Secondly, the rules should be an embodiment of an overall goal of affirmatively linking funding to the Consolidated Plan. In a monitoring review of Detroit housing programs, the United States Department of Housing and Urban Development (HUD) indicated that it is necessary for the City to focus funding in order to create a visible and self-sustaining change. In line with that principle, we must develop rules geared towards that end in order to mesh funding with our long-term goals.

Lastly, the City Council and Administration must work together to eliminate unwieldy and unnecessary bureaucracy. By way of example, it will be fruitful to closely examine the City's process in administering CDBG funding by scrutinizing umbrella contracts and by striving to minimize management costs.

As far as I can recall, this is the first time that the Mayor has vetoed the CDBG/NOF allocation in such a substantial manner. It is likely that there will be worthy organizations that will be casualties of this chaotic process. It is imperative that the process and procedures for CDBG allocation for the FY 2005-6 budget be fundamentally restructured this summer and fall.

STATEMENT BY COUNCIL MEMBER KAY EVERETT'S  
VOTE TO SUSTAIN THE MAYOR'S VETO OF THE 2004-05 BUDGET

I voted to sustain Mayor Kwame Kilpatrick's Veto of many of this Honorable Body's recommendations as it relates to the Mayor's proposed 2004-05 budget.

The City of Detroit as well as this nation is experiencing tough economic times. Industries are downsizing and learning how to do more with less. Trying to balance a multi-million dollar deficit must be strategically and well thought out. The main objective for any municipality is to provide service to its citizens. In order to attract new residents and businesses to our city we must have quality service. We can not afford to let the taxpayers of this city experience a loss of service.

As private sector is learning how to do more with less, we as a city should also learn how to improve city services with fewer resources. The proposed 2004-05 budget exemplifies a fiscal plan of how we can continue to provide services to our citizens with less resources.

It is my opinion that the method used to locate funding to save positions was not well developed and heavily forced upon this Honorable Body without compromise.

Additionally, the Department of Transportation needs to have a systemic change of daily operations in order to provide better service. It is unconscionable for the number of overtime hours used and our buses are still not on the street to service the citizens, when the ratio of buses to mechanics is the highest in the country.

I also objected to the proposal of taking funding earmarked for staff in Planning and Development away from the Community Development Block Grant and putting those positions in the General Fund. If we were in good economic times this would be a laudable idea, but to change at this time is irresponsible.

This was the most arduous budget in all my years of the Detroit City Council. I had to make difficult decisions and do what was best for the entire City of Detroit and not just a few people.

Therefore, I voted to sustain the Mayor's veto of the 2004-05 Budget.

STATEMENT BY COUNCIL PRESIDENT MARYANN MAHAFFEY  
ON 2004-2005 BUDGET VOTE

Today, four members of the Detroit City Council, Sheila Cockrel, Kay Everett, Alberta Tinsley-Talabi and Alonzo Bates, voted to sustain the Mayor's veto on City Council's 2004-2005 budget actions. The City Charter requires six votes to override a budget veto. Only five voted to override the Mayor's veto. The stake in this vote was more than two hundred jobs and critical services provided by neighborhood organizations.

City Council presented a responsible, balanced budget that did not attempt to solve

financial woes on the backs of workers. City Council also provided more money to more neighborhood groups with federal block grant dollars.

The effect of these four members' votes to sustain the Mayor's veto signals agreement to privatize work that is currently done by employees at or above living wages and to sacrifice services to homeless families. By eliminating mechanics in the Department of Transportation, the City will likely outsource those jobs. Given its poor record on enforcing the Living Wage ordinance, this will have the overall effect of driving down the standard of living for families who live, work and pay taxes in Detroit.

To abrogate its legislative budgetary authority to the Mayor is an irresponsible action on the part of the four Council Members who voted to sustain the Mayor's veto. Voters need to pay attention to the five Council Members who voted to protect workers' and neighborhood interests, in contrast to the four who voted in favor of more privatization, more joblessness, and less accountability for taxpayer dollars.

The Council then adjourned to reconvene at the Call of the Chair.

Pursuant to recess, the Council met at 3:10 p.m., and was called to order by the President Mahaffey.

Present — Council Members Bates, K. Cockrel, Jr., S. Cockrel, Collins, Everett, McPhail, Tinsley-Talabi, Watson, and President Mahaffey — 9.

There being a quorum present, the City Council was declared to be in session.

#### \*ON WAIVERS OF RECONSIDERATION

Council Member Everett moved to waive the right to reconsider the vote by which each resolution designated for "Waiver of Reconsideration" and numbered 1 to incl., was adopted.

Council Member McPhail moved to suspend Rule 23 for the purpose of indefinitely postponing the motion to waive reconsideration, which motion prevailed.

Council Member Tinsley-Talabi then moved that the motion to waive reconsideration be indefinitely postponed, which motion prevailed.

The regular order was resumed.

And the Council then adjourned.

Honorable City Council:

Re: Springwells Partners II Project —  
Payment in Lieu of Taxes (PILOT).  
8715-41 West Vernor Highway.

Southwest Non-Profit Housing Corporation, the sponsor, has formed Springwells Partners II Limited Dividend Housing Association Limited Partnership. Springwells Partners Project — (8715-41 West Vernor Highway) housing project is financed under the City of Detroit — Home Investor Loan Program with \$1,729,900 at 5.25% for 20 years; City of Detroit-Home Investor Loan Program \$100,000 at 5.5% for 20 years; General Partner Capital Contribution of \$232,410 and Low Income Housing of \$4,148,126 for a total development cost of \$6,201,436. A total of 34 units will be rehabilitated at this location.

In order to make the development eco-

nomically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA 125.1415A).

At least twenty percent (20%) or 7 of the units must be occupied by households having incomes of no greater than 50% of the median income, adjusted for family size. The remaining eighty percent (80%) or 27 of the units must be occupied by households with incomes that do not exceed 60% of the area median income, adjusted for family size. These income restrictions will be in effect for the longer of the period the Affordable Housing Restrictions apply or the time required under the Low Income Tax Credit Program.

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service charge; the lesser of the tax on the property for the year before rehabilitation commenced or 10% of the annual shelter rents obtained from the project.

Respectfully submitted,  
FREDERICK W. MORGAN

Assessor

By Council Member S. Cockrel:

Whereas, Pursuant to the provisions of Act 346 of the Public Acts of 1996, as amended, a request for exemption from taxes by Southwest Non-Profit Housing Corporation on behalf of Springwells Partners II has been filed, and it has been determined that said sponsors have formed a Limited Dividend Housing Association Limited Partnership; and,

Whereas, A portion of the rehabilitated property will be occupied and utilized by commercial retail establishments for the benefit of the residents; and,

Whereas, The purpose of the project is to serve low to moderate-income persons, the description of the property is as Exhibit "A".

Resolved, That the said described premises are henceforth entitled to be exempt from taxation but subject to the provisions of a service charge for payment in lieu of taxes as set forth in Act No. 346 of the Public Acts of 1996, as amended, being MCLS §125.1401, *et seq.*; and,

Further Resolved, That said described premises shall be allowed a payment in lieu of taxes (PILOT) or service charge of; the lesser of the tax on the property for

the year before rehabilitation commenced or, 10% of the annual net shelter rent obtained from the project pursuant to City Ordinance 9-90 as amended, having taken effect, and be it further; and,

Further Resolved, That in accordance with MCLS §125.1415a(6), that portion of the property which shall be exempted pursuant to this resolution but will not be occupied by low income persons or families shall pay a service charge in lieu of taxes equal to the full amount of the taxes that would be paid on that portion of the property were it not exempt for taxation; and,

Further Resolved, That arrangements to have collections of a payment in lieu of taxes from Springwells Partners II Limited Dividend Housing Association Limited Partnership be established upon occupancy for future years with respect to the described property and that all necessary journal entries with respect to the same be prepared by the Chief Financial Officer, and be it further; and

**Brownfield Redevelopment Authority**

June 2, 2004

Honorable City Council:

Re: Brainard Street Apartments Project Brownfield Plan.

The enclosed Brownfield Plan for the

Brainard Street Apartments Project (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "Authority") to the Community Advisory Committee (the "Committee"), has been considered and reviewed by the Committee and a public hearing was held by the Authority on May 27, 2004 to solicit public comments. At its May 19, 2004 meeting, the Committee considered and approved a resolution recommending approval of the Plan by the Authority and City Council in the form presented by the Authority.

On June 2, 2004, the Authority adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

#### **Project Introduction**

The project involves the development of 120 units of low-income housing. It will be comprised of 20 buildings consisting of 6 units each. A total of 60 2-bedroom units and 60 3-bedroom units are planned. These apartments will be available at \$575 per month and \$754 per month, respectively. Total expenditures related to this project are expected to be approximately \$10,000,000.

#### **Purpose of the Proposed Plan**

The proposed Plan is intended to accomplish the following purpose. Upon approval of this Plan by City Council, Brainard Street Apartments LDHA LP will be entitled under State law to seek the approval of the Michigan Economic Growth Authority or the State Treasurer for a single business tax credit for up to 10% of their eligible capital investment in their project.

#### **Property Subject to the Proposed Plan**

The site comprising the eligible property consists of four (4) parcels on the west side of Detroit on Brainard Street, primarily between Second and Third Avenues. The property is located on 711-641 and 622-696 Brainard Street, as well as 3551-3577 Second Avenue and 3510-3560 Third Avenue.

#### **Basis of Eligibility**

The property is considered to be "eligible property" as defined by Act 381, Section 2 because (a) the Property was previously utilized for an industrial pur-

pose; (b) it is located within the City of Detroit, a qualified local government unit; and (c) the Property is determined to be "Blighted" as defined by Act 381.

#### **Projected Costs**

The proposed plan anticipates the cost of the eligible activities to be \$800,000 with significant costs for site preparation.

The proposed project has been presented to the City of Detroit's Planning & Development Department ("P&DD"). A letter of support for the project from P&DD is included in this packet. The project has received a verbal approval of an NOI from MEDC.

#### **Public Comments Received**

There were no public comments made on the Brainard Street Apartments Brownfield Plan at the Public Hearing held on May 27, 2004 at the Cass Corridor Neighborhood Development Corporation.

#### **Community Advisory Committee Letter of Recommendation**

Attached to this memorandum, please find the DBRA-CAC's letter of recommendation (Exhibit B) dated May 19, 2004 for the DBRA Board's consideration.

Re: Address: 12020 Conner. Name: Mary L. Boyd. Date ordered removed: February 19, 2003 (J.C.C. pp. 563-564).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on May 13, 2004 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of May 10, 2004.

The proposed use of the property is owner occupancy.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the

owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we will proceed with demolition without further hearings. Honorable City Council:

Re: Address: 4205 Buchanan. Name: Deborah Dickinson. Date ordered

removed: September 9, 2002 (J.C.C. p. ).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on May 13, 2004 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of May 7, 2004.

The proposed use of the property is owner occupancy.

Therefore, it is recommended that the demolition order be deferred for a period of six (6) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained or that substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we will proceed with demolition without further hearings. Pursuant to the Property Maintenance Code our Municipal Civil Infractions (MCI) Unit will issue the appropriate violations/tickets.

## Planning & Development Department

May 26, 2004

Honorable City Council:

Re: Public Hearing on the Establishment of the Pittman Homes Enterprise Zone as Requested by the Phoenix Group Consultants Inc., and Pittman Memorial Non-Profit Housing Corporation forming Pittman Homes LDHA LP in accordance with Public Act 147 of 1992.

The Planning & Development Department and the Finance Department have reviewed the Master Plan and the neighborhood preservation and development goals of the City, and find that establishment of the Pittman Homes Neighborhood Enterprise Zone would be consistent with the neighborhood preservation and development goals and with the Master Plan.

Public Act 147 of 1992, commonly referred to as the Neighborhood Enterprise Zone (NEZ) Act, in Section 3(1) states "the governing body of a local governmental unit by resolution may designate one (1) or more neighborhood enterprise zones". Prior to acting upon the resolution establishing an NEZ, a public

hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an *ad valorem* tax within the proposed NEZ, said notice to be made not less than 60 days prior to your Honorable Body's passage of a resolution designating an NEZ.

The boundaries of the proposed NEZ are described in Exhibit A (legal description) and illustrated in the map also attached. The developer proposes to construct 34 town homes with detached garages with 3 and 4 bedroom configurations consisting of up to 1250 square feet at a cost of \$6 million.

We request that a Public Hearing be scheduled on the issue of establishing this NEZ, as required by the NEZ Act. Attached for your consideration, please find a resolution establishing a date and time for the public hearing, together with the aforesaid map and legal description of the proposed NEZ.

Respectfully submitted,  
HENRY B. HAGOOD

Direct of Development Activities  
By Council Member S. Cockrel:

Profit Housing Corporation, has requested establishment of the "Pittman Homes" NEZ whose boundaries are particularly described in Exhibit A (legal description) and illustrated in the map attached hereto; and

Now Therefore Be It

Resolved, That on Thursday, July 22, 2004 at 11:30 a.m. in the City Council Committee Room, 13th floor, Coleman A. Young Municipal Center, a Public Hearing be held on the above described application for establishment of an NEZ within the boundaries described in Exhibit A (legal description) as illustrated in the map attached hereto; and be it finally

Resolved, That the City Clerk shall give notice of the Public Hearing to the general public and shall give written notice of the Public Hearing by certified mail to all taxing authorities levying an *ad valorem* tax within the City of Detroit, such notices to be provided no earlier than forty five (45) days prior to the public hearing.

 Re: Petition No. 3130 — Hamilton  
 Anderson Associates, requested for

encroachments and to outright vacate certain public right-of-ways in the area of Canfield, Trumbull and Lysander.

Petition No. 3130 of "Hamilton Anderson Associates" at 1435 Randolph, Suite 200, Detroit, Michigan 48226 on the behalf of Belmar Development Group, L.L.C. at 78 Watson, Suite 100 Detroit, Michigan 48201, requests to install and maintain encroachments of a irrigation system (with pop up nozzles, electric valves, and a PVC mainline) all in the area of Trumbull Avenue, 80 feet wide, Lysander Avenue, 70 feet wide, and Canfield Avenue, 50 feet wide; also request to outright vacate the south 10.50 feet by 130.00 feet portion of Lysander Avenue, 70 feet wide, between Trumbull Avenue, 80 feet wide, and Commonwealth Avenue, 80 feet wide, for the construction of the Bonnie Bridge Villas Town Homes.

The request was approved by the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility clearance and review) and report. This is our report:

All public right-of-way work, including maintenance, must be subject to city permits, inspection, and specifications. "Hamilton Anderson Associates (and/or their assigns, Belmar Development Group, L.L.C.)" must obtain permits from City Engineering Division — DPW for any public right-of-way work together with building permits.

The Detroit Water and Sewerage Department (DWSD) reports involvement but on objections to the requested outright vacation of the south 10.50 feet by 130.00 feet portion of Lysander Avenue, 70 feet wide, and the encroachment of a irrigation system. Provided that minimum clearances are maintained and DWSD provisions are followed.

The Public Lighting Department (PLD) reports involvement with street lighting on Trumbull Avenue, and PLD requires a minimum horizontal clearance of three feet and six inches and a vertical clearance of one foot must be maintained from PLD facilities.

All other City Departments and privately owned utility companies have reported no objections. Provisions protecting utility installations are part of the attached resolution.

**STATEMENT BY COUNCIL MEMBER  
KENNETH V. COCKREL, JR., ON  
CREATION OF HEALTH CARE  
AUTHORITY**

Today a majority of the Detroit City Council voted to support the creation of the Detroit Wayne County Health Authority. I voted with the majority in support of this important initiative.

While the issue of whether or not to create such an authority has been the subject of much discussion and controversy for some time, I believe an authority is necessary. Creation of this authority will go a long way toward addressing Detroit's health care crisis by creating a primary care safety net for the uninsured and underinsured and by making more

federal dollars available for health care services.

One particular concern of mine was the need for a strategy for creating more federally qualified health care clinics within Detroit and Wayne County. After much negotiation, the Mayor, the County Executive, and the Governor agreed to language that calls for such a strategy and the creation of such health clinics or similar health care "access points".

Also under consideration yesterday was a proposal to create a task force to monitor the actions of the authority. Though this proposal did pass, I voted "no". I believe a task force is unnecessary because the Council President, who will serve as our appointee to the authority, can do a sufficient job of keeping Council informed of the authority's activities.

**STATEMENT BY COUNCIL MEMBER  
SHEILA M. COCKREL IN SUPPORT OF  
THE INTERLOCAL AGREEMENT BY  
AND AMONG THE CITY OF DETROIT,  
CHARTER COUNTY OF WAYNE AND  
THE DEPARTMENT OF COMMUNITY  
HEALTH CREATING THE DETROIT  
WAYNE COUNTY HEALTH AUTHORITY**

On Wednesday, June 9, 2004, I voted in support of the creation of the Detroit Wayne County Health Authority (Authority). The Authority is the culmination of many long months of work by dedicated volunteers and government officials alike. I anticipate that this Authority will prove to be the first step towards securing better health care for those residents of the City of Detroit and the County of Wayne who need it the most.

Without doubt and on average, the most common indicators of health for the residents of Detroit are significantly worse than for the State of Michigan as a whole. The average male life expectancy in Detroit is nearly ten (10) years less when compared to the State average. There is a severe shortage of primary and preventative health care services for those who are uninsured, underinsured or under-served in the City of Detroit.

For these reasons, the Detroit Healthcare Stabilization Workgroup recommended the creation of the Authority. The Administrations for the City, the County and the State negotiated an initial agreement to create the Authority. The Detroit City Council and the Wayne County Commission then conducted hearings, jointly and individually, to voice our concerns on the Authority. During this process, the Administration for the City was very cooperative and informative in working with the Council in order to address the issues that we presented.

In the end, we are left with an agreement that creates an Authority as it was intended to be. We have an agreement that sufficiently protects the interests and

assets of the City, while at the same time, is flexible enough to meet the unforeseen health needs of our residents. Simply put, the Authority is charged with the goal of securing better access to health care for those residents who need it the most — the uninsured, the underinsured and the underserved. Concurrently, there are provisions in the agreement that provide that no assets, responsibilities, powers or duties of the City can be transferred to the Authority without City Council approval. Accordingly, the City Council can ensure that any City asset that may be transferred to the Authority will only be used for the residents of the City.

As one member of this Council, it is important that the Council be able to monitor the work of the Authority. It is also important that residents also have a say in what the Authority does. To these ends, the Council has an appointee on the Board of Directors who will be involved in the decision-making process at that level. This individual would also be responsible for reporting back to Council on the proceedings. Additionally, the Agreement contemplates that the Board will appoint both a Community Advisory Committee and a Provider Advisory Committee to provide input and comment.

With respect to City Council monitoring of the Authority, the City Council was presented with a handout from Council Member JoAnn Watson. Even though this document was titled a resolution, it was in reality a sheet merely listing duties without further foundation or guidance. Although I agreed with the basic sentiment conveyed by the handout, I could not vote in favor of it for several reasons. First, the language of the handout was not in the proper form and did not make sense as to what the Council was legally resolving to do. Second, there was lack of direction as to how this task force would interface with the Council or the Authority. Lastly, the language of the handout was confusing in that it seemed to provide that the task force would have some sort of administrative control over the Authority, when the agreement makes it clear that the Authority Board is responsible for administration of the Authority.

It is bad policy to vote on a handout when it is not in proper resolution form. The City Council acts in only two (2) ways — by resolution and by ordinance. It is a terrible precedent to vote on bullet points contained in a handout and have it put in resolution form after the vote has already taken place. I do not believe that an action can be binding on the Council when it is voted without proper resolution.

In sum, I support the creation of the Detroit Wayne County Health Authority. The residents of the City of Detroit need better access to health care. It has been

recommended by learned individuals in the field and by the Administration that the creation of an Authority will be the first step in securing better health care for Detroit. I have done my due diligence to ensure that the interests of the City are properly protected. I am convinced that the mechanisms contained in the agreement adequately protect those interests.

For all of the reasons stated above, I voted yes.

STATEMENT BY COUNCIL MEMBER  
ALBERTA TINSLEY-TALABI ON THE  
DETROIT WAYNE COUNTY HEALTH  
AUTHORITY INTERLOCAL  
AGREEMENT

I made the decision to vote for the Detroit Wayne County Health Authority (DWCHA) Interlocal agreement because it is most imperative that medical services be available for those citizens who either have no insurance or are underinsured/underserved. While national health care is in crisis; the City of Detroit also faces a health care crisis; the health status of residents of Detroit ranks among the worse in the nation ... When the nation bleeds, Detroit hemorrhages.

It has been a long road to the approval of the Detroit Wayne County Health Authority Interlocal Agreement. The Detroit City Council held numerous sessions and reviewed volumes of documents during the last year to analyze issues regarding the Interlocal Agreement. This time was required to assure that the Agreement would provide the best possible medical services for the citizens of Detroit and Wayne County and to guarantee opportunities for all service providers in Detroit.

The current safety net services are not adequate to meet the needs of Detroit's citizens, the Detroit Wayne County Health Authority will manage and improve the viability and effectiveness of the health care safety net and citizens access to care. The Interlocal Agreement allows several things to occur, including;

- The integration of a safety net delivery system with a medical home for uninsured residents
- Allowance of funding opportunities to be maximized through Medicaid matching strategies
- Allow the collaboration of the State, County and City to share resources to provide a comprehensive health care delivery system for uninsured, underinsured and underserved resident.
- An increase in the number of Federally Qualified Health Centers in Detroit.

Additionally, at my request, language was added to promote employment, procurement and contracting opportunities of all functions performed by the Authority

for residents of Detroit and Wayne County. This language provided a turning point for me in the consideration of the Authority. It is imperative that the system not be one that is exclusive to hospitals and that ALL providers are included the Detroit Wayne County Health Authority.

Residents deserve health services that are timely, efficient and equitable in a patient centered care system, a system that will minimally include preventative health, disease management, and primary care services. I am confident that as we move forward residents will receive long awaited services through the Detroit and Wayne County Health Authority.

STATEMENT BY COUNCIL MEMBER  
SHARON MCPHAIL ON THE DETROIT  
WAYNE COUNTY INTERLOCAL  
AGREEMENT FOR A PUBLIC HEALTH  
AUTHORITY

While I respect the views of members who voted for the Mayor's plan for a Public Health Authority, I was not persuaded that his plan is anything more than another contract mill for his administration: As our President, Maryann Mahaffey noted, the Mayor's plan does not protect the uninsured and underinsured as it should.

Quite often, Council is forced to consider proposals that some of us view as without any public benefit. The Mayor blames the Council for the problems, proposes a "solution" that does not solve the problems and then insists that we approve his plan or, once again, excoriates the Council for not agreeing with him.

When the citizens do not receive the medical care they need, it will be blamed on this Council for approving this plan. Although the plan comes from the Mayor, he will take (as usual) no responsibility for his own failures. I voted against this plan because it creates yet another false hope and is an attempt to misled the public into a belief that something helpful will occur.

Detroit is the only City in the State that willingly gives up its right to Home Rule over-and-over again by creating authorities and commissions over which the City has no control. The Council should not continue this ill-advised practice.

\*ON WAIVERS OF RECONSIDERATION

Council Member S. Cockrel moved to waive the right to reconsider the vote by which each resolution designated for "Waiver of Reconsideration" and numbered 1, was adopted.

Honorable City Council:

Re: Resolution Authorizing the issuance and sale of not to exceed \$120,000,000 General Obligation Bonds (Unlimited Tax) and General Obligation Refunding Bonds (Unlimited Tax), Series 2004.

The attached Resolution authorizes the issuance and sale of the subject Bonds for the purpose of providing approximately \$45 million in new money to pay the costs associated with certain public capital improvement projects, as delineated in the 2004-05 budgets. Additionally because of a continued decline in interest rates, up to \$75 million of previously issued Bonds may be refinanced, thereby producing interest savings. The actual amount of Bonds will likely be reduced, depending on which Bonds may be economically refunded at the time of the actual sale.

It is anticipated that the sale will occur early July. The attached Resolution has been prepared by Bond Counsel and I recommend its adoption by your Honorable Body, with waiver of reconsideration, at your next formal session.

Respectfully submitted,

SEAN K. WERDLOW

Chief Financial Officer

By Council Member McPhail:

The Bonds shall be dated and issued in such denominations all as determined and confirmed by the Finance Director and confirmed by the Finance Director in the Sale Order.

(b) The Bonds shall mature on such dates and shall bear interest at such rates on a fixed and/or variable and tax-exempt or taxable basis not exceeding the Maximum Interest Rate, payable on such dates as shall be determined by the Finance Director and confirmed by the Finance Director in the Sale Order. Unless otherwise provided by the Finance Director in the Sale Order, interest on the Bonds shall be calculated on the basis of

a 360 day year consisting of twelve, 30 day months. Notwithstanding the foregoing, the Finance Director is authorized to determine and confirm in the Sale Order whether all or any portion of the Bonds shall be issuable as capital appreciation bonds.

(c) Unless otherwise provided by the Finance Director in the Sale Order, interest on the Bonds shall be payable on the first day of each April and October (such first day of April or October or such other day or days of any month or months as the Finance Director shall determine in the Sale Order on which interest shall be scheduled to be paid on Bonds, an "Interest Payment Date"), commencing on October 1, 2004 or such other Interest Payment Date or dates as shall be determined by the Finance Director in the Sale Order.

(d) The Bonds shall be payable, as to principal and interest, in lawful money of the United States of America. Except as may be otherwise determined by the Finance Director in the Sale Order, interest on Bonds shall be payable to the Registered Owner as of the 15th day of the month, whether or not a Business Day (a "Regular Record Date"), prior to each Interest Payment Date. Interest on Bonds shall be payable to such Registered Owners by check or draft drawn on the Paying Agent on each Interest Payment Date and mailed by first class mail or, upon the written request of the Owner of \$1,000,000 or more in aggregate principal amount of Bonds (with complete wiring instructions no later than the Regular Record Date for such Interest Payment Date), by wire transfer by the Paying Agent to such Owner. Such a request may provide that it will remain in effect with respect to subsequent Interest Payment Dates unless and until changed or revoked at any time prior to a Regular Record Date by subsequent written notice to the Paying Agent.

(e) Interest on Bonds not punctually paid or duly provided for on an Interest Payment Date shall forthwith cease to be payable to the Registered Owners on the Regular Record Date established for such Interest Payment Date, and may be paid to the Registered Owners as of the close of business on a date fixed by the Paying Agent (a "Special Record Date") with respect to the payment of such defaulted interest to be fixed by the Paying Agent, or may be paid at any time in any other lawful manner. The Paying Agent shall give notice to the Registered Owners at least seven days before any such Special Record Date.

(f) The principal of the Bonds shall be payable to the Owners of the Bonds upon the presentation of the Bonds to the Paying Agent at the principal corporate trust office of the Paying Agent.

(g) The Bonds shall be subject to redemption and/or tender for purchase prior to maturity or shall not be subject thereto, upon such terms and conditions as shall be determined by the Finance Director and confirmed in the Sale Order, provided that any premium payable in connection with the optional redemption of the Bonds shall not exceed 3%.

Unless waived by any registered owner of Bonds to be redeemed, official notice of redemption shall be given by the Bond Registrar and Paying Agent on behalf of the City. Such notice shall be dated and shall contain at a minimum the following information: original issue date; maturity dates; interest rates, CUSIP numbers, if any; certificate numbers, and in the case of partial redemption, the called amounts of each certificate; the redemption date; the redemption price or premium; the place where Bonds called for redemption are to be surrendered for payment; and that interest on Bonds or portions thereof called for redemption shall cease to accrue from and after the redemption date.

