced on October 2, 2003 to

HB 5119 currently before the Governor because SB 754 provides an earlier effective date and stronger penalties for HMO's that fail to achieve a screening rate of 80 percent for Medicaid-enrolled children; and

BE IT FURTHER RESOLVED, That the Detroit City Council would prefer a version of SB 756 and/or HB 5116 that would make the lead registry mandatory for owners of all rental properties built prior to 1978; and

BE IT FURTHER RESOLVED, That the Detroit City Council invites the members of the Detroit delegation to work with it jointly as part of a study group to evaluate how Detroit can most successfully obtain and utilize State lead resources and to draft and analyze proposed legislation in order to help Detroit stakeholders in eliminating this preventable childhood health crisis; and

AND BE IT FINALLY RESOLVED, That copies of this resolution be forwarded to Governor Granholm, Mayor Kilpatrick, Senate President John D. Cherry, Jr., Senate Republican Leader Ken Sikkema, Senate Democratic Leader Bob Emerson, House Speaker Rick Johnson, House Majority Leader Randy Richardville, House Democratic Leader Dianne Byrum, members of the Detroit delegation, and the City of Detroit lobbyist, Marjorie Malarney.

Re: Implementation of Wage Adjustments and Certain Fringe Benefit Changes for Employees Represented by the Assistant Supervisors' of Street Maintenance and Construction.

The Labor Relations Division has recently reached agreement with the Assistant Supervisors' of Street Maintenance and Construction. **Department of Police**

January 31, 2004

Honorable City Council:

Re: Request permission to accept the Alcohol and Seatbelt Grant from the Michigan Office of Highway and Safety Planning.

The Eleventh Precinct Traffic Enforcement Unit is requesting permission to accept a continuation grant with the Michigan Office of Highway and Safety Planning. The project is entitled "Drive Michigan Safety Task Force."

If awarded, the grant will be for a period of one-year commencing October 1, 2003 to September 30, 2004, and is renewable based on prior enforcement. The (M.I.O.H.S.P.) grant will pay overtime for officers' salaries. The total budget for this grant is \$89,747.00. There is no cash match required by the City of Detroit.

The grant will establish specified dates to curb drinking and driving violations and to enforce the State of Michigan's drunk driving and seat belt laws. The goal of the grant project is to saturate a particular area during peak events within the boundaries of the Eleventh Precinct. Commander Robert Dunlap of the Eleventh Precinct will be the Project Director. The enforcement strategy will utilize the personnel of the Eleventh Precinct Traffic Unit.

Due to time constraints of the online acceptance process, the award was accepted and re-submitted to the Michigan State Police Office of Highway Safety Planning, pending approval of the City Council.

I am requesting that the Detroit Police Department's Eleventh Precinct Traffic Unit be allowed to accept the grant award.

Should you have any additional questions or concerns, please feel free to contact me at 596-1800, at your convenience.

Re: Resolution Authorizing the Issuance and Sale of a Sewage Disposal System Revenue Bond to the Michigan Municipal Bond Authority, of Junior Standing to the City's Sewage Disposal System Revenue and Revenue Refunding Bonds now outstanding.

The attached Resolution authorizes the issuance and sale of approximately \$45 million of Sewage Disposal System Revenue Bonds for the purpose of defraying part of the cost of acquiring and constructing repairs, extension and improvements to the City's Sewage Disposal System Capital Program.

This financing is for participation in the Michigan Municipal Bond Authority's Clean Water Revolving Fund 3th Quarter Financing, to take advantage of the Authority's lower cost of borrowing.

It is anticipated that the sale will occur in late June. Bond Counsel has prepared the attached Resolution and I recommend its adoption by your Honorable Body, with waiver of reconsideration, at your next formal session.

Respectfully submitted,

The obligation of the City to pay the principal of and interest on the Bonds shall continue until such payment in full has been made or until sufficient cash or sufficient Government Obligations shall have been deposited in trust for payment in full of the principal of and the interest on the Bonds to be defeased to its maturity, or, if called for redemption, to the date fixed for redemption, together with the amount of the redemption premium, if any. Upon deposit of cash or sufficient Government Obligations, as provided in the previous sentence, the statutory lien herein referred to shall be terminated with respect to the Bonds for which such deposit was made, and, the holders of such Bonds shall have no further rights under this Resolution except for payment from the deposited funds and registration and replacement of bonds and such Bonds shall no longer be considered to be outstanding under the Bond Ordinance and this Resolution.

**Section 7. Funds and Accounts; Flow of Funds.** Except as otherwise provided in this Resolution, all of the provisions relative to funds and accounts, their maintenance, the flow of funds and other details relative thereto, shall remain as specifically set forth in the Bond Ordinance.

**Section 8. Bond Proceeds.**

(a) The portion of the proceeds of the sale of each Series Bond representing capitalized interest, if any, as received, shall be deposited in the redemption fund

for SRF Bonds established by the Bond Ordinance, and the City may take a credit for the amount so deposited against the amount required to be deposited in such fund for payment of the next maturing interest payment on the related Series Bond.

(b) The balance of the proceeds of the sale of each Series Bonds, as received, shall be deposited in the respective Construction Sub-Account. These sub-accounts shall be established and maintained as separate depository accounts in accordance with the Bond Ordinance. Moneys in the Construction Sub-Account shall be applied solely in payment of the costs of the related Project, and any engineering, legal, financial or printing costs, and other expenses incident thereto and to the financing thereof. Payments for construction, either on account or otherwise, shall not be made unless the registered engineer in charge of such work shall file a signed statement with the Commissioners to the effect that the work has been completed in accordance with the plans and specifications therefor, that it was done pursuant to and in accordance with the contract therefor, that such work is satisfactory and that such work has not been previously paid for. Payment of the costs of engineering, legal, financial, printing and other costs of issuance with respect to the Bonds as provided in this section shall be made upon submission of appropriate documentation to the Finance Director of the City.

(c) Any unexpended balance remaining in the Construction Sub-Account after completion of the related Project may, with the prior approval of the Authority and at the discretion of DWSD, be used for further improvements, enlargements, and extensions to the System if, at the time of such expenditure, such use is approved by the Michigan Department of Treasury, Municipal Finance Division, if such permission is then required by law, and if such use will not, in the opinion of nationally recognized bond counsel, impair the exclusion of interest on the Bonds from gross income for federal income tax purposes. Any remaining balance after such expenditure shall, with the prior approval of the Authority, be paid into the Redemption Fund for the purpose of redemption or purchase, at not more than the fair market value, of the outstanding Bonds or portions thereof. Bonds acquired by purchase shall be canceled and shall not be reissued.

**Section 9. Bond Form.** Each Series Bonds shall be in substantially the form set forth in Appendix A hereto, with additions appropriate for the respective Series Bond and with such changes and additions as shall be determined appropriate by the Finance Director.

**Section 11. Act 34 Compliance; Sale of Bonds.** The Mayor and the Finance Director, each acting alone, is authorized and directed to do all such things, take all such actions and make all such applications and filings with the Michigan Department of Treasury as may be necessary or appropriate to comply with Act 34, Public Acts of 2001, as amended, or otherwise precedent to or in connection with the issuance, sale, and delivery of the Bonds.

the Authority in the forms hereby approved with such changes thereto and insertions therein as the Finance Director shall determine are necessary or desirable. The provisions of this Resolution, including, but not limited to, provisions with respect to disbursements of bond proceeds, disbursements and payments of capitalized interest on the Bonds and payments by the City to the Authority in amortization of

the Bonds, may be modified by agreement of the City and the Authority without the consent of the holders of Securities outstanding under the Bond Ordinance, so long as such modifications do not prejudice such holders of Securities of higher priorities.

**Section 18. Repeal; Savings Clause.** All other ordinances, resolutions or orders, or parts thereof, in conflict with the provisions of this Resolution are, to the extent of such conflict, hereby repealed.

**Section 19. REGISTERED OWNER: Michigan  
Municipal Bond Authority  
PRINCIPAL AMOUNT: \*\*\*\*\*\$\_\_\_\_\_\*\*\*\*

The City of Detroit, Wayne County, Michigan (the "Issuer") for value received, hereby promises to pay, to the Michigan Municipal Bond Authority (the "Authority"), out of the hereinafter described Net Revenues of the Issuer's Sewage Disposal System, the principal amount of \_\_\_\_\_ Dollars (\$\_\_\_\_\_) or so much thereof as shall have been advanced to the Issuer pursuant to the Purchase Contract between the Issuer and the Authority dated as of \_\_\_\_\_, 20 and a Supplemental Agreement by and among the Issuer, the Authority, and the State of Michigan, acting through the Department of Environmental Quality, in lawful money of the United States of America, with interest on the principal from the date each disbursement of such

principal is advanced by the Authority to the Issuer at the rate of two and one-half percent (2.50%) per annum until paid. Interest is first payable on \_\_\_\_1, 20 and semiannually on each \_\_\_\_1 and \_\_\_\_1 thereafter, and principal is payable on the first day of \_\_\_\_\_, commencing \_\_\_\_1, 20\_\_ (as identified in the Purchase Contract) and annually thereafter, in the principal installments indicated on the Payment Schedule attached as Appendix A hereto, unless prepaid prior thereto as hereinafter provided. The bond is payable as to principal, premium, if any, and interest at the corporate trust office of Bank One Trust Company, NA, or to such other place as shall be designated in writing to the issuer by the Authority (the "Authority's Depository").

