Invocation given by Reverend Nemiah Smith, Apostolic Faith Temple, 4735 West Fort Street, Detroit, MI.

The Council then recessed, to reconvene to the Call of the Chair.

Pursuant to recess, the Council met at 1:00 P.M. and was called to order by the President Pro Tem. K. Cockrel, Jr.

Present — Council Members Bates, S. Cockrel, Collins, Everett, McPhail, Tinsley-Talabi, Watson, and President Pro Tem. K. Cockrel, Jr. — 8.

There being a quorum present, the Council was declared to be in session.

Council President Mahaffey was absent due to illness.

**Taken from the Table**

Council Member McPhail moved to take from the table an ordinance to amend Chapter 18, Art. V, of the 1984 Detroit City Code, Division 4. Prevailing Wage and Fringe Benefit Rates Required for City Project, by removing existing and adding new language to Section 18-5-60 titled Definitions and Section 18-5-63, titled "Requirement that a copy of prevailing wages be posted by contractor and subcontractors". Repealing existing sections and adding new sections titled Section 18-5-64 Complaint process, Section 18-5-65, Requirement for investigation of complaint, Section 18-5-66 Termination of contract for Failure to pay; liability of contract and securities, Section

18-5-67, Conditions for tax abatement and Section 18-5-68 Penalties, laid on the table November 12, 2003 (J.C.C. p. ), which motion prevailed.

The Ordinance was then placed on the order of third reading.

**THIRD READING OF ORDINANCE.**

The title to the Ordinance was read a third time.

The ordinance was then read.

The question being "Shall this Ordinance Now Pass?"

The Ordinance was passed, a majority of the Council Members present voting therefore as follows:

Yeas — Council Members Bates, Collins, McPhail, Tinsley-Talabi, Watson, and President Pro Tem. K. Cockrel, Jr. — 6.

Nays — Council Members S. Cockrel, and Everett — 2.

Title to the Ordinance was confirmed.

**STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN OPPOSITION OF ORDINANCE TO AMENDMENT TO CHAPTER 18, ARTICLE V, DIVISION 4 OF THE 1984 DETROIT CITY CODE ENTITLED PREVAILING WAGE AND FRINGE BENEFIT RATES REQUIRED FOR CITY PROJECT**

On Wednesday, January 7, 2004, I voted no on the ordinance referenced above. On November 12, 2003, I voted no on the introduction of the same ordinance because it was not approved as to form by the Corporation Counsel for the City of Detroit and because I believed that it contains legal problems and issues that needed to be addressed.

As a matter of public policy, it is my opinion that receiving approval as to form by the Corporation Counsel, prior to introduction of an ordinance is a worthwhile process. The Corporation Counsel is the attorney for the City of Detroit, and it behooves the City Council to respect and follow advice with respect to the approval of ordinances as to form. The process requiring approval as to form gives the Corporation Counsel an opportunity to ensure that the ordinances we enact conform to technical requirements and to the law. Regularly bypassing such an important safeguard sets a dangerous precedent and I am not prepared to support setting such a precedent.

Additionally, in my opinion, the ordinance appears to contain several provisions that are patently unconstitutional. Such flaws represent violations of long-standing and well-settled legal principles that do not represent good-faith efforts to change the law. Specifically, the ordinance adds an amendment providing for a private cause of action. The Corporation Counsel has consistently opined in opinions to which privilege was waived, that the City is prohibited from creating a private cause of action. Accordingly, it is my belief that an ordinance creating a private cause of action would thus be unlawful.

For all of the reasons stated above, I voted no on the introduction of this ordinance on November 12, 2003 and I again voted no on the passage of same on January 7, 2004.

-----  
**STATEMENT BY COUNCIL MEMBER  
 TINSLEY-TALABI REGARDING  
 AMENDMENTS TO THE PREVAILING  
 WAGE ORDINANCE**

The City Council voted to approve an amendment to the Prevailing Wage Ordinance. I voted to support this ordinance because I was comfortable that all legal issues had been adequately addressed and I support strengthening the wages for union workers and citizens of Detroit.

When the amendment was originally presented to the City Council, I was concerned that it created several legal problems for the city. However, the Council's Research & Analysis Division reviewed the issue and concluded that the ordinance was legally acceptable. Additionally, I think it is important to improve and strengthen the prevailing wage provisions to ensure union workers and citizens receive the correct pay for a day's work. This helps to maintain stable families and neighborhoods.

For the above reasons, I voted to support the amendments to the Prevailing Wage Ordinance.

Honorable City Council:  
 Re: Greektown Radius Restriction.

On December 15, 2003, this Honorable Body approved a Resolution in reference to the possible development of a casino in Romulus, Michigan.

This administration is gravely disturbed by the Sault Ste. Marie Tribe of Chippewa Indians' plan to develop a casino within less than 150 miles of Detroit, Michigan. I too am convinced that the development of a casino in Romulus, Michigan, could potentially have a substantial adverse financial impact on the City of Detroit. However, the Resolution proposed by this Honorable Body is factually insufficient.

The proposed Resolution fails to capture this Honorable Body's role in the approval of the language at issue in the Greektown Casino, L.L.C. revised development agreement. Section 3.3 of the revised development agreement prohibits the Developer, any Casino Manager which is an affiliate of the Developer, or any Restricted Party, from developing a casino within the Radius. However, Section 3.3 excepts from the definition of Restricted Party, "...any person who owns its interest in the Developer or any Casino Manager which is an affiliate of the Developer through a Publicly Traded Corporation." Pursuant to the revised development agreement, a "Publicly Traded Corporation" shall have the same meaning as defined in the Act, **except** that the Kewadin Casinos Gaming Authority and any other corporation wholly owned by the Sault Ste. Marie Tribe of Chippewa Indians shall be considered a Publicly Traded Corporation.

The above-cited excerpt from the revised agreement (Section 3.3) is the fundamental premise relied on by the Sault Ste. Marie Tribe in their effort to develop a casino in Romulus, Michigan. Section 3.3 was included in the revised development agreement which was presented to and approved by this Honorable Body. This language (Section 3.3) in and of itself excludes the Sault Ste. Marie Tribe from the Radius Restriction. The Resolution proposed by this Honorable Body fails to identify the role of City Council in approving the terms and conditions of the revised development agreement (Section 3.3) which are now at issue.

It is this administration's intent to take the appropriate legal and political action to deter the anticipated development of a casino in Romulus, Michigan. However, I do not concur with this Honorable Body's request that I appear before it to advise the City Council on my strategy for accomplishing this goal. To do so, in a public forum, could potentially disadvantage the legal and political posture of the City and give any opponents the opportunity to thoroughly develop a counter-strategy.

Respectfully,  
**KWAME M. KILPATRICK**  
 Mayor

Honorable City Council:  
 On November 12, 2003, this Honorable Body adopted a Resolution pertaining to the character and fitness standards for the Executive Protection Unit. I sincerely appreciate your concerns and recommendation with respect to this issue. However, I must veto this Resolution due to the following:

1. A Resolution recommending "excellent" mental and physical health as a criteria in the identification and selection of members for the Executive Protection Unit is in violation of State and Federal laws which provide that an individual cannot be denied hire, promotion, etc., if the person can perform the essential functions of a job, with or without a reasonable accommodation. Suggesting that an individual be in "excellent" mental and physical health, gives the appearance that I am implementing a blanket policy which excludes people who, pursuant to state and federal law, are qualified to serve on the Executive Protection Unit.

2. A Resolution recommending that arrests, convictions, military discipline and discharge status, be used as criteria for the identification and selection of members for the Executive Protection Unit poses several concerns. First, the Michigan Elliott Larsen Civil Rights Act prohibits disqualification of an individual from employment due to their arrest record. Certainly, if the individual has an arrest record, upon exploring the events which resulted in the arrest, this person in all likelihood would be deemed unfit to serve as a Detroit Police Officer. This individual would be excluded for service if the arrest was due to dishonestly, theft or violence. Therefore, the arrest record is not the determining factor.

Second, the eligibility for assignment is based on the officer's activity while serving as a police officer. Therefore, if a police officer was disciplined or dishonorably discharged from the military prior to employment with the Police Department, this information would not be used to determine the officer's assignment. Such a determinative factor may be in violation of a collective bargaining agreement.

3. A resolution recommending that the nature and extent of military experience be used as criteria for the identification and selection of members for the Executive Protection Unit poses a concern. This criteria appears to suggest (although this may not be the intent) that the Executive Protection Unit is limited to officers who have military experience. This suggestion may be a violation of a collective bargaining agreement.

I am fully aware that this Resolution simply proposes recommendations for selecting members of the Executive Protection Unit. However, there are some legal implications which may prove to be harmful if in fact adhered to by this administration. Furthermore, selection of the Executive Protection Unit is purely an executive function. For the reasons stated herein, I must veto this Resolution.

Sincerely,  
 KWAME M. KILPATRICK  
 Mayor

Honorable City Council:  
 Re: Community Development Block Grant Criteria.

On November 26, 2003, this Honorable Body passed a Resolution adopting the criteria to be utilized with respect to the Community Development Block Grant.

This Administration is committed to serving the citizens of the City of Detroit through the establishment of fair and equitable criteria in relation to the Community Development Block Grant. The Home Rule Charter explicitly entrusts this task to the executive branch of government. Section 5-102 provides:

Except as otherwise provided by law or this Charter, executive and administrative authority for The implementation of programs, services and activities of city government is vested exclusively in the executive branch.

The determination of the criteria to be used with respect to the Community Development Block Grant falls under the preview of the "implementation of programs, services and activities of city government." There is no provision by law or otherwise which grants this Honorable Body the authority to establish or implement the criteria to be utilized with respect to the Community Development Block Grant. Absent such a provision, the criteria must be established and implemented by the executive branch.

This resolution clearly contradicts the clear and unequivocal mandate of Section 5-102 of the Home Rule Charter. In essence, this Honorable Body is seeking to perform a task that is exclusively reserved for the executive branch. Therefore, I must veto this Resolution.

Respectfully,  
 KWAME M. KILPATRICK  
 Mayor

Received and placed on file.

Honorable City Council:  
 Re: Special Events Parking.

On November 12, 2003, this Honorable Body adopted a Resolution instructing the Administration to remove Al Fields from the Director of Consumer Affairs position. The Resolution further instructed the Administration to appoint a Director of Consumer Affairs who will enforce ordinance 600(H) and all ordinances written to protect Detroit residents.

This Administration is committed to serving the citizens of the City of Detroit through the enforcement of all City ordinances. It has been brought to my attention that the ordinance at issue contains a provision that is ambiguous, unclear, and does not accomplish the goals of this Honorable Body as written. In light of this

obvious flaw, the appropriate response from the legislative body should be to amend the current ordinance to reflect the purpose and intent of this Honorable Body.

The Consumer Affairs Department falls under the Executive branch of City government. As such, I have the task of appointing the Director of Consumer Affairs. This individual serves at my pleasure. Since there are other remedial measures that are available to this Honorable Body, i.e., amendment of the ordinance, I must veto this Resolution.

Respectfully,  
KWAME M. KILPATRICK  
Mayor

Received and placed on file.

Re: Montana Gardens, Payment in Lieu of Taxes (PILOT).

SJS Investment, Inc. the sponsor, has formed Montana Gardens Limited Dividend Housing Association Limited Partnership. Eight of the units will be 3-bedrooms 2-bath Ranch style, the other 4 units will be 4-bedroom 3-bath Colonial style. Each unit will feature air conditioning and two-car attached garage.

Financing for the development will be through the Midland Companies and Low Income Tax Housing Tax Credits with a total development cost of two million two hundred thirty five thousand one hundred fourteen dollars (\$2,235,114).

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a 4% service charge for this housing project.

Honorable City Council:  
Re: Address: 6400 Brush #101. Name: Wilma Jean Dozier. Date ordered removed: July 30, 2003 (J.C.C. pp. 2482-3).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on October 29, 2003 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of July 28, 2003.

The proposed use of the property is rehabilitation and rental.

Therefore, it is recommended that the demolition order be deferred for a period of six (6) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

Re: Address: 8138-40 Burnette. Name: Rena Lawrence. Date ordered removed: November 5, 2003 (J.C.C. p. ).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on November 25, 2003 revealed the building is secured and appears to be sound and repairable.

The owner has entered into an approved Tax Payment Plan to pay the current taxes due as of September 29, 2003.

The proposed use of the property is rehabilitation and rental.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions

of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

Honorable City Council:

Re: Public Hearing on Establishment of the West Town Neighborhood Enterprise Zone as Requested by the Community Planning Association and the Urban Development Group, in Accordance with Public Act 147 of 1992.

The Planning & Development Department and the Finance Department have reviewed the Master Plan and the neighborhood preservation and development goals of the City, and find that establishment of the West Town Neighborhood Enterprise Zone would be consistent with the neighborhood preservation and development goals and with the Master Plan.

Public Act 147 of 1992, commonly

referred to as the Neighborhood Enterprise Zone (NEZ) Act, in Section 3(1) states "the governing body of a local governmental unit by resolution may designate one (1) or more neighborhood enterprise zones." Prior to acting upon the resolution establishing an NEZ, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an ad valorem tax within the proposed NEZ, said notice to be made not less than 60 days prior to your Honorable Body's passage of a resolution designating an NEZ.

The boundaries of the proposed NEZ are described in Exhibit A (legal description) and illustrated in the map attached hereto. The developers will construct 31 single family 3 and 4 bedroom homes at an estimated cost of \$5,425,000 and will market these units at an estimated \$150,000-\$200,000.

We request that a Public Hearing be scheduled on the issue of establishing this NEZ, as required by the NEZ Act. Attached for your consideration please find a resolution establishing a date and time for the public hearing, together with the aforesaid map and legal description of the proposed NEZ.

Respectfully submitted,

Director of Development Activities  
Planning & Development Department  
By Council Member S. Cockrel:

Whereas, Pursuant to Public Act No. 147 of the Public Acts of 1992 ("the Act") this City Council has the authority to establish 'Neighborhood Enterprise Zones (NEZs)' within the boundaries of the City of Detroit; and

Whereas, The Community Planning Association and the Urban Development Group have requested establishment of the West Town NEZ whose boundaries are particularly described in Exhibit A (legal description) and illustrated in the map attached hereto; and

Whereas, The Act requires that, prior to establishing an NEZ, the City Council shall provide an opportunity for a Public Hearing on such establishment, at which Public Hearing representatives of any taxing authority levying *ad valorem* taxes within the City, or any other resident or taxpayer of the City of Detroit may appear and be heard on the matter;

Now Therefore Be It

Resolved, That on the 20th day of February, 2004 @ 10:30 a.m. in the City Council Committee Room, 13th floor, Coleman A. Resolved, That the City Clerk shall give notice of the Public Hearing to the general public and shall give written notice of the Public Hearing by certified mail to all the taxing authorities levying an *ad valorem* tax within the City of Detroit, such notices to be provided no earlier than January 6, 2004.

 November 24, 2003

Honorable City Council:  
 Re: Division of Platted Property for 3670 Woodward Avenue (Petition #03-21) (Recommend Approval).

The Planning & Development Depart-

ment (P&DD) recommends approval of the request from Woodward Millennium Limited Partnership to divide property at 3670 Woodward Avenue, north of Mack Avenue and west of John R. Street.

**Description**

The property is more particularly described as Parcel A Part of Lot 4, "Medical Center Urban Renewal Plat Number 1", City of Detroit, Wayne County, Michigan and Parcel B Part of Lot 4, "Medical Center Urban Renewal Plat Number 1", City of Detroit, Wayne County, Michigan and is shown on the attached property survey and land use maps. The subject property is zoned PD, Planned Development District. Any and all uses in PD are subject to review by the City Planning Commission and approval by the City Council, provided that the major land use corresponds with the most general category of land use

proposed in the Master Plan. The future general land use category for the subject site is SRC, Special Residential/Commercial.

Presently in Parcel A, the parking structure fronting John R. Street is complete and in Parcel B, a multiple family building is proposed for a future phase. This division, if approved, will clarify the property boundaries, property assessments, and provide buildings that conform to their own parcel. In order for an action like this to occur, the Planning and Development Department (P&DD) must review and approve the petition.

**Legal Basis for Review**

The Planning & Development Department has reviewed this request under City of Detroit Ordinance 421-G of April 17, 1969, Chapter 58A, Article 1, Subdivision of Land, of the Detroit City Code and Sections 45.0200, 43.0200, 47.0000 and 110.0000 of the Official Zoning Ordinance 390-G.

**Findings**

The Finance Department, Assessments Division has reviewed this proposal and found that the property descriptions are accurate as listed and Law Department finds that signatories have necessary interest in the subject property.

The Planning and Development Department's review involved a review of the proposal, interviews with the developer, a study of vehicular access, a review of the Master Plan, zoning requirements and an investigation of the water and sewer in the subject area.

Based on our review and analysis, the Planning and Development Department makes the following findings relative to this proposal:

Finding #1: The proposal somewhat meets the conditions of Section 1, Paragraph 3 of Ordinance 421-G as the property is presently developed and the proposed division creates parcels conforming to existing individual building units. Parcel A contains a 6-story parking structure and Parcel B is vacant land proposed for future residential/mixed use development. Both land uses are subject to review by the City Planning Commission and approval by the City Council, provided that the major land use corresponds with the most general category of land use proposed in the Master Plan. Parcel A conforms, however Parcel B does not since it is currently vacant. Upon development of the multiple family/mixed use structure in the future, Parcel B will conform to this requirement.

Finding #2: The proposal meets the conditions of Section 1, Paragraph 4 of Ordinance 421-G by creating parcels accessible to public water and sewer systems. The petitioner supplied a letter dated November 22, 2003 which indicates the parking structure in Parcel A has

separate access to gas, electric, water and sewer lines, as does the vacant property in Parcel B.

Finding #3: The proposal is consistent with the Master Plan of Policies Future General Land Use category of SRC, Special Residential/Commercial, for the subject site as shown on the Lower Woodward Sector map.

Finding #4: The proposal meets the conditions of Sections 43.0200, 45.0200 and 110.0000 of the Official Zoning Ordinance 390-G relative to the division of the zoning lots, location of principal buildings and land use permitted on the subject property.

Finding #5: The proposal increases the possibility of the continued revitalization of this portion of Midtown Detroit and the Detroit Medical Center area. In addition, this proposal may increase the number of residents and assist with the lack of parking in the immediate area.

Finding #6: According to Section 51-1-4 of the City Code, subsection A4, all parcels shall not be isolated from a public street. According to the property survey, the parking structure in Parcel A has access to a public street, John R. Street. The future residential development in Parcel B will also have access to public streets, John R. Street, Woodward Avenue, and Mack Avenue. When the proposal Parcel B is constructed, the parking structure in Parcel A will also have access to Woodward Avenue via an easement.

Finding #7: The number of parking spaces for a parking structure is not specified in the Zoning Ordinance. Currently, parking is supplied in Parcel A at the parking structure, and will also be supplied in Parcel B as surface parking once future development takes place. If parking issues arise with the development of the mixed use building in Parcel B, the Department recommends parking be reserved specifically for the residential units at the structure in Parcel A.

**Recommendation**

The Planning and Development Department recommends that this request for Division of Platted Property be approved as proposed and that the attached resolution relative to this Division is adopted.

Respectfully submitted,  
 NORMAN CASSELLS  
 Executive Manager  
 Planning Division

Re: Division of Platted Property Case Number 03-21.

Dear Ms. Mitri:

The following is in response to your request for additional information:

1. The request to divide the existing parcel is being submitted to address having separate ownership and assessment of the parking garage constructed on the parcel to be created (3717 John R) from the balance of the parcel known as 3670 Woodward.
2. Enclosed is a drawing depicting the elevations of the constructed garage.
3. The constructed garage does have individual gas, electric and sewer lines. The proposed mixed use building to be constructed along Woodward Avenue will also have separate gas, electric, and sewer lines.
4. This past year, a 6-story parking garage was constructed on the property. In the future, we hope to commence construction of a mixed-use building containing retail and loft style residential condominiums along Woodward Avenue.

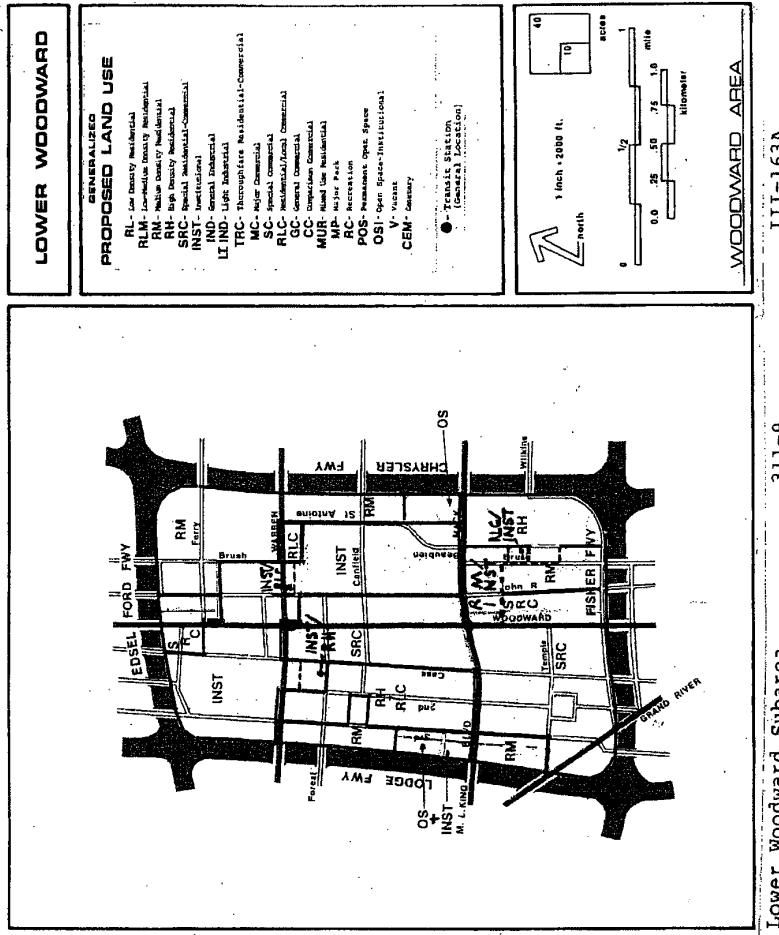

If you have any further questions, please feel free to contact me at 313.874.4000.

The Planning & Development Department (P&DD) recommends approval of the request of Juan Sanchez (Assessors Invoice 03-18) to divide property at 1151-53 Lawndale & 8717-23 Chamberlain Streets.

**Description**

The property is more particularly described as Parcel A the Eastern 37.49 feet of the Southerly 25 feet of Lot 90, and the Easterly 37.49 feet of the Northerly 3.5 feet of Lot 91 of the Rathbones Subdivision and Parcel B the Westerly 81 feet of the Southerly 25 feet of Lot 90, and Westerly 81 feet of the Northerly 3.5 feet of Lot 91 of the Rathbones Subdivision, City of Detroit, Wayne County, Michigan and is shown

on the attached property survey and land use maps. The subject property is zoned B-4 (General Business District) and currently developed with a mixed-use (commercial/residential) building and a multi family residential apartment building. The petitioner is requesting the division to improve the possibility of selling one or both of the buildings and also to reduce the cost of liability insurance for each building. Therefore, the division of these parcels will clarify property boundaries, property assessments, and increase the number of occupied dwellings and commercial storefronts within southwest Detroit.

#### **Legal Basis for Review**

The Planning & Development Department reviewed this request under City of Detroit Ordinance 421-G of 1969, Chapter 58A, Article 1, Subdivision of Land, of the Detroit City Code and Sections 43.0200, 45.0200, 47.0000, 94.0000, 94.0105, and 94.0359 of the Official Zoning Ordinance 390-G.

#### **Findings**

A review of this request by the Finance Department, Assessments Division and the Law Department discloses that the property descriptions are accurate as listed and that the signatories have necessary interest in the subject property.

The Planning & Development Department's review involved (1) an investigation of water and sewer service in this area 2) a study of vehicular and pedestrian access 3) a review of Master Plan and zoning requirements, and 4) interviews with the petitioner.

Based on the aforementioned determination and our review the analysis, the Planning & Development Department makes the following findings relative to this proposal:

1. The proposal does meet the conditions of Section 1, Paragraph 3 or Ordinance 421-G as the property is presently developed and the proposed division creates parcels conforming to existing individual building units. Parcel A is developed with a two story mixed use building, the first floor consists of a commercial storefront and the second floor includes a single apartment unit. Parcel B contains a two-story four (4) unit residential apartment building. Both individual unattached structures will be divided and create parcels conforming to each individual structure.

Presently, within Parcel A (mixed use structure) the retail store portion is Permitted as a Matter of Right, however, the residential portion of the structure is a Permitted with Approval Use and will require an approval by B&SE for its occupation. Parcel B (apartment building) is a Permitted with Approval Use. However, Parcel B is occupied and will not require a

special approval by B&SE.

2. The proposal improves pre-existing conditions by legally clarifying the platting and property boundaries, property assessments, and the land use relationship between the platted lot and the structures. The petition does clarify the property boundaries. Parcels A & B are separate structures. This division will clarify the property boundaries and solidify their relationship as abutting structures.

