City Planning Commission

August 9, 2017

Honorable City Council:

Re: Request of Mrs. Teresa Norman of The Elestine, LLC, to amend Article XVII, District Map No. 4 of the 1984 Detroit City Code, Chapter 61, *'Zoning'*, by showing a B4 (General Business District) zoning classification where an R4 (Thoroughfare Residential District) zoning classification currently exists on one (1) parcel generally bounded by Gratiot Avenue to the north, Orleans Street to the east, Jay Street to the south and the north-south alley first east of Riopelle Avenue to the west. (RECOMMEND APPROVAL.)

NATURE OF REQUEST AND PROJECT PROPOSAL

The City Planning Commission (CPC) has completed its review and deliberations on the request from Mrs. Teresa Norman of The Elestine, LLC, to amend Article XVII, District Map No. 4 of the 1984 Detroit City Code, Chapter 61, *'Zoning'*, by showing a B4 (General Business District) zoning classification where an R4 (Thoroughfare Residential District) zoning classification, currently exists on one (1) parcel generally bounded by Gratiot Avenue to the north, Orleans Street to the east, Jay Street to the south and the north-south alley first east of Riopelle Avenue to the west, commonly identified as 2315 Orleans Street.

BACKGROUND

The subject properties located in District 5 measure less than half an acre. The parcels are presently developed and owned by the petitioner Mrs. Norman, inclusive of the irregularly shaped parcel immediately to the north, commonly identified as 1550 Gratiot Avenue. The petitioner recently acquired the latter from Gratiot Loft City, LLC in 2016.

Proposed Development

The petitioner intends to rehabilitate the former two-story convent into a mixed-use residential/commercial venue with five market rate residential rental units. The ground floor is anticipated to house approximately 864 square feet of retail space in addition to a 597 square foot one bedroom unit. The second floor is anticipated to have three additional bedroom units ranging from 1,064 square feet to 1,199 square feet. Finally the basement level is anticipated to have a 532 square foot studio apartment with a separate entrance. The petitioner is a recent recipient of the City of Detroit's Motor City Match Program, having been awarded $75,000.00 for this development. The petitioner anticipates doing a partial demolition in which a new door and entryway will be installed for the commercial operations which will allow customer access from the Gratiot Avenue frontage. Additionally, the petitioner is currently in conversations with the Michigan Department of Transportation to have a curb cut installed off of Gratiot Avenue to allow more direct access to the parking area off of Orleans Street through their property located at 1550 Gratiot Avenue.

The petitioner has recently presented before the Detroit City Council's Planning and Economic Development Standing Committee in order to establish an Obsolete Property Rehabilitation District to aid in the rehabilitation of this property.

Initially when the petitioner submitted their application, the number of residential units did not exceed two. However, upon further plan development the number of units has increased to five, which changed the proposed development from a "Residential use combined in structures with permitted (first-floor) commercial uses" to a "multi-family residential" use, which is permitted on a conditional basis in the B4 zoning classification per Sec. 61-9-80(4).

The subject property is presently permitted as an "apartment" per the Buildings, Safety Engineering and Environmental Department, therefore the statutorily required conditional land use hearing for a newly established multi-family residential use in the B4 zoning classification would not be necessary. Should the proposed rezoning be approved, the petitioner would only need to have a permit issued for their proposed commercial use.

SURROUNDING LAND USE AND ZONING

The zoning classifications and land uses surrounding the subject area are as follows:

North: M4; north of Gratiot Avenue is Eastern Market.

East: R3 & B4; a parking lot and religious residential uses associated with Saint Joseph Catholic Church.

South: B4; the Detroit Housing Commission offices.

West: B4; Tower Garage, a minor motor vehicle repair facility.

CITY PLANNING COMMISSION PUBLIC HEARING & OTHER COMMUNITY MEETINGS

On May 18, 2017, the City Planning Commission held a public hearing on the subject rezoning request. There were no members of the public in attendance that expressed a desire to speak on the subject rezoning request, however, one letter of opposition was submitted from Pastor Canon Michael Stein of the Institute of Christ the King Saint Joseph Oratory located at 1800 Jay Street, just south-east of the subject property.

The concerns expressed in the letter were related to the use of the subject property for anything other than residen-

tial. Should the rezoning be authorized by your Honorable Body, the proposed retail use for the ground floor would be permitted by-right. CPC staff indicated that they would have further communication with the Institute of Christ the King Saint Joseph Oratory as it relates to their concerns. That initial conversation was held on Monday, May 22, 2017 followed by another conversation held on Wednesday, May 31, 2017, in which, a representative from the aforementioned institution expressed a concern over the use of the property for anything other than residential. It was communicated that the applicants are recipients of a $75,000.00 matching grant from the City of Detroit's Motor City Match Program, which is contingent upon there being a commercial component incorporated into the development, hence the ground floor retail.

In response they indicated that they were aware and highly supportive of the developers, however, insisted that they would do some additional research on their own to see if managing rental units would qualify as an eligible activity under the Motor City Match Program. As it related to their inquiry, staff has been in communication with the Detroit Economic Growth Corporation, which has verified that rental units do not qualify for the Motor City Match Program, however, the growth and expansion of retail operations such as that of the slated tenant for this development, is the aim of the program.

MASTER PLAN CONFORMANCE

The subject site is located within the Lower East Central area of Neighborhood Cluster 4 of the Detroit Master Plan of Policies. The Future Land use map for this area shows "Mixed — Residential-Commercial" for the subject property. The Planning and Development Department (P&DD) has submitted its comments regarding this proposal in a memorandum dated May 12, 2017 in which they state "Policy 4.1 of the Lower East Central neighborhood recommends encouraging '. . . mixed-use development to replace obsolete commercial properties along Gratiot.' " The Planning and Development Department has submitted its comments regarding this proposal in their May 12, 2017 response (attached).

ANALYSIS

Section 61-3-80 of the Detroit Zoning Ordinance lists eight criteria that must be considered in making recommendations and decisions on rezoning requests.

The proposed zoning classification of B4 would permit both the "Multi-family Residential" use on a conditional basis as well as "stores of a generally recognized retail nature whose primary business is the sale of new merchandise" on a by-right basis. The proposed B4 zoning classification will permit 71 by-right residential, public, civic, institutional, retail, service, commercial, manufacturing, industrial and other uses, the most intensive of which includes "Blueprinting shop," and "General Trade services."

The following analysis details how the proposed rezoning either meets or fails to meet the eight approval criteria which must be considered in making recommendations and decisions on rezoning requests.

(1) Whether the proposed amendment corrects an error or meets the challenge of some changing condition, trend or fact;

The subject property has largely gone unchanged since its construction in 1865, with the exception of an addition in the mid-1990's. The subject property is currently zoned R4 (Thoroughfare Residential), however, the irregular parcel located at 1550 Gratiot Avenue has fronted Gratiot Avenue dating back to at least 1940 with the passage of the City's first zoning ordinance 171-D, which calls into question if an R4 zoning designation is appropriate considering that there appears to be no direct access to the property from Gratiot Avenue, nor is there any other R4 zoning classification reflected on zoning map No. 4 or on the adjacent zoning map No. 2. The proposed rezoning would correct this irregularity and bring the subject property into conformity with the adjacent zoning classifications of B4 and R3 (Low Density Residential District).

(2) Whether the proposed amendment is consistent with the Master Plan and the stated purposes of this Zoning Ordinance;

As indicated by the Planning and Development Department's May 12, 2017 report, "The proposed development conforms to the Future General Land Use of the area and therefore is compatible." Policy 4.1 of the Lower East Central neighborhood recommends encouraging ". . . mixed-use development to replace obsolete commercial properties along Gratiot."

(3) Whether the proposed amendment will protect the health, safety and general welfare of the public;

The proposed rezoning will allow for the continued use of a centuries old residential structure which is in the process of being renovated and brought up to code. The proposed addition of a point of ingress and egress off of Gratiot Avenue will minimize the amount of traffic which travels down Jay Street in close proximity to both the church and religious residential facility, which should address many concerns over increased traffic. It should be noted that this particular area is highly institutional and not residential in nature, therefore the continued use of the property for residential and the addition of the commercial retail space should have minimal impact.

(4) Whether the City and other service

providers will be able to provide adequate public facilities and services to the subject property, while maintaining adequate levels of service to existing development;

The physical characteristics of the subject property will not dramatically change as a result of the proposed rezoning. While the subject property sits within a traditional street grid, there will be no need for city services, such as lights, water, sewer, etc., beyond what is currently in place; as the existing infrastructure previously served a similar use.

(5) Whether the proposed rezoning will have significant adverse impacts on the natural environment, including air, water, soil, wildlife and vegetation and with respect to anticipated changes in noise and regarding storm water management;

As previously mentioned, the physical characteristics of the subject property will not dramatically change as a result of the proposed rezoning. The subject areas will be appropriately landscaped, graded and drained in order to mitigate any problems which may occur as a result of storm water. There are no foreseeable impacts to any of the aforementioned environmental aspects.

(6) Whether the proposed amendment will have significant adverse impacts on other property that is in the vicinity of the subject tract;

The vast majority of the uses in the immediate area are institutional in nature. Staff is of the opinion that no significant adverse impacts will occur as a direct result of the proposed rezoning.

(7) The suitability of the subject property for the existing zoning classification and proposed zoning classification; and

As noted previously, the existing R4 zoning classification is not conducive for the proposed general retail use which is a required condition of the Motor City Match Program. Additionally, the R4 zoning classification in this area of the City is atypical. In providing the recommendation for a B4 zoning classification CPC staff evaluated all zoning classifications and determined that the B4 zoning classification would allow for the proposed uses and maintain the character of the neighborhood.

(8) Whether the proposed rezoning will create an illegal "spot zone."

Given the residential nature of the subject property and the adjacency of B4 zoning to both the west and south; along with the proposed rezoning's consistency with the Master Plan of Policies, staff is of the opinion that the proposed rezoning would not constitute an illegal "spot zone".

Suitability of the Property

One of the aforementioned criteria for rezoning states, "The suitability of the subject property for the existing zoning classification and proposed zoning classification." Zoning Map No. 4 generally shows a mix of R3, B4, B6 and M3 zoning on the north, south, east and west around the subject property. This section of the Lower East Central subsector is primarily developed with institutional and commercial uses.

In general, CPC staff looks favorably on the rezoning of the subject parcel to accommodate the establishment of "Stores of a generally recognized retail nature whose primary business is the sale of new merchandise," and "Multi-family residential."

Land Use

CPC staff is of the opinion that a B4 (General Business District) zoning classification is an appropriate designation consistent with the characteristics of the adjacent properties, which will allow for the establishment of "Stores of a generally recognized retail nature whose primary business is the sale of new merchandise;" on a by-right basis, and would allow on a conditional basis the "Multi-family residential" use which is presently permitted by the Buildings, Safety Engineering and Environmental Department. Additionally, all proposed uses are consistent with the Master Plan of Policies.

Significant Impact on Other Property

CPC staff is of the opinion that the rezoning of this property from a commercial stand-point might add to the sustainability of the surrounding community by allowing the establishment of an economically viable, tax revenue generating business.

City Planning Commission

September 8, 2017

Honorable City Council:

Re: Request of Huntington National Bank, to amend Article XVII, District Map 32 of the 1984 Detroit City Code Chapter 61, 'Zoning' by showing a B4 (General Business District) zoning classification where an R2 (Two-Family Residential District) zoning classification, currently exists on four (4) parcels generally bounded by Mack Avenue to the north, Wayburn Avenue to the east, Goethe Avenue to the south and Alter Road to the west. (RECOMMEND APPROVAL).

NATURE OF REQUEST AND PROJECT PROPOSAL

The City Planning Commission (CPC) has received and completed its review and deliberations on the request from Huntington National Bank requesting the City of Detroit to amend Article XVII, District Map No. 32 of Chapter 61 of the 1984 Detroit City Code, 'Zoning,' to show a B4 (General Business District) zoning classification where an R2 (Two-Family Residential District) zoning classification currently exists on four (4) parcels commonly identified as 3158, 3164, 3170 and 3180 Alter Road, generally bounded by Mack Avenue to the north, Wayburn Avenue to the east, Goethe Avenue to the south and Alter Road to the west.

BACKGROUND

The subject properties located in District 4 sit within a site measuring just under a half (0.311) of an acre. The parcels are presently vacant and undeveloped. Three of the four parcels in question until recently were developed with single-family housing, the last of which was razed in 2011.

Proposed Development

The petitioner is seeking a change in zoning to accommodate the establishment of a proposed new Huntington National Bank branch with drive-up or drive-through facilities, which would be located at the intersection of Mack Avenue and Alter Road dually located in both the City of Detroit, Michigan and the City

of Grosse Pointe Park, Michigan. The site plans and elevations for this proposed development are attached for your review. the developer anticipates constructing a 1,870 square foot bank branch location on the western portion of the site, which is located in Detroit, Michigan along with a freestanding drive-up/drive-through facility on the eastern portion of the site located in Grosse Pointe, Michigan. the petitioner has already submitted an application to the cities of Detroit and Grosse Pointe, respectively to initiate the required alley vacations for the proposed development.

The current zoning classifications of R2 will not allow for the proposed development on either a by-right or conditional basis. A "Bank with drive-up or drive-through facilities" is a conditional use in the proposed B4 zoning classification (per Sec. 61-9-82(4)) and would require a special land use hearing before the Buildings, Safety Engineering and Environmental Department at which residents and taxpayers of record from both Detroit and Grosse Pointe Park within 300 radial feet of the subject property would be notified and have an opportunity to voice their opinions on the specifically proposed land use.

SURROUNDING LAND USE AND ZONING

The zoning classifications and land uses surrounding the subject area are as follows:

North: B4 & PD; with vacant land and a Marathon gas station.

East: City of Grosse Pointe; developed with single-family and two-family residential.

South: R2; with single-family, two-family, and multi-family residential.

West: R2 and PD; with single-family, two-family, multi-family residential and a mixed use retail development.

CITY PLANNING COMMISSION PUBLIC HEARING & OTHER COMMUNITY MEETINGS

On May 4, 2017, the City Planning Commission held a public hearing on the subject rezoning request. One member of the public was present and spoke in support of the proposed rezoning and the possibility of a new bank.

Representatives form Huntington National Bank indicated that they anticipated the new bank branch opening in the summer of 2018. This proposed location would be the City of Detroit's sixth bank branch location.

The Commission indicated that they would like Huntington National Bank to participate in the City's Green Light program as a way to further deter crime in the area.

Additionally, a letter in support of the proposed rezoning from the City of Grosse Pointe Park was submitted, stating in part "Our community is in the process of vacating the proportion with the City of Grosse Pointe Park and as the adjoining property owner of the alleyway, Grosse Pointe Park both acknowledges and supports Huntington Bank's request to rezone."

MASTER PLAN CONFORMANCE

The subject site is located within the Jefferson/Mack area of Neighborhood cluster 3 of the Detroit Master Plan of Policies. The Future Land Use map for this area shows "Low Density Residential" for the subject properties. The Planning and Development Department (P&DD) has submitted its comments regarding this proposal in a memorandum (attached) dated April 28, 2017 in which they state "The subject parcels are adjacent to the Neighborhood Commercial area fronting Mack and at the intersection of two Major Streets. The proposed rezoning does not change the Future General Land Use characteristics of the area."

ANALYSIS

Section 61-3-80 of the Detroit Zoning Ordinance lists eight criteria that must be considered in making recommendations and decisions on rezoning requests.

The proposed zoning classification of B4 would permit a "Bank with drive-up or drive-through facilities" on a conditional basis (per Sec. 61-9-82(4)). The proposed B4 zoning classification will permit 71 by-right residential, public, civic, institutional, retail, service, commercial, manufacturing, industrial and other uses, the most intensive of which includes "Blueprinting shop," and "Trade services, general."

The following analysis details how the proposed rezoning either meets or fails to meet the eight approval criteria.

(1) Whether the proposed amendment corrects an error or meets the challenge of some changing condition, trend or fact;

The subject properties have historically been developed as single-family residential, the most recent of which was demolished in 2011. Given the current housing market in the City of Detroit the likelihood of new infield housing being constructed in this area is highly unlikely. The subject corner is presently zoned B4, having been developed commercially in the not too distant past. Commercial developments in adjacent PD zoning classifications consist of a diverse verity of retail, service and commercial uses. Staff is of the opinion that the requested rezoning is in line with an existing trend to continue commercial development at the intersection of Mack Avenue and Alter Road.

(2) Whether the proposed amendment is consistent with the Master Plan and the stated purposes of this Zoning Ordinance;

As indicated by the Planning and Development Department's April 28, 2017 report, most residential classifications allow for a neighborhood-scale commercial development. Categories in the

Master Plan of Policies are descriptive of general development recognizing that some inter-mixtures are permissible or desirable. The proposed rezoning would not change the Future General Land Use characteristics of the area.

(3) Whether the proposed amendment will protect the health, safety, and general welfare of the public.

In the course of establishing new land uses adjacent to residentially zoned land, any and all developments should take into consideration buffering, setbacks, screening, etc., insuring that the site is accessible to and safe for pedestrians. Based on the site plans provided by the petitioner all required elements for landscaping, screening and fencing as denoted in Article XIV — Development Standards of the Zoning Ordinance are being adhered to.

(4) Whether the City and other service providers will be able to provide adequate public facilities and services to the subject property, while maintaining adequate levels of service to existing development.

The physical characteristics of the subjec property will dramatically change as a result of the proposed rezoning. While the subject properties sit within a traditional street grid, there will be no need for city services, such as lights, water, sewer, etc., beyond what is currently in place; as the existing infrastructure previously served a multitude of residential properties.

(5) Whether the proposed rezoning will have significant adverse impacts on the natural environment, including air, water, soil, wildlife, and vegetation and with respect to anticipated changes in noise and regarding storm water management.

As previously mentioned, the physical characteristics of the subject property will change as a result of the proposed rezoning. The subject areas will be appropriately graded, landscaped and drained in order to mitigate any problems which may occur as a result of storm water. There are no foreseeable impacts to any of the aforementioned environmental aspects.

(6) Whether the proposed amendment will have significant adverse impacts on other property that is in the vicinity of the subject tract.

The closed adjacent residential properties to the south of the proposed development will be buffered and screened with the required six foot high masonry wall in addition to trees and shrubs per Article XVI — Development Standards of the Zoning Ordinance. These standards are intended to reduce potential nuisances by requiring a visual screen between uses to mitigate the adverse effects and impacts associated with adjoining or nearby uses.

(7) The suitability of the subject property for the existing zoning classification and proposed zoning classification; and

In providing the recommendation for a B4 zoning classification CPC staff evaluated all zoning classifications and determined that the B4 zoning classification would conditionally allow for the proposed use and also allow the surrounding community an opportunity to weigh in on the proposed development via the required special land use hearing.

(8) Whether the proposed rezoning will create an illegal "spot zone."

Given the current B4 zoning classifications to the north of the subject properties fronting on Mack Avenue and the intent to extend that B4 zoning classification further south to accommodate the proposed development, staff is of the opinion that the proposed B4 zoning classification would not constitute an illegal "spot zone."

Suitability of the Property

Zoning Map No. 32 generally shows a mix of R1, R2, B4 and PD zoning on the north, south, east and west for several blocks around the subject property. This section of the Jefferson/Mack subsector is primarily developed with residential and commercial complexes with a variety of uses.

In general, the CPC looks favorably on the rezoning of the subject parcels to accommodate the establishment of a "Bank with drive-up or drive-through facilities," which would be allowed conditionally in the propsed B4 zoning classification.

Significant Impact on Other Property

The Commission is of the opinion that the rezoning of these properties from a commercial stand-point will add to the sustainability of the surrounding community by alllowing the establishment of economically viable, tax revenue generating business.

RECOMMENDATION

On May 4, 2017 the City Planning Commission voted to recommend approval of the request of Huntington National Bank to amend Article XVII, District Map 32 of the 1984 Detroit City Code Chapter 61, 'Zoning' by showing a B4 (General Business District) zoning classification where an R2 (Two-Family Residential District) zoning classification, currently exists on four (4) parcels generally bounded by Mack Avenue to the north, Wayburn Avenue to the east, Goethe Avenue to the south and Alter Road to the west.

City Planning Commission

September 8, 2017

Honorable City Council:

Re: Request of Northeast Guidance Center, to amend Article XVII, District Map 32 of the 1984 Detroit City Code Chapter 61, 'Zoning' by showing a P1 (Open Parking District) zoning classification where an R2 (Two-Family Residential District) zoning classification, currently exists on four (4) parcels generally bounded by Charlevoix Avenue to the north, the north-south alley first west of Algonquin Avenue to the east, East Vernor Highway to the south and Anderdon Avenue to the west. (RECOMMEND APPROVAL).

NATURE OF REQUEST AND PROJECT PROPOSAL

The City Planning Commission (CPC) has received and completed its review and deliberations on the request of the Northeast Guidance Center, requesting the City of Detroit to amend Article XVII, District Map No. 32 of Chapter 61 of the 1984 Detroit City Code, 'Zoning,' to show a P1 (Open Parking District) zoning classification where an R2 (Two-Family Residential District) zoning classification currently exists on four (4) parcels commonly identified as 2656, 2662, 2668 and 2676 Anderdon Avenue, generally bounded by Charlevoix Avenue to the north, the north-south alley first west of Algonquin Avenue to the east, East Vernor Highway to the south and Anderdon Avenue to the west.

BACKGROUND

The subject properties located in District 4 sits within a site measuring just under half (0.44) of an acre in size. The parcels are presently vacant and undeveloped having been acquired by the petitioner from the City of Detroit in 2015.

Proposed Development

The aforementioned properties were purchased with the intent to secure and maintain as green space adjacent to the petitioner's office and wellness center located at 2900 Conner. Given the petitioner's expanded capacity and the growing need for their services a need for additional parking has arisen.

The petitioner's current property located north-west of the subject properties consists of a single-story institutional office buildings and an 85 space parking lot. The petitioner owns several lots immediately adjacent and to the east of their location, however, these lots are currently developed with a fenced and landscaped community garden. The petitioner, not being desirous of dismantling the community garden which has been tended to by members of the community for a number of years, is seeking to establish a surplus parking area on the four cattycorner parcels just south-east of their current location.

The current zoning classification of R2 will not allow for the proposed development on either a by-right or conditional basis, nor would the use be permitted as an accessory use given that the subject properties are not located on the same zoning lot. The proposed "parking lot"

would be permitted on a by-right bases in the P1 (Open Parking District) zoning classification per Sec. 61-11-41.

SURROUNDING ZONING AND LAND USE

The zoning classifications and land uses surrounding the subject area are as follows:

North: R2; with a mix of vacant land, single-family and two-family residential.

East: R2; with single-family residential.

South: R2; with a mix of vacant land, single-family residential as well as Precious Faith Church of God in Christ.

West: M2; with Northeast Guidance Center along with the UAW Local 7 Union Hall.

CITY PLANNING COMMISSION PUBLIC HEARING & OTHER COMMUNITY MEETINGS

On May 4, 2017, the City Planning Commission held a public hearing on the subject rezoning request. There were no members of the public present who spoke in opposition or support of the proposed rezoning.

There were no questions raised by the Commission pertaining to this request. The Commission voted unanimously to waive its rules allowing for same day action on this matter.

MASTER PLAN CONFORMANCE

The subject site is located within the Jefferson/Mack area of Neighborhood Cluster 5 of the Detroit Master Plan of Policies. The Future Land Use map for this area shows "Low Density Residential" for the subject properties. The Planning and Development Department has submitted its comments regarding this proposal in their April 28, 2017 response. (attached)

ANALYSIS

Section 61-3-80 of the Detroit Zoning Ordinance lists eight criteria that must be considered in making recommendations and decisions on rezoning requests.

The proposed zoning classification of P1 would permit a "Parking Lot" on a by-right basis. The proposed P1 zoning classification will only permit the single use of parking.

The following analysis details how the proposed rezoning either meets or fails to meet the eight approval criteria.

(1) Whether the proposed amendment corrects an error or meets the challenge of some changing condition, trend or fact;

The subject properties have historically been developed as single-family residential. Given the current housing market in the City of Detroit the likelihood of new infield housing being constructed in this area is highly unlikely. The subject corner is presently zoned R2, having been developed residentially in the not too distant past. There is a demonstrated need for additional parking to accommodate the petitioner's ongoing operations. Staff is of the opinion that the requested rezoning is in line with an existing trend to continue commercial and institutional development in the area, given the petitioner's property, the Salvation Army and the adjacent Church property located on Anderdon.

(2) Whether the proposed amendment is consistent with the Master Plan and the stated purposes of this Zoning Ordinance;

As indicated by the Planning and Development Department's April 28, 2017 report, the subject parcels are adjacent to the Thoroughfare Commercial area fronting Conner and on the west side of Anderdon. The site is also along a Secondary Street and in proximity to a Major Thoroughfare. The proposed rezoning would not change the Future General Land Use characteristics of the area.

(3) Whether the proposed amendment will protect the health, safety, and general welfare of the public;

In the course of establishing new land uses adjacent to residentially zoned land, any and all developments should take into consideration buffering, setbacks, screening, etc., insuring that the site is accessible to and safe for pedestrians. It is anticipated that the developer will comply with the Development Standards denoted in Article XIV – Development Standards of the Zoning Ordinance.

(4) Whether the City and other service providers will be able to provide adequate public facilities and services to the subject property, while maintaining adequate levels of service to existing development;

The physical characteristics of the subject property will dramatically change as a result of the proposed rezoning. While the subject properties sit within a traditional street grid, there will be no need for city services, such as lights, water, sewer, etc., beyond what is currently in place; as the existing infrastructure previously served a multitude of residential properties.

(5) Whether the proposed rezoning will have significant adverse impacts on the natural environment, including air, water, soil, wildlife, and vegetation and with respect to anticipated changes in noise and regarding storm water management;

As stated above, the physical characteristics of the subject property will change as a result of the proposed rezoning. The subject area will be appropriately graded, landscaped and drained in order to mitigate any problems which may occur as a result of storm water. There are no forseeable impacts to any of the aforementioned environmental aspects.

(6) Whether the proposed amendment will have significant adverse impacts on other property that is in the vicinity of the subject tract;

The closest adjacent residential properties to the east and south of the proposed development will be buffered and screened with the required screening in addition to trees and shrubs per Article XVI – Development Standards of the Zon-

ing Ordinance. These standards are intended to reduce potential nuisances by requiring a visual screen between uses to mitigate the adverse effects and impacts associated with the parking facilities.

(7) The suitability of the subject property for the existing zoning classification and proposed zoning classification; and

In providing the recommendation for a P1 zoning classification CPC staff evaluated all zoning classifications and determined that the P1 zoning classification would allow for the needed parking on a by-right basis and prohibit any other uses which may be deleterious or injurious to the surrounding community.

(8) Whether the proposed rezoning will create an illegal "spot zone."

Given that the proposed parking area is adjacent to the applicants' current parking lot as well as an institutional use which could potentially benefit from this parking area as well, staff is of the opinion that the proposed P1 zoning classification would not constitute an illegal "spot zone."

Suitability of the Property

One of the aforementioned criteria for rezoning states, "The suitability of the subject property for the existing zoning classification and proposed zoning classification." Zoning Map No. 32 generally shows a mix of R2, B4 and M2 zoning on the north, south, east and west around the subject properties. This section of the Jefferson/Mack subsector is primarily developed with residential and institutional complexes with a variety of uses.

In general, the CPC looks favorably on the rezoning of the subject parcels to accommodate the establishment of a "parking lot."

Significant Impact on Other Property

The Commission is of the opinion that the rezoning of these properties from a commercial stand-point might add to the sustainability of the surrounding community by allowing the establishment of a needed facility.

RECOMMENDATION

On May 4, 2017 the City Planning Commission voted to recommend approval of the request of Northeast Guidance Center to amend Article XVII, District Map 32 of the 1984 Detroit City Code Chapter 61, 'Zoning' by showing a P1 (Open Parking District) zoning classification where an R2 (Two-Family Residential District) zoning classification, currently exists on four (4) parcels generally bounded by Charlevoix Avenue to the north, the north-south alley first west of Algonquin Avenue to the east, East Vernor Highway to the south and Anderdon Avenue to the west.

July 12, 2017

Honorable City Council:

Re: Address: 2295-97 Taylor. Name: Eugene Easley, Jr. Date ordered removed: April 24, 2017.

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on February 16, 2017 revealed the building is secured and appears to be sound and repairable. The owner has paid all taxes and is current. The proposed use of the property is owner's use and occupancy. This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be obtained within 30 days.

2. The building shall be maintained securely barricaded until rehabilitation is complete. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:

• Certificate of Acceptance related to building permits

• Certificate of Approval as a result of a Housing Inspection

• Certificate of Inspection, required for all residential rental properties.

3. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

4. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. Honorable City Council:

Re: Address: 3443 Sheridan. Name: Mfon Umana-Odel. Date ordered removed: April 10, 2017.

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on June 1, 2014 revealed the building is secured and appears to be sound and repairable. The owner has paid all taxes and is current. The proposed use of the property is owner's use and occupancy. This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be obtained within 30 days.

2. The building shall be maintained securely barricaded until rehabilitation is complete. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:

• Certificate of Acceptance related to building permits

• Certificate of Approval as a result of a Housing Inspection

• Certificate of Inspection, required for all residential rental properties.

3. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

4. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,
DAVID BELL
Director

City Council
Legislative Policy Division

August 29, 2017

Honorable City Council:

From: David Whitaker, Director.
Legislative Policy Division Staff

Re: Report on Certification of Abandoned Property for Accelerated Forfeiture Act, MCL 211.961

The Legislative Policy Division (LPD) is providing this report in response to Council Member Scott Benson's request with regard to the Public Act 132 of 1999, Certification of Abandoned Property for Accelerated Forfeiture Act (CAPAF), MCL 211.961 et seq. The CAPAF became effective July 23, 1999, as a tool to assist local governmental units[1] in the fight against blight and abandoned residential structures.

It is LPD's understanding that the Councilman's request was motivated by the Detroit Land Bank Authority's inquire of the use of the statute since the right to exercise the provisions of the Act belong to the City of Detroit. In general, the CAPAF allows a local governmental unit like the City of Detroit (City) to identify properties that have been abandoned and to place them on an accelerated tract for forfeiture of title for abandonment and failure to pay property taxes. The forfeiture of title allows the "foreclosing governmental unit"[2] the authority to foreclose on the title of the property by seeking a judgment of foreclosure. The CAPAF allows for the City to certify the identified property as abandoned and the ability to accelerate the forfeiture of the property. "Forfeiture of Property" should not be confused with the "foreclosure on the property". Under the General property Tax Act, MCL 211.78(8)(b).

"Forfeited" or "forfeiture" means a foreclosing governmental unit may seek a judgment of foreclosure under section 78k if the property is not redeemed as provided under this act, but does not acquire a right to possession or any other interest in the property.

The forfeiture rights are similar to the rights provided a mortgage lien holder, except that it provides a legal interest in the property to secure the unpaid taxes instead of repayment of the mortgage loan. Just as a mortgage lien holder has to go through a judicial foreclosure on the property to obtain payment of the mortgage loan, the county treasurer must go through a judicial foreclosure to execute the forfeiture rights to obtain payment for delinquent taxes. In both instances (tax forfeiture or mortgage lien) title to the property is acquired unless payment is provided prior to the judgment being entered. The definition of abandoned property under CAPAF MCL 211.962(a) is a "tax delinquent property containing a structure that is vacant or dilapidated, is open to entrance or trespass and has been determined to be abandoned under section 4." What is accelerated under the CAPAF is the ability of the City to reach the forfeiture stage on certified abandoned properties without going through all the notice requirements that are due in acquiring forfeiture rights of properties that are not certified as abandoned.