This bond may be subject to redemption prior to maturity by the Issuer only with the prior written consent of the Authority and on such terms as may be required by the Authority.

Notwithstanding any other provision of this Bond, so long as the Authority is the owner of this Bond (a) this Bond is payable as to principal, premium, if any, and interest at Bank One Trust Company, N.A., or at such other place as shall be designated in writing to the Issuer by the Authority (the "Authority's Depository"); (b) the Issuer agrees that it will deposit with the Authority's Depository payments of the principal of, premium, if any, and interest on this Bond in immediately available funds by 12:00 noon at least five business days prior to the date on which any such payment is due whether by maturity, redemption, or otherwise; in the event that the Authority's Depository has not received the Issuer's deposit by 12:00 noon on the scheduled day, the Issuer shall immediately pay to the Authority, as invoiced by the Authority, an amount to recover the Authority's administrative costs and lost investment earnings attributable to that late payment; and (c) written notice of any redemption of this Bond shall be given by the Issuer and received by the Authority's Depository at least 40 days prior to the date on which such redemption is to be made.

In the event of a default in the payment of principal hereof or interest hereon when due, whether at maturity, by redemption or otherwise, the amount of such default shall bear interest (the "additional interest") at a rate equal to the rate of interest which is two percent above the Authority's cost of providing funds, (as determined by the Authority) to make payment on the bonds of the Authority issued to provide funds to purchase this bond, but in no event in excess of the maximum rate of interest permitted by law. The additional interest shall continue to accrue until the Authority has been fully reim-

bursed for all costs incurred by the Authority (as determined by the Authority) as a consequence of the Issuer's default. Such additional interest shall be payable on the interest payment date following demand of the Authority. In the event that (for reasons other than the default in the payment of any municipal obligation purchased by the Authority) the investment of amounts in the reserve account established by the Authority for the bonds of the Authority issued to provide funds to purchase this bond fails to provide sufficient available funds (together with any other funds which may be made available for such purpose) to pay the interest on outstanding bonds of the Authority issued to fund such account, the Issuer shall and hereby agrees to pay on demand only the Issuer's pro rata share (as determined by the Authority) of such deficiency as additional interest on this bond.

During the time funds are being drawn down by the Issuer under this bond, the Authority will periodically provide the Issuer a statement showing the amount of principal that has been advanced and the date of each advance, which statement shall constitute prima facie evidence of the reported information; provided that no failure on the part of the Authority to provide such a statement or to reflect a disbursement or the correct amount of a disbursement shall relieve the Issuer of its obligation to repay the outstanding principal amount actually advanced, all accrued interest thereon, and any other amount payable with respect thereto in accordance with the terms of this bond. Capitalized terms not defined herein and defined in the hereinafter defined Bond Ordinance are used herein as therein defined.

For the prompt payment of the principal of and interest on this bond, the revenues of the Sewage Disposal System of the City (the "System"); including all appurtenances, extensions and improvements thereto, after provision has been made for reasonable and necessary expenses of operation, maintenance and administration (the "Net Revenues"), are irrevocably pledged and a statutory lien thereon is recognized and created. The bonds of this series are of equal standing and priority of lien on Net Revenues as all other SRF Junior Lien Bonds issued under and in accordance with the Bond Ordinance and are of junior standing and priority of lien as to Net Revenues, and secured on a subordinate basis, to all Senior Secured Obligations, Senior Subordinated Bonds heretofore and hereafter issued under and in accordance with the Bond Ordinance, and such Junior Subordinated Bonds hereafter issued under and in accordance with the Bond Ordinance with a higher lien than that granted SRF Junior Lien Bonds, and any Ancillary Obligations

related to any of the foregoing.

This bond is issued pursuant to Ordinance No. 18-01, effective October 22, 2001 (the "Bond Ordinance"), and under and in full compliance with the Constitution and statutes of the State of Michigan, including specifically Act No. 94, Public Acts of Michigan, 1933, as amended, for the purpose of paying all or part of the cost of acquiring and constructing replacements, repairs, extensions and improvements to the System and paying the costs of issuing this bond.

This bond is a self-liquidating bond which is not a general obligation of the Issuer and does not constitute an indebtedness of the Issuer within any constitutional, statutory, or charter limitation, but is payable, both as to principal and interest, solely from the Net Revenues of the System. The principal of and interest on this bond are secured by the statutory lien hereinbefore mentioned.

For a complete statement of the revenues from which and the conditions under which this bond is payable, a statement of the conditions under which additional bonds of equal standing may hereafter be issued, and the general covenants and provisions pursuant to which this bond is issued, reference is made to the Bond Ordinance.

The Issuer has covenanted and agreed, and does hereby covenant and agree, to fix and maintain at all times while any bonds payable from the Net Revenues of the System shall be outstanding, such rates for service furnished by the System as shall be sufficient to provide for payment of the interest on and the principal of this bond and any other bonds of superior and equal standing payable from the Net Revenues as and when the same shall become due and payable, and to create and maintain a bond redemption fund therefor, to provide for the payment of expenses of administration and operation and such expenses for maintenance of the System as are necessary to preserve the same in good repair and working order, and to provide for such other expenditures and funds for the System as are required by the Bond Ordinance.

It is hereby certified and recited that all acts, conditions and things required by law precedent to and in the issuance of this bond and the series of bonds of which this is one have been done and performed in regular and due time and form as required by law.

IN WITNESS WHEREOF, the City of Detroit, Wayne County, Michigan, by its City Council has caused this bond to be signed by the manual or facsimile signatures of its Mayor and its Finance Director and its corporate seal to be impressed on

this bond, all as of \_\_\_\_\_, 20\_\_.

In the event (1) that the payment schedule approved by the Issuer and described below provides for payment of a total principal amount greater than the amount of assistance approved by the Order or (2) that less than the principal amount of assistance approved by the Order is distributed to the Issuer by the Authority, the Authority shall prepare a new payment schedule which shall be effective upon receipt by the Issuer.

**APPENDIX B  
PROJECT A**

**PROJECT NO. 5204-05**

The Project, renovation of the Cryogenic plant, includes, but is not necessarily limited to, the following:

Rehabilitation of the existing T-180 and T-400 plants and installation of a new oxygen pipeline. The pipeline will consist of a 6" diameter, 4,800 lineal foot pipeline from the Praxair facility in Ecorse to the DWSD wastewater treatment plant. The facility will include a metering station and appropriate fittings and flanges, as well as controls which will allow the vendor's chemical supply to be coordinated with the on-site cryogenic plant output. Permits and rights-of-way will be secured for the pipeline route which will include a crossing of the Rouge River, and a railroad crossing, as well as connections to the existing oxygen delivery piping network at the wastewater treatment plant premises.

Renovation of the T-180 and T-400 cryogenic plant will include architectural, structural, geotechnical, HVAC, instrumentation and controls, electrical, and process/mechanical work. The project will include improvements to the main air compressor, air surge tank, heat exchanger, expansion turbine, cold box, safety valves, cooling tower, thaw heaters, LOX storage and drain vaporizer. Electrical power systems will be upgraded and/or replaced including substation switchgear, on-site lighting, and power and control conduits. The obsolete instrumentation and control panel will be replaced with a new Westinghouse OCS to provide all programming and graphics for the facility and new OCS operator work stations to interface with the PC-713 data system. The HVAC renovation will include suspended in-room electric heating, and refrigerant cooling coil and filter with an air-cooled condensing unit on the roof. Exhaust fans and motorized dampers will be equipped with interlocks. Site improvements will include minor structural work on the facility and refurbishment of damaged metal wall panels on the electrical substation building, as well as replacement of the concrete slab on the Southwest side of the liquid storage tank.

**PROJECT B**

**PROJECT NO. 5206-06**

The Project, Rehabilitation of the Complex I Belt Filter Presses, includes, but is not necessarily limited to, the following:

Rehabilitation of the existing belt filter presses to replace the existing dewatering equipment, including bearings, drums, rollers and other components. Plumbing modifications will be performed, including replacement of valves, actuators and SFE piping. A new sludge cake pump con-

veyance system will be installed to the Central Off-Load Facility with piping to convey the cake to any of several storage silos. One or two of the existing belt filter presses may need to be removed to accommodate the new sludge cake pumping facilities, with the details of the layout to be established as space constraints are determined in the design phase. This project will include an extension to Belt No. 1 to convey the cake to the storage bins. Miscellaneous mechanical work will be included such as removal of supply and exhaust fumes along with some ductwork. New air centrifugal fans will be provided as part of the overall HVAC improvements. Structural renovations will be undertaken including removal of columns in the basement and the concrete floor on the ground level to provide space for the cake pump system. Appropriate structural supports or floor reinforcements will be provided to accommodate the new equipment, along with a concrete equipment pad for the cake pumps. Miscellaneous architectural and electrical renovations will be made to accommodate the rehabilitated belt filter presses, and instrumentation and control facilities compatible with the PC-713 data system will be installed.

**PROJECT C**

**PROJECT NO. 5228-01**

The work, improvements to the Scum Collection and Handling System, includes, but is not necessarily limited to, the following:

Renovation of the Scum Incineration Building at the Existing Site. The scope of work includes installation of three new scum concentrators and storage tanks, along with off-loading pumps. The existing scum incinerator will be demolished and removed, along with the scum decant tank. The electrical and instrumentation and control systems will be renovated and updated, including reprogramming the Westinghouse Ovation System to accommodate monitoring and control of the equipment being installed. The HVAC system will be upgraded and miscellaneous civil, structural and architectural improvements will be undertaken to upgrade the facility and provide space for operation and maintenance activities. Safety features such as eye wash stations will be included, along with gas detection systems and fire protection.