The property assessments will be improved. Per an interview with the Petitioner the reduction of insurance costs for both properties will enable him to rehabilitate Parcels A and supply another storefront and rental apartment dwelling to the community. Therefore, the future tenants will improve the viability of the building and neighborhood as well as improve the financial feasibility of increasing the tax assessment of the property.

3. The proposal is consistent with the Master Plan of Policies. Recommended Future General Land Use for the subject area shown on the West Side Sector Map as RLM (Low to Medium Density Residential).

4. The proposal increases the possibility for the continued revitalization of this portion of the southwestern Detroit. Presently, this portion of the City is experiencing an increase in population as well as building permit activity. Many new homeowners and property investors have been purchasing buildings/structures within the district and bringing them in compliance with the city code requirements. Secondly, investment properties such as these structures are undergoing rehabilitation thereby stabilizing the surrounding neighborhood and providing an incentive for increased property investment.

5. Per Section 51-1-25 Public Investments, subsection B & C. Each parcel shall be improved and have access to sanitary sewers and a water supply. The petitioner supplied a letter dated November 7, 2003. The letter identified that the buildings have separate access to gas, electric, water, and sewer lines.

6. Per Sections 51-1-4, subsection A4. All parcels shall not be isolated from a public street. Per the property survey Parcels A & B do have access to public streets, Lawndale and Chamberlain. Per Subsection A3 the parcels must comply with the specified minimum lot size standards of the ordinance. Presently, the parcel is developed and the standards do not apply.

7. Per Section 47.0000 (Zoning Ordinance) 1.25 spaces are required for each dwelling unit. Therefore, a total of seven (7) spaces are required for both structures. The Department after a site visit understands that off street parking is

available at the site. Therefore, since this portion of the City is increasingly becoming pedestrian in nature a waiver in parking is recommended.

**Recommendation**

The Planning & Development Department recommends that this request for Division of Platted Property be approved as proposed and that the attached resolution relative to this Division be adopted.

Respectfully submitted,

Re: Division of Platted Property Case Number: 03-18.

My name is Juan Sanchez and I am the owner of 1151-53 Lawndale and 8717-23 Chamberlain located in the City of Detroit. I am requesting a division of plats for the above mentioned property for the reasons below. Furthermore, it is my understanding that my request requires that I submit this letter to your office and after your review and approval, will then proceed to the Detroit City Council for review and approval.

The reasons for my request to divide this plat are A.) Due to insurance company rates, which have escalated over the years. By dividing my property, I have already realized a rates reduction while at the same time, maintain adequate property insurance. B.) As I approach retirement age, should I decide to sell part of the building, it will be easier for me to do so and also make a sale attractive to a potential buyer.

A review of my property was conducted by Mr. Jean-Paul Harang, Principal City Planner, on Thursday, October 29, 2003. Please be reminded that 1151-53 Lawndale is a store front at ground level and one three bedroom apartment above. 8717-23 Chamberlain is a four-unit apartment building. Each unit at both locations have separate gas, electric, and sewer lines.

Thank you for your time and attention. If there are any questions, please feel free to contact me at (313) 842.8631 home or (313) 995.3595 cell.

Honorable City Council:  
Re: Division of Platted Property for

19463 Vaughan Avenue (Petition #01-53) (Recommend Approval).

The Planning & Development Department (P&DD) recommends approval of the request from New Hope Community Development Non-Profit Housing Corporation to divide residential property at 19463 Vaughan Avenue.

**Description**

The property is more particularly described as Lot 92 and the north 15.00 feet of Lot 91 of Longacres Subdivision, City of Detroit, Wayne County, Michigan, and is shown on the attached property survey and land use maps. The subject property is zoned R1, Single Family Residential District. The future general land use category for the subject site is RL, Low Density Residential.

Currently, Parcel A contains a residential vehicle garage belonging to the owner of Lot 90 of Longacres Subdivision (19459 Vaughan Avenue). Currently, Parcel B is vacant except for a shed, 90 square feet in gross floor area. Parcel A, also known as the southern 15.00 feet of

Lot 91, will eventually be combined with Lot 90. Parcel B will be a combination of Lot 92 and the northern 15.00 feet of Lot 91. If the division and lot combination are approved, a single family dwelling would be proposed for Parcel B as a future in-fill housing project. This division, if approved, will clarify the property boundaries, property assessments, and provide buildings that conform to their own parcel. In order for an action like this to occur, the Planning and Development Department (P&DD) must review and approve the petition.

#### **Legal Basis for Review**

The Planning & Development Department has reviewed this request under City of Detroit Ordinance 421-G of April 17, 1969, Chapter 58A, Article 1, Subdivision of Land, of the Detroit City Code and Sections 45.0200, 43.0200, and 81.0000 of the Official Zoning Ordinance 390-G.

#### **Findings**

The Finance Department, Assessments Division has reviewed this proposal and found that the property descriptions are accurate as listed and Law Department finds that signatories have necessary interest in the subject property.

The Planning and Development Department's review involved a review of the proposal, interviews with the developer, a study of vehicular access, a review of the Master Plan, zoning requirements and an investigation of the water and sewer in the subject area.

Based on our review and analysis, the Planning and Development Department makes the following findings relative to this proposal:

**Finding #1:** The proposal meets the conditions of Section 1, Paragraph 3 of Ordinance 421-G as the property is presently not developed and the proposed division creates parcels conforming to existing individual building units. Parcel A contains a residential vehicle garage belonging to the owner of Lot 90 of Longacres Subdivision (19459 Vaughan Avenue). Currently, Parcel B is vacant except for a shed, 90 square feet in gross floor area. Single family dwellings are permitted as a matter of right in R1 Single Family Residential. The accessory vehicle garage in Parcel A conforms to side yard setback requirements. Parcel B is currently vacant and does not conform to requirements, however, upon development of the single family dwelling in the future, Parcel B will conform to Ordinance requirements.

**Finding #2:** The proposal meets the conditions of Section 1, Paragraph 4 of Ordinance 421-G by creating parcels accessible to public water and sewer systems. The petitioner submitted information attached to the application which indicates Parcel A and Parcel B have separate access to gas, electric, water and

sewer lines.

**Finding #3:** The proposal is consistent with the Master Plan of Policies Future General Land Use category of RL, Low Density Residential, for the subject site as shown on the West Sector, Evergreen Subsector map.

**Finding #4:** The proposal meets the conditions of Sections 43.0200, 45.0200 and 80.0000 of the Official Zoning Ordinance 390-G relative to the division of the zoning lots, location of principal buildings and land use permitted on the subject property.

**Finding #5:** The proposal increases the possibility of the continued revitalization of this portion of northwest Detroit. The petitioner has proposed to develop approximately seventy (70) dwellings in the future as in-fill housing for the neighborhood bounded by W. Eight Mile to the north, W. McNichols to the south, Southfield to the east, and Telegraph to the west.

**Finding #6:** According to Section 51-1-4 of the City Code, subsection A4, all parcels shall not be isolated from a public street. According to the property survey, the vehicle garage in Parcel A has access to a public street, Vaughan Avenue, as well as the public alley. The future residential development in Parcel B will also have access to a public street, Vaughan Avenue.

**Finding #7:** According to Section 47.0108S of the Zoning Ordinance 390-G, two parking spaces are required for each single family dwelling unit. Currently, parking is supplied in Parcel A at the vehicle garage and driveway, and will also be supplied in Parcel B once future development takes place.

**Finding #8:** If the division of platted property is approved, the proposal will be consistent to lot size requirements, however, currently both Parcels are not consistent to the requirements. Once divided, the southern 15.00 feet of Lot 91, or Parcel A, must be combined to Lot 90 within two years or the division will be nullified. The remnant Parcel B, or northern 15.00 feet of Lot 91, must be combined to Lot 92 within two years or the division will be nullified.

#### **Recommendation**

The Planning and Development Department recommends that this request for Division of Platted Property be approved as proposed and that the attached resolution relative to this Division be adopted.

### STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN OPPOSITION OF ORDINANCE TO AMEND CHAPTER 18, ARTICLE VIII OF THE 1984 DETROIT CITY CODE ENTITLED SELF-INSURANCE BY CITY

On Wednesday, January 14, 2004, I voted no on the ordinance referenced above. On November 12, 2003, I voted no on the introduction of the same ordinance because it was not approved as to form by the Corporation Counsel for the City of Detroit and because I believed that it contains legal problems and issues that needed to be addressed.

It has been my longstanding position that as a matter of public policy, receiving approval as to form by the Corporation Counsel, prior to introduction of an ordinance is a worthwhile process. This is because requiring approval as to form gives the Corporation Counsel, who is the attorney for the City, an opportunity to ensure that the ordinances we enact conform to technical requirements and to the law.

Additionally, in my opinion, the ordinance appears to contain several provisions that may be unlawful. Specifically, Section 18-8-22 is amended to provide that City Council approval is required for payments for losses resulting from a Consent Judgment or Decree. Such a provision is problematic. Proposed consent judgments are sent to Council for approval prior to being sent to the Court for its consideration. However, once the consent judgment is accepted by the court and entered into the record as a judgment, it becomes final, and can only be changed by the court itself. Accordingly, such a judgment by its nature cannot be approved or disap-

proved by the Council. Should the Council attempt to "disapprove" a court judgment, such an action could very well be a violation of separation of powers.

For all of the reasons stated above, I voted no on the introduction of this ordinance on November 12, 2003 and I again voted no on its passage on January 14, 2004.

Honorable City Council:

Re: 2004 Guidelines for Property Tax Exemption.

The Citizens Board of Review revised the income guidelines, which are to be used in evaluating 2004 petitions for hardship exemption from property taxes. The enclosed procedure and guidelines are being submitted to your Honorable Body for adoption pursuant to Public Act 390 of 1994.

The Board of Review will begin pro-

cessing petition for hardship exemption on February 16, 2004 and therefore, will need to have guidelines adopted by your Honorable Body on or before that date.

Respectfully submitted,  
ELOREEN SMOTHERS  
Assessors Board Coordinator  
**Detroit Citizens Board of Review  
Process for Reviewing Hardship  
Application**

1. The Application must **own and occupy** the Property as their primary Homestead.

2. The Homestead must have been owned for a minimum of three years unless verification proves a substantial loss of income since the date of purchase.

3. Applicant is required to complete a 5-page application form along with required documentation verifying family composition, all sources of annual income, i.e., rents, Family Independence Agency grants, Michigan Homestead credit, medical and household bills, all other assets, bank statements and other pertinent data requested on the application. A copy of application is attached.

The Applicant is required to submit to the Board of Review the federal and state income tax returns for all persons residing at the property, including any property tax credit returns, filed in the immediately preceding year or in the current year or submit the enclosed affidavit explaining why no income tax returns were filed.

4. HOUSEHOLD (RELATED AND NON-RELATED) COMPOSITION AND ANNUAL INCOME — While recognizing that there is no universally agreed upon view as to what constitutes poverty, the Detroit Board of Review has established the following maximum eligible income as a "guideline" and as an aid in eliminating subjective judgements for reviewing 2004 petitions.

<b>Number of Exemptions</b>	<b>Maximum Eligible Income</b>
0-1	\$14,160.00
2	17,450.00
3	19,600.00
4	23,100.00
5	28,668.00
6	29,890.00

Add \$3,667.00 to the income limit for each exemption above six.

In addition, the total household assets (i.e. bank accounts, rental properties) shall not exceed \$4,000.

5. Each application is reviewed as to its individual circumstances based upon all facts submitted by the applicant. All information is utilized by the Board of Review in judging the taxpayer's ability to meet the tax obligation. If the taxpayer is within the above guidelines, the taxpayer will be granted an exemption. If the tax-

payer is outside the above guidelines, the exemption will usually be denied.

If the taxpayer shows extraordinary circumstances that are substantial and compelling, the Board of Review may deviate from the above guidelines and grant or deny a full or partial exemption. In such an instance, the taxpayer shall be advised in writing of the substantial and compelling reasons for the granting or denying of an exemption and the reasons shall also be noted on the application. These guidelines are in accord with the amendments to Section 7(u) of M.C.L.A.211. et seq.

It should be noted that each taxpayer's circumstances are considered anew each year.

Honorable City Council:  
 Re: Steven Properties, Inc. vs City of Detroit. Case No.: 03-308220-CH, File No.: A13000-000336 (NDJ).

On December 17, 2003, a mediation panel evaluated the above-captioned lawsuit and awarded Ten Thousand (\$10,000.00) Dollars in favor of Plaintiff. The parties have until January 14, 2004 to either accept or reject the mediation evaluation. Failure to file a written acceptance or rejection within this period constitutes a rejection.

Based upon our review of the facts and particulars of this lawsuit, which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body, it is our considered opinion that acceptance of the mediation award is in the best interest of the City of Detroit.

We, therefore, request your Honorable Body to authorize acceptance of the mediation award; and, in the event that Plaintiff accepts the award, to direct the Finance Director to issue a draft in the amount of Ten Thousand (\$10,000.00) Dollars payable to Steven Properties, Inc. and its attorneys Merchan & Corbin, P.C., to be delivered upon receipt of properly executed Releases and Judgment entered in Lawsuit No. 03-308220-CH, approved by the Law Department.

Honorable City Council:

Re: Request For Cancellation of Real Property Taxes in Part for Various Taxpayers.

This office has reviewed the above matter, the facts and particulars of which are set forth in the attached memorandum. From this review, it is our considered opinion that a waiver of real property tax assessments above the value of a vacant unimproved lot in this matter is in the best interest of the City of Detroit.

This request is to have various real property tax assessments cancelled for the herein referenced properties. By a 2/3 vote, City Council may vacate and waive the associated assessments in whole or in part if it finds the assessment unjust or placed upon any property not owned by the person to whom it is assessed or if the assessment is illegal. Ordinance §18-9-8, §18-9-9.

Upon information and belief, the attached schedule of real properties were unjustly assessed or the assessments were placed upon properties not owned by the person to whom it is assessed. On tax day, the properties were assessed as improved rather than as vacant lots.

We hereby request and recommend that the real property tax assessments, in accord with the attached resolution, be corrected as stated and that the excess real property tax assessments be stricken from the City of Detroit tax rolls and cancelled.

**Detroit City Council Resolution Vacating Real Property Tax Assessment in Part**

By Council Member Tinsley-Talabi:  
 Whereas, The City of Detroit assessed real property taxes located in the City of Detroit to the owner and/or taxpayer per attachment; and,  
 Whereas, The owner and/or taxpayer has petitioned this Council for correction, cancellation and waiver of their real property tax assessment for the reasons that the property is being assessed as an improved parcel rather than as a vacant lot for the tax year or tax years indicated per attachment; and,  
 Whereas, Pursuant to City Ordinance, Section 18-9-8 and Section 18-9-9, this Council is authorized to vacate the assessment, in whole or in part, where it finds to its satisfaction the assessment is unjust, illegal or placed upon any property not owned by the person to whom it is assessed; and,  
 Whereas, This Council finds the excess tax assessment is unjust, illegal or placed upon the property not owned by the person to whom it is assessed as the properties should have been valued as vacant unimproved lots.  
 Now Therefore Be it:  
 Resolved, That the real property tax assessment, both taxable value and stated equalized value, per attachment is hereby corrected to property reflect its status as vacant unimproved property for the tax year or years indicated as attached; and,  
 Further, Resolved, That the property's taxes on the assessment above its assessment as vacant unimproved property is hereby waived for the tax year or years indicated; and  
 Further Resolved, That the officer charged with keeping the assessment roll shall correct or cause the assessment roll to be corrected in accordance with the above waiver and remove the taxes on the list of properties as attached from said roll; and,  
 Finally Resolved, That this resolution is adopted with a waiver of reconsideration.

 Whereas, The City of Detroit assessed real property taxes located in the City of Detroit to the owner and/or taxpayer per attachment; and,

Honorable City Council:

Re: Address: 8035 Radcliffe. Name: Charles Hahn/Trott & Trott. Date ordered removed: October 15, 2003 (J.C.C. p. ).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on November 20, 2003 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of September 21, 2003.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six

months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on December 3, 2003 revealed the building is secured and appears to be sound and repairable.

The owner is tax exempt.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be

deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

On March 25, 1998, your Honorable Body approved FICS contract #076677 with the Michigan Department of Transportation which provided for an estimated amount of \$55,100 for the City's share for the project described below:

Replacement of structure SO1 of 82081 which carries highway M-153 (Ford Road) Over Highway M-39 (Southfield Freeway) and which includes all related approach work; together with necessary related work; located within the corporate limit of the City.

Now, an audit of the project has been done which resulted in an increase in the City's share by \$11,891.90. The overrun has resulted from an increase in the construction cost.

We therefore recommend adoption of the attached resolution, which authorizes the Finance Director to increase the amount of FICS contract #076677 — Contract Purchase Order #2502180 from

\$55,100 to \$66,991.90. The increase will come from Appropriation No. 4189, Major Street Fund — Traffic Control Improvement — State.

**Water and Sewerage Department**

December 10, 2003

Honorable City Council:

Re: Petition No. 2140 by Cattleman's Meat Company to Abandon Existing Sewer in Scott Street Easement Between Orleans and Grand Trunk Railroad.

The Detroit Water and Sewerage Department (DWSD) has reviewed the subject petition requesting to abandon the existing City Sewer located in the Scott Street Easement between Orleans and the Grand Trunk Railroad. Scott Street was vacated as a public street and converted to a public utility easement by City Council action dated October 1, 1986 (JCC pages 1859-1860).

DWSD has no objections to the abandonment of the existing City sewer located in the above mentioned easement, and converting it into a private sewer owned by the Petitioner provided that by reason of the abandonment of the sewer, DWSD does not give up its rights to the water main located in the easement, and the City does not give up any rights to the easement reserved by the street vacation.

Therefore, we recommend that the Petition be approved in accordance with the attached resolution. After the City Council has acted on the Petition, please send a copy of the City Council resolution to the attention of Mr. Bharat Doshi, Head

Engineer of Water Systems, Detroit Water and Sewerage Department, 735 Randolph Street, 14th Floor, Detroit, Michigan 48226.

Respectfully submitted,  
VICTOR M. MERCADO  
Director

By Council Member K. Cockrel, Jr.:

Resolved, That the private sewer is to be maintained by the Petitioner at his expense and at no cost to the City and all alterations or repairs to the private sewer are to be done in accordance with plans reviewed and approved by the city; and further

Resolved, That the City does not waive any of its rights in the Scott Street public utility easement between Orleans and the Grand Trunk Railroad and the Detroit Water and Sewerage Department does not waive any of its rights to the existing City water main located in the easement.

Honorable City Council:

Request to adopt a Resolution approving certain Interest Rate Exchange Agreements entered into on a Forward Starting Basis in Anticipation of the Related Future Issuance and Sale of City of Detroit Water Supply System Revenue Bonds.

The attached Resolution authorizes the City to utilize certain Interest Rate Exchange Agreements to effectively lock in historically low interest rates today for securities to be issued for the Water Supply System in the 2004, 2005 and/or 2006 calendar years. Resolutions will be presented for City Council approvals at the time of the actual bond issuances.

Bond Counsel has prepared the attached Resolution and I recommend its adoption by your Honorable Body, with waiver of reconsideration, at your next formal session.

Respectfully submitted,  
SEAN K. WERDLOW  
Finance Director

**Systems, Including Certain Acknowledgements Required by Section 317 of Act 34 of the Public Acts of Michigan of 2001, as Amended.**

By Council Member Tinsley-Talabi:

**Whereas**, Ordinance No. 27-86, including all effective amendments and supplements thereto (the "*Sewer Bond Ordinance*"), provides for the issuance of Securities (as therein defined) by the City of Detroit, Michigan (the "*City*"), to finance repairs, extensions and improvements to the Sewage Disposal System of the City (the "*Sewage Disposal System*"); and

**Whereas**, Ordinance No. 30-02, including all effective amendments and supplements thereto (the "*Water Bond Ordinance*" and, together with the Sewer Bond Ordinance, the "*Bond Ordinances*"), provides for the issuance of Securities (as therein defined) by the City, to finance repairs, extensions and improvements to the Water Supply System of the City (the "*Water Supply System*" and, together with the Sewage Disposal System, the "*System*"); and

**Whereas**, It is deemed necessary for the public health, benefit and welfare of the City to acquire and construct certain of the repairs, extensions and improvements to the Systems described in the Capital Improvement Program (the "*CIP*") of the Detroit Water and Sewerage Department (the "*Department*"), as of July 1, 2002, as it may be modified by the Department from time to time (the "*Projects*"); and

**Whereas**, To finance the described costs of the Projects as set forth in the CIP (the "*Project Costs*"), the Finance Director anticipates recommending the issuance of Securities as provided in the CIP through the term of the CIP for the purpose of financing costs of the Projects and to provide for expenditures ancillary thereto; and

**Whereas**, It is currently anticipated in the CIP that the future Securities shall be issued in accordance with Act No. 94, Public Acts of Michigan, 1933, as amended ("*Act 94*"), and the applicable provisions of the Bond Ordinances during the 2004, 2005 and/or 2006 calendar years; and

**Whereas**, Opportunities exist for the City to utilize certain Interest Rate Exchange Agreements to effectively lock in comparatively low interest rates today for Securities to be issued in the future; and

**Whereas**, The City has assumed certain interests rates under the CIP with respect to the issuance of Securities in the future, which assumed interest rates can be effectively lowered or firmly established by entering into Transactions under certain forward starting Interest Rate Exchange Agreements; and

**Whereas**, The City has previously entered into the Approved Interest Rate Exchange Agreements (as defined in this

Resolution) and now desires to authorize additional Transactions under them; and

**Whereas**, All things necessary for Transactions to be entered into under the Approved Interest Rate Exchange Agreements, under the Constitution and laws of the State of Michigan, including Section 317 of Act 34 of the Public Acts of Michigan of 2001, as amended ("*Act 34*"), and the applicable provisions of the Bond Ordinances have been or will be done prior to the consummation of Transactions under the Approved Interest Rate Exchange Agreements, and the City Council (the "*Council*") is now empowered and desires to authorize the final negotiation and consummation of Transactions under the Approved Interest Rate Exchange Agreements by adopting this Resolution and making the acknowledgements it is required to make under Act 34; and

**Whereas**, The Council desires to authorize the Finance Director to execute confirmations under the Approved Interest Rate Exchange Agreements in substantially the forms put on file with the City Clerk in connection with the adoption of this Resolution, and directs the Finance Director and all other authorized persons to perform all acts consistent with the Bond ordinances and this Resolution necessary and appropriate to complete the Transaction contemplated by this Resolution as determined by the Finance Director within the parameters established herein; and

**Whereas**, The Council desires to authorize the Finance Director to establish the relevant rates, notional amounts, effective dates, amortization of notional amounts, designations of notional amounts to Future Related Securities (as defined in this Resolution), and termination dates subject to the restrictions of Act 34, the Swap Management Plan, the Debt Management Plan, the Bond Ordinances and this Resolution and to make such other determinations with respect to the Approved Interest Rate Exchange Agreements as shall be set forth in the executed versions of the Approved Interest Rate Exchange Agreements.

**Now, Therefore, be it Resolved by the Council at a regular meeting thereof that:**

(the "Counterparty") related to Securities issued under the Sewer Bond Ordinance pursuant to an ISDA Master Agreement and related Schedule dated as of May 22, 2003 (the "Sewer Swap"). The City may enter into multiple Transactions under the Sewer Swap with different priorities and effective dates in connection with the proposed issuance of Senior Lien Bonds and Junior Lien Bonds under the Sewer Bond

Ordinance in calendar years 2004, 2005 and/or 2006.

(2) Floating (based on the BMA Index) to fixed rate forward starting Interest Rate Exchange Agreement between the City and Morgan Stanley Capital Services Inc. (c) With respect to the Approved Interest Rate Exchange Agreements, the Council acknowledges the potential risks associated with entering into Transactions under them as set forth and described in the Swap Management Plan, including, specifically, counterparty risk, termination risk, basis risk, rollover risk and amortization risk.

(d) The Finance Director is authorized to negotiate the final terms of Transactions under the Approved Interest Rate Exchange Agreements (including relevant rates, notional amounts, effective dates, amortization of notional amounts and designations of notional amounts to Future Related Securities), subject however, to the restrictions of Act 34, the Swap Management Plan, the Debt Management Plan, the Bond Ordinances and this Resolution.

(f) The Finance Director is further authorized, pursuant to the terms of the Approved Interest Rate Exchange

Agreements, in connection with the issuance of any series or sub-series of Future Related Securities (of any priority), to assign notional amounts from Transactions under either of the Approved Interest Rate Agreements to any other Transaction under such Approved Interest Rate Exchange Agreement or under the other Approved Interest Rate Exchange Agreement so as to better match notional amounts (and amortization thereof) with the principal amounts (and amortization thereof) of Future Related Securities as issued (which may be different than projections made at the time the Approved Interest Rate Exchange Agreements are executed and delivered).

(g) The Finance Director is further authorized to terminate any Transaction prior to the effective date thereof and/or to enter into additional Transactions under the Approved Interest Rate Exchange Agreements, provided that all such additional Transactions, together with other outstanding Transactions, must fall within the parameters set forth in Section 3 of this Resolution. In connection with the termination of a Transaction, the Finance Director shall cause any amounts payable to the Counterparty to be paid as provided in the applicable Approved Interest Rate Exchange Agreement and shall apply any amounts from the Counterparty to use any expenses of counsel, engineers, consultants or other parties retained in connection with the termination).

