Honorable City Council:

Re: Address: 14941 Greenfield. Name: Raymond S. McLemore. Date ordered removed: February 6, 2002 (J.C.C. p. 373).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on January 6, 2004 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of December 30, 2003.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of six (6) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this

department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the

demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

Honorable City Council:

Re: Neighborhood Enterprise Zone (NEZ) Certificate Applications for 4 units of housing to be rehabilitated at 405 E. Ferry in the Ferry Street NEZ (Recommend Approval).

The office of the City Planning Commission (CPC) has received copies of four applications for Neighborhood Enterprise Zone Certificates from the office of the City Clerk. Having reviewed these applications, CPC staff recommends approval of the NEZ certificates.

The property at 405 E. Ferry has been confirmed as being within the boundaries of the Ferry Street NEZ and should be eligible for NEZ certificates under State Act 147 of 1992 as currently written. The year 2002 tax record for this property shows a true cash value of \$149,600.00 for the entire property, which translates into \$37,400.00 per unit assuming an equal division among the units. This is well below the maximum eligible true cash value of \$80,000 per unit.

The owner and applicant, East Ferry L.L.C., intends to conduct the necessary repairs and improvements in order to renovate the 4 existing units and convert them to condominiums. The estimated investment by the owner is \$37,500.00 per unit, which exceeds the minimum amount required for eligibility for an NEZ certificate. The NEZ certificate applications appear to have been submitted prior to the issuance or application for building permits to do the work presently proposed by the developer.

Honorable City Council:

Re: Neighborhood Enterprise Zone (NEZ) Certificates for three (3) units in the Oakland/Clay area. (Recommend Approval).

The City Clerk's Office forwarded to this office three (3) applications for NEZ certificates in the Oakland/Clay area. The NEZ designation for the area generally bounded by Caniff on the north, Owen on the south, the Walter P. Chrysler Freeway (I-75) and Greeley on the east, and Oakland on the west was approved by the City Council on April 16, 2003. The City Planning Commission staff has reviewed these three applications and recommends approval.

Certificates are being requested for the following addresses: 9502 Goodwin, 9504 Goodwin, and 9506 Goodwin. The properties are located within the NEZ boundaries described above and should be eligible for NEZ certificates as stipulated under State Public Act 147 of 1992 as currently written.

Redeemed Investments plans to devel-

op a total of eight (8) new duplex units in the proposed area. The State Tax Commission has informed us that applications have already been filed for the remaining units. The homes would be priced at \$156,000 per unit. The aforementioned company has applied for the certificates at this time, although buyers of the units have not been identified. When an owner is known, he or she can apply for the certificate. At that time, it would not be necessary for the City Council to pass another resolution.

The CPC staff recommends that the three (3) NEZ certificates for the properties indicated above be approved as submitted.

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

**Section 1.** That Chapter 25, Article II, of the 1984 Detroit City Code be amended by amending Sections 25-2-1 through 25-2-58 to read as follows:

ues in ~~such each~~ historic district and the surrounding areas;

**RESOLUTION SETTING HEARING**

By Council Member Tinsley-Talabi:

Resolved, That a public hearing will be held by this body on the 13th Floor of the Coleman A. Young Municipal Center, on FRIDAY, FEBRUARY 20, 2004 AT 10:00 A.M., for the purpose of considering the advisability of adopting the foregoing proposed ordinance to amend Chapter 25, Article II, of the 1984 Detroit City Code to revise certain language to make these Articles commensurate with the Michigan Local Historic Districts Act (MCL 399.201 *et seq.*; MSA 5.3407 (1) *et seq.*) and also to provide for certain minor changes in the procedures for establishment and administration of historic districts in the City of Detroit.

All interested persons are invited to be present to be heard as to their views.

Adopted as follows:

Yeas — Council Members Bates, K. Cockrel, Jr., S. Cockrel, Collins, Everett, McPhail, Tinsley-Talabi, Watson, and President Mahaffey — 9.

Nays — None.

**STATEMENT BY SHEILA M. COCKREL  
IN SUPPORT OF INTRODUCTION OF  
ORDINANCE TO AMEND CHAPTER 25,  
ARTICLE II OF THE 1984 DETROIT  
CITY CODE TO REVISE CERTAIN  
LANGUAGE TO MAKE THESE  
ARTICLES COMMENSURATE  
WITH MICHIGAN LOCAL  
HISTORIC DISTRICTS ACT**

On Wednesday, February 11, 2004, I voted in support of the introduction of the ordinance referenced above. Rule 27 of the Rules and Order of Business of the City Council requires that prior to introduction, every ordinance must be approved as to form by the Corporation Counsel for the City of Detroit. The City Council voted to suspend the application of Rule 27 for the introduction of this ordinance.

It is my position that absent extraordinary circumstances, approval as to form by the Corporation Counsel should not be waived. This particular ordinance was an example of an extraordinary circumstance that justified waiver of Rule 27. Specifically, the proposed ordinance provides for minor changes to Chapter 25 to make Article II commensurate with the Michigan Local Historic Districts Act.

Further, the proposed ordinance was sent to the Corporation Counsel for approval as to form and has been in the possession of the Corporation Counsel for over ten years. Based on guidelines used by the Law Department as to the proper legal form of ordinances, the

Research and Analysis Division properly reviewed and formatted the proposed ordinance.

For these reasons, this was a proper instance for waiving Rule 27 and I voted in support of the introduction of the ordinance.

Honorable City Council:

Re: Detroit Downtown Transit Center

Amended and Restated Project Plan.

The Downtown Transit Center Project (the "Project") is being undertaken by the Economic Development Corporation of the City of Detroit (the "EDC") and will involve the development of a new downtown transit center that will serve as the downtown terminal for the Detroit Department of Transportation ("DDOT") bus routes, interface with the People Mover system and provide for private commercial services appropriate to the needs of transit users and others in the downtown area.

DDOT has requested that the EDC amend the Project Plan that is the basis for the EDC participation in the development of the Downtown Transit Center Project. The EDC Board of Directors has approved and requests that your Honorable Body approve an Amended and Restated Project Plan consistent with the request of DDOT.

**Background Information**

On September 11, 2002, the EDC Board of Directors adopted a Resolution requesting your Honorable Body to designate the Project District Area and Project Area for the Project pursuant to Act 338, Public Acts of Michigan, 1974, as amended ("Act 338"). Moreover, pursuant to Section 4(2) and 4(3) of Act 338, the EDC requested the Mayor to appoint two additional Directors to the EDC Board who shall serve for the duration of the Project and who will be representative of the neighborhood residents and/or business interests likely to be affected by the Project. Subsequently, on October 9, 2002, your Honorable Body approved the establishment of the Project District Area and the Project Area and confirmed the Mayor's appointment of two additional Directors to the EDC Board.

Pursuant to Act 228, the EDC prepared a Project Plan. The Project Plan was approved by the EDC Board of Directors on October 23, 2002, by the City Planning Commission with recommendations for amendments on November 25, 2002 and by your Honorable Body including the amendments on December 19, 2002.

During the ensuing months, the Detroit Department of Transportation has employed a consultant, Parsons Brinkerhoff, to develop a detailed program for the Center and, with DDOT, to reevaluate the

concept for the site layout and for building plans of the proposed Downtown Transit Center.

Based on analysis by Parsons Brinkerhoff and DDOT, DDOT has determined that the Transit Center can be developed on a smaller site than originally anticipated. DDOT has, therefore, requested the EDC to amend the Project Plan to reflect a reduced size for the Transit Center, a smaller site and Project area, fewer parcels of property to be acquired and a lower cost for the Project.

The Project, as revised in the Amended and Restated Project Plan, is located in the area generally bounded by W. Grand River Avenue on the north, Park Avenue on the east, Michigan Avenue on the south and Cass and Time Square Street on the west. Two blocks are deleted from the original Project Area. The two blocks are (a) bounded by Cass, Bagley, W. Grand River and Time Square Street con-

taining several surface parking lots and the Gaslight Restaurant and (b) bounded by Bagley, W. Grand River and Cass containing surface parking lots. The Project District Area including properties in the neighborhood surrounding the Project remains unchanged.

Attachment 1 to this letter shows the amended Project Area boundary and the original-to-remain Project District Area boundary.

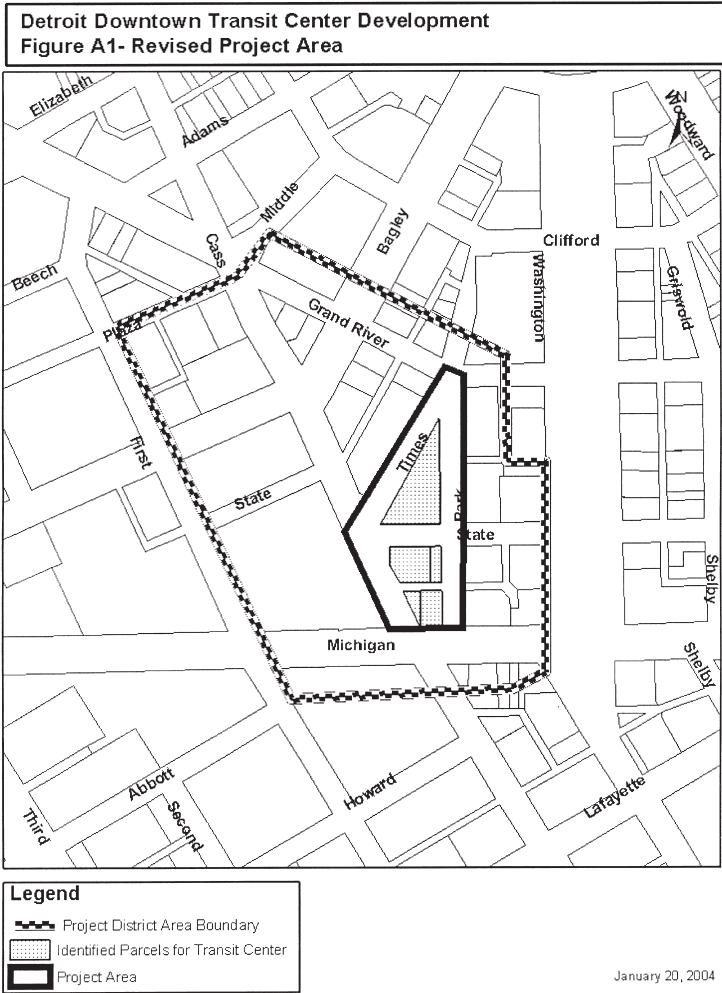

Attachment 2 to this letter shows the original Project Area and Project District Area boundaries.

Pursuant to Act 338, the EDC has prepared an Amended and Restated Project Plan that sets forth the requisite information including but not limited to the location of the proposed Project, the description of the existing and proposed site improvements, the estimated time of completion and the proposed method of financing. The Amended and Restated

Honorable City Council:

Re: Woodward Avenue Streetscape Improvements Between Ferry Avenue and Warren Avenue. Request for Designation of EDC Project District Area and Project Area. Request for Confirmation of Two (2) Additional Directors to the Economic Development Corporation Board of Directors.

The City of Detroit (the "City") in cooperation with the University Cultural Center Association (the "UCCA"), has requested the Economic Development Corporation of the City of Detroit (the "EDC") to develop a project that will enhance the commercial viability of the Woodward Ave. corridor by making improvements to the Woodward streetscape between Warren

Avenue and West Ferry Avenue (the "Project"). The Project will involve upgrading the pedestrian amenities, street lighting and landscaping of Woodward Avenue, Detroit's primary commercial corridor.

In order for the EDC to assume the obligations of the City and UCCA for the Project and the total funding in the approximate amount of \$1,660,000.00, it is necessary for an EDC project plan to be established pursuant to Act 338, Public Acts of Michigan, 1974 as amended (Act 338).

Moreover, pursuant to Section 4(2) and 4(3) of Act 338, the EDC has requested the Mayor to appoint two additional Directors to the EDC Board who shall serve for the duration of the Project and who will be representative of the neighborhood residents and/or business interests likely to be affected by the Project.

Attached for your Honorable Body's consideration and approval, please find a proposed Resolution (Exhibit B) approving the establishment of the Project District Area and Project Area for the Project and confirming the Mayor's appointment of two additional Directors to the EDC Board who shall serve as communicated to your Honorable Body with the attached letter from the Mayor dated February 6, 2004 (Exhibit C).

The EDC respectfully requests City Council's approval of this Resolution (Exhibit B) in its formal session of February 11, 2004.

The EDC Board of Directors will, upon the Honorable Council's approval of this resolution, subsequently consider a resolution approving the proposed Project Plan on February 24, 2004.

The Project Plan and a Resolution Setting a Public Hearing will be submitted to your Honorable Body on February 25, 2004 requesting approval at the City Council formal session of March 3, 2004 of the Resolution Setting a Public Hearing on the Project Plan for March 15, 2004.

