Re: Correction of Legal Description — 8700 E. Forest.

On September 10, 2003, your Honorable Body adopted a resolution authorizing the sale of an approximate 8,262 square foot site to Pingree Park Homes Limited Dividend Housing Association Limited Partnership (the "Purchaser"), a Michigan limited partnership. The City closed on the sale to Purchaser on September 25, 2003. The Purchaser constructed two affordable single-family homes on a portion of the site known as 8700 E. Forest (the "Property").

It has now come to our attention that the legal description of the Property was originally stated incorrectly and all of the Property was not properly transferred to the Purchaser.

We, therefore, request that your Honorable Body adopt the attached resolution authorizing an amendment to the original sale resolution to correct the legal description of the Property so that the balance of the site may be transferred to the Purchaser to allow for the sale of the two single-family homes to low-income buyers.

September 24, 2021

Honorable City Council:

Re: Request of 660 Woodward Associates LLC for PCA (Public Center Adjacent) Special District Review of a proposed super advertising sign at 660 Woodward Avenue. (RECOMMEND APPROVAL)

**REQUEST**

The City Planning Commission (CPC) has received a request from 660 Woodward Associates LLC for PCA (Public Center Adjacent) Special District Review of a proposed super advertising sign to be located at 660 Woodward Avenue. This request is being made consistent with the provisions of Section 50-3-222 of the Detroit Zoning Ordinance.

Subject premises — 660 Woodward Ave.

**PROPOSED PROJECT**

The updated sign ordinance that was enacted in 2020 allows for new advertising signs in the Central Business District (CBD). The specific regulations governing these signs are located in Chapter 4, Article IV, Division 5 of the 2019 Detroit City Code. Because this site is zoned PCA, all exterior changes require review by your Honorable Body.

The petitioner proposes to erect a 100' high by 50' wide (5,000 square feet) vinyl mesh sign on the east side of the building. The sign meets the regulations in the ordinance including:

- Must be constructed as a wall sign.
- No more than one advertising sign per premises.
- Area must be greater than 700 square feet, not exceed 80% of the area of the façade, and a maximum of 5,000 square feet.
- Height cannot exceed the height of the roof line or parapet.
- Clearance must be at least 10 feet

(distance between the bottom of the sign and the ground).

- May be externally illuminated but not internally illuminated.
- May not be dynamic (electronic).

**Proposed Sign Location**

As part of the review process for advertising signs in the CBD, findings by several City departments are required including:

- Department of Public Works — placement of the advertising sign on the premises will not impair the traffic safety of motorists and pedestrians.
- Chief Financial Officer — neither the applicant nor the owner of the premises to which the sign is sought to be placed is in arrears to the City for any unpaid, outstanding, or delinquent property tax, income tax, personal tax, or special assessments.
- Buildings, Safety Engineering, and Environmental Department — neither the applicant nor the owner of the premises to which the sign is sought to be placed is the subject of any outstanding violations of the Detroit City Code.
- Fire Marshall — the premises are not in violation of Chapter 18. Detroit Fire Prevention and Protection Code and that the placement of the advertising sign on the premises will not cause any such violation.
- Any other federal, state, or local governmental agency that may be necessary for construction, erection, or operation of the sign, including, but not limited to, approval by the Michigan Department of Transportation or the Detroit Historic District Commission.

This review process has not concluded, but is being conducted concurrently with the PCA Review. However, all findings are required before a permit can be issued.

**REVIEW & ANALYSIS — PCA District Review Criteria**

There are eighteen PCA District

Review Criteria listed in Section 50-11-97 of the Zoning Ordinance. The relevant criterion follows with staff analysis in italics:

(2) Scale, form, massing and density should be appropriate to the nature of the project and relate well to surrounding development. The proposed sign is located on a blank wall and appears appropriate.

(11) Signage and graphics should be tastefully designed to be visually appealing and in character with surrounding development; they should provide needed information, direction and orientation in a clear and concise manner. The proposed sign meets the standards and spirit of the ordinance. The proposed location is appropriate as does not cover any architectural details, is not located on a primary facade, and does not detract from the appearance of the building.

**Design**

The Planning & Development Department has reviewed the proposed signage and supports approval. The full recommendation is attached.

**CONCLUSION & RECOMMENDATION**

Consistent with the above, the City Planning Commission staff recommends approval of the proposed sign.

**RESOLUTION CREATING  
THE DETROIT CITY COUNCIL  
ENVIRONMENTAL JUSTICE  
TASKFORCE**

By Council Member Castaneda-Lopez:

WHEREAS, Detroit’s communities of color and low-income communities have historically been located in areas of the city having a higher density of known contaminated sites as compared to other communities, with the accompanying potential for increased environmental and public health impacts; and

WHEREAS, Detroit’s 1951 Master Plan established industrial corridors that coincided with Detroit’s Black neighborhoods, which came to be as a result of the widespread use of racist and discriminatory policies including restrictive, race-based covenants in real estate transactions and redlining; and

WHEREAS, Data collected by the Centers for Disease Control and Prevention (CDC) and other federal agencies indicate that Black children are three times as likely to have asthma compared to white children and that racial and ethnic differences in asthma frequency, illness, and death are highly connected with poverty and city air quality; and

WHEREAS, The cumulative impacts of multiple sources of exposure to environmental hazards in low-income and people of color communities, and the roles of multiple departments in addressing the causes and factors that compromise environmental health and quality of life in these communities, require a citywide response; and

WHEREAS, The Detroit City Charter states that “[t]he City shall provide for the public peace, health and safety of all persons and property within its jurisdictional limits”; and

WHEREAS, The Federal government, through Executive Order 12898, melded the concept of environmental justice to Title VI of the Civil Rights Act, which bars procedures, criteria, or methods of administration that are intentionally discriminatory as well as that appear neutral but have a discriminatory effect on individuals because of their race, color, or national origin; NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council, by this resolution, creates the Detroit City Council Environmental Justice Task Force of Council Member Raquel Castaneda-Lopez until December 31, 2021, at which time the Task Force pursuant to City Council Rules shall submit a report with its annual renewal resolution detailing how its goals and objectives have been met in the previous calendar year and any other relevant information to the Detroit City Council and the City Clerk’s Office; and BE IT FURTHER

RESOLVED, That the goals and overall purpose of the Environmental Justice Task Force shall be to strengthen the capacity of the City to eliminate the impacts imposed by current and historical actions and inactions that have contributed to communities of color and low-income communities disproportionately bearing the burden of living near sources of pollution; and BE IT FURTHER

RESOLVED, That Environmental Justice Task Force meetings will be used to engage in discussions that lead to actionable recommendations such as:

1. Model policies that prioritize highly impacted communities and vulnerable populations for the purpose of reducing environmental health disparities and advancing a healthy environment for all residents;
2. Measurable goals for reducing environmental health disparities for each community in Detroit and ways in which City departments may focus their work towards meeting those goals;

3. Best practices for increasing meaningful and inclusive community engagement that takes into account barriers to participation that may arise due to race, color, ethnicity, religion, income, or education level; and BE IT FURTHER

RESOLVED, That Environmental Justice Task Force meetings will be open to the public; with dates, times, and locations to be noticed by the Detroit City Clerk; and BE IT FURTHER

RESOLVED, That the Detroit City Council by this resolution creates the Detroit City Council Environmental Justice Task Force until December 31, 2021, at which time the Task Force pursuant to City Council Rules shall submit a report with its annual renewal resolution detailing how its goals and objectives have been met in the previous calendar year and any other relevant information to the Detroit City Council and the City Clerk's Office; and AND BE IT FURTHER

By Council Member Tate:

**AN ORDINANCE to amend Chapter 21, Article II of the 2019 Detroit City Code by adding Section 21-2-249 to establish the Wayne County Community College District/Detroit Underground Railroad Site Historic District and to define the elements of design for the district.**

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

**Section 1.** Chapter 21, Article II, of the 2019 Detroit City Code be amended by adding Section 21-2-249 to read as follows:

**Sec. 21-2-249. Wayne County Community College District/Detroit Underground Railroad Site Historic District.**

(a) A historic district to be known as the Wayne County Community College District/Detroit Underground Railroad Site Historic District is established in accordance with the provisions of this article.

(b) This historic district designation is certified as being consistent with the Detroit Master Plan.

(c) The boundaries of the Wayne County Community College District/Detroit Underground Railroad Site Historic District are as shown on the map on file in the office of the City Clerk, and are as follows: Beginning at the southwest corner of the centerline of West Fort Street and Sixth Street; thence east to the centerline of Third Avenue; thence south to the centerline of vacated West Congress Street; thence west along the centerline of said West Congress Street to its intersection with the centerline of vacated Sixth Street; thence north along the centerline of said Sixth Street to the centerline of West Fort Street and the Point of Beginning.

(d) The defined elements of design, as provided for in Section 21-2-249 of this code, are as follows:

(1) *Height.* The three (3) buildings in the district range from two (2) to six (6) stories tall. The three (3) buildings in the district consist of a two (2)-story building at 1001 West Fort Street, a two-and-one-half (2½) story gymnasium and classroom building at the southeast corner of West Fort Street and Sixth Street, and a six (6)-story administration office building at 801 West Fort Street.

(2) *Proportion of building's front façades.* The proportions of individual front façades vary within the district. The three campus structures are all wider than tall on the front façades.

(3) *Proportion of openings within the façades.* The proportion of openings within the district varies considerably but can be categorized by building type. The Curtis L. Ivery District Office/Administration Building at 801 West Fort Street has a high ratio of solid wall surfaces to openings and is composed of approximately twenty percent (20%) openings in its front, side, and rear façades. The side and rear façades are designed with similar window openings arranged in continuous horizontal rows at each floor. The front façade of the District Office/Administration Building has windows arranged vertically above the glass entry doors, again with a high ratio of solid wall surface. The Curtis L. Ivery Downtown Cam-

pus Building at 1001 West Fort Street has a high ratio of solid wall surfaces to openings and is composed of approximately twenty percent (20%) openings in its front, side, and rear façades. The windows and openings are arranged on both the first and second stories, in large plate glass openings, and smaller fixed window openings. The Curtis L. Ivery Health & Wellness Education Center at 971 West Fort Street is composed of approximately 30 percent (30%) openings in its front, side, and rear façades. Several areas of the front façade of the buildings are faced with a curtain wall of windows. Window sizes and the proportion of individual windows vary within the district and include fixed aluminum, fixed steel, fixed rectangular and divided, and other types of windows appropriate to the variety of time periods and architectural styles found in the three individual buildings within the district.

(4) *Rhythm of solids to voids in the front façades.* The district has a variety of building types, with distinctive openings on each of the three (3) buildings in the district. The Curtis L. Ivery District Office/Administration Building at 801 West Fort Street has recessed window wall above the main entry doors. A rhythm of solids to voids are at the long ribbon window openings arranged horizontally at the north, west, and south façades. The rhythm of solids to voids in the front façades of both the Curtis L. Ivery Downtown Campus Building at 1001 West Fort Street and the Curtis L. Ivery Central Educational Complex and Health & Wellness Education Center at 971 West Fort Street are arranged both vertically and horizontally at irregular intervals. The solids and voids in the buildings of the district have no regular rhythm.

(5) *Rhythm of spacing of buildings on streets.* The overall character of the district is one of three (3) visually distinct buildings. Two (2) buildings are separated by the Fort Street Plaza, and there is a smaller concrete plaza at the west side of the district. All of the buildings in the district are set back from West Fort Street at approximately the same distance from the public sidewalk.

(6) *Rhythm of entrance and/or porch projections.* There is little uniformity among primary entrances to the three (3) buildings within the district. The Curtis L. Ivery District Office/Administration Building at 801 West Fort Street has its main entrance is flush with the building façade at grade level at the southwest corner of West Fort Street and Third Street. There are three glass and aluminum entrance doors flanked by large glass one-over-one glass framing system. Another entrance to the building is from the Fort Street Plaza, raised from the street level. The main entry for the Curtis L. Ivery

Downtown Campus Building (1001 West Fort Street) is accessed from nine steps above the sidewalk of West Fort Street. The Curtis L. Ivery Health & Wellness Education Center (971 West Fort Street) is raised from the public sidewalk at West Fort Street by four (4) steps. The western entries for the Health & Wellness Education Center are at grade level. No consistent rhythm of entrance and/or porch projections exist for the historic district buildings.

(7) *Relationship of materials.* A variety of building materials exist throughout the district, including brick, metal, concrete, and glass. Window frames and sashes are aluminum, some window frames are black aluminum on the Downtown Campus Building (1001 West Fort Street) and the Health & Wellness Education Center Building (971 West Fort Street). There are visible roof slopes on the staircases of the Downtown Campus Building (1001 West Fort Street), where the roof slopes are finished in standing seam steel. Landscape elements include concrete planters and plazas as well as metal lighting fixtures, benches, and trash receptacles. Reinforced formed concrete walls are throughout the district. Planting areas in the plazas and at the sidewalks feature aggregate concrete walls. There are paved asphalt and concrete parking lots surrounding or adjacent to most buildings in the historic district.

(8) *Relationship of textures.* On most buildings, textural effects contrast with each other, with textured brick and exposed concrete panels contrasting with glass windows, and smooth metal panels. Most of the exposed concrete is on the Downtown Campus Building, and it has a consistent appearance. The most significant texture in the district exists on the smooth metal panels and glass is used extensively on the Administration Building. Fort Street Plaza is paved with red brick pavers with a distinct stretcher pattern creating a variegated brick texture. The new Health & Wellness Education Center Building (971 West Fort Street) is faced with a variety of textures including narrow roman brick, large expanse of glass, and a smooth silver metal panel texture.

(9) *Relationship of colors.* The dominant color of grey and light silver, often contrasted with exposed concrete, lends a unifying appearance to the buildings in the historic district with otherwise reflect a diversity of styles, functions, and time periods. Another dominant color in the historic district is royal blue; the school color used on signage, light pole banners, and painted bollards throughout the district. The other dominant color in the historic district is dark brown found on the doors, window frames, signage lettering, and trashcans. Two (2) dark-orange standing-seam metal roofs

are on the Downtown Campus Building's staircases, and over the south side of the building, adjacent to the parking structure. A range of light and dark grey defines the glazed brick used at the planter wall along West Fort Street and at supporting columns for the Health & Wellness Education Center Building (971 West Fort Street). Fort Street Plaza is mostly finished in light reddish paver bricks. White planter boxes are throughout the Fort Street Plaza. There is a broad green lawn in the Fort Street Plaza and another lawn on the east side of the Downtown Campus Building recessed entry along West Fort Street. Young street trees, ivy, ornamental grasses, and shrubs provide contrasting green. Sidewalks consist of slabs of naturally colored gray concrete. Surrounding parking lots are either gray asphalt or larger slabs of naturally colored gray concrete.

(10) *Relationship of architectural details.* A variety of architectural styles are represented in the district, including Post-Modern, Brutalist, and Contemporary. Architectural details vary throughout the district, but buildings are generally detailed according to the characteristics of their individual architectural styles. Decorative details on the Brutalist style building (the Downtown Campus Building at 1001 West Fort Street) includes incised concrete, exposed aggregate concrete, and smooth concrete. The Post-Modern style building (the District Office/Administration Building at 801 West Fort Street) and the Contemporary style building (the Health & Wellness Education Center at 971 West Fort Street) are styles that notably feature a lack of architectural detail; the buildings incorporate modern materials and horizontal geometric simplicity. Fort Street Plaza's architectural details include the square white concrete planter boxes, red brick pavers, and modernistic light fixtures. At the West Fort Street side of the Fort Street Plaza is a green lawn containing a white landscape rock garden with the letters, "WCCCD" created from synthetic landscaping material, centered in the lawn. There are three (3) flagpoles centered in the lawn as well.

(11) *Relationship of roof shapes.* The majority of buildings in the district have flat roofs that cannot be seen from the ground, with the notable exception of the three (3) angled standing-seam metal roofs on the staircases of the Downtown Campus Building (1001 West Fort Street). The building also has an angled standing-seam roof at the south side of the building.

(12) *Walls of continuity.* In the district, along the south side of West Fort Street, the three (3) campus buildings and the Fort Street Plaza are sited in a linear fashion creating a wall of continuity running

east-west. The linear progression of the campus stairs along West Fort Street creates a continuous wall. The vertical light standards, concrete fencing, and young planted trees, where they exist, result in linear expressions of continuity in the overall landscape.

(13) *Relationship of significant landscape features and surface treatments.* Landscape features of the historic district include concrete-faced knee walls, steps and planters. The most significant landscape feature in the district is Fort Street Plaza, a trapezoid-shaped site with a stepped pedestrian plaza paved with red brick laid in a stretcher pattern. The plaza is accessible from steps on West Fort Street as well as a ramp on West Fort Street. Doors from the District Office/Administration Building (801 West Fort Street) and the Downtown Campus Building (1001 West Fort Street) lead onto the plaza. The south side of the plaza has a four (4)-foot tall concrete wall that views onto the John C. Lodge (M-10) expressway below. Grassy lawns are present at both the Fort Street Plaza and the western entry to the Downtown Campus Building. The campus includes multiple trees and shrubs planted around building perimeters, and at the public right-of-way sidewalk of West Fort Street. There are tall metal vertical light standards, blue metal bollards and street furniture such as brown trash receptacles, planters, and benches. Sidewalks consist of slabs of naturally colored gray concrete. Surrounding parking lots are asphalt-paved parking lots, or concrete-paved parking lots.