(b) In making the determinations authorized to be made in this Resolution the Finance Director shall observe the following limitations:

(1) The aggregate notional amount of all Transactions outstanding at any one time under the Approved Interest Rate Exchange Agreements shall not exceed \$400,000.00.

(i) He may terminate such Transaction in whole or in part.

(ii) He may assign the notional amount for such Transaction, in whole or in part, to another Transaction if the Finance Director reasonably believes that Future Related Securities related to another Transaction will be issued within 90 days of such effective date and that such assigned notional amount can be used as a Qualified Hedge or Qualified Swap (as defined in the Bond Ordinances) in connection with such Future Related Securities.

(iii) If and to the extent the Finance Director reasonably believes that Future Related Securities contemplated in such Transaction will be issued within 90 days of the effective date for such Transaction, he may continue such Transaction pending the issuance of such Future Related Securities.

(iv) He shall in any event terminate such Transaction, in whole or in part, with respect to the notional amount for such Transaction to the extent it has not otherwise been terminated, assigned or been related to Future Related Securities issued within 90 days of the effective date for such Transaction.

(i) The notional amount for such Transaction equals the principal amount of Future Related Securities that have been issued and are related to such Transaction.

(ii) The amortization of the notional amount for such Transaction is the same as the required amortization of the principal amount of Future Related Securities that have been issued and are related to such Transaction.

(iii) The Approved Interest Rate Exchange Agreement, with respect to such Transaction, constitutes a Qualified Swap or Qualified Hedge under the Sewer Bond Ordinance or the Water Bond Ordinance, as applicable.

all the determinations herein required or permitted by the Finance Director.

Party B has the option to terminate this Transaction, in whole but not in part, (provided that no Event of Default, Potential Event of Default or Termination Event has occurred) by providing (i) at least five (5) Business Days' prior to written notice to Party A of its election to terminate this Transaction and (ii) evidence reasonably satisfactory to Party A that any and all amounts owed to Party A in connection with such early termination shall be paid on the due date thereof. Such termination shall constitute an Additional Termination Event under Section 6(e) of the Agreement with Party B as the sole Affected Party, and this Transaction as the sole Affected Transaction. In the event of such termination, the Calculation Agent shall determine the amount owed in connection with such termination using its commercially reasonable judgment. If Party B disputes such calculation, the Calculation Agent shall seek bids from Reference Market makers consistent with the provisions of Section 6 of the Agreement.

5. The Transaction to which this Confirmation relates is being entered into in connection with the proposed issuance of Party B's Securities (i) in an aggregate principal amount equal to the Notional Amount, (ii) with a final maturity date equal to the Termination Date and amortization equal to the amortization of the

Notional Amount and (iii) for the purpose of financing repairs, extensions and improvements to the Water Supply System of Party B (the "Water Securities"). Prior to the issuance of the Water Securities, the Transaction shall constitute an Unsecured Transaction under the Water System Agreement. If Water Securities are issued as Senior Lien Bonds, the Transaction shall constitute a Senior Lien Transaction under the Water System Agreement from the date of issuance of such Senior Lien Bonds to and including the Termination Date. If Water Securities are issued as Senior Subordinated Bonds, the Transaction shall constitute a Senior Subordinated Transaction under the Water System Agreement from the date of issuance of such Senior Subordinated Bonds to and including the Termination Date.

6. Party B shall at any time on or prior to the Effective Date have the option to elect that all or a portion of the Notional Amount of the Transaction to which this Confirmation relates be governed under the Sewer System Agreement by delivering a written notice to Party A at least 30 days prior to the effective date of such election (the "Source of Payment Conversion Date") specifying the Source of Payment Conversion Date and the amount of the Notional Amount of the Transaction (the "Converted Transaction") for which such election will be effective. Such election shall be effective with respect to the Converted Transaction on the Source of Payment Conversion Date if the following conditions are satisfied on said Source of Payment Conversion Date:

(a) There is no Potential Event of Default, Event of Default or Termination Event under the Sewer System Agreement;

(b) Party B has issued Securities (i) in an aggregate principal amount equal to the notional amount of such Converted Transaction, (ii) with a final maturity date equal to the Termination Date and amortization equal to the amortization of the notional amount of such Converted Transaction, and (iii) for the purpose of financing repairs, extensions and improvements to the Sewer Disposal System (the "Sewer Securities");

(c) Sewer Securities are issued as either Senior Lien Bonds or Senior Subordinated Bonds; and

(d) Party B delivers to Party A (i) a legal opinion of counsel to Party B with respect to the Converted Transaction in form and substance acceptable to Party A, (ii) evidence that the Converted Transaction is authorized to be entered into by Party B under the Sewer System Agreement, and (iii) such other documents as Party A may reasonably request.

If all of the foregoing conditions have been satisfied on the Source of Payment Conversion Date, then, on and after said Source of Payment Conversion Date, the Converted Transaction shall be governed under the Sewer System Agreement and any reference herein, in respect to such Converted Transaction, to the Agreement shall be deemed to be to the Sewer System Agreement. If all of the foregoing conditions have been satisfied and Sewer Securities are issued as:

(a) Senior Lien Bonds, the Converted Transaction shall constitute a Senior Lien Transaction under the Sewer System Agreement from the Source of Payment Conversion Date to and including the Termination Date for the Converted Transaction; and

(b) Senior Subordinated Bonds, the Converted Transaction shall constitute a Senior Subordinated Transaction under the Sewer System Agreement from the Source of Payment Conversion Date to and including the Termination Date for the Converted Transaction.

Any portion of the Notional Amount of the Transaction for which the option under the second preceding paragraph has not been exercised (the "Uncovered Transaction") shall continue to be governed under the Water System Agreement and any reference herein, in respect to such Uncovered Transaction, shall be deemed to be to the Water System Agreement.

On and after the Source of Payment Conversion Date, all terms of the Transaction specified in paragraphs 2, 3 and 4 shall remain unchanged: provided, however, that the Notional Amount specified in Schedule 1 for each period shall be allocated pro rata between the Converted Transaction and the Uncovered Transaction based on the notional amount of the Converted Transaction on one hand and the notional amount of the Uncovered Transaction on the other hand on the Source of Payment Conversion Date.

Party A shall use its best efforts to give Party B a notice of its right to exercise the option pursuant to this paragraph 6 at least 45 days prior to the Effective Date: provided, however, that the failure of Party A to give such notice to Party B shall not constitute an Event of Default or an event that if not cured by certain date could become an Event of Default under the Agreement.

7. The occurrence of any of the following events shall constitute an Additional Termination Event:

(a) Party B fails to either (i) issue the Water Securities as Senior Lien Bonds or Senior Subordinated Bonds on or prior to the Effective Date or (ii) exercise its option under paragraph 6 above and satisfy all of the conditions for the effective-

ness of such option on or prior to the Effective Date;

(b) Party B issues the Water Securities as Senior Lien Bonds and fails to deliver a legal opinion of its counsel to Party A within 30 days of such issuance to the effect that the Transaction constitutes a Senior Lien Transaction under the Water System Agreement and that such Transaction is payable from the secured by a validly perfected security interest in Net Revenues as described in respect of Senior Lien Transactions in Part 4(e) of the Schedule to the Water System Agreement;

(c) Party B issues the Water Securities as Senior Subordinated Bonds and fails to deliver a legal opinion of its counsel to Party A within 30 days of such issuance to the effect that the Transaction constitutes a Senior Subordinated Transaction under the Water System Agreement and that such Transaction is payable from and secured by a validly perfected security interest in Net Revenues as described in respect of Senior Lien Transactions in Part 4(e) of the Schedule to the Water System Agreement; or

(d) The principal amount of outstanding Water Securities (or, if Party B exercises its option under paragraph 6 and satisfies all of the conditions for the effectiveness of such option, the principal amount of outstanding Water Securities) on any date after the Effective Date is less than the Notional Amount for such date: provided, however, that upon the occurrence of the Additional Termination Event pursuant to this subparagraph (b), either party shall only be permitted to designate an Early Termination Date with respect to that portion of the Transaction by which the Notional Amount exceeds the outstanding principal amount of such Water Securities or Water Securities, as the case may be.

Upon the occurrence of any of the foregoing Additional Termination Events, each party shall be the Affected Party and the Transaction shall be the sole Affected Transaction.

Please confirm that the foregoing correctly sets forth the terms of our agreement MSCS Ref. No. [ ] by executing this Confirmation and returning it to us promptly.

We are delighted to have entered into this Transaction with you and look forward to serving you further in the future.

Re: Interest Rate Swap MSCS Ref. No. [ ]

The purpose of this letter agreement is to confirm the terms and conditions of the Swap Transaction entered into between us on the Trade Date specified below (the "Transaction"). This letter agreement constitutes a "Confirmation" as referred to in the Agreement below.

The definitions and provisions contained in the 2000 ISDA Definitions and the 1992 ISDA U.S. Municipal Counterparty Definitions (each as published by the International Swaps and Derivatives Association, Inc.) (the "Definitions") are incorporated into this Confirmation. In the event of any inconsistency between the Definitions and this Confirmation, this Confirmation will govern.

1. This Confirmation supplements, forms part of, and is subject to, the Agreement (as defined below). All provisions contained in the Agreement govern this Confirmation except as expressly modified below. "Agreement" shall mean the ISDA Master Agreement dated as of May 22, 2003 (Water System Transactions), as amended and supplemented from time to time (the "Water System Agreement") between you and us; provided, however, that if Party B elects to exercise the option described in paragraph 6 below, then, with respect to the Converted Transaction (as defined below), on and after the Source of Payment Conversion Date (as defined below), the Agreement shall mean the ISDA Master Agreement dated as of May 22, 2003 (Sewer System Transactions),

as amended and supplemented from time to time (the "Sewer System Agreement") between you and us.

2. The terms of the particular Transaction to which this Confirmation relates are as follows:

The Index shall be based upon current yields of high-quality weekly adjustable variable rate demand bonds, which are subject to tender upon seven days notice, the interest on which under the Internal Revenue Code of 1986, as amended, is excluded from gross income for Federal Income Tax purposes. The Index shall not include any bonds the interest on which is subject to any personal "Alternative Minimum Tax" or similar Tax unless all Tax-Exempt Bonds are subject to such Tax.

In the event that at any time Municipal Market Data ceases to announce the

Index, makes a material change (in the judgment of the Calculation Agent) in the formula for or the method of calculating the Index, or in any other way materially modifies (in the judgment of the Calculation Agent) the Index, Party A (subject to consent of Party B which shall not be unreasonably withheld) will designate Party A or an alternative indexing agent to make such calculations as may be required to determine the relevant index using a formula and method of calculating such index that it reasonably believes will produce the rate that would have been produced by Municipal Market Data as in effect prior to such cessation, change or modification.

4. Party B has the option to terminate this Transaction, in whole but not in part, (provided that no Event of Default, Potential Event of Default or Termination Event has occurred) by providing (i) at least five (5) Business Days' prior to written notice to Party A of its election to terminate this Transaction and (ii) evidence reasonably satisfactory to Party A that any and all amounts owed to Party A in connection with such early termination shall be paid on the due date thereof. Such termination shall constitute an Additional Termination Event under Section 6(e) of the Agreement with Party B as the sole Affected Party, and this Transaction as the sole Affected Transaction. In the event of such termination, the Calculation Agent shall determine the amount owed in connection with such termination using its commercially reasonable judgment. If Party B disputes such calculation, the

Calculation Agent shall seek bids from Reference Market makers consistent with the provisions of Section 6 of the Agreement.

5. The Transaction to which this Confirmation relates is being entered into in connection with the proposed issuance of Party B's Securities (i) in an aggregate principal amount equal to the Notional Amount, (ii) with a final maturity date equal to the Termination Date and amortization equal to the amortization of the Notional Amount and (iii) for the purpose of financing repairs, extensions and improvements to the Water Supply System of Party B (the "Water Securities"). Prior to the issuance of the Water Securities, the Transaction shall constitute an Unsecured Transaction under the Water System Agreement. If Water Securities are issued as Senior Lien Bonds, the Transaction shall constitute a Senior Lien Transaction under the Water System Agreement from the date of issuance of such Senior Lien Bonds to and including the Termination Date. If Water Securities are issued as Senior Subordinated Bonds, the Transaction shall constitute a Senior Subordinated Transaction under the Water System Agreement from the date of issuance of such Senior Subordinated Bonds to and including the Termination Date.

6. Party B shall at any time on or prior to the Effective Date have the option to elect that all or a portion of the Notional Amount of the Transaction to which this Confirmation relates be governed under the Sewer System Agreement by delivering a written notice to Party A at least 30 days prior to the effective date of such election (the "Source of Payment Conversion Date") specifying the Source of Payment Conversion Date and the amount of the Notional Amount of the Transaction (the "Converted Transaction") for which such election will be effective. Such election shall be effective with respect to the Converted Transaction on the Source of Payment Conversion Date if the following conditions are satisfied on said Source of Payment Conversion Date:

(a) There is no Potential Event of Default, Event of Default or Termination Event under the Sewer System Agreement;

(b) Party B has issued Securities (i) in an aggregate principal amount equal to the notional amount of such Converted Transaction, (ii) with a final maturity date equal to the Termination Date and amortization equal to the amortization of the notional amount of such Converted Transaction, and (iii) for the purpose of financing repairs, extensions and improvements to the Sewer Disposal System (the "Sewer Securities");

(c) Sewer Securities are issued as

either Senior Lien Bonds or Senior Subordinated Bonds; and

(d) Party B delivers to Party A (i) a legal opinion of counsel to Party B with respect to the Converted Transaction in form and substance acceptable to Party A, (ii) evidence that the Converted Transaction is authorized to be entered into by Party B under the Sewer System Agreement, and (iii) such other documents as Party A may reasonably request.

If all of the foregoing conditions have been satisfied on the Source of Payment Conversion Date, then, on and after said Source of Payment Conversion Date, the Converted Transaction shall be governed under the Sewer System Agreement and any reference herein, in respect to such Converted Transaction, to the Agreement shall be deemed to be to the Sewer System Agreement. If all of the foregoing conditions have been satisfied and Sewer Securities are issued as:

(a) Senior Lien Bonds, the Converted Transaction shall constitute a Senior Lien Transaction under the Sewer System Agreement from the Source of Payment Conversion Date to and including the Termination Date for the Converted Transaction; and

(b) Senior Subordinated Bonds, the Converted Transaction shall constitute a Senior Subordinated Transaction under the Sewer System Agreement from the Source of Payment Conversion Date to and including the Termination Date for the Converted Transaction.

Any portion of the Notional Amount of the Transaction for which the option under the second preceding paragraph has not been exercised (the "Unconverted Transaction") shall continue to be governed under the Water System Agreement and any reference herein, in respect to such Unconverted Transaction, shall be deemed to be to the Water System Agreement.

On and after the Source of Payment Conversion Date, all terms of the Transaction specified in paragraphs 2, 3 and 4 shall remain unchanged; provided, however, that the Notional Amount specified in Schedule 1 for each period shall be allocated pro rata between the Converted Transaction and the Unconverted Transaction based on the notional amount of the Converted Transaction on one hand and the notional amount of the Unconverted Transaction on the other hand on the Source of Payment Conversion Date.

Party A shall use its best efforts to give Party B a notice of its right to exercise the option pursuant to this paragraph 6 at least 45 days prior to the Effective Date; provided, however, that the failure of Party A to give such notice to Party B shall not constitute an Event of Default or an

event that if not cured by certain date could become an Event of Default under the Agreement.

7. The occurrence of any of the following events shall constitute an Additional Termination Event:

(a) Party B fails to either (i) issue the Water Securities as Senior Lien Bonds or Senior Subordinated Bonds on or prior to the Effective Date or (ii) exercise its option under paragraph 6 above and satisfy all of the conditions for the effectiveness of such option on or prior to the Effective Date;

(b) Party B issues the Water Securities as Senior Lien Bonds and fails to deliver a legal opinion of its counsel to Party A within 30 days of such issuance to the effect that the Transaction constitutes a Senior Lien Transaction under the Water System Agreement and that such Transaction is payable from the secured by a validly perfected security interest in Net Revenues as described in respect of Senior Lien Transactions in Part 4(e) of the Schedule to the Water System Agreement;

(c) Party B issues the Water Securities as Senior Subordinated Bonds and fails to deliver a legal opinion of its counsel to Party A within 30 days of such issuance to the effect that the Transaction constitutes a Senior Subordinated Transaction under the Water System Agreement and that such Transaction is payable from and secured by a validly perfected security interest in Net Revenues as described in respect of Senior Lien Transactions in Part 4(e) of the Schedule to the Water System Agreement; or

(d) The principal amount of outstanding Water Securities (or, if Party B exercises its option under paragraph 6 and satisfies all of the conditions for the effectiveness of such option, the principal amount of outstanding Water Securities) on any date after the Effective Date is less than the Notional Amount for such date: provided, however, that upon the occurrence of the Additional Termination Event pursuant to this subparagraph (b), either party shall only be permitted to designate an Early Termination Date with respect to that portion of the Transaction by which the Notional Amount exceeds the outstanding principal amount of such Water Securities or Water Securities, as the case may be.

Upon the occurrence of any of the foregoing Additional Termination Events, each party shall be the Affected Party and the Transaction shall be the sole Affected Transaction.

8. Swap Structuring Fee. Party A agrees to pay [ ] a swap structuring fee equal to the present value of [ ] ([ ]) basis points on the average notional balance to the Effective Date discounted to the Effective

Date at the Fixed Rate.

Please confirm that the foregoing correctly sets forth the terms of our agreement MSCS Ref. No. [ ] by executing this Confirmation and returning it to us promptly.

We are delighted to have entered into this Transaction with you and look forward to serving you further in the future.

January 7, 2004

Honorable City Council:

Request to adopt a Resolution approving certain Interest Rate Exchange Agreements entered into on a Forward Starting Basis in Anticipation of the Related Future Issuance and Sale of City of Detroit Sewage Disposal System Revenue Bonds.

The attached Resolution authorizes the City to utilize certain Interest Rate Exchange Agreements to effectively lock in historically low interest rates today for securities to be issued for the Sewage Disposal System in the 2004, 2005 and/or 2006 calendar years. Resolutions will be presented for City Council approvals at the time of the actual bond issuances.

Bond Counsel has prepared the attached Resolution and I recommend its adoption by your Honorable Body, with waiver of reconsideration, at your next formal session.

Respectfully submitted,

SEAN K. WERDLOW  
Finance Director

**A Resolution Approving an Interest Rate Exchange Agreement Entered into on a Forward Starting Basis in Anticipation of the Related Future Issuance and Sale of Sewage Disposal System Revenue Bonds of the City of Detroit for the Purpose of Defraying Part of the Cost of Acquiring and Constructing Replacements, Repairs, Extensions and Improvements to the City's Sewage Disposal System, All as Allowable under Act No. 94, Public Acts of Michigan, 1933, as Amended, and Certain Sewer Ordinances and Resolutions of the City Council of the City, Including Ordinance No. 27-86, as Supplemented and Amended by Ordinance Nos. 7-87, 38-92, 3-93, 31-95, 16-97, 24-97, 36-99 and 18-01, and Determining Other Matters Relating to Such Interest Rate Exchange Agreement and Such Future Related Securities of the Sewage Disposal System, Including Certain Acknowledgements Required by Section 317 of Act 34 of the Public Acts of Michigan of 2001, as Amended.**

By Council Member Tinsley-Talabi:

**Whereas**, Ordinance No. 27-86, including all effective amendments and supplements thereto (the "*Bond Ordinance*"), provides for the issuance of Securities (as therein defined) by the City of Detroit, Michigan (the "*City*"), to finance repairs, extensions and improvements to the Sewage Disposal System of the City (the "*System*"); and

**Whereas**, It is deemed necessary for the public health, benefit and welfare of the City to acquire and construct certain of the repairs, extensions and improvements to the System described in the Capital Improvement Program (the "*CIP*") of the Detroit Water and Sewerage Department (the "*Department*"), as of July 1, 2002, as it may be modified by the Department from time to time (the "*Projects*"); and

**Whereas**, To finance the described costs of the Projects as set forth in the CIP (the "*Project Costs*"), the Finance Director anticipates recommending the issuance of Securities as provided in the CIP through the term of the CIP for the purpose of financing costs of the Projects and to provide for expenditures ancillary thereto; and

**Whereas**, It is currently anticipated in the CIP that the future Securities shall be issued in accordance with Act No. 94, Public Acts of Michigan, 1933, as amended ("*Act 94*"), and the applicable provisions of the Bond Ordinance during the 2004, 2005 and/or 2006 calendar years; and

**Whereas**, Opportunities exist for the City to utilize Transactions under an Interest Rate Exchange Agreement as a hedge to effectively lock in current interest

rates today for Securities to be issued in the future; and

**Whereas**, The City has assumed certain interests rates under the CIP with respect to the issuance of Securities in the future, which assumed interest rates can be effectively lowered or firmly established by entering into a forward starting Interest Rate Exchange Agreement with mandatory early termination; and

**Whereas**, All things necessary for execution of the Approved Agreements (as defined in this Resolution), under the Constitution and laws of the State of Michigan, including Section 317 of Act 34 of the Public Acts of Michigan of 2001, as amended ("*Act 34*"), and the applicable provisions of the Bond Ordinance have been or will be done prior to the execution of the Approved Agreement, and the City Council (the "*Council*") is now empowered and desires to authorize the final negotiation and execution of the Approved Agreement and Transaction under it by adopting this Resolution and making the acknowledgements it is required to make under Act 34; and

**Whereas**, The Council desires to authorize the Finance Director to execute the Approved Agreement in substantially the form on file with the City Clerk in connection with the adoption of this Resolution, and directs the Finance Director and all other authorized persons to perform all acts consistent with the Bond Ordinance and this Resolution necessary and appropriate to complete the Transactions contemplated by this Resolution as determined by the Finance Director within the parameters established herein; and

**Whereas**, The Council desires to authorize the Finance Director to establish the relevant rates, notional amounts, nominal effective dates, amortization of notional amounts, designations of notional amounts to Future Related Securities (as defined in this Resolution), mandatory early termination dates and nominal final dates subject to the restrictions of Act 34, the Swap Management Plan, the Debt Management Plan, the Bond Ordinance and this Resolution and to make such other determinations with respect to the Approved Agreement as shall be set forth in the executed versions of the Approved Agreement; and

**Whereas**, In the event that future Securities are not issued under the Bond Ordinance at the times or in the amounts currently anticipated but General Obligation Bonds (as defined in this Resolution) and/or Water Bonds (as defined in this Resolution) are issued, it is beneficial to the City that the Finance Director be authorized to designate all or part of the hedge provided by one or more of the Transactions under the Approved Agreement to relate to such General

Obligation Bonds and/or Water Bonds.

**Now, Therefore, be it Resolved by the Council at a regular meeting thereof that:**

**Section 1. Definitions.**

*"Swap Management Plan"* means the plan by that name approved by the Council on November 26, 2002, as the same may be amended from time to time.

*"Transaction"* means, with respect to the Approved Agreement, a transaction evidenced by a separate Confirmation which takes into account the applicable notional amount, the amortization of such notional amount, the nominal effective date, the nominal final date and the mandatory early termination date for such transaction.

*"Water Bonds"* means Securities issued under, and as defined in, the Water Bond Ordinance.

*"Water Bond Ordinance"* means Ordinance No. 30-02 of the City, as the same may be amended and supplemented from time to time.

**Section 2. Approved Agreement.**

(a) For the purpose of managing debt

service requirements of outstanding Securities expected to be issued on or before December 31, 2006, the Finance Director is authorized in his discretion to enter into the following Approved Agreement meeting the requirements of the City's Swap Management Plan and Debt Management Plan and Act 34:

Floating (based on the BMA Index) to fixed rate forward starting Interest Rate Exchange Agreement with a mandatory early termination date between the City and UBS AG (the "Counterparty") related to Securities to be issued under the Bond Ordinance. The City may enter into multiple Transactions under the Approved Agreement with different nominal effective dates and mandatory early termination dates in connection with the proposed issuance of Securities under the Bond Ordinance in calendar years 2004, 2005 and/or 2006.

(b) With respect to the Approved Agreement, the forms of the ISDA Master Agreement, Schedule and Confirmation (one Confirmation to be entered into for each Transaction under the Approved Agreement) on file with the City Clerk are hereby expressly approved (subject to completion, correction and amendment prior to execution as approved by the Finance Director and determined by the Finance Director not to be materially adverse to the City nor to materially increase the risks of the City described below).

(c) With respect to the Approved Agreements, the Council acknowledges the potential risks associated with entering into them as set forth and described in the Swap Management Plan, including, specifically, counterparty risk, termination risk, basis risk and amortization risk.

(d) The Finance Director is authorized to negotiate the final terms of Transactions under the Approved Agreement (including relevant rates, notional amounts, nominal effective dates, nominal final dates, mandatory early termination dates, amortization of notional amounts and designations of notional amounts to Future Related Securities), subject however, to the restrictions of Act 34, the Swap Management Plan, the Debt Management Plan, the Bond Ordinance and this Resolution.

(e) The Finance Director is further authorized to enter into such ancillary agreements in connection with the Approved Agreement as may be necessary or appropriate and are consistent with Act 34 and the terms of the Swap Management Plan, the Debt Management Plan, the Bond Ordinance and this Resolution.

