Entertainment Commission

October 26, 2017

Honorable City Council:

Re: The proposal of the International Arts Games Committee. (RECOMMENDING THE ESTABLISHMENT OF A WORKING GROUP).

The Detroit Entertainment Commission (DEC) has served as liaison to the International ArtsGames Committee (IAC) since being approached by committee members this past spring. The Commission was pleased that the IAC was able to visit the City last week and present their proposal directly to your Honorable Body, City staff, Detroit Economic Growth Corp representatives and other interested parties. The DEC held a special meeting yesterday to again review the IAC's offerings and the Legislative Policy Division staff assessment of the proposal and all that was shared during last week's visit. Below please find our report and recommendation as well as the attached resolution for your consideration.

BACKGROUND

The IAC is on the verge of realizing the long pursued dream of holding an Olympic style international competition of the arts. With the advent of the modern Olympiad in 1896 many of the Olympic Games in the first half of the 20th century were accompanied by competitions in fields of architecture, literature, music, painting and sculpture. In Rio during the 2016 Summer Olympic Games, the IAC launched a new campaign to usher in the ArtsGames as a separate set of competitions, independent of the Olympics. The inaugural ArtsGames competition is to be held in Montreal, Quebec, Canada in 2018. These competitions will award medals in the areas of dance, music, media arts, visual arts and literature.

As with the Olympic Games, the Arts Games is to be comprised of competitions among selected art forms organized and fed by Federations governing each participating art form. A Federation is the international governing body for an art form with participation from at least 40 countries across more than one continent. The AIC has identified 33 Federations that either exist, are being developed or need to be established.

Each participating Federation is licensed by the IAC, but is a separate entity setting its own rules and determining the nature and extent of the competitions it will authorize to advance the art form it governs. Lagos, Nigeria was recently brought on board as the host City for the Drum Federation. All sanctioned competitions and qualifying events for that art form, worldwide, are the responsibility of that Federation. While the IAC establishes which competitions will be conducted for a given art form at the ArtsGames, the Federation may explore and hold events and competitions beyond that scope.

The Games are intended to be held every two years preceding the Summer and Winter Olympics respectively, but in a different host city. Using the Olympics as a model, the IAC projects 24,000 to 30,000 attendees including event support and facilitation, participants and audience, as the ArtsGames reaches full participation. It is to be a ten day event and next year the IAC plans to award 144 medals in Montreal in the various competitions across the participating art forms.

The IAC has presented the City with three options to consider:

a. Hosting an ArtsGames competition;

b. Being the permanent host of one of the yet to be established Federations; and

c. Being the permanent host of the IAC headquarters.

REVIEW

The IAC began its search for cities to host the Games as well as its headquarter back in 2013. When Detroit was shortlisted they visited the City in 2014 to assess capacity. They subsequently determined that the City, not only had the capacity to host the Games (along with our international neighbor Windsor) but would also be an excellent site for the IAC headquarters. The architecture, history and the rich cultural and music heritage of the City were certainly key, but they also saw the opportunity for an African American majority city to play a unique and significant role on the global stage.

The 2020 ArtsGames has yet to be awarded to a host city. In order to be considered, a letter of intent must be provided to the IAC by December 31st. Those Games would precede the Summer Olympics of that year and would likely take place in July. There may or may not be enough time for the City of Detroit to determine and prepare for such an event particularly given that first ArtsGames is yet to be held and produce precedence from which to learn. There is still much to be learned and assessed about the ArtsGames.

During a DEC meeting, wherein IAC members participated via Skype and subsequent conversation, the IAC representatives indicated the Popular Music Federation, which has yet to be established, would be the best fit for Detroit. Under the Popular Music heading this would cover what is popular not just in the US, but what is currently popular from nation to nation. It could be R&B, Techno, Caribbean, the Tango, Luk Thor, etc. Establishing such a Federation will involve the local producers, promoters, artists, universities and the like.

The IAC headquarters includes not only office space to house the committee and its staff, but other components as well. An Academy is envisioned for training and education purposes. Annually, students would come from around the world for two week camps from each of the 33 Federations. The headquarters also hosts the auditions for the Games every other year in order to determine who the competitors will be, much like the Olympic tryouts. There are other visions that the IAC also has for its headquarters that would be developed over time. We need to understand and assess all of these components.

CONCLUSIONS AND RECOMMENDATION

The City must look closely at the fiscal, social and physical capacity of the City and our various partners to undertake any of these opportunities. It would appear that we have the venues and hotel space, particularly with new hotels rooms coming online this year and more to come. We also have considerable talent in all facets of the arts and entertainment industries. The most pressing concerns appear to be financial. A cost benefit analysis to the City will be key to determining feasibility.

Initially, staff felt three separate working groups could work concurrently to explore these three opportunities. However, with so little being known about the Games themselves and the establishment of a Federation is not a time sensitive matter, the DEC has concluded that a single Working Group with a number of supportive stakeholders could focus on the headquarters and thereby learn more about the ArtsGames, the IAC, and its vision, as well as the Federation. Working groups focused upon the remaining two areas would be established later pending the findings of the initial group.

Therefore, the Detroit Entertainment Commission recommends the establishment of an initial working group charged with determining the feasibility of locating the IAC headquarters in Detroit and thereby getting a fuller understanding of the Arts Games and its organization within that context. The working group should be comprised of seven members including one selection from the Detroit Economic Growth Corporation, the Chairperson or designee of the Entertainment Commission, two selections from the Mayor, two from the City Council and one joint selection of the Mayor and City

Council. This group would be supported by a stakeholder group and staff in an effort to complete this work as soon as possible.

Furthermore, if for some reason the Administration elects not to participate, the DEC also recommends that all appointments could be made by the City Council. This would make the undertaking solely a legislative one, but allow the City Council to receive information in support of your future inquiries or actions in this regard.

Respectfully submitted,

Honorable City Council:

Re: Request for a Secondary Street Sign for Bishop Edgar L. Vann II at the intersection of Dequindre Road and E. McNichols Road.

On July 17, 2017 Council President Brenda Jones submitted a memorandum to the Legislative Policy Division/Historic Designation Advisory Board requesting that the intersection of E. McNichols Road and Dequindre Road be assigned the secondary street name "Bishop E.L. Vann Blvd." in celebration of his leadership at Second Ebenezer, the City of Detroit and communities around the world. Known as a community and civic leader, Bishop Vann's impact has been felt from the board room to the neighborhood where he exemplifies his belief that "community starts with empowered people."

Bishop Vann II was installed as Senior Pastor of Second Ebenezer Church in 1976. In 2008, Vann was elevated to the Office of Bishop by the Joint College of African American Bishops and is now the Presiding Prelate over Kingdom Alliance Covenant Fellowship. Today, Second Ebenezer Church has over 6,000 members and is celebrating seventy-seven years of service.

In 1995, Bishop Vann founded the Vanguard Community Development Corporation (CDC) to strengthen Detroit's northeast neighborhoods. Since then Vanguard has invested more than sixty-three million dollars in the area. Vanguard CDC has been responsible for the redevelopment of both housing and commercial property in northwest Detroit, which includes single family homes and a senior citizen complex.

Bishop Vann has served on numerous board and commission, including the Executive Committee of Henry Ford Health System and the boards of Downtown Detroit Partnership and Downtown Detroit, Inc. He also serves as a Commissioner on the Board of Police Commissioners. Bishop Vann is known for his partnership with Feed the Children who has fed over 25,000 people in Detroit. Bishop Vann continues to build a legacy of hope and empowerment.

Upon review of the documentation submitted by the petitioner staff has concluded that the petition does meet the criteria for Secondary Naming of Street in accordance with Article VII Sections 50-7-31 through Sections 50-7-50 of the 1984 Detroit City Code.

TESTIMONIAL RESOLUTION FOR TRINITY-ST. MARKS UNITED CHURCH OF CHRIST Celebrating 100 Years at 9315 West Fort Street Detroit Michigan 48209

By COUNCIL MEMBER CASTANEDA-LOPEZ:

WHEREAS, On November 18, 1917 the cornerstone for what is now Trinity-St. Marks United Church of Christ was laid at 9315 West Fort Street. The church was completed the following year and the dedication took place Sunday, October 6, 1918. It has now stood 100 years at this location. The church and congregation still stand in service to God and the community; and

WHEREAS, One hundred thirty-two years ago, the City of Detroit has an estimated population of 207,600. Stephen B. Drummond was Mayor, Russell A. Alger, Governor of Michigan, and Grover Cleveland, President of the United States. The area of Detroit was 22.19 square miles. The southwestern part of the community known as Delray was located about 5 miles west of the Detroit City Hall. The settlements were few and scattered. The workers in this area, including the founder of St. John's Church of Delray, were predominantly German; and

WHEREAS, St. John's Church of Delray was chartered in 1885 and the services were conducted in German. The first church home was partially destroyed by fire but the congregation was not discouraged. A temporary house of worship was built from the material salvaged from the old building to erect what they called The Tabernacle. In the shadow of World War I the congregation pressed forward and the cornerstone of the current location was placed in 1917. It reads "Evangelische Trinitatis Kirche" or in English, Evangelical Trinity Church. In 1918 the English language was introduced into the worship service; and

WHEREAS, Trinity Church continued to grow and change with the community it serves. When church membership across all churches in the area started to decline the churches in the area met to seek the best solution. On September 30, 1979, Trinity Church and St. Mark's Church became one. Trinity-St. Marks United Church of Christ is a merger of two churches with parallel histories. The celebration of 100 years in one location is a story of faith, perseverance and service to God.

NOW, THEREFORE BE IT

TESTIMONIAL RESOLUTION FOR GRACE EPISCOPAL CHURCH DETROIT 100th Anniversary Celebration 1917-2017

By COUNCIL PRESIDENT JONES:

WHEREAS, It is with great pleasure and privilege that we, the members of the Detroit City Council, recognize and bestow honor upon Grace Episcopal Church, in observance of their 100th Year Anniversary, a very significant milestone. On the corner of Virginia Park and Rosa Parks Boulevard (then called Twelfth Street), Grace Episcopal Church began as a mission in a portable steel structure elevated upon cement blocks. The first service, on August 5, 1917, was led by Archdeacon Robinson, who was temporarily in charge. Rev. Bertram W. Pullinger, an Englishman who served as a chaplain in the Canadian army during World War I, was called as the first rector of the young mission. His first service was on December 2, 1917. Rev. Pullinger served for thirty-two years as rector of Grace. Incorporated as a parish in 1918, plans began for a permanent building to accommodate the growing church. With the assistance of an enthusiastic Sunday School that canvassed the neighborhood

for contributions, the building campaign drew nationwide attention and donations. The cornerstone of the rising church house, the first unit of the Grace parish, was laid in February 1920. The new Grace Church Parish House was dedicated on Sunday, October 31, 1920 by Bishop Herman Page; and

WHEREAS, The second unit of Grace Church, built in 1921, became a memorial to Marjorie Guest, who died at age fourteen. She was the adopted daughter of noted Detroit poet, Edgar Guest. In the fall of 1942, the church became debt-free, a prerequisite of consecration. The following year on Sunday, January 31, 1943, the church was consecrated by Bishop Frank W. Creighton. In the 1960s, another addition went up which contained classrooms, offices and a chapel. The chapel was built in memory of Katherine Fox Graham, George Fox and William H. Graham. The second rector of Grace Church, Rev. Elden W. Mowers, arrived in September 1949, at a time of a racially-changing neighborhood. Attendance and support dwindled as older members moved away with the influx of newcomers. Serious discussions were held concerning the church's future. The church decided to stay put and minister to the people around it. Grace joined the diocese's call to establish parochial missions in the growing outlying areas and suburbs. Grace Chapel, now the Church of the Redeemer, was set up in 1951 in Southfield, Michigan. Additional leadership was needed to help Rev. Mowers serve two congregations. Rev. Henri A. Stines, a native of Haiti, was appointed in 1953 as curate of the parent church. In January 1955, Father Stines became the first Black rector of Grace Church. During his nine years as rector, his leadership grew the church into one of the best known of its denomination in the Detroit area; and

WHEREAS, In 1967, the Detroit Rebellion occurred the same year that Grace Episcopal Church marked its 50th Anniversary. Under the leadership of Rev. Robert L. Potts (1964-1967) and his assistant, Rev. Marshall W. Hunt, Grace Church, which remained virtually untouched by the rioting, was used as a distribution center for food and clothing for those affected by the chaos, looting and burning of houses and businesses. Other rectors who have served at Grace: Rev. Ellsworth B. Jackson (1971-1973), Rev. Blair A. Dixon (1973-1977), Rev. Arthur J. Hildebrandt (1977-1983), Rev. Samuel T. Knight (1985-1991), and Rev. Glendon Heath (2000-2001). Grace has had the service of many fine clergy as associates, interims and supply priests: The Reverends James R. Levesque Jr., Malcolm D. Boyd, William J. Walker, Howard McClintock, Gene Montague, Thomas Masson, William Venable, Arthur B. Williams, Schulyer Clapp, Robert J. Bickley, Rodney Reinhardt, Franklin P. Bennett Jr., Harold Bronk and Ned Schneider. Grace Church has inspired a number of its members to go into the ministry. Ordained at Grace were: Percy Watton, Jack Goodson, William Elliott, Joseph Weathersby, Robert Reaves, Don E. West and Kwasi A. Thornell. Others with roots at Grace include: Judy Davis Boli, Susan Shannon-Keller, Karen Coleman and Martha A. Sanders, the first Black female deacon in the Diocese of Michigan. As Grace Church marks its 100th Year of existence, the church has proven to be a fine religious institution that fulfills the vital task of ministering and helping to meet the needs of the community. It continues to carry on the ministry of spreading The Good News. "The circle of life is still evolving today."

NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council and office of Council President Brenda Jones, wishes to congratulate the entire congregation of Grace Episcopal Church on this commemorative occasion of their 100th Year Church Anniversary celebration.

Honorable City Council:

Re: City Council Recess from: Wednesday, November 22, 2017 through Tuesday, January 2, 2018.

Ordinance No. 15-00, Chapter 21 Article 3, requires the approval of your Honorable Body for the purchase of goods and services over the value of $25,000, all contracts for personal services renewals or extensions of contracts, or the exercise of an option to renew or extend a contract. Based upon the above scheduled recess, there will be a delay in obtaining your approval for needed goods and services. As a result, I will be unable to meet my obligation to obtain needed goods and services for the user agencies, and they, in return, will be unable to meet their obligation to supply mandated services to the people of the City of Detroit.

