Midtown Detroit Inc. hired Giffels and Webster to address possible impacts and has also been working with City departments, such as the Municipal Parking Department and the Department of Public Works, to create a plan, including the Residential Parking Permit program implementation, street flow, kiosk parking, and street vacations. Future feedback from this process will inform those plans. There will be additional opportunities for input from surrounding neighbors.

(7) *The suitability of the subject property for the existing zoning classification and proposed zoning classification; and*

The proposed zoning classification of SD2 is appropriate and will facilitate the proposal that otherwise might not be possible due to parking and other constraints.

(8) *Whether the proposed rezoning will create an illegal "spot zone."*

This rezoning will not create an illegal spot zone largely because the proposal is consistent with the Master Plan.

**CONCLUSION AND RECOMMENDATION**

The proposed parking lot is a departure from what currently exists at the current Sculpture Park. However, the developer is working with City agencies to properly address this by providing green buffering and creating a parking and traffic plan.

Overall, the proposed rezoning will facilitate the preservation of a significant building. The project also plans for inclusive work space for people of color and immigrants. This is important because Midtown is a place that is becoming increasingly more challenging for people to live and work, due to rising costs. This rezoning will also help to support the revitalization of this building by increasing parking capacity.

Based on the aforementioned criteria in this report, the amount of support expressed during the public hearing, and the developer's strategy to address the concerns laid out by those who spoke in opposition or with concern, on November 5, 2020 the City Planning Commission voted to recommend approval of the proposed rezoning.

Lastly, CPC will relay the items that the developer has committed to through this process to the Planning and Development Department and Buildings and Safety Engineering Environmental Department, who are responsible for reviewing final site plans. The concerns expressed through the rezoning process will also be shared with these departments.

By Council Member Benson:

Whereas, The Detroit Community Outreach Ordinance, sponsored by Council President Brenda Jones was enacted by the City Council on September 19, 2020; and,

Whereas, Section 4-118 of the Detroit City Charter indicates that ordinances are effective upon publication; and

Whereas, The publication of the Community Outreach Ordinance was effectuated in the Detroit Legal News on October 20, 2020; and

Whereas, The Community Outreach Ordinance requires community outreach for contracts regarding street scape projects and construction; and

Whereas, The Detroit Community Outreach Ordinance is not retroactive in its application and, therefore, would not have been applicable to any contracts regarding street scape projects considered for approval prior to October 20, 2020; and,

Whereas, Notwithstanding the foregoing, Section 12-10-2(d) of the Detroit Community Outreach Ordinance provides a mechanism for waiving the requirements of the article when the requirements are impractical or not feasible and an opportunity for performing other forms of outreach have been identified; and,

Whereas, Contract 6003115 represents the contract for the Rosa Parks street scape project which was initiated and bid on July 29, 2020 prior to October 20, 2020; and,

Whereas, The City participated in an extensive community engagement effort on the Rosa Parks street scape project from 2018 through 2020 which far exceeded the requirements of the Community Outreach Ordinance; and,

Whereas, It is neither practical nor feasible to further delay the construction effort of the street scape project as construction has already experienced significant delays due to COVID 19, when significant community engagement was conducted on the Rosa Parks street scape project prior to October 20, 2020 and the Department of Public Works additionally hosted 2 community outreach meetings on January 9th, 2020 and March 5th 2020 in anticipation of the contract, through public announcements and public hearings conducted by City agencies and known to City Council; and

Whereas, Notwithstanding the foregoing, the City shall forward an Outreach Alert to the impacted area, in accordance with Section 12-10-2(d) and Section 12-10-16, which shall include an Administrative Summary of Contract 6003115, and fully comply with the notice requirements of Outreach Alerts under Section 12-10-15; and, Now Therefore Be It

Resolved, City Council is hereby waiving any public hearing or other requirements of the Detroit Community Outreach Ordinance with respect to Contract 6003115.

Re: Neighborhood Enterprise Zone Certificate Application for the rehabilitation of one (1) 21-unit multi-family residential apartment building located at 240 Mack Avenue in the Crosswinds (Woodward Place) Neighborhood Enterprise Zone area. (RECOMMEND APPROVAL)

The office of the City Planning Commission (CPC) has received one (1)

application requesting a Neighborhood Enterprise Zone (NEZ) certificate forwarded from the office of the City Clerk for the rehabilitation of one (1) 21-unit multi-family residential apartment building located at 240 Mack Avenue. This application corresponds to a qualified site that will facilitate the rehabilitation of one (1) 21-unit multi-family residential apartment building. The project consists of masonry, roofing, window installation, gutters, electrical, HVAC, plumbing, sprinkler installation, carpentry, and kitchen upgrades.

The subject properties have been confirmed as being within the boundaries of the Crosswinds (Woodward Place) NEZ which was established by a vote of Council on July 16, 1996, and should be eligible for NEZ certificates under State Act 147 of 1992 as currently written. The estimated construction cost for this project is \$68,280 per unit for an approximate total project cost of \$1,433,882.00. The applicant is seeking a 15-year tax abatement. There are no other tax abatements being sought by the applicant, i.e., OPRA, TIF, etc., therefore the city's Affordability Ordinance is not triggered by this development. The applicant has indicated that at this time there are no plans for an affordable set-aside.

The NEZ certificate application appears to have been submitted prior to the issuance of any applicable building permits.

**Human Resources Department  
Classification and

February 1, 2021

Honorable City Council:

Re: Request to Amend the Official Compensation Schedule.

Recommendation is submitted to amend the 2020-2021 Official Compensation Schedule to include the pay range for the following classification:

<u>Class Code</u>	<u>Title</u>
01-02-28	Chief Safety Officer – DDOT
	<b>Salary</b>
	\$91,800-\$137,700

The above recommendation is occasioned by a request from Charles Oglesby, Executive Director of Transit with the Department of Transportation (DDOT).

The above request and recommendation is based on the department's expressed need to create a safety culture within the department. This position will serve as a primary liaison for safety matters to the Federal Transit Administration, the National Transportation Safety Board, and the American Public Transportation Association to ensure that all federal, state, local laws, regulations, and industry standards and guidelines are being met with regard to safety and safety policy. These include the implementation of a Safety Management System, the development of safety policy, safety risk management, safety assurance, and safety promotion. This senior position will be integral within DDOT for creating emergency response preparedness, creating safety and training goals as well as ensuring compliance with all applicable safety regulations and requirements.

To determine the appropriate salary range for the new classification, a market survey was conducted with municipalities that had comparable positions. Based on the results, Classification and Compensa-

tion recommends a salary range of \$91,800-\$137,700 subject to City Council approval.

Respectfully submitted,  
DENISE STARR

By Council Member McCalister, Jr.:

Resolved, That the 2020-2021 Official Compensation Schedule is hereby amended to reflect the following pay ranges, effective upon Council's approval.

Re: Request to Amend the Official Compensation Schedule.

Recommendation is submitted to amend the 2020-2021 Official Compensation Schedule to include the following pay range, subject to City Council approval.

<u>Class Code</u>	<u>Title</u>	<u>Salary</u>
41-30-42	Senior Housing Coordinator	\$44,400-\$62,200

**Request:**

The above recommendation is at the request of Angelique Rodriguez – Public Health Division Administrator – Detroit Health Department.

**Rationale:**

The Housing Opportunities for Persons with AIDS (HOPWA) program positions are currently filled by Southeastern Michigan Health Association staff. The program is operated out of the Detroit Health Department, and these staff members will become City of Detroit employees. The Senior Housing Coordinator provides direction and oversight to the assigned Housing Coordinators and maintains an assigned caseload, where they provide assistance to HIV positive low-income citizens of the City of Detroit and Wayne County through the 100% grant funded HOPWA program. This position provides housing related services and activities to promote housing stability with the goal of achieving permanent housing.

To determine the appropriate salary range for the classification, a market study was conducted by Classification and Compensation using data from external survey sources. The proposed salary is essential for recruitment purposes, has been deemed internally equitable, and is based on the City of Detroit's ability to fund the increase. The proposed salary recommendation is subject to City Council approval.

January 29, 2021

Honorable City Council:  
 Re: Request to renew Authorized to accept private donations for COVID-19 Relief Efforts.

During the COVID-19 pandemic, the Office of Development and Grants, in partnership with various City departments and the Detroit Public Safety Foundation (DPSF), has been receiving donations in the form of cash, supplies, equipment and other miscellaneous gifts, in order to combat the COVID-19 pandemic and provide Detroiters with the support they need to reduce the impact of the pandemic. There

are no match requirements for these donations. On August 13, 2020, City Council authorized the acceptance of rolling COVID-19 donations through December 31, 2020. This request is to renew that authorization in order to allow City Departments and the DPSF to accept COVID-19 relief donations on a rolling basis through December 31, 2021.

The objective of these donations is to combat the COVID-19 pandemic and provide Detroiters with the support they need to reduce the impact of the pandemic. Donations may include, but are not limited to, masks, face-shields, gloves, COVID-19 testing equipment, food for shelters, cleaning supplies/equipment, and cash for the specific and sole purpose of supporting the COVID-19 relief efforts.

This requested resolution does not apply to grants. All grants will continue to be submitted to council for authorization to apply, accept and appropriate grant funding. If approval is granted to accept and appropriate cash donations for COVID-19 relief efforts on a rolling basis, the appropriation number is 20785. If approval granted to accept in-kind donations, departments that receive in-kind donations will be authorized to use them, provided that they report all donations received to the Office of the Chief Financial Officer. If this request is approved, the Office of Development and Grants will submit a report for all donations received in January of 2022.

I respectfully ask your approval to accept and appropriate cash donations, and to accept in-kind donations, for the specific purpose of supporting COVID-19 relief efforts, in accordance with the attached resolution.

Sincerely,  
TERRI DANIELS

Honorable City Council:

Re: Former Cadillac Stamping Plant Redevelopment Project – Amended Exhibit C to Access Easement Agreement.

On January 12, 2021, this Honorable Body approved an Access Easement Agreement (the “Access Easement Agreement”) requested by the General Services Department, on behalf of Parks and Recreation, in favor of NP Conner Avenue Industrial, LLC, an affiliate of Northpoint Development, LLC (“Developer”) to facilitate the redevelopment of the site of the former Cadillac Stamping Plant (the “Development Site”). The purpose of the easement is to allow Developer to relocate its access drive to the Development Site so as to not cross the Conner Creek Greenway bike and pedestrian path along Conner Street.

Prior to the execution of the Access Easement Agreement it was discovered that easement area approved as Exhibit C to the Access Easement Agreement would need to be reconfigured in order to allow the Developer’s access to Athens Street at Devine Street rather than Venice Street at Devine Street. Exhibit C to the Access Easement Agreement has been amended to reflect this revised configura-

tion and is attached hereto as Exhibit A.

Accordingly, attached for your consideration is a resolution consistent with the foregoing. I respectfully request your Honorable Body adopt the attached resolution and, to expedite this project, with a waiver of reconsideration.

Respectfully submitted,

BRAD DICK

Whereas, GSD has requested an amendment to the Access Easement Area described in Exhibit C of the Access Easement Agreement in order to allow the Developer’s access to Athens Street at Devine Street rather than Venice Street at Devine Street.

Now Therefore, It Is Resolved, That an amended Exhibit C to the Access Easement Agreement in the form of Exhibit A attached hereto is hereby approved; and be it further

Re: 2021-2022 CDBG (NOF) Appeals Process.

On Monday, February 8, 2021 Your Honorable Body conducted an Appeals Hearing for the 2021-22 Community Development Block Grant (CDBG)/Neighborhood Opportunity Fund (NOF) Public Service (PS) review.

At the Appeals Hearing, the following eight organizations submitted appeals:

- A Place of Refuge
- Alkebulan Village
- Cass Community Social Services
- Delta Service Through Detroit Foundation Incorporated
- Give Merit
- Restaurant Opportunites of Michigan
- Soar Detroit
- St. Vincent & Sarah Fisher Center

A Place of Refuge, Alkebulan Village, and Give Merit were not recommended for funding due to a low score. Cass Community Social Service, Delta Service Through Detroit Foundation Incorporated, Restaurant Opportunites of Michigan, Soar Detroit, and St Vincent & Sarah Fisher Center were not recommended for not meeting threshold.

At the meeting of February 10, 2021 City Council accepted the recommendation of the Housing and Revitalization Department and City Planning Commission staff to deny the eight appeals.

**RESOLUTION APPROVING THE PUBLIC SERVICE ALLOCATIONS OF THE NEIGHBORHOOD OPPORTUNITY FUND/COMMUNITY DEVELOPMENT BLOCK GRANT BUDGET FOR FISCAL YEAR 2021-2022**

By Council Member Tate:

WHEREAS, Each year the Administration and City Council collectively evaluate proposals for the allocation of Community Development Block Grant (CDBG) funds from the U.S. Department of Housing and Urban Development (HUD) through the City of Detroit Neighborhood Opportunity Fund (NOF); and

WHEREAS, Under the federal guidelines, CDBG funds may be used to support programs operated by organizations that service low- to moderate-income individuals and other vulnerable populations within our community. Given the serious challenges in our community, the City of Detroit uses CDBG funding to provide the necessary public service programs to address the vast needs of the vulnerable in our community; and

WHEREAS, While the critical need for these types of services within the City has not diminished, the resources available from HUD to address those needs is consistently being reduced; and

WHEREAS, The need for increased operational efficiencies within CDBG funded organizations could be achieved through greater interagency collaboration such as the merger of groups with compatible missions or consolidation of administrative fiduciary functions to increase service capacity. These expressions of encouragement are offered in recognition of the funding trends and the need for even stronger service delivery groups in these times; and

WHEREAS, A review team which included representatives of the Housing and Revitalization Department (HRD),

Legislative Policy Division (LPD), City Planning Commission (CPC), the Office of Contracts and Procurement (OCP), and the Office of Grants Management (OGM) reviewed the various proposals received for the program and HRD prepared recommendations to the Mayor; and

WHEREAS, The Mayor subsequently prepared recommendations which were submitted to the City Planning Commission (CPC), which concurred with all thirty-six (36) of the Mayor's funding recommendations; and

WHEREAS, City Council, having subsequently received the recommendations of the Mayor and the CPC, has reviewed those recommendations, held an appeals hearing regarding the organizations that were not initially recommended to receive 2021-22 NOF/CDBG funds, as well as a public hearing on the overall NOF/CDBG program; and

WHEREAS, Given the historic and very public role in the vetting of CDBG applicants as well as its unique knowledge of the residents of the City as their locally-elected representatives, City Council's involvement in the CDBG process is not only mandated by law but critical to the appropriate distribution of these funds. NOW THEREFORE BE IT

RESOLVED, The Detroit City Council hereby approves the allocation of Community Development Block Grant / Neighborhood Opportunity Fund awards for FY 2021-22 as set forth in the attached CDBG/NOF allocation chart; and BE IT FINALLY

RESOLVED, That a copy of this resolution be sent to Mayor Mike Duggan, HRD, OCP, OGM, and the CPC.

Re: Proposed Five-Year Capital Agenda.

In accordance with provisions of the City Charter, I hereby submit to you my Administration's recommendation for capital improvements as contained in this document, the Capital Agenda, for the five-year period 2021-22 to 2025-26. The current fiscal year, along with this five-year Capital Agenda, recommends a total of almost \$1.85 billion for projects from various sources.

The 2020 Capital Agenda displays our commitment to investing in our neighborhoods and the infrastructure that supports critical City services. Due to the COVID-19 pandemic and the related revenue shortfalls, we have prudently reduced our General Fund spending on capital and blight removal. This Capital Agenda provides a path to funding our needed infrastructure and neighborhood investments without raising taxes. It also shows a long-term strategy to leverage city sources, state and federal funding, and philanthropy to make targeted investments that improve quality of life for Detroiters.

Together with City Council, we have

made prudent financial decisions that have prepared us for this recession and allowed us to return to the bond market on Detroit's own credit. Through this pandemic and beyond we will make strategic capital investments that guide the long-term growth and stability of our city. We look forward to engaging with members of City Council in their review of the Capital Agenda over the next few months.

Respectfully submitted,  
MICHAEL E. DUGGAN  
Mayor, City of Detroit

Honorable City Council:

Re: Jimmie Johnson vs. City of Detroit and Geraldine Johnson. Wayne County Circuit Court Case No. 20-000647-NI. L20-00047 (PMC).

On January 29, 2021 a case evaluation panel evaluated the above-captioned lawsuit and awarded Sixty Thousand Dollars and No/Cents (\$60,000.00) in favor of the plaintiff. The parties have until February 26, 2021, to either accept or reject the case evaluation. Failure to file a written acceptance or rejection within this period constitutes a rejection.

Based upon our review of the facts and particulars of this lawsuit, which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body, it is our considered opinion that a settlement in the amount of Sixty Thousand Dollars and No Cents (\$60,000.00) is in the best interest of the City of Detroit.

We, therefore, request your Honorable Body to authorize settlement of the above referenced lawsuit and to direct the Finance Director to issue a draft in that amount of Sixty Thousand Dollars and No Cents (\$60,000.00) payable to Jimmie Johnson and his attorney, Fieger, Fieger, Kenney & Harrington, P.C, to be delivered upon receipt of properly executed Releases, Stipulation and Order of Dismissal entered in Lawsuit No. 20-000647-NI and, where deemed necessary by the Law Department a properly executed Medicare/CMS Final Demand Letter.

February 11, 2021

Honorable City Council:

Re: Request to Amend the Official Compensation Schedule.

Recommendation is submitted to amend the 2020-2021 Official Compensation Schedule to include the following pay range, subject to City Council approval:

<b>Class Code</b>	<b>Classification</b>
43-303134	Payroll Technician
4	

**Salary Range**  
\$46,525 - \$54,578

**Request:**

The above recommendation is at the request of Pamela Semaan, Accountant Manager 4 with the Office of the Chief Financial Officer.

**Rationale:**

The recommendation is based on the expressed need to increase efficiencies and provide a higher level of customer service within the Payroll function. These enhancements will provide short-term and long-term benefits such as consistently processing payroll in a timely manner, reducing the number of errors when processing payroll, ensuring processes/ procedures are properly documented, and making certain future system implementations and migrations occur in an orderly fashion. The creation of this job is imperative to attracting and retaining highly skilled individuals that can leverage the aforementioned benefits in a meaningful and impactful way for the City of Detroit.

To determine the appropriate salary range for the new classification an internal and external analysis was conducted. Internally, the scope, responsibilities, and requirements of the Payroll Technician 4 closely align with those of comparable classifications at the City of Detroit. Externally, a market analysis was conducted with municipalities that had comparable positions. Based upon the results of the internal and external analysis, Classification and Compensation recommends a salary range of \$46,525 - \$54,578 subject to City Council approval.

Respectfully submitted,

December 21, 2020

Honorable City Council:

Re: Submitting Report and Resolution for the Establishment of Fees Associated with Sign Waiver Review Process per the newly adopted Sign Ordinance Chapter 4, effective December 9, 2020.

This report provides an analysis and recommendation from the Planning & Development Department (PDD) to establish a new fee schedule for the activity of processing sign waiver and adjustment requests for your consideration.

In April 2020, City Council adopted an ordinance to amend Chapter 4 of the 2019 Detroit City Code to establish new regulations relative to signs. The effective date of the new sign ordinance is December 9, 2020.

Sec. 4-4-22 of the new ordinance assigns the authority of a new sign waiver and adjustment hearing process to PDD; whereas Section 9-507 of the Charter, authorizes the Director of the Planning and Development Department to establish a fee, subject to approval by the City Council by adoption of a resolution, and collect such fee based upon the cost of issuance and administration of considering petitions for waivers and adjustments.

As a result of the newly assigned authority to administer petition requests for sign waivers and adjustments via an administrative hearing, PDD respectfully submits the attached summary of the waiver and adjustment process and the estimated cost of processing a petition of a sign waiver and adjustment in order to establish a fee for this new activity.

- 1) Sign Waiver and Adjustment Eligibility Review: Proposed fee of \$150
- 2) Sign Waiver and Adjustment Hearing: Proposed fee of \$650

**Land Use Fees Charged by Other City  
of Detroit Departments**

The estimated cost and fee schedule for this process was developed in consultation with the administrators of the Buildings & Safety Engineering Department's (BSEED) Special Land Use Hearings, as well as, the staff of the Board of Zoning Appeals. Further, PDD consulted with the Office of the Chief Financial Officer to validate staff, overhead, insurance, supplies, and other administration cost estimates.

Current fees charged for comparable City of Detroit administration activities:

- BSEED Site Plan Review Fee: \$160
- BSEED Special Land Use Hearing Fee: \$1,000
- Board of Zoning Appeals Fee: \$1,200

**Estimated PDD Administration Costs**

Since the adoption of the new sign ordinance in April, PDD has been working across departments to establish standard operating procedures to administer the sign waiver and adjustment petition process. The sign waiver and adjustment process has been largely modeled after the BSEED's Site Plan Review and Special Land Use Hearing process. PDD has laid out the step by step process, analyzed each step, and estimated the staff time required to complete each step, in consultation with BSEED. The standard operating procedure and process flow chart has been included for review and consideration of the following fee request, under Attachment A.

<b>PDD Sign Waiver Adjustment Administration and Public Notice – Total Fee</b>			<b>\$800</b>

**Recommendation**

The Planning and Development Department recommends that a fee be established to cover the administrative costs associated with administering the sign waiver and adjustment petition process. This petition process is a new responsibility of PDD and these fees will help absorb the cost of administering the waiver and adjustment petition process, as authorized by the adoption of the new sign ordinance.

<b>PDD Administration Activity</b>	<b>Fee</b>
Sign Waiver Eligibility Review	\$150
Sign Waiver Review Public Hearing	\$650

PDD believes these fees to be a fair and reasonable estimate to cover staff time and costs associated the sign waiver and adjustment process. These fees were developed in collaboration with other departments that have charged similar fees for similar services. Attached is a resolution for consideration by your Honorable Body.

Thank you for your time and consideration of this matter. Please feel free to contact me or Karen Gage, Design and Development Innovation Director, at [gagek@detroitmi.gov](mailto:gagek@detroitmi.gov) should you have any additional questions or require any additional information to proceed.

ing Detroit's Property Tax Millage Rate as it Compares to Other Large Michigan Municipalities and its ill-effects as it relates to population decline, property values, homeownership, tax foreclosures and blight. Detroit's property tax millage rate is also more than twice the State average and puts Detroit at a competitive disadvantage for retaining and attracting residents and competing for new businesses. As a result, Council President Pro-Tem Mary Sheffield has requested the Legislative Policy Division (LPD) to prepare an analysis of Detroit's millage rate that compares to other large municipalities and opines of the effects of having an exorbitant millage rate in the City. The analysis should include, but not be limited to, analyzing the effects on Detroit's population, property values, home-ownership (especially for low-income residents), tax foreclosure and blight. This report's focus is primarily on Detroit's residential property tax millage rate.)