Under the General Property Tax Act, MCL 211.78(b) – (f) provides a series of notice requirements the county treasurer must perform to perfect the forfeiture rights. The requirements include notice: (i) to the person to whom a tax bill for property returned for delinquent taxes was last sent or to the person identified as the owner of property returned for delinquent taxes; (ii) to a person entitled to notice of the delinquent taxes under section 78a(4)[3]; (iii) and to a person to whom a tax certificate for property that delinquent taxes was issued under former section 71, as shown on the current records of the county treasurer. Notices are also required to go to the holder of any undischarged mortgage or other legal interest; a subsequent purchaser under any land

contract; and a person entitled to notice of the delinquent taxes under section 78a(5)[4].

In addition, the county treasurer is required to make a list of all property on which delinquent taxes, interest, penalties, and fees are unpaid on the November 1st immediately succeeding the date that taxes levied on the property were returned unpaid to the county treasurer for forfeiture; On October 1st after the taxes are determined delinquent and remain unpaid, the county treasurer is to add a fee of $15.00 on each parcel; and no later than the February 1st immediately after the taxes are due and unpaid the county treasurer shall send a notice by certified mail, return receipt requested, to the person to whom a tax bill for property returned for delinquent taxes was last sent and, if different, to the person identified as the owner of property returned for delinquent taxes as shown on the current records of the county treasurer and to those persons identified under section 78e(2)[5].

If the properties are certified abandoned and accelerated for forfeiture under CAPAF, those provision are not required to be followed by the county treasurer. Instead, the City under CAPAF will reduce the time by approximately one year to take a property from delinquency subject to forfeiture to actual forfeiture status if certified as abandoned.

In order to have the properties designated as certified abandoned under CAPAF, although not as stringent as the requirements of the county treasurer under MCL 211.78(b)-(f), the City must complete certain requirements. CAPAF provides under MCL 211.963, there must be a resolution adopted by the City Council that indicates a determination has been made that specific parcels of abandoned tax delinquent property exist; that the tax delinquent abandoned property contributes to crime blight and decay; that the certification of the abandoned property will result in the accelerated forfeiture and foreclosure of the certified abandoned property and return the property to productive use more rapidly reducing crime, blight and decay.

CAPAF provides under MCL 211.964(1), if the City makes a declaration of accelerated forfeiture of abandoned property by October 1st of any tax year, it may identify the abandoned property as such only after the following procedures are met:

(a) Before February 1, the City inspects the property and determine that the property is abandoned property.

(b) At the time of inspection under subdivision (a), the City must post a notice on the property that if taxes levied on the property are returned as delinquent, the property will be subject to accelerated forfeiture and foreclosure, and the imposition of the fees set forth in the general property tax act, 1893 PA 206, MCL 211.1 to 211.157, unless an affidavit claiming the property is not abandoned is filed as provided under section 5.

(c) The City shall send a copy of the notice provided under subdivision (b) to the owner of the property or to the taxpayer of record by first-class mail.

(d) Taxes levied on the property must be delinquent on March 1st to the treasurer of the county in which the property is located pursuant to the general property tax act.

If the City determines that the property is occupied by an owner or a person with a legal interest in the property, the City shall not certify the property as certified abandoned property.

Additionally, under MCL 211.965(1) the property will not be considered abandoned if the owner or person with a legal interest in the property files an affidavit with the City claiming the property is not abandoned before the taxes are delinquent or with the county treasurer after the taxes are delinquent. If the affidavit is filed after the taxes are delinquent but before the show cause hearing on foreclosure before the court under MCL 211.78(j), the property is not forfeited on the immediately preceding March 1st, but shall be forfeited on the immediately succeeding March 1st if the delinquent taxes, interest and penalties have not been paid. In essence, Section 5 of the CAPAF provides a mechanism for an owner or person with a legal interest in the property to assert the property is not abandoned prohibiting the acceleration of forfeiture, even if the taxes are not paid at the time. If the property cannot be certified as abandoned it must go through the normal tax forfeiture process.

The CAPAF as a matter of policy allows municipalities to identify abandoned dilapidated properties to be placed in line for the county treasurer to initiate foreclosure proceedings without having to go through the onerous notice procedures required by law to acquire forfeiture rights. The City has the legal authority to implement the acceleration or forfeiture under CAPAF. The issue is whether as a matter of policy the use of the Act will make a meaningful difference as a tool to get vacant property back in productive use or to remove blighted vacant structures.

The definition of abandoned property under CAPAF is similar to and also qualifies under one of the definitions of a dangerous building under the City Code Section 12-11-28.2 *Definitions:*

For purposes of this ordinance, any building or structure which has one (1) or more of the following defects, or is in one

(1) or more of the following condition, hereinafter described shall be deemed a dangerous building:

Subsection (9): Whenever any building is vacant, dilapidated and open at door or window leaving the interior of the building exposed to the elements or accessible to entrance by trespassers.

The City through the Buildings, Safety Engineering and Environmental Department (BSEED) continues to identify properties that are deemed dangerous buildings and take action to eradicate them. In identifying and addressing the dangerous buildings as defined under the City Code, BSEED undertakes inspections of the property and provides notice to the owners and interest holders of the dangerous condition and that a public hearing will be held to show cause why the City should not take action against the property. If the owner or interest holders do not respond, the City (authorized by City Council) may take whatever action is necessary to correct the condition including but not limited to demolition. The cost of action taken by the City will become a lien interest on the property on which the City may institute foreclosure proceedings under the General Property Tax Act and obtain title to the property. The lien interest obtained under the dangerous building ordinances however must go through the regular process to obtain the actual forfeiture rights.

If the requirements for the certification of abandoned properties under MCL 211.964(1) (as set forth above) can be met at the time BSEED addresses those properties identified as dangerous buildings, a list of the properties can be generated prior to February 1st and certified for accelerated abandoned property forfeiture. To do both at the same time may prevent a duplication of effort, time and expenses. While it may be necessary in cases of emergency for BSEED to take actions such as the demolition of a structure prior to forfeiture and foreclosing in some instances, the acceleration of forfeiture on the certified abandoned properties would still be beneficial. A separate policy issue is whether the use of CAPAF will have a significant impact on addressing the removal of abandoned properties or merely shift the ownership of abandoned properties from private ownership to a public entity. The majority of abandoned dilapidated properties that are foreclosed by the Wayne County Treasurer are transferred to the Detroit Land Bank Authority (DLBA) where other than properties located in the Hardest Hit designated areas lack the financial resources to adequately address the abandoned properties outside those boundaries.

Finally, should the City choose to avail itself of the provisions of the CAPAF Act, attached is a resolution that was prepared by the DLBA to effectuate the City's declaration of accelerated forfeiture of abandoned property as outlined in MCL 211.963. LPD has reviewed the proposed resolution and acknowledges that it meets the required language set forth in the Act.
By Council Member Benson:

Whereas, The Detroit City Council determines that parcels of abandoned tax delinquent property exist; and

Whereas. Decades of disinvestment and high levels of foreclosures have devastated Detroit's neighborhoods and once well-established communities are plagued by thousands of vacant and vandalized properties; and

Whereas, Abandoned tax delinquent property contributes to crime, blight, and decay within the city of Detroit; and

Whereas, The certification of tax delinquent abandoned property as Certified Abandoned Property pursuant to the Accelerated Forfeiture Act (P.A. 132 of 1999) will result in the accelerated forfeiture and foreclosure of certified property under the General Property Tax Act and return abandoned property to productive use more rapidly, thereby reducing crime, blight, and decay within the City of Detroit; and

Whereas, The Accelerated Forfeiture Act (P.A. 132 of 1999) explicitly and strictly limits Certified Abandoned Property to *vacant* structures and cannot be used on any occupied structures; and

Now, Therefore, Be It

Resolved, That the Detroit City Council hereby notifies residents and owners of property within the City of Detroit that abandoned tax delinquent property will be identified and inspected and may be certified as Certified Abandoned Property under the Certification of Abandoned Property for Accelerated Forfeiture Act and subject to accelerated forfeiture and foreclosure under the General Property Tax Act.

Honorable City Council:

Re: Petition No. 1755 — DPW, City Engineering Division, request to dedicate land for public rights-of-way to widen Mt. Elliott Avenue, Miller Avenue and Georgia Avenue.

Petition No. 1755, The Department of Public Works — City Engineering Division on behalf of Detroit Economic Growth Corporation request to dedicate land for the widening of Mt. Elliott Avenue, 66 feet wide, on the east side from Miller Avenue, 66 feet wide to Heintz Avenue, 50 feet wide; also Miller Avenue on the north side from Mt. Elliott Avenue to the north-south alley first easterly of Mt. Elliott; also Mt. Elliott, 66 feet wide, on the east side from Newhall Street, 60 feet wide to Georgia Avenue, 60 feet wide; also Georgia Avenue, 60 feet wide, on the south side

Elliott, 66 feet wide, on the east side from Georgia Avenue to Richardson Street, 60 feet wide; also Georgia Avenue, 60 feet wide, on the north side from Mt. Elliott Avenue to the north-south alley 1st east of Mt. Elliott Avenue

The petition was referred to the City Engineering Division – DPW for investigation (utility clearance) and report. This is our report.

The street widenings in this area will facilitate the increased traffic flow from a planned development in the area and for the I-94 Industrial Park. This petition is made in coordination with a concurrent land swap agreement between the City of Detroit and ArcelorMittal, facilitated by the Detroit Economic Growth Corporation. Once all of the arrangements have been made, ArcelorMittal can proceed with their development and the City of Detroit will obtain additional I-94 Industrial Park properties.

All other city departments and utilities have reported no objections to the proposed rights-of-way dedications/ widenings.

I am recommending adoption of the attached resolution.

Respectfully submitted,
RICHARD DOHERTY, P.E.
City Engineer

Legislative Policy Division

September 13, 2017

Honorable City Council:

Re: Resolution supporting food policy recommendations as articulated in "Creating a Food Secure Detroit: Policy Review and Update" put forth by the Detroit Food Policy Council.

On behalf of the Detroit City Council, the Legislative Policy Division (LPD) has drafted a resolution in support of the food policy recommendations as put forth by the Detroit Food Policy Council in the attached document.

Attached, please find our draft of the aforementioned resolution, and the document titled "Creating a Food Secure Detroit: Policy Review and Update".

Please contact us if we can be of any further assistance.

Council Member Ayers moved this resolution on behalf of President Jones.

RESOLUTION SUPPORTING FOOD POLICY RECOMMENDATIONS AS ARTICULATED IN "CREATING A FOOD SECURE DETROIT: POLICY REVIEW AND UPDATE" PUT FORTH BY THE DETROIT FOOD POLICY COUNCIL

By Council President Jones, joined by Council Members Ayers, Castaneda-Lopez and Cushingberry Jr.:

Whereas, Community Food Security can be defined as the condition which

exists when all of the members of a community have ready access to abundant, affordable, nutritious, culturally appropriate food, from sources that are socially just and environmentally sound; and

Whereas, the Detroit Food Policy Council and its attendant Food Policy was established and supported by resolution of the Detroit City Council in March of 2008 with the purpose of nurturing the development and maintenance of a sustainable, localized food system and a food-secure city of Detroit in which all of its residents are hunger-free, healthy, and benefit economically from the food system that impacts their lives; and

Whereas, the Detroit Food Policy Council members represent various sectors of the food system and community including: Environmental Justice; Urban Planning; Farmers Markets; Institutional Food; Food Industry Workers; Wholesale Food Distributors; Colleges and Universities; Emergency Food providers; Nutrition and Well-Being; Sustainable Agriculture; Mayoral Appointee; City Council Appointee; Health Department Appointee; and At-Large Community Members; and

Whereas, the food security policy addresses issue areas including: Access to Quality Food in Detroit; Hunger and Malnutrition; Impacts/Effects of an Inadequate Diet; Citizen Education; Economic Injustice in the Food System; Urban Agriculture; the Role of Schools and Public Institutions; and Emergency Response; and

Whereas, in 2016, the Detroit Food Policy Council updated the food security policy, reflecting community input through extensive outreach and engagement; and

Whereas, the Detroit Food Policy Council is seeking support from the Detroit City Council for the updated food security policy entitled "Creating a Food Secure Detroit: Policy Review and Update";

Now Therefore Be It

Resolved, That the Detroit City Council accepts and supports the updated food security policy and affirms its use as a guide and resource for decisions that impact food and related policy in the City of Detroit; and

Be It Finally

Resolved, That the City Clerk forward a copy of this resolution to the Mayor's office, the Health Department, the Office of Sustainability, the Detroit Land Bank Authority, and the Planning and Development Department.

Legislative Policy Division

September 12, 2017

Honorable City Council:

Re: Draft Resolution Supporting HB 4617

On August 22, 2017, Council Member Spivey requested that the Legislative Policy Division (LPD) draft a resolution in support of pending State legislation, HB 4617, prohibiting the use of credit history as a factor in insurance underwriting. The draft resolution is attached.

If Council has any other questions or concerns regarding this subject, LPD will be happy to provide further research and analysis upon request.

RESOLUTION
IN SUPPORT OF HB 4617
PROHIBITING RAISING INSURANCE RATES BASED ON CREDIT HISTORY

By Council Member Spivey:

Whereas, On May 17, 2017, Michigan House Bill No. 4617 (HB 4617) was introduced in the Michigan State Legislature; and

Whereas, HB 4617 is currently before the Committee on Insurance in the Michigan House of Representatives; and

Whereas, HB 4617 would legally prohibit, as unfair methods of competition and deceptive and unfair acts or practices in the business of insurance, refusing to insure or limiting the amount of insurance available to a consumer on the basis of numerous specified suspect and improper criteria; and

Whereas, HB 4617 would bar many inappropriate factors that bear little or no legitimate relationship to the extent of insured risks from being used improperly by insurers against insurance consumers, including race, color, creed, marital status, sex, national origin, employment; trade, business occupation, or the location where an insured consumer lives or works; and

Whereas, Other legislative proposals seek to lower the costs of insurance by asking consumers to accept drastic reductions in benefits, and making other cutbacks to the value of benefits from automobile insurance; however, these proposals have the negative collateral effect of reducing the value of the no-fault insurance policies that were originally designed to provide those very benefits; and

Whereas, HB 4617, by contrast, seeks to lower the costs of insurance, particularly no fault automobile insurance, by prohibiting unfair, discriminatory and inappropriately aggressive insurance underwriting methods based on factors that are not significantly related to the risk of loss, which is a much more preferable strategy for reducing the excessive costs of insurance coverage; and

Resolved, In particular, HB 4617 des-

ignates reliance on "credit history or lack of credit history", as a basis for an automobile insurer to deny insurance or increase the cost of insurance, as an unfair method of competition and an unfair or deceptive act or practice; and

Whereas, HB 4617 would significantly improve the fairness, equity, competitiveness and economic and social benefits of insurance in Michigan by requiring insurers to use only legitimate and fair criteria and standards in the business of insurance in Michigan; and

Now, Therefore, Be It

Resolved That Detroit City Council strongly supports HB 4617 and urges the Michigan State Legislature to pass it, and the Governor to sign it into law, as soon as reasonably possible; and

Be It Further

Resolved That copies of this resolution shall be delivered to the Mayor, the City's State government lobbyists, the Detroit delegation in the Michigan State Legislature, and the members of the State House of Representatives Committee on Insurance.

TESTIMONIAL RESOLUTION FOR ST. PAUL A.M.E. CHURCH SOUTHWEST DETROIT Celebrating 100 Years in Southwest Detroit

By COUNCIL MEMBER CASTANEDA-LOPEZ:

WHEREAS, 100 years ago, people moving into the downriver area of Detroit, more commonly known as Delray, decided this was a good place to live and raise their families. Yet, something was missing: A place to worship and bring their children for religious training. In 1917, William and Lena Smith, with the assistance of Rev. C. Emery Allen, Evangelist Julia Hall, Mrs. Nancy Finley, Mr. John Stevenson, and Mr. Samuel Washington, opened their home to organize St. Paul African Methodist Episcopal (A.M.E.) Church. They worshipped there until 1919, when they moved to a small dwelling on Solvey Street. Later, the congregation moved to a storefront on the corner of Post Street and West Jefferson; and

WHEREAS, The congregation continued to grow. St. Paul A.M.E. Church purchased the land that was to become 579 S. Rademacher. The cornerstone was laid by Bishop W. T. Vernone in 1928, under Pastor Rev. C. A. Graine. Rev. S. S. Harris completed the super-structure in 1944; and

WHEREAS, St. Paul A.M.E. Church Southwest has served the Delray community for 100 years in various capacities, supporting community activities and caring for the spiritual and physical needs of the people of Delray. The current Pastor, Rev. Jeffrey Baker, has taken an active role in the Southwest Detroit Community Benefits Coalition (CBC). The CBC works to ensure that the Delray/Southwest Detroit community receives protection and community benefits with the building of the Gordie Howe International Bridge; and

WHEREAS, St. Paul A.M.E. Church Southwest will move to make way for the Gordie Howe International Bridge. Rev. Baker worked diligently with the Southwest Detroit CBC to ensure a smooth transition from their home of 100 years. He recognized the generations of families that call St. Paul home and the multicultural experiences within the Delray

community. He is looking forward to making this same experience in their new home. The congregation will move in October of 2017.

NOW, THEREFORE BE IT

RESOLVED, Council Member Raquel Castaneda-Lopez and her colleagues on the Detroit City Council celebrate with St. Paul African Methodist Episcopal Church Southwest 100 years in the City of Detroit. Thank you for your contribution to the spiritual and physical needs of the Delray community. We wish you well as you transition from your home in Detroit to a new path and home in Grosse Pointe Park, Michigan.

Honorable City Council:

Re: Edwin Shaw vs. City of Detroit, Department of Transportation. File No.: 14877 (CM).

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in a confidential attorney-client privileged memorandum that is being separately hand-delivered to each member of your Honorable Body. From this review, it is our considered opinion that a settlement in the amount of Twenty-Four Thousand Five Hundred Dollars ($24,500.00) is in the best interest of the City of Detroit.

We, therefore, request authorization to settle this matter in the amount of Twenty-Four Thousand Five Hundred Dollars ($24,500.00) and that your Honorable

Body authorize and direct the Finance Director to issue a draft in that amount payable to Edwin Shaw and his attorney, Peter B. Woll, to be delivered upon receipt of properly executed Releases and Order of Dismissal in Workers Compensation Claim #14877, approved by the Law Department.

Honorable City Council:

Re: Rae C. Mitchell vs. City of Detroit, Fire/EMS Department. File #: 14592 (PSB).

This past July 5, 2017, your Honorable Body adopted a resolution authorizing payment of $111,901.00 to settle the workers' compensation claim of Rae Mitchell. That amount was intended to include additional money needed to pay for an annuity to fund a set-aside account to address the interest of the Center for Medicare and Medicaid Services ("CMS"). However, the additional money approved did not include "seed money" needed to be paid in addition to the annuity figure. The amount needed for the City to comply with its legal obligation to address Medicare's interest must be increased by $1,284.00. Thus, the total amount needed to resolve plaintiff's workers compensation claim is $113,185.00.

We, therefore, request that your Honorable Body rescind the resolution of July 5, 2017, and request authorization to settle this workers' compensation claim for the amount of One Hundred Thirteen Thousand One Hundred Eighty-Five Dollars ($113,185.00), and that your Honorable Body authorize and direct the Finance Director to issue a draft in that amount payable to Rae C. Mitchell and her attorney, Allen W. Ben, in Workers Compensation Claim #14592, approved by the Law Department.

City Council
Historic Designation Advisory Board

Draft Final Report
Addition to the East Ferry Avenue Historic District
578, 582, and 590 E. Ferry Avenue and 5536 St. Antoine

By a resolution dated June 28, 2016, the Detroit City Council charged the Historic Designation Advisory Board (HDAB), a study committee, with the official study of the proposed Third Baptist/B'nai Israel/Hayes Historic District in accordance with Chapter 25 of the 1984 Detroit City Code and the Michigan Local Historic Districts Act. On July 14, 2016, the Historic Designation Advisory Board requested that the proposed Third Baptist/B'nai Israel/Hayes Historic District be added to the East Ferry Avenue Historic District, designated in 1981.

The proposed addition to the East Ferry Avenue Historic District adds four buildings — two residential buildings, a religious structure, and an educational structure — to the original thirty-three building district. Included are, on the south side of East Ferry Avenue between Beaubien and St. Antoine Streets, 578, 582, and 590 E. Ferry, and, on the northeastern corner of St. Antoine and East Ferry, Golightly Educational Center, originally known as Balch School, at 5536 St. Antoine. Located in the Art Center District of Midtown in Detroit; the four buildings are among a cluster of existing historic buildings and districts, including the original East Ferry Avenue Historic District,, Kirby Avenue Historic District, D.M. Ferry Superintendent's House Historic District, and Tushiyah United Hebrew School/ Scott Memorial Methodist Church, that share common developmental, architectural and ethnic patterns. The proposed addition to the East Ferry Avenue Historic District is approximately two and one-half miles north of the point of origin at Campus Martius, in the center of downtown Detroit.

Boundaries:

The boundaries of the proposed Addition to the East Ferry Avenue Historic District are shown in bold lines on the attached map, and are as follows:

Beginning at a point located at the centerline of East Ferry Avenue at its intersection with the centerline of Beaubien, thence east along said centerline of E. Ferry to its intersection with the centerline of the I-75 Service Drive; thence north along said centerline of Service Drive to its intersection with the centerline of E. Palmer; thence east along said centerline of E. Palmer to its intersection with the centerline of St. Antoine; thence south along the centerline of St. Antoine to its intersection with the centerline of the alley running east-west between the south side of E. Ferry and the north side of E. Kirby; thence west along said centerline of alley to its intersection with Beaubien; thence north along said centerline of Beaubien to the point of beginning.

Boundary Justification: The boundaries extend from the East Ferry Historic District as designated in 1981 to include four additional historic properties. The attached condo units at 500-520 E. Ferry and the fenced, vacant lots between the condo units and 578 E. Ferry are noncontributing.

History: Statement of Significance:

The East Ferry Avenue Historic District is significant as an intact, turn of the cen-

tury, upper class residential streetscape illustrating a variety of architectural styles popular from the 1880s through the first decades of the twentieth century, as well as for its later associations with Jewish and African American history in the City of Detroit. The addition of the four buildings fit well within this framework.

The congregations of B'nai Israel Synagogue and Third Baptist Church represent the religious and ethnic history and historical development patterns of the Upper Hastings Street neighborhood in Detroit, now referred to as the Arts Center area of Midtown. Designed as single-family dwellings in 1890 by the same architect, Edward A. Walsh, the single-family dwellings at 578 and 590- East Ferry are among several substantial, late-nineteenth century houses still present on East Ferry Avenue between Woodward and St. Antoine. Number 578 E. Ferry is related to the area's Jewish history as it served as Congregation B'nai Israel's place of worship from 1913-1924, before its new synagogue was erected at 582 E. Ferry. B'nai Israel was the third oldest Jewish congregation formed in the city of Detroit and one of those associated with Rabbi Judah Levin, Detroit's most important Orthodox rabbi. Third Baptist Church, founded in 1931, purchased the religious building from the B'nai Israel congregation in 1935 and has remained there to this day.

The house at 578 E. Ferry was purchased in 1940 by Ernest and Carrie Hayes, a couple from Atlanta whose history is emblematic of other African Americans moving to Detroit in the late 1930s and early 1940s and establishing themselves in homes, institutions and businesses. The house at 590 E. Ferry became a Finnish Cooperative boarding house in the 1920s and then the Grand Central Hotel, owned and operated by George S. James, an African American, in the 1930s and 40s. Balch School represents the first elementary school built in Detroit on the platoon system, and the first with a swimming pool and specialized rooms for community use. Its presence is another reflection of the dramatic demographic shift of Detroit's Jewish population from Detroit's near east side to Northwest Detroit followed by the corresponding influx and movement of African Americans. Balch School is also significant as another of Malcomson & Higginbotham's monumental architectural designs in the Collegiate Gothic style.

578 & 590 E. Ferry Avenue

In 1886, a portion of the Antoine Beaubien Farm was subdivided into the D.M. Ferry Subdivision. Dexter M. Ferry, president and founder of the D.M. Ferry Seed Company, also owned a portion of the subdivision between St. Antoine and Hastings. Both areas contained his fields that produced vegetables and flowers for his seeds, which were sold worldwide. Throughout the 1880s the first residential dwellings appeared on E. Ferry, west of Beaubien closer to Woodward Avenue. However, the area to the east of Beaubien was not platted until 1892, and most lots not developed until the second decade of the 20th century. The Dexter M. Ferry's Superintendent's House at 612 E. Ferry and the houses at 578 and 590 E. Ferry were exceptions.

Building permit numbers 1191 and 1703 were issued to E.A. Walsh & Son approximately three months apart in 1890, for the construction of the two-story brick dwellings measuring 38' x 58' at 590 (220) East Ferry Avenue and at 578 (208), the former estimated to cost $8,000 and the latter $9,000.[1] Their architect, Edward A. Walsh, was in business by 1889 as E.A. Walsh & Son (Joseph J.), architect and superintendent.[2] A two-story brick barn at the rear of 578 E. Ferry was built under permit #2167 issued on December 22, 1892 to E.E. Hamy.

George L. Beecher (1862-1919) was the first occupant of the house at 578 E. Ferry. He moved to his newly built house at 7475 Woodward at E. Ferry, designed by H.J. Maxwell Grylls, shortly after it was completed in 1894. John F. Peters, a lawyer, then resided in the house at 578 E. Ferry, and was joined by Sophie L. Case, the widow of Julian M. Case, by 1902, according to Polk's City of Detroit directories. Mr. Peters was the administrator of Mrs. Case's estate. By 1911, only Mrs. Case is listed as living in the house, and, as listed in 1913, the home was then occupied by a "Jewish Church," beginning its association with B'nai Israel

Residing at 590 E. Ferry Avenue in 1892 was Charles L. Clark, who was in the insurance and real estate business. Henry C. Penny, Jr., also in insurance, lived there after the turn of the century. As Detroit expanded outward with the industrialization of the city and its population grew accordingly, many of the grand houses within the Grand Boulevard were subdivided into apartments and single-occupancy rooming houses. Such was the case with 590 E. Ferry.

A network of Finnish cooperative food-distribution facilities, boarding houses and hotels was established under the Northern States Cooperative league in the early 20th century, located primarily around the needs of immigrant mining communities in the Midwest. With the industrialization of urban areas and Finnish men relocating for employment, some co-operatives were established in cities like Detroit and Cleveland. The Cooperative Toivo Company of Michigan, located at 291 Winder Street, was founded in 1919, and the house at 590 E. Ferry was one such facility operated by them as

a boarding house and the Independent Club in the 1920s. By the late 1930s, the property was sold to George Seymore James, the proprietor of the Grand Central Hotel. The hotel offered "Quiet, Modern and Homelike rooms by the day or week" and had a "modern dining room."[3] James was an African American entrepreneur of dubious reputation according to a *Detroit Free Press* article full of racial innuendo regarding his invention and marketing of a ticket printer.[4] James also owned the Grand Central Billiard Hall at 3030 Hastings Street.

After 1910 most of the properties in the area of the two houses were developed with multiple-unit buildings designed for less affluent middle class occupants, primarily Jews of Eastern Europe descent escaping the shtetles of Poland and Russia. At this time, the Eastern European Jewish population, whose primary language was Yiddish, did not assimilate well with the previous Jewish generation of German Jews. Thus, Eastern European Jews tended to cluster together, carving out their own community filled with like ancestry and homelands affiliations.

The Jewish population of Detroit grew from 30,000 in 1910 to approximately 80,000 in 1916. Prior to this, most Jews lived south of Forest Avenue. After 1910, the Jews moved northward to create a dense community known as the Upper Hastings neighborhood. The area experienced a construction boom as a result of the influx of Eastern European Jews, and many Jewish builders built the new, multi-unit housing. Most of the newcomers were practicing Orthodox Jews who observed specific dietary laws and religious practices, one of which banned on the use of technology on the Sabbath and holy days. Consequently, Orthodox Jews needed to live within walking distance of their synagogues. The vacant lot that stood empty between 578 and 590 E. Ferry Avenue was finally built upon In 1924 by Congregation B'nai Israel.

B'nai Israel

Congregation B'nai Israel, incorporated on June 19, 1871, was Detroit's third oldest Jewish congregation, after Beth El (1850) and Shaary Zedek (1861). First holding services in a rented house and later in Funke's Hall on Macomb Street, the small congregation built its first synagogue on Macomb between St. Antoine and Beaubien, around 1878. Its constitution "provided for a board of trusties [sic] cantor and sexton, but not for a rabbi."[5] Its members were Orthodox Jews from Poland and, as stipulated by the Constitution, that "the form of prayer to be read ... shall be agreeable to the forms, customs and regulations of Minhag Polen,"[6] meaning according to the Polish/Lithuania/Prague text.

B'nai Israel moved to its second permanent structure on East Ferry near Hastings in 1913, Located in what was originally built as a private home at 578 E. Ferry Avenue, the congregation turned this home into a synagogue, where they met for eleven years until 1924, when the new synagogue was completed next door at 582 East Ferry. Rabbi Judah (Yahuda) Lieb Levin (1862-1927) became its first settled clergyman. Rabbi Levin helped support the needs of the Jewish community in Detroit during a period when it was experiencing tremendous growth. He was referred to in an article in the *Journal of the Jewish Historical Society* as, "unquestionably, the most outstanding Orthodox rabbi of the first quarter of this [sic] century ..."[7]

One of four Orthodox rabbis in Detroit in the early 20th century, Rabbi Levin was born in 1862 in Trab, Vilna Province, in the Russian Empire. He was ordained as a rabbi by the prestigious Yeshivah of Volozhin, Lithuania, and arrived in Detroit in 1897 after serving in Rochester, NY, returning to Russia, and questioning the future of the Jewish religion there, permanently relocated to the United States. From New Haven, Connecticut, Levin was invited to come to Detroit to preside over several pulpits, alternating from one week to the next. He arranged several Orthodox congregations, including Beth Abraham, Beth Jacob B'nai Israel, and Shaarey Zedek, into a formal federation known as the United Hebrew Congregations of Detroit.

In 1914, Rabbi Levin established Yeshivah Beth Yehudah, which has grown into "the largest all-day Jewish school system in Michigan, providing quality Torah-based and secular educational programs for almost 100 years."[8] Importantly, he also became one of the founders of Mizrachi, the religious Zionist movement. Although Beth Yehudah became his spiritual home, Levin's family became influential stalwarts of Congregation Sharrey Zedek, where he officiated between 1897 and 1904, presiding over the construction of its synagogue on Winder Street, completed in 1903.

Rabbi Levin, a brilliant man by all accounts, was an inventor by vocation and was issued three patents for an adding/subtracting, or calculating machine, a model of which was placed on permanent exhibit at the Smithsonian Institute. He and his family lived in an apartment at 636-38 East Ferry for over ten years while he was attending the religious needs of the Jewish community. Highly regarded in Jewish circles, Levin had many non-Orthodox and non-Jewish friends; his outstanding reputation preceded him. *The Jewish News,* upon his death in 1926, reported, "Rabbi Levin was one of the leading, most respected and best loved

figures in this country. His funeral was the largest in the history of the Jewish community."[9] Eight thousand people came out for it.