Therefore, during the Recess, I request that your Honorable Body approve our purchase of Goods and Services requiring your Approval under Ordinance No. 15-00 under provisions as follows:

1. Weekly list of Contract Agenda Items, which are distributed by the Office of the City Clerk to Members of the City Council each Thursday, will be held through Wednesday of the following week. In the event any Council Member objects to the contract or purchase order, the contract or purchase order will be held either until formal action by the City Council or withdrawal of the objection by the objecting Council Member.

2. No Contract or Purchase Order shall be issued if a Protest has been filed, or if a Supplier has not obtained any required clearances, insurance or affidavits.

The first list under the Recess procedures will be prepared by the Office of Contracting and Procurement on Tuesday, November 28, 2017.

Respectfully submitted,
BOYSIE JACKSON

Honorable City Council:

Re: Demar Parker vs. City of Detroit. Civil Action Case No.: 16-008118 NO.

Representation and Indemnification by the City of Detroit of the officers listed below is hereby not recommended. We do not agree with the recommendation of the Head of the Department and do not believe the officers were acting within the scope of their employment at the time the acts complained of were committed.

As the various police reports and witness statements indicate Officer Townson went to the residence of Jasmine Sanchez located at 10429 Curtis to pick up his son. Ms. Sanchez is the boy's mother. The son called his father because Demar Parker, who has a daughter by Ms. Sanchez, was on the porch creating a disturbance and demanding entrance. Mr. Parker was claiming that Townson's son was inappropriately playing with his daughter.

Officer Townson, who was off duty and out of uniform, went to the Curtis location to pick up his son. He contacted fellow officer and personal friend Marcus Ways, who was also off-duty and out of uniform, to come to the Curtis location and assist. At the time Marcus Ways was with Jerold Blanding, also off-duty and out of uniform, who accompanied Officer Ways to the location.

Townson arrived at the Curtis Street location and encountered Demar Parker on the street and had a verbal exchange with him. Ways and Blanding arrived and approached Parker. Parker ran from the scene, and returned moments later driving his car. Parker drove at Ways who was standing in the street and Blanding fired his weapon at the car some 15 times in defense of Ways, with one round striking Parker.

The Curtis Street location is in the 12th Precinct. Officers Ways, Townson and Blanding were all assigned to the 10th Precinct. During the encounter with Parker none of the officers displayed a badge or announced that they were police officers. All were off duty and in plain clothes.

None of the officers complied with DPD Manual provision 304.1-13.7 or DPD Code of Conduct provision 102.3-6-17. DPD Manual 304.1-13.7 addresses off-duty police action and provides in subsection (1), "off duty officers shall notify on-duty DPD or local law enforcement officers (if outside the City of Detroit) before taking police action, absent exigent circumstances, so that they may respond with appropriate personnel and resources to handle the problem."

DPD Code of Conduct 102.3-6-17 provides: "Engaging or attempting to take police action in personal controversies arising between friends, relatives, and/or neighbors (except in self defense to prevent injury to another, or when a serious offense has been committed). Such circumstances shall be called to the attention of the officer-in-charge of the precinct in which it occurs, who shall have disinterested members investigate and take the necessary action."

It is the position of the City that the officers did not comply with the above provisions because they did not see themselves as engaging in a police action. Officers Ways and Blanding were supporting their friend, Officer Townson, in a purely private action. He was picking up his son and removing him from the mother's home and called his friends as back up in case there was any trouble. This was not a police action or an exigent circumstance.

The lawsuit centers on the shooting of Demar Parker by Officer Blanding. Accounts differ as to how that occurred but assuming it was a valid defense of others shooting the question remains whether it was within the scope of his employment. The shooting may have been facilitated by or have some tie to his employment as a police officer (e.g. training, being armed at the time) but it does not follow that the act was within the scope of his employment.

Representation and indemnification is available for employees who are sued for acts done while discharging, in good faith, their official duties i.e. acting in good faith within the scope of their employment. The Court of Appeals recently applied the outline of principles found in the Second Restatement of Agency 2d to determine whether an employees conduct came within the scope of his employment. The principles provide:

(1) Conduct of a servant is within the scope of employment if, but only if:

(a) it is of the kind he is employed to perform;

(b) it occurs substantially within the authorized time and space limits;

(c) it is actuated, at least in part, by a purpose to serve the master, and

(d) if force is intentionally used by the servant against another, the use of force is not unexpected by the master.

(2) Conduct of a servant is not within the scope of employment if it is different in kind from that authorized, far beyond the authorized time or space limits, or too little actuated by a purpose to serve the master. Timothy Matouk vs. Michigan Municipal League Liability & Property Pool, July 11, 2017, No. 332482.

Applying these principles to the case at hand clearly led to the conclusion that none of the officers were acting within the scope of their employment. The officers were acting together to pick up Townson's son. The conduct was not within the authorized time and space limits — they were off duty and not in their own assigned precincts. Most importantly their conduct was not actuated by a purpose to serve the City of Detroit. The shooting itself may or may not have been justified but it was not done while serving the City of Detroit. We, therefore, recommend a "NO" vote on the attached resolution. Copies of the relevant documents are submitted under separate cover.

Re: Request to accept a donation of electric charging equipment and bollards

The Bosch Automotive Service Solutions LLC has awarded a donation to the City of Detroit General Services Department with electric vehicle charging equipment and bollards valued at $5,392. There is no match requirement for this donation.

The objective of the donation to the department will be to support the City's hybrid vehicle pilot program. These charging stations will allow the City of Detroit to test out plug-in hybrid vehicles in several City operations to determine where such vehicles could potentially replace traditional gasoline engine vehicles in the City fleet.

Buildings, Safety Engineering & Environmental Department

October 16, 2017

Honorable City Council:

Re: Address: 18474 Vaughan. Name: Johnnie A. Green. Date ordered removed: May 9, 2017 (J.C.C. page _____).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on October 12, 2017 revealed the building is secured and appears to be sound and repairable. The owner has paid all taxes and is current. The proposed use of the property is owner's use and occupancy. This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be obtained within 30 days.

2. The building shall be maintained securely barricaded until rehabilitation is complete. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:

• Certificate of Acceptance related to building permits

• Certificate of Approval as a result of a Housing Inspection

• Certificate of Inspection, required for all residential rental properties.

3. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

4. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,

DAVID BELL

Honorable City Council:

Re: Petition No. 1303 — United States Environmental Protection Agency, Great Lakes National Program request for temporary closure and permanent vacationing a portion of Springwells Court located in Delray, Detroit.

Petition No. 1303 — United States Environmental Protection Agency, Great Lakes National Program Office request to temporarily close part of Springwells Court, variable width, lying southerly of Aggregate Drive, variable width.

Phase 1 of the request, for temporary closure of Springwells Court, will be addressed in the attached resolution. Phase 2 of the request, for the vacation of Springwells Court will be addressed in a future resolution.

The request is being made as a part of a major clean-up on the Lower Rouge River Old Channel (LRROC) which will serve to improve the quality of Michigan's waters. The U.S. Environmental Protection Agency and Honeywell Inc. have been working cooperatively to remediate coal tar contaminated sediment in the LRROC. Dredging

as part of the remedy requires building a permanent bulkhead wall along the shoreline including tiebacks for the wall. Springwells Court is in close proximity to the LRROC and that is the reason for the request. The Economic Development Corporation (EDC) of the City of Detroit are owners of the properties accessed by Springwells Court and the EDC has been involved with the petitioners and approve of the request.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

Detroit Water and Sewerage Department (DWSD) has no objection to the temporary closure provided certain provisions are met. The DWSD provisions are a part of the attached resolution.

All other involved City departments, and privately owned utility companies have reported no objections to the temporary closure, provided they have the right to ingress and egress at all times to their facilities. Provisions protecting the rights of the utilities and the City are a part of this resolution.

The resolution for Phase 2, coming in the near future, will address the permanent vacation and tieback encroachment including provisions for relocating or rerouting of the utility facilities in the area.

Provisions protecting all utility and City owned assets in the Springwells Court are a part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,

Provided, That should the water main and/or sewer facilities be broken or damaged as a result of any action on the part of the petitioner or assigns, then in such event the petitioner or assigns shall be liable for all costs incident to the repair of such broken or damaged water main and appurtenances, and the petitioner waives all claims for damages; and further

Provided, That at the expiration of the permit, all obstructions shall be removed at the petitioner's expense. The public property shall be restored to a condition satisfactory to the City Engineering Division — DPW by the petitioner at the petitioner's expense; and

Provided, That this resolution is revocable at the will, whim or caprices of the Detroit City Council without cause. I am recommending adoption of the attached resolution.

RESOLUTION
IN SUPPORT OF
THE ELIMINATION OF DRIVER
RESPONSIBILITY FEES

By COUNCIL PRESIDENT JONES:

WHEREAS, The mission of the Detroit City Council is to promote the economic, cultural and physical welfare of Detroit's citizens and residents through Charter-mandated legislative functions; and

WHEREAS, In 2003, the State of Michigan established Public Act 165, known as the Driver Responsibility Law, which took effect October 1, 2003. The stated purpose of the Act, which created Driver Responsibility Fees, was to "encourage traffic safety by deferring potentially dangerous driving behavior." However, the true purpose of the Driver Responsibility Fees, which ranged from $100 to $2,000, was to raise needed revenue to help fill a budget hole when Michigan's economy faltered; and

WHEREAS, The burden of Driver Responsibility Fees falls disproportion-

ately on poor people, who become trapped in a de facto debtor's prison, as they were unable to pay the fees necessary to have their licenses reinstated and unable to drive to their jobs to earn money to pay the debt. According to the Michigan Department of Treasury, nearly 350,000 Michigan drivers still owe $634 million in driver responsibility fees; and

WHEREAS, The Detroit Free Press reported that Michigan State Representative Leslie, Love, D-Detroit, in speaking on Driver Responsibility Fees stated, "Michigan should not balance its budget on the backs of drivers. It was bad idea from the beginning." Rep. Love added, "The fees are punitive and they perpetuate the cycle of proverty." Additionally, Representative Joe Bellino, R-Monroe remarked, "These driver responsibility fees do nothing to improve driving habits, but they do keep families in debt. This is a failed experiment that achieved nothing;" and

WHEREAS, Nearly identical House and Senate bill packages to abolish driver responsibility were introduced their respective legislative bodies. However, these bills will need to be reconciled in order to be implemented; and

WHEREAS, At their introduction, HB 5040 and SB 609 were measures that sought to eliminate collection of driver responsibility fees, beginning on September 30, 2018; HB 5041 and SB 610 sought to develop and fund educational outreach for a driver responsibility fee amnesty program; HB 5042 and SB 611 sought to restart community service as a payment option for driver responsibility fees for individuals who do have the money to pay said fees but cannot wait until October 1, 2018, for outright expungement of the charges; and

WHEREAS, HB 5043 and SB 615 sought to eliminate collection of driver responsibility fees for certain individuals currently enrolled in an installment payment program; HB 5044 and SB 612 sought to eliminate driver responsibility fee assessments, beginning October 1, 2018 — one year earlier than the current 2019 sunset of this law; HB 5045 and SB 613 sought to amend state law to free holders of enhanced drivers licenses from driver responsibility fee and related sanctions, after October 1, 2018; and

WHEREAS, HB 5046 and SB 614 bills sought to waive driver responsibility fees for motorists who successfully participate in a DWI sobriety court program on or after October 1, 2018; HB 5079 and SB 624 sought to allow motorists to pay their driver responsibility fees by enrolling and completing 10 hours in a qualified workforce training program; HB 5080 and SB 625 sought to compel the Michigan Department of State to create a workforce-training-payment-program option for motorists to satisfy driver responsibility fee obligations and authorize the Michigan Department of Treasury to administer said program; and

WHEREAS, On November 2, 2017, the State House approved the bills as submitted and if reconciled with the State Senate, will continue to forgive all of the Driver Responsibility debt owed on October 1, 2018. However, the original bills introduced in the Senate, amended as passed, no longer will forgive all of the debt owed on October 1, 2018. Also passed on November 1, in the amended Senate bills, Driver Responsibility Fee debt that is at least six years old, about $304.3 million of the $634 million total, would be considered uncollectible and forgiven. But driver responsibility fees that are younger than six years old would not be forgiven and the Department of Treasury could continue to try and collect those fees through things such as garnishing income tax refunds. This approach would prolong the cycle of debt of the unfortunate individuals with the unforgiven debt; and

WHEREAS, The Detroit City Council supports the legislature's efforts to eliminate Drivers Responsibility Fees in Michigan, which unfairly burden the poor population of Detroit and the entire state of Michigan. The Council is in full support of the State House's efforts to eliminate all Driver Responsibility Fee debt by October 1, 2018, but is not in support of the State Senate's plan to continue to collect on driver responsibility fees that are younger than six years old;

NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council and urges the Michigan State House and Senate to reconcile their Driver Responsibility Bills to mirror the original bills, which are consistent with the bills passed in the State House;

BE IT FURTHER

RESOLVED, That this resolution be forwarded to the City of Detroit's Lansing lobbyist and the Detroit Delegation in the State House and Senate.

MEMBER REPORTS:

Council Member Castaneda-Lopez: End of the year event occurring December 4, 2017 at Senate Theatre, 6424 Michigan Avenue, Detroit, MI 48210. Food and music will be provided as well as giveaways. Mobile Office will be out in November a few weeks prior to Thanksgiving and resumes early the following year.

Council Member Sheffield: Congratulations to colleagues for being re-elected. Thanks for the support from District 5 for my re-election as well. Looking forward to four more years; there's a lot more work to be done in District 5. Reminder: tonight the County will be hosting a Criminal Justice Informational Forum at Bethel AME Church at 6:00 p.m. Individuals interested in more information regarding the jail site proposal please be present.

Council Member Benson: Thanks to the residents of District 3.

Council Member Spivey: Thank you to District 4 and congratulations to my colleagues as well.

Council Member Ayers: Thanked citizens of Detroit, colleagues, and A-Team for re-election.

Council Member Tate: Thanks resident/voters of District 1 and congrats to colleagues. There were two (2) ballot initiatives that passed during the election. It is imperative to figure out how to react to this. I would like to make a formal request from Law Dept. to give us an update on what the City can do and what to be prepared for; also, any legal challenges that may be available?