(f) The Finance Director is further authorized to terminate any Transaction prior to the mandatory early termination

date thereof and/or to enter into additional Transactions under the Approved Agreement, provided that all such additional Transactions, together with other outstanding Transactions, must fall within the parameters set forth in Section 3 of this Resolution.

(g) In connection with payments to be made or to be received by the City on any mandatory early termination date or any optional early termination date under a Transaction, the Finance Director may designate that all or a part of the Transaction be related to General Obligation Bonds and/or Water Bonds and not to Securities under the Bond Ordinance. In the event the Finance Director makes such a designation, (i) the designated portion of any amounts payable by the City on the applicable termination date shall be payable from the proceeds of the General Obligation Bonds and/or Water Bonds as provided in the resolution or ordinance authorizing the same (and the Finance Director shall not make such a designation if a payment from the City is required unless such authorization has been made) and (ii) the designated portion of any amounts payable by the Counterparty on the applicable termination date shall be applied as a source of funds for the General Obligation Bonds and/or Water Bonds financing or, by order of the Finance Director, be used for any other lawful purpose.

**Section 3. Authorization of and Limitations on Actions of Finance Director.**

(a) The Finance Director shall make all determinations authorized to be made under this Resolution through completion, execution and delivery of the Approved Agreement, through amendments thereof as contemplated therein, and/or through any order or other designation made by the Finance Director pursuant to authority granted in any supplemental ordinance or resolution authorizing the Future Related Securities.

(b) In making the determinations authorized to be made in this Resolution the Finance Director shall observe the following limitations:

(1) The aggregate notional amount of all Transactions outstanding at any one time under the Approved Agreement shall not exceed \$275,000,000.

(2) The fixed interest rate for each Transaction under an Approved Agreement shall not exceed 7.0%.

(3) The nominal effective date and the mandatory early termination date for each Transaction under the Approved Agreement shall be not earlier than November 1, 2004, and not later than March 1, 2007.

(4) The nominal final date of each Transaction under the Approved Interest

Rate Exchange Agreement shall not be later than July 1, 2037.

(c) During the Finance Director's absence or disability, or while the Finance Director's position is vacant, the Deputy Finance Director shall exercise all the powers, perform all the duties and make all the determinations herein required or permitted by the Finance Director.

**Re: City of Detroit, Michigan Sewage Disposal System ISDA Interest Rate Exchange Agreement.**

Ladies and Gentlemen:

We have acted as swap counsel to the City of Detroit, State of Michigan, a municipal corporation (the "Counterparty"), and are delivering this opinion in connection with the ISDA Master Agreement, the Schedule thereto, each dated as of \_\_\_\_\_, 2004, and the Confirmation relating to the transaction entered into on \_\_\_\_\_, 2004 (collectively, the "Agreement"), between UBS AG ("UBS AG") and the Counterparty.

Upon the basis of the foregoing, we are

of the opinion that:

(1) The Counterparty has the requisite corporate power and authority to enter into the Agreement and to perform its obligations thereunder, and the Agreement has been duly authorized, executed and delivered by the Counterparty and, assuming due authorization, execution and delivery by UBS AG, the Agreement constitutes the valid and binding obligation of the Counterparty, enforceable in accordance with its terms, subject, as to enforcement, to bankruptcy, insolvency, reorganization and other laws of general applicability relating to or affecting creditors' rights and to general equity principles.

(2) The Counterparty has complied with Act 34, Public Acts of Michigan, 2001, as amended ("Act 34"), in connection with the execution and delivery of the Agreement and is not required to obtain any other authorization, consent, approval, registration, exemption or license from or to file any other registration with any governmental authority as a condition to the validity of, or for its obligations thereunder.

(3) Except as provided below in this paragraph, the payment obligations of the Counterparty under the Agreement (including both scheduled payments and termination payments) are payable from moneys in the Surplus Fund created and maintained under the Counterparty's Ordinance No. 18-01 (the "Ordinance") or from other moneys made available therefor by the Counterparty (including proceeds of Securities issued under the Ordinance or proceeds of Water Bonds or General Obligation Bonds as defined in the City's authorizing resolution adopted on \_\_\_\_\_, 2004 (the "Resolution")). In the event Future Related Securities (as defined in the Resolution) are issued, and all or part of the Agreement is designated by the Counterparty to relate to such Future Related Securities, then the relevant payment obligations of the Counterparty (i) are "Hedge Obligations" under the Ordinance and (ii) are secured by a lien on Pledged Assets (as defined in the Ordinance) on a parity basis equal in seniority to the Future Related Securities to which they relate. The lien referred to in clause (ii) above is a statutory lien pursuant to Act 94, Public Acts of Michigan, 1933, as amended ("Act 94"), valid and enforceable against the Counterparty and all parties having claims through the Counterparty without further action of the Counterparty and regardless of whether any party has been given notice of such lien, subject, however, in the case of Junior Obligations, to the lien in favor of parties holding Secured Obligations with a higher Priority under (and as defined in) the Ordinance.

Very truly yours,

HOWARD & HOWARD

Re:

Ladies and Gentlemen:

I am counsel to the City of Detroit, a Michigan municipal corporation (the ACounterparty@), and I am delivering this opinion in connection with the Master Agreement and the Schedule thereto, dated as of \_\_\_\_\_ (as supplemented by the Confirmation relating to the Transaction entered into on \_\_\_\_\_ pursuant thereto, the AAgreement@), between the Counterparty and UBS AG. Terms defined in the Agreement are used herein as therein defined.

In that connection, I have examined the originals, or copies certified to my satisfaction, of the Agreement and such corporate records of the Counterparty, certificates of public officials and of officers of the Counterparty, and agreements, instruments, and documents, as I have deemed necessary as a basis for the opinions hereinafter expressed. As to questions of fact material to such opinions, I have, when relevant facts are not independently established, relied upon certificates of the Counterparty, or its officers or of public officials. I have assumed the due execution and delivery of the Agreement by the Bank.

Based upon the foregoing, I am of the following opinion:

1. The Counterparty is a municipal corporation duly organized, validly existing and in good standing under the laws of Michigan.

2. The Counterparty has the power and authority to execute and deliver the Agreement and to perform its obligations under the Agreement and has taken all necessary action to authorize such execution and delivery and performance of such obligations.

3. The execution and delivery of the Agreement by the Counterparty and the Counterparty's performance of its obligations under the Agreement do not violate or conflict with any law, rule or regulation applicable to it, any provision of its charter or by-laws (or comparable constitutional documents), any order or judgment of any court or other agency of government applicable to it or any of its assets or any contractual restriction binding on or affecting the Counterparty or any of its assets.

4. All authorizations of and exemptions, actions or approvals by, and all

notices to or filings with, any governmental or other authority that are required to have been obtained or made by the Counterparty with respect to the Agreement have been obtained or made and are in full force and effect and all conditions of any such authorizations, exemptions, actions or approvals have been complied with.

5. The Agreement constitutes the Counterparty's legal, valid and binding obligation enforceable against the Counterparty in accordance with its terms (subject to applicable bankruptcy, reorganization, insolvency, moratorium or similar laws affecting creditors' rights generally and subject, as to enforceability, to equitable principles of general application (regardless of whether enforcement is sought in a proceeding in equity or at law).

6. To the best of my knowledge, after due inquiry, there is not pending or threatened against the Counterparty or any of its Affiliates any action, suit or proceeding at law or in equity or before any court, tribunal, government body, agency or official or any arbitrator that is likely to affect the legality, validity or enforceability against the Counterparty of the Agreement or its ability to perform its obligations thereunder.

7. A court in Michigan would give effect to the parties' choice of law by applying the substantive laws of the State of New York in construing and enforcing the Agreement, to the extent required thereby.

8. A valid judgment upon the Agreement obtained from a court of competent jurisdiction in the State of New York which judgment remains in full force and effect after all appeals that may be taken in such State with respect thereto have been taken may be entered and enforced through a court of competent jurisdiction in Michigan.

9. The Agreement complies with the Counterparty's Swap Management Plan and its Debt Management Plan and the Counterparty is not required to obtain any other authorization, consent, approval, registration, exemption or license from or to file any other registration with any governmental authority as a condition to the validity of, or for the execution and delivery of, the Agreement or to the performance by the Counterparty of its obligation thereunder.

I am qualified to practice law in the State of Michigan and do not purport to be expert on, or to express any opinion herein, concerning any law other than the laws of the State of Michigan and the federal laws of the United States of America.

RUTH CARTER

**RESOLUTION**

By COUNCIL PRESIDENT MAHAFFEY and COUNCIL MEMBER WATSON:

WHEREAS, The Detroit City Council previously approved the Temporary Oversight and Corporate Responsibility Memorandum of Understanding (MOU) for Detroit Receiving and Hutzel Hospitals — the MOU committed a total of \$50 million in public funds for the hospitals (Wayne County up to \$4 million in unmatched funds, City of Detroit up to \$3 million in unmatched funds, State of Michigan up to \$15 million in unmatched funds and the balance in federal funds), as recommended by the Chief Executive Officer; and

WHEREAS, At no time during the deliberations in finalizing a MOU to bail-out the Detroit Medical Center (DMC), was the City Council informed of the DMC's eminent intent to sell any of Detroit's primary care clinics within the health system; and

WHEREAS, Only three months later, the DMC announced its intent to sell four of its remaining neighborhood health care clinics to a group of DMC physicians and to transfer ownership of a fifth clinic to a

community group led by First Corinthian Baptist Church; it was also disclosed that prior to the sale of these clinics, the DMC had sold six other clinics earlier in the year; and

WHEREAS, The five clinics currently being sold or transferred are centered within the most impoverished areas of the City on West Davison, Woodward, Gratiot, East 7 Mile and East Jefferson; and

WHEREAS, These clinics provide health care services to the city's poor and serve as the sole means of health care for many of the city's uninsured residents; and

WHEREAS, While the DMC claims that all five clinics will remain open and provide the same services to the community, the doctors who are buying them have no obligation to continue to serve medically indigent persons; and

WHEREAS, The Detroit City Council opposes the sale and transfer of these five primary care clinics and considers this action by the DMC to have been a deceptive act because it failed to disclose to the Council its intent to sell the clinics when the MOU was deliberated thereby knowingly inducing the Council to provide this funding while appearing to have been complicit in creating a healthcare crisis in the center of the City of Detroit;

NOW THEREFORE BE IT

RESOLVED, By the Detroit City Council on this 14th day of January, 2004 that it goes on record in opposition of the sale and transfer of ownership of the five clinics and urges the DMC to reconsider its actions; and be it further

RESOLVED, That the Detroit City Council take a long hard look at the full range of the health care needs of Wayne County residents before providing any further financial support to DMC; and be it further

RESOLVED, That a copy of this resolution be sent to Michael Duggan, the Director of the DMC and to Gwen MacKenzie, DMC's Chief Operating Officer.

-----  
 STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN OPPOSITION TO RESOLUTION OPPOSING SALE OF FIVE DMC CLINICS

I voted no on Wednesday, January 14, 2004 to the resolution referenced above. Having read and carefully analyzed the language of the resolution, it became immediately apparent to me that it was the exact same language as that con-

tained in Resolution No. 2004-025, passed by the Wayne County Commission. The only exception was that the words, "City Council" were substituted for the words, "Wayne County Commission."

I wish to make it absolutely clear that I am by no means in favor of the Detroit Medical Center (DMC) selling off its neighborhood health clinics. However, I am most definitely opposed to passing a resolution containing faulty language that does not fit the desired objectives of the City of Detroit. The actions taken by the Wayne County Commission and the City Council were not identical with respect to the issues relating to the DMC. For example, the Wayne County Commission did approve the Memorandum of Understanding (MOU). However, it is my understanding that even through the Council approved a resolution authorizing the expenditure of funding, we never passed a specific resolution specifically approving the MOU.

Moreover, the second Resolved clause provides that Council "take a long hard look at the full range of health care needs of **Wayne County Residents.**" (Emphasis added). While I am concerned about the health care needs of Wayne County Residents, my duty as an elected official is to the citizens of the City of Detroit. It is unforeseeable whether the needs of Wayne County residents and Detroit residents will always be in harmony. For this reason, I cannot vote in favor of a resolution that could potentially place the needs of the County over the needs of the City.

Members of a legislative body must be meticulous in doing the necessary due diligence to carefully draft documents tailored to meet the needs of its citizens. Experience shows that errors often occur when boilerplate language is copied and adopted in wholesale fashion. This particular resolution is an example of an absolute failure to do the necessary due diligence. The resolution contains inaccurate information and was not carefully drafted to meet the specific needs of the citizens of Detroit, whom I serve. For these reasons, I voted no.

**RESOLUTION**

By COUNCIL MEMBER McPHAIL:

WHEREAS, On December 15, 2003, the Honorable City Council approved a resolution authorizing the counsel from the Venable L.L.P. and City Council Research and Analysis Division to represent the City Council and its members named in the Lac Vieux v. City of Detroit et al. litigation; and

WHEREAS, This action was permitted under Section 4-121 of the Charter of the City of Detroit, which states: "Where there exists a conflict of interest between the

City Council and another branch of government, the City Council has the authority to retain an attorney licensed to practice law in Michigan who shall represent the City Council in legal proceedings"; and

WHEREAS, Subsequent to the effective passage of the above cited resolution, the Honorable Mayor issued a veto and statement which was date stamped in the City Clerk's office as received on December 26, 2003; and

WHEREAS, The legal arguments and positions of the parties, though expounded upon by the Mayor, was not the object of the resolution; and

WHEREAS, The resolution was for authorization of special counsel, which the Mayor has no authority to veto; and

WHEREAS, Section 4-119 Veto, of the Charter makes certain exceptions as to which City Council actions the Mayor can and cannot veto; and

WHEREAS, That Section clearly and unambiguously does not permit the Mayor to veto matters under Section 4-121:

Every ordinance or resolution of the City Council, except quasi-judicial acts of the City Council including under section...**or action taken under section... 4-121...of this Charter**, shall be presented by the City Clerk to the Mayor..." (Emphasis added).

NOW, THEREFORE BE IT RESOLVED, The Mayor's veto is illegal and of no effect and the Resolution remains effective

**RESOLUTION**

By COUNCIL MEMBER WATSON:

WHEREAS, There exists a considerable amount of human abuse through enslavement and workers exploitation and it is not the intent or the desire of Detroit citizens to support such practices; and

WHEREAS, The citizens of Detroit respect the inalienable rights of all human workers to be compensated fairly and treated humanely; and

WHEREAS, There is a resurgence of exploitative and abusive workplaces in the United States and around the world; and

WHEREAS, Responsible vendors find it hard to compete with vendors who use manufacturers which engage in slave labor, child labor and other forms of human exploitation; and

WHEREAS, Such conditions in apparel and other industries threaten the jobs and working conditions of all workers; and

WHEREAS, The workplaces where human labor is exploited are known as Sweatshops; and

WHEREAS, The City of Detroit, representing its citizens, does not want to do business with companies that compete by exploiting their workforce through sweatshops; and

WHEREAS, Pressure from institutional purchasers, such as governments, is one of the most effective ways to combat sweatshop production, NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council urges the Mayor and his administration to maintain a policy of evaluating suppliers' products concerning the working conditions under which the products are manufactured; AND BE IT FURTHER

RESOLVED, That the City Council urges the Mayor and his administration to apply this policy specifically to the manufacture, laundering and distribution of items of apparel and textiles, such as clothing, headwear, footwear, linens and fabric, as well as to any other industry designated by the Mayor or the Detroit City Council as vulnerable to sweatshop competition; AND BE IT FURTHER

RESOLVED, That the City Council will review and appropriately amend the City Code to establish this policy as the law of the City of Detroit.

-----  
STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN OPPOSITION TO PASSING RESOLUTION INSTEAD OF ORDINANCE RELATIVE TO FORBIDDING THE CITY OF DETROIT FROM ENTERING INTO CONTRACTS WITH COMPANIES ENGAGED IN UNFAIR LABOR PRACTICES

I voted "no" on the above resolution not because I am opposed to the City of Detroit adopting a policy of evaluating bids by taking into consideration the working conditions of those who produce the products we purchase but because I do not feel this resolution is an appropriate solution to this important problem.

First, An opinion from the City of Detroit Law Department was requested and is forthcoming. Due to my concerns with this resolution and the apparent conflict with the existing City of Detroit Purchasing Ordinance I would have rather waited until this opinion was received before casting my vote on this resolution.

Second, I am aware that the City of Detroit previously amended the Purchasing Ordinance in order to forbid the city from entering into contracts for goods

and services with businesses or companies that operated in South Africa during Apartheid. If the Detroit City Council wants to take similar action against businesses and companies that engage in unfair labor practices worldwide, Council should have instead adopted amendments to the Purchasing Ordinance in conjunction with the Detroit City Council Research and Analysis Division and approved as to form by the Law Department.

It is for the above reasons that I voted "no" on this resolution.

**RESOLUTION**

By COUNCIL MEMBER WATSON:

WHEREAS, On December 4, 2003, the City of Detroit, the Charter County of Wayne, and the Department of Community Health executed an Interlocal Agreement that creates the Detroit Wayne County Health Authority; and

WHEREAS, On January 5, 2004, a resolution which states that the Detroit City Council supports the creation of a Public Health Authority and approves the Interlocal Agreement was submitted to City Council for review and approval; and

WHEREAS, Pursuant to the Interlocal Agreement, the Detroit Wayne County Health Authority shall be governed by a nine (9) member Authority Board with one (1) member appointed by the Detroit City Council to represent the City of Detroit; and

WHEREAS, The Detroit City Council representative must reside in the City of Detroit, shall serve at the pleasure of the City Council, and may be removed by the City Council at any time; and NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council hereby appoints Council President Maryann Mahaffey as its representative to serve on the Detroit Wayne County Health Authority Board with Council Member JoAnn Watson serving as her alternate, AND BE IT FURTHER

RESOLVED, That the appointment of Council President Mahaffey to the Detroit Wayne County Health Authority Board does not constitute nor shall it be construed as express or implied approval of the terms and conditions of the Interlocal Agreement; AND BE IT FINALLY

RESOLVED, That the Detroit City Council is in the process of obtaining and reviewing all necessary documents and, therefore, has not taken any action regarding the Interlocal Agreement and/or the creation of a Public Health Authority.

Nays — Council Member S. Cockrel — 1

-----  
STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN OPPOSITION TO RESOLUTION TO APPOINT DETROIT CITY COUNCIL PRESIDENT TO BOARD OF DETROIT WAYNE COUNTY HEALTH AUTHORITY AND APPOINTMENT OF COUNCIL MEMBER JOANN WATSON AS ALTERNATE TO SAME

I voted no on Wednesday, January 14, 2004 to the resolution referenced above for two reasons. First, I am not convinced that appointing any Council Member to the Board would not violate the Michigan Incompatible Offices Act. In this regard, I have requested a legal opinion from the Corporation Counsel on this issue and am awaiting a response. I cannot, in good conscience, vote in favor of any resolution without the benefit of legal advice. Thus, I will not vote yes on this resolution without an opinion on the possible violation of state law.

Secondly, the Interlocal Agreement (Agreement) that would establish the Detroit Wayne County Health Authority (Authority) has not been approved by City Council. In that respect, the Authority does not yet exist. It follows that a Board for the Authority also does not exist. It is completely illogical and meaningless to vote yes to a resolution that would purport to appoint an individual to a nonexistent position.

This is not a purely academic issue. As one Council Member, I have some very serious concerns about the Agreement that has been presented. In that regard, it is entirely conceivable that the Council as a whole would request some further amendments to the Agreement, prior to approving it. In its present form, the agreement provides for the creation of a Board whereby one member is appointed by the City Council if the Agreement were amended to allow for two members to be appointed by Council, or no members to be appointed by Council, then the passage of this particular resolution would produce an absurd and nonsensical result.

In sum, I am not assured that the appointment of a Council Member to the board is lawful. Additionally, it is premature to appoint anyone to a board that does not yet exist. For the reasons stated above, I voted no.

Mayor's Office**

January 20, 2004

Honorable City Council:  
Re: Ordinance to Amend Chapter 18,

Article V of the 1984 Detroit City Code, Division 4. Prevailing Wage and Fringe Benefit Rates Required for City Project.

This Honorable Body adopted proposed amendments to Sections 18-5-60 through 18-5-69 of the 1984 Detroit City Code (hereinafter referred to as the "Prevailing Wage Ordinance"). The proposed amendments purport to create a private cause of action by which a party alleging a violation of the Prevailing Wage Ordinance may seek enforcement in court against private party.

This Administration is committed to serving the citizens of the City of Detroit by assuring that any contracting agency for "city projects" pays the prevailing wage. However, the proposed amendments are contrary to state law and are unenforceable. Therefore I must veto the proposed amendments to Sections 18-5-60 through 18-5-69 of the 1984 Detroit City Code.

Michigan courts have held that municipal ordinances do not create private causes of action. In *Figueroa vs. Garden City*, 169 Mich App 619; 426 NW2d 727 (1988), the Court of Appeals considered an ordinance which required the owner of land adjacent to sidewalks to maintain such sidewalks "in good repair and safe for the use of the public." The ordinance went on to provide that "... the owner shall be liable to the City for any damages recovered against the City sustained by any reason of such sidewalk being unsafe and out of repair." Where injured plaintiffs sued both the City and the landowner, and the City sought indemnification from the landowner, the Court upheld the trial court's conclusion "that the city's ordinance contravened state law." The Court reviewed prior cases:

**We believe that an ordinance such as the city's creates a public duty from which there can be no private right to recovery. In cases involving the failure of abutting landowners to keep their sidewalks clear as required under local ordinances, our court have uniformly held that liability could not be posited. *Levendoski vs. Geisenhaver*, 375 Mich 225; 134 NW2d 228 (1965); *Taylor vs. Saxton*, 133 Mich App 302; 349 NW2d 165 (1984). In *Levendoski*, our Supreme Court, citing *Taylor vs. Lake Shore & M S R Co*, 45 Mich 74; 7 NW 728 (1881), stated:**

**An ordinance requiring all persons to keep their sidewalks free from ice imposes a purely public duty, and persons injured by slipping on the ice cannot bring private actions against the owners of the premises. (374 Mich 227)**

Michigan courts would likely strike

down any attempt to create a private cause of action to enforce the proposed amendments to Sections 18-5-60 through 18-5-69 of the 1984 Detroit City Code. For this reason, I must veto the proposed amendments to the Prevailing Wage Ordinance.

Honorable City Council:

Re: Community Development Block Grant Criteria.

This Honorable Body passed a Resolution directing the City Planning Commission to implement a contingency plan with respect to establishing the criteria for the 2004-2005 Community Development Block Grant. According to the Resolution, this contingency plan would take effect if deadlines are not met through the joint efforts of the Planning and Development Department and the City Planning Commission in developing the criterion.

This administration is committed to serving the citizens of the City of Detroit through the establishment of fair and equitable criteria in relation to the Community Development Block Grant. The Home Rule Charter explicitly entrusts this task to the executive branch of government. **Section 5-102 provides:**

**Except as otherwise provided by law or this Charter, Executive and administrative authority for the implementation of programs, services and activities of city government is vested exclusively in the executive branch.**

The determination of the criteria to be used with respect to the Community Development Block Grant falls under the purview of the "implementation of programs, services and activities of city government." There is no provision by law or otherwise which grants this Honorable Body the authority to establish or implement a contingency plan to be utilized with respect to the Community Development Block Grant. Absent such a provision, the criteria must be established and implemented by the executive branch.

This Resolution clearly contradicts the clear and unequivocal mandate of Section 5-102 of the Home Rule Charter. In essence, this Honorable Body is seeking to perform a task that is exclusively reserved for the executive branch. Therefore, I must veto this Resolution.

Honorable City Council:  
Re: Special Events Parking.

This Honorable Body adopted a Resolution urging the Administration to replace Al Fields as Director of the Consumer Affairs Department. The Resolution instructed the Administration to appoint a Director of Consumer Affairs who will enforce ordinance 600(H) and all ordinances written to protect Detroit residents.

This administration is committed to serving the citizens of the City of Detroit through the enforcement of all City ordinances. It has been brought to my attention that the ordinance at issue contains a provision that is ambiguous, unclear, and does not accomplish the goals of this Honorable Body as written. In light of this obvious flaw, the appropriate response from the legislative body should be to amend the current ordinance to reflect the purpose and intent of this Honorable Body.

The Consumer Affairs Department falls under the Executive Branch of City government. As such, I have the task of appointing the Director of Consumer Affairs. This individual serves at my pleasure. Since there are other remedial measures which are available to this Honorable Body, i.e., amendment of the ordinance, I must veto this Resolution.

Respectfully submitted,

Mayor

Honorable City Council:

This Honorable Body adopted a Resolution pertaining to the character and fitness standards for the Executive Protection Unit. I sincerely appreciate your concerns and recommendations with respect to this issue. However, I must veto this Resolution due to the following:

1. A Resolution recommending that arrests and convictions be used as criteria for the identification and selection of members for the Executive Protection Unit poses a concern. First, the Michigan Elliott Larsen Civil Rights Act prohibits disqualification of an individual from employment due to their arrest record. Certainly, if the individual has an arrest record, upon exploring the events which resulted in the arrest, this person in all likelihood would be deemed unfit to serve as a Detroit Police Officer. This individual would be excluded for service if the arrest was due to dishonesty, theft or violence. Therefore, the arrest record is not the

determining factor.