B'nai Israel then was one of four synagogues located in the Upper Hastings neighborhood. It was built under permit #40880 issued to Congregation B'nai Israel on June 18, 1924. Its estimated cost of construction was listed as $131,000. The congregation remained at that location for only a few more years.

Neighborhood institutions that catered to Jews, Balch School, a Detroit public school, and Tushiyah United Hebrew School, had an important role in educating the community's Jewish children. Eastern European Jews arriving in America in the late nineteenth and early twentieth centuries eagerly relied on public schools for the education and assimilation needs of their children, and Hebrew schools for the teachings of Judaism after school hours.

As the Jewish population became more affluent in its adopted country and city, its members built more spacious houses in new subdivisions opening up in the northwestern portions of the city. The Upper Hastings area remained a largely Jewish community from 1910 until the late 1930s, while during the 1930s the area began changing to an African American community.

Congregation B'nai Israel relocated to 12650 Linwood on the city's northwest side in 1930. Rabbi Israel Flam moved B'nai Israel to a refurbished garage on 10 Mile and Evergreen before the congregation eventually moved into a new building at 15400 W. 10 Mile Road. By 1938 the building at 582 East Ferry was occupied by Third Baptist Church, and still is today.

Third Baptist Church

Third Baptist Church was formed in 1931 when it split off of the Mount Olive Baptist Church then located at 9760 Woodward Avenue.The Reverend C. E. Askew founded the new church. On the 4th Sunday of October 1935 at 10:00 a.m., 150 members marched from the Garfield Bar on Garfield between Beaubien and St. Antoine to 582 E. Ferry, the new home of Third Baptist Church. It began with approximately 500 members and was chartered as a separate entity from its mother church.

The church at 582 East Ferry continued to provide services within the community, such as providing clothing, food, counseling, and other type of assistance, as the Jewish establishment had before it. Its successful growth at 582 E. Ferry was celebrated with a mortgage burning on September 30, 1953.

Served by several dynamic pastors, the Rev. C. E. Askew, originally from North Carolina, served for eighteen years (1931-1949); Rev. Henry L. Davis for nine years (1949-58); Rev. Samuel J. Williams was pastor for thirty-two years (1959-1991). Among the accomplishments of the Rev. Williams' time was a renewed interest in Christian education. Rev. X. O. Roby, Jr. became pastor in 2013 and is currently serving.

The Rev. Williams was chaplain at Tuskegee Institute when Mayor Coleman A. Young, former City Councilman Ernest Brown, and former Congressman Charles Diggs were stationed there during World War II. Rev. Williams, a prominent Christian educator, wrote several books about the teachings of Christianity. He earned his master's degree in theology from American Baptist Theology Seminary. After completing the chaplaincy course at Harvard University, Rev. Williams served at various military bases in the country before going to Tuskegee. After his military service, Rev. Williams returned to Denver as a pastor before settling in Detroit in 1947. In addition to his pastoral duties, he served as executive director of a training program affiliated with the United States Auto Workers and was president of the S.J. Williams School of Religion on McClellan on Detroit's east side.

Ernest and Carrie Hayes House, 578 E. Ferry

Circa 1940, the house at 578 E. Ferry, used until 1924 as the synagogue of congregation B'nai Israel and then a boarding and apartment house, became home to Ernest and Carrie Hayes. Carrie was the daughter of former slaves who settled in Dublin, Georgia, after the Civil War, according to her beloved granddaughter, Joan Whitfield. Carrie's father, who escaped slavery during the Civil War, "went into the woods sometime during the Civil War and came out when it was over."[10]

By the time the Hayes moved to Detroit from Atlanta and into the house at 578 E. Ferry, it was in need of repair.[11] Ernest Hayes was a master brick mason, plasterer and carpenter who worked at Ford Motor Company. Carrie carried on her work in quest for freedom and equality that began at the Wheat Street Baptist Church in the Fourth Ward of Atlanta while under the leadership of Rev. William Holmes Borders, Sr. According to Ms. Whitfield, the Hayes' "were a part of the warm relationships enjoyed by the African American and Jewish communities during the Heyday of 'Black Bottom and Paradise Valley." Ernest Hayes died in 1963; Carrie passed away in 1965. Her grand nieces, Joan Whitfield and Carolyn Robinson, are the present owners who desire to one day restore the house to its former glory.

Balch School

Goldberg Athletic Field was chosen as

the site for a school to be erected in 1920 on the east side on St. Antoine between Ferry and Palmer Avenues, to the west of the field. The school was planned with twenty-two rooms and a seating capacity of over 1000 students at a cost of $656,712. Occupied in September of 1921, Balch School was named in honor of George W. Balch, superintendent of Western Union, headquartered in Rochester, New York, who in 1878 assisted in organizing the Michigan Bell Telephone Company in Detroit. Among the public offices he held in Detroit were alderman (1870-71), president of the Detroit Common Council (1871), and member of the Detroit Board of Education (1874-77, President 1875-77) and Board of Health. He was also one of the incorporators of the Detroit Museum of Art.

Balch School opened as a kindergarten through eighth grade platoon school, the first in Detroit designed especially for the platoon system. A platoon school utilized homerooms for regular subjects half of the school day and required the movement of pupils to rooms for specialized classes, such as science, art, and music, the other half of the day, so that every room was utilized all of the time. People came from places as far away as England, Denmark, India, Palestine, and Japan, and well as nearly every state in the union to see this school and how it worked. In addition, Balch was, up to that point, the first and only elementary school in the city to be planned and constructed with a swimming pool and the first equipped with rooms for community activities. In keeping with the desire to marry city parks and recreation fields with school facilities, Goldberg Field became the playground for the school as well as the community.

Originally ninety-six percent Jewish, the demographics of Balch School changed when the Jewish population began to migrate to Northwest Detroit. African Americans soon moved into the community and attended Balch School. A 1936 survey affirmed this demographic shift, identifying ninety-six percent of the 1320 pupils as African American. An “Opportunity Room” was inaugurated, an open window room was established for students with health needs in 1928, and a special education room was opened in 1932. Balch School was built as a fully developed school building that incorporated the most innovative thinking on the incorporation of curricular, health and safety, and communal usage in school design. Erected at the later end of the era of yearly contracts with the Detroit Board of Education, its notoriety represented the apex of the partnership of Malcomson & Higginbotham.

Architecture

The three buildings, 578, 582, and 590 E. Ferry Avenue, are located on the eastern end of East Ferry Avenue, between Beaubien and St. Antoine Streets. East Ferry Avenue is an east-west, primarily residential street that begins at Woodward Avenue and ends one full block east of the proposed district expansion, at the Chrysler Service Drive, I-75. Characteristic of properties along East Ferry Avenue are the broad lawns between the curb and concrete public sidewalks planted with trees. The late-Victorian houses and early-twentieth century duplexes, flats and terraces generally share a common setback, with narrow side lots. Changes in use and occupancy, and demolition that has taken place over the years have altered the late-nineteenth/early twentieth century streetscape, but infill housing has retained many features alluding to the architecture of the adjacent historic districts. The former synagogue, completed in 1924, occupies the lot between the two Queen Anne houses, erected in 1890.

578 E. Ferry Avenue

The House at 578 E. Ferry is a two and one-half story brick, rectangular building on a high basement with multiple roof shapes. Its front façade has been refaced in brick but many of the original Queen Anne features remain, particularly the wooden elements and details above its eaves and the northwestern tower. The east and center bays have been altered to accommodate the change from a single-family dwelling to one of multiple units, and re-bricked, resulting in a flat wall surface with a single entry centered on each floor. The original porch, likely very ornate with Queen Anne detailing, has been replaced with a two-story porch between plain, square brickpiers. An addition was built to the rear of the house.

The front dormer and corner tower provide light into the attic story with regular arrangements of windows; some of the original double-hung, subdivided wooden sashes still exist on the tower but have otherwise been replaced. Above the fenestration and ornamental woodwork of the projecting balcony with its flared roof is the lower half of the slate-faced gable. Above, in the wooden, upper portion of the gable beneath the molded cornice, is a potpourri of detailing, including a heraldic crest, festoons and rosettes, above a band of ornamental zigzag. The northeast corner tower sports a not-quite onion shaped domed roof, its pointed apex capped in metal. Beneath it is the original patterned brick, brownstone sills and belt course, and, between the first floor windows, a section of fieldstone.

590 E. Ferry Avenue

This building, like its neighbor at 578 E.

Ferry, are both characterized by multiple roof shapes, types of fenestration, materials, colors and surface treatments, at a high degree of artistry, but 590 E. Ferry retains most of its original architectural features. It is presently undergoing restoration to its exterior.

The house was built as a single family residence in the Queen Anne style, is brick, two and one-half stories tall with multiple roof shapes, set on a high basement. However, in addition to its original dimensions (38' x 58') it still retains its original brick front façade, including the porch with its set-back double-door entrance opening, three-sided shallow bay window, engaged octagonal tower, and balconet. Its many different sized window openings appear unaltered; most windows are of the double-hung sash variety. The large window featured on the second story has a round-arched divided light above its lower sash.

The red slate-faced gable above the eaves has a row of three small windows with subdivided upper sashes. The gable above it projects outward on brackets; it is faced with a pattern of red and gray slate shingles. Detail in raised brick, brownstone and wood can be seen throughout the various elevations.

Third Baptist Church, 582 E. Ferry Avenue

The building now known as Third Baptist Church, erected in 1924 by Congregation B'nai Israel, is situated on the lot between two Late Victorian houses. Three stories in height, the light-brown brick building features a symmetrical, classically influenced façade and has a flat roof that is not visible from the street. It sits on a raised basement and has a high parapet. Detailing consists largely of brick laid in stack bond, sometimes slightly raised, and sometimes set off by stone corners.

Its façade, 40' wide by 40' tall, is composed of three bays, the central bay containing the double-doored entrance and fan light above within a slightly raised brick arch with a large keystone. A rise of six steps between the stair-walls lead up to a shallow landing before three more steps lead to the front doors. The entrance is flanked by a narrow window with transom and then a lantern above. Above the large arch is the upper-level, set off from the entrance section by a continuous cornice that serves as a sill to a deeply set arcade of five round-arched windows with divided lights, springing from brick pilasters. A blind oculus is centered in the parapet wall of the central bay.

The slightly projecting outer bays each contain a single entrance door at the ground floor and, above them, a tall, narrow opening containing two windows with divided lights separated by a solid panel between them. The western door has a ramp leading to it. Above the continuous belt course is, in each of the projecting outer bays, a tablet with Roman numerals indicating the Ten Commandments that rises above the coping.

Common brick was used on the sides and rear elevation of the religious building; the rear features two fire escapes.

George Washington Balch School, 5536 St. Antoine

Balch School, now known as Golightly Education Center, presents a broad, symmetrically arranged façade facing west toward St. Antoine Street. It occupies an entire block on the north side of East Ferry Avenue, with the Walter P. Chrysler Service Drive arcing around it on the east. Built in 1920, it is a flat-roofed, rectangular, three-story building of monumental appearance. Fenestrated, recessed wall sections of three bays each flank a central entrance tower, and are anchored by mostly unfenestrated end pavilions. The mottled orange and brown common bond brick building is decorated by numerous stone belt courses, especially prevalent on the central Tudor-arched entrance and clock tower. A rear addition was constructed circa 1949 and the building was extended further rearward circa 2002.The building's level of historic integrity remains high.

The main feature of its front façade is the projecting central tower bay, articulated in four stages, topped with stylized coping atop the parapet. The molded stringcourse beneath the parapet is interrupted at regular intervals by small, carved, figural blocks. The large, round clock is set in a stone panel with tabs; its face bears roman numerals. Shallow, buttress-like elements project upward from the bottom stage, framing the three stories of windows between them. The year that the building was constructed, 1920, is incised on the cornerstone to the right of the entrance. The wide, recessed, triple door entrance at the ground floor level is surrounded by a limestone embrasure, and surmounted by three, multi-light, wood-framed transom panels following the shape of the double, compound, Tudor arch. Sandwiched within the double, molded arch is the original name of the school, "George Washington Balch School," carved in stylized lettering. The masonry panel above the arch is enriched with carved Gothic tracery, medallions, scrolls and floral details, rising in the center to include a medallion bearing rosettes. Small busts at the corners of the entrance and the other ornamental, carved detail appear to be the work of Corrado Parducci, a Detroit sculptural artist whose work appears on many prominent Detroit buildings of this period.

The elevations lower to a single tall story housing an auditorium on the south elevation, and a gymnasium on the north

elevation. The words "AUDITORIUM" and "GYMNASIUM," are carved in deep relief in ribbon-like scrolls amongst sinuous vegetal motifs above their respective arched entrances. The pool, housed in a single-story section on the rear elevation, is next to the gymnasium.

Criteria

The proposed historic district meets the first, second and third criterion contained in section 25-2-2:

(2) Sites, buildings, structures, or archeological sites which are identified with historic personages or with important events in community, city, state or national history.

(3) Buildings or structures which embody the distinguishing characteristics of an architectural specimen, inherently valuable as a representation of a period, style or method of construction.

(d) The design treatment level of the East Ferry Avenue Historic District shall be rehabilitation, as provided for in section 25~~8A-2~~1-2(d)(2), for the block between Woodward Avenue and John R Street, and conservation, as provided for in section 25~~8A-2~~1-2(d)(3), for the blocks between John R Street and Beaubien.

(e) The defined elements of design, as provided for in section 25~~8a-1~~2-2 shall be as follows:

(1) *Height.* All of the buildings in the district are ~~two-and-one-half~~ BETWEEN ONE (1) AND THREE (3) stories tall. All houses are two and one-half (2-1/2) stories in height, meaning they have two full stories with an attic or a finished third floor within the roof. MOST ARE ON RAISED BASEMENTS. The original deed restrictions required that buildings not be less than two stories or greater than three stories in height. THE MODERN ADDITION TO THE MERRILL-PALMER INSTITUTE AT 71 EAST FERRY AVENUE RANGES FROM ONE (1) TO TWO (2) STORIES IN HEIGHT; BALCH SCHOOL AT 5536 ST. ANTOINE STREET IS THREE (3) STORIES TALL.

(2) *Proportion of building's front facades.* Proportion varies in the district, depending on style, size and age of buildings; some Victorian buildings and some later buildings are usually taller than wide, whereas some early twentieth century buildings are wider than tall. The row house (or terrace) building on EAST Ferry at Beaubien is wider than tall, AS ARE NON-CONTRIBUTING but sensitively designed infill duplexes and row houses between Brush Street and St. Antoine. The modern addition to Merrill-Palmer Institute at 71 East Ferry, with its covered walkway and u-shaped plan, is significantly wider than tall when taken as a whole. Balch School is also significantly wider than tall along its primary façade facing St. Antoine Street.

(3) *Proportion of openings within the façade.* OF THE LATE NINETEENTH AND EARLY TWENTIETH CENTURY BUILDINGS, AREAS of voids generally constitute between fifteen percent (15%) and thirty-five percent (35%) of the front façade, excluding the roof. Most window openings are taller than wide, although when grouped together some achieve a NEUTRAL OR horizontal affect. Transoms over windows are wider than tall or square. Window openings in gables, turrets, and/or foundations are often square

or arched. THE FAÇADE OF BALCH SCHOOL IS FENESTRATED WITH GROUPINGS OF THREE (3) DOUBLE-HUNG SASH WINDOWER PER BAY WHICH HAVE BEEN ALTERED BY REDUCING THEIR HEIGHTS BY ONE-THIRD. THE MODERN ADDITION TO MERRILL-PALMER INSTITUTE AT 71 EAST FERRY CONTAINS A GREATER RANGE IN ITS PROPORTION OF OPENINGS, FROM ZERO PERCENT (0%) TO APPROXIMATELY SIXTY PER CENT (60%). A great variety of sizes, shapes, and groupings of openings exist in the district.

(4) *Rhythm of solids to voids in front façades.* The Victorian structures, the predominant type in the district, display a great freedom in placement of openings within the façades. The FEW buildings of other styles, most notably the Neo-Georgian AND MODERN, exhibit a greater regularity.

(5) *Rhythm of spacing of building on streets.* The spacing of buildings has generally been determined by the setback from the side lot lines in D. M. Ferry's subdivision of Park lot 41, and not nearer than five feet from the side lot in the other subdivisions included within the district. The spacing of buildings is either placed centrally upon the lot or, closer to one side lot line to ~~ample space for a driveway.~~ CREATE A LARGER SIDE YARD. On smaller lots, PARTICULARLY THOSE EAST OF BRUSH STREET, the building occupies most of the width of the lot, while complying with the side lot setback restrictions. The addition to Merrill-Palmer Institute at 71 E. Ferry features a masonry retaining wall at the front property line, inconsistent with the regular rhythm of buildings constructed for residential use. Where vacant lots or infill buildings exist, the original, regular rhythm of spacing of buildings along the streetscape is altered. Garages were not restricted by the side-lot setback restrictions., The smaller lots usually do not have driveways.

(6) *Rhythm of entrance and/or porch projections.* Steps and porches exist on all of the once residential buildings in the district; the setbacks restriction did not apply to them. The progression of steps and porches lends to the consistency of the streetscape. Positions of porches contribute to the variety of design of the Victorian houses; entrances and porches are frequently placed to one side of the front façade and in some instances wrap around to the side. In those buildings of classical inspirations the entrance and porch are symmetrical arranged on the façade. Rear porches are common.

(7) *Relationship of materials.* The district exhibits a wide variety of building materials characteristic of Victorian architecture. Common brick is prevalent; a variety of stones-limestone, red sandstone, brownstone, marble-is frequently used in combination with brick. Masonry is sometimes combined with shingles or stucco and, in one instance, with tin panels. Wood details and trim are prevalent. Slate, wooden shingles, pan tiles, and Mediterranean tiles are among the original roofing materials; asphalt roof have since replaced some of the original roofs. THE MERRILL-PALMER INSTITUTE ADDITION TO 71 E. FERRY AVENUE DISPLAYS THE USE OF BRICK, MASONRY, CONCRETE, METAL AND GLASS.

(8) *Relationship of textures.* The most common textural relationship in the Victorian buildings is that of several materials juxtaposed within the same façade to create a variety of rich textural effects. Stone juxtaposed with brick, with recessed, flush or protruding mortar joints, is common. Wood detail produces textural interest when contrasted with masonry and/or brick. WHERE LARGE EXPANSES OF GLASS EXIST, A SMOOTH TEXTURE IS APPARENT AND CONTRASTS WITH TRIM AND BODY TEXTURES. Slate roofs (sometimes imbricated) wood, Mediterranean tile or pan tile roofs contribute particular textural qualities. Asphalt shingles generally do not contribute to textural interest.

(9) *Relationship of colors.* Paint colors generally relate to style. Victorian buildings display freedom in use of color; other styles exercise greater restraint. Red, LIGHT BROWN or yellow natural brick colors, common brick painted red or light gray and natural stone colors (brown, Reddish-brown, red, light gray) are predominant on wall surfaces. Brown-stained shingles and wood also exist. Wood trim details and doors are most often painted brown, black, white, cream and gray. Mortar joints in the Victorian buildings are frequently laced with red sandstone or brownstone. Stucco, when it exists, is usually in a natural cream color. METAL STRUCTURAL MEMBERS ON THE MERRILL-PALMER INSTITUTE ADDITION TO 71 EAST FERRY AVENUE ARE painted a SHADE OF GREEN. Roofs are in natural colors; slate is predominantly gray, gray-green, and black; Mediterranean tile is dark green and pan tiles are usually orange. Asphalt shingles display a variety of colors, most derived from colors of natural materials. Color known to have been in use on buildings of similar type in the eighteenth and nineteenth centuries may be considered for suitability on similar buildings. Original color schemes for any given building may be determined by a professional paint analysis and when so determined are always appropriate for that building.

(10) *Relationship of architectural*

details. Architectural details generally relate to style. A preponderance of Victorian architectural details in the Romanesque, Queen Anne, French Renaissance, and shingle style are prevalent in the nineteenth century buildings. Porches, window frames, cornices, dormers, and gables are frequently treated. Neo-Georgian buildings display details in brick and wood. Buildings influenced by the arts and crafts movement have heavy verge boards and other woods elements. BALCH SCHOOL, COLLEGIATE GOTHIC IN STYLE, FEATURES TRACERY, MEDALLIONS, SCROLLS AND FLORAL DETAILS IN STONE. Most of the buildings in the district are rich in architectural detail. ALTHOUGH THE MODERN MERRILL-PALMER INSTITUTE ADDITION TO 71 E. FERRY AVENUE HAS NO APPLIED ORNAMENT, ITS STYLE IS EXPRESSED BY ITS VISIBLE STRUCTURAL MEMBERS.

(11) *Relationship of roof shapes.* A multiplicity of roof types exist, and frequently within the same building. The predominant forms of roofs are either the hipped or gabled variety, frequently with dormers, sometimes with intersecting gables and conical roofs over towers. The Victorian buildings have roofs of greater freedom and complexity; other buildings have roofs that are less complex. Porches also bear a variety of roof shapes. THE INSTITUTIONAL BUILDINGS IN THE DISTRICT HAVE FLAT ROOFS NOT SEEN FROM THE STREET.

(12) *Walls of continuity.* The major wall of continuity is created by the building facades, with their uniform setbacks within each block. Hedges extending along the front lot lines in the block between Brush and Beaubien contribute to a minor wall of continuity, as do the turn-of-the-century Detroit Public Lighting Department poles.

(13) *Relationship of significant landscape features and surface treatments.* The streetscapes consist of an eighty foot right-of-way with wide tree lawns. Characteristic treatment of individual properties is a flat front lawn area in grass turf subdivided by a straight concrete walk leading to the front entrance and a concrete walk along the side of the building leading to the rear yard. Foundation plantings, of the deciduous and/or evergreen nature, are present. Hedges between properties exist on only the third block off Woodward and the east end of the second block. There is a straight line row of trees on the wide tree lawns. Straight side driveways primarily in concrete but also in asphalt or brick, leading from the street to the block and non-existent excepting one of the third block from Woodward, where lots are smaller. Where front lawns are uninterrupted by driveways, a unity to the succession of front lawns is achieved. Matching carriage houses or garages are generally oriented towards the alley. The front lawns of the third block are sometimes graded. Although the district was once almost fully developed, vacant lots, some in use for temporary parking, are now noticeable features of the district and create gaps in the otherwise consistent streetscape. THE LARGE LOT BETWEEN BEAUBIEN AND ST. ANTOINE IS ENCLOSED BY ORNAMENTAL METAL FENCING AND AREAS AROUND THE PERIMETER OF BALCH SCHOOL ARE ENCLOSED BY CHAIN-LINK FENCING, SOMETIMES LINED WITH HEDGES. Some sidewalks of stone slab have survived, although most have been replaced in concrete. The alley is paved in brick on the south side of Ferry between Woodward and John R. and asphalt and concrete elsewhere. SIGNAGE, WHERE IT EXISTS ON FRONT LAWNS, IS ORIENTED PERPENDICULAR TO THE STREET AND IS GENERALLY DISCRETE.

(14) *Relationship of open space to structures.* Most vacant land in the district is in use as parking lots. The second block off Woodward contains a large amount of space on which building once stood; this vacant land bears no relationship to the structures nearby. Instead, it isolates the individual structures from surrounding buildings. The vacant lot at the northeast corner of Brush and Ferry was never occupied by a building. A spacious front yards to individual buildings was created by the setback restriction. Back yards, where they do exist, are often less spacious when they are occupied by a garage. A U-SHAPED COURTYARD WITH ITS OPEN END FACING THE STREET WAS CREATED BY THE MERRILL-PALMER INSTITUTE ADDITION TO 71 E. FERRY, AND A RECREATIONAL PLAY FIELD LIES TO THE EAST OF BALCH SCHOOL AND ITS ADDITION.

(15) *Scale of facades and faced elements.* The scale of the buildings on the first block and one-half off Woodward is large in relationship to the modest scale of the houses on the east side of the second, third AND FOURTH BLOCKS off Woodward. The elements within the large Victorian buildings reinforce their large scale by dividing the facades into large segments, such as the towers, cupolas, verandas, steep roofs, and projecting gables. Details within those elements may be small scaled. The Hecker House on Woodward is monumental in scale. The Neo-Georgian facades are large in scale, with restrained detail within. Buildings influenced by the arts and crafts movement contain heavy ele-

ments, such as the vergeboards. Large sections within the facades are frequently de-emphasized through the division of windows with leaded glass or wooden divisions. BUILDINGS BUILT FOR RESIDENTIAL USE are generally are within normal limits of scale for moderate-to-large single and two-family residence of the late nineteenth and early twentieth century. Batch School is a large educational institution; the religious building at 582 E. Ferry Avenue is moderately scaled for its use; architectural elements within each are appropriately scaled to their design.

(16) *Directional expression of front elevations.* The majority of the buildings in the district have vertically expressed front facades. Notable exceptions are the buildings of Neo-Georgian style ~~and~~, the row house (terrace) BUILDINGS, ADDITIONS TO MERRILL-PALMER INSTITUTE AT 71 E. FERRY AVENUE AND BALCH SCHOOL.

(17) *Rhythm of building setbacks.* Within each block, all BUILDINGS built before 1930 have consistent setbacks. THE MERRILL-PALMER INSTITUTE ADDITION TO 71 E. FERRY, WHILE IT DOES NOT FOLLOW THE ESTABLISHED SETBACK OF THE ORIGINAL STREETSCAPE, SITS ON A RAISED PLATFORM LINKING IT IN HEIGHT AND MATERIALS TO THE FREER HOUSE TO ITS WEST.

(18) *Relationship of lot coverage.* Lot coverage ranges from approximately fifteen percent (15%) to fifty percent (50%), WITH most HISTORIC RESIDENTIAL BUILDINGS being in the thirty percent (30%) to forty percent (40%) range of lot coverage. Lot coverage is greater in the third AND FOURTH BLOCKS off Woodward, where lots are smaller.

(19) *Degree of complexity within the facade.* The degree of complexity has been determined by what is appropriate for a given style. The Victorian buildings exhibit complex massing, a multiplicity of forms, colors, materials, and textures within the facades. The other styles represented in the district are less complex.

(20) *Orientation, vistas, overviews.* Most buildings are oriented towards Ferry Avenue, the east-west thoroughfare. The buildings on the corner lots at Woodward and Ferry face Woodward. Forty (40) East Ferry faced Woodward before the parking garage was constructed in its front yard; now it is entered through its east side. Fifty-four fifty (5450) John R. and 5461 Brush face the north-south streets, as does the apartment building at 5521 Beaubien. An unintended view of the rears of building on the second block of East Ferry East of Woodward. Wide tree lawns and the uniform building setbacks create a sweeping vista along East Ferry. THE ORIGINAL PRIMARY ENTRANCE TO BALCH SCHOOL IS ORIENTED TOWARDS ST. ANTOINE; SECONDARY ENTRANCES TO THE MERRILL-PALMER INSTITUTE ADDITION ARE LOCATED FACING JOHN R. Garages and carriage houses are located at the rear of the properties and are generally oriented to the alley.

(21) *Symmetric or asymmetrical appearance.* The Victorian Style buildings generally exhibit an asymmetrical appearance; other styles are unsymmetrical but balanced compositions. A FEW BUILDINGS, SUCH AS OF THE RELIGIOUS BUILDING AT 582 E. FERRY AVENUE, SOME SECTIONS TO THE ADDITION TO THE MERRILL-PALMER INSTITUTE AT 71 E. FERRY AVENUE, AND BALCH SCHOOL ALONG ST. ANTOINE, have THE APPEARANCE OF symmetrical facades.

(22) *General environmental character.* The character is of fairly intact late nineteenth to early twentieth century middle to upper class residential streetscape that has been maintained in residential, institutional, and commercial uses over the years. A cohesiveness is achieved through ITS ORIGINAL DEED RESTRICTIONS AND DESIGN ELEMENTS, SUCH AS ITS HISTORIC ARCHITECTURE FEATURING A VARIETY OF MATERIALS, COLORS AND TEXTURES, UNIFORMITY OF setbacks, spacing on lots, and LANDSCAPE FEATURES, PARTICULARLY THE wide tree lawns between the street curbs and public sidewalks.

~~The district shows evidence of decline, attributable to the various demands of widely differing uses in the area.~~ RESIDENTIAL AND INSTITUTIONAL USES HAVE BEEN SUCCESSFULLY INSERTED INTO THE EXISTING FABRIC OF THE EXISTING HISTORIC STREETSCAPE OVER THE YEARS.

Section 2. All ordinances or parts of ordinances in conflict herewith by and the same are hereby repealed.

Section 3. This ordinance is declared necessary for the preservation of the public peace, health, safety, and welfare of the people of the city of Detroit and shall be given immediate effect.

City of Detroit
Historic Designation Advisory Board
September 12, 2017

Honorable City Council:

Re: Petition #1582 (May 4, 2017) Request for a Secondary Street Sign for Terry Jean Pollard, jazz pianist, at the intersection of Klinger and East Seven Mile.

The Historic Designation Advisory Board (HDAB) has conducted its staff review of the application and documentation submitted to the City Clerk's office by petitioners, D. Michael Weeden and Tony Pollard (children of Terry Jean Pollard) for the establishment of a Secondary Street Sign for Terry Jean Pollard.

Terry Jean Pollard, a leading female jazz pianist and vibraphonist was born in Detroit August 15, 1931. Terry Jean Pollard grew up in Detroit's historic Conant Gardens, one of the first land tract in the city where African Americans could purchase lots upon which to build a new house. Terry Pollard grew up in the jazz-infused Conant Gardens neighborhood where she began taking piano lessons at the early age of three and was introduced to the jazz scene at the age of fourteen; when jazz in Detroit was most prolific, fertile and vibrant. Terry Jean Pollard began her professional career at the age of sixteen, when she was paid $15.00 for filling in for the scheduled keyboard player at the commencement ceremony for her nursing school graduation. Realizing she could make money playing jazz, Pollard started playing regularly at local clubs, including the historic Baker's Keyboard Lounge, the Bluebird Inn, the Beehive.

During the 1940s and 1950s, the heyday of Detroit's Jazz scene, Terry Pollard reached her strive, her skills and reputation were such that she began performing with both well-known local jazz musicians and nationally known jazz giants who performed at Detroit jazz clubs. Terry Pollard played with Art Tatum, Gerry Mulligan, Billy Mitchell, Johnny Hill, Yusef Lateef, Chet Baker, Nat King Cole, Dinah Washington, Ella Fitzgerald and Duke Ellington. In 1952, she joined the Terry Gibbs Quartet, on piano and second vibes. They toured for eight years from 1952-1960, and recorded five albums together. In 1955, she recorded her only solo album; a self-titled album, labeled the *Terry Pollard Quintet.*

Terry Pollard made history on October 12, 1956, as one of the first African American female jazz artist to appear on NBC's Tonight starring Steve Allen, (the early incarnation of *The Tonight Show)*, she and Terry Gibbs played "Gibberish" and "Now's the Time". In December, 1956, Terry Pollard was awarded the prestigious *Downbeat* magazine New Artist award, and nicknamed "Queen of the Vibes."

In 1960, at the peak of her career, Terry Pollard left the road to stay in Detroit and focus on her family. According to Daniel Hosper a long-time family friend, that was only part of the reason; the mistreatment, racial slurs, disrespect and the inability to sit with the audience after performances were also factors in her decision to stop touring.