In addition, further notice shall be given by the Bond Registrar and Paying Agent in such manner as may be required or suggested by regulations or market practice at the applicable time, but no defect in such further notice nor any failure to give all or any portion of such further notice shall in any manner defeat the effectiveness of a call for redemption if notice thereof is given as prescribed herein.

(h) In making the determinations set forth in this Resolution with respect to the Sale Order for the issuance and sale of the Bonds, the Finance Director shall be limited to the parameters as follows:

(1) The first maturity date or mandatory sinking fund redemption date for the Bonds shall not be later than five (5) years from the date of issuance (except for Bonds issued in more than one series, which shall have first maturity dates not later than five (5) years from the date of issuance as determined by the Finance Director at the time of sale thereof), and the final maturity dates for the Bonds shall not be later than the earlier of (i) the last year of the weighted average estimated period of usefulness of the improvements being financed or (ii) 30 years from their dated date.

(2) The compensation to be paid to the Underwriters of the Bonds shall not exceed 2% of the original principal amount of the related series of Bonds.

(3) Unless the Finance Director determines to issue all or a part of the Bonds as capital appreciation bonds, the amount of any original issue discount with respect to the Bonds shall not exceed 10% of the original principal amount of the related series of Bonds.

(4) To the extent permitted by applicable law, each series of the Bonds may be

sold with an original issue premium in an amount as determined by the Finance Director; provided that the aggregate principal amount of the Bonds plus the net original issue premium shall not exceed the Maximum Aggregate Principal Amount of Bonds authorized under this Resolution.

(5) The net present value of the principal and interest to be paid on the Series 2004-B Bonds, including the cost of issuance, shall be less than the net present value of the principal and interest to be paid on the Refunded Bonds.

The Bonds shall be executed in the name of the City by the manual or facsimile signatures of the Mayor and the Finance Director and authenticated by the manual signature of the Finance Director or an authorized representative of the Bond Registrar and Paying Agent, as the case may be, and the seal of the City (or a facsimile thereof) shall be impressed or imprinted on the Bonds. After the Bonds have been executed and authenticated for delivery to the original purchaser thereof, they shall be delivered by the Finance Director to the purchasers thereof upon receipt of the purchase price. Additional Bonds bearing the manual or facsimile signatures of the Mayor and the Finance Director and upon which the seal of the City (or a facsimile thereof) is impressed or imprinted may be delivered to the Bond Registrar and Paying Agent for authentication and delivery in connection with the exchange or transfer of Bonds. The Bond Registrar and Paying Agent shall indicate on each Bond the date of its authentication.

Section 304. Authentication of the Bonds. (b) For every exchange or transfer of Bonds, the City or the Paying Agent may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer and, except as otherwise provided in this Resolution, may charge a sum sufficient to pay the costs of preparing each new Bond issued upon such exchange or transfer, which shall be paid by the person requesting such exchange or transfer as a condition precedent to the exercise of the privilege of making such exchange or transfer.

(c) Neither the City nor the Paying Agent shall be required to exchange or transfer any Bond during the period commencing on a Regular Record Date and ending on the related Interest Payment Date.

For prompt payment of this Bond, both principal and interest, the full faith, credit and resources of the City are hereby irrevocably pledged.

The Bonds of this series shall be subject to redemption prior to maturity as follows:

[Redemption Provisions]

This bond is payable out of the Debt Retirement Fund of the City for this issue, and the City is obligated to levy annually sufficient taxes to provide for the payment of the principal of and interest on the bonds of this issue as they mature without limitation as to rate or amount.

Reference is hereby made to the Resolution for the provisions with respect to the nature and extent of the security for the Bonds, the manner and enforcement of such security, the rights, duties and obligations of the City, and the rights of the Paying Agent and the Registered Owners of the Bonds. As therein provided, the Resolution may be amended in certain respects without the consent of the Registered Owners of the Bonds. Copies of the Resolution are on file and available for inspection at the office of the Finance Director and at the principal corporate trust office of the Paying Agent.

The City and the Paying Agent may treat and consider the person in whose name this Bond is registered on the Bond Registry as the absolute owner hereof, whether this Bond shall be overdue or not, for the purpose of receiving payment of, or on account of, the principal hereof and interest hereon and for all other pur-

poses whatsoever, and all such payments so made to such person or upon his order shall be valid and effectual to satisfy and discharge the liability hereon to the extent of the sum or sums so paid.

The registration of this Bond is transferable only upon the Bond Registry by the Registered Owner hereof or by his attorney duly authorized in writing upon the presentation and surrender hereof at the designated corporate trust office of the Paying Agent together with a written instrument of transfer satisfactory to the Paying Agent, duly executed by the Registered Owner hereof or his attorney duly authorized in writing, and thereupon one or more fully executed and authenticated Bonds in any authorized denominations of like maturity and tenor, in equal aggregate principal amount shall be issued to the transferee in exchange therefor as provided in the Resolution upon the payment of the charges, if any, therein prescribed.

It is hereby certified, recited and declared that all acts, conditions and things required to exist, happen and to be performed, precedent to and in the issuance of the Bonds do exist, have happened and have been performed in due time, form and manner as required by the Constitution and statutes of the State of Michigan, and that the total indebtedness of the City, including the Bonds does not exceed any constitutional, statutory or charter limitation.

Section 308. Registration. The City and the Paying Agent may treat and consider the Bondowner of any Bond as the absolute owner of such Bond, whether such Bond shall be overdue or not, for the purpose of receiving payment of, or on account of, the principal (and premium, if any) thereof and interest thereon and for all other purposes whatsoever, and all such payments so made to such Bondowner or upon his order shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid.

Section 309. Mutilated, Destroyed, Stolen or Lost Bonds. (a) Subject to the provisions of Act 354, Public Acts of Michigan, 1972, as amended and any other applicable law, if (i) any mutilated Bond is surrendered to the Paying Agent or the City and the Paying Agent and the City receive evidence to their satisfaction of the destruction, loss or theft of any Bond and (ii) there is delivered to the City

and the Paying Agent such security or indemnity as may be required by them to save each of them harmless, then, in the absence of notice to the City or the Paying Agent that such Bond has been acquired by a bona fide purchaser, the City shall execute and the Paying Agent shall authenticate and deliver in exchange for or in lieu of any such mutilated, destroyed, lost or stolen Bond, a new Bond of like tenor and principal amount, bearing a number not contemporaneously outstanding.

(b) If any such mutilated, destroyed, lost or stolen Bond has become or is about to become due and payable, the City in its discretion may, instead of issuing a new Bond, pay such Bond.

(c) Any new Bond issued pursuant to this Section in substitution for a Bond alleged to be mutilated, destroyed, stolen or lost shall constitute an original additional contractual obligation on the part of the City, and shall be equally secured by and entitled to equal proportionate benefits with all other Bonds issued under this Resolution.

Section 310. Book-Entry Only System Permitted. (a) If determined by the Finance Director in the Sale Order, the Bonds shall be issued to a securities depository selected by the Finance Director (the "Security Depository") to be held pursuant to the book-entry-only system maintained by the Security Depository and registered in the name of the Security Depository or its nominee. Ownership interests in Bonds held under such book-entry-only system shall be determined pursuant to the procedures of the Security Depository and Article 8 of the applicable Uniform Commercial Code (such persons having such interests, "Beneficial Owners").

(b) If (i) the City and the Paying Agent receive written notice from the Security Depository to the effect that the Security Depository is unable or unwilling to discharge its responsibilities with respect to the Bonds under the book-entry-only system maintained by it or (ii) the Finance Director determines that it is in the best interests of the Beneficial Owners that they be able to obtain Bonds in certificated form, then the City may so notify the Security Depository and the Paying Agent, and, in either event, the City and the Paying Agent shall take appropriate steps to provide the Beneficial Owners with Bonds in certificated form to evidence their respective ownership interests in the Bonds. Whenever the Security Depository requests the City and the Paying Agent to do so, the Finance Director on behalf of the City and Paying Agent will cooperate with the Security Depository in taking appropriate action after reasonable notice to make available Bonds registered in whatever name or

names the Beneficial Owners transferring or exchanging Bonds shall designate.

(c) Notwithstanding any other provision of this Resolution or the Sale Order to the contrary, so long as the Bonds are held pursuant to the book-entry-only system maintained by the Security Depository.

(i) all payments with respect to the principal and interest on such Bonds and all notices with respect to such Bonds shall be made and given, respectively, to the Security Depository as provided in the representation letter from the City and the Paying Agent to the Security Depository with respect to such Bonds; and

(ii) all payments with respect to principal of the Bonds and interest on the Bonds shall be made in such manner as shall be prescribed by the Security Depository.

#### ARTICLE IV SPECIAL COVENANTS

Section 401. Tax Exemption Covenant. The City covenants that it will not take any action, or fail to take any action required to be taken, if taking such action or failing to take such action would adversely affect the general exclusion from gross income of interest on the Bonds (determined by the Finance Director to be issued on a tax-exempt basis), from federal income taxation under the Code.

Section 402. Arbitrage Covenant. (a) The City will not directly or indirectly (1) use or permit the use of any proceeds of the Bonds (determined by the Finance Director to be issued on a tax-exempt basis) or other funds of the City or (2) take or omit to take any action required by Section 148(a) of the Code in order to maintain the exclusion from gross income of the interest on the Bonds (determined by the Finance Director to be issued on a tax-exempt basis) for federal income tax purposes. To that end, the City will comply with all requirements of Section 148 of the Code to the extent applicable to the Bonds and the requirements set forth in the Non-Arbitrage and Tax Compliance Certificate of the City.

(b) Without limiting the generality of subsection (a), above, the City agrees that there shall be paid by the City from time to time all amounts, if any, required to be rebated to the United States pursuant to Section 148(f) of the Code. This covenant shall survive payment in full or defeasance of the Bonds.

(c) Notwithstanding any provision of this Section, if the City obtains an opinion of Bond Counsel to the effect that any action required under this Section is no longer required, or that some further action is required, to maintain the exclusion from gross income of the interest of the Bonds (determined by the Finance Director to be issued on a tax-exempt

basis) for federal income tax purposes pursuant to Section 103 of the Code, the City may conclusively rely on such opinion in complying with the provisions hereof.

#### ARTICLE V FUNDS AND ACCOUNTS; DISPOSITION OF BOND PROCEEDS

Section 501. Establishment of Accounts and Funds. The City hereby establishes and creates the following special, separate and segregated accounts and funds which shall be held for and on behalf of the City by a bank or banks or other financial institution which the Finance Director or Treasurer of the City designates as depository of the City:

- A. Debt Retirement Fund;
- B. Bond Issuance Fund;
- C. Construction Fund; and
- D. Escrow Fund.

The Finance Director is hereby authorized to establish such accounts, sub-accounts or funds as shall be required for the Bonds, if any, to accommodate the requirements of such series of Bonds, including, but not limited to, such accounts, subaccounts or funds necessary to facilitate the allocation and use of bond proceeds to finance the Projects or the purchase and payment of variable rate bonds.

Section 502. Debt Retirement Fund. From the proceeds of the sale of the Bonds there shall be set aside in the Debt Retirement Fund the accrued interest and premium, if any, received from the purchasers of the Bonds at the time of delivery of the Bonds. General funds of the City, proceeds of all taxes levied pursuant to Section 301 hereof and any amounts transferred from the Construction Fund under Section 505 hereof shall be used to pay the principal of and interest on the Bonds when due. The foregoing amounts shall be placed in the Debt Retirement Fund and held in trust by the Paying Agent, and so long as the principal of or interest on the Bonds shall remain unpaid, no moneys shall be withdrawn from the Debt Retirement Fund except to pay such principal and interest. Any amounts remaining in the Debt Retirement Fund after payment in full of the Bonds and the fees and expenses of the Paying Agent shall be retained by the City to be used for any lawful purpose.

Section 503. Bond Issuance Fund. From the proceeds of the Bonds there shall be set aside in the Bond Issuance Fund a sum sufficient to pay the costs of issuance of the Bonds. Moneys in the Bond Issuance Fund shall be used solely to pay expenses of issuance of the related series Bonds. Any amounts remaining in the Bond Issuance Fund after payment of issuance expenses shall be transferred to the Construction Fund.

Section 504. Escrow Fund. After mak-

ing the deposits required by Sections 502 and 503, there shall be deposited from the remainder of the proceeds of the Series 2004-B Bonds and moneys transferred by the City at the time of delivery of the Series 2004-B Bonds from the debt retirement fund for the Refunded Bonds, into the Escrow Fund (which shall be maintained in cash or invested in direct obligations of or obligations guaranteed by the United States of America, not redeemable at the option of the issuer), an amount, as hereinafter described, sufficient to pay the principal of and interest on the Refunded Bonds as they become due and, except as otherwise herein provided, shall be used only for such purposes. The Escrow Fund shall be irrevocably held by U.S. Bank National Association, Detroit, Michigan as escrow trustee (the "Escrow Trustee") in trust pursuant to an escrow deposit agreement between the City and the Escrow Trustee (the "Escrow Agreement"), which Escrow Agreement shall irrevocably direct the Escrow Trustee to take all necessary steps to pay the principal of and interest on the Refunded Bonds when due and to call for redemption the Refunded Bonds in whole or in part, as and when specified in the Escrow Agreement. The amounts, including the investments thereof, held in the Escrow Fund shall be such that the cash and investments and income received thereon will be sufficient, without any reinvestment, to pay the principal of and interest on the Refunded Bonds when due at maturity or by redemption as required by this Section. Any balance remaining in the Escrow Fund after payment in full of principal and interest on the Refunded Bonds shall be applied as provided in the Escrow Agreement.

The Escrow Trustee means and includes any company into which the Escrow Trustee may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be a party or any company to which the Escrow Trustee may sell or transfer all or substantially all of its corporate trust business, provided such company shall be a trust company or bank which is qualified to be a successor to the Escrow Trustee as determined by the Finance Director, shall be authorized by law to perform all the duties imposed upon it by this Resolution, shall be the successor to the Escrow Trustee without the execution or filing of any paper or the performance of any further act, anything herein to the contrary notwithstanding.

The Council hereby authorizes the Finance Director to approve the form of and to execute the Escrow Agreement with the Escrow Trustee for and on behalf of the City.

Section 505. Construction Fund. (a)

After making the deposits required by Sections 502 and 503 the remainder of the proceeds of the sale of the Series 2004-A Bonds shall be deposited in the Construction Fund. Except for investment pending disbursement and as hereinafter provided, moneys in the Construction Fund shall be used by the City solely and only to pay the costs of the Projects as such costs become due and payable and, if necessary, to rebate arbitrage earnings, if any, to the United States Department of Treasury as required by the Code.

(b) The Finance Director is hereby authorized and directed to expend money from the Construction Fund for costs of the Projects, including reimbursement to the City for moneys previously expended in anticipation of issuance of the Series 2004-A Bonds, to the extent reimbursement for such Project expenditures has been properly induced by resolution of the City Council in accordance with the Code.

(c) Gross proceeds or disposition proceeds, as defined in the regulations under Code Sections 141 and 148, respectively, resulting from any sale of any portion of the Projects shall be deposited in separate accounts established in the Construction Fund and used in the discretion of the Finance Director to pay additional costs of Voter Authorized Projects or transferred to the Debt Retirement Fund and used to pay the principal of or interest on the Bonds. The Finance Director shall assure that such gross proceeds or disposition proceeds are invested and expended in accordance with the requirements specified in Section 506 hereof and in the Non-Arbitrage and Tax Compliance Certificate.

(d) Upon payment of all costs of the Projects, any balance in the Construction Fund shall be transferred to the Debt Retirement Fund or used in any other manner which in the opinion of nationally recognized bond counsel is permitted by law and which will not cause the interest on the Bonds (issued on a tax exempt basis) to become includible in gross income for federal income tax purposes.

Section 506. Investment of Monies in the Funds and Accounts. (a) The Finance Director shall direct the investment of monies on deposit in the Funds and Accounts established hereunder, and the Paying Agent, upon written direction or upon oral direction promptly confirmed in writing by the Finance Director, shall use its best efforts to invest monies on deposit in the Funds and Accounts in accordance with such direction.

(b) Monies on deposit in the Funds and Accounts may be invested in such investments and to the extent permitted by applicable law.

The Paying Agent means and includes any company into which the Paying Agent may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be party or any company to which the Paying Agent may sell or transfer all or substantially all of its corporate trust business, provided, that such company shall be a trust company or bank which is qualified to be a successor to the Paying Agent as determined by the Finance Director, shall be authorized by law to perform all the duties imposed upon it by this Resolution, and shall be the successor to the Paying Agent without the execution or filing of any paper or the performance of any further act, anything herein to the contrary notwithstanding. The Finance Director is authorized to enter into an agreement with such a bank or trust company, and from time to time as required, may designate a similarly qualified successor Paying Agent and enter into an agreement therewith for such services.

#### SUPPLEMENTAL RESOLUTIONS

Section 701. Supplemental Resolutions Not Requiring Consent of Holders of the Bonds. The City may without the consent of any Bondowner adopt resolutions supplemental to this Resolution for any one or more of the following purposes:

- (i) to confirm or further assure the security hereof or to grant or pledge to the holders of the Bonds any additional security;
- (ii) to add additional covenants and agreements of the City for the purposes of further securing the payment of the Bonds;
- (iii) to cure any ambiguity or formal defect or omission in this Resolution;
- (iv) to amend provisions in the Resolution relating to rebate to the United States Government or otherwise, which in the opinion of Bond Counsel are required in order to maintain the exclusion of interest on the Bonds from gross income for federal income tax purposes; and
- (v) such other action not materially, adversely and directly affecting the security of the Bonds; provided that (A) no supplemental resolution amending or modifying the rights or obligations of the Paying Agent shall become effective without the consent of

the Paying Agent and (B) the effectiveness of any supplemental resolution is subject to Section 702 to the extent applicable.

Section 702. Opinion and Filing Under Act 34. Before any supplemental resolution under this Article shall become effective, a copy thereof shall be filed with the Paying Agent and as provided in Act 34, if applicable, together with an opinion of Bond Counsel that such supplemental resolution is authorized or permitted by this Article; provided that, Bond Counsel in rendering any such opinion shall be entitled to rely upon certificates of the Finance Director or other City official, and opinions or reports of consultants, experts and other professionals retained by the City to advise it, with respect to the presence or absence of facts relative to such opinion and the consequences of such facts.

Section 801. Defeasance. Bonds shall be deemed to be paid in full upon the deposit in trust of cash or direct obligations of, or obligations the principal of and interest on which are unconditionally guaranteed by, the United States of America, or any combination thereof, not redeemable at the option of the issuer thereof, the principal and interest payments upon which, without reinvestment thereof, will come due at such times and in such amounts, as to be fully sufficient to pay when due, the principal of such Bonds and interest to accrue thereon, as confirmed by a verification report prepared by an independent certified public accountant; provided, that if any of such Bonds are to be called for redemption prior to maturity, irrevocable instructions to call such Bonds for redemption shall be given to the Paying Agent. Such cash and securities representing such obligations shall be deposited with a bank or trust company and held for the exclusive benefit of the Owners of such Bonds. After such deposit, such Bonds shall no longer be entitled to the benefits of this Resolution (except for any rights of transfer or exchange of Bonds as therein or herein provided for) and shall be payable solely from the funds deposited for such purpose and investment earnings, if any, thereon, and the lien of this Resolution for the benefit of such Bonds shall be discharged.

### ARTICLE IX REIMBURSEMENT PROVISIONS

Section 901. Advancement of Costs of the Projects. At the direction of the Finance Director, the City may advance certain costs of the Projects from the City's general fund prior to the issuance of the Series 2004-A Bonds. The City intends to reimburse itself for any costs of the Projects paid or incurred by the City

prior to the issuance of the Series 2004-A Bonds with proceeds of the Series 2004-A Bonds. The Internal Revenue Service has issued Treasury Regulation Section 1.150-2 pursuant to the Code, governing proceeds of bonds used for reimbursement, pursuant to which the City must declare official intent to reimburse expenditures with bond proceeds as provided in Section 902 below.

(c) The maximum principal amount of debt expected to be issued for the Projects, including issuance costs, is \$45,000,000.

(d) A reimbursement allocation of the expenditures described in (b) above with the proceeds of the borrowing described herein will occur not later than 18 months after the later of (i) the date on which the expenditure is paid, or (ii) the date the Projects are placed in service or abandoned, but in no event more than three (3) years after the original expenditure is paid. A reimbursement allocation is an allocation in writing that evidences the City's use of the proceeds of the debt to be issued for the Projects to reimburse the City for a capital expenditure made pursuant to this Resolution.

(e) The expenditures described in (b) above are "capital expenditures" as defined in Treas. Reg. §1.150-1(b), *i.e.*, any costs of a type which are properly chargeable to a capital account (or would be so chargeable with a proper election or with the application of the definition of placed in service under Treas. Reg. §1.150-2(c)) under general Federal income tax principles (as determined at the time the expenditure is paid).

(f) No proceeds of the borrowing paid to the City in reimbursement pursuant to this Resolution will be used in a manner described in Treas. Reg. §1.150-2(h) with respect to abusive uses of such proceeds, including but not limited to using funds corresponding to the proceeds of the borrowing in a manner that results in the creation of replacement proceeds (within Treas. Reg. §1.148-1) within one

year of the reimbursement allocation described in (d) above.

(g) Expenditures for the Projects to be reimbursed from the proceeds of the borrowing that are subject to the limitations set forth in this Resolution do not include (i) costs for the issuance of the debt, (ii) an amount not in excess of the lesser of \$100,000 or five percent (5%) of the proceeds of the borrowing, or (iii) preliminary expenditures not exceeding twenty percent (20%) of the issue price of the borrowing within the meaning of Treas. Reg. §1.150-2(f) (such preliminary expenditures include architectural, engineering, surveying, soil testing and similar costs incurred prior to construction of the Projects, but do not include land acquisition, site preparation, and similar costs incident to commencement of construction).

#### **ARTICLE X OTHER PROVISIONS OF GENERAL APPLICATION**

Section 1001. Credit Enhancement; Remarketing Agreement; and Interest Rate Exchange Agreements. (a) There is hereby authorized to be obtained municipal bond insurance or other credit enhancement or a combination thereof to secure the payment of all or part of the Bonds, if, and provided that, it shall be determined by the Finance Director that such cost of such Municipal Bond Insurance Policy or other credit enhancement or a combination thereof is less than the interest rate savings therefrom or otherwise that it is in the best interest of the City. Such municipal bond insurance or other credit enhancement providers may be afforded certain rights and remedies to direct the proceeding with respect to the enforcement of payment of the Bonds as shall be provided in the documents relating thereto. In the event a commitment for a Municipal Bond Insurance Policy is obtained or a commitment for other credit enhancement is obtained, the Finance Director is hereby authorized, to approve the terms, perform such acts and execute such instruments that shall be required, necessary or desirable to effectuate the terms of such commitment and the transactions described therein and in this Resolution and the Sale Order provided that such terms are not materially adverse to the City.

(b) In the event that any of the Bonds are issued bearing interest on a variable rate basis and are subject to tender for purchase from time to time by the holders thereof as determined in the Sale Order, the Finance Director is authorized in his discretion to enter into a Remarketing Agreement for tendered bonds with a qualified firm, chosen by the Finance Director, as remarketing agent. The Finance Director is also authorized to negotiate and enter into an auction agent

agreement, broker-dealer agreement or such other agreements with such qualified firms chosen by the Finance Director as may be necessary to accomplish the sale and delivery of the Bonds as determined by the Finance Director within the parameters of this Resolution and confirmed in the Sale Order.

The Mayor, the Finance Director, the Treasurer and the City Clerk are hereby authorized and directed on behalf of the City to take any and all other actions, perform any and all acts and execute any and all documents that shall be required, necessary or desirable to implement this Resolution.

The Finance Director is authorized to file applications with and to pay the related fees, if any, to the Michigan Department of Treasury at his discretion under Act 34 for an Order or Orders of Approval to issue all or a portion of the Bonds, and to enter into one or more Interest Rate Exchange Agreements, remarketing agreements, letters of credit and reimbursement agreements, and such waivers or other Treasury approvals as necessary to implement the sale, delivery and security for the Bonds, and as required by the Michigan Department of Treasury and Act 34. The Finance Director is authorized and directed to pay any post closing filing fees required by Act 34 to the Michigan Department of Treasury or other specified agency, as a cost of issuance or from other legally available funds.

Section 1003. Continuing Disclosure Undertaking. The City shall enter into a continuing disclosure undertaking pursuant to Rule 15c2-12 promulgated by the Securities and Exchange Commission (the "Rule") for the benefit of the holders and beneficial owners of the Bonds as to which the Rule is applicable, as more specifically set forth in Exhibit A hereto (the "Undertaking"); provided, however, that the terms of the Undertaking are sub-

The Finance Director is authorized to execute and deliver the Undertaking after completion and modification as provided in this Resolution and the Sale Order.

Section 1004. Delegation of City to, and Authorization of Actions of the Mayor and the Finance Director. (a) Prior to the sale date for the Bonds, the Mayor and/or the Finance Director may cause the preparation and approve the form and distribution of a Preliminary Official Statement and an Official Statement and other offering materials to be used in conjunction with the sale or offering of the Bonds, and the Mayor or Finance Director shall deem the Preliminary Official Statement "final" for purposes of Rule 15c2-12 of the Securities and Exchange Commission.

(b) The Finance Director is hereby authorized and directed to do and perform any and all acts and things with respect to the Bonds which are necessary and appropriate to carry into effect, consistent with this Resolution, the authorizations therein and herein contained, including without limitation, the securing of ratings by bond rating agencies, if cost effective, the negotiation for and acquisition of bond insurance and/or other credit enhancement, if any, to further secure the Bonds or any portions thereof, the acquisition of an irrevocable surety bond to fulfill the City's obligation to fund any reserve account, the printing of the Bonds and the incurring and paying of reasonable fees, costs and expenses incidental to the foregoing and other costs of issuance of the Bonds including, but not limited to fees and expenses of bond counsel, financial advisors, accountants and others, from Bond proceeds or other available funds, for and on behalf of the City.

(c) Except as otherwise provided herein, all determinations and decisions of the Finance Director with respect to the issuance and sale of the Bonds or the negotiation, execution or delivery of Interest Rate Exchange Agreements as permitted or required by this Resolution shall be confirmed by this Finance Director in a Sale Order or Sale Orders, and such confirmations shall constitute determinations that any conditions precedent to such determinations and decisions of the Finance Director have been fulfilled.

Section 1005. Act 34 Approval of the Bonds. The Bonds shall neither be sold nor issued unless and only so long as the issuance of the Bonds as provided herein shall have been authorized and approved in accordance with the applicable provi-

sions of Act 34.

Section 1006. Approving Legal Opinions with Respect to the Bonds. Sale of the Bonds shall be conditioned upon receiving, at the time of delivery, the approving opinion of Bond Counsel, approving legality of the Bonds and, with respect to Bonds determined by the Finance Director to be issued on a tax-exempt basis, the exclusion from gross income of the interest paid thereon from federal and State income taxation only.

Section 1007. Sale of Bonds/Good Faith Check. (a) Pursuant to Section 309(1) of Act 34 of Council determines to sell the Bonds at a negotiated sale. The reasons for choosing a negotiated sale instead of a competitive sale include the belief of Council based on recommendation of the Finance Director and the City's Financial Advisor that a negotiated sale will allow the Bonds to be offered to investors in the most efficient manner possible while also allowing sufficient flexibility to adjust to market structuring and timing demands in order to result in the lowest possible borrowing costs for the City. Sale may be on a forward delivery basis if determined by the Finance Director to be beneficial to the City, on the terms and conditions contained in the Bond Purchase Agreement.