(14) *Relationship of open space to structures.* Designed as a campus, buildings were sited to relate to each other and the spaces between them were based on the necessity of the logistics for pedestrians to move from one building to the other. The Fort Street Plaza provides open space between the taller District Office/Administration Building (801 West Fort Street) and the Downtown Campus Building (1001 West Fort Street). Parking lots and paved areas for vehicular usage are now the primary function of the ample open space south of the historic district.

(15) *Scale of façade and façade elements.* The West Fort Street façades in the historic district range from two (2)-stories to six (6)-stories in scale. The façade of the Health & Wellness Education Center (971 West Fort Street) ranges from two (2)-stories tall to two (2)-and-one-half stories tall. Elements and details are in proportion to their respective façades.

(16) *Directional expression of front elevations.* The directional expression of individual front elevations varies throughout the district. The District Office/Administration Building's front elevation is at the chamfered edge that faces north to the intersection of West Fort Street and Third

Avenue. The District Office/Administration Building's West Fort Street elevation faces northeast. The front elevation of the Fort Street Plaza, facing West Fort Street faces northeast. The front elevation of the Downtown Campus Building also faces northeast. The front elevation of the Health & Wellness Education Center also faces northeast.

(17) *Rhythm of building setbacks.* The generally common setback of the façades of the buildings in the district creates a street-wall along West Fort Street. The orientation of the District Office/Administration Building's main entrance at the corner of West Fort Street and Third Avenue is the exception to this otherwise consistent setback.

(18) *Relationship of lot coverages.* The district is an irregular complex of structures, and buildings are situated on one (1) lot created for the campus. The buildings occupy approximately sixty percent (60%) of the property within the historic district.

(19) *Degree of complexity within the façades.* In general, the façades feature a restrained degree of stylistic detail. They are straightforward in their fenestration and architectural detail, resulting in a varying degree of complexity. However, a fair degree of complexity is found on the Health & Wellness Education Center (971 West Fort Street).

(20) *Orientation, vistas, overviews.* The district consists of structures designed to accommodate the grade change and topography as the land slopes towards the Detroit River located just a few blocks to the south. The historic district structures are generally oriented north towards West Fort Street, east to Third Avenue, and west to Sixth Street. The buildings within the historic district create an open and varied silhouette. Most of the buildings are entered from the West Fort Street façade, with the exception of the District Office/Administration Building (801 West Fort Street). The underpass of the John C. Lodge Expressway (M-10) allows drivers to view the campus buildings from below. There is an overview to the John C. Lodge Expressway from the Fort Street Plaza's southern wall. Because Third Avenue and Sixth Street both descend towards the Detroit River, there is a marked change in grade at the southern side of the historic district. The taller heights of the surrounding buildings south of the historic district prohibits a vista, or view, to the Detroit River. The historic district has a vista towards downtown Detroit's monumental skyscrapers located several blocks to the east of the campus. From the Fort Street Plaza, there is a vista to buildings at the north, east, and west.

(21) *Symmetric or asymmetric appearance.* All of the buildings in the historic district have an asymmetric façade. The

Third Street façade of the District Office/ Administration Building (801 West Fort Street) is asymmetrical in appearance due to its raised platform accommodating the grade change. The West Fort Street façade of the District Office/Administration Building (801 West Fort Street) is also asymmetrical in appearance. The West Fort Street façade of the Downtown Campus Building (1001 West Fort Street) is asymmetrical in appearance as the window configuration, staircases, and entry doors are in off-centered locations. The Health & Wellness Education Center (971 West Fort Street) has an asymmetrical façade on both West Fort Street, and on Sixth Street.

(22) General environmental character. The general environmental character surrounding the historic district consists of the wide six (6)-lane West Fort Street, surface parking lots, large low-scale industrial and office buildings and other institutional structures. The buildings to the south include the Joe Louis Arena Parking Structure, and the Riverfront Towers, a series of three tall concrete and glass buildings with a parking structure. The historic Fort Street Presbyterian Church is directly across the street from the campus at the northeast corner of Third Avenue and West Fort Street. The surrounding area to the west and north of the district consists of large density wholesale and industrial buildings. The four (4)-story John K. King Used & Rare Books retail store is located on the north side of West Fort Street, directly across from the district.

**Section 2.** All ordinances, or parts of ordinances, or resolutions, in conflict with this ordinance are repealed.

**Section 3.** This ordinance is declared necessary for the preservation of the public peace, health, safety, and welfare of the People of the City of Detroit.

**RESOLUTION OPPOSING THE DEPORTATION AND INHUMANE TREATMENT OF HAITIANS SEEKING ASYLUM AND REFUGE IN THE UNITED STATES OF AMERICA**

By Council Member Castaneda-Lopez:

WHEREAS, Immigrants from the Caribbean region, including Haiti, have been settling in Michigan since the 1800s. The earliest arriving families found lodgings in the established black neighborhood of the Lower East Side, known as Black Bottom. They were parishioners at St. Matthew’s Episcopal Church — deemed the “West Indian Church”, Bethel AME, and St. Cyprian. They work in our community as healthcare providers, teachers, engineers, business owners, and the full range of local employment endeavors; and

WHEREAS, The Detroit community and the Detroit City Council unequivocally denounces the inhumane treatment of Haitians seeking asylum at the southern border of the United States, as is their legal right under international law; and

WHEREAS, U.S. Customs and Border Patrol officers met tired, hot, hungry migrants on horseback, using reins to lash and whip human beings seeking shelter at our border, conjuring up images of savage slaveholders. It is imperative that these Haitian refugees who have made the dangerous trek from their ravaged homeland to seek refuge in the U.S. be subject to fair and equal treatment rather than the continued struggle typical for black migrants; confronting racism as further punishment at the U.S. border must not stand. All immigrants must be treated the same regardless of the color of their skin or the country from which they are seeking asylum; and

WHEREAS, The Collective Community of the Haitian Network Group of Detroit (HNGD), The African Bureau of Immigrant and Social Affairs (ABISA) and the Caribbean Community Service Center (CCSC) in collaboration with other grassroots community advocates held a “CALL TO ACTION” at Spirit Plaza, Two Woodward Avenue, Detroit, MI on Sunday, September 25, 2021, to demand that Haitian asylum seekers be treated with dignity and respect; and

WHEREAS, Michigan members of Congress, Rashida Tlaib and Brenda Lawrence, representing residents of the metropolitan Detroit area, published an opinion in the Detroit Free Press on October 6, 2021, reiterating the evidence of the ongoing history of racism in our country’s immigration system, citing “the deeply rooted culture of anti-Blackness and extremist thinking within our immigration system that is leading to intolerable human rights abuses;” and

WHEREAS, The Detroit City Council concurs with the sentiments expressed by its Congress members; and further, affirms the importance of promoting awareness and understanding of the roles Haitian immigrants have played in the City of Detroit and applauds Haitian nationals for the services they provide in the growth and development of the City of Detroit and the State of Michigan. City Council encourages residents of all ages in the City of Detroit to commemorate and celebrate the mission, vision and purpose of the Caribbean led organizations to support, empower, and advocate for Caribbean nationals in the Americas. NOW, THEREFORE, BE IT

RESOLVED, The Detroit City Council reaffirms its commitment to providing a welcoming and safe environment to Haitian asylees and refugees that enter our country, and ultimately, our city; and BE IT FURTHER

RESOLVED, The Detroit City Council calls on the United States government to reaffirm its support for the Caribbean region and its citizens to create a sustainable welcoming environment for them and their families; and further, to immediately terminate the unjust and brutal application of Title 42 of the 1944 Public Health Service Act to block asylum seekers under the false pretense of stopping the spread of disease, a policy that is being discriminatorily used to expel and deport Haitian asylum seekers; and BE IT FINALLY

RESOLVED, The Detroit City Clerk is directed to send copies of this resolution to Mayor Mike Duggan, Governor Gretchen Whitmer, President Joseph Biden, and Michigan's Congressional delegation

We, therefore, request authorization to settle this matter in the amount of Ten Thousand Dollars and No Cents (\$10,000.00) and that your Honorable Body direct the Finance Director to issue a draft in that amount payable to Affiliated Diagnostics of Oakland, LLC and its attorney, Cochran, Kroll, & Associates, P.C, to be delivered upon receipt of a properly executed Release and Stipulation and Order of Dismissal entered in Lawsuit No. 21-145169-GC, approved by the Law Department.

October 12, 2021

Honorable City Council

Subject: Request to Amend the Official Compensation Schedule

Recommendation is submitted to amend the 2021-2022 Official Compensation Schedule to include the following pay adjustments, subject to City Council approval:

Class Code	Title	Current Salary Range	Proposed Salary Range	Bargaining Unit
19-94-31	Supervising Electrical Inspector	\$73,893-\$73,893	\$65,332-\$85,226	9001 Non-Union
81-199331	Supervising Plumbing Inspector	\$73,893-\$73,893	\$65,332-\$85,226	9001 Non Union

**Request:**

Request was submitted by Denise Starr, Human Resources Director of the Human Resources Department.

**Rationale:**

The request and recommendations are to resolve internal equity issues that arose from the pay ranges of represented Supervising Inspectors in the Building, Safety Engineering, and Environmental Department (BSEED) being adjusted as a result of bargaining union negotiations. The pay ranges for the Supervising Electrical Inspector and Supervising Plumbing Inspector were not adjusted during the same period because these positions are non-union.

A market study was conducted for the Supervising Electrical Inspector and Supervising Plumbing Inspector using data from external survey sources. The results indicate the pay ranges for these positions are not competitive.

The proposed adjustments are essential for recruitment and retention purposes and is based on the City of Detroit's ability to fund the increase. The proposal is subject to City Council approval.

Respectfully submitted,  
DENISE STARR  
Human Resources Director

By Council Member McCalister, Jr.:

Resolved, That the 2021-2022 Official Compensation Schedule is hereby amended to reflect the following pay adjustments, effective upon Council's approval.

81-199331	Supervising Plumbing Inspector	\$73,893-\$73,893	\$65,332-\$85,226	9001 Non Union

**City Planning Commission**

October 15, 2021

Honorable City Council:

Re: A text amendment to amend Chapter 50 of the Detroit City Code, *Zoning*, Article VIII, *Residential Zoning Districts*, Article IX, *Business Zoning Districts*, Article XI, *Special Purpose Zoning District and Overlay Areas*, Article XII, *Use Regulations*, Article XIV, *Development Standards*, and Article XVI, *Definitions and Rules of Construction*, to revise shelters for survivors of domestic violence as a by-right use in R2 zoning districts; to add use regulations for shelters for survivors of domestic violence; and to make certain non-substantive corrections. (RECOMMEND APPROVAL)

The City Planning Commission (CPC) has completed its review and deliberations on the proposed text amendments pertaining to shelters for victims of domestic violence. Please see the attached copy of the public hearing notice showing the summary of the ordinance as published for the CPC proceedings.

**BACKGROUND**

Among the many emergency service providers and supportive services organizations the City of Detroit licenses, permits, and regulates, emergency shelters and shelters for victims of domestic violence are among those that provide the greatest level of wraparound services for our city’s most vulnerable populations.

Regulations for shelters for victims of domestic violence have been codified in the City Code as early as 1995. From 1992 to 1995, there were protracted, in-depth discussions about shelters within the City of Detroit and the manner in which they should be regulated. The Consumer Affairs Department was deeply involved with shelter licensing, heading the Shelter Task Force which tried to balance the concerns of proponents and objectors to such uses.

Ord. No. 23-94 amended Chapter 44 of the 1984 Detroit City Code and provided for the licensing of emergency shelters (but not domestic violence shelters). At the time of enactment, there was no provision in the Zoning Ordinance for such a land use, although many emergency shelters had already been established under other land use labels. The Zoning Ordinance amendment which first codified “emergency shelter” and “domestic violence shelter” definitions, processes, and regulations was Ord. No. 8-95.

While these uses are permitted at the local level, they are heavily regulated and monitored by the State of Michigan. The Michigan Domestic and Sexual Violence Prevention and Treatment Board, which regulates and authorizes such facilities, was established in 1978 by state legislation that created the Governor-appointed board responsible for focusing state activity on domestic violence. The Board’s offices are administratively housed within the Michigan Department of Health and Human Services. The Board develops and recommends policy; develops and provides technical assistance and training to the criminal justice system and child welfare agencies; and, administers state and federal funding for domestic and sexual violence services.

The Michigan Domestic and Sexual Violence Prevention and Treatment Board has recently been petitioned by a Detroit-based non-profit organization, the Islamic Center of North Detroit, to establish a new shelter for victims of domestic violence in the underserved neighborhood of Campau/Banglatown in Council District 3.

In the process of reviewing the initial request from the Islamic Center of North Detroit for a rezoning, Commission staff questioned the appropriateness of the continuation of the term “victim” when referring to survivors of sexual abuse and/or domestic violence.

In preparing this text, Commission staff has consulted with several stakeholders, including Neighborhood Legal Services, Neighborhood Service Organization, YWCA, the Housing and Revitalization Department, and the Michigan Domestic and Sexual Violence Prevention and Treatment Board to determine if there might be any adverse effects to amending the language of the zoning ordinance beyond the land use permissibility.

It has been communicated that some grantmakers and flinders prefer the term “victim” over “survivor” as a victim might signify someone as needing help. “Survivor” is typically associated with someone who has overcome their current situation and may not need assistance rendered. While this may be the preferred language in some sectors of the grant-making philanthropic community, many if not all of the service providers in the City of Detroit utilize the term “survivor” as a part of their promotional materials and day-to-day operations.

**PROPOSED ZONING PROVISIONS**

Below is an analysis and summary of the provisions of the proposed text amendments to Chapter 50.

**Article VIII, Residential Zoning District Amendments**

The proposed ordinance amends Article VIII, Divisions 3, 4, 5, 6, and 7, which comprise the use lists for the R2 — Two-family Residential District, R3 — Low-

Density Residential District, R4 — Thoroughfare Residential District, R5 — Medium Density Residential District, and R6 — High-Density Residential District zoning classification by adding shelters for survivors of domestic violence as a by-right use in the R2 zoning classification and amending the term, "victim," to state "survivor" in the land use, "shelters for survivors of domestic violence."

Presently, such uses are only permitted by reference in the R1 (Single-family Residential District) and the R2 zoning classifications where they are duly recognized by the State of Michigan Domestic Violence Prevention and Treatment Board; have been established in either the R1 or R2 zoning district; have been in operation as a shelter prior to April 26, 1995; and, have secured an occupancy or change of use permit for a shelter for victims of domestic abuse no later than October 26, 1995, Per Section 50-12-65(c). Shelters meeting this narrow requirement are permitted to continue as a nonconforming use. While shelters located in the R1 and R2 do not presently appear on the use list for either zoning district they are subject to the restrictions set forth in Article XV — *Nonconformities* of the zoning ordinance and are subject to other provisions of the City Code.

In addition to amending the term "victim" to "survivor" throughout the entirety of Zoning Ordinance, the Commission is recommending the amendment of Section 50-8-110, *Conditional residential uses*, Division 6, *R4 Thoroughfare Residential*

*District* by striking "shelter for victims of domestic violence" from the conditional land use list. The definition of this use as well as industry standards and best practices dictate that such facilities be cited as by-right uses in order to maintain the facility's anonymity. Division 6 presently shows the subject land use as both by-right and conditional.

**Article IX, Business Zoning District Amendments**

The proposed ordinance amends Article IX, Divisions 2, 3, 5, and 6, which comprise the use lists for the B1 — Restricted Business District, B2 — Local Business and Residential District, B4 — General Business District, B5 — Major Business District, and B6 — General Services District zoning classifications by amending the term, "victim" to "survivor."

**Article XI, Special Purpose Zoning District Amendments**

Article XI, *Special Purpose Zoning District and Overlay Areas*, Division 9, *SD1 — Special Development District, Small-Scale, Mixed-Use* is being amended by revising the term, "victim" to "survivor."

**Article XII, Use Regulations Amendments**

Section 50-12-21. Group living, Division 1. *Use Table*, Subdivision B, *Residential Uses* is being amended by adding the land use, "shelters for survivors of domestic violence" as a by-right use in the R2 zoning classification. The use table is being further revised by striking "shelters for survivors of domestic violence" as a conditional use in the R4 zoning classification.

Division 3, *Specific Use Standards*, Subdivision A, *Residential Uses*, Section 50-12-165, *Shelters for victims of domestic violence* is being revised to reflect the following changes:

- 1) Striking the term, "victims," and replacing it with "survivors" in subsection (a), also specifying that Buildings Safety Engineering and Environmental Department (BSEED) has the authority to determine the maximum capacity for such uses in the R2, R3, R4, R5, R6, B1, B2, B4, B5, and SD1 zoning classifications.
- 2) Striking the current R3 and R4 limitation in subsection (b): that shelters for survivors of domestic violence only be permitted by-right where the shelter is adjacent to, or across an alley or street from land zoned in a business or industrial district classification, and that the zoning lot of the shelter abut a major thoroughfare as designated in the Master Plan.