The scope of work for this project includes sequential demolition of Scum Buildings 1-7, and replacement with brick-faced, block structures with pre-cast roofs on the existing foundations. The facilities will include roll-up doors, insulated windows, fiberglass doors, as well as stainless steel conveyors, and associated gratings and supports. The electrical, mechanical and HVAC equipment integral to the structures will also be replaced.

The project also includes improvements to the scum line/hot water line to install and insulate a 4" re-circulation line to return hot water from the system to the boilers and to repair damaged sections of the scum lines/hot water line in the conduit located between Scum Buildings 6 and 7. Check valves and fittings will be installed to connect the re-circulation line to the hot water line at Scum Buildings 1 and 7, and to the make up water supply for the boilers, along with a re-circulation pump.

Honorable City Council:

Re: Executive Organization Plan — Non-Departmental Creation of the Strategic Management Center.

Section 7-102 of the 1997 Detroit City Charter authorizes the Mayor to prepare and subsequently amend an organization plan for the Executive Branch of City government. That plan and its amendments are to be submitted to your Honorable Body and made public. After a public hearing, the City Council is required to approve, recommend modification, or reject the plan within sixty (60) business days. Lacking such action, the plan automatically goes into effect.

This communication is submitted to your Honorable Body setting forth one of several proposed amendments to the current Executive Organization Plan which will be submitted simultaneously. This

amendment would create the Strategic Management Center as a non-Departmental agency, which would include two existing units: the Office of Grants Acquisition and the Office of Targeted Business. The mission of the Strategic Management Center is to maximize the use of citywide strategic planning and management services to facilitate the coordination and alignment of precious operational, financial, and "people" assets. The Strategic Management Center will apply leading practices, technologies, and innovation to the City to facilitate a superior level of service delivery to the citizens of Detroit. This Center will report to the Chief Administrative Officer.

Your Honorable Body's approval of this Executive Organization Plan amendment in advance of the maximum sixty (60) business day time limit will enable us to implement these changes in accordance with the 2004-2005 Executive Budget now before your Honorable Body. I look forward to your support of the resolution.

This communication is submitted to your Honorable Body setting forth a proposed amendment to the current Executive Organization Plan which would eliminate the Consumer Affairs Department as a City Agency but insure the continuation of all of its functions by:

1. 2. Transferring the responsibilities of the Licenses and Permits Division of the Consumer Affairs Department, to the Building & Safety Engineering Development Department (BS&E) to utilize B&S's expertise and experience in the licensing and permit area.

Honorable City Council:

Re: Executive Organization Plan Amendment Department of Administrative Hearings Created.

Section 7-102 of the 1997 Detroit City Charter authorizes the Mayor to prepare and subsequently amend an organization plan for the Executive Branch of City government. Any amendments to the Plan are to be submitted to your Honorable Body and made public. After a public hearing, the City Council is required to approve, recommend modification, or reject the amendment within sixty (60) business days. Lacking such action, the amendment automatically goes into effect.

This communication is submitted to your Honorable Body setting forth a proposed amendment to the Executive Organization Plan creating a new "Department of Administrative Hearings," to replace the Municipal Ordinance Violations Bureau (MOVB) established by Section 35.5-2-1 of the 1984 Detroit City Code, which will adjudicate Blight Violations issues under the City Code.

Now that the appropriate state enabling legislation has been enacted,<sup>1</sup> and when appropriate amendments to the 1984 Detroit City Code are approved by your Honorable Body, the Zoning Environmental, and Property Maintenance Enforcement Branches of the MOVB will be dissolved, and separate divisions reestablished in, the new Department, which will adjudicate Blight violations regarding Chapter 19, Article I, Chapter 22 and Chapter 61 of the 1984 Detroit City Code. The intention is to create a hearings tribunal to assess civil fines and costs pursuant to schedules of Blight Violation Ordinances, to alleviate pressures on the 36th District Court, and to replace time-consuming court-centered adjudication procedures with a more streamlined, but independent and impartial administrative system by:

- 1. Creating the Department of Administrative Hearings, to be designated

as Agency 45 in the *Executive Organization Plan*, to strengthen Code enforcement efforts to assessing and collecting civil fines and costs for Blight Violations issued under the 1984 Detroit City Code; and

2. Concentrating and consolidating adjudication of all Blight Violations into the Department of Administrative Hearings that is independent from the specific code-enforcing agencies.

Your Honorable Body's approval of this Executive Organization Plan amendment in advance of the maximum sixty (60) business day time will enable the Administration to implement these changes in accordance with the proposed 2004-2005 Executive Budget. I request and look forward to your support of the resolution.

Honorable City Council:

Re: Executive Organization Plan. Amendment Name Change (Cultural Affairs Department to "Department of Culture, Arts & Tourism").

Section 7-102 of the 1997 Detroit City Charter authorizes the Mayor to prepare and subsequently amend an organization plan for the Executive Branch of City government. That plan and its amendments are to be submitted to your Honorable Body and made public. After a public hearing, the City Council is required to approve, recommend modification, or reject the plan within sixty (60) business days. Lacking such action, the plan automatically goes into effect.

This communication is again submitted to your Honorable Body setting forth a proposed amendment to the current Executive Organization Plan which would change the name of the Cultural Affairs Department to the Department of Culture, Arts & Tourism. No other changes are made by this amendment, and no other Departments are affected.

The proposed name change is intended to reflect an expanded role for the Department which will serve as a liaison with local existing cultural institutions, and include all creative entities under its umbrella. In addition, the new name will reflect an increase in outreach efforts to attract both business and vacation visitors to the City and promote the use of the City as a venue for local and national film productions.

Your Honorable Body's approval of this

Executive Organization Plan amendment in advance of the maximum sixty (60) business day time limit would be appreciated. I look forward to your support of the resolution.

Re: Executive Organization Plan Amendment Name Change — Employment & Training Department to "Detroit Workforce Development Department."

Section 7-102 of the 1997 Detroit City Charter authorizes the Mayor to prepare and subsequently amend an organization plan for the Executive Branch of City government. That plan and its amendments are to be submitted to your Honorable Body and made public. After a public hearing, the City Council is required to approve, recommend modification, or reject the plan within sixty (60) business days. Lacking such action, the plan automatically goes into effect.

This communication is submitted to your Honorable Body setting forth a proposed amendment to the current Executive Organization Plan which would change the name of the Employment & Training Department to the "Detroit Workforce Development Department" to better reflect its work. The current name was selected when all the department did was find jobs and provide job training. At

this time, Employment & Training is recognized as the leader of workforce development in the City of Detroit. "Workforce Development" encompasses the broad range of the Department's service: assisting employers with finding qualified workers; providing incumbent worker training to employers' current employees; administering drug screens and pre-employment qualification tests; assisting unions with identifying qualified candidates for apprenticeship programs; providing labor market information to employers and job seekers; assisting people who have jobs, but want to improve their skills through training; provide GED classes; providing child care and transportation assistance to all program participants who request it; assisting participants with clothing purchases for uniforms, interviewing clothes, or other business attire; assisting people who need jobs with training, mentoring, assessments, resume writing, interviewing techniques, etc.; and assisting youth with decision making skills, stay in school efforts, or obtaining employment.

Even this is not a fully comprehensive list, but illustrates why the name "Employment & Training" is no longer adequate.

No other changes are made by this amendment, and no other Departments are affected.

March 9, 2004

Honorable City Council:

Re: Request to adopt the Resolution authorizing an Installment Purchase under the existing GE Capital Master Lease Agreement dated February 27, 1998 between the City of Detroit and GE Capital.

We are prepared to proceed with financing the acquisition and installation of copiers to be utilized by City Council, Water and Sewerage, Building & Safety Engineering and Fire Departments. The financing will allow the City to raise approximately \$492,000 for the equipment. While various financing alternatives were considered (including the issuance of bonds), we have determined that the most cost effective option for financing the equipment is through GE Capital Corporation.

The attached Resolution will authorize the City to execute Equipment Schedule No. 012 (also attached) under the existing Master Lease Agreement dated February 27, 1998 between the City and GE Capital.

Adoption is respectfully requested with waiver of reconsideration at your scheduled formal session.

Respectfully submitted,  
SEAN K. WERDLOW

Finance Director

By Council Member S. Cockrel:

Whereas, The City of Detroit (the "City") proposes to enter into agreements with Xerox Corporation, Commercial

Business Services, Savin and Millennium Business Systems (the "Agreements"), providing for the acquisition and installation of 37 leased copiers to be located in the offices of the City Council, Department of Water & Sewerage, Department of Building & Safety Engineering and the Fire Department at various locations within the city (the "Property"); and

Whereas, It is determined to be necessary and desirable and in the best interest of the City that the acquisition and installation of the Property be financed by an installment contract authorized under the provisions of Act No. 99, Public Acts of Michigan, 1933 as amended, and more specifically by the acquisition and installation of the Property pursuant to an installment contract identified as a Master Lease Agreement (the "Lease"), dated as of February 27, 1998, between the City and GE Capital Public Finance, Inc. (the "Lessor"), and Equipment Schedule No. 012 to be attached thereto relating to the Property, in the aggregate principal amount not to exceed \$492,000 (the "Schedule" and together with the Lease, collectively the "Contract"); and

Whereas, The aggregate outstanding balance, exclusive of interest, of all purchases made by the City pursuant to Act 99, including the Contract, does not exceed 1-1/4% of the taxable value of the real and personal property of the City.