(b) Subject to the foregoing, the Bond Purchase Agreement shall be dated the date of the sale of the Bonds. The Finance Director is hereby authorized and directed to execute the Bond Purchase Agreement for and on behalf of the City.

(c) The Finance Director is authorized to determine whether to require a good faith check from the Underwriters or in lieu thereof or not whether to require the Underwriters to pay liquidated damages to the City for the failure (other than as permitted by the Bond Purchase Agreement) to accept delivery of and pay for the Bonds.

Section 1008. Delivery of Bonds. Subject to the approval of the Sale Order, the Finance Director is hereby authorized to deliver the Bonds to the Underwriters upon receiving the purchase price therefor in lawful money of the United States.

Section 1009. Escrow Deposit Agreement and Verification Agent. The Finance Director is hereby authorized and directed to negotiate with the Escrow Trustee the terms of the Escrow Agreement and, if necessary, to select and retain a verifica-

tion agent to verify the mathematical sufficiency of the securities and cash amounts to be deposited in the Escrow Fund.

Section 1010. Official Statement. The Finance Director is hereby authorized to execute the Official Statement or other offering materials with respect to the Bonds in the form approved by him with such changes as the Finance Director may authorize. Such Official Statement or other offering materials to be used in connection with the sale or offering of the Bonds are hereby authorized to be printed and used by the Underwriters in connection with the sale of the Bonds to the public. Circulation of the Preliminary Official Statement, if any, or other preliminary offering materials by the Underwriters is hereby approved.

Section 1011. Appointment of Bond Counsel; Engagement of Other Parties.

The appointment by the Finance Director of the law firm of Miller, Canfield, Paddock and Stone, P.L.C. of Detroit, Michigan, as Bond Counsel for the Bonds is hereby ratified and confirmed, notwithstanding the periodic representation by Miller, Canfield, Paddock and Stone, P.L.C., in unrelated matters of other parties and potential parties to the issuance of the Bonds. The fees and expenses of Miller, Canfield, Paddock and Stone, P.L.C. as Bond Counsel and other accumulated bond related fees and expenses shall be payable as a cost of issuance from proceeds of the Bonds or other available funds in accordance with the letter of such firm on file with the Finance Director.

The Finance Director is authorized to engage other consultants, financial advisors, or other parties as he deems necessary and appropriate in connection with the sale, issuance and delivery of the Bonds and to pay the fees and expenses thereof from the proceeds of the Bonds or other available funds.

Section 1012. Preservation of Records. Section 201. Finding, and Declaration of Need to Borrow. The Council hereby finds and declares that it is necessary for the City to borrow hereunder such sum as shall be determined by the Finance Director not in excess of \$65,000,000 and to evidence such borrowing by the issuance of the Bonds not in excess, in aggregate principal amount, of such amount (the “Maximum Aggregate Principal Amount”), in minimum denominations of \$5,000 or such greater minimum denominations as determined by the Finance Director, pursuant to and in

accordance with the provisions of Act 80 and Act 279, for the purpose of funding a portion of the Accumulated Operating Deficit, to establish a reserve fund, if necessary, to secure payment of principal of and interest on the Bonds in an amount not exceeding the maximum amount of principal and interest coming due on the bonds in any fiscal year to provide for a discount of not to exceed 10% of the principal amount of the Bonds and to pay legal, financial, accounting, printing and other expenses related to the issuance of the Bonds, all as finally confirmed by the Finance Director in the Sale Order.

Section 202. Declaration of Borrowing. The City shall borrow, under this Resolution on the authority of and in accordance with the provisions of the Charter, Act 80, Act 279 and the Administrative Board Order, a sum not to exceed the Maximum Aggregate Principal Amount and each series of the Bonds to bear interest on a fixed and/or variable rate and tax-exempt or taxable basis as provided herein and in the Sale Order, and the City shall issue the Bonds as hereinafter provided and as finally confirmed by the Finance Director in the Sale Order.

**ARTICLE III  
AUTHORIZATION, REDEMPTION AND  
ASSIGNMENT OF THE BONDS**

Section 301. Authorization of Bonds and Pledge. The City hereby authorizes the issuance of the Bonds in such series in such principal amounts as shall be confirmed in the Sale Order, not in excess of the Maximum Aggregate Principal Amount in accordance with Section 302. The Bonds shall be general obligations of the City, and the limited tax, full faith, credit and resources of the City are hereby irrevocably pledged for the prompt payment of the principal of and interest on the Bonds. The City pledges to pay the principal of and interest on the Bonds as a first budget obligation from its general funds and in the case of insufficiency thereof, from the proceeds of an annual levy of ad valorem taxes on all taxable property in the City, subject to applicable constitutional, statutory and charter tax rate limitations.

Section 302. Designation, Dates, Interest Rates, Maturities, Redemption and Other Terms of the Bonds.

(a) The Bonds shall be designated “GENERAL OBLIGATION FISCAL STABILIZATION BONDS (LIMITED TAX), SERIES 2004” shall bear such later dates and additional or alternative designations as the Finance Director may determine in the Sale Order, shall be issued in fully registered form and shall be consecutively numbered from “R-1” upwards, unless otherwise provided by the Finance Director in the Sale Order. The Finance Director is authorized to create and desig-

nate additional series of Bonds in a Sale Order. The Bonds shall be dated and issued in such denominations, all as determined and confirmed by the Finance Director in the Sale Order.

(b) The Bonds of each series shall mature on such dates and shall bear interest at such rates on a fixed and/or variable and tax-exempt or taxable basis not exceeding the Maximum Interest Rate, payable on such dates as shall be determined and confirmed by the Finance Director in the Sale Order. Unless otherwise provided by the Finance Director in the Sale Order, interest on the Bonds shall be calculated on the basis of a 360 day year consisting of twelve, 30 day months. Notwithstanding the foregoing, the Finance Director is authorized to determine and confirm in the Sale Order whether all or any portion of the Bonds shall be issuable as capital appreciation bonds.

(c) Unless otherwise provided by the Finance Director in the Sale Order, interest on the Bonds of each series shall be payable on the first day of each April and October (such first day of April or October or such other day or days of any month or months as the Finance Director shall determine in the Sale Order on which interest shall be scheduled to be paid on Bonds, an "Interest Payment Date"), commencing on October 1, 2004 or such other Interest Payment Date or dates as shall be determined by the Finance Director in the Sale Order.

(d) The Bonds shall be payable, as to principal and interest, in lawful money of the United States of America. Except as may be otherwise determined by the Finance Director in the Sale Order, interest on Bonds shall be payable to the Registered Owner as of the 15th day of the month, whether or not a Business Day (a "Regular Record Date"), prior to each Interest Payment Date. Interest on Bonds shall be payable to such Registered Owners by check or draft drawn on the Paying Agent on each Interest Payment Date and mailed by first class mail or, upon the written request of the Owner of \$1,000,000 or more in aggregate principal amount of Bonds (with complete wiring instructions no later than the Regular Record Date for such Interest Payment Date), by wire transfer by the Paying Agent to such Owner. Such a request may provide that it will remain in effect with respect to subsequent Interest Payment Dates unless and until changed or revoked at any time prior to a Regular Record Date by subsequent written notice to the Paying Agent.

(e) Interest on Bonds not punctually paid or duly provided for on an Interest Payment Date shall forthwith cease to be payable to the Registered Owners on the Regular Record Date established for such

Interest Payment Date, and may be paid to the Registered Owners as of the close of business on a date fixed by the Paying Agent (a "Special Record Date") with respect to the payment of such defaulted interest to be fixed by the Paying Agent, or may be paid at any time in any other lawful manner. The Paying Agent shall give notice to the Registered Owners at least seven days before any such Special Record Date.

(f) The principal of the Bonds shall be payable to the Owners of the Bonds upon the presentation of the Bonds to the Paying Agent at the principal corporate trust office of the Paying Agent.

(g) The Bonds shall be subject to redemption and/or tender for purchase prior to maturity or shall not be subject thereto, upon such terms and conditions as shall be determined by the Finance Director and confirmed in the Sale Order, provided that any premium payable in connection with the optional redemption of the Bonds shall not exceed 3%.

Unless waived by any registered owner of Bonds to be redeemed, official notice of redemption shall be given by the Bond Registrar and Paying Agent on behalf of the City. Such notice shall be dated and shall contain at a minimum the following information: original issue date; maturity dates; interest rates, CUSIP numbers, if any; certificate numbers, and in the case of partial redemption, the called amounts of each certificate; the redemption date; the redemption price or premium; the place where Bonds called for redemption are to be surrendered for payment; and that interest on Bonds or portions thereof called for redemption shall cease to accrue from and after the redemption date.

In addition, further notice shall be given by the Bond Registrar and Paying Agent in such manner as may be required or suggested by regulations or market practice at the applicable time, but no defect in such further notice nor any failure to give all or any portion of such further notice shall in any manner defeat the effectiveness of a call for redemption if notice thereof is given as prescribed herein.

(h) In making the determinations set forth in this Resolution with respect to the Sale Order for the issuance and sale of the Bonds, the Finance Director shall be limited to the parameters as follows:

(1) The first maturity date or mandatory sinking fund redemption date for the Bonds shall be determined by the Finance Director at the time of sale thereof, and the final maturity dates for the Bonds shall not be later than the earlier of (i) the last year the Accumulated Operating Deficit is expected to last or such later year as permitted by the Code with respect to Bonds issued on a tax-exempt basis or (ii) 30 years from their

dated date.

(2) The compensation to be paid to the Underwriters of each series of the Bonds shall not exceed 2% of the original principal amount of the related series of Bonds.

(3) Unless the Finance Director determines to issue all or a part of the Bonds as capital appreciation bonds the amount of any original issue discount with respect to each series of the Bonds shall not exceed 10% of the original principal amount of the related series of Bonds.

(4) To the extent permitted by applicable law, each series of the Bonds may be sold with an original issue premium in an amount as determined by the Finance Director; provided that the principal amount of each series of the Bonds plus the net original issue premium shall not exceed the Maximum Aggregate Principal Amount of Bonds authorized under this Resolution and the Administrative Board Order.

(5) To the extent permitted by the Code and if multiple series of bonds are issued, the Finance Director is authorized to allocate costs of issuance among the series of Bonds in a manner which is in the best economic interest of the City.

Section 303. Execution, Authentication and Delivery of Bonds. The Bonds shall be executed in the name of the City by the manual or facsimile signatures of the Mayor and the Finance Director and authenticated by the manual signature of the Finance Director or an authorized representative of the Bond Registrar and Paying Agent, as the case may be, and the seal of the City (or a facsimile thereof) shall be impressed or imprinted on the Bonds. After the Bonds have been executed and authenticated for delivery to the original purchaser thereof, they shall be delivered by the Finance Director to the purchasers thereof upon receipt of the purchase price. Additional Bonds bearing the manual or facsimile signatures of the Mayor and the Finance Director and upon which the seal of the City (or a facsimile thereof) is impressed or imprinted may be delivered to the Bond Registrar and Paying Agent for authentication and delivery in connection with the exchange or transfer of Bonds. The Bond Registrar and Paying Agent shall indicate on each Bond the date of its authentication.

Section 304. Authentication of the Bonds. (a) No Bond shall be entitled to any benefit under this Resolution or be valid or obligatory for any purpose unless there appears on such Bond a Certificate of Authentication substantially in the form provided for in Section 307 of this Resolution, executed by the manual or facsimile signature of the Finance Director or by an authorized signatory of the Paying Agent by manual signature, and such certificate upon any Bond shall be conclusive evidence, and the only evidence, that such Bond has been duly

authenticated and delivered hereunder.

(b) The Paying Agent shall manually execute the Certificate of Authentication on each Bond upon receipt of a written direction of the Finance Director of the City to authenticate such Bond.

Section 305. Transfer of Registration and Exchanges. (a) The registration of each Bond is transferable only upon the Bond Registry by the Registered Owner thereof, or by his attorney duly authorized in writing, upon the presentation and surrender thereof at the designated corporate trust office of the Paying Agent together with a written instrument of transfer satisfactory to the Paying Agent, duly executed by the Registered Owner thereof or his attorney duly authorized in writing, and thereupon one or more fully executed and authenticated Bonds in any authorized denominations of like maturity and tenor, in equal aggregate principal amount shall be issued to the transferee in exchange thereof.

(b) Each Bond may be exchanged for one or more Bonds in equal aggregate principal amount of like maturity and tenor in one or more authorized denominations, upon the presentation and surrender thereof at the principal corporate trust office of the Paying Agent together with a written instrument of transfer satisfactory to the Paying Agent, duly executed by the Registered Owner hereof or his attorney duly authorized in writing.

Section 306. Regulations with Respect to Exchanges and Transfers. (a) In all cases in which the privilege of exchanging Bonds or transferring the registration of Bonds is exercised, the City shall execute and the Paying Agent shall authenticate and deliver Bonds in accordance with the provisions of this Resolution. All Bonds surrendered in any such exchanges or transfers shall be forthwith canceled by the Paying Agent.

(b) For every exchange or transfer of Bonds, the City or the Paying Agent may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer and, except as otherwise provided in this Resolution, may charge a sum sufficient to pay the costs of preparing each new Bond issued upon such exchange or transfer, which shall be paid by the person requesting such exchange or transfer as a condition precedent to the exercise of the privilege of making such exchange or transfer.

(c) Neither the City nor the Paying Agent shall be required to exchange or transfer any Bond during the period commencing on a Regular Record Date and ending on the related Interest Payment Date.

Section 307. Form of the Bonds. The Bonds shall be in substantially the following form with such insertions, omissions,

substitutions and other variations as shall not be inconsistent with this Resolution or required or permitted by the Sale Order or as approved by the Finance Director:

Section 308. **Registration.** The City and the Paying Agent may treat and consider the Bondowner of any Bond as the absolute owner of such Bond, whether such Bond shall be overdue or not, for the

purpose of receiving payment of, or on account of, the principal (and premium, if any) thereof and interest thereon and for all other purposes whatsoever, and all such payments so made to such Bondowner or upon his order shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid.

**Section 309. Mutilated, Destroyed, Stolen or Lost Bonds.** (a) Subject to the provisions of Act 354, Public Acts of Michigan, 1972, as amended and any other applicable law, if (i) any mutilated Bond is surrendered to the Paying Agent or the City and the Paying Agent and the City received evidence to their satisfaction of the destruction, loss or theft of any Bond and (ii) there is delivered to the City and the Paying Agent such security or indemnity as may be required by them to save each of them harmless, then, in the absence of notice to the City or the Paying Agent that such Bond has been acquired by a bona fide purchaser, the City shall execute and the Paying Agent shall authenticate and deliver in exchange for or in lieu of any such mutilated, destroyed, lost or stolen Bond, a new Bond of like tenor and principal amount, bearing a number not contemporaneously outstanding.

(b) If any such mutilated, destroyed, lost or stolen Bond has become or is about to become due and payable, the City in its discretion may, instead of issuing a new Bond, pay such Bond.

(c) Any new Bond issued pursuant to this Section in substitution for a Bond alleged to be mutilated, destroyed, stolen or lost shall constitute an original additional contractual obligation on the part of the City, and shall be equally secured by and entitled to equal proportionate benefits with all other Bonds issued under this Resolution.

**Section 310. Book-Entry Only System Permitted.** (a) If determined by the Finance Director, in the sale order the Bonds shall be issued to a securities depository selected by the Finance Director (the "Security Depository") to be held pursuant to the book-entry-only system maintained by the Security Depository and registered in the name of the Security Depository or its nominee. Ownership interests in Bonds held under such book-entry-only system shall be determined pursuant to the procedures of the Security Depository and Article 8 of the applicable Uniform Commercial Code (such persons having such interests, "Beneficial Owners").

(b) If (i) the City and the Paying Agent receive written notice from the Security Depository to the effect that the Security Depository is unable or unwilling to discharge its responsibilities with respect to the Bonds under the book-entry-only sys-

tem maintained by it or (ii) the Finance Director determines that it is in the best interests of the Beneficial Owners that they be able to obtain Bonds in certificated form, then the City may so notify the Security Depository and the Paying Agent, and, in either event, the City and the Paying Agent shall take appropriate steps to provide the Beneficial Owners with Bonds in certificated form to evidence their respective ownership interests in the Bonds. Whenever the Security Depository requests the City and the Paying Agent to do so, the Finance Director on behalf of the City and Paying Agent will cooperate with the Security Depository in taking appropriate action after reasonable notice to make available Bonds registered in whatever name or names the Beneficial Owners transferring or exchanging Bonds shall designate.

(c) Notwithstanding any other provision of this Resolution or the Sale Order to the contrary, so long as the Bonds are held pursuant to the book-entry-only system maintained by the Security Depository.

(i) all payments with respect to the principal and interest on such Bonds and all notices with respect to such Bonds shall be made and given, respectively, to the Security Depository as provided in the representation letter from the City and the Paying Agent to the Security Depository with respect to such Bonds; and

(ii) all payments with respect to principal of the Bonds and interest on the Bonds shall be made in such manner as shall be prescribed by the Security Depository.

#### ARTICLE IV

##### SPECIAL COVENANTS

**Section 401. Tax Exemption Covenant.** The City covenants that it will not take any action, or fail to take any action required to be taken, if taking such action or failing to take such action would adversely affect the general exclusion from gross income of interest on the Bonds (determined by the Finance Director to be issued on a tax-exempt basis), from federal income taxation under the Code.

**Section 402. Arbitrage Covenant.** (a) The City will not directly or indirectly (1) use or permit the use of any proceeds of the Bonds (determined by the Finance Director to be issued on a tax-exempt basis) or other funds of the City or (2) take or omit to take any action required by Section 148(a) of the Code in order to maintain the exclusion from gross income of the interest on the Bonds (determined by the Finance Director to be issued on a tax-exempt basis) for federal income tax purposes. To that end, the City will comply with all requirements of Section 148 of the Code to the extent applicable to the Bonds and the requirements set forth in

the Non-Arbitrage and Tax Compliance Certificate of the City.

(b) Without limiting the generality of subsection (a), above, the City agrees that there shall be paid by the City from time to time all amounts, if any, required to be rebated to the United States pursuant to Section 148(f) of the Code. This covenant shall survive payment in full or defeasance of the Bonds.

(c) Notwithstanding any provision of this Section, if the City obtains an opinion of Bond Counsel to the effect that any action required under this Section is no longer required, or that some further action is required, to maintain the exclusion from gross income of the interest of the Bonds (determined by the Finance Director to be issued on a tax-exempt basis) for federal income tax purposes pursuant to Section 103 of the Code, the City may conclusively rely on such opinion in complying with the provisions hereof.

**ARTICLE V  
FUNDS AND ACCOUNTS;  
DISPOSITION OF BOND PROCEEDS**

Section 501. Establishment of Accounts and Funds. The City hereby establishes and creates the following special, separate and segregated accounts and funds which shall be held for and on behalf of the City by a bank or banks or other financial institution which the Finance Director or Treasurer of the City designates as depository of the City:

- A. Debt Retirement Fund;
- B. Bond Issuance Fund; and
- C. Fiscal Stabilization Fund.

The Finance Director is hereby authorized to establish such accounts, sub-accounts or funds as shall be required for each series of the Bonds, if any, to accommodate the requirements of such series of Bonds, including, but not limited to, such accounts, subaccounts or funds necessary to facilitate the allocation and use of bond proceeds to fund the Accumulated Operating Deficit or the purchase and payment of variable rate bonds. The Finance Director is authorized to allocate any net original issue premium, if any, received upon the sale of the Bonds to such accounts and in such amounts as permitted by applicable law and the Code.

Section 502. Debt Retirement Fund. From the proceeds of the sale of the Bonds there shall be set aside in the Debt Retirement Fund the accrued interest, if any, received from the purchasers of the Bonds at the time of delivery of the Bonds. General funds of the City, proceeds of all taxes levied pursuant to Section 301 hereof shall be used to pay the principal of and interest on the Bonds when due. The foregoing amounts shall be placed in the Debt Retirement Fund and held in trust by the Paying Agent, and

so long as the principal of or interest on the Bonds shall remain unpaid, no moneys shall be withdrawn from the Debt Retirement Fund except to pay such principal and interest. Any amounts remaining in the Debt Retirement Fund after payment in full of the Bonds and the fees and expenses of the Paying Agent shall be retained by the City to be used for any lawful purpose.

Section 503. Bond Issuance Fund. From the proceeds of the Bonds there shall be set aside in the Bond Issuance Fund a sum sufficient to pay the costs of issuance of the Bonds. Moneys in the Bond Issuance Fund shall be used solely to pay expenses of issuance of the related series Bonds. Any amounts remaining in the Bond Issuance Fund after payment of issuance expenses shall be transferred to the Fiscal Stabilization Fund.

Section 504. Fiscal Stabilization Fund. After making the deposits required by Sections 502 and 503, there shall be deposited in the Fiscal Stabilization Fund the remainder of the proceeds of the Bonds. Moneys on deposit in the Fiscal Stabilization Fund shall be transferred to the City's General Fund to pay a portion of the Accumulated Operating Deficit and other expenditures authorized by Act 80 and the Administrative Board Order, all in accordance with the Non-Arbitrage and Tax Compliance Certificate delivered by the City concurrently with the issuance of the Bonds.

Section 505. Investment of Monies in the Funds and Accounts. (a) The Finance Director shall direct the investment of monies on deposit in the Funds and Accounts established hereunder, and the Paying Agent, upon written direction or upon oral direction promptly confirmed in writing by the Finance Director, shall use its best efforts to invest monies on deposit in the Funds and Accounts in accordance with such direction.

(b) Monies on deposit in the Funds and Accounts may be invested in such investments and to the extent permitted by applicable law and the Non-Arbitrage and Tax Compliance Certificate.

**ARTICLE VI  
THE PAYING AGENT**

Section 601. Paying Agent. The Paying Agent for the Bonds shall act as bond registrar, transfer agent and paying agent for the Bonds and shall be initially U.S. Bank National Association, Detroit, Michigan, or such other bank or trust company located in the State of Michigan which is qualified to act in such capacity under the laws of the United States of America or the State of Michigan. ##### SUPPLEMENTAL RESOLUTIONS

Section 701. Supplemental Resolutions Not Requiring Consent of Holders of the Bonds. The City may without the consent of any Bondowner adopt resolutions supplemental to this Resolution for any one or more of the following purposes:

- (i) to confirm or further assure the security hereof or to grant or pledge to the holders of the Bonds any additional security;
  - (ii) to add additional covenants and agreements of the City for the purposes of further securing the payment of the Bonds;
  - (iii) to cure any ambiguity or formal defect or omission in this Resolution;
  - (iv) to amend provisions in the Resolution relating to rebate to the United States Government or otherwise, which in the opinion of Bond Counsel are required in order to maintain the exclusion of interest on the Bonds from gross income for federal income tax purposes; and
  - (v) such other action not materially, adversely and directly affecting the security of the Bonds;
- provided that (A) no supplemental resolution amending or modifying the rights or obligations of the Paying Agent shall become effective without the consent of the Paying Agent and (B) the effectiveness of any supplemental resolution is subject to Section 702 to the extent applicable.

#### ARTICLE VIII

##### DEFEASANCE

Section 801. Defeasance. Bonds shall be deemed to be paid in full upon the deposit in trust of cash or direct obligations of, or obligations the principal of and interest on which are unconditionally guaranteed by, the United States of America, or any combination thereof, not redeemable at the option of the issuer thereof, the principal and interest payments upon which, without reinvestment

thereof, will come due at such times and in such amounts, as to be fully sufficient to pay when due, the principal of such Bonds and interest to accrue thereon, as confirmed by a verification report prepared by an independent certified public accountant; provided, that if any of such Bonds are to be called for redemption prior to maturity, irrevocable instructions to call such Bonds for redemption shall be given to the Paying Agent. Such cash and securities representing such obligations shall be deposited with a bank or trust company and held for the exclusive benefit of the Owners of such Bonds. After such deposit, such Bonds shall no longer be entitled to the benefits of this Resolution (except for any rights of transfer or exchange of Bonds as therein or herein provided for) and shall be payable solely from the funds deposited for such purpose and investment earnings, if any, thereon, and the lien of this Resolution for the benefit of such Bonds shall be discharged.

#### ARTICLE IX

##### OTHER PROVISIONS OF GENERAL APPLICATION

Section 901. Credit Enhancement; Remarketing Agreement; and Interest Rate Exchange Agreements. (a) There is hereby authorized to be obtained municipal bond insurance or other credit enhancement or a combination thereof to secure the payment of all or part of the Bonds, if, and provided that, it shall be determined by the Finance Director that such cost of such Municipal Bond Insurance Policy or other credit enhancement or a combination thereof is less than the interest rate savings therefrom or otherwise that it is in the best interest of the City. Such municipal bond insurance or other credit enhancement providers may be afforded certain rights and remedies to direct the proceeding with respect to the enforcement of payment of the Bonds as shall be provided in the documents relating thereto. In the event a commitment for a Municipal Bond Insurance Policy is obtained or a commitment for other credit enhancement is obtained, the Finance Director is hereby authorized, to approve the terms, perform such acts and execute such instruments that shall be required, necessary or desirable to effectuate the terms of such commitment and the transactions described therein and in this Resolution and the Sale Order provided that such terms are not materially adverse to the City.

(b) In the event that any of the Bonds are issued bearing interest on a variable rate basis and are subject to tender for purchase from time to time by the holders thereof as determined in the Sale Order, the Finance Director is authorized in his discretion to enter into a Remarketing Agreement for tendered bonds with a

qualified firm, chosen by the Finance Director, as remarketing agent. The Finance Director is also authorized to negotiate and enter into an auction agent agreement, broker-dealer agreement or such other agreements with such qualified firms chosen by the Finance Director as may be necessary to accomplish the sale and delivery of the Bonds as determined by the Finance Director within the parameters of this Resolution and confirmed in the Sale Order.

(c) For the purpose of more effectively managing the debt service with respect to all or any portion of the Bonds, the Finance Director is authorized in his discretion and in accordance with the requirements of Act 34, to negotiate the terms of an Interest Rate Exchange Agreement with respect to such Bonds with Interest Rate Exchange Agreement providers, all as determined by the Finance Director and confirmed by the Council by resolution.

(d) In connection with the execution of any of the agreements authorized by this Section, the Finance Director is authorized to include therein such covenants as shall be appropriate.

Section 902. Approval of Other Documents and Actions; Treasury Approval. The Mayor, the Finance Director, the Treasurer and the City Clerk are hereby authorized and directed on behalf of the City to take any and all other actions, perform any and all acts and execute any and all documents that shall be required, necessary or desirable to implement this Resolution.

The Finance Director is authorized to file applications with and to pay the related fees, if any, to the Michigan Department of Treasury at his discretion under Act 34 to enter into one or more Interest Rate Exchange Agreements, remarketing agreements, letters of credit and reimbursement agreements, and such waivers or other Treasury approvals as necessary to implement the sale, delivery and security for the Bonds, and as required by the Michigan Department of Treasury and Act 34. The Finance Director is authorized and directed to pay any post closing filing fees required by Act 34 or the Agency Reporting Act to the Michigan Department of Treasury or other specified agency, as a cost of issuance or from other legally available funds.