On February 9, 2021 a case evaluation panel evaluated the above-captioned lawsuit and awarded Forty Thousand Dollars and No Cents (\$40,000.00) in favor of the plaintiff. The parties have until March 9, 2021, to either accept or reject the case evaluation.

Based upon our review of the facts and particulars of this lawsuit, which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body, it is our considered opinion that a settlement in the amount of Forty Thousand Dollars and No Cents (\$40,000.00) is in the best interest of the City of Detroit.

We, therefore, request your Honorable Body to authorize settlement of the above referenced lawsuit and to direct the Finance Director to issue a draft in that amount of (\$40,000.00) payable to Adjoni Young and her attorney, Samantha E. Schanta Esq., to be delivered upon receipt of properly executed Releases, Stipulation and Order of Dismissal entered in Lawsuit No. 20-003124-NF and, where deemed necessary by the Law Department a properly executed Medicare/CMS Final Demand Letter.

January 27, 2021

Honorable City Council:  
Re: Wayne County Annual Special Events Permits.

An Annual Permit granting permission to temporarily close a County road for a reasonable length of time for a parade, marathon, celebration, festival or similar activity, or to use a County road as a detour for traffic around such activity taking place on a non-County road may be issued by the Wayne County Permit Office to the City of Detroit.

As a condition of the annual permit, the County requires that the governing body pass a blanket resolution, effective for all permitted road closures for special events and installation of banners planned throughout the year which:

- 1) Agrees to fulfill all permit obligations and conditions for the current year.
- 2) To the extent allowed by law, hold harmless and defends Wayne County and its officials and employees against any and all damage claims, suits or judgments of any kind or nature arising as a result of the permitted activity.
- 3) Designates and authorizes an appropriate official of the requesting municipality to sign the permit on its behalf.

A resolution based on the Model Community Resolution Authorizing Execution of Wayne County Permits is attached.

I am recommending adoption of the attached resolution.

Respectfully submitted,  
RICHARD DOHERTY, P.E.  
City Engineer  
City Engineering Division — DPW  
By Council Member Benson:

Whereas, The City of Detroit (hereinafter the "City") periodically applies to the County of Wayne Department of Public Services Engineering Division Permit Office (hereinafter the "County") for permits to conduct emergency repairs, annual maintenance work, and for other

purposes on local and County roads located entirely within the boundaries of the City, as needed from time to time to maintain the roads in a condition reasonably safe and convenient for public travel;

Whereas, Pursuant to Act 51 of 1951, being MCL 247.651 *et seq.*, the County permits and regulates such activities noted above and related temporary road closures;

Now Therefore, Be It Resolved, In consideration of the County granting such permit (hereinafter the "Permit"), the City agrees and resolves that:

Any work performed for the City by a contractor or subcontractor will be solely as a contractor for the City and not as a contractor or agent of the County. Any claims by any contractor or subcontractor will be the sole responsibility of the City. The County shall not be subject to any obligations or liabilities by vendors and contractors of the City, or their subcontractors.

The City shall take no unlawful action or conduct which arises either directly or indirectly out of its obligations, responsibilities, and duties under the Permit which results in claims being asserted against or judgement being imposed against the County, and all officers, agents and employees thereof pursuant to a maintenance contract. In the event that same occurs, for the purposes of the Permit, it will be considered a breach of the Permit thereby giving the County a right to seek and obtain any necessary relief or remedy, including, but not by way of limitation, a judgment for money damages.

With respect to any activities authorized by Permit, when the City requires insurance on its own or its contractor's behalf, it shall also require that such policy include as named insured the County of Wayne and all officers, agents and employees thereof.

The incorporation by the County of this Resolution as part of a permit does not prevent the County from requiring additional performance security or insurance before issuance of a Permit.

This Resolution stipulates that the requesting City shall, at no expense to Wayne County, provide necessary police supervision, establish detours and post all necessary signs and other traffic control devices in accordance with the Michigan Manual of Uniform Traffic Control Devices.

This Resolution stipulates that the requesting City shall assume full responsibility for the cost of repairing damage done to the County road during the period of road closure or partial closure.

This Resolution shall continue in force from the date of execution until cancelled by the City or the County with no less than thirty (30) days prior written notice to the other party. It will not be cancelled or otherwise terminated by the City with regard to any permit which has already

been issued or activity which has already been undertaken.

The City stipulates that it agrees to the terms of the County of Wayne permit at the time a permit is signed by the City's authorized representative.

Be It Further Resolved, That the following individual(s) is/are authorized in their official capacity as the City's authorized representative to sign and so bind the City to the provisions of any and all permits applied for to the County of Wayne, Department of Public Services Engineering Division Permit Office for necessary permits from time to time to work within County road right-of-way or local roads on behalf of the City.

**City Planning Commission**

February 8, 2021

Honorable City Council:

Re: Request from Hamilton Corridor, LLC to rezone several parcels west of Thomson Street between Ford Street and the Lodge Service Drive from a R2 (Two-Family Residential) zoning classification to a M2 (Restricted Industrial) zoning classification to allow for the establishment of a parking lot for commercial vehicles accessory to a proposed light assembly/distribution warehouse to be built in the City of Highland Park. (RECOMMEND APPROVAL)

The Hamilton Corridor, LLC is requesting to rezone several parcels generally located west of Thomson Street (the border with Highland Park) between Ford Street and the Lodge Service Drive/Auburndale Street from an R2 (Two-Family Residential) zoning classification to an M2 (Restricted Industrial) zoning classification on Zoning District Map No. 58. The change in zoning is being requested to allow for the construction of a parking lot for commercial vehicles accessory to a light assembly/distribution warehouse to be built in the City of Highland Park. Please see the attached public hearing notice which includes the location of the subject rezoning.

**Background**

The subject area is generally located between the City of Highland Park on the east and the Lodge Freeway to the west, just north of the Davison Freeway within City Council District 2. In the past, this area was primarily developed with single-

family houses, but over the years, many of the houses have been demolished and most of the land is now vacant.

Hamilton Corridor, LLC is made up of two primary entities: the Means Group, Inc., a development company based in Detroit, and Ashley Capital, a real estate investment company based in Michigan. The developer was looking for development opportunities in the area and found many of the parcels owned by the Detroit Land Bank Authority (DLBA) and Wayne County Land Bank. Unfortunately, one of the primary developers for the Hamilton Corridor, LLC, Eric Means, passed away suddenly in August 2020, which delayed the project.

Over the past year, Hamilton Corridor, LLC has been acquiring and assembling approximately 27 acres of land in Highland Park and the adjacent five acres in Detroit. In October 2020, the Detroit City Council approved the Planning & Development Department's (P&DD) authorization request for the DLBA to enter into an option agreement to sell the Detroit land to the subject developer. In addition, the developer indicates they have a development agreement in place with Highland Park and have closed on all of the parcels within Highland Park.

For the Detroit land, only four buildings remain, three houses and one small church, all of which have been acquired by the developer. MDOT owns a few parcels of land along the Lodge Service Drive right-of-way that are not needed for the project, but the developer is working to acquire them. There are also four privately held parcels along the Lodge Service Drive that the developer has not been able to acquire and are not part of or needed for the overall development.

#### **Proposal**

The developer is proposing to clear the entire 32-acre site, vacate the existing internal streets, and construct a new 446,500 square foot one-story building. The project plans are attached for reference. The developer indicates that this is a speculative build (i.e. a tenant has not yet been identified), but it is expected the facility will be used for light assembly or logistics/distribution. The developer expects to hire 300 to 500 new employees.

Prior to the City Planning Commission (CPC) public hearing, the developer made changes to the site plan in order to provide additional buffering from the neighborhood to the north. The developer is proposing landscaping surrounding the site, including landscaped setbacks at the northwest and northeast corners of the site, a pedestrian path at the northwest corner, and several stormwater management areas. There will be three driveway entrance/exits to the site, including one off of Hamilton Avenue and two at the south end of the site.

The developer is proposing to keep the western and northern edge of the development in Detroit as R2, which according to the Buildings, Safety Engineering, and Environmental Department, allows stormwater management areas and landscaped buffering. Part of the proposed parking for commercial vehicles, located west of the building, will encroach onto 1.5 acres of the R2 land which does not permit the parking of commercial vehicles. The parking of operable commercial vehicles is first allowed as by-right in B6 (General Services District), conditional in MI (Limited Industrial District), and by-right in M2 through M5.

#### **Community Input Prior to the CPC**

##### **Public Hearing**

The developer had met with neighborhood stakeholders prior to the March 2020 COVID-19 shutdown, including door-to-door communication. As the COVID-19 restrictions were eased, the developer began reaching out again to the area stakeholders. In November 2020, the developer, with the assistance of the Detroit Department of Neighborhoods, scheduled three virtual community meetings. Some of the feedback by the community at those sessions included:

- Acquisition of surrounding houses outside the project footprint (*the developer indicated they are not actively acquiring surrounding houses, but will talk to interested sellers*).
- Access to new jobs (*the developer said they will work with the City of Highland Park and City of Detroit to assist with filling new jobs*).
- Light pollution (*the developer indicated lighting will be shielded downward*).
- Truck access to the site (*the developer indicated trucks visiting and leaving the site will use Hamilton Avenue*).
- Hours of operation (*the developer indicated, because a tenant has not been selected yet, they could not rule out the warehouse operating at night*)

##### **Public Hearing Results**

On December 3, 2020, the CPC held a public hearing on the rezoning request. During the hearing, the Commission discussed the following issues:

- The Commission wanted to make sure all parcels to be acquired and adjacent parcels along the service drive not to be acquired were not occupied. *It was confirmed the remaining structures were not occupied and the adjacent parcels were vacant.*
- The Commission asked if the developer would consider planting mature trees and evergreens at the site, especially at the northwest corner of the site. *The developer said they would strive to install mature trees.*
- The Commission asked whether or not the walking path would be open to the public. *The developer indicated that the*

*path would be open to the public, but the retention ponds and parking areas would be fenced.*

- The Commission asked about the tenant selection process. *The developer indicated once the land use approvals are in place, they will work to find a tenant, and, the basic form of the building would not change.*

At the CPC hearing, four persons spoke with the following comments:

- A speaker asked whether or not trucks would be prevented from idling in the neighborhood. *The developer indicated the goal is to keep trucks off of adjacent roads and within the site.*

- One person spoke representing the adjacent Village of Oakman Manor and Hope Village Revitalization neighborhood group. The group is concerned about the environmental impact of the project; more specifically about buffering, traffic, lighting, construction, and exhaust, etc. While the developer's outreach was appreciated, residents are requesting that a community advisory committee be formed to meet on a quarterly basis. Additionally, they are requesting that all vehicular traffic be routed away from residential streets, as well as the installation of attractive buffering with mature landscaping and renewable energy on the building. *The developer responded that they have already incorporated many of these requests into the plan, and that they will work to address as many concerns as possible. The developer indicated that they have done extensive outreach and are committed to being a good neighbor. They said since most of the site is in Highland Park, and so they will defer to Highland Park if an advisory committee should be formed.*

- A speaker raised concerns about noise pollution, air pollution, and truck traffic.

- One person, representing nearby Greater Philadelphia Tabernacle Church, spoke in support of the new development and looked forward to the increase in jobs.

- One person raised general concerns about environmental issues, including water runoff and truck traffic, and was skeptical, because a tenant had not yet been chosen.

#### **Public Hearing Follow-up**

At its meeting on January 21, 2021, the CPC continued its review of the subject request. Just prior to this meeting, the Commission received a letter dated January 19, 2021 by Jackson Koepfel, the Executive Director of Soulardarity, and Jeff Jones, Board Chair of Hope Village Revitalization. The letter is attached for reference. Soulardarity is a nonprofit based out of Highland Park whose mission is to build a just, equitable, and clean energy system for all. In part, the letter challenges the proposed project to add crucial

environmental and sustainable ideas to the existing plans that would benefit both Detroit and Highland Park. Recommendations from the letter include:

- Create a community advisory board consisting of residents of both Highland Park and Detroit

- Improve outreach, including more door to door communication, website updates, etc.

- Limit noise to normal business hours of 7:00 a.m. to 7:00 p.m., limit work to only two Saturdays per month, and no loud work on Sundays

- Ensure all vehicular traffic is routed away from residential streets and develop a plan to address road damage

- Develop a plan to maintain the detention ponds, a dust management plan, and to install air monitors

- Focus on renewable energy, particularly solar

- Install solar lighting, or LED lighting if that is not possible, as well, the lighting should not be intrusive

- Submit a written commitment to hire and train Detroit and Highland Park residents

- Install attractive landscaped buffers that are well maintained

The developer, noting that they hadn't yet seen the letter, responded that they had tried to address many of the concerns, and were committed to work with the surrounding community.

The CPC staff clarified that many of the recommendations from the community for the site plan and advisory board cannot be made part of the proposed rezoning request, but the CPC could make suggestions for Council's consideration. As a result, CPC recommended the following for consideration:

- That the City Planning Commission's review of this project be shared with relevant Highland Park city staff and community agencies

- That the Detroit City Council delay taking action on the rezoning request until the City of Highland Park had acted upon or had taken a conclusive stance on the corresponding rezoning request in Highland Park

- That a community advisory board be created with representation from both cities, both during construction and beyond (particularly because no tenant was yet identified)

#### **Analysis.**

##### **Surrounding Zoning and Land Use**

The zoning classification and land uses surrounding the subject area are as follows:

North: R2; vacant land and residential beyond

East: R-UV (Urban Village Residential) in Highland Park; vacant land

South: Intersection of John C. Lodge and Davison Freeways

West: R2; vacant land and Lodge Freeway beyond

LaBelle Street is located just north of the proposed project and is comprised of nine houses, several vacant lots, and a vacant commercial building. At the northeast corner of Labelle and Woodrow Wilson is a 4-story apartment building with 55 seniors. This building was built as a collaboration between Presbyterian Villages of Michigan and Focus Hope. Kendall Street located north of LaBelle has a few houses and some vacant land. North of Kendall is Oakman Blvd. which includes 155 residents in transitional housing in the former Bell Building and 24 families at Oakman Place apartments.

**Zoning Ordinance Criteria**

Section 50-3-70 of the Detroit Zoning Ordinance lists eight approval criteria on which zoning map amendments must be based. The CPC's analysis of the criteria is as follows:

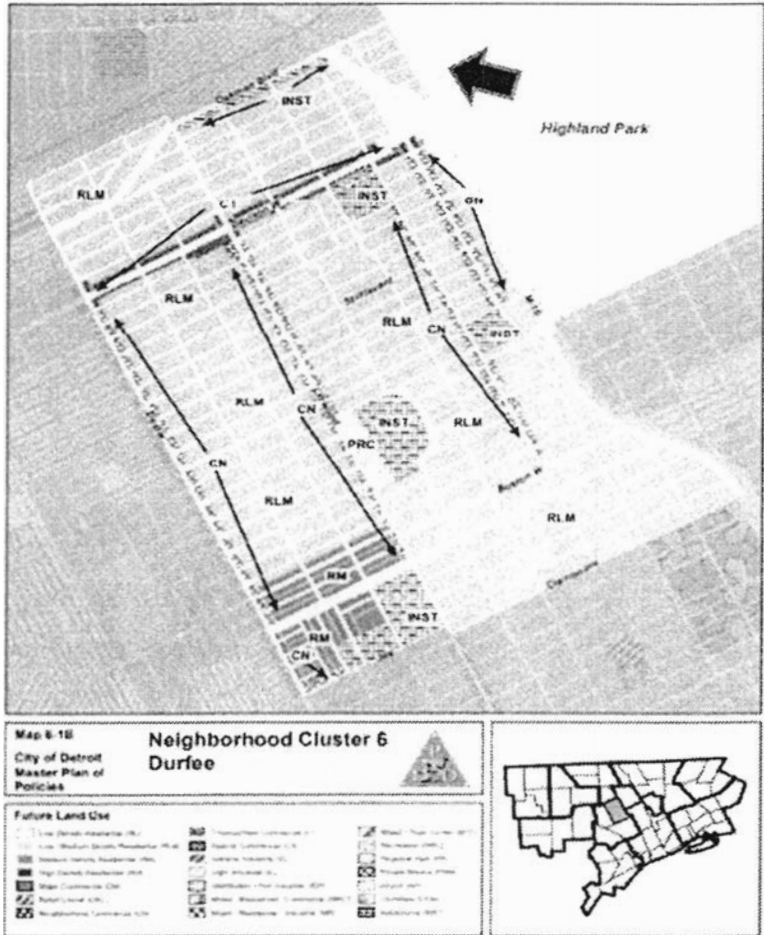

1. *Whether the proposed amendment corrects an error or meets the challenge of some changing condition, trend or fact;*

The proposed amendment would not correct an error on the zoning map. The proposed map amendment meets the challenge of a changing condition or trend. The subject area was previously developed with single-family houses. Over the years, the vast majority of the single-family houses were demolished and much of the land has remained vacant.

2. *Whether the proposed amendment is consistent with the Master Plan and the stated purposes of this Zoning Ordinance;*

The subject site is located within the Durfee area of Neighborhood Cluster 6 of the Detroit Master Plan of Policies. The Future Land Use map for this area shows RLM-Low Medium Density Residential for the subject area. P&DD indicates that this rezoning request will not have a significant impact on the character of the larger RLM designated area in Detroit. The greater impact of the development will be realized within Highland Park and P&DD concludes that the rezoning will not require an amendment to the Master Plan.

3. *Whether the proposed amendment will protect the health, safety, and general welfare of the public;*

The proposed amendment will not severely impact the health, safety, and general welfare of the public by rezoning the subject vacant area to allow for a portion of land in Detroit to be developed with parking and land in Highland Park to be redeveloped as a large light industrial use. The project is redeveloping a primarily vacant residential area, proposing additional buffering along the north end of the site from nearby residential uses and proposing to route traffic away from residential areas.

4. *Whether the City and other service providers will be able to provide adequate public facilities and services to the subject property, while maintaining adequate levels of service to existing development;*

The developer has designed the project so that vehicular access to and from the

project are directed onto Hamilton Avenue and Auburn Road, which are located in Highland Park. Truck traffic will be directed to the south toward the Davison Freeway.

5. *Whether the proposed rezoning will have significant adverse impacts on the natural environment, including air, water, soil, wildlife, and vegetation and with respect to anticipated changes in noise and regarding stormwater management;*

The developer indicates the development will not be for a heavy industrial use, but for light assembly or logistics/distribution, so therefore no adverse environmental impacts are anticipated. The developer is proposing several landscaped setbacks at the northwest and northeast corners of the site and several stormwater management areas.

6. *Whether the proposed amendment will have significant adverse impacts on other property that is in the vicinity of the subject tract;*

It is not anticipated the proposed rezoning will have significant adverse impacts on other property that is in the vicinity. Land directly to the south and west is existing expressways. Land to the east will include the proposed development within Highland Park. Land to the north includes some single-family housing along Labelle Street and multi-family residential further north. The developer has worked to move the building and parking further east toward Hamilton Avenue and proposed landscaping and detention ponds at north and west ends of the site to help provide buffering from the residential area.

*7. The suitability of the subject property for the existing zoning classification and proposed zoning classification; and*

It appears that the subject properties are not suitable for the existing zoning classification because, over the years, the vast majority of residential houses have been demolished and not replaced. The developer is proposing to keep the R2 zoning at the west and north ends of the site, which would include buffering and the detention ponds.

*8. Whether the proposed rezoning will create an illegal "spot zone."*

Land to the north and west of the subject rezoning, although owned by the developer, is purposely proposed to be kept R2 to help provide a buffer for residential areas to the north. As noted earlier in this report, the developer is requesting to rezone the land within Highland Park to IRD (Industrial Research and Development District), which will be complimentary to the proposed M2 zoning for parking.

**Status of Highland Park Review**

The developer petitioned the City of Highland Park to rezone the Highland Park land from R-UV (Urban Village Residential) to IRD (Industrial Research and Development District). The Highland Park Planning Commission held a meeting in January 2021 and recommended approval of the rezoning. In response to the CPC's request, on January 21, 2021, CPC staff shared its reports to-date with Highland Park. On February 1, 2021, the Highland Park City Council held a meeting on the rezoning. The Highland Park City Council also received and discussed the aforementioned letter dated January 19, 2021 from Soulardarity and Hope Village Revitalization. The CPC staff understands that Highland Park in the near future will be creating "advisory councils" in each of its Council Member districts. The Highland Park City Council voted in support of the rezoning. It agreed that instead of creating a separate community advisory board for the proposed project, that the soon-to-be created "advisory council for Highland Park District 3" would serve as the community board for the proposed development.

**Conclusion & Recommendation**

In conclusion, based on the public hearing, above analysis, and review of the Section 50-3-70 criteria of the Zoning Ordinance, the City Planning Commission recommends approval of the request of Hamilton Corridor, LLC to amend District Map No. 58 of the 2019 Detroit City Code, Chapter 50, Zoning, by showing a M2 zoning classification where a R2 zoning classification currently exists for the properties summarized in this report. The approved-as-to-form ordinance is attached for your consideration.