Over time, this language was found to be unnecessarily restrictive in terms of situating such facilities. The manner in which these facilities have historically operated within the City of Detroit has had a minimal impact on the host communities. In preparing this text amendment, the Commission has mapped the communities in which these types of facilities currently operate. In order to ensure that the impact of such uses on traditionally single-family and two-family residential neighborhoods is minimized, the following language is being proposed to be added to subsection (b):

"In the R2 District, such uses may be established only in former religious residential structures, nonconforming multi-family residential structures, or a former school building under the adaptive reuse provisions of this Chapter."

- 3) Striking the term, "victims," and replacing it with "survivors" in subsection (c).

**Section 50-12-492, *Prohibited uses and activities*** are being revised by striking the term "victims" and replacing it with "survivors" in subsection (c).

**Article XIV, *Development Standards*, Division 1. *Off-Street Parking, Loading, and Access*, Section 50-14-33, *Group living*** is revised by striking the term, "victims," and replacing it with "survivors."

**Article XVI, *Definitions and Rules of Construction*, Division 2, *Words and Terms Defined*, Subdivision F. *Letter "G,"* Section 50-16-222, *Words and terms (Gn—Gz)*** is being revised by striking the term, "victims," and replacing it with "survivors" in the body of the definition of "Group living."

Additionally, Subdivision R, *Letter "S,"* Section 50-16-382, *Words and terms (Se—Sh)* is being revised by striking the

term "victims" and replacing it with "survivors" in the definition of "shelter for victims of domestic violence" so that it reads as follows:

*"Shelter for survivors of domestic violence — A residential facility providing temporary accommodation and support to survivors of domestic violence.*

**COMMUNITY CONCERNS AND RECOMMENDATIONS**

On June 3, 2021, CPC staff provided the Commission with an informational presentation on the subject text amendment. Following this presentation, the Commission received additional comments and concerns from several stakeholders including Neighborhood Legal Services and Neighborhood Service Organization pertaining to use standards and regulations for shelters for survivors of domestic violence. Among those concerns expressed was the lack of a requirement that such facilities provide an onsite generator in the instance of a black-out-event. It was communicated that such a requirement would be best placed in the City's building code, rather than the zoning ordinance. Secondly, the question was raised as to whether or not the newly revised definition for shelters for survivors of domestic violence would extend to survivors of human trafficking seeking transitional housing. At present, this determination would be left up to a similar use interpretation issued by the Zoning Division of the Buildings Safety, Engineering, and Environmental Department. It was requested by various stakeholders that either the definition of shelters for survivors of domestic violence be expanded to include shelters for survivors of human trafficking or that an alternative definition and land use designation be considered.

**PUBLIC HEARING RESULTS**

On Thursday, June 17, 2021, CPC held the statutorily required public hearing on this matter. There were no members of the public in attendance who expressed a desire to speak to this matter. CPC staff reiterated the comments and concerns expressed by various stakeholders regarding the possible expansion of the definition of shelters for survivors of domestic violence to include shelters for survivors of human trafficking, or carving out a separate definition and use regulations for such a use. CPC staff was instructed to conduct additional research into the matter and report back to the Commission at the earliest opportunity.

**RECOMMENDATION**

On Thursday, June 17, 2021, the City Planning Commission voted 7-0 to recommend approval of the proposed text amendments pertaining to Shelters of Survivors of Domestic Violence, that is — to revise shelters for survivors of domestic violence as a by-right use in an R2

zoning district: to add use regulations for shelters for survivors of domestic violence; and, to make certain non-substantive corrections; specifically to amend Chapter 50 of the Detroit City Code, *Zoning*, Article VIII, *Residential Zoning Districts*, Division 3, *R2 Two-family Residential District*, Section 50-8-44, *By-right residential uses*, Division 4, *R3 Low Density Residential District*, Sec. 50-8-74, *By-right residential uses*, Division 5, *R4 Thoroughfare Residential District*, Sec. 50-8-104, *By-right residential uses*, Section 50-8-110, *Conditional residential uses*, Division 6, *R5 Medium Density Residential District*, Section 50-8-134, *By-right residential uses*, Division 7, *R6 High Density Residential District*, Section 50-8-164, Article IX, *Business Zoning Districts*, Division 2, *B1 Restricted Business District*, Section 50-9-14, *By-right residential uses*, Division 2, *B2 Local Business and Residential District*, Section 50-9-44, *By-right residential uses*, Division 5, *B4 General Business District*, Section 50-9-104, *By-right residential uses*, Division 6, *B5 Major Business District*, Section 50-9-134, *By-right residential uses*, Article XI, *Special Purpose Zoning District and*

Honorable City Council:

Re: Amended Property Sale by Development Agreement 2420 Bagley, 1725 and 1729 16th, Detroit, MI.

On November 26, 2019, your Honorable Body adopted a resolution approving the sale by development agreement of certain real property at 2420 Bagley, 1725 16th and 1729 16th, Detroit, MI (the "Properties") to Bagley + 16th LLC ("Developer") for the purchase price of Two Hundred Sixty Four Thousand and 00/100 Dollars (\$264,000.00) (the "Purchase Price"). The Developer proposed to construct a mixed-use development with approximately 60 residential rental units and 4,000 sq. ft. of retail/commercial space on the Properties.

Due to financing complications, a redesign of the residential unit count and increased construction costs, the Developer has proposed to reduce the Purchase Price to Sixty Thousand and 00/100 Dollars (\$60,000.00) (the "Revised Purchase Price") to help reduce the project's funding gap. The City has reviewed the circumstances and financial information surrounding the Developer's proposal and find the Revised Purchase Price to be necessary to move the project to a closing in November 2021.

We, therefore, request that your Honorable Body adopt the attached resolution that authorizes the City to sell the Properties to the Developer at the Revised Purchase Price.

Respectfully submitted,  
KATHARINE G. TRUDEAU  
Deputy Director

By Council Member Tate:

Whereas, On November 26, 2019, Detroit City Council adopted that certain resolution (the "Resolution") approving the sale by development agreement of certain real property 2420 Bagley, 1725 and 1729 16th, Detroit, MI (the "Prop-

erties"), as more particularly described in the attached Exhibit A incorporated herein, to Bagley + 16th LLC ("Developer") for the purchase price of Two Hundred Sixty Four Thousand and 00/100 Dollars (\$264,000.00) (the "Purchase Price"); and

Whereas, Financing complications, a redesign of the residential unit count and increased construction costs have created a funding gap that is preventative to closing on the sale of the Properties to Developer; and

Whereas, The City wishes to discount the Purchase Price to a revised amount of Sixty Thousand and 00/100 Dollars (\$60,000.00) in furtherance of the remediation, sale and development of the Properties; now therefore be it

Resolved, That the Resolution is hereby amended such that the City is authorized to sell the Properties to the Developer for the revised Purchase Price of Sixty Thousand and 00/100 Dollars (\$60,000.00); And Be It Further

Resolved, That the Resolution is hereby further amended such that the following revised Property Sales Services Fees be paid from the sale proceeds pursuant to the City's Property Management Agreement with the Detroit Building Authority ("DBA"): 1) Three Thousand Six Hundred and 00/100 Dollars (\$3,600.00) shall be paid to the DBA from the sale proceeds; 2) Three Thousand and 00/100 Dollars (\$3,000.00) shall be paid to the DBA's real estate brokerage firm from the sale proceeds and 3) customary closing costs up to Two Hundred and 00/100 Dollars (\$200.00) may be paid from the sale proceeds; And Be It Finally

Resolved, That the Director of the Planning and Development Department ("P&DD"), or his authorized designee, is authorized to execute a quit claim deed to the Properties, as well as execute such other documents as may be necessary or convenient to transfer the Properties to the Developer consistent with the Resolution as amended by this resolution.

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

**Section 1.** Chapter 17 of the 2019 Detroit City Code, *Finance*, Article V, *Purchases and Supplies*, by amending Division 6, *Criminal Conviction Questions for City Contractors*, which shall consist of Sections 17-5-261 through 17-5-280, to read as follows:

**CHAPTER 17. FINANCE  
ARTICLE V. PURCHASES  
AND SUPPLIES  
DIVISION 6.**

**CRIMINAL CONVICTION QUESTIONS  
FOR CITY CONTRACTORS**

**Sec. 17-5-261. Purpose.**

The purpose of this division is to ensure that City contractors afford an individual who is qualified for a position, but has a criminal conviction, the opportunity to apply, and be considered, as an employee needed to fulfill the terms of its contract with the City.

**Sec. 17-5-262. Definitions.**

For the purposes of this division, the following words and phrases shall have the meaning respectively ascribed to them by this section:

*Adverse action* means a decision by a City contractor not to hire or further consider an applicant for an employment position required to fulfill a covered contract with the City.

*Applicant* means an individual who has filed an application for any position of employment covered by this division.

*Arrest* means a record from any jurisdiction that does not result in a conviction and includes information indicating that a

person has been questioned, apprehended, taken into custody or detained, or held for investigation by a law enforcement, police, or prosecutorial agency or charged with, indicted, or tried and acquitted for any felony, misdemeanor, or other criminal offense. Arrest is a term that is separate and distinct from, and that does not include, unresolved arrest.

*Background check report* means any criminal history report accessible through the Michigan State Police Internet Criminal History Access Tool (I-CHAT), courts, or by any consumer reporting, or employment screening, agency or business.

*Conditional offer of employment* means an offer by an employer to hire an applicant, which may be withdrawn only if the employer subsequently determines that the applicant (1) has a conviction record which, based on an individualized assessment as required by Section 17-5-266, would reasonably lead an employer to conclude that the applicant would pose an unacceptable risk in the position applied for, or (2) does not meet other legal or physical requirements of the job.

*Conviction* means a record from any jurisdiction that includes information indicating that a person has been convicted of a felony or misdemeanor, provided that the conviction is one for which the person has been placed on suspended sentence or probation, fined, imprisoned, or paroled. Those matters identified in Subsection 17-5-264(a)(2) of this Code, about which an employer may not inquire and as to which they may not base an adverse action, are not considered convictions for purposes of this article.

*Conviction history* means information regarding one or more convictions or arrests, or unresolved arrests, transmitted orally or in writing or by any other means, and obtained from any source, including but not limited to the individual to whom the information pertains or a background check report.

*Department* means the Department of Human Rights, commonly referenced as the Department of Civil Rights, Inclusion, and Opportunity.

*Directly-related conviction* means that the conduct for which the person was convicted bears such a relationship to the employment sought that the employer may reasonably conclude that the applicant would present an unacceptable risk to the operation of the business or to coworkers or customers. Those matters identified in Subsection 17-5-264(a)(2) of this Code, about which a City contractor may not inquire and as to which they may not base an adverse action, are excluded from this definition.

*Evidence of rehabilitation or other mitigating factors* means, but shall not be limited to a person's satisfactory compliance with all terms and conditions of parole or

probation, however, provided that, the inability to pay fines, fees, and restitution due to indigence shall not be considered noncompliance with terms and conditions of parole or probation or both; employer recommendations, especially concerning a person's post-conviction employment; educational attainment or, vocational or professional training since the conviction, including training while incarcerated; completion or active participation in rehabilitative treatment e.g. alcohol or drug treatment; letters of recommendation from community organizations, counselors or case managers, teachers, community leaders or probation or parole officers who have observed the applicant since his or her conviction(s); and the age of the person at the time of the conviction. Successful completion of parole, probation, mandatory supervision, or post release community supervision shall create a presumption of rehabilitation. Examples of mitigating factors offered voluntarily by the person may include, but are not limited to, explanation of the precedent coercive conditions, intimate physical or emotional abuse, or untreated substance abuse or mental illness that contributed to the conviction.

*Inquire* means any direct or indirect conduct intended to gather information regarding a job applicant, using any mode of communication.

*Legitimate business reason* means the reason for the revocation of a conditional offer based on a finding that the applicant (1) has a conviction record which, based on an individualized assessment as required by Section 17-5-266, would reasonably lead an employer to conclude that the applicant would pose an unacceptable risk in the position applied for; or (2) does not meet other legal or physical requirements of the job; or both.

*Unresolved arrest* means an arrest that is undergoing an active pending criminal investigation or trial that has not yet been resolved. An arrest has been resolved if the arrestee was released and no accusatory pleading was filed charging him or her with an offense, or if the charges have been dismissed or discharged by the prosecuting attorney or the court.

(a) *Solicitation of bids.* Where the purchase entails a major expenditure, the Purchasing Director shall provide for the procurement of competitive bids as follows:

(1) Prepare the invitation for bids, describing the City's requirements clearly, accurately and completely, avoiding unnecessarily restrictive specifications which might unduly limit the number of bidders. The invitation shall include:

a. A notification to all bidders that the City has a preference for environmentally-preferred goods and services and will purchase them where they are price competitive, available, and substantiated according to accepted federal and commercial standards; and

b. A notification to all bidders that prices bid will be compared to prices available to the City from applicable cooperative purchases resources.

In addition, the Purchasing Director may send copies of such advertisement to persons and firms likely to be interested therein. Such advertisement shall accurately and clearly describe or refer to the subject matter of the proposed purchase and may also refer the bidder to specifications on file in the Office of Contracting and Procurement. Such advertisement shall specify the time and place of submitting bids and such other information from the specifications as the Purchasing Director shall deem advisable in the interest of the City. After publication of one advertisement, specifications shall not be changed without the publication of a new advertisement calling attention to such change. A reasonable time shall be allowed to enable prospective bidders to prepare and submit bids before the time set for public opening of bids.

(3) Receive written bids submitted by prospective contractors.

(b) *Comparison of equalization credits.*

(1) *Detroit-based business and Detroit-resident business.* As the first step in comparing bids, the bid of any Detroit-based business or small Detroit-resident business shall be deemed a better bid than the bid of any competing firm which is not a Detroit-based business or Detroit-resident business whenever the bid of such competing firm shall be equal to or higher than the bid of the Detroit-based business or Detroit-resident business, after the appropriate equalization percentage credit from the following equalization allowance table has been applied to the bid of the Detroit-based firm:

*Equalization Allowance Table*

<b>Contract Amount</b>	<b>Equalization Percentage</b>
Up to \$10,000.00	5%
\$10,000.01 to \$100,000.00	4%
\$100,000.01 to \$500,000.00	3%
\$500,000.01 and over	2%

If the bidder qualifies as both a Detroit-based business and a Detroit-resident business, the equalization factor in the preceding table shall be doubled. If the bidder has qualified as a Detroit-based business by virtue of being a Detroit-headquartered business, as defined in Section 17-5-1 of this Code, it shall receive the equalization factor in the preceding table plus an additional three percent, provided, that an affiliate, a subsidiary, a limited-liability corporation, or other busi-

ness structure shall not receive the additional three percent where the Human Rights Department determine that another related office outside the City has a larger presence than the Detroit office

*Equalization Allowance Table*

Detroit-based small business	1%
Detroit-based microbusiness concern	2%
Joint venture	2%
Mentor venture	1%

(c) *Application of equalization credits.*

(1) For purposes of evaluating or scoring bids, a bidder shall be entitled to receive the equalization percentage credit for each category for which it qualifies under Section 17-5-12 through Section 17-5-14. The bidder that makes the lowest bid, as evaluated or scored shall be deemed the lowest equalized bidder. If the lowest equalized bid is evaluated or scored below the lowest responsible bid submitted, the lowest equalized bidder shall be awarded the contract, provided that, the contract awarded to such bidder shall not exceed, more than 12 percent above the lowest responsible bid submitted or \$100,000.00, whichever is less. The firm that makes the lowest bid, as evaluated, shall be deemed the lowest bidder.

(2) In the application of these equalization percentage credits, a joint venture shall not also be considered a mentor venture and a mentor venture shall not also be considered a joint venture. Unless certified before the deadline for submitting a bid, no bidder or firm shall receive an equalization credit as a Detroit-based business, small business or micro business concern. A joint venture or mentor venture shall not receive an equalization credit unless the Detroit-based business in the venture has been certified as such before the deadline for submitting a bid.

(3) If a bidder claims an equalization credit as a Detroit-resident business, it shall submit documentation of its eligibility with its bid. The Office of Contracting and Procurement or the contracting department shall determine whether the bidder

qualities as a Detroit-resident business after the bid opening.

(4) After applying any equalization percentage credit that is contained in this section, the Purchasing Director shall apply Section 17-5-14 through 17-5-16 of this Code. Where Section 17-5-14 through 17-5-16 of this Code do not apply, the contract shall be awarded to the lowest responsible bidder.