Section 903. Continuing Disclosure Undertaking. The City shall enter into a continuing disclosure undertaking pursuant to Rule 15c2-12 promulgated by the Securities and Exchange Commission (the "Rule") for the benefit of the holders and beneficial owners of the Bonds as to which the Rule is applicable, as more specifically set forth in Exhibit A hereto (the "Undertaking"); provided, however, that the terms of the Undertaking are sub-

ject to completion and modification prior to delivery of the Bonds by the Finance Director to such extent as the Finance Director shall deem necessary to comply with law or market requirements of the Underwriters. The Finance Director is authorized to execute and deliver the Undertaking after completion and modification as provided in this Resolution and the Sale Order.

Section 904. Delegation of City to, and Authorization of Actions of the Mayor and the Finance Director. (a) Prior to the sale date for the Bonds, the Mayor and/or the Finance Director may cause the preparation and approve the form and distribution of a Preliminary Official Statement and an Official Statement and other offering materials to be used in conjunction with the sale or offering of the Bonds, and the Mayor or Finance Director shall deem the Preliminary Official Statement "final" for purposes of Rule 15c2-12 of the Securities and Exchange Commission.

(b) The Finance Director is hereby authorized and directed to do and perform any and all acts and things with respect to the Bonds which are necessary and appropriate to carry into effect, consistent with this Resolution, the authorizations therein and herein contained, including without limitation, the securing of ratings by bond rating agencies, if cost effective, the negotiation for and acquisition of bond insurance and/or other credit enhancement, if any, to further secure the Bonds or any portions thereof, the acquisition of an irrevocable surety bond to fulfill the City's obligation to fund any reserve account, the printing of the Bonds and the incurring and paying of reasonable fees, costs and expenses incidental to the foregoing and other costs of issuance of the Bonds including, but not limited to fees and expenses of bond counsel, financial advisors, accountants, financial analysts and others, from Bond proceeds or other available funds, for and on behalf of the City.

(c) Except as otherwise provided herein, all determinations and decisions of the Finance Director with respect to the issuance and sale of the Bonds or the negotiation, execution or delivery of Interest Rate Exchange Agreements as permitted or required by this Resolution shall be confirmed by this Finance Director in a Sale Order or Sale Orders, and such confirmations shall constitute determinations that any conditions precedent to such determinations and decisions of the Finance Director have been fulfilled.

Section 905. Act 80 Approval of the Bonds. The Bonds shall neither be sold nor issued unless and only so long as the issuance of the Bonds as provided herein shall have been authorized and approved in accordance with the applicable provisions of Act 80.

Section 906. Approving Legal Opinions with Respect to the Bonds. Sale of the Bonds shall be conditioned upon receiving, at the time of delivery, the approving opinion of Bond Counsel, approving legality of the Bonds and, with respect to Bonds determined by the Finance Director to be issued on a tax-exempt basis, the exclusion from gross income of the interest paid thereon from federal and State income taxation only.

Section 907. Sale of Bonds/Good Faith Check. (a) The Bonds shall be sold by negotiated sale to the Underwriters as represented by the Representative, all as determined by the Finance Director in the Bond Purchase Agreement, at prices and on terms and conditions provided in the Bond Purchase Agreement approved by the Finance Director within the parameters established hereby, and confirmed by this Finance Director in the Sale Order. The reasons for choosing a negotiated sale instead of a competitive sale include the belief of Council based on recommendation of the Finance Director and the City's Financial Advisor that a negotiated sale will allow the Bonds to be offered to investors in the most efficient manner possible while also allowing sufficient flexibility to adjust to market structuring and timing demands in order to result in the lowest possible borrowing costs for the City. Sale may be on a forward delivery basis if determined by the Finance Director to be beneficial to the City, on the terms and conditions contained in the Bond Purchase Agreement.

(b) Subject to the foregoing, the Bond Purchase Agreement shall be dated the date of the sale of the Bonds. The Finance Director is hereby authorized and directed to execute the Bond Purchase Agreement for and on behalf of the City.

(c) The Finance Director is authorized to determine whether to require a good faith check from the Underwriters or in lieu thereof to require the Underwriters to pay liquidated damages to the City for the failure (other than as permitted by the Bond Purchase Agreement) to accept delivery of and pay for the Bonds.

Section 908. Delivery of Bonds. Subject to the approval of the Sale Order, the Finance Director is hereby authorized to deliver the Bonds to the Underwriters upon receiving the purchase price therefor in lawful money of the United States.

Section 909. Reserved.

Section 910. Official Statement. The Finance Director is hereby authorized to execute the Official Statement or other offering materials with respect to the Bonds in the form approved by him with such changes as the Finance Director may authorize. Such Official Statement or other offering materials to be used in conjunction with the sale or offering of the Bonds are hereby authorized to be print-

ed and used by the Underwriters in connection with the sale of the Bonds to the public. Circulation of the Preliminary Official Statement, if any, or other preliminary offering materials by the Underwriters is hereby approved.

Section 911. Appointment of Bond Counsel; Engagement of Other Parties. The appointment by the Finance Director of the law firm of Miller, Canfield, Paddock and Stone, P.L.C. of Detroit, Michigan, as Bond Counsel for the Bonds is hereby ratified and confirmed, notwithstanding the periodic representation by Miller, Canfield, Paddock and Stone, P.L.C., in unrelated matters of other parties and potential parties to the issuance of the Bonds. The fees and expenses of Miller, Canfield, Paddock and Stone, P.L.C. as Bond Counsel and other accumulated bond related fees and expenses shall be payable as a cost of issuance from proceeds of the Bonds or other available funds in accordance with the letter of such firm on file with the Finance Director.

The Finance Director is authorized to engage other consultants, financial advisors, or other parties as he deems necessary and appropriate in connection with the sale, issuance and delivery of the Bonds, and analysis and funding of the Accumulated Operating Deficit and to pay the fees and expenses thereof from the proceeds of the Bonds or other available funds.

Section 912. Preservation of Records. So long as any Bond remains Outstanding, all documents received by the Paying Agent under the provisions of this Resolution shall be retained in its possession and shall be subject at all reasonable times to the inspection of the City, and the Bondowners, and their agents and representatives, any of whom may make copies thereof.

Section 913. Parties in Interest. Nothing in this Resolution, expressed or implied, is intended or shall be construed to confer upon, or to give to, any person or entity, other than the City, the Paying Agent and the Owners of the Bonds, any right, remedy or claim under or by reason of this Resolution or any covenant, condition or stipulation hereof, and all covenants, stipulations, promises and agreements in this Resolution contained by and on behalf of the City or Paying Agent shall be for the sole and exclusive benefit of the City, the Paying Agent and the Bondowners.

All covenants, agreements and obligations of the City contained in this Resolution shall be deemed to be the covenants, agreements and obligations of the City and not of any councilperson, member, officer or employee of the City in his or her individual capacity, and no recourse shall be had for the payment of

the principal of or interest on the Bonds or for any claim based thereon or on this Resolution against any councilperson, member, officer or employee of the City or any person executing the Bonds in his or her official individual capacity.

Section 915. Notice of Limited Tax Full Faith and Credit Pledge. The City Council hereby expressly acknowledges and confirms that the Notice of the meeting at which this Resolution was considered for adoption contained the statement that the proposed Bonds will contain a limited tax full faith and credit pledge of the City as required by Section 308 of Act 34. The form of such notice is attached hereto as Exhibit B.

Section 916. Severability. If any one or more sections, clauses or provisions of this Resolution shall be determined by a court of competent jurisdiction to be invalid or ineffective for any reason, such determination shall in no way affect the validity and effectiveness of the remaining sections, clauses and provisions hereof.

Honorable City Council:

Re: Joelle Gwynn vs. City of Detroit.

Case No.: 02-206102-NO.

On May 24, 2004, the parties engaged in facilitative mediation and agreed to settle this matter for \$60,000.00, subject to City Council approval.

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in the memorandum. From this review, it is our considered opinion that a settlement in the amount of \$60,000.00 is in the interest of the City of Detroit. By accepting the settlement, plaintiff is waiving the right to a trial and is agreeing to release and waive all claims against the City. The amount of the settlement is fair, reasonable and prudent.

We, therefore, request you to authorize the settlement and to direct the Finance Director to issue his draft in the amount of Sixty Thousand Dollars (\$60,000.00) payable to Joelle Gwynn and her attorneys, Roy, Schecter & Vocht, P.C., to be delivered upon receipt of the properly executed Releases, and Order of Dismissal.

Re: Ronald Hooke and Christina Hooke

vs. City of Detroit. Case No.: 03-319567 NO. File No.: A19000.002649 (KAC).

On June 7, 2004, a case evaluation panel evaluated the above-captioned lawsuit and awarded One Hundred Fifty Thousand Dollars (\$150,000.00) in favor of Plaintiffs. The owner has paid the current taxes due as of April 20, 2004.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of six (6) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If

the building becomes open to trespass or if conditions of the deferral are not maintained, we will proceed with demolition without further hearings. Pursuant to the Property Maintenance Code our Municipal Civil Infractions (MCI) Unit will issue the appropriate violations/tickets.

**City Planning Commission**

June 3, 2004

Honorable City Council:

Re: Neighborhood Enterprise Zone (NEZ) Certificates for thirteen (13) units at 4221 Cass in the Midtown NEZ area (Recommend Approval).

The City Planning Commission (CPC) staff has received thirteen (13) applications for Neighborhood Enterprise Zone (NEZ) certificates in the Midtown NEZ. The NEZ designation for the area generally bounded by Hancock, Cass, Selden and the Lodge Freeway was approved by City Council on March 10, 1999. The City Planning Commission staff has reviewed the applications and recommends approval.

Certificates are being requested for the following addresses: 4221 Cass Avenue, Unit 1; 4221 Cass Avenue, Unit 2; 4221 Cass Avenue, Unit 3; 4221 Cass Avenue, Unit 4; 4221 Cass Avenue, Unit 5; 4221 Cass Avenue, Unit 6; 4221 Cass Avenue, Unit 7; 4221 Cass Avenue, Unit 8; 4221 Cass Avenue, Unit 9; 4221 Cass Avenue, Unit 10; 4221 Cass Avenue, Unit 11; 4221 Cass Avenue, Unit 12; 4221 Cass Avenue, Unit 13. The properties are within the NEZ boundaries described above and should be eligible for NEZ certificates as stipulated under State Public Act 147 of 1992 as currently written. Stuberstone Building L.L.C. plans to rehabilitate these residential units and sell them as condominiums. The true cash value of the units

ranges from \$18,838 to \$39,130. The true cash value of each unit is, therefore, less than the maximum stipulated by the State Act.

Stuberstone Building L.L.C. has applied for the certificates at this time, although buyers of the units have not been identified. The State Tax Commission, however, will not issue a certificate until each owner is identified. Once an owner is identified, he or she can apply for the certificated. At that time, it would not be necessary for the City Council to pass another resolution.

The CPC staff recommends that the thirteen (13) NEZ certificates for the properties indicated above are approved as submitted.

**Historic Designation Advisory Board**

June 16, 2004

Honorable City Council:

Re: Proposed Vernor-Springwells Historic District.

In accordance with your Honorable Body's direction from the table this morning, I am submitting herewith for your consideration a draft resolution directing the Historic Designation Advisory Board to conduct an official study of the proposed Vernor-Springwells Historic District, to include both sides of Vernor Avenue from Beard to Woodmere.

Your Honorable Body has indicated a desire to consider Interim Designation, as the petitioner has expressed concern that there might be demolition in the area in the near future. Therefore, I am also submitting a draft resolution of interim designation for your consideration.

Given the concerns expressed by the petitioner, if City Council adopts these resolutions a waiver of reconsideration might be appropriate.

Both the "reasonable grounds" required for the Council to direct a study and the "substantial evidence demonstrating ...significance" required for interim designation are satisfied by the fact that a substantial portion of the proposed local historic district is listed as an historic district in the National Register of Historic Places.

We will provide suggested names for appointment as *ad hoc* members of the Historic Designation Advisory Board within the next fourteen days.

Respectfully submitted,

WILLIAM M. WORDEN

Director

By Council Member Tinsley-Talabi:

Whereas, The City Council has received a request to designate the proposed West Vernor-Springwells area as an historic district, and

Whereas, The area to be studied is the proposed Vernor-Springwells Historic District, to include both sides of Vernor Avenue from Beard Street to Woodmere Avenue.

Whereas, The City Council finds that there are reasonable grounds for such a

request,

Now, Therefore, Be It Resolved, That the City Council hereby direct the Historic Designation Advisory Board to conduct studies to determine whether the proposed West Vernor-Springwells Historic District meets the criteria for historic designation and to issue appropriate reports.

Adopted as follows:

Yeas — Council Members Bates, S. Cockrel, Collins, Mahaffey, McPhail, Tinsley-Talabi, Watson, and President Pro Tem K. Cockrel, Jr. — 8.

Nays — None.

\*WAIVER OF RECONSIDERATION (No. 1) per motions before adjournment.

By Council Member Tinsley-Talabi:

Whereas, The City Council is in receipt of evidence demonstrating definite historic value in the proposed West Vernor-Springwells Historic District.

Whereas, The City Council has directed the Historic Designation Advisory Board to conduct studies to determine whether the West Vernor-Springwells Historic District meets the criteria for historic designation, and

Whereas, The City Council desires the Historic District Commission to review applications for building and demolition permits with the proposed West Vernor-Springwells Historic District, as provided in Section 25-2-4(c) of the 1984 Detroit City Code.

Now, Therefore, Be It Resolved, That the proposed West Vernor-Springwells Historic District is hereby designated as an Interim Historic District.

Adopted as follows:

Yeas — Council Members Bates, S. Cockrel, Collins, Mahaffey, McPhail, Tinsley-Talabi, Watson, and President Pro Tem K. Cockrel, Jr. — 8.

Nays — None.

#### RESOLUTION

By COUNCIL MEMBER WATSON:

WHEREAS, The National Urban League in a January, 2004 report found that double digit unemployment rates in the 14 months from late 2002 through 2003 were the worst labor market for African Americans in 20 years; and that, today, Black unemployment has remained above 10% for over three years, even as official statistics understate the actual number of adults without jobs.

WHEREAS, The report finds that the 2001 recession was hard on African American workers both in relation to earlier recessions and in relation to white workers, causing among other things, the median income of Black families to fall 3% from 2001 to 2003;

WHEREAS, Media coverage of today's unemployment crisis often showcases white men who have lost high-paying industrial or information-technology jobs. But, in fact recent job losses have hit black workers harder than white workers; black unemployment rose twice as fast as white unemployment in the last recession. ## STATEMENT BY COUNCIL MEMBER S. COCKREL IN SUPPORT OF ORDINANCE TO AMEND CHAPTER 18, ARTICLE V OF THE 1984 DETROIT CITY CODE ENTITLED SLAVERY ERA RECORDS AND INSURANCE DISCLOSURE ORDINANCE

On Wednesday June 23, 2004, I voted yes on the ordinance referenced above. It is my belief that the economic disparity that was induced by slavery in an underlying cause of many contemporary challenges faced by African-Americans. Reparations are one tool that may be used to accomplish the goal of ameliorating the ugly legacy of economic disparity in the United States. It has been my longstanding position that as a matter of public policy, there should be restorative economic justice for African-Americans through a national apology for slavery and a reparations policy implemented through appropriate federal programs.

My yes vote on this ordinance solidifies my belief that the City of Detroit can play a part in creating a meaningful dialogue concerning reparations by requiring full and honest disclosure of slavery era

records by the vendors with whom it does business.

However, it is also my opinion that this ordinance suffers from several critical shortcomings. I have three areas of concern with how the amendment was drafted:

- The amendment does not state with specificity whether this ordinance will be applied retroactively.
- This amendment does not provide an exemption for individuals with personal service contracts with the City.
- This amendment does not clearly state how a contractor who is in breach of the amendment can cure the breach.

In addition to these specific concerns, I am generally concerned that as a whole this document may be invalid on its face because it is overbroad. As a result of the aforementioned limitations, I am concerned that this ordinance may not withstand a judicial challenge, should one be filed.

For the reasons stated above I have voted yes, with reservations on this ordinance on June 23, 2004.

**STATEMENT BY COUNCIL MEMBER  
BARBARA ROSE-COLLINS AND  
PRESIDENT MARYANN MAHAFFEY  
REGARDING AN ORDINANCE  
TO AMEND 1984 CITY CODE CALLED  
THE "SLAVERY ERA RECORDS  
AND INSURANCE DISCLOSURE"  
ORDINANCE**

The "Slavery Era Records and Insurance Disclosure" ordinance would amend the 1984 Detroit City Code by requiring potential vendors to disclose via an affidavit any slavery era profits prior to being awarded a contract with the City of Detroit.

Many have inappropriately labeled this ordinance as a reparations ordinance by inferring that by disclosing any ties or profits during the slavery era would constitute reparations.

This ordinance only requires vendors to disclose to the best of their ability any profits resulting from slavery. The City of Detroit does not have the authority to authorize reparations to any citizen. Furthermore, I believe the matter of reparations is one of national importance and deserves further study by Congress. Reparations were promised and America should pay.

For those who are critical of the ordinance have often sighted that there is no line of sight to those whom committed the atrocities and benefited from slavery to those whom may now be required to pay.

I submit to those critics that if they supported Congressman Conyers House Resolution that would study the issue of reparations America would have a clearer sense of who may be required to pay. I would suggest that if and when the feder-

al government decided that reparations were necessary that a team of Forensic Accountants be hired to trace directly to those whom have profited directly from slavery.

Forensic Accounting is the integration of accounting, auditing and investigation that allows for the accurate tracing of assets and property. This method of accounting has been instrumental in aiding the quest for reparations by Holocaust survivors and their families.

It has been quite a long time since African Americans were promised 40 acres and a mule, this ordinance only provides for the beginning of that process by requiring full disclosure. It is my hope that every city in America adopts similar ordinances. I am reminded of an old Chinese proverb that says, "A journey of thousand miles begins with the first step". I hope, my colleagues that we may begin together.

**STATEMENT  
BY COUNCIL MEMBER KAY EVERETT  
REGARDING THE SLAVERY ERA  
RECORDS AND INSURANCE  
DISCLOSURE ORDINANCE**

I voted for the ordinance to mandate businesses to declare any connections with the slave trade because it is the right thing to do. After long thought and deliberation, I think that these companies should be identified. This ordinance does not prohibit the companies from doing business with the City of Detroit. Over 95% of the companies that engage in business with the City of Detroit will not have any connection to the slave trade. Plus, this ordinance will not slow down the procurement process.

The Slave Trade in the United States of America was one of the worst travesties in history. The effects of slavery still linger today. A lot of information about slavery has been depressed, and I believe that all the factual information should be exposed.

Re: Address: 10042 Elmira. Name: Ulysses Martin. Date ordered removed: September 3, 2003 (J.C.C. p. 2662).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on May 25, 2004 revealed the building is secured and appears to be sound and repairable.

The owner has entered into an approved Tax Payment Plan to pay the current taxes due as of May 21, 2004.

The proposed use of the property is rehabilitation and rental.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we will proceed with demolition without further hearings. Pursuant to the Property

Re: Applications for eight (8) Neighborhood Enterprise Zone (NEZ) Certificates in the East Grand Boulevard area (Recommend Approval).

The City Planning Commission (CPC) staff has received eight (8) applications for Neighborhood Enterprise Zone (NEZ) certificates in the East Grand Boulevard NEZ area. The NEZ designation for the area generally bounded by Woodward, the Chrysler Freeway, East Baltimore, Milwaukee and Horton was approved by the City Council on April 30, 2003. The City Planning Commission staff has reviewed the applications and recommends approval.

NEZ Certificates are being requested for the following addresses: 443 E. Milwaukee, 445 E. Milwaukee, 447 E. Milwaukee, 449 E. Milwaukee, 451 E. Milwaukee, 453 E. Milwaukee, 457 E. Milwaukee, and 459 E. Milwaukee. The properties are within the NEZ boundaries described above and should be eligible for NEZ certificates as stipulated under State Public Act 147 of 1992 as currently written. Landsberg Holdings, L.L.C., plans to rehabilitate the eight properties described above and sell them as condominiums. According to the petitioner, the condominiums would sell for between

\$160,000 and \$300,000. The current true cash value of each unit ranges from \$5,535 to \$6,985, well below \$80,000 maximum true cash value per unit mandated by the State Act.

Landsberg Holdings, L.L.C. has applied for the certificates at this time, although buyers of the units have not been identified. The State Tax Commission, however, will not issue a certificate until each owner is identified. Once an owner is identified, he or she can apply for the certificate. At that time, it would not be necessary for the City Council to pass another resolution.

The CPC staff, therefore, recommends that the eight (8) certificate applications indicated above be approved as submitted.

Re: Neighborhood Enterprise Zone (NEZ) Certificate Applications for 2556-2560 and 2228 Marlborough in the Far East Side Area (Recommend Approval).

The City Clerk's Office forwarded to this office applications from Initia Brown and Aaronetta Sanders for Neighborhood Enterprise Zone (NEZ) certificates for 2556-2560 Marlborough and from Mary Henning for 2228 Marlborough, within the Far East Side NEZ.

The Far East Side NEZ was approved by City Council on September 18, 2002. The petitioners are proposing to rehabilitate an owner-occupied duplex and a single family home.

The subject properties are confirmed as being within the boundaries of the NEZ and should be eligible for NEZ certificates under State Act 147 of 1992 as currently written. It appears that the request for certificates has been filed prior to construction, as the State Act requires. The 2003 True Cash Value of 2556-2560 Marlborough was \$22,134 and 2228 Marlborough was \$13,052, both well below the \$80,000 per unit maximum allowed by the State Act.

The properties located at 429-431 E. Ferry (units #8 and #9) and 430 E. Ferry have been confirmed as being within the boundaries of the NEZ and should be eligible for NEZ certificates under State Act 147 of 1992 as currently written. The year 2002 tax record for 429-431 E. Ferry shows a true cash value of \$2,400 for the entire property, which translates into \$1,200 per unit. This is well below the maximum eligible true cash value of \$80,000 per unit.

The owner and applicant, East Ferry L.L.C., intends to conduct the necessary repairs and improvements in order to repair the two existing units and convert them to condominiums. The estimated investment by the owner is \$150,000 per unit, which exceeds the minimum amount required for eligibility for an NEZ certificate. The estimated investment in new construction is \$300,000 at the 430 E. Ferry address. The NEZ certificate applications appear to have been submitted prior to the issuance or application for building permits to do the work presently proposed by the developer.

Please contact us should you have any questions.

Honorable City Council:

Re: Establishment of the Six Oaks Neighborhood Enterprise Zone as Requested by Urban Entity Group, LLC (UEG).

Attached for your consideration please find a resolution and legal description which will establish the above referenced Neighborhood Enterprise Zone (NEZ) in accordance with Public Act 147 of 1992 ("the Act").

Your Honorable Body conducted a public hearing on this matter on May 4, 2004, as required by the Act. No impediments to the establishment of the NEZ were presented at the public hearing.

As you may recall the Urban Entity Group, LLC (UEG) proposes to invest \$5,500,000 to construct 72 new single-family homes. The homes will consist of 3 and 4 bedroom configurations ranging from 1400 to 1600 square feet.

The Act requires that at least 60 days must pass from the date of the notice of the public hearing to the date of your formal approval of a resolution establishing the NEZ. The date of the notice of the public hearing is April 13, 2004 and we therefore recommend that you approve the resolution at your regular formal session of Wednesday, June 16, 2004.

Respectfully submitted,

HENRY B. HAGOOD

Direct of Development Activities

By Council Member Tinsley-Talabi:

Whereas, Michigan's Public Act 147 of 1992, the Neighborhood Enterprise Zone Act ("the Act") provides for the establishment of Neighborhood Enterprise Zones (NEZs), the exemption from *ad valorem* taxes, and the imposition of a specific property tax in lieu of *ad valorem* real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in others; and

Whereas, The Detroit City Council has found the establishment of the Six Oaks NEZ to be consistent with the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Whereas, The Detroit City Council has adopted a statement of goals, objectives

and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed NEZs; and

Whereas, The Detroit City Council has enacted a housing inspection ordinance requiring that before the sale of a unit in a new or rehabilitated facility for which an NEZ Certificate is in effect, an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

Whereas, The Act requires that the designation of NEZs must be approved by a resolution adopted by the local governmental unit subsequent to a public hearing at which any taxpayer or resident, or representative of any taxing authority levying a property tax in the City of Detroit, was given the opportunity to address the requested establishment of an NEZ; and

Whereas, A public hearing on the issue of establishing the Six Oaks NEZ was conducted before the Detroit City Council on May 4, 2004, with notice of the public hearing having been given to the general public and by certified mail to every taxing authority levying a property tax with the City of Detroit; and

Whereas, No impediments to the establishment of the Six Oaks NEZ are

known;

Now Therefore Be It

Resolved, That the land area described in the attached legal description, and shown on the attached map, is hereby established as the Six Oaks NEZ pursuant to Public Act 147 of 1992, the Neighborhood Enterprise Zone Act.

**Water and Sewerage Department**

June 9, 2004

Honorable City Council:

Re: Petition No. 2606. Vacation of Sewer Easement in the Area bounded by Beniteau, Kercheval, Defer and East Jefferson Avenue.

The Petitioner has requested the vacation of the sewer easement in the area bounded by Beniteau, Kercheval, Defer and East Jefferson and abandonment of the sewer located therein. The sewer easement was retained when the alley was vacated in 1927 (J.C.C., May 24, 1927, Page 664).

The sewer located in the easement is possibly used for catch basin drainage of the adjacent streets. However, the Detroit Water and Sewerage Department (DWSD) has no objections to the vacation of the sewer easement provided that the Petitioner relocate the street drainage if necessary. The work is to be done under DWSD's permit and inspection, as well as in accordance with plans approved by DWSD. All of the work is to be done at the Petitioner's expense and at no cost to DWSD.

We, therefore, recommend that the Petition be granted in accordance with the attached resolution. After the City Council has acted on the Petition, please send a copy of the City Council resolution to the attention of Mr. Bharat Doshi, Head Engineer of Water Systems, Detroit Water and Sewerage Department, 735 Randolph Street, 14th Floor, Detroit, Michigan 48226.

Provided, That the Detroit Water and Sewerage Department (DWSD) be and is hereby authorized to review the drawings for the sewer alterations and to issue a permit to the Petitioner (No. 2606) for the construction of the sewer alterations required for the vacation of the easement, and further

Provided, That the plans for the sewer alterations shall be prepared by a Registered Engineer, and further

Provided, That the entire work is to be performed in accordance with plans and specifications approved by DWSD and constructed subject to the inspection and approval of DWSD, and further

**RESOLUTION IN SUPPORT OF SENATE BILL 1130**

By ALL COUNCIL MEMBERS:

WHEREAS, A bill has been introduced in the Senate of the State of Michigan that would amend Public Act 361 of 1978, entitled "Michigan exposition and fairgrounds act"; and

WHEREAS, Such bill, if enacted would transfer the responsibility for administration of the state exposition and fairgrounds to the Michigan Department of Management and Budget through an Authority; and

WHEREAS, It is contemplated that the Authority will be governed by the Authority Board that will be composed of the Directors of the Department of Management and Budget, the Department of Natural Resources and the Department of Agriculture in addition to nine (9) members appointed by the Governor with the consent of the Michigan Senate; and

**RESOLUTION TO ESTABLISH THE DETROIT CITY COUNCIL SKILL TRADES TASK FORCE**

By COUNCIL MEMBER BATES, Joined by ALL COUNCIL MEMBERS:

WHEREAS, Despite decades of steady improvement in the economic and social conditions for many African American citizens, there has been significant deterioration for many African American families since the late 1970's; and

WHEREAS, The poverty rate for African Americans is triple the rate of nearly all other Americans; with one of every three African Americans now living in poverty. The only certain way to move out of poverty is with access to a proper education and the ability to earn a sustainable and living wage income; and

WHEREAS, Since the arrival of Africans to America in 1619, there has been one thing consistent in the culture, that being work. For nearly 300 years Africans performed much of the critical work, both skilled and unskilled labor through the American institution of slavery. With the end of slavery many Blacks moved to the North with the promise of a better life and opportunity; and

WHEREAS, Upon arrival to the cold winds of the Northern cities, African Americans were greeted with the same prejudices, hatred and disrespect they had lived and died with in the South. The differences being that this hatred was based in the fact that newly free Blacks were competing for the same jobs as free whites. The organized skilled trades groups of white workers, commonly known as "unions" used intimidation in the same way as used in the south during slavery to keep Black workers from gainful employment. When the organized immigrant workers began to strike for better wages, free Blacks were used as strikebreakers, instituting a vicious cycle of hostility amongst laborers seeing the

same opportunities. With the result being increased violence, injury and sometimes death that Black trade and labor workers had to overcome for the sake of gainful employment.