It is also respectfully requested that at the formal session of City Council of March 17, 2004, subsequent to the Public Hearing, the City Council consider adoption of a resolution (to be submitted to City Council by EDC at a later time) approving the Project Plan.

Honorable City Council:

Re: Establishment of the West Pointe Homes Neighborhood Enterprise Zone (ss).

Attached for your consideration please find a resolution and legal description which will establish the West Pointe Homes Neighborhood Enterprise Zone (NEZ) in accordance with Public Act 147 of 1992 ("the Act").

Your Honorable Body conducted a public hearing on this matter on January 8th, as required by the Act. No impediments to the establishment of the NEZ were presented at the public hearing.

As you may recall the Phoenix Group Consultants and Prevailing Community Development Corporation proposes a three phase project constructing 326 new housing units. Through the use of HOME funds these units will be marketed at \$60,000-\$80,000.

The Act requires that at least 60 days must pass from the date of the notice of the public hearing to the date of your formal approval of a resolution establishing the NEZ. The date of the notice of the public hearing December 11, 2003 and we therefore recommend that you approve the resolution at your regular formal session of Wednesday, February 11, 2004.

Respectfully submitted,

HENRY B. HAGOOD

Director of Development Activities

By Council Member Collins:

Whereas, Michigan's Public Act 147 of 1992, the Neighborhood Enterprise Zone Act ("the Act"), provides for the establishment of Neighborhood Enterprise Zones (NEZs), the exemption from *ad valorem* taxes, and the imposition of a specific property tax in lieu of *ad valorem* real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in

ernmental units subsequent to a public hearing at which any taxpayer or resident, or representative of any taxing authority levying a property tax in the City of Detroit, was given the opportunity to address the requested establishment of an NEZ; and

Whereas, A public hearing on the issue of establishing the West Pointe Homes NEZ was conducted before the Detroit City Council on January 8, 2004, with notice of the public hearing having been given to the general public and by certified mail to every taxing authority levying a property tax with the City of Detroit; and

Whereas, No impediments to the establishment of the West Pointe Homes NEZ are known;

Now Therefore Be It

Resolved, That the land area described in the attached legal description, and shown on the attached map, is hereby established as the West Pointe Homes NEZ pursuant to Public Act 147 of 1992, the Neighborhood Enterprise Zone Act.

On November 20, 1991 (J.C.C. page 2572), your Honorable Body authorized the sale of 15500 Harper on a land contract basis to Donald G. Popadine.

Your Honorable Body is requested to rescind the authority to sell the property to Donald G. Popadine and authorize the Planning and Development Department to cancel the sale.

Honorable City Council:

Re: Establishment of the Gratiot-McDougall Neighborhood Enterprise Zone.

Attached for your consideration please find a resolution and legal description which will establish Gratiot-McDougall Neighborhood Enterprise Zone (NEZ) in accordance with Public Act 147 of 1992 ("the Act").

Your Honorable Body conducted a public hearing on this matter on January 15th, as required by the Act. No impediments to the establishment of the NEZ were presented at the public hearing.

As you may recall, the Urban Entities Group proposes to build 119 two and three bedroom units consisting of 1450-1650 square feet. These units will have a market value of \$130,000-\$170,000 but through the use of City of Detroit HOME funds and/or other incentives, the units

will be available to qualifying purchasers for \$90,000-\$100,000.

The Act requires that at least 60 days must pass from the date of the notice of the public hearing to the date of your formal approval of a resolution establishing the NEZ. The date of the notice of the public hearing was December 9, 2003 and we therefore recommend that you approve the resolution at your regular formal session of Wednesday, February 11, 2004.

Respectfully submitted,  
HENRY B. HAGOOD

Director of Development Activities  
By Council Member Tinsley-Talabi:

Whereas, Michigan's Public Act 147 of 1992, the Neighborhood Enterprise Zone Act ("the Act"), provides for the establishment of Neighborhood Enterprise Zones (NEZs), the exemption from *ad valorem* taxes, and the imposition of a specific property tax in lieu of *ad valorem* real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in others; and

Whereas, The Detroit City Council has found the establishment of the Gratiot-McDougall NEZ to be consistent with the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Whereas, The Detroit City Council has adopted a statement of goals, objectives and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed NEZs; and

Whereas, The Detroit City Council has enacted a housing inspection ordinance requiring that before the sale of a unit in a new or rehabilitated facility for which an NEZ Certificate is in effect, an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

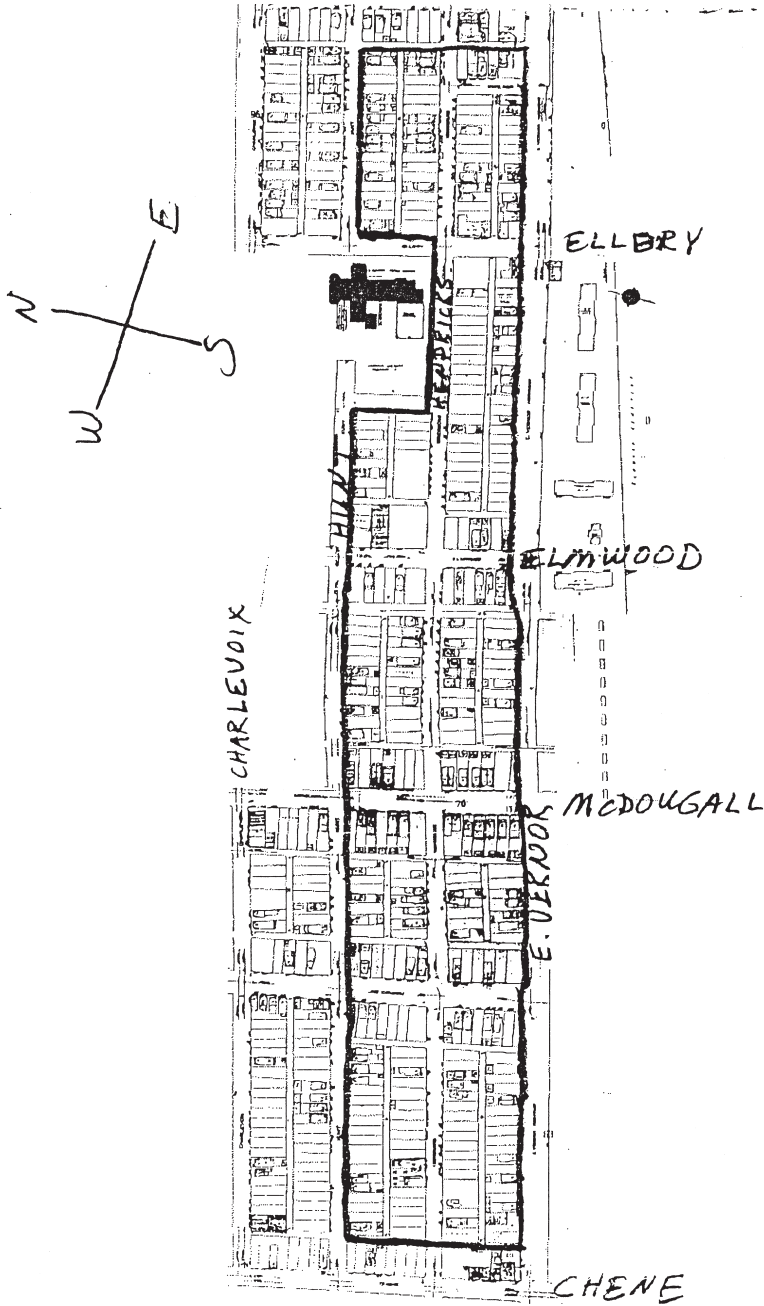

Whereas, The Act requires that the designation of NEZs must be approved by a resolution adopted by the local governmental unit subsequent to a public hearing at which any taxpayer or resident, or representative of any taxing authority levying property tax in the City of Detroit, was given the opportunity to address the requested establishment of an NEZ; and

Whereas, A public hearing on the issue of establishing the Gratiot-McDougall NEZ was conducted before the Detroit

city Council on January 15, 2004, with notice of the public hearing having been given to the general public and by certified mail to every taxing authority levying a property tax with the City of Detroit; and Whereas, No impediments to the establishment of the Gratiot-McDougall

NEZ are known;  
Now Therefore Be It Resolved, That the land area described in the attached legal description, and shown on the attached map, is hereby established as the Gratiot-McDougall NEZ pursuant to Public Act

147 of 1992, the Neighborhood Enterprise Zone Act.

Honorable City Council:

Re: Petition No. 3833 — Burton-Katzman Development Co., request to vacate and convert to easement the north-south public alley, in the block bounded by 17th, 16th, Howard and Porter.

Petition No. 3833 of "Burton-Katzman Development Company", 30100 Telegraph Rd., Suite 366, Bingham Farms, Michigan 48025, request the conversion of the north-south public alley,

20.00 feet wide, in the block bounded by 17th Street, 60 feet wide, 16th Street, 60 feet wide, Howard Street, variable width, and Porter Street, 50 feet wide, into a private easement for public utilities.

The request was approved by the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report:

The Petitioner has requested that the Public Lighting Department (PLD) removes and/or relocates certain poles, overhead wires and transformer. The PLD has completed its investigation of the Petitioners request and both parties have reached a satisfactory conclusion. The PLD will also require 24-hr. UN-impeded heavy vehicle access for the entire length of the easement and physical access to all facilities within the easement. Any damage done to existing PLD facilities by the proposed construction must be repaired at project cost.

The Detroit Water and Sewer Department (DWSD) has reported no objections to the requested conversion to easement, provided that an easement of the full width of the alley is reserved.

All city departments and privately owned utility companies have reported no objections to the conversion of public rights-of-way into a private easement for public utilities. Provisions protecting utility installations are part of the resolution.

I am recommending adoption of the attached resolution.

Honorable City Council:

Re: Petition No. 1189 — Detroit International Bridge Company, for street closures in the area of Twenty-First St., W. Fort St., W. Jefferson St., St. Anne St. and Twenty-Third St.

Petition No. 1189 of the "Detroit International Bridge Company" (DIBC), request on behalf of the Ambassador Bridge to close Twenty-First Street, 50

feet wide, between West Fort Street, 100 feet wide and West Jefferson, 60 feet wide; West Jefferson Avenue, 60 feet wide, between Twenty-Third Street, 40 feet wide and Ste. Anne Street, 30 feet wide on a temporary basis for a period of Five (5) years. This request of the "DIBC" is a matter of National Security due to the requirement to protect the infrastructure of international commerce, the Ambassador Bridge.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The request was approved by the Office of Home Land Security, the Police Department, the Planning and Development Department, the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW (TED) with, provided that access gates are installed, and ingress/egress is provided and maintained for all property owners and businesses adjacent to or directly impacted by said closure. The TED also requires that the petitioner contact the Operations Section of TED for deploying proper signage barricades and detour routes during the closure period.

The Detroit Water and Sewerage Department, The Public Lighting Department, Ameritech/Michigan Bell Telephone Company, Comcast Cablevision and the Fire Department (all) will require unimpeded access to service the public and/or their existing facilities. Any fence and gate installation must provide 13 feet horizontal and 15 feet vertical clearance(s) for utility maintenance vehicles.

The Public Lighting Department (PLD) has no objection to the proposed Temporary closing of W. Jefferson and 21st St. However, PLD has overhead fed street lighting circuit running on W. Jefferson and on 21st St. in the proposed closing area. PLD will remove the OH lighting unit(s) at no cost to the petitioner, after notification from the City Engineering Division/DPW. PLD requires 24-hr. access for heavy vehicles to maintain our installations.

All other City departments and privately owned utility companies have reported no objections to the proposal, provided they have the right to ingress and egress at all times to their facilities.

An appropriate resolution, containing the necessary conditions, is attached for consideration by your Honorable Body.

Respectfully submitted,

## COMMUNICATIONS Mayor's Office

February 16, 2004

Honorable City Council:

Re: Moratorium on Water Shut Offs.

This Honorable Body adopted a Resolution stating that the Detroit Water and Sewerage Department ("DWSD") must agree to more appropriate shut off and back bill payment policies. This Resolution also included a moratorium on water shut offs from November to March. I share this Honorable Body's concern for citizens who are unable to meet the financial obligations necessary to maintain public services. However, the measures proposed by this Honorable Body are contrary to state law as well as the Home Rule Charter.

The proposed Resolution is preempted by state law. When a water bill is unpaid, DWSD has the right to shut off water service to the affected property. DWSD's power to shut off service to customers that do not pay the bills for their water service is authorized by a statute which provides:

A municipality may discontinue water service or sewerage system service from the premises against which the lien created by this act has accrued if a person fails to pay the rates, assessments, charges, or rentals for the respective service, or may institute an action for the collection of the same in any court of competent jurisdiction. However, a municipality's attempt to collect these sewerage system or water rates, assessments, charges, or rentals by any process shall not invalidate or waive the lien upon the premises. MCL 123.166.