Council President Pro Tem. Cushingberry, Jr.: On January 6th I turn 65. In a year or two, I will have had my 70th election. I've been elected a total of 34 years and have lost some. I lost my first race when I ran for the WSU Board of Governors. I wasn't young enough, 18 years old had just come into effect, but they hadn't changed the rules. The party was ready to nominate me. We chose Mike Einhauser instead because we wanted somebody under 25. I later became Chairman for "Students for Coleman A. Young," on the Public Safety Committee for the "Concerned Citizens Council." We were like BlackLivesMatter in Students against Stress, in an effort to reform police commission. I was elected in '74 but I lost in '82. I was a target for telling the truth regarding interest rates. Detroit lost 70,000 jobs but now most of them have come back.

Council President Brenda Jones: I am attending next Tuesday's meeting with AARP with Marcell Todd to discuss livable wages. They want the City of Detroit to see how Dallas lives with their bike lanes, senior living, and all of the things Dallas has to offer. President Pro Tem. Cushingberry, Jr. will be Chairing in the absent of

President Jones. Thanked President Pro Tem. for his service to the Honorable Body and all over the State of Michigan. Also, there has been a proposed draft from the Water Department for a City Council workshop agenda. The proposed dates given are November 3, 2017, which has passed for Committee of the Whole to discuss the DWSD issues. November 17th and December 1st were also given; and my colleagues agreed to December 1st, from 10:00 a.m. to 4:00 p.m., with a lunch break in between. Another resolution to be done to bring Council back on December 1st since a resolution had already been done for Recess. I've asked the Legislative Policy Division to start working on an orientation session for December. We will work with everyone to see which date and location works best for the orientation. Colleagues please be aware we have a couple of appointments that need to be looked at and one is for the Inspector General as well as Board of Zoning Appeals (BZA.) We will be accepting resumes for those positions. I've asked Mr. Whittaker to prepare documents regarding all of the above. I would like to thank the citizens for coming out to vote. It's important for people to exercise their right to vote. The Evening Community Meeting for District 4 from 7:00 p.m. to 8:30 p.m.; to be held at Wayne County Community College Eastern Campus located at 5901 Conner. The Board of Water Commissioners evening meeting will be November 15 from 6:00 p.m. to 7:30 p.m. at Roberto Clemente Recreation Center located at 2631 Bagley. There is a meeting for the general public to go out December 1st from 10:00 a.m. to 4:00 p.m. DWSD will conduct a City Council workshop. The Detroit Police Department's 11th Precinct is hosting its 10th Annual Veterans Day Parade and Luncheon Saturday November 11th at 10:00 a.m. at the American Siberian Memorial Hall located at 19940 Van Dyke. Ceremony starts at 11:00 a.m.; and lunch will be served at 12:00 noon. THOMAS E. NICHOLS

By COUNCIL PRESIDENT JONES:

WHEREAS, We, the members of the Detroit City Council, solemnly pause today to honor the memory of the late Mr. Thomas E. Nichols, a beloved husband, father, grandfather, great-grandfather, great-great-grandfather, godfather, uncle, cousin, and friend to many, who made his transition on October 25, 2017; and

He accepted Christ at a young age and was baptized at a Methodist church in Erin, Tennessee. Thomas received his adolescent education in the Erin Public School system. When he was fifteen, the family moved to Detroit, Michigan. Thomas enlisted in the United States Army at age seventeen. After completing basic training, he was stationed at Fort Campbell in Kentucky. Shortly thereafter, he found himself on the battlefield in the Korean War. After a honorable discharge from the military, Thomas returned home to Detroit. One day while working on a car, as he often did, the "self-taught" mechanic caught the eye of Elaine, affectionately known as "Lainy." They fell in love and were united in holy matrimony on December 22, 1956. To this union six children were born; and

WHEREAS, Thomas Nichols retired from Hewitt Metals in the early 1990's. He also retired twice from Berea Lutheran Church in the late 1990's. Thomas had many nicknames, including Nicky, Tommy, Daddy, Poppa and Mr. Nichols. He was well known and highly respected throughout the 48238 community and beyond. Thomas served as President of the Quincy Street block club for many years. He often entertained those who crossed his path or walked through his yard with one of his good ole stories. Thomas had a way of drawing people into a conversation, whether it was about history, politics, current events, or a lil' bit of this and that. He was also known as a "Jack of All Trades." His hands were always busy fixing something, either inside or outside the home. Thomas loved to work in his garden and yard. He and his late wife of fifty-eight years, Elaine Nichols, enjoyed watching sports, traveling, slow dancing and listening to music, and entertaining family and friends; and

WHEREAS, Among those preceding him in death are his loving wife Elaine; his mother Dorthula Marshall; and his two sons, Nathaniel and Darrow. Mr. Thomas E. Nichols leaves to cherish his memory, four children; Robert (Norma), Hattie, Stephanie, and Dottie (George); ten grandchildren; fifteen great-grandchildren; three great-great-grandchildren; and his loving god-children, along with a host of nieces, nephews, cousins, extended family, friends and the Quincy Street neighborhood family. Mr. Thomas E. Nichols has ensured that his impact would be forever embedded in the hearts of those he cherished for years to come.

NOW, THEREFORE BE IT

RESOLVED, That the Detroit City

Honorable City Council:

Re: A resolution to amend Detroit Master Plan of Policies for the area generally bounded by W. Hancock Avenue, Cass Avenue, Martin Luther King Jr. Boulevard, and the John C. Lodge Freeway to facilitate mixed-use development throughout the Midtown section of Detroit (Master Plan Change #13)

Pursuant to the City of Detroit's City Charter (Section 8-102), the Planning and Development Department (P&DD) has submitted for your consideration and action a proposed Amendment to the Detroit Master Plan of Policies. Approval by your body and subsequent adoption by City Council of this resolution would accommodate changes in the Master Plan of Policies that would facilitate the expansion of mixed-use development in the Midtown section of Detroit.

Location

Area northwest of the intersection of Cass Avenue and Martin Luther King Jr. Boulevard.

The proposed subject site is located in the Neighborhood Cluster 4, Lower Woodward Neighborhood Area of the Master Plan of Policies and is located in the area generally bounded by W. Hancock Avenue, Cass Avenue, Martin Luther King Jr. Blvd., and the John C. Lodge Freeway.

Existing Site Information

The subject area to be amended is approximately 140 acres. In May of 2016, your Honorable Body approved the rezoning to SD1 (Special Development District, Small-Scale Mixed Use) and SD2 (Special Development District, Mixed Use) for certain properties in the subject area. The subject area is a mix of commercial buildings and low to medium density residential buildings. Most of the commercial land uses are along the north/south streets. Many of the east/west streets are medium density residential with a low density residential area near Alexandrine and Third. There is a concentration of commercial and residential land uses near Cass and Canfield Streets.

Surrounding Site Information

To the west, across the Lodge Freeway, is Woodbridge Estates, a medium and high density residential development. To the north is the campus of Wayne State University. To the east, across Cass and extending to Woodward Avenue, are various commercial uses. To the south, across Martin Luther King Boulevard, along the Lodge Freeway, is a medium density residential development. The remaining area is a mix of commercial buildings and vacant land.

Project Proposal

Midtown Detroit, Inc. and the City Planning Commission had requested the zoning change to advance mixed-use, pedestrian-friendly, transit-oriented development throughout the area.

Interpretation

Impact on Surrounding Land Use

As noted above, the proposed rezoning

would support the further development of a mixed-use neighborhood.

Impact on Transportation

DDOT provides bus service along Woodward, Third, and Cass. SMART also provides bus service along Woodward.

Recommended Master Plan Amendment

The Planning and Development Department requests this proposed Amendment to the Master Plan of Policies to accommodate the development of the area into a mixed-use neighborhood. The rezoning will facilitate further mixed use development in the area. The Planning and Development Department therefore requests that the proposed Future Land Use map in the Master Plan of Policies be changed for the area generally bounded by West Hancock Avenue on the north, Cass Avenue on the east, Martin Luther King Jr. Blvd. on the south, and the John C. Lodge Freeway on the west from "RH", High Density Residential and "INST", Institutional to "MRC", Mixed-Residential/Commercial.

Respectfully submitted,

Planning and
Development Department

Honorable City Council:

Re: Acquisition of 32 W. Brentwood / Sale of 56 W. Brentwood Arab American and Chaldean Council (ACC).

The Planning and Development Department is hereby requesting the authorization of your Honorable Body to acquire certain real property described at 32 W. Brentwood, Detroit, MI ("Acquisition Property") from the Arab American and Chaldean Council (ACC) ("AACC") in exchange for the sale of certain City-owned real property at 56 W. Brentwood ("Sale Property").

The AACC owns and operates a commercial building and adjacent parking lot at 55 W. Seven Mile, as well as vacant lots to the south of the building at 64 and 74 W. Brentwood that are contiguous with the Sale Property. The AACC wishes to acquire the Sale Property from the City to construct additional parking space for its commercial building. It is also important to note that the City's Health Department currently leases the commercial building from AACC and will benefit from the additional parking.

The Detroit Fire Department ("DFD") Engine 44 — Ladder 18 ("Fire Station") is located at 35 W. Seven Mile. Behind the Fire Station, DFD utilizes a City-owned vacant lot at 40 W. Brentwood that is contiguous with the Acquisition Property. DFD wishes to acquire the Acquisition Property from AACC to expand its overflow parking.

For the reasons stated above, we respectfully request your approval to acquire the Acquisition Property from AACC in exchange for the Sale Property by adopting the attached resolution.

Respectfully submitted,
MAURICE D. COX
Director

By Council Member Leland:

Whereas, The City of Detroit through the Planning & Development Department ("P&DD") wishes to acquire certain property at 32 W. Brentwood, Detroit, MI as more particularly described in the attached Exhibit A ("Acquisition Property") from the Arab American and Chaldean Council (ACC) ("AACC") in exchange for the sale of certain City-owned property at 56 W. Brentwood, Detroit, MI as more particularly described in the attached Exhibit B ("Sale Property"); and

Whereas, The Buildings, Safety Engineering and Environmental Department has reviewed the environmental conditions of the Acquisition Property; and

Whereas, In accordance with Chapter 2, Article I, Division 2 of the Detroit City Code, the City Council finds and declares that: (1) the Acquisition Property has received appropriate environmental inquiry in accordance with the review referred to in the preceding paragraph; (2) the environmental inquiry has shown that past use of the Acquisition Property for the period investigated has been solely for residential purposes and that the Acquisition Property does not pose an adverse environmental impact, therefore the Acquisition Property is not considered a facility; and (3) the Acquisition Property is necessary to preserve and promote the public health, safety, welfare or good, which outweighs the cost of the environmental inquiry, and, therefore, City Council waives the requirement that the seller bear the cost of the environmental inquiry; and

Whereas, Pursuant to Sec. 14-8-3 of the Detroit City Code, the Finance Director has designated the Acquisition Property to fall under the jurisdiction of the Fire Department once acquired; Now, Therefore Be It

Resolved, That the Detroit City Council hereby approves acquisition of the Acqui-

sition Property from AACC in exchange for One and 00/100 Dollar ($1.00) and the Sale Property; and be it further

The TED provision is a part of the attached resolution. The Detroit Fire Department (DFD) reports access must be maintained to fire hydrants and building fire connections. Public Lighting Department (PLD) reports a conduit on West Grand Boulevard. Provisions for DFD and PLD have been made a part of the resolution.

Detroit Water and Sewerage Department (DWSD) reports being involved, but they have no objection provided the DWSD encroachment provisions are followed. The DWSD provisions have been made a part of the resolution.

All other involved City Departments, including the Public Lighting Authority and Great Lakes Water Authority; also privately owned utility companies have reported no objections to the encroachment. Provisions protecting all utility installations are part of the attached resolution.

Honorable City Council:

Re: Address: 5742 Mt. Elliott. Name: ALFA, LLC. Date ordered removed: November 9, 2016. (J.C.C. pgs. 2109-2117).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on October 12, 2017 revealed the building is secured and appears to be sound and repairable. The owner has paid all taxes and is current. The proposed use of the property is owner's use and occupancy. This is the 1st deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be obtained within 30 days.

2. The building shall be maintained securely barricaded until rehabilitation is complete. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:

• Certificate of Acceptance related to building permits

• Certificate of Approval as a result of a Housing Inspection

• Certificate of Inspection, required for all residential rental properties.

3. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

4. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there have been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

BUDGET, FINANCE, AND AUDIT STANDING COMMITTEE

Finance Department
Board of Assessors

November 1, 2017

Honorable City Council:

Re: Woodbridge Estates IX — Payment in Lieu of Taxes (PILOT).

Scripps Park Associates, LLC (the "Sponsor") has formed Woodbridge Estates IX LDHA, LLC for the development of Woodbridge Estates Phase IX and is requesting tax exemption for the property consisting of an 80-unit affordable senior multi-family facility, located on the northwest corner of the southbound Lodge Freeway service drive and Martin Luther King, Jr. Boulevard in Detroit.

Woodbridge Estates Phase IX will be comprised of eighty (80) units, including thirty-nine (39) public housing units, twenty-two (22) project-based Section 8 units and nineteen (19) market rate units. Unit configurations will consist of having seventy-six (76) one-bedroom and four (4) two-bedroom apartment units. Scripps Park Associates, LLC has entered into an Option to Ground Lease with the Detroit Housing Commission holding title to the land.

The project will be permanently financed by a Detroit Housing Commission 50-year mortgage loan in the amount of $3,700,000 at 5% per annum, a Citizens Bank loan in the amount of $860,000 for sixteen years from the date of conversion at a 15-year SWAP rate + 3.45% (approx. 5.75%), an Equity Contribution of $11,647,975 from the sale of low-income housing tax credits awarded by the Michigan State Housing Development Authority (MSHDA) and $606,925 deferred developer fee.

Sixty-one (61) units are Tax Credit units with rents set at or below 60% of the area median income, adjusted for family size.

Woodbridge Estates Phase IX meets the threshold of number of units required for low income housing tax credit programs. Gas and electric utilities will be paid by residents, while water and sewer expenses will be paid by the sponsor.

The property is eligible under Section 15a of the State Housing Development Authority Act of 1966 (P.A. 346 as amended, MCL 125.1415A), as submitted.

Adoption of the resolution by your Honorable body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a four percent (4%) service fee for this project.