**RESOLUTION SUPPORTING  
IMPLEMENTATION OF LEAD  
ABATEMENT LAWS, AND  
ELIMINATION OF CHILDHOOD  
BLOOD LEAD POISONING**

By Council Member Benson:

WHEREAS, Detroit City Council has long been on record strongly supporting lead abatement and public health, including passing the Detroit Property Maintenance Code (DPMC) Rental Ordinance to "get the lead out" of Detroit residential housing; and

WHEREAS, Detroit City Council continues to fight for the rights of Detroit children to have the best opportunity to grow and thrive free from the toxic legacy of childhood lead poisoning; and

WHEREAS, Far too many children under the age of 6 living in Detroit have inordinately high levels of lead in their blood; and

WHEREAS, In seven Detroit zip codes over 10% of children are considered 'lead poisoned' because of the concentration of lead in their blood — although it should always be remembered and stated that no level of lead in children's blood is "safe" — and in zip code 48206 18% of children tested were lead poisoned, while statewide the incidence is just 2.9%; and

WHEREAS, In spite of these high rates of child blood lead levels in Detroit, only 34% of Detroit's children under 6 were tested for lead in their blood in 2018, according to the most recent available MDHHS Data; and

WHEREAS, Lead poisoning in children causes life-long deficits including: decreased cognitive capacity, slowed learning, impaired hearing and speech, impulse control, and tendencies towards ADHD; and

WHEREAS, Children who have experienced lead poisoning are 7 times more likely to drop out of high school and 4 times more likely to enter the criminal justice system; and

WHEREAS, The preponderance of older, deteriorating housing stock in Detroit (90% built before 1980) makes the danger of ingesting lead through normal childhood hand-to-mouth contact involving paint and lead-contaminated dust a health crisis; and

WHEREAS, The Michigan Department of Health and Human Services has correctly stated that "No amount of lead in the body is considered safe"; and

WHEREAS, The Lead Renovation, Repair, Painting Program (RRP) rule issued by the Environmental Protection Agency (EPA) in 2010 requires that contractors must be certified and follow specific work practices to prevent lead contamination when performing renovation, repair and painting projects that disturb lead-based paint in pre-1978 homes, child care facilities, and schools; and

WHEREAS, The parents of Detroit Lead Advocacy Parent Group DLEAD urgently calls for improved education, policies, funding, and enforcement on lead issues; and

NOW THEREFORE LET IT BE RESOLVED, That Detroit City Council implores all concerned individuals, groups and agencies of the City of Detroit that the City of Detroit shall work so that universal lead testing is implemented for all Detroit children. No child in Detroit or Michigan should be left vulnerable to the impacts of lead poisoning and all children should be tested for lead exposure; and

LET IT BE FURTHER RESOLVED, That Detroit City Council calls for aggressive enforcement of the Detroit Property Maintenance Code (DPMC) Rental Ordinance by the Buildings, Safety Engineering and Environmental Department (BSEED), including but not limited to bringing staff levels up to full capacity. With the DPMC Ordinance strongly in place and implemented, landlords must be held responsible for making sure their properties are lead safe and cleared for families to rent safe housing; and

LET IT BE FURTHER RESOLVED, That Detroit City Council will seek increased funding that shall be made available from federal, state and other sources of funding for post-Covid relief public health initiatives or any and all other available sources for the Detroit Health Department for lead prevention activities, because all parents, landlords and others should have the opportunity to learn of the health risks posed by lead in the home and be given resources to reduce or eliminate this threat; and

LET IT BE FURTHER RESOLVED, That Detroit City Council urges that data

sharing shall be implemented so that all partners throughout the City of Detroit, Wayne County and State of Michigan can better coordinate prevention and lead remediation services; and

LET IT BE FURTHER RESOLVED, That Detroit City Council demands enhanced enforcement of the Lead Renovation, Repair, Painting Program (RRP Rule) shall take place by the EPA and the State of Michigan to ensure that projects by contractors that disturb lead-based paint will be done with lead safe practices proven to reduce lead exposure; and

**City Planning Commission**

January 14, 2021

Honorable City Council:

Re: Request of the Planning and Development Department to amend the Detroit Master Plan of Policies for the area known as Fort Wayne generally bounded by the Detroit River, Rademacher Street (extended), West Jefferson Avenue, and Cavalry Street (extended). (RECOMMEND APPROVAL)

**NATURE OF REQUEST**

The Planning and Development Department (P&DD) is requesting to amend the Detroit Master Plan of Policies for the area known as Fort Wayne, which includes the smaller adjacent US Army Corps of Engineers property, generally bounded by the Detroit River, Rademacher Street (extended), West Jefferson Avenue, and Cavalry Street (extended).

The property is located in the West Riverfront Neighborhood area of Neighborhood Cluster 5 of the Master Plan of Policies (see attached P&DD Proposed amendment). The current "future general land use" designation for this area is PR (Regional Park). The proposed "future general land use" designation is INST (Institutional). The proposed map amendment is being requested to allow for a number of the existing historic buildings at Historic Fort Wayne to be adaptively used.

**PROPOSED DEVELOPMENT**

The City of Detroit General Services Department (GSD) released a Request for Information (RFI) to determine if there is interest from private sector/3rd parties, under the guidance of GSD, to lease one or more buildings at the site, renovate the buildings in exchange for reduced rent, and adaptively use the building for select uses. In order to allow this RFI process to move forward, GSD is requesting to rezone the site to Planned Development (PD) to allow the buildings to be adaptively used subject to approval by the Director of GSD. The INST Master Plan designation is being proposed in order to allow the City to lease uses within the Historic Fort Wayne.

**CPC PUBLIC HEARING RESULTS**

On June 18, 2020, the City Planning Commission (CPC) held a public hearing, at which no members of the public spoke.

**ANALYSIS**

In early February 2020, CPC staff sent letters, as required by State law, to adjacent cities informing them of the proposed Master Plan change and requesting comments. To date, CPC has not received any comments from adjacent cities.

Historic Fort Wayne is a former military facility now owned by the City of Detroit. Despite numerous redevelopment plans over the past forty years, none of these plans have come to fruition and a majority of the buildings have sat vacant for decades and fallen into varying states of disrepair. The current rezoning initiative and subject Master Plan amendment are among efforts by GSD to facilitate the creation of new partnerships in order to revitalize the subject vacant buildings. Upon initial review, the proposed Master Plan change appears to be appropriate.

While the current PR designation has served the facility well, given the available open spaces and their occasional recreational use, the INST designation is ideal for the historic collection of structures, past, present and projected future uses and activities.

**RECOMMENDATION**

At its June 18, 2020 meeting, the City Planning Commission took action to recommend that the Master Plan change be approved: P&DD's resolution on the Master Plan amendment should be taken up with the associated rezoning ordinance.

Respectfully submitted,

ALTON JAMES

**REDEVELOPMENT PROJECT**

City of Detroit  
 County of Wayne, Michigan

By Council Member Tate:

WHEREAS, Pursuant to 381 PA 1996, as amended ("Act 381"), the City of Detroit Brownfield Redevelopment Authority ("Authority") has been established by resolution of the City Council of the City of Detroit (the "City") for the purpose of promoting the revitalization of eligible properties in the City; and

WHEREAS, Under Act 381 the Authority is authorized to develop and propose for adoption by City Council a brownfield plan for one (1) or more parcels of eligible property; and

WHEREAS, Pursuant to the resolution establishing the Authority and the bylaws of the Authority, the Authority has submitted a proposed Brownfield Plan for the Grobbel Cold Storage Redevelopment Project (the "Plan"); and

WHEREAS, The Authority submitted the Plan to the Community Advisory Committee for consideration on October 21, 2020, per the provisions of the resolution establishing the Authority, and a public hearing was conducted by the Authority on October 29, 2020 to solicit comments on the proposed Plan; and

WHEREAS, The Community Advisory Committee recommended approval of the Plan on October 21, 2020; and

WHEREAS, The Authority approved the Plan on January 27, 2021 and forwarded it to the City Council with a request for its approval of the Plan; and

Whereas, The required notice of the public hearing on the Plan was given in accordance with Section 13 of Act 381; and

WHEREAS, The City Council held a public hearing on the proposed Plan on February 18, 2021.

NOW, THEREFORE, BE IT RESOLVED, That:

1. Definitions. Where used in this Resolution the terms set forth below shall have the following meaning unless the context clearly requires otherwise:

"Eligible Activities" or "eligible activity" shall have the meaning described in Act 381.

"Eligible Property" means the property designated in the Plan as the Eligible Property, as described in Act 381.

"Plan" means the Plan prepared by the Authority, as transmitted to the City Council by the Authority for approval, copies of which Plan are on file in the office of the City Clerk.

"Taxing Jurisdiction" shall mean each unit of government levying an ad valorem property tax on the Eligible Property.

2. Public Purpose. The City Council hereby determines that the Plan constitutes a public purpose.

3. Best Interest of the Public. The City Council hereby determines that it is in the best interests of the public to promote the revitalization of environmentally distressed areas in the City to proceed with the Plan.

4. Review Considerations. As required by Act 381, the City Council has in reviewing the Plan taken into account the following considerations:

(a) Portions of the property designated in the Plan meets the definition of Eligible Property, as described in Act 381.

(b) The Plan meets the requirements set forth in section 13 of Act 381.

(c) The proposed method of financing the costs of eligible activities is feasible and the Authority has the ability to arrange the financing.

(d) The costs of eligible activities proposed are reasonable and necessary to carry out the purposes of Act 381.

(e) The amount of captured taxable value estimated to result from adoption of the Plan is reasonable.

5. Approval and Adoption of Plan. The Plan as submitted by the Authority is hereby approved and adopted. A copy of the Plan and all amendments thereto shall be maintained on file in the City Clerk's office.

The City of Detroit Planning Commission has determined (see Attachment D), and with the approval of the Plan, the City Council concurs, that portions of the Property qualify as "blighted" under the definition in Act 381.

6. Preparation of Base Year Assessment Roll for the Eligible Property.

(a) Within 60 days of the adoption of this Resolution, the City Assessor shall prepare the initial Base Year Assessment Roll for the Eligible Property in the Plan. The initial Base Year Assessment Roll shall list each Taxing Jurisdiction levying taxes on the Eligible Property on the effective date of this Resolution and the amount of tax revenue derived by each Taxing Jurisdiction from ad valorem taxes on the Eligible Property, excluding millage specifically levied for the payment of principal and interest of obligations approved by the electors or obligations pledging the unlimited taxing power of the local governmental unit.

(b) The City Assessor shall transmit copies of the initial Base Year Assessment Roll to the City Treasurer, County Treasurer, Authority and each Taxing Jurisdiction which will have Tax Increment Revenues captured by the Authority, together with a notice that the Base Year Assessment Roll has been prepared

in accordance with this Resolution and the Plan approved by this Resolution.

7. Preparation of Annual Base Year Assessment Roll. Each year within 15 days following the final equalization of the Eligible Property, the City Assessor shall prepare an updated Base Year Assessment Roll. The updated Base Year Assessment Roll shall show the information required in the initial Base Year Assessment Roll and, in addition, the Tax Increment Revenues for each Eligible Property for that year. Copies of the annual Base Year Assessment Roll shall be transmitted by the Assessor to the same persons as the initial Base Year Assessment Roll, together with a notice that it has been prepared in accordance with the Plan.

8. Establishment of Project Fund; Approval of Depository. The Authority shall establish a separate fund for the Eligible Property subject to this Plan, which shall be kept in a depository bank account or accounts in a bank or banks approved by the Treasurer of the City. All moneys received by the Authority pursuant to the Plan shall be deposited in the Project Fund for the Eligible Property. All moneys in the Project Fund and earnings thereon shall be used only in accordance with the Plan and Act 381.

9. Use of Moneys in the Project Fund. The moneys credited to the Project Fund and on hand therein from time to time shall be used annually to first make those payments authorized by and in accordance with the Plan and any development agreement governing such payments and then to the Local Brownfield Revolving Fund, as authorized by Act 381:

10. Return of Surplus Funds to Taxing Jurisdictions. The Authority shall return all surplus funds not deposited in the Local Brownfield Revolving Fund proportionately to the Taxing Jurisdictions.

11. Payment of Tax Increment Revenues to Authority. The municipal and the county treasurers shall, as ad valorem and specific local taxes are collected on the Eligible Property, pay the Tax Increment Revenues to the Authority for deposit in the Project Fund. The payments shall be made not more than 30 days after the Tax Increment Revenues are collected.

12. Disclaimer. By adoption of this Resolution and approval of the Plan, the City assumes no obligation or liability to the owner, developer, lessee or lessor of the Eligible Property for any loss or damage that may result to such persons from the adoption of this Resolution and Plan. The City makes no guarantees or representations as to the ability of the Authority to capture tax increment revenues from the State and local school district taxes for the Plan.

13. Repealer. All resolutions and parts of resolutions insofar as they conflict with

the provisions of this resolution be and the same hereby are rescinded.

14. The City Clerk is requested to submit four (4) certified copies of this Resolution to the DBRA, 500 Griswold Street, Suite 2200, Detroit, MI 48226.

\*WAIVER OF RECONSIDERATION (No. 14), per motions before adjournment.

**RESOLUTION URGING THE DETROIT AUTO DEALERS ASSOCIATION TO RECONSIDER TEMPORARILY RELOCATING THE NORTH AMERICAN INTERNATIONAL AUTO SHOW (NAIAS)**

By ALL COUNCIL MEMBERS:

WHEREAS, The mission of the Detroit City Council is to promote the economic, cultural and physical welfare of Detroit's citizens and residents through Charter-mandated legislative functions; and

WHEREAS, The city of Detroit is long recognized as the historic heart of the American automotive industry, as such, Detroit was given the nickname "Motor City." Detroit's automotive industry provided the model for mass production that other industries later adopted; and

WHEREAS, For over a hundred years, the city of Detroit has served as host of the event formally known as the Detroit Auto Show, which now is known as the North American International Auto Show (NAIAS). Since 1965, the show has been held at TCF Center (previously Cobo Center), where it occupies nearly 1 million square feet (93,000 m2) of floor space.

Prior to being held at the TCF Center, the show was held at other well-known Detroit venues, which included the Light Guard Armory, the Wayne Gardens Pavilion, and the Michigan State Fairgrounds; and

WHEREAS, Due to COVID-19, the Detroit Auto show has not taken place since January 2019 and its absence has left a crater in balance sheets in Detroit's business community, downtown Detroit in particular. Now for an abbreviated one-year run in 2021, also due to COVID, the auto show will be relocating from TCF Center on the city's riverfront to MI Concourse, a small development that includes a racetrack surrounded by luxury garages in Pontiac. This despite the fact that the NAIAS announced in a December 7, 2018 press release, that it has signed a seven-year contract with Cobo Center (TCF Center), to continue as its venue through June 2026; and

WHEREAS, Having the NAIAS in downtown Detroit, brings hundreds of thousands of people to Detroit. In 2019, David Sowerby, managing director of Ancora said in a release to Automotive News that the economic impact was estimated at up to \$430 million on the metro Detroit region, which economists approximate the impact equivalent to almost two Super Bowls; NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council urges the Detroit Auto Dealer Association to reconsider temporarily relocating the NAIAS from the TCF Center in 2021 and continue its sustained presence in Detroit, with the consideration of other outdoor venues and strategies within the City of Detroit; NOW THEREFORE BE IT FINALLY

RESOLVED, That copies of this resolution be forwarded to the executive director of the Detroit Auto Dealers Association, the Detroit Regional Convention Facility Authority, the Detroit delegation in the State Senate and State House, Mayor Mike Duggan and Governor Whitmer.

Yeas — Council Members Ayers, Benson, Castaneda-Lopez, McCalister, Jr., Sheffield, Spivey, Tate and President Jones — 8.

**Human Resources Department  
Classification &  
Compensation Administration**

February 9, 2021

Honorable City Council:

Re: Request to Amend the Official Compensation Schedule.

Recommendation is submitted to amend the 2020-2021 Official Compensation Schedule to include the following pay range, subject to City council approval:

<u>Class Code</u>	<u>Classification</u>
63-20-53	Security Administrator
<b><u>Salary Range</u></b>	
\$64,800 - \$90,700	

**Request:**

The above recommendation is at the request of Sandra Yu Stahl, Deputy Director General Services Department.

**Rationale:**

The General Services Department has expressed the need to expand the security program by hiring someone who will

develop a security strategy with a holistic, long-term approach to ensure optimal building security and reduce loss of assets and felt that the current pay range would limit their ability to attract and retain the proper candidates.

To determine the appropriate salary range for the classification, a market study was conducted by Classification and Compensation using data from external survey sources. The proposed salary is essential for recruitment purposes, has been deemed internally equitable, and is based on the City of Detroit's ability to fund the increase. The proposed salary recommendation is subject to City Council approval.

Respectfully submitted,  
DENISE STARR  
Human Resources Director

By Council Member Castaneda-Lopez:

Resolved, That the 2020-2021 Official Compensation Schedule is hereby amended to reflect the following pay range, effective upon Council's approval.

<u>Class Code</u>	<u>Classification</u>
63-20-53	Security Administrator
<b>Salary Range</b>	
\$64,800 - \$90,700	

Resolved, That the Finance Director is hereby authorized to honor payrolls and vouchers in accordance with this resolution, the above communication and standard City of Detroit practices.

Honorable City Council:

Re: Property Sale by Detroit Land Bank Authority XYZ 20-02 RPF LLC Development: 1732, 1738, 1746 W. Forest; 1770, 1760, 1730, 1731 Lombard Terrace; 1734, 1744, 1750, 1758, 1772, 1792 Lysander; 4544 Rosa Parks.

Pursuant to the First Amended and Restated Memorandum of Understanding (“MOU”) between the City of Detroit and the Detroit Land Bank Authority (“DLBA”), approved by your Honorable Body on May 5, 2015, the DLBA may not transfer ten (10) or more parcels of property received from the City to the same transferee within any rolling 12 month period without the prior approval of the Mayor and City Council.

The DLBA is now in receipt of an offer from XYZ 20-02 RPF LLC, a Michigan Limited Liability Company (“XYZ 20-02”) to enter into an option to purchase fourteen (14) properties (“the Property”) acquired by the DLBA from the City (as described in the attached Exhibit A). The principals of XYZ 20-02 are Rod and Phillip Lockwood.

The Property is located in the area generally bounded by W. Forest Ave., Rosa Parks Blvd., Lombard Terrace and Avery St. The total area of land measures approximately 76,327 square feet or 1.7 acres. Together with adjacent vacant property they own, XYZ 20-02 proposes to utilize the Property to construct a mixed income and mixed use development.

The development would consist of approximately eighty one (81) residential units in total, comprised of twenty three (23)

for sale and fifty-eight (58) rentals. Of the rental units, seventeen (17) would be targeted for income qualified individuals at 50% AMI (Area Median Income). In addition, there would be seventeen (17) commercial spaces. The estimated cost of development is \$16 million.

The Property is zoned R2 (Two Family Residential) and R3 (Low Density Residential). XYZ 20-02 shall apply for and obtain any Conditional Land Use approval and/or required zoning changes needed in accordance with the zoning guidelines and approval processes.

Conditions to Exercise Option and Executive Development Agreement are to include:

- Finalizing financing for project
- City of Detroit Planning and Development Department (“PDD”) Design Review and approvals, as necessary or required
- Zoning compatibility/successful zoning changes and/or conditional land use hearings
- Other approvals as necessary with required City departments and/or agencies

The Planning & Development Department, therefore, requests that your Honorable Body authorize the Detroit Land Bank Authority to enter into an Option Agreement with XYZ 20-02 RPF LLC, a Michigan Limited Liability Company to sell the Property as more particularly referenced in the attached Exhibit A for \$535,000; and, upon exercise of the option by the optionee, to sell such property in accordance with the terms set forth in the Option Agreement.

Respectfully submitted,  
KATHARINE G. TRUDEAU  
Deputy Director

Planning & Development Department

Whereas, The DLBA is now in receipt of an offer from XYZ 20-02 RPF LLC, a Michigan Limited Liability Company (“XYZ 20-02”), to enter into an option to purchase fourteen (14) properties (“the Property”) acquired from the City by the DLBA (as described in the attached Exhibit A). The Property is located within the general

**RESOLUTION URGING THE ADMINISTRATION TO DECLARE A STATE OF EMERGENCY IN RECOGNITION OF THE ONGOING COVID-19 PANDEMIC TO FACILITATE CONTINUING VIRTUAL MEETINGS OF CITY COUNCIL AND OTHER CITY PUBLIC BODIES**

By ALL COUNCIL MEMBERS:

WHEREAS, More than one year has passed since the World Health Organization declared the outbreak of Covid-19 constituted a pandemic, yet the region and the world have not successfully suppressed it. The virus still rages in Michigan and our community, and Michigan is, in fact, experiencing a nationally recognized surge in new Covid-19 cases and hospitalizations. The March 19, 2021 *Gatherings and Face Mask Order*, issued by the Michigan Department of Health and Human Services (MDHHS) notes that the mid-March level of daily cases in the state is “nearly 90% higher than the number of case in mid-February”, with an increase in the test positivity rate of 86%; and

WHEREAS, As a result of the ongoing pandemic, the City of Detroit’s public bodies, including the Detroit City Council, have been meeting remotely through electronic means, since March 2020, under the authority of the Michigan Open Meetings Act, MCL 15.261 *et seq.*, as amended by Public Acts 228 and 254 of 2020; and

WHEREAS, As amended, the Open Meetings Act (OMA) allows public bodies to hold meetings electronically, under any *circumstances*, retroactive to March 18, 2020, through March 31, 2021 (MCL 15.263a(1)(a)), and after that date, for a “local state of emergency or state of disaster declared pursuant to law or charter or local ordinance by... a local official, governing body, or chief administrative officer that would risk the personal health or safety of members of the public or the public body if the meeting were held in person”; and

WHEREAS, Despite best efforts by the community, the City, the State and much of the international community over the past long year — including extraordinary efforts by the City Administration to test and vaccinate the public as quickly as possible, continued use of masks and social distancing — the virus shows insufficient signs of abating to safely allow people to gather in large groups and close proximity safely and the MDHHS guid-

ance with respect to the workplace is that work should continue to be done remotely (from home) whenever possible; and

WHEREAS, The Chief Public Health Officer of the Detroit Health Department issued a comprehensive **Emergency Order for Control of Epidemic**, dated October 9, 2020, which continues in effect, as affirmed at section XIV., 1, as follows: “This order is effective immediately and shall remain in effect until further order of the Local Health Officer or until the Local Health Officer has certified that the COVID-19 epidemic has abated.” The order specifically, and in detail, addresses “conducting government business” and states that any requirement that public meetings be held “in a physical place available to the general public or requires the physical presence of one or more members of a public body”, is temporarily suspended to eliminate those requirements, and further, that the meetings be held electronically. The order has not been superseded or terminated, and therefore, remains in effect; and

WHEREAS, Recognizing the approaching March 31, 2021 expiration of the OMA’s authority for public bodies to meet remotely under any circumstances, a local state of emergency declared pursuant to law by a local official is required to continue the authority for these public bodies to meet remotely where, as it is clear, there is a continued “risk [to] the personal health or safety of members of the public or the public body if the meeting were held in person”; and

WHEREAS, Section 20-1-1 of the Detroit City Code adopts “the provisions of the Michigan Public Health Code, being MCL 333.1101 through 333.25211, as if fully set out in this chapter”, and section 20-1-4 grants full enforcement authority of the Public Health Code to the local health officer as follows: “The Health Department, as an authorized agent of the City and as an authorized local public health department under the Michigan Public Health Code, being MCL 333.1101 *et seq.*, is empowered to enforce this chapter and this Code, state statutes and regulations pertaining to public health and safety, and to establish rules and policies necessary for enforcement.” NOW, THEREFORE, BE IT

RESOLVED, The Detroit City Council hereby requests that the Administration, through the Chief Public Health Officer, reaffirm the sections of the October 9, 2020 order with respect to public meetings, and declare a “local state of emergency or state of disaster” for the purpose of protecting the personal health or safety of members of the public or the public body by providing the authority under the amended Open Meetings Act, MCL 15.263(2), to continue to meet remotely and conduct virtual, electronic meetings; and, BE IT FURTHER

RESOLVED, The Detroit City Clerk is directed to expeditiously send this resolution to Mayor Mike Duggan, Chief Public Health Officer Denise Fair, and publicly and electronically post and distribute copies of this resolution widely.