WHEREAS, In 2004 the largest skilled trades union in the country, making up of 75% of all construction work done, is the Carpenter's union. With over 11,000 members in the State of Michigan, the Carpenter's union has only 530 members from the City of Detroit. Out of 2,200 jobs located within the city limits of Detroit, 97% of those jobs were awarded to non-residents of the City of Detroit. Unfortunately these numbers are constant across all skilled trades unions and the related contractual awards; and

WHEREAS, The failure of Black workers to access local employment opportunities in the skilled trades is an issue and problem that was recognized by two former Mayors. Both the Honorable Coleman A. Young and Dennis W. Archer created and amended Executive Order 22 in an attempt to ensure Detroit resident participation for "any construction project funded in whole or in part by City funds, the worker hours shall performed by not less than 50% of bona fide Detroit residents. But there continues to be a failure for access and opportunity in the skilled trades for Blacks and Detroit residents in general, given the statistical information which demonstrate that the objectives of Executive 22 are not being met.

NOW THEREFORE BE IT

RESOLVED, That Council Member Alonzo W. Bates hereby establishes the Detroit City Council's 21st Century Skilled Trades Task Force to specifically examine and find effective solutions for addressing the absence of the Black and Detroit Resident worker in the skilled trade work force and the related unions. The purpose of this task force will be to find effective and immediate ways to achieve the goals of Executive Order 22, and to develop public and private opportunities for increasing diverse and Detroit resident skilled trades workforce; and

BE IT FURTHER

RESOLVED, That the Task Force shall convene its first meeting on the earliest available date set by the clerk with invitations to participate to be sent to representatives of the Governor, the Mayor, and Wayne County Executive, List all of the skilled trades unions, Association of General Contractors, The area Automotive Companies (including Mazda and Volkswagon), the Detroit Black Chamber of Commerce the council for skilled trades, Detroit NAACP, Detroit RainbowPUSH, Detroit SCLC, Detroit Urban League, Donald Boggs, Ernie Lofton, Marc Stepp, Metropolitan AFL-CIO, Dr. Reid at Wayne State University,

Dr. Ivory at WC3, Women In Construction organization Jane Garcia from SER, DPS/Randolph Voc director, and FocusHOPE.

Adopted as follows:

Yeas — Council Members Bates, S. Cockrel, Collins, Everett, McPhail, Tinsley-Talabi, Watson, and President Mahaffey — 8.

Nays — None.

On June 8, 2004, a case evaluation panel evaluated the above-captioned lawsuit and awarded Fifteen Thousand Dollars (\$15,000.00) in favor of Plaintiff. On September 28, 2001, your Honorable Body approved a settlement in the amount of Twenty-Nine Thousand Five Hundred Dollars (\$29,500.00), payable to Diane Johnston, the claimant. #### City of Detroit

#### Brownfield Redevelopment Authority

June 25, 2004

Honorable City Council:

Re: 1001 Woodward Brownfield Plan.

The enclosed Brownfield Plan for 1001 Woodward (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "Authority") to the Community Advisory Committee (the "Committee"), has been considered and reviewed by the Committee and a public hearing was held by the Authority on June 10, 2004 to solicit public comments. At its June 2, 2004 meeting, the Committee considered and approved a resolution recommending approval of the Plan by the Authority and City Council in the form presented by the Authority.

On June 25, 2004, the Authority adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

#### Project Introduction

The DBRA is working with Triangle Land, LLC on the redevelopment of 5 parcels bordered by Michigan Avenue to the south, Woodward Avenue to the east and State Street to the north and a public alley to the west, and located directly across Woodward Avenue from the Compuware facility. The five parcels contain buildings used primarily for office and retail purposes.

The project entails demolition of several vacant buildings, which will be replaced with a multi-level parking garage development with first floor retail space and the redevelopment of the adjacent office building. The parking structure will contain approximately 550-650 parking spaces and 16,000-18,000 square feet of retail space fronting Woodward Avenue. Remediation and renovation of office building space may include conversion of office suites into residential condominium units.

#### **Purpose of the Proposed Plan**

The proposed Plan is intended to accomplish two purposes. First, upon approval of this Plan by City Council, Triangle Land, L.L.C. will be entitled under state law to seek the approval of the Michigan Economic Growth Authority or the State Treasurer for a single business tax credit for up to 10% of their eligible capital investment in their project. Second, the Detroit Brownfield Redevelopment Authority will be authorized to capture tax increment revenues produced from the development of properties subject to this Plan to offset the cost to Triangle Land, L.L.C. for environmental, infrastructure and site preparation work performed on the property subject to the Plan.

#### **Basis of Eligibility**

The property is considered to be "eligible property" as defined by Act 381, Section 2 because the parcels are (a) currently used for commercial purposes, (b) located in a qualified local government unit, and (c) are functionally obsolete and/or blighted or are adjacent or contiguous to parcels that are functionally obsolete and/or blighted.

#### **Projected Costs**

The proposed plan anticipates that approximately \$34,900,000 will be invested at the site. The Developer has submitted a Brownfield Plan that requests TIF reimbursement of eligible environmental and site prep costs totaling \$5,669,500. DBRA Administrative Costs of \$1,376,125 and \$5,801,632 for its revolving loan fund. The current estimates are that taxes will be captured through tax levies through 2026, not including five years of tax capture for the Local Site Remediation Revolving Fund. The Property is within the Downtown Development Authority ("DDA") district and the Developer plans to seek approval of an Obsolete Property Rehabilitation Act ("OPRA") district, which would encompass the entire 1001 Woodward building and also a Neighborhood Enterprise Zone ("NEZ") designation for the residential (upper) floors of the building. The effect of those planned tax abatements on the DBRA TIF capture has been taken into account in Attachment C of the Brownfield Plan.

Attached for your review is the

Brownfield Plan for this project (Table 1 identifies each taxing jurisdiction estimated obligation). This project and plan has been reviewed and is supported by the Planning & Development Department. The plan has been submitted to the Chief Financial Officer for the City of Detroit and received verbal support from MEDC.

#### **Public Comments Received**

The Committee's communication to the City Council and the Authority, dated June 2, 2004 (Exhibit C), recommending approval of the Plan, including the minutes of the Public Hearing held by the Authority on June 10, 2004, are enclosed for City Council's consideration.

#### **Authority's Request**

The Authority is respectfully requesting the following actions from the City Council:

##### a) **June 30, 2004**

Honorable City Council:

Re: Mack Alter North Amended and Restated Brownfield Plan.

The enclosed Amended and Restated Brownfield Plan for Mack Alter North (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "Authority") to the Community Advisory Committee (the "Committee"), has been considered and reviewed by the Committee and a public hearing was held by the Authority on June 10, 2004 to solicit public comments. At its June 2, 2004 meeting, the Committee considered and approved a resolution recommending approval of the Plan by

the Authority and City Council in the form presented by the Authority.

On June 25, 2004, the Authority adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

#### **Introduction**

The DBRA approved a Brownfield Plan for Mack Alter North (the "Plan") that was subsequently approved by the Detroit City Council on September 11, 2002. The Original Plan contemplated the redevelopment of the Wow Site Property and the Spec Site Property for commercial and retail use by East Side Land, Inc. and Mack Alter, LLC (the "Developer"). It is necessary to amend the Original Plan to authorize additional eligible activities to be funded by tax increment revenues captured by the Authority, to revise estimates of costs for certain eligible activities as they relate to the Wow Site Property and to revise estimates of captured taxable value or tax increment revenues. This First Amended and Restated Brownfield Plan for the Northwest Side of Mack and Alter Redevelopment Project (the "Amendment") restates certain sections of the Original Plan as they apply to the Wow Site Property to conform with the requirements of Act 381.

#### **Amended Provisions**

The parcels that comprise the eligible property consist of the same parcels and addresses as described in the Original Plan as approved in accordance with Act 381.

#### **Summary of Eligible Activities and Description of Costs**

The "eligible activities" that are intended to be carried out at the Wow Site Property are considered "eligible activities" as defined by Sec 2 of Act 381, because they include Baseline Environmental Assessment activities, due care activities, additional response activities, demolition and lead and asbestos abatement and site preparation. A summary of the eligible activities and the estimated cost of each eligible activity intended to be paid for with Tax Increment Revenues from the Wow Site Property total \$407,300 for eligible activities, \$80,398 for DBRA administrative expenses and \$48,290 for interest contingency

as allowed by law.

Attached for your review is the Brownfield Plan for this project (Table 1 identifies each taxing jurisdiction estimated obligation). This project and plan has been reviewed and is supported by the Planning & Development Department. The plan has been submitted to the Chief Financial Officer for the City of Detroit and received verbal support from MEDC.

The proposed project has been presented to the City of Detroit's Planning and Development Department ("P&DD"). A letter of support for the project from P&DD is included in this packet. The project has received a verbal approval of an NOI from MEDC.

Re: Mack Alter South Amended and Restated Brownfield Plan.

The enclosed Amended and Restated Brownfield Plan for Mack Alter South (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "Authority") to the Community Advisory Committee (the "Committee"), has been considered and reviewed by the Committee and a public hearing was held by the Authority on June 10, 2004 to solicit public comments. At its June 2, 2004 meeting, the Committee

considered and approved a resolution recommending approval of the Plan by the Authority and City Council in the form presented by the Authority.

On June 25, 2004, the Authority adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

**Introduction**

The DBRA approved a Brownfield Plan for Mack Alter South (the "Plan") that was subsequently approved by the Detroit City Council on February 26, 2003. The Original Plan contemplated the redevelopment of the eligible property for commercial and retail use by East Side Land, Inc. and Mack Alter, LLC (the "Developer"). Pursuant to Section 14 of Act 381, and in order to proceed with additional elements of the projects outlined in the Original Plan, it is necessary to amend the Original Plan to apply to additional eligible properties, authorize additional eligible activities to be funded by tax increment revenues captured by the Authority, to revise estimates of costs for certain eligible activities as they relate to the eligible property and to revise estimates of captured taxable value or tax increment revenues.

This First Amended and Restated Brownfield Plan for the Southwest Side of Mack and Alter Redevelopment Project (the "Amendment") restates certain sections of the Original Plan as they apply to the eligible property to conform with the requirements of Act 381, but does not repeal or abrogate any provision of the Original Plan not specifically amended herein (The Original Plan as amended by this Amendment is hereafter referred to herein as the "Plan").

**Amended Provisions**

The property comprising the eligible property consists of 60 parcels. All of the parcels (including the parcels contained in the Original Plan and those being added by the Amendment) are either blighted or adjacent and contiguous to a parcel that is blighted. The parcels and all tangible personal property located thereon will comprise the eligible property. All properties are identified in the Plan attachments.

**Summary of Eligible Activities and**

### **Description of Costs**

The "eligible activities" that are intended to be carried out at the Property are considered "eligible activities" as defined by Sec 2 of Act 381, because they include Baseline Environmental Assessment activities, due care activities, additional response activities, demolition and lead and asbestos abatement and site preparation. Estimated cost of eligible activities totals \$1,124,000. This Plan anticipates the capture of tax increment revenues to reimburse the Developer for the costs of eligible activities under this Plan in accordance with the Reimbursement Agreement.

Attached for your review is the Brownfield Plan for this project (Table 1 identifies each taxing jurisdiction estimated obligation). This project and plan has been reviewed and is supported by the Planning & Development Department. Honorable City Council:  
Re: Lombardo Heritage Amended and Restated Brownfield Plan.

The enclosed Brownfield Plan for the Amended and Restated Lombardo Heritage (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "Authority") to the Community Advisory Committee (the "Committee"), has been considered and reviewed by the Committee and a public hearing was held by the Authority on June 10, 2004 to solicit public comments. At its June 2, 2004 meeting, the Committee considered and approved a resolution recommending approval of the Plan by the Authority and City Council in the form presented by the Authority.

On June 25, 2004, the Authority adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

**Project Introduction**

On October 23, 2001, the DBRA approved a Brownfield Plan for Lombardo Heritage (the "Plan"). The Plan was subsequently approved by the Detroit City Council on November 30, 2001. Under the Plan, Lombardo Heritage, L.L.C. (the "Developer") is developing 126 market rate condominium townhouses (the "Project"), on a 10.6 acre parcel located in an area bounded by the Riverbend I and II retail centers on East Jefferson to the North, Freud Street to the South, Drexel Avenue to the West and Newport Street to the East.

**Amended Provisions**

The Project was intended to be developed in two phases. During the State approval process, it was determined that the SBT tax credit cannot be issued in phases, and that the Developer had to wait until the completion of both phases of the Project. Consequently the Developer, with concurrence from the State, is submitting the First Amended and Restated Brownfield Plan for Lombardo Heritage, L.L.C., which in fact divides the existing single parcel of eligible property into two separate eligible properties so that two separate projects can be completed on separate timetables for separate SBT

credits for each project.

**Public Comments Received**

The Committee's communication to the City Council and the Authority dated June 2, 2004 (Exhibit C), recommending approval of the Plan, including the minutes of the Public Hearing held by the Authority on June 10, 2004, are enclosed for City Council's consideration.

### City of Detroit

#### Brownfield Redevelopment Authority

June 25, 2004

Honorable City Council:

Re: E&B Brewery Project Brownfield Plan.

The enclosed Brownfield Plan for the E&B Brewery (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "Authority") to the Community Advisory Committee (the "Committee"), has been considered and reviewed by the Committee and a public hearing was held by the Authority on June 10, 2004 to solicit public comments. At its June 2, 2004 meeting, the Committee considered and approved a resolution recommending approval of the Plan by the Authority and City Council in the form presented by the Authority.

On June 25, 2004, the Authority adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine

whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

#### **Project Introduction**

The E&B Brewery project will entail a complete renovation of the 1891 E&B Brewery building that manufactured beer until the 1960's. E&B Brewery Lofts, Inc. ("Developer"), a Michigan corporation, is the project developer. The site, built over multiple phases starting in 1891, was originally the home of the E&B Brewery which manufactured beer until the 1960s. Shortly after the building closed in the 1960s, a former E&B Brewery employee purchased the building from the company and illegally converted the first four floors into very large loft apartments with no investment in life safety systems, proper means of egress or other residential requirements.

The current owner, since purchasing the building, has attempted to bring the building up to code. The project has been reviewed and approved with conditions by the Buildings Safety and Engineering Department's loft review committee and the Developer has diligently worked to bring the building into compliance. Unfortunately unanticipated costs, particularly with a new fire suppression system, have halted major construction as the Developer searches for additional resources.

The project will convert this nine story former brewery into approximately 36 residential units and approximately 2,000 square feet of commercial space with a total eligible investment of \$4,200,000. A second phase is planned in which a new construction addition will be created on the roof of the 6th floor for an additional 4 units. The condominiums will be market-rate. The Developer has applied for a Neighborhood Enterprise Zone district to include the property.

#### **Purpose of the Proposed Plan**

The proposed Plan is intended to accomplish the following purpose. Upon approval of this Plan by City Council, E&B Brewery Lofts, Inc. will be entitled under State law to seek the approval of the Michigan Economic Growth Authority or the State Treasurer for a single business tax credit for up to 10% of their eligible capital investment in their project.

#### **Basis of Eligibility**

The Property is considered "eligible property" as defined by Act 381, Section 2 because (a) the Property was previously utilized for commercial purposes; (b) it is located within the City, a qualified local governmental unit; and (c) the Property is determined to be "functionally obsolete" as defined by Act 381.

The Property qualifies as "functionally obsolete" under the definition in Act 381 because it cannot be used to adequately perform the manufacturing function for

which it was intended. A functionally obsolete determination was made by the City of Detroit Assessor's Office and is attached to the Brownfield Plan.

The "eligible activities" that are intended to be carried out at the Property are considered "eligible activities" as defined by Sec 2 of Act 381, because they include underground storage tank removal, demolition and lead and asbestos abatement.

The proposed project has been presented to the City of Detroit's Planning and Development Department ("P&DD"). A letter of support for the project from P&DD is included in this packet. The project has received a verbal approval of an NOI from MEDC.

**Public Comments Received**

The Committee's communication to the City Council and the Authority, dated June 2, 2004 (Exhibit C), recommending approval of the Plan including the minutes of the Public Hearing held by the Authority on June 10, 2004, are enclosed for the City Council's consideration.

**Authority's Request**

The Authority is respectfully requesting the following actions from the City Council:

a) **June 30, 2004**

Honorable City Council:

Re: Address: 14036 Burgess. Name: Joy Lopresti. Date ordered removed: February 21, 2001 (J.C.C. p. 565).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on June 10, 2004 revealed the building is secured and appears to be sound and repairable.

The owner has entered into an approved Tax Payment Plan to pay the current taxes due as of September 5, 2001.

The proposed use of the property is rehabilitation and sale.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. A permit for rehabilitation work shall be obtained within 30 days.

2. The building shall be maintained securely barricaded until rehabilitation is complete. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection

3. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

4. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we will proceed with demolition without further hearings. Pursuant to the Property Maintenance Code our Municipal Civil Infractions (MCI) Unit will issue the appropriate violations/tickets.

Honorable City Council:

Re: Neighborhood Enterprise Zone (NEZ) Certificate Applications for 2648, 2659-2661 and 2654 Marlborough in the Far East Side Area (Recommended Approval).

The City Clerk's Office forwarded to this office applications from Herrel Bonner for Neighborhood Enterprise Zone (NEZ) certificates for 2648, 2659-2661 and 2654 Marlborough, within the Far East Side NEZ.

The Far East Side NEZ was approved by City Council on September 18, 2002. The petitioner is proposing to rehabilitate single-family homes.

The subject properties are confirmed as being within the boundaries of the NEZ

and should be eligible for NEZ certificates under State Act 147 of 1992 as currently written. It appears that the request for certificates has been filed prior to construction, as the State Act requires. The 2003 True Cash Value of the properties is well below the \$80,000 per unit maximum allowed by the State Act.

The City Planning Commission staff, therefore, recommends approval of the requested certificates in the Far East Side NEZ. Please contact Mr. Gregory Moots of my staff at 224-2110 with any questions.

Honorable City Council:

Re: Petition from ArvinMeritor for Extension of Time for Completion of Project for which Tax Abatement has been Approved under Public Act 198 of 1974.

In 2001 ArvinMeritor applied for tax abatement under Public Act 198 of 1974 ("the Act") for an investment of \$28,000,000+ in the construction and equipping of a production facility and a technology center at 6401 W. Fort Street. Your Honorable Body approved the application, as did the State Tax Commission, which issued Industrial Facilities Exemption Certificate (IFEC) 2001-508, which officially qualified the Company's investment for tax abatement.

The Act stipulates that a tax abatement recipient is granted a two-year "construction period" during which the investment receiving tax abatement should be completed. The construction period for the Arvin Meritor project expired December 31, 2003.

The company has advised us that, although the production facility was completed on time, completion of the 95,000 square foot technology center was delayed due to harsh weather and deteriorating economic conditions, and as a consequence some of the investment had not been completed by the end of 2003. The company has petitioned for a one-year extension of time for completion of its investment.

Rule 53 of the Administrative Rules of the State Tax Commission provides that such petitions may be approved by the local government, and must be approved by the local government if the tax abatement recipient is to have the standing to request a revised IFEC from the State Tax Commission.

We strongly recommend that your Honorable Body give approval to ArvinMeritor's request, including a one-year extension of the ending date of the IFEC. At the time it submitted its application of tax abatement, ArvinMeritor's investment in its Detroit production facility was associated with 273 jobs being created, or relocated from Brighton to Detroit, and in fact the production facility now employs 280 people, with 80% of the newly created jobs being held by Detroit residents. The completion of the technology center is associated with the relocation of 200 executives and administrative staff from ArvinMeritor's World Headquarters in Troy. Thus the company will exceed by a wide margin the job commitment made at the time the Company applied for tax abatement. The technology center will serve as North American Headquarters for ArvinMeritor's Light Vehicle Systems business.

A resolution consenting to a one-year extension of the IFEC's construction period, and a one-year extension of the

IFEC's ending date, is attached for your consideration.

Respectfully submitted,

HENRY B. HAGOOD

Director of Development Activities

By Council Member Watson:

Whereas, Michigan's Plant Rehabilitation and Industrial Development Districts Law (Public Act 198 of 1974) ("the Act"), as amended, provides for the establishment of Plant Rehabilitation Districts and Industrial Development Districts, and the exemption from certain taxes for facilities located within each District through the issuance of Industrial Facilities Exemption Certificates (IFECs), for the purpose of assisting industrial enterprises in locating, constructing, improving, or expanding facilities in Michigan; and

Whereas, The Detroit City Council and the Mayor gave approval to ArvinMeritor's application for an IFEC in order to assist the company in the construction and equipping of a production facility and a technology center at 6401 W. Fort Street in Detroit; and

Whereas, The Michigan State Tax Commission considered the application, and, with the concurrence of the Michigan Department of Commerce issued IFEC No. 2001-508 for the company's project; and

Whereas, The company estimated that it would be able to complete its project within the normal two-year "construction period"; and

Whereas, ArvinMeritor was able to complete its production facility within the construction period, but harsh weather and deteriorating economic conditions delayed completion of the technology center; and

Whereas, The Administrative Rules of the State Tax Commission provide for an extension of the construction period, and for an extension of the ending date of the IFEC; and

Whereas, As a precondition for amending an IFEC to include approval of an extension of time for completion of a project, and for an extension of the ending date of the IFEC, the Administrative Rules of the Michigan State Tax Commission require that requests for extensions from an IFEC holder be accompanied by a resolution from the local government approving such extensions; and

Whereas, The Detroit City Council, aware of the benefits to Detroit and its residents as a result of ArvinMeritor's Investment and job relocation/creation, desires that Arvin Meritor receive the maximum possible tax abatement benefit available under the Act;

Now Therefore Be It

Resolved, The Detroit City Council hereby gives its approval to a one-year extension of time for ArvinMeritor to complete the project which is the subject of

IFEC No. 2001-508, and to a one-year extension of the ending date of the IFEC.

Re: Public Hearing on the Establishment of the Woodward/Michigan Neighborhood Enterprise Zone As Requested by the Milestone Realty Services, Inc. in Accordance with Public Act 147 of 1992.

The Planning & Development Department and the Finance Department have reviewed the Master Plan and the neighborhood preservation and development goals of the City, and find that establishment of the Woodward/Michigan Neighborhood Enterprise Zone would be consistent with the neighborhood preservation and development goals and with the Master Plan.

Public Act 147 of 1992, commonly referred to as the Neighborhood Enterprise Zone (NEZ) Act, in Section 3(1) states "the governing body of a local governmental unit by resolution may designate one (1) or more neighborhood enterprise zones." Prior to acting upon the resolution establishing an NEZ, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an ad valorem tax within the proposed NEZ, said notice to be made not less than 60 days prior to your Honorable Body's passage of a resolution designating an NEZ.

The boundaries of the proposed NEZ are described in Exhibit A (legal description) and illustrated in the map also attached. The developer proposes to convert vacant office space on 13th thru 21st floor of a downtown high-rise commercial building into 40 residential dwellings with parking and retail in the proposed NEZ at a costs of \$38 million.

We request that a Public Hearing be scheduled on the issue of establishing this NEZ, as required by the NEZ Act. Attached for your consideration, please

Re: Reprogramming Community Development Block Grant (CDBG).

The Planning and Development Department hereby respectfully requests that your Honorable Body approve the attached resolution reprogramming CDBG funds in the amounts of \$3,300,000 from the MCA RIMCO Properties Project and \$150,022.48 from the Disaster Recovery Project to a new project titled Substantial Residential Rehab funded at \$3,450,022.48.

The funds in new Substantial Residential Rehab Project will be used for rehabilitation of residential housing units for low-income persons. The housing units will be rehabilitated to comply with the Program's Contractors Performance Standards and all local codes and ordinances, which exceed Section 8 Housing Quality Standards. The CDBG funds for this project will supplement HUD HOME program funds used for substantial residential building. The HUD entitlement allocation of HOME program funds is not adequate to meet the demand for HOME funds by investors, Community Housing Development Organizations, and others. Using CDBG funds to supplement HOME program funds will improve the timeliness of housing unit production, and will improve timeliness of CDBG spending helping us to meet HUD CDBG spending timeliness requirements.

The CDBG funds allocated to the MCA RIMCO Properties Project have not been used because it was determined that the use of CDBG funds for the project involved significant ownership, eligibility, and timeliness problems. In addition, the Detroit Neighborhood Development Corporation (DNDC) that manages RIMCO properties has indicated that their sole current scope of work is to sell and liquidate all remaining properties. The use of CDBG funds to manage, secure, and maintain properties prior to rehabilitation is limited. Thus delays caused by bankruptcy court involvement and lack of clear title made the use of CDBG funds for the project unfeasible.

The CDBG funds allocated to the Disaster Recovery project have not been used. Funds for this project were provided by a special HUD Disaster Recovery Grant. All eligible properties identified in the project area were processed and funded. The project has been closed out by the City and HUD and there is no more activity planned under the short termed "Disaster" criteria.

The attached resolution amends the HUD Consolidated Plan for the changes described above and appropriates funds from the MCA RIMCO Properties project and the Disaster Recovery Project to the new Substantial Residential Rehabilitation Project.

The requested reprogramming to Substantial Residential Rehabilitation will assist in funding a portion of the costs to develop Midtown Square Apartments at 93 Seward, 109 Seward, 117 Seward with \$2,500,000 and St. Paul Manor/Kingston Arms located at 296 and 356 East Grand Boulevard with \$879,284. Midtown Square Apartments is currently in the HOME Investor Program, and St. Paul Manor/Kingston Arms is a Church of Messiah Housing Corporation Project participating in the HOME Community

Development Housing Organizations (CHDO) Program. Funding for these projects has been delayed as a result of the drastic reduction in the City's HOME allocation for 2003-2004.

**Planning & Development Department**

January 30, 2004

Honorable City Council:

Re: Acquisition of Property for the Detroit Police Department 17825 Sherwood, a/k/a Donald A. Stroh United States Army Reserve Center.

On March 17, 2003, the Detroit Police Department requested that the Planning and Development Department (P&DD) acquire property located at 17825 Sherwood. The property consists of a 36,768 square feet two-story red brick structure which is institutional in appearance. In addition, there is a three-bay brick garage on the site and the remaining area consists of paved surface parking. The entire area is fenced, gated and contains approximately 3.48 acres.