(d) *Limited bidding permitted in certain circumstances.* On the Purchasing Director's own initiative or at the request of the contracting department, the Purchasing Director may limit the bidding for a contract to Detroit-based businesses, Detroit-based small businesses, or Detroit-based micro businesses, provided, that there are at least three firms certified or registered by the Human Rights Department which would be eligible to bid for the contract. The equalization factors in Section 17-5-12 of this Code shall not apply to the solicitation of bids under this subsection. In determining whether to so limit the bidding, the Purchasing Director should make commercially reasonable efforts to maximize the utilization of Detroit-based businesses, Detroit-based small businesses, or Detroit-based micro businesses. As used in this subsection only, "should" means a strong recommendation, but does not mandate the actions described.

(e) *Documentation to be made available.* Any bidder who claims to be entitled to an equalization percentage credit shall agree to make the records that were necessary to establish eligibility available to the City.

(f) *Prohibition against unapproved assignments or subcontracts.* A Detroit-resident business, a Detroit-based business, or a mentor venture or joint venture with a Detroit-resident business or Detroit-based business may not assign or subcontract its City contracts to a non-Detroit-based business or a non-Detroit resident business without the approval of such assignment or subcontract by the Purchasing Director.

(g) *Exemptions.* The requirements of this section shall not be applicable where any one of the following conditions exists:

(1) Public exigencies require the immediate delivery of the articles or performance of the service;

(2) The Purchasing Director certifies that only one source of supply is available;

(3) The services to be performed are professional in nature; or

(4) The item to be acquired is rare or unique.

**Section 2.** This ordinance is hereby declared necessary to preserve the public peace, health, safety, and welfare of the People of the City of Detroit.

Where this ordinance is passed by less than a two-thirds majority of City Council Members serving, it shall become effective on the 30th day after enactment, or on the first business day thereafter, in accordance with Section 4-118 of the 2012 Detroit City Charter.

**PLANNING AND ECONOMIC DEVELOPMENT STANDING COMMITTEE**

**Planning and Development Department**

August 31, 2021

Honorable City Council:

Re: Transfer of Jurisdiction, Declaration of Surplus, and Conveyance of 3085 W. Jefferson Ave., Detroit, MI.

We are seeking this Honorable Body's approvals of the transfer of jurisdiction, declaration of surplus, and conveyance of the vacant real property located at 3085 W. Jefferson Ave. so as to further the transformation of Riverside Park into a world-class regional park by facilitating the consummation of the Land Exchange Agreement dated April 29, 2015, between the City of Detroit and the Detroit International Bridge Company ("DIBC"), as approved by this Honorable Body on July 28, 2015 (the "Agreement").

The Agreement provides for DIBC to transfer to the City approximately 4.8 acres of waterfront property immediately to the west of Riverside Park (the "News Warehouse Property") and to make a private contribution of \$5 million for park improvements (the "Private Contribution"). The Private Contribution is payable in 2 installments, the second being conditional as described below. In exchange for the News Warehouse Property and the waterfront easement described below, the City agreed to grant certain air rights easements over portions of W. Jefferson Avenue and W. Fort Street (the "Air Rights Easements") and, subject to numerous conditions precedent, to transfer to DIBC the 3.783 acre easternmost portion of Riverside Park located at 3085 W. Jefferson Ave., in Detroit, Michigan, and as more particularly described on the attached Exhibit A (the "City Property"), subject to a 100-foot wide easement to provide for future connectivity between Riverside Park and the RiverWalk to the east.

The Agreement anticipated two separate closings (the "First Closing" and "Second Closing," respectively). The First Closing occurred as soon as was practicable after this Honorable Body approved the Agreement and authorized the actions to be taken thereunder. At the First Closing, the City granted the Air Rights Ease-

ments and DIBC deeded the News Warehouse Property to the City and gave the City \$3 million of the Private Contribution for improvements and enhancements to Riverside Park. The Second Closing remained expressly subject to and contingent upon the occurrence of certain events, obtaining all necessary approvals, DIBC's performance of numerous other specified obligations, and the satisfaction of all enumerated conditions. Only at the Second Closing would (a) the City be obligated to quit claim the City Property to DIBC, and (b) DIBC be obligated to give the remaining \$2 million of the Private Contribution to the City.

We are pleased to advise that, other than the approvals and authorizations hereby requested of this Honorable Body, all prerequisites and preconditions to the Second Closing have been satisfied.

In furtherance of the consummation of the Agreement and in anticipation of the receipt of the balance of the Private Contribution upon the occurrence of the Second Closing, the General Services Department-Parks and Recreation ("GSD-PR") has requested the Office of the Chief Financial Officer (the "OCFO") transfer jurisdiction of the City Property from GSD-PR to the Planning and Development Department ("PDD") for disposition. In accordance with Section 2-7-3 of the 2019 Detroit City Code, the OCFO hereby requests this Honorable Body approve the transfer of jurisdiction of the City Property from GSD-PR to PDD.

In furtherance of the consummation of the Agreement and the occurrence of the Second Closing, PDD has determined that the City Property is not essential to the City and, in accordance with Section 2-7-4 of the 2019 Detroit City Code, hereby recommends the City Property be declared "surplus real property" PDD also requests that this Honorable Body approve the conveyance of the City Property to DIBC, and authorize the PDD Director or his designee to execute a quit claim deed and such other documents as may be necessary or convenient to transfer the City Property to DIBC in connection with the Second Closing and otherwise in accordance with the terms of the Agreement. A resolution is attached for your consideration and convenience.

To expedite the consummation of the Second Closing, a waiver of reconsideration is requested.

Re: Petition No. 1554 — DPW: City Engineering Division request to vacate to utility easement that part of Griswold Street, bounded by State Street and Grand River Avenue, otherwise known as Capitol Park.

Petition No. 1554-DPW: City Engineering Division request to vacate to utility easement that part of Griswold Street, various widths, bounded by State Street, 60 ft. wide, and Grand River Avenue, 60 ft. wide, otherwise known as Capitol Park.

The petition was referred to the City Engineering Division DPW for investigation (utility review) and report. This is our report.

The request is made to define the boundaries of the parcel known as Capitol Park.

The request was approved by the Solid Waste Division — DPW, and Traffic Engineering Division — DPW, and City Engineering — DPW.

All other involved City Departments, and privately owned utility companies have reported no objections to the vacation and conversion to utility easement of the alley. Provisions protecting utility installations are a part of the attached resolution.

**RESOLUTION URGING FCA-DETROIT ASSEMBLY COMPLEX MACK TO SUBMIT A SUPPLEMENTAL ENVIRONMENTAL PROJECT PROPOSAL AS PART OF CORRECTING VIOLATIONS REPORTED IN THE SEPTEMBER 20, 2021 VIOLATION NOTICE FROM THE DEPARTMENT OF ENVIRONMENT, GREAT LAKES, AND ENERGY (EGLE)**

By Council Member Castaneda-Lopez:  
 WHEREAS, In Detroit, many low-income communities of color are located near heavily industrialized areas where major sources of pollution are concentrated. The severe, adverse health related impacts of air pollution disproportionately fall on these populations and can lead to increased rates of asthma, compromised immune responses, and other adverse consequences; and  
 WHEREAS, Residents living in these frontline communities have long been concerned that air quality is not adequately protected or enforced by governmental entities responsible for such, and violators of the regulatory schemes are not severely punished, and even when regulatory enforcement action is taken, it

fails to provide adequate remedies to those affected, or deterrence to polluters; and

WHEREAS, After numerous complaints by residents of the neighborhood surrounding the new FCA/Stellantis Jeep Detroit Assembly Complex on the City's eastside in August and September of 2021, officials from the Michigan Department of Environment, Great Lakes, and Energy (EGLE) investigated the circumstances surrounding the odors emitted by the facility at FCA US LLC-Detroit Assembly Complex Mack, located at 4000 Saint Jean Street, Detroit, Michigan, which residents described as powerful, caustic odors causing burning eyes, coughs, and other symptoms of such an intensity as to prevent residents from venturing out of their homes: and

WHEREAS, Following an investigation of complaints received on August 27, 31, and September 3, 2021, EGLE issued a formal Violation Notice on September 20, 2021, finding that staff observed "persistent and objectionable paint/solvent odors of moderate to strong intensity impacting residential areas downwind of the facility", and that further, "the odors observed during each investigation were objectionable and of sufficient intensity, duration, and frequency to constitute a violation of Rule 901(b)" of the State administrative rules, thus constituting an "unreasonable interference with the comfortable enjoyment of life and property"; and

WHEREAS, EGLE issued an additional formal Violation Notice on October 20, 2021, citing a failure to duct Volatile Organic Compound emissions from the EUPRIMER ambient zones as required under the Permit to Install 14-19a, EUPRIMER Special Condition IV1.; and

WHEREAS, A longstanding policy of EGLE, last revised in August 2020, can provide a direct remedy to the affected community when, as in the instant case, EGLE determines that a violation of an air standard has occurred. The violator is given an opportunity to enter into a formal consent agreement to correct the violation. Such an agreement can provide monetary and other relief, such as operational, maintenance or monitoring requirements, or a Supplemental Environmental Project (SEP); and

WHEREAS, An SEP is an environmentally beneficial project that a violator may agree to undertake as part of the terms of a consent agreement. The SEP should be developed with input from impacted residents. Some examples of SEPs include air filtration systems for nearby schools to protect or improve indoor air quality (the FCA Complex is in extremely close proximity to Southeastern High School), or vegetative green buffers to minimize obvious effects of pollutants and noise. In this case, the residents on Beniteau Street have been uniquely impacted by the project and their demands, which include

home repair and/or relocations, should be considered in this SEP; and

WHEREAS, In Michigan, monetary penalties for violating air quality standards go to the State general fund rather than to the frontline communities that are most affected by pollution. The inability of neighboring communities to receive direct benefits from funds assessed as fines often leads residents of these communities to prefer an SEP rather than merely monetary fines as penalty mitigation; and

WHEREAS, According to EGLE's SEP policy, the violator may propose a SEP in lieu of a portion of the monetary penalty and EGLE has discretion to approve or disapprove of the proposed SEP. Both EGLE and related United States Environmental Protection Agency (EPA) policies encourage considering community input in developing SEP proposals. NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council strongly urges FCA US LLC-Detroit Assembly Complex Mack to submit a Supplemental Environmental Project proposal as part of correcting violations addressed in the September 20, 2021 Violation Notice from EGLE; and BE IT FURTHER

RESOLVED, That the Detroit City Clerk is directed to send copies of this resolution to Mayor Mike Duggan, Wayne County Executive Warren Evans, Governor Gretchen Whitmer, the Director of the Michigan Department of Environment, Great Lakes, and Energy, the Director of the United States Environmental Protection Agency, members of the Detroit delegation in the State Legislature, and members of the Michigan delegation in Congress.

**RESOLUTION OPPOSING MICHIGAN HOUSE BILL 4722 AND SENATE BILL 0466 (2021) RESTRICTING LOCAL CONTROL OF SHORT-TERM RENTALS**

By Council Member Ayers:  
 WHEREAS, The mission of the Detroit City Council is to promote the economic, cultural and physical welfare of Detroit's citizens through Charter-mandated legislative functions; and  
 WHEREAS, Michigan Senate Bill 446

and its companion legislation House Bill 4722, seek to amend the Michigan Zoning Enabling Act, to define a short-term rental as any rental of not more than 30 consecutive days as a residential use of the property that should be permitted in any area zoned residential, and not subject to a special use or conditional use permit or procedure different from those required for other dwellings in the same zone. The bills specify that such properties cannot be considered commercial, and that local governments should not adopt or enforce ordinances that prohibit short-term rentals; and  
 WHEREAS, The Detroit City Council expressed its opposition to these bills when they were initially introduced, but is

now compelled to again communicate its continuing opposition to this proposed preemption of local zoning control following the recent passage of HB 4722 with amendments and referral to the Senate. The bills would eliminate the City's ability to adequately regulate short-term vacation rentals through zoning provisions limiting location and density of these residential-in-name-only properties; and

WHEREAS, This proposed unregulated use of residential property as mini-hotels, while purportedly protecting the property rights of the owners, has the real and demonstrated potential to infringe on the quiet enjoyment of the owner occupied property of neighborhood residents. Giving lip service to the existing ability of a municipality to regulate for "nuisance" does not go far enough to protect residents. At the same time, the legislation appears to prohibit imposition of an excise tax similar to a bed tax at traditional hotels, that would benefit the local governments providing services to the rentals; and

WHEREAS, The proposed bills will also significantly exacerbate the problem of the lack of affordable housing and rental stock, allowing and encouraging speculators and businesses to buy up homes to serve as unregulated hotels, creating issues around housing supply and affordability; and

WHEREAS, The City of Detroit is a Home Rule City, and our residents have made it clear that they want short-term rentals regulated, because far too often they have become a nuisance that disturb the surrounding neighborhoods. These matters are essentially local matters that should be regulated at the local level. Attempting to regulate such matters at the state level is inherently cumbersome, as situations across the state vary tremendously from urban, suburban to rural areas. One size does not fit all; and

WHEREAS, While the amendments to HB 4722 as passed by the House emphasize the ability of local governments to inspect properties for health and safety compliance, it appears that such inspections must be required even-handedly for residential properties. Clearly, SB 0446 and HB 4722, present an overreach by state government, crippling the City's ability to implement appropriate and measured solutions toward maintaining control over safety and zoning practices and preserving neighborhood stability. NOW, THEREFORE, BE IT

RESOLVED, That the Detroit City Council strongly urges the Michigan Legislature to oppose Senate Bill 0446 and House Bill 4722; and BE IT FURTHER

October 11, 2021

Honorable City Council:

Re: Wayne County Annual Special Events Permits for 2022.

An Annual Permit granting permission to temporarily close a County road for a reasonable length of time for a parade, marathon, celebration, festival or similar activity, or to use a County road as a detour for traffic around such activity taking place on a non-County road may be issued by the Wayne County Permit Office to the City of Detroit.

As a condition of the annual permit, the County requires that the governing body pass a blanket resolution, effective for all permitted road closures for special events

and installation of banners planned throughout the year which:

1) Agrees to fulfill all permit obligations and conditions for the current year.

2) To the extent allowed by law, hold harmless and defends Wayne County and its officials and employees against any and all damage claims, suits or judgments of any kind or nature arising as a result of the permitted activity.

3) Designates and authorizes an appropriate official of the requesting municipality to sign the permit on its behalf.

A resolution based on the Model Community Resolution Authorizing Execution of Wayne County Permits is attached.

I am recommending adoption of the attached resolution.

Respectfully submitted,  
RICHARD DOHERTY, P.E.

City Engineer

City Engineering Division — DPW  
By Council Member Sheffield:

Whereas, The City of Detroit (hereinafter the "City") periodically applies to the County of Wayne Department of Public Services Engineering Division Permit Office (hereinafter the "County") for permits to conduct emergency repairs, annual maintenance work, and for other purposes on local and County roads located entirely within the boundaries of the City, as needed from time to time to maintain the roads in a condition reasonably safe and convenient for public travel;

Whereas, Pursuant to Act 51 of 1951, being MCL 247.651 *et seq.*, the County permits and regulates such activities noted above and related temporary road closures;

Now Therefore, Be It Resolved, In consideration of the County granting such permit (hereinafter the "Permit"), the City agrees and resolves that:

Any work performed for the City by a contractor or subcontractor will be solely as a contractor for the City and not as a contractor or agent of the County. Any claims by any contractor or subcontractor will be the sole responsibility of the City. The County shall not be subject to any obligations or liabilities by vendors and contractors of the City, or their subcontractors.

The City shall take no unlawful action or conduct which arises either directly or indirectly out of its obligations, responsibilities, and duties under the Permit which results in claims being asserted against or judgement being imposed against the County, and all officers, agents and employees thereof pursuant to a maintenance contract In the event that same occurs, for the purposes of the Permit, it will be considered a breach of the Permit thereby giving the County a right to seek and obtain any necessary relief or remedy, including, but not by way of limitation, a judgment for money damages.

With respect to any activities authorized by Permit, when the City requires insurance on its own or its contractor's behalf, it shall also require that such policy include as named insured the County of Wayne and all officers, agents and employees thereof.

The incorporation by the County of this Resolution as part of a permit does not prevent the County from requiring additional performance security or insurance before issuance of a Permit.

This Resolution stipulates that the requesting City shall, at no expense to Wayne County, provide necessary police supervision, establish detours and post all necessary signs and other traffic control devices in accordance with the Michigan Manual of Uniform Traffic Control Devices.

This Resolution stipulates that the requesting City shall assume full responsibility for the cost of repairing damage done to the County road during the period of road closure or partial closure.

This Resolution shall continue in force from the date of execution until cancelled by the City or the County with no less than thirty (30) days prior written notice to the other party. It will not be cancelled or otherwise terminated by the City with regard to any Permit which has already been issued or activity which has already been undertaken.

The City stipulates that it agrees to the terms of the County of Wayne permit at the time a permit is signed by the City's authorized representative.

Be It Further Resolved, That the following individual(s) is/are authorized in their official capacity as the City's authorized representative to sign and so bind the City to the provisions of any and all permits applied for to the County of Wayne, Department of Public Services Engineering Division Permit Office for necessary permits from time to time to work within County road right-of-way or local roads on behalf of the City.