Honorable City Council:

Re: Affiliated Diagnostic of Oakland, LLC, LLC, (Robert Logwood), vs. City of Detroit. Wayne County Circuit Court Case No. 20-004144-NF. L20-00247 (PMC).

On March 4, 2021 a case evaluation panel evaluated the above-captioned lawsuit and awarded Twelve Thousand Dollars and No Cents (\$12,000.00) in favor of the plaintiff. The parties have until April 1, 2021 to either accept or reject the case evaluation. Failure to file a written acceptance or rejection within this period constitutes a rejection.

Based upon our review of the facts and particulars of this lawsuit, which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body, it is our considered opinion that a settlement in the amount of Twelve Thousand Dollars and No Cents (\$12,000.00) is in the best interest of the City of Detroit.

We, therefore, request your Honorable Body to authorize settlement of the above referenced lawsuit and to direct the Finance Director to issue a draft in that amount of Twelve Thousand Dollars and No Cents (\$12,000.00) payable to Affiliated Diagnostic of Oakland, LLC and its attorney, the Dollar Law Firm, PLLC, to be delivered upon receipt of properly executed Releases, Stipulation and Order of Dismissal entered in Lawsuit No. 20-004144-NF and, where deemed necessary by the Law Department a properly executed Medicare/CMS Final Demand Letter.

**Buildings, Safety Engineering and Environmental Department**

March 12, 2021

Honorable City Council:

Re: Resolution to Approve Application and Licensing Fees for Medical Marijuana Facilities and Adult-Use Marijuana Establishments.

I write to submit for your consideration the enclosed resolution to approve new application and licensing fees for adult-use marijuana establishments. On November 24, 2020, this Honorable Body approved an ordinance to amend Chapter 20 of the 2019 Detroit City Code, *Health*,

to adopt regulations for the licensing of such facilities and establishments. These regulations require the Buildings, Safety Engineering, and Environmental Department (BSEED) to process applications for such licenses and to monitor licensed facilities and establishments. The regulations further require BSEED to charge nonrefundable fees for such services, including discounted fees for Detroit legacy applicants.

BSEED currently charges application and licensing fees, all of which have been duly approved by your honorable body, for medical marijuana facilities. BSEED has determined that its costs to review medical marijuana facilities and adult-use marijuana establishments license applications and to process and monitor licensed facilities and establishments, including provisionally licensed facilities and establishments, will be the same as its current costs to perform such services for medical marijuana facilities. BSEED therefore requests to extend its existing application and licensing fees for medical marijuana facilities to apply to both medical marijuana facilities and adult-use marijuana establishments, as well as to adopt application and licensing fees for Detroit legacy applicants in accordance with Chapter 20, as amended by the above-referenced ordinance. In addition, BSEED requests to add a fee for event organizers, temporary marijuana events, and for co-location.

Thank you for your consideration of this request and the attached resolution. If you so desire, I am available to discuss this request further at your convenience.

Respectfully submitted,  
DAVID BELL

Director

By Council Member Benson:

Whereas, On November 24, 2020, this Honorable Body approved an ordinance to amend Chapter 20 of the 2019 Detroit City Code, Health, to adopt regulations for the licensing of medical marijuana facilities and adult-use marijuana establishments, effective as of January 11, 2021; and

Whereas, The ordinance provides for the licensing of various types of medical marijuana facilities and adult-use marijuana establishments, all as specified in the ordinance, as well as provisional licenses, upon application to the Buildings, Safety Engineering, and Environmental Department (BSEED) in accordance with Article VI, Division 3 of Chapter 20, as amended by the ordinance; and

Whereas, Section 9-507 of the 2012 Detroit City Charter authorizes agencies, such as BSEED, to charge fees for any service provided, subject to the approval of the City Council; and

Whereas, BSEED currently charges medical marijuana facilities application

fees of \$1,000.00 and licensing fees of \$5,000.00, which have been duly approved by this Honorable Body; and

Whereas, Section 20-6-37 of the City Code, as amended by the ordinance, requires nonrefundable fees to be charged upon filing an application for a license for a medical marijuana facility or adult-use marijuana establishment of any type to defray the costs incurred by the City in processing the license application, as well as prior to issuance of a license, including provisional certificates, for any type of facility or establishment to defray the costs incurred by the City to process and monitor licensed facilities and establishments; and

Whereas, Section 20-6-37 of the City Code, as amended by the ordinance, further requires that application fees for Detroit legacy applicants be 1% of the regular application fee and license fees for Detroit legacy applicants be 1% of the regular license fee for the first year of licensure, 25% of the regular license fee for the second year of licensure, and equal to the regular license fee for each subsequent year of licensure;

Whereas, Section 20-6-37 of the City Code, as amended by the ordinance, further requires that the fee for a provisional certificate be shall be no more than the fee for the first year of licensure of a Detroit legacy applicant.

Whereas, BSEED has determined that its costs to review license applications and to process and monitor licensed medical marijuana facilities and adult-use marijuana establishments, will be the same as its current costs to perform such services for medical marijuana facilities;

Whereas, BSEED has determined that a license fee for co-located properties is also appropriate;

Honorable City Council:

Re: Resolution to Approve Standard of Review for Licensing Recommendations for Adult-Use Marijuana Establishments.

I write to submit for your consideration the enclosed resolution to approve a recommendation process for adult-use marijuana establishments. On November 24, 2020, this Honorable Body approved an ordinance to amend Chapter 20 of the 2019 Detroit City Code, *Health*, to adopt regulations for the licensing of such facilities and establishments. Section 20-6-23(c) requires the Marijuana License Review Committee to develop a standard of review for making recommendations on adult-use license applications, which must be approved by City Council prior to reviewing applications.

After studying the best practices of other jurisdiction, consulting with experts and analyzing the potential applicant pool, we recommend an objective process where applicants are scored based on minimum criteria and the use of tie breaking lotteries as described in the attached resolution and scoring sheet.

Thank you for your consideration of this request and the attached resolution. If you so desire, I am available to discuss this request further at your convenience.

Respectfully,

March 17, 2021

Honorable City Council:

Re: Outdoor Dining Program

This resolution acknowledges the negative impact that restaurants and bars are enduring as we all continue to adjust to new norms that exist due to Covid-19. The Planning Department and the Department of Public Works seek to support these establishments by streamlining the process for restaurants to receive authorization from the City to utilize sidewalk space directly in front of their properties for increased onsite dining capacity. This resolution also acknowledges the reality that, when onsite dining is allowed, there will be restrictions attached that will limit the amount of indoor space that can be utilized, making it more important to create additional dining capacity with outdoor seating.

This resolution details the requirements that each restaurant/bar will have to follow, in the event that City Council approves the corresponding resolution, before any Outdoor Sidewalk Café can be implemented.

Prior to installing café seating, businesses will be required to notify DPW of their intent. Expedited reviews and authorization will be provided to the businesses, and they will be informed that their installed outdoor cafe will have to meet specific criteria, which will include:

- At least six (6) feet of sidewalk width is maintained for pedestrians and users of wheelchairs
- Furniture or barricades are provided for separation, if alcohol is being consumed
- Any seating proposed in the street shall be limited to the parking lane with proper protective measures placed between traffic and the seating area
- 8 Feet must be maintained between back of dining chairs
- Only sit-down dining is permitted, no standing areas or bar seating
- Only staff and sitting customers are permitted to be in the dining space, no socializing, gathering or strolling through the area; physical barriers may be required to ensure this separation requirement
- Only overhead tents will be permitted, no walls may be used

The Department of Public Works, BSEED, the Detroit Health Department and DPD will provide inspections after

implementation to confirm that the set-up is consistent with specified requirements. In the event that outdoor cafes are not in full compliance, the restaurant owners will be required to modify to comply, or remove the cafe seating in its entirety.

The Department of Public Works will submit regular reports to your Honorable Body, updating the status of Outdoor Cafes. The reports will list the following:

- Food Establishments that have applied for and received permits
- Food Establishments that have constructed sidewalk cafés
- Summary of inspections performed by the City to ensure cafés were constructed in accordance with specified requirements

I am recommending adoption of the above resolution.

Respectfully submitted,  
**RON BRUNDIDGE**  
 Director  
 Department of Public Works

By Council Member Benson:

Whereas, Outdoor dining cafés are designated areas on a street, alley, or public easement where customers may retrieve and/or consume food and/or beverages provided by an abutting food service establishment. Such establishments may provide either table service in the outdoor dining area or sell take-out items to be consumed in that area; and

Whereas, Seasonal outdoor dining cafés generally operate only during the months of April through November; and

Whereas, Pursuant to Chapter 43, *Streets, Sidewalks, and Other Public Places*, Article 8, Encroachments and Obstructions, Section 43-8-23, Temporary Encroachments, of the 2019 Detroit City Code, states that “the City Council shall only approve an encroachment after receiving a report from the Department of Public Works and the Planning and Development Department”; and

Whereas, The 2019 Detroit City Code indicates that the permit application must also be reviewed by various City departments, including the Department of Public Works, Police, Health, Buildings, Safety, Engineering, and Environmental, as well as the Historic District Commission and Michigan Liquor Commission; and

Whereas, The novel coronavirus (COVID-19) is a respiratory disease that can result in serious illness or death. It is caused by a new strain of coronavirus not previously identified in humans and easily spread from person to person; and

Whereas, The food service establishments in the City of Detroit have been decimated by the COVID-19 mandatory closures and have either been barred from serving patrons within their establishments or have been operating under strict capacity limitations since Monday, March 16, 2020; and

Whereas, The practice of social distancing during the pendency of the COVID-19 pandemic will be necessary to mitigate the spread of COVID-19 and reduce the risk of contracting the virus; and

Whereas, The City of Detroit is eager to support the active operation of businesses in a safe manner that protects the patrons and employees of the restaurant industry by implementing an expedited permitting process; and

Whereas, The Department of Public Works and the Planning and Development Department have created a report, attached to this resolution, identifying the criteria that must be met in order for an outdoor cafe permit to be approved; and

Whereas, The Department of Public Works shall regularly inspect businesses operating under an Outdoor Café Permit to determine compliance with the permit requirements to enable their continued operation; and

Whereas, This Honorable Body acknowledges the City's objective to support local businesses and allow for increased separation of patrons through social distancing during this unprecedented time; and Now Therefore be it

Resolved, That the Detroit City Council approves an expedited permit for this streamlined process and grants approval of all outdoor café permits submitted for outdoor dining café seating areas for all licensed food service establishments for the 2021 season that meet the criteria in the attached report; and Now Therefore Be It Further

Resolved, That upon fulfillment of the criteria to operate an outdoor dining café in a street, alley, or public easement, and the accurate completion and submission of the application for an outdoor café permit, the food service establishment shall receive a permit from the Department of Public Works to operate within the street, alley, or public easement so identified; and Now Therefore Be It Further

Resolved, That the Department of Public Works shall provide a report to the Detroit City Council commencing thirty (30) days from the adoption of this resolution, and every thirty (30) days thereafter, identifying any outdoor café permit, issued for the preceding thirty (30) days; and, Now Therefore Be It Finally

Resolved, That the expedited process authorized by this resolution, and the grant of approval by this Honorable Body, shall only apply to licensed food service establishments and shall expire on November 30, 2021.

described in the attached Exhibit A ("Acquisition Parcels") from the Detroit Land Bank Authority ("DLBA").

Whereas, Building, Safety, Engineering and Environmental Department has reviewed the environmental report on the environmental conditions of the Acquisition Parcels attached herein as Exhibit A; and

**RESOLUTION IN SUPPORT OF MICHIGAN HOUSE BILL 4014 (2021)**

By COUNCIL MEMBER BENSON, joined by COUNCIL MEMBERS McCALISTER, JR. and PRESIDENT JONES:

WHEREAS, The mission of the Detroit City Council is to promote the economic, cultural and physical welfare of Detroit's

citizens and residents through Charter-mandated legislative functions; and

WHEREAS, Due to high traffic speeds along roads that were primarily designed for vehicular traffic, many residents do not consider the bicycle as a viable mobility option. Between 2012-2016, Detroit had the highest bicycle fatality rate in Michigan, more than the cities of Grand Rapids, Ann Arbor, Lansing and Warren combined. Further, the New York Times reported that 2019 saw the largest number deaths of pedestrians and bicyclists caused by drivers since 1990; and

WHEREAS, If passed, House Bill 4014 proposes to amend the Michigan Vehicle Code Section 628 by authorizing local Michigan governments modest flexibility to reduce speeds to accommodate the use of streets by bicyclists and pedestrians on state, county, and local roads; and

WHEREAS, The proposed legislation offers to complement Detroit City Council's priority for the safety of its residents, through the concept of complete streets, by creating areas that are safe for bicyclists and pedestrians, by upgrading the structural landscape of the neighborhoods and shifting the national description of our city; and

WHEREAS, In May 2019, Council established the month of May as Bicycle Awareness Month, to promote and encourage strong bicycle friendly activities, acknowledging that bicycling is a safe and welcomed means of transportation and an environmental friendly form of exercise that provides quality family recreation; and

WHEREAS, As of 2021, the City has installed more than 243 miles of bike lanes, compared to 13 miles of bike lanes offered in 2007, which signifies the City's new commitment to neighborhood planning for biking, in addition to providing a variety of amenities, including expanded sidewalks, bicycle lanes, improved lighting, all to revive the City's neighborhood.  
NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council urges the Michigan Legislature to support House Bill 4014, which provides procedures under which the Michigan Department of Transportation (MDOT) county and local road authorities can modify general speed limits, to account for local circumstances. WHEREAS, The mission of the Detroit City Council is to promote the economic, cultural and physical welfare of Detroit's citizens and residents through Charter-mandated legislative functions; and

WHEREAS, Malcolm X, later known as El-Hajj Malik El-Shabazz was an African American human rights activist and scholar who was internationally known for presenting a compelling case against systemic racism, and for the rights of African Americans and marginalized people; and

WHEREAS, Malcolm X was born on May 19, 1925 in Omaha, Nebraska, to Earl and Louise Helen Little, who were active members of the Universal Negro Improvement Association led by Marcus Garvey. As a result of his families activism, Malcom X suffered childhood trauma that included threats on his father's life and his father's death under suspicious circumstances in 1931; and

WHEREAS, While serving a six-year prison sentence, Malcolm X joined the Nation of Islam (founded in Detroit, MI in 1932). WHEREAS, Malcom X eventually transitioned from the Nation of Islam, to Islamic orthodoxy and founded the Muslim Mosque, Inc., and the Organization of Afro-American Unity. Through his efforts to empower Black Americans and fight systemic racism, Malcom X met with world leaders and lectured abroad about the black experience in America; and

WHEREAS, Under heavy surveillance from federal and local law enforcement and his family being harassed, Malcom X persisted to deliver his scathing critique of racial inequality in America; and

WHEREAS, Malcom X triumphed as a historic icon and led a strict life of obedience to the law and high moral standard, but was eventually assassinated on February 21, 1965, almost three months from his 40th birthday; NOW THEREFORE BE IT FURTHER

**RESOLUTION URGING DLBA AND THE PLANNING DEPARTMENT RECONCILIATION OF PROPERTY ON A QUARTERLY BASIS**

By Council Member Benson:

WHEREAS, The mission of the Detroit City Council is to promote the economic, cultural and physical welfare of Detroit’s citizens and residents through Charter-mandated legislative functions; and

WHEREAS, The Detroit Land Bank Authority (DLBA), was established in 2008, in order to manage programs to reduce the number of Detroit properties in public ownership. Currently, as per its operating agreement, the DLBA is tasked with managing and disposing of the City of Detroit’s residential properties. In exchange the City of Detroit provides the DLBA a significant annual appropriation to provide this service; and

WHEREAS, However, unfortunately, the City of Detroit (City) is still using the Planning Department a City General Fund Agency, to also sell residential properties, where title of the property is still within the City’s control, including side lots, which uses significant staffing resources, including lawyers and real estate brokers, to do a job that is regularly accomplished by the DLBA online; and

WHEREAS, The DLBA has created an infrastructure to sell the residential properties owned by the DLBA within the borders of Detroit, while the Planning Department is organized to carry out complex commercial real estate transactions for properties owned by the City. This practice allows for citizens to purchase residential properties at a far lesser cost than the City’s Planning Department would require; and

WHEREAS, The City and the DLBA have developed a mutually agreed upon practice of property reconciliation under which the City transfers title of residential properties owned by the City to the DLBA and the DLBA transfers title of commercial properties owned by the DLBA to the City annually for management and disposition per the operating agreement; and

WHEREAS, As an alternative to the current practice of an annual property rec-

onciliation, having the Mayor’s Administration submit a property reconciliation resolution to City Council on a quarterly basis would reduce the amount of residential properties handled by the Planning Department and allow the City to better utilize its scarce financial resources and the DLBA to utilize its management and disposition attributes for residential properties; NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council strongly urges the Administration to seek to engage the DLBA to undertake the property reconciliation on a quarterly basis instead of annual to reduce the amount of residential properties handled by the Planning Department and allow the City to better utilize its scarce financial resources and the DLBA to utilize its management and disposition attributes for residential properties; and BE IT FINALLY

RESOLVED, That the Administration submit a property reconciliation resolution between the City and the DLBA to City Council for approval on a quarterly basis.

March 23, 2021

Honorable City Council:

Re: Authorization to Acquire Real Property from 2751 E. Jefferson QOZB, LLC 2791 E. Jefferson, Detroit, MI.

On July 31, 2018, your Honorable Body adopted a resolution authorizing the City of Detroit (“City”) to sell by development agreement certain properties on Kercheval, Townsend and E. Jefferson (the “Sale Properties”) to Banyan Investments, LLC (the “Purchaser”) to construct a mixed-use development on the majority of the sites. Such resolution allowed for transfer of the Sale Properties and payment of Two Hundred Twenty Three Thousand Eight Hundred Thirty Eight and 00/100 Dollars (\$223,838.00), in exchange for the City’s receipt of an easement across a portion of property controlled by Purchaser and now known as 2791 E. Jefferson (the “Acquisition Property”) pursuant to that certain easement agreement dated March 15, 2019 (the “Easement Agreement”).

As part of the Easement Agreement, the City was granted the option to purchase the Acquisition Property for One and 00/100 Dollar (\$1.00), subject to a restrictive covenant that runs with the land such that use of the Acquisition Property must only be used for the benefit of the general public in connection with the City’s non-motorized “Jos Campau Greenway”.

At this time, the City wishes to acquire the Acquisition Property to incorporate into the Jos Campau Greenway. We, therefore, hereby request that your Honorable Body adopt the attached resolution to authorize the acquisition of the Acquisition Property subject to the aforementioned restrictive covenant.

Respectfully submitted,  
KATHARINE G. TRUDEAU  
Deputy Director

By Council Member Tate:

Whereas, The City of Detroit ("City"), through the Planning and Development Department ("P&DD"), wishes to acquire that certain property at 2791 E. Jefferson, Detroit, MI as more particularly described in the attached Exhibit A (the "Acquisition Property") from 2751 E. Jefferson QOZB, LLC ("Seller"), a Michigan limited liability company, for the sum of One and 00/100 Dollar (\$1.00) subject to that certain restrictive covenant as outlined herein; and

Whereas, The Building Safety Engineering and Environmental Department ("BSEED") has reviewed the Phase I Environmental Site Assessment conducted for the Acquisition Property in accordance with current ASTM standards and in accordance with the requirements of the City Code. Such assessment did not reveal any evidence of recognized environmental conditions for the Acquisition Property; and found that the Acquisition Property does not pose an adverse environmental impact, therefore the Acquisition Property is not considered a facility; and Now Therefore Be It

Resolved, That in accordance with Chapter 2, Article VI of the Detroit City Code: (1) the City Council finds that the Acquisition Property has received appropriate environmental inquiry in accordance with the review referred to in the preceding paragraph and that the Acquisition Property was not determined to be a "facility"; and (2) City Council finds and declares that the preservation of the promotion of the public health, safety, welfare or good outweighs the cost of the environmental inquiry and therefore waives the requirements that the seller bear the cost of the environmental inquiry; Now Therefore Be It

Resolved, That Detroit City Council hereby approves acquisition of the Acquisition Property for the sum of One and 00/100 Dollar (\$1.00); and be it further

Resolved, That the P&DD Director, or his/her authorized designee, be and is hereby authorized to accept and record a quit claim deed to the City of Detroit for the Acquisition Property, as well as execute any such other documents as may be necessary to effectuate transfer of the Acquisition Property to the City of Detroit; and Be It Further

Resolved, That the quit claim deed to the City for the Acquisition Property shall include a restrictive covenant such that use of the Acquisition Property must be for the benefit of the general public in connection with the City's non-motorized greenway known as the "Jos Campau Greenway", which such restrictive covenant shall run with the land and be binding upon current and all future grantees, heirs, successors and assigns; and Be It Further

Resolved, That the P&DD Director, or his/her authorized designee, is authorized to execute any required instruments to make and incorporate technical amendments or changes to the quit claim deed (including but not limited to corrections to or confirmations of legal descriptions, or timing of tender of possession of particular parcels) in the event that changes are required to correct minor inaccuracies or are required due to unforeseen circumstances or technical matters that may arise prior to the transfer of the Acquisition Property, provided that the changes do not materially alter the substance or terms of the transfer; and Be It Finally

Resolved, That the Finance Director be and is hereby authorized to increase the necessary accounts and honor expenditures and vouchers, when presented in accordance with the foregoing communication and standard City procedures.