Now, Therefore, Be It Resolved, That

1. It is hereby found to be necessary and desirable for the City to finance the cost of the acquisition and installation of the Property in the aggregate principal amount not to exceed \$492,000 pursuant to the terms and conditions of the Contract.

2. (a) The Lease is hereby ratified and confirmed. The Schedule shall be dated the date of delivery thereof. The interest rate on the interest portion of the rental payments to be made by the City under the Contract shall not exceed 4.0% per annum as shall be determined by the Finance Director at the time of the execution and delivery thereof. The Contract shall be payable in rental payments, consisting of both a principal portion and an interest portion, on such dates and in such years and amounts as shall be determined by the Finance Director and set forth in the Schedule at the time of the execution and delivery thereof; shall be in the aggregate principal amount not to exceed \$492,000 as shall be determined by the Finance Director and set forth in the Schedule at the time of the execution and delivery thereof; and may be prepaid on such dates and in such years and upon the payment of a prepayment fee, if any, as shall be determined by the Finance Director and set forth in the Schedule at the time of the execution and delivery thereof. Notice of any such pre-

payment shall be given as provided in the Contract.

(b) In making the determinations set forth in (a) above, the Finance Director shall be limited as follows:

(1) The first rental payment under the Schedule that contains a principal portion shall be due not later than May 1, 2004, and the final rental payment under the Schedule shall be due not later than April 1, 2009.

(2) The amount of the principal portion of the rental payments due under the Schedule in any one year shall not exceed \$110,000.

2. The Mayor and the Finance Director are hereby authorized to enter into the Schedule in substantially the form presented to the City Council (upon which form the City Clerk shall indicate the date of adoption of this resolution), with such changes thereto as are approved by the Finance Director, consistent with the terms of this resolution and not materially adverse to the City. The Schedule shall be executed with the facsimile signature of the Mayor and the manual signature of

the Finance Director and shall have the seal of the City impressed or imprinted thereon. The approval of such changes by the Finance Director shall be conclusively evidenced by his signature on the Schedule. The Schedule may be executed in counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

3. Except as provided in Section 4.2 of the Lease, the obligation of the City to make rental payments to the Lessor as provided in the Contract shall be absolute and unconditional in all events; provided, however, nothing contained herein or in the Contract shall limit the rights or remedies of the City under the Agreement.

A. 1. The parties shall submit to arbitration all matter in controversy raised in the above-named lawsuit.

2. The maximum amount of any award to the Camilla Flowers, as Personal Representative of the Estate of Ovanus Flowers shall not exceed the amount of Two Hundred Thousand Dollars (\$200,000.00). The minimum amount of any award to Camilla Flowers, as Personal Representative of the Estate of Ovanus Flowers shall not be less than Ten Thousand Dollars (\$10,000.00).

3. Any award in excess of \$200,000.00

There shall be no costs, fees, attorney fees or interest taxable with respect to the award rendered by the arbitrators.

The award of the arbitrators shall represent a full and final settlement of any amounts due and owing to Camilla Flowers, as Personal Representative of the Estate of Ovanus Flowers for any and all claims arising out of the incident which occurred on or about July 13, 2002 on Manchester, at or near the intersection of John R and 6 Mile Road in the City of Detroit. Re: Michael DeFazio vs. City of Detroit and Aaron Curtis Burnett. Case No.: 03-322481 NI. File No.: A20000.002013 (KAC).

On April 6, 2004, a case evaluation panel evaluated the above-captioned lawsuit and awarded Thirty-Nine Thousand Dollars (\$39,000.00) in favor of Plaintiff. The parties have until May 4, 2004, to either accept or reject the case evalua-

tion. Failure to file a written acceptance or rejection within this period constitutes a rejection.

Based upon our review of the facts and particulars of this lawsuit, which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body, it is our considered opinion that acceptance of the case evaluation award is in the best interest of the City of Detroit.

We, therefore, request your Honorable Body to authorize acceptance of the case evaluation award; and, in the event that Plaintiff accepts the award, to deem such acceptance as a settlement and to direct the Finance Director to issue a draft in the amount of Thirty-Nine Thousand Dollars (\$39,000.00) payable to Fraser & Souweidane, P.C., attorneys, and Michael DeFazio, to be delivered upon receipt of properly executed Releases and Stipulation and Order of Dismissal entered in Lawsuit No. 03-322481 NI, approved by the Law Department.

Honorable City Council:

Re: Establishment of the Belle Harbor Estates Neighborhood Enterprise Zone as Requested by Phoenix Group Consultants and Castle Construction.

Attached for your consideration please find a resolution and legal description which will establish the above-referenced Neighborhood Enterprise Zone (NEZ) in accordance with Public Act 147 of 1992 ("the Act"). A map of the proposed NEZ is also attached.

The goal of this NEZ establishment is the development, to its highest and best use, of a 13+ acre East side riverfront site, which is detailed in the legal description and illustrated by the map. The site will be developed with an estimated 270 condominium units.

Your Honorable Body conducted a public hearing on this matter on January 8th, as required by the Act. You may recall that at the time of the public hearing, the developers' proposed plan was in conflict with the Master Plan's vision for the site, which called for high density residential development, while the proposal involved a much lower density. The Act proposes

your Honorable Body establishing an NEZ that is in conflict with the Master Plan. Also, the Jefferson-Chalmers Citizens District Council had not been fully briefed on the then — existing project plan.

Be advised that the Phoenix Group and Castle Construction have brought their proposal into conformity with the Master Plan. The following summarizes the very substantial amendments that have been made in the project plan:

The Jefferson-Chalmers Citizens District Council has been fully briefed on the amended plan and has provided a written endorsement of same.

The Act requires that 60 days must pass between the date of the notice of the public hearing and your passage of a resolution establishing the NEZ. The date of this notice was December 11, 2003 and we therefore recommend that you approve the resolution at your next regular or adjourned formal session.

Respectfully submitted,  
HENRY B. HAGOOD

Director of Development Activities

By Council Member Bates:

Whereas, Michigan's Public Act 147 of 1992, the Neighborhood Enterprise Zone Act ("the Act"), provides for the establishment of Neighborhood Enterprise Zones (NEZs), the exemption from *ad valorem* taxes, and the imposition of a specific property tax in lieu of *ad valorem* real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development

goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in

PROPOSED BELLE HARBOR ESTATES NEZ SUPERIMPOSED ON THE BASE ZONE

others; and

Whereas, The Detroit City Council has found the establishment of the Belle Harbor Estates NEZ to be consistent with the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Whereas, The Detroit City Council has adopted a statement of goals, objectives and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed NEZs; and

Whereas, The Detroit City Council has enacted a housing inspection ordinance requiring that before the sale of a unit in a new or rehabilitated facility for which an NEZ Certificate is in effect, an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

Whereas, The Act requires that the designation of NEZs must be approved

by a resolution adopted by the local governmental unit subsequent to a public hearing at which any taxpayer or resident, or representative of any taxing authority levying a property tax in the City of Detroit, was given the opportunity to address the requested establishment of an NEZ; and

Whereas, A public hearing on the issue of establishing the Belle Harbor Estates NEZ was conducted before the Detroit City Council on January 8, 2004, with notice of the public hearing having been given by publication to the general public and by certified mail to every taxing authority levying a property tax with the City of Detroit; and

Whereas, Impediments to the establishment of the Belle Harbor Estates NEZ have been resolved;

Now Therefore Be It

Resolved, That the land area described in the attached legal description, and shown on the attached map, is

hereby established as the Belle Harbor Estates NEZ pursuant to Public Act 147 of 1992, the Neighborhood Enterprise Zone Act.

Honorable City Council:

Re: Public Sale of City-Owned Properties.

The properties listed below and described in the attached resolutions were advertised for sale to the public by the Planning and Development Department, Real Estate Division. These properties are tax reverted properties.

The properties in question are all residential properties in need of rehabilitation.

The properties were advertised for sale to the public in an "as is" condition by the sealed bid process. In addition, the properties were advertised for sale on a cash basis, with the purchase price to be paid via money order or cashier's check.

Further, the successful purchaser will be required to rehabilitate the property and correct all code violations stated on the "Presale Inspection Report" from the Building and Safety Engineering Department within six (6) months from receipt of a copy of the Quit Claim Deed by the City of Detroit. Accordingly, the successful purchaser is required to sign an "Affidavit of Compliance Responsibility" form with the Buildings and Safety Engineering Department prior to conveyance and to obtain a "Certificate of Approval" prior to occupying the property absent a temporary occupancy permit.

In each case, the successful purchaser has been informed that all rental properties in the City of Detroit must be registered with the Buildings and Safety Engineering Department.

Honorable City Council:

Re: Public Hearing on Establishment of the Six Oaks Neighborhood Enterprise Zone as Requested by the Urban Entity Group, LLC in Accordance with Public Act 147 of 1992.

The Planning & Development Department and the Finance Department have reviewed the Master Plan and the neighborhood preservation and development goals of the City, and find that establishment of the above referenced Neighborhood Enterprise Zone would be consistent with the neighborhood preservation and development goals and with the Master Plan.