Respectfully submitted,
ALVIN HORHN
Chief CFO - Assessor

By Council Member Cushingberry, Jr.:

WHEREAS, Pursuant to the provisions of the Michigan State Housing Development Act, Act 346 of the Public Acts of 1966, as amended, being MCL 125.1401 se seq. (the "Act"), a request for exemption from property taxes has been received on behalf of Scripps Park Associates, LLC (the "Sponsor"); and

WHEREAS, A housing project as defined in the Act is eligible for exemption from property taxes under Section 15a of the Act (MCL 125.1415a) if the Michigan State Housing Development Authority ("MSHDA") provides funding for the housing project, or if the housing project is funded with federally-aided mortgage as determined by MSHDA; and

WHEREAS, Section 15a of the Act (MCL 125.1415a) provides that the local legislative body may establish by ordinance the service charge to be paid in lieu of taxes, commonly known as a PILOT; and

WHEREAS, The City of Detroit has adopted Ordinance 9-90, as amended, being Sections 18-9-10 through 18-9-16 of the Detroit City Code to provide for the exemption from property taxes of eligible housing projects and to provide for the amount of the PILOT for said housing projects to be established by resolutions of the Detroit City Council after review and report by the Board of Assessors; and

WHEREAS, The Sponsor is developing a housing project to be known as Woodbridge Estates Phase IX, consisting of eight (80) units in the apartments building located on a parcel of property owned as described by street address and tax parcel in Exhibit A to this resolution, with sixty-one (61) units for low and moderate income housing (the "Project"); and

WHEREAS, The purpose of the Project is to serve low to moderate income persons as defined by Section 15a(7) of the Act, being MCL 125.1415a(7); and

WHEREAS, MSHDA has provided notice to the Sponsor that it intends to approve federal-aided financing for the Project, provided that the Detroit City Council adopts a resolution establishing the PILOT for the Project; and

WHEREAS, Pursuant to Section 15a of the Act, being MCL 125.1415a(1), the tax exemption is not effective until the Sponsor first obtains MSHDA certification that the housing project is eligible for exemption, and files an affidavit, as so certified by MSHDA, with the Board of Assessors.

NOW THEREFORE BE IT

RESOLVED, That in accordance with City Code Section 18-9-13, the Project known as Woodbridge Estates Phase IX as described above is entitled to be exempt from taxation but subject to the provisions of a service charge of four percent (4%) for payment in lieu of taxes as set forth in Act B No. 346 of the Public Act of 1966, as amended, being MCL 125.1401, et seq.; and be it further

RESOLVED, That the City Clerk furnish the Finance Department — Assessment Division two (2) certified copies of this resolution.

City of Detroit
Board of Review

November 9, 2017

Honorable City Council:

Re: 2018 Exemption Guidelines and Application under MCL 211.7u (Homeowners Property Tax Assistance Program).

INTRODUCTION

The Board of Review is a nine (9)-member board appointed by this Honorable Body to act on matters relative to assessments within the jurisdiction of the City of Detroit.

(The purpose of this communication is to establish adoption by resolution the 2018 exemption guidelines and process for the Board of Review to act under MCL 211.7u.)

Please keep in mind that as you review and consider the 2018 amended guidelines, it is crucial to the overall process that this Honorable Body adopt the guidelines prior to December 1, 2017 so that the appropriate time will exist for printing, distribution and the creation of property homeowner access.

A RESOLUTION IS ATTACHED AND A WAIVER OF RECONSIDERATION IS REQUESTED

SUMMARY

Each year the Board of Review is required by state law to establish a new process and guidelines in reviewing and determining property tax exemptions by reason of poverty in accordance with MCL 211.7u. This portion of the General Property Tax Act was created to allow homeowners who own and occupy their real residential property as a primary homestead the opportunity to be exempt of property taxes in whole or in part when the property owner is unable to contribute to the public charges as long as they have met the required guidelines established by the local governing unit and the application approved by the Board of Review as given under MCL 211.7u.

The Board of Review has become closely engaged in the current matters faced by many homeowners challenged with property tax delinquency and/or at risk of foreclosure. The Board of Review continues to aid the community in considering these challenges when possible to help homeowners maintain their ownership within the City of Detroit by providing a connected and unified relationship with the Office of the Assessor, City of Detroit Treasury, Wayne County Treasurer and other community based agencies and organizations in order to assist as many homeowners as possible under law.

Therefore, we are presenting to this Honorable Body the 2018 Exemption Guidelines and Application under MCL 211.7u.

CHANGES

- **TITLE: "Homeowners Property Tax Assistance Program"**

o In 2016 the title "Homeowners Property Tax Assistance Program" was adopted and should continue as such.

o The new title clearly states the overall intent while maintaining and delivering the restored sense of attention, pride and dignity to the community.

- **GUIDELINES and FORMS**

o 2018 PROCESS FOR REVIEWING HOMEOWNERS PROPERTY TAX ASSISTANCE PROGRAM APPLICATIONS.

- Updated to include the correct tax year.
- The language *"Should a Homestead Property Tax Credit be forwarded on behalf of the City of Detroit from the State of Michigan, the proportioned amount remaining shall be exempt in whole or in part in accordance with the decision of the Board of Review"* was added in Section 3 to allow the City of Detroit ability to capture revenue directly from the State of Michigan. The intent is to allow for property tax collection when possible while still granting an exemption.
- Grammatical corrections where necessary.
- Under MCL 211.7u, income guidelines may not fall below the federal poverty guidelines. While household member levels one through four are well above the federal poverty guidelines, five through eight and the additional household member amount above eight have been increased to match the federal poverty guidelines.
- The language *"The Board of Review will receive applications and supporting materials up until the final date of the December Board of Review, but to ensure that the Board has adequate time to review your request, please return by the requested date"* was added in Section 5 to ensure applicants understand the statutory deadline and the importance of filing early.
- Signatures attached are the current 2017 Board of Review as required.

City Planning Commission

August 14, 2017

Honorable City Council:

Re: Neighborhood Enterprise Zone Certificate Applications for two (2) units of new housing in the Morgan Estates NEZ area. (Recommend Approval).

The office of the City Planning Commission (CPC) has received a total of two (2) applications for Neighborhood Enterprise Zone (NEZ) certificates forwarded from the office of the City Clerk. These applications correspond to units that are to be developed as part of a luxury housing development undertaken by Morgan Development LLC. CPC staff has reviewed the applications and recommends approval of both applications. The subject properties were initially reviewed in 2015 as a part of twenty-six applications and were found

to be deficient, however, the Assessor's office has since issued their findings, determining that the properties identified as 50 and 58 Sand Bar LN, are vacant lots and were so at the time of the 2015 review.

The two (2) subject properties have been confirmed as being within the boundaries of the Morgan Waterfront Estates NEZ and should be eligible for NEZ certificates under State Act 147 of 1992 as currently written. By Council Member Leland:

Whereas, Michigan's Public Act 147 of 1992, the Neighborhood Enterprise Zone Act ("the Act"), provides for the establishment of Neighborhood Enterprise Zones (NEZs), the exemption from *ad valorem* taxes, and the imposition of a specific property tax in lieu of *ad valorem* real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in others; and

Whereas, The Detroit City Council has found the establishment of the Pyramid Development Co., LLC NEZ to be consistent with the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Whereas, The Detroit City Council has adopted a statement of goals, objectives and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed NEZs; and

Whereas, The Detroit City Council has enacted a housing inspection ordinance requiring that before the sale of a unit in a new or rehabilitated facility for which an NEZ Certificate is in effect, an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

Whereas, The Act requires that the designation of NEZs must be approved by a resolution adopted by the local governmental unit subsequent to a public hearing at which any taxpayer or resident, or representative of any taxing authority levying a property tax in the City of Detroit, was given the opportunity to address the requested establishment of an NEZ; and

Whereas, A public hearing on the issue of establishing the Pyramid Development Co., LLC NEZ was conducted before the Detroit City Council on September 28, 2017, with notice of the public hearing having been given to the general public and by certified mail to every taxing authority levying a property tax with the City of Detroit; and

Whereas, The City and Bedrock Management Services LLC ("Bedrock") have entered into that certain Affordable Housing Agreement that was approved by Detroit City Council on July 25, 2017 ("Affordable Housing Agreement") that requires certain affordable housing requirements on certain projects that: 1) are developed or financed by Bedrock, or a Bedrock affiliate, within a defined affordable housing priority area and 2) receive a financial incentive from the City; and

Whereas, Pyramid Development Co., LLC is a Bedrock affiliate seeking a NEZ financial incentive from the City for its residential rental development project that is at or near 321 . Lafayette Blvd., and is within the defined affordable housing priority area (the "Project"); and

Whereas, No impediments to the establishment of the Pyramid Development Co., LLC NEZ were cited:

Now Therefore Be It

Resolved, That the Affordable Housing Agreement shall govern any and all affordable housing requirements imposed on the Project by the City with respect to the particular financial incentive granted to Pyramid Development Co., LLC for the Project by this resolution.

Resolved, That the land area described in the attached legal description, and shown on the attached map, is hereby established as the Pyramid Development Co., LLC NEZ pursuant to Public Act 147 of 1992, the Neighborhood Enterprise Zone Act.

Planning & Development Department

October 13, 2017

Honorable City Council:

Re: Real Property at 14250 Plymouth and 1301 E. Warren, Detroit, MI.

To facilitate the redevelopment of a currently vacant site and create job opportu-

nities in the neighborhoods, the City of Detroit (the "City") is interested in obtaining certain real property located at 14250 Plymouth Road, Detroit, Michigan (the "WCLB Property").

To facilitate a proposed development deal between Wayne County (the "County") and Rock Ventures Development Company, LLC, to build a new County jail and court facility, the County is interested in obtaining the northern portion of certain real property located at 1301 E. Warren, Detroit, Michigan (the "City Property"). The City Property is in the inventory of the Detroit Department of Transportation ("DDOT").

The City desires to transfer the City Property to the County in exchange for either payment of fair market value, $775,000, or in exchange for the WCLB Property. The City Property is not necessary for general DDOT operations. to ensure no short term interruptions to DDOT activities and to allow DDOT the time necessary to remove any current equipment or materials on site, after the transfer of the City Property to the County, the County will lease the property back to the City until June 1, 2018.

The option to accept $775,000 for the City Property in lieu of immediately receiving the WCLB Property will give the City the opportunity to perform environmental due diligence and work with prospective developers about redeveloping the site before taking title to the WCLB Property. The City will also have the option to transfer the WCLB Property to a third party who would be responsible for developing the WCLB Property.

In order to facilitate this transaction, we request that your Honorable Body approve the attached resolution to: transfer jurisdiction of the City Property from DDOT to the Planning and Development Department ("P&DD"). In accordance with Chapter 14, Article 8 of the Detroit City Code, the Finance Director has designated P&DD responsible for its management.

Additionally, we request your Honorable Body authorize the Director of P&DD to execute: a Land Swap Agreement with the WCLB and County, a Lease Agreement with the WCLB, and such other documents as may be necessary or convenient to effect the transfer of the City Property by the City to the WCLB.

Finance Department
Board of Assessors

November 16, 2017

Honorable City Council:

Re: JRC Village Center Preservation LDHA LLC Phase I, Payment in Lieu of Taxes (PILOT).

Jonathan Rose Companies (the "Sponsor") has formed JRC Village Center Preservation LDHA LLC in order to develop the Project known as Village Center Phase I. The Project is an existing high-rise building consisting of two hundred (200) units of senior housing. The Project site is bounded by Pallister Street on the north, Third Street on the east, West Bethune Avenue on the south and John C. Lodge Freeway on the west.

The rehabilitation Project consists of one hundred eighty-seven (187) one-bed, one-bath units and thirteen (13) two-bed, one-bath units. All two-hundred (200) units will be subject to the PILOT based on Section 15a of the State Housing Development Authority Act of 1966, as amended.

The Michigan State Housing Development Authority ("MSHDA") will provide a two-part tax-exempt bond construction and permanent mortgage loan. The Part A loan will be in the amount of $9,800,000 at 4.95% interest and the Part B loan will be in the amount of $2,000,000 at 6.75% interest. PNC Bank will provide four percent (4%) LIHTC equity in the amount of $5,332,298. Additionally, the Sponsor has agreed to defer $301,714 of the developer fee. These funds will support an approximately $5.9 million rehabilitation of the Project.

Rents for all units have been set at or below sixty percent (60%) of the area median income, adjusted for family size. The Housing Assistance Payment ("HAP") contract will be transferred to the mortgagor and will continue to provide deep subsidy assistance for all of the units The preservation and renovation of the development will not result in a rent increase for the existing tenants.

City Planning Commission

November 13, 2017

Honorable City Council:

Re: PCA (Public Center Adjacent) Special District Review of parking lot improvements at 460 W. Lafayette Avenue (RECOMMEND APPRO-VAL).

REQUEST

The City Planning Commercial (CPC) has received the request of Joseph Aubrey for special district review regarding proposed alterations to a parking lot at 460 W. Lafayette Ave.

The subject property is zoned PCA (Public Center District Adjacent), a classification which calls for City Council approval of any exterior changes following the review and recommendation of the City Planning Commission and the Planning and Development Department (Sections 61-3-181, 61-11-81, and 61-11-97 of the Zoning Ordinance).

BACKGROUND

The subject property is owned by Joseph and Michael Aubrey and operated by Park-Rite, Inc. It is developed and used as a commercial parking lot. Improvements are limited to asphalt paving, and enclosed booth for employees, and pole-mounted lighting.

PROJECT PROPOSAL

The proposed project consists of the following items (please see attached drawings):

• **Re-grading of parking lot.** The site consists of uneven terrain and is experiencing significant erosion. Grading will remedy this situation.

• **Retaining wall and perimeter fence.** Due to the slope of the area, a retaining will be required. The applicant proposes a security fence, six feet in height, surrounding the property. The proposed fence is of steel, with vertical elements and a black finish, similar in appearance to other fences used by Park-Rite, Inc. , elsewhere in the Central Business District (see attached photo). Two sliding gates are envisioned to provide vehicle access.

• **New guard booth.** The existing booth, with engineered wood siding and asphalt roof, is proposed to be replaced with a permanent structure of concrete block and brick, with stone elements, and a metal standing-seam roof. The new structure would be located at the Lafayette Avenue entrance to the property.

• **New pole-mounted lighting.** Existing metal halide lighting on a wood pile is proposed for replacement with pole-mounted LED modular lighting. The proposed fixtures are screened and replacement with pole-mounted LED modular lighting. The proposed fixtures are screened and capable of rotation, allowing light to be focused in the desired area and minimizing spillover.