State law expressly permits the shut off of water service when a water bill is unpaid. A legislative body is precluded from adopting a resolution which prohibits what state law expressly permits.

The Detroit City Charter adopts the legal principle of separation of powers. Under this well known concept, it is unlawful for the legislative branch to exercise executive powers. Pursuant to the Detroit City Charter Section 7-1501, management of DWSD is purely an executive branch function. Furthermore, the Detroit City Charter Section 4-113 prohibits the City Council from giving orders to department directors. The provision in the Resolution which states that DWSD "must agree" to more appropriate shut off and back bill payment policies" and which calls for a moratorium on water shut offs is in direct contravention to the legal principle of separation of powers.

Finally, DWSD currently has outstanding revenue bonds held by investors. The bonds are sold to finance DWSD's capital improvement program. The sale of these bonds is authorized by the Revenue Bond Act, MCL 141.101 *et seq.* A moratorium on water shut offs would violate the covenants between the City of Detroit and its bondholders.

For the reasons stated herein, I must veto this Resolution.

Respectfully,  
KWAME M. KILPATRICK  
Mayor

Received and placed on file.

Council Member Watson moved to reconsider the vote by which the resolution relative to Moratorium on Water Shut Offs was adopted, which motion prevailed as follows:

Yeas — Council Members Bates, K. Cockrel, Jr., S. Cockrel, Collins, McPhail, Tinsley-Talabi, Watson, and President Mahaffey — 8.

Nays — Council Member Everett — 1.

Council Member Watson then moved that the resolution be passed notwithstanding the veto of the Mayor, which motion prevailed as follows:

Yeas — Council Members Bates, K. Cockrel, Jr., Collins, McPhail, Tinsley-Talabi, Watson, and President Mahaffey — 7.

Nays — Council Members S. Cockrel, and Everett — 2.

## STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN OPPOSITION TO RESOLUTION FOR A MORATORIUM ON DWSD SHUTOFFS

This resolution was originally passed on February 4, 2004 and vetoed by the Mayor on February 16, 2004. On Wednesday, February 18, 2004 this resolution was reconsidered by the City

Council. I again voted no because the language of the resolved clause is unclear as to whether it is a directive or a request and because I fully support present initiatives and programs that provide services to individuals who are unable to pay.

The language of the resolved clause would provide, "that the Detroit City Council the Water and Sewerage Department **must** agree to more appropriate shutoff and back bill payment policies..." (Emphasis added). From this clause, the only thing that is clear is that the DWSD "must" agree to take certain actions. It therefore appears to be a directive from the City Council to the DWSD. Such a directive would most like violate Section 4-113 of the 1997 Detroit City Charter, entitled, "Prohibition on Interference In Administration." This section is the embodiment of the principle of Separation of Powers, and I believe that this resolution potentially violates that principle.

There are programs and initiatives designed to provide funding to individuals who are sometimes unable to pay utility costs. For example, the Water Access Volunteer Effort, a Michigan non-profit corporation has the objective of using charity-derived funding to provide payments to water service providers on behalf of eligible grant recipients. Such programs are being continuously developed and improved in order to provide for the needs of the citizens that are experiencing financial difficulties.

For the reasons that the resolution may constitute an impermissible encroachment on executive functions and in support of the many programs in existence that already provide assistance, I voted no.

MSHDA has indicated that such development receiving low income tax credits, but no financing from the authority, are eligible to receive tax abatements pursuant to Section 15a of Act 346 of the Public Acts of 1996 as amended.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA125.1415A).

At least twenty percent (20%) or 6 of the units must be occupied by households having incomes no greater than 50% of the median income, adjusted for family size. The remaining eighty percent (80%) or 26 of the units must be occupied by households with incomes that do not exceed 60% of the area median income, adjusted for family size. These income restrictions will be in effect for the longer of the period the Affordable Housing Restrictions apply or the time required under the Low Income Housing Tax Credit Program.

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a 4% service charge of the annual net shelter rents obtained from the project.

Honorable City Council:

Re: Petition Number 1732 — Request for City Council Approval for the Issuance of new Dance-Entertainment and Topless Activity Permits by the Michigan Liquor Control Commission to Coliseum Bar & Grill, Inc., at 11300 E. Eight Mile.

Section 916(6) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(6), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, a combination dance-entertainment permit, or a topless activity permit, a location licensed by the MLCC

for the sale of alcoholic beverages on the premises shall obtain the approval of (1) the chief law enforcement officer, and (2) the legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded a Local Approval Notice (Req. ID: 198371) to the Detroit City Council, which has been designated by the City Clerk as Petition Number 1732. The petition requests City Council consideration and approval of the issuance of new dance-entertainment and topless activity permits to Coliseum Bar & Grill, Inc. ("Coliseum"), at 11300 E. Eight Mile Road, in conjunction with the transfer of ownership of a Class C liquor license (in escrow at 170 Bagley) from Oliver Owens Estate, Fred J. Dery, Interim Trustee. Upon the approval of the transfer of ownership of the Class C liquor license, the issuance of a City "Group D" cabaret license by the City to Coliseum, and the issuance by the MLCC of new dance-entertainment and topless activity permits to Coliseum, the owner will be able to offer dancing by patrons, entertainment, and topless activity on the premises.

Upon investigation, review, and consultation with other City departments, the Detroit Police Department, Liquor License Unit, on behalf of the Chief of Police, has recommended approval of the transfer of ownership of the Class C liquor license in escrow at 170 Bagley and the issuance of new dance-entertainment and topless activity permits by the MLCC to Coliseum at 11300 E. Eight Mile Road. The Consumer Affairs Business License Center reports that Coliseum and the location are in compliance with all of the applicable provisions of the 1984 Detroit City Code for the issuance of a "Group D" cabaret business license.

The Buildings and Safety Engineering Department ("B&SE") reports that the location is in an M-4 (Intensive Industrial) zoning district and the current legal, permitted-with approval, use of the property is 'Restaurant, Class C Bar and "Group D" Cabaret' pursuant to B&SE Case Number 148-00, building permit number 50041, dated October 2, 2001, and building permit number 56820, dated June 11, 2002.

Therefore, The Law Department recommends that this matter be placed on the City Council's agenda for consideration and approval or disapproval of the issuance of new dance-entertainment and topless activity permits to Coliseum at 11300 E. Eight Mile Road. Attached are proposed resolutions: A) approving the issuance of the dance-entertainment and topless activity permits to Coliseum, and B) disapproving the issuance of the dance-entertainment and topless activity permits to Coliseum.

If there are any questions or concerns, please do not hesitate to contact us.

Respectfully submitted,  
BRENDA E. BRACEFUL  
Deputy Corporation Counsel

### RESOLUTION

By Council Member Tinsley-Talabi:

Whereas, Section 916(6)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(6)(b), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, a combination dance-entertainment permit, or a topless activity permit, an establishment licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises are located;

Whereas, The MLCC has forwarded a Local Approval Notice (Request ID 198371) to City Council, which has been designated by the City Clerk as Petition No. 1732, in conjunction with the transfer of ownership of a Class C liquor license (in escrow at 170 Bagley) from Oliver Owens Estate, Fred J. Dery, Interim Trustee to Coliseum Bar & Grill, Inc. at 11300 E. Eight Mile Road and a request for new dance-entertainment and topless activity permits for the transfer location;

Whereas, Approval by this Body of the issuance of dance-entertainment and topless activity permits by the MLCC to Coliseum Bar & Grill, Inc. at 11300 E. Eight Mile Road and the owner obtaining a "Group D" cabaret business license from the Consumer Affairs Business License Center, dancing by patrons, entertainment, and topless activity will be allowed on the premises;

Whereas, Pursuant to Section 916(6)(c) of the Michigan Liquor Control Code, being MCL 436.1916(6)(c), the Detroit Police Department, Liquor License Unit, on behalf of the Chief of Police, has approved the transfer ownership of the Class C liquor license and has recommended approval of the issuance of new dance-entertainment and topless activity permits to Coliseum Bar & Grill, Inc. at 11300 E. Eight Mile;

Whereas, The Consumer Affairs Business License Center has reported that Coliseum Bar & Grill, Inc. and the location are in compliance with all of the applicable provisions of the 1984 Detroit City Code for the issuance of a "Group D" cabaret business license;

Whereas, The Buildings and Safety Engineering Department ("B&SE") has reported that the location is in an M-4 (Intensive Industrial) zoning district and the current legal, permitted-with approval, use of the property is 'Restaurant, Class C Bar and "Group D" Cabaret' pursuant to B&SE case Number 148-00, building permit number 50041, dated October 2, 2001, and building permit number 56820, dated June 11, 2002; and

Whereas, The City Council has considered the Local Approval Notice for the approval of the issuance of new MLCC dance-entertainment and topless activity permits to Coliseum Bar & Grill, Inc., in conjunction with the transfer of ownership of a Class C liquor license in escrow to 11300 E. Eight Mile and in accordance with its procedures and this Body's August 1, 2003 resolutions on the procedures and criteria for the approval or disapproval of the issuance of such permits;

Now Therefore It Is Resolved, Pursuant to Section 916(6)(b) of the Michigan Liquor Control Code, being MCL 436.1916(6)(b), that the Detroit City Council, approves the issuance of dance-entertainment and topless activity permits by the MLCC to Coliseum Bar & Grill, Inc. for 11300 E. Eight Mile; and

It Is Further Resolved, That copies of this Resolution, and the City Clerk's certification of this approval of MLCC request ID number 198371, be forwarded to the Michigan Department of Consumer and Industry Services, Liquor Control Commission, 7150 Harris Drive, P.O. Box 30005, Lansing, MI 48909-7575, the Detroit Police Department, Liquor License Unit, 1300 Park Street, and the Consumer Affairs Business License Center, 105 Coleman A. Young Municipal Center.

### STATEMENT BY COUNCIL PRESIDENT MARYANN MAHAFFEY REGARDING VOTE TO APPROVE THE ISSUANCE OF A DANCE PERMIT TO THE COLISSEUM BAR AND GRILL

After great consideration and research, I voted in favor of granting the Colisseum Bar and Grill approval to allow for the issuance of a dance/entertainment permit by the Michigan Liquor Control Commission because they meet all legal business and zoning requirements.

The Colisseum Bar and Grill is located in a remote industrially zoned area, more than five hundred feet from any other bar, regulated use or neighborhood. They are located in just the kind of area that is permissible according to the city's zoning ordinance. Our City Planning Commission reports that they are the only strip club that is in full compliance with laws regulating these types of businesses. The owners have met every legal requirement and obtained every legal permit. The Colisseum Bar is a conforming use.

I continue to oppose siting strip clubs in neighborhoods and downtown. City Council has outlined criteria and procedures for where strip clubs should be located in its effort to make sure these

kinds of establishments do not affect the quality of residential and downtown life. The Coliseum Bar and Grill conforms to our stated criteria and procedures. If we disregard our own criteria in this case, then we will not be in a legally defensible position when and if any proposed non-conforming uses request licenses for their topless dance clubs.

In the final analysis, there is no sound reason to obstruct the granting of a license to a business that has respected and followed all city laws and regulations. In fact, not to grant them their license after they have complied with all laws may create liability for the city.

STATEMENT BY COUNCIL MEMBER  
SHEILA M. COCKREL IN SUPPORT OF  
RESOLUTION APPROVING ISSUANCE  
OF DANCE-ENTERTAINMENT AND  
TOPLESS ACTIVITY PERMITS TO  
COLISEUM AT 11300 EAST EIGHT  
MILE ROAD

On Wednesday, January 28, 2004, I voted in support of the resolution referenced above. I again voted in support of the resolution on Wednesday, February 18, 2004. In principle, I am against the expansion of those establishments providing topless entertainment that are not in conformity with the master plan and zoning ordinance for the City of Detroit, and that also cause negative secondary effects within the community. At the same time, I fully support the right of individuals to engage in legal occupations, and I fiercely believe in protecting the individuals' right to engage in constitutionally protected free speech. In that regard, I am faced with the difficult task of balancing which are too often, two competing interests.

Michigan courts recognize the broad powers of municipalities to regulate alcoholic beverages and zoning. However, this power has its limits. Municipalities must establish and **follow** its procedures, criteria and standards for regulating establishments that sell liquor. A municipality cannot act arbitrarily and capriciously. *Bundo vs. City of Walled Lake*, 395 Mich 679 (1976). Where ordinances allow officials to grant or refuse permits without the guidance of any standard, but according to their own ideas, it does not afford equal protection. *Osius vs. City of St. Clair Shores*, 344 Mich 693 (1956) citing *Taylor vs. Moore*, 303 Pa 469 (1931). Thus it has been longstanding principle that officials are bound to follow standards in a fair and even-handed manner when dealing with issuance of permits.