Honorable City Council:

Re: Petition No. 1540 — MCI Metro Access Transmission Services Corp., request for the encroachment of fiber optic facilities within the right of way, located along the south side of Ledyard Street, between Cass Avenue and 2nd Avenue.

Petition No. 1540 — MCI Metro Access Transmission Services Corp., request for the encroachment of fiber optic facilities within the right of way, located along the south side of Ledyard Street, between Cass Avenue and 2nd Avenue.

The petition was referred to the City Engineering Division — DPW for investigation and report. This is our report.

The request is being made to install fiber optic facilities associated with right of way permit PR2020-724.

The request was approved by the Solid Waste Division — DPW, and City Engineering Division — DPW. Traffic Engineering Division — DPW approves provided pedestrian traffic is accommodated, and a provision for a clear pedestrian walk, 6 feet wide, is a part of the resolution.

Detroit Water and Sewerage Department (DWSD) reports being involved, but they have no objection provided the DWSD encroachment provisions are followed. The DWSD provisions have been made a part of the resolution.

All other involved City Departments, including the Public Lighting Authority and Public Lighting Department; also privately owned utility companies have reported no objections to the encroachment. Provisions protecting all utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,  
RICHARD DOHERTY, P.E.

October 8, 2021

Honorable City Council:

Re: Request to Approve Second Amendment to Master Agreement to Purchase and Develop Land (Herman Kiefer Project).

The City of Detroit ("City"), through its Planning and Development Department ("P&DD"), is presenting for City Council approval one of two related amendments to the agreements governing the projects at the former Herman Kiefer Hospital Complex (the "Herman Kiefer Project") and adjacent Virginia Park neighborhood (the "Neighborhood Project"). Specifically, P&DD is requesting that City Council approve a Second Amendment to the Master Agreement to Purchase and Develop Land (the "MDA Amendment") to the "MDA" governing the Herman Kiefer Project. The MDA Amendment is submitted to substitute a remedy available to the City to enforce the MDA.

Approval of the MDA Amendment will also make possible a First Amendment to First Option to Purchase Property and Agreement for Maintenance of Property (the "DLBA Amendment" to the "Land Bank Agreement") governing the Neighborhood Project. The two amendments function as a package; the DLBA Amendment will be effective only if City Council approves the MDA Amendment. Although we request that City Council approve the MDA Amendment only, this submission details both components of the package.

This Honorable City Council first approved the MDA and authorized the conveyances contemplated by the Land Bank Agreement on September 19, 2015. Since that time, Herman Kiefer Development, LLC ("HKD"), has invested more than \$8 million to develop the Herman Kiefer Project, which exceeds the minimum investment requirements under the MDA. And HKD has substantially completed the rehabilitation of the first 15

houses purchased for the Neighborhood Project. Also since that time, the housing market in the Neighborhood Project area has improved considerably.

Rather than monopolize the upside of that improved housing market, HKD has agreed to share it with Detroiters. Under the Land Bank Agreement, HKD has the exclusive first option to purchase essentially all houses in the Neighborhood Project area owned by the Detroit Land Bank Authority (the "Land Bank"). By way of the DLBA Amendment, HKD would release its first option as to 40 of the Neighborhood Project houses and 102 of the lots, and release those houses and lots to the Land Bank. This release would enable the Land Bank to sell those houses, it is anticipated, to Detroiters to rehabilitate for personal homeownership or investment purposes. Under either outcome, the equity and upside are shared. If this proposal is rejected, however, HKD stands ready to close on the purchase of every house and proceed with the Neighborhood Project at its originally envisioned scale.

The MDA Amendment would simply substitute the extraordinary remedy of the City's right of title reversion, while keeping all other development obligations intact.

We hereby request that your Honorable Body adopt the attached resolution to authorize the MDA Amendment to the MDA. As noted herein, authorization of the MDA Amendment will make possible the DLBA Amendment to the Land Bank Agreement.

October 25, 2021

Honorable City Council:

Re: Amendment and Extension of Development Agreement. Petit Bateau, LLC. Development: generally bound by Kirby Avenue, St. Antoine St., Frederick Ave. and Beaubien St.

The above captioned property is located within the Art Center Rehabilitation Project Area. On July 23, 2019, your Honorable Body authorized amendment No. 2 to the Development Agreement with Petit Bateau, LLC. The amendment allowed for the proposed development of approximately twenty (20) townhouse units and two (2) multi-family buildings containing approximately fifty-one (51) units, with optional retail space and parking. The completion of the construction was extended to December 31, 2021.

The principal of Petit Bateau LLC is Mr. Julio Bateau. They have worked with the Detroit Economic Growth Corporation (DEGC) to obtain approval of a Brown field plan and a Tax Incremental Financing (TIF) work plan. However, due to financial constraints since 2020, they have been unable to complete the development as scheduled.

The project area is zoned SD1 (Special Development District — Small Scale, Mixed Use). Final site and landscape plans are subject to review by the Planning and Development Department (P&DD), other City Departments where applicable) and approval by the Building, Safety, Engineering and Environmental Department (BSEED) prior to submission for building permits.

Accordingly, Petit Bateau LLC is now requesting to extend the completion period for the development until December 31, 2023. The Planning and Development Department has reviewed the request of Petit Bateau LLC and determined it to be reasonable and consistent with the terms and conditions set forth in the Development Agreement.

We, therefore, request that your Honorable Body adopt the attached resolution authorizing an extension of the completion period of the development until December 31, 2023.

Respectfully submitted,

Director

Equalization Allowance Table

If the lowest equalized bid is evaluated or scored below the lowest responsible bid submitted, the lowest equalized bidder shall be awarded the contract, provided that, the contract awarded to such bidder shall not exceed, more than 12 percent above the lowest responsible bid submitted or \$100,000.00, whichever is less. Honorable City Council:

Re: Friendship Meadows II Limited Dividend Housing Association Limited Liability Company-Payment in Lieu of Taxes (PILOT).

SB Friendship II, LLC has formed Friendship Meadows II Limited Dividend Housing Association Limited Liability Company in order to develop the Project known as Friendship Meadows Apartments. The Project is an existing fifty-three (53) unit senior-targeted apartment complex in an area bounded by Superior on the north, Rivard on the east, Leland on the south and Chrysler Drive on the west.

The rehabilitation Project will include thirty-seven (37) 1 bedroom/1 bath, sixteen (16) 2 bedroom/1 bath apartments. Community amenities include a business center and community room, library, hairdresser/barber, elevators, exercise facility, central laundry, picnic area, carpools and off-street parking.

Financing for the Project will be provided by a Citizens Bank construction loan in the amount of up to \$3,000,000. RBC Capital Markets will make capital contributions of \$4,149,172 which includes the purchase of Low Income Housing Tax Credits. Additionally, the Sponsor has agreed to defer \$276,753 of the developer fee.

Rents for all units have been set at or below sixty percent (60%) of the area median income, adjusted for family size. All fifty-three (53) units will be subject to the PILOT based on Section 15a of the State Housing Development Authority Act of 1966, as amended.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing

Development Authority Act of 1966 (P.A. 346 as amended, MCL 125.1415A). Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service charge of four percent (4%) of the annual net shelter rent obtained from this housing project.

Respectfully submitted,  
ALVIN HORHN  
Deputy CFO/Assessor

By Council Member Ayers:

Whereas, Pursuant to the provisions of the Michigan State Housing Development Act, Act 346 of the Public Acts of 1966, as amended, being MCL 125.1401 et seq. (the "Act"), a request for exemption from property taxes has been received on behalf of SB Friendship II, LLC (the "Sponsor"); and

Whereas, a housing project as defined in the Act is eligible for exemption from property taxes under Section 15a of the Act (MCL 125.1415a) if the Michigan State Housing Development Authority ("MSHDA") provides funding for the housing project, or if the housing project is funded with a federally-aided mortgage as determined by MSHDA; and

Whereas, Section 15a of the Act (MCL 125.1415a) provides that the local legislative body may establish by ordinance the service charge to be paid in lieu of taxes, commonly known as a PILOT; and

Whereas, The City of Detroit has adopted Ordinance 9-90, as amended, being Sections 18-9-10 through 18-9-16 of the Detroit City Code to provide for the exemption from property taxes of eligible housing projects and to provide for the amount of the PILOT for said housing projects to be established by resolutions of the Detroit City Council after review and report by the Board of Assessors; and

Whereas, The Sponsor is proposing to undertake the rehabilitation of an existing housing project known as Friendship Meadows Apartments consisting of the rehabilitation of fifty-three (53) units in a building complex located on one parcel of property owned or to be acquired by the Sponsor as described by street address and tax parcel in Exhibit A to this resolution, with all fifty-three (53) units for low and moderate income housing (the "Project"); and

Whereas, The purpose of the Project is to serve low to moderate income persons as defined by Section 15a(7) of the Act, being MCL 125.1415a(7); and

Whereas, MSHDA has provided notice to the Sponsor that it intends to approve federal-aided financing for the Project, provided that the Detroit City Council adopts a resolution establishing the PILOT for the Project; and

Whereas, Pursuant to Section 15a of the Act, being MCL 125.1415a(1), the tax

exemption is not effective until the Sponsor first obtain MSHDA certification that the housing project is eligible for exemption, and files an affidavit, as so certified by MSHDA, with the Board of Assessors; and

Whereas, Pursuant to Section 18-9-13(G) of the Detroit City Code, the tax exemption shall be effective on adoption, with the tax exemption and PILOT payment to occur only upon bona fide use and physical occupancy by persons and families eligible to move into the project, in accordance with the Act, which must occur as of December 31 of the year preceding the tax year in which the exemption is to begin;

Now, Therefore Be It Resolved, That in accordance with City Code Section 18-9-13, the Project known as Jefferson Meadows Apartments as described above is entitled to be exempt from taxation but subject to the provisions of a service charge of four percent (4%) for payment in lieu of taxes as set forth in Act No. 346 of the Public Acts of 1966, as amended, being MCL 125.1401, et seq.; And Be It Further

Resolved, That arrangements to have collections of a payment in lieu of taxes from the Sponsor be established upon occupancy for future years with respect to the same be prepared by the Office of the Chief Financial Officer; And Be It Further

Resolved, That specific legal description for the Project shall be as set forth in the certification from MSHDA; And Be It Further

Resolved, That in accordance with Section 15a(3) of the Act, MCL 125.1415a(3), the exemption from taxation shall remain in effect for as long as the MSHDA-aided or Federally-aided financing is in effect, but not longer than fifty (50) years, and shall terminate upon the determination by the Board of Assessors that the Project is no longer eligible for the exemptions; And Be It Further

Resolved, That the City Clerk furnish the Office of the Chief Financial Officer — Office of the Assessor two certified copies of this resolution; And Be It Further

Resolved, That this resolution is adopted with a waiver of reconsideration.

**City Planning Commission**

November 1, 2021

Honorable City Council:

Re: Neighborhood Enterprise Zone Certificate Application for the construction of a new 28-unit multi-family building at 831 Selden Avenue in the Midtown West Neighborhood Enterprise Zone area (RECOMMEND APPROVAL).

The office of the City Clerk forwarded to the City Planning Commission (CPC) an application requesting a Neighborhood Enterprise Zone (NEZ) certificate for the construction of a new 3-story multi-family building at 831 Selden. The property is generally located on the south side of Selden and west of 3rd Street, just north of the former Wigle Recreation Center.

The request is for a 15-year NEZ certificate for a new facility. The developer is proposing to construct a new 3-story apartment building with 26 units on the 2nd and 3rd floor and 2 mixed-use commercial units on the 1st floor. The residential apartments are expected to include 16 one-bedroom and 10 two-bedroom units. The most recent amended application for 28 rental units was filed with the City of Detroit Clerk's office on October 19, 2021.

The subject property has been confirmed as being within the boundaries of the Midtown West NEZ which was established by City Council on February 28, 2019 and should be eligible for NEZ certificate under the State NEZ Act (Act 147 of 1992) as currently written.

Originally in 2019, the developer was proposing to construct a 3-story building with twenty-five condominium units. As a result, the developer submitted to the City Clerk's office 25 applications dated July 24, 2019 for NEZ certificates. This application submittal was amended November 6, 2019 (to add a 26th unit and renumbering 7 units) and again December 3, 2019 (to move the location of 1 unit). City records show that building permits were issued for the project on November 12, 2019. It appears based on the economic conditions from the COVID-19 pandemic, the developer was forced to change from a condominium to rental project, resulting in the revised application dated October 19, 2021. The City requested that the developer terminate the condominium which was done on October 11, 2021.

The NEZ State Act (Section 207.774) states the application must be "filed" before a building permit is "issued" or as otherwise provided by the local governmental unit by resolution if the application is filed not later than 6 months following the date the building permit is issued. In order to proceed, the City of Detroit would have to approve a resolution which contains language that approves the submission of the application after the issuance

of the building permit, however, no later than 6 months following the date the building permit was issued. In this case, it appears the original application for the NEZ certificates was submitted prior to the issuance of the building permit; then amended prior to the building permit being issued, then amended soon after the building permit was issued, and now amended again to reflect the change from condo to rental units. The resolution is attached for your consideration.

**Board of Zoning Appeals**

October 19, 2021

Honorable City Council:  
Re: Board of Zoning Appeals — Board Vacancies Expiration of Board Members' Terms.

The terms of three (3) members of the Board of Zoning Appeals will expire on December 31, 2021, Robert Thomas (District 5), Robert Weed (District 1) and Debra Walker (District 6).

The Department suggests that your Honorable Body appoint three (3) Board members to begin January 2022. Each of the 3 members whose terms end December 31, 2021 has indicated a desire to be reappointed.

Your recommendations may be to reappoint if you so desire; or through your honorable body's selection process, appoint a person to represent the 3 Districts whose terms end December 31, 2013.

We respectfully request this issue be placed on the formal agenda for consideration and assigned to the appropriate committee. Our timeline is to have the selection process completed by December 1, 2021. Should you have any questions or concerns please feel free to contact me.

Respectfully submitted,  
JAMES W. RIBBRON

Re: Request to Amend the Official Compensation Schedule.

Recommendation is submitted to amend the 2021-2022 Official Compensation Schedule to include the following pay adjustments, subject to City Council approval:

Class Code	Title	Current Salary Range	Proposed Salary Range	Barg. Unit
199171	Chief of Property Maintenance and Municipal Code Administration	\$70,067-\$97,939	\$79,207-\$102,969	9002 Non-Union
199251	Chief of Building Inspections	\$82,528-\$97,939	\$79,207-\$102,969	9002 Non-Union
199155	Assistant Chief of Property Maintenance	\$70,942-\$82,529	\$72,006-\$93,608	9000 Non-Union
199241	Assistant Chief of Building Inspections	\$70,942-\$82,529	\$72,006-\$93,608	9002 Non-Union

**Request:**

Request was submitted by Raymond Scott, Deputy Director of the Building, Safety Engineering and Environmental Department (BSEED).

**Rationale:**

The request and recommendations are to resolve internal equity issues that will occur because of recent pay range adjustments for the Supervising Electrical Inspector and Supervising Plumbing Inspector in the Building, Safety Engineering and Environmental Department (BSEED). Implementing the recommendations for the positions listed above will ensure compression issues are alleviated by creating acceptable differentials between the leadership levels (i.e., Supervisor, Assistant Chief, Chief) in the Building Inspector job series.

The proposed adjustments are essential for recruitment and retention purposes and are based on the City of Detroit’s ability to fund the increase. The proposal is subject to City Council approval.

Respectfully submitted,  
DENISE STARR  
Human Resources Director

By Council Member McCalister, Jr.:

**AN ORDINANCE to amend Chapter 31 of the 2019 Detroit City Code, *Offenses*, Article V, *Offenses Against Public Peace*, by adding Section 31-5-18, *Nitrous oxide*, to provide for definitions and to prohibit the possession, sale, and consumption of nitrous oxide for recreational purposes.**

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

**Section 1.** That Chapter 31 of the 2019 Detroit City Code, *Offenses*; Article V, *Offenses Against Public Peace*, be amended by adding Section 31-5-18, to read as follows:

**CHAPTER 31. OFFENSES  
ARTICLE V. OFFENSES AGAINST  
PUBLIC PEACE**

**Sec. 31-5-18. Nitrous Oxide.**

(a) *Definitions.* For the purposes of this section, the following words and phrases shall have the meaning respectively ascribed to them by this subsection:

(2) *Nitrous oxide* means a colorless, nonflammable gas, N<sub>2</sub>O, often times used as an anesthetic and in aerosols; when inhaled it produces loss of sensibility to pain preceded by exhilaration and sometimes laughter, and is used especially as an anesthetic in dentistry; it is also known as "laughing gas."