I am fully aware that this Resolution simply proposes recommendations for selecting members of the Executive Protection Unit. However, selection of the Executive Protection Unit is purely an executive function. For the reasons stated herein, I must veto this Resolution.

KWAME M. KILPATRICK  
Mayor

**STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN OPPOSITION TO MOTION TO ADOPT RESOLUTION ADOPTING LAST YEAR'S CRITERIA FOR COMMUNITY DEVELOPMENT BLOCKGRANT CRITERIA NOTWITHSTANDING THE VETO OF THE MAYOR**

The resolution to adopt last year's criteria for use as the 2004 Community Development Block Grant Criteria was originally approved at Council's formal session on November 27, 2003. At that time I voted no on the resolution, issuing a position statement outlining my policy concerns regarding taking an action in total disregard of the April, 2003 HUD Monitoring Report.

The resolution was vetoed by the Mayor of the City of Detroit due to similar concerns regarding the enactment of this resolution. Concurrently, on January 21, 2004 the City Council voted to adopt this resolution for a third time, notwithstanding the Veto of the Mayor and I again voted "no" on this policy resolution.

Please allow my original statement from December 2, 2003 to stand as my

continued position on this subject.  
 STATEMENT BY COUNCIL MEMBER  
 SHEILA M. COCKREL REGARDING  
 "NO" VOTE ON RESOLUTION  
 ADOPTING LAST YEAR'S CRITERIA  
 FOR COMMUNITY DEVELOPMENT  
 BLOCK GRANT CRITERIA

I voted "no" on the resolution adopting last year's criteria for Community Development Block Grant (CDBG) Criteria because I believe that the City Council's City Planning Commission staff and Planning and Development staff should have been afforded the opportunity to finalize their proposed changes for the CDBG criteria. P&DD and CPC staff had been working together to create a new process, new criteria and new goals and objectives as mandated by the U.S. Department of Housing and Urban Development (HUD).

In the HUD Monitoring Report distributed to Detroit City Council in April, 2003 it is indicated that Detroit's "single largest problem, which permeates all the areas, is the unwieldy bureaucracy that keeps the City from making progressive changes in program operations." I believe that this vote on this resolution is a prime example of this "unwieldy bureaucracy" HUD discovered through their two month monitoring review of HUD's programs as administered by the City of Detroit.

I am additionally concerned that the City Council's vote to adopt last year's criteria for the CDBG process shows complete disregard for HUD's Monitoring Report and the recommendations for changes included therein. When Diane Johnson, former HUD Acting Field Director, visited the City Council in April, 2003 she expressed to us in no uncertain terms that the current process needed to be changed. HUD has awarded the City of Detroit over \$2.6 billion dollars since 1977; the City Council needs to work collaboratively with the Administration to ensure further funding from HUD.

It is for the above reasons that I voted "no" on this resolution.

 STATEMENT BY COUNCIL MEMBER  
 SHEILA M. COCKREL IN OPPOSITION  
 TO MOTION TO ADOPT SPECIAL  
 EVENTS PARKING RESOLUTION  
 NOTWITHSTANDING THE VETO OF  
 THE MAYOR

On Friday, November 14, 2003 the Detroit City Council approved a resolution with the title "Special Events Parking." The title of this resolution does not appropriately address the content of this resolution that was, in fact, an unfounded personal attack on and demand for removal of Al Fields from his position as Consumer Affairs Director for the City of Detroit.

This resolution was vetoed by the Mayor citing, in part, the separation of powers between the Executive and Legislative Branches of government in this city. The City Council, as the Legislative Branch, has no powers to remove nor appoint Directors that serve in the Executive Branch of the City. On January 21, 2004 the City Council voted a to adopt this resolution for a third time, not withstanding the veto of the Mayor and I again voted "no" on this resolution.

Please allow my original statement from November 17, 2003 to stand as my continued position on this subject.

-----  
 STATEMENT BY COUNCIL MEMBER  
 SHEILA M. COCKREL IN OPPOSITION  
 TO SPECIAL EVENTS PARKING  
 RESOLUTION

On Friday, November 14, 2003, I voted no on the resolution referenced above. The resolution is entitled "Special Events Parking" but in substance, it is a personal attack based on bald-faced allegations leveled against Al Fields, the Consumer Affairs Director.

There are real issues pertaining to the parking situation in Downtown Detroit, particularly on game days. However, the City Council, as the legislative body for the City of Detroit, has the ability and responsibility to act to amend and clarify the law when necessary. The power to legislate is the tool of the Council to provide services to the people.

The act of hurling personal attacks at individuals is not a tool to effect positive change. It is an act that causes division, resentment, and ultimately, impediment to progress. I have noticed a growing trend where personal attacks on certain individuals appearing before Council has steadily increased. This is not good government

and I cannot vote in favor of a document that would further attack individuals based on unverified allegations.

The resolution is based partly on allegations that "Al Fields has been seen eating lunch with parking lot owners..." As one Council Member, I believe in and fiercely protect freedom of association and freedom of speech. I do not believe that the mere act of having lunch and discussion with another human being entails anything inherently sinister or diabolical. I do not believe in engaging in inquisitions and witch-hunts that may result in stifling of free speech and exchange of ideas.

For all of the reasons stated above, I voted no.

On November 12, 2003, I voted against the introduction of the above-mentioned ordinance amendment that was not approved as to form by the Corporation Counsel of the City of Detroit due to concerns with the legality of this amendment. On January 8, 2004, I voted "no" on the approval of this ordinance amendment because of provisions that appeared to be unconstitutional and an amendment creating an unlawful private cause of action.

On January 20, 2004, the Mayor vetoed the approval of this ordinance amendment citing similar legal concerns. Subsequently, on January 21, 2004, the City Council voted to override the Mayor's veto and approve this amendment notwithstanding the veto of the Mayor. At that time I again voted "no" to the approval of this ordinance amendment.

-----

STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN OPPOSITION OF ORDINANCE TO AMENDMENT TO CHAPTER 18, ARTICLE V, DIVISION 4 OF THE 1984 DETROIT CITY CODE ENTITLED PREVAILING WAGE AND FRINGE BENEFIT RATES REQUIRED FOR CITY PROJECTS

On Wednesday, January 7, 2004, I voted no on the ordinance referenced above. On November 12, 2003, I voted no on the introduction of the same ordinance because it was not approved as to form by the Corporation Counsel for the City of Detroit and because I believed that it contains legal problems and issues that needed to be addressed.

As a matter of public policy, it is my opinion that receiving approval as to form by the Corporation Counsel, prior to introduction of an ordinance is a worthwhile process. The Corporation Counsel is the attorney for the City of Detroit, and it behooves the City Council to respect and follow advice with respect to the approval of ordinances as to form. The process requiring approval as to form gives the Corporation Counsel an opportunity to ensure that the ordinances we enact conform to technical requirements and to the law. Regularly bypassing such an important safeguard sets a dangerous precedent and I am not prepared to support set-

ting such a precedent.

Additionally, in my opinion, the ordinance appears to contain several provisions that are patently unconstitutional. Such flaws represent violations of long-standing and well-settled legal principles that do not represent good-faith efforts to change the law. Specifically, the ordinance adds an amendment providing for a private cause of action. The Corporation Counsel has consistently opined in opinions to which privilege was waived, that the City is prohibited from creating a private cause of action. Accordingly, it is my belief that an ordinance creating a private cause of action would thus be unlawful.

For all of the reasons stated above, I voted no on the introduction of this ordinance on November 12, 2003 and I again voted no on the passage of same on January 7, 2004.

Honorable City Council:  
Re: Street Administrator.

The provisions of Act 51, Public Acts of 1951, which is the law under which the State distributes the gas and weight tax revenues, requires that each City appoint a Street Administrator to act on behalf of the City with respect to the allocation of said funds.

The responsibilities of the Street Administrator ranges from maintenance and improvements to streets, traffic operations work, negotiation of contracts with the State Department of Transportation and maintaining inventory of all streets within the City.

Since the major use of the City's share of gas and weight taxes is to maintain and improve existing streets, traditionally, the Street Administrator for the City of Detroit has been the Director of Public Works.

It is therefore my recommendation that the Street Administrator, for the City of Detroit, be the Director of the Department of Public Works, Mr. James A. Jackson.

Respectfully submitted,  
KWAME M. KILPATRICK  
Mayor

By Council Member Watson:

Whereas, Section 13 (7) of Act 51, Public Acts of 1951 provided that each incorporated City and Village, to which funds are returned under the provision of this section, that, "the responsibility for all street improvements, maintenance, and traffic operation work shall be coordinated by a single administrator to be designated by the governing body who shall be responsible for and shall represent the municipality in all transactions with the State Transportation Department pursuant to the provision of the Act."

Therefore, be it resolved, that this Honorable Body designate Mr. James A. Jackson as the single Street

Administrator of the City of Detroit in all the transactions with the State Department of Transportation as provided in Section 13 of the Act.

Adopted as follows:

Yeas — Council Members Bates, K. Cockrel, Jr., S. Cockrel, Collins, Everett, McPhail, Tinsley-Talabi, Watson, and President Mahaffey — 9.

Re: Brainard Street Apartments — Payment in Lieu of Taxes (PILOT).

Cass Corridor Neighborhood Development Corporation, the Sponsor, has formed Brainard Street Apartments Limited Dividend Housing Association Limited Partnership. The development consists of the construction of a 120 unit apartment complex: 60 1-bedroom and 60 2-bedroom each with 1.5 baths. Financing for the development will be made possible by a loan of \$2,000,000 at 1% interest for 40 years from the City of Detroit-Home Investor Loan Program; \$6,300,000 from St. James FHA at 6.25% for 40 years; Low Income Tax Housing Tax Credits of \$4,196,485; CCNDC Note (CBDG FUNDS) of \$635,000; AHP FUNDS in the amount of \$500,000; Deferred Developers Fee of \$27,334 for a total development cost of thirteen million six hundred fifty thousand eight hundred nineteen dollars (\$13,658,819).

The Project area is bounded by Selden to the North, Temple to the South, Third on West, and Cass Avenue to the East.

MSHDA has indicated that such development receiving low income tax credits, but no financing from the authority, are eligible to receive tax abatements pursuant to Section 15a of Act 346 of the Public Acts of 1996 as amended.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA125.1415A).

At least twenty percent (20%) or 24 of the units must be occupied by household having incomes no greater than 50% of the median income, adjusted for family size. The remaining eighty percent (80%) or 96 of the units must be occupied by households with incomes that do not exceed 60% of the area median income, adjusted for family size. These income restrictions will be in effect for the longer of the period the Affordable Housing Restrictions apply or the time required under the Low Income Housing Tax Credit Program.

Adoption of the resolution by your

Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a 4% service charge for this housing project.

Respectfully submitted,

**From The Mayor**  
 January 9, 2004

Honorable City Council:  
 Re: Executive Organization Plan Amendment. Name Change (Cultural Affairs Department to Department of Culture, Arts & Tourism).

Section 7-102 of the 1997 Detroit City Charter authorizes the Mayor to prepare and subsequently amend an organization plan for the Executive Branch of City government. That plan and its amendments are to be submitted to your Honorable Body and made public. After a public hearing, the City Council is required to approve, recommend modification, or reject the plan within sixty (60) business days. Lacking such action, the plan automatically goes into effect.

This communication is submitted to your Honorable Body setting forth a proposed amendment to the current Executive Organization Plan which would change the name of the Cultural Affairs Department to the Department of Culture, Arts & Tourism. No other changes are made by this amendment, and no other departments are affected.

The proposed name change is intended to reflect an expanded role for the Department which will serve as a liaison with local existing cultural institutions, and include all creative entities under its umbrella. In addition, the new name will reflect an increase in outreach efforts to attract both business and vacation visitors to the City and promote the use of the City as a venue for local and national film productions.

Your Honorable Body's approval of this Executive Organization Plan amendment in advance of the maximum sixty (60) business day time limit would be appreciated. I look forward to your support of this resolution.

Respectfully submitted,

January 20, 2004

Honorable City Council:

Re: Proposed Ordinance to Amend Section 9-1-465 of the Detroit Property Maintenance Code Concerning Heating Requirements for Rental Properties.

The above-referenced ordinance amendment was forwarded by the City Clerk to the Law Department for comment and approval as to form. After consultation with the Buildings and Safety Engineering Department, the attached proposed amendment to Section 9-1-465 of the Detroit Property Maintenance Code is being submitted to your Honorable Body.

The revisions to the proposed amendments are as follows:

1. For clarification, the term "and agrees" has been added to the proposed amendment of Section 9-1-465 of the Detroit Property Maintenance Code ("Code"). Section 26-5-13 of the Detroit Housing Code, repealed upon the enactment of the Code, included the words "in the absence of a contract or agreement to the contrary."

2. The proposed amendment of the Code has been revised to clearly state that the owner or operator shall provide heat sufficient to maintain a temperature not less than 70 degrees between the hours of 7:00 a.m. and 12:00 midnight.

3. The Buildings and Safety Engineering Department has recommended that the proposed amendment of the Code include language concerning where the temperature should be measured. The revised language provides that the temperature shall be measured at a distance of three (3) feet above floor level and three (3) feet from any exterior wall.

4. Also, the revised proposed amendment of the Code provides that a violation of the Section 9-1-465 shall be deemed an unsafe condition subject to the issuance of an emergency or imminent danger order. In accordance with Section 9-1-20 of the Code, which imposes civil fines for violations, the failure of an owner or operator of the rental property to comply with an emergency or imminent danger order concerning such an unsafe condition would warrant the issuance of a municipal civil infraction violation notice or citation with a fine amount in the range of three hundred dollars (\$300) to five thousand dollars (\$5,000), depending on the number of stories in the building and whether it is a first, second, third or subsequent violation. The term "convicted"

has been removed from the revised proposed ordinance since violations of the Code are now municipal civil infractions and not criminal misdemeanors.

We are available to answer any questions that your Honorable Body may have concerning these revisions to the proposed amendment of Section 9-1-465 of the Property Maintenance Code.

Respectfully submitted,

Honorable City Council:

Re: Address: 8830-2 N. Clarendon. Name: Charles Hahn. Date ordered removed: October 8, 2003 (J.C.C. pp. 3029-30).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following

information:

A special inspection on December 29, 2003 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of December 23, 2003.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

Honorable City Council:

Re: Address: 3940 Caely. Name: Georgry Sushynyjky. Date ordered removed: September 10, 2003 (J.C.C. p. 2777).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on December 23, 2003 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of December 19, 2003.

The proposed use of the property is owner occupancy.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:
  - Certificate of Acceptance related to building permits
  - Certificate of Approval as a result of a Housing Inspection
  - Certificate of Inspection, required for all residential rental properties.
2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).
3. The yards shall be maintained clear of weeds, junk and debris at all times.
4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the

owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

Director

Re: Contracts for Sign Language Interpretive Services and Closed Captioning Services.

Attached for your consideration are two contracts: with Connections for Deaf Citizens to provide sign language interpretive services as requested at public hearings and evening community meetings of the City Council; and with Closed Captioning Services, Inc. to provide closed captioning of televised meetings of the City Council.

Connections for Deaf Citizens, located at 2990 West Grand Boulevard, Suite 301, Detroit, Michigan, 48202, currently provides sign language interpretive services to the Detroit Police Department and appears to be the sole source for such services in southeast Michigan. Closed Captioning Services, Inc. located at 6159 28th Street, SE, Grand Rapids, Michigan, 49546 is the sole source in the State of Michigan providing closed captioning services.

Authorization of the City Council to proceed with these contracts will initiate the process to obtain departmental approvals and clearances required of the vendors. Please contact the Research and Analysis Division if Council Members have any questions or concerns about proceeding with the contracts.

Please find attached for your consider-

Respectfully submitted,

 Interim Director

By All Council Members:

Whereas, Litigation initiated by the Lac Vieux Desert Band of Lake Superior Chippewa Indians (LVD) against the City of Detroit, Atwater Entertainment Associates, L.L.C., Greektown Casino, L.L.C. and MGM Grand Detroit, L.L.C. has resulted in an attempt to reach a settlement with the casinos, and

Whereas, Those efforts led to the announcement of a partial settlement between LVD, Greentown Casino, Atwater Entertainment Associates, L.L.C., and Detroit Entertainment, L.L.C., which required, as a condition precedent to those agreements, material changes to the Revised Development Agreements between the City and the aforementioned casinos, and

Whereas, Those substantive changes included a reduction in the casinos obligations under the indemnification agreements and required the City to enter into a Covenant Not to Sue with respect to the LVD litigation against Detroit Entertainment and Greektown; and

Whereas, The City Council did not have a representative at the negotiations for this settlement, and

Whereas, The Executive Branch of the City did not bring the terms of this settlement to the City Council for its approval as mandated by §6-403 of the city charter, and

Whereas, The City Council approved a resolution authorizing counsel from its Research & Analysis Division and the law firm of Venable L.L.P. to represent them during the remainder of this litigation, and

Whereas, This conflict between the Executive and Legislative branches of city government has created an ethical dilemma for the attorneys of the law firm of Barris, Sott, Denn & Driker including Morley Witus and Eugene Driker, who have been representing both branches of the city in this manner. Now Therefore Be It

Resolved, That the Detroit City Council hereby releases the law firm of Barris, Sott, Denn & Driker from representation of the City Council in this matter and waives their right to protest a conflict of interest in the continuance of this litigation.

Be advised that the following Detroit City Council Members, as individuals, do hereby release the law firm of Barris, Sott, Denn & Driker, including attorneys Eugene Driker and Morley Witus, from representing them in Lac Vieux vs. the City of Detroit, et al. November 17, 2003

Honorable City Council:

Re: Authorization to enter into 2003-2004 Early Head Start Program contract with one (1) delegate agency in addition to the eight (8) Head Start Program delegate agencies.

The Department of Human Services

(DHS) is the Grantee for the Head Start and Early Head Start Program currently serving 7,497 eligible children and their families in the City of Detroit. The program is funded on an annual basis by the U.S. Department of Health and Human Services — Administration for Children and Families. Our grant year runs from November 1, 2003 through October 31, 2004 and official notification of the grant totaling \$51,028,019 will be received shortly. Because we did not receive the grant award from the U.S. Department of Health and Human Services in a timely manner, we are not able to process a continuation contract with one of our delegate agencies before the New Year begins on November 1, 2003. This contract is being processed and all the proper clearances have been obtained. However, the time required to process this contract might adversely affect the delivery of Early Head Start services. To avoid any disruption of service and circumvent cash flow problems that this delegate may experience, DHS is requesting that City Council pass a resolution authorizing DHS to enter into a contract with Franklin Wright Settlements Inc. The Department intends to prepare and process the formal contract as soon as possible. At this juncture, it is necessary to request preapproval of this contract.

However, as always, the approved detailed budget is attached to the contract. All expenditures will be in accordance with the budget approved by the U.S. Department of Health and Human Services and DHS. The Early Head Start delegate 2003-2004 contract amount and advance payment requests are as follows:

<u>Contractors Name</u>	<u>CPO #</u>	<u>SPO #</u>	<u>Contract Amount</u>	<u>Advance Payment</u>
Franklin Wright Settlements, Inc.	2620517	2620518	\$1,365,909	\$210,140

Your support in helping us to maintain Early Head Start services is very much appreciated. The Department of Human Services respectfully requests a waiver of reconsideration.

Whereas, The petitioner complied with the terms, conditions, and restrictions of previously granted Council resolutions; therefore be it

Resolved, The City Engineering Division — DPW is hereby authorized and directed to issue permits to “Jewish Vocational Services, Inc.” (a.k.a. “United Jewish Charities”) to close the northerly portion of the north-south public alley, 15 feet wide, in the block bounded by Woodward Avenue, John R. Provided, This resolution does not permit the storage of materials, merchandise, or signs on any adjacent public sidewalk space (meaning the space between the lot line of the property and the street curb line) is prohibited; and

Provided, That at the expiration of the permit, all obstructions shall be removed at the petitioner’s expense. The public property shall be restored to a condition satisfactory to the City Engineering Division — DPW by the petitioner at the petitioner’s expense; and

Provided, This resolution is revocable at the will, whim or caprice of the City Council without causes. The petitioner waives the right to claim damages or compensation for removal of encroachments. Honorable City Council:

Re: Petition No. 842 — Delta Environmental Consultants, Inc./BP Products North America, Inc., requesting to encroach into two areas, the First area is Van Dyke and Edsel Ford Expressway (I-94) Service Drive, the Second area is Cadieux Avenue and Harper Avenue to conduct environmental assessment of BP facility at 6420 Van Dyke Avenue and 17111 Harper Avenue.

Petition No. 842 of "Delta Environ-

mental Consultants, Inc./BP Products North America, Inc.", requests permission to install and maintain two monitoring wells for two areas, the First area to install one monitoring well within an north-south public alley (16 feet wide, north of Edsel Ford Expressway Service Drive) in the vicinity of 6420 Van Dyke Avenue; and the Second area to install one monitoring well within a public street (Harper Avenue, 103 ft. wd.) in the vicinity of 17111 Harper Avenue. The purpose of the bored wells is to monitor the existence or extent of soil contamination.

The encroachment petition was referred to the City Engineering Division — DPW for investigation and report. This is our report:

Soil borings and monitoring well installations are equivalent to an "open cut" in a public street or alley. Necessary permits will have to be obtained for any street or alley opening, backfill, or occupancy of the City rights-of-way to install monitoring wells.

The Detroit Water and Sewerage Department (DWSD) will require a minimum vertical clearance of one foot, and a minimum horizontal clearance of three and one half feet between DWSD sewers, drains, water mains, fire hydrants, catch basins, sewer and water manholes (and any other DWSD facility) and the proposed monitoring wells.

The Public Lighting Department (PLD) will require a three feet six inch horizontal and one foot vertical clearance from all PLD facilities.

All other city departments and privately-owned utility companies have requested that the petitioner make use of the "MISS DIG" facilities before any soil borings or permanent monitoring wells are installed in public (street or alley) right-of-ways. Should damages to utilities occur the petitioner shall be liable for all claims and damages to the encroaching installations.

Finally, the City Engineering Division — DPW will require "Delta Environmental Consultants, Inc./BP Products North America, Inc.", to submit certified "as-built" drawings, a map and survey showing the exact location of each of the petitioner's completed permanent monitoring well installations within public right-of-ways.

An appropriate resolution, granting the encroachments, is attached for consideration by your Honorable Body.

Respectfully submitted,

Honorable City Council:

Re: Petition No. 1493 — Urban Design Inc., requesting outright alley vacation in the area of Michigan, Lumley, Elmer and Edsel Ford Service Drive.

Petition No. 1493 of "Urban Design Inc.", at 53210 Jessica Lane,

Chesterfield Township, Michigan 48051, requests outright vacation of the East-West and a portion of the North-South public alleys, 18 feet wide, (vacated and converted into an easement on March 5, 2003 — J.C.C. Pgs. 705-08) in the block bounded by Michigan Avenue, 113 feet wide, Edsel Ford Service Drive, Lumley Avenue, 50 feet wide, and Elmer Avenue, 50 feet wide, for the construction of a New Family Dollar.

The request was approved by the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The request was referred to the City Engineering Division — DPW for investigation (utility clearances) and report. This is our report:

Comcast Cablevision reported involvement with a cost of \$453.00, Detroit Edison reported involvement with a cost of \$11,000.00, and SBC Telecommunication reported involvement, but no objection for the removing and/or rerouting services to maintain service to customers.

All other city department and private utility companies have reported no involvement to the requested right-of-way changes or satisfactory arrangements have been made.

I am recommending adoption of the attached resolution.

Resolved, All that part of the East-West public alley, 18 feet wide, lying Southerly of and abutting the South line of Lot 9, and lying Northerly of and abutting the North line of Lots 4 through 8, both inclusive, all in the "Elsie L. Beatcher's Subdivision" of Part of O.L.'s 5 and 7 P.C. 543 North of Michigan Avenue, City of Detroit, Wayne County Michigan, as recorded in Liber 30, Page 63, Plats, Wayne County Records; and the West 8.00 feet of Lot 10 in the "Plat of Latham and Quinn's Subdivision", Lot 6 and Easterly 22.13 feet of Lot 5 H. Beatcher's Subdivision" of Part of O.L.'s 5 and 7 P.C. 543 North of Michigan Avenue, City of Detroit, Wayne County Michigan, as recorded in Liber 30, Page 63, Plats, Wayne County Records; and lying Westerly of and abutting the West line of the South 28.00 feet of Lot 10 in the "Plat

The request was approved by Planning and Development Department, the Solid Waste Division — DPW, the Traffic Engineering Division — DPW and the Public Lighting Department. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report:

Due to the outright vacation of a portion of the north-south public alley, it will be necessary for the petitioner to provide a utility easement, on private property, to insure that the utility companies can continue to provide service to other properties not affected by this development at the same time the petitioner "PVM" request your Honorable Body to accept deeds, in order to create two (2) new public alley outlets. The attached resolution has the appropriate language, in order to reserve such easement and dedicate new public rights-of-way.

The Detroit Water and Sewerage Department (DWSD) has an active 12-inch sewer in the alley proposed for vacation, DWSD has no objection to vacating the public alley provided that the sewer is relocated to an easement granted by petitioner in accordance with plans approved by DWSD. All necessary work is to be at the petitioner's expense and at no costs to DWSD. Also, DWSD has no objections to the dedication of portions of private property for new alley outlets.