In the instant case, I have reviewed all of the relevant information pertaining to this particular proposed establishment. It is my understanding that this establishment has obtained all of the other necessary permits and licenses. It has presented a reasonable plan to minimize any of

the possible negative effects to the community. Perhaps most importantly, this establishment would be a conforming use within the master plan and zoning code of the City of Detroit. Accordingly, in my opinion, when balancing the interests involved, I could think of no reasonable justification for denying approval.

For these reasons, I voted in support of the resolution.

Re: Address: 19440 Appoline. Name: Raleigh R. Haynes. Date ordered removed: October 29, 2003 (J.C.C. p. 3185).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

The owner has paid the current taxes due as of January 16, 2004.

The proposed use of the property is owner occupancy.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. A permit for rehabilitation work shall be obtained within 30 days.
2. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:
  - Certificate of Acceptance related to building permits
  - Certificate of Approval as a result of a Housing Inspection
  - Certificate of Inspection, required for all residential rental properties.
3. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

4. The yards shall be maintained clear of weeds, junk and debris at all times.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

**Division of Research & Analysis**

February 5, 2004

Honorable City Council:

Re: Petition of the Phoenix of the Detroit Fire Department for Charitable solicitations through City-Wide Payroll Deductions.

The Honorable City Council requested the Research and Analysis Division to draft a resolution with respect to the Petition of The Phoenix of the Detroit Fire Department to begin the process of charitable solicitations through authorized payroll deductions on a city-wide basis.

The Phoenix of the Detroit Fire Department has petitioned the City for authorization to make charitable solicitations from city employees on a city-wide basis through payroll deductions. They wish to make the solicitations outside of the combined campaign.

On July 9, 2003, City Council adopted a resolution that repealed an April 27, 1977 resolution titled "Setting standards

that would apply to any cause wishing to solicit city employees via payroll deductions." The 2003 resolution established a procedure to follow for organizations that wish to solicit for charitable causes from city employees. The 2003 resolution is attached as Exhibit A. Based on this language of the 2003 ordinance, it appears that The Phoenix of the Detroit Fire Department is required to solicit funds by participating in the combined campaign. The 2003 resolution states:

That the appeal *shall be a part of* any combined or united appeal for the solicitation of funds from city employees, managed by or on behalf of the City of Detroit annually. (emphasis added).

A draft resolution adding The Phoenix of the Detroit Fire Department to the combined campaign is attached as Exhibit B. The draft resolution also contains language to repeal a 1987 resolution which also set standards for solicitations through payroll deductions.

A resolution adopted by City Council on February 18, 1987 established procedures to be followed when a group wishes to make charitable solicitations from city employees on a city-wide basis through payroll deductions. The 1987 resolution is attached as Exhibit C. No information was located showing that this resolution was repealed or otherwise amended.

The July 9, 2003 resolution states an intention to establish a new method for charitable solicitations through payroll deductions. The resolution explicitly repeals a 1977 resolution that had established procedures for such solicitations. The 2003 resolution states:

WHEREAS, The Detroit City Council adopted a resolution "Setting standards that would apply to any cause wishing to solicit city employees via payroll deductions" on April 27, 1977;

WHEREAS, It is the intention of the Detroit City Council to repeal the April 27, 1977 resolution with the resolution contained herein, establishing a new mechanism for charitable solicitations through payroll deductions;

It seems clear that Council's intent in adopting the July 9, 2003 was to repeal previous resolutions setting the proce-

dures that would apply to any cause wishing to solicit city employees via payroll deductions. Since the 1987 resolution has not been explicitly repealed by the July 9, 2003 resolution, the attached resolution seeks to cure this oversight.

Respectfully submitted,  
DAVID WHITAKER  
Interim Director

By All Council Members:

Whereas, The Phoenix of the Detroit Fire Department is presently authorized to solicit charitable contributions through payroll deductions from employees of the City of Detroit Fire Department; and

Whereas, The Phoenix of the Detroit Fire Department requests to solicit charitable contributions from City of Detroit employees on a city-wide basis; and

Whereas, A February 18, 1987 Resolution of the City Council details the procedures for causes to solicit charitable contributions from City of Detroit employees on a city-wide basis; and

Whereas, A July 9, 2003 Resolution of the City sought to establish a new mechanism for charitable solicitations of city employees through payroll deductions and the intent of the July 9, 2003 resolution was to repeal all prior resolutions regarding mechanisms for charitable solicitations of city employees through payroll deductions; Now, Therefore, Be It

Resolved, That the February 18, 1987 Resolution regarding the procedures for charitable solicitations of city employees through payroll deductions is hereby repealed; and be it also

Resolved, That the July 9, 2003 Resolution establishes the mechanisms for charitable solicitations of city employees through payroll deductions; and be it further

Resolved, That The Phoenix of the Detroit Fire Department is specifically authorized to participate in the next and subsequent combined charities campaigns directed to the employees of the City of Detroit; and be it finally,

Resolved, That the Directors of the Finance Department and Human Resources Department are requested to take all appropriate steps to implement the requirements of this resolution.

Re: Establishment of the Briggs Neighborhood Enterprise Zone (bn).

Attached for your consideration please find a resolution and legal description which will establish the Briggs Neighborhood Enterprise Zone (NEZ) in

accordance with Public Act 147 of 1992 ("the Act").

Your Honorable Body conducted a public hearing on this matter on January 22nd, as required by the Act. No impediments to the establishment of the NEZ were presented at the public hearing.

The units will be two bedrooms and will market for \$100,000-\$150,000. Carlyss Lewis and her brother will build two homes for their own occupancy. These homes will be located on Wabash Street and will have a market value of \$185,000.

The Act requires that at least 60 days must pass from the date of the notice of the public hearing to the date of your formal approval of a resolution establishing the NEZ. Honorable City Council:

Re: A resolution to amend the Detroit Master Plan of Policies in the general vicinity of Puritan and Livernois Avenues to promote new and rehabilitated residential uses.

Attached for your consideration and action is a proposed Amendment to the Detroit Master Plan of Policies for the area generally bounded by Livernois Avenue, the alley north of Puritan Avenue, the alley east of Livernois, Midland Avenue, Linwood Avenue, and the John C. Lodge Freeway. Adoption by your Honorable Body of this resolution would accommodate changes in the Master Plan of Policies to allow for the designation of a Neighborhood Enterprise Zone (NEZ) and facilitate residential development that would reinforce the revitalization of the surrounding Martin Park and Pilgrim Village neighborhoods. The proposed Amendment is being requested by the Planning & Development Department on behalf of

the NorthStar Community Development Corporation, which is proposing two new residential developments and housing rehabilitation in this area.

#### **PROPOSED MODIFICATIONS**

The subject area to be changed, which covers approximately 24 acres, is shown on the Master Plan of Policies Maps 307-11B, McNichols Subsector, Northwest Sector "Generalized Proposed Land Use Map". It is recommended that the proposed future land use in the Master Plan of Policies for the frontage along Livernois and Puritan Avenues be changed from "GC", General Commercial to "RLC", Residential Local Commercial. It is also recommended that the portion of the subject area between Midland Avenue and the John C. Lodge Freeway be changed from "RC/INST", Recreation/Institutional to "RLM", Low-Medium Density Residential. Also proposed to be changed is the attached Northwest Sector "Generalized Rezoning Concept" map. On this map, the frontage on both the northeast and southeast corners of the Livernois-Puritan intersection is recommended to be changed from a B4 (General Business District) zoning classification to a B2 (Local Business and Residential District) zoning classification.

#### **BACKGROUND AND DEVELOPMENT ACTIVITY**

The Planning & Development Department is requesting that the proposed Master Plan Amendment be adopted to accommodate a proposed NEZ for the general area containing 83.9 acres bounded by Petoskey Avenue, the alley north of Puritan Avenue, Parkside Avenue, and the Lodge Freeway. This NEZ would accommodate new residential development that would spinoff from similar projects already completed in the surrounding Martin Park neighborhood. Two new developments of this sort proposed by the NorthStar Community Development Corporation are a scattered site, single-family infill project in the nearby Pilgrim Village neighborhood and a condominium project on Puritan. These projects are among several that NorthStar has been involved with that have done much to contribute to the stabilization of this section of northwest Detroit. The portion of the subject area adjacent to the Lodge Freeway that is designated "RC/INST" is presently developed as residential, a significant portion of which, is blighted. The possibility exists that it can be revitalized with a strong rehabilitation program along with infill development in targeted areas.

In summary, the Planning & Development Department believes that the proposed Amendment to the Master Plan of Policies would facilitate the construction of new homes and the rehabilitation of existing homes, stabilizing a com-

munity that until recently had been declining. Therefore, it is our recommendation that the proposed future land use for the subject area be changed to "RLC", Residential Local Commercial along the Livernois and Puritan Avenue frontages, and to "RLM", Low-Medium Density Residential in the area between Midland Avenue and the John C. Lodge Freeway.

Respectfully submitted,

BURNEY JOHNSON

**Law Department**

December 30, 2003

Honorable City Council:  
Re: Petition Number 1857 — Request for City Council Approval for the Issuance of a New Dance-Entertainment Permit by the Michigan Liquor Control Commission to The New Twenty Grand, Inc., at 260 Schweizer Place

Section 916(6) of the Michigan Liquor Control Code at 1998, being MCL 436.1916(6), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, or a combination dance-entertainment period, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of (1) the chief law enforcement officer, and (2) the legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded a Local Approval Notice (Req. ID: 229737) to the Detroit City Council, which has been designated by the City Clerk as Petition Number 1857. The petition requests City Council consideration and approval of a request from The New Twenty Grand, Inc. for a new dance-entertainment permit to be held in conjunction with a 2003 Class C liquor license at 260 Schweizer Place. The approval and issuance of a dance-entertainment permit to The New Twenty Grand, Inc. would allow for dancing by patrons and entertainment on the premises, only.

Upon investigation, review and consultation with other City departments, the Detroit Police Department, Liquor License Unit, on behalf of the Chief of Police, has recommended approval of the issuance of a new dance-entertainment permit to The New Twenty Grand, Inc. at 260 Schweizer Place. The Consumer Affairs Business License Center reports that The New Twenty Grand, Inc. and the location are in compliance with all of the applicable provisions of the 1984 Detroit City Code for the issuance of a "Group A" cabaret business license. The Buildings and Safety Engineering Department ("B & SE") reports that the property is located in an SD 4 (Special Development District-Riverfront Mixed Use) zoning district and the current legal, permitted use of the property is 'Restaurant and Class C Bar with accessory dance/entertainment' per building permit number 47876, dated July

2, 2001, pursuant to B & SE Case Number 149-00, effective April 13, 2001. A Certificate of Maintenance of Conditions, dated November 26, 2003, required by the land use grant has been issued by the B & SE for the location.

Therefore, the Law Department recommends that this matter be placed on the City Council's agenda for consideration and approval or disapproval of the issuance of a new MLCC dance-entertainment permit to The New Twenty Grand, Inc. at 260 Schweizer Place. Attached are proposed resolutions: A) approving the issuance of the MLCC dance-entertainment permit to The New Twenty Grand, Inc., and B) disapproving the issuance of the dance-entertainment permit to The New Twenty Grand, Inc.

If there are any questions or concerns, please do not hesitate to contact us.

Respectfully submitted,

BRENDA E. BRACEFUL

Deputy Corporation Counsel

## STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN SUPPORT OF ORDINANCE TO AMEND CHAPTER 9, ARTICLE I OF THE 1984 DETROIT CITY CODE, THE DETROIT PROPERTY MAINTENANCE CODE

On Wednesday, February 25, 2004, I voted in support of the ordinance referenced above. This ordinance amendment requires owners and operators of rental properties to provide sufficient heat to maintain a temperature of not less than 68° between the hours of 12:00 midnight and 7:00 a.m.

As the member who brought this issue to the table in October of 2003, I noted that there was an error in the previous version that was passed by the Council on Wednesday, February 4, 2004. That version required a minimum temperature of 65°. It was the clear legislative intent of this body to require a minimum temperature of 68°. Having brought this error to the attention of my colleagues, this ordinance amendment was subsequently introduced and passed with my full support.

## Taken from the Table

Council President Mahaffey moved to take from the table an ordinance to amend Chapter 18 of the 1984 Detroit City Code by adding Division 7 entitled “Privatization of Certain City Services” which shall consist of Sections 18-5-100 through 18-5-110 and provides for the implementation of Section 6-307 of the 1997 Detroit City Charter. It is the intent of

this ordinance to preserve City employee's jobs, while maintaining the rights of the City of Detroit to handle its affairs in an efficient, cost effective contract approval process for the good and welfare of its citizens. It is further the intent of this ordinance to define the conditions under which privatization of certain City services may be permitted with the City which are otherwise reserved for City employees.