(3) *Paraphernalia* means any equipment, product, material, or combination of equipment, products or materials, which are specifically designed for use in manufacturing, compounding, converting, producing, processing, preparing, testing, analyzing, packaging, repackaging, storing, containing, concealing, injecting, ingesting, inhaling, or otherwise introducing into the human body nitrous oxide, including, but not limited to:

a. Testing equipment specifically designed for use in identifying or in analyzing the strength, effectiveness or purity of nitrous oxide;

b. A weight scale or balance specifically designed for use in weighing or in measuring nitrous oxide;

c. A dilutant or adulterant specifically designed for cutting nitrous oxide;

d. An object specifically designed for use in ingesting, inhaling, or otherwise introducing nitrous oxide into the human body, such as a balloon or nasal mask;

e. A kit specifically designed for use in manufacturing, compounding, converting, producing, processing, or preparing nitrous oxide;

f. A device, commonly known as a nitrous kit, laughing gas kit, or balloon kit,

that is specifically designed for use in ingesting, inhaling, or otherwise introducing nitrous oxide into the human body, and which consists of any quantity or combination of the following: a dispenser, a device containing nitrous oxide, a balloon, gloves, or a cracker;

g. A device, commonly known as a whippet, whippit, whip-it, canister, cartridge, charger, bulb, or nang, that is specifically designed to contain, dispense, or administer a measured amount of nitrous oxide;

i. A capsule, balloon, bag, or other container used, intended for use, or specifically designed to deliver a measured amount of nitrous oxide to the user; and

j. A container and other objects used, intended for use, or designed for use in storing or concealing nitrous oxide.

In determining whether an object is paraphernalia under this section, a court or other authority should consider, in addition to all other logically relevant factors, the following:

a. Statements by an owner or by anyone in possession of the object concerning its use;

b. Prior convictions, if any, of an owner, or of anyone in possession of the object, under any state or federal law relating to any controlled substance;

g. Instructions, oral or written, provided with the object concerning its use;

h. Descriptive materials accompanying the object which explain or depict its use;

i. National and local advertising concerning its use;

j. The manner in which the object is displayed for sale;

k. Whether the owner, or anyone in possession of the object(s), is a legitimate supplier of like or related items to the community, such as a licensed distributor or dealer of nitrous oxide;

l. Direct or circumstantial evidence of the ratio of sales of the objects to the total sales of the business enterprise;

m. The existence and scope of legitimate uses for the object in the community; and

n. Expert testimony concerning its use.

(3) *Recreational use* means use for the purpose of causing a condition of intoxication, impairment, euphoria, excitement, exhilaration, sexual enhancement, stupefaction, or dulling of the senses or nervous system, but does not mean use of anesthesia for medical or dental purposes.

(b) *Possession, sale, or consumption of nitrous oxide prohibited.*

(1) It shall be unlawful for any person within the City to display, offer, distribute, sell, or otherwise provide to a person any device that contains any quantity of nitrous oxide, or any paraphernalia used to dispense or administer nitrous oxide, for recreational purposes.

(3) A pharmacist, pharmacist intern, or pharmacy as defined in section 17707 of the Public Health Code, being MCL 333.17707, who dispenses the device in the course of his or her duties as a pharmacist or pharmacist intern or as a pharmacy; or

(4) A health care professional who possesses and dispenses nitrous oxide in the course of medical and dental treatment.

(d) A person in violation of Subsection (b)(1) and Subsection (b)(2) of this section is misdemeanor punishable by imprisonment for not more than 93 days, or a fine of not more than \$100.00, or both.

**Secs. 31-5-19 – 31-5-40. Reserved.**

**Section 2.** This ordinance is hereby declared necessary to preserve the public peace, health, safety, and welfare of the People of the City of Detroit.

**Department of Public Works  
City Engineering Division**

November 4, 2021

Honorable City Council:

Re: Petition No. x1589 — Olympia Development of Michigan, LLC request to vacate to utility easement the Park Avenue bounded by vacated Sproat Street and Temple Avenue.

Petition No. x1589 — Olympia Development of Michigan, LLC request to vacate to utility easement the Park Avenue, 60 ft. wide, bounded by vacated Sproat Street, 50 ft. wide, and Temple Avenue, 60 ft. wide.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The request is made as part of a consolidation of property by adjacent owners and will allow for a pedestrian friendly area to be used in conjunction with the new development.

The request was approved by the Solid Waste Division — DPW, and Traffic Engineering Division — DPW, and City Engineering — DPW.

Detroit Water and Sewerage Department (DWSD) has no objection to the vacation and conversion to utility easement provided certain provisions are met. The DWSD provisions are a part of the attached resolution.

All other involved City Departments, and privately owned utility companies have reported no objections to the vacation and conversion to utility easement of the alley. Provisions protecting utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,

**RESOLUTION DECLARING  
 NOVEMBER 15th - NOVEMBER 21st  
 OF 2021 WHIPPET WIPEOUT WEEK  
 IN DETROIT**

By Council Member Ayers:  
 WHEREAS, The mission of the Detroit City Council is to promote the economic, cultural and physical welfare of Detroit's citizens through Charter-mandated legislative functions; and  
 WHEREAS, It has come to the attention of City Council that a number of stores throughout the City have nitrous oxide for sale to the general public and, while it is considered a food product for the manufacturing of whipped cream and has other legal uses, many people use nitrous oxide

as an inhalant for intoxication. When used as an inhalant outside of a medical setting, nitrous oxide is typically consumed through a “whippet”, which is made with a nitrous oxide canister, a balloon and a tool called a “cracker” which is used to pierce the canister and fill the balloon with gas; and

WHEREAS, The inhalation of nitrous oxide has numerous health implications. The drug is used recreationally to create short periods of euphoria, giddiness, and relaxation. Overuse, overdose or use by someone with underlying health conditions can cause fainting, heart attack, hypoxia, and hallucinations. Long term use can cause memory loss, B12 deficiency, psychosis, depression, and neurological issues among other health problems; and

WHEREAS, While the use of whippets is a problem in the adult population, it is heavily used amongst teenagers and young adults and is a growing problem among high school and even middle school aged children; and

WHEREAS, The high pressure aluminum cylinders containing the nitrous oxide used to make whippets are often times improperly disposed of and left littering City streets and parks. There are few places that will accept these cylinders for garbage or recycling because they pose a safety hazard and can combust if still filled with gas. The use of whippets is a city-wide problem but is particularly severe within the 48209 and 48210 zip codes and has created a substantial environmental problem in these neighborhoods; and

WHEREAS, Community organizations in the 48209 and 48210 zip codes have banned together to form a “Whippet Wipeout Coalition”. The Coalition has worked tirelessly over the past few years in removing and disposing of over fifty-five thousand aluminum cylinders from the environment, advocating for regulations at the state and local level to better address this new drug epidemic, tracking the sale and recreational use of nitrous oxide, and in educating the public about recreational nitrous oxide and its harmful effects. NOW, THEREFORE, BE IT

RESOLVED, That the Detroit City Council fully supports the Whippet Wipeout Coalition in all its endeavors. BE IT FURTHER

RESOLVED, That the Detroit City Council declares the week of November fifteenth through the twenty first Whippet Wipeout Week in Detroit. BE IT FINALLY

RESOLVED, That copies of this resolution be transmitted to the office of the Detroit City Clerk, Mayor Mike Duggan, Chief Public Health Officer Denise Fair Razzo and Police Chief James White.

Fiscal Year 2021-2022 Budget Amendment for Retiree Protection Fund, Detroit Historical Museum, and Detroit Public Library HVAC System Capital Project. **(As you know, the City's legacy pension obligations are our largest long-term financial challenge. The Bankruptcy Plan of Adjustment (the "POA") gave the City a ten-year pause from making contributions so we could rebuild our tax base by investing in City services, capital improvements, and blight removal. The POA provided the City with 30 years beginning in fiscal year 2023-2024 ("FY24") to fund our legacy pen-**

sion plans. Instead of waiting for this “pension cliff” in FY24, the Mayor and City Council established the Retiree Protection Fund (“RPF”) in 2017 to invest annual deposits in a new irrevocable trust to build and stabilize future budget capacity to fund our commitment to our retirees.)

 Re: Rosalyn Murphey vs. City of Detroit. Case No: 20-002769-NI. File No: L20-00240 (CB).

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body. We, therefore, request authorization to settle this matter in the amount of Thirty-seven Thousand Five Hundred Dollars and No Cents (\$37,500.00) and that your Honorable Body direct the Finance Director to issue a draft in that amount payable to Rosalyn Murphey and her attorney, The Lobb Law Firm, to be delivered upon receipt of properly executed Releases and Stipulation and Order of Dismissal entered in Lawsuit No. 20-002769-NI, approved by the Law Department.

Re: Request to Amend the Official Compensation Schedule

Recommendation is submitted to amend the 2021-2022 Official Compensation Schedule to include the following pay adjustments, subject to City Council approval:

Class Code	Title	Current Salary Range	Proposed Salary Range	Barg. Unit
612033	Asphalt Finisher	\$29,431 - \$36,032	\$37,400 - \$45,800	1202

**Rationale:**

The above request and recommendation are based on the ability to attract and retain essential personnel in the Department of Public Works.

To determine the appropriate pay range for the classification, a market study was conducted using data from external survey sources with comparable positions. The results of the market study reveal the current pay range is not competitive. Based upon the results of the analysis, it is recommended a pay range of \$37,400 - \$45,800 be adopted.

The proposed range is based on the City of Detroit's ability to fund the increase and is subject to City Council approval.

Re: Request to Amend the Official Compensation Schedule

Recommendation is submitted to amend the 2021-2022 Official Compensation Schedule to include the following pay adjustments, subject to City Council approval:

Class Code	Title	Current Salary Range	Proposed Salary Range	Barg. Unit
619121	General Environmental Technician 1	\$28,858 - \$30,562	\$31,200 - \$35,400	1140
619122	General Environmental Technician 2	\$30,563 - \$32,269	\$33,300 - \$37,400	1140
619123	General Environmental Technician 3	\$32,269 - \$33,974	\$35,400 - \$43,700	1140
619124	General Environmental Technician Foreman	\$33,974 - \$36,772	\$37,400 - \$45,800	1140

#### Rationale:

The recommendations are based on the expressed need to attract employees to, and increase retention in, Grounds Maintenance, Floriculture, Building Services, Street Maintenance, and Waste Management. The proposed classifications will establish a well-defined career path, increase pay rates to be market competitive, and are critical to maintaining infrastructure, buildings, and grounds landscape at the City of Detroit. These actions will help to beautify and maintain the appearance of the City as well as allow the City to provide improved services to our residents and visitors.

A market study was conducted for the classifications using data from external survey sources. The results indicate the current corresponding pay ranges are not competitive. The proposed adjustments are essential for recruitment and retention purposes and is based on the City of Detroit's ability to fund the increase. The proposal is subject to City Council approval.

Honorable City Council  
Re: Little Rock Limited Dividend Housing Association, LLC — Payment in Lieu of Taxes (PILOT).

MHT Housing, Inc. has formed Little Rock Limited Dividend Housing Association, LLC (the "LDHA") in order to develop the Project known as the Reverend Dr. Jim Holley Residences. The LDHA owns Unit 1 of the Dr. Jim Holley Residences Condominium, a mixed-use new construction development structured as three (3) separate condominium units in one four-story building. Unit 1 consists of thirty (30) units of housing for low-income senior residents. The site is bounded by Clairmount on the north, Woodward on the east, Taylor on the south and Second on the west. The Project will include thirty (30) 1 bedroom/1 bath apartments. The site will also include first-floor Woodward-facing 5,000 square feet of commercial space. The development will feature both on-site and auxiliary parking to the immediate south of the residential building.

A tax-exempt bond construction loan in the amount of \$4,003,012 and a permanent mortgage loan in the amount of \$2,371,350 will be provided by the Michigan State Housing Development Authority ("MSHDA"). The City of Detroit will provide a HOME loan in the amount of \$1,800,000. Stratford Capital Group will make Capital Contributions of \$3,201,672

which includes the purchase of Low Income Housing Tax Credits. Additionally, the Sponsor has agreed to provide a note in the amount of \$149,878 and to defer \$175,000 of the developer fee.

Rents for all units have been set at or below sixty percent (60%) of the area median income, adjusted for family size. The Detroit Housing Commission has awarded Project Based Housing Vouchers in the form of a HAH contract which requires households to contribute only thirty percent (30%) of household income towards rent to all units. All thirty (30) units will be subject to the PILOT based on Section 15a of the State Housing Development Authority Act of 1966, as amended.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1966 (P.A. 346 as amended, MCL 125.1415A). Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service charge of four percent (4%) of the annual net shelter rent obtained from this housing project.

Respectfully submitted,

ALVIN HORHN

Deputy CFO/Assessor

By Council Member Ayers:

Whereas, Pursuant to the provisions of the Michigan State Housing Development Act, Act 346 of the Public Acts of 1966, as amended, being MCL 125.1401 *se seq.* (the "Act"), a request for exemption from property taxes has been received on behalf of MHT Housing, Inc. (the "Sponsor"); and

Whereas, A housing project as defined in the Act is eligible for exemption from property taxes under Section 15a of the Act (MCL 125.1415a) if the Michigan State Housing Development Authority ("MSHDA") provides funding for the housing project, or if the housing project is funded with a federally-aided mortgage as determined by MSHDA; and

Whereas, Section 15a of the Act (MCL 125.1415a) provides that the local legislative body may establish by ordinance the service charge to be paid in lieu of taxes, commonly known as a PILOT; and

Whereas, The City of Detroit has adopted Ordinance 9-90, as amended, being Sections 18-9-10 through 18-9-16 of the Detroit City Code to provide for the exemption from property taxes of eligible housing projects and to provide for the amount of the PILOT for said housing projects to be established by resolutions of the Detroit City Council after review and report by the Board of Assessors; and

Whereas, The Sponsor is constructing a housing project to be known as Unit 1 of

the Dr. Jim Holley Residences Condominium, consisting of thirty (30) units in an apartment building to be located on a parcel of property owned by Little Rock Limited Dividend Housing Association, LLC as described by street address and tax parcel in Exhibit A to this resolution, with all thirty (30) units for affordable housing (the "Project"); and

Whereas, The purpose of the Project is to serve low to moderate income persons as defined by Section 15a(7) of the Act, being MCL 125.1415a(7); and

Whereas, MSHDA has provided notice to the Sponsor that it intends to approve federal-aided financing for the Project, provided that the Detroit City Council adopts a resolution establishing the PILOT for the Project; and

Whereas, Pursuant to Section 15a of the Act, being MCL 125.1415a(1), the tax exemption is not effective until the Sponsor first obtains MSHDA certification that the housing project is eligible for exemption, and files an affidavit, as so certified by MSHDA, with the Board of Assessors; and

Whereas, Pursuant to Section 18-9-13(G) of the Detroit City Code, the tax exemption shall be effective on adoption, with the tax exemption and PILOT payment to occur only upon bona fide use and physical occupancy by persons and families eligible to move into the project, in accordance with the Act, which must occur as of December 31 of the year preceding the tax year in which the exemption is to begin; Now Therefore Be It

Resolved, That in accordance with City Code Section 18-9-13, the Project known as Unit 1 of the Reverend Dr. Jim Holley Residences as described above is entitled to be exempt from taxation but subject to the provisions of a service charge of four percent (4%) for payment in lieu of taxes as set forth in Act No. 346 of the Public Acts of 1966, as amended, being MCL 125.1401 *et seq.*; And Be It Further

Resolved, That arrangements to have collections of a payment in lieu of taxes from the Sponsor be established upon occupancy for future years with respect to the same be prepared by the Office of the Chief Financial Officer; And Be It Further

Resolved, That specific legal description for the Project shall be as set forth in the certification from MSHDA; And Be It Further

Resolved, That in accordance with Section 15a(3) of the Act, MCL 125.1415a(3), the exemption from taxation shall remain in effect for as long as the MSHDA-aided or Federally-aided financing is in effect, but not longer than fifty (50) years, and shall terminate upon the determination by the Board of Assessors that the Project is no longer eligible for the exemptions; And Be It Further

Resolved, That the City Clerk furnish

the Office of the Chief Financial Officer — Office of the Assessor two certified copies of this resolution; And Be It Further

Resolved, That this resolution is adopted with a waiver of reconsideration.

Honorable City Council:

Re: Fiscal Year 2021-2022 Budget Amendment for Retiree Protection Fund, Detroit Historical Museum, and Detroit Public Library HVAC System Capital Project.

As you know, the City's legacy pension obligations are our largest long-term financial challenge. The Bankruptcy Plan of Adjustment (the "POA") gave the City a ten-year pause from making contributions so we could rebuild our tax base by investing in City services, capital improvements, and blight removal. The POA provided the City with 30 years beginning in fiscal year 2023-2024 ("FY24") to fund our legacy pension plans. Instead of waiting for this "pension cliff" in FY24, the Mayor and City Council established the Retiree Protection Fund ("RPF") in 2017 to invest annual deposits in a new irrevocable trust to build and stabilize future budget capacity to fund our commitment to our retirees.

Through FY21, the City deposited \$220 million and earned approximately \$15 million in interest in the RPF. During the budget process last spring, the City Council approved the FY22 budget with the previously scheduled \$55 million annual deposit into the RPF, plus a supplemental \$30 million deposit, both of which have already been deposited. At that time, we discussed that more deposits would be needed to provide a more sustainable path toward funding our legacy pension plans over the 30 years beginning in FY24. On October 29, 2021, the Honorable City Council President Brenda Jones requested the City allocate an additional \$50 million to the RPF to protect City of Detroit retirees' pensions.