Presbyterian Villages of Michigan (PVM) as the owner of the Harmony Presbyterian Village property, agrees to be responsible for the final negotiated cost involved in the removal and rerouting of Detroit Edison and Comcast Cablevision facilities.

The intent of the attached resolution is to also request Detroit City Council to accept deeds for public alley opening purposes; provided said property complies with the requirements of Detroit codes and ordinance No. 29-94, Detroit Code Sections 2-2-11 through 2-2-15 also known as the "Environmental Review Guidelines", and that the fee owner submit a properly executed "warranty" deed; proof of lien-free ownership; proof of paid Wayne County taxes and proof of paid Detroit property taxes.

Also, "PVM" as owner of the property to be developed, ask that City Council accept a grant of easement, in order to relocated lateral sewers, affected by the requested alley vacation. Provided that the Board of Water Commissioners shall also accept and execute the easement

grant on behalf of the City.

All other city departments and privately owned utility companies have reported no objections to the changes in public rights-of-way or that satisfactory arrangements have been made. Provisions protecting utility installations (if necessary) are part of the resolution.

An appropriate resolution containing the necessary conditions is attached for consideration by your Honorable Body.

December 1, 2003

Honorable City Council:

Re: Increase Of Fees Charged By Assessments Division.

As a part of the Finance Department's review of various fees, we are recommending the increase of the fees charged by the Assessments Division. The increase in fees would bring the City of Detroit on par with the fees charged by other jurisdictions in the State of Michigan and other City of Detroit Departments.

Individuals, corporations, and organizations can buy Assessment Roll information from the Assessments Division. This information may include parcel number, parcel address, and legal description. Home improvement companies, real estate developers, and title companies are the main customers that purchase the entire Assessment Roll. Prices for services that average taxpayers request are not being increased: individual printouts, copies, and address searches.

The current rates have not been raised in over five years and are well below the tri-county average of \$0.003 per parcel. The rates would be changed as indicated on the attached price list.

It is respectfully requested that your Honorable Body adopt the following resolution authorizing the Finance Department to adopt the new Assessment Division fees effective January 1, 2004.

Respectfully submitted,  
SEAN K. WERDLOW  
Chief Financial Officer

By Council Member S. Cockrel:

Whereas, The City of Detroit Finance Department's Assessments Division charges fees for providing Assessment Roll information, be it then

Resolved, That the Chief Financial Officer of the Finance Department be authorized to change the fees for purchase of Assessment Roll information (parcel number, parcel address and legal description) to \$1,200.00 for the entire roll, \$600.00 for one District, \$300.00 for one Ward, \$200.00 for each Subdivision Index Book, \$50.00 for one Land Value Map, \$25.00 for 100 or less parcels, and an additional charge of \$50.00 per item for customized requests, and be it further

Resolved, That the Chief Financial Officer of the Finance Department be authorized to charge a fee of \$2.00 for each Printout and Copy, \$10.00 for each Land Value Map, and \$6.00 for each Address Search requested, Now Therefore, be it

Honorable City Council:

Re: Resolution approving second amendment of sublease and other related documents in connection with the 36th District Courthouse and approving the financing of mechanical system improvements to the courthouse.

In November, 2003, as requested by the Chief Judge of the 36th District Court, your Honorable Body approved the issuance of Detroit Building Authority (the "DBA") Bonds and refinancing of the currently outstanding Series 1996-B DBA Bonds for mechanical system improve-

ments to the Courthouse to improve air quality.

The original plan of financing contemplated issuing bonds by the DBA and refinancing the Series B Bonds without any increase in the current budget line item. The attached resolution calls for the Detroit Madison Center Limited Partnership to obtain City-approved mortgage loans, which will retire certain 1996 DBA Bonds and pay for the improvements, again without any increase in the current budget line item.

Bond Counsel has prepared the attached Resolution and I recommend its adoption by your Honorable Body, **with waiver of reconsideration**, at your next formal session.

Respectively submitted,  
SEAN K. WERDLOW  
Finance Director

**City Council of the City of Detroit  
Resolution Approving Second  
Amendment of Sublease and Other  
Related Documents in Connection  
with the 36th District Courthouse and  
Approving the Financing of  
Mechanical System Improvements to  
the 36th District Courthouse**

By Council Member S. Cockrel:

Whereas, The Chief Judge of the 36th District Court has requested mechanical system improvements to the Courthouse (as hereinafter defined) reiterated in an October 2, 2003 letter from the Circuit Court-appointed air quality expert for the Courthouse and an October 1 booklet referenced in that letter (the "Improvements");

Whereas, In 1984 the Economic Development Corporation of the City of Detroit (the "EDC") issued economic development bonds (the "EDC Bonds") to finance part of the costs of the construction of the Madison Center 36th District Courthouse (the "Courthouse") and, in order to secure timely payment of principal and interest on the EDC Bonds, obtained a deed from, and entered into a Lease Purchase and Security Agreement ("Lease Purchase and Security Agreement") with Detroit Madison Center Limited Partnership, a Michigan Limited Partnership (the "Partnership") which, in 1983, had entered into the basic lease of the Courthouse to the City of Detroit (the "City") called, in accordance with this standard bond security structure, a Sub-Lease expiring on January 31, 2011 (the "Sub-Lease") on which the rent payable by the City primarily provides the funds to pay the debt service on the EDC Bonds and the other incurred by the Partnership to pay the capital costs of the Courthouse;

Whereas, In 1996, the Detroit Building Authority (the "DBA") issued bonds (the

"DBA Bonds") refinancing the EDC Bonds in exchange for the EDC transferring the deed to the Courthouse held by the EDC, to be held by the DBA as similar security along with a Contract of Lease from the DBA to the City and a Lease Purchase and Security Agreement between the City and the Partnership, in order to secure timely payment of principal and interest on the DBA Bonds from the continuing rent under the Sub-Lease which primarily continues to provide the funds to pay the debt service on the DBA Bonds and other debt incurred to refinance capital and other costs of the Courthouse;

Whereas, The Partnership has developed and contracted for completion of the other Court-requested improvements in accordance with 1984, 1985 and subsequent agreements between the Partnership and the City-approved construction manager and operating manager of the Courthouse;

Whereas, The original plan of financing the Improvements included the issuance of an additional building authority bonds by the DBA ("the 2003C Bonds") and the refinancing of a 1996 Series B Bond by the issuance of building authority refunding bonds (the "2003B Bonds", together with the 2003C Bonds the "2003 Bonds") and amortizing the cost of the Improvements without any increase in the current annual budget line item of the City for the capital costs of the Courthouse with all payments of both interest and principal deferred until after January, 2011;

Whereas, The City Council adopted a resolution on November 5, 2003 approving the original plan to issue DBA Bonds to finance the improvements;

Whereas, Subsequently, an alternative plan has been outlined providing for a method of financing without issuing new DBA Bonds and instead providing for the Partnership to obtain City-approved mortgage loans (the "Loans") the proceeds of which will be used to retire certain 1996 DBA Bonds (the "1996 Series B Bonds") and to pay for the Improvements, all of which is described in Appendix A attached hereto and made a part hereof;

Whereas, The alternative described in Appendix A provides for additional advantages to the City including a reduction in the amount the City must pay or refinance in 2011, the elimination of the necessity to issue additional DBA Bonds and the elimination of the need to refinance the debt in 2006.

Now Therefore, it is hereby resolved as follows:

1. The Finance Director is hereby authorized to negotiate and execute a Second Amendment to Sublease (the "Amendment") with the Partnership within

Appendix A To January 21, 2004 Resolution of The City Council of Detroit On Mechanical Revisions To The 36th District Courthouse.

Honorable City Council:

Re: Resolution Authorizing the Issuance and Sale of Not to Exceed \$269,000,000 Water Supply System Revenue Refunding Bonds.

The attached Resolution authorizes the issuance and sale of the subject Bonds for the purpose of providing approximately \$269 million to be used for refunding certain of the currently outstanding Water Supply System Revenue Bonds.

Because of a continued decline in interest rates, certain of the previously issued Water Bonds may be refinanced, thereby producing interest savings. The actual amount of Bonds will likely be reduced, depending on which Bonds may be economically refunded at the time of the actual sale.

It is anticipated that the sale will occur in mid February. The attached Resolution has been prepared by Bond Counsel, and I recommend its adoption by your Honorable Body, with waiver of reconsideration, at your next formal session.

Respectfully submitted,

SEAN K. WERDLOW

Finance Director

the Second Lien Bonds or for further improvements, replacements, enlargements and extensions to the System if, at the time of such expenditure, such use is approved by the Michigan Department of Treasury, Municipal Finance Division, if such permission is then required by law, and if such use will not, in the opinion of nationally recognized bond counsel, impair the exclusion of interest on Series 2004 Bonds from gross income for federal income tax purposes.

(4) Any remaining balance after all expenditures made pursuant to paragraph (3), if any, have been made shall be paid into the Senior Lien Bond and Interest Redemption Fund or the Second Lien Bond Interest and Redemption Fund, as the Commissioners shall determine, for the purpose of redemption or purchase at not more than the fair market value, plus accrued interest, of outstanding Series 2004 Bonds. (iii) shall otherwise be in the interests of the City.

**Section 10. Tax Covenant.**

The City hereby covenants and represents with the registered owners of the Series 2004 Bonds that so long as any of the Series 2004 Bonds remain outstanding and unpaid as to either principal or interest, the City shall, to the extent permitted by law, take all actions within its control to maintain and will refrain from taking any action which would impair the exclusion of the interest on the Series 2004 Bonds from gross income for federal income tax purposes under the Code, including, but not limited to, actions relating to any required rebate of arbitrage

earnings and the expenditure and investment of Series 2004 Bond proceeds and moneys deemed to be Series 2004 Bond proceeds, and to prevent the Series 2004 Bonds from being or becoming "private activity bonds" as that term is used in Section 141 of the Code.

**Section 11. Preliminary and Final Official Statements.**

(a) The Finance Director shall cause the preparation of an Official Statement and, if the Finance Director deems appropriate, a Preliminary Official Statement, and other offering materials in a form satisfactory to him to be used in conjunction with the offering of the Series 2004 Bonds and is authorized to deem the Official Statement or, if prepared, the Preliminary Official Statement, "final" for purposes of the Rule 15c2-12 of the Securities and Exchange Commission (the "Rule").

Any proposal received from the Underwriters shall be reviewed by and shall be acceptable to the Finance Director, who may seek advice from the City's financial advisor in such review. The reason for a negotiated sale instead of a competitive sale is the Council's belief that a negotiated sale will allow the Series 2004 Bonds to be offered to investors in the most efficient manner possible while also allowing sufficient flexibility to adjust to market structuring and timing demands in order to result in the lowest possible borrowing costs and greatest possible savings.

(a) The Finance Director is authorized to accept, on behalf of the City, an offer

(b) In addition to determinations authorized elsewhere in this Resolution, the Finance Director shall determine the aggregate principal amount of Series 2004 Bonds to be issued, but not in excess of the aggregate principal amount authorized by this Resolution, on the basis of his evaluation of the maximum amount of Series 2004 Bonds which can be sold, given anticipated interest rates and the revenue coverage requirements with respect to the Series 2004 Bonds and for any other reasons the Finance Director deems appropriate.

(1) Such determination shall also include the type or types of Series 2004 Bonds to be issued and if in one or more issues and whether to issue Series 2004 Bonds as Senior Lien Bonds or Second Lien Bonds or a combination thereof and the redemption provisions for Series 2004 Bonds.

(2) The Finance Director shall also determine and establish, in accordance with this Resolution, the maturities of Series 2004 Bonds, whether such maturities shall be serial or term maturities and the Mandatory Redemption Requirements for any term maturities.

(3) The Finance Director shall also determine the Bonds to be Refunded.

(c) (1) For the purpose of more effectively managing debt service requirements of outstanding Securities and the Series 2004 Bonds the Finance Director is hereby authorized in his discretion to enter into one or more Interest Rate Agreements with such counterparties and containing such provisions as shall meet the requirements of Act 34, the Swap Management Plan, and Debt Management Plan as adopted by the Finance Director. Any such Interest Rate Agreement may be obtained on a forward starting or delayed delivery basis if determined by the Finance Director to be in the best interests of the City.

(2) The Council hereby acknowledges the potential risks associated with the Interest Rate Agreements including, counterparty risk, termination risk, rollover risk, basis risk, tax event risk, and amortization risk, as set forth in the Swap Management Plan.

(3) The Finance Director is authorized to negotiate the terms of the Interest Rate Agreements, provided, that such terms are consistent with Act 34, the Swap Management Plan, the Debt Management Plan, the Ordinance and this Resolution and are not materially adverse to the City.

(4) The Finance Director is further authorized to enter into such ancillary agreements in connection with the Interest Rate Agreements, including, without limitation, agreements to obtain insurance on some or all of the payments due under Interest Rate Agreements, as may be necessary or appropriate and are consistent with Act 34 and the terms of the Swap Management Plan, the Debt Management Plan, the Ordinance and this Resolution.

(5) The determinations made by the Finance Director in connection with the Interest Rate Agreements shall be confirmed in the Sale Order.

(d) The Finance Director is authorized to enter into Financial Facility Agreements on behalf of the City as provided in Section 6 hereof, to make such ancillary agreements, and to take such other actions in connection therewith as may be necessary or appropriate and not otherwise inconsistent with the Ordinance or the parameters hereof.

(e) The Finance Director is authorized to file applications and to pay the related fees, if any, to the Michigan Department of Treasury at his discretion under Act 34 for one or more Orders of Approval to issue all or a portion of the Series 2004 Bonds, and such waivers or other Treasury approvals as necessary to implement the sale, delivery and security for the Series 2004 Bonds as authorized herein, and as required by the Michigan Department of Treasury or Act 34.

(f) The Finance Director is hereby authorized and directed to do and perform any and all other acts and things with respect to the Series 2004 Bonds which are necessary or appropriate to carry into effect, consistent with the Ordinance and this Resolution, the authorizations therein and herein contained including without limitation the securing of ratings by bond rating agencies, and the incurring of reasonable fees, costs and expenses incidental to the foregoing, for and on behalf of the City.

(g) All determinations and decisions of the Finance Director with respect to the issuance and sale of the Series 2004 Bonds as permitted or required by this

Resolution shall be confirmed and approved by the Finance Director in the Sale Order.

**Section 17. Resolution a Contract.**

The provisions of this Resolution shall constitute a contract between the City and each registered owner of an outstanding Series 2004 Bonds.

**Section 18. Election with Respect to Additional Securities.**

The Series 2004 Bonds shall be issued as Additional Securities pursuant to such subsection(s) of Section 20 of the Ordinance, as shall be determined by the Finance Director in the Sale Order. If Section 20(C) is selected as the basis for authorizing the issuance, sale and delivery of some or all of the Series 2004 Bonds as Additional Securities under the Ordinance, for purposes of Section 20(C)(3) of the Ordinance, except as otherwise determined by the Finance Director in the Sale Order, the City hereby elects to use as the "last preceding audited Fiscal Year" the City's Fiscal Year ended June 30, 2003, provided that the delivery of the Series 2004 Bonds occurs not more than 16 months after June 30, 2003 (i.e., not later than October 31, 2004).

**Section 19. Appointment of Bond Counsel; Engagement of Other Parties.**

The Detroit Recreation Department is hereby requesting the authorization of your Honorable Body to accept \$490,000 from the National Park Service, under the Urban Parks and Recreation Recovery Program. These monies will be paid on a reimbursement basis. The Department is further requesting your authorization to expend \$210,000 of capital dollars as the City's matching share of this project. The total project, in the amount of \$700,000, will completely renovate the Flynn Pavilion on Belle Isle.

In order to accept and expend these funds, the Department requests authorization to set up Appropriation No. 11459. Within this Appropriation, the Grant of \$490,000 will be received in Organization No. 398425, and the matching funds will be drawn from Capital Funds, Appropriation No. 00905 and received in Organization No. 398426.

The project will restore and re-open the 5,197 square foot building, and rejuvenate its immediate surroundings on Belle Isle Park. Famous architect Eero Saarinen designed the historic Flynn Pavilion which was built in 1949. The project will return the badly deteriorated structure to its original use. It will once again become a support facility for outdoor ice-skating on one of the park's natural lakes. In addition, new sports opportunities will be made available from the Pavilion, such as canoeing and other boating, bicycling, in-line skating, cross

country skiing and snowshoeing.

We respectfully request your approval to accept and expend these funds by adopting the following resolution, with a Waiver of Reconsideration.

**RESOLUTION  
CELEBRATING BIRTHDAY OF  
DR. MARTIN LUTHER KING AND  
AFFIRMING VALUE OF DIVERSITY**

By ALL COUNCIL MEMBERS:

WHEREAS, Each year our nation pauses to reflect upon and celebrate the life and legacy of one of our nation's foremost thinkers, social activists, and freedom fighters, Dr. Martin Luther King. Today, on January 15th, Dr. King's birthday, we pause to acknowledge his many contributions and honor his lifelong quest for justice and equality for all Americans. We do this at a time when justice and equality are at grave risk in Michigan and it is incumbent upon each of us who wish to honor Dr. King, to vigorously defend his ideals, and

WHEREAS, Dr. King holds a special place in the history and hearts of Detroiters, today as forty years ago, when a quarter of a million people marched down Woodward in June 1963, led by Dr. King and the Reverend C. L. Franklin of New Bethel Baptist Church and Dr. King premiered his famous "I Have a Dream"

speech, and as evidenced by the fact that Congressman John Conyers, Jr., Dean of the Congressional Black Caucus authored the Martin Luther King Holiday bill, which created the Martin Luther King Holiday, and

WHEREAS, The Southern Christian Leadership Conference will host one of the region's largest and most significant celebrations of the King Holiday, Monday, January 19, 2004, and

WHEREAS, The U.S. Supreme Court, in the most significant civil rights decision since the 1954 Brown v. Board of Education, validated the value of diversity in our society and affirmed the University of Michigan's right to consider race among a range of factors in admissions decisions, and

WHEREAS, California businessman Ward Connerly has arrived in Michigan and launched a misleading and deceptive campaign to amend the Michigan constitution to outlaw affirmative action and nullify the Court's decision, and

WHEREAS, This deceptive constitutional amendment is certain to have broad and far reaching unintended consequences and will irreparably harm the ability of all Michigan residents to enjoy a fair chance in education and employment, and cripple efforts to create gender and racial diversity in key areas including health care and law enforcement, and

WHEREAS, This false and divisive campaign will inevitably stir and exploit gender bias and racial resentment, and

WHEREAS, The perpetrators of this fraud upon the people of Michigan have had the audacity to steal the language and imagery of Dr. King, including the most outrageous slander of all, by naming it the Michigan Civil Rights Amendment and falsely calling themselves the American Civil Rights Movement, when in fact they are the chief architects of a movement to turn the clock back to eradicate the gains of every significant civil rights law which established the right for women, people of color, and all Americans to enjoy the rights and privileges articulated in the Constitution and extended to all peoples with the passage of the 13th, 14th, and 19th Amendments.  
NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council, on the anniversary of Dr. Martin Luther King's birth, affirms our support for equality and urges every citizen reject any and all attempts to amend the Michigan Constitution to end affirmative action, and in particular to refuse to sign petitions for the purpose of amending the state constitution to ban diversity. AND BE IT FURTHER

RESOLVED, That we encourage other elected officials to join us in exposing this fraudulent amendment and urging citizens throughout the state to reject this

petition campaign and ballot amendment.

Honorable City Council:

Re: Self-Insurance Ordinance.

This Honorable Body adopted an Ordinance to amend Chapter 18, Article VIII, of the Detroit City Code ("City Code"), titled "Self-Insurance By City." The Ordinance is fatally flawed because it

expands this Honorable Body's approval role beyond that delineated by the Detroit City Charter. Therefore, I must veto this Ordinance.

The mission of the City Council is to promote the economic, cultural, and physical welfare of Detroit's citizens through Charter-mandated legislative functions. As a creation of the Detroit City Charter, pursuant to the Michigan Home Rule Cities Act, City Council is limited to those powers enumerated in that document as adopted by the voters, and "must act strictly within the powers granted to it in the charter."

The 1997 Detroit City Charter does not confer omnibus approval authority over expenditures of City funds upon the City Council. Rather, City Council's approval authority is limited to specific matters that are enumerated in the City Charter.

The City Council's authority with respect to approving contracts illustrates the point. Under the 1918 Detroit City Charter, the Common Council had the authority to approve all City contracts. When the City Charter was revised to substitute a strong mayoral form of government for the prior council-dominated form of government, that omnibus contract approval authority of the Council was omitted from the 1974 Detroit City Charter. Instead, it was replaced with various provisions requiring City Council approval in only specific enumerated circumstances.

Thus, while the power of the City Council to approve expenditures of City funds is substantial, it is limited by the four corners of the 1997 Detroit City Charter. Such limitation reflects the general legal principle that the charter of a municipal corporation "is the measure of its powers, and the enumeration of those powers implies the exclusion of all others." This proposed Ordinance has been tested against this seminal document and has failed.

Section 18-8-21(a) of the City Code provides that losses shall be paid from the risk management fund. Under Section 18-8-21(b), the risk management fund covers liability to third parties for any loss or damage whatsoever whether arising out of negligence, tort, contract or otherwise. Thus, settlements, arbitration awards, and judgments are paid out of the risk management fund.

The City Charter gives City Council approval authority with respect to lawsuit settlements. Section 6-403 of the Charter provides in relevant part:

**No civil litigation of the city may be settled without the consent of the city council.**

Arbitration awards, like judgments, are governed by state law. Section 5001(1) of the Revised Judicature Act provides:

**All persons...may, by an instrument**

**in writing, submit to the decision of 1 or more arbitrators, any controversy existing between them, which might be the subject of a civil action, except as herein otherwise provided, and may, in such submission, agree that a judgment of any circuit court shall be rendered upon the award made pursuant to such submission.**

Arbitration agreements are contractual in nature, and City Council gives its consent to arbitration awards by approving the high-low agreements in advance of the arbitration proceeding. Any award within those parameters has already been "approved," and under Michigan law, the parties are conclusively bound by it unless the award is set aside in an action directly attacking the legality of the award.

With respect to judgments, there is no legal role for "approval" or "disapproval" by the City Council. A judgment is a court's final determination of the rights and obligations of the parties in a case. It has been described as "a court's last action that settles the rights of the parties and disposes of all issues in controversy..." Upon the rendering of a judgment, a certified copy of the judgment may be filed with the assessing officers of the City for placement on the tax rolls, or paid out of other funds by the Finance Director. Failure to honor a judgment may result in conviction for a misdemeanor.

It is axiomatic that there is no approval role for City Council once a judgment has been rendered by a court of competent jurisdiction. "Approval" means "the act of confirming, ratifying, sanctioning or consenting to some act or thing done by another. Approval by city authorities means merely "to pass a favorable opinion thereon." A valid judgment is immune from both the approval or the disapproval of the City Council.

This Ordinance, as proposed, would be a legal nullity and in violation of the principle of the separation of powers, which prohibits legislative bodies from encroaching on judicial functions. The judiciary, within its sphere, is entirely independent of legislative interference. A legislative body may not reverse a judicial decision or repeal a final judgment entered. Disapproval of payment of a judgment would be tantamount to reversal or rejection of a judicial determination.

The proposed ordinance extends City Council's authority beyond that expressly granted in the Charter sections noted above. For the reasons stated herein, I respectfully veto this Ordinance.

Sincerely,  
**KWAME M. KILPATRICK**  
 Mayor

-----  
**STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN OPPOSITION TO MOTION TO OVERRIDE VETO OF THE MAYOR WITH RESPECT TO ORDINANCE TO AMEND CHAPTER 18, ARTICLE VIII OF THE 1984 DETROIT CITY CODE ENTITLED SELF-INSURANCE BY CITY**

On Wednesday, January 28, 2004, I voted no on the override referenced above. Attached is my statement on this issue dated January 16, 2004. In that statement, I outlined my reasons for voting against the introduction and passage of this ordinance. These reasons remain relevant to this issue.

This ordinance has been passed without benefit of being approved as to form by the Corporation Counsel, who is the attorney for the City of Detroit pursuant to Chapter 4, Article 6 of the 1997 Detroit City Charter. Enactment of this ordinance could very well be a violation of the constitutional principle of separation of powers between the legislative and judicial branches of government.

For all the reasons stated above and detailed in my attached statement of January 16, 2004, I voted no on the introduction of this ordinance on November 12, 2003, on its passage on January 14, 2004, and on the motion to override the veto of the Mayor on January 28, 2004.

-----  
**STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN OPPOSITION OF ORDINANCE TO AMEND CHAPTER 18, ARTICLE VIII OF THE 1984 DETROIT CITY CODE ENTITLED SELF-INSURANCE BY CITY**

On Wednesday, January 14, 2004, I voted no on the ordinance referenced above. On November 12, 2003, I voted no on the introduction of the same ordinance because it was not approved as to form by the Corporation Counsel for the City of

Detroit and because I believed that it contains legal problems and issues that needed to be addressed.

It has been my longstanding position that as a matter of public policy, receiving approval as to form by the Corporation Counsel, prior to introduction of an ordinance is a worthwhile process. This is because requiring approval as to form gives the Corporation Counsel, who is the attorney for the City, an opportunity to ensure that the ordinances we enact conform to technical requirements and to the law.