Public Act 147 of 1992, commonly referred to as the Neighborhood Enterprise Zone (NEZ) Act, in Section 3(1) states "the governing body of a local governmental unit by resolution may designate one (1) or more neighborhood enterprise zones." Prior to acting upon the resolution establishing an NEZ, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an ad valorem tax within the proposed NEZ, said notice to be made not less than 60 days prior to your Honorable Body's passage of a resolution designating an NEZ.

The boundaries of the proposed NEZ are described in Exhibit A (legal description) and illustrated in the map attached hereto. The developer propose to con-

Hearing on such establishment, at which Public Hearing representatives of any taxing authority levying *ad valorem* taxes within the City, or any other resident or taxpayer of the City of Detroit may appear and be heard on the matter;

Now Therefore Be It

Resolved, That on MAY 4, 2004 at 9:30 A.M. in the City Council Committee Room, 13th floor, Coleman A. Young Municipal Center, a Public Hearing be held on the above described application for establishment of an NEZ within the boundaries described in Exhibit A (legal description) and illustrated in the map attached hereto; and be it finally

Resolved, That the City Clerk shall give notice of the Public Hearing to the general public and shall give written notice of the Public Hearing by certified mail to all taxing authorities levying an *ad valorem* tax within the City of Detroit, such notices to be provided no earlier than February 10, 2004.

Honorable City Council:

Re: Request to adopt the Resolution authorizing an Installment Purchase under the existing GE Capital Master

Lease Agreement dated February 27, 1998 between the City of Detroit and GE Capital.

We are prepared to proceed with financing the acquisition and installation of standby generators to be utilized by the Detroit Police Department, as required by a settlement agreement with the Department of Justice. The financing will allow the City to raise approximately \$1,286,250.00 for the equipment. While various financing alternatives were considered (including the issuance of bonds), we have determined that the most cost effective option for financing the equipment is through GE Capital Corporation.

The attached Resolution will authorize the City to execute Equipment Schedule No. 013 (also attached) under the existing Master Lease Agreement dated February 27, 1998 between the City and GE Capital.

Adoption is respectfully requested with waiver of reconsideration at your scheduled formal session.

Honorable City Council:

Re: Brewer Park Homes, Payment in Lieu of Taxes (PILOT).

Brewer Park Limited Dividend Housing Association Limited Partnership is developing a housing project consisting of 50 newly constructed three and four bedroom single-family units of 1200 and 1400 square feet respectively. The project area is bounded by Lemay to the west,

Lillibridge to the east, Warren Avenue to the north and Mack Avenue to the south.

Financing for the development will be through: Charter One Bank with a loan of \$880,000 for 15 years at 7.5%; City of Detroit — Home Investor Loan Program in the amount of \$1,659,000 at 6.00% for 20 years and Low Income Tax Housing Tax Credits for a total development cost of nine million nine hundred twenty six thousand ninety-nine dollars (\$9,926,099).

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA 125.1415A).

At least twenty percent (20%) or 10 of the units must be occupied by households having incomes no greater than 50% of the area median income adjusted for family size. The remaining eighty percent (80%) or 40 of the units must be occupied by households with incomes that do not exceed 60% of the area median income adjusted for family size. These income restrictions will remain in effect for the longer of the period the Affordable Housing Restrictions apply or the time required under the Tax Credit Program.

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a 4% service charge for this housing project.

Honorable City Council:  
 Re: Petition Number 2199 — Request for City Council Approval for the Issuance of Dance Permit by the Michigan Liquor Control Commission to Trio's Entertainment, Inc. at 11850 Livernois.

Section 916(6) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(6), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of (1) the chief law enforcement officer, and (2) the legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded a Local Approval Notice (Req. ID: 236749) to the Detroit City Council, which has been designated by the City Clerk as Petition Number 2199. The petition requests City Council's consideration and approval of the issuance of a new MLCC dance-entertainment permit to Trio's Entertainment, Inc. (Trio's) in conjunction with the transfer of ownership of a Class C liquor licensed business at 11850 Livernois. By letter dated March 1, 2004 to the MLCC, Trio's has amended its pending license transfer application to request approval of a dance permit only. (A copy of the letter is attached.) Thus, upon this Body's approval of the request for the issuance of a dance permit and the issuance of a "Group A" cabaret license by the Consumer Affairs Business License Center to Trio's, the subject establishment will be approved for dancing by patrons, only.

The Consumer Affairs Business License Center reports that the Trio's and the location are in compliance with all of the applicable provisions of the 1984 Detroit City Code for the issuance of a "Group A" cabaret business license. The Buildings and Safety Engineering Department reports that the business is in a B-4 (General Business) zoning district and that the current legal use of the property is 'Restaurant with Class "C" Bar per building permit number 34297, dated January 20, 1960 and building permit number 66846, dated July 29, 2003.

Therefore, The Law Department recommends that this matter be placed on

the City Council's agenda for consideration and approval or disapproval of the issuance of dance permit to Trio's for 11850 Livernois. Attached is a proposed resolution for approval of the issuance of a dance permit to Trio's Entertainment, Inc. by the MLCC for this location.

If there are any questions or concerns, please do not hesitate to contact us.

Respectfully submitted,  
 BRENDA E. BRACEFUL

Deputy Corporation Counsel

By Council Member Watson:

Whereas, Section 916(6)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(6)(b), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance permit, an establishment licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises are located;

Whereas, The MLCC has forwarded a Local Approval Notice (Request ID 236749) to City Council, which has been designated by the City Clerk as Petition No. 2199, in conjunction with the transfer of ownership of a Class C liquor licensed business at 11850 Livernois to Trio's Entertainment, Inc. (Trio's) and a request for the issuance of a new dance-entertainment permit for the location;

Whereas, By letter dated March 1, 2004 to the MLCC, Trio's has amended its pending transfer of license ownership application concerning 11850 Livernois to request approval of a dance permit only;

Whereas, Upon this Body's approval of the issuance of a dance permit by the MLCC, the issuance of a Group 'A' cabaret license by the Consumer Affairs Business License Center, and the MLCC's approval of the transfer of the Class C liquor license to Trio's, the subject location will be approved for dancing by patrons, only.

Whereas, The Consumer Affairs Business License Center has reported that Trio's and the location are in compliance with all of the applicable provisions of the 1984 Detroit City Code for the issuance of a Group 'A' cabaret business license for 11850 Livernois;

Whereas, Pursuant to Section 5-2-1 of the 1984 Detroit City Code, a Group 'A' cabaret means an establishment open to the public which sells or serves alcoholic beverages with or without food, and either allows dancing with or without live entertainment, or provides three (3) or more live entertainers at one time with or without dancing;

Whereas, The Buildings and Safety Engineering Department (B&SE) reports that the business is in a B-4 (General Business) zoning district and that the current legal use of the property is

'Restaurant with Class "C" Bar per building permit number 34297, dated January 20, 1960 and building permit number 66846, dated July 29, 2003';

Whereas, Since the current legal use of the property does not allow for entertainment or topless activity on the premises, this Body's approval of Trio's request for the issuance of the MLCC dance permit and the issuance of a "Group A" cabaret business license by the Consumer Affairs Business License Center, the subject establishment at 11850 Livernois would allow only dancing by patrons, only.

Whereas, The City Council has considered the Local Approval Notice for the approval of the issuance of an MLCC dance permit to Trio's for 11850 Livernois in accordance with its procedures and this Body's August 1, 2003 resolutions on the procedures and criteria for the approval or disapproval of the issuance of such permits;

Now Therefore It Is Resolved, Pursuant to Section 916(6)(b) of the Michigan Liquor Control Code, being MCL 436.1916(6)(b), that the Detroit City Council, approves the issuance of a dance permit by the MLCC to Trio's Entertainment, Inc. for 11850 Livernois which will allow for dancing by patrons only, at the location; and

It Is Further Resolved, That copies of this Resolution, and the City Clerk's certification of this approval of MLCC Request ID number 236749, be forwarded to the Michigan Department of Consumer and Industry Services, Liquor Control Commission, 7150 Harris Drive, P.O. Box 30005, Lansing, MI 48909-7575, the Detroit Police Department, Liquor License Unit, 1300 Park Street, and the Consumer Affairs Business License Center, 105 Coleman A. Young Municipal Center.

Honorable City Council:

Re: Appropriation Transfer Request Recommendation to Assist the Charles H. Wright Museum of African American History (the "Museum") Address Its Cash Flows Problems.

Per Council President Pro Tem. Kenneth Cockrel's, request, attached is a resolution that recommends several appropriation transfers to address the museum's cash flow problems using current year dollars.

Based on an updated cash flow statement from the museum (see attached), the museum needs \$510,000, instead of \$1,000,000, to help it get through the current fiscal year. Apparently, the museum is unable at this point to raise this level of funding from donors. Only \$130,000 in real dollars has been received from donors in the last couple months. In terms of larger donations, the museum has

received only pledges from wealthy donors. So, it appears the museum is in real need of the \$510,000.

The surplus and deficit analysis for the current fiscal year the Budget Department submitted to Council indicated an estimated \$18.6 million appropriation surplus for the current fiscal year (2003-04). This is being offset by an estimated revenue deficit of \$18.9 million, thereby ending up with a General Fund deficit of \$300,000.