Terry Pollard was an active player throughout metro Detroit and continued to play locally with the Terry Pollard Trio until 1978 when she had an aneurysm and a stroke. In 1979, a tribute concert hosted by Steve Allen was held in her honor. In 2000, Terry Pollard moved to New York to be closer to her son. Terry Jean Pollard died on December 16, 2009.

Upon review of the documentation submitted by the petitioner, staff has concluded that the petition does meet the criteria for Secondary Naming of Street in accordance with Article VII Sections 50-7-31 through Sections 50-7-50 of the 1984 Detroit City Code.

Criteria

As stated in Chapter 50 of the 1984 Detroit City Code, *Streets, Sidewalks and Other Public Places, Article VII, Opening, Closing, Extending, Widening, Vacating, Naming and Renaming of Streets and Assigning Secondary Names to Streets.* A secondary street name designation may be sought to recognize a person who achieved prominence as a result of his or her significant, position, contributions to the City of Detroit, State of Michigan, the United States of America, or the international community.

1. Sites, buildings, structures where cultural, social, spiritual, economic, political, architectural history of the community, city, state or nation is particularly reflected or exemplified.

2. Sites, buildings, structures, which

are identified with historic personages or with important events in the community, city, state or national history.

Housing and Revitalization Department

September 22, 2017

Honorable City Council:

Re: Wayne County Tax Foreclosures Right of First Refusal 2017 Non-owner Occupied Home Pilot Program

Each year, pursuant to MCL 211.78 (1) a city, village or township may purchase tax foreclosed property located within its community, if the State of Michigan does not exercise its first position to acquire said property. Such purchase shall be by payment of the minimum bid established for each property.

In furtherance of the City's strategy to help stabilize neighborhoods, a pilot program was formulated in an effort to aid individuals who found themselves occupying tax foreclosed homes through no fault of their own. For this program, the City of Detroit exercised its right of refusal to select and acquire a total of eighty (80) properties from Wayne County (ROR Properties), thereby, excluding these properties from Wayne County's 2017 tax foreclosure bid sale.

The United Community Housing Coalition, a Michigan Domestic Nonprofit Corporation (UCHC) is an organization specializing in homeless prevention. The City of Detroit currently assists UCHC in its activities by providing Community Development Block Grant (CDBG) and Emergency Solutions Grant (ESG) funding. Through its various programs, UCHC assists tenants with eviction and other landlord/tenant related issues, homeless individuals/families in need of housing and homeowners with mortgage, tax foreclosure and/or similar issues. Assistance is provided at all stages; it is particularly aimed, however, at preventing low income households from losing their homes by eviction or foreclosure.

Since January 2017, UCHC completed outreach through mailings to over 40,000 Detroit homes then in foreclosure. In June 2017, UCHC conducted site visits to over 4,000 homeowner and tenant occupied foreclosed homes identified as being occupied by the Wayne County Treasurer. For all non-owner occupied homes, the occupants was asked if they wanted to become the owner. Non-owner occupied homes were then contacted in late June to inquire about specific interest in this pilot ROR project.

Those interested in the program were required to sign a statement of commitment to purchase the home, post $500.00 into escrow with UCHC, pass a police clearance to determine if they were a problem in the neighborhood and agree to a home inspection by UCHC. Eighty (80) occupants indicated their desire to participate in the program and these homes were acquired by the City of Detroit from Wayne County.

The City proposes to transfer these homes to UCHC for the acquisition cost paid. Upon receipt of these properties from the City, UCHC will then enter into a zero percent (0%) interest land contract with each occupant-buyer who is not able to pay a cash price. Funds already deposited will be applied towards the purchase price. This is to be an at cost venture. Sale prices for each home will be set at the purchase price from the City plus a proportionate amount of the costs to implement the project. Land contracts will also require monthly payment to a non-interest bearing escrow account established for property taxes and home repairs. Monthly payments will be set at an affordable amount for each household. The duration of the land contracts will likely be no more than 12-18 months.

We, therefore, respectfully request that your Honorable Body approve the sale and authorize the Director of the Planning and Development Department, or his authorized designee, to execute a deed to the property described in the attached Exhibit A and such other documents as may be necessary to effectuate the sale, to United Community Housing Coalition, a Michigan Domestic Nonprofit Corporation, for the amount of $297,752.63.

We, further, request that your Honorable Body authorize the Housing and Revitalization Department to retain the sales proceeds in order to recoup the budget outlay for the purchase of the properties from Wayne County. For your review, attached please find a summary, Exhibit B, identifying each proposed residence, including a breakdown of the cost of property acquisition.

Respectfully submitted,

ARTHUR JEMISON

Director

By Council Member Leland:

Whereas, In accordance with the foregoing communication, in furtherance of the City's strategy to help stabilize neighborhoods, a pilot program was formulated in an effort to aid individuals who found themselves occupying tax foreclosed homes through no fault of their own. For this program, the City of Detroit exercised its right of refusal to select and acquire a total of eighty (80) properties from Wayne County (ROR Properties), as more particularly described in the attached Exhibit A, thereby, excluding these properties from

Wayne County's 2017 tax foreclosure bid sale; and

Whereas, The Planning and Development Department has received an offer from United Community Housing Coalition, a Michigan Domestic Nonprofit Housing Corporation (UCHC) requesting the conveyance by the City of Detroit of these ROR properties to UCHC for the acquisition cost paid by the City; and

Whereas, UCHC proposes to sell these homes by entering into a zero percent (0%) interest land contract with each occupant-buyer who is not able to pay a cash price. This is to be an at cost venture. Sale prices for each home will be set at the purchase price from the City, as summarized in the attached Exhibit B, plus a proportionate amount of the costs to implement the project. Monthly land contract payments will be set at an affordable amount for each household. The duration of the land contracts will likely be no more than 12-18 months; and

Whereas, The amount of the purchase price paid by UCHC for the eighty (80) ROR Properties, $297,752.63, is to be retained by and allocated directly to the Housing and Revitalization Department, which amount is to serve as reimbursement of the budget outlay used for the purchase of the eighty (80) ROR properties from Wayne County;

Resolved, That in accordance with the foregoing communication, the Director of the Planning and Development Department, or his authorized designee, be and is hereby authorized, to execute a deed to the property described in the attached Exhibit A and such other documents as may be necessary to effectuate the sale, to United Community Housing Coalition, a Michigan Domestic Nonprofit Corporation, for the amount of $297,752.63; and

Resolved, That the Housing and Revitalization Department be and is hereby authorized to retain and allocate the sales proceeds to their Appropriation No. 00014, in order to recoup the budget outlay for the purchase of the eighty (80) ROR properties from Wayne County; and

Be It Finally Resolved, That the Director of the Planning and Development Department, or his authorized designee, be and is hereby authorized to execute any required instruments to make or incorporate technical amendments or changes to the deed and such other documents as may be necessary to effectuate the sale (including but not limited to corrections to or confirmations of legal descriptions, or timing of tender of possession of particular parcels) in the event that changes are required to correct minor inaccuracies or are required due to unforeseen circumstances or technical matters that may arise prior to the conveyance of the Property, provided that the changes do not materially alter the substance or terms of the transfer and sale.

Planning & Development Department

September 5, 2017

Honorable City Council:

Re: A resolution to amend the Detroit Master Plan of Policies for the area of Dunkirk and Oakwood Boulevard (Master Plan Change #16).

Pursuant to the City of Detroit's City Charter (Section 8-102), the Planning and Development Department has submitted for your consideration and action a proposed amendment to the Detroit Master Plan of Policies. Adoption by your Honorable Body of this resolution would accommodate changes in the Master Plan of Policies that would permit the expansion of an adjacent industrial use into a former residential neighborhood.

Location

Vicinity of Oakwood and Sanders Avenues

The subject site to be amended is located in the Neighborhood Cluster 5, Boynton Neighborhood Area of the Master Plan of Policies and is generally bounded by the southeastern property lines of 790 and 800 Oakwood Avenue on the north, Sanders Avenue on the east, vacated Dunkirk Avenue on the south, and the existing eastern property line of the Detroit Salt Company on the west. In addition, the parcels located at 850 and 1011 Oakwood are also included within the amended boundaries.

Existing Site Information

In October of 2016, your Honorable Body approved the rezoning of the area to an M4 (Intensive Industrial District) zoning classification where R2 (Two-Family-Residential District) zoning classifications and M2 (Restricted Industrial District) zoning classifications existing on twenty-six (26) parcels commonly identified as

744, 736, 732, 741, 708, 702 Dumfries Avenue, 781, 775, 755, 751, 745, 739, 727, 721, 715, 709, 701 Bayside Street, 801, 795, 765, 741, 733, 729, 711, 707 and 701 Oakwood Avenue. The zoning amendment was requested to allow the expansion of the Detroit Salt Company's current operations by bringing their off-site bagging and storage operations on-site. This use is permitted on a conditional basis in the M4 district zoning classification.

The current Master Plan of Policies Future General Land Use designation for the subject area is CN (Neighborhood Commercial) for property fronting on Oakwood Boulevard, and RLM (Low/

Surrounding Site Information

To the north, south and west of the subject area are the Detroit Salt Company and the Marathon Oil facilities. This area is zoned M4. The Master Plan of Policies Future General Land Use designation for the area is IG (General Industrial). The east, across Sanders, the parcels fronting on Oakwood are zoned B2 (Local Business and Residential District), parcels adjacent to Oakwood are zoned R2 (Two-Family Residential District). The Master Plan Future General Land Use designation for the properties fronting on Oakwood is CN and RLM for the area adjacent.

Project Proposal

The proposed amendment is prompted by a petition by the Detroit Salt Company to rezone the portion of the subject area between Oakwood and S. Dumfries from R2 (Two-Family Residential) and M2 (Restricted Industrial) to M4 (Intensive Industrial). The petitioner had purchased the former residential parcels adjacent to its current M4 zoned property with plans to expand its existing plant which abuts the subject area to the west. The Detroit Salt Company (DSC) use of this property is for "Operational" purposes, including bagging of salt products. Bags are to be sold on-site and shipped to other locations. The remainder of the site is to be used for outdoor storage and the stacking of plats. The proposed Master Plan amendment also includes former residential land currently controlled by DSC south of Dumfries between Sanders and the existing eastern property line of the salt operations, along with properties located at 850 and 1011 Oakwood, and a triangular plot of vacant land north of Oakwood and west of Sanders.

Interpretation

Impact on Surrounding Land Use

The proposed amendment would facilitate the expansion of an industrial use into a former residential area that is surrounded by industry. In addition, the Detroit Zoning Ordinance regulations regarding outdoor storage yards (Sec. 61-12-264) will need to be adhered to for the protection of the remaining residential neighborhood east of Sanders.

Impact on transportation

Bayside and Dumfries Avenues within the subject area are proposed to be vacated; Oakwood Avenue has been re-routed. DDOT bus routes servicing the area include the Fort and Schaefer lines. SMART also operates bus service along Fort Street.

Recommended Master Plan Amendment

The Planning and Development Department requests that the proposed Future General Land Use map in the Master Plan of Policies be changed for the subject area from RLM (Low-Medium Density Residential) and CN (Neighborhood Commercial) to IL (Light Industrial).

Respectfully submitted,
MAURICE COX
Director
Detroit Planning and
Development Department

AN EMERGENCY ORDINANCE to amend Chapter 33, *Minors,* Article III, *Regulation of Minors in Public Places and Adult Responsibility for Violations,* Division 2, *Curfew,* of the 1984 Detroit City Code by adding Sections 33-3-14 and 33-3-15 to provide for a superseding curfew in the City of Detroit for all minors on (1) Sunday, October 29, 2017, from 7:00 p.m. through 11:59 p.m., Monday, October 30, 2017 from 12:00 a.m. through 6:00 a.m. and from 7:00 p.m. through 11:59 p.m., and on Tuesday, October 31, 2017, from 12:00 a.m. through 6:00 a.m., subject to the exceptions provided for in Section 33-3-4 of the City Code.

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

Section 1. DECLARATION OF EMERGENCY

In accordance with Sec. 4-116 of the 2012 City Charter, The Detroit City Council, upon receipt of testimony and evidence from the Detroit Police Department, the Detroit Fire Department and others, after public hearing and upon due consideration, declares that an emergency exists as described in the findings in the following paragraphs of this section:

(A) The nights preceding Halloween have been an occasion in previous years for dramatic increases in arson, nuisance, and vandalism within commercial, recreational, and residential areas throughout the City of Detroit;

(B) Numerous acts of arson, nuisance, and vandalism have been committed in previous years on October 29th, 30th, and 31st, which endangered the peace, health, safety, and welfare of the People of the City of Detroit;

(C) These acts of arson, nuisance, and vandalism have been committed, in part, by unsupervised minors before and during the City's regular curfew hours for minors and have endangered the peace, health, safety, and welfare of the People of the City of Detroit;

(D) There exist public peace, health, safety, and welfare needs for effectively governing the conduct of such minors as it pertains to arson, nuisance, and vandalism for the purpose of alleviating and eliminating these problems;

(E) There is a need for effectively governing the conduct of such minors within the City of Detroit for the purpose of enhancing law enforcement and firefighting response activities and alleviating and eliminating these illegal acts;

(F) The 2016 Halloween season witnessed an effective emergency curfew ordinance for minors;

(G) The peace, health, safety, and welfare of the community-at-large will benefit from curfew controls for minors during specified hours on these three days of October 29, 30, and 31;

(H) Due to law enforcement and firefighting considerations, logistics concerns, and the nature of the arson and vandalism problems, a City-wide curfew is necessary to enhance the public peace, health, safety, and welfare;

(I) The regular curfew hours for minors provided for in the City's Curfew Ordinance, codified in Chapter 33, Article III of the Detroit City Code, are not sufficient to alleviate and curtail the criminal arson, nuisance, and vandalism activity by unsupervised minors;

(J) Section 33-3-4 of the 1984 Detroit City Code, provides for reasonable exceptions during the specified curfew period to allow for minors accompanied by their parent, legal guardian, or responsible adult, for minors at or traveling to and from places of employment, education and training facilities, and sponsored activities under adult supervision, for minors involved in emergencies or constitutionally protected activities such as interstate travel or freedom of speech, assembly or exercise of religion, for minors on the sidewalks in front of their homes, and for minors sent on errands by their parents if the minors have proper written permission.

Section 2. Re: Authorization to rename 14th and Marquette Park to honor long standing pillars of the community, the Crockett Family, by naming the park: Albert and Florence Crockett Park.

The Detroit Parks and Recreation Department is requesting authorization of your Honorable Body to rename 14th and Marquette Park in honor of the Crockett Family, long standing pillars of the Northwestern Goldberg Community.

Albert and Florence Crockett were long time proprietors of Crockett Groceries located at Ferry Park and 16th Street. Crockett Groceries opened in January 1968, after 44 years the couple decided to retire and closed the grocery store. The Crocketts worked and lived in the Northwestern Goldberg Community helping to feed, clothe, and parent many of their neighbors over the past 50 years. The Crocketts did not just live in the community, they were very active in the community and still are today.

Due to the continued support and visionary work of both Albert and Florence Crockett the park renaming is greatly supported by the Northwestern Goldberg Community. The Crocketts are known as a loving family whose dedication to the betterment of the community is evident in their 44 years of business as the last African American merchant in the area.

We respectfully request your approval of renaming 14th Street and Marquette Park in honor of Albert and Florence Crockett by adopting the attached resolution and a Waiver of Reconsideration.

A. The parties shall submit to arbitration on all matters in controversy raised in the above named lawsuit.

B. The maximum amount of any award to the Plaintiff shall not exceed the amount of Sixty Thousand Dollars ($60,000.00).

C. Any award in excess of $60,000.00 shall be interpreted to be in the amount of $60,000.00.

D. There shall be no costs, fees, attorney fees or interest taxable with respect to the award rendered by the arbitrator.

The award of the arbitrator shall represent a full and final settlement of any amounts due and owing to Plaintiff for any and all claims arising out of the incident which occurred on or about October 13, 2015 at or near Washington St. and Fort St.; however, limited judicial review may be obtained in a Michigan Federal District Court or Michigan Circuit Court of competent jurisdiction (a) in accordance with the standards for review of arbitration awards as established by law; or (b) on the ground that the arbitrators committed an error of law.

Honorable City Council:

Re: Fifth General Text Amendment, Chapter 61 of the 1984 Detroit City Code, *Zoning* (Recommend Approval)

RECOMMENDATION

The City Planning Commission (CPC) respectfully recommends approval of the attached Fifth General Text Amendment to the Zoning Ordinance, which has been approved as to form by the Corporation Counsel.

BACKGROUND

Since the major rewrite of the Detroit Zoning Ordinance was codified in 2005, the City Planning Commission has prepared some twenty-seven amendments to the text of Chapter 61, *Zoning* of the 1984 Detroit City Code for your Honorable Body's consideration. Usually the text amendments are limited in scope; however, every few years broad-scope, general text amendments have been needed to help the Zoning Ordinance catch up with development trends and changing society and to fix shortcomings or oversights that have been identified in the administration of the ordinance.

This ordinance was assembled by an interdepartmental working group comprised of staff from the CPC, the Buildings, Safety Engineering and Environmental Department (BSEED), the Planning and Development Department (P&DD), Board of Zoning Appeals (BZA), and the Law Department over the course of ten meetings between November 2016 and February 2017.

On March 2, 2017, the Planning Commission took up the draft of the proposed "Fifth General Text Amendment" in public hearing and received testimony from the public and the Administration.

SCOPE OF ORDINANCE

To facilitate Council's review of this lengthy text amendment, textual provisions are topically organized in nineteen separate groupings or categories, labeled "A" through "T" — some categories being substantive; others, non-substantive and more of a "housekeeping" nature. Each section of the proposed 209-page ordinance is marked by one or more of the A-through-T labels in the right hand margin.

This report takes up each of these categories, letter by letter, provides a brief description of the topic or category, indicates whether any issue was raised relative to it at the March 2nd public hearing, and specifies the CPC's recommendation.

A. WASTEWATER AND "GREENING."

DESCRIPTION. The Administration is under mandate to address deficiencies in the handling of wastewater and is committed to address infrastructure and development in a more environmentally sensitive, or "Greener," manner. The Detroit Water and Sewerage Department (DWSD) submitted numerous provisions related to: urban architecture; permits for certain grading, landscaped berms; off-street parking lot administrative adjustments, surfacing, landscaping/screening; and a definition of "pervious surface" *(§61-3-128, 61-4-35, 61-4-82, 61-12-334, 61-14-153, 61-14-221, 61-14-223, 61-16-151).*

MARCH 2 CPC PUBLIC HEARING. Palencia Mobley of DWSD submitted a memo, dated March 2, 2017, requesting the inclusion of two (2) "friendly amendments"

• Addition of a subsection (5) to Sec. 61-14-223 relative to interior landscaping of parking lots to allow drainage from the pavement to enter and percolate into the ground in the landscaped areas.

• Modification of Sec. 61-14-150 to encourage pervious surfacing of parking lots.

CPC RECOMMENDS approval of the Category A draft language with the two amendments offered by DWSD. Those two items are reflected in the attached text.

◦ **"Commissary"** is added as a land use on a by-right basis in B2, B4, B5, B6, M1, M2, M3, M4 and TM *(§61-9-76, 61-9-96, 61-9-116, 61-10-16, 61-10-36, 61-10-56, 61-10-76, 61-11-106, 61-12-43, 61-14-41)*

◦ **"Welding shop"** is newly permitted on a conditional basis in B4 and SD1 (if small-scale), B6, M2, TM and by right in M3 M4, M5 *(§61-9-83, 61-9-123, 61-11-173, 61-11-193, 61-12-61, 61-16-102; Appendix A, Div. 20).*

◦ **"Pet crematory"** is added as a distinct land use (as opposed to "dead animal reduction") and is permitted by right in M1, M2, M3, M4, and M5 *(§61-10-17, 61-10-37. 61-10-57, 61-10-77, 61-10-97, 61-12-61, 61-12-256; Appendix A, Div. 4 and Div. 16).*

◦ **"Containerized freight yard"** is changed from by right to conditional in M2 *(§61-10-37(6), 61-10-43, 61-12-63, 61-12-264).*

◦ **"Storage or killing of poultry or small game for direct, retail sale on the premises or for wholesale trade"** is newly permitted by right in M2, M3, M4, and M5 *(§61-10-37, 61-10-57, 61-10-77, 61-10-97, 61-12-50).*

◦ **"School or studio of dance, gymnastics, music, art or cooking"** is newly permitted by right in SD4 *(§61-11-222, 61-12-51).*

◦ Clarification is provided where **"Outdoor storage yards"** are considered a principal use rather than as an accessory use to 28 specified industrial uses *(§61-12-61, 61-12-62, 61-12-63, 61-12-64, 61-12-264(b), 61-12-279(4) and (6)).*

MARCH 2 CPC PUBLIC HEARING

• Two residents spoke in opposition to the proposed listing of "group day care homes" as a conditional use on land zoned R1 and R2. Family day care homes for not more than six (6) minors are already permitted by right on land zoned R1 and R2 in the provider's own dwelling where registered with the state Department of Human Services; Group day care homes would allow for between seven (7) and twelve (12) minors in the

provider's dwelling where the home and provider are licensed by the state.

• In its memo of March 2, 2017, Midtown Detroit, Inc. expressed that "sculpture park regulations are unnecessary and redundant" and requested that the land use "be removed from the code entirely." In a follow-up conversation with the director of Midtown, staff elaborated that the land use term, outdoor art exhibition grounds/sculpture gardens, is necessary if the city wishes to permit such art displays as the principal use of the land on an otherwise vacant lot. Staff further clarified that the amendment provides that such art display is to be considered as "accessory" for any permitted outdoor recreation facility, such as a park or playground.

CPC RECOMMENDS approval of the Category B draft language noting that the demand for child care services, in general, and in-home **group day care** homes, in particular, continues to be voiced. Staff believes there to be sufficient safeguards in place for group day care homes to be allowed after notification of the nearby public and the holding of a conditional use public hearing at BSEED in light of the existing requirement that the care provider already be licensed by the state and that the maximum number of children able to be cared for is specified in the state license, based on the size and layout of the dwelling.

Having observed the positive aesthetic effect of an outdoor sculpture garden and its compatibility in a low-density residential neighborhood, staff observes that the current limitation of outdoor art exhibition grounds/sculpture gardens to only the PD district inhibits the recycling of otherwise vacant residential lots toward a more positive use and appearance and prompts PD rezoning requests where a Planned Development is otherwise not merited. Allowing the use on a conditional basis on land zoned R1 and R2 and on a by-right basis in most other districts places this land use on the footing as outdoor recreation facilities, such as parks and playgrounds.

A Scrivener's error was noted at Secs. 61-9-116(7) and 61-10-62(3) where the term "small distillery" is recited twice; the second reference should say "small winery." That correction is reflected in the attached text.

C. STANDARD RESTAURANTS

DESCRIPTION. Provisions related to **standard restaurants** are modified.

• The permissibility is changed from conditional to by right in **B2**, if no drive-up/drive-through facilities and no consumption of alcohol on the premises, and as conditional where there is consumption of alcohol on the premises *(§61-9-36(18), 61-9-42(17), 61-12-43);*

• The **B2** prohibition of "bars" not in conjunction with standard restaurants is retained and reinforced *(§61-12-161(4));*

• The provision that consumption of alcohol on the premises as incidental and accessory to a standard restaurant being limited to **"service bars"** is repealed thus allowing standard restaurants to have lounges or sit-down bars as incidental an accessory *(§61-12-229(1));*

• *The provision that standard restaurants that allow consumption of alcohol on the premises* not being a **Regulated Use** is restated and reinforced *(61-12-229(1)).*

MARCH 2 CPC PUBLIC HEARING. No comment was offered in objection to the proposed provisions; one speaker favored all the proposed amendments.

CPC RECOMMENDS approval of the Category C draft language as written.

D. FAST-FOOD AND CARRY-OUT RESTAURANTS.

DESCRIPTION. Provisions related to **fast-food and carry-out restaurants** are modified;

• Clarifies that in **B4** these restaurants are conditional where not located in a multi-story building and integrated into a mixed-use or multi-tenant development *(§61-9-82(40)).*

• The prohibition of these restaurants with drive-up/drive-through facilities in **B2, PCA, SD1, and SD2** is restated and reinforced *(61-12-228(5).*

MARCH 2 CPC PUBLIC HEARING. No comment was offered in objection to the proposed provisions; one speaker favored all the proposed amendments.

CPC RECOMMENDS approval of the Category D draft language as written.

E. GATEWAY RADIAL THOROUGHFARE OVERLAY AREAS

DESCRIPTION. Specifications relative to **Gateway Radial Thoroughfare** overlay areas are amended:

• The applicability of the overlay standards are referenced to the **B2** District in light of the downzoning of portions of Gratiot Avenue from B4 to B2 *(§61-9-40(4), 61-9-42(10), 61-9-43(2) and (3) and (5) and (6), 61-9-44(2), 61-11-304; 61-12-122(4)).*

• The overlay prohibition against **tattoo parlors** is repealed in response to a petition to City Council *(§61-9-82(44), 61-11-304(22), 61-12-91, 61-12-236).*

MARCH 2 CPC PUBLIC HEARING. A proponent and prospective operator of a proposed **tattoo** establishment on Michigan Avenue testified as to the timeliness of the proposed removal of the prohibition against tattoo parlors on the Gateway Radial Thoroughfares in light of changing societal attitudes and increasing acceptance of body art as part of the American mainstream. Additionally this speaker presented petitions in support of

his proposed establishment signed by Corktown businesses and neighbors with whom he had met.

In opposition to removal of the prohibition against **tattoo** establishments along Gateway Radial Thoroughfares is Midtown Detroit, Inc. as noted in its memo of March 2, 2017. Midtown objects in that the use "is not the highest and best use for prime retail space." Midtown Detroit Inc. has had positive experience with one tattoo parlor and very negative experience with another.

CPC RECOMMENDS approval of the Category E draft language as written, noting that since tattoo parlors were first regulated in the Zoning Ordinance in 1998, the use has become viewed as less of a "skid row"-type use and more as just another contemporary personal service establishment.

Relative to Woodward Avenue (Midtown), staff belatedly notes that the recent rezoning of much of the Woodward frontage from B4 (General Business District) to SD2 (Special Development District, Mixed-Use) has the effect of mooting the prohibitions along the Gateway Radial Thoroughfare since those prohibitions only apply to land zoned B4 and B2. Eight of the uses prohibited under the B4 overlay were newly permitted with the SD2 rezoning of those lots abutting Woodward, namely: Confection manufacturing; jewelry manufacture; lithography; radio, television, or household appliance repair shop; secondhand store; tattoo and/or piercing parlor; general trade services with the exception of cabinet making; and wearing apparel manufacture.

F. TRADITIONAL MAIN STREET OVERLAY AREAS.

DESCRIPTION. Boundaries of **Traditional Main Street** overlay areas are revised:

◦ Livernois, extended to W. 8 Mile *(§61-11-312(4)).*

◦ Woodward, shortened to begin at Temple/Alfred *(§61-11-312(6)).*

◦ Grand Boulevard, shortened to end at the John C. Lodge freeway *(§61-11-312(7), 61-11-332).*

MARCH 2 CPC PUBLIC HEARING. No comment was offered in objection to the proposed provisions; one speaker favored all the proposed amendments.

CPC RECOMMENDS approval of the Category F draft language as written.

G. HOME OCCUPATIONS

DESCRIPTION. Clarification is made with respect to **home occupations** in R1 and R2 Districts *(§61-12-392).*

MARCH 2 CPC PUBLIC HEARING. No comment was offered in objection to the proposed provisions; one speaker favored all the proposed amendments. [The Boston-Edison Association had requested language in the Zoning Ordinance to address the use of R1 homes for uses like Airbnb or short term rentals.]

CPC RECOMMENDS approval of the Category G draft language as written, noting that the Law Department and BSEED are currently meeting to formulate City Code provisions to address this use of residential property. The proposed provision would clarify that an Airbnb-type use could not be established under the guise of "home occupation," consistent with the spirit of the long-established prohibition of bed and breakfast inns on land zoned R1 and R2.

H. TRANSIT-ORIENTED DEVELOPMENT.

DESCRIPTION. Provisions are established to promote **Transit-oriented Development:**

• Twenty-four (24) otherwise-prohibited retail uses are permitted on a conditional basis in the R5 (Medium Density Residential) District near bus rapid transit, streetcar/trolley, or light rail line *(§61-8-102).*

• Off-street parking requirements for multiple-family dwellings near bus rapid transit, streetcar/trolley, or light rail line are decreased *(§61-14-24).*

MARCH 2 CPC PUBLIC HEARING. No comment was offered in objection to the proposed provisions; one speaker favored all the proposed amendments. In its memo of March 2, 2017, Midtown Detroit Inc. expressed support of the proposed parking reduction for "housing...near the rail line," but urged that the 25% reduction be extended to commercial businesses as well.

Staff noted at the public hearing uncertainty whether the Interdepartmental Working Group had intended for the decrease in off-street parking requirements to apply only to multiple family dwellings on land zoned SD1 and SD2. Subsequently, staff determined it was the intent of the working group to have applied the parking decrease more broadly.

CPC RECOMMENDS approval of the Category H draft language as written with the following four (4) modifications:

• That Sec. 61-14-24 be revised to strike ~~"On land zoned SD1 and SD2"~~ so that the parking requirement for multiple-family dwellings within 0.50 miles of a bus rapid transit, street car/trolley or light rail line be reduced from 1.25 spaces per dwelling unit to 1.0 space per dwelling unit regardless of the zoning district in which the multiple-family dwelling is located.

• That Sec. 61-14-41 be revised to specify the off-street parking requirement be reduced by 25% for any use within the "Food and Beverage Service" use category that is located within 0.50 miles of a bus rapid transit, street car/trolley or light rail line.

The six (6) uses included in the Food and Beverage Service use category are:

brewpub or microbrewery or small distillery or small winery with "consumption on the premises;" commissary; establishment for the sale of intoxicating ~~beverages~~ liquor for consumption on the premises; microbrewery or small distillery or small winery without "consumption on the premises;" restaurant, carry-out or fast-food; restaurant, standard.

• That Sec. 61-14-48 be revised to specify the off-street parking requirement be reduced by 25% for any use within the "Retail Sales and Service (Sales-oriented)" use category that is located within 0.50 miles of a bus rapid transit, street car/trolley or light rail line.

The twelve (12) uses included in the Retail Sales and Service (Sales-oriented) use category are: bake shop; firearms dealership; kennel, commercial; motor vehicles, new or used, salesroom or sales lot; motorcycles, retail sales, rental or service; pawnshop; pet shop; secondhand stores and secondhand jewelry stores; specially designated distributor's (SDD) or specially designated merchant's (SDM) establishment; stores of a generally recognized retail nature whose primary business is the sale of new merchandize; trailer coaches or boat sale or rental, open air display; trailers, utility—sales, rental, or service and moving truck/trailer rental lots.

• That Sec. 61-14-49 be revised to specify the off-street parking requirement be reduced by 25% for any use within the "Retail Sales and Service (Service-oriented)" use category that is located within 0.50 miles of a bus rapid transit, street car/trolley or light rail line.