Laid on the table February 4, 2004 (J.C.C. p. ), which action prevailed.

The Ordinance was then placed on the order of third reading.

**THIRD READING OF ORDINANCE.**

The title to the Ordinance was read a third time.

The Ordinance was then read.

The question being "Shall this Ordinance Now Pass?"

The Ordinance was passed, a majority of the Council Members present voting therefore as follows:

Yeas — Council Members Bates, K. Cockrel, Jr., S. Cockrel, Collins, Everett, McPhail, Tinsley-Talabi, Watson, and President Mahaffey — 9.

Nays — None.

Title to the Ordinance was confirmed.

**\*WAIVER OF RECONSIDERATION** (No. 2) per motions before adjournment.

**STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN SUPPORT OF ORDINANCE TO AMEND CHAPTER 18 OF THE 1984 DETROIT CITY CODE BY ADDING DIVISION 7 ENTITLED "PRIVATIZATION OF CERTAIN CITY SERVICES"**

On Wednesday, February 25, 2004, I voted in support of the ordinance referenced above. I wish to make it clear that I have continuing reservations about provision of a private cause of action. However, I voted in support of this ordinance for two primary reasons.

First, Section 6-307 of the 1997 Detroit City Charter mandates the adoption of an ordinance to provide for a process relating to privatization of city services. Such ordinance was to be adopted within one hundred and eighty (180) days of the effective date of the Charter. Aside from the provision for a private cause of action, this ordinance meets the requirements of the charter provision and it is long overdue.

Secondly, as it relates to the private cause of action, having discussed the issue extensively, I anticipate that the Council will amend that provision. The provision will be carefully crafted and limited in order to minimize liability to the City, while still allowing for the implementation of an effective enforcement mechanism.

For all of the reasons stated above, I

voted yes.

February 20, 2004

Honorable City Council:

Re: Petition Number 2165 — Request for City Council Approval for the Issuance of a New Michigan Liquor Control Commission Dance Permit to Entertainment Concepts, LLC, at 2548 Grand River.

Section 916(6) of the Michigan Liquor Control Code of 1998, being MCL 436-1916(6), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, or a dance-entertainment permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of (1) the chief law enforcement officer, and (2) the legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded a Local Approval Notice (Request ID number 235825) to the Detroit City Council. The notice, designated by the City Clerk as Petition Number 2165, requests City Council consideration and approval of a request from Entertainment Concepts, LLC, for the issuance of a new dance permit to be held in conjunction with a Class C licensed business at 2548 Grand River. The approval and issuance of a dance permit to Entertainment Concepts, LLC, for this location would allow for dancing by patrons, only.

Upon investigation, review, and consultation with other City departments, the Detroit Police Department, Liquor License Unit, on behalf of the Chief of Police, has recommended approval of the issuance of a dance permit for the subject location.

The Consumer Affairs Business License Center reports that Entertainment Concepts, LLC, and the location are in compliance with all of the applicable provisions of the 1984 Detroit City Code for the issuance of a "Group A" cabaret business license for the location.

The Law Department recommends that this matter be placed on the City Council's agenda for consideration and approval of the issuance of the MLCC dance permit to Entertainment Concepts, LLC, in accordance with this Body's established procedures. Attached is a proposed resolution approving the issuance of an MLCC dance permit to Entertainment Concepts, LLC.

If there are any questions or concerns,

please do not hesitate to contact us.

BRENDA E. BRACEFUL

Honorable City Council:

Re: Address: 13515 Chicago, Name: Earlee Moore. Date ordered removed: July 23, 2003 (J.C.C. pg. 2324).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on January 30, 2004 revealed the building is secured and appears to be sound and repairable.

The owner has entered into an approved Tax Payment Plan to pay the current taxes due as of February 17, 2004.

The proposed use of the property is rehabilitation and rental.

Therefore, it is recommended that the demolition order be deferred for a period of six months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition, without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

February 16, 2004

Honorable City Council:

Re: Request of the Planning and Development Department to rezone properties in the area surrounding the intersection of Michigan and Livernois Avenues (Recommend Approval).

**BACKGROUND**

In December, 2000, the community group, the Michigan-Livernois Zion Core Team (now referred to as the Michigan-Livernois Neighborhood Council), requested that several properties near the intersection of Michigan and Livernois Avenues be rezoned. Soon thereafter, the Planning & Development Department (P&DD), based on input from City Planning Commission (CPC) staff and community, decided itself to request that numerous parcels in this area be rezoned. P&DD made the request, in part, to make the area's zoning more consistent with the City's Master Plan of Policies, make the zoning better reflect existing development, and to limit the undesirable influence of intensive commercial and industrial uses on adjacent residential areas.

In August, 2001, the CPC held a public hearing and in June, 2002 submitted a report and ordinance to City Council. In October, 2002, City Council held a public hearing. Unfortunately, because City Council had not acted on the proposed ordinance within 120 days of receiving the CPC's report, the amendment was deemed to have been denied. The P&DD and CPC decided, based on feedback at the various public hearings and further analysis, to make some changes to the proposed rezoning and resubmit the request to the Council for consideration.

**PROPOSED REZONING**

The following list summarizes the proposed rezonings (note: please see Attachment A for a map depicting the rezonings; changes recommended since the initial rezoning request are shown in italics):

- The east and west sides of Livernois Ave. between I-94 and John Kronk Ave. from B4 to B2,
- The south side of Clayton Ave. just west of Livernois Ave. from R6 (High Density Residential District) to R2 and B2,
- The northeast and northwest corners of the intersection of Livernois Ave. and John Kronk Ave. from M4 to B2 and R2,
- *The west side of Military Ave. between the Zion Lutheran Church complex and the alley first north of Michigan Ave. from R5 (Medium Density Residential District) to R2,*
- The northeast corner of the intersection of Military Ave. and Cook St. from M4 to R2,
- *The southeast corner of the intersection of Military Ave. and Cook St. from M4 to B4,*
- Properties on either side of the aban-

doned rail line (just west of Joe St.) between Michigan Ave. and Buchanan St. from M4 to M2,

- The northwest corner of the intersection of Hammond Ave. and Buchanan St. from M4 to M2,
- *The railroad property just east of Hammond Ave. from Buchanan St. to I-94 from M4 to M2,*
- *The northwest corner of the intersection of Buchanan St. and Wesson Ave. from M4 to R5,*
- The west side of Wesson Ave. from Vigo St. to the alley second north of Buchanan Ave. from M4 to R2,
- The north and south sides of Buchanan St. from Wesson Ave. to Scotten Ave. from B4 to R2,
- The north and south sides of Michigan Ave. from Military to Wesson from M4 to B4,
- The Malish Playground from B4 to B2 and St. Hedwig Playfield from M4 to PR (Parks and Recreation), and
- The abandoned rail line just east of Hammond Ave. between Dennis St. and John Kronk Ave. from M4 to R2.

One change recommended by P&DD since the initial request involves rezoning the southeast corner of the intersection of Military Ave. and Cook St. from M4 to B4 rather than R2; upon further analysis it was thought it unlikely the land would be redeveloped with residential uses. The Michigan-Livernois Neighborhood Council had requested the abandoned rail line from Buchanan to I-94 be rezoned to R2, but this was not included on the initial ordinance; upon further review, staff recommended this area be included, but rezoned to M2 which serves as a buffer between residential and industrial areas.

Originally, it was recommended that the Zion Lutheran Church complex and the adjacent 3 houses on the west side of Military Ave. south of Buchanan St. be rezoned from R5 to R2, and that part of the St. Frances church complex at the northwest corner of Buchanan and Wesson Ave. be rezoned from M4 to R2. Churches are matter of right in R5, but permitted with approval in R2. Upon further review, the Commissioners, before making a recommendation, decided that R5 is a more appropriate zoning category for these church complexes.

#### **PUBLIC HEARING RESULTS AND FOLLOW-UP**

On June 5, 2003, the CPC held its most recent public hearing on this proposal. At the hearing, 7 persons spoke with the following comments: 2 persons asked questions about the proposal and development in the area, 2 persons spoke in support, 1 person complained about nui-

sance conditions on Livernois, 1 person spoke in opposition, and 1 person requested that a community meeting be held.

The one person in opposition stated the area is fine, the area leans toward industrial, and there is very little residential development on Livernois. One speaker representing the Michigan Avenue Business Association, requested postponement of the Commission's decision until there had been adequate community review and input.

At the previous hearings, those opposed, in general, stated the rezoning would prohibit them from expanding their existing businesses and the City should encourage commercial development along Livernois Avenue. Those in favor stated the City needed to help protect residential neighborhoods from business interests and the rezoning would not be a detriment to existing companies because they would be grand-fathered-in.

On June 30, 2003, CPC staff presented the proposal at a community meeting at the Hope Evangelical Ministries Church on Livernois Ave. About 6 persons were in attendance. The ministers of the church stated that if the community worked together to beautify the area and fight crime, the land might not need to be rezoned. One man stated the members of the neighborhood group wanted to put his auto repair shop out of business and asked what impact the proposed rezoning would have on property values.

#### **ANALYSIS**

##### **Land Use Considerations**

The east and west sides of Livernois Avenue from I-94 to John Kronk contain about 85 houses and numerous 2nd floor apartments. Currently, there are approximately 33 commercial or institutional uses along Livernois. It, however, appears that over the years at least 50 houses along Livernois Avenue have been demolished due to neglect or to accommodate business development. There are now signs of some houses being renovated, and businesses being built or renovated.

A north/south rail line used to operate in this area just east of Livernois Avenue. Along this line, several industrial uses developed, including Lafayette Steel (formerly Kelsey Hayes) and a former Chrysler Plant, now a junkyard. In the past few years, most of the rail line has been removed. Along Buchanan Street running from Wesson Avenue to Scotten Avenue the land is zoned B4. Over the years, most of the business and residential uses along this street have been demolished. Currently, there exists about 100 vacant parcels, 20 occupied houses,

3 operating commercial businesses, and 8 vacant commercial buildings. Currently, a nonprofit housing agency is constructing about 60 homes near the intersection of Buchanan and Wesson Ave.

**Zoning Considerations**

Within each zoning district, allowed uses are designated as either “matter of right” (MOR) or “permitted with approval” (PWA). When land is rezoned, sometimes the land use’s permissibility is changed. For the proposed rezoning, each existing land use would fall into one of five categories summarized in the following table:

The following conclusions can be drawn from the above table:

- Column A. in the above table shows that the majority of uses would remain within the same category of permissibility.
- Nine uses in Column B. would go from MOR to PWA.
- Column C. indicates that 25 houses would go from PWA to MOR. These houses are located primarily along Buchanan Avenue. The proposed zoning change would allow the housing owners to expand their houses, if desired, without a hearing being required.
- Column D. shows 16 uses that would go from being not allowed to MOR or PWA. The proposed zoning change would shift these housing units from legal nonconforming uses to legal conforming uses.
- Column E. lists 14 uses that would not be allowed as new uses in the proposed zoning category, but these already existing uses are allowed to continue indefinitely as legal nonconforming uses. If these 14 uses wanted to expand in the future, the owners would have to follow the regulations for the expansion, alteration, or enlargement of nonconforming uses spelled out in the Zoning Ordinance.

**Difference between B4 and B2 Zoning Classification**

The B4 zoning classification, in gener-

al, allows more intensive retail uses than B2. The B2 zoning classification was created to provide day-to-day consumer goods and services required to serve a small residential area, and to limit traffic oriented uses, because of their obvious undesirable influence on adjacent residential areas. There are 48 uses that are allowed in B4 as MOR or PWA, but not allowed in B2. Most of these uses involve auto-related activities, such as gas stations, auto repair, auto sales, and car washes. Some of the other uses that aren’t allowed in B2 include bars, emergency shelters, tattoo parlors, and tower-ing service storage yards.

**Difference between the M4 and M2 Zoning Classification**

The M4 zoning classification, in general, allows more intensive industrial uses than M2. The M2 zoning classification was created for industrial uses that provide a buffer between residential districts and intensive industrial districts. For example, M2 allows less intensive industrial uses, such as assembly of small parts, clock or watch manufacture, and mattress manufacture, while M4 allows uses such as bolt and nut manufacture and engine manufacture.

**Master Plan Consistency**

Regarding the Master Plan, land west of Livernois Avenue is within the Chadsey Subsector and land east of Livernois Avenue is within the Condon Subsector of the Southwest Sector.