We recommend that the \$510,000 be taken from six (6) departments with large appropriation surpluses due primarily to departmental vacancies. With the administration's charge to freeze hiring in nonessential positions, the savings from vacancies should be even more real. We recommend that \$85,000 be taken from the following departments to get to the \$510,000: Finance, Health, Information Technology Services, Law, Public Lighting and Non-Departmental. We have identified the specific appropriations in attached resolution.

### City Planning Commission

April 21, 2004

Honorable City Council:

Re: Proposed New Zoning Ordinance (Submitting Resolution to Extend Period for Council Consideration).

On March 26, 2004 (Line Item #5), your Honorable Body concurred with the recommendation of the City Planning Commission staff to freeze the proposed new Zoning Ordinance to include only those provisions recommended by the City Planning Commission on May 15, 2003, as well as those items transmitted by CPC staff in reports dated March 12, 2004 and March 24, 2004.

As a result of that action, CPC staff is generating a 6th draft of the Ordinance that contains all of the requisite changes. This draft will be forwarded to the Law Department within the next month for its approval as to form. Once signed by the Corporation Counsel, your Honorable Body can introduce the Ordinance and set a public hearing.

As indicated in the City Planning Commission (CPC) reports of August 29, 2003 and November 12, 2003, and as required by Section 64.0700 of the Zoning Ordinance, City Council needs to act on the recommended ordinance within 120 days of receipt of the Planning Commission's report and recommendation. The original 120-day review period would have expired on January 2, 2004 but was extended by resolution of City Council until May 1, 2004.

Since CPC staff's preparation of the 6th draft and the Law Department's review will continue past May 1, 2004, CPC staff recommends that the attached resolution be put on for a vote prior to the May 1st expiration date. The resolution will extend the review period of the proposed, new Zoning Ordinance for an additional 120 days until August 29, 2004.

Respectfully submitted,

Director

By Council Member Bates:

Whereas, On September 4, 2003, Detroit City Council received the report and recommendation of the City Planning Commission regarding repeal of Ordinance No. 390-G (Zoning) and passage of a proposed, new Zoning Ordinance; and

Whereas, On October 9, 2003, January 23, 2004, and March 12, 2004, Detroit City Council held discussions on this matter with six City agencies and outside zoning consultants; and

Whereas, Section 64.0700 of the Zoning Ordinance requires action by City Council on recommendations of the City Planning Commission within one hundred twenty (120) days of receipt of the Commission's report and recommenda-

tion; and

Whereas, City Council extended said one hundred twenty (120) day review period from January 2, 2004 to May 1, 2004; and

Whereas, Finalization of the 6th draft of the proposed new Zoning Ordinance by City Planning Commission staff and review of same by the Law Department will continue beyond May 1, 2004;

Now, Therefore, Be It Resolved, That Detroit City Council further extends the review period for consideration of the repeal of the existing Zoning Ordinance and adoption of the proposed, new Zoning Ordinance for an additional one hundred twenty (120) days until August 29, 2004.

Re: Detroit Entertainment LLC's (d/b/a MotorCity Casino) request to rezone land to SD5 (Special Development District for Casinos) for the construction of a casino complex. (Submitting resolution to extend the period for Council consideration of the petition)

On Wednesday, February 4, 2004, your Honorable Body passed a resolution extending the period of consideration for the above captioned rezoning request for MotorCity Casino. This was necessitated by the pending expiration of the 120-day time period for the Council to take action on the rezoning request, as set forth in Section 64.0700 of the Official Zoning Ordinance.

The February 4th resolution will expire on May 4, 2004 unless another extension is granted. Previously, you directed the CPC staff to monitor and inform your Honorable Body of the status of this petition in order to maintain it as viable for your consideration. Please find attached a resolution extending the period for consideration of MotorCity Casino's SD5 rezoning request for an additional 90 days.

Whereas, the Section 64.0700 of the Official Zoning Ordinance of the City of Detroit establishes that upon the expiration of a 120 day period following the date that the City Council formally receives the City Planning Commission's report and recommendation on any petition to amend the Zoning Ordinance, such petitions will be deemed denied unless the

time period is extended by resolution of the City Council; and

Whereas, Detroit Entertainment LLC (d/b/a/ MotorCity Casino) has petitioned the City Council for a rezoning of certain property in the City of Detroit from R2 and PD zoning district classifications to SD5; and

Whereas, the City Planning Commission report and recommendation on this rezoning request was received by the City Council on October 15, 2003; and

Whereas, the original 120 day period pertaining to this request was to expire on February 11, 2004, and on February 4, 2004 this City Council granted a 90 day extension, which will expire on May 4, 2004; and

Whereas, this City Council has expressed the desire to extend the period of consideration for this petition;

Now, Therefore, Be It Resolved, that pursuant to Section 64.0700 of the City of Detroit Zoning Ordinance, the Detroit City Council hereby extends the time period for consideration of the petition of Detroit Entertainment LLC to rezone property generally bounded by Grand River, Elm, Trumbull, Spruce, Brooklyn and the John C. Re: Neighborhood Enterprise Zone (NEZ) Certificate Applications for 2 units of new housing at 2945 Wabash and half of 2935 Wabash and 2927 Wabash and half of 2935 Wabash in the Briggs NEZ (Recommend Approval).

The City Clerk's forwarded to City Planning Commission (CPC) staff applications for Neighborhood Enterprise Zone (NEZ) certificates for 2 units of new housing, one located at 2945 Wabash and half of 2935 Wabash, and the other located at 2927 Wabash and half of 2935 Wabash. The applicants applied to the Assessor's Office for a lot split on March 12, 2004. Having reviewed these applications, CPC staff recommends approval of both NEZ certificates.

The Wabash properties have been confirmed as being within the boundaries of the Briggs NEZ and should be eligible for NEZ certificates under State Act 147 of 1992 as amended in 2001. There is no

taxable value recorded, possibly because the properties were purchased from the City of Detroit. The 2002 assessed value for the three lots combined is \$1,071, or \$357 per lot.

The applicants, Carlyss and Delvin Lewis, intend to construct two single-family homes on these three vacant lots. The home to be constructed on 2945/2935 Wabash is projected to cost \$170,000, and the home to be constructed on 2927/2935 Wabash is projected to cost \$160,000. The NEZ certificate applications appear to have been submitted prior to the issuance of building permits to do the work presently proposed by the developer.

Re: Neighborhood Enterprise Zone Certificate Application for 1545 Leverette in the Corktown NEZ (Recommend Approval).

The City Clerk's Office forwarded to this office an application for a Neighborhood Enterprise Zone (NEZ) certificate at 1545 Leverette.

City Planning Commission staff's research indicates that the above property is within the boundaries of the Corktown NEZ, which was approved by City Council on October 26, 1994.

The petitioner is proposing to spend over \$100,000 to rehabilitate a single family home on the subject project, which CPC staff understands was extensively damaged by a fire. The time cash value of the property is \$21,707, less than the \$80,000 per unit maximum allowed under the NEZ Act.

Based on the above analysis, CPC staff recommends approval of the subject NEZ certificate. Please contact us should you have any questions.

Honorable City Council:

Re: Establishment of the Jefferson/Woodbridge/Franklin Neighborhood Enterprise Zone”.

Attached for your consideration please find a resolution and legal description which will establish the Jefferson/Woodbridge/Franklin Neighborhood Enterprise Zone (NEZ) in accordance with Public Act 147 of 1992 (“the Act”).

Your Honorable Body conducted a public hearing on this matter on January 16, 2004, as required by the Act. However, at the time of the public hearing the proposal was not in compliance with the Master Plan. Subsequently the City Planning Commission and the Planning and Development Department have agreed on the appropriate amendment and held a Public Hearing on March 18, 2004. City Planning Commission and Planning and Development Department recommended approval of the amendment to the Master Plan policies. On March 31, 2004 your Honorable Body approved the amendment to the Master Plan.

As you may recall the ACB, Inc., (d.b.a. Aspen Custom Builders), and Quint Construction Company propose to rehabilitate the former Stone Soap building into 36 residential lofts. The total project cost is estimated at \$6,000,000 the unit purchase price will range from \$319,000-\$379,000.

The Act requires that at least 60 days must pass between the date of the notice of the public hearing to the date of your formal approval of a resolution establishing the NEZ. The date of the notice of the

public hearing was December 19, 2003 and we therefore recommend that you approve the resolution at your next regular or adjourned formal session.

Respectfully submitted,  
HENRY B. HAGOOD  
Director of Development Activities

Whereas, The Act requires that the designation of NEZs must be approved by a resolution adopted by the local governmental unit subsequent to a public hearing at which any taxpayer or resident, or representative of any taxing authority levying a property tax in the City of Detroit, was given the opportunity to address the requested establishment of an NEZ; and

Whereas, A public hearing on the issue of establishing the Jefferson/Woodbridge/Franklin NEZ was conducted before the Detroit City Council on January 8, 2004, with notice of the public hearing having been given to the general public and by certified mail to every taxing authority levying a property tax with the City of Detroit; and

Honorable City Council:

Re: Empowerment Zone Strategic Plan Modification-Budget Amendment for Programs F1.1/1.2 and F2.1/2.2.

The Detroit Police Department requests approval of a modification to the Empowerment Zone Strategic Plan. The modification shifts \$250,000.00 from Program F1.1/1.2 (Developing Comprehensive Community Policing Programs) to Program F2.1/2.2 (Public Safety/Emergency Services Mall). This reallocation was necessary to facilitate the increased acquisition costs of the Public Safety/Emergency Services Mall. The net result will not have an adverse impact on other community policing programs.