The twenty-eight (28) uses included in the Retail Sales and Service (Service-oriented) use category are: animal grooming shop; automated teller machine (without drive-in facilities); automated teller machine (with drive-in facilities); bank (without drive-in facilities); bank (with drive-in facilities); barber shop; beauty shop; business college or commercial trade school; customer service center (no drive-through window); customer service center (with drive-through window); dry cleaning or laundry pick-up stations; employee recruitment center; financial services center (without drive-through); financial services center (with drive-through); food stamp distribution center (no drive-through window); food stamp distribution center (with drive-through window); laundromat; mortuary or funeral home; nail salon; photocopying and computing self-service establishment; piercing parlor; printing or engraving shops; radio, television, or household appliance repair shop; school or studio of dance, gymnastics, music, art or cooking; shoe repair shop; shoeshine parlor; tattoo parlor; veterinary clinic for small animals.

Those four modifications are reflected in the attached text.

J. REVIEW AND DECISION-MAKING BODIES.

DESCRIPTION. Provisions relative to **Review and Decision-Making Bodies** are amended and clarified:

• City Council and "Change of Use/no exterior modifications" *(61-2-1(6), 61-3-142).*

• Solid waste facility review committee's purview, membership and chair updated *(§61-2-112, 61-2-114)*

• Loft review committee's authority extended to SD4 (§61-2-94(a)).

MARCH 2 CPC PUBLIC HEARING. No comment was offered in objection to the proposed provisions; one speaker favored all the proposed amendments.

CPC RECOMMENDS approval of the Category J draft language as written.

K. REVIEW AND APPROVAL PROCEDURES

DESCRIPTION. Review and Approval Procedures are updated and revised:

• **"Hardship Relief"** grants provision language (deprivation of all reasonable use) is reconciled with ten (10) other sections *(§61-2-51; Div. 7, Subdivision B; §61-4-127).*

• **Public notice** for City Council hearings is changed from five (5) to fifteen (15) days *(§61-3-7).*

• Clarifies when 120-day City Council **review period** of proposed ordinances begins *(§61-3-17, 61-3-79(d)).*

• *Clarifies the **"effective date"*** of map amendments approved by City Council *(§61-3-79).*

• Reconstruction of damaged properties need not comply with **"spacing"** restrictions *(§61-3-246).*

• **Petitions of neighborhood consent** that are required to overcome prohibition of certain uses need only be circulated to those on land other than vacant land designated by the Assessor as "unimproved" *(§61-3-272, 61-3-312, 61-12-152(1)(c), 61-12-164(1), 61-12-166(9), 61-12-167(6), 61-12-217(1), 61-12-224(5), 61-12-226(1)(d) and (11), 61-12-227(1), 61-12-238(2)).*

• **Zoning grant modifications** require public hearing before the same body that approved the zoning grant *(§61-4-141).*

MARCH 2 CPC PUBLIC HEARING. In its memo of March 2, 2017, Midtown Detroit Inc. sought clarification as to the meaning of "zoning grant modification." In a subsequent meeting with Midtown's director, staff provide a clarification to Midtown's satisfaction. One speaker favored all the proposed amendments.

Also, in its March 2, 2017 memo, Midtown objected to the 15-day notice requirement for City Council hearings on

Zoning amendments. In subsequent discussion with the Midtown director, staff explained that the 15-day notice is required by state law, notwithstanding the provisions of the Detroit City Charter.

CPC RECOMMENDS approval of the Category K draft language as written.

L. SITE PLAN REVIEW.

DESCRIPTION. **Site plan review** and approval specifications are corrected with regard to SD1, SD2 *(§61-11-163, 61-11-183).*

MARCH 2 CPC PUBLIC HEARING. No comment was offered in objection to the proposed provisions; one speaker favored all the proposed amendments and Midtown Detroit Inc. indicated specific support for these proposed corrections in its memo of March 2, 2017.

CPC RECOMMENDS approval of the Category L draft language as written.

M. USE REGULATIONS

DESCRIPTION. **Use regulations** for numerous land uses are modified or repealed:

- "used auto parts sales" (§61-12-277(3) and (4));
- "pet crematories" (§61-12-256(2)),
- "tattoo parlors" (§61-12-91, 61-12-97, 61-12-236),
- "gas stations" *(§61-12-204)*
- "steel warehousing" *(§61-12-279(2),*
- "outdoor recreation facility" *(§61-12-139).*

MARCH 2 CPC PUBLIC HEARING. No comment was offered in objection to the proposed provisions; one speaker favored all the proposed amendments.

CPC RECOMMENDS approval of the Category M draft language as written.

N. SETBACKS, HEIGHT, AND FLOOR AREA RATIO

DESCRIPTION. **Setbacks, height, and floor area ratio** provisions are clarified or relaxed—SD1 height *(§61-11-175(2) and (5)),* SD2 height *(§61-11-195(2) and (5)),* B2 setbacks for mixed-use *(§61-13-23),* B4 setbacks for mixed-use *(§61-13-25),* B5 rear setback *(§61-13-26).*

MARCH 2 CPC PUBLIC HEARING. No comment was offered in objection to the proposed provisions; one speaker favored all the proposed amendments.

Subsequent to the public hearing, however, staff noted an oversight regarding the proposed SD2 rear setback, namely that a rear setback would be required if land zoned R1 R2, R3, R4, R5, R6, residential PD were to the rear of the SD2 lot opposite but not if land zoned SD1 was to the rear of the SD2 lot. Much of the land recently rezoned to SD1 had been previously zoned R3 or R5, where single- and two-family dwellings are permitted.

CPC RECOMMENDS approval of the Category N draft language with one modification to provide sensitivity to single and two-family dwellings behind lots zoned SD2 where denser development is expected:

Revise Sec. 61-11-195(2)(b) as follows: "Where ~~land zoned R1, R2, R3, R4, R5, R6, residential PD~~ a single- or two-family dwelling is located to the rear, multi-story buildings shall have a rear setback of ten (10) feet if an alley is to the rear of the building and ~~thirty (30)~~ twenty (20) feet if one is not present."

That one modification is reflected in the attached text.

O. GENERAL DEVELOPMENT STANDARDS.

DESCRIPTION. Certain general development standards are created, updated, or modified:

- **Bicycle parking** facilities required *(§61-3-125(4), 61-14-18);*
- Off-street **accessible parking** standards reconciled with state requirements *(§61-14-122);*
- **Stacking spaces** for restaurant drive-up/drive-through facilities *(§61-14-132);*
- **Parking space width** not eligible for administrative adjustment or dimensional variance *(§61-14-151);*
- Applicability of **residential screening** provision is modified *(§61-14-222(2);*
- **Plywood** prohibited as boarding material on major thoroughfares *(§61-14-452(4).*

MARCH 2 CPC PUBLIC HEARING. In its memo of March 2, 2017, Midtown Detroit Inc. objected to the bicycle parking provision noting that "the market should dictate this rather than mandating these amenities..."

The CPC requested staff to look further into the proposed "plywood" provision and to report back.

CPC RECOMMENDS approval of the Category O draft language with two exceptions:

- That Secs. 61-3-125(4), 61-14-18 regarding **bicycle parking** be removed from the draft ordinance and that specific, rather than generic provisions, be developed by P&DD coincidental with that department's examination of vehicle parking standards;
- That Sec. 61-14-452(4) regarding **plywood** be removed from the draft ordinance to allow for further investigation. *NOTE: CPC staff is in communication with the property maintenance division of BSEED to explore specific, alternate materials that would be appropriate but not be cost prohibitive and that would preclude use of inferior materials. Additionally, staff is reviewing alternatives to plywood through the land bank, Detroit Public Schools, and the private sector.*

The removal of those two items is reflected in the attached text.

P. NONCONFORMITIES

DESCRIPTION. Nonconformities — proposed changes to a site plan that involve a structure of a **nonconforming use** require a public hearing *(§61-15-16(2))*.

MARCH 2 CPC PUBLIC HEARING. No comment was offered in objection to the proposed provisions; one speaker favored all the proposed amendments.

CPC RECOMMENDS approval of the Category P draft language as written.

Q. DEFINITIONS

DESCRIPTION. Numerous **definitions** are added or revised:

- Bed and breakfast inn *(§61-16-41)*
- Central Business District map *(§61-16-51 and Figure 61-16-51)*
- Commissary *(§61-16-53)*
- Driveway *(§61-16-62)*
- Limousine *(§61-16-123)*
- Marina — consumption of alcohol on the premises as incidental and accessory *(§61-12-172, 61-16-131)*
- Parking: accessory and commercial — threshold distinction decreased from 150% to 110% of minimum spaces required *(§61-16-151)*
- Parcel *(§61-16-151)*
- Park, major park, small (or neighborhood) park, parklot, parkway, playfield, playground, playlot, recreation center *(§61-16-151, 61-16-152, 61-16-161)*
- Restaurants *(§61-16-162)*
- Truck stop *(§61-16-182)*

MARCH 2 CPC PUBLIC HEARING. No comment was offered in objection to the proposed provisions; one speaker favored all the proposed amendments.

CPC RECOMMENDS approval of the Category Q draft language as written.

R. APPENDIX

DESCRIPTION. The **Appendix** of land uses and land use categories is updated *(Appendix A, Divisions 2, 4, 13, 16, 18, 20 and 23)*.

MARCH 2 CPC PUBLIC HEARING. No comment was offered in objection to the proposed provisions; one speaker favored all the proposed amendments.

CPC RECOMMENDS approval of the Category R draft language as written.

S. CORRECTIONS AND CROSS-REFERENCES

DESCRIPTION. **Corrections are made and cross-references** are provided to provide consistency within the Code and to avoid confusion or ambiguity *(§61-2-1(3), 61-3-1, Table 61-3-1, §61-3-127(5), 61-3-167, 61-8-11, 61-8-102(6), 61-8-116(3), 61-9-22(10), 61-9-36(20), 61-9-44(2), 61-9-76(36), 61-9-82(35), 61-9-82(48), 61-9-96(40), 61-9-116(49), 61-9-117(14), 61-10-16(5), 61-10-23(16), 61-10-36(54), 61-10-37(27), 61-10-56(54), 61-10-57(32), 61-10-76(54), 61-10-77(38), 61-10-97(39), 61-11-106(52), 61-11-222(19), 61-12-46, 61-12-50, 61-12-51, 61-12-63, 61-12-91, 61-12-217(3), 61-12-228, 61-12-231, 61-12-239, 61-12-239.5, 61-12-242, 61-12-254, 61-12-255, 61-12-255.5, 61-12-260, 61-12-262, 61-12-270, 61-12-274(4) and (5), 61-12-280, 61-12-281, 61-12-282, 61-12-283(b), 61-12-284(b), 61-12-285(b), 61-12-404(2)(a)(vii), 61-14-48, 61-14-103, 61-16-123 and Appendix A, Div. 20)*.

MARCH 2 CPC PUBLIC HEARING. No comment was offered in objection to the proposed provisions; one speaker favored all the proposed amendments.

Subsequent to the public hearing, however, staff noted an additional inconsistency between the Use Table and a zoning district use list. The Use Table, Sec. 61-12-79, indicates that urban farms are a conditional use on land zoned SD2, whereas the SD2 use list, Sec. 61-11-194, intentionally omits urban farms as a permitted use, thus prohibiting the use.

CPC RECOMMENDS approval of the Category S draft language with one additional correction.

That the use table at Sec. 61-12-79 be corrected to show that urban farms are not permitted in SD2. The additional correction is reflected in the attached text.

T. NON-SUBSTANTIVE

DESCRIPTION. Various **non-substantive** changes are made of a grammatical, punctuation, or formatting nature *(§61-11-186(24), 61-14-35, 61-14-172, 61-14-173, 61-16-162; Appendix A, Division 19)*.

MARCH 2 CPC PUBLIC HEARING. No comment was offered in objection to the proposed provisions; one speaker favored all the proposed amendments.

CPC RECOMMENDS approval of the Category T draft language as written.

Subdivision F. Waivers and Alternative Parking Plans

Sec. 61-14-103. Waiver of off-street parking requirements for uses or buildings minimally deficient.

(a) *In general.* Where the Buildings, Safety Engineering and Environmental Department determines that 1) a building or use requires no variance or other action under the jurisdiction of the Board of Zoning Appeals, other than the parking deficiency, and 2) the building or use can provide at least eighty percent (80%) of the required off-street parking spaces, then, upon request of the petitioner and in conjunction with the Municipal Parking Department and the Department of Public Works, Traffic Engineering Division, the department may grant a waiver of the off-street parking requirements, not exceeding ten (10) parking spaces or twenty percent (20%) of the required off-street parking requirement, whichever is less. Such waiver shall not be granted unless, in the judgment of the Buildings, Safety Engineering and Environmental Department, with the sign-off of the Municipal Parking Department and the Department of Public Works, Traffic Engineering Division, the waiver of the parking requirement for the building or use involved is not injurious to the adjacent or surrounding areas by creating or increasing traffic congestion or by disrupting traffic circulation. However, in those instances where a building or use is subject to Site Plan Review, the Planning and Development Department has sole authority to consider such waiver.

(b) *Traditional Main Street Overlay Areas.*

(1) *Applicability.* In addition to the parking waiver granted for buildings not exceeding three thousand (3,000) square feet per Sec. 61-14-7(3) of this Code, in a Traditional Main Street overlay area, as provided in Sec. 61-11-312, the Planning and Development Department may grant a waiver of the off-street parking requirements for the first three thousand (3,000) square feet of pedestrian-oriented retail, service, or commercial uses. (iii) Sec. 61-12-51, Retail sales and service; service-oriented except motor vehicle sales, motorcycle sales, and any use with drive-up or drive-through facilities.

~~(2)~~(B) New buildings must comply with all of the requirements in the Traditional Main Street Overlay standards.

(iii) The building has an active entryway located on the façade facing the Traditional Main Street, according to Sec. 61-14-289 of this Code.

~~(4)~~(D) In the case where one building or development contains multiple retail, service, or commercial uses, the total number of spaces that may be waived for a building or development using this waiver shall not exceed forty five (45) spaces.

(c) *SD1/SD2 Areas.* In addition to the parking waiver granted for buildings under three thousand (3,000) square feet per Sec. 61-14-7(3) of this Code, on properties zoned SD1 or SD2, the Planning and Development Department may grant a waiver of the off-street parking requirements, for the first three thousand (3,000) square feet of pedestrian-oriented retail, service, or commercial uses. The Planning and Development Department shall have authority to consider such waiver, ensuring that the waiver will not be injurious to the adjacent or surrounding areas by creating or increasing traffic congestion or by disrupting traffic circulation. ~~(vi)~~(vii) Other opaque wall which, in the determination of the Planning and Development Department, is both suitable for the site and compatible with, and similar to, the building frontages nearest the parking area.

(2) In instances where it is not practical to provide a 5-foot landscaped buffer strip, a wrought iron-style ornamental fence may be erected, subject to review and approval by the Planning and Development Department.

Sec. 61-14-222. Residential screening.

Screening from land zoned residential shall be provided as follows:

(1) *Abutting Residentially Zoned Lots Containing Dwelling Units.*

Opaque screening, such as the following, is acceptable:

(i) A brick wall;

(ii) A masonry wall with brick facing;

(iii) A masonry wall with decorative metal fence topping;

(iv) A concrete wall with brick design;

(2) *Abutting ~~— Vacant,~~ Residentially Zoned Lots Not Containing Dwelling Units.*

(a) Where a ~~vacant~~ lot on land zoned R1, R2, R3, R4, R5, R6, or residential PD does not contain a dwelling unit and abuts, or is located across an alley or public street not exceeding sixty (60) feet in width from, a parking area visible from the residential lot, an opaque wall, that is placed at the edge of the parking area, is required to screen the parking area. Opaque screening, such as the following, is acceptable:

(i) A brick wall;

(ii) A masonry wall with brick facing;

(iii) A masonry wall with decorative metal fence topping;

(iv) A concrete wall with brick design;

(4) *Exception.* Where the alley serves as the only direct access to the parking spaces, such as where parking spaces are located between a building wall and the alley, or where the alley provides the required off-street loading area, and the Planning and Development Department determines that the placement of screening would prevent access to the parking spaces or loading area, the Department may waive the screening or allow it to be pierced as necessary.

Sec. 61-14-223. Interior landscaping.

Off-street parking areas for operable, private passenger vehicles, ~~that are visible from public rights-of-way and contain~~ that have a capacity of twenty-five (25) or more parking spaces, shall contain ~~raised~~ landscaped areas, ~~which are protected by six (6) inch curbing poured in place,~~ located entirely within the edges of the off-street parking area, ~~and~~ that serve to break up the expanse of pavement and manage stormwater in accordance with ~~(See~~ Figure 61-14-223~~)~~. A raised curb must edge the landscaped area, must be at least six (6) inches in height, and must contain inlets at appropriate intervals to allow stormwater infiltration from the open parking area. The following additional requirements apply:

(1) Within the interior of the off-street parking area, interior landscaped areas shall be provided at the following rate:

Number of Off-Street Parking Spaces	Amount of Landscaped Area Required Per Parking Space
25-100 spaces	18 square feet
101 spaces or more	22 square feet

(2) To be credited toward meeting the requirements of this section, each interior landscaped area shall have a minimum area of at least one hundred fifty (150) square feet, a minimum dimension of seven (7) feet in any direction, and include at least one (1) shade tree;

(3) Any landscaped area located outside the edges of the off-street parking area shall not be counted toward satisfying this interior landscaping requirement; and

(4) The total number of trees required to be planted in the interior of an off-street parking area shall be calculated and provided at a rate of one (1) shade tree for each two hundred fifty (250) square feet, or fraction thereof, of required interior landscaped area.

(5) Required interior landscaped areas must maximize effective stormwater management by incorporating:

(a) curbs at the edge of the required interior landscaped areas to protect the plants;

(b) landscaped areas installed at a lower grade than the parking lot pavement; and

(c) curbing with openings to allow drainage from the pavement to enter and percolate into the ground in the landscaped areas.

ARTICLE XV. NONCONFORMITIES

DIVISION 2. NONCONFORMING USES

Sec. 61-15-16. Expansion or intensification of nonconforming uses.

A public hearing at the Board of Zoning Appeals shall be required in any instance that involves the expansion or intensification of a nonconforming use, subject to the provisions of Sec. 61-15-17 of this Code. However, nonconforming Adult Uses shall not be considered for expansion or intensification. See Sec. 61-3-345.

(1) Any increase in the gross floor area of a building that houses a nonconforming use shall be deemed an expansion of the nonconforming use. Any increase in the area of a zoning lot where a nonconforming use is located shall be deemed an expansion of the nonconforming use;

(2) Any change to the site plan of a nonconforming use involving a structure;

~~(2)~~(3) The addition of any by-right or conditional land use to a nonconforming use upon the same zoning lot and within the same gross floor area shall be deemed an intensification of the nonconforming use; and

~~(3)~~(4) The addition of off-street parking for a nonconforming use, solely for the purpose of complying with the off-street parking standards of ARTICLE XIV, DIVISION 1 of this Chapter, shall not be considered an expansion of the nonconforming use, but shall be governed by the zoning district regulations for "parking lots or parking areas" and by the regulations and standards for "off-street parking" provided for in ARTICLE XIV of this Chapter.

"Intensification of use" is defined in Sec. 61-16-112 of this Code.

As specified in Sec. 61-15-21 of this Code, abandoned nonconforming uses may not be re-established. However, certain nonconforming uses may present sufficiently beneficial attributes to the community that they merit consideration for re-establishment as exceptions to this prohibition. Such consideration by the Board of Zoning Appeals would only apply in instances where the property of an abandoned land use had never been

reoccupied for a different conforming or nonconforming use.

The following twenty-one (21) land uses groupings, where nonconforming in a given zoning district, may be considered for re-establishment by the Board of Zoning Appeals, subject to the various findings that are specified in Sec. 61-15-17 of this Code. (18) All "Commercial Parking" use category uses;

(19) All "Occupant-Oriented Retail Sales and Service" use category uses, other than Regulated Uses;

August 18, 2017

Honorable City Council:

Re: Address: 16003 Carlisle. Name: LaGarte Starke. Date ordered removed: April 11, 2017 (J.C.C. pages ____).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on August 10, 2017 revealed the building is secured and appears to be sound and repairable. The owner has paid all taxes and is current. The proposed use of the property is owner's use and occupancy. This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be obtained within 30 days.

2. The building shall be maintained securely barricaded until rehabilitation is complete. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:

• Certificate of Acceptance related to building permits

• Certificate of Approval as a result of a Housing Inspection

• Certificate of Inspection, required for all residential rental properties.

3. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

4. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

4. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Re: Address: 18930 Ferguson. Name: U.S. Bank National Association. Date ordered removed: July 5, 2016 (J.C.C. page ____).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on May 16, 2017 revealed the building is secured and appears to be sound and repairable. The owner has paid all taxes and is current. The proposed use of the property is owner's use and occupancy. This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be obtained within 30 days.

2. The building shall be maintained securely barricaded until rehabilitation is complete. Rehabilitation is to be complete within three months, at which time the owner will obtain one of the following from this department:

• Certificate of Approval as a result of a Housing Inspection

• Certificate of Inspection, required for all residential rental properties.

3. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

4. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

Office of Homeland Security and Emergency Management

September 25, 2017

Honorable City Council:

Re: Michigan Emergency Management Assistance Compact.

The Department of Homeland Security and Emergency Management respectfully requests a resolution for the Michigan Emergency Management Assistance Compact (MEMAC). The MEMAC establishes a system for providing mutual aid to localities in Michigan in the event of a catastrophe or major disaster during which existing mutual aid agreements become exhausted. MEMAC is as voluntary agreement between governmental units in Michigan. The agreement establishes a system to provide large-scale mutual aid assistance during significant emergencies that exceed the capability of local resources. MEMAC was approved by the Governor in 2006, and was issued under the authority of Public Act 390 of 1976, as amended.

The benefits of MEMAC are that disasters occur at the local level, and the vast majority of disaster response resources (people, facilities, materials and equipment) are located at the local level. Mutual aid can provide rapid emergency assistance from surrounding areas to those in need. (Many fire departments do this already, but usually only in localized areas.) No single entity can afford to maintain all of the resources necessary in the case of a large-scale disaster. Mutual aid provides for the leveraging of resources.

There are 363 communities that have signed the MEMAC agreement. Some of those communities are Dearborn, Livonia, Lansing, Pontiac, Southfield, Troy, Wayne County, Oakland County and Macomb County.

There is no costs to join the MEMAC agreement, and there is a schedule for reimbursement of equipment usage during a response. Personnel costs are not reimbursable.

Attorney Christopher Ammerman, from Detroit's Law Department, has reviewed this agreement and approved it as to form and content.

We continue to recommend ways in which the City can provide the best response capabilities to emergencies and hazards. This agreement provides that response capability and shown our commitment to our regional partners to advance public safety within the region.

RESOLUTION

By Council Member Benson:

Whereas, The State of Michigan Emergency Management Act, Act 390 of the Public Acts of 1976, as amended M.C.L. 30.401 et. seq. authorizes the State and its political subdivisions to provide emergency aid and assistance in the event of a disaster or emergency; and

Whereas, The Act also authorizes the State to coordinate the provision of any equipment, services, or facilities owned or organized by the State or its political subdivisions for use in the affected area upon request of the duly constituted authority of the area; and

Whereas, The Act also authorizes the request, provision and receipt of interjurisdictional mutual assistance in accordance with the Emergency Management Act, Act 390 of the Public Acts of 1976, as amended among political subdivisions within the State; and

Whereas, The Act provides that the State may propose and administer a statewide mutual aid compact which is known as the Michigan Emergency Management Assistance Compact; and

Whereas, The State has requested the City execute the Michigan Emergency Management Assistance Compact so that the City may participate in and receive the benefit of coordinated emergency aid and assistance that maximizes the prompt, full and effective use of the resources of all participating governments in the event of a disaster or emergency.

Now, therefore, be it

Resolved, The Mayor, or his designee, is authorized to execute the Michigan Emergency Management Assistance Compact.

Adopted as follows:

Yeas — Council Members Ayers, Benson, Cushingberry, Jr., Leland, Castaneda-Lopez, Sheffield, Spivey, Tate, and President Jones — 9.

Nays — None.

RESOLUTION
DECLARING THE SECOND MONDAY IN OCTOBER INDIGENOUS PEOPLE'S DAY IN DETROIT

By Council Member Castaneda-Lopez:

Whereas, Christopher Columbus was an explorer who sailed from Palos de la Frontera, Spain across the Atlantic Ocean landing on the Caribbean Islands now known as the Bahamas, Puerto Rico, Haiti, Cuba and Dominican Republic, subjugating the indigenous inhabitants and claiming their land and resources for the Spanish monarchy; and

Whereas, The second Monday in October is the federally recognized holiday of Columbus Day; and

Whereas, Many communities have recently renamed the second Monday in October Indigenous People's Day, to honor the original and continuing inhabitants of the regions abused by European rule. Michigan cities that have already declared the second Monday in October Indigenous People's Day include Ann Arbor, Traverse City, Alpena, East Landing and Ypsilanti; and

Whereas, The legacies of human rights, struggles for survival, decolonization and social justice for the Indigenous Peoples of the Americas are worthy of honor and respect; and

Whereas, The cultural expression of these Indigenous peoples include indigenous African groups such as the Yoruba, Igboo, Chowke and Malinke who persist culturally and linguistically in the Caribbean and throughout the western hemisphere; and

Whereas, Detroit should honor the contributions, human dignity and continuing struggles of our own Indigenous neighbors; and

Whereas, The continuing consequence and reverberations of slavery and genocide suffered by Indigenous people in the western hemisphere still affect Native American, Latinx and African American people and communities today, including internalized oppression, deculturalization, exploitation, land displacement and other excessive, adverse conditions, not only as edified in schools, history texts and monuments, but institutionalized within systems of power, access to resources, distribution of wealth an ongoing segregation and discrimination; and

Whereas, Despite over 500 years of colonization and abuse, Indigenous language and ways of life persist today due to an unbroken history of resilience and resistance to colonial and cultural domination since 1492. This legacy of self-determination extends from Agüeybana's Battle of Yagüecas against the Spanish explorers in 1511 in Boriken, now known as Puerto Rico, La Noche Triste or the 1520 Battle of Sorrows against Hernan Cortez at Tenochtitlan in what is now known as Mexico, the Powhatan uprising of 1622 against the English settlers in what is now known as the State of Virginia, through Chief Pontiac's 1763 rebellion in what is now known as the State of Michigan, the 1967 Rebellion in what is now known as Detroit, through today's Idle No More Indigenous solidarity movement and the Movement for Black Lives; and

Whereas, The history of the land now known as Detroit, formerly and still known to some as Zagajibiising and Waawiyaatenong to the Anishinaabe in what is now known as the State of Michigan, whose name is derived from the Anishinaabe term for the Great Lakes, Michigami includes the neighborhood of Delray that contains burial mounds common throughout the Mississippi River Valley, Canada and Mexico, connecting Indigenous people to each other in ways that are not typically disclosed through contemporary histories; and

Whereas, The City of Detroit recognizes the need to heal by honoring Detroit's Native American community, Michigan's state historic tribes and the 12 federally recognized tribes of Michigan as well as all Indigenous people who come from across the western hemisphere to live and work within the City limits; and

Whereas, Detroiters, as a community, control our cultural production and seek to instill a sense of critical consciousness, awareness of ancestry, and sense of dignity for all people and future generations of Detroiters; and

Now, Therefore Be It

Resolved, That beginning in 2018, the second Monday in October shall be formally designated Indigenous People's Day in the City of Detroit, with appropriate social, cultural, educational and other activities recognizing the historical and continuing contributions of Indigenous Native American people to our society; and

Be It Further

Resolved, That City Council urges the Mayor to ensure all public offices and events in the City government shall refer to the second Monday in October as Indigenous People's Day rather than Columbus Day; and

Be It Further

Resolved, That the City Council urges the Detroit Public Schools and all other schools and children's educational programs in Detroit to join in the celebration of Indigenous People's Day in their curriculum and school activities; and

Be It Finally

Resolved, That the City Council supports the installation of a monument to an Indigenous People's figure in a prominent place in downtown Detroit.

Adopted as follows:

Yeas — Council Members Ayers, Benson, Cushingberry, Jr., Leland, Castaneda-Lopez, Sheffield, Spivey, Tate, and President Jones — 9.

Nays — None.

Additionally, he released seven recording projects of his own. In 2003 the DoRohn Record label was named one of the top five independent gospel labels in the world by Billboard Magazine. By COUNCIL PRESIDENT JONES:

WHEREAS, It is with great pleasure and privilege that we, the members of the Detroit City Council, extend congratulations to Supt. Alan R. Evans Sr., and the Open Door Church of God In Christ in observance of their 25th Year Anniversary; and

WHEREAS, Pastor Alan R. Evans was born on July 18, 1957 to the late Deacon J. W. Evans and Mother Annie Ruth Evans. He was educated in the Detroit Public School System, graduating from Kettering High School. Pastor Evans attended the American Institute of Banking, C. H. Mason Bible College and Southwestern Christian University. Pastor Evans accepted Christ at the age of nineteen under the leadership of the late Supt. James M. Maclin Sr. Under the ministry of Supt. Maclin, he served in the capacity of minster, elder, musician, Sunday school teacher, and laborer. It was through his faithful labor and service that Pastor Evans received the call to preach in 1981. He was ordained as a minister in 1984 by Bishop P. A. Brooks — Prelate of the Historic First Northeast Michigan Jurisdiction. In 1991 at the age of thirty-four, Pastor Evans was called to pastoral ministry, along with his wife, Missionary Shernetta Evans. He was also employed for twenty-seven years as a van driver for the Detroit branch of the Chicago Federal Reserve Bank; and

WHEREAS, The Open Door Church of God In Christ was founded by Pastor Evans in December 1992. The ministry started with six families which included founding members: Pastor and First Lady Shernetta Evans, along with their children, Mother Ruth Evans and family, Elder Ricky Sykes and families, Rebecca Denise Evans and family, Deacon Ronald Hill and family, and Sister Sharon Evans and family. They gathered in a leased church building at 17140 Hayes. The building consisted of four walls, one bathroom, a tiny hallway and two small rooms. As the church began to experience growth, the "Building Fund Sunday" was established on the fourth Sunday of every month, in order to acquire a larger facility. The congregation raised $50,000 in less than three years and Pastor Evans was blessed with a $175,000 loan from a millionaire to purchase a church building. In 1998, the entire congregation marched from the old building to the current facility at 14900 E. Seven Mile. Through the years, Open Door Church of God In Christ has engaged in tremendous community outreach and has become a beacon of light in the Osborn community on the east side of Detroit; and

WHEREAS, Pastor Evans has served in several leadership roles in the Church of God In Christ. He was selected to preach at Mason Temple for the 2001 Holy Convocation. Pastor Evans was appointed to the National Adjutancy team and also served as secretary of the Northeast Michigan Jurisdiction Adjutancy. In 2011, he was elevated to the office of Superintendent of the New Hope District by Bishop P. A. Brooks. Most importantly, Supt. Alan R. Evans Sr. is a family man. He and Missionary Shernetta Evans have four children: Alan "Snoop" Evans II (Tasha), Sherlana Hill (Ronald), Brandi Haywood (Darius), and Rhonda Evans, who all serve with him in the ministry. They are also the proud grandparents of six grandchildren. The 25th Anniversary Banquet will be held on October 6, 2017 under the banner theme, "A Night to Remember." NOW, THEREFORE BE IT

NEW MOUNT VERNON
BAPTIST CHURCH
Open Door Church of God In Christ
70th Church Anniversary

By COUNCIL PRESIDENT JONES; COUNCIL MEMBERS CUSHINGBERRY, JR. AND SPIVEY:

WHEREAS, On October 27, 1947, at three o'clock p.m., the representative membership of the following churches and their pastors and other members assembled at Napoleon and Hastings Streets, for the purpose of organizing the New Mount Vernon Baptist Church. Rev. E. North was elected pastor. Passing away on July 29, 1953, subsequently, Rev. Henry Brantley was elected as pastor. He was installed by Rev. J. E. Moore, Associate Minister of the Pleasant District Association; and

WHEREAS, The passing of Rev. Brantley, on August 8, 1958, prompted the election of Rev. Freeman Brown, who was installed by Rev. J. T. Thomas. Under Rev. Freeman's leadership, many improvements were made: the church was painted, an organ and new robes were purchased, and an overall face-lift was given to the church. In 1964, Rev. Willis was elected as pastor. Under his leadership, the church paid off the mortgage and purchased a communion table, serving trays, linen, a piano, two electric fans and three offering plates. Rev. Willis resigned in October, 1967. In January 1968, Rev. Edward Lundy

was elected as pastor. Under Rev. Lundy 's leadership, the church was repainted, and a water heater, rubber runners and microphones were purchased. More than forty members were added to the membership and Rev. Jeremiah Palmer was licensed to preach the Gospel. In 1970, the church purchased another building, but it was destroyed by fire before they were able to march in; and

WHEREAS, Rev. Lundy resigned in 1973 and in December, Rev. Mellwood C. Brown was elected as pastor. Under his leadership much was accomplished. The building in which they presently worship, was purchased and paid for. A Nurse's Guild and the Layment Ministry were added. He was instrumental in departmentalizing the Sunday School Department. Because of a love for young ministers, several were trained under his pastorage and have gone on to become pastors themselves; and

WHEREAS, After thirty years of faithful service to the church, Rev. Mellwood C. Brown retired as pastor on December 31, 2003. Rev. Dr. Edward R. Knox was installed as pastor of New Mount Vernon Baptist Church on Sunday, December 28, 2003 by Rev. Dr. Joseph R. Jordan, pastor of Corinthian Baptist Church. NOW, THEREFORE BE IT

TESTIMONIAL RESOLUTION
IN MEMORIAM
MR. MARVELL CHEEKS, JR.