During the budget process last spring, the City Council also approved the FY22 budget with \$500,000 in operating support for the Detroit Historical Museum and \$2 million in the General Services Department (GSD) budget for the Detroit Public Library's Heating, Ventilation, and Air Conditioning (HVAC) system capital project. During the budget hearings, the City Council discussed the Detroit Historical

Museum's request for an additional \$500,000 in operating support, for an overall total of \$1 million in FY22. GSD has informed us that, upon further review, the Library's HVAC project is expected to cost an additional \$2 million, for a total of \$4 million.

The attached resolution, if approved by this honorable body, will appropriate the additional \$50 million for the RPF, \$500,000 for the Detroit Historical Museum, and \$2 million for GSD to complete the Library's HVAC project.

We respectfully request your approval of the attached resolution, with a waiver of reconsideration.

Best regards,  
STEVEN WATSON

Deputy CFO/Budget Director

ignation of NEZs must be approved by a resolution adopted by the local governmental unit subsequent to a public hearing at which any taxpayer or resident, or representative of any taxing authority levying a property tax in the City of Detroit, was given the opportunity to address the requested establishment of an NEZ; and

Re: Annual HOME, CDBG, NSP Awards New Award / Revisions to Previous Awards.

The City of Detroit (“City”), through the Housing and Revitalization Department (“HRD”), makes annual funding available for “ready-to-proceed projects” from HOME, CDBG and NSP federal funds allocated to the City through the U.S. Department of Housing and Urban Development (“HUD”). HRD has continued to work closely with HUD to meet required commitment and disbursement deadlines for new and ongoing projects approved by the City.

In support of affordable housing opportunities, HRD is hereby requesting approval to award funding to the following new project.

1. Detroit Food Commons (\$2,000,000.00 in CDBG funds) — \$2,000,000.00 in CDBG funds will be spent on this project at 8324 Wood and 50-100 E. Euclid to assist in constructing a new food co-op that will include a grocery store, neighborhood cafe, incubator kitchen facility and community event/office space.

Additionally, HRD is hereby requesting approval to increase and/or revise funding sources for the following previously approved project:

1. Peterboro Arms (Replace \$1,175,706.72 in CDBG-CV funds with CDBG funds and increase CDBG amount to \$1,296,650.71 and Increase HOME amount to \$2,019,526.68) — \$1,175,706.72 in CDBG-CV funds will be replaced with CDBG funds and the total amount of the CDBG funds will be increased to \$1,296,650.71 and the amount of HOME funds will be increased to \$2,019,526.68 to help attain CDBG program spending requirements and cover certain additional construction costs.

We hereby request that your Honorable Body adopt the attached resolution that: (1) approves the aforementioned new project funding. (2) approves the aforementioned project funding increases and revised funding sources (3) authorizes the HRD Director, or her authorized designee, to execute such documents as may be necessary or convenient to complete the transactions.

**Housing and Revitalization Department**

November 3, 2021

Honorable City Council:

Re: Request for Authorization to Accept and Appropriate the U.S. Department of Housing and Urban Development (HUD) HOME Investment Partnerships Program-American Rescue Plan (HOME-ARP) funds and Amend the FY 2021-22 Annual Action Plan.

The U.S. Department of Housing & Urban Development ("HUD") has allocated the City of Detroit ("City"), through its Housing and Revitalization Department ("HRD"), the HOME Investment Partnerships Program — American Rescue Plan (HOME-ARP) funds in the total amount of \$26,583,684 under section 3205 of the American Rescue Plan Act of 2021 (P.L. 117-2) ("ARPA"). This funding will be used to make targeted, strategic investments in housing and other assistance for people experiencing homelessness in accordance with the McKinney-Vento Homeless Assistance Act.

HRD will use the funding to equitably reduce homelessness and increase housing stability for the 7,811 households that experience homelessness each year in Detroit. HOME-ARP funding will allow the City of Detroit to leverage existing funding for homelessness to address gaps and barriers in the current homeless system.

The approximate \$26.5 million will be used for the following allowable costs:

• **Permanent Supportive Housing: \$16,063,642.00**

The majority of the funding will go towards creating 150-250 units of permanent supportive housing. These funds will be leveraged with existing federal funds to create the maximum number of units possible. All units created will serve chronically homeless households, as these are extremely vulnerable residents in our city.

• **Supportive Services: \$3,000,000.00**

Supportive services are key to ensuring chronically homeless households are successful in their permanent supportive housing unit and remain housed. Supportive services include case management, connection to physical and mental health, transportation, employment assistance, education, and life skills training.

• **Acquisition and Development of Non-Congregate Shelter: \$3,000,000.00**

HRD will issue a NOFA for the new development or rehabilitation of a congregate emergency shelter. Transforming a shelter to allow for non-congregate sleeping space will mitigate the spread of COVID-19 and other illnesses.

• **Non-Profit Support**

Non-profit agencies can lack the resources needed to implement and operate new programs. This funding will allow agencies to implement the following HOME-ARP programs:

**1. Non-Profit Capacity Support: \$665,000.00**

o Examples include salaries, employee training, and equipment and supplies needed to implement a HOME-ARP program.

**2. Non-Profit Operating Support: \$665,000.00**

o Examples include rent, utilities, insurance, and taxes needed to operate a HOME-ARP program.

• **Administration: \$3,190,042.00**

HOME-ARP administration is allowable up to 15%. HRD will only use 12% of funding to ensure that a majority of the resources go directly to Detroiters experiencing homelessness. Program administration will include four full time HRD employees that will project manage, oversee, and monitor HOME-ARP funding and subrecipients.

We respectfully request that your Honorable Body's authorization to accept this supplemental funding/amendment by approving the attached resolution for the stated purpose.

October 25, 2021

Honorable City Council:

Re: Approval of Property Transfer between the City of Detroit and the Detroit Land Bank Authority.

Pursuant to the Land Bank Fast Track Act, 2003 PA 258, MCL 124.751 to 124.774 (Land Bank Act), the Detroit Land Bank Authority ("DLBA") was created as a separate legal entity, in order to assemble or dispose of public property in a coordinated manner, to foster the development of that property, to promote economic growth in the City of Detroit and to combat blight.

The Detroit Land Bank Authority has implemented a range of policies to provide for the disposition of the properties

that it acquires, including sales to owner occupants, sales of side lots and auctions of properties. In 2014, your Honorable Body initially authorized the transfer of 16,399 properties from the City to the DLBA for the purposes stated.

As the City and DLBA continually acquire property through various means, a periodic transfer of properties between the City of Detroit and the DLBA is necessary for both entities to conduct land strategies efficiently and effectively. The last such transfer was approved by your Honorable Body July 27, 2021, at which time 118 properties were transferred by the City to the DLBA.

At this time, the City and DLBA have identified 24 properties in the City's inventory that are best managed under the DLBA's disposition programs ("City Transfer Properties").

Additionally, the City has identified 16 properties that we wish to acquire from the DLBA ("DLBA Transfer Properties") for:

**(1) Within the boundaries of Karl St., Bentler St., Westbrook St. and Santa Clara.**

A proposed project is currently under discussion with Communities First, Inc. to consist of an affordable/market rate housing development which includes the rehabilitation of the city-owned Holcomb school site at 18100 Bentler.

**(2) 3315 and 3084 15th**

For inclusion in Choice Neighborhoods Initiative

**(3) 12710 Dexter**

Located within Strategic Neighborhood area

**(4) 4094 Duane**

Located within Strategic Neighborhood area

We therefore, hereby respectfully request that your Honorable Body adopt the attached resolution that authorizes the Planning and Development Department Director, or his/her authorized designee, to transfer the City Transfer Properties, as listed in the attached Exhibit A, to the Detroit Land Bank Authority, a Michigan public body corporate for no consideration.

We further, request that your Honorable Body authorize the City to acquire the DLBA Transfer Properties, as listed in the attached Exhibit B, from the Detroit Land Bank, a Michigan public body corporate, for no consideration.

Respectfully Submitted,  
ANTOINE BRYANT  
Director  
Planning and Development  
Department

By Council Member Tate:

Now, Therefore Be It Resolved, That Detroit City Council hereby approves the transfer of those properties ("City Transfer Properties"), listed in the attached

Exhibit A, from the City of Detroit to the Detroit Land Bank, a Michigan public body corporate, for no consideration; And Be It Further

Resolved, That in accordance with the foregoing, the P&DD Director, or his/her authorized designee, be and is hereby authorized to convey all of the City's right, title and interest of the properties, listed in the attached Exhibit A, by one or more multiple quitclaim deeds, as well as execute any such other documents as may be necessary to effectuate transfer of the properties from the City of Detroit to the Detroit Land Bank; And Be It Further

Resolved, That the P&DD Director, or his/her authorized designee, retains the discretion to withhold transferring some property described in the Exhibit A to the Detroit Land Bank; And Be It Further

Resolved, That Detroit City Council hereby approves acquisition of those properties ("DLBA Transfer Properties"), listed in the attached Exhibit B, from the Detroit Land Bank, a Michigan public body corporate for no consideration, provided that prior to any such acquisition, the City conduct an environmental inquiry of the DLBA Transfer Properties and, if required, an environmental assessment, to be reviewed by the Building, Safety Engineering and Environmental Department; And Be It Further

Resolved, That Detroit City Council finds and declares that (1) acquisition of the DLBA Transfer Properties is necessary to promote the health, safety and welfare of the public and (2) that the preservation of the public health safety and welfare outweighs the cost of the environmental inquiry and assessment, and therefore, waives the requirement that the seller bear the cost of the environmental inquiry and assessment for the DLBA Transfer Properties; And Be It Further

Resolved, That in accordance with the foregoing, the P&DD Director, or his/her authorized designee, be and is hereby authorized to accept and record deeds to the City of Detroit for the properties, listed in the attached Exhibit B, as well as execute any such other documents as may be necessary to effectuate transfer of the properties from the Detroit Land Bank to the City of Detroit; And Be It Further

Resolved, That the City may transfer any or all of the City Transfer Properties and/or the DLBA Transfer Properties at any time to the DLBA for no consideration, in order for the DLBA to provide expedited title clearances for such properties at a service fee of \$1,000 per property to the DLBA for such services. Further, the City is hereby authorized to accept of such properties back from the DLBA for no consideration following the DLBA's completion of such title clearances; And Be It Further

Resolved, That the P&DD Director, or his/her authorized designee, is authorized to execute any required instruments to make and incorporate technical amendments or changes to the quit claim deeds (including but not limited to corrections to or confirmations of legal descriptions, or timing of tender of possession of particular parcels) in the event that changes are required to correct minor inaccuracies or are required due to unforeseen circum-

stances or technical matters that may arise prior to the conveyance of the properties, provided that the changes do not materially alter the substance or terms of the transfers or sales; And Be It Finally

Resolved, That the quit claim deeds will be considered confirmed when executed by the P&DD Director, or his/her authorized designee, and approved by the Corporation Counsel as to form.

Re: Authorization to Acquire Real Property from Jacquelyn Yvonne Dodson 2915 Garland.

The City of Detroit, Planning and Development Department ("P&DD") wishes to purchase certain real property at 2915 Garland (the "Acquisition Property") from Jacquelyn Yvonne Dodson, formerly known as Jacquelyn Yvonne Jones (the "Seller") for the purchase price of Eight Thousand and 00/100 Dollars (\$8,000.00).

We, therefore, hereby request that your Honorable Body adopt the attached resolution to authorize the purchase and acquisition of the Acquisition Property.

Respectfully submitted,

By Council Member Tate:

Whereas, the City of Detroit ("City"), through the Planning and Development Department ("P&DD"), wishes to acquire that certain property at 2915 Garland, Detroit, MI as more particularly described in the attached Exhibit A (the "Acquisition Property") from Jacquelyn Yvonne Dodson, formerly known as Jacquelyn Yvonne Jones ("Seller"), for the sum of Eight Thousand and 00/100 Dollar (\$8,000.00); and

Resolved, That the Buildings, Safety Engineering and Environmental Department has reviewed the environmental conditions of the Property; And Be It Further

Resolved, in accordance with Chapter 2, Article I, Division 2 of the Detroit City Code: (1) the City Council finds that the Property has received appropriate environmental inquiry in accordance with the review referred to in the preceding paragraph; (2) the environmental inquiry has shown that past use of the Property for the period investigated has been solely for residential purposes and that the Property does not pose an adverse environmental impact, therefore the Property is not a facility; and (3) the City Council finds and declares that the preservation of the promotion of the public health, safety, welfare or good outweighs the cost of the environmental inquiry and therefore waives the requirement that the seller bear the cost of the environmental inquiry; And Be It Further

Resolved, That Detroit City Council hereby approves acquisition of the Acquisition Property for the sum of Eight Thousand and 00/100 Dollar (\$8,000.00); And Be It Further

November 4, 2021

Honorable City Council:

Re: Request of Metro Detroit Signs on behalf of Bedrock Detroit for PCA (Public Center Adjacent) Special District Review of a proposed sign at 611 Woodward Avenue. (RECOMMEND APPROVAL)

**REQUEST**

The City Planning Commission (CPC) has received a request from Metro Detroit Signs on behalf of Bedrock Detroit for PCA (Public Center Adjacent) Special District Review of a proposed sign to be located at 611 Woodward Avenue. This request is being made consistent with the provisions of Section 50-3-222 of the Detroit Zoning Ordinance.

*Subject premises - 611 Woodward Ave.*

**PROPOSED PROJECT**

The building currently has three signs on its penthouse as shown in the picture below. "Quicken Loans" changed its name to "Rocket Mortgage" earlier this

year and would like to change the copy of the identification sign to reflect the new name. No change to the size of the sign is proposed. The existing backer cabinet will remain; it will be painted black and new channel letters will be installed.

*Existing Sign proposed to be changed*

*Proposed New Sign*

**REVIEW & ANALYSIS**

***Sign Ordinance Standards***

Because the proposed alteration is the change of copy on an existing sign (as opposed to a new sign), the sign ordinance standards regarding size, number, and placement are not applicable. However, the existing signage on the building does comply with the allowed total area of signage for the building as specified in Chapter 4, Advertising, of the City Code, Sec. 4-4-62. The location in the Central Business District allows three square feet of signage per foot of building frontage; as the building has frontage on all four sides, the entire perimeter of the 280' x 130' building is frontage, resulting in an allowance of 2,460 square feet. Including the sign proposed to be changed, the existing signs on the building are approximately 1,008 square feet, leaving 1,452 square feet of allowable signage that could be added (provided that the new signs complied with the standards for individual size, number, and placement for the particular sign type).

This property is located in the Detroit Financial Center Historic District. The proposed sign alteration has been reviewed and approved by the Historic District Commission as required. The Certificate of Appropriateness is attached.

***PCA District Review Criteria***

There are eighteen PCA District Review Criteria listed in Section 50-11-97 of the Zoning Ordinance. The relevant criteria follow with staff analysis in italics:

(2) Scale, form, massing and density should be appropriate to the nature of the project and relate well to surrounding development. The proposed sign is the same size as the existing sign, therefore the scale will remain the same. The proposal to paint the backer cabinet will enable the sign to blend in with the building and appear less prominent.

(11) Signage and graphics should be tastefully designed to be visually appealing and in character with surrounding development; they should provide needed information, direction and orientation in a clear and concise manner. The proposed sign location is appropriate as it does not cover any architectural details, and does not detract from the appearance of the building.

***Design***

The Planning & Development Department has reviewed the proposed signage and supports approval. The full recommendation is attached.

**CONCLUSION & RECOMMENDATION**

Consistent with the above, the City Planning Commission staff recommends approval of the proposed sign.

**A RESOLUTION AUTHORIZING ALTERATIONS IN A PCA ZONING DISTRICT AT**

**611 WOODWARD AVENUE**

By Council Member Tate:

Whereas, Metro Detroit Signs on behalf of Bedrock Detroit, proposes a new sign at 611 Woodward Avenue; and

Whereas, 611 Woodward Avenue is located within an established PCA (Public Center Adjacent) zoning district; and

Whereas, work to be performed within a PCA zoning district requires Special District Review and the purpose of the PCA zoning district classification is provided for in Section 50-11-81 of the Zoning Ordinance as follows:

This district includes property in close proximity to the Public Center (PC) District, and the controls specified in this division are designed to prevent any uses or structures within the district from having a deleterious effect upon the public center. Uses in this district shall include, to the maximum extent possible, ground-floor commercial space or other space oriented to pedestrian traffic, to enhance the public streetscape and street-level activity; and

Whereas, The Planning and Development Department and the Historic District Commission have provided favorable review; and

Whereas, The City Planning Commission staff has, on behalf of the City Planning Commission, reviewed and recommended approval of the proposed alterations in accordance with Section 7.5 of the City Planning Commission bylaws;

Now, Therefore Be It Resolved, That the Detroit City Council hereby approves the proposed signage depicted in drawings by Yesco and dated June 7, 2021, referenced in the staff report, with the following condition:

1. That final signage plans be reviewed by CPC staff for consistency with approval prior to application being made for applicable permits.