On the recommended future land use map, properties on the east side of Livernois from Buchanan Street to I-94 and on the north side of Buchanan just east of Livernois Avenue are shown on Residential/Local Commercial (RLC) — the rest of Livernois and Michigan Avenues are shown as GC. Therefore, the Master Plan envisions a mixture of residential and commercial uses on this section of Livernois. The Rezoning

Concept map for this area shows the land on the east side of Livernois Avenue north of Buchanan Street and on the north side of Buchanan Street just east of Livernois Avenue as B2. Property on the east side of Livernois Avenue south of Buchanan Street and the north side of Michigan Avenue is shown as B4.

The recommended future land use map shows Light Industrial (LI) to the northeast of the abandoned rail line and Buchanan and designates the land to the southwest as Low-Medium Density Residential (RLM). Therefore, the Master Plan favors eliminating some industrial areas and making some less intense. The Rezoning Concept map for the land northeast of the intersection of Buchanan and the abandoned rail line is shown as M4, and the remainder of the area is shown as R2.

For the area southeast of the intersection of Michigan and Livernois Avenues, those properties facing Livernois Avenue are shown on the recommended future land use map as RLC. Therefore, the Master Plan supports a mixture of commercial and residential along this section of Livernois. The south side of Michigan Ave. shows GC on the recommended future general land use map. The St. Hedwig Playfield is indicated as PR, and the St. Hedwig Playfield as Open Space. The Rezoning Concept map shows property on the east side of Livernois Avenue as B2, but the property at the intersection of Michigan and Livernois Avenues as B4. Land on the south side of Michigan Avenue is shown B4, except the Lafayette Steel site, which is M4.

Those properties on the west side of Livernois Avenue are shown on the recommended future general land use map as RLC. Therefore, the Master Plan favors a mixture of residential and commercial uses along this section of Livernois. The Rezoning Concept shows property on the west side of Livernois Avenue from I-94 to the alley first north of Michigan Avenue and between Edward Street and John Kronk as B2.

**Community Reinvestment Strategy**

The subject area is located within Cluster 5 of the Detroit's Community Reinvestment Strategy (CRS). The CRS land use plan recommends commercial/retail along Michigan Avenue and greenway/open space linkage (from the Detroit River heading north) along Livernois Avenue.

**RECOMMENDATION**

The City Planning Commission recommends APPROVAL of P&DD's request to rezone selected parcels near the intersection of Michigan and Livernois with the following two changes from the revised proposal as described in this report:

1. On District Map No. 43, the area bounded by the north property line of 4259 Military Ave. on the north, by Military

Ave. on the east, by the northwest/southeast alley first north of Michigan Ave. on the south, and by the north/south alley first west of Military Ave. on the west would be rezoned from R5 (Medium Density Residential) to R2 (Two-Family Residential). *The Zion Lutheran Church complex at 4265 Military would remain R5 rather than be rezoned to R2.*

2. On District Map No. 43, the area bounded by Vigo St. on the north, by Wesson Ave. on the east, by Buchanan St. on the south, and by the north/south alley first west of Wesson Ave. on the west would be rezoned from M4 (Intensive Industrial) to R5. *Originally, R2 was proposed for the existing church complex.*

The appropriate ordinance to effectuate this recommendation is attached for your consideration.

Honorable City Council:

Re: Establishment of the North Woodbridge Neighborhood Enterprise Zone (dy).

Attached for your consideration please find a resolution and legal description which will establish North Woodbridge

Neighborhood Enterprise Zone (NEZ) in accordance with Public Act 147 of 1992 ("the Act").

As you may recall, the goal of this NEZ establishment is the construction of 67 new residential units in single-family and townhouse configurations, and the rehabilitation of 26 existing housing units in five buildings, at a projected investment of \$10 million. These units will be marketed for \$75,000-\$160,000.

Additionally this NEZ establishment is a key component in the securing of the Michigan Legislature's passage of an amendment to the NEZ Act which will permit existing condominium owners to secure tax abatement for their housing units. At the time they purchased these units they were erroneously told by a developer that the units were subject to the favorable tax treatment provided by the Act.

Your Honorable Body conducted a public hearing on this matter on January 16th, as required by the Act. At the termination of the hearing it was the charge of the City Planning Commission to investigate the facts regarding the misinformation provided the existing condominium owners, their allegations about shortfalls in the developer's keeping of promises on improvements to their units, and the status of the amendment of the Act by the Michigan Legislature. It is my understanding that these matters have been resolved to the point where you desire to proceed with the establishment of the NEZ.

The Act requires that at least 60 days must pass from the date of the notice of the public hearing to the date of your formal approval of a resolution establishing the NEZ. The date of the notice of the public hearing was December 8th, and we therefore recommend that you approve the resolution at your regular formal session of Wednesday, February 11th.

Respectfully submitted,  
HENRY B. HAGOOD

Director of Development Activities  
By Council Member Tinsley-Talabi:

Whereas, Michigan's Public Act 147 of 1992, the Neighborhood Enterprise Zone Act ("the Act"), provides for the establishment of Neighborhood Enterprise Zones (NEZs), the exemption from *ad valorem* taxes, and the imposition of a specific property tax in lieu of *ad valorem* real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in

the preservation of existing neighborhoods and preventing further decay in others; and

Whereas, The Detroit City Council has found the establishment of the North Woodbridge NEZ to be consistent with the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Whereas, The Detroit City Council has adopted a statement of goals, objectives and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed NEZs; and

Whereas, The Detroit City Council has enacted a housing inspection ordinance requiring that before the sale of a unit in a new or rehabilitated facility for which an NEZ Certificate is in effect, an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

Whereas, The Act requires that the designation of NEZs must be approved by a resolution adopted by the local governmental unit subsequent to a public hearing at which any taxpayer or resident, or representative of any taxing authority levying property tax in the City of Detroit, was given the opportunity to address the requested establishment of an NEZ; and

Whereas, A public hearing on the issue of establishing the North Woodbridge NEZ was conducted before the Detroit City Council on January 16, 2004, with notice of the public hearing having been given to the general public and by certified mail to every taxing authority levying a property tax with the City of Detroit; and

Whereas, No impediments to the establishment of the North Woodbridge NEZ are known;

Now Therefore Be It

Resolved, That the land area described in the attached legal description, and shown on the attached map, is hereby established as the North Woodbridge NEZ pursuant to Public Act 147 of 1992, the Neighborhood Enterprise Zone Act.

Honorable City Council:

Re: Correction of Sale Resolution. Development: Parcel 227A; generally bounded by Canfield, Lenox, Conner & E. Warren.

On November 19, 2003, your Honorable Body authorized the sale of the above-captioned property to Open Hands Community Limited Dividend Housing Association Limited Partnership, a Michigan Limited Partnership, for the purpose of constructing approximately ninety (90) vinyl clad homes with brick accents and single car garages.

It has come to our attention that the vacant lots at 4813 Gray and 12821 E. Forest should have been included in the sale of Parcel 227A. Accordingly, the size of the property has been adjusted from 446,665 square feet to 452,964 square feet and the sales price has been adjusted from \$52,900 to \$53,650.

We, therefore, request that your Honorable Body adopt the attached resolution and authorize an amendment to the sales resolution to reflect an adjustment in the size of the property from 444,665 square feet to 452,964 square feet and

the sales price from \$52,900 to \$53,650.

**Mayor's Office**

February 24, 2004

Honorable City Council:

Re: Resolution to Withdraw Motion to Intervene *Lac Vieux Desert Band of Lake Superior Chippewa Indians vs. City of Detroit, et al.*

On December 15, 2003, this Honorable Body approved a Resolution in reference to the settlement agreement in the *Lac Vieux Desert Band of Lake Superior Chippewa Indians ("LVD") vs. City of Detroit, et al.* litigation. In this Resolution, City Council directed Venable LLP and the City Council Research and Analysis Division to file appropriate pleadings with the United States Court of Appeals for the Sixth Circuit, the United States District Court for the Western District of Michigan, and any other appropriate court. This Resolution was enacted in response to the proposed settlement agreement between LVD, Motor City and Greek Town.

On February 17, 2004, I met with this Honorable Body in a closed session in an effort to resolve any outstanding issues in relation to the proposed settlement agreement to which the City of Detroit is not a party. I hope that any questions or concerns in reference to this issue were answered to your satisfaction.

I respectfully request that this Honorable Body adopt a Resolution to withdraw its Motion to Intervene so that we can move forward with the construction of two permanent casinos in the City of Detroit. In other words, I am asking this Honorable Body to facilitate the genera-

tion of over \$700 million in new investments for the City of Detroit, the creation of several thousand good-paying construction jobs, and the creation of permanent employment for over 6,000 people. I respectfully request that this Honorable Body join me in assuring the construction of eight hundred (800) hotel rooms, conference room spaces, and retail and entertainment venues in the City of Detroit. Finally, I am requesting that this Honorable Body join me in securing some \$1.267 billion in payments to the City of Detroit over the first ten (10) years of the casino operations.

If the Court has to consider the Motion to Intervene filed by this Honorable Body, the City of Detroit could face several years of time-consuming and costly litigation.

This could ultimately result in several more years of litigation. I hope that this Honorable Body will join my efforts to bring this process to an end so that the City of Detroit can reap the long-awaited economic benefits that it rightfully deserves.

I have enclosed a Resolution for your consideration.

Respectfully,

KWAME M. KILPATRICK

Mayor

**STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN SUPPORT OF RESOLUTION TO WITHDRAW OBJECTIONS TO THE LVD, MOTOR CITY AND GREEK TOWN SETTLEMENT AGREEMENT**

On Friday, February 27, 2004, I voted in support of the resolution referenced above, in addition to the companion Resolution on Partial Settlement.

I have completed a comprehensive review of all of the documents involved in

this matter, including the settlement agreement and the various covenants. After having had many discussions relating to this matter in both open and closed sessions of Council and after receiving advice and opinion from legal counsel, it is my considered opinion that this arrangement serves the best interest of the City.

In my opinion, the Administration acted under the erroneous belief that these documents were not subject to City Council approval. For the reason that the Settlement Agreement would not be made effective without covenants being executed by the City, I believe that this arrangement constitutes a change in the terms of the Restated and Amended Development Agreements, and is a settlement of litigation. Accordingly, the purpose of this resolution is to ensure the legality of the execution of these documents.

For the reasons, I voted in support of the resolutions.

**City Planning Commission**

February 27, 2004

Honorable City Council:

Re: Chapter 44 Amendment.

The proposed amendment to Chapter 44 (Public Lodging) results from the request of Council Member Kenneth Cockrel, Jr. City Planning Commission staff convened a series of meetings among staff of Consumer Affairs, Law, Buildings and Safety, Health, and the CPC during the first half of 2003.

The ordinance removes a discrepancy between licensing and zoning with respect to rooming houses and newly provides for the licensing of assisted living facilities, bed and breakfast inns, and nonprofit single room occupancy housing. Eligibility for rooming house licenses is clarified and tightened.

In the event copies of the proposed amendments to Chapter 44 have not been forwarded to your Honorable Body, please find the 30-page ordinance, approved as to form, attached hereto.

Respectfully submitted,

## RESOLUTION ON NOTIFICATION OF FORECLOSURE ON DELINQUENT PROPERTY TAXES

WHEREAS, Members of the Detroit City Council via the Housing Task Force received alarming information from an official of Michigan Legal Services on Friday, February 27, 2004, that a number of Detroit's citizens who own homesteads, homeowner occupied property, in Detroit may be in jeopardy of losing their property to the state property tax foreclosure process. It has been suggested that some owners did not receive proper notification according to procedures and requirements of the General Property Tax Act, at MCL 211.1 *et seq.*; and

WHEREAS, Such loss of property will not only create a serious hardship on affected homestead homeowners as individuals and potentially add to the problems of homelessness in the City of Detroit, it will undermine our efforts to promote community, economic development and improvement of public safety; and

WHEREAS, This circumstance constitutes a pending and potential long-term threat to the public health, safety and welfare.

NOW THEREFORE, BE IT RESOLVED, We respectfully urge the

Michigan State Legislature to amend the appropriate state laws to permit Michigan's eighty-three (83) counties to institute payment plans to pay outstanding county property taxes on homestead homeowner-occupied real property;

AND BE IT FURTHER AND FINALLY RESOLVED, That we respectfully urge the Wayne County Treasurer to review the notification process and procedures on a case-by-case basis to ensure that homestead homeowners received proper notification in accordance with the General Property Tax Act, being MCL 211.1 *et seq.*

Honorable City Council:

Re: Address: 15817 Cheyenne. Name: Harvey K. Leggon. Date ordered removed: November 20, 2002 (J.C.C. pp. 3568-70).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on November 13, 2003 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of May 30, 2003.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccu-

pied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

The purpose of this Division is to implement the provisions of the section 6-307 of the 1997 City of Detroit charter that pertains to the establishment of procedures governing the award of contracts for the privatization of certain services provided by the City of Detroit. It is the intent of this ordinance to preserve City employees' jobs, while maintaining the rights of the City of Detroit to handle its affairs in an efficient, cost effective contract approval process for the good and welfare of its citizens. It is further the intent of the ordinance to define the conditions under which privatization of certain City services may be permitted with the City which are otherwise reserved for City employees.