By COUNCIL PRESIDENT JONES; JOINED BY COUNCIL MEMBERS AYERS, LELAND, AND SPIVEY.

WHEREAS, We, the members of the Detroit City Council, solemnly pause today to recognize and bestow homage upon the late, Mr. Marvell Cheeks, Jr., a beloved husband, father, brother, grandfather, great-grandfather, great-great grandfather, uncle, cousin and friend to many, who was granted his angel wings on September 21, 2017; and

WHEREAS, Marvell Cheeks, Jr. was born on May 14, 1919, in Laurens, South Carolina, the fifth child of the late Marvell Sr. and Bessie Cheeks. When he was eight years old, the Cheeks Family migrated north to Detroit, Michigan, seeking better employment opportunities. As a child, Marvell was given the nickname "RUB," because he was very flexible and could stretch like rubber. He received his adolescent education in the Detroit Public Schools system, graduating from Northwestern High School in 1938. Marvell was an outstanding athlete in Track and Field. While in school, he met, dated and married a breathtaking young lady, Willa Mae Henry. To this union, five children were born: Madelyn, Raymond, Carolyn, Marvel and Marsha. During this time, Marvell served in our nation's military for the United States Navy. After receiving an honorable discharge, he gained employment with the Ford Motor Company. Although they had many great years together, raising their family and traveling, Willie Mae preceded him in death; and

WHEREAS, Marvell met N'Dambi Yakini Menjiwe in 1975 at the Shrine of the Black Madonna No. 9 for the grand opening in Atlanta, Georgia. After a long and wonderful Christian courtship of eight years, they married June 26, 1983. N'Dambi suggested Marvell take an African name and together they chose Ifuma. God gave both Ifuma and N'Dambi another chance at love and the Cheeks/Robinson families came together as one. Ifuma was a man of great faith and belief in social justice and economic empowerment. He always had an encouraging word and smile for all that he met. Everyone loved Marvell and many thought he was the coolest guy they'd ever known! He was a mentor to all of the boys and young men on the west side of Detroit, from Dexter Avenue to Lawton Street. Always willing to extend a helping hand, he served as a father figure to many in the community. His home on Carter Street was a welcoming place, where friends and family were always welcome to drop by. Marvell was an impeccable dresser, fantastic storyteller, excellent cook and played a mean game of bid whist and baseball. He was a follower of Marcus Garvey and a member of the Shrine of the Black Madonna and West Side Old Timers Club. Marvell Cheeks was the anchor of his family and a shining example of fatherhood. He believed that his children and extended family represented his legacy and reflected his values and beliefs. The lessons he taught, the example he set, and the wisdom he imparted made a significant impact in the lives of others. Mr. Marvell Cheeks Jr. has ensured that his impact would be forever embedded in the hearts of those he cherished for years to come. NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council and office of Council President Brenda Jones, hereby extends our deepest sympathy and joins with family and friends to honor the life and legacy of Mr. Marvell Cheeks, Jr. He will be greatly missed.

Historic Designation Advisory Board

October 9, 2017

Honorable City Council:

Re: Petition #1592 Council Member Gabe Leland request for a Secondary Street Sign in honor of Bishop Devay Myatt, Sr. at the intersection of Plymouth Road and Manor Avenue.

On May 15, 2017, City Council directed the Historic Designation Advisory Board staff to review documentation submitted to the City Clerk's office for the establishment of a Secondary Street Sign for Bishop Devay Myatt, Sr.

Bishop Myatt, Sr. began his ministry as a young man, under the tutelage of Dr. J.

Allen Caldwell, pastor of the Detroit's Brunette Missionary Baptist Church. In 1983 he moved to Los Angeles, California and served as Co-Pastor of the Greater Starlight Missionary Baptist Church. Three years later Bishop Myatt returned to Detroit to Co-Pastor the Motor City Missionary Baptist Church. In 1987, at the young age of twenty-five, he was appointed Pastor of Christ Temple Missionary Baptist Church. In 2012, Pastor Devay Myatt, Sr. was consecrated as State Bishop of Michigan by the Full Gospel Church Fellowship Bishop Counsel under the leadership of Bishop of Paul S. Morton, Bishop Myatt continues to serve as pastor of Christ Temple Missionary Baptist Church.

Bishop Myatt has made important contributions in the area through community outreach and education during his ministry. For the past twenty-five years the Christ Church Family has provided food and clothing to those in need. The church's outreach program includes salon services for both men and women. Bishop Myatt was also instrumental in getting the church involved in the “No Child Left Behind” tutorial services: The Family Construction Zone Community Center

and the Devon Deshawn Walton Library and Leaning Center are some of the community resources that were inspired by the Bishop's vision.

Upon review of the documentation submitted by the petitioner staff has concluded that the petition does meet the criteria for Secondary Naming of Street in accordance with Article VII Sections 50-7-31 through Sections 50-7-50 of the 1984 Detroit City Code.

Criteria

As stated in Chapter 50 of the 1984 Detroit City Code, *Streets, Sidewalks and Other Public Places, Article VII, Opening, Closing, Extending, Widening, Vacating, Naming and Renaming of Streets and Assigning Secondary Names to Streets.* A secondary street name designation may be sought to recognize a person who achieved prominence as a result of his or her significant, position, contributions to the City of Detroit, State of Michigan, the United States of America, or the international community.

1. Sites, buildings, structures where cultural, social, spiritual, economic, political, architectural history of the community, city, state or nation is particularly reflected or exemplified.

2. Sites, buildings, structures, which are identified with historic personages or with important events in the community, city, state or national history.

Staff is available to answer any questions you may have.

Honorable City Council:

Re: Central Business District Development — National Theatre and Monroe Block.

The City of Detroit Planning and Development Department ("PDD") has received an offer from the City of Detroit Downtown Development Authority ("DDA") requesting the conveyance by the City of Detroit (the "City") of the site of the National Theatre, as more particularly described on attached Exhibit A (the "National Theatre"), as well as all previously and hereinafter vacated streets and alleys located within and adjacent to the boundaries of the planned development project (including the portion of Farmer Street adjacent to the project), as depicted on the attached Exhibit B (the "Streets and Alleys").

The DDA Board of Directors has approved the terms of a 2-phase development project (the "Project") proposed by Rosko Development Company LLC, an affiliate of Bedrock Real Estate Services ("Developer") for roughly two downtown blocks consisting of (i) the surface parking lot bounded by Farmer and Cadillac Square owned by the DDA and all Streets and Alleys located within and adjacent to such property as depicted on Exhibit B (collectively, the "Phase 1 Property"), and (ii) the block bounded by Farmer, Monroe,

Bates and Randolph, which consists of the site of the former Bates garage owned by the DDA, the National Theatre and its adjacent parking lot owned by the City (the "National Theatre Site"), two buildings owned by affiliates of Developer, Farmer Street and the Street and Alleys located within and adjacent to such property as depicted on Exhibit B (collectively, the "Phase 2 Property").

Phase 1 of the Project is expected to consist of the construction of a minimum 600,000 square feet of mixed-use development on the Phase 1 Property, including at least 35,000 square feet of ground-floor retail and an office tower of at least 20 stories, and the construction of underground parking under all of the Phase 1 Property and the Phase 2 Property.

Phase 2 of the Project is expected to consist of the construction of a minimum 225,000 square feet of residential inclusive of at least 25,000 retail and a residential tower of at least 16 stories, or, if a third party single-user that commits to bringing at least 10,000 new jobs to Detroit's central business district commits to the site, Phase 2 could be redesigned to change the primary use of the site to office and accommodate an office tower as long as such office tower is at least 225,000 total square feet and 16 stories

and Phase 2 contains at least 25,000 square feet of retail space. In addition, the Developer proposes that Farmer Street be vacated so that the underground parking under the Phase 1 and Phase 2 Properties can be connected thereunder, however, the Developer's development plan provides for the surface of vacated Farmer to be owned and maintained by Developer and used as a pedestrian walkway and green space intended to connect Phase 1 and Phase 2 of the Project.

The DDA has requested conveyance of the National Theatre Site and the Streets and Alleys upon the following terms, as further described in the form of Land Transfer Agreement attached hereto as Exhibit C (the "LTA").

1. The purchase price for the National Theatre Site will be as follows:

a. $1,200,000 (i.e., the appraised value), ***plus*** (ii) all accrued and unpaid real property taxes and assessments thereon as of the closing date, not to exceed $50,000 (the "Unpaid Charges").

b. At the closing, the Developer shall - receive a credit against the purchase price for the National Theatre Site in an amount equal to $900,000 (the "Façade Credit"), which represents the estimated cost of preserving the existing façade of the National Theater (the "Façade").

c. The Project shall include the restoration and incorporation of the Façade into the redevelopment either at its current location or elsewhere on the Phase 1 or Phase 2 Property unless Developer demonstrates, through a report of a qualified structural engineer, that the Façade is unable to be preserved. The DDA and the City shall have the right to engage its own structural engineer to review and object to the results of any such report. In the event that it is determined, in the manner described above, that the Façade cannot be preserved, Developer shall be required to pay the Façade Credit.

2. The purchase price for the Streets and Alleys will be $10,000.

The Developer's obligation to complete the Project are contingent upon the Detroit City Council's approval of the LTA and the City's acknowledgment that the DDA's obligations under that certain land transfer agreement previously executed by the City and DDA with respect to the Monroe Block (the "Monroe Block LTA") have been satisfied and that the DDA may transfer the Monroe Block to the Developer in connection with the Project free and clear of the Monroe Block LTA.

We therefore request that your Honorable Body adopt the attached resolution to authorize the terms of the LTA and the transfer by the DDA of the Monroe Block to the Developer in satifaction of the DDA's obligations under the Monroe Block LTA.

By Council Member Leland:

Whereas, The City of Detroit Downtown Development Authority (the "DDA") Board of Directors has approved the terms of a 2-phase development project (the "Project") proposed by Rosko Development Company LLC, an affiliate of Bedrock Real Estate Services ("Developer") for roughly two downtown blocks consisting of (i) the surface parking lot bounded by Farmer and Cadillac Square owned by the DDA (the "Monroe Block") and all Streets and Alleys (as hereinafter defined) located within and adjacent to such property as depicted on Exhibit B (collectively, the "Phase 1 Property"), and (ii) the block bounded by Farmer, Monroe, Bates and Randolph, which consists of the site of the former Bates garage owned by the DDA, the National Theatre and its adjacent parking lot owned by the City (the "National Theatre Site"), two buildings owned by affiliates of Developer, vacated Farmer Street and the Streets and Alleys located within and adjacent to such property as depicted on Exhibit B (collectively, the "Phase 2 Property").

Whereas, The Developer's obligation to complete the Project is contingent upon (i) the City's conveyance to the DDA of the National Theatre Site, as more particularly described on attached Exhibit A. as well as all previously and hereinafter vacated streets and alleys located within and adjacent to the boundaries of the Phase 1 and Phase 2 Property (including the portion of Farmer Street adjacent to the project), as depicted on the attached Exhibit B (the "Streets and Alleys") and (ii) acknowledgement by the City that the DDA's obligations under that certain land transfer agreement dated August 6, 2002 previously executed by the City and DDA with respect to the Monroe Block (the "Monroe Block LTA") have been satisfied and that the DDA may transfer the Monroe Block to the Developer in connection with the Project free and clear of the Monroe Block LTA.

Whereas, The DDA has requested conveyance of the National Theatre Site and the Streets and Alleys upon the following terms, as further described in the form of Land Transfer Agreement attached hereto as Exhibit C (the "LTA") (the "Proposed Terms"):

1. The purchase price for the National Theatre Site will be as follows:

a. $1,200,000 (i.e., the appraised value), plus (ii) all accrued and unpaid real property taxes and assessments thereon as of the closing date, not to exceed $50,000.

b. At the closing, the Developer shall receive a credit against the purchase price for the National Theatre Site in an amount equal to $900,000 (the "Façade Credit"), which represents the estimated cost of preserving the existing façade of the National Theater (the "Façade").

c. The Project shall include the restoration and incorporation of the Façade into the Project either at its current location or elsewhere on the Phase 1 or Phase 2 Property unless Developer demonstrates, through a report of a qualified structural engineer, that the Façade is unable to be preserved. The DDA and the City shall have the right to engage its own structural engineer to review and object to the results of any such report. In the event that it is determined, in the manner described above, that the Façade cannot be preserved, Developer shall be required to pay the Façade Credit.

2. The purchase price for the Streets and Alleys will be $10,000.

Whereas, PDD has investigated current and potential uses of the National Theatre Site and has determined that it is not essential to the City, and, consistent with Section 14-8-4 of the City Code, recommends to the Detroit City Council that the National Theatre Site be declared "surplus real property".

Whereas, PDD has investigated current and potential uses of the Streets and Alleys and has determined that, subject to receipt of any required departmental and City Council approvals for the vacation of the Streets and Alleys, they are not essential to the City, and, consistent with Section 14-8-4 of the City Code, recommends to the Detroit City Council that, subject to receipt of any required departmental and City Council approvals for their vacation, they be declared "surplus real property".

Whereas, In furtherance of the Project and the redevelopment of the Phase 1 Property and the Phase 2 Property in accordance with the terms of the Development Agreement, it is deemed in the best interests of the City that the National Theatre Site and the Streets and Alleys be sold without public advertisement or the taking of bids.

Whereas, In furtherance of the Project and the redevelopment of the Phase 1 Property and the Phase 2 Property in accordance with the terms of the Development Agreement, it is deemed in the best interests of the City that the City acknowledge that the DDA's obligations under the Monroe Block LTA have been satisfied and that the DDA may transfer the Monroe Block to the Developer in connection with the Project free and clear of the Monroe Block LTA.

Now, Therefore, Be It

Resolved, That the National Theatre Site is hereby declared to be surplus real property; and be it further

Resolved, That subject to receipt of any required departmental and City Council approvals for the vacation of the Streets and Alleys, the Streets and Alleys are hereby declared to be surplus real property; and be it further

Resolved, That the National Theatre Site and the Streets and Alleys may be transferred and conveyed to the DDA upon the Proposed Terms, including the payment of monetary consideration therein described, for redevelopment as contemplated by the Development Agreement, payable in accordance with and subject to the terms and conditions of the LTA; and be it further

Resolved, That the sale of the National Theatre Site and the Streets and Alleys to the DDA in furtherance of the Project redevelopment of the Phase 1 Property and Phase 2 Property in accordance with the terms of the Development Agreement without public advertisement or the taking of bids is hereby approved; and be it further

Resolved, The DDA's obligations under the Monroe Block LTA have been satisfied and that the DDA may transfer the Monroe Block to the Developer in connection with the project free and clear of the Monroe Block LTA, which is hereby terminated and of no further force and effect; and be it further

Resolved, That the Director of PDD is authorized to execute and deliver to the DDA the LTA, substantially in the form attached hereto as Exhibit C. and to execute and deliver such deeds and other instruments as may be necessary or convenient to carry out the intents and purposes hereof; and be it further

Resolved, That the LTA will be considered confirmed when executed by the Director of PDD and approved by the Corporation Counsel; and be it finally

Resolved, That the Director of PDD is authorized to execute any required instruments to make and incorporate technical amendments or changes to the LTA (including but not limited to corrections to or confirmations of legal descriptions, or timing of tender of possession of particular parcels) in the event that changes are required to correct minor inaccuracies or are required due to unforeseen circumstances or technical matters that may arise during the term of the LTA, provided that the changes do not materially alter the substance or terms of the LTA.

LAND TRANSFER AGREEMENT
National Theatre
(100 and 118 Monroe Street
Detroit, Michigan 48226)

This Land Transfer Agreement (hereinafter "Agreement") is made this____day of _____, 2017, by and between the City of Detroit (the "City"), a Michigan public body corporate, acting by and through its Planning and Development Department, the address of which is Two Woodward Avenue, Suite 808, Detroit, Michigan 48226, and the City of Detroit Downtown Development Authority (the "DDA"), a Michigan public authority and body corporate organized and existing under Act No. 197 of the Public Acts of 1975, as amended, the address of which is 500 Griswold, Suite 2200, Detroit, Michigan 48226.

WITNESSETH:

WHEREAS, The DDA was organized by the City pursuant to Act 197 of Michigan Public Acts of 1975, as amended, in order to correct and prevent property value deterioration in the Central Business District of the City and to promote the economic growth of the City's Downtown area;

Whereas, In furtherance of its purpose the DDA is empowered by Act 197 to acquire and improve land and to construct, reconstruct, rehabilitate, restore, preserve, improve and equip buildings, and any necessary and desirable appurtenances thereto, within the Downtown district of the City for use in whole or in part by public or private persons, and to finance such projects and facilities through the issuance of revenue bonds or through the use of tax increment financing;

Whereas, The DDA is the owner of (a) certain property in the City of Detroit described in Exhibit A attached hereto (the "Monroe Block"), and (b) certain property in the City of Detroit described in Exhibit B attached hereto (the "Bates Parcel", collectively with the Monroe Block, the "DDA property");

Whereas, The City is the owner of certain property in the City of Detroit commonly known as the National Theatre, as more particularly described in Exhibit C attached hereto (the "National Theatre");

Whereas, The DDA and Rosko Development Company LLC, a Michigan limited liability company ("Developer") are parties to that certain Agreement to Purchase and Develop Land dated as of _____, 2017 (the "Development Agreement") for the redevelopment by Developer of the DDA Property and, subject to the approval by the City of this Agreement, the City Property (as hereinafter defined);

Whereas, The development contem-

plated under the Development Agreement is referred to herein as the "Project";

Whereas, The Project includes development within certain streets, alleys, and other public right-of-ways located within and adjacent to the DDA Property and National Theatre (collectively, the "Streets and Alleys"; the National Theatre and the Streets and Alleys are collectively referred to herein as the "City Property"). The Streets and Alleys include (a) the portion of Farmer Street located adjacent to the Project, as indicated on Exhibit D attached hereto, and (b) the other areas indicated on Exhibit D attached hereto. Certain portions of the streets and Alleys have previously been vacated, and Developer and/or the DDA has, is, or will be submitting petitions to have the other portions of the Streets and Alleys vacated;

Whereas, As the Streets and Alleys are located within the Plat of the City of Detroit as laid out by the Governor and Judges, once vacated, the Streets and Alleys generally do not revert to the owners of the adjoining real property, but rather become the property of the City;

Whereas, In furtherance of the Development Agreement, the DDA has agreed to purchase the City Property from the City, for subsequent conveyance to and development by the Developer, and the City has agreed to transfer the City Property to the DDA, in accordance with the terms and conditions of this Agreement; and

Whereas, The City Council, by resolution dated _____, 2017 has, authorized entering into this Agreement and the City and the DDA have determined that entering into this Agreement and assisting in the development of the Project are in the best interest of the City, will serve a valid public purpose and will benefit the public by increasing employment and housing opportunities within the City's downtown business district, promoting economic growth, preserving and improving the aesthetic quality and economic health of the City and increasing taxes and other revenues to the City.

Now, Therefore, In consideration of the foregoing premises and the covenants and agreements set forth herein, it is mutually agreed as follows:

ARTICLE I

1.01 Sale. The DDA agrees to purchase the City Property from the City and the City agrees to convey the City Property to the DDA, by quit claim deed in the form attached hereto as Exhibit E, for the Purchase Price (as defined below), subject to the terms, covenants and conditions of this Agreement, provided, however that the City's conveyance of the City Property to the DDA (the "Closing") shall be contemporaneous with the DDA's closing on the City Property and DDA Property with Developer pursuant to the Development Agreement.

1.02 Title Commitment. The DDA may obtain a commitment for an owner's title insurance policy issued by a title insurance company in the City of Detroit ("Title Commitment") to insure the DDA's title to the City Property, subject only to such conditions and exceptions as are provided for herein and reasonably acceptable to the DDA. The cost of the Title Commitment and a policy issued pursuant to it shall be paid by the DDA. At or prior to the Closing, the City will (a) cause the development plan, development agreements, and land transfer agreement set forth on the attached Exhibit F to be discharged (but with respect to the development agreement referenced in Item No. 4 on Exhibit F, the City's obligation shall be limited to its interest only), and (b) provide documentation in recordable form acknowledging or evidencing the termination, release, or satisfaction (as applicable) of the development plan, development agreements, and land transfer agreement set forth on the attached Exhibit F. With respect to all other matters of record negatively affecting the insurability or marketability of the title to the Property, the City shall have the opportunity, but not the obligation, to eliminate such matters of record from title to the Property. If the City declines to exercise such opportunity, then the City shall reasonably cooperate with Developer (at no cost or expense to the City) to cause such items to be eliminated from title to the City Property and DDA Property, as applicable. From and after the date of this Agreement, the City shall not voluntarily encumber title to the City Property or DDA Property.

1.03 Payment of Miscellaneous Expenses. The DDA shall be responsible for recording and paying any fees for recording the quit claim deed and any other documents that the City or the DDA determines must be recorded in connection with the transfer of the City Property to the DDA.

1.04 Condition of Property. The DDA shall take the City Property from the City "AS IS" and shall be responsible for any property taxes that may be or become due or that may result from any proration or assessment of taxes as a consequence of the DDA's acquisition of the City Property and, for any cost or expense associated with remediation, rehabilitation or improvement of the City Property.

1.05 Easements. The City is hereby authorized, acting through its Department of Public Works, to grant permanent non-exclusive easements for construction, tiebacks, ingress, egress, passage, and utilities), on, over, under, through, and across the public streets, alleys, sidewalks, and right-of-ways owned by the City that are located adjacent to the

cross-hatched areas as shown on the attached Exhibit D in connection with the Project pursuant to development plans for the Project that have been approved by the DDA and the Director of the City's Planning and Development Department (the "PPD Director"). Such easements shall be subject to the rights of third parties, such as utilities, and the public, and may be granted only after public notice and notice to all such third parties, and compliance with all other applicable laws and ordinances. The authority granted under this Section shall survive the Closing or other termination of this Agreement.

ARTICLE II

2.01 Purchase Price. "Purchase Price" shall mean the sum of: (a) the National Theatre Purchase Price, as such term is defined below and (b) for the Streets and Alleys, Ten Thousand and No/100 Dollars ($10,000.00).

The "National Theatre Purchase Price" means the total of (i) One Million Two Hundred Thousand and No/100 Dollars ($1,200,000.00) plus (ii) all accrued and unpaid real property taxes and assessments thereon as of the Closing, not to exceed Fifty Thousand and No/100 Dollars ($50,000.00); provided, however, unless it is determined prior to the Closing that the Façade cannot be preserved in accordance with Section 11.01 of the Development Agreement, DDA shall receive a credit against the National Theatre Purchase Price at the Closing in an amount equal to Nine Hundred Thousand and No/100 Dollars ($900,000.00) (the "Façade Credit"). If Developer receives the Façade Credit (as defined in the Development Agreement) at the Closing pursuant to Section 3.02 of the Development Agreement, but Developer is required to pay the DDA the Façade Credit after the Closing pursuant to Section 3.02 of the Development Agreement due to a determination pursuant to the Development Agreement that the Façade (as defined in the Development Agreement) cannot be preserved, then the DDA shall promptly pay the city the Façade Credit at such time as the DDA receives the Façade Credit from Developer (or shall direct Developer to pay the Façade Credit directly to the City).

The Purchase Price shall be payable in immediately available funds to the City by the DDA or the Developer contemporaneously with the Closing.

2.02 Development. The DDA shall transfer the City Property to the Developer in accordance with the terms of the Development Agreement. Other than (a) technical amendments made in accordance with Section 20.03 of the Development Agreement and (b) assignments of Developer's rights under the Development Agreement that are permitted under Section 20.04 of the Development Agreement, the DDA shall obtain the written consent of the PDD Direction prior to amending the Development Agreement in any material respect and in a manner that would affect the City Property before the delivery and recording of an Architect Certificates as provided in Section 2.03 hereof, which approval shall not be unreasonably withheld, conditioned, or delayed. The terms of this Section 2.02 shall not apply to extensions, which do not require such consent, but do not require notice to the PDD Director and to the City's Corporation Counsel pursuant to Section 8.03(b) below.

2.03 Architect Certificate. Upon the Developer's delivery to the DDA and recording of an Architect Certificates (as defined in the Development Agreement) pursuant to Section 11.04 of Development Agreement and noticed to the City of such delivery, the DDA's obligations and the Developer's obligations pursuant to this Agreement shall be deemed satisfied, and the terms and conditions of this Agreement, including but not limited to the provisions of Sections 2.02 and 3.02, shall no longer apply to the City Property that is subject to the improvements described in such Architect Certificate.

ARTICLE III

3.01 Termination of Development Agreement Prior to Conveyance. If, prior to the City's conveyance of the City Property to the DDA, the Development Agreement is canceled or terminated with regard to the National Theatre and Bates Parcel but not the Monroe Block for any reason whatsoever, the City may cancel this Agreement and any ancillary agreements, or grants, or rights with respect to the National Theatre and vacated Farmer Street only, whereupon the DDA shall have nor further rights and the City shall have nor further obligations hereunder with respect to the National Theatre and vacated Farmer Street. Provided that the Development Agreement for the Monroe Block has not been terminated or canceled, the rights and obligations of the parties with respect to the Streets and Alleys that are not adjacent to or in connection with the portion of the Project applicable to the National Theater and vacated Farmer Street shall survive. Within thirty (30) days after receipt of written notice from the City of such cancellation, the DDA shall acknowledge such cancellation and the termination of the DDA's rights and the City's obligations hereunder with respect to the National Theatre and vacated Farmer Street. In the event that the DDA fails to acknowledge such cancellation and the termination in accordance with this Section 3.01, the

DDA hereby irrevocably appoints the City as its attorney-in-fact with power to execute any and all documents necessary to acknowledge such cancellation and the termination, including but not limited to a quit claim deed from the DDA conveying to the City any and all right, title, and interest in and to the National Theatre and vacated Farmer Street.

3.02 Default by the Developer. Subsequent to Conveyance, (a) The Development Agreement shall provide that Developer shall (i) name the City as an additional insured or loss payee on any insurance policy for which the DDA is named as an additional insured or loss payee, and (ii) name the City as a guaranteed party, payee, or beneficiary under any guaranty of completion, performance bond, or other credit enhancement in favor of DDA, if any, upon the same terms and conditions as Developer's obligations to the DDA with respect thereto (collectively referred to as the "Completion Guaranties"), and (b) if, after the City's conveyance of the City Property, the Project is not developed by the Developer in accordance with the terms of the Development Agreement, then the DDA shall, within thirty (30) days after receipt of written notice from the City, exercise its rights under the Completion Guaranties and thereafter diligently pursue its remedies in accordance with the terms of the Development Agreement. In the event that the DDA exercises a remedy under the Development Agreement that includes the repurchase of all or a portion of the City Property, such property may be conveyed by the DDA to a party other than Developer in connection with a development plan substantially consistent with the development plan contemplated by the Development Agreement upon the prior written consent of the PDD Director. In the event that the DDA fails to exercise its rights under the Completion Guaranties at the direction of the City in accordance with this Section 3.02, the City may exercise its rights under the Completion Guaranties without recourse or any liability or obligation to the DDA.

3.03 Remedies. The remedy provided to the City in Sections 3.01 and 3.02 hereof shall be cumulative of all other remedies at law or in equity, and shall not be the exclusive remedy of the City against the DDA for default by the DDA under this Agreement. In the event of the City breaches any of its obligations under this Agreement, then, after reasonable notice and opportunity to cure, the DDA shall have the right solely to seek injunctive relief, specific performance or other equitable remedies for the City's breach of this Agreement, and in no event and under no circumstances shall the DDA be entitled to monetary damages. No person other than the parties themselves, the City and the DDA, shall have any rights or remedies under this Agreement. For the avoidance of doubt, the Developer shall have no claim, nor shall the City have any liability to the Developer, hereunder or otherwise, in any manner or under any circumstances, if and before or after its payment hereunder, to any portion or all of the Purchase Price, or otherwise.

ARTICLE IV

4.01 Independent Contractors. The relationship between the DDA and the City is and shall continue to be an independent contractor relationship. No liability or benefits such as workers' compensation, pension rights or liabilities, insurance rights or liabilities, or other provisions or liabilities arising out of or relating to a contractor for hire or employer/employee relationship shall arise or accrue to either party or either party's agents or employees with respect to the City as a result of this Agreement.

ARTICLE V

5.01 Mutual Cooperation. The parties acknowledge that mutual cooperation will be required to accomplish the intent and objectives of this Agreement, and therefore agree to cooperate mutually in the development of the Project in order to best serve the respective interests of the public, the DDA and the City.

ARTICLE VI

6.01 Conflict of Interest. No officer or employee of the DDA or the City shall have any personal interest, direct or indirect, in this Agreement, nor shall any such officer or employee participate in any decision relating to this Agreement that affects his or her personal interest or the interest of any corporation, partnership or association in which he or she is directly or indirectly interested.

6.02 No Individual Liability. No officer or employee of the City shall be personally liable to the DDA or its successor in interest in the event of any default or breach by the City of any term or condition of this Agreement. No officer or employee of the DDA shall be personally liable to the City or its successor in interest in the event of any default or breach by the DDA of any term or condition of this Agreement.