Additionally, in my opinion, the ordinance appears to contain several provisions that may be unlawful. Specifically, Section 18-8-22 is amended to provide that City Council approval is required for payments for losses resulting from a Consent Judgment or Decree. Such a provision is problematic. Proposed consent judgments are sent to Council for approval prior to being sent to the Court for its consideration. However, once the consent judgment is accepted by the court and entered into the record as a judgment, it becomes final, and can only be changed by the court itself. Accordingly, such a judgment by its nature cannot be approved or disapproved by the Council. Should the Council attempt to "disapprove" a court judgment, such an action could very well be a violation of separation of powers.

For all the reasons stated above, I voted no on the introduction of this ordinance on November 12, 2003 and I again voted no on its passage on January 14, 2004.

Honorable City Council:

Re: Springwells Partners Project —  
 Payment in Lieu of Taxes (PILOT) —  
 8740-48 West Vernor Highway.

Southwest Non-Profit Housing Corporation, the sponsor, has formed Springwells Partners Limited Dividend Housing Association Limited Partnership. Springwells Partners Project — (8740-48 West Vernor Highway) housing project is financed under the City of Detroit — Home Investor Loan Program with \$593,980 at 5.75% for 30 years; Construction Financing of \$201,732 from Standard Federal Bank at 8.30% for 18 years; Development Award of \$72,643 FHLB Affordable Housing Program (AHP) and Low Income Housing of \$1,893,433 for a total development cost of \$2,761,788. A total of 15 units will be rehabilitated at this location in addition to retail space on the ground floor.

In order to make the development economically feasible, it is necessary for it to receive the benefits of tax exemption

under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA 125.1415A).

At least twenty percent (20%) or 3 of the units must be occupied by households having incomes of no greater than 50% of the median income, adjusted for family size. The remaining eighty percent (80%) or 12 of the units must be occupied by households with incomes that do not exceed 60% of the area median income, adjusted for family size. These income restrictions will be in effect for the longer of the period the Affordable Housing Restrictions apply or the time required under the Low Income Tax Credit Program.

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service charge; the lesser of the tax on the property for the year before rehabilitation commenced or 10% of the annual shelter rents obtained from the project.

Respectfully submitted,  
 FREDERICK W. MORGAN

Assessor

By Council Member Tinsley-Talabi:

Whereas, The purpose of the project is to serve low to moderate-income persons, the description of the property is as Exhibit "A".

Further Resolved, That said described premises shall be allowed a payment in lieu of taxes (PILOT) or service charge of; the lesser of the tax on the property for the year before rehabilitation commenced or, 10% of the annual net shelter rent

obtained from the project pursuant to City Ordinance 9-90 as amended, having taken effect, and be it,

Further Resolved, That in accordance with MCLS §125.1415a(6), that portion of the property which shall be exempted pursuant to this resolution but will not be occupied by low income persons or families shall pay a service charge in lieu of taxes equal to the full amount of the taxes that would be paid on that portion of the property were it not exempt from taxation; and,

Further Resolved, That arrangements to have collections of a payment in lieu of taxes from Springwells Partners Limited Dividend Housing Association Limited Partnership be established upon occupancy for future years with respect to the described property and that all necessary journal entries with respect to the same be prepared by the Chief Financial Officer, and be it,

Re: Springwells Partners Project — Payment in Lieu of Taxes (PILOT) — 8634-40 West Vernor Highway.

Southwest Non-Profit Housing Corporation, the sponsor, has formed Springwells Partners Limited Dividend Housing Association Limited Partnership. Springwells Partners Project — (8634-40 West Vernor Highway) housing project is financed under the City of Detroit — Home Investor Loan Program with \$701,430 at 5.75% for 30 years; Construction Financing of \$211,346 from Standard Federal Bank at 8.30% for 18 years; Development Award of \$76,104 FHLB Affordable Housing Program (AHP) and Low Income Housing of \$1,983,657

for a total development cost of \$2,972,537. A total of 18 units will be rehabilitated at this location in addition to rental space on the ground floor.

In order to make the development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA 125.1415A).

At least twenty percent (20%) or 4 of the units must be occupied by households having incomes of no greater than 50% of the median income, adjusted for family size. The remaining eighty percent (80%) or 14 of the units must be occupied by households with incomes that do not exceed 60% of the area median income, adjusted for family size. These income restrictions will be in effect for the longer of the period the Affordable Housing Restrictions apply or the time required under the Low Income Tax Credit Program.

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service charge; the lesser of the tax on the property for the year before rehabilitation commenced or 10% of the annual shelter rents obtained from the project.

Respectfully submitted,  
FREDERICK W. MORGAN  
Assessor

By Council Member Tinsley-Talabi:

Whereas, Pursuant to the provisions of Act 346 of the Public Acts of 1996, as amended, a request for exemption from taxes by Southwest Non-Profit Housing Corporation on behalf of Springwells Partners has been filed, and it has been determined that said sponsors have formed a Limited Dividend Housing Association Limited Partnership; and,

Whereas, Said sponsors are rehabilitating a 18 unit apartment complex at 8634-40 West Vernor Highway known as Springwells Partners Project, which is being financed by City of Detroit Home Investor Loan Program, Standard Federal Bank and Low Income Housing Tax Credit Program; and,

Whereas, A portion of the rehabilitated property will be occupied and utilized by commercial retail establishments for the benefit of the residents; and,

Whereas, The purpose of the project is to serve low to moderate-income persons, the description of the property is as Exhibit "A".

Now, Therefore, Be It

Further Resolved, That said described premises shall be allowed a payment in lieu of taxes (PILOT) or service charge of; the lesser of the tax on the property for the year before rehabilitation commenced or, 10% of the annual net shelter rent obtained from the project pursuant to City Ordinance 9-90 as amended, having taken effect, and be it,

Further Resolved, That in accordance with MCLS §125.1415a(6), that portion of the property which shall be exempted pursuant to this resolution but will not be occupied by low income persons or families shall pay a service charge in lieu of taxes equal to the full amount of the taxes that would be paid on that portion of the property were it not exempt from taxation; and,

Further Resolved, That arrangements to have collections of a payment in lieu of taxes from Springwells Partners Limited Dividend Housing Association Limited Partnership be established upon occupancy for future years with respect to the described property and that all necessary journal entries with respect to the same be prepared by the Chief Financial Officer, and be it,

December 30, 2003

Honorable City Council:

Re: Petition Number 1732 — Request for City Council Approval for the Issuance of new Dance-Entertainment and Topless Activity Permits by the Michigan Liquor Control Commission to Coliseum Bar & Grill, Inc.,

at 11300 E. Eight Mile.

Section 916(6) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(6), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, a combination dance-entertainment permit, or a topless activity permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of (1) the chief law enforcement officer, and (2) the legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded a Local Approval Notice (Req. ID: 198371) to the Detroit City Council, which has been designated by the City Clerk as Petition Number 1732. The petition requests City Council consideration and approval of the issuance of new dance-entertainment and topless activity permits to Coliseum Bar & Grill, Inc. ("Coliseum"), at 11300 E. Eight Mile Road, in conjunction with the transfer of ownership of a Class C liquor license (in escrow at 170 Bagley) from Oliver Owens Estate, Fred J. Dery, Interim Trustee. Upon the approval of the transfer of ownership of the Class C liquor license, the issuance of a City "Group D" cabaret license by the City to Coliseum, and the issuance by the MLCC of new dance-entertainment and topless activity permits to Coliseum, the owner will be able to offer dancing by patrons, entertainment, and topless activity on the premises.

Upon investigation, review, and consultation with other City departments, the Detroit Police Department, Liquor License Unit, on behalf of the Chief of Police, has recommended approval of the transfer of ownership of the Class C liquor license in escrow at 170 Bagley and the issuance of new dance-entertainment and topless activity permits by the MLCC to Coliseum at 11300 E. Eight Mile Road. The Consumer Affairs Business License Center reports that Coliseum and the location are in compliance with all of the applicable provisions of the 1984 Detroit City Code for the issuance of a "Group D" cabaret business license.

The Buildings and Safety Engineering Department ("B&SE") reports that the location is in an M-4 (Intensive Industrial) zoning district and the current legal, permitted-with approval, use of the property is 'Restaurant, Class C Bar and "Group D" Cabaret' pursuant to B&SE Case Number 148-00, building permit number 50041, dated October 2, 2001, and building permit number 56820, dated June 11, 2002.

Therefore, The Law Department recommends that this matter be placed on the City Council's agenda for consideration and approval or disapproval of the issuance of new dance-entertainment and topless activity permits to Coliseum at

11300 E. Eight Mile Road. Attached are proposed resolutions: A) approving the issuance of the dance-entertainment and topless activity permits to Coliseum, and B) disapproving the issuance of the dance-entertainment and topless activity permits to Coliseum.

If there are any questions or concerns, please do not hesitate to contact us.

Respectfully submitted,  
BRENDA E. BRACEFUL  
Deputy Corporation Counsel

Whereas, The City Council has considered the Local Approval Notice for the approval of the issuance of new MLCC dance-entertainment and topless activity permits to Coliseum Bar & Grill, Inc., in conjunction with the transfer of ownership of a Class C liquor license in escrow to 11300 E. Eight Mile and in accordance with its procedures and this Body's August 1, 2003 resolutions on the procedures and criteria for the approval or disapproval of the issuance of such permits;

Now Therefore It Is Resolved, Pursuant to Section 916(6)(b) of the Michigan Liquor Control Code, being MCL 436.1916(6)(b), that the Detroit City Council, approves the issuance of dance-entertainment and topless activity permits by the MLCC to Coliseum Bar & Grill, Inc. for 11300 E. Eight Mile; and

It Is Further Resolved, That copies of this Resolution, and the City Clerk's certification of this approval of MLCC request ID number 198371, be forwarded to the Michigan Department of Consumer and Industry Services, Liquor Control Commission, 7150 Harris Drive, P.O. **STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN SUPPORT OF RESOLUTION APPROVING ISSUANCE OF DANCE-ENTERTAINMENT AND TOPLESS ACTIVITY PERMITS TO COLISEUM AT 11300 EAST EIGHT MILE ROAD**

On Wednesday, January 28, 2004, I voted in support of the resolution referenced above. In principle, I am against the expansion of establishments providing topless entertainment that are not in conformity with the master plan and zoning ordinance for the City of Detroit, and that may cause negative secondary effects within the community. At the same time, I fully support the right of individuals to engage in legal occupations, and I fiercely believe in protecting the individuals' right to engage in constitutionally pro-

tected free speech. In that regard, I am faced with the difficult task of balancing which are all too often, two competing interests.

In the instant case, I have reviewed all of the relevant information pertaining to this particular proposed establishment. It is my understanding that this establishment has obtained all of the other necessary permits and licenses. It has presented a reasonable plan to minimize any of the possible negative effects to the community. Perhaps most importantly, this establishment would be a conforming use within the master plan zoning code of the City of Detroit. Accordingly, in my opinion, when balancing the interests involved, I could think of no reasonable justification for denying approval.

For these reasons, I voted in support of the resolution.

Honorable City Council:

Re: Address: 4100 Cadillac. Name: Charles Hahn. Date ordered removed: January 15, 2003 (J.C.C. p. 141).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on December 29, 2003 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of December 23, 2003.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to

the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

We are also requesting authorization to implement the following new contract provisions:

1) Special Adjustments for certain classifications based on recruitment and retention difficulties and special skills upgrading as outlined in the attached Schedule A.

Re: City of Detroit City Wide Cancellation of Land Contracts — Vacant Lots.

Your Honorable Body authorized the sale or reacquisition of the attached list of properties (Exhibit 'A') on a land contract basis.

Honorable City Council:

Re: Extension of Development Agreement. Development: Parcel 285; generally bounded by Selden, 14th St., Martin Luther King, Jr. Blvd. & 16th St.

On September 10, 2003, your Honorable Body authorized the sale of the above-captioned property to Core City West Village LDHA, LP, a Michigan Limited Partnership, for the purpose of constructing approximately sixty (60) infill single-family homes.

In conjunction with this sale the developer applied for HOME Funds Dollars which was required for the development of this parcel. Consequently, the developer could not proceed with construction of the property until approval of the HOME Funds Dollars was finalized.

The HOME Funds Dollars have now been approved. However, by the time this approval was finalized, a large percentage of the development period had passed. As a result, the developer is requesting that the Development Agreement be amended to extend the development period to June 30, 2006 in order to align the development period with the HOME Fund dates. Further, the developer has provided satisfactory evidence that the development will be completed within the time period that is being requested.

We, therefore request that your Honorable Body adopt the attached resolution, authorizing an amendment to the Development Agreement to extend the completion period of this development.

Respectfully submitted,

Honorable City Council:

Re: Surplus Property Sale By Development Agreement. Development: 6501 Harper, located in the northeast corner of Mt. Elliott & I-94 Fwy.

We are in receipt of an offer from Sure Transit, Inc., a Michigan Corporation, to purchase the above-captioned property for the amount of \$117,000 and to develop such property. This site has been neglected, laid dormant and is an eyesore in a major crossway. The site contains approximately 265,655 square feet or 5.87 acres and is zoned M-4 (Intensive Industrial District).

The Offeror proposes to construct a one-story commercial building for use as a cold storage and distribution center which will house one of the largest amount of pickled herring in the country. The facility will consist of approximately 50,000 to 60,000 square feet (10,000 sq. ft. processing center, 20,000 sq. ft. refrigerated cooler space, 15,000 sq. ft. freezer space and the other 5,000 sq. ft. will house the distributions center and staging areas) giving Detroit a competitive advantage nationally and regionally in the cold storage and distribution business.

There will be approximately ten (10) truck bays for distribution and the center will include a paved surface parking lot for the storage of licensed operable vehicles to accommodate employee and customer parking. Any area not paved will be appropriately landscaped to enhance the overall site. This use is permitted as a matter of right in a M-4 zone.

We, therefore, request that your Honorable Body adopt the sale and authorize the Planning and Development Department Director of Development Activities to execute an agreement to purchase and develop this property with Sure Transit, Inc., a Michigan Corporation.

Respectfully submitted,

**STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN SUPPORT OF RESOLUTION ON REORGANIZATION OF WAYNE COUNTY CIRCUIT COURT AND DIVERSITY INITIATIVES**

On Wednesday, January 28, 2004, I voted in support of the resolution referenced above. I firmly believe in representative government. If the factual references contained within the resolution are true, then I fully support engaging in discussions and taking whatever action is available to work towards achieving correlating diversity within government.

That being said, I would have really appreciated having more time to review this resolution before the vote was taken. This was one more example of the recent propensity for thrusting forward items for vote prior to having a meaningful opportunity for review. In this situation, I am unsure of the propriety of holding a meeting with the Chief Judge or what the proper channels would be for arranging such a meeting. These are the types of issues that I would have liked to examine before voting on this resolution.

Be that as it may, I do support the general spirit of this resolution and in light of the fact that the resolved clauses relate to general requests, as opposed to directions, I voted in support of the resolution.

Honorable City Council:

Re: Address: 1939 Tuxedo. Name: Robert Hamame. Date ordered removed: February 26, 2003 (J.C.C. p. 602).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on December 22, 2003 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of January 14, 2004.

The proposed use of the property is rehabilitation and rental.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

Re: Address: 12122 Mettetal. Name: Melanie Gaston. Date ordered removed: June 18, 2003 (J.C.C. p. 1884).

In response to the request for a deferral of the demolition order on the property

A special inspection on December 22, 2003 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of October 20, 2003.

The proposed use of the property is rehabilitation and rental.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

STATEMENT BY COUNCIL MEMBER  
ALONZO W. BATES REGARDING THE  
APPOINTMENT OF PAULA GENTRIUS  
HARRIS AND JAMAÏNE DICKENS TO  
THE POSITION OF DIRECTOR AND  
DEPUTY DIRECTOR OF THE CABLE  
COMMISSION

I would like to state my disappointment in this entire process. The way in which these positions became available is a reflection of what is wrong with the political system in Detroit today. However, I do recognize the system for what it is and I am about the business of moving this

great city forward. It has been stated by members of the Cable Commission that the way Mr. Amen-Ra was terminated was improper, but unfortunately there is not much we can do about that now. We are in the middle of a bittersweet battle to secure a franchise agreement with Comcast Cablevision and Ms. Harris has been a very important part in these negotiations. That is why I supported her for the position of Director. Mr. Dickens came before our Honorable Body and proved to me his knowledge and experience to handle the position of Deputy Director. I can only hope that in the future we will not continue to use the authority given to us by the citizens of Detroit to push our own agenda.

STATEMENT BY COUNCIL MEMBER  
KENNETH V. COCKREL, JR. ON  
APPOINTMENT OF CABLE  
COMMISSION DIRECTOR AND  
DEPUTY DIRECTOR

Today, the City Council voted on the recommended appointments of Paula Gentius-Harris and Jamaïne Dickens to the positions of Director and Deputy Director of the Detroit Cable Commission.

The Cable Commissioners recommended these appointments to the Council. Despite these recommendations, I am deeply concerned about the process that was used to remove the previous director, Mr. Kamal Amen-Ra, last Fall.

Shortly after his termination, I requested that Council's Research & Analysis Division look into this matter. The results of this inquiry clearly showed that many cable commissioners were pressured either directly or indirectly by the Mayor to vote to remove Mr. Amen-Ra even though his performance has been exemplary.

I believe this was a reckless and poorly conceived move and though it may be legal it raises serious ethical questions. This move also jeopardizes the city's position in ongoing negotiations with Comcast Cablevision on a new franchise agreement.

For these reasons, I strongly considered voting no on both appointments. However, it is clear that the Cable Commission is in need of stable leadership during the negotiation process. It is also clear that Ms. Gentius-Harris possesses the educational and work background needed to lead the commission. For this reason, I opted to vote "yes" on her appointment.

This is not the case with Jamaïne Dickens whose lack of any previous work or educational experience with such areas as FCC regulations, cable operations, and technology infrastructure renders him completely unqualified for this position.

During this critical time, Detroit cable customers cannot afford a Deputy

Director who needs to "grow into" his position. Ideally, if the Director should leave or become incapacitated, the Deputy Director should be fully prepared and able to step forward in leading commission staff and participating in negotiations.

Because Mr. Dickens doesn't fit this bill, his proposed appointment earned a "no" vote from me.

STATEMENT BY COUNCIL MEMBER  
SHEILA M. COCKREL IN OPPOSITION  
TO RESOLUTIONS AUTHORIZING  
APPOINTMENTS OF PAULA GENTIUS-  
HARRIS AS EXECUTIVE DIRECTIVE  
AND JAMAINE DICKENS AS DEPUTY  
DIRECTOR OF THE DETROIT CABLE  
COMMUNICATIONS COMMISSION

On Wednesday, February 4, 2004, I voted in opposition to the resolutions referenced above. From the outset I wish to make it clear that I bear no personal or professional animosity towards either Ms. Gentius-Harris or Mr. Dickens. Ms. Gentius-Harris and Mr. Dickens did excellently in their interviews before the Committee of the Whole and it is my understanding and firm belief that each possesses the necessary professional qualifications and experience to do a fine job for the DCCC.

At the same time, issues pertaining to the former Executive Director for the Commission, Mr. Kamal Amen-Ra have not been fully resolved. There are outstanding issues relating to termination of the appointment as well as calculation of compensation. These types of issues need to be addressed prior to appointing a new Executive Director. I do not think it is good policy to move on to other business, when previous business has not been completed. For this reason, I voted no.

**RESOLUTION TO WAIVE RULE 27**

By COUNCIL MEMBER S. COCKREL:

WHEREAS, Rule 27 of the "Rules and Order of Business of the Detroit City Council calls for "Every Ordinance, previous to its introduction by committee of the City Council, or a member thereof, shall be approved as to form by the Corporation Counsel"; and

WHEREAS, The City Council has competent and able attorneys within City Council's Research and Analysis Division serving under the leadership of its Director, and

RESOLVED, For the reason of expedi-

ency, the Detroit City Council waives Rule 27 (Ordinances) for the introduction of the Privatization of Certain City Services Ordinance; AND BE IT FINALLY

RESOLVED, That the staff attorneys of the City Council Research and Analysis Division, through its Director or designee, review the stated Ordinance to determine its conformance to the requirements of form as established for City ordinances before introduction of this ordinance, with a copy being forwarded to the Law Department's Corporation Counsel.

**City Council  
Division of Research & Analysis**

February 4, 2004

Honorable City Council:

Re: Privatization Ordinance and Procurement Amendment.

Pursuant to this Honorable Body's request, the Research and Analysis Division (RAD) has reviewed the proposed ordinances and updated the citations of ordinance numbering.

Per your Rules and Order of Business of the City Council at Rule 27. "Every ordinance, previous to its introduction by a committee of the City Council, or a member thereof, shall be approved as to form by the Corporation Council." The City Council has inquired as to whether RAD has approved the above ordinances as to form. To clarify, the following Rule states:

Rule 36. These rules may be altered or amended by an affirmative vote of five Council Members voting thereon after written notice of the proposition to alter or amend shall have been given and has laid on the table for ten days, provided that any rule which does not contain a prohibition to the contrary may be suspended for a single session by the affirmative vote of five Council Members voting on the proposition to so suspend.

Therefore, if the City Council chooses to suspend Rule 27 for considering these ordinances, they will need five Council Members voting to suspend Rule 27. The effect of such a suspension of Rule 27 is to waive the Corporation Council's approval. There is no Rule that authorizes RAD to officially "approve as to form." However, RAD can and has reviewed and reported its recommendations as to the legal form of the proposed ordinance. Based on our research and review of the above-cited ordinances RAD has followed the guidelines given to it from the Law Department as to form.

Respectfully submitted,

Interim Director

**RESOLUTION SETTING PUBLIC HEARING**

By Council Member S. Cockrel:

Resolved, That a public hearing will be held by this Body on the 13th Floor of the Coleman A. Young Municipal Center on THURSDAY, FEBRUARY 19, 2004 AT 10:30 A.M. for the purpose of considering the advisability of adopting the foregoing proposed ordinance to amend Chapter 18 of the 1984 Detroit City Code by adding Division 7 entitled "Privatization of Certain City Services" which shall consist of Sections 18-5-7-100 through 18-5-110 and provides for the implementation of Section 6-307 of the 1997 Detroit City Charter, etc.

All interested persons are invited to be present to be heard as to their views. Persons making oral presentations are encouraged to submit written copies to the City Clerk's Office, for the record.

Adopted as follows:

Yeas — Council Members Bates, K. Cockrel, Jr., Collins, Everett, McPhail, Tinsley-Talabi, Watson, and President Mahaffey — 7.

Nays — Council Member S. Cockrel — 1.

**STATEMENT BY COUNCIL MEMBER ALONZO W. BATES IN SUPPORT OF THE ORDINANCE TO AMEND CHAPTER 18 OF THE 1984 DETROIT CITY CODE ADDING DIVISION 5 ENTITLED "PRIVATIZATION OF CERTAIN CITY SERVICES" CONSISTING OF SECTIONS 18-5-71 THROUGH 18-5-77 AND PROVIDING IMPLEMENTATION OF SECTION 6-307 OF THE DETROIT CITY CHARTER**

I would like for it to be stated that I am not in favor of an ordinance that calls for "private cause of action", but I am in favor of making sure our work stays in the hands of the employees and not private firms. I do believe that by placing "private cause of action" in the ordinance we are asking to be sued, if for no other reason than our mistakes of the past. It is without question the need to regulate contracts that the City participates in and making sure that we always allow the work to be done within our departments first. It is also true we are walking a thin line with language inside the ordinance that has no stipulation on monetary amounts or

statute of limitations on how far back lawsuit can be brought against the City. Sometimes the greater good outweighs the wrong and that is why I supported this ordinance, but I would like for my position to be known to the public so they are clear where I stand.

**STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN OPPOSITION TO INTRODUCTION OF ORDINANCE TO AMEND TO CHAPTER 18 OF THE 1984 DETROIT CITY CODE BY ADDING DIVISION 7 ENTITLED "PRIVATIZATION OF CERTAIN CITY SERVICES"**

On Wednesday, February 4, 2004, I voted no to the introduction of the ordinance referenced above because it was not approved as to form by the Corporation Counsel for the City of Detroit and because I believed that it contains legal problems and issues that needed to be addressed.

As I have noted numerous times in previous statements, a matter of public policy, it is my opinion that receiving approval as to form by the Corporation Counsel, prior to introduction of an ordinance is a worthwhile process. The Corporation Counsel is the attorney for the City of Detroit, and it behooves the City Council to respect and follow advice as it pertains to the approval of ordinances as to form, except in extraordinary circumstances. The process requiring approval as to form gives the Corporation Counsel an opportunity to ensure that the ordinances we enact conform to technical requirements and to the law. Regularly bypassing such an important safeguard sets a dangerous precedent and I am not prepared to support setting such a precedent.

Additionally, in my opinion, the ordinance appears to contain several provisions that are patently unconstitutional. Such flaws represent violations of long-standing and well-settled legal principles that do not represent good-faith efforts to change the law. Specifically, the ordinance adds an amendment providing for a private cause of action. The Corporation Counsel has consistently opined in opinions to which privilege was waived, that the City is prohibited from creating a private cause of action. Accordingly, it is my belief that an ordinance creating a private cause of action would thus be unlawful.

For all of the reasons stated above, I voted no.