The Detroit Police Department will use this property for law enforcement purposes. It will aid in training cadets, sworn officers, and civilian police department personnel. The facility will be used primarily as its previous function and no major renovation or construction will occur. It will also provide administrative office space for the Detroit Police Department.

The Planning and Development Department will acquire this property as a gift conveyance with certain restrictions from the United States Bureau of Justice Assistance (BJA) Federal Surplus Real Property Transfer Program. The program requires the City of Detroit to submit an application to the BJA. If granted, the BJA will convey the property to the City as a gift to be used for law enforcement purposes only. Once the property is received into the City's inventory, the P&DD will transfer jurisdictional control over to the Detroit Police Department.

As required by section 2-1-13 of the 1984 Detroit City Code, a Phase I environmental inquiry has been conducted on this property to determine if there is any evidence of environmental contamination. The results of the environmental inquiry reveal that while asbestos and lead paint are likely present within the structure, these substances can be addressed during the building renovation to be performed by the Detroit Police Department. Further, the environmental inquiry did not reveal the presence of any significant environmental conditions which would warrant further investigation and/or remediation under Part 201 of the Natural Resources and Environmental Protection Act.

Section 2-1-15 of the 1984 Detroit City Code provides that your Honorable Body may waive the requirement that the seller/donor bear the cost of the environmental inquiry if the acquisition is necessary to preserve or promote the public health, safety, welfare or good, and the environ-

mental inquiry has revealed that an environmental assessment is not required. Accordingly, your Honorable Body's approval of the attached resolution waiving the requirement that the seller/donor bear the cost of the environmental inquiry is hereby respectfully requested.

We, further, request that your Honorable Body approve the attached resolution authorizing the Planning and Development Department Director of Development Activities to accept as a gift the conveyance of 17825 Sherwood from the United States Bureau of Justice Assistance.

We, further, request that your Honorable Body authorize the transfer of jurisdiction of 17825 Sherwood from the Planning & Development Department to the Detroit Police Department. Any funds expended with this donation are available through the Detroit Police Department.

Respectfully submitted,

HENRY B. HAGOOD

Director of Development Activities  
By Council Member Watson:

Resolved, That in accordance with the foregoing communication, the Planning and Development Department Director of Development Activities is hereby authorized to accept as a gift the following described property from United States Bureau of Justice Assistance, more particularly described as:

### Law Department

July 1, 2004

Honorable City Council:

Re: Substitute Ordinance Consolidating Definitions and Modifying Landing and Field Parking Fees at Detroit City Airport.

A Public Hearing was held this morning at 11:00 a.m. on a proposed ordinance to

July 2

2278

2004

modify rates pertaining to Landing Fees and Field Parking Fees at Detroit City Airport. At that Hearing, it was pointed out that the proposed ordinance failed to incorporate the new name of the Airport, enacted by your Honorable Body in 2003.

Attached is a substitute ordinance which implements the change in the name of the *Detroit City Airport to the Coleman Alexander Young Municipal Airport* pursuant to Ordinance 04-03. This correction is a technical change and does not require an additional Public Hearing.

The proposed ordinance will enable the Airport to impose fees which are competitive with those of surrounding airports of a similar scale. For that reason, the Law Department requests that this proposed ordinance amendment be placed on the Formal Agenda for enactment at the Adjourned Session on Friday, July 2, 2004.

If we may be of further assistance on this matter, please do not hesitate to contact us.

Respectfully submitted,

Re: Petition No. 836 — Northend Village LDHA/LP, for alley closure in area of Cameron and Hague.

Petition No. 836 of "Northend Village LDHA/LP", in C/O H & H Studio Inc., 1322 Broadway, Detroit, Michigan 48226-2202, request the outright vacation of the north-south public alley, 18 feet wide, first westerly of Cameron Avenue (previously vacated and converted to sewer a easement July 21, 1931 to allow construction of Moore School) within the block bounded by Oakland Avenue, 66 feet wide, said Cameron Avenue, 66 feet wide, Hague Avenue, 60 feet wide, and Alger Avenue, 70 feet wide.

The request was approved by Planning and Development Department, the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation and report. This is our report.

The previously vacated alley was converted to a sewer easement exclusively for the Detroit Water and Sewerage Department (DWSD) on July 21, 1931 to allow construction of Moore School. The DWSD reports a 10-inch sewer serving the site. However, the DWSD has no objection to the outright vacation provided the petitioner owns the land adjacent to said easement.

All other city departments and privately owned utility companies have no objections to the outright vacation.

An appropriate resolution is attached recommending approval by your Honorable Body.

**RESOLUTION DEMANDING EQUAL AND FAIR REPRESENTATION FOR THE CITIZENS OF DETROIT**

**THROUGH A FULLY ELECTED, AND FULLY EMPOWERED DETROIT PUBLIC SCHOOL BOARD**

By COUNCIL MEMBER MCPHAIL:

WHEREAS, The current and continuing crisis of the Detroit Public School System makes it clear that the unconstitutional removal of the rights of the people of Detroit to vote for their school system officials has resulted in taxation without representation, and

WHEREAS, Public Act 10 of 1999, removed the democratic process for the governance of Detroit Public Schools from the people of Detroit and the current appointed school board has not solved the problems it was empowered to address and has, in fact, worsened the financial, educational and safety conditions in the Detroit Public Schools putting students at risk, and

WHEREAS, The citizens of Detroit have rejected the failed policies of the current and previous Chief Executive Officers (CEO) selected by the appointed school boards and under a democratic process, would have been removed by an elected board, and

WHEREAS, The unelected school board has and continues to squander the financial resources of the citizens of Detroit and is systematically dismantling public education through mismanagement and through the layoffs of hundreds of valuable teachers and other school employees, and

WHEREAS, The unconscionable termination of school employees abrogating the rights of the workers to seek assistance from the State and closing of school facilities will only further accelerate the withdrawal and dropout of students from the Detroit Public Schools and will further exacerbate the crisis in the Detroit Public Schools, and

WHEREAS, The rest of the nation will celebrate the 40th anniversary of the Voting Rights Act: In Detroit, citizens will be continuing their fifth year of fighting for the basic right for full democratic governance of their schools, a right the majority of Michigan citizens, outside of the City of Detroit, have and take for granted, and

WHEREAS, Residents of Detroit are poised in November to overwhelmingly vote to return to a democratically elected school board with all of the same powers afforded to every other school board in the State of Michigan, and

WHEREAS, New legislation is being proposed just for the City of Detroit to further disenfranchise voters of the City of Detroit by proposing a token vote for a powerless board under which the current "strong CEO" would continue to govern without any checks and balances, and

WHEREAS, This new legislative effort is not a citizen initiative, does not reflect the will of Detroit voters and would per-

petuate second-class voting rights for the citizens of Detroit, NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council, the duly elected representatives of the citizens of Detroit, hereby calls for a fully elected and fully empowered school board for the City of Detroit, all of whose members of which will be directly elected by the people and who will have full control over the budgetary allocations, full authority to name a CEO, and who will be accountable to the elected school board and to the people of Detroit, and BE IT FURTHER

RESOLVED, That the City Council directs the Research and Analysis Division to assign outside counsel, Pitt, Dowty, McGehee, Mirer & Palmer P.C., to investigate and recommended to City Council the legal options to file suit in order to preserve the voting rights of the citizens of Detroit and to protect the financial and educational resources of the Detroit Public Schools, and BE IT FURTHER

RESOLVED, That the City Clerk shall send copies of this approved resolution to the Governor, and the Michigan State House of Representatives and the Michigan Senate and to the City of Detroit lobbying firm, Lansing Governmental Consulting, Inc., and direct them to lobby for the position that Detroit residents must be allowed to vote on whether or not return to such a to elected school board on November 4, 2004.

STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN OPPOSITION TO RESOLUTION REGARDING DETROIT PUBLIC SCHOOL BOARD

On Friday, July 2, 2004, I voted in opposition to the resolution referenced above for two basic reasons. First, the resolution contained questionable factual foundations. For example, the first Whereas clause characterizes the current situation as being one that is unconstitutional. Public Act 230 of 2000 which created the school board in its current configuration was both challenged and upheld by the United States District Court for the Eastern District of Michigan in *Helen Moore vs. School Reform Board*, 147 F. Supp 2d 679 (2000). It is my understanding that in our system of governance, the judicial branch, and not the legislative branch, is empowered to interpret the law and to declare laws unconstitutional. Therefore, it is my opinion that the first Whereas clause is not a proper statement of fact on which a resolution

should be based on.

Secondly, the last Resolved clause directs the City of Detroit lobbying firm to lobby for a position. It is unclear to me that the City Council, as one branch of government of the City of Detroit, has the legal authority to direct the City's lobbying firm without concurrence from the Administration. As written, I am concerned that this clause could violate separation of powers principles and I would have accordingly sought to work together with the executive branch in jointly directing the lobbyist.

Taken in its entirety, the resolution reflects a disturbing trend at the Detroit City Council. A trend of institutional marginalization whereby certain individuals deflect concern onto hot-button issues and politicize them into a frenzy thereby leaving the legitimate and proper work of the Council by the wayside. The power of the Detroit City Council lies in its abilities to legislate and to investigate the affairs of the City. In this regard, I would have liked to request a management audit of the school system to better understand how a deficit in excess of \$250 million is announced in such a sudden manner. By my estimation, such a method is far more constructive than issuing a Council decree that is neither grounded in law nor fact.

For these reasons, I voted no.

## RESOLUTION

By COUNCIL MEMBER S. COCKREL:

WHEREAS, Detroit-based HMOs OmniCare Health Plan ("OmniCare") and The Wellness Plan ("Wellness") served approximately 170,000 Medicaid eligible members in southeastern Michigan; and

WHEREAS, OmniCare provided health care services to Detroiters since 1973; and

WHEREAS, Wellness is the second oldest HMO in Michigan, having been in continuous operation locally for twenty-seven years; and

WHEREAS, Over eighty percent of the members of these Detroit-based HMOs are Medicaid recipients; and

WHEREAS, Pursuant to the Urban Cooperation Act of 1967, an Interlocal Agreement was signed on December 4, 2003, by Mayor Kwame M. Kilpatrick, County Executive Robert A. Ficano, and

Janet Olszewski, Director of the Department of Community Health, in order to create the Detroit Wayne County Health Authority (hereafter referred to as the Authority); and

WHEREAS, The stated purpose of the Authority is to ensure the continued viability of safety net medical services and develop a strategic plan of action for meeting the future health care needs of the uninsured, underinsured and underserved who live in this community, *i.e.*, Detroit and Wayne County; and

WHEREAS, The Detroit-based HMOs represent a vital and integral component of the health care safety net in Detroit, Wayne County and the region; and

WHEREAS, During the administration of the previous Governor of the State of Michigan, Medicaid reimbursement rates were set at artificially low levels resulting in financial uncertainty and instability for HMOs serving the Medicaid population; and

WHEREAS, Between 2000 and 2004, health care costs increased substantially but Medicaid reimbursement rates in Michigan, which were already woefully deficient, were maintained at year 2000 levels; and

WHEREAS, The ongoing underpayment of Medicaid HMOs has had a devastating effect on the aforementioned locally controlled, predominantly Medicaid HMOs; and

WHEREAS, In fact, the increasing inadequacy of Medicaid funding ultimately resulted in HMOs such as OmniCare and Wellness being placed under court-supervised rehabilitation upon the petitions of Linda Watters, Commissioner of the Office of Financial & Insurance Services of the State of Michigan; and

WHEREAS, On May 10, 2004, the court approved the sale of OmniCare to Coventry Health Care of Michigan, Inc.; and

WHEREAS, The sale of Wellness to Molina Healthcare of Michigan and McLaren Health Plan is currently pending before Ingham County Circuit Court Judge Collette; and

WHEREAS, By order dated June 18, 2004, Judge Collette set July 7, 2004 as the deadline for "interested persons" to file objections to the proposed sale; and

WHEREAS, Since being placed under rehabilitation, Wellness has become financially stable and has reported an operating profit; and

WHEREAS, Reimbursement rates will rise across the state making Medicaid contracts, previously stigmatized as a financial drain, considerably more lucrative than in the past; and

WHEREAS, Wellness, which is one of the last Detroit-based HMOs serving Medicaid participants, was denied a Medicaid contract in the latest round of

July 6

2290

2004

bidding; and

WHEREAS, The Detroit City Council affirmatively states that the recent bidding procedures are the result of an arbitrary decision-making process that favors very large, non-local HMOs and denies the Detroit-based HMOs an opportunity to benefit from more profitable and equitable reimbursement rates; and

WHEREAS, Having approved the Interlocal Agreement that creates the Detroit Wayne County Health Authority, the Detroit City Council would be disregarding its legislative role and responsibilities if it stood by while the Detroit-based HMOs, which have served Medicaid participants for over twenty-seven years, are eliminated from the State Medicaid bidding process and sold off to other entities.

WHEREAS, The Detroit City Council is extremely disturbed by the recent course of events that include the state's adoption of policies and procedures that have resulted in the disenfranchisement of the Detroit-based HMOs. NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council strongly urges the Michigan Department of Community Health and Governor Granholm to review the application for a Medicaid contract filed on behalf of the Wellness Plan and award a Medicaid contract in its favor. AND BE IT FURTHER

RESOLVED, That this Honorable Body hereby gives notice to Governor Granholm and the Democratic delegation that it is undertaking efforts to secure a fair and equitable resolution of these issues for the benefit of the residents of the City of Detroit who are uninsured, underinsured and underserved. AND BE IT FINALLY

#### RESOLUTION

By COUNCIL MEMBER S. COCKREL:

WHEREAS, Having approved the Interlocal Agreement that creates the Detroit Wayne County Health Authority, the Detroit City Council would be disregarding its legislative role and responsibilities if it stood by while Detroit-based HMOs, which have served Medicaid participants for over thirty years in a City that is 89% black, are effectively eliminated

from the State's Medicaid contract bidding process; and

WHEREAS, Pursuant to the urban Cooperation Act of 1967, an Interlocal Agreement was signed on December 4, 2003, by Mayor Kwame M. Kilpatrick, County Executive Robert A. Ficano, and Janet Olszewski, Director of the Department of Community Health, in order to create the Detroit Wayne County Health Authority (hereinafter referred to as the Authority); and

WHEREAS, The stated purpose of the Authority is to ensure the continued viability of safety net medical services and develop a strategic plan of action for meeting the future health care needs of the uninsured, underinsured and underserved who live in this community, *i.e.*, Detroit and Wayne County; and

WHEREAS, Detroit-based Total Health Care, Inc. ("Total Health"), serves approximately 58,000 members and has been a licensed HMO in continuous operation in since 1974; and

WHEREAS, Approximately 89% percent of Total Health's HMO membership base consists of Medicaid recipients and as a result, Total Health represents a vital and integral component of the health care safety net in Detroit and Wayne County; and

WHEREAS, Medicaid contracts are offered for bidding periodically by the Michigan Department of Community Health (MDCH) and were last offered in 2000 during which time Total Health Care, Inc. was awarded a contract; and

WHEREAS, During the administration of the previous Governor of the State of Michigan, Medicaid reimbursement rates were set at artificially low levels resulting in financial uncertainty and instability for HMOs serving the Medicaid population; and

WHEREAS, Between 2000 and 2004, health care costs increased substantially but Medicaid reimbursement rates in Michigan, which were already woefully deficient, were maintained at year 2000 levels; and

WHEREAS, The ongoing underpayment of Medicaid HMOs has had a devastating effect on the aforementioned locally controlled, predominantly Medicaid HMOs; and

WHEREAS, In fact, the increasing inadequacy of Medicaid funding ultimately resulted in HMOs such as The Wellness Plan and OmniCare being placed under rehabilitation by the Insurance Commissioner; and

WHEREAS, Despite the past financial constraints placed on HMOs by the State, Total Health is not in rehabilitation and has not been found insolvent or in other financial trouble; and

WHEREAS, In the spring of 2004, the State offered an estimated \$1.7 billion Medicaid business for bidding, with new

contracts to take effect October 1, 2004; and

WHEREAS, The new bidding process provided that HMOs not compete on price but rather, compete pursuant to other guidelines established by the State; and

WHEREAS, The MDCH instituted a point system for considering applicants for Medicaid contracts and implemented stringent financial requirements with highly technical elements that work in favor of large, out-of-state HMOs; and

WHEREAS, At the direction of the State, Total Health recently underwent a costly accreditation evaluation and was awarded the highest level of accreditation; and

WHEREAS, Nevertheless, Total Health, which is the last Detroit-based HMO serving Medicaid participants, was denied a Medicaid contract in the latest round of bidding; and

WHEREAS, Based on recent pronouncements, reimbursement rates are anticipated to rise across the State making Medicaid contracts, previously stigmatized as a financial drain, considerably more lucrative than in the past; and

WHEREAS, The Detroit City Council affirmatively states that the recent events are the result of an arbitrary decision-making process that favors very large, non-local HMOs and denies the Detroit-based HMOs an opportunity to benefit from more profitable and equitable reimbursement rates now being adopted; NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council fully supports the efforts of Total Health to secure a Medicaid contract. AND BE IT FINALLY

RESOLVED, That this Honorable Body urges the Michigan Department of Community Health and Governor Granholm to review the appeal filed by Total Health and award a Medicaid contract in its favor.

-----  
STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL REGARDING TWO RESOLUTIONS PERTAINING TO HEALTH MAINTENANCE ORGANIZATIONS

On Wednesday, July 6, 2004, two resolutions were presented before the Detroit City Council for a vote. Both resolutions related to Health Maintenance Organizations (HMO) in Detroit. The first resolution related to the Detroit City Council filing an objection in the 30th Circuit Court of the State of Michigan on behalf of the Wellness Plan. The second resolution related to supporting Total Health Care, Inc. in its bid to receive a Medicaid con-

tract.

The first resolution involved authorizing the Research and Analysis Division (RAD) to file an objection with the 30th Circuit Court in the case of *Linda A. Watters vs. The Wellness Plan*, Case No. 03-1127-CR. This case relates to the sale of The Wellness Plan (TWP) to Molina Healthcare of Michigan and McLaren Health Plan. Even though I support Detroit-based business such as TWP, I unfortunately could not vote in favor of this resolution for two reasons.

First, it is my understanding that the Detroit City Council may be found by the Court to lack legal standing to intervene in this case. On Friday, July 2, 2004, RAD advised the Council that it most likely did not have legal standing to intervene in this case and that this type of standing is normally reserved for creditors or other similar parties. Given my concern that the Detroit City Council objection will be disregarded by the Court, I consider pursuing such a futile course of action one that wastes precious and scarce City resources and marginalizes the institutional authority and stature of the Detroit City Council.

Additionally, the proposed language of the objection itself contains allegations that have not been proven to my satisfaction when the Insurance Commissioner has not been given an opportunity to respond to the Council's concerns. For example, paragraph seven of the objection alleges that it is becoming evident that the decline of local HMOs is part of the "scheme that will divest Detroit businesses and City residents of the opportunities to serve and be served by members of their own community..." I have not been presented with any evidence whatsoever of such a scheme and making such bald-faced allegations with no factual support is not a good method of garnering support for Detroit businesses. Moreover, I feel that such maneuvering is counter-productive and I cannot support such an action.

On the other hand, I wholeheartedly voted in favor of the second resolution supporting Total Health Care Inc.'s appeal of the Michigan Department of Community Health's (MDCH) decision to not award a Medicaid contract to this long-serving HMO. It must be acknowledged that THC is a Detroit-based HMO with 58,000 members. It has been in existence since 1974 while remaining financially solvent despite having 89% of its total membership consist of Medicaid recipients. It is incumbent upon the MDCH and the Governor to continue to provide THC with a Medicaid contract.

For these reasons, I voted in support of the resolution of the THC resolution and voted in opposition to the TWP resolution.

Honorable City Council:

Re: Ernest Butler vs. City of Detroit, et al.

Case No.: 03 307509 NO. File No.:

A37000.004175 (PGR).

Based upon our review of the facts and particulars of this lawsuit, which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body, it is our considered opinion that the City of Detroit should agree to the entry of an order of dismissal and enter into an agreement to arbitrate on the term and conditions set forth in the following resolution.

We, therefore, request authorization to entry of an order of dismissal and to enter into an agreement to arbitrate on the terms and conditions set forth in the following resolution and upon certification by the Law Department that the arbitrators have announce a decision requiring the City to pay a designated sum to the plaintiff, that your Honorable Body direct the Finance Director to issue a draft payable to Ernest Butler and his attorneys Hatchett, DeWalt & Hatchett in the amount awarded by the arbitration panel decision, but said draft may not be less than Five Thousand Dollars (\$5,000.00) and not more than Seventy Thousand Dollars (\$70,000.00) to be delivered upon receipt of properly executed Releases and Stipulation and Order of Dismissal entered in Lawsuit No. 03 307509 NO, approved by the Law Department.

Resolved, That the Law Department is hereby authorized to agree to entry of an order of dismissal and to enter into an agreement to arbitrate in the case of Ernest Butler vs. City of Detroit, et. al., Wayne County Circuit Court Case No. 03 307509 NO on the following terms and conditions:

A. 1. The parties, by their attorneys, agree to submit this matter to binding arbitration.

2. The parties shall submit to arbitration all matters in controversy raised in the above-named lawsuit.

3. Arbitration shall be conducted in accordance with the Michigan Rules of Evidence, except as may be modified by a majority of the arbitrators, or by stipulation of the parties.

4. The matter shall be arbitrated by a panel of three arbitrators, all of whom shall be practicing Michigan attorneys. The Plaintiff shall select one arbitrator, the Defendant shall select one arbitrator, and the Plaintiff and Defendant shall jointly select the neutral arbitrator. Plaintiff shall pay all fees and costs to the plaintiff arbitrator selected. Defendant shall pay all fees and costs to the defense arbitrator they selected. All fees and costs of the neutral arbitrator shall be paid fifty percent (50%) by Plaintiff and fifty percent (50%) by Defendant.

All other costs and fees, including attorney fees, shall be borne by the party which incurs them.

5. In the event that the neutral arbitrator is unavailable for a hearing on the date set by the parties, either by failure to accept appointment, disqualification, withdrawal, or incapacity, the position shall be filled by agreement of the parties.

6. Pre-hearing briefs shall be required of Plaintiff and Defendant, and shall be submitted to the arbitration panel prior to commencement of the arbitration.

Medical records and reports may be used at the hearing in lieu of the personal appearance of physicians, medical care providers or record custodians.

7. Plaintiff shall recover a total sum not less than Five Thousand Dollars (\$5,000.00).

The maximum total amount of the award to the Plaintiff shall not be greater than Seventy Thousand Dollars (\$70,000.00).

8. A decision of two of the three arbitrators shall be binding.

Any total award under \$5,000.00 shall be interpreted to be in the amount of \$5,000.00.

Any total award in excess of \$70,000.00 shall be interpreted to be in

the amount of \$70,000.00.

There shall be no costs, fees, or interest taxable with respect to the award rendered by the arbitrators.

The awards of the arbitrators shall represent a full and final settlement of any amounts due and owing to Plaintiff for any and all claims arising out of the incident on March 30, 2000 at or near 16152 Patton.

9. Neither the "high-low" amounts nor the mediation award shall be disclosed to the arbitrators. Disclosure of the "high-low" amounts or the mediation award to the arbitrators shall render the arbitration agreement voidable by any non-disclosing party.

10. Discovery proceedings may continue, and each party shall have the opportunity to take "discovery only" depositions of the opponent's experts, to the extent that such depositions have not already been completed. The parties shall be able to take depositions of parties or witnesses for use as evidence at arbitration, without regard to witness availability.

11. The parties agree that they will faithfully observe the Agreement to Arbitrate, and that they will abide by and satisfy the award rendered by the arbitrators. In the event that any party refuses to abide by the arbitrators' decision, the other party may petition the Court to confirm the award and enter judgment thereon.

12. There shall be no need to have any proceedings convened by the arbitrators recorded. However, if one of the parties wishes to have the proceedings recorded, then any costs incurred shall be borne exclusively by such party.

B. Promptly after the arbitrators announce their decision, the Law Department shall inform City Council in writing of that decision.

C. Upon certification by the Law Department that the arbitrators have announced a decision requiring the Defendants to pay part of or all of the amount due to the Plaintiff, the Finance Director is authorized to issue a draft drawn upon the proper account in favor of, Ernest Butler and his attorneys, Hatchett, DeWalt & Hatchett, P.C., in the amount of the arbitrators' decision, but said drafts may not total less than Five Thousand Dollars (\$5,000.00) and not total more than Seventy Thousand Dollars (\$70,000.00).

Re: Shawn Neal vs. City of Detroit, et al.  
Case No.: 02-75107. File No.: A37000.004025 (JS).

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body. From this review, it is our considered opinion that a settlement in the amount of Three Hundred Twenty-Five Thousand Dollars and No Cents (\$325,000.00), a portion of which will be used to purchase a structured annuity on behalf of Shawn Neal, is in the best interest of the City of Detroit.

We, therefore, request authorization to settle this matter in the amount of Three Hundred Twenty-Five Thousand Dollars and No Cents (\$325,000.00) and that your Honorable Body direct the Finance Director to issue two drafts payable to:

Shawn Neal and his attorney, Brian A. Kutinsky, in the amount of One Hundred Ninety Thousand Dollars (\$190,000.00); and

Metropolitan Insurance & Annuity Company, in the amount of One Hundred Thirty Five Thousand Dollars (\$135,000.00), and that the two drafts be delivered to the above parties upon receipt of properly

Re: Mary Nichols v. City of Detroit. Case No.: 03-331419 NO, File No.: A19000.002701 (NJL).

On June 22, 2004, a case evaluation

panel evaluated the above-captioned lawsuit and awarded Ten Thousand Dollars (\$10,000.00) in favor of Plaintiff. The parties have until July 20, 2004, to either accept or reject the case evaluation. Failure to file a written acceptance or rejection within this period constitutes a rejection.

Based upon our review of the facts and particulars of this lawsuit, which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body, it is our considered opinion that acceptance of the case evaluation award is in the best interest of the City of Detroit.

We, therefore, request your Honorable Body to authorize acceptance of the case evaluation award; and, in the event that Plaintiff accepts the award, to deem such acceptance as a settlement and to direct the Finance Director to issue a draft in the amount of Ten Thousand Dollars (\$10,000.00) payable to Mindell, Malin & Kutinsky, attorneys, and Mary Nichols, to be delivered upon receipt of properly executed Releases and Stipulation and Order of Dismissal entered in Lawsuit No. 03-331419 NO, approved by the Law Department.

**City Planning Commission**

July 1, 2004

Honorable City Council:

Re: (Petition #2410) — Request of Dumas Concepts In Building — Avenue Investors/Detroit Gateway Park Outlet Mall, L.L.C. to rezone property generally bounded by Woodward Avenue, Eight Mile Road, Ralston Avenue and the alley south of Winchester extended to Woodward from B4 (General Business District) and R2 (Two-Family Residential District) zoning classifications to a B3 (Shopping District) zoning classification (Recommended Approval).

**BACKGROUND**

Dumas Concepts In Building, representing Avenue Investors/Detroit Gateway Park Outlet Mall L.L.C., has submitted a request to rezone property generally located on the southeast corner of

July 7

2316

2004

Woodward Avenue and Eight Mile Road from B4 (General Business District) and R2 (Two Family Residential District) zoning classifications to a B3 (Shopping District) zoning classification for the development of a new retail shopping center.