Honorable City Council:

Re: Amended Property Sale. 7300 and 7308 McNichols.

On February 9, 2021, your Honorable Body adopted a resolution approving the sale of certain City-owned real property at 7300 and 7308 W. McNichols (the "Property"), to Legacy City Group LLC, a Michigan Limited Liability Company (the "Purchaser") for the purchase price of Ninety Four Thousand Two Hundred and 00/100 Dollars (\$94,200.00).

The Property consists of a vacant building situated on a total land area of approximately 7200 square feet. The Property is zoned B2 (General Business District) and lies within a Traditional Main Street Overlay ("TMSO") area.

The Purchaser proposes to develop the property as a restaurant with jazz entertainment. The TMSO ordinance permits this use as conditional in a B2 zone. The Purchaser shall apply for and obtain conditional use approval for the development prior to the closing and consummation of the sale.

The Purchaser has created a new single purpose entity, Seventy Three Zero Eight LLC, a Michigan Limited Liability Company that it wishes to complete the development. Due to financing complications and increased construction costs for the project, the Purchaser has proposed to reduce the Purchase Price to Ten Thousand and 00/100 Dollars (the "Revised Purchase Price"). The City has reviewed the circumstances and financial information surrounding the Purchaser's request and finds such amendments necessary to move the project to a closing.

We, therefore, request that your Honorable Body adopt the attached resolution amending the above referenced sale resolution to reflect 1) a name change in the Purchaser from Legacy City Group LLC, a Michigan Limited Liability Company to Seventy Three Zero Eight LLC, a Michigan Limited Liability Company and 2) a reduction in the Purchase Price from \$94,200 to \$10,000.

March 10, 2021

Honorable City Council:

Re: Petition No. 767 — DTE Energy on behalf of Blue Energy, request for encroachment on First Street between Beech and Grand River Avenue for the installation of Electric Vehicle Chargers.

Petition No. 767 DTE Energy on behalf of Blue Energy, request for encroachments with 4 Electric Vehicle Chargers with underground power supplies on west side of First Street, 60 feet wide, between Beech Street, 50 feet wide and Grand River Avenue, 100 feet wide.

The petition was referred to the City Engineering Division — DPW for investigation and report. This is our report.

The request is being made as part of Project Kinetic, a unique collaboration, and part of a pilot project to create a futuristic public space where people can socialize while fast charging their electric vehicles.

The request was approved by the Traffic Engineering — DPW, and Solid Waste Division — DPW, and City Engineering Division — DPW.

Detroit Water and Sewerage Department (DWSD) reports involvement, but no objection provided the DWSD encroachment provisions are followed. The DWSD provisions have been made a part of the resolution.

All other involved City Departments, including the Public Lighting Authority and Public Lighting Department; also privately owned utility companies have reported no objections to the encroachment. Provisions protecting all utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,  
RICHARD DOHERTY, P.E.

**THE DETROIT CITY COUNCIL  
2021-2022 FINANCIAL AND  
BUDGETARY PRIORITIES,  
PUBLIC POLICY, PLANNING  
AND ACTION RESOLUTION**

BY ALL COUNCIL MEMBERS:

WHEREAS, The Honorable Mayor Mike Duggan presented a Recommended FY 2022 – FY 2025 Four-Year Financial Plan for the City of Detroit to the Honorable Detroit City Council on March 5, 2021, and in fulfillment of its Charter-mandated role and in keeping with past practice, City Council held hearings and deliberations on the proposed Executive Budget for FY 2021-2022 as submitted by the Mayor, with all hearings held "virtually" by electronic means due to the continuing worldwide COVID-19 pandemic, declared by the World Health Organization in March 2020; and

WHEREAS, The gradual return to more normalized commercial and civic life in this city and around the country, as well as the anticipation of recently approved federal funds, has allowed for a more conventional 2022 budget process, despite an ongoing outflow of resources required to maintain our community through this crisis; and

WHEREAS, Following the City of Detroit's (City) emergence from bankruptcy at the end of 2014, the City has been on an increasingly positive trajectory toward the future. Reinvestment in the City's infrastructure has been ongoing, with fiscal restraint remaining paramount; and, the alignment of expenditures and revenues continues to be balanced with improvements in service delivery to residents; and

WHEREAS, Michigan Public Act 181 of 2014 (Act 181) provided for the oversight of the City for at least thirteen years. The FY 2021-2022 budget process proceeded under a waiver of active oversight, granted by the Financial Review Commission (FRC) in April 2018, following three consecutive years of successful adherence to deficit-free budgets. The annually renewable waiver requires that the City submit its adopted budget and four-year financial plan to the FRC by April 30 of each year; and

WHEREAS, Pursuant to Sec. 8-213 of the 2012 City Charter and Public Act 182 of 2014, the City's Chief Financial Officer, Budget Director, Auditor General, and the City Council's Legislative Policy Division, along with other top officials held a revenue estimating conference which determined reasonable, agreed upon revenue projections for the General Fund revenues for the upcoming fiscal year, of \$995.6 billion; and

WHEREAS, The FY 2022-2025 four-year financial plan, as presented to City Council, shows employee benefits increasing from \$81.2 Million in FY 2023 to \$223.2 Million in FY 2024, an increase of \$142 Mil-

lion. More specifically, discretionary pension contributions will go from zero to \$202 Million in FY 2024. The FY 2024 \$202 Million pension payment is based on a 30-year amortization period. The OCFO estimates the FY 2024 pension payment to be \$217 Million based on a 25-year amortization period, and \$241 Million on a 20-year amortization period. The Retiree Protection Trust Fund (RPTF) was projected to grow to \$365 Million to soften the pension blow in FY 2024; and

WHEREAS, In FY 2024, the pension payment could approach 20% of the general fund budget under a 30-year amortization period. The pension payment could approach 24% of the general fund budget under a 20-year amortization period. The amount of the City's annual pension payment fluctuates depending on how the stock market and the pension investments perform, the pension payback period (payment amortization period) and how much the City owes in pensions (unfunded actuarial liability). Conservative budgeting needs to be continued to reflect fiscal realities and avoid a reversion into bankruptcy and to diminish the City's ability to provide critical services. Pension costs will need extremely close monitoring; and

WHEREAS, On this day, April 7, 2021, the Detroit City Council adopts a program budget that is based on sound conservative budgetary principles for municipalities, well-reasoned financial assumptions and past performance, as well as stated goals and projections for City departments, divisions and agencies, as well as in consideration of the dictates of the "Plan for the Adjustment of Debts of the City of Detroit" (POA); and

WHEREAS, For several years now, the Administration has astutely recognized that the City's Plan of Adjustment contained several questionable key assumptions that need to be addressed in order to manage the projected shortfall in the City's pension obligations. The City has established a Retiree Protection Trust Fund that will allow the City to build up approximately \$365 Million in trust assets to offset the City's annual required contributions that resume in FY 2024. In September 2017, for FY 2018, the City transferred the first \$105 Million in funding. In FY 2019, \$20 Million was contributed to the fund, \$45 Million in FY 2020, \$50 Million in FY 2021 and will contribute \$85 Million in FY 2022 and \$60 Million in FY 2023. The trust is intended to ensure that pensioners who have already suffered a significant loss due to the City's bankruptcy will not be harmed further by a collapse of the pension system. The trust assets should allow for prudent financial planning sufficient to avoid a steep deficiency in pension payments and to stabilize the City's financial future, and

WHEREAS, Prudent financial planning to lessen the impact of the large looming pension payment starting in FY 2024 on the City's finances include: 1) developing a plan to grow general fund revenue through developing new revenue sources, instituting increased collection efforts of existing revenue sources, generating more economic development projects and increasing workforce development opportunities in the City to grow the tax base; 2) identifying additional funding for the Retiree Protection Trust Fund; and 3) exploring ways to operate more efficiently by reducing administrative and other City costs to lower expenditures and create more room to better absorb the increase in pension costs; and

WHEREAS, In response to the COVID-19 pandemic, Congress adopted the American Rescue Plan Act of 2021, which allocated \$879 Million to the City of Detroit to remedy fiscal shortfalls caused by mandatory shut-downs. The first tranche of 50%, or \$440 Million, is expected in May 2021, and the remaining half is expected in a year. Considering the influx of additional funding from the federal government, City Council urges the Administration to collaborate with Council to form a working group or task force to examine the restrictions and availability of the federal funds, as well as, to determine how those funds can be used, within federal spending guidelines, to finance ideas proposed during the budget process that were unable to be funded due to lack of available capital; and

WHEREAS, Evictions also have a profound effect on the social, physical and emotional welfare of low-income families, especially senior citizens and children. Children are oftentimes uprooted from friends, schools and many times parents and family due to evictions, having a profoundly negative impact on their future, safety and mental health. Seniors similarly experience depression and anxiety due to the threat of eviction and ultimate loss of their homes, severely hampering their ability to obtain stable quality housing in the future. Thus, City Council strongly urges the Administration to dedicate funding for the Right to Counsel Ordinance which will guarantee a right to counsel for low-income residents involved in landlord-tenant litigation; and

WHEREAS, Homeownership is the foundation of personal wealth and the bedrock for a municipality's sustainability. The annual over-assessment of residential properties in course of several years in Detroit has caused harm to Detroiters and our chartered City. Thus, City Council strongly urges the Administration to develop a program to address the over-assessment during the years of 2008-2017 and fund it with \$6 Million to provide compensation to affected Detroit home-

owners. Council urges the appropriation of \$10 Million from the American Rescue Plan monies to establish a fund for families to support those impacted with additional social services and resources; and

WHEREAS, Multiple academic studies have raised concerns that properties valued at \$25,000 or less continue to be over-assessed which warrants further analysis by the City. City Council urges the Administration to conduct an assessment ratio study immediately, specifically reviewing the properties valued at \$25,000 or less to determine any ongoing overassessment; and

WHEREAS, The need for safe, clean, affordable housing for Detroiters of all economic levels is vitally important for the growth the City. Therefore, City Council urges the Administration to continue funding the Affordable Housing and Preservation Trust Fund through proceeds of commercial land sales, while also actively pursuing additional funding sources. With commercial land sales continuing at a robust pace, it is imperative that a long-term funding source be identified. Further, the Administration should submit yearly reports outlining current funding levels as well as a comprehensive breakdown of all projects funded by the Affordable Housing and Preservation Trust Fund; and

WHEREAS, Due to the age of the housing stock, the over-assessment of property, the low average median income in the City of Detroit, and a historic pandemic, there is an abundance of need for home repair grants for Detroit homeowners. Therefore, City Council urges the Administration to fully fund the Senior Home Repair Grant program at the proposed \$6 Million funding level. Further, the FY 2021-2022 level of funding for the program should NOT be reduced to cover other budget shortfalls; and

WHEREAS, Given ongoing complaints about the conditions of senior housing complexes, with respect to pests, cleanliness, elevator access, and other building maintenance issues, the Detroit City Council is requesting that BSEED increase inspections from every two years to quarterly or annually for senior buildings; and

WHEREAS, For too long, development in Detroit has been centered on revitalizing Downtown and Midtown, while largely ignoring the needs of the residential neighborhoods. The Neighborhood Improvement Fund was originally created to support smaller development projects entirely outside of the downtown and midtown areas. City Council urges the Administration to fully fund and support the Neighborhood Improvement Fund (NIF) and outline a public process for identifying and funding projects; and

WHEREAS, Small businesses are key components of thriving neighborhoods,

and the City of Detroit must invest in programming and staffing to support small and minority-owned businesses. City Council urges the Administration to expand the DEGC Business Liaison program and increase the funding by \$800,000 to enhance its ability to serve neighborhood businesses by providing resources, technical assistance, and mentorship opportunities to small business owners; and

WHEREAS, Housing costs continue to rise and long-time Detroit residents are suffering as they are priced out of apartments they long occupied. While new housing projects incorporate affordable units, based on the county AMI, they are often too expensive for most Detroiters. Council urges the appropriation of \$10 Million from American Rescue Plan monies to the Affordable Housing and Preservation Trust Fund to continue to support the preservation of affordable housing projects that use Detroit's AMI; and

WHEREAS, Many of the blighted Land Bank properties, which continue to create safety issues for nearby residents, are not slated to be demolished until the final round of demolitions in four to five years nor is there any current funding appropriated for cleaning out, securing and conducting a title clearance on these properties. Therefore, Council urges the appropriation of \$4 Million from the American Rescue Plan monies to fund the title clearance, clean-out and boarding up of these properties; and

WHEREAS, Drag racing and speeding down residential streets continues to be a safety issue, and life has been lost on residential and other streets from hit and runs or other deadly crashes. City Council is requesting that the Department of Public Works (DPW) increase the funding for speed humps; and

WHEREAS, To ensure the safety and well-being of all City residents and to reduce incidents caused by speeding, particularly on residential streets, City Council urges the Detroit Police Department (DPD) to increase traffic enforcement in neighborhoods and in school zones; and

WHEREAS, City alleys are filled with debris and illegal dumping continues to occur, and the task of cleaning alleys is arduous and cumbersome. Some residents use alleys as driveways, and other alleys provide access to backyards. Given the potential danger to children and Detroit residents, the City Council is requesting that the alley cleaning budget be increased; and

WHEREAS, City Council recognizes the value of supporting community safety through education and outreach, and urges DPW to educate residents on bike lanes and how they should be utilized.

Council also urges the Administration to allocate additional funds to the Sidewalk Repair/Replacement program when funding becomes available; and

WHEREAS, In reimagining its image as the Motor City, the City has increased its non-motorized transportation with the installation of 240 miles of bike lanes and the 24.5 mile Joe Louis Greenway which connect residents with residential neighborhoods, commercial corridors, transit, employment and recreational activities. Since the installation of bike lanes, there has been a marked increase in vehicular accidents involving cyclists and complaints from cyclists, business owners and residents regarding illegal parking and poor maintenance – especially during inclement weather. As cycling and other modes of non-motorized transportation become a way of life for Detroiters, more education and community outreach is needed; therefore, the Detroit City Council urges PDD and DPW to provide a comprehensive plan around bike lane education that includes usage, courtesy and bike safety for residents and business owners; and

WHEREAS, Dangerous trees on private property remain a problem in several Detroit neighborhoods. During severe weather events, these trees have caused significant bodily harm and property damage. Despite necessity, the removal of dead and dying trees on private property can be astronomical for residents, especially for seniors. Therefore, City Council encourages the Administration to provide additional funding in the Senior Home Repair Grant program to address tree removal for resident senior citizens.

WHEREAS, Gun violence continues to plague the city of Detroit. As such, City Council is requesting that the Administration set aside funding in the Health Department budget to adequately address the issue. The City should also consider declaring gun violence as a state of emergency so that the City can receive Federal funds for programming; and

WHEREAS, There are a number of resources and programs available to Detroit Residents which are under-utilized due to the failure to properly promote and advertise the availability of services and opportunities to educate the public. City Council passed a Detroit Parking Discount for Detroit residents that only a small number of Detroiters registered to receive. Therefore, City Council is urging the Municipal Parking Department to add information about the program on ticket envelopes, the Parking App, and on meters. In addition, City Council is urging the MPD to record videos about the Detroit Parking Discount program and educate the public about the process to register; and

WHEREAS, City Council urges the

Administration, as funding becomes available, to provide additional funds to the Municipal Parking Department for a print campaign explaining new meters and policies to ensure Detroit residents stay up to date on changes throughout the City relative to parking enforcement; and

WHEREAS, Education and professional development enhance an individual and the work place when new skills are acquired, and expertise is obtained. The City should expand its investment in its workforce through a complete reinstatement of the employee tuition reimbursement program; and

WHEREAS, In recognition of the need to monitor compliance relative to demolition activities, City Council urges the Administration to prioritize the hiring of two additional CRIO compliance officers to enforce rules and regulations associated with the Proposal N blight remediation activities. City Council further urges that the bond proceeds associated with Prop N be employed to fund the hiring of the additional personnel; and

WHEREAS, City Council urges the Administration to prioritize the filling of currently vacant inspector positions at the Buildings, Safety Engineering and Environmental Department, and to utilize funds from the construction enforcement fund, which has a positive balance, to make these positions more competitive and attractive to applicants; and

WHEREAS, Calls for police assistance frequently stem from a mental health crisis. City Council urges the Administration to allocate significant dollars to expand the use of social workers qualified to address mental and behavioral health and substance abuse issues to assist on runs where City residents might be experiencing mental health challenges. The objective would be that these services would be made available for both police runs and those seeking assistance directly from the Health Department; and

WHEREAS, The pandemic has highlighted the need to significantly increase the amount of funding to the Health Department to support critical programs that Detroiters desperately need to maintain their mental and physical health. While we are still learning the toll the pandemic has taken on people's well-being, we know there is a need for additional Mobile health units and increased funding for maternal health, mental health, substance abuse, HIV/AIDs prevention, support for victims of domestic violence & human trafficking, and children's well-being. Council urges the appropriation of \$10 Million from American Rescue Plan monies initially, and an increase in the Department's General Fund subsidy henceforth; and

WHEREAS, City Council urges the Administration to utilize American Rescue

Plan funds to assist in Detroit Water and Sewerage Department's repair or replacement of needed underground water infrastructure, approximately \$4 Million per year over the next decade. Additionally, Council urges the Administration to support the use of federal funds to establish a Low Income Home Energy Assistance Program (LIHEAP), to ensure all water shutoffs are ended in the City; and

WHEREAS, City Council urges the Board of Police Commissioners to fill currently vacant positions (such as the Chief Investigator position and Board Attorney) and restore reduced salaries prior to hiring for newly created positions; and

WHEREAS, Detroit's Board of Police Commissioners (BOPC) plays a critical role in ensuring transparency in policing, and providing opportunities for Detroiters to provide input about police performance. City Council urges the BOPC to conduct annual surveys to gauge community experiences and perceptions of the police, and then use the information collected to inform police department policies and practices, police officer evaluations, and police officer pay incentives. Additionally, we urge the BOPC to hold at least one public hearing before adopting the police budget to allow for greater public input into this process; and

WHEREAS, City Council encourages the Detroit Department of Transportation (DDOT), as well as all City agencies, to fill entry level positions and avoid paying people out of class, and avoid filling higher level positions before filling entry level positions; and

WHEREAS, City Council urges the Administration to allocate funding to the Entertainment Commission via the Legislative Policy Division to fund personnel activities for the Commission. This will help the Commission ramp up its activities to bring entertainment and enhance the City's attractiveness to tourists; and

WHEREAS, City Council urges the Office of the Chief Financial Officer to continue implementing Outcome Budgeting to ensure comprehensive community engagement when identifying City budget priorities, and further urges the City to work with its partners in the labor movement to ensure that the working families of Detroit are at the table when deliberating over the budget; and

WHEREAS, The Charles H. Wright Museum of African American History is an important institution in Detroit, the State of Michigan and this nation. In order to enhance the educational and cultural opportunities, new revenue streams must be identified and secured to help finance needed capital improvements and to upgrade the facility with respect to technology and exhibits. City Council urges the Administration to support a millage for museum operations, to help identify addi-

tional revenue streams for the Wright Museum and to utilize the Office of Development and Grants to aid in its fundraising efforts; and

WHEREAS, City Council recognizes the importance of interactive learning and cultural enrichment provided by the Detroit Zoo. Consequently, City Council urges the Administration, the Grants Department, and the Office of the Chief Financial Officer to assist the Detroit Zoological Society in identifying additional funds for marketing and educational materials to ensure Detroit residents are aware of, and have access to, all of the programs offered by the Detroit Zoo; and

WHEREAS, The Detroit City Council supports the Detroit Historical Society and its mission to operate the Detroit Historical Museum, to collect and preserve the history of the City, and educate the public. Council urges the Administration to work to create a millage for the museum, as well as increasing the City's annual contribution from \$500,000 to \$1,000,000; and

WHEREAS, The mission of the Office of the Ombudsman, serving as a liaison between the City of Detroit and persons who have a complaint or inquiry into the operations of a City department or conduct of a City employee, is an indispensable service providing an important avenue of redress for citizens. When additional funding becomes available, City Council urges the allocation of an additional \$150,000 to hire more staff to carry out the significant work of the Office of the Ombudsman; and

WHEREAS, The construction of the Gordie Howe International Bridge will lead to an additional 10,000 trucks in the area surrounding the new bridge, causing a negative impact on the residents living near the service drive. City Council urges the appropriation of \$250,000 of money from the American Rescue Plan to conduct a study and an additional \$1 Million to implement the recommendations to install additional noise and pollution barriers above the I-75 Service Drive between Clark and Springwells St. to mitigate the sound and air pollution that will come with increased truck traffic; and

WHEREAS, The entrance gate to the Detroit Intermodal Freight Terminal from W. Vernor Hwy and Waterman St., and the corresponding truck traffic, have wreaked havoc on the surrounding businesses, residents and public infrastructure. Not only do backups at the entrance cause traffic problems and contribute to air and sound pollution, the City has had to expend Millions of dollars over the years to repair the road, sweep the streets, and clean out the water basins nearby. Council urges the Administration to actively work to close this entrance and work with the railway companies to relo-

cate the entrance to Livernois Avenue, install additional vegetative buffering along the route, and modify the truck routes to prevent truck traffic from traveling on W. Vernor Hwy; and

WHEREAS, Air pollution is a significant public health issue in Detroit and environmentally-related diseases are at a high level in the City. Impoverished and minority peoples disproportionately bear the burden of industry as frontline communities. Council urges the appropriation of \$2 Million from the American Rescue Plan funds to the Public Health fund as seed money to support buffering, air monitoring, health impact assessments, and other activities to mitigate the negative health impacts of pollution; and

WHEREAS, The Office of Sustainability launched the Sustainability Action agenda in 2019, laying the groundwork for a healthier and more sustainable City. However, due to the pandemic, the entire office was furloughed and not fully restored. Council urges the Administration to restore funding to the Office of Sustainability to return to its pre-pandemic staffing and programmatic levels, so that the Office can continue this important work and move forward the City's climate justice goals; and

WHEREAS, The pandemic highlighted the need to invest more resources into our parks, greenways, and outdoor recreational amenities. Many Detroiters that don't have access to neighborhood pocket parks or safe urban greenspace. Research shows that investing in parks and urban greenspace has a positive impact on people's physical and mental health and overall quality of life. Council, therefore, urges the appropriation of \$10 Million of American Rescue Plan funds to support park, urban greenspace, and outdoor recreation facilities to improve Detroiters well-being and quality of life; and

WHEREAS, In addition to outdoor recreational facilities, investment in the City's recreational centers is essential to enrich the quality of life for all Detroiters. As there are large areas in the City that offer no publicly owned year-round recreational facilities, City Council strongly urges much needed renovation or rebuilding of recreation centers in Districts 7, 4, and 3, as anticipated federal funding allows; and

WHEREAS, In recent years, the Administration has prioritized approving development projects throughout the City of Detroit to boost job creation and the local economy. However, many of these development projects have further strained the public health and safety of the surrounding communities. Council urges the Administration to increase funding to \$700,000 for the new Office of Disability Affairs to adequately staff and host programming to meet and be inclusive of the needs of Detroit residents with disabilities; and

WHEREAS, The importance of having a robust language access plan in the city, and the need for legislation and additional resources to effectively implement the current plan has been highlighted during this time. In order for the City of Detroit to provide meaningful access to City services, resources, and programs, City Council urges the Administration to designate a language access coordinator in each public facing department, increase the Language Access Coordinator positions to two within CRIO, and allocate additional funds to the current Language Access Plan (LAP) through Civil Rights, Inclusion, and Opportunity Department; and

WHEREAS, With more than 35,000 foreign-born residents and nearly 100,000 households with immigrant family members, the Administration must invest resources into ensuring these new and existing immigrant communities have access to resources and programs. Honorable City Council:

Re: Amended Schedule A reflecting City Council Changes to the Mayor's 2022 Community Development Block Grant (CDBG) Proposed Budget.