According to the City of Detroit Zoning Ordinance the Detroit City Council approves by resolution any work undertaken by permit on land zoned PC or PCA

It has become the practice of your Honorable to delegate this responsibility to the staff of the City Planning Commission during periods of recess when permit applications of this sort may be submitted and need to be addressed in a timely fashion. By Council Member Tate:

Whereas, The Detroit Zoning Ordinance requires that any permit application submitted to the Building and Safety Engineering and Environmental Department related to the Exterior design, location and appearance of work within a the Public Center (PC) District and the Public Center Adjacent/ Restricted Central Business ((PCA) District must be reviewed by the City Planning Commission (CPC) and the Planning and Development Department (P&DD); and

Whereas, Consistent with Sec. 50-3-182 of the Zoning Ordinance, the City Council approves by resolution, any such permit application subsequent to receipt of a report and recommendation from the Planning and Development Department and the City Planning Commission; and

Whereas, The Detroit City Council will be on recess beginning November 24, 2021 through January 3, 2022, and the City Council's Committees will not resume meeting until that time; and

Whereas, Time sensitive requests for work in these districts may be received by the City while the Council is not in session; and

Whereas, It is the desire of the Detroit City Council to facilitate such requests and not unnecessarily delay the issuance of building permits.

Now, Therefore Be It Resolved, That the Detroit City Council authorizes the Planning and Development Department and the City Planning Commission staff to jointly conduct Special District Review, approve, approve with conditions or deny any requests/permit applications for land zoned PC or PCA submitted between November 24, 2021 and January 4, 2021 and to do so in consultation with other City agencies as may be appropriate.

RESOLVED, That the Detroit City Council supports the efforts by the Local Communities to improve the conditions at the Intersection, including the activities described in the Memorandum of Agreement; AND BE IT FURTHER

RESOLVED, That the Detroit City Council recommends that the Housing and Revitalization Department, on behalf

of the City of Detroit, execute the Memorandum of Agreement and commence the activities described therein, in coordination with those of the City of Ferndale, as quickly as possible; BE IT FINALLY

RESOLVED, That, upon its approval, a copy of this resolution shall be sent to the Mayor's Office, the Office of the City Clerk, the Department of Housing and Revitalization, and the Law Department.

**MEMORANDUM OF AGREEMENT FOR  
THE EIGHT MILE AND WOODWARD  
PHYSICAL IMPROVEMENTS AND  
HUMAN SERVICES PROJECT**

This Memorandum of Agreement ("Memorandum") is entered into by and between the CITY OF DETROIT, a Michigan municipal corporation, acting through its Housing and Revitalization Department, ("DETROIT") and the CITY OF FERNDALE, a Michigan municipal corporation, ("FERNDALE") for the purpose of delineating the scope of work and identifying the intended cost-sharing allocations between them. For purposes of this Memorandum, DETROIT and FERNDALE may each be referred to herein as a "Local Community," or collectively as the "Local Communities," as applicable.

**RECITALS**

WHEREAS, DETROIT and FERNDALE share a common boundary along Highway M-102 (Eight Mile Road), including the intersection at Highway M-1 (Woodward Avenue) (the "Intersection"), which is under the jurisdiction of the Michigan Department of Transportation ("MDOT"); and

WHEREAS, The 8 Mile/Woodward community has raised concerns regarding the physical conditions of the Intersection and of the wellbeing of the individuals who rely on the Intersection for shelter and a source of income; and

WHEREAS, DETROIT and FERNDALE each wish to enhance the conditions of the Intersection through the physical improvements to the right-of-way, outreach and human services to individuals occupying Intersection, and other public human services (the "Project");

WHEREAS, FERNDALE and MDOT entered into a "Mural Special Trunkline Maintenance Contract" for the installation of a mural within the Eight Mile and Woodward Avenue right-of-way and the maintenance and operation of the murals, other public artwork, and facilities in support of the Project; and

WHEREAS, DETROIT has engaged Motor City Mitten Mission, a Michigan nonprofit corporation, to provide outreach and other social services to the homeless populations in the Eight Mile and Woodward Avenue area; and

WHEREAS, DETROIT and FERNDALE enter into this Memorandum to formalize their mutual goals and to set forth the basis for implementing the Project; and

NOW, THEREFORE, in consideration of the foregoing, the Local Communities agree as follows:

**Section 1: Overview.** The Local Communities desire to collaborate and, where feasible and beneficial to the Project, to engage certain third-party entities, possibly including the Motor City Mitten Mission and the 8 Mile Boulevard Association, among others, on the Project, which will consist of both physical improvements (“Component 1”) as well as human services outreach and support (“Component 2”) at the Intersection. The Local Communities intend for this Memorandum to serve as a reference to delineate the overall scope of work and identify the intended cost-sharing allocations for the Project.

**Section 2: Project Description.** Residents near the Intersection and within the jurisdictions of the Local Communities have grown increasingly concerned about the conditions of the Intersection and request that the Local Communities act to definitively resolve the physical conditions of public health and safety at the Intersection. The Local Communities have attempted not only to address these conditions but also the challenges faced by persons who persistently live at or near the Intersection and have come to rely on the Intersection as shelter and/or a source of income via panhandling. Efforts to-date have been unable to definitively halt the aggregation of trash, debris, and human waste at the Intersection, nor fully address the drivers of persistent homelessness and panhandling at the Intersection.

The scope of work for the Project is organized under three Project Goals:

Goal 1: Install Physical Improvements at the Intersection. Design and build a public space intervention at the Intersection to prevent concentrations of trash, debris, and human waste while preserving safe and inviting access for all. This effort will formally establish a branded, artistic and lighted “front door” welcome to the cities of Detroit and Ferndale. Additionally, this will allow the environment under the bridge to be welcoming and safe for all users.

Goal 2: Develop a Plan for Maintenance of Physical Improvements. Utilizing the MDOT-City Partnership model, whereby municipal staffing and funding are provided for the maintenance of rights-of-way on state trunk lines, including 8 Mile Road and Woodward Avenue, develop and execute a joint agreement between Detroit, Ferndale, and MDOT to designate key staff contacts and funding for the continued maintenance of, and public space interventions in, the Intersection.

Goal 3: Develop a Plan to Enhance Human Services Outcomes. Working through the existing network of local and regional human service providers, and guided by their expertise as well as insights from the target population,

develop and execute a joint agreement between Detroit and Ferndale to designate key staff contacts and funding to improve long-term positive outcomes relative to chronic homelessness and related challenges at the Intersection.

**Section 3: Scope of Work.** The Local Communities anticipate that the above-stated goals can be achieved through implementation of the scope of work described in this section, subject to modification or revision as may be warranted under applicable circumstances.

**Project Team**

Each Local Community will designate the appropriate staff representatives to manage its own activities and to coordinate their respective activities with each other. DETROIT representatives may include David Walker of its Planning and Development Department and Terra Linzner of its Housing and Revitalization Department. FERNDALE representatives may include Jordan Twardy of its Community and Economic Development Department. Each Local Community may from time-to-time designate different representatives upon notice to the other without need for amendment of this Memorandum.

**Project Budget**

The Local Communities intend for FERNDALE to primarily provide funding for Component 1 and for DETROIT to primarily provide funding for Component 2, as set forth in the following preliminary budget:

Component	Amt.	Source(s)/Notes
Physical Improvements	\$100K	Ferndale funding for physical improvements, including murals and other artwork, at the intersection.
	\$50K	Philanthropic contributions to support Component 1 of the Project.
Human Services	\$165K	Detroit funding for Street outreach, including case management services for unsheltered households at the Intersection, as well as the 8 Mile Road/I-75 intersection, through Sept. 2022.
	\$5K	Ferndale funding for daily needs support via the HandUP program.

The Local Communities will jointly determine by their mutual agreement a final Project budget, including their respective cost-sharing allocations and funding sources for various budget items. As part of that effort, the Local Communities may, either individually or in collaboration, to identify and secure grant funding and other philanthropic contributions, as may be available for the Project.

**Project Activities and Schedule**

The Local Communities anticipate that the above-stated goals can be achieved through implementation of the following activities:

Activities for Goal 1:

1. FERNDALE will engage local construction, community development, and artistic organizations, which may possibly include the 8 Mile Boulevard Association and The People of Detroit, LLC to provide for successful development and installation of art murals and other physical improvements.

2. FERNDALE will plan and execute all logistics for community input meetings with residents of neighborhoods impacted by the Intersection as directed by the Local Communities.

Activities for Goal 2:

1. FERNDALE will perform, or engage third parties to perform, annual maintenance of the Intersection and installed improvements to the satisfaction of both Local Communities.

2. The Local Communities will pursue a Memorandum of Understanding between them and MDOT for the ongoing maintenance of the Intersection.

Activities for Goal 3:

1. DETROIT will engage one or more partners to identify and deploy appropriate human services interventions, each with a clear scope of work, time frame, and metrics of success.

Honorable City Council:

Re: Recommended for Deferral. Address: 18052 Mackay. Name: William Campbell. Demolition Ordered: October 1, 2019 (J.C.C. pgs. 2172-76).

In response to the request for a deferral of the demolition order on the property noted above, the Buildings, Safety Engineering and Environmental Department (BSEED) submits the following information:

A special inspection conducted on September 20, 2021 revealed that the building is secured and appears to be sound and repairable. The owner has paid all taxes and is current. The proposed use of the property is owner's use and occupancy. This is the 1st deferral request for this property.

Therefore, we respectfully recommended that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be applied for within ten (10) business days from the date of the City Council decision.

2. BSEED will schedule a Progress Inspection within forty-five (45) calendar days from the date of the rehabilitation permit to determine whether substantial progress has been made. Thereafter, the owner must submit In BSEED detailed inspection reports, with photos showing evidence of the work completed, every forty-five (45) calendar days, for the duration of the rehabilitation work, to demonstrate that substantial progress has been made during the approved time frame for rehabilitation.

3. The building shall have all imminently hazardous conditions immediately corrected, be maintained, and securely barricaded until rehabilitation is complete. Rehabilitation work is to be completed within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Compliance, required for all rental properties

4. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

5. The yards shall be maintained clear of overgrown vegetation, weeds, junk and debris at all times.

6. Prior to seeking a permit extension, the owner must contact BSEED and request to extend the deferral period.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been satisfied and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not followed, the deferral may be rescinded by the City Council at any time and we may proceed with demolition without further notice. In addition, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

Any request exceeding three (3) deferrals must be made by petition to City Council through the office of the City Clerk.

Honorable City Council:

Re: Recommended for Referral. Address: 2981 Cortland. Name: Joshua Burrell. Demolition Ordered: February 5, 2019 (J.C.C. pgs. 281-85).

In response to the request for a deferral of the demolition order on the property noted above, the Buildings, Safety Engineering and Environmental Department (BSEED) submits the following information:

A special inspection conducted on September 9, 2021 revealed that the building is secured and appears to be sound and repairable. The owner has paid all taxes and is current. The proposed use of the property is owner's use and occupancy. This is the 1st deferral request for this property.

Therefore, we respectfully recommended that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be applied for within ten (10) business days from the date of the City Council decision.

2. BSEED will schedule a Progress Inspection within forty-five (45) calendar days from the date of the rehabilitation permit to determine whether substantial progress has been made. Thereafter, the owner must submit to BSEED detailed inspection reports, with photos showing evidence of the work completed, every forty-five (45) calendar days, for the duration of the rehabilitation work, to demonstrate that substantial progress has been made during the approved time frame for rehabilitation.

3. The building shall have all imminently hazardous conditions immediately corrected, be maintained, and securely barricaded until rehabilitation is complete. Rehabilitation work is to be completed within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Compliance, required for all rental properties

4. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

5. The yards shall be maintained clear of overgrown vegetation, weeds, junk and debris at all times.

6. Prior to seeking a permit extension, the owner must contact BSEED and request to extend the deferral period.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been satisfied and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not followed, the deferral may be rescinded by the City Council at any time and we may proceed with demolition without further notice. **TESTIMONIAL RESOLUTION FOR**

**THE HONORABLE BRENDA J. JONES**  
By ALL COUNCIL MEMBERS:

WHEREAS, Brenda Joyce Jones was born in Birmingham, Alabama on October 25, 1959. She and her family migrated to Detroit in 1967, during a time of civil unrest. Young Brenda was deeply influenced by her mother, Johnnie Mae, who was a mathematics teacher at Northwestern High School. She emulated her mother's strong work ethic and willingness to serve others. Brenda went on to receive a diploma from the renowned Cass Technical High School, whose culture instilled a strong drive for leadership excellence; and

WHEREAS, Later, Brenda graduated from Wayne State University with a Bachelor's degree in Psychology. She began a long career of service while working in several industries, including a law firm and with the Internal Revenue Service. However, she was most proud of the time she spent as an entrepreneur, owning a downtown business known as the Shoe Chateau; and

WHEREAS, Brenda eventually settled into a career at Michigan Bell (later renamed AT&T). Her fighting spirit became revealed when, after receiving discipline at work, she filed a grievance, represented herself and won her case. The Communication Workers of America Local 4100 AFL-CIO recognized Brenda's capability and encouraged her to become a union steward. Brenda soon rose to be elected Vice-President and later, President. It was during this time in 2005 that Brenda decided to run for Detroit City Council to be the change she wanted to see. In a very crowded field of 121 primary candidates, Brenda was victorious and was seated as the ninth at-large member on Council; and

WHEREAS, She campaigned and won four consecutive terms on Council. During this time, Councilwoman Jones and her peers faced the largest municipal bankruptcy in United States history. Again, in her fighting spirit, along with two other Council members, she resisted the state takeover and became known as one of the "Just Say No Trio." In 2013, as Brenda ran for her third term, she was blessed to receive the most votes of all candidates, second only to the City Clerk. Subsequently, when Council voted for its President, Jones was victorious. She was re-elected as President in 2017; and

WHEREAS, President Jones' vision was to restore civility on Council, to achieve legislative process excellence, to approve a balanced budget and to repair the relationship with the community. She encouraged dialogue and debate at the table, presided over 7 years of consecutive balanced budgets, navigated Council through a historic period of virtual meetings due to the Covid pandemic and weathered a series of bribery scandals and federal investigations involving four of her colleagues, two who resigned. She has received numerous awards and accolades, has served in senior executive roles on several boards and commissions, has chaired the city's Skilled Trades and Military Veterans Task Forces and presided as President of Southeast Michigan Council of Governments (SEMCOG). The annual Senior Summit events, sponsored by Team Jones, were extremely popular and well-attended by many elders in the community. She also was elected to a brief term in 2018 to succeed Congressman John Conyers, Jr. as the Representative for Michigan's 13th Congressional District. NOW THEREFORE, BE IT

RESOLVED, That the Detroit City Council and 639,111 Detroiters hereby honors 16 years of leadership, sacrifice and service of the Honorable Brenda Joyce Jones, during her final official Council formal session on Tuesday, November 23, 2021.

Later, Janee found

her voice in the labor movement and became Vice President of the Metro Detroit AFL-CIO. While working as a hospitality worker at MGM Grand Casino, she became one of the youngest members of the UNITEHERE! As her first priority, Janee immediately created the Detroit Returning Citizens Taskforce that sought to remove the nearly insurmountable barriers to reintegration. The successes of the Taskforce include securing a \$5,000,000 federal grant to create a "one-stop" system of resources for returning citizens and their families, coordinating with more than 80 community service organizations in the region, and holding resource fairs to bring together returning citizens, service providers, and prospective employers. The Taskforce helped over 3,000 justice involved individuals get access to no-cost financial counseling, free expungements and legal aid, support from friendly staffing agencies, job training and post-release education, and a fair chance at housing and employment. Janee passed the Fair Chance Housing Ordinance that prevents landlords from asking potential renters about their criminal background until the landlord has determined that the candidate is qualified to rent under all other phases of the application process and a comprehensive expansion of the Ban the Box ordinance; and

WHEREAS, In her six years on Council, Janee has worked tirelessly to serve all Detroiters from every neighborhood. While this is a huge responsibility, she made it her mission to approach every citizen of Detroit with undivided attention. Her office closed 8325 constituent concerns and held 50 Coffee Hour/Town Halls, spending time in every district in this city. She also made it her mission, being the Chair of Budget, Finance and Audit, to ensure Detroit had a balanced budget and provided key city services while avoiding financial issues that once plagued the city; and

on the Sale and Possession of Nitrous Oxide; amendment to the Valet Parking Ordinance; and an Ordinance Regarding Fraudulent Activity in Public Lodging. She passed Resolutions for the Commemoration of Juneteenth; Naming Racism as a Public Health Crisis; Opposing the Passage of State Laws Limiting Local Government's Ability to Regulate Short Term Rentals; Right to Recall resolution urging hotels to hire laid off workers first; and a Resolution that encouraged businesses to respect workers' right to unionize, and pay a living wage; and NOW,

BE IT FURTHER RESOLVED, That the entire Detroit City Council hereby acknowledge and express its sincerest gratitude and appreciation to Janee L. Ayers for her commitment, dedication, leadership and service to the City of Detroit. May God continue to bless your endeavors, for you truly exemplify all that the Spirit of Detroit means.