The developer intends to construct a moderate to upscale level retail center built in a "main street" style. The subject area contains approximately 35 acres and is largely vacant and owned by the petitioners with the exception of several existing commercial uses and one residential use along Woodward and Eight Mile Road.

#### **PUBLIC HEARING RESULTS**

A public hearing was held on the proposed rezoning at the City Planning Commission meeting on Thursday, April 8, 2004. During the hearing, nine residents and business owners expressed their concerns, support or opposition to the proposal. Three speakers favored the proposal, three favored rezoning the area to a PD (Planned Development District) zoning classification and three speakers were against the proposal.

The concerns identified included doubts about the ability of the proposed development to attract suburban shoppers, traffic, parking and access to the State Fairgrounds via Ralston Avenue. Others questioned the strength of the buying power of Detroit residents to maintain an outlet shopping center. Other issues included security on the site, the type of building materials, the negative impact on the community from the various proposals for the State Fairgrounds and other developments in the area.

A business owner expressed his concern for the need to attract more residents to the city as opposed to businesses. Other existing business owners in the subject area inquired about the land use rights that would be forfeited due to the rezoning and if the developer was considering acquisition of existing business properties. The Planning and Development Department (P&DD) expressed its concerns with the proposed B3 District because it does not permit the review of the site plan and elevations for the proposed development. P&DD also stated its desire for a PD (Planned Development District) zoning classification for the proposed retail center instead of a B3 District.

The developers expressed their commitment to constructing an upscale shopping center with quality tenants and building materials. They also restated that the proposed development and/or members of the investment group are in no way associated with the proposed racino development for the State Fairgrounds.

#### **ANALYSIS**

Three (3) of eight (8) existing uses would become legal non-conforming uses in the proposed B3 District. The uses

include a minor motor vehicle service facility, a single family home and a pawn/secondhand jewelry store. Only one other use's permissibility would change, an electrical contractor's office which is permitted as a matter of right in the B4 District, but would become a permitted with approval use in the B3 District.

Lawn mower service shops and lawn supply stores are permitted as a matter of right in the B4 District and would remain the same in the proposed B3 District. A motel and an existing billboard sign at 20544 Woodward are permitted with approval in the B4 District and would remain permitted with approval uses in the proposed B3 District.

Subsequent to the public hearing, CPC staff held a meeting with six (6) representatives from the existing uses along Woodward Avenue and Eight Mile Road, to discuss the proposed rezoning. All of the representatives in attendance indicated they wanted to remain in the existing B4 District. The owners of the pawn/second hand jewelry store and the billboard did not attend.

The existing Zoning Ordinance does not have a site plan review requirement for the proposed B3 District. One of P&DD's concerns is that rezoning the subject property to a B3 District would not provide the City with oversight on how the proposed development would be sited or how it would look. The proposed comprehensive revision to the Zoning Ordinance would require site plan review for a development such as the one contemplated for the subject area. This proposed new ordinance would probably not be in effect until at least the end of the year.

The Planning Commission intends to use the review of the street and alley closings that are required for the project as an opportunity to require the review of the site plan and elevations by P&DD. In addition, the Planning Commission would like to place a condition on the approval of the street and alley closing that the existing business owners on Eight Mile Road are given access to the alley south of Eight Mile Road since the State of Michigan erected fencing that blocks the alley. The developer has agreed to submit plans for the proposed development for site plan review and also agreed to provide alley access to Eight Mile Road businesses.

#### **CONSISTENCY WITH MASTER PLAN**

The subject area is located in the State Fair Subsector of the North Sector of the Master Plan of Policies. The existing and proposed land uses for the area are RLM (Low-Medium Density Residential) for most of the area and GC (General Commercial) along the Eight Mile Road and Woodward Avenue frontages. The Planning and Development Department has made a determination that the pro-

posal is not consistent with the Master Plan. A Master Plan amendment would be appropriate in order to reflect the commercial nature of the proposed development.

However, in light of the Coordinated Planning Act's 45 and 60-day notification and response requirements from the County and adjacent cities for any Master Plan amendment, the Planning Commission staff would strongly suggest that the Master Plan be amended at a later date to avoid delay in the completion of the project.

#### CONCLUSION

In review of the proposal, the Planning Commission believes that the subject area should be rezoned to the B3 District zoning classification. Eight Mile Road and Woodward Avenue are major gateways into the City. Maintaining a consistent zoning classification along these gateways is key to impacting the appearance of the proposed developments for the area. It is also important to the redevelopment of the subject area that future automobile-related uses, which are permitted with approval in the B4 District, be excluded. The development of this area into a shopping center would not be compatible with the future location of automobile related uses, such as oil change and bump shops in the subject area. A PD district would involve delays in the development and be difficult to administer. We agree with P&DD, however, that site plan review is important in this case and can be achieved through condition on the necessary street and alley closings and eventually through the new revised Zoning Ordinance.

#### RECOMMENDATION

City Planning Commission recommends that the area generally bounded by W. Eight Mile Road to the north, Woodward Avenue to the west, Ralston Avenue to east and the alley south of Winchester Avenue extended to Woodward be rezoned from a B4 (General Business District) zoning classification and a R2 (Two-Family Residential District) zoning classification to a B3 (Shopping District) zoning classification.

The City Planning Commission also recommends that the approval of necessary street and alley closings in this area be conditioned upon proposed developments going through the site plan review process with Planning and Development Department (P&DD) as provided for in the proposed new Zoning Ordinance. It is also recommended that the street and alley vacations be conditioned on alley access being provided to existing businesses on Eight Mile.

Honorable City Council:  
Re: Resolution Approving an Obsolete Property Rehabilitation District, on Behalf of Detroit Land Holdings, LLC, in the Area of 1950 W. Fort & 1957 Lafayette, in Accordance with Public Act 146 of 2000.

Attached please find a resolution and legal description that will establish an Obsolete Property Rehabilitation District at 1950 W. Fort and 1957 Lafayette, in accordance with Public Act 146 of 2000 ("the Act"). Such establishment will materially assist in the development of the site in accordance with the plans of Detroit Land Holdings, LLC.

Earlier today your Honorable Body conducted a public hearing on the establishment of this District, in accordance with the Act. In as much as, no impediments to the establishment of the District were presented at the public hearing, we request that you approve the resolution at your next regular or adjourned formal session.

Respectfully submitted,  
HENRY B. HAGOOD

Director of Development Activities  
By Council Member Collins:

Whereas, Pursuant to Public Act No. 146 of the Public Acts of 2000 ("Act 146"), this City Council has the authority to establish "Obsolete Property Rehabilitation Districts" within the boundaries of the City of Detroit; and

Whereas, Detroit Land Holdings, LLC has requested that this City Council establish an Obsolete Property Rehabili-

tation District in the area of 1950 W. Fort & 1957 Lafayette, Detroit, Michigan, the area being more particularly described in Exhibit A attached hereto; and

Whereas, The aforesaid property is obsolete property in an area characterized by obsolete commercial property or commercial housing property; and

Whereas, Act 146 requires that, prior to the establishment of an Obsolete Property Rehabilitation District, the City Council shall provide an opportunity for a hearing on the establishment of the District, at which a representative of any jurisdiction levying *ad valorem taxes*, or any owner of real property within the proposed District, or any other resident or taxpayer of the City of Detroit may appear and be heard on the matter; and

Whereas, A public hearing was conducted before City Council on July 1, 2004, for the purpose of considering the establishment of the proposed Obsolete Property Rehabilitation District described in Exhibit A attached hereto; and

Whereas, The only question raised at the hearing was whether the request for an Obsolete Property Rehabilitation District would be in full compliance with Section 3j of the City Council's Obsolete Property Rehabilitation Exemption Certificates Policies and Procedures, which requires that all applicants be in compliance with the City's Master Plan of Policies; and

Whereas, Although it has been determined that the short-term use of the property for light industrial does not conform to the future land use designation in the Master Plan of Policies of SRC (Special Residential Commercial), there is a reasonable likelihood that it will help to create, retain or prevent loss of employment and help to revitalize the surrounding area; and

Whereas, It was noted at the hearing that the developer has a proven track record of rehabilitating other blighted properties in the general area of the proposed District; and

Whereas, The City Council has the right, per Section 11 of its Obsolete Property Rehabilitation Exemption Certificates Policies and Procedures, to waive any portion of the procedures that are not a requirement under the Obsolete Property Rehabilitation Act, if deemed to be in the best interest of the City of Detroit;

Now, Therefore, Be It Resolved, That the City Council hereby waives the requirement in its Obsolete Property Policies and Procedures that the applicant for an Obsolete Property Rehabilitation District at 1950 W. Fort and 1957 Lafayette be in compliance with the Master Plan of Policies; and

Be It Further Resolved, That Obsolete

Property Rehabilitation District No. 21, more particularly described in Exhibit A attached hereto, is hereby approved and established by this City Council in accordance with Act 146.

Honorable City Council:

Re: Tax Reverted Properties in the City of Detroit Owned by the State of Michigan (ST-7's and ST-8's).

Each year, the City of Detroit acquires tax reverted properties from the State of Michigan. In order to permit the continued acquisition of such properties, we ask for your Honorable Body's adoption of the attached resolution which will authorize the filing of an application or applications (as appropriate), to the State of Michigan, Department of Natural Resources. This application will allow the City to acquire various State owned tax reverted properties located in the City of Detroit.

Prior to submitting the application, each commercial property we anticipate taking will be inspected by staff to determine whether potential contamination exists. Suspect commercial properties will not be included in our application. The residential properties will be taken without a contamination inspection due to low risk of contamination and the need to speed up the process of securing these properties.

The Department of Natural Resources has instituted a \$300 fee for the first five (5) properties and a \$20 per property fee for each of the remaining tax reverted properties. Accordingly, the attached resolution authorizes the Planning and Development Department's Director of Development Activities to honor our request for payment of said fees.

There are occasions when the deed for

these tax reverted properties includes properties that should not have been deeded to use for various reasons. Upon recognition of such and receipt of a Certificate of Error from the State Treasurer, we request the authority to deed such properties back to the State.

Respectfully submitted,  
HENRY B. HAGOOD

Director of Development Activities  
By Council Member Tinsley-Talabi:

Whereas, Act 233, P.A. 1909 as amended, provides that tax reverted lands owned by the State of Michigan may be conveyed to municipalities in which they are located for public purposes, and

Whereas, There are tax reverted properties owned by the State of Michigan that are located within the boundaries of the City of Detroit which the City wishes to acquire, now

Therefore, Be It Resolved, That the Department of Natural Resources of the State of Michigan be, and is hereby requested to convey to the City of Detroit, the tax reverted properties located within the City's boundaries that are contained in the application(s) wherein no redemption rights of former owners exists, and

Be It Further Resolved, That the Planning and Development Department Director of Development Activities is hereby authorized to honor vouchers, when properly presented, to cover the costs per property as set by the Department of Natural Resources Commission, and

Be It Finally Resolved, That the Planning and Development Department re-convey to the State of Michigan those tax reverted properties that should not have been deeded to the City. Such properties will be evidenced by a "Certificate of Error" from the State of Michigan.

Adopted as follows:

Yeas — Council Members Bates, S. Cockrel, Collins, Everett, McPhail, Tinsley-Talabi, Watson, and President Pro Tem. K. Cockrel, Jr. — 8.

from the motor vehicle; and by amending Section 36-1-6, Violations and penalties, to provide progressive mandatory minimum fines for first, second, and third or subsequent violations of 36-1-1(b), laid on the table June 2, 2004.

Adopted as follows:

#### STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL IN SUPPORT OF THE AMENDMENTS TO THE NOISE ORDINANCE

On Wednesday, July 14, 2004, I voted yes on the proposed amendments to the noise ordinance. I believe that every citizen in the City of Detroit has the right to enjoy the privacy of their home and property without being aurally molested by the deafening sounds of loud music. In the spirit of preserving peace and tranquility for all citizens I have supported the amendments.

It is my sincere hope that members of the law enforcement community do not use the amendment as a tool to harass youthful citizens. I know that most of the officers within the Detroit Police Department honor the spirit and the letter of the law. However, there are some who do not share the same inclination, and it is to those that I most strongly express my wish that this amendment not be misused. This amendment should be used to protect the safety and welfare of the citizens of Detroit. It should not be used as an excuse to criminalize youthful misbehavior.

I am also concerned about the enforceability of this amendment. The Detroit Police Department often struggles to address critical concerns like homicides, rapes and drug offenses. I do not want to put the Detroit Police Department in the position of promising noise reduction when it may not have the resources or manpower to fully enforce the ordinance. The citizens of this city are often frustrated at the lack of services Detroit is able to provide. I do not wish to exacerbate that frustration by creating false hope that this ordinance will quell high levels of noise.

Honorable City Council:

Re: Daystar Estates, Payment in Lieu of Taxes (PILOT).

Open Hands Community Limited Dividend Housing Association Limited Partnership is developing a housing project consisting of 50 newly constructed three and four bedroom single-family units. The project area is bounded by Lennox to the east; Algonquin to the west; Canfield to the south and Warren Avenue to the north.

Financing for the development will be through: a mini-perm provided by US Bank; permanent mortgage by Collateral Mortgage, LLC and Low Income Tax Housing Tax Credits of one million seven thousand four hundred ninety-four dollars (\$1,007,494). Total development cost is expected to be \$10,222,449.00.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA 125.1415A).

Five (5) of the units will be targeted to families with incomes at or below 20% of the area median income adjusted for family size; eight (8) units will be targeted to families with incomes at or below 25% of the area median income adjusted for family size; thirteen (13) of the units will be targeted to families with incomes at or below 35% of the area median income adjusted for family size; twenty-four (24) units will be targeted to families with incomes less than 60% of the area median income adjusted for family size. These income restrictions will be in effect for perpetuity.

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a 4% service charge for this housing project.

Honorable City Council:

Re: Midtown Square Apartments — Payment in Lieu of Taxes (PILOT).

Midtown Square Limited Dividend Housing Association Limited Partnership, is rehabilitating three apartment buildings at 93, 109 and 117 Seward Street. The development will be funded by: City of Detroit — Home Investor Loan Program with \$1,900,000 and \$600,000 for 18 years at 4.8% and 0% respectively; Charter One Bank \$865,937 for 18 years at 0%; Owners Equity of \$500 and \$6,273,065 in Low Income Housing Tax Credits for total development cost of \$9,639,502.

The Project area is bounded by: Virginia Park to the north, Delaware Street to the south, Second Avenue to the west and Woodward Avenue to the east.

MSHDA has indicated that such development receiving low income tax credits, but no financing from the authority, are eligible to receive tax abatements pursuant to Section 15a of Act 346 of the Public Acts of 1996 as amended.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA 125.1415A).

At least twenty percent (20%) or 14 of

the units must be occupied by households having incomes no greater than 50% of the median income, adjusted for family size. The remaining eighty percent (80%) or 57 of the units must be occupied by households with incomes that do not exceed 60% of the area median income, adjusted for family size. These income restrictions will be in effect for the longer of the period the Affordable Housing Restrictions apply or the time required under the Low Income Housing Tax Credit Program.

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service charge, the lesser of the tax on the property for the year before rehabilitation commenced or 10% of the annual shelter obtained from this housing project.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we will proceed with demolition without further hearings. Honorable City Council:

Re: Sale of Property by Development Agreement, 74, 84, and 104 Edmund Place — Brush Park District.

The Planning and Development Department (P&DD) requests approval for the sale of the referenced properties, for the price of \$8,764.00.

Debroe Company proposes to rehabilitate 104 Edmund Place, a vacant, blighted historic structure originally constructed in 1895, into 5 residential living units. The remainder of the vacant property will be

utilized to construct an additional 12 new housing units. The Historic District Commission has determined that the sale will have a beneficial effect on the District. Twenty percent (20%) of the units will be available for low/moderate income residents. The project is located in a R3-H Zoning District, which is appropriate for this use. The development is in compliance with the Brush Park Development Plan, Third Modification, approved by your Honorable Body on July 10, 2002. The project, when completed will yield a 4.0 million dollar investment by Debroe Company into the Brush Park Community. We therefore request that your Honorable Body adopt the sale and authorize the Director of Development Activities, or its designee, to execute an agreement to purchase and develop this property with the Debroe Company.

Respectfully submitted,

Honorable City Council:

Re: Public Hearing on the Establishment of the Parkside/Puritan/Princeton/Midland Neighborhood Enterprise Zone as Requested by the NorthStar Community Development Corporation in Accordance with Public Act 147 of 1992.

The Planning & Development Department and the Finance Department have reviewed the Master Plan and the neigh-

borhood preservation and development goals of the City, and find that establishment of the Parkside/Puritan/Princeton/Midland Neighborhood Enterprise Zone would be consistent with the neighborhood preservation and development goals and with the Master Plan.

Public Act 147 of 1992, commonly referred to as the Neighborhood Enterprise Zone (NEZ) Act, in Section 3(1) states "the governing body of a local governmental unit by resolution may designate one (1) or more neighborhood enterprise zones." Prior to acting upon the resolution establishing an NEZ, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an ad valorem tax within the proposed NEZ, said notice to be made not less than 60 days prior to your Honorable Body's passage of a resolution designating an NEZ.

The boundaries of the proposed NEZ are described in Exhibit A (legal description) and illustrated in the map also attached. The developer proposes to construct 11 new single-family homes in the proposed NEZ at a cost of \$1.6 million.

We request that a Public Hearing be scheduled on the issue of establishing this NEZ, as required by the NEZ Act. Attached for your consideration, please find a resolution establishing a date and time for the public hearing, together with the aforesaid map and legal description of the proposed NEZ.

Respectfully submitted,

HENRY B. HAGOOD

Director of Development Activities  
By Council Member Watson:

Whereas, Pursuant to Public Act No. 147 of the Public Acts of 1992 ("the Act") this City Council has the authority to establish "Neighborhood Enterprise Zones (NEZs)" within the boundaries of the City of Detroit; and

Whereas, The NorthStar Community Development Corporation has requested establishment of the "Parkside/Puritan/Princeton/Midland" NEZ whose boundaries are particularly described in Exhibit A (legal description) and illustrated in the map attached hereto; and

Whereas, The Act requires that, prior to establishing an NEZ, the City Council shall provide an opportunity for a Public Hearing on such establishment, at which Public Hearing representatives of any taxing authority levying *ad valorem* taxes within the City, or any other resident or taxpayer of the City of Detroit may appear and be heard on the matter;

Now Therefore Be It

Resolved, That on the 17th day of September, 2004 @ 10:00 a.m. in the City Council Committee Room, 13th floor, Coleman A. Young Municipal Center, a Public Hearing be held on the above

described application for establishment of an NEZ within the boundaries described in Exhibit A (legal description) as illustrated in the map attached hereto; and be it finally

Resolved, That the City Clerk shall give notice of the Public Hearing to the general public and shall give written notice of the Public Hearing by certified mail to all the taxing authorities levying an *ad valorem* tax within the City of Detroit, such notices to be provided no earlier than forty five (45) days prior to the public hearing.

Honorable City Council:

Re: Pre-Development Agreement Far East Side Area; generally bounded by Jefferson Avenue to the south, Alter Road to the east, Warren Avenue to the north and Conner Street to the west.

The Planning and Development Department (P&DD) has conducted detailed studies of the vacant land, physical condition of structures, land usages, environmental influences, social, cultural and economic conditions of the area known as the Far East Side Area (See Attached Exhibit A). These studies have determined that the area is severely blighted due to the obsolescence and deterioration of structures and has become detrimental to the health, safety and welfare of its inhabitants.

Adjacent to the Jefferson-Chalmers Rehabilitation Project area, the Far East Side Area consists of approximately 1,200 acres of City and privately owned parcels, public streets and rights of way. The Detroit Master Plan of Policies recommends this portion of the East Sector for major rehabilitation, as well as substantial in-fill housing. Lots vary in size but are generally 30' x 100'. The City of Detroit Zoning Ordinance identifies the site as R-2 (Two-Family Residential District) and B-2 (Local Business and Residential District) and the Master Plan of Policies designates the area as

Medium Density Residential (RM) and General Commercial (GC).

We are in receipt of an offer from New Far East Side Development Co., L.L.C., a Michigan Limited Liability Company, to serve as the Master Developer in the development of in-fill housing and new housing communities within the project area. New Far East Side Development Co., proposes to provide a comprehensive plan for the revitalization of the area. Said plan shall unify the Far East Side Area by providing variety and a diversity of units consisting of townhouses, multi-family dwellings, single-family dwellings, commercial and retail. This will serve to accelerate the development and rehabilitation of vacant and blighted properties within the development area.

As the Master Developer, New Far East Side Development Co., L.L.C., shall purchase City and public sites, and pursue the acquisition of any privately held sites necessary to implement its Master Development Plan for the Far East Side Area. To facilitate the development, New Far East Side Development Co., L.L.C., shall enter into partnerships, joint ventures and assignments of a portion of the project to non-profit housing organizations, small builders, minority and/or female builders capable of constructing units on a smaller scale.

To implement these activities we, therefore, request that your Honorable Body adopt the attached resolution, authorizing the Planning and Development Department Director of Development Activities to enter into a Pre-Development Agreement between New Far East Side Development Co., L.L.C., a Michigan Limited Liability Company and the City of Detroit, a Michigan Public Body Corporate.

Respectfully submitted,

HENRY B. HAGOOD

Director of Development Activities

By Council Member Watson:

Resolved, That in accordance with the foregoing communication, the Planning and Development Director of Development Activities be and is hereby authorized to execute a Pre-Development Agreement for the Far East Side Area, generally bounded by Jefferson Avenue to the south, Alter Road to the east, Warren Avenue to the north and Conner

Street to the west and more particularly described in the attached Exhibit A, between New Far East Side Development Co., L.L.C., a Michigan Limited Liability Company and the City of Detroit, a Michigan Public Body Corporate.

And be it further,

Resolved, That the Pre-Development Agreement be considered confirmed when executed by the Planning and Development Department Director of Development Activities and approved by the Corporation Council as to form.

**Far East Side**

**Pre-Development Agreement  
Master Developer Services**

This Pre-Development Agreement (hereinafter "PDA" or "Agreement"), is

entered into June 28, 2004 by and between the City of Detroit, (hereinafter "City"), a municipal corporation organized and existing under the laws of the State of Michigan, and New Far East Side Development Co., L.L.C. (hereinafter "Master Developer").

**1. Background:**

a. Significant disinvestment and disrepair has occurred in the Far East Side of the City of Detroit, in an area bounded by Jefferson Avenue at its south; Alter Road on the east; Warren Avenue on the north, and Conner Street on the west ("Far East Side Area"). This Far East Side Area covers approximately 1,200 acres consisting of City-owned parcels, private

parcels, public streets and rights-of-ways which is set forth in Exhibit A.

b. The City has engaged in a comprehensive planning and citizen participation process regarding the revitalization and development within the Far East Side Area, lasting many years and consisting of a significant number of public meetings.

c. The City has significant ownership of property within the Far East Side Area, in both contiguous and non-contiguous parcels (the "**City Sites**"), a description of which is attached hereto as **Exhibit B**, the redevelopment of which would contribute significantly to the revitalization of the Far East Side Area.

d. The County and State also have significant land holdings within the Far East Side Area ("**Public Sites**"), a description of which is included within Exhibit B attached hereto. The City shall use its best efforts in attempting to enter into appropriate intergovernmental agreements with such bodies to assure that the Public Sites are also transferred to the Master Developer in accordance with the terms of this Agreement. Upon consummation of such intergovernmental agreements, the applicable Public Sites shall be included in the definition of City Sites for the purposes of this Agreement.

e. Within the Far East Side Area, the City, private landowners, public and not-for-profit agencies have commenced certain isolated development projects which have addressed redevelopment of vacant or underutilized properties and to provide affordable housing and local employment. The uses, occupancy and new development within the Far East Side Area has occurred on scattered sites, with varied development conditions and building designs, all generally lacking consistent planning principles or design requirements. Additionally, the development projects that are taking place within the Far East Side Area have only begun redevelopment activities and could be leveraged in improving the surrounding properties.

f. In order to expand redevelopment activities, ensure the revitalization of the Far East Side Area, and to focus future development activities within the Far East Side Area, in October 2002, the City issued the Far Eastside Redevelopment Area Request for Qualification (the "**RFQ**") for Master Developer for the planning and redevelopment of the City Sites, the Public Sites and land owned by private owners ("**Private Sites**") in the Far East Side Area, or an area that consists of approximately 800 acres which is set forth in Exhibit C (hereinafter referred to as the "**Master Development Area**").

g. The Master Development Area includes City Sites, Public Sites, and Private Sites which the Master Developer and/or the City may acquire or provide

incentives and/or support for development as part of the redevelopment process.

h. New Far East Side Development Co., L.L.C. has been selected as the Master Developer by the City of Detroit.

i. The City and Master Developer wish to encourage development of the Master Development Area in accordance with a set of Far East Side Area Master Development Area Plans and New Town Plans which shall be prepared by the Master Developer.

j. The City, in order to create a meaningful and sufficiently credible demonstration of the development scope and commitment to the revitalization of the Far East Side Area, shall require the initial development efforts in the Far East Side Area to include two phases: A) Chalmers Heights; and Phase B) the first New Town ("New Town 1" as defined in Sections 3.2 and 3.3.4 herein) within the Master Development Area which shall be no less than 100 acres in area, including all City Sites, and Public Sites and (to the extent possible) Private Sites, streets and rights-of-way, which are defined in Exhibit D hereto.

k. The Master Developer wishes to purchase the City Sites and the Public Sites, and to pursue acquisition of Private Sites, for the purposes of implementing the Master Development Area Plan.

**PART I – MASTER DEVELOPER  
PRE-DEVELOPMENT  
GENERAL TERMS**

The City and Master developer will undertake the following Pre-Development Activities:

**1.1. The Master Developer's obligations under the PDA shall include the following (collectively referred to as the Master Developer's "Pre-Development Activities"):**

1.1.1. The Master Developer will commit up to an initial investment of a minimum of one million five hundred thousand dollars (\$1,500,000.00) which shall be defined as the "Predevelopment Investment" to initiate the appropriate studies, evaluations, and due diligence to ascertain the feasibility of the proposed development which shall be defined as the **Implementation Plan**," subject to the City complying with the spirit and intent of this Agreement.

1.1.2. The Master Developer shall perform the Scope of Services as set forth in Part 3 to this PDA to prepare and deliver the Implementation Plan for acquiring and developing the City Sites in accordance with a "**Master Development Agreement**" (hereinafter "MDA").

1.1.3. The Master Developer will complete the Pre-Development Activities by December 31, 2004.

1.1.4. Upon completion of the Pre-Development Activities but in no event

later than January 31, 2005, the Master Developer will indicate its willingness to proceed with the Implementation Plan and enter into the MDA with the City.

Prior to December 31, 2004, the Master Developer may, in its sole and exclusive discretion, upon review and determination of the unsuitability of the project as a result of those reports, terminate this agreement and withdraw from the project with written notice to the City, without further rights or obligations.

1.1.5. The Master Developer will develop as part of the Implementation Plan specific plans for the Master Developer's compliance with Executive Order Number 4 and Executive Order Number 22.

1.1.6. In the event of the withdrawal of the Master Developer, the City shall automatically be granted all rights and interest in all reports, studies and Master Plans developed during the Pre-Development Period.

1.1.7. The Master Developer shall, on an ongoing and timely basis, or upon the request by the City, advise the City as to the status of all Pre-Development Activities, including the processing of all plans and applications necessary to obtain all governmental approvals required.