Attached is the Amended Schedule A and corresponding resolution for City Council action on the Mayor's recommended 2022 CDBG budget. The Schedule A was prepared by the Housing and Revitalization Department, then reviewed and revised by the City Planning Commission (GPC) staff in conjunction with HRD.

The Schedule A reflects the City Council changes to the Mayor's recommended CDBG budget including your action on the Neighborhood Opportunity Fund (NOF) awards as well as the remaining portions of the CDBG budget that your Honorable Body is supporting via your review of this budget. The column heading that previously read "Council Rec" now reads "City Council Final." The cells below that heading carry the allocations determined by Your Honorable for adoption under the 2022 CDBG Program.

The single change made to the Schedule is to move the \$42,000.00 for City Planning Commission/Historic Designation Advisory Board staffing from listing under the Housing and Revitalization Department to a new line item, "Historic Designation Advisory Board – Staffing" under City Council. This is being done simply to properly reflect the expenditure as a legislative cost.

Please let us know if you have any questions regarding this revised Schedule A or the CDBG program.

Respectfully submitted,

MARCELL R. TODD, JR.

Director

Honorable City Council:

Re: Midtown Square II Limited Dividend Housing Association Limited Partnership-Payment in Lieu of Taxes (PILOT).

John Stanley and Develop Detroit have formed Midtown Square II Limited Dividend Housing Association Limited Partnership in order to develop the Project known as Midtown Square Apartments. The Project is an existing seventy-three (73) unit 9-story building located in an area bounded by Seward on the north, Woodward on the east, Delaware on the south and Second on the west.

The rehabilitation Project will include

thirty-six (36) 1 bedroom/1 bath, twenty-two (22) 2 bedroom/2 bath and fifteen (15) 3 bedroom/2 bath apartments.

A construction loan in the amount of \$10,436,027 and a permanent mortgage loan in the amount of \$3,232,537 will be provided by Citibank, N.A. The City of Detroit will allow the assumption of an existing HOME loan in the amount of \$3,042,245 which will be assigned and assumed at closing. R4 Capital, LLC, will make Capital Contributions of \$11,997,096 which includes the purchase of Federal Historic and Low Income Housing Tax Credits. Additionally, the Sponsors have agreed to defer \$96,758 of the developer fee.

Rents for seventy-two (72) units have been set at or below sixty percent (60%) of the area median income, adjusted for family size. All residents will contribute only thirty percent (30%) of their adjusted gross income towards the rent amount. One three-bedroom unit will be market rate rent. Seventy-two (72) units will be subject to the PILOT based on Section 15a of the State Housing Development Authority Act of 1966, as amended.

In order to make this project economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1966 (P.A. 346 as amended, MCL 125.1415A).

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service charge often percent (10%) of the annual net shelter rent obtained from this housing project.

Respectfully submitted,  
ALVIN HORHN

Deputy CFO/Assessor

By Council Member Ayers:

Whereas, Pursuant to the provisions of the Michigan State Housing Development Act, Act 346 of the Public Acts of 1966, as amended, being MCL 125.1401 et seq. (the "Act"), a request for exemption from property taxes has been received on behalf of John Stanley and Develop Detroit (the "Sponsors"); and

Whereas, A housing project as defined in the Act is eligible for exemption from property taxes under Section 15a of the Act (MCL 125.1415a) if the Michigan State Housing Development Authority ("MSHDA") provides funding for the housing project, or if the housing project is funded with a federally-aided mortgage as determined by MSHDA; and

Whereas, Section 15a of the Act (MCL 125.1415a) provides that the local legislative body may establish by ordinance the service charge to be paid in lieu of taxes, commonly known as a PILOT; and

Whereas, The City of Detroit has adopted Ordinance 9-90, as amended,

being Sections 18-9-10 through 18-9-16 of the Detroit City Code to provide for the exemption from property taxes of eligible housing projects and to provide for the amount of the PILOT for said housing projects to be established by resolutions of the Detroit City Council after review and report by the Board of Assessors; and

Whereas, The Sponsor is proposing to undertake the rehabilitation of existing housing to be known as Midtown Square Apartments consisting of the rehabilitation of seventy-three (73) units in one 9-story building located on one parcel of property owned or to be acquired by the Sponsors as described by street address and tax parcel in Exhibit A to this resolution, with seventy-two (72) units for low and moderate income housing (the "Project"); and

Whereas, The purpose of the Project is to serve low to moderate income persons as defined by Section 15a(7) of the Act, being MCL 125.1415a(7); and

Whereas, MSHDA has provided notice to the Sponsor that it intends to approve federal-aided financing for the Project, provided that the Detroit City Council adopts a resolution establishing the PILOT for the Project; and

Whereas, Pursuant to Section 15a of the Act, being MCL 125.1415a(1), the tax exemption is not effective until the Sponsors first obtain MSHDA certification that the housing project is eligible for exemption, and files an affidavit, as so certified by MSHDA, with the Board of Assessors; and

Whereas, Pursuant to Section 18-9-13(G) of the Detroit City Code, the tax exemption shall be effective on adoption, with the tax exemption and PILOT payment to occur only upon bona fide use and physical occupancy by persons and families eligible to move into the project, in accordance with the Act, which must occur as of December 31 of the year preceding the tax year in which the exemption is to begin; Now, Therefore, Be It

Resolved, That in accordance with City Code Section 18-9-13, the Project known as Midtown Square Apartments as described above is entitled to be exempt from taxation but subject to the provisions of a service charge often percent (10%) for payment in lieu of taxes as set forth in Act No. 346 of the Public Acts of 1966, as amended, being MCL 125.1401, et seq.; And Be It Further

Resolved, That arrangements to have collections of a payment in lieu of taxes from the Sponsor be established upon occupancy for future years with respect to the same be prepared by the Office of the Chief Financial Officer; And Be It Further

Resolved, That specific legal description for the Project shall be as set forth in the certification from MSHDA; And Be It Further

Resolved, That in accordance with Section 15a(3) of the Act. MCL 125.1415a(3), the exemption from taxation shall remain in effect for as long as the MSHDA-aided or Federally-aided financing is in effect, but not longer than fifty (50) years, and shall terminate upon the determination by the Board of Assessors that the Project is no longer eligible for the exemptions; and Be It Further

Resolved, That the City Clerk furnish the Office of the Chief Financial Officer — Office of the Assessor two certified copies of this resolution; And Be It Further

Resolved, That this resolution is adopted with a waiver of reconsideration.

The office of the City Planning Commission (CPC) has received 56 applications for Neighborhood Enterprise Zone (NEZ) certificates forwarded from the office of the City Clerk for the new construction of 56 Condominium units located at 1901 E. Lafayette. The overall project will consist of the construction of 56 new attached townhome units. Units 1-10 and 39-56 will each contain approximately 2,000 square feet of enclosed space (including the garage) while units 11-38 will each contain approximately 1,800 square feet of enclosed space (including the garage).

The subject properties have been confirmed as being within the boundaries of the NEZ which was established by a vote of Council on November 26, 2019, and should be eligible for NEZ certificates under State Act 147 of 1992 as currently written. The anticipated construction cost of the project is approximately \$163,989 per unit for the 1,800 square foot units, and \$188,489 per unit for the 2,000 square foot units for a total project cost of \$9.8 million. The project costs indicated above are only for the vertical construction of the townhome units. The cost of finishes and appliances are not included in this cost analysis. The applicant is seeking a 15-year tax abatement. The NEZ certificate application appears to have been submitted prior to the issuance of any applicable building permits.

The National Park Foundation has awarded an increase in appropriation to the City of Detroit General Services Department for a sub-award of the Historic Fort Wayne Strategic Planning Grant, in the amount of \$20,840.00. There is no match requirement. The total increase is \$20,840.00. This sub-award was made possible through a grant by the National Park Service—Midwest Region. This funding will increase appropriation 20392, previously approved in the amount of \$202,748.00, by council on May 16, 2017, to a total of \$223,588.00.

March 11, 2021

Honorable City Council:

Re: Request for Property Transfer to the City of Detroit Brownfield Redevelopment Authority in Connection with the Land Assembly Project.

At the request of the City of Detroit (the "City"), the City of Detroit Brownfield Redevelopment Authority ("DBRA") has been engaged in land assembly activities aimed at establishing market-ready industrial sites within City limits in order to attract manufacturing and logistics companies (the "Land Assembly Project").

The former AMC headquarters site located at 14250 Plymouth Road (the "AMC Site") was acquired by the City in 2018 and is considered a key industrial site. DBRA has identified a privately-owned 8.5 acre site located adjacent to the AMC Site at 11675 Mark Twain (the "Mark Twain Site") which DBRA believes will maximize the redevelopment potential of the AMC Site. The owner of the Mark Twain Site (the "Private Owner") is willing to sell the Mark Twain Site to the DBRA for the Land Assembly Project in exchange for the City-owned property located at 12843 Greenfield, as further described on Exhibit A attached hereto (the "Property") and cash consideration, payable by the DBRA, pursuant to a property exchange agreement entered into by the Private Owner and DBRA (the "Property Exchange Agreement").

DBRA proposes a purchase price for the Property in the amount of \$300,000.00 subject to certain adjust-

ments further described in the attached Land Transfer Agreement, which purchase price would be payable by DBRA from the net sale proceeds from the sale of the Mark Twain Site to a third-party developer pursuant to a non-recourse promissory note executed by the DBRA.

The Planning and Development Department seeks City Council's approval to enter into a Land Transfer Agreement substantially in the form attached hereto as **Exhibit B**, to convey the Property to DBRA for the Purchase Price for the purpose of consummating the Property Exchange Agreement in furtherance of the Land Assembly Project.

Based on the foregoing, we respectfully request that this Honorable Body approve the attached Resolution in furtherance of the transactions described in this letter.

Respectfully submitted,

KATHARINE TRUDEAU

Acting Director

Planning & Development Department  
By Council Member Tate:

Whereas, At the request of the City of Detroit (the "City"), the City of Detroit Brownfield Redevelopment Authority ("DBRA") has been engaged in land assembly activities aimed at establishing market-ready industrial sites within City limits in order to attract manufacturing and logistics companies (the "Land Assembly Project"); and

Whereas, In 2018, the City acquired the former AMC headquarters site located at 14250 Plymouth Road (the "AMC Site") as a key industrial site and DBRA has identified a privately-owned 8.5 acre site located adjacent to the AMC Site at 11675 Mark Twain (the "Mark Twain Site") which DBRA believes will maximize the redevelopment potential of the AMC Site; and

Whereas, The DBRA and the owner of the Mark Twain Site (the "Private Owner") have negotiated terms upon which the Private Owner is willing to sell the Mark Twain Site to the DBRA for the Land Assembly Project in exchange for the City-owned property located at 12843 Greenfield, as further described on Exhibit A attached hereto (the "Property"), and cash consideration, payable by the DBRA, pursuant to a property exchange agreement entered into by the Private Owner and DBRA (the "Property Exchange Agreement"); and

Whereas, DBRA has requested that the City convey the Property to the DBRA, or at DBRA's election, DBRA's designee, pursuant to a Land Transfer Agreement substantially in the form attached hereto as **Exhibit B** (the "Land Transfer Agreement"), for a purchase price of \$300,000.00 (the "Purchase Price"), subject to certain adjustments further described in the attached Land Transfer Agreement, for the purpose consummat-

ing the Property Exchange Agreement in furtherance of the Land Assembly Project; and

Now Therefore, It Is Resolved, That the conveyance by the City, through its Planning and Development Department ("P&DD"), of the Property to the DBRA, or DBRA's designee, for purposes of the Land Assembly Project, for a purchase price of \$300,000.00, subject to the adjustments described in the Land Transfer Agreement, payable upon the sale of the Mark Twain Site to a third party developer and/or end user, is hereby approved; and Be It Further

Resolved, That Detroit City Council hereby approves the Land Transfer Agreement in substantially the form attached hereto as **Exhibit B**; and be it further

Resolved, That the P&DD Director, or his or her authorized designee, is authorized to execute the Land Transfer Agreement and issue quit claim deeds for the sale of the Property, as well as execute such other documents as may be necessary or convenient to effect the transfer of the Property to the DBRA consistent with this resolution; and Be It Further

Resolved, That the P&DD Director, or his or her authorized designee is authorized to execute any required instruments to make and incorporate technical amendments to the Land Transfer Agreement or the quit claim deeds (including but not limited to corrections to or confirmations of legal descriptions, or timing of closing and/or tender of possession of particular parcels) including in the event that changes are required to correct minor inaccuracies or are required due to unforeseen circumstances or technical matters that may arise prior to the conveyance of the Property, provided that the changes do not materially alter the substance or terms of the transfer and sale; and Be It Further

Resolved, That the Property, or any parcel or parcels comprising the Property, authorized to be conveyed to the DBRA under this resolution may, at DBRA's election and subject to the consent of the DLBA, be conveyed by the City to the DLBA for purposes of quieting title, with the DLBA thereafter deeding a property so transferred either back to the City, to the DBRA, or to DBRA's designee; and Be It Finally

Resolved, That the Land Transfer Agreement and quit claim deeds will be considered confirmed when executed by the P&DD Director, or his or her authorized designee, and approved by the Corporation Counsel as to form.

Form of Land Transfer Agreement  
TRANSFER OF LAND AGREEMENT  
Industrial Land Assembly Project:  
12843 Greenfield

This Transfer of Land Agreement ("Transfer Agreement") made this \_\_\_\_\_ day of \_\_\_\_\_, 2020, by and between the CITY OF DETROIT, a Michigan municipal corporation, acting by and through its Planning and Development Department (hereinafter referred to as the "City") and THE CITY OF DETROIT BROWNFIELD REDEVELOPMENT AUTHORITY, a Michigan public body corporate (hereinafter referred to as the "DBRA").

**WITNESSETH:**

Whereas, At the request of the City, the DBRA has been engaged in land assembly activities aimed at establishing market-ready industrial sites within City limits in order to attract manufacturing and logistics companies (the "Land Assembly Project"); and

Whereas, The former AMC headquarters site located at 14250 Plymouth Road (the "AMC Site") was acquired by the City in 2018 and it is considered to be a key industrial site; and

Whereas, DBRA staff has identified a privately-owned 8.5 acre site located adjacent to the AMC Site at 11675 Mark Twain (the "Mark Twain Site") which DBRA believes will maximize the redevelopment potential of the AMC Site; and

Whereas, The owner of the Mark Twain Site (the "Private Owner") is willing to sell the Mark Twain Site to the DBRA for the Land Assembly Project in exchange for the City-owned property located at 12843 Greenfield, as further described on Exhibit A attached hereto (the "Property") and cash consideration, payable by the DBRA, pursuant to a property exchange agreement to be entered into by the Private Owner and DBRA (the "Property Exchange Agreement"); and

Whereas, In order to facilitate the redevelopment of the AMC Site, DBRA has requested that the City convey the Property to the DBRA for purposes of consummating the Property Exchange Agreement; and

Whereas, This Agreement shall not become effective without the approval of a resolution by each of the City of Detroit City Council (the "City Council") and the Board of Directors of the DBRA (the

“DBRA Board”) approving this Agreement and authorizing the execution, delivery, and performance of this Agreement and the transactions contemplated hereby; and

Whereas, The City has agreed to transfer the Property to the DBRA in accordance herewith, pursuant to resolution of the City Council dated \_\_\_\_\_, and attached hereto as **Exhibit B**.

Now, Therefore, in consideration of the foregoing premises and of the covenants and agreements hereinafter contained, it is mutually agreed as follows:

**ARTICLE I**

1.01 Sale. Subject to the terms, covenants and conditions of this Transfer Agreement, the DBRA agrees to purchase and the City agrees to convey the Property for the Purchase Price identified in and as adjusted in accordance with Section 1.02 below. On the date or dates selected by DBRA following the execution hereof, the City shall convey the Property to the DBRA by one or more quit claim deed(s) substantially in the form of **Exhibit C** attached hereto. Further, at DBRA’s election, the City will convey the Property directly to the Private Owner or the Private Owner’s designee.

1.02 Purchase Price. The purchase price shall be \$300,000.00 (the “Purchase Price”), subject to the adjustments hereinafter described and as confirmed by the City’s Office of the Chief Financial Officer. The Purchase Price shall be paid to the City pursuant to the terms of a promissory note, executed by the DBRA for the benefit of the City (the “Note”). The Note shall be payable upon the sale of the Mark Twain Site to a third party developer and shall be payable solely from the sale proceeds received by the DBRA following the sale of the Mark Twain Site, net of (i) reimbursement to DBRA for its acquisition and carrying costs relating to the Mark Twain Site, including but not limited to the cash consideration payable therefor (“DBRA’s Acquisition and Carrying Costs”), (ii) all purchase price adjustments, including any site prep credits granted for eligible costs on the Mark Twain Site, and closings costs payable by DBRA (the “Mark Twain Site Sales Price Adjustments”). In the event that the net sale proceeds following the DBRA’s sale of the Mark Twain Site are insufficient to pay the Purchase Price in full, the Note shall be nonrecourse to the DBRA and the DBRA’s payment of a portion of the Purchase Price shall fulfill all obligations contained under the Note.

1.03 Title Commitment. The DBRA, at its option, may obtain a commitment for an owner’s title insurance policy issued by a responsible title insurance company authorized to do business in the State of Michigan to insure the DBRA’s title to the

Property, subject only to such conditions and exceptions as are provided for herein and reasonably acceptable to the DBRA. The cost of such title commitment and a policy issued pursuant to it, if any, shall be paid by the DBRA. Notwithstanding anything in this Agreement to the contrary, in the event DBRA determines, upon examination of the above-referenced title commitment, that a quiet title action (a “QTA”) is necessary or desirable in order to obtain insurable title to the Property, or any portion thereof, the DBRA is hereby authorized to transfer the Property, or any parcel or parcels comprising a portion thereof, to the Detroit Land Bank Authority (“DLBA”) on an interim basis solely for the purpose of carrying out a QTA with respect to the affected parcel or parcels. Further, upon the DBRA’s election, the City agrees to transfer any parcel or parcels as indicated by the DBRA directly to the DLBA for purposes of carrying out a QTA, and such parcel or parcels shall be conveyed to the DBRA, or at DBRA’s election directly to the Developer or Developer’s designee, following the conclusion of such QTA.

1.05 Payment of Miscellaneous Expenses. The DBRA shall be responsible for recording and paying any fees for recording the quitclaim deed(s) and any other documents that the City determines must be recorded in connection with the transfer and development of the Property. DBRA, at its option, may have the Private Owner pay the costs contemplated by this Section 1.05.

1.06 Condition of the Property. The DBRA shall accept the Property “AS IS”, without any representation by or warranty from the City as to the condition of the Property.

**ARTICLE II**

2.01 Property Exchange Agreement. The DBRA has entered into the Property Exchange Agreement with the Private Owner which provides for the sale of the Property to the Private Owner in exchange for the transfer of the Mark Twain Site to DBRA. The DBRA shall, prior to amending the Property Exchange Agreement, submit such amendment to the City for review and approval by the Director of P&DD. Upon the recording of the deed of the Property to the Private Owner and the Mark Twain Site to DBRA or, at DBRA’s election, the third-party developer of the AMC Site and Mark Twain Site, the DBRA’s obligations pursuant to this Transfer Agreement with respect to the Property shall be deemed satisfied, and the terms and conditions of this Transfer Agreement, including but not limited to the provisions of Article III, shall no longer apply to the Property. The parties acknowledge and agree that this Transfer Agreement and the Note are separate obligations of the DBRA, and the

Note will remain in full force and effect until paid in full or otherwise satisfied in accordance with its terms.

2.02 City's Right to Acquire the Mark Twain Site. In the event that the Mark Twain Site is not sold to a third party user within five (5) years of DBRA's acquisition of the Mark Twain Site, the City, through an election by its Director of the Planning and Development Department, may elect to acquire the Mark Twain Site for a purchase price equal to DBRA's Acquisition and Carrying Costs as of the date of transfer to the City, subject to any requirements of the Detroit City Code then in effect. The Planning and Development Department Director is authorized to make such an election, or to waive or release this option as necessary to facilitate the DBRA's disposition of the Mark Twain Site.

2.03 City Approvals. The amount of "DBRA's Acquisition and Carrying Costs" shall be as mutually agreed upon by the DBRA and the City's Chief Financial Officer, and which may include (i) the cash consideration paid by the DBRA to the Private Owner pursuant to the Property Exchange Agreement, (ii) due diligence and closing costs paid by DBRA in connection with its acquisition of the Mark Twain Site, and (iii) taxes, insurance, utilities, security, property maintenance, environmental remediation, and other similar expenses attributable to the ownership, cleanup, and preparation for sale of the Mark Twain Site; provided however, that in the event that the aggregate of DBRA's Acquisition and Carrying Costs and the Mark Twain Site Sales Price Adjustments exceeds the Purchase Price, any excess amount shall be at the DBRA's sole cost and expense and in no event shall the City have any obligation to pay, any such excess amount. The terms and conditions of the DBRA's sale of the Mark Twain Site shall be set forth in an agreement between the DBRA and a third party developer, and such agreement and any amendment thereto shall be subject to the approval of the Director of the City's Planning and Development Department and Corporation Counsel.