On December 5, 2003, the Board of Directors of the Empowerment Zone Development Corporation (EZDC) approved the reallocation of these funds (refer to attached EZDC resolution dated December 10, 2003). Consequently, the Detroit Police Department respectfully requests that your Honorable Body take action at its formal session to accept this award.

**RESOLUTION  
OPPOSING S.150, THE  
INTERNET TAX BILL**

By COUNCIL MEMBER S. COCKREL:

WHEREAS, S. 150, the Internet Tax Bill, has critical fiscal implications to Michigan local governments, including the City of Detroit; and

WHEREAS, S. 150 could eliminate the \$20-30 million to be received each year from the METRO Act; and

WHEREAS, S. 150 moved to full debate on the United States Senate floor and is set for debate for thirty (30) hours; and

WHEREAS, It is anticipated that there will be three potential amendments to be debated; and

WHEREAS, These amendments are commonly known as (1) the Alexander-Carper amendment (S. 2084), the McCain "compromise" and Enzi-Feinstein amendment; and

WHEREAS, The Alexander-Carper amendment is strongly supported by local governments, the National League of Cities and the Michigan Municipal League; and

WHEREAS, The Enzi-Feinstein amendment is supported as an alternative, in that it would simply extend the recently expired moratorium; and

WHEREAS, The McCain "compromise" would extend the moratorium for four (4) years, it would expand the definition of internet access, and this overly broad definition would significantly expand the services that are non-taxable; and

WHEREAS, Grandfather protections that would be part of the Alexander-Carper bill would terminate after three (3) years;

NOW THEREFORE, BE IT RESOLVED, That the City Council of the City of Detroit strongly opposes the passage of S. 150 and the McCain "compromise" and urges Senators Carl Levin and Debbie Stabenow to vote no;

WHEREAS, In recognition of the importance of having an independent commission to study, educate the public and report on issues pertaining to women including pay equity, education, domestic violence and discrimination, City Council funded a Women's Commission for \$150,000. Every commission in other states has staff in order to effectuate its duties. \$150,000 would provide for a director to coordinate commission activities and clerical support, and

**STATEMENT BY COUNCIL PRESIDENT  
MARYANN MAHAFFEY ON WOMENS  
COMMISSION**

Women in this country, in the State of

Michigan and in the City of Detroit face barriers such as social, economic and political discrimination and pay inequities. Michigan is 49th among 50 states in the status of women's equality.

In that light, on May 19, 2003, the Detroit City Council placed \$150,000 in the 2003-2004 budget to fund for 1/2 year a Womens Commission to coordinate efforts for the advancement of women's rights in Detroit. Duties and job description included the review and establishment of policies which address issues of importance to women and girls, including (but not limited to) sexual harassment, domestic violence, contractual opportunities for women, Title IX programs and higher educational programs. Also, the commission in the interim period of 90 days is to develop a job description, work plan and implement a search process to identify a full time executive who shall be appointed by the commission and affirmed by the City Council. The Interim Director was to be appointed by the Council President in order to facilitate the successful implementation of the Womens Commission process, and to organize a Womens Day celebration. Included in that appropriation were monies to hire a Director and one support staff person for the Commission, following the example of the Michigan State Womens Commission.

Some Council Members have offered their concerns about the appointment of an Interim Director of the Womens Commission and their salary before the description of all of her obligations have been further documented. I agreed that there should be a review of that decision, and welcome the opportunity to hear the Commission's input on the matter.

My no vote is specifically related to the resolves related to staffing and financing. For a three month period until July 1, 2004, the cost for the Director is \$18,750 plus fringes. I also voted against the provision that the commission would have to go to council for each expenditure, which could be \$5 for ball point pens.

In addition, the provision that each Council Member will assign a staff member to act as staff to that member's appointee to the commission instead of having a full time Director is flawed. There are no stipulations about how such a staffing situation would be organized and coordinated and how much time and the capacity such staff will provide. This process will delay the functioning of the commission because the commission cannot rely on indeterminant conditions.

The commission needs an independent full time director to work exclusively on the work of the commission in developing its plan.

In the meantime, I hope we can now

move forward with facilitating the important work of the commission. It is regrettable that the City Council did its due diligence beginning April 22, 2004 rather than January 28, 2004 when the enabling resolution was adopted. The most important point is that no amount of questions raised about these matters should serve as justification for not fully funding the Womens Commission and its imperative goals for this and future budget years.

#### RESOLUTION

By COUNCIL MEMBER TINSLEY-TALABI:

WHEREAS, The Detroit City Council fully recognizes the need for a strong and effective City Council Women's Commission; and

WHEREAS, The Detroit City Council also recognizes the wealth of experience of the appointed members of the Women's Commission and the wealth of experience of staff members such as Llenda Jackson-Leslie; and

WHEREAS, The Detroit City Council placed \$150,000 in the 2003-2004 Budget to fund a Women's Commission for the coordination of efforts for the advancement of women including a Women's Day celebration and advocate for Women's rights; and

WHEREAS, According to the February 12, 2004 memorandum from the City Council Fiscal Analyst, the Detroit City Council budgeted one City Council Administrative Assistant III position at approximately \$66,200 including salary and fringe and pension benefits for a support staff person for the Commission; and

WHEREAS, The same Fiscal Analyst report indicates that the remaining budgeted money would go to contractual services, office supplies, printing, postage, telecommunications, purchase services, travel, training, miscellaneous expense and equipment acquisitions; and

WHEREAS, Taking the current budget crisis into consideration, it would not be fiscally responsible to fund an Executive Director position without first determining a salary or job description; NOW THEREFORE BE IT

RESOLVED, That the City Council supports retaining the original Women's Commission and for the Commission to report its overall plan to the Detroit City Council upon 90 days of its first meeting; AND BE IT FURTHER

RESOLVED, That if at that time the Women's Commission recommends that an Executive Director is to be appointed, The Detroit City Council will appoint one upon recommendation by the Commission; AND BE IT FURTHER

RESOLVED, That any salaried interim or permanent position shall be terminated on the date of the passage of this resolu-

tion; AND BE IT FURTHER

RESOLVED, That each Council Member's office provide one existing staff member to act as support staff to that office's appointee to the Commission in order to reduce costs; AND BE IT FURTHER

RESOLVED, That each Women's Commission member shall have the right and authority to provide her fellow Commissioners with ideas and suggestions for further activities and events related to Women's issues; AND BE IT FINALLY

RESOLVED, That prior to the expenditure of any funds, the Women's Commission must submit a request for funds in the form of a Women's Commission resolution to the Detroit City Council. Following normal contracting procedures, the Detroit City Council will then authorize a resolution to approve expenditures for the Women's Commission.

STATEMENT BY SHEILA M. COCKREL  
RE: THE MATTER OF THE WOMEN'S COMMISSION AND "RESPECT"

The term "respect" is thrown around the Council table with cavalier disregard as to its meaning. It is used to buttress a particular position whenever it is convenient.

I am, frankly, tired of the sanctimonious, self-righteous, condescending, holier-than-thou lectures about "respect." We talk about respect.

- What about respecting City Council staff members when they participate in Commission meetings or come to the City Council table?
- What about an end to hostile, dictatorial chairing of meetings?
- What about an end to Chairpersons of Council meetings cutting off Council Members by gaveling meetings closed?

This entire term has been characterized by continuing disrespect for the Council as an institution. Some members arrived at this table in January, 2002 evoking disrespect. Proposals for Committee Structures were not shared with all members creating a climate of disrespect at this table and amongst Council Members that plagues this Council to this day.

- What about respecting the Council enough to not create "Advisory Boards" without Council concurrence?
- What about respecting Commission Members enough to provide them with copies of authorizing resolutions at the first meeting and the initial budget for the Women's Commission when requested by members?

The word "respect" is derived from Latin *respectus*, from *respicere*, which literally means to "look back at" and "to regard." It is defined by the Compact Oxford English Dictionary, in pertinent part, as "a feeling of admiration for someone because of their qualities or achievements" or "due regard for the feelings or rights of others."

It is high time that members of this Council look back at the last two years and three months and end the bullying, divisive, deceitful, disrespectful dynamic that has characterized this Council. It is time for some R-E-S-P-E-C-T all around.

**RESOLUTION OPPOSING SENATE BILL 2290**

Re: Request for Closed Session of Detroit City Council to Discuss *United States of America vs. City of Detroit, and Detroit Police Department*, U.S. District Court.

Deputy Corporation Counsel, Brenda Braceful, is requesting an opportunity to come before your Honorable Body in closed session to discuss the lawsuit of *United States of America vs. City of Detroit, and Detroit Police Department*.

Act 267 of the Public Acts of 1976, commonly referred to as the "Open Meetings Act," allows a public body, upon a two-thirds roll call vote of its members to:

To consult with its attorney regarding trial or settlement strategy in connection with specific pending litigation, but only if an open meeting would have a detrimental financial effect on the litigating or settlement position of the public body. MCL 15.268(e)

It is the opinion of the Law Department that an open meeting would have a detrimental financial effect on the City of Detroit based upon the litigation referenced above.

Honorable City Council:

Re: Petition Number 1839 — Request for City Council Approval for the Issuance of a Dance-Entertainment Permit by the Michigan Liquor Control Commission to Glenda Stanley Corporation for 17139-67 Schaefer.