ARTICLE VII

7.01 Fair Employment Practices. In accordance with the United States Constitution and all federal legislation and regulations governing fair employment practices and equal employment opportunity, including, but not limited to, Title VII of the Civil Rights Act of 1964 (P.L. 88-352, 78 STAT. 252) and United States Department of Justice Regulations (28 C.F.R. Part 42) issued pursuant to the title, and in accordance with the Michigan Constitution and all state laws and regula-

tions governing fair employment practices and equal employment opportunity, including, but not limited to, the Michigan Civil Rights Act (1976 PA 220), the DDA agrees that it will not discriminate against any person, employee, consultant or applicant for employment, training, education, or apprenticeship connected directly or indirectly with the performance of this Agreement with respect to his or her hire, promotion, job assignment, tenure, terms, conditions or privileges of employment or hire because of his or her religion, race, color, creed, national origin, age, sex, height, weight, marital status, public benefit status, sexual orientation or handicap that is unrelated to the individual's ability to perform the duties of a particular job or position. The DDA recognizes the right of the United States and the State of Michigan to seek judicial enforcement of the foregoing covenants against discrimination against itself or its subcontractors.

Breach of the terms and conditions of this Article VII may be regarded as a material breach of this Agreement.

ARTICLE VIII

8.01 Notices. When either party desires to give notice to the other in connection with and in accordance with the terms of this Agreement, such notice shall be given by certified mail and shall be deemed given when deposited in the United States mail, postage prepaid, return receipt requested, and such notice shall be addressed as follows:

8.02 Force Majeure. In the event that either the DDA or the City shall be delayed, hindered in or prevented from the performance of any act required hereunder by reason of strike, lock-outs, labor troubles, inability to procure materials, failure of power, riots, insurrections, default of the other party, or by other reasons beyond its control, then performance of such acts shall, after Notice to the other Party, be excused for the period of the delay and the period for the performance of any such act shall be extended for a period equivalent to the period of such delay.

8.03 Amendments. (a) The DDA or the City may consider it in their best interest to modify or to extend a term or condition of this Agreement. Any such extension or modification, which is mutually agreed upon by the City and the DDA and approved by the City Council in accordance with City Code §18-5-5(a), shall be incorporated by written amendment into this Agreement. Such amendment shall not invalidate this Agreement, nor relieve or release the DDA or the City from any of their obligations hereunder, unless the amendment specifically so provides. Any amendment of this Agreement that will hinder, delay, obstruct, or prohibit the DDA's ability to perform under the Development Agreement shall require the prior written consent of Developer, which consent shall not be unreasonably withheld, conditioned, or delayed.

(b) Other than (a) technical amendments made in accordance with Section 20.03 of the Development Agreement and (b) assignments of Developer's rights under the Development Agreement that are permitted under Section 20.04 of the Development Agreement, the DDA shall not materially amend or change the Development Agreement without the prior written consent of the PDD Director and of the City's Corporation Counsel. In the event the DDA extends, cancels, terminates, or declares the Developer in default or exercises any remedy in the event of Developer's default under the

Development Agreement, the DDA shall promptly provide written notice of such an event to the PDD Director and to the City's Corporation Counsel (and such items do not require the prior written consent of the PDD Director and of the City's Corporation Counsel). This Section 8.03(b) shall survive the termination or satisfaction of this Agreement, shall be included in the Development Agreement, and shall be effective at all times prior to the delivery and recording of an Architect's Certificates,

8.04 Merger Clause. This Agreement shall constitute the entire agreement and shall supersede all prior agreements and understandings both written and oral between the parties with respect to the subject matter.

8.05 Binding Effect; Provisions Not Merged with Deed. The terms and conditions of this Agreement are not binding on Developer or its successors and assigns, and shall not encumber the City Property, except as provided in Sections 2.02, 3.02(a) and 8.05. The conveyance of the City Property by the DDA to the Developer shall be subject to the City's rights under Sections 2.02, 3.02(a) and 8.05 at all times prior to the Developer's delivery to the DDA and the recordation of an Architect Certificate for the improvements to be constructed on the City Property in accordance with the Development Agreement. No provision of this Agreement is intended to or shall be merged by reason of any deed transferring title to the City Property from the City to the DDA. Upon the Developer's delivery to the DDA of an Architect Certificate for the City Property in accordance with the Development Agreement, this Agreement shall terminate and be of no further force or effect with respect to the City Property for which the Architect Certificate applies.

8.06 Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed to be an original, and such counterparts shall constitute one and the same agreement.

8.07 Compliance with Applicable Law. The parties agree to comply with all applicable federal, state and local statutes, regulations, rules, ordinances, other laws and requirements now in effect or hereinafter enacted, including, but not limited to, Executive Orders 2016-1 and 2014-5, and if necessary, shall execute and deliver such supplementary documents and agreements as are necessary to meet said requirements. The Developer's obligations with respect to these matters shall be set forth in the Development Agreement only, and not in this Agreement.

8.08 Michigan Law. This Agreement is being entered into and executed in the State of Michigan, and all questions with respect to the construction of this Agreement and the rights and liabilities of the parties hereunder shall be construed in accordance with the provisions of the laws of the State of Michigan.

8.09 Time is of the Essence. The purpose of this Agreement is to facilitate completion of the Project by the Developer. Accordingly, time is of the essence with respect to all provisions of this Agreement, including amendment of any provisions herein.

8.10 Non-Waiver. No waiver at any time of any provision or condition of this Agreement shall be construed as a waiver of any of the other provisions or conditions hereof, nor shall any waiver of any provision or condition be construed as a right to subsequent waiver of the same provisions or conditions.

Planning and Development Department

October 4, 2017

Honorable City Council:

Re: A resolution to amend the Detroit Master Plan of Policies for the area generally bounded by West Fort Street, Waterman Avenue, the Chesapeake and Ohio Railroad, and Post Street to accommodate the reuse of the former Southwestern High School site (Master Plan Change #11)

Pursuant to the City of Detroit's City Charter (Section 8-102), the Planning and Development Department has submitted for your consideration and action a proposed Amendment to the Detroit Master Plan of Policies. Adoption by your Honorable Body of this resolution would accommodate changes in the Master Plan of Policies that would permit the expansion of an adjacent industrial use into a former Detroit Public School site.

Location

Southwest of the West Fort Street/Waterman Avenue intersection

The subject site is located in the Neighborhood Cluster 5, West Riverfront Neighborhood Area of the Master Plan of Policies. The site is generally bounded by West Fort Street on the north, Waterman Avenue on the east, the Chesapeake and Ohio Railroad on the south, and Post Street on the west.

Existing Site Information

In November of 2015, your Honorable Body approved the rezoning of the area to an M4 (Intensive Industrial District) zoning classification where R2 (Medium Density Residential Districts and a M3 (General Industrial District) zoning classification existed. The zoning amendment was requested to allow the expansion of Sakthi Automotive Group to the former Southwestern High School site. The southern portion of the site has been development with an industrial building immediately north of the railroad tracks. The current Master Plan of Policies Future General Land Use designation for the subject area is INST (Institutional).

Surrounding Site Information

The surrounding parcels on the south side of Fort Street are zoned M4. On the north side of Fort Street the zoning is B4 (General Business District). To the east of the site, across Waterman, is the Sakthi industrial facility. To the south, across the railroad tracks, and to the east, across Post, are other industrial buildings. Across Fort Street are various one, two and three story commercial buildings. The Master Plan Future General Land Use designation to the east and south is IL. To the west, the designation is IDP (Distribution/Port Industrial). The designation on the Fort Street frontage is CT (Thoroughfare Commercial).

Project Proposal

Sakthi Automotive Group USA, Inc., located at 6401 W. Fort, plans to make capital investments to facilitate the redevelopment and reuse of the vacant former Southwestern High School property at 6921 W. Fort Street for uses that include manufacturing, advanced worker training and employee wellness programs. The proposed manufacturing onsite will include a 100,000 square foot die-casting plant and a benchmarking facility created by the conversion of a portion of the existing school building.

Interpretation

Impact on Surrounding Land Use

The proposed reuse project will promote the growth of manufacturing in proximity to the proposed Gordie Howe bridge crossing to Canada and facilitate the redevelopment of the former Southwestern High School building.

Impact on Transportation

DDOT and SMART bus routes service the area along Fort.

Recommended Master Plan Amendment

The Planning and Development Department requests this proposed Amendment to the Master Plan of Policies to accommodate the reuse of the former Southwestern High School campus. Sakthi Automotive Group USA, Inc. is planning to reuse the campus to expand its manufacturing operations in proximity to the Gordie Howe bridge and the industrial area south of Fort Street. The Planning and Development Department therefore requests that the proposed Future Land Use map in the Master Plan of Policies be changed for the area generally bounded by West Fort Street, Waterman Avenue, the Chesapeake and Ohio Railroad, and Post Street from "INST", Institutional to "IL", Light Industrial.

A Resolution to Amend the
Detroit Master Plan of Policies
for the Area Generally Bounded by
West Fort Street, Waterman Avenue,
the Chesapeake and Ohio Railroad,
and Post Street to Accommodate the
Development of a Manufacturing Site

By Council Member Leland:

Whereas, The Detroit Master Plan of Policies, adopted July 28, 2009, consists of policies and methods for improving the City of Detroit as a place for people to live and work based upon their needs and desires; and

Whereas, The Detroit Master Plan of Policies is approved and adopted as a major reference for evaluating proposed development activities and/or action programs such as neighborhood plan, urban renewal plans, zoning amendments, property acquisition or disposition, and construction of public or private facilities; and

Whereas, The Detroit Master Plan of Policies is continuously studied and amended as needed to reflect the desires of residents, businesses, and industries of the City of Detroit; and

Whereas, the Planning & Development Department requests that the future general land use in the Master Plan of Policies be amended for an approximately 15-acre area southwest of the intersection of West Fort Street and Waterman Avenue; and

Whereas, the proposed Amendment will accommodate the redevelopment of the former Southwestern High School campus site by a Detroit manufacturing firm; and

Whereas, the proposed Amendment will promote the creation of manufacturing employment opportunities;

Now, Therefore, Be It Resolved, The Detroit Master Plan of Policies is amended as follows:

1. The only map to be modified is the Neighborhood Cluster 4, Middle East Central Neighborhood Area Map 4-6B: for the area bounded West Fort Street, Waterman Avenue, the Chesapeake and Ohio Railroad, and Post Street, which is now shown as "INST", Institutional; map is changed to show "IL", Light Industrial.

Honorable City Council:

Re: Petition #1582 (May 4, 2017) Request for a Secondary Street Sign for Terry Jean Pollard, jazz pianist, at the intersection of Klinger and East Seven Mile.

The Historic Designation Advisory Board (HDAB) has conducted its staff review of the application and documentation submitted to the City Clerk's office by petitioners, D. Michael Weeden and Tony Pollard (children of Terry Jean Pollard) for the establishment of a Secondary Street Sign for Terry Jean Pollard.

Terry Jean Pollard, a leading female jazz pianist and vibraphonist was born in Detroit August 15, 1931. Terry Jean Pollard grew up in Detroit's historic Conant Gardens, one

of the first land tracts in the city where African Americans could purchase lots upon which to build a new house. Terry Pollard grew up in the jazz-infused Conant Gardens neighborhood where she began taking piano lessons at the early age of three and was introduced to the jazz scene at the age of fourteen; when jazz in Detroit was most prolific, fertile and vibrant. Terry Jean Pollard began her professional career at the age of sixteen, when she was paid $15.00 for filling in for the scheduled keyboard player at the commencement ceremony for her nursing school graduation. Realizing she could make money playing jazz, Pollard started playing regularly at local clubs, including the historic Baker's Keyboard Lounge, the Bluebird Inn, the Beehive.

During the 1940s and 1950s, the heyday pf Detroit's Jazz scene, Terry Pollard reached her strive, her skills and reputation were such that she began performing with both well-known local jazz musicians and nationally known jazz giants who performed at Detroit jazz clubs. Terry Pollard played with Art Tatum, Gerry Mulligan, Billy Mitchell, Johnny Hill, Yusef Lateef, Chet Baker, Nat King Cole, Dinah Washington, Ella Fitzgerald and Duke Ellington. In 1952, she joined the Terry Gibbs Quartet, on piano and second vibes. They toured for eight years from 1952-1960, and recorded five albums together. In 1955, she recorded her only solo album; a self-titled album, labeled the *Terry Pollard Quintet.*

Terry Pollard made history on October 12, 1956, as one of the first African American female jazz artist to appear on NBC's Tonight starring Steve Allen, (the early incarnation of *The Tonight Show*), she and Terry Gibbs played "Gibberish" and "Now's the Time". In December, 1956, Terry Pollard was awarded the prestigious Downbeat magazine New Artist award, and nicknamed "Queen of the Vibes."

In 1960, at the peak of her career, Terry Pollard left the road to stay in Detroit and focus on her family. According to Daniel Hosper a long-time family friend, that was only part of the reason; the mistreatment, racial slurs, disrespect and the inability to sit with the audience after performances were also factors in her decision to stop touring.

Terry Pollard was an active player throughout metro Detroit and continued to play locally with the Terry Pollard Trio until 1978 when she had an aneurysm and a stroke. In 1979, a tribute concert hosted by Steve Allen was held in her honor. In 2000, Terry Pollard moved to New York to be closer to her son. Terry Jean Polard died on December 16, 2009.

Upon review of the documentation submitted by the petitioner, staff has concluded that the petition does meet the criteria for Secondary Naming of Street in accordance with Article VII Sections 50-7-31 through Section 50-7-50 of the 1984 Detroit City Code.

Criteria

As stated in Chapter 50 of the 1984 Detroit City Code, Streets, Sidewalks and Other Public Places, Article VII, Opening, Closing, Extending, Widening, Vacating, Naming and Renaming of Streets and Assigning Secondary Names to Streets. A secondary street name designation may be sought to recognize a person who achieved prominence as a result of his or her significant, position, contributions to the City of Detroit, State of Michigan, the United States of America, or the international community.

1. Sites, buildings, structures where cultural, social, spiritual, economic, political, architectural history of the community, city, state or nation is particularly reflected or exemplified.

2. Sites, buildings, structures, which are identified with historic personages or with important events in the community, city, state or national history.

Honorable City Council:

Re: Address: 4763 Springwells. Name: Jose Luis Rodriguez. Date ordered removed: April 16, 2013 (J.C.C. pages 639-646).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on August 31, 2017 revealed the building is secured and appears to be sound and repairable. The owner has paid all taxes and is current. The proposed use of the property is owner's use and occupancy. This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be obtained within 30 days.

2. The building shall be maintained securely barricaded until rehabilitation is complete. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:

• Certificate of Acceptance related to building permits

• Certificate of Approval as a result of a Housing Inspection

• Certificate of Inspection, required for all residential rental properties.

3. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

4. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,

Local writer Robin Runyan, in the internet publication Curbed Detroit, chronicled over 20 major developments. The major projects cited in the article that have started construction or will break ground in the near future include:

• **District Detroit (The Area District)** — Has started with the opening last month of the new Little Caesar's Arena and will include 50 blocks of thriving businesses, parks, restaurants, bars and event destinations.

• **The Fitzgerald Redevelopment** — includes renovating 115 currently vacant homes into a mixture of rental and for sale properties; landscaping and maintenance of 192 vacant lots; and creating a 2-acre central park anchoring a new linked greenway.

• **The Henry Ford Hospital Cancer Center** — The Brigitte Harris Cancer Pavilion, a six-story, 187,000-square-foot Pavilion, broke ground this June. Henry Ford Health Systems has purchased and cleared land in the area, and this center will be part of a larger 300-acre expansion and neighborhood redevelopment.

• **Third & Grand** — The $53.2 million mixed-use project near the Fisher Building. Construction of the six-story development is well underway and will bring 231 new apartments to Detroit's New Center area in 2018.

• **Pistons Training Facility** — Located near Tech Town, the new building will have a new training facility and corporate headquarters for the Pistons; a sports medicine, treatment, and rehab facility managed by Henry Ford Health System.

• **New Woodbridge Residential** — scheduled to break ground spring 2018 on the first phase of this project, which will include building 19 new homes that will sell for $350-400,000 each.

• **The Selden Corridor Initiative** — will include rehabbing older buildings for a "Barcade", a brewery training program, and a large co-working space. 14 eco-homes will be built nearby.

• **Elton Park** — is underway in Corktown, with new construction on vacant land and the rehab of the old Checker Cab building into lofts. The development will have a variety of rental units.

• **Mike Ilitch School of Business** — Next to the Little Caesars Arena, the Mike Ilitch School of Business of Wayne State University, is currently under construction. It should be open for classes in 2018. Also in the "District Detroit," new construction and renovations of older buildings were announced earlier this year by Olympia, including the renovation of the Hotel Eddystone and the United Artists Theatre Building.

• **The Ashton Detroit** — will bring for-sale luxury condos to the west side of downtown. Ground hasn't broken yet, but the condos are already up for sale. The $35 million, 12-story development should be open in 2019.

• **Little Caesars World Headquarters** — across from the Fox Theatre and Comerica Park, is currently under construction. The $150 million office building will have 14-foot tall "slices" facing Woodward.

• **City Modern Development** — construction has started, bringing over 400 new residences to Brush Park. Carriages houses, townhomes, apartments, and senior living options will be available starting in 2018. This is the largest new residential development in Detroit.

• **Book Tower** — the $313 million restoration is underway. The old skyscraper was power washed this summer, and interior work will start to pick up soon. Expect residential, offices, retail, and possibly a hotel in 2019.

• **Statler site** — Detroit City Club Apartments-. The new construction on the site of the old Statler Hotel around Grand Circus Park is underway and will include 288 apartments.

• The old **Detroit Free Press Building** — The renovation, which should be done in 2019, will include office space and multiple residential units.

• **Farwell Building** — Work is underway to restore the eight-story building. The $39 million project will have 82 apartments and over 25,000 square feet of retail space.

• **Metropolitan Building** — Construction has started on the building vacant for 39 years and once slated for demo. The $32 million development will become the Element Hotel.

• **Shinola Hotel** — The 1400 block of Woodward downtown will be transformed next year into a hotel, which will include 130 rooms, retail and restaurant space, and an activated alley.

• **David Stott Building** — The plan for this historic building, built originally for office space, is to rehabilitate it and convert it into a mixed-use development, with 28 floors of residential space, 6 floors of office space and one floor as dedicated ground level retail.

• **Hudson's site** — The development, anticipated to break ground this winter, will include the tallest building in Detroit (and Michigan), plus a podium building activated for community engagement. The tower will include an observation deck. The podium will have 100,000 square feet of retail space. Construction is expected to be done by the end of 2020.

• **Monroe Blocks** — Also anticipated to break ground this winter, will bring an office tower and new residential and public space downtown.

• **Stone Soap Building** — The first redevelopment in the massive East Riverfront plan, will see renovation of an old structure and new construction on top of it. The $27 million development, will break ground in spring 2018.

• **Packard Automotive Plant** — Construction officially started this spring on the largest redevelopment in North America — the Packard Plant. The first phase will renovate the Administration Building and the bridge over East Grand Boulevard. That phase is expected to be completed by the end of 2018. The entire project will take 8-10 years; and

WHEREAS, Included in the major developments is downtown's new QLINE train and the newly minted Little Caesar's Arena, which helped to facilitate the Pistons' move back to Detroit, after nearly forty years. Now Detroit stands as the only major city in America, with all four of its major sports teams (football, baseball, basketball and hockey) located in the central downtown area; and

WHEREAS, Detroit, the place where Henry Ford developed his first car, home to the Eastern Market, one of the nation's oldest and largest year round farmer's markets, the first paved road and highway in the United States, the city known as the "arsenal of democracy" during WWII, is a historic city of over 300 years that has withstood a number of challenges throughout its storied history; and

WHEREAS, Our very motto, "Speramus Meliora and Resurget Cineribus" written by Gabriel Richard after the great Detroit fire of 1805, which means, "We hope for better things" and "It will rise from the ashes," still applies today. For even after, the past years of disinvestment, population exodus and bankruptcy, here in Detroit, "our head is bloody but unbowed;" and

WHEREAS, Mayor Mike Duggan and the Detroit City Council have an exceptional working relationship. In the three years since the City of Detroit has emerged from bankruptcy, Moody's Investors Service has issued the City of Detroit two credit rating upgrades in less than three years. In addition, Moody's also assigned a positive outlook for further upward movement in the coming years amid signs of strong management of the City's finances by the Mayor and City Council. **Moody's report stated that Detroit has the following credit strengths:**

• A very healthy fund balance and liquidity to provide resources to invest in economic development or absorb a short-lived budgetary shock

• Job growth is fueling rising income taxes, positioning the city for operating surpluses in the coming years

• Very conservative fiscal management is intent on keeping general operating expenses below the current revenue intake in order to address long-term pension funding needs

• Increased road funding from the State of Michigan (Aa1 stable) will support Detroit's neighborhood revitalization initiative; Now therefore be it

TESTIMONIAL RESOLUTION
BUSY BEE HARDWARE

By COUNCIL MEMBER LELAND, joined by COUNCIL PRESIDENT JONES:

WHEREAS, Busy Bee, traces its origins to 1918, when Julian Berkovitz opened a mercantile to cater to the farmers bringing their goods to sell in Eastern Market, recognizing that many of them stayed overnight in nearby hotels and most of them had wads of cash from their market sales. Busy Bee helped them lighten their wallets and fill their empty wagons with the things they needed: hardware, appliances, tools, housewares, toys, tack and harnesses (they even outfitted the Detroit Police Department's mounted patrol). When the Barnum & Bailey Circus came to town, they would visit Busy Bee for repairs, giving rise to the store's motto (still printed on stationary today): *Everything from a mouse trap...to a tame elephant.*

WHEREAS, In the 1960s, the neighborhood of houses south of the store was torn down in the fit of urban renewal that built the apartments buildings and townhouses in our neighborhood today. “People in apartments don't need hardware stores like people who own houses,” Sandy the owner says, but the business made it through Detroit's most turbulent years because of her father's astute decision to buy the old washtub factory across the street and use it to store rock salt to supply regional businesses during the winter months. Sandy estimates that on a good year they'd sell 135 semi trucks worth, and that's how rock salt saved their store. "It's awful to say, but the worse a winter was, the better we'd do. For decades, Busy Bee was one of the major salt wholesalers and retailers in southeast Michigan.

WHEREAS, The kids of all the family businesses in Eastern Market would hang out at Busy Bee. Many of the storeowners from around the market were old friends, and gathered often to play cards. Busy Bee sells more than just hardware. There are used paperbacks, 25-cent coffee mugs, kitchen utensils and appliances, cleaning supplies, candy, and Better Made potato chips. It's still something of the general mercantile it was when it opened in 1918. It's a “vernacular” shopping experience suited to the needs of a community with few other places to shop. There are very few things you might need around the house that you can't get here.

WHEREAS, Busy Bee Hardware is located at 1401 Gratiot in Detroit, Michigan. It is open M-F, 8:00 a.m. to 4:00 p.m., and Saturday from 9:00 a.m. to 2:00 p.m. If you come to the market, there's always parking on Russell just south of Gratiot so you can stop in and say hello before or after you shop for produce.

THEREFORE BE IT RESOLVED, That the Office of City Council Member Mary Sheffield and the Detroit City Council salutes and commends Busy Bee Hardware for their success as a Detroit business, and your lasting impact on the city.

RESOLVED, On this 4th day of August, that this resolution endures as a permanent record of respect and admiration, and that a suitably-enrolled copy is presented to Busy Bee Hardware.

(b) Without limiting the generality of subsection (a), above, the City agrees that there shall be paid by the City from time to time all amounts, if any, required to be rebated to the United States pursuant to Section 148(f) of the Code. This covenant shall survive payment in full or defeasance of the Bonds.

(c) Notwithstanding any provision of this Section, if the City obtains an opinion of Bond Counsel to the effect that any action required under this Section is no longer required, or that some further action is required, to maintain the exclusion from gross income of the interest of the Bonds for federal income tax purposes pursuant to Section 103 of the Code, the City may conclusively rely on such opinion in complying with the provisions hereof.

ARTICLE V

Section 501. Establishment of Accounts and Funds. The City hereby establishes and creates the following special, separate and segregated accounts and funds which shall be held for and on behalf of the City by a bank or banks or other financial institution which the Finance Director or Treasurer of the City designates as depository of the City; provided that the Debt Retirement Fund shall be held in trust by the Master Trustee in accordance with the Master Trust Indenture:

A. Debt Retirement Fund;
B. Bond Issuance Fund; and
C. Construction Fund.

Each Authorized Officer is hereby authorized to establish such accounts, subaccounts or funds as shall be required for the Bonds, if any, to accommodate the requirements of such series of Bonds, including, but not limited to, such accounts, subaccounts or funds neces-

sary to facilitate the allocation and use of bond proceeds to finance the Projects, the purchase and payment of the Bonds, and the drawdown of proceeds thereof and the related adjustment the principal amount outstanding.

Section 502. Debt Retirement Fund; Security for the Bonds. To provide moneys to pay the principal of and interest on the Bonds and in accordance with the provisions of Act 175, there is hereby made an irrevocable appropriation of the amount necessary to pay the principal of and interest on the Bonds from the moneys to be derived from the MTF Distributions. The City reserves the right to issue Additional Bonds of equal standing and priority of lien as to the MTF Distributions with the Bonds and Outstanding Bonds within the limitations prescribed by law, as may be provided in the Master Trust Indenture and Related Documents.

There shall be, in each year that any of the principal of and interest on the Bonds remains unpaid, set aside in a separate account with the Master Trustee, to be designated 2017 MICHIGAN TRANSPORTATION FUND BONDS DEBT RETIREMENT FUND (the "Debt Retirement Fund"), sufficient moneys from the MTF Distributions in the amounts as specified in the Master Trust Indenture to pay the principal of and interest on the Bonds next maturing. The amount of the annual deposit into the Debt Retirement Fund from the MTF may be reduced from year to year to the extent that other lawfully available moneys are on deposit in the Debt Retirement Fund to pay the principal of and interest on the Bonds next maturing. Each Authorized Officer is hereby authorized and directed to enter into an agreement with such parties as may be necessary to provide for the direct intercept by the Master Trustee of the MTF Distributions in pursuance of the foregoing.

Section 503. Bond Issuance Fund. From the proceeds of the Bonds there shall be set aside in the Bond Issuance Fund a sum sufficient to pay any costs of issuance of the Bonds. Moneys in the Bond Issuance Fund shall be used solely to pay expenses of issuance of the related series of Bonds. Any amounts remaining in the Bond Issuance Fund after payment of issuance expenses shall be transferred to the Construction Fund.

Section 504. Construction Fund.

(a) After making the deposits required by Section 503, the remainder of the proceeds of the sale of the Series 2017 Bonds shall be deposited in the Construction Fund. Except for investment pending disbursement and as hereinafter provided, moneys in the Construction Fund shall be used by the City solely and only to pay the costs of the Projects as such costs become due and payable and, if necessary, to rebate arbitrage earnings, if any, to the United States Department of Treasury as required by the Code.

(b) The Finance Director is hereby authorized and directed to requisition moneys from the Construction Fund for the payment costs of the Projects, including reimbursement to the City for moneys previously expended in anticipation of issuance of the Series 2017 Bonds, to the extent reimbursement for such project expenditures has been properly induced by resolution of the City Council in accordance with the Code, if required.

(c) Gross proceeds or disposition proceeds, as defined in the regulations under Code Sections 141 and 148, respectively, resulting from any sale of any portion of the Projects shall be deposited in separate accounts established in the Construction Fund and used in the discretion of the Finance Director to pay additional costs of the Projects or transferred to the Master Trustee for deposit into Debt Retirement Fund and used to pay the principal of or interest on the Bonds. The Finance Director shall assure that such gross proceeds or disposition proceeds are invested and expended in accordance with the requirements specified in Section 505 hereof and in the Non-Arbitrage and Tax Compliance Certificate.

(d) Upon payment of all costs of the Projects, any balance in the Construction Fund shall be transferred to the Debt Retirement Fund or used in any other manner which in the opinion of nationally recognized bond counsel is permitted by law and which will not cause the interest on any Bonds issued on a tax exempt basis to become includible in gross income for federal income tax purposes.

Section 505. Investment of Monies in the Funds and Accounts.

(a) The Finance Director shall direct the investment of monies on deposit in the Funds and Accounts established hereunder, and the Master Trustee, upon written direction or upon oral direction promptly confirmed in writing by the Finance Director, shall use its best efforts to invest monies on deposit in the Funds and Accounts in accordance with such direction.

(b) Monies on deposit in the Funds and Accounts may be invested in such investments and to the extent permitted by applicable law.

ARTICLE VI

The Master Trustee for the Bonds shall act as bond registrar, transfer agent and trustee for the Bonds, and shall be initially U.S. Bank National Association, Detroit, Michigan, or such other bank or trust company located in the State of Michigan which is qualified to act in such capacity under the laws of the United States of America or

the State of Michigan. The Master Trustee means and includes any company into which the Master Trustee may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be a party or any company to which the Master Trustee may sell or transfer all or substantially all of its corporate trust business, provided, that such company shall be a trust company or bank which is qualified to be a successor to the Master Trustee as determined by an Authorized Officer, shall be authorized by law to perform all the duties imposed upon it by this Resolution, and shall be the successor to the Master Trustee without the execution or filing of any paper or the performance of any further act, anything herein to the contrary notwithstanding. Each Authorized Officer is authorized to enter into the Master Trust Indenture with such a bank or trust company, and from time to time as required, may designate a similarly qualified successor Master Trustee and enter into an agreement therewith for such services.

Section 602. Master Trust Indenture. The Authorized Officers are each hereby authorized and directed on behalf of the City to take any and all other actions and perform any and all acts that shall be required, necessary or desirable to enter into and implement the Master Trust Indenture with the Master Trustee.

(i) to confirm or further assure the security hereof or to grant or pledge to the holders of the Bonds any additional security;

(ii) to add additional covenants and agreements of the City for the purposes of further securing the payment of the Bonds;

(iii) to cure any ambiguity or formal defect or omission in this Resolution;

(iv) to amend provisions in the Resolution relating to rebate to the United States Government or otherwise, which in the opinion of Bond Counsel are required in order to maintain the exclusion of interest on the Bonds from gross income for federal income tax purposes; and

(v) such other action not materially, adversely and directly affecting the security of the Bonds; provided that the effectiveness of any supplemental resolution is subject to Section 702 to the extent applicable. Any resolution supplemental to this Resolution for purposes other than the foregoing shall require the consent of not less than 51% of Bondowners.

Section 702. Opinion and Filing Under Act 34. Before any supplemental resolution under this Article shall become effective, a copy thereof shall be filed with the Master Trustee and as provided in Act 34, if applicable, together with an opinion of Bond Counsel that such supplemental resolution is authorized or pelmitted by this Article; provided that Bond Counsel in rendering any such opinion shall be entitled to rely upon certificates of an Authorized Officer or other City official, and opinions or reports of consultants, experts and other professionals retained by the City to advise it, with respect to the presence or absence of facts relative to such opinion and the consequences of such facts.