#### ARTICLE III

3.01 Default. If the DBRA fails to comply with any material terms of this Transfer Agreement with respect to the City and the Property, the DBRA shall within thirty (30) days after receipt of written notice from the City, convey the Property to the City by quitclaim deed and assign to the City the DBRA's interest in the Property conveyed, including any mortgage, security interest, promissory note or other instrument pertaining thereto that was executed pursuant hereto. In the event that the DBRA fails to convey the Property and assign its interest therein pursuant to this Section 3.01, the DBRA

hereby appoints the City its attorney-in-fact, with full power and authority to execute any and all documents necessary or convenient to convey the Property by quitclaim deed from the DBRA to the City and otherwise assign the DBRA's interest in any portion of the Property to the City.

3.02 Non-exclusive Remedy. The remedy provided for in Section 3.01 hereof shall be cumulative of all other remedies at law or in equity and shall not be the exclusive remedy of the City against the DBRA for default by the DBRA under the terms of this Transfer Agreement.

#### ARTICLE IV

4.01 Independent Contractors. The relationship of the City and the DBRA is, and shall continue to be, an independent contractor relationship and no liability or benefits such as workers' compensation, pension rights or liabilities, insurance rights or liabilities or other provisions of liabilities arising out of or relating to a contractor for hire or employer/employee relationship shall arise or accrue to any party or any party's agents or employees as a result of this Transfer Agreement.

#### ARTICLE V

5.01 Mutual Cooperation. The parties acknowledge that mutual cooperation will be required to accomplish the intent and objectives of this Transfer Agreement, and therefore agree to cooperate mutually in the development of the Property in order to best serve the respective interests of the public, the City, and DBRA.

#### ARTICLE VI

6.01 Conflict of Interest. No officer or employee of the City or the DBRA shall have any personal interest, direct or indirect, in this Transfer Agreement or the Property, nor shall any such official or employee participate in any decision relating to this Transfer Agreement which affects his or her personal interest or the interest of any corporation, partnership, association or other legal entity in which he or she is directly or indirectly interested.

6.02 No Individual Liability. No official or employee of the City shall be personally liable to the DBRA or its successor in interest in the event of any default or breach by the City of any of the terms of this Transfer Agreement. No official or employee of the DBRA shall be personally liable to the City or any of its successor in interest in the event of any default or breach by the DBRA of any of the terms of this Transfer Agreement other than Section 6.01 hereof.

#### ARTICLE VII

7.01 Fair Employment Practices. In accordance with the United States Constitution and all federal legislation and regulations governing fair employment practices and equal employment opportunity, including but not limited to Title VI of

the Civil Rights Act of 1964 (P.L. 88-352, 78 STAT. 252) and United States Department of Justice Regulations (28 C.F.R. Part 42) issued pursuant to the title, and in accordance with the Michigan Constitution and all state laws and regulations governing fair employment practices and equal employment opportunity, including but not limited to the Michigan Civil Rights Act (1976 PA 220), the DBRA agrees that it will not discriminate against any person, employee, consultant or applicant for employment, training, education, or apprenticeship connected directly or indirectly with the performance of this Transfer Agreement with respect to his or her hire, promotion, job assignment, tenure, terms, conditions or privileges of employment or hire because of his (her) religion, race, color, creed, national origin, age, sex, height, weight, marital status, public benefit status, sexual orientation or handicap that is unrelated to the individual's ability to perform the duties of a particular job or position. The DBRA recognizes the right of the United States and the State of Michigan to seek judicial enforcement of the foregoing covenants against discrimination against itself or its subcontractors.

Breach of the terms and conditions of this section may be regarded as a material breach of this Transfer Agreement.

#### ARTICLE VIII

8.01 Notices. When either party desires to give notice to the other in connection with and in accordance with the terms of this Transfer Agreement, such notice shall be given by certified mail and shall be deemed given when deposited in the United States mail, postage prepaid, return receipt requested, and such notice shall be addressed as follows:

Honorable City Council:

RE: Property Transfer between the City of Detroit and the Detroit Land Bank Authority 14484 Greydale.

Pursuant to the Land Bank Fast Track Act, 2003 PA 258, MCL 124.751 to 124.774 (Land Bank Act), the Detroit Land Bank Authority ("Detroit Land Bank") was created as a separate legal entity, in order to assemble or dispose of public property in a coordinated manner, to foster the development of that property, to promote economic growth in the City of Detroit and to combat blight.

On November 17, 2020, your Honorable Body authorized the City of Detroit to acquire twenty-five (25) properties from the Detroit Land Bank, for utilization by the Detroit Water and Sewerage Department ("DWSD") for the initial phase of their green infrastructure project in the Brightmoor neighborhood area.

It has come to our attention that another property, 14484 Greydale, is also needed from the Detroit Land Bank for inclusion in the DWSD project. This property is zoned R1 (Single Family Residential).

Accordingly, we hereby respectfully request that your Honorable Body adopt the attached resolution, authorizing the City to acquire 14484 Greydale from the Detroit Land Bank, a Michigan public body corporate, for no consideration.

Respectfully Submitted,  
KATHARINE G. TRUDEAU  
Deputy Director

By Council Member Tate:

Whereas, The Detroit Land Bank Authority ("Detroit Land Bank") was created as a separate legal entity, in order to assemble or dispose of public property in a coordinated manner, to foster the development of that property, to promote economic growth in the City of Detroit and to combat blight in accordance with Public Act 258 of 2003 (the "Land Bank Fast Track Act"); and

Whereas, The City has identified 14484

Greydale as property that we wish to acquire from the Detroit Land Bank Authority. This parcel needed by the Detroit Water and Sewerage Department ("DWSD") for the initial phase of its green infrastructure project in the Brightmoor neighborhood area. The Property is zoned R.1 (Single Family Residential).

Whereas, No transfer of 14484 Greydale shall take place and title to the property shall remain with the Detroit Land Bank Authority until the City has completed environmental assessments for the property. If such assessment returns unexpected environmental concerns, the City, at its sole discretion may refuse to accept title for that respective portion of the property and title shall remain with the Detroit Land Bank Authority; Now Be It

Resolved, That Detroit City Council hereby approves acquisition of 14484 Greydale, as more particularly described in the attached Exhibit A, from the Detroit Land Bank, a Michigan public body corporate for no consideration; and Be It Further

Resolved, That in accordance with the foregoing, the Planning and Development Department ("P&DD") Director, or his/her authorized designee, be and is hereby authorized to accept and record a deed to the City of Detroit for 14484 Greydale, as well as execute any such other documents as may be necessary to effectuate transfer of the property from the Detroit Land Bank to the City of Detroit; and Be It Finally

Resolved, that the P&DD Director, or his/her authorized designee, is authorized to execute any required instruments to make and incorporate technical amendments or changes to the quit claim deed(s) (including but not limited to corrections to or confirmations of legal descriptions, or timing of tender of possession of particular parcels) in the event that changes are required to correct minor inaccuracies or are required due to unforeseen circumstances or technical matters that may arise prior to the conveyance of the properties, provided that the changes do not materially alter the substance or terms of the transfer(s).

We, therefore, request authorization to settle this matter in the amount of Thirty Thousand Dollars and No Cents (\$30,000.00) and that your Honorable Body direct the Finance Director to issue a draft in that amount payable to Multicare Health Center, Affiliated Diagnostic of Oakland, LLC, and Dynamic Medical Supply, LLC and their attorney, The Dollar Law Firm, PLLC, to be delivered upon receipt of a properly executed Release and Stipulation and Order of Dismissal entered in Lawsuit No. 20-003448-NF, approved by the Law Department.

Re: A resolution to amend the Future General Land Use map in the Detroit Master Plan of Policies for the Hubbard Richard neighborhood to allow for the reuse of a portion of Riverside Park and designate a portion of Riverside Park as recreation; and to amend the West Riverfront neighborhood map to allow the creation of new parkland (Master Plan Change #31).

Director Todd:

Pursuant to the City of Detroit's City Charter (Section 8-102), the Planning and Development Department has submitted for your consideration and action a proposed amendment to the Detroit Master Plan of Policies. Adoption of this resolution would accommodate changes in the Master Plan of Policies to reflect a change in use for a portion of Riverside Park adjacent to the Ambassador Bridge, designate a portion of Riverside Park as recreation, and to allow the creation and designation of new parkland west of West Grand Boulevard.

**Location**

All of the subject sites are bounded by West Jefferson, the Ambassador Bridge, the Detroit River, and Swain Street. Two amendments are requested to the Neighborhood Cluster 5, Hubbard Richard Neighborhood map. One parcel, known as the "Conversion Parcel" and labeled "Subject Site 1", is located immediately to the west of the Ambassador Bridge and is generally bounded by 22nd Street (extended), the Ambassador Bridge, the Detroit River, and West Jefferson Avenue and is currently a part of Riverside Park. The other portion of Riverside Park being amended, labeled "Subject Site 2" is bounded by West Jefferson Avenue, West Grand Boulevard, the railroad right-of-way, and 23rd Street.

The map for Neighborhood Cluster 5, West Riverfront is also requested to be amended. That site, labeled "Subject Site 3", is a portion of the site of the former Detroit News Warehouse, the "News Warehouse" site, generally bounded by West Jefferson Avenue to the north, the Detroit River the south, Swain Street (extended) to the west and West Grand Boulevard to the east.

**Existing Site Information**

The Conversion Parcel is open recreational space, is zoned M4 (Intensive

Industrial District), and designated as Recreation (PRC). The other portion of the Riverside Park site contains a playground and accessory parking, is zoned M4 (Intensive Industrial District), and is designated as Mixed Residential/Commercial (MRC). The News Warehouse site is vacant, zoned M4, and is designated as Distribution Port/Industrial (IDP).

**Surrounding Site Information**

For the Conversion Parcel, to the north, across West Jefferson Avenue, and to the east are industrial uses, vacant land and a staging area for the Detroit Bridge Company. To the west is Riverside Park, with the Detroit River is to the south.

For the other portion of the Riverside Park site, to the east is Riverside Park, to the south is railroad right-of-way and generally undeveloped industrial land, and to the north is vacant property and industrial developments.

Regarding the News Warehouse site, to the north, across West Jefferson Avenue, are industrial uses. To the east is Riverside Park and to the west are industrial uses and vacant land. The Detroit River is to the south.

**Project Proposal**

The Detroit Bridge Company is proposing a Land Exchange Agreement for a portion of Riverside Park (the "Conversion Parcel") that is adjacent to the Ambassador Bridge for a parcel to the west (the News Warehouse) that can accommodate recreational uses. The swap requires the City of Detroit to designate the portion of Riverside Park as surplus real property, obtain City Council approval for the transfer of jurisdiction of the Conversion Parcel, and remove the Recreation Designation in the Master Plan. In return the Detroit Bridge Company will provide a \$2 Million grant to develop a new park on the News Warehouse site. Also included in this proposed amendment is the designation of a current part of Riverside Park as PRC to match the PRC designation of the rest of the park. The overall recreational designation is increasing from 22 to 29 acres.

Through the Land Exchange Agreement, the City of Detroit will be conveyed a parcel to be designated in the Master Plan as (PRC) Recreation and the Detroit International Bridge Company (DIBC) will be con-

veyed land closer to the Ambassador Bridge that will amended to have an (IDP) Distribution/ Port Industrial Master Plan designation. The Master Plan amendment is required for the respective parcels to be conveyed to both parties and to fulfill the terms of the Land Exchange Agreement.

**Analysis**

The proposed use should not be injurious to the surroundings. Currently the Riverside Park parcels are being used for recreation, though recently the Conversion Parcel has been blocked-off from public access. The use of the Conversion Parcel by the DIBC is consistent with the adjacent bridge uses. The conversion of vacant industrial land to recreation land will benefit the City and should not negatively impact the surroundings.

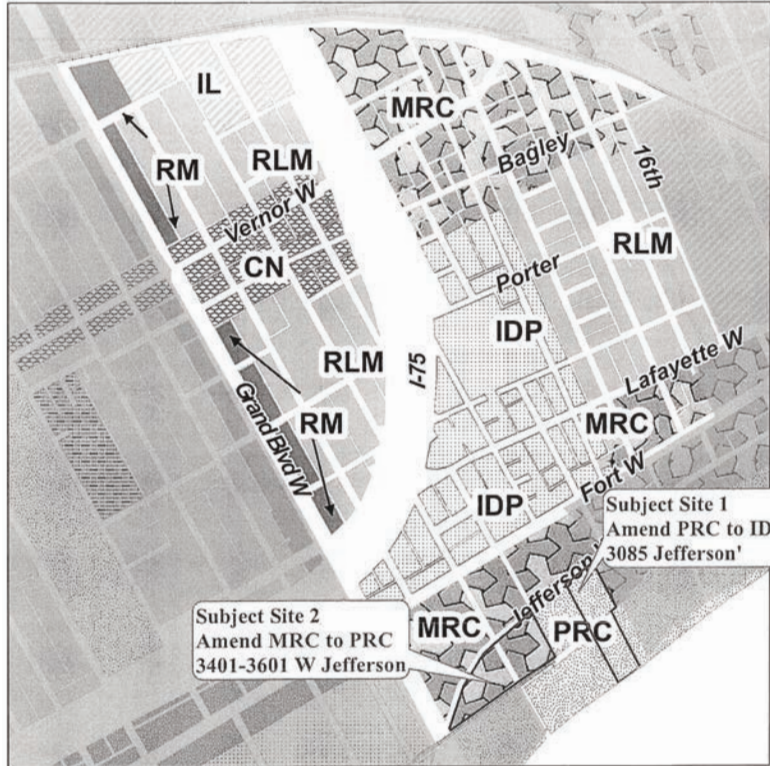

**Recommended Master Plan Amendment**

The Planning and Development Department requests this proposed amendment to the Master Plan of Policies to accommodate the land swap of a portion of Riverside Park containing the News Warehouse site for the Conversion Parcel and "cleaning up" the designation for a portion of Riverside Park. We therefore request that the Future General Land Use map for Neighborhood Cluster 5, Hubbard Richard Neighborhood be amended for the Conversion Parcel, generally bounded by 22nd Street (extended), the Ambassador Bridge, the Detroit River, and West Jefferson Avenue from PRC (Recreation) to IDP (Distribution/Port Industrial). We further request that the portion of Riverside Park bounded by West Jefferson Avenue, the railroad right of way and 23rd Street currently designated as MRC (Mixed-Residential/Commercial) be changed to PRC (Recreation).

In addition, on Future General Land Use map for Neighborhood Cluster 5, West Riverfront that portion of the former News Warehouse site generally bounded by West Jefferson Avenue to the north, the Detroit River the south, Swain Street (extended) to the west and West Grand Boulevard to the east be changed from IDP (Distribution/Port Industrial) to PRC (Recreation).

Council President Pro Tem Sheffield on behalf of Council President Jones moved the following one (1) resolution:

**RESOLUTION URGING THE STATE OF MICHIGAN TO ESTABLISH A MARIJUANA SOCIAL EQUITY GRANT**  
By COUNCIL PRESIDENT JONES, joined by COUNCIL MEMBERS MCCALISTER, JR. AND TATE:

WHEREAS, The people of the State of Michigan have initiated the *Michigan Regulation and Taxation of Marijuana Act* (the Act), "to allow under state law the personal possession and use of marihuana by persons 21 years of age or older; to provide for the lawful cultivation and sale of marihuana and industrial hemp by persons 21 years of age or older; to permit the taxation of revenue derived from commercial marihuana facilities; to permit the promulgation of administrative rules; and to prescribe certain penalties for violations of this act...", codified as Initiated Law 1 of 2018, MCL 333.27951 *et seq.*; and

WHEREAS, The City of Detroit is in the process of authorizing, through ordinance, the licensing of qualified persons for the lawful cultivation and sale of marihuana and industrial hemp as set forth under the Act; and

WHEREAS, The Act provides under MCL 333.27958, in pertinent part, "(1) The marijuana regulatory agency shall promulgate rules to implement and administer this act that include all of the following: (J) A plan to promote and encourage participation in the marihuana industry by people from communities that have been disproportionately impacted by marihuana prohibition and enforcement and to positively impact those communities"; and

WHEREAS, The Act also provides, under MCL 333.27957. that the State's Department of Licensing and Regulatory Affairs (LARA) shall be responsible for implementing the Act and has the powers

and duties necessary to control the commercial production and distribution of marihuana, and for "promulgating rules pursuant to section 8 . . . that are necessary to implement, administer, and enforce this act"; and

WHEREAS, Pursuant to the statutory authority of LARA, the administrative code addressing Marijuana Regulatory Agency Marijuana Licenses, Section R420.4(16), provides: "An applicant seeking licensure under the Michigan regulation and taxation of marihuana act shall provide a social equity plan detailing a plan to promote and encourage participation in the marihuana industry by people from communities that have been disproportionately impacted by marihuana prohibition and enforcement and to positively impact those communities"; and

WHEREAS, The State of Michigan recognizes that social equity in the marihuana industry is required to address the historical disproportionate impact of marihuana prohibition and enforcement on Detroiters as well as other communities of color, and that the City of Detroit has been expressly named by the State of Michigan's Social Equity Program as a community that has been disproportionately impacted by marijuana prohibition and enforcement; and

WHEREAS, In order to effectively implement any social equity program to facilitate access to this emerging industry for those who have been disproportionately impacted by the prior illegality of the use and possession of marijuana, financial assistance is needed to support the establishment of legitimate marijuana businesses within those impacted communities; and

WHEREAS, Consistent with the Act's social equity mandate, and to create a level playing field to enable success in this newly developing legal industry, the City of Detroit is instituting a Detroit legacy program to prioritize access to licenses by longterm Detroiters; recognizing the history of lack of access to capital, land, and resources, the inordinately higher rate of drug convictions, as well as the high percentage (30%) living below the federal poverty level, a financial assistance component such as a social equity grant is a necessary tool to eradicate the negative social impact on Detroit and similarly situated communities around the State; and

WHEREAS, The Michigan Constitution of 1963, Article 7. Sec. 26, provides "Except as otherwise provided in this constitution, no city or village shall have the power to loan its credit for any private purpose or, except as provided by law, for any public purpose" . . . thus prohibiting the City of Detroit from establishing grants to directly assist funding applicants from identified impacted communities; and

WHEREAS, The State of Michigan is not similarly bound by the Constitutional

prohibition of lending of credit applicable to local municipalities, such a grant program may be achievable on the State level through appropriation of a percentage of the revenues generated by the excise taxes and fees under the Act, thus making social equity a reality, and not a mere aspiration; and

WHEREAS, The Act creates the marihuana regulation fund in the State treasury and specifically allocates distribution of the revenue generated, per MCL 333.27964, currently leaving none of it to discretionary spending:

The department shall expend money in the fund first for the implementation, administration, and enforcement of this act, and second, until 2022 or for at least two years, to provide \$20 million annually to one or more clinical trials that are approved by the United States food and drug administration and sponsored by a non-profit organization or researcher within an academic institution researching the efficacy of marihuana in treating the medical conditions of United States armed services veterans and preventing veteran suicide. Upon appropriation, unexpended balances must be allocated as follows:

(a) 15% to municipalities in which a marihuana retail store or a marihuana microbusiness is located, allocated in proportion to the number of marihuana retail stores and marihuana microbusinesses within the municipality;

(b) 15% to counties in which a marihuana retail store or a marihuana microbusiness is located, allocated in proportion to the number of marihuana retail stores and marihuana microbusinesses within the county;

(c) 35% to the school aid fund to be used for K-12 education; and

(d) 35% to the Michigan transportation fund to be used for the repair and maintenance of roads and bridges.

And,

WHEREAS, By reapportioning the statutorily required distribution of tax revenue with a carve out of up to 5% of the total proceeds to the State's marihuana regulation fund to be directed to funding social equity participants, the social equity component will move closer to the reality of remediating the damage caused by historically unequal enforcement in cities like Detroit; and

WHEREAS, The Detroit City Council now urges the Michigan Legislature to amend the Act to reapportion the distribution of marihuana revenue to create a mechanism to fund social equity grants in jurisdictions with Social Equity Programs. NOW, THERFORE, BE IT

RESOLVED, The Detroit City Council urges the Michigan Legislature to amend the Michigan Regulation and Taxation of Marihuana Act, MCL 333.27951 *et seq.*,

to facilitate the establishment of a social equity grant program under which a reasonable proportion of the revenues generated by the excise taxes and fees under the Act will be appropriated to fund such a grant program; and BE IT FURTHER

RESOLVED, That the Clerk of the City of Detroit provide a copy of this resolution to Mayor Mike Duggan, Governor Gretchen Whitmer. the Detroit delegation of the Michigan Senate and the House of Representatives.

**RESOLUTION IN SUPPORT OF MICHIGAN SENATE RESOLUTION No. 30**

By Council Member Castaneda Lopez; In the name of the Council:

WHEREAS, The mission of the Detroit City Council is to promote the economic, cultural and physical welfare of Detroit's citizens and residents through Charter-mandated legislative functions; and

WHEREAS, Since January 2020, many Asian Americans have reported suffering racial slurs, wrongful workplace termination, being spat on, physical violence and extreme physical distancing, as the media and government officials have branded and blamed Asians for the spread of COVID-19. The FBI projects that as COVID-19 grows, hate crimes against Asian Americans will more than likely increase as well; and

WHEREAS, Due to physical and social isolation, people increasingly rely on social media platforms, such as Facebook, Twitter or Instagram, etc., in order to facilitate human interactions and keep themselves up to date with information; and

WHEREAS, In 2019, a group of researchers from NYU concluded in their study, "Race, ethnicity and national origin-based discrimination in social media and hate crimes across 100 U.S. cities," that the proportion of discrimination on social media is strongly related to the number of hate crimes across 100 cities in the U.S. For instance, Mr. Trump's presidential campaign relied heavily on the Twitter social media platform and his tweets about Islam-related topics have been correlated with hate crimes toward Muslims; and

WHEREAS, Damaging attitudes and prejudice toward Asian Americans are trending upwards, as more COVID-19 cases and deaths are confirmed in the U.S.; and

WHEREAS, Michigan Senate Resolution No. 30, explicitly calls for the condemnation of hate crimes, hateful rhetoric,

and acts against Asian Americans, to encourage Michiganders to report hate crimes to the office of Michigan Attorney General and acts of discrimination to the Michigan Department of Civil Rights; and

WHEREAS, The Detroit City Council recognizes and condemns the systemic hate and discrimination against all people of color. However, the present attacks on the Asian American community are particular concerning, as it represents the sometimes-underreported harassment of Asian Americans. NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council urges the Michigan Legislature to adopt Senate Resolution No 30. NOW THEREFORE BE IT FINALLY

RESOLVED, That copies of this resolution be forwarded to the Detroit delegation in the State Senate and State House, State Senator Stephanie Chang, Mayor Mike Duggan and Governor Gretchen Whitmer.