No change to circulation, use, or operation of the site are proposed.

CPC STAFF REVIEW

Section 7.5 of the City Planning Commission bylaws allow staff to review "minor exterior alterations in the PD, PC, and PCA zoning districts" and take action on behalf of the Commission. As the CPC staff believes the proposed changes constitute "minor exterior alterations," we have reviewed the proposed work.

Grading, Retaining Wall, Guard Booth, and Lighting

The grading and retaining wall are clearly necessary and will create a more suitable environment for users of the parking lot and approve the aesthetic appearance of the site. The proposed guard booth and lighting will improve the function of the site and also improve its appearance.

Perimeter Fence

Landscaping and screening requirements are established by Section 61-14-221 of the Zoning Ordinance. In most cases, these requirements mandate a landscaped buffer strip surrounding the

parking area. However, Section 61-14-221 also allows: "in instances where it is not practical to provide a 5-foot landscaped buffer strip, a wrought iron-style ornamental fence may be erected, subject to review and approval by the Planning and Development Department." We suggest that this is such an instance, as this is an existing parking lot and the creation of a buffer strip would greatly reduce the number of available spaces.

We suggest that the proposed improvements meet the approval criteria described in Sec. 61-11-97.

PLANNING AND DEVELOPMENT DEPARTMENT REVIEW

CPC staff and P&DD Central design team jointly reviewed attached construction drawings on October 30, 2017. P&DD suggested that security fences are generally not desirable in the Public Center and Public Center Adjacent districts, but will be acceptable here due to the conditions of the site and its use.

P&DD staff concurred with CPC staff's assessment that the proposed improvements meet the approval criteria referenced above.

CONCLUSION AND RECOMMENDATION

We recommend approval of the proposed alterations. However, we feel that a final staff review of the fencing selected by the applicant is warranted to ensure that the fencing is of "wrought iron-style ornamental" character, as noted above, and is of an aesthetic quality suitable for the Public Center Adjacent district. A resolution for approval, with a condition providing for further staff review, is attached for your consideration.

City Planning Commission

November 21, 2017

Honorable City Council:

Re: Request of CTI and Metro Sign & Lighting on behalf of their client, UAW-Ford National Programs Center for PC (Public Center) Special District Review of a proposed sign at 151 W. Jefferson Avenue — Veterans Memorial Building (Resolution Attached).

Subsequent to the City Planning Commission's (CPC) action on the above-captioned matter, the CPC staff revisited the calculation for allowable square footage of signage at the UAW-Ford/Veterans Memorial Building. Based upon information from the Law Department, the building frontage along Civic Center Drive was added to the calculation reducing the amount of excess square footage, including existing and proposed signage, from 62% to 15%.

At yesterday's Planning and Economic Development Standing Committee meeting, CPC staff was directed to seek a compromise with the UAW-Ford regarding the proposed sign and in light of the revised calculations. While staff cannot alter the recommendation of the Commission, staff is more comfortable with the precedence a 15% overage would set as opposed to a higher number. Also, the UAW-Ford has agreed to the same sort of conditions recently placed on signage at the GM Renaissance Center and the Jack Casino. A resolution authorizing the proposed sign is attached for your consideration.

By Council Member Leland:

Whereas, CTI and Metro Sign & Lighting on behalf of their client, UAW-Ford has prepared and presented to the City a plan for a new sign on the east façade of 151 W. Jefferson Avenue, formerly known as the Veterans Memorial Building; and

Whereas, The subject property at 151 W. Jefferson Avenue is located within a PC (Public Center) zoning district and Special District Review is required for the alteration to the premises thereof; and

Whereas, The proposed project includes a 550 square foot, LED digital sign (actual size 17'-8.625" high x 31'-5.9375" wide) to be mounted at the penthouse level on the east façade facing Hart Plaza; and

Whereas, Both the Planning and Development Department and the City Planning Commission have reviewed the proposed sign; and

Whereas, The City Council has received the CPC report and recommendation dated November 20, 2017; and

Whereas, The staff of the City Planning Commission was asked to review the matter further with the petitioner and subsequently presented updated information;

Now, Therefore Be It

Resolved, That the Detroit City Council hereby approves the proposed sign on the east façade of 151 W. Jefferson Avenue, formerly known as the Veterans Memorial Building, as depicted in the drawings prepared by Prismview bearing the date of October 16, 2017 with the following conditions:

1. The digital sign shall be operated solely and exclusively as an "on-premises sign" and shall at no time display any brand names, marks, or images that (1) promote any entity, product or service, whether offered on a for-profit or charitable basis, that is not conducted or maintained, or is only incidental to the principal activity conducted or maintained, on the property; or related to the business of UAW-Ford and (2) for which any rental income, tax benefit, other financial benefit, or in-kind benefit, are provided in any amount.

Housing and Revitalization Department

November 9, 2017

Honorable City Council:

Re: Bridging Neighborhoods Program Implementation. Acquisition of Program Buyer Properties/Agreement with Detroit Land Bank Authority.

The Housing and Revitalization Department ("HRD") is in the process of implementing the Bridging Neighborhoods Program ("Program") that will assist certain homeowners who are directly affected by the Gordie Howe International Bridge Project and provide for the renovation of blighted residential properties to increase population density in neighborhoods across the City of Detroit.

Under part of the Program, HRD will offer certain City residents ("Program Buyers") in owner-occupied Exchange-Eligible Homes, as defined in Exhibit A of the Bridging Neighborhoods Fund resolution approved by Detroit City Council on July 25, 2017, the opportunity to purchase a Program renovated home from the DLBA for a $1.00, in exchange for the Program Buyer deeding their Exchange-Eligible Home to the City. The City plans to demolish and clear such acquired properties for future non-residential uses, including greenspace buffering and commercial/ industrial uses. Although HRD is asking for approval at this time to acquire all Exchange-Eligible Homes, only those Program Buyers who wish to voluntarily take advantage of the Program will deed their property to the City.

To aid in Program implementation, HRD wishes to enter into an agreement with the Detroit Land Bank Authority ("DLBA") to provide certain DLBA housing stock and real estate services ("Agreement") as needed by HRD to support the Program. DLBA has agreed to discount its real estate services to the City for this particular Program, which will include but not be limited to debris removal, board-up, title reviews and quiet title services.

For the reasons stated above, we respectfully request your adoption of the attached resolution that: 1) approves the Agreement and 2) approves acquisition of the Exchange-Eligible Homes.

Respectfully submitted,
ARTHUR JEMISON
Director

By Council Member Leland:

Whereas, Detroit City Council has adopted that certain resolution on July 25, 2017 that, among other things, defined certain "Exchange-Eligible Homes" that may take advantage of the Bridging Neighborhoods Program (the "Program"); and

Whereas, The City's Housing and Revitalization Department ("HRD") has prepared a list of the Exchange-Eligible Homes, which is attached hereto as Exhibit A; and

Whereas, The Program allows Program participants to voluntarily deed their Exchange-Eligible Home to the City of Detroit, in exchange for a Program renovated detroit Land Bank Authority ("DLBA") owned home elsewhere in the City of Detroit for $1.00; and

Whereas, To aid in implementation of the Program, HRD wishes to enter into that certain agreement with the DLBA (the "Agreement"), which is attached hereto as Exhibit B; and

Whereas, The City has reviewed the environmental conditions of the Exchange-Eligible Homes; and

Whereas, In accordance with Chapter 2, Article I, Division 2 of the Detroit City Code, the Detroit City Council finds and declares that: (1) the Exchange-Eligible Homes have received appropriate environmental inquiry in accordance with the review referred to in the preceding paragraph; (2) the environmental inquiry has shown that past use of the Exchange-Eligible Homes for the period investigated has been solely for residential purposes and that the Exchange-Eligible Homes do not pose an adverse environmental impact, therefore the Exchange-Eligible Homes are not considered facilities; and (3) the Exchange-Eligible Homes are necessary to preserve and promote the public health, safety, welfare or good, which outweighs the cost of the environmental inquiry, and therefore, Detroit City

Council waives the requirement that the seller bear the cost of the environmental inquiry.

Now Therefore Be It

Resolved, That the Detroit City Council hereby approves the agreement; and be it further

Resolved, That the Detroit City Council hereby approves acquisition of the Exchange-Eligible Homes, and be it further

Resolved, That the HRD Director, or his authorized designee, be and is hereby authorized to accept and record deeds to the Exchange-Eligible Homes to the City of Detroit, as well as execute any such other documents as may be necessary to effectuate transfer to the City of Detroit of certain Exchange-Eligible Homes from Program participants that which to voluntarily opt into the Program; and be it further

Honorable City Council:

Re: Community Benefits Provision for Tier 1 Development Project — Hudson's Site Project.

Bedrock Management Services LLC, a Michigan limited liability company (the "Developer") is undertaking the redevelopment of the site of the former J.L. Hudson's Department Store, two acres in the heart of downtown Detroit bounded by Woodward Avenue, Gratiot Avenue, Grand River Avenue, and Farmer Street, into a mixed-use project anticipated to be over one million gross square feet of space, including commercial office, retail, residential, public space, and parking (the "Project").

Under City of Detroit Ordinance No. 35-16 ("Ordinance"), codified in Chapter 14, Article XII of the Detroit City Code ("Code"), development projects that qualify as "Tier 1 Development Projects" are subject to certain community engagement procedures (the "CBO Process").

Because the Project is expected to incur an investment of at least $75 million and to involve the abatement of more than $1 million in city taxes, the Project qualifies as a 'Tier 1 Project' under the Ordinance and thus is subject to the CBO Process.

The Project was reviewed by a Neighborhood Advisory Council ("NAC") to ascertain the community's concerns related to the impact of the Project; and the ways by which the Developer plans to address those impacts. A Community Benefits Report regarding the Project was prepared and has been submitted in accordance with Section 14-12-3 of the Code. The Developer has agreed to address the concerns raised by the Neighborhood Advisory Council regarding the Project's anticipated impact on the community by entering into the "Community Benefits Provision for Tier 1 Development Project. Hudson's Site Project" attached as Exhibit A (the "Provision").

We request that your Honorable Body approve the Provision, and authorize the Director of P&DD to execute the Provision in furtherance of the Project.

Respectfully submitted,
MAURICE D. COX
Director
Planning and Development
Department

Exhibit A
Community Benefits Provision for Tier 1 Development Project — (Hudson's Site Project)

This Community Benefits Provision ("Provision") is entered into as of its Effective Date, as hereinafter defined, by and between the CITY OF DETROIT, a Michigan municipal corporation acting through its Planning and Development Department ("CITY"), and Bedrock Management Services LLC ("DEVELOPER") on behalf of its and its Affiliates (as defined below). The CITY and the DEVELOPER may each be referred to herein as a "Party" or collectively as the "Parties" to this provision, as applicable.

RECITALS

Whereas, DEVELOPER is undertaking the redevelopment of the site of the former J.L. Hudson's Department Store, a two-acre site in the heart of downtown Detroit bounded by Woodward Avenue, Gratiot Avenue, Grand River Avenue, and Farmer Street into a mixed-use project anticipated to be over one million gross square feet of space, including commercial office, retail, residential, public space, and parking (the "Project").

Whereas, under City of Detroit Ordinance No. 35-16 ("Ordinance"), codified in Chapter 14, Article XII of the Detroit City Code ("Code"), effective as of November 29, 2016, certain development projects referred to therein as "Tier 1 Development Projects" are subject to certain community engagement procedures as set forth in the Ordinance (as in existence as of the date hereof, the "CBO Process") to determine the outstanding issues related to the development of the Project; and the best means of mitigating the concerns of the community pertaining directly to the development of the Project.

Whereas, because the Project is expected to incur an investment of at least $75 million and to involve the abatement of more than $1 million in city taxes, the Project qualifies as a 'Tier 1 Project' under the Ordinance and thus subject to the CBO Process.

Whereas, the Project was reviewed by a Neighborhood Advisory Council ("NAC") and the CITY has prepared a Community Benefits Report ("Report") regarding the Project, in accordance with Section 14-12-3 of the Code.

Whereas, DEVELOPER and its Affiliates are committed to making a positive impact and expanding economic opportunity throughout the City of Detroit.

Now Therefore, the CITY and DEVELOPER agree as follows:

Section 1: Addressing Community Impacts. The DEVELOPER understands that through the community engagement process set forth in the Ordinance, certain concerns have been raised by the Neighborhood Advisory Council regarding the Project's anticipated impact on the community, all of which are itemized in the Report. The DEVELOPER agrees to address those concerns by agreeing to the commitments set forth on Exhibit A.

Section 2: Continued Community Engagement. DEVELOPER has been actively engaging with the community for input and will continue to do so throughout the development of the Project. The DEVELOP acknowledges and understands that pursuant to Section 14-12-3(f)(3) of the Code, the City will facilitate at least one (1) meeting annually between the DEVELOPER and the NAC. The CITY will facilitate, and the DEVELOPER must attend, such meetings on an annual basis for a period of two (2) years following the Effective Date of this Provision. The purpose of such meetings will be to discuss anticipated or actual impacts of the Project on the community in connection with the development of the Project and to coordinate the implementation of the DEVELOPER'S efforts to address such impacts, among other topics that the CITY may determine.

Section 3: Compliance Reports. The Developer must submit to the CITY annual compliance reports that summarizes the DEVELOPER'S progress on and compliance with the obligations set forth on Exhibit A and the other community engagement obligations set forth herein.

Section 4: Recordkeeping and Reporting. Each Party will maintain information pertinent to its activities under

this Provision for at least two (2) years following the expiration or earlier termination of this Provision, but in no case for less time than may be required to maintain compliance with Applicable Laws.

Section 5: Indemnification. The DEVELOPER will indemnify, defend, and hold the CITY harmless against and from any and all liabilities, obligations, damages, penalties, claims, costs, charges, losses and expenses, including, without limitations, reasonable fees and expenses for attorneys, expert witnesses and other consultants (collectively, "Claims") that may be imposed upon, incurred by, or asserted against the CITY or its departments, officers, employees, or agents by reason of any failure by the Developer to perform its obligations under this Provision, except where remedies or enforcement are provided by Applicable Law or a separate agreement referenced in this Provision, and excluding Claims to the extent caused by the gross negligence or willful misconduct of the CITY or its departments, officers, employees or agents.