The Planning & Development Department and the Finance Department have reviewed the Master Plan and the neighborhood preservation and development goals of the City, and find that establishment of the above referenced Neighborhood Enterprise Zone would be consistent with the neighborhood preservation and development goals and with the Master Plan.

Public Act 147 of 1992, commonly referred to as the Neighborhood Enterprise Zone (NEZ) Act, in Section 3(1) states "the governing body of a local governmental unit by resolution may designate one (1) or more neighborhood enterprise zones." Prior to acting upon the resolution establishing an NEZ, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an ad valorem tax within the proposed NEZ, said notice to be made not less than 60 days

prior to your Honorable Body's passage of a resolution designating an NEZ.

The boundaries of the proposed NEZ are described in Exhibit A (legal description) and illustrated in the map attached hereto. The developer propose to construct 72 single family dwelling units which, through the use of HOME funds, will be marketed for approximately \$70,000.

We request that a Public Hearing be scheduled on the issue of establishing this NEZ, as required by the NEZ Act. Attached for your consideration please find a resolution establishing a date and time for the public hearing, together with the aforesaid map and legal description of the proposed NEZ.

Respectfully submitted,

Now Therefore Be It

Resolved, That on the 25th day of March, 2004 @ 10 a.m. in the City Council Committee Room, 13th floor, Coleman A. Honorable City Council:

Re: Petition No. 1861 — Arab-American and Chaldean Council, et al, To vacate alley in the area of W. Seven Mile and Derby Avenue.

Petition No. 1861 of the "Arab-American and Chaldean Council, et al", request for the outright vacation of a

remaining portion of a north-south public alley (converted to easement November 10, 1953, J.C.C. Pg. 2566), 7.5 feet wide, and the east-west public alley, 15 feet wide, in the block bounded by Derby Avenue, 60 feet wide, John R. Avenue, 66 feet wide, West Seven Mile Road, 66 feet wide and Penrose Avenue, 50 feet wide, in order to facilitate the construction of the new ACC Youth Center at 62 W. Seven Mile Road.

The request was approved by Planning and Development Department, the Solid Waste Division — DPW, the Public Lighting Department and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation and report. This is our report:

The Detroit Water and Sewerage Department (DWSD) reports there are existing sewers in the alley/easement requested for outright vacation that must remain in service. DWSD has no objection to the outright vacation provided the petitioner relocates the sewer and provides a suitable easement to DWSD. Also, the petitioner must comply with the provisions and requirements of the attached resolution.

The petitioner (Arab-American and Chaldean Council, et al) has made arrangements with Comcast Cablevision, DTE Energy — Detroit Edison and SBC for any costs for the removal, rerouting or relocation of their facilities within the project area.

All other involved city departments and privately owned utility companies have reported no objections to the changes in public rights-of-way or that satisfactory arrangements have been made. Provisions protecting utility installations (if necessary) are part of the resolution.

An appropriate resolution containing the necessary conditions is attached for consideration by your Honorable Body.

Respectfully submitted,

Re: Petition No. 2259 — Gil Hill and Associates, Inc., (GH & A), for Vacation of alley in the area of Livernois, Gilbert, Morton and Michigan Avenue.

Petition No. 2259 of "Gil Hill and Associates, Inc.", (GH & A), on behalf of Livernois and Michigan Avenue, L.L.C., (owners of the property) requests to vacate outright the north-south public alley, 20 feet wide, first West of Livernois Avenue, in the block bounded by Gilbert Street, 53 feet wide, Livernois Avenue, 120 feet wide, Morton Street, 50 feet wide and Michigan Avenue, 120 feet wide, in order to facilitate the re-development of the site into a "Autozone".

The request was approved by Planning and Development Department, the Solid Waste Division — DPW and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation and report. This is our report.

The Detroit Water and Sewerage Department (DWSD) reports a 10-inch sewer, which only serves the land, owned by the Livernois and Michigan Avenue, L.L.C. The existing 10-inch sewer located in the alley to be vacated, will be abandoned as a City sewer and will be the responsibility of the property owner.

All other city departments and private utility companies have reported no objection to the changes in public rights-of-way or that satisfactory arrangements have been made. Provisions protecting utility installations (if necessary) are part of the resolution.

Re: Petition No. 2033. HWSFDS L.L.C./ Bacall Development (1) Requesting conversion to easement the north-south public alley; also (2) Requesting permission to maintain existing berm encroachments within the eastern berm area of Audubon; and the northern berm area of Harper all in the block bounded by Audubon, Whittier, Harper and Ford Freeway.

Petition No. 2033 of the "HWSFDS L.L.C./Bacall Development" at 7660 Bransbury, West Bloomfield Mich. 48324 requests conversion of the north (easterly)-south (westerly) public alley, 20 feet wide, in the block bounded by Audubon Avenue, 60 feet wide, Whittier Avenue, 60 feet wide, Harper Avenue, 86 feet wide, and the Edsel Ford Freeway into a private easement for utilities.

(NOTES: The petitioner's existing tree plantings are encroaching into the eastern berm area (about 12.70 feet wide) of Audubon Avenue, 60 feet wide between Harper Avenue and the Ford Freeway; also three trees are placed in existing public sidewalk wells along the northern berm area (about 18.00 feet wide) of Harper Avenue, 86 feet wide.

The request was approved by the Traffic Engineering Department — DPW and the Michigan Department of Transportation (for parking passenger vehicles only) with certain restrictions.

The Michigan Department of Transportation, SBC Communication, Detroit Edison Company, Public Lighting Department, and the Water and Sewerage Department (all) will require unimpeded access to service their existing facilities. Any fence and gate installation must provide 15 feet clearance(s) for utility maintenance vehicles.

All other city departments and private utility companies have reported no objection to the conversion of public right-of-ways into private easements for utilities. Should damages to utilities occur the petitioner shall be liable for all incidental repair costs and waives all claims for damages to the encroaching installations. Provisions protecting utility installations are part of this resolution.

Council granted previously temporary public alley closing and request to maintain existing encroachments (Petition No. 623) on July 31, 1996. The last request (Petition No. 623) expired on July 1, 2001.

I am recommending adoption of the attached (renewal) resolution.

#### RESOLUTION ON THE SYNAGRO SLUDGE TREATMENT PROJECT

By COUNCIL PRESIDENT PRO TEM KENNETH V. COCKREL, JR.

WHEREAS, The City of Detroit acting by and through its Water & Sewerage Department was authorized to enter into the Wastewater Solids Supply Agreement between the City of Detroit and Minergy Detroit LLC, and the final version of said contract submitted to City Council on September 30, 1999 and approved with a

waiver of reconsideration, and

WHEREAS, Minergy Detroit LLC is a wholly-owned subsidiary of Minergy Corp., a wholly owned subsidiary of Wisconsin Energy Corp. Minergy Corp. owns and operates a plant in Wisconsin that is similar to the one its subsidiary company planned to build in Detroit, and

WHEREAS, Minergy proposed to use its technology to recycle wastewater treatment sludge into glass aggregate. It's plant would have recycled 500-600 dry tons of sludge per day producing 175 tons of glass aggregate each day. This would have been sold for use in the manufacturing of ceramic floor tiles, roofing shingle granules, sand blasting grit, and other abrasives. The cost to build the Minergy Plant was projected at \$106 million, and

WHEREAS, Section 24.1 of the agreement states: "this agreement shall not be amended or modified, and no waiver of any provision hereof shall be effective unless set forth in a written instrument signed by both parties. Any amendments to this agreement must be approved in accordance with the terms of the Detroit City Charter," and

WHEREAS, In 2003, DWSD was contacted by Synagro Corporation, which advised DWSD that it proposed to buy Minergy Detroit LLC from Minergy Corp. Synagro has a process for turning sludge from municipal sewage treatment plants into agricultural fertilizer. It operates several such plants around the country, and

WHEREAS, Synagro's purchase of Detroit Minergy LLC, is predicated on city approval of a change in the technology used to process biosolids and modify some of the contract terms to accommodate such a change as described below, and

WHEREAS, Section 4-122 of the Detroit City Charter mandates the approval of contracts by the City Council; and

WHEREAS, Both the Research and Analysis Division of the City Council and the City Law Department have opined that the City of Detroit would not be obligated to accept Synagro's technology in place of Minergy Detroit LLC's technology unless the City of Detroit expressly agreed to amend the contract to reflect this change. Such an amendment of the contract would require the approval of the Board of Water Commissioners and the City Council, and

WHEREAS, A special evening City Council public hearing on February 26, 2004, this matter drew roughly 200 people. At that time, representatives of a number of community organizations such as Southwest Detroit Environmental Vision, Peoples' Community Services, and the Michigan Avenue Business Association raised concerns about the potential impact of the proposed Synagro

plant on air quality, truck traffic, and the general quality of life in the Delray community where this plant would be built, and

WHEREAS, Several workers from the Detroit Water and Sewerage Department, most notably through AFSCME local 207 have raised valid concerns about how this project will impact their job security, and NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council through this resolution is notifying the Detroit Water & Sewerage Department that it believes no contract amendments or new agreements with the Synagro Corporation should be enacted without the department first obtaining the approval of the Detroit City Council.

**COMMUNICATIONS**

Finance Department

March 9, 2004

Honorable City Council:

Re: Appropriation of LDFA Refinancing Funds.

In July 1997, the Administration presented to your Honorable Body a refinancing plan for the Chrysler LDFA. Under this plan, \$11.5 million of "cash capital" projects were identified, which enabled the City to redirect General Fund dollars to fund new or expanded initiatives. Inadvertently, only \$11 million was redirected at that time. As a result, \$500,000.00 is still available, plus \$410,000.00 of accumulated investment earnings.

The Finance Department is proposing that \$813,159 of these funds be allocated to fund a rate review project. By updating the users fees which the City charges for services, this project can be expected to generate increased revenues for the City

of Detroit. The project will determine the costs of various services which the City performs, and develop an updated rate schedule to recoup these costs. This project is an investment, which will generate future revenues far in excess of the amount required for this study. Development of new or increased sources of revenue for the City is critical for Detroit's future. In order to continue to deliver services to the citizens, we must augment our revenue sources.

Respectfully submitted,  
SEAN K. WERDLOW  
Chief Financial Officer/  
Finance Director

By Council Member Tinsley-Talabi:  
Resolved, That the Fiscal Year 2003-2004 budget be and is hereby amended as follows:

And be it further,

Resolved, That the Finance Director be and is hereby authorized to honor vouchers when presented in accordance with the foregoing communication, this resolution and standard City procedures.

Honorable City Council:

Re: Proposed Ordinance to Amend Chapter 13, Article V, of the 1984 Detroit City Code, Titled 'Vacations and Leaves'.

Pursuant to the applicable provisions of the 1997 Detroit City Charter, the above-referenced proposed ordinance is being submitted to your Honorable Body for consideration. This proposed ordinance concerns benefits for appointees and non-union employees regarding vacation, sick, funeral, jury, and other leave.

By way of background, the revision of Chapter 13, Article V, of the 1984 Detroit City Code arose out of the Domestic Partnership Taskforce, which was established by City Council resolution that was joined in and adopted by all Council Members on July 12, 1995. After the Taskforce completed its work, five (5) proposed ordinances were transmitted to your Honorable Body on November 19, 2001. These included an ordinance 1) to amend Chapter 27 of the 1984 Detroit City Code to add Article VIII to establish a registry for domestic partnerships; 2) to amend Chapter 13, Article V, of the 1984 Detroit City Code regarding vacation leave and other leave benefits; 3) to amend Chapter 13, Article VIII, of the 1984 Detroit City Code regarding hospital, surgical, and death benefits; 4) to amend Chapter 13, Article IX, of the 1984 Detroit City Code regarding employees' group insurance protection plan; and 5) to amend Chapter 13, Article X, of the 1984 Detroit City Code regarding hospitalization and surgical benefits for duty-connected disability retirees.

On November 29, 2001, the Law Department first learned, and reported to the City Council, that the benefits provided for in the latter four (4) proposed ordinances had not been updated in many years. Therefore, on November 30, 2001; the proposed ordinance to amend Chapter 27 of the 1984 Detroit City Code to add Article VIII to establish a registry for domestic partnerships was passed by your Honorable Body, but the latter above-referenced four (4) proposed ordinances were withdrawn from the table. Since that time, a core group of City appointees and City employees from the Human Resources Department including its Labor Relations Division, the Finance Department, the Budget Department, and the Law Department have been working diligently to complete the revision and

update of the remaining four (4) proposed benefit ordinances.