**STATEMENT BY COUNCIL MEMBER KAY EVERETT ON THE PRIVATIZATION ORDINANCE**

I voted to introduce the Ordinance to amend Chapter 18 of the 1984 Detroit City Code by adding Division 5 entitled "Privatization of Certain City Services". I

firmly believe that most of the City of Detroit employees are excellent workers and can do any task if given the proper materials and supervision. I do not believe that the private sector is the panacea to all of the ills of city government. I have found that in some situations, once the private sector enter into the governmental arena they are less effective than governmental employees are.

I also know that due to lack of funding the city has antiquated equipment and systems for our workers to get the job done. There are times where we need a private sector company to help augment the work of city employees. For this reason, I believe that steps should be in place to help the City Council evaluate contracts that come before us for our approval.

Although I fully support the general concept of this ordinance, I do not support the Private Cause of Action provision. As a steward of the City of Detroit, I must know that the actions that I take do not harm the city in the long or short run. Allowing for people to sue the city for monetary damages for an administrative error, miscommunication or a simple oversight is not right. I support corrective action to a situation that occurs contrary to stipulations that is set forth in the privatization ordinance.

 Honorable City Council:  
 Re: Extension of Development Agreement. Development: Parcel 279; generally bounded by Grand River, Quincy, Petoskey & Hazelwood.

On July 30, 2003, your Honorable Body authorized the sale of the above-captioned property to Heritage Park Townhomes LDHA, LP, a Michigan Limited Partnership, for the purpose of constructing approximately one hundred (100) townhomes.

In conjunction with this sale the developer applied for HOME Funds Dollars which was required for the development of this parcel. Consequently, the developer could not proceed with construction of the property until approval of the HOME Funds Dollars was finalized.

The HOME funds Dollars have now been approved. However, by the time this approval was finalized, a large percentage of the development period had passed. As a result, the developer is requesting that the Development Agreement be amended to extend the development period to June 30, 2006 in order to align the development period with the HOME Fund dates. Further, the developer has provided satisfactory evidence that the development will be completed within the time period that is being requested.

We therefore request that your Honorable Body adopt the attached resolution, authorizing an amendment to the Development Agreement to extend the completion period of this development.

Honorable City Council:

Re: Petition of Greektown Casino, requesting to vacate certain streets and Easements and dedicate land for street widening within the area of St. Antoine, I-375 Ser. Dr., Clinton and Gratiot.

The petition of Greektown Casino, request to outright vacate all public streets, alleys and utility easements in the area bounded by St. Antoine Street, 50 feet wide, I-375 South Service Drive, Clinton Street, 40 feet wide, and Gratiot Avenue, 120 feet wide; also, to deed land for public street purposes, along St. Antoine and Clinton, in order to facilitate the construction of the permanent Casino.

The Traffic Engineering Division — DPW has no objection to the outright vacation of the public rights-of-way and utility easements or the dedication of land for street purposes, in the area bounded by St. Antoine Street, 50 feet wide, I-375 Service Drive, Clinton Street, 40 feet wide, and Gratiot Avenue, 120 feet wide as shown in the Greektown Petition drawing dated April 17, 2003 (attached) provided that 100% property ownership is secured. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The Detroit Water and Sewerage Department (DWSD) reports no objection to the requested right-of-way changes as shown in the Greektown Petition drawing dated April 17, 2003 (attached) provided that The petitioner owns all the property bounded by St. Antoine, I-375 Ser. Dr., Clinton and Gratiot Ave.

Also, DWSD records indicate that there is a 30-inch water main, a 8-inch water main and a 15"x20" sewer in Mullett Street. The 8-inch water main and 15"x20" sewer can be abandoned, but the petitioner has to relocate the 30-inch water main in accordance with plans as approved by DWSD.

Also, provided any abandoned city sewer or water mains in the proposed area requested for the outright vacation shall be the responsibility of the petitioners. And all necessary work to relocate the water main has to be done by the petitioner at no cost to DWSD. In addition, all work is to be done under DWSD's permit and inspection, and in accordance with the plans as reviewed and approved by DWSD.

More detail of DWSD provisions is a part of the attached resolution.

The Public Lighting Department (PLD) has conduit bank and manholes with live primary cables in Mullett Street supplying power to the Schrenk heating plant. The heating plant is not functioning. But the transformer room is energized. Power to the adjacent Wayne State University facility also is supplied from the above transformer room. PLD understands that the above facility also is not functioning and is proposed to be vacated.

In addition to the primary cables PLD has underground fed street lighting and communication cables in Mullett Street.

The cost estimate for vacating Mullett

Street is \$20,000.00, provided the Wayne State University facility also is going to be vacated.

DTE Energy MichCon Gas Division (MichCon) reports estimated costs of \$150,612.00 for the installation, rerouting, or cut, cap and abandonment of its facilities. MichCon will schedule the work to be completed after the petitioner executes an agreement letter and payment is received.

DTE Energy Detroit Edison Division reports the estimated costs of removing and/or rerouting such services are approximately \$125,000.00.

The Petitioner will make satisfactory arrangements with Detroit Thermal for a private easement within vacated Madison Avenue between Gratiot and I-375 Service Drive.

The Petitioner "Greektown Casino" has provided to the City Engineering Division of DPW a letter of commitment, authorized by Mr. Marvin Beatty, Owner/Manager, through its Design Managers, Jenkins/Shanska, A Joint Venture, 407 E. Fort St., Ste. 401, Det., Mi., 48226, to pay all cost of relocation and removal of all utilities listed above or any others lying within the existing public utility easements, public streets and public alleys located within the Greektown Permanent Casino project site. The letter is dated October 3, 2003 addressed to Mr. James Foster, Supervisor of Maps and Records, City Engineering Division, Detroit Department of Public Works, 1000 Cadillac Tower, Detroit, Michigan 48226.

All other city departments and privately owned utility companies have reported no objections to the changes in public rights-of-way or that satisfactory arrangements have been made. Provisions protecting utility installations (if necessary) are part of the resolution.

In addition to the outright vacations the Petitioner also request Detroit City Council accept a properly executed deed for the widening of St. Antoine and Clinton Streets for public street purposes; provided said property complies with the requirements of Detroit codes and ordinance No. 29-94, Detroit Code Section 2-2-11 through 2-2-15 also known as the "Environmental Review Guidelines", and that the fee owner submit a properly executed "warranty" deed; proof of lien-free ownership; proof of paid Wayne County taxes and proof of paid Detroit property taxes.

An appropriate resolution containing the necessary conditions is attached for consideration by your Honorable Body.

Respectfully submitted,

January 28, 2004	
Honorable City Council:	
Re: Petition No. 1352 — Detroit Public Schools request to vacate certain Streets and alleys at the former Tappan Middle School Site.	
Petition No. 1352 of "Detroit Public Schools", at 3011 West Grand Boulevard, Suite 1800 — Fisher Building, Mark K. Schrupp — Assistant General Counsel request to outright vacate Tuxedo Avenue, 60 feet wide, Webb Avenue, 60 feet wide, and the East/West open public alleys, 18 feet wide, for the construction of a Motor City Education Sportsplex and convert to easement Burlingame Avenue, 50 feet wide, a portion of Bryden Avenue, irregularly width, and a portion of the North/ South open public alley, 17 feet wide all in the area of Elmhurst Avenue, 60 feet, American Avenue, 60 feet wide, West Grand River, 100 feet wide, and the Jeffries Freeway (I-96), into private easements for utilities.	
The request was approved by the Solid	

Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility clearance) and report. This is our report.

The Detroit Water and Sewerage Department (DWSD) reported no objection to the out-right vacation of the alleys provided, that the petitioner owns all adjacent properties.

All other city departments and privately owned utility companies have reported no involvement to the requested right-of-way changes or that satisfactory arrangements have been made. Provisions protecting utility installations (if necessary) are part of the resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,

Honorable City Council:

Re: Request of Adam J. Maida, Roman

Catholic Archbishop for the Archdiocese of Detroit, to purchase City-owned urban renewal property in Forest Park and to receive PD (Planned Development District) site plan approval for the Sweetest Heart of Mary Church to develop a memorial garden (Recommend Approval With Conditions).

The Planning & Development Department (P&DD) has received a request from the Sweetest Heart of Mary Catholic Church to purchase urban renewal property referred to as Parcel 12A in the Forest Park Rehabilitation Project Development Area in order to develop a memorial garden.

**BACKGROUND AND PROPOSAL**

The subject parcel is located at the southeast corner of the intersection of Russell Street and Garfield Avenue (a map of the site is attached for reference). The parcel is currently vacant and contains about 11,000 square feet. The entire parcel is zoned PD and is, therefore, subject to site plan and proposal review by City Council.

The Sweetest Heart of Mary Church, which is located directly south of the subject parcel, is proposing to develop a memorial garden. The site plan shows a religious statue at the northeast corner of the site, grass, and some trees/shrubs/flower beds. The church indicates that in the future, parishioners will be allowed to donate plant materials to the garden. Directly east of the subject land is a Detroit Recreation Department tot lot, which the church indicates is seldom used. The church would like to purchase the tot lot, but the Recreation Department has not yet agreed to sell the property. At this time, the Church does not plan to install fencing around the garden. However, if the church ever acquires the tot lot, the church would remove the play equipment and install a fence around the entire area.

**CITY PLANNING COMMISSION DISCUSSION RESULTS AND FOLLOW-UP**

On November 6, 2003, the City Planning Commission (CPC) held a discussion on the land sale, at which no major issues were raised.

**PLANNING ISSUES**

**Surrounding Land Use**

Surrounding land uses include vacant property soon to be developed with recreation space by the Plymouth Educational Center to the north, Recreation Department tot lot to the east, Sweetest Heart of Mary rectory and church to the south, and multi-family housing across Russell Street to the west.

**The Development Plan**

It does not appear that the Land Use Development Plan for Forest Park lists any specific land use designation for the

subject parcel, but it appears the proposed green space would not be prohibited.

**The Master Plan**

The proposed site is located within the Middle East Central Subsector of the Detroit Master Plan of Policies. The recommended future general land use map shows "medium density residential/light industrial" for the general area of the site.

**Community Input**

On October 15, 2003, the Forest Park Citizens' District Council and on November 16, 2003 the Housing Commission voted in support of the proposed project.

**RECOMMENDATION**

The City Planning Commission recommends **APPROVAL** of the request to purchase City-owned urban renewal land referred to as Parcel 12A in the Forest

Park Rehabilitation Project Development Area and recommends **APPROVAL** of the site plan for the proposed development as submitted by the applicant and described in this report with the following conditions (a resolution for PD site plan approval is attached):

1. That prior to review by the City Council, a revised site plan showing landscaping details, including caliper, species, and location of landscaping materials be submitted; and
2. That any future plans to place a fence or wall on the property be subject to review and approval by CPC staff.

Respectfully submitted,

PROPOSED LAND SALE PROPERTY IS OUTLINED IN BLACK

Staff

By Council Member Watson:

Whereas, Adam J. Maida, Roman Catholic Archbishop of the Archdiocese of Detroit, and the Sweetest Heart of Mary Church have submitted plans to develop a memorial garden with landscaping on property generally located at the southeast corner of the intersection of Russell Street and Garfield Avenue and referred to as Parcel 12A in the Forest Park Rehabilitation Project Development Area; and

Whereas, The subject property is located within a PD (Planned Development District) zoning classification and, therefore, requires City Council approval of the site plan, including the design, appearance, and location of the proposed project in accordance with the provisions of Section 110.0000 of the Zoning Ordinance; and

Whereas, The City Planning Commission (CPC) has reviewed the site plan for the project, including the design and appearance as submitted by the petitioner and finds that they are in keeping with the spirit, intent, and purpose of the PD district;

Now, Therefore Be It Resolved, That the City Council hereby approves the site plan, including the design as described in the plan submitted by the Sweetest Heart of Mary Church dated November 2, 2003

subject to the following conditions:

1. That prior to review by the City Council, a revised site plan showing landscaping details, including caliper, species, and location of landscaping materials be submitted; and

#### OPPOSING WAL-MART POLICY OF "LOCK-INS" OF OVERNIGHT SHIFT EMPLOYEES

By COUNCIL MEMBER S. COCKREL:

WHEREAS, An article in the January 18, 2004 edition of the New York Times, written by Steven Greenhouse and entitled, "Workers Assail Night Lock-Ins by Wal-Mart," pertained to the policy of Wal-Mart and its subsidiary, Sam's Club, of locking in their employees who work overnight shifts; and

WHEREAS, It has been reported that employees working overnight shifts are locked into buildings such that they have no means of egress other than through fire exits; and

WHEREAS, It has been reported that employees have been told that fire exits are to be used only in case of fire, and that they face dismissal from their positions should these exits be used for any other reason; and

WHEREAS, A spokesperson for Wal-Mart has responded that Wal-Mart locks in workers at ten percent of its stores, and that the lock-ins occur in "order to protect associates and the store from intruders"; and

WHEREAS, The Wal-Mart spokesperson further indicated that the policy has recently changed to ensure that every overnight shift has a manager with a key to let workers out in case of emergencies; and

WHEREAS, Nevertheless, there have been numerous complaints of employees who have been injured or have been involved in other emergencies and have been unable to exit the store for several hours; and

WHEREAS, It has been reported that managers who have keys to the store have been unresponsive to employee requests to open the doors, resulting in aggravation of dangerous emergency situations; and

WHEREAS, Such a policy potentially constitutes a violation of labor laws by virtue of requiring people employees to work overtime through lunches and breaks without notice and without compensation; and

WHEREAS, Such a policy is in potential violation of state and local fire codes as well as the Michigan Occupational Safety and Health Act (MIOSHA),

NOW THEREFORE, BE IT RESOLVED, That the City Council of the City of Detroit strongly opposes the current policy of Wal-Mart, and its subsidiary, Sam's Club, allowing employees to be locked in during overnight shifts as being inhumane and unacceptable; and

AND BE IT FURTHER RESOLVED, That the City Council of the City of Detroit urges members and patrons of Sam's Club and Wal-Mart to contact the respective companies condemning this policy;

AND BE IT FURTHER AND FINALLY RESOLVED, That copies of this resolution be forwarded to:

#### **RESOLUTION TO STOP LOCAL BUDGET CUTS AND END TAX BREAKS FOR MILLIONAIRES**

By COUNCIL PRESIDENT MAHAFFEY:

WHEREAS, By City Charter the Detroit City Council is empowered to provide quality services to its residents; and

WHEREAS, The City of Detroit has experienced over 35 million dollars in revenue loss due to the reduction of the state revenue sharing program as a result of Michigan's nearly one billion dollar deficit; and

WHEREAS, This reduction has led to budget cuts in the City of Detroit libraries, healthcare systems, housing programs and public safety departments.

WHEREAS, Michigan needs new revenue to prevent further budget cuts and to pay for education, affordable housing, child care, health care, prescription drugs, public safety, environmental programs, local aid, human services, and other badly needed state and local programs; and

WHEREAS, If significant revenue is not forthcoming, the City of Detroit will face increased pressure to cut vital services,

WHEREAS, Michigan is in this fiscal crisis because the sluggish national economy has resulted in substantial loss of revenues; and

WHEREAS, Michigan has lost more than 300,000 jobs since 2000; and

WHEREAS, President Bush and the U.S. Congress could have provided \$85 billion in aid to the states during this nationwide fiscal crisis, which would have eliminated every state's deficit, but instead chose to pass a tax bill that provides only \$20 billion in aid to states and gives away \$330 billion in tax breaks, primarily to the wealthiest Americans; and

WHEREAS, President Bush and the U.S. Congress's 2003 repeal of the estate tax will cost Michigan more than \$1 billion dollars over the next decade, while only benefiting 1,300 of the state's wealthiest families; and

WHEREAS, The 2003 tax law will yield

an average four-year tax cut of \$423 to the bottom 60% percent of Michigan taxpayers, while the richest 1% in our state will receive an average four year tax break of \$72,620; and

WHEREAS, Tax breaks for the wealthy do not "trickle down" and help middle and low-income people. For example, the permanent repeal of the federal estate tax will divert almost \$1 trillion dollars from domestic priorities over the next 20 years, yet would benefit only multi-millionaires. History shows that large tax giveaways for the rich and extreme inequality of wealth are followed by weak economic growth and job loss; and

WHEREAS, Michigan relies on federal aid in the form of Medicaid reimbursements, general economic assistance, increased spending on transportation and housing development, direct homeland security funding, and a strong Social Security system; and

WHEREAS, President Bush and the U.S. Congress's 2003 tax law undermines our state and local efforts in these areas, as well as provides little tax relief to the vast majority of the citizens of Detroit; THEREFORE BE IT

RESOLVED, That the City of Detroit calls upon the members of the Michigan Delegation to the United States Congress to vote to repeal the 2003 tax breaks that benefit only upper-income taxpayers, and redirect a portion of the restored funds to the states so they can stop painful budget cuts, and

RESOLVED, That the Detroit City Council calls upon the members of the Michigan Delegation to the United States Congress to vote against any future tax breaks for wealthy Americans or large corporations, which erode the funding available for critical domestic priorities; and

BE IT FURTHER RESOLVED, That the Detroit City Clerk will forward copies of this resolution to President George W. Bush, Senators Levin and Stabenow, all the members of the Detroit Delegation to the United States Congress, and Governor Granholm.

Adopted as follows:

Yeas — Council Members Bates, K. Cockrel, Jr., S. Cockrel, Collins, Everett, McPhail, Watson, and President Mahaffey — 8.

Nays — None.

#### **RESOLUTION**

By COUNCIL MEMBER WATSON:

WHEREAS, The City Council for the City of Detroit, in the matter of *City Council for the City of Detroit, et al. vs. Kilpatrick and Kagan*, brought litigation to address issues of administration of the City's Consumer Affairs Department; and

WHEREAS, During the course of that litigation, there were allegations that an executive order directed Consumer

Affairs Department employees to destroy documents that may have been relevant to the litigation; and

WHEREAS, The improper destruction of documents can cause the loss of important evidence that might frustrate full and fair adjudication of litigation to which the City or any of its departments may be a party; and

WHEREAS, The City of Detroit Office of the Auditor General has completed an audit of the Consumer Affairs Department concerning its practices and procedures in the maintenance and destruction of records; and

WHEREAS, The Auditor General's report made findings that:

(b) consumer complaint logs contained errors;

(c) certain case files were destroyed, or misfiled, or lost;

(d) case files were in disarray; and

WHEREAS, The report offered the following, among other observations:

(a) "...a file containing a consumer complaint, received by the Consumer Affairs Department in 2001, was filed in a box labeled 1997-1999..."

(b) "...it took the Department eight days to find 86 of the consumer complaint case files included in the OAG's sample, demonstrating the disorganization of the case files..."; and

WHEREAS, Citizens who direct complaints to the Consumer Affairs Department deserve to have such complaints properly and efficiently logged, filed, maintained and ultimately addressed by the appropriate officials; and

WHEREAS, The Auditor General's report proposed various remedial measures for the problems identified during the investigation;

NOW THEREFORE BE IT

RESOLVED, That the City Council for the City of Detroit calls upon the Consumer Affairs Department to follow the recommendation of the Auditor General, and immediately adopt policies and practices that will result in the effective logging, filing and maintenance of all consumer complaint files; and further that the department adopt a retention and disposal schedule for consumer complaint records.

RESOLVED, That the Detroit City Council and the Water and Sewerage Department must agree to consider more appropriate shutoff and back bill payment policies, including a moratorium on shutoffs between November and March annually, income based, not income source based, repayment policy for shutoffs and following its own rules for repayments as previously presented to the City Council.

#### STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN OPPOSITION TO RESOLUTION FOR A MORATORIUM ON DWSD SHUTOFFS

On Wednesday, February 4, 2004, I voted no on the resolution above because the language of the resolved clause is unclear as to whether it is a directive or a request and because I fully support present initiatives and programs that provide services to individuals who are unable to pay.

The language of the resolved clause would provide, "that the Detroit City Council the Water and Sewerage Department **must** agree to more appropriate shutoff and back bill payments policies..." (Emphasis added). From this clause, the only thing that is clear is that the DWSD "must" agree to take certain actions. It therefore appears to be a directive from the City Council to the DWSD. Such a directive would most likely violate Section 4-113 of the 1997 Detroit City Charter, entitled, "Prohibition on Interference In Administration." This section is the embodiment of the principal of Separation of Powers, and I believe that this resolution potentially violates that principle.

There are programs and initiatives designed to provide funding to individuals who are sometimes unable to pay utility costs. For example, the Water Access Volunteer Effort, a Michigan non-profit corporation has the objective of using

charity-derived funding to provide payments to water service providers on behalf of eligible grant recipients. Such programs are being continuously developed and improved in order to provide for the needs of the citizens that are experiencing financial difficulties.

For the reasons that the resolution may constitute an impermissible encroachment on executive functions and in support of the many programs in existence that already provide assistance, I voted no.

**STATEMENT BY COUNCIL MEMBER  
KAY EVERETT ON THE RESOLUTION  
FOR A MORATORIUM ON DETROIT  
WATER AND SEWER RATE HIKES**

I voted no on the resolution for a moratorium on Detroit Water and Sewer Rates Hikes proposed by members of this Honorable Body.

The reason for my no vote is, if we want the department to run more efficiently and more effectively, we need to have revenue generating within this enterprise department.

We are still under a court order and the department needs to make capital improvements to meet federal and state environmental requirements.

Additionally, we still have paying customers and employers working everyday with a payroll to meet.

To place a moratorium on the increase of the water rate would not assist this department with achieving its departmental goals.

January 23, 2004

Honorable City Council:

Re: River Towers Apartment — Payment in Lieu of Taxes.

River Towers is an existing housing complex, which is currently paying a PILOT Service Charge. Laurence S. Tisdale, President of River Towers Limited Dividend Housing Association Limited Partnership will be purchasing the project through the Michigan State Housing Development Authority (MSHDA) Bond Inducement Resolution for Tax Exempt Bonds underwritten by St. James Capital, L.L.C. (the FHA lender) in the amount of \$16,572,000.00. Under this agreement, the existing mortgage will be paid off and a new mortgage entered into. The project will also receive \$3,500,000.00 at 0% interest for 42 years from the City of Detroit-Home Investor

Loan Program, Deferred Developer Fee of \$1,000,000.00, \$500.00 Owners Equity and \$8,138,367.00 in Low Income Tax Credit for a total development cost of \$29,210,867.00.

The project will undergo renovation and redecoration to include such items as replacement of the 2 boiler heating system with 4 more efficient ones, rebuilding of the elevators, replacement of the lobby HVAC system, window air conditioners for each unit and kitchen and bathroom remodeling.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA 125.1415A).

The project consists of 472 units: 378 one-bedroom, 1-bath units and 94 two-bedroom 1-bath units. At least twenty percent 20% or 93 of the units must be occupied by households having incomes no greater than 50% of the area median income adjusted for family size. The remaining eighty percent 80% or 370 of the units must be occupied by households having incomes no greater than 60% of the area median income adjusted for family size. These income restrictions will be in effect for the longer of the period the Affordable Housing Restriction applies or the time required under the Low Income Housing Tax Credit Program.

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service charge of 4% on the net shelter rent.

Respectfully submitted,  
 FREDERICK W. MORGAN  
 Assessor

By Council Member Everett:

Re: Antoni Wojciechowski vs. City of Detroit and Maxie C. Johnson, III. Case No.: 02-239525 NO. File No.: A19000.002524 (CB).

On January 12, 2004, a case evaluation panel evaluated the above-captioned lawsuit and awarded Three Hundred Fifty Thousand Dollars (\$350,000.00) in favor of Plaintiff. We, therefore, request your Honorable Body to authorize acceptance of the case evaluation award; and, in the event that Plaintiff accepts the award, to deem such acceptance as a settlement and to direct the Finance Director to issue a draft in the amount of Three Hundred Fifty Thousand Dollars (\$350,000.00) payable to Hatchett, Dewalt, & Hatchett, P.L.L.C., attorneys, and Antoni Wojciechowski, to

Honorable City Council:

Re: Proposed Ordinance to Amend Chapter 5 of the 1984 Detroit City Code Titled 'Amusements'.

Pursuant to the applicable provisions of the 1997 Detroit City Charter, the above-referenced ordinance is being submitted to your Honorable Body for consideration. This proposed ordinance will revise Chapter 5 of the 1984 Detroit City Code to recodify the current thirteen articles so that they are alphabetized and updated thereby resulting in fifteen articles.

While modernizing and updating all City amusements licenses and regulations, this proposed ordinance provides additional time, place, and manner restrictions for Adult Cabaret and Adult Entertainer Identification Card Licenses thereby providing necessary safeguards. Importantly, this proposed ordinance provides increased insurance coverage for all amusement licenses.

This proposed ordinance is the culmination of several years work. During this time, members of the Buildings and Safety Engineering, Consumer Affairs, Finance, Fire, Health, Law, and Police Departments as well as staff members of the Mayor's Office and of the City Planning Commission provided invaluable knowledge and expertise.

This proposed ordinance was first transmitted to your Honorable Body on September 26, 2001, was introduced on or about November 7, 2001, and a Public Hearing was held on November 28, 2001. Because, under Rule 27.1 of the Rules and Order of Business of the City Council, this proposed ordinance neither was adopted nor was indefinitely postponed by the end of one (1) year after introduction, this proposed ordinance must be reintro-

duced at a formal session and another public hearing must be held. We are available to answer any questions that you may have concerning this proposed ordinance.

Thank you for your consideration.

Respectfully submitted,  
BRENDA E. BRACEFUL