Section 916(6) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(6), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, or a combination dance-entertainment permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of (1) the chief law enforcement officer, and (2) the legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded a Local Approval Notice (Request ID number 224241) to the Detroit City Council, which has been designated by the City Clerk as Petition Number 1839. The petition requests City Council consideration and approval of the transfer of ownership of a Class C liquor license with dance permit, which is located in escrow at 27409 Goddard, Romulus, and the issuance of a new entertainment permit to the Glenda

Stanley Corporation for an establishment at 17139-67 Schaefer. Upon this Body's approval of the request for the issuance of a dance-entertainment permit and the issuance of a "Group A" cabaret license by Consumer Affairs Business License Center to the Glenda Stanley Corporation, the establishment will be approved for dancing by patrons and entertainment.

The Consumer Affairs Business License Center reports that the Glenda Stanley Corporation and the location are in compliance with all of the applicable provisions of the 1984 Detroit City Code for the issuance of a "Group A" cabaret business license. The Buildings and Safety Engineering Department reports that the business is in a B2 (Local Business and Residential) zoning district and that the current legal, non-conforming use of the property is 'Cabaret (Class "C" Bar with Dance-Entertainment)' per building permit number 65580. A Board of Zoning Appeals Decision and Order, Case No. 34-03, dated May 9, 2003, granted approval, with conditions, for the expansion of the existing Class C bar into an adjoining building (at 17145 Schaefer) and to construct a one story rear storage room addition (at 17139 Schaefer). City of Detroit records indicate that the previous owner of the premises at 17139 Schaefer, d/b/a Juanita's Lounge, was licensed to operate a "Group A" cabaret at this location. Further, a copy of the 2002-2003 MLCC liquor license for 17139 Schaefer indicates that this address was approved by the MLCC for Sunday sales and dance-entertainment.

Pursuant to this Body's August 1, 2003 resolutions on the procedures and criteria for the approval or disapproval of the issuance of MLCC dance, entertainment, dance-entertainment, and topless activity permits, nonconforming use status shall be considered by City Council when considering such requests. Therefore, the Law Department recommends that this matter be placed on the City Council's agenda for consideration and approval or disapproval of the issuance of a dance-entertainment permit to the Glenda Stanley Corporation for 17139-67 Schaefer.

Attached are proposed resolutions: A) approving the issuance of the MLCC dance-entertainment permit to the Glenda Stanley Corporation for 17139-67 Schaefer, and B) disapproving the issuance of the dance-entertainment permit.

If there are any questions or concerns, please do not hesitate to contact us.

Whereas, The Buildings and Safety Engineering Department (B&SE) reports that the business is in a B2 (Local Business and Residential) zoning district and that the current legal, non-conforming use of the property is 'Cabaret (Class "C" Bar with Dance-Entertainment)' per building permit number 65580; and

Whereas, The land at 17139-17167 Schaefer was rezoned from B4 (General Business) to B2 (Local Business and Residential) in 1971 as part of an area-wide down-zoning of commercial land in Northwest Detroit, commonly referred to as the B4/B2 project; and

Whereas, Unlike the B4 zoning district, the B2 zoning district prohibits uses such as bars, secondhand stores, pool rooms and gas stations; and

Whereas, All existing bars, second-hand stores, pool rooms, and gas stations within the B4/B2 project area of Northwest Detroit became nonconforming uses on the day they were rezoned to B2; and

Whereas, Commercial strips on land zoned B4 and B2 in the City of Detroit are most often characterized by zoning lots of around 100 feet in depth, separated by an 18-foot wide alley or easement from single or two-family residential neighborhoods; and

Whereas, In the experience of the City, uses such as bars and nightclubs have presented concerns about noise, traffic, congestion, and other impacts to residential neighbors; and

Whereas, It is the adopted policy of the Detroit City Council to not take actions that would have the effect of lengthening the life of nonconforming uses; and

Whereas, The land at 17139-17167 Schaefer is surrounded by commercial uses to the north, east, and south, and open parking for institutional uses to the west; and

Whereas, The land at 17139-17167 Schaefer is atypical of B2 zoning districts in that there is no land developed as residential within 200 feet of the Class C bar; and

Whereas, Since the establishment at 17139-17167 Schaefer is not immediately adjacent to residentially developed land, the approval of the issuance of the permit should not have a negative impact on nearby residents; and

Whereas, City of Detroit records indicate that the previous owner of the premises at 17139 Schaefer, d/b/a Juanita's Lounge, was licensed to operate a "Group A" cabaret at the location and a copy of the 2002-2003 MLCC liquor license indicates that 17139 Schaefer was approved by the MLCC for Sunday sales and dance-entertainment; and

Whereas, The City Council has considered the Local Approval Notice for the approval of the issuance by the MLCC a dance-entertainment permit to Glenda Stanley Corporation for 17139-67 Schaefer in conjunction with the transfer of ownership of a Class C liquor license in escrow and in accordance with its procedures and this Body's August 1, 2003 resolutions on the procedures and criteria for the approval or disapproval of the issuance of such permits;

Now Therefore It Is Resolved, Pursuant to Section 916(6)(b) of the Michigan Liquor Control Code, being MCL 436.1916(6)(b), that the Detroit City Council, approves the issuance of a dance-entertainment permit by the MLCC to Glenda Stanley Corporation for 17139-67 Schaefer; and

It Is further Resolved, That because of unique characteristics of the property and

immediately surrounding area, the Detroit City Council finds that the continuation of operation of a nonconforming Class C bar at 17139-17167 Schaefer with the night-club-type activities permitted by an MLCC entertainment permit is unlikely to negatively impact the residents of the area nor conflict with the best interests of the City for this community; and

It Is Further Resolved, That copies of this Resolution, and the City Clerk's certification of this approval of MLCC request ID number 224241, be forwarded to the Michigan Department of Consumer and Industry Services, Liquor Control Commission, 7150 Harris Drive, P.O. Box 30005, Lansing, MI 48909-7575, the Detroit Police Department, Liquor License Unit, 1300 Park Street, and the Consumer Affairs Business License Center, 105 Coleman A. Young Municipal Center.

**Brownfield Redevelopment Authority**

May 3, 2004

Honorable City Council:

Re: Jefferson Chalmers Project Brownfield Plan.

The enclosed Brownfield Plan for the Jefferson Chalmers (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "Authority") to the Community Advisory Committee (the "Committee"), has been considered and reviewed by the Committee and a public hearing was held by the Authority on April 15, 2004 to solicit public comments. At its April 7, 2004 meeting, the Committee considered and approved a resolution recommending approval of the Plan by the Authority and City Council in the form presented by the Authority.

On April 21, 2004, the Authority adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

#### **Project Introduction**

The project involves the construction of 87 residential units consisting of eight two-story multi-unit buildings. The proposed town homes will be between 1300 and 2000 square feet. These units are proposed to be located on the property of the former Keating School (which has been demolished) and on the first 480 feet of Dickerson Street before the split. This type of unit has been requested by the city due to the parkway designation given to Dickerson Street. The project site is vacant and ready for immediate site improvement. The price range of these units will be between \$160,000 and \$200,000. The developer has received Neighborhood Enterprise Zone status for the project. Total project expenditures related to this project are expected to be approximately \$14,600,000.

#### **Purpose of the Proposed Plan**

The proposed Plan is intended to accomplish two purposes. First, upon approval of this Plan by City Council, JCT, L.L.C. will be entitled under state law to seek the approval of the Michigan Economic Growth Authority or the State Treasurer for a single business tax credit for up to 10% of their eligible capital investment in their project. Second, the Detroit Brownfield Redevelopment Authority will be authorized to capture tax increment revenues produced from the development of properties subject to this Plan to offset the cost to JCT, L.L.C. for environmental, infrastructure and site preparation work performed on the property subject to the Plan.

#### **Property Subject to the Proposed Plan**

The property is comprised of 78 parcels located on the east and west sides of Emerson Avenue, bounded by Jefferson Avenue to the north and Freud Street to the south. The real property was once the site of residential housing and the former Keating Elementary School, but is now vacant, with the exception of three existing residential structures on the west side of Emerson Avenue.

#### **Basis of Eligibility**

The property is considered to be "eligible property" as defined by Act 381 because it is located in a qualified government unit under the Brownfield Act, has previously been utilized for a residential purpose and is determined to be "Blighted" as defined by Act 381.

#### **Projected Costs**

The proposed plan anticipates the cost of the eligible activities from which taxes may be captured to be \$2,620,850 and a maximum estimate of \$893,129 for DBRA administrative reimbursement. The current estimates are that taxes will be captured through tax levies through 2020, not including five years of tax capture for the Local Site Remediation Revolving Fund (LSRRF). The plan projects that approximately \$2,756,294 will be placed into this fund by 2025.

This proposed plan has been presented to the Planning and Development Department for review. A letter of support for the project from P&DD is included in this packet. The proposed tax capture plan has been presented to the Chief Financial Officer of the city.

#### **Public Comments Received**

The Committee's communication to the City Council and the Authority, dated April 8, 2004 (Exhibit C), recommending approval of the Plan, including the minutes of the Public Hearing held by the Authority on April 15, 2004 are enclosed for the City Council's consideration.

At the public hearing, one member of the public attended and provided support for the project. A letter of support for the project was received from Jefferson Chalmers Association. A copy of the letter is included in this packet.

#### **Authority's Request**

The Authority is respectfully requesting the following actions from the City Council:

##### a) **May 5, 2004**