We are transmitting to your Honorable Body the first of the four (4) proposed benefit ordinances, which has been reviewed by the Chief of the Law Department Governmental Affairs Division with its sponsor Council President Maryann Mahaffey and has been approved as to form. The remaining three (3) proposed benefit ordinances will follow. As the above-referenced resolution provided that the Taskforce would formulate a domestic partnership ordinance, the passage of this proposed ordinance will assist in fulfilling the mission of the Taskforce as memorialized in the resolution.

Thank for your consideration. We are available to answer any questions that you may have concerning this proposed ordinance.

Respectfully submitted,  
BRENDA E. BRACEFUL

Deputy Corporation Counsel

By Council President Mahaffey:

On October 16, 2002, your Honorable Body approved a settlement in the amount of Twenty Thousand Dollars (\$20,000.00), payable to Kenneth Stevenson, the claimant. Re: Address: 17661 W. Chicago. Name:  
Addie Williams. Date ordered  
removed: September 10, 2003  
(J.C.C. p. 2739).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on February 6, 2004 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of February 5, 2004.

The proposed use of the property is rehabilitation and rental.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

4. The yards shall be maintained clear of weeds, junk and debris at all times.
5. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

Honorable City Council:

Re: Address: 13832 Pinewood. Name: Abram Pitts. Date ordered removed: September 10, 2003 (J.C.C. p. 2778).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on February 23, 2004 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of February 20, 2004.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to

arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

Honorable City Council:

Re: Address: 13999 Heyden. Name: Michelle Clark. Date ordered removed: October 22, 2003 (J.C.C. p. 3106).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on February 19, 2004 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of February 17, 2004.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be

deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

Honorable City Council:

Re: Address: 5623 Proctor. Name: Marius Ghinescu. Date ordered removed: October 22, 2003 (J.C.C. p. 3104).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on February 12, 2004 revealed the building is secured and appears to be sound and repairable.

The owner has entered into an approved Tax Payment Plan to pay the current taxes due as of February 11, 2004.

The proposed use of the property is owner occupancy.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is

not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

Re: Neighborhood Enterprise Zone Certificate Applications for 4364 Alter, 5203 Barham, 13039 Alma, 4399 Alter, 4378 Alter, and 4393 Alter (Recommend Approval Except 5203 Barham and 13039 Alma).

The City Clerk's Office forwarded to this office applications from Corinthian Development, Inc. for Neighborhood Enterprise Zone (NEZ) certificates for 6 homeowners at the above-mentioned

addresses.

City Planning Commission staff's research indicates that the properties at 4364 Alter and 4378 Alter are within the boundaries of the U-SNAP-BAC NEZ area and the properties at 4393 Alter and 4399 Alter are within the boundaries of the Chalmers Heights NEZ. However, CPC staff research shows that 5203 Barham and 13039 Alma are not within any NEZ.

It appears each of the eligible 4 units has a true cash value of less than \$80,000 and should be eligible for NEZ certificates under the NEZ State Act. All certificates involve the restoration of existing owner-occupied single-family residences with estimated costs ranging from \$30,000 to \$37,000 per unit. All of the units will have major renovations, including, in part, new roofs, siding, and windows. It is anticipated that it will take about 3 months to repair each unit.

Based on the above analysis, CPC staff recommends approval of the NEZ certificates for 4364 Alter and 4378 Alter within the boundaries of the U-SNAP-BAC NEZ area and properties at 4393 Alter and 4399 Alter within the boundaries of the Chalmers Heights NEZ. November 3, 2003

Honorable City Council:

Re: Request to amend the 2003-2004 Official Compensation Schedule.

The Buildings and Safety Engineering Department received approval of several organization changes that are expected to contribute to more efficient and cost effective operations. These changes sup-

<b>Class Code</b>	<b>Class Title</b>	<b>Minimum</b>	<b>Maximum</b>	<b>Step Code</b>
19-91-61	Chief of Housing and Plumbing Inspections	\$55,300	\$77,500	D
19-95-51	Chief of Mechanical and Electrical Inspections	\$55,300	\$77,500	D
19-91-71	Chief of Property Maintenance and Municipal Code Administration	\$55,300	\$77,500	D
19-92-51	Chief of Building Inspections	\$55,300	\$77,500	D
19-91-55	Assistant Chief of Housing and Plumbing Inspections	\$46,600	\$65,200	D
19-95-45	Assistant Chief of Mechanical and Electrical Inspections	\$46,600	\$65,200	D
19-92-41	Assistant Chief — Building Inspections	\$46,600	\$65,200	D

port the transition of the Department to enterprise status and enforcement of the Zoning Ordinance and Property Maintenance Code, the violations of which were recently made municipal civil infractions. The subject request reflects the following organizational changes.

- The Plumbing inspection function was absorbed into the Housing Division to inform the Housing and Plumbing Inspection Division.
- The Electrical Inspection function was absorbed into the Mechanical Inspection Division to form the Electrical and Mechanical Inspection Division.
- A new Property Maintenance Division was established, consistent with the new Property Maintenance Code approved by City Council effective July 18, 2003.

The responsibilities, complexity and span of control of the Chief classifications that manage the aforementioned and the Buildings Divisions are comparable to those of Manager II (\$55,300-\$77,500) and request is to align their rates. Further recommendation is the placement of all Assistant Chief classifications in the range of \$46,600-\$65,200.

The Buildings and Safety Engineering Department concurs with this recommendation and requests approval of the compensation rates.

Honorable City Council:

Re: Request permission to extend the current Tenth Precinct Grant Agreement for the Juvenile Justice Teen Court/Kid and Bike Program.

In October, 1997 the Tenth Precinct was awarded a delinquency prevention grant entitled Teen Court/Kid and Bike Program, in the amount of \$476,061, from the Office of Delinquency Services Juvenile Justice Grant Unit. Presently, Teen Court/Kid and Bike Program is housed in the Detroit Police Mini-Station located in the Dexter Elmhurst Family and Community Services Center at 11825 Dexter, Detroit.

The grant is divided into two components. The first component is Teen Court, which deals with children between the ages of 12 through 17 who are first time offenders of curfew and M.U.P.P. (Minor in a Public Place during School Hours) ordinances. The cases are heard and decided by a jury of their peers.

The second component is the Kid and Bike program, which deals with a younger age group. The participants receive train-

ing in drug/gang resistance and other personal safety classes. The incentive for participants to successfully complete the training/educational program is the issuance of a bike, helmet, bike lock and certificate of completion.

The initial request to accept the grant award was approved by the Detroit City Council on October 15, 1997 with an expiration date of July, 1998. However, prior to the termination date, a request to extend the grant through April, 1999 was submitted and approved by the State of Michigan. In April, 1999, the Tenth Precinct submitted an application for a second year of funding and was granted three additional years and one extension request.

Recently, the Office of Delinquency Services agreed to amend the grant agreement to continue the Teen Court/Kid and Bike Program funding. The extension request period is from August 31, 2003 through February 29, 2004.

Enclosed is a copy of the grant modification award letter. The Board of Police Commissioners has approved this amended extension request. Therefore, it is respectfully requested that your Honorable Body adopt the attached resolution authorizing the City of Detroit to accept the amended award from the Family Independence Agency of the State of Michigan.

Re: 2003-04: ACT 51 Michigan Transportation Fund.

Each year the City of Detroit receives a distribution of Michigan Transportation fund in accordance with ACT 51, Public Acts of 1951, as amended.

WHEREAS, In the words of Mr. Dearing "I learned to hustle from my father and received my business sense from my mother and grandfather." School and working as an apprentice for Chrysler, Bert was drafted into the United States Army where he was stationed in Korea for 20 months; and

Josephine Henry, Bert's great grandmother, sold pots, pans and other family necessities out of a covered wagon in Jasper County, Florida. It was those roots that established the man we have today. Honorable City Council:

Re: Request for Cancellation of Personal Property Taxes Various Taxpayers.

This office has reviewed the above matter, the facts and particulars of which are set forth in the attached memorandum. From this review, it is our considered opinion that a waiver of personal property tax assessments in this matter is in the best interest of the City of Detroit.

This request is to have various personal property tax assessments cancelled for the herein referenced properties. By a 2/3 vote, City Council may vacate and waive the associated assessments if it finds the assessment unjust or placed upon any property not owned by the person to whom it is assessed or if the assessment is illegal. Ordinance §18-9-8, §18-9-9.

Upon information and belief, the attached schedule of personal properties were unjustly assessed. For these personal properties, the personal property was not located in the City of Detroit on tax day for the tax year indicated.

We hereby request and recommend that the personal property tax assessments, in accord with the attached resolution, be stricken from the City of Detroit tax rolls and cancelled.

February 6, 2004

Honorable City Council:

Re: Woodward Avenue Streetscape Improvements between Ferry Avenue and Warren Avenue. Request for designation of EDC Project District Area and Project Area. Request for confirmation of two (2) additional directors to the Economic Development Corporation Board of Directors.

The City of Detroit (the "City") in cooperation with the University Cultural Center Association (the "UCCA"), has requested the Economic Development Corporation of the City of Detroit (the "EDC") to develop a project that will enhance the commercial viability of the Woodward Ave. corridor by making improvements to the Woodward streetscape between Warren Avenue and West Ferry Avenue (the "Project"). The Project will involve upgrading the pedestrian amenities, street lighting and landscaping of Woodward Avenue, Detroit's primary commercial corridor.

In order for the EDC to assume the obligations of the City and UCCA for the Project and the total funding in the approximate amount of \$1,660,000.00, it is necessary for an EDC project plan to be established pursuant to Act 338, Public Acts of Michigan, 1974 as amended (Act 338).

On January 22, 2004, pursuant to Act 338, Public Acts of Michigan, 1974 as amended ("Act 338"), the EDC Board of Directors adopted the attached resolution EDC-04-01-56-01 (Exhibit A) requested the City Council to designate the Project District Area and Project Area for the Project. Moreover, pursuant to Section 4(2) and 4(3) of Act 338, the EDC has requested the Mayor to appoint two additional Directors to the EDC Board who shall serve for the duration of the Project and who will be representative of the neighborhood residents and/or business interests likely to be affected by the Project.

March 9, 2004

Honorable City Council:

Re: Joe Raymond McGhee v Detroit Water and Sewage Plant and Waste Water Treatment Plant. Case No. 02-239064 NH.

On February 24, 2004, this matter was mediated for \$75,000.00 as to the defendants. The parties have until April 5, 2004, to either accept or reject the mediation award. The failure to file a written acceptance or rejection within this period constitutes a rejection. If all parties accept the mediation panel's evaluation, judgment will be entered in that amount, which includes all fees, costs, and interest to the date of judgment. If a party rejects the evaluation, the case proceeds to trial, however, the party rejecting the evaluation must pay additional sanctions if the trial results are not favorable.

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in the memorandum. From this review, it is our considered opinion that an acceptance of the mediation evaluation in the amount of \$75,000.00 is in the best interest of the City of Detroit. The acceptance of the mediation evaluation does not guarantee settlement of the matter in this amount since the plaintiff has the right to reject the award and proceed to trial, however, the amount of the award is fair and a reasonable and an eventual settlement of this matter in this amount is prudent.

We, therefore, request your Honorable

Body to authorize acceptance of the evaluation and to direct the Finance Director to issue his draft in the amount of Seventy-Five Thousand Dollars (\$75,000.00) payable to Joe Raymond McGhee and his attorney R. Jean Ramsey, to be delivered upon receipt of notice of mediation settlement, properly executed Releases and Order of Dismissal.

Re: Address: 14928 Livernois. Name: S. W. Brannon. Date ordered removed: March 14, 2001 (J.C.C. p. 748).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on March 1, 2004 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of February 13, 2004.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition ordered be deferred for a period of six (6) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

Honorable City Council:

Re: Address: 13431 Puritan. Name: Minar Douse. Date ordered removed: June 18, 2003 (J.C.C. p. 1885).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on February 20, 2004 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of February 19, 2004.

The proposed use of the property is owner occupancy.

Therefore, it is recommended that the demolition order be deferred for a period of six (6) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined in #1 above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

4. In accordance with Ordinance 290-H, as amended, this building may be deemed dangerous if: it remains unoccupied continuously for more than six months; it is not maintained according to the official Building and Property Maintenance Codes of the City; and it is not listed for sale, lease or rent, regardless of the timeliness of tax payments and regardless of whether building is secure.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been met or that substantial progress toward rehabilitation has been made. If the building becomes open to trespass or if conditions of the deferral are not complied with, we will proceed with demolition without further hearings. We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.