Section 6. Compliance with Laws. Each Party acknowledges that it is individually responsible for maintaining compliance in all respects with all applicable federal, state, and local laws, rules, regulations, and orders having the binding effect of law (collectively, "Applicable Laws"). Neither Party will be responsible for ensuring the other Party's compliance with Applicable Laws at any time, unless so required under Applicable Laws.

Section 7: Non-Discrimination. The DEVELOPER will, in addressing community impacts as set forth in Section 1 herein, or in performing its activities set forth herein, refrain from refusing, restricting, withholding, or denying any accommodations, services, privileges, advantages or facilities or otherwise discriminating, whether directly or indirectly, on the basis of race, color, ethnicity, national origin, religious beliefs or practices, age, disability, pregnancy, marital status, parental status, military status, employment or educational status, gender, sex, sexual orientation, gender identity or expression, or any other protected or designated classification, in accordance with Chapter 27 of the Detroit City Code and other Applicable Laws.

Section 8: Community Reporting. The Parties acknowledge and understand that pursuant to Section 14-12-3(f)(4) of the Code, members of the community may report to the NAC allegations of the DEVELOPER's failure to comply with this Prevision. Community members can submit such reports to the CITY by personal delivery with receipt obtained or by registered or certified first-class mail with return requested at the following address:

City of Detroit Planning &
Development Department
Coleman A. Young Municipal Center
Two Woodward Avenue, Suite 808
Detroit, MI 48226
Attention: Director

The CITY will forward all such reports from community members to the NAC for the Project which may take further action in accordance with Section 14-12-3(f) of the Code.

Section 9: Breach and Default. The failure by either Party to comply with its obligations under this Provision, which is not caused by the other Party's failure to comply with its own obligations under this Provision, will constitute a material breach of this Provision.

A. In the event of DEVELOPER's material breach of this Provision, the DEVELOPER will be considered to be in default of this Provision upon the DEVELOPER'S failure to cure such breach within sixty (60) days after written notice of such breach and demand to cure by the CITY, provided, however, that if the nature of DEVELOPER'S default is such that more than sixty (60) days is reasonably required for its cure, then DEVELOPER will not be deemed to be in default if DEVELOPER, with the CITY's acknowledgement and consent, commences such cure within said period and thereafter diligently pursues such cure to completion.

B. In the event of DEVELOPER's violation of this Provision, DEVELOPER will comply with such enforcement and mitigation efforts as are determined by the Enforcement Committee in consultation with the NAC, or City Council (as applicable), until the City Council has determined that DEVELOPER is in compliance or has taken adequate steps to mitigate violations, all in accordance with Section 14-12-3(f) of the Code.

In the event of the CITY's material breach of this Provision, the CITY will be considered to be in default of this Provision upon the CITY's failure to commence its cure of such breach and thereafter diligently pursue such cure to completion within ninety (90) days after written notice of such breach and demand to cure by the DEVELOPER.

Section 10: Effective Date, Term, and Termination. This Provision has no force or effect until the date upon which it has been fully executed by the duly authorized representative of the City (if necessary, pursuant to the resolution of the Detroit City Council as approved by the Mayor of the City of Detroit), and has been approved by the City of Detroit Law Department ("Effective Date").

This Provision will remain in effect until substantial completion (excluding any

tenant buildouts) of the Project or earlier termination by the Parties if so approved by the City Council.

Section 11: Amendments. No amendments to this Provision will have any force or effect against the City unless it is in writing, expressly makes reference to this Provision, is fully executed by the duly authorized representative of the City (if necessary, pursuant to the resolution of the Detroit City Council as approved by the Mayor of the City of Detroit), and is approved by the City of Detroit Law Department.

Section 12: Notices. Notices, requests, notifications, and other communications (collectively, "Notices") related to this Provision by either Party will be given in writing, assigned by an authorized representative of the Party, and personally delivered with receipt obtained, or mailed by registered or certified first-class mail, return receipt requested, addressed as follows:

A. **Independent Parties; Effect of Agreement.** Each Party acknowledges that the CITY and the DEVELOPER are independent of each other and do not intend, as a result of this Provision or otherwise, to become a joint venture, partners, employees, servants, agents, representatives, contractors, or any type of related of related business entities to one another with respect to the subject matter of this Provision. DEVELOPER and CITY acknowledge and agree that this Provision, and the performance of the obligations hereunder, is intended to satisfy the obligations of the Ordinance and the CBO Process.

B. **Assignment.** This Provision sets forth DEVELOPER'S intended activities to address impacts on the community by the Project in accordance with the Ordinance. The DEVELOPER may not delegate or assign this Provision, or any portion thereof, either voluntarily or involuntarily, or by operation of law. In the event DEVELOPER sells, assigns or transfers (whether by operation of law, foreclosure or otherwise) the Project to a non-Affiliate, DEVELOPER's successor shall be bound by all of the obligations hereunder that accrue on and after the date of the sale, assignment or transfer (excluding the obligations set forth as item 12 on Exhibit A), provided that DEVELOPER shall remain solely responsible for any breach of this Provision that occurs prior to the date of such sale, assignment or transfer. D. **Choice of Law and Venue.** The Parties acknowledge that this Provision will be governed by the laws of the State of Michigan, excluding its choice of laws rules. Any legal suit, action or proceeding arising out of this Provision will be instituted in the federal courts of the United States of America or the courts of the State of Michigan, in each case located in the City of Detroit and County of Wayne, and each Party irrevocably submits to the exclusive jurisdiction of such courts in any such suit, action, or proceeding. For the avoidance of doubt, any remedy for or enforcement of a breach of the obligations hereunder that relate to Applicable Law or a separate agreement referenced in this

Provision shall be governed solely by such Applicable Laws or such separate agreement.

E. **Severability.** In the event that any provision in this Provision is found by a court to be impermissible or illegal, then that provision shall be stricken from the Provision and shall be replaced by a provision that is permissible and legal and by mutual agreement of the Parties comes closest to expressing the intent of the stricken provision. The remainder of the Provision shall remain in full force and effect in accordance with its original overall intent.

F. **Counterparts.** This Provision may be executed in multiple counterparts, each of which shall be deemed to be an original, but all of which together shall constitute but one document. Each counterpart may be executed by facsimile or electronic signature, which will be deemed to be an original signature, to the extent permitted by Applicable Law.

G. **Authority of City.** Notwithstanding anything in this Provision or otherwise to the contrary, the CITY is not authorized or obligated to perform any of its obligations pursuant to this Provision until this Provision has been fully executed by the duly authorized representative of the City (if necessary, pursuant to the resolution of the Detroit City Council as approved by the Mayor of the City of Detroit), and has been approved by the City of Detroit Law Department. Any amendments or modifications must likewise be duly signed (if necessary, authorized by resolution of the City Council and approved by the Mayor) and must be approved by the Law Department, to be enforceable against the City.

Honorable City Council:

Re: Community Benefits Provision for Tier 1 Development Project — Book Building and Tower & Monroe Blocks.

Bedrock Management Services LLC, a Michigan limited liability company (the "Developer") is undertaking (1) the complete rehabilitation and restoration of the 500,000 square foot historic Book Building and Tower, located at 1265 Washington Boulevard, and (2) the construction of Monroe Blocks, a multi-building, mixed-use development anticipated to be over 1 million square feet, located between Monroe Avenue and Bates Street (individually a "Project," and collectively the "Projects").

Under City of Detroit Ordinance No. 35-16 ("Ordinance"), codified in Chapter 14, Article XII of the Detroit City Code ("Code"), development projects that qualify as "Tier 1 Development Projects" are subject to certain community engagement procedures (the "CBO Process"). Because each Project is expected to incur an investment of at least $75 million and to involve the abatement of more than $1 million in city taxes, each Project qualifies as a 'Tier 1 Project' under the Ordinance and thus is subject to the CBO Process.

Since both Projects were under one CBO process, they were also both reviewed by one Neighborhood Advisory Council ("NAC") to ascertain the community's concerns related to the impact of the Project; and the ways by which the Developer plans to address those impacts. A Community Benefits Report regarding the Project was prepared and has been submitted in accordance with Section 14-12-3 of the Code. The Developer has agreed to address the concerns raised by the Neighborhood Advisory Council regarding the Projects' anticipated impact on the community by entering into the "Community Benefits Provision for Tier 1 Development Project — Book Building and Tower & Monroe Blocks" attached as Exhibit A (the "Provision").

We request that your Honorable Body approve the Provision, and authorize the Director of P&DD to execute the Provision in furtherance of the Projects.

Respectfully submitted,

MAURICE D. COX

By Council Member Leland:

Now, Therefore, Be It Resolved, that in accordance with the foregoing communication, the "Community Benefits Provision for Tier 1 Development Project — Book Building and Tower & Monroe Blocks" attached as Exhibit A (the "Provision") is hereby approved, and be it further

Resolved, That the Director of the Planning and Development Department, or his or her designee, is authorized to execute the Provision; and be it further

Resolved, that the Provision will be considered confirmed when executed by the Director of the Planning and Development Department, or his or her designee and approved by the Corporation Counsel.

Exhibit A

COMMUNITY BENEFITS PROVISION FOR TIER 1 DEVELOPMENT PROJECTS (Book Building and Tower & Monroe Blocks)

This Community Benefits Provision

("Provision") is entered into as of its Effective Date, as hereinafter defined, by and between the CITY OF DETROIT, a Michigan municipal corporation acting through its Planning and Development Department ("CITY"), and Bedrock Management Services LLC ("DEVELOPER") on behalf of itself and its Affiliates(as defined below). The CITY and the DEVELOPER may each be referred to herein as a "Party" or collectively as the "Parties" to this Provision, as applicable.

RECITALS

Whereas, DEVELOPER is undertaking (1) the complete rehabilitation and restoration of the 500,000 square foot historic Book Building and Tower, located at 1265 Washington Boulevard, and (2) the construction of Monroe Blocks, a multi-building, mixed-use development anticipated to be over 1 million square feet, located between Monroe Avenue and Bates Street (individually a "Project," and collectively the "Projects").

Whereas, under City of Detroit Ordinance No;. 35-16 ("Ordinance"), codified in Chapter 14, Article XII of the Detroit City Code ("Code"), effective as of November 29, 2016, certain development projects referred to therein as "Tier 1 Development Projects" are subject to certain community engagement procedures as set forth in the Ordinance (as in existence as of the date hereof, the "CBO Process") to determine the outstanding issues related to the development of a Project; and the best means of mitigating the concerns of the community pertaining directly to the development of a Project.

Whereas, because each Project is expected to incur an investment of at least $75 million and to involve the abatement of more than $1 million in city taxes, each Project qualifies as a 'Tier 1 Project' under the Ordinance and thus subject to the CBO Process.

Whereas, since both Projects are under one CBO process, they were also both reviewed by one Neighborhood Advisory Council ("NAC") and the CITY has prepared a single Community Benefits Report ("Report") regarding the Projects, all in accordance with Section 14-12-3 of the Code.

NOW THEREFORE, the City and DEVELOPER agree as follows:

Section 1: Addressing Community Impacts. The DEVELOPER understands that through the community engagement process set forth in the Ordinance, certain concerns have been raised by the Neighborhood Advisory Council regarding the Projects' anticipated impact on the community, all of which are itemized in the Report. The DEVELOPER agrees to address those concerns by agreeing to the commitments set forth on Exhibit A.

Section 2: Continued Community Engagement. DEVELOPER has been actively engaging with the community for input and will continue to do so throughout the development of the Projects. The DEVELOPER acknowledges and understands that pursuant to Section 14-12-3(f)(3) of the Code, the City will facilitate at least one (1) meeting annually between the DEVELOPER and the NAC. The CITY will facilitate, and the DEVELOPER must attend, such meetings on an annual basis for a period of two (2) years following the Effective Date of this Provision. The purpose of such meetings will be to discuss anticipated or actual impacts of the Project on the community in connection with the development of the Projects and to coordinate the implementation of the DEVELOPER's efforts to address to address such impacts, among other topics that the CITY may determine.

Section 3: Compliance Reports. The Developer must submit to the CITY annual compliance reports that summarize the DEVELOPER's progress on and compliance with the obligations set forth on Exhibit A and the other community engagement obligations set forth herein.

Section 4: Recordkeeping and Reporting. Each Party will maintain information pertinent to its activities under this Provisions for at least two (2) years following the expiration or earlier termination of this Provision, but in no case for less time than may be required to maintain compliance with Applicable Laws.

Section 5: Indemnification. The DEVELOPER will indemnify, defend, and hold the CITY harmless against and from any and all liabilities, obligations, damages, penalties, claims, costs, charges, losses and expenses, including, without limitation, reasonable fees and expenses for attorneys, expert witnesses and other consultants, (collectively, "Claims") that may be imposed upon, incurred by, or asserted against the CITY or its departments, officers, employees, or agents by reason of any failure by the Developer to perform its obligations under this Provision, except where remedies or enforcement are provided by Applicable Law or a separate agreement referenced in this Provision, and excluding any Claims to the extent caused by the gross negligence or willful misconduct of the CITY or its departments, officers, employees or agents.

Section 6: Compliance with Laws. Each Party acknowledges that it is individually responsible for maintaining compliance in all respects with all applicable federal, state, and local laws, rules, regulations, and orders having the binding effect of law (collectively, "Applicable Laws"). Neither Party will be responsible for ensuring the other Party's compliance with Applicable Laws at any time, unless so required under Applicable Laws.

Section 7: Non-Discrimination. The DEVELOPER will, in addressing commu-

nity impacts as set forth in Section 1 herein, or in performing its activities set forth herein, refrain from refusing, restricting, withholding, or denying any accommodations, services, privileges, advantages or facilities or otherwise discriminating, whether directly or indirectly, on the basis of race, color, ethnicity, national origin, religious beliefs or practices, age, disability, pregnancy, marital status, parental status, military status, employment or educational status, gender, sex, sexual orientation, gender identity or expression, or any other protected or designated classification, in accordance with Chapter 27 of the Detroit City Code and other Applicable Laws.

Section 8: Community Reporting. The Parties acknowledge and understand that pursuant to Section 14-12-3(f)(4) of the Code, members of the community may report to the NAC allegations of the DEVELOPER's failure to comply with this Provision. Community members can submit such reports to the CITY by personal delivery with receipt obtained or by registered or certified first-class mail with return receipt requested at the following address:

City of Detroit Planning & Development Department
Coleman A. Young Municipal Center
Two Woodward Avenue, Suite 808
Detroit, MI 48226
Attention: Director

The CITY will forward all such reports from community members to the NAC for the Project, which may take further action in accordance with Section 14-12-3(f) of the Code.