**1.2. The City's obligations under the PDA shall include:**

1.2.1 The City hereby grants exclusive rights of development for the City Sites within the Master Development Area during the period of this Pre-development Agreement. Such development rights shall be extended under the terms of the Master Development Agreement.

1.2.2. The City shall use reasonable efforts to attempt to enter into appropriate intergovernmental agreements with Wayne County and the State of Michigan to commit the Public Sites to the Master Developer under the terms of this Agreement.

1.2.3. No cash resources need be expended or will be sought from the City during or in connection with the Pre-Development Activities to fund Master Developer activities.

1.2.4. During the Pre-development period, the City and the Detroit City Council ("City Council") will attempt to develop a "fast track approval process" for all municipal approvals for the Far East Side Area.

1.2.5. **Preliminary Community Dialogue Plan**

The New Far Eastside Community is a project unmatched by any new development built in the City of Detroit. This area was selected as the best area to conduct a complete revitalization of a blighted and deteriorated community spanning over 1200 acres of predominantly vacant land. Simply put, this development will transform this east side community from being a neighborhood of last resort into a community of high quality housing opportunities that will rival the neighboring suburbs.

The community residents currently living in the project boundaries will be afforded the opportunity to stay and enjoy the benefits of this new community. They also deserve to be informed of the project activity as it is unfolding to keep abreast of the changes and the opportunities that are becoming available.

The principles of the project team are committed to the goal of maintaining strong communication with the community stakeholders during the development of the New Far Eastside Project. A significant amount of time and resources will be focused on providing complete and current information on the progress of the project. The primary objectives of the Community Outreach Plan are outlined below:

1. Inform the residents of the Master Plan to build out the project phases.
2. Address reasonable questions, concerns and desires of the Community Stakeholders.
3. Provide periodic progress updates to the Community Stakeholders.
4. Provide information on opportunities available to current residents.

The objectives of the Community Outreach Plan will be achieved with the following strategic activities:

*Community Meetings*

The team will host several community meetings at regularly scheduled intervals to ensure that all interested parties have the opportunity to attend. These meetings will provide for two way communication between the project team and the community stakeholders. The group setting will allow the participants to hear about the project directly from the team and also allow the participants to hear the other stakeholders' comments. The meetings

will be held according to a published schedule at a convenient community location in consideration of the participants' time.

*Individual Leadership Meetings*

Upon request, the team will attend an individual meeting to speak directly with a stakeholder group or leadership body of the community. These meetings provide for a more direct opportunity to disseminate project information in greater detail and address more specific questions and concerns of the community. These meetings will not be limited to the stakeholders within the borders of the project area.

*Internet Information*

Project information will be posted on an internet site for the purposes of providing around the clock access to project information for those interested parties that are not participating in the other outreach activities but are none the less interested in the progress of the project. This allows for widespread access to detailed information further marketing the project and strengthening our communication beyond our target area and possibly into the neighborhood communities.

*The New Far Eastside Headquarters*

The project team will open an office dedicated to the operations of the project. Through this office, the project staff will be available during office hours to discuss the project details with any interested parties as they walk in or upon appointment. Marketing material land project plans will be displayed throughout the office and will be available for viewing during the office hours.

*Special Events*

As needed, the project team may host a special event that allows the stakeholders to have access to the primary decision makers of the project. Examples of special events may be an Open House for the New Far Eastside Headquarters, Groundbreaking Ceremonies, etc.

*Periodic Mailings*

As the project progresses, project information will be distributed via mass mailing to inform the residents of pertinent project information.

*Call Center*

A call center will be established to provide recorded information on resources

**RESOLUTION  
ASKING THE GOVERNOR TO HAVE A  
FINANCIAL AUDIT OF THE  
DETROIT PUBLIC SCHOOLS**

By COUNCIL MEMBER COLLINS, Joined by COUNCIL PRESIDENT MAHAFFEY:

WHEREAS, In 1994 Detroit city voters approved a \$1.5 billion bond measure to improve or replace aging school facilities and make other capital improvements; and

WHEREAS, In 1998 the Detroit Public School District issued bonds in the amount of \$59,304,433; and

WHEREAS, One of the permitted uses of these funds was the purchase of school busses; and

WHEREAS, The use of the monies received from these bond issues have enabled the school district to open at least 16 new facilities, make improvements to other school buildings and purchase a fleet of new school busses; and

WHEREAS, The current school board structure that was put in place as a result of the State of Michigan's takeover of the Detroit Public School System allows the chief executive officer of the school system to spend bond money without school board oversight; and

WHEREAS, Recent announcements by the school district that they are facing an enormous financial deficit that will result in the layoffs of thousands of school employees; and

WHEREAS, Information received by the City Council during recent public hearings on the school district crisis have indicated the possibility of a gross misappropriation of public funds; and

WHEREAS, It is also believed that there is a plan underway to enable private contractors to benefit from the use of school busses purchased with public funds; NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council requests Governor Jennifer Granholm to initiate a financial audit of the Detroit Public School System in an effort to determine where and how the bond funds were spent.

**STATEMENT BY COUNCIL MEMBER  
SHEILA M. COCKREL IN SUPPORT  
OF A RESOLUTION ASKING THE  
GOVERNOR TO HAVE A  
FINANCIAL AUDIT OF THE  
DETROIT PUBLIC SCHOOLS**

Today, I voted yes on the resolution referenced above. In principle, I fully support the concept of a management audit of the school system. This support was indicated in my previous statement on this issue dated July 12, 2004. I continue to believe that an audit of the school system will serve a valuable purpose of providing information that can be used to better manage and operate the system.

At the same time, I do not approve, nor do I agree with the inclusion of certain allegations in the 7th and 8th Whereas clauses. Allegations of misappropriations and surreptitious plans to benefit private contractors have not been proven to warrant inclusion in this resolution. I would have preferred having been presented with a basic resolution requesting that the Governor conduct an audit of the school system. However the operational resolved clause accomplishes that purpose. For the reasons stated above, I voted yes.

**RESOLUTION TO RETAIN COUNSEL  
IN THE CASE OF DETROIT NEWS VS.  
DETROIT CITY COUNCIL ET AL**

By COUNCIL PRESIDENT MAHAFFEY:

WHEREAS, The City Council has been sued by the Detroit News relative to their allegation that the City Council and its Personnel Committee violated the Open Meetings Act; and

WHEREAS, The City Law Department issued an opinion alleging that the actions taken by the Personnel Committee were in conflict with the Open Meetings Act; and

WHEREAS, Several Council Members disagree with the Law Department opinion, and would not be represented fairly and adequately by the Law Department. THEREFORE BE IT

RESOLVED, That Attorney Peter Letzmann, of Peter Letzmann and Associates and Attorney John McGlinchey, of Kohl, Stroker, Toskey, McGlinchey, P.C. will be retained as Counsel to represent Detroit City Council in the lawsuit filed by the Detroit News. THEREFORE BE IT FURTHER

RESOLVED, That since there is a court hearing scheduled for Friday, July 16, 2004, this resolution shall take immediate effect and Research and Analysis shall prepare the necessary documentation.

-----  
STATEMENT BY COUNCIL MEMBER  
SHEILA M. COCKREL IN OPPOSITION  
TO RESOLUTION TO RETAIN  
COUNSEL IN THE CASE OF  
DETROIT NEWS VS. DETROIT CITY  
COUNCIL ET AL JULY 14, 2004

Today, I voted no on the resolution referenced above. The proposed resolution would retain Attorneys Peter Letzmann and John McGlinchey as "Counsel to represent Detroit City Council" in the case of *The Detroit News, Inc. vs The City of Detroit, et al.* It must be noted that in that case, the Detroit City Council, as a body, is not a named defendant. Only the individual council members are named defendants. I am one of the named defendants. As an individual named defendant, it is axiomatic that I have the personal right to select my own attorney.

In this particular instance, it has always been my belief that the actions taken by the Personnel Committee may be in violation of the Michigan Open Meetings Act (OMA) and I have voted accordingly. It is therefore my position that there is no conflict between my personal position and the position of the Law Department. For that reason, I choose to exercise my right to choose the Law Department to represent me in this matter. It follows that I object to this resolution's attempt to abrogate my right to choose legal counsel by retaining attorneys Peter Letzmann and John McGlinchey to represent the "Detroit City Council" without qualification. The City Council cannot as a body, by resolution, choose my attorney for me. The City Council can only vote by majority to choose an attorney for the City Council, not its individual members. For this reason, I voted no on this resolution.

For all of the reasons stated above, I voted no on both resolutions.

-----  
STATEMENT OF COUNCIL MEMBER  
SHARON McPHAIL WITH REGARD TO  
THE VOTE TO HIRE COUNSEL TO  
REPRESENT THE CITY COUNCIL IN  
THE DETROIT NEWS CASE

Today, the majority of this Council voted to hire attorneys to represent the Council in the lawsuit filed by The Detroit News to challenge the process by which the Council attempted to hire a new Director for the Research and Analysis Division.

As an attorney of 28 years experience, I find the opinions of the City's Law Department to be a clear indication of their bias toward the Mayor and against the Council, which is also their client. Moreover, it is apparent that the Law

Department has chosen sides within Council and that a conflict of interest exists which should prevent them from representing any defendant in this litigation.

The Law Department represents Council Members individually and as a group in numerous matters. A basic understanding of legal ethics should lead them to the conclusion that they may not represent the minority against the majority of this Body. Moreover, the view expressed at the table by the Law Department representative was not only wrong but illogical.

We were told today that the Charter says that the Law Department must represent individual Council Members when, in fact, the charter says no such thing. It was also made clear that the Law Department believes it is their decision whether they represent an individual Council Member. The Charter says the Law Department 'may' represent any officer — in matters involving official duties: it does not say the Law Department decides when it will represent an officer. Adhering to the Law Department's view would up-end the attorney-client relationship.

Council speaks through its majority only. The Council is the client and the client is in charge of the process, not the lawyer. The lawyer's job is to advise and it is the client's decision whether to take that advice. The client directs the lawyer, not the other way around. This is and has been the problem with the Law Department and its relationship to this Council. The Law Department attempts to control the Council for the administration and will do so at any cost, including misrepresenting the law and the facts.

That the Law Department believes it makes the choice as to whether to represent a minority faction of the Council, which is taking a position against the majority, is indicative of a fundamental misunderstanding of their role and of the attorney-client relationship.

The case brought by The Detroit News should be dismissed for a number of reasons. First, it is moot. The Personnel Committee, much to my personal dismay, has been disbanded. The process of hiring a new RAD Director has been terminated. There is no process in place. No interviews were held and none have been scheduled. A court is unlikely to fashion a process for the Council, as that would be improper and would open the floodgates for malcontent legislators who lost a particular vote to ask the courts to intervene.

Second, the individuals should be and will be dismissed as none of the Council Members acted outside of their official capacity and moreover, members have legislative immunity that protects us from this kind of personal attack.

Should this case continue, as ridiculous

as that would be, it is most likely that the court will not find that the selection of a RAD Director (who has no individual power to do anything but research and, then, only as directed by Council) is a matter within the ambit of the Open Meetings Act. Unlike a University President, the RAD Director is not in a position to make any policy determinations or spend any money. Thus, expanding the University President rule (as enunciated in the case involving the University of Michigan) would be absurd.

It is shocking that The Detroit News, a well respected newspaper, would do the bidding of one Member of Council and file such a frivolous action. That The News is willing to spend resources on such a matter while millions of public dollars disappear from the Mayor's Office and City contracts are given to friends and relatives of the Mayor, is indeed disturbing. Where are the lawsuits on those issues?

This entire debacle is taking place because one Member of this Council refuses to accept the termination of the former director and insists that no process that replaces her will be acceptable: let us not pretend otherwise. For one, I have decided that far too much time has been spent on this matter and that it deserves no more. As I did today, with the resolution to protect the citizens from redlining, I will focus on doing the job that Council is here to do, create real policy initiatives that make a difference in the lives of our citizens.

**RESOLUTION AUTHORIZING  
OUTSIDE COUNSEL TO INVESTIGATE  
AND CHALLENGE THE PAST  
AND CURRENT DISCRIMINATORY  
UNDERWRITING POLICIES OF  
THE AUTOMOTIVE AND  
HOME INSURANCE INDUSTRY  
IN THE CITY OF DETROIT**

By COUNCIL MEMBER McPHAIL:

WHEREAS, The residents of the City of Detroit have suffered and continued to suffer the imposition of an economic hardship due to discriminatory and excessive automotive and home insurance premiums, and

WHEREAS, The Insurance Code Michigan Insurance Code of 1956 as amended provides for the regulations under which automotive insurance companies must conduct business within the State including the use of underwriting territories, calculations of premium rates, types of coverage, use of credit scoring, and payment of claims, and

WHEREAS, The Insurance Code provides an insurer must calculate rates using past and prospective loss experience, catastrophe hazards, a reasonable margin for underwriting profit and contingencies, and

WHEREAS, The Insurance Code

allows for an insurer to use risks of policyholders and allows them to be grouped, classified for the establishment of rates and minimum premiums based on probable effect upon losses or expenses within rating territories, and

WHEREAS, The Insurance Code provides for in Section 500.2603 titled "Rate-making provisions; uniformity" states that the "Rates shall not be excessive, inadequate or, unfairly discriminatory", and

WHEREAS, The Michigan Insurance Industry rates for policies written in Detroit are discriminatory, excessive, unreasonable, unfair and cannot be actuarial defended, and

WHEREAS, Detroit rates are:

- Unfairly discriminatory in relation to rates paid outside Detroit for the same coverage in spite of individuals having the same losses, expenses and uncertainty of loss or risks that is applied for calculating a rate.

- Not reasonably justified because they cannot be supported by a reasonable classification system, which results from sound actuarial principles based on actual and creditable loss and expense statistics.

- Not broadly averaged among persons insured on a group level in Southeastern Michigan as insurers have created multiple rating territories in Detroit.

- Excessive and unfairly discriminatory as the Michigan Insurance Industry is using credit scoring as a factor in setting rates which have not been shown to not be an accurate predictor of loss or financial risk, but has been shown to result in higher rates for "poor urban homeowners and drivers regardless of their loss experience and driving record", and

WHEREAS, The Michigan Insurance Industry has and continues to unfairly apply a greater profit and recovery factor to each of its policies written in the City of Detroit causing Detroit homeowners and drivers to bear unreasonable unrealistic portion of the overall risk and losses an insurer has in the State of Michigan and Nationwide, and

WHEREAS, Detroit automotive insurance rates and premiums are on average one and half times higher than surrounding community rates for similar vehicles and individuals with similar loss histories and three times the statewide average, and

IN SUPPORT OF A RESOLUTION  
AUTHORIZING OUTSIDE COUNSEL  
TO INVESTIGATE AND CHALLENGE  
THE PAST AND CURRENT  
DISCRIMINATORY UNDERWRITING  
POLICIES OF THE AUTOMOTIVE  
AND HOME INSURANCE INDUSTRY  
IN THE CITY OF DETROIT

Today, with some concerns, I voted yes on the resolution referenced above. I wish to acknowledge that there is indeed a very large problem with insurance rates in the City of Detroit. This concern was echoed by the City of Detroit City Planning Commission in a memorandum to City Council dated February 6, 2003. In that memorandum, the Commission noted that there appears to be inequities in insurance rate increases when comparing rates in the City of Detroit against rates in the suburbs. Another specific concern relates to the insurance industry practice of using potentially inappropriate factors such as credit ratings in order to determine base rates.

As a governing body, we need to find the best and most efficient manner of addressing the problem. I embrace a solution of working with the Michigan Department of Labor and Economic Growth, Office of Financial and Insurance Services (OFIS) and to voice our concerns in order to press for changes to the rules and classification system under the Michigan Insurance Code. In this regard, I urge all of the residents of Detroit to participate in a public meeting and to send comments to the OFIS. There will be a public meeting on Monday, July 26, 2004 at 1:00 p.m. at:

Cadillac Place  
Room L500  
3044 W. Grand Blvd.  
Detroit, Michigan

Additionally, comments can be sent in writing to:

Having said that, this resolution would authorize the Research and Analysis Division to 1) retain two attorneys to research and investigate the insurance problem and 2) bring suit against the insurance industry to seek economic relief and restitution for Detroit residents.

I am concerned that the City Council may not actually have the legal authority to hire and use counsel in the manner contemplated by the resolution. Be that as it may, the Law Department orally opined at the table that this resolution would not violate the Charter. It being better to err on the side of caution, I nevertheless requested that the Law Department and the Research and Analysis Division reexamine the resolution in light of Section 4-121 of the Charter. This section requires that there be a conflict between the Council and another branch of government before counsel can be retained.

Additionally, in order to ensure continued oversight of the spending of public dollars, I voted in favor of this resolution provided that the Council will be provided with monthly reports on monies expended on outside counsel and I requested that the Council be given an opportunity to review and approve pleadings prior to the institution of a lawsuit.

In conclusion, I voted yes on the resolution and I reiterate by belief that we can work together with the state for meaningful changes by expressing our collective concerns in the forum that has been opened for that very purpose.

By COUNCIL MEMBER WATSON:

WHEREAS, Black/African Americans are no longer this nation's "majority-minority," but instead are a new "minority-minority;" and

WHEREAS, In the City of Detroit, Black Americans make up 86 percent of the total population, Euro-Whites are 10 percent, Hispanics are 3 percent and Asians are 2 percent; and

STATEMENT BY COUNCIL MEMBER  
SHEILA M. COCKREL IN OPPOSITION  
TO RESOLUTION TO IMPLEMENT  
POWERNOMICS ECONOMIC  
DEVELOPMENT PLAN FOR  
DETROIT'S MAJORITY  
UNDERSERVED POPULATION

On Wednesday, July 14, 2004 I voted no on the above referenced resolution. My lifelong commitment to social justice and parity has informed my activism at the community level and my policies as an elected member of the Detroit City Council. Therefore I must reiterate my commitment to the many groups of under-served citizens in the City of Detroit. The sting of class discrimination, and racial and economic oppression are felt by citizens of African, Native American, Asian, Arab and Latin descent in this city. These conditions touch the lives of some whites too. It is unconscionable to redefine underserved in a way that precludes all the poor, destitute and downtrodden citizens of this City that happen not to have been African-American.

Renaming African-Americans as the majority population within the City of Detroit may have the unintended effect of eroding the strength of programs that are created to benefit African-American since most of these programs define African-Americans as a minority group. We have not yet received responses to questions that I asked of the City's Law Department in regard to the proposed reclassification.

There has not been a discussion of the actual Powernomics plan and how the plan will provide a clear economic model for the revitalization of the City of Detroit. Some of the ideas presented in the plan such as having a business district based on the City's competitive advantages are thought provoking; however I would like to

know how these ideas comport with the projected plans for areas of existing growth in the City. I want to have the full Council discuss the specifics, the facts and the data behind the Powernomics plan so that I understand how this plan relates to the existing development strategy. The Council must set aside the racialized politics that have dominated the discussion of this plan and examine the plan on its merits. The Powernomics plan relies heavily on business like fish farming, food service, hair care supply production and bottled juice and water manufacturing. These businesses are particularly susceptible to the vagaries of the economy. We need to emphasize the development of businesses that will be sustainable in a wildly fluctuating economy.

It is not clear that the City Council has the authority to create an economic development corporation like the one proposed by Dr. Anderson. More disturbing than the presumption of authority that may not exist is the continuing efforts by this Council to establish a pattern of using its institutional power to assert an ideological agenda. Such actions eat away the credibility of this body and will only serve to further mar its reputation. If the Council continues to emphasize ideology instead of merit and progress it will find itself completely marginalized.

An economic plan that focuses on elevating the opportunities and ownership for all of the tax paying citizens of this city is consistent with my vision for a prosperous Detroit. The Powernomics plan, which advocates exclusionary categorizations and illegal set asides will only serve to further divide and polarize a city and metropolitan area that has already had more than its fair share of divisiveness and polarization.

KAY EVERETT'S STATEMENT  
OPPOSING THE RESOLUTION  
RECOGNIZING BLACK/AFRICAN  
AMERICANS AS THE MAJORITY-  
MINORITY POPULATION AND  
ALSO AS THE UNDER-SERVED  
POPULATION WITHIN THE  
CITY OF DETROIT

I opposed the resolution recognizing Black/African Americans as the majority-minority population and also as the under-served population in the City of Detroit because the resolution states a matter of fact and it sends a negative message. Detroit has had Blacks/African Americans as its majority population for over 30 years. Putting the aforementioned in a resolution does not prove a point. This resolution will continue the divisiveness that we experience in our metropolitan area. The resolution sends a message that Detroit is an African-American city

and all others are not welcomed.

I believe that African Americans should be the beneficiaries to affirmative action programs. It is the responsibility of our black leaders to make things happen rather than write resolutions that doesn't mean anything.

That statistics states that African-Americans are the under-served and a high percentage live in poverty. I do not believe these statistics should be used to label ourselves as such, as a man think so is he. Therefore, I believe that our community can rise above the statistics. It's going to take hard work and a change of mind set but it can and will be done.

STATEMENT BY COUNCIL MEMBER  
ALBERTA TINSLEY-TALABI  
REGARDING THE POWERNOMICS  
PROPOSAL FOR THE  
CITY OF DETROIT

I voted in support of the two resolutions developed by Dr. Claude Anderson to create a economic development plan because I believe it is important to establish a targeted approach to address the high unemployment and poverty rates that exists in the city's majority under-served population. The resolutions are a first step in what will have to be a series of actions to finalize and implement the economic plan designed to create more businesses and provide accessible sources of capital. It is vital that City Council proceed in a prudent fashion so that our efforts today will be more than symbolic and reflect a well thought out and deliberate plan of action. If we are successful, this plan will benefit the City of Detroit, its residents and the metropolitan area.

-----  
STATEMENT BY COUNCIL MEMBER ALONZO W. BATES REGARDING YES VOTE ON THE RESOLUTIONS FOR THE ESTABLISHING OF THE DETROIT CAPITAL DEVELOPMENT CORPORATION AND RECOGNIZING BLACK PEOPLE AS THE MAJORITY POPULATION IN DETROIT

Conceptually I am in full support of this plan; it is the implementation that I have my questions about. The reality is that Detroit is unlike any other major city in this country. In a city that has the highest percentage of African Americans, over 85%, it is evident that African Americans are highly under-served. Other ethnic groups have representation in areas in which they can call their own such as Greektown, Mexicantown, and Hamtramck (which until recently was populated by the Polish community). I totally

believe that the African Americans should also have an area in which they can create commerce and be able to come together and uplift our culture. Not only would this be beneficial for African Americans, it would benefit the city as a whole and add a new district where citizens and tourists can come and celebrate the African American experience.

My biggest concern was the allocation of the entire thirty (30) million dollars that we negotiated and fought so hard for to place in the Minority Business Development Fund sponsored by the three (3) Detroit Casinos. I fought very hard to make sure that we had funds coming from the casinos and I want to make sure that all Detroiters', specifically African Americans, have the opportunity to benefit from these funds. I do not want these funds to be used as a "Political Playground" to advance the careers of a select group of politicians but used to help those who have not had access to the wealth generated in this city.

-----  
STATEMENT BY COUNCIL MEMBER KAY EVERETT OPPOSING THE RESOLUTION TO ESTABLISH THE DETROIT CAPITAL DEVELOPMENT CORPORATION

Throughout my years in serving the citizens of Detroit, I always tried to be fair and I made sure that everyone is at the table. I have been very vocal about the inclusion of African-Americans in the process, making sure that we are represented in every facet. I am aware of the diverse cultures in this city. It is my job to represent everyone. Therefore, in good conscious, I can not support the latest version of the resolution to establish the Detroit Capital Development Corporation.

The City Council has been advised that the targeting of one race in this resolution will be struck down in any court if challenged. If we are trying to help people who have been disenfranchised, fighting a losing battle will only give false hope to African American businesses.

This resolution also proposed to use \$30 million from Casino revenues that have already have been earmarked for other worthy causes. We have been told by Corporation Counsel that the state has to put far enabling legislation in order to be able to loan money. It is out of the scope of City Council. Why are we swimming like salmon upstream? This whole process of preference is also unconstitutional.

This resolution has not been fully thought out in regards to the implementation of this new quasi-governmental agency. In the past, I have had problems with all of the pre-existing quasi-governmental agencies with their lack of oversight and control, so I find it difficult to support another alphabet to the alphabet soup.

STATEMENT OFKENNETH V. COCKREL, JR. ON  
POWERNOMICS RESOLUTIONS

Today I joined with a majority of my colleagues in voting to support two resolutions that were prepared to address the need for economic empowerment in Detroit's African-American community.

Both of these resolutions were prepared with input from Dr. Claude Anderson, a noted author researcher who was retained by the City Council to help develop an economic strategy that will engage African-Americans and provide greater access to loans and other resources.

The first resolution redefines Detroit's African-American residents as a "majority minority." The second resolution calls for the creation of the Detroit Capital Development Corporation that would provide opportunities for African-American entrepreneurs.

These resolutions generated heated discussion and controversy. One council member even suggested that they were racist in intent. Others questioned the legality of calling for a fund that targets only one segment of the community.

I personally requested additional time to revisit the language in order to address these issues. However, the majority of Council wanted to vote. Nevertheless, though these resolutions may not be perfect it is important to remember two things:

First, the resolutions speak to a real and critical issue that cannot be ignored — the economic disenfranchisement of African-Americans who represent 80% of Detroit's populace. While other ethnic groups such as Mexicans and Greeks have thriving business districts within our borders, Detroit does not have even one successful African-American business district.

Secondly, these resolutions do not have the force of law. They represent statements of intent but much additional work must be done with the Mayor, the City's Planning and Development Department, the Detroit Economic Growth Corporation and other entities before the Detroit Capital Development Corporation can become a reality.

Some of that additional work will obviously have to include addressing the legal matters raised so a workable plan for implementation can be developed.

-----  
STATEMENT OF SHARON McPHAIL  
REGARDING THE RECOGNITION  
OF AFRICAN AMERICANS AS AN  
UNDER-SERVED POPULATION  
IN THE CITY OF DETROIT AND  
ESTABLISHMENT OF THE  
DETROIT CAPITAL  
DEVELOPMENT CORPORATION

My initial reaction to the powernomics proposal by Dr. Claude Anderson was that it had great promise as a tool to remedy the effects on past discrimination against African American contractors. The same kind of remedy has been recognized and affirmed by the highest courts of this nation, as it relates to groups that have been subjected to disparate impact and disparate treatment, for generations.

Rulings from the courts require that a narrowly tailored remedy may be created that remedies the past discrimination but does not provide an undue benefit to any group. In that regard, this powernomics plan is a beginning but does not go far enough. In fact, I cannot imagine a program that could correct the injustices of the past as it relates to people of color.

I agree that it is not possible to legislate fairness. In that regard, there have always been and there will always be people who will discriminate. Fairness to everyone requires us to look outside of our own circles and groups, and to expand our selection process to people who are different from us. Some people are not willing to do that. Government must do it.

As representatives of all of the people, we must address the concerns of the disenfranchised, whether they are black, native american, latino, economically disadvantaged, etc. We must provide a remedy where there is a right or that right has no hope of fulfillment.

I hope that we are able to begin the process of bringing some fairness to the contracting process in the City of Detroit and that no one will challenge this minimal effort to include those who have historically been left out, left off and let down.

It is also important to fight to force this administration to have competitive bidding that selects the lowest bid for city work and does not give a preference to friends and family of the administration. The people deserve that and the contractors deserve it too. I vote today to affirm this beginning effort because it is the right thing to do. I support the efforts of my friends and colleagues, Joann Watson and Barbara Rose Collins, and I applaud their courage.