ARTICLE VIII
DEFEASANCE

Section 801. Defeasance. Bonds shall be deemed to be paid in full upon the deposit in trust of cash or direct obligations of, or obligations the principal of and interest on which are unconditionally guaranteed by, the United States of America, or any combination thereof, not redeemable at the option of the issuer thereof, the principal and interest payments upon which, without reinvestment thereof, will come due at such times and in such amounts, as to be fully sufficient to pay when due, the principal of such Bonds and interest to accrue thereon, as confirmed by a verification report prepared by an independent certified public accountant; provided, that if any of such Bonds are to be called for redemption prior to maturing, irrevocable instructions to call such Bonds for redemption shall be given only with the prior written consent of the MFA and on such terms as may be required by the MFA. Such cash and securities representing such obligations shall be deposited with a bank or trust company and held for the exclusive benefit of the Owners of such Bonds. After such deposit, such Bonds shall no longer be entitled to the benefits of this Resolution (except for any rights of transfer or exchange of Bonds as therein or herein provided for) and shall be payable solely from the funds deposited for such purpose and investment earnings, if any, thereon, and the obligations of the City under this Resolution for the benefit of such Bonds shall be discharged.

ARTICLE IX
REIMBURSEMENT PROVISIONS

Section 901. Advancement of Costs of the Projects. At the direction of an Authorized Officer, the City may advance certain costs of the Projects from the City's general fund prior to the issuance of the Series 2017 Bonds. The City intends to reimburse itself for any costs of the Projects paid or incurred by the City prior to the issuance of the Series 2017 Bonds with proceeds of the Series 2017 Bonds.

The Internal Revenue Service has issued Treasury Regulation Section 1.150-2 pursuant to the Code, governing proceeds of tax-exempt bonds used for reimbursement, pursuant to which the City must declare official intent to reimburse expenditures with bond proceeds as provided in Section 902 below.

Section 902. Reimbursement Declarations. The City makes the following declarations for the purpose of complying with the reimbursement rules of Treas. Reg. Section 1.150-2 pursuant to the Code:

(a) As of the date hereof, the City reasonably expects to be reimbursed for the expenditures described in (b) below with proceeds of the Series 2017 Bonds, as debt to be incurred by the City.

(b) The expenditures described in this paragraph (b) are for the costs of acquiring, constructing and equipping the Projects, together with the sites therefor and all necessary appurtenances and attachments thereto which were or will be paid subsequent to sixty (60) days prior to the date of adoption hereof from the general funds of the City.

(c) The maximum principal amount of debt expected to be issued for the Projects, including issuance costs, is $124,500,000.

(d) A reimbursement allocation of the expenditures described in (b) above with the proceeds of the borrowing described herein will occur not later than 18 months after the later of (i) the date on which the expenditure is paid, or (ii) the date the Projects are placed in service or abandoned, but in no event more than three (3) years after the original expenditure is paid. A reimbursement allocation is an allocation in writing that evidences the City's use of the proceeds of the debt to be issued for the Projects to reimburse the City for a capital expenditure made pursuant to this Resolution.

(e) The expenditures described in (b) above are "capital expenditures" as defined in Treas. Reg. §1.150-1 (b), i.e., any costs of a type which are properly chargeable to a capital account (or would be so chargeable with a proper election or with the application of the definition of placed in service under Treas. Reg. §1.150-2(c)) under general Federal income tax principles (as determined at the time the expenditure is paid).

(f) No proceeds of the borrowing paid to the City in reimbursement pursuant to this Resolution will be used in a manner described in Treas. Reg. §1.150-2(h) with respect to abusive uses of such proceeds, including but not limited to using funds corresponding to the proceeds of the borrowing in a manner that results in the creation of replacement proceeds (within Treas. Reg. §1.148-1) within one year of the reimbursement allocation described in (d) above.

(g) Expenditures for the Projects to be reimbursed from the proceeds of the borrowing that are subject to the limitations set forth in this Resolution do not include (i) costs for the issuance of the debt, (ii) an amount not in excess of the lesser of $100,000 or five percent (5%) of the proceeds of the borrowing, or (iii) preliminary expenditures not exceeding twenty percent (20%) of the issue price of the borrowing within the meaning of Treas. Reg. §1.150-2(f) (such preliminary expenditures include architectural, engineering, surveying, soil testing and similar costs incurred prior to construction of the Projects, but do not include land acquisition, site preparation, and similar costs incident to commencement of construction).

ARTICLE X
OTHER PROVISIONS OF GENERAL APPLICATION

Section 1001. Approval of Other Documents and Actions; Treasury Approval. The Authorized Officers, the Treasurer and the City Clerk are hereby authorized and directed on behalf of the City to take any and all other actions, perform any and all acts and execute any and all documents that shall be required, necessary or desirable to implement this Resolution.

The Finance Director is authorized to file applications with and to pay the related fees, if any, to the Michigan Department of Treasury at his discretion under Act 34 for an Order or Orders of Approval to issue all or a portion of the Bonds and for such waivers or other Treasury approvals as necessary to implement the sale, delivery and security for the Bonds, and as required by the Michigan Department of Treasury and Act 34, including but not limited to an application for waiver of the rating requirement for bonds issued in a principal amount exceeding $5,000,000. The Finance Director is authorized and directed to pay any post-closing filing fees required by Act 34 to the Michigan Department of Treasury or other specified agency, as a cost of issuance or from other legally available funds.

Section 1002. Delegation to, and Authorization of Actions of the Authorized Officers.

(a) Each Authorized Officer is hereby authorized and directed to do and perform any and all acts and things with respect to the Bonds which are necessary and appropriate to carry into effect, consistent with this Resolution, the authorizations therein and herein contained, including without limitation, the securing of ratings by bond rating agencies, if cost effective, the negotiation for and acquisition of bond insurance and/or other credit enhancement, if any, to further secure the Bonds or any portions thereof, the acquisition of an irrevocable surety bond to fulfill the City's obligation to fund any reserve

account, the printing of the Bonds and the incurring and paying of reasonable fees, costs and expenses incidental to the foregoing and other costs of issuance of the Bonds including, but not limited to fees and expenses of bond counsel, financial advisors, accountants and others, from Bond proceeds or other available funds, for and on behalf of the City.

(b) Except as otherwise provided herein, all determinations and decisions of the Authorized Officer with respect to the issuance and sale of the Bonds as permitted or required by this Resolution shall be confirmed by the Authorized Officer in a Sale Order or Sale Orders, and such confirmations shall constitute determinations that any conditions precedent to such determinations and decisions of the Authorized Officer have been fulfilled.

Section 1003. Act 34 Approval of the Bonds. The Bonds shall neither be sold nor issued unless and only so long as the issuance of the Bonds as provided herein shall have been authorized and approved in accordance with the applicable provisions of Act 34.

Section 1004. Approving Legal Opinions with Respect to the Bonds. Sale of the Bonds shall be conditioned upon receiving, at the time of delivery, the approving opinion of Bond Counsel, approving legality of the Bonds and, with respect to the Bonds, the exclusion from gross income of the interest paid thereon from federal and State income taxation.

Section 1005. Sale of Bonds.

(a) The Bonds shall be sold by negotiated sale to the MFA at prices and on terms and conditions provided in the Purchase Contract approved by the Authorized Officer within the parameters established hereby. Based on recommendation of the Finance Director and the City's financial advisors, the Council hereby determines that a negotiated sale will allow the Bonds to be offered to investors in the most efficient manner possible while also allowing sufficient flexibility to adjust to market structuring and timing demands in order to result in the lowest possible borrowing costs for the City. Sale may be on a forward delivery basis if determined by the Finance Director to be beneficial to the City, on the terms and conditions contained in the Purchase Contract.

(b) Subject to the foregoing, the Purchase Contract shall be dated the date of the sale of the Bonds. Each Authorized Officer is hereby authorized and directed to execute the Purchase Contract for and on behalf of the City.

The appointment by the Finance Director of the law firm of Miller, Canfield, Paddock and Stone, P.L.C. of Detroit, Michigan, as Bond Counsel for the Bonds is hereby ratified and confirmed, notwithstanding the periodic representation by Miller, Canfield, Paddock and Stone, P.L.C., in unrelated matters of other parties and potential parties to the issuance of the Bonds. The appointment of FirstSouthwest, A Division of Hilltop Securities, as Financial Advisor for the Bonds is hereby ratified and confirmed. The fees and expenses of Bond Counsel, the Financial Advisor and other accumulated bond related fees and expenses shall be payable as a cost of issuance from proceeds of the Bonds or other available funds in accordance with the letter of such firm on file with the Finance Director. Notwithstanding the foregoing, the City acknowledges that such costs may be paid by the MFA's Depository out of proceeds of the MFA Bonds.

Each Authorized Officer is authorized to engage other consultants, financial advisors, or other parties as he deems necessary and appropriate in connection with the sale, issuance and delivery of the Bonds and the MFA Bonds and to pay the fees and expenses thereof from the proceeds of the Bonds or other available funds.

Section 1008. Parties in Interest. Nothing in this Resolution, expressed or implied, is intended or shall be construed to confer upon, or to give to, any person or entity, other than the City, the Master Trustee, the MFA or the Purchaser any right, remedy or claim under or by reason of this Resolution or any covenant, condition or stipulation hereof, and all covenants, stipulations, promises and agreements in this Resolution contained by and on behalf of the City, or the MFA shall be for the sole and exclusive benefit of the City, and the MFA and the Purchaser.

Section 1009. No Recourse Under Resolution. All covenants, agreements and obligations of the City contained in this Resolution shall be deemed to be the covenants, agreements and obligations of the City and not of any councilperson, member, officer or employee of the City in his or her individual capacity, and no recourse shall be had for the payment of the principal of or interest on the Bonds or for any claim based thereon or on this Resolution against any councilperson, member, officer or employee of the City or any person executing the Bonds in his or her official individual capacity.

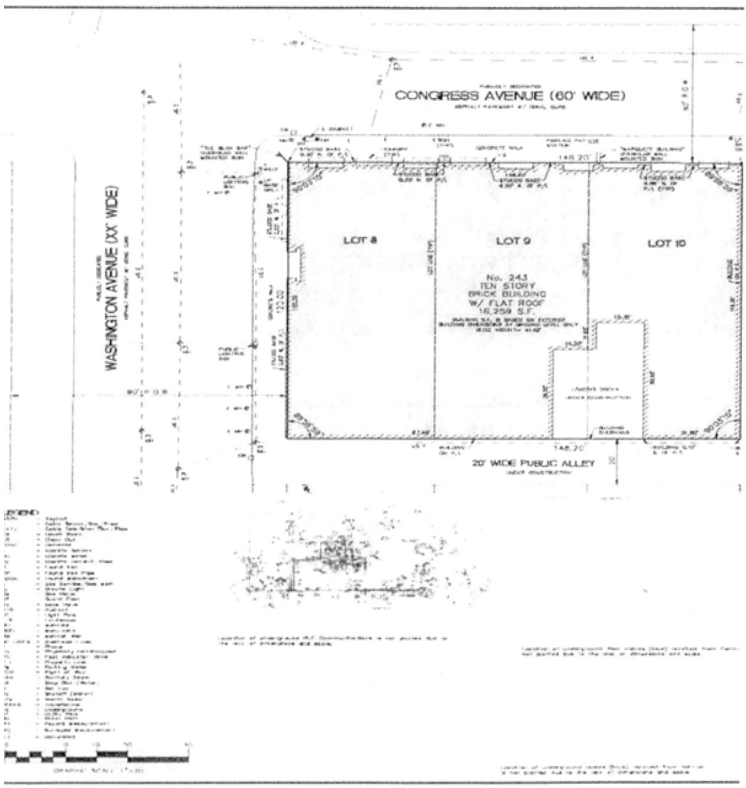
ATTACHMENT A



Legal Description

Lots 8, 9, and 10, all South of Congress Street, according to the plat of the Military Reserve, showing land granted to the City of Detroit by Act of Congress, said premises being 148.2 feet in front of Congress Street by 120 feet on Wayne Street, according to the plat thereof as recorded in Liber 5, Page 218, City Records, Wayne County, Michigan.

General Description

The Marquette is a 111-year old office building (originally constructed as a warehouse in 1905, and later converted into its current office configuration circa the 1950s) 164,000 gross square feet, 10-story, office building located on a 0.41-acre parcel in downtown Detroit, Michigan. It sits at the southeast corner of the intersection of West Congress Street & Washington Boulevard and contains frontage on both streets. This historic district is both officially recognized by the City of Detroit and listed on the National Historic Register of Historic Places. It is bound to the south by a city owned alley and to the east by adjoining property, currently used as a surface parking lot. No parking is provided on the subject site. Currently, two of the five retail suites are occupied by tenants including: Bean Bar Coffee Shop and Blue Star Café.

A majority of the upper floors are unusable in its present condition and state of abandonment. The obsolescence is evident in the lack of modern electrical, plumbing, elevator and mechanical systems. As well, the building envelope is inefficient in terms of thermal and moisture protection, including the windows which perform at a greatly diminished level due to lack of maintenance and poor thermal qualities due to their construction.

Proposed Use of the Rehabilitation Facility

The Marquette will be re-engineered from a multi-tenant facility to a sole tenant format to be utilized by 500 Adient headquarter employees from floors 2 through 10. The 1st floor is planned to continue with commercial food service, sundry retail and public lobby areas.

Nature & Extent of Rehabilitation

From a heritage perspective, the investments to be made to the Marquette will focus on returning the building back to the era of its period significance (circa 1916) in under the guidance of the City of Detroit Historic District Commission (HDC) and State Historic Preservation Office

(SHPO). This will be highlighted by the replacement of all the window and door systems, restoration of all brick façades, terracotta & limestone embellishments, preservation of historic stairwell & skylights, reintroduction of the historic large cornice below the 9th floor windows, flagpole and canopy over the Congress Street entrance.

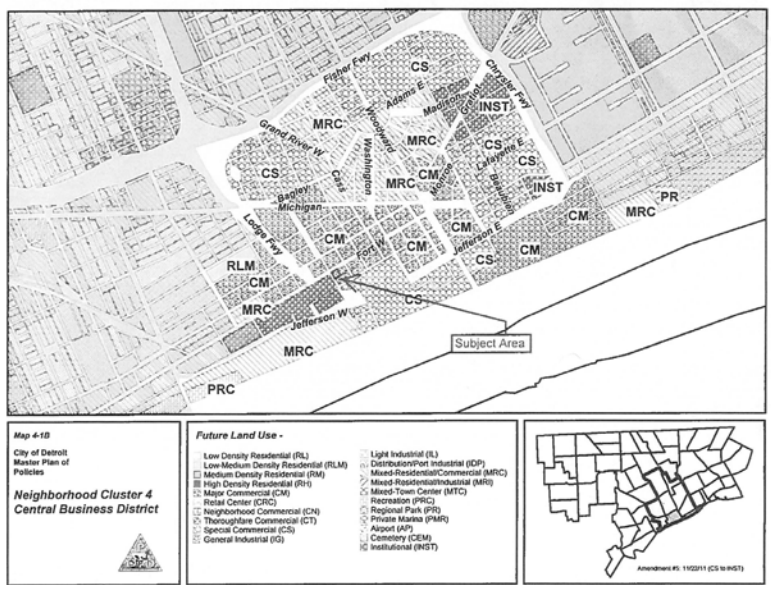
With respect to the reengineering of the building operations, the investments will be made with the intent of making the Marquette a viable and relevant member of the central business district for the long term. To this end, the building will be completely gutted including removal of the core elevator banks and rest rooms and secondary stairwell (historic stairwell will remain intact). All new building systems will be installed including elevators, electrical substations/distribution panels, rest rooms, shafts will be relocated within the building and reconstructed/replaced, new HVAC and lighting systems will be engineered for energy efficiency and occupant comfort. The main floor will continue to have opportunities for commercial retail and/or food services. The basement level will have the complete floor slab removed to accommodate redesign and replacement of drain lines. This lower level is planned to provide employee amenities such as fit-ness center, showers, bicycle storage and lockers, along with provisions for the elec- trical substations, fire pump, and back-up generator.

Fixed Building Equipment that will be part of the Building

New state of the art building support systems will be retrofit into the renovated building including modern and code compliant vertical conveyance systems (including vehicle lift), fire monitoring and detection energy efficient HVAC, back-up power generation and fire pump. New transformer banks and electrical distribution panels and metering will also be installed.

Timing to Complete Rehabilitation

The project is anticipated to begin interior demolition in the 2nd quarter of 2017, façade restoration in summer 2017 with window replacement to occur in late 2017. Major building refurbishments to occur throughout 2018 with occupancy anticipated for 1st quarter 2019.



Adopted as follows:

Yeas — Council Members Ayers, Benson, Castañeda-Lopez, Cushingberry, Jr., Leland, Sheffield, Spivey, Tate and President Jones — 9.

Nays — None.

Department of Public Works
City Engineering Division

September 20, 2017

Honorable City Council:

Re: Petition No. 1282 — EnviroSolutions Inc. requested for installation of One Permanent Monitoring well beneath

and within Berg Road ROW south of property located at 22645 West Eight Mile Road.

Petition No. 1282 of "EnviroSolutions Inc." request permission to install and maintain one permanent monitoring well in Berg Road, 66 feet wide, between Cherokee Drive, 50 feet wide, and West Eight Mile Road, 204 feet wide. The purpose of the monitoring well is associated with ongoing soil and groundwater investigation activities for the former Total Gas Station located at 22645 West Eight Mile Road.

The encroachment petition was referred to the City Engineering Division — DPW for investigation and report. This is our report.

Soil boring and permanent monitoring well installations are equivalent to an "open cut" in a public street or alley. Necessary permits will have to be obtained for any street or alley opening, backfill, or occupancy of the City rights-of-way to install monitoring wells.

The Detroit Water and Sewerage Department (DWSD) reports existing water and sewer facilities in the vicinity of the project limits. However, DWSD has no objections to the proposed encroachments provided the requirements are strictly followed. The DWSD provisions are a part of the attached resolution.

Traffic Engineering Division — DPW reports no objections to the requested encroachments into Berg Road provided that the grade shall be maintained in original condition after installation of the well, with the well cover being flush with the original grade.

All other city departments and privately owned utility companies have requested that the petitioner make use of the "MISS-DIG" facilities before any soil borings and permanent monitoring wells are installed in the public (street or alley) rights-of-way. Should damages to the utilities occur the petitioner shall be liable for all claims and damages to the encroach-ing installations.

Finally, The City Engineering Division — DPW will require "EnviroSolutions Inc." to submit certified "as-built" drawings, a map and survey showing exact location of the petitioner's complete permanent monitoring well installations within the public rights-of-way.

I am recommending adoption of the attached resolution.

Respectfully submitted,
RICHARD DOHERTY
P.E., City Engineer
City Engineering Division—DPW

By Council Member Benson:

Whereas, City Council has adopted a resolution (June 6, 1990 — J.C.C. Pgs. 1325-26) urging the Michigan Department of Natural Resources and Environmental Protection Agency ("MDNR") to investigate, inspect, and remedy all environmental problems in the City of Detroit to ensure public safety; also

Whereas, The State of Michigan requires that all-underground storage tanks shall be registered and inspected for leaks. Also, the "State" has mandated the replacement of leaking tanks including removal (and proper disposal) of contaminated soil; therefore be it

Resolved, The City Engineering Division — DPW is hereby authorized and directed to issue permits to "EnviroSolutions Inc." to install and maintain one (1) permanent monitoring well within the public right-of-way for the purpose of monitoring the presence of hazardous materials and/or soil contamination from leaking underground storage tanks; said public right-of-way being nearby or adjoining property described as follows:

Lying within Berg Road, 66 feet wide, between Cherokee Drive, 50 feet wide, and West Eight Mile Road, 204 feet wide, at a point that is 5 feet northerly of the southerly line (more or less) and 10 feet easterly of the easterly line (more or less) of Lot 6 "Riverford Heights" a subdivision of part of the North 1/2 of Section 4, T.1S., R.10E., Redford Township (now City of Detroit) Wayne County, Michigan as recorded in Liber 40, Page 44, Plats, Wayne County Records.

Encroachment to consist of (1) "permanently" (meaning more than thirty days, or other long-term duration) installed monitoring well within public rights-of-way, nearby or adjacent to the above-described property;

Provided, Detroit Water and Sewerage Department (DWSD) does not waive any of its rights to its facilities located in the right-of-way, and at all times, DWSD, its agents, or employees, shall have the right to enter upon the street or alley to maintain, repair, alter, service, inspect, or install its facilities. All cost incident to the damaging, dismantling, demolishing, removal and replacement of structures or other improvements herein permitted and incurred in gaining access to DWSD's facilities for maintenance, repairing, alteration, servicing or inspection by DWSD shall be borne by the petitioner. All cost associated with gaining access to DWSD's facilities which could normally be expected had the petitioner not encroached into the street shall be borne-by DWSD; and further

AMENDED AND RESTATED AGREEMENT

Between

DETROIT PUBLIC SCHOOLS COMMUNITY DISTRICT

and

THE CITY OF DETROIT

regarding the

Use of District Schools for Recreation Center Programs During the Summer and Agreed-Upon School Year Periods

THIS AGREEMENT ("Agreement") is entered into by and between the Detroit Public Schools Community District ("DPSCD" or "the District"), a Michigan community school district, and the City of Detroit ("City"), a Michigan public body corporate acting by and through its Parks & Recreation Department ("P&RD"), (collectively, these entities are referred to as the "Parties" and singularly a "Party") for the use of select DPSCD schools and amenities for the Detroit Parks & Recreation Department Recreation Center Programs ("Recreational Program").

WITNESSETH

WHEREAS, The City is committed to providing recreational activity opportunities for young people across the City of Detroit; and

WHEREAS, The City's P&RD would like to increase the number of locations available for City programmed recreational activities by co-locating recreation centers at certain DPSCD owned schools; and

WHEREAS, DPSCD is interested in promoting the health, safety and wellbeing of its students by allowing the City to use a certain number of DPSCD schools and facilities throughout the City of Detroit that are accessible to Detroit families in areas where City recreation centers have been closed and do not otherwise operate; and

WHEREAS, The Parties mutually desire to collaborate and allow P&RD to utilize select DPSCD schools to co-locate recreation centers and provide recreation options through the Recreational Program for youth residing in areas not currently served by a City recreation center; and

WHEREAS, The parties entered into that certain agreement approved by Detroit City Council on July 11, 2017 to provide recreational opportunities during the summer of 2017 (the "Summer Pilot Agreement"); and

WHEREAS, The parties desire to amend and restate the Summer Pilot Agreement to expand the Recreational Program beyond summer opportunities; and

NOW, THEREFORE, The Parties hereby mutually agree as follows:

A. The Parties agree that the foregoing recitals are true and are hereby incorporated into the Agreement by reference.

B. **Term**. The term of this Agreement ("Term") commenced on July 10, 2017 ("Effective Date") and shall end on August 10, 2019.

1. **Early Termination.** Either Party may terminate this Agreement at their convenience at any time during the Term by giving a written Notice of Termination at least twenty (20) days before the effective date thereof. DPSCD shall also have the right to terminate this agreement effective immediately in the event that City does not provide Summer Use Fee by the agreed upon date.

C. **Description of the DPSCD Sites.**

1. The City shall have use of certain mutually agreed upon DPSCD schools ("DPSCD Sites") for the Recreational Program, subject to the terms and conditions of this Agreement. The DPSCD Sites for each applicable summer program and each applicable program shall be set forth in an Exhibit A to this Agreement and such Exhibit A may be amended, revised and updated in writing without the necessity for completely amending this Agreement and such amended Exhibit A shall govern for the applicable period. P&RD will reserve the DPSCD Sites through the District's Community Use procedures.

2. The DPSCD Sites in Exhibit A may be modified, increased or decreased upon the mutual written determination of both 1) the DPSCD Office of Community Use; and 2) the Director of P&RD. DPSCD shall notify its DPSCD Office of Facilities as soon as possible to effectuate the change in the DPSCD Sites.

D. **Description of the Recreational Program**. The Recreational Program shall adhere to the following:

1. Subject to DPSCD's simultaneous use of the DPSCD Sites for its own recruitment and enrollment activities, school activities and other DPSCD programming which shall take precedence, the Parties will co-locate the Recreational Program within the DPSCD Sites for P&RD to operate recreation center type activities.

2. The Recreational Program will operate during such dates and times as agreed upon by the parties. It is currently contemplated that the DPSCD Sites for the after school Recreational Program will be open from **Monday through Friday** from **3:00 pm to 6:00 pm**, unless otherwise mutually agreed to by the Parties in writing, with the actual dates and hours of operation of the after-school Recreational Program to be specifically delineated in the materials provided to the public and the participants. The dates and times for the summer Recreational Program will be agreed upon by the parties in writing for any such program that the Parties mutually agree to operate, but in no event shall any summer program end later than any summer school operated by the District.

3. P&RD's operations in each of the DPSCD Sites will serve up to 45 youth ages 6-13 and have a minimum staffing ratio of 1:15.

4. Each DPSCD Site shall be serviced by a P&RD Supervisor (the "Supervisor") and designated P&RD staff member, at least one of whom will supervise the student participants and activities and be on-site each day and at all times while P&RD is operating within the DPSCD Sites. The Supervisor will also visit each of their assigned centers each day of operations.

5. Each of the DPSCD Sites will also be staffed by a DPSCD assigned individual (who may be an employee or contractor) who will be at the DPSCD Sites every day during the Recreational Program. Each Community School Coordinator shall perform specific duties as required by DPSCD.

6. P&RD shall have use of the following amenities at each of the DPSCD Sites which may vary during the time of year: gymnasium, an arts & crafts/game room, restrooms, eating area, media center, storage room and outdoor play area. Swimming pools, locker rooms will not be available for the Recreational Program. Transportation services will not be provided by DPSCD. DPSCD is also not responsible for any offsite field trips as part of the Recreational Program. P&RD will be responsible for obtaining all applicable field trip permission forms, in a form satisfactory to DPSCD.

7. All especially hazardous equipment, such as bounce houses, rock climbing walls or activities are strictly prohibited.

8. Any proposed special events or additional activities must be mutually agreed upon in writing, prior to the event or activity, by the Director of P&RD and the Sr. Executive Director of Facilities of DPSCD, or their respective designees.

9. Enrollment and acceptance of attendees into the Recreational Program will be on a first come, first accepted basis. All DPSCD Sites will be made available to the community at-large and not just students of the school.

1. Operate the Recreational Program with full responsibility for P&RD program participants, management, logistics, including, the supervision of P&RD staff ("City Staff") and ensuring that any participants not picked-up by parents, guardians or other authorized persons will be transported to a police station or other safe site.

7. Utilize DPSCD security services to ensure there is a visible security presence at the Recreational Program areas of the DPSCD Sites, including security guards and use of other security measures at the front entrance and throughout the DPSCD Sites to maintain safety, orderly operations and security of the DPSCD Sites and parking areas.

8. For each summer and after-school Recreational Program, require that City Staff working pursuant to this Agreement, at P&RD's cost (payable by check no later than 30 days after DPSCD provides an invoice for the cost), each submit to criminal background checks conducted by the DPSCD's Police Department that include:

a. Fingerprinting and detailed criminal history check; and

b. ICHAT Michigan State Police screening.

9. Only select and assign to the Recreational Program City Staff working at DPSCD Sites, who meet the requirements of full time, part-time and contract employees of a school district cleared to work in Michigan public schools as set forth in the Code, specifically Sections 1230 and 1230a (MCL 380.1230 and MCL 380.1230a). Assignment of a person ineligible to work in a school, pursuant to the Code sections referenced above, is a material breach of the Agreement and DPSCD, its sole discretion, shall have the right to immediately terminate this Agreement and the Recreational Program.

10. Assign and supervise City Staff to work at the DPSCD Sites.

18. Ensure that any registration and/or field trip form used by P&RD includes:

not be used unless DPSCD agrees and there is DPSCD authorized food service staff available during the proposed use time. Ensure that all youth who utilize the DPSCD Sites and receive SFSP meals are registered as Recreational Program participants. That if more than 45 Recreational Program participants are at a respective DPSCD Site at any time, additional P&RD staffing is provided and additional security services are employed.

21. Be responsible for securing and storing all P&RD equipment at the end of each day.

22. Immediately report any complaints, incidents at the school site regarding the Recreational Program as soon as possible to the DPSCD building administrator or a Community Schools Coordinator.

F. **Roles and Responsibilities of DPSCD.** DPSCD will:

1. Ensure that DPSCD Sites, amenities and storage areas are available to the P&RD for reasonable use for the Recreational Program during the Term of the Agreement. Notwithstanding the foregoing, DPSCD will not make modifications to the DPSCD Sites for the Recreational Program and does not make any representations or warranties regarding the suitability of the DPSCD Sites or the amenities with respect to Recreational Program operations.

The Parties agree that the Summer 2017 Use Fee and the Use Fee shall cover DPSCD's costs for operating and is fair and reasonable consideration for the City's use of the DPSCD Sites during the applicable periods. It is understood by the parties that any fees for the City's use of the DPSCD Sites from June 02, 2018 to the end of the Term may require the City to pay an additional fee, to be agreed upon prior, and as a condition to, continuation of the Recreational Program during such period.

The City shall pay the Summer 2017 Use Fee and Use Fee not with a cash payment, but by satisfaction of certain debts that DPSCD owes the City for certain charges, fees and penalties unrelated to this Agreement. The District shall provide a statement identifying the specific debts that are to be satisfied. For the periods covering the Summer 2017 Use Fee and Use Fee, the City shall not be required to pay DPSCD any community use fees or, except as provided for in this Agreement, any other additional amounts or fees to DPSCD whatsoever for use of the DPSCD Sites for the Recreational Program during those respective periods other than the Summer 2017 Use Fee and Use Fee.

No later than November 1, 2017, the City shall provide DPSCD with a satisfaction of debt letter for part of the Use Fee up to the amount of remaining debt owed to the City by DPSCD at that time. Once the District has accumulated an amount of debt with the City that meets or exceeds the remainder of the Use Fee amount, the City shall provide DPSCD a third satisfaction of debt letter for the remaining Use Fee amount. All satisfaction of debt letters shall include attached lists that outline those specific debts to be satisfied by the respective letter. Such satisfaction of debt letters shall be substantially in the form included in the attached Exhibit B to this Agreement. Notwithstanding anything to the contrary contained herein, the terms of this Agreement do not include the City's satisfaction of any debts the District owes to the Detroit Water & Sewerage Department.

H. **Hold Harmless**. DPSCD and the City each agree to remain responsible for their own negligence, or tortuous acts, errors, or omissions occurring during the Term of this Agreement, and the acts, errors, or omissions of any of their own employees, agents or associated and affiliated entities. This hold harmless provision must not be construed as a waiver of any governmental immunity by DPSCD, by the City of Detroit, or by either party's agencies, or employees, as provided by statute or modified by court decisions.

I. **Insurance**. Honorable City Council:

Re: Correction of Legal Description. Acquisition of Real Property from the Detroit Housing Commission, then Transfer to the Detroit Land Bank Authority.

On May 23, 2017, your Honorable Body authorized the acquisition of 127 single family homes from the Detroit Housing Commission ("DHC") and the subsequent transfer of these properties to the Detroit Land Bank Authority ("DLBA") to maintain, market and sell. The benefits to the City included:

- Addressing long standing blight nui-

sance properties in otherwise stable, active neighborhoods.

• Increased access to roughly $11M in additional project-based (ex. Section 8 vouchers) rental assistance that can be used to support the 30-50% medium income range.

• Expenditure of aging federal grant funding to satisfy HUD expectations and advancement of the City's housing agenda.

It has come to our attention that the legal description for four (4) of these properties, 13311 Prest, 13962 Prevost, 14561 St Marys and 14894 Strathmoor was issued in error.