Section 9: Breach and Default. The failure by either Party to comply with its obligations under this Provision, which is not caused by the other Party's failure to comply with its own obligations under this Provision, will constitute a material breach of this Provision.

A. In the event of DEVELOPER's material breach of this Provision, the DEVELOPER will be considered to be in default of this Provision upon the DEVELOPER's failure to cure such breach within sixty (60) days after written notice of such breach and demand to cure by the CITY, provided, however, that if the nature of DEVELOPER's default is such that more than sixty (60) days is reasonably required for its cure, then DEVELOPER will not be deemed to be in default if DEVELOPER, with the CITY's acknowledgement and consent, commences such cure within said period and thereafter diligently pursues such cure to completion.

B. In the event of DEVELOPER's violation of this Provision, DEVELOPER will comply with such enforcement and mitigation efforts as are determined by the Enforcement Committee in consultation with the NAC, or City Council (as applicable), until the City Council has determined that DEVELOPER is in compliance or has taken adequate steps to mitigate violence, all in accordance with Section 14-12-3(f) of the Code.

In the event of the CITY's material breach of this Provision, the CITY will be considered to be in default of this Provision upon the CITY's failure to commence its cure of such breach and thereafter diligently pursue such cure to completion within ninety (90) days after written notice of such breach and demand to cure by the DEVELOPER.

Section 10: Effective Date, Term, and Termination. This Provision has no force or effect until the date upon which it has been fully executed by the duly authorized representative of the City (if necessary, pursuant to the resolution of the Detroit City Council as approved by the Mayor of the City of Detroit), and has been approved by the City of Detroit Law Department ("Effective Date"). This Provision will remain in effect until substantial completion (excluding any tenant build-outs) of the Projects or earlier termination by the Parties if so approved by the City Council.

Section 11: Amendments. No amendments to this Provision will have any force or effect against the City unless it is in writing, expressly makes reference to this Provision, is fully executed by the duly authorized representative of the City (if necessary, pursuant to the resolution of the Detroit City Council as approved by the Mayor of the City of Detroit), and is approved by the City of Detroit Law Department.

Section 12: Notices. Notices, requests, notifications, and other communications (collectively, "Notices") related to this Provision by either Party will be given in writing, signed by an authorized representative of the Party, and personally delivered with receipt obtained, or mailed by registered or certified first-class mail, return receipt requested, addressed as follows:

Section 13: Miscellaneous Terms.

A. **Independent Parties; Effect of Agreement.** Each Party acknowledges that the CITY and the DEVELOPER are independent of each other and do not intend, as a result of this Provision or otherwise, to become a joint venture, partners, employees, servants, agents, representatives, contractors, or any type of related business entities to one another with respect to the subject matter of this Provision. DEVELOPER and CITY acknowledge and agree that this Provision, and the performance of the obligations hereunder, is intended to satisfy the obligations of the Ordinance and the CBO Process.

B. **Assignment.** This Provision sets forth DEVELOPER'S intended activities to address impacts on the community by the Project in accordance with the Ordinance. The DEVELOPER may not delegate or assign this Provision, or any portion thereof, either voluntarily or involuntarily, or by operation of law. In the event DEVELOPER sells, assigns or transfers (whether by operation of law, foreclosure or otherwise) the Project to a non-Affiliate, DEVELOPER's successor shall be bound by all of the obligations hereunder that accrue on and after the date of the sale, assignment or transfer (excluding the obligations set forth as item 12 on Exhibit A), provided that DEVELOPER shall remain solely responsible for any breach of this Provision that occurs prior to the date of such sale, assignment or transfer. In the event that there is any dispute as to what constitutes such *force majeure* event, the determination of the CITY will control.

D. **Choice of Law and Venue.** The Parties acknowledge that this Provision will be governed by the laws of the State of Michigan, excluding its choice of laws rules. For the avoidance of doubt, any remedy for or enforcement of a breach of the obligations hereunder that relate to Applicable Law or a separate agreement referenced in this Provision shall be governed solely by such Applicable Laws or such separate agreement.

E. **Severability.** In the event that any provision in this Provision is found by a court to be impermissible or illegal, then that provision shall be stricken from the Provision and shall be replaced by a provision that is permissible and legal and by mutual agreement of the Parties comes closest to expressing the intent of the stricken provision. F. **Counterparts.** This Provision may be executed in multiple counterparts, each of which shall be deemed to be an original, but all of which together shall constitute but one document. Each counterpart may be executed by facsimile or electronic signature, which will be deemed to be an original signature, to the extent permitted by Applicable Law.

G. **Authority of City.** Notwithstanding anything in this Provision or otherwise to the contrary, the CITY is not authorized or obligated to perform any of its obligations pursuant to this Provision until this Provision has been fully executed by the duly authorized representative of the City (if necessary, pursuant to the resolution of the Detroit City Council as approved by the Mayor of the City of Detroit), and has been approved by the City of Detroit Law Department. Any amendments or modifications must likewise be duly signed (if necessary, authorized by resolution of the City Council and approved by the Mayor) and must be approved by the Law Department, to be enforceable against the City.

Planning & Development Department
November 9, 2017

Honorable City Council:

Re: Sale of Real Property at 811 W. Jefferson Avenue, Detroit, MI West Riverfront — East Parcel — North Portion.

The City of Detroit Planning and Development Department ("P&DD") has been in discussions with Riverfront East LLC and the Detroit Riverfront Conservancy, Inc. ("Conservancy") regarding the development and continuation of the Detroit RiverWalk along the West Riverfront.

The City owns certain real property along Third Street and the Detroit River known as the "East Parcel". The North Portion of the East Parcel ("North Portion"), 811 W. Jefferson, is a thin strip of land that abuts property owned by Riverfront East LLC ("Developer Property") and the South Portion of the East Parcel ("South Portion"), 171 Third Street, runs along the Detroit River. Drawings that depict both the North Portion and South Portion have been attached hereto for reference.

The City intends to include the South Portion in its existing lease with the Conservancy for the Detroit RiverWalk. To continue the Detroit RiverWalk west from the South Portion, an easement across the southern portion of the Developer Property is required. Provided that the City sells the North Portion to Riverfront East LLC, Riverfront East LLC has agreed to grant a perpetual conservation easement across the Developer Property to the Conservancy, including a provision that in the event the easement is terminated, Riverfront East LLC will grant a perpetual conservation easement to the City.

In furtherance of developing the Detroit Riverwalk along the West Riverfront, P&DD hereby requests that your Honorable Body adopt the attached resolution approving transfer of the North Portion to Riverfront East LLC in consideration of One and 00/100 Dollar ($1.00) and the grant of certain perpetual conservation easement rights to the City.

Respectfully submitted,
MAURICE D. COX
Director

By Council Member Leland:

Whereas, the City of Detroit, through the Planning and Development Department ("P&DD"), wishes to convey certain real property at 811 West Jefferson Avenue, Detroit, MI (the "Property"), as more specifically described in the attached Exhibit A, to Riverfront East LLC

(the "Developer"), a Michigan limited liability company, in furtherance of the development and continuation of the Detroit RiverWalk along the West Riverfront; and

Whereas, in consideration for conveyance of the Property to the Developer, the Developer has agreed to grant the City of Detroit the right to a perpetual conservation easement across a certain portion of Developer's property at 701 W. Jefferson Avenue ("Easement Rights") in the event that Developer's perpetual conservation easement granted to the Detroit Riverfront Conservancy, Inc. across that same portion is ever terminated; and

Whereas, Detroit City Council finds that the City's receipt of One and 00/100 Dollar ($1.00) and the Easement Rights to the City is fair value for transfer of the Property to Developer; now therefore be it

Resolved, that Detroit City Council hereby approves transfer of the Property from the City of Detroit to Developer for the consideration of One and 00/100 Dollar ($1.00) and the Easement Rights to the city; and be it further

Resolved, that the P&DD Director, or his authorized designee, be and is hereby authorized to execute and issue a deed to the Property to Developer, as well as execute any such other documents as may be necessary to effectuate transfer of the Property from the City of Detroit to Developer; and be it further

Resolved, That the form of the written instrument granting the Easement Rights be: 1) approved by the Law Department and 2) recorded with the Wayne County Register of Deeds.

Planning & Development Department

Honorable City Council:

Re: Queen Lillian II Redevelopment Project.

The City of Detroit Planning and Development Department ("PDD") has received a request from the City of Detroit Brownfield Redevelopment Authority ("DBRA") for the conveyance by the City of Detroit (the "City") of the City owned property, comprised of parcels located at 3439-3455 Woodward Avenue and 13 Stimson, as described on Exhibit A hereto (the "Property"), together with the all of the City's right, title, and interest to all public alleys heretofore or hereinafter vacated adjoining the Site.

Following a Request for Proposals (the "RFP") that was issued in 2013, City Council approved the sale of the property on October 21, 2014 and the City executed a Development Agreement with Queen Lillian II, LLC (the "Developer") in December 2016 for the redevelopment of Property (the "City Development Agreement"). The purchase price for the Property under the City Development Agreement was in the amount of One Million Three Hundred Nine Thousand and 00/100 Dollars ($1,309,000.00) (the "Purchase Price"). In connection with the City Development Agreement, the Developer deposited funds with the City in the amount of Sixty-Five Thousand and 00/100 Dollars ($65,000.00) (the "Advance"), which would be applied to the Purchase Price at closing. The

Developer's anticipated development of the Property includes a 5-story building with approximately 25,000 square feet of first floor commercial, 112 residential units, and a 3-story parking garage (the "Project").

Further due diligence revealed a significant increase in the construction costs for the Project. The Developer has worked to mitigate the increase in costs through additional equity and value engineering of the design of the Project and by maximizing the amount of debt their lenders would award.

To further address the increased costs, the Developer approached the City and the DBRA regarding options to finance the remaining balance of the Purchase Price. Representatives of the DBRA and the City evaluated the Project and anticipated market performance once the Project begins leasing and determined that allowing the remaining balance of the Purchase Price to be paid over time would help close the financing gap created by the increased construction costs. Due to legal constraints, the City is unable to provide a deferred purchase price structure directly to the Developer; however, under the enabling act of the DBRA (Act 381 of 1996, as amended), the DBRA is authorized to complete such a transaction.

Based on this evaluation, the DBRA and Developer have agreed upon the terms and conditions upon which the DBRA shall facilitate the sale, financing and development of the Property, as set forth in the Term Sheet attached hereto as Exhibit B (the "Proposed Terms"). In order to accomplish the Proposed Terms, the City will need to terminate the City Development Agreement and transfer the Property to the DBRA pursuant to the terms of a land transfer agreement between the City and DBRA (the "Land Transfer Agreement"). Subsequently, the DBRA would transfer the Property to the Developer pursuant to a development agreement between the DBRA and Developer (the "DBRA Development Agreement").

Under the Land Transfer Agreement, the Advance shall be applied to the Purchase Price at closing and the remaining balance of the Purchase Price, in the amount of One Million Two Hundred Forty-Four Thousand and 00/100 Dollars ($1,244,000.00), shall be paid pursuant to the terms of the promissory note, executed by the DBRA for the benefit of the City (the "Promissory Note"). As security for the repayment of the Promissory Note, the DBRA will grant, convey, transfer and assign to the City all of DBRA's right, title, and interest in and to the loan documents that will be executed by Developer for the benefit of DBRA in connection with the DBRA Development Agreement (the "Collateral Assignment of Loan Documents"). The Promissory Note and Collateral Assignment of Loan Documents shall be in form and substance satisfactory to the City. In the event the DBRA defaults on its obligations under the Promissory Note, the City's sole and exclusive remedy for said default shall be to exercise its right under the Collateral Assignment of Loan Documents.

In August 2017, the DBRA Board of Directors approved the Proposed Terms.

Upon approval of the attached resolution and the U.S. Department of Housing and Urban Development's approval of the Request for Release of Funds and the related environmental review certification for the Project in accordance with 24CFR §58.22 (collectively, the "RROF"), the DBRA and Developer shall enter into the DBRA Development Agreement. The DBRA Development Agreement shall contain terms substantially similar to those contained in the City Development Agreement.

We request that your Honorable Body adopt the attached resolution to authorize the Director of P&DD to upon approval of the RROF: (i) terminate the City Development Agreement; and (ii) execute a Land Transfer Agreement together with one or more deeds to the Property and such other documents as may be necessary or convenient to effect the transfer of the Property by the City to the DBRA upon the terms therein described.

Sincerely,
MAURICE D. COX
Director
Planning and

Department of Public Works
Administration Division

November 15, 2017

Honorable City Council:

Re: Petition No. 1773 — The Department of Public Works — City Engineering Division requests the continuation of the temporary closure of Woodward Avenue, from Jefferson Avenue to Larned Street through April 1, 2018.

Petition No. 1773 — The Department of Public Works — City Engineering Division requests the temporary closure of Woodward Avenue, 190 feet wide, from Jefferson Avenue, 210 feet wide to Larned Street, 60 feet wide through April 1, 2018. It is important to note that the Department is seeking only the temporary closure of Woodward; an encroachment permit is not being sought.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The reason for this request is to extend the pilot evaluation period of the "Spirit of Detroit Plaza" through the upcoming fall and winter seasons. The 20,000 square-foot civic square on Woodward, between Larned and Jefferson, exists to celebrate Detroit's diversity and complement recent enhancements to Woodward Avenue, such as the new esplanade between Larned and Campus Martius.

During the initial summer season trial period, the civic space, as well as adjacent streets in the immediate area, were closely monitored to evaluate the impact of traffic and likeability. Similar public spaces have been created in many cities around the world to improve walkability, increase access to public space, and create new business development without negatively impacting area traffic flow. The trial period is now being extended to allow for similar assessments to occur over the winter months. At the end of the new evaluation period, the Department will submit a recommendation to your Honorable Body, recommending either the approval of a permanent closure or the restoration of Woodward Avenue, to its pre-implementation condition.

Provisions protecting all utility installations in the right-of-way including Detroit Water and Sewerage Department, Great Lakes Water Authority, Public Lighting Department and Public Lighting Authority have been made a part of the attached resolution

I am recommending the adoption of the attached resolution.

Respectfully submitted,
RON BRUNDIDGE, Director
Department of Public Works

By Council Member Benson:

Whereas, the original trial period for the new "Spirit of Detroit Plaza" enhanced the downtown area with a new public space during the summer of 2017, and the initial evaluation determined that the closure of the impacted segment of Woodward Avenue, has not been detrimental to traffic flow in the area, and the plaza was "liked" by over 80% of individuals surveyed, and

Whereas, a determination has been made to extend the evaluation period through April 1, 2018, so that usage and impact during the fall and upcoming winter season can be considered, now therefore be it

Resolved, The City Engineering Division — DPW is hereby authorized and directed to temporarily close Woodward Avenue, 190 feet wide, from Jefferson Avenue, 210 feet wide to Larned Street, 60 feet wide for a period culminating on April 1, 2018, and being more particularly described as: Woodward Avenue, 190 feet

wide, lying westerly of and adjoining the westerly line of Lots 1, 63, and 64 "Plan of Section numbered one in the City of Detroit, in the Territory of Michigan confirmed by the Governor and Judges on the 27th day of April, 1807 and ordered to be a record and to be signed by the Governor and attested by the Secretary of the Board. Attest: Peter Audrain, Sec'y." as recorded in Liber 34, Page 550 of Deeds, Wayne County Records; also lying easterly of and adjoining the easterly line of the west 30 feet of Lot 2 and the west 30 feet of Lots 63 and the west 30 feet of Lot 64 and the vacated alley adjoining said parts of Lots 2 and 64 "Plat of Section numbered two in the City of Detroit in the Territory of Michigan confirmed unanimously by the Governor and Judges on the 27th day of April, 1807 and ordered to be a record and to be signed by the governor and attested by the Secretary of the Board. Attest: Peter Audrain, Sec'y." as recorded in Liber 34, Page 549 of Deeds, Wayne County Records; on a temporary basis (for a period of Five (5) years to expire on November 1, 2022;

Provided, That no buildings or other structures of any nature whatsoever shall be constructed on or over the public right-of-way. The City of Detroit retains all rights and interests in the temporarily closed public right-of-way. The City and all utility companies retain their rights to service, inspect, maintain, repair, install, remove or replace utilities in the temporarily closed public right-of-way. Further, a specific condition is imposed to ensure unimpeded 24-hour per-day access to the City and utility companies; and

Provided, That if there is still a need for access from any of the abutting property owners to said temporary closed street, access shall and must be maintained for those properties; and

Provided, That the Detroit Water and Sewerage Department (DWSD) forces shall have free and easy access to the water main and sewer facilities at all times to permit proper operation, maintenance and if required, alteration or repair of the water main and/or sewer facilities. Free and easy access shall mean that no structures or storage of materials will be allowed upon the temporarily closed street to hinder the movement of maintenance equipment; and further

Provided, That where a fence is placed across the temporarily closed portion of a street then a gate must be installed to permit access for DWSD forces. The gate shall remain unlocked 24 hours a day, unless a guard is stationed near the gate to allow DWSD ingress and egress at any time to and from the temporarily closed street. The minimum dimensions of the gate or gates shall provide 15 feet vertical and 13 foot horizontal clearances for freedom of DWSD equipment movement; and further

Provided, That should the water main and/or sewer facilities be broken or damaged as a result of any action on the part of the petitioner or assigns, then in such event the petitioner or assigns shall be liable for all costs incident to the repair of such broken or damaged water main and appurtenances, and the petitioner waives all claims for damages, and further

Provided, That at the expiration of the permit, all obstructions shall be removed at the city's expense. The public property shall be restored to a condition satisfactory to the City Engineering Division — DPW; and

Provided, That this resolution is revocable at the will, whim or caprice of the Detroit City Council without cause. The petitioner waives the right to claim damages or compensation for removal of encroachments. Further, the permittee acquires no implied or other privileges hereunder not expressly stated herein. If this permit is continued through April 1, 2018, the City Council may (upon written request and if the circumstances justify accordingly) grant an extension thereto; and

Provided, That this permit shall not be assigned or transferred without the written approval of the Detroit City Council; and further

Provided, That the City Clerk shall within 30 days record a certified copy of this resolution with the Wayne County Register of Deeds.

Adopted as follows:

City Council
Legislative Policy Division
November 17, 2017

Honorable City Council:

From: David Whitaker, Director.
Legislative Policy Division Staff

Re: Resolution in Opposition to the Trump Tax Plan and GOP's Tax Bill

The Legislative Policy Division was requested to draft a resolution in opposition to the Trump Administration proposed changes to the United States Tax Code. The resolution is attached for your consideration.

RESOLUTION IN OPPOSITION TO THE TRUMP TAX PLAN AND GOP'S TAX BILL

Council Member Cushingberry, Jr.:

Whereas, The 2017 Tax Reform for Economic Growth and American Jobs ("Trump Tax Plan") is a proposal released on April 26, 2017, by the Trump Administration. The Trump Tax Plan proposal is a one page description that provides very little detail to effectively evaluate the proposal but enough information to create growing concern over the impact it will have over the working and middle class households; and

Whereas, The Trump Tax Plan is touted as simplifying the U.S. Code and providing "The Biggest Individual and Business Tax Cut in American History". While the Code would be simpler, according to the New York Comptroller analysis, "the plan disproportionately benefits the highest-income earners, while providing moderate and middle-income earners with only

modest benefits" if any at all. Specifically, more than one-third of moderate and middle-income families would see tax increases — while the highest earners would benefit the most. Particularly among moderate-income families, single parents specifically would face significant tax increases, if the "Head of Household" filing status is eliminated; and

Whereas, Brookings Institute has espoused a similar view on the proposed tax plan which it describes as extremely regressive. The plan gives huge tax cuts to the highest income households and very small tax cuts to the lowest income households. That, combined with President Trump's budget cuts, would make low-income households worse off, while giving substantial gains (hundreds of thousands of dollars per household) to the very richest families in the country; and

Whereas, The United States Constitution's 16th Amendment provides the Congress with the power to collect taxes and requires tax revenue bills originate in the United States House of Representatives; and

Whereas, The United States Senate must approve tax revenue bills originating in the House of Representatives and can propose its own bill or changes, and is currently working on its own tax revenue bill which is expected for the most part to be consistent with the Trump Tax Plan; and

Whereas, The United States House of Representatives on November 16, 2017, passed tax bill H.R.1, "Tax Cut And Jobs Act"; which is consistent for the most part with the Trump Tax Plan in that it favors businesses and the wealthy; and

Whereas, The Congress's Joint Committee on Taxation estimates the cost of the "Tax Cut And Jobs Act" over the ten year period from 2018 to 2027 to be $1.4 Trillion, which would add to the National debt, which is currently over $20 trillion; and

Whereas, The proponents of the Trump Tax Plan and "Tax Cut And Jobs Act"; believe that the tax cuts will improve the economy and create growth that will generate tax revenues in excess of the cuts; and

Whereas, Absent economic growth to generate tax revenues, the United States government with its onerous National Debt and with mounting legacy costs which include Medicare, Social Security, and Debt Service costs (Principal and Interest on the National Debt) in a serious fiscal crisis which make the City of Detroit's difficulty with its legacy costs prior to December 10, 2014, the date it exited bankruptcy, pale in comparison; and

Whereas, In a fiscal crisis the Trump Administration will be forced to make hard choices such as reducing appropriations for Medicare and Social Security programs and Federal grants to States and local governments; and

Whereas, The City of Detroit's government is knowledgeable of the adverse consequences of spending beyond its means and the passing of the "buck" down the road to future generations, with the consequences of insolvency of finances and service delivery, which devastates the community; and

Whereas, The City of Detroit's government has become fiscally prudent and desires the same of the Federal government. Now Therefore Be It

Resolved, That the Detroit City Council voices its strong opposition to the Trump Administration's proposed 2017 Tax Reform for Economic Growth and American Jobs and the "Tax Cut And Jobs Act" because of its impact on the citizens of the State of Michigan and because of the financial implications for the nation; Be It Finally

Resolved, That copy of this resolution be transmitted to the United States Congress Joint Committee on Taxation and the Michigan Delegation delegations in both houses of the U.S. Congress

Adopted as follows:

Yeas — Council Members Benson, Castañeda-Lopez, Cushingberry, Jr., Leland, Spivey, Tate and President Jones — 7.

City Council
Legislative Policy Division

November 20, 2017

Honorable City Council:

From: David Whitaker, Director.
Legislative Policy Division Staff

Re: City Council Appointments

The Legislative Policy Division was requested to draft a resolution in support of the redevelopment of the City's Repair to Own Program. The resolution is attached for your consideration.

RESOLUTION IN SUPPORT OF THE REDEVELOPMENT OF A REPAIR TO OWN PROGRAM

Council Member Cushingberry, Jr.:

Whereas, The City of Detroit has a surplus of vacant city-owned reverted properties that are structurally sound, but are languishing in the Detroit Land Bank Authority's inventory. However, these properties are feasible for rehabilitation and could potentially become homes for families in need of affordable, stable dwellings in our community; and

Whereas, These properties have often become nuisances and hazards in the community if they are left unoccupied for even short periods of time. However, if they were rehabilitated quickly, they may help stabilize neighborhoods preserving the residential housing stock and providing affordable housing; and

Whereas, There are plenty of families in the city that would love an opportunity to acquire these homes and use their own physical labor as partial payment in lieu of money compensation to the City. Permitting these families to occupy these dwellings will help preserve the affordable housing stock of the city, increase neighborhood stability and provide needed homes for Detroit families; and

Whereas, The City previously managed a Repair to Own Program that has since been tabled due to issues surrounding families' lack of resources finish repairs and administrative issues in the repayment process. The ordinances authorizing the previous Repair to Own Program is still within the Department City Code. Now Therefore Be It

Resolved, That the Detroit City Council hereby urges the Housing Revitalization Department to work with the Detroit Land Bank Authority and the Detroit Area Realtors to use the City's previous experiences to develop a pilot program to implement a new Repair to Own Program; Be It Further

Resolved, Additionally, City Council recommends the group to offer suggestions for amendments to the current Repair to Own ordinance and for funding sources and a financing mechanism to be established; Be It Further

Resolved, In Furtherance of this effort, the Detroit City Council would be amenable to a reasonable budget amendment to facilitate the implementation of the new Repair to Own Program; Be It Finally

Resolved, That a copy of this resolution be transmitted to the Mayor's Office, the Housing and Revitalization Department, the Detroit Land Bank Authority and the Detroit Area Realtors.

Adopted as follows:

Yeas — Council Members Benson, Castañeda-Lopez, Cushingberry, Jr., Leland, Spivey, Tate and President Jones — 7.

Nays — None.

RESOLUTION APPROVING THE WEST VERNOR & SPRINGWELLS BUSINESS IMPROVEMENT DISTRICT ASSESSMENT AS PROVIDED IN ITS ZONE PLAN

Council Member Leland:

Whereas, In accordance with Public Act 260 of 2001, the Detroit City Council approved the creation of the West Vernor & Springwells Business Improvement District (BID) along with its Zone Plan on July 16, 2007, which is set to expire December 31, 2017; and

Whereas, Pursuant to MCL 125.990k, the BID has approved, by a majority vote of property owners on September 28th, 2017, to reauthorize the business improvement zone and adopt a Zone Plan for an additional 10-year operating period; and

Whereas, The Zone Plan included an assessment to be levied for 10 years to fund BID projects for the benefit of property owners within the Zone Area. These projects include safety and security services, bilingual outreach to the community, cleaning and beautification efforts, marketing and economic development as well as capital improvements; and

Whereas, Pursuant to MCL 125.990k(2), the Detroit City Council must reauthorize the West Vernor & Springwells Business Improvement District (BID) along with its new Zone Plan for the next 10-year operating period; and Now Therefore Be It

Resolved, That the Detroit City Council hereby reauthorizes the West Vernor & Springwells Business Improvement District (BID) along with its new Zone Plan to allow the BID to capture funds for use in the amended Zone Area during its 10-year operating period, expiring on December 31, 2027; and Be It Further

Resolved, That the Detroit City Council supports the efforts of the BID to improve the aesthetics, economic health and vibrancy of its Zone Area as it has a positive impact on and is an essential component of greater prosperity not only in Southwest Detroit but the entire City of Detroit; and Be It Finally

Resolved, That a copy of this resolution be forwarded to the Mayor's Office, the Finance Department Assessment Division as well as the West Vernor & Springwells Business Improvement District.

Adopted as follows:

Yeas — Council Members Benson, Castañeda-Lopez, Cushingberry, Jr., Leland, Spivey, Tate and President Jones — 7.

Nays — None.

*WAIVER OF RECONSIDERATION (No. 24), per motions before adjournment.

RESOLUTION DESIGNATING NOVEMBER NATIONAL RUNAWAY PREVENTION MONTH (NRPM) IN THE CITY OF DETROIT

Council Member Benson:

Whereas, National Runaway Prevention Month (NRPM) is spearheaded each year by the National Runaway Safeline (NRS) and National Network for Youth (NN4Y); and

Whereas, The goals of NRPM are twofold: 1) To raise awareness of the runaway and homeless youth crisis, and the issues that these young people face; and 2) To educate the public about solutions, and the role they can play in ending youth homelessness; and

Whereas, Between 1.6 and 2.8 million youth run away from their parental/custodial homes in a year. If all these young people lived in one city; it would be the fifth largest city in the United States. These numbers are unacceptable; and

Whereas, Many of these young people will end up on the streets, subject to

exploitation and physical and sexual abuses. These are generally not bad kids; they are good kids in bad situations; and

Whereas, The National Runaway Safeline (NRS), formerly known as the National Runaway Switchboard, established in 1971, serves as the federally-designated national communication system for runaway and homeless youth. Annually, NRS, with the support of more than 120 volunteers, makes 250,000 connections to help and hope through hotline, online and offline resources. Through its crisis hotline (1-800-RUNAWAY) and online (1800RUNAWAY.org) services, NRS provides crisis intervention for youth, families and community members throughout the country, 24 hours a day, 365 days a year; and

Whereas, The theme of NRPM 2017 is "Friends Helping Friends." This theme is designed to communicate how youth, parents, family members and educators are hearing about the National Runaway Safeline and are available to support youth at risk of running away from unhealthy living situations; and

Whereas, Detroit City Council enthusiastically endorses and supports the efforts of NRPM and its sponsors to protect and support at-risk youth; and

Now Therefore Be It Resolved That the Detroit City Council declares November National Runaway Prevention Month in the City of Detroit.

Adopted as follows:

Yeas — Council Members Benson, Castañeda-Lopez, Cushingberry, Jr., Leland, Spivey, Tate and President Jones — 7.