Honorable City Council:

Re: Secondary Street Sign for Anne Parsons.

In accordance with the provisions of Chapter 43 of the 2019 Detroit City Code, Streets, Sidewalks, and Other Public Places, Article III, Opening, Closing, Extending, Widening, Vacating, Naming, and Renaming of Streets, and Assigning Secondary Names to Streets, Division 3, Secondary Naming of Streets the request to assign a Secondary Street Sign in honor of Mrs. Anne Parsons at the intersection of Parsons Street and Woodward Avenue is being forwarded to your Honorable Body for your review and consideration.

This request has been verified as being received by the Office of the City Clerk prior to the December 31st deadline, and is one of two requests submitted for consideration in the first quarter of 2021. In addition to the required application and biographical information six letters of support have been provided by the offices of Council President Brenda Jones — At-Large, Council President Pro Tem Mary Sheffield — Council District 5, Councilman Scott Benson — Council District 3, Councilwoman Raquel Castaneda-Lopez — Council District 6, Council Member Roy

McCalister, Jr. — Council District 2, and Councilman Andre L. Spivey — Council District 4 which waives the requirement for the petitioner to acquire signatures from residents, occupants, and property owners within 300 linear feet of the proposed intersection where the signs are to be installed. The letters of support also meet the provisions of Section 43-3-41(c)(3)(b)(ii) which allows separate letters of support from at least three City Council Members to be submitted describing the particular circumstances that justify exempting the proposed honoree from the requirements that an honoree be deceased for a period of not less than five years.

The honoree Mrs. Anne Parsons has met the approval criteria for the assigning of a Secondary Street Sign as outlined in Section 43-3-41 of the City Code. Whereas the assignment of a secondary street sign is for purposes of honorary recognition only for an individual who has achieved prominence as a result of his or her significant, positive, and extraordinary contributions to the City of Detroit, State of Michigan, the United States of America, or the international community; in reviewing the biographical and supporting documentation provided by the applicant, the Detroit Symphony Orchestra, the Legislative Policy Division and Historic Designation Advisory Board find that the cultural contributions of Mrs. Anne Parsons made through her systemic transformation of the Detroit Symphony Orchestra under her leadership as President and CEO since 2004, as well as the DSO's efforts to increase accessibility to the soul-steering, classical, revolutionary, and contemporary musical selections performed by the Detroit Symphony Orchestra to the residents of the City of Detroit, students in the Detroit Public School Community District, residents throughout the Metro-Detroit region, and audiences throughout the world far exceed this requirement. Mrs. Parsons oversaw the launch of "Live from Orchestra Hall" which is the orchestra's industry-leading series of live HD webcasts that engage audiences worldwide. The series was expanded with "Classroom Edition" in 2014, with educational concerts by the DSO reaching tens of thousands of students in Detroit schools and around the world online each year. To date, "Live from Orchestra Hall" has reached well over two million views.

In July 2017, the DSO toured Japan and China, performing its first international concerts in 16 years while partnering with many Detroit-based companies.

Anne's vision of making the DSO more accessible has also led to an increased focus on serving local audiences through innovative new products, including the new Detroit Neighborhood Initiative and Detroit Harmony, its collaborative plan to provide an instrument and music educa-

tion to any Detroit student who wants to learn. This most recent work stems from the DSO's 2017 Social Progress Initiative, a commitment that the organization made to serving the people of Detroit by upholding diversity as a core value and presenting programs that improve the quality of life of participants and elevate artistic expression.

This request has been submitted in compliance with the provisions of Section 43-3-42(b) — *Location of secondary street sign*, which requires that the identified intersection be in an area significant to the honoree's historical residence or the honoree's historical contribution. Near the intersection of Parsons Street and Woodward Avenue in City Council District 6, we find the historic Orchestra Hall at the Max M. Fisher Music Center. Orchestra Hall is an elaborate concert hall renowned for its superior acoustic properties and serves as the home of the internationally known Detroit Symphony Orchestra, the fourth oldest orchestra in the United States. The 2,014-seat hall was designed by the noted theater architect, C. Howard Crane. The first concert took place on October 23, 1919 and the hall remained the home of the Detroit Symphony Orchestra until 1939. Due to the financial difficulties of the Great Depression, the orchestra was compelled to leave Orchestra Hall and enter into a more economical arrangement to share the Masonic Temple Theatre. Orchestra Hall was vacant for two years until it was purchased by new owners. For ten years Orchestra Hall presented jazz artists under the name Paradise Theater, opening on Christmas Eve 1941. The Paradise Theatre hosted the most renowned jazz musicians, including Ella Fitzgerald, Billie Holiday, Count Basie, and Duke Ellington. The hall was added to the National Register of Historic Places in 1971. The DSO moved back into Orchestra Hall in 1989.

As previously stated the honoree Mrs. Anne Parsons has served as the President and CEO of the Detroit Symphony Orchestra since 2004 and has been lauded as the savior of this storied and treasured Detroit institution.

In accordance with Section 43-3-53. *Duties of the Legislative Policy Division to provide notice*, the Legislative Policy Division has provided 21-day written notice of the request to all residents, occupants, and property owners within 300 linear feet of the proposed intersection, as well as all necessary City departments, including the Department of Public Works, Detroit Police Department, and Detroit Fire Department, identified community groups in areas adjacent to the subject street, and governmental agencies, including the United States Postal Service. To date, no comments in opposition to this request has been received.

In accordance with Section 43-3-54. *Duties of the Legislative Policy Division to prepare report*, the Legislative Policy Division is submitting this report between January 1st and April 30th of the calendar year immediately following the calendar year in which the petition for a secondary street sign was filed. Attached please find a resolution supporting the issuance of a secondary street sign in honor of Mrs. Anne Parsons to be installed at the intersection of Parsons Street and Woodward Avenue to read as "Anne Parsons Way."

Attached for your review and consideration is a resolution setting the required public hearing as well as a resolution which will authorize the establishment of a Secondary Street Name in honor of Mrs. Anne Parsons upon the conclusion of a favorable public hearing subject to Subsection (b) of Section 43-3-55 which states that the public hearing shall be fixed for a date between January and May of the calendar year immediately following the calendar year in which the petition for a secondary street sign was filed with the Office of the City Clerk.

Staff is available to answer any questions you may have.

**RESOLUTION IN OPPOSITION TO PROPOSED MICHIGAN SENATE BILLS 273 THROUGH 311 THAT, IF ADOPTED, WOULD RESTRICT ACCESS TO VOTING**

April 23, 2021

By COUNCIL PRESIDENT JONES:

WHEREAS, Michigan's November 2020

statewide election, which included the presidential election, was the object of numerous audits and unsuccessful court challenges, all leading to the same conclusion — it was one of the most secure elections in Michigan history; and

WHEREAS, A record number of citizens participated in the election, despite the extreme adversity presented by conducting an election in the midst of a global pandemic. It is estimated that approximately 3.3 million absentee ballots were cast in Michigan our of approximately 5.5 million total votes; and

WHEREAS, Access to absentee voting was greatly expanded by Michigan voters' adoption of a 2018 ballot initiative, which amended the Michigan Constitution to allow no reason absentee voting, as well as automatic voter registration and same day voter registration. Significantly, the initiative passed by a two-to-one margin; and

WHEREAS, In 2018, Michigan voters also adopted a Constitutional amendment to establish a commission of citizens with exclusive authority to adopt district boundaries for the Michigan Senate, Michigan House of Representatives and U.S. Congress, every 10 years — further demonstrating the desire of citizens to level the partisan playing field. The redistricting commission, whose work has been delayed by the census, will complete its work in the next year; and

WHEREAS, On March 24, 2021, several state senators introduced a package of thirty-nine (39) proposed bills, now pending in the Senate Committee on Elections, addressing perceived insufficiencies in the state's election process. In effect, however, the proposed legislation is not a "fix" — unless the "problem" to be remedied is too many Michigan citizens being able to vote. The bills' subject matter includes, but it not limited to, the following: absentee voting provisions, ballot drop boxes, voter identification requirements, polling place challengers, election administration rules, and video surveillance of vote counting; and

WHEREAS, Several of the pending bills will have a serious negative impact on citizens of the City of Detroit. *Senate Bill 273* regulates ballot drop boxes by requiring unduly restrictive, unrealistic, and unfunded security protocols. The bill requires that all such boxes be approved by both the Secretary of State and the board of county canvassers for the county in which located, including existing boxes; if not, they must be removed. Beginning in June 2022, specific video recording, motion detecting, and lighting must be in place. Boxes must be specifically labelled, only certain employees may collect the ballots, and a "chain of custody" log must be maintained; and

WHEREAS, *Senate Bill 284* prohibits the State or a local unit of government

from accepting a grant from an individual or entity to be used for election related equipment or activity, including advertising, voter information, registration materials, etc., even if the state fails to adequately fund the election; and

WHEREAS, *Senate Bill 285* severely restricts access to absentee ballots/voting by mail by requiring an applicant for a ballot to present a voter registration card of submit a copy of the voter's identification with the application. Otherwise, the voter can only be issued a provisional ballot. This requirement also applies to deployed members of the uniformed services, including those serving overseas; and

WHEREAS, *Senate Bill 286* prohibits the use of drop boxes on election day and after 5 p.m. on the evening before election day — when the boxes have been observed to be heavily used by voters; and

WHEREAS, *Senate Bill 287* prohibits the Secretary of State from providing funding to or reimbursing a city for pre-paid postage on absentee ballot envelopes, as well as prohibiting a city or township from providing same; and

WHEREAS, *Senate Bill 303* bans the current practice of allowing a voter without identification from signing a sworn affidavit to access a ballot. Rather, in such circumstances, a voter would be provided with a provisional ballot only; and

WHEREAS, *Senate Bill 310* is among the most egregious of the proposed "reforms". It proposes to prohibit sending an absentee ballot application to an elector unless that elector first requests such a ballot. However, the bill goes further, prohibiting even a direct link to an absent voter application on the Secretary of State's website. At a time in history when most necessary government forms are readily accessible online, this prohibition is intentionally regressive; and

WHEREAS, Considered individually, or as a whole, these proposed bills serve no apparent purpose other than the obvious, *i.e.*, the disenfranchisement of Black and Brown communities in particular, as well as all historically disadvantaged members of our community — just as the needle was beginning to move in the other direction; and

WHEREAS, Our right to vote is the bedrock of our democracy. Despite the continued cries of the (unproven) need for "reform", these bills reform nothing. Rather, they serve to silence our city and others like Detroit. They will not make our elections safer and more secure. They will only shut the door in the faces of the citizenry in a manner not seen since the days of Jim Crow. NOW THEREFORE, BE IT

RESOLVED, In the interest of promoting much needed access to civic engagement for the citizens of the city of Detroit and the entire state of Michigan, the

Detroit City Council strongly urges the Michigan Legislature to reject these proposed new and expanded restrictions on voting access contained in the thirty-nine (39) Senate Bills, SB 273 through SB 311, now pending before the Senate Committee on Elections. BE IT FINALLY

RESOLVED, The Detroit City Clerk is directed to send copies of this resolution to the Detroit delegation of the Michigan Legislature, the Michigan Senate Committee on Elections, Mayor Mike Duggan, the City of Detroit's Lansing lobbyist, and Governor Gretchen Whitmer.

**Office of the Chief Financial Officer  
Office of Budget**

April 16, 2021

Honorable City Council:

Re: Request to Transfer Fiscal Year 2020-2021 Budget Appropriations to Address Anticipated \$159,000 Deficit of the Detroit Charter Revision Commission.

Pursuant to Section 8-211 of the 2012 Detroit City Charter, the Office of the Chief Financial Officer

Office of Budget respectfully requests the Detroit City Council's approval to amend the Fiscal Year 2020-2021 Budget by transferring unencumbered appropriation balances to prevent a deficit in the budget of the Detroit Charter Revision Commission (the "DCRC").

It is anticipated that the DCRC will spend in excess of their \$300,000 Fiscal Year 2020-2021 appropriation approved by the City Council, which would be a violation of the Detroit City Charter and the Uniform Budgeting and Accounting Act (State of Michigan Public Act 2 of 1968). With less than three months left in the fiscal year, the DCRC has requested a \$496,000 (165%) budget increase to continue their current level of operations (\$129,000), print the proposed charter and provide translation services (\$30,000), and to implement a citywide outreach operation, including printing 400,000 booklets, mass mailing to all households, media advertisements, and paid field staff (\$337,000). The request is attached for reference.

As a remedy to the anticipated deficit, we instead propose this \$159,000 transfer to continue their current operations (\$129,000), plus provide the requested funding to print the proposed charter and provide translation services (\$30,000). This transfer will allow the DCRC to pay their current staff, host public meetings, and print and translate the proposed charter.

In order to increase the DCRC budget and maintain a balanced budget, we must identify and transfer an unencumbered appropriation balance from another part of the City Budget. After reviewing our latest Financials through March 2021, we are now projecting sufficient underspending in the OCFO — Office of Treasury budget for State of Michigan income tax processing services, which will provide an available balance to remedy the DCRC anticipated deficit. This proposed budget transfer would decrease Appropriation No. 00063-OCFO Office of the Treasury

by \$159,000 and increase Appropriation No. 00844-Charter Commission by \$159,000.

We respectfully request that your Honorable Body approve the attached resolution to authorize the proposed transfer.

Respectfully submitted,  
STEVEN WATSON

Deputy CFO / Budget Director  
By Council Member Ayers:

Whereas, Section 18(3) of State of Michigan Public Act 2 of 1968 (the "Uniform Budgeting and Accounting Act") states that an administrative officer of the local unit shall not incur expenditures against an appropriation account in excess of the amount appropriated by the legislative body; and

Whereas, Section 8-211 of the 2012 Detroit City Charter authorizes that any time during the fiscal year upon written request by the Mayor, the City Council may, by resolution, transfer all or part of any unencumbered appropriation balance among the programs, services or activities within an agency or from one (1) agency to another; and

Whereas, A transfer of \$159,000 within the City's Fiscal Year 2020-2021 Budget is necessary to prevent the Detroit Charter Revision Commission from incurring an appropriation deficit; and

Whereas, A sufficient unencumbered appropriation balance has been identified to be transferred to the Detroit Charter Revision Commission appropriation.

Now Therefore, Be It Resolved, That the Detroit City Council hereby approves amending the Fiscal Year 2020-2021 Budget by transferring \$159,000 from Appropriation No. 00063-OCFO Office of the Treasury to Appropriation No. 00844-Charter Commission; and Be It Finally

Resolved, That the Deputy CFO/Budget Director is hereby authorized and shall take all appropriate actions necessary to implement the foregoing transfer authorized by this resolution.

Adopted as follows:

Yeas — Council Members Ayers, Benson, Castaneda-Lopez, McCalister, Jr., Sheffield, Spivey, Tate and President Jones — 8.

**Property Assessment  
Board of Review**

April 21, 2021

Honorable City Council:

Re: Resolution Adopting Amendments to the Homeowners Property Tax Assistance Program.

On December 23, 2021 Governor Gretchen Whitmer signed into law Public Act 253 of 2020 amending MCL 211.7u, the statute that addresses the exemption of residential owner occupied real property by reason of poverty. What has been adopted in Detroit as the Homeowners Property Tax Assistance Program (HPTAP).

The purpose of this communication is to ask this Honorable Body to adopt a resolution amending the 2021 HPTAP policies, procedures and guidelines. In accordance with the newly amended statute, the State Tax Commission is required to prescribe the application while still requiring the governing body of the local assessing unit to adopt the policy and guidelines used for the granting of exemptions under MCL 211.7u.

City Council adopted an application and amended guidelines for the 2021 tax year in February of 2021 as required in accordance with the state statute. The changes that are being asked from what was originally adopted is the following:

1. The application is provided by the State Tax Commission. The City of Detroit is no longer required to develop an application.

2. The income guidelines will remain the same although certain printed language will change regarding the 2021 Process for Reviewing HPTAP Applications

a. Section 5: "If the taxpayer shows extraordinary circumstances, the Board of Review may consider the applicant's indifference in income or life event that may impact the applicant's household. In such an instance, the taxpayer shall be advised in writing of the granting or denying an exemption and the reason shall also be noted on the application. If approved, the Board of Review may then grant a 100%, 50%, 25% or 10% exemption."

b. Section 5 "Applicant may remain exempt for up to an additional 3 years if the applicant is on a fixed income solely from public assistance not subject to significant annual increases beyond the rate of inflation, such as federal Supplemental Security Income or Social Security Benefits. These guidelines are in accordance with the amendments to Section 7(u) of MCL 211 *et seq.*

3. The required review of the applications will not change. Each application will be reviewed on a case-by-case basis and a determination made accordingly.

There was a change in the statute that removed the authority from the Board of Review to deviate from the guidelines for substantial and compelling reasons. This authority gave the Board of Review the ability to grant an exemption when applicants are able to demonstrate that circumstances created a challenge in the household and the exemption should still be granted. These challenges would include circumstances such as a loss of

employment to severe medical conditions. That authority now has to be requested and approved by the State Tax Commission. As a part of the request for an alternative option to consider exemptions, it requires the adoption of a resolution by City Council authorizing the use of such an option.

Once approved, we will file with the State Tax Commission and work to make the adjustments to the process available as quickly as possible.

Respectfully submitted,  
WILLIE C. DONWELL, MCAT  
Administrator

Detroit Board of Review

April 14, 2021

Honorable City Council  
Re: Request to Amend the Official Compensation Schedule.

Recommendation is submitted to amend the 2020-2021 Official Compensation Schedule to include the following pay range, subject to City Council approval:

<u>Class Code</u>	<u>Classification</u>	<u>Salary Range</u>
502016	Field Services Technician AFSCME 1	\$35,360- \$42,806
502039	Field Services Technician MBTC 1	

Current Salary Range: \$28,213-\$38,088

**Request:**

The above recommendation is at the request of Sam Smalley, Chief Operating Officer at the Detroit Water and Sewerage Department.

**Rationale:**

The recommendation is based on the need to remain competitive in the recruitment and retention of field services employees who operate and maintain our water and sewerage systems. This adjustment will allow DWSD to recruit and retain entry level workers on how to safely

operate equipment and use various tools to clean sewers, repair water main breaks, test and install water meters, and perform other functions essential to providing safe drinking water and responsibly collect and convey wastewater to the treatment facility. This adjustment is imperative to attracting and retaining skilled individuals who can leverage the aforementioned benefits in a meaningful and impactful way for the City of Detroit.

To determine the appropriate salary range for the new classification an external analysis was conducted. Externally, a market analysis was conducted with municipalities that had comparable positions. Based upon the results of the external analysis, Classification and Compensation recommends a salary range of \$35,360-\$42,806 subject to City Council approval.

Respectfully submitted,

Recommendation is submitted to amend the 2020-2021 Official Compensation Schedule to include the following pay range, subject to City Council approval:

<u>Class Code</u>	<u>Classification</u>	<u>Salary Range</u>
502040	Field Services Technician Teamsters 2	\$40,955- \$60,070

Current Salary Range: \$37,185-\$58,000

**Request:**

The above recommendation is at the request of Sam Smalley, Chief Operating Officer at the Detroit Water and Sewerage Department.

**Rationale:**

The recommendation is based on the need to remain competitive in the retention of experienced field services employees who operate and maintain our water and sewerage systems. This adjustment will allow DWSD to occasionally recruit but specifically retain highly skilled workers who regularly operate our heavy equipment and specialized tools to clean sewers, repair water main breaks, test and install water meters, and perform other functions essential to providing safe drinking water and responsibly collect and convey wastewater to the treatment facility. This adjustment is imperative to retaining these highly skilled individuals who can leverage the aforementioned benefits in a meaningful and impactful way for the City of Detroit and reduce our reliance on contracted services.

To determine the appropriate salary range for the new classification an external analysis was conducted. Externally, a market analysis was conducted with municipalities that had comparable positions. March 11, 2021

Honorable City Council:

Re: Authorization to Amend the Land and Water Conservation Fund Grant with the Michigan Department of Natural Resources for Riverside Park.

The General Services Department is requesting authorization from the Detroit City Council to amend its Land and Water Conservation Fund (LWCF) Grant agreement with the Michigan Department of Natural Resources (MDNR) for Riverside Park.

On July 28, 2015, the City Council adopted a resolution to approve a Land Exchange Agreement with the Detroit International Bridge Company (DIBC) to facilitate the expansion and revitalization of Riverside Park. Under the terms of the Land Exchange Agreement, the DIBC agreed to convey to the City the 4.71-acre waterfront property located at 3801 West Jefferson Avenue, to be added to Riverside Park, as well as a \$5,000,000.00 private contribution to revitalize the Park, among other benefits, all in exchange for the 3.783-acre easternmost portion of the existing Park, identified as Parcels A and B in the survey enclosed in the attached LWCF Grant amendment.

Under the terms of the LWCF Grant agreement with MDNR, Riverside Park is subject to certain grant encumbrances, such that it must be used solely and exclusively for public outdoor recreation purposes in perpetuity. Therefore, it is necessary to amend the existing LWCF Grant agreement with the MDNR in order to "convert" the LWCF Grant encumbrances from Parcels A and B to 3801 West Jefferson Avenue. On June 13, 2017, City Council authorized the City to apply to MDNR for such conversion, and on December 2, 2020, the MDNR approved the application. This conversion is effectuated by execution of the LWCF Grant amendment, subject to the City Council's approval.

To date, DIBC has transferred to the City the property at 3801 West Jefferson Avenue, as well as the first \$3,000,000.00 installment of the private contribution, all of which has been invested directly into Riverside Park to demolish existing dilapidated structures, perform site preparation, and install playground equipment, a splash pad, walking paths, shelters, fishing piers, a sledding hill, lighting, tables, benches, and irrigation, as well as landscaping and parking improvements. The City Council's approval of the LWCF Grant amendment will be necessary in order to receive the second \$2,000,000.00 installment of the private contribution, which is needed to complete the expansion and revitalization of the new Riverside Park.

I respectfully request the City Council's approval of the LWCF Grant amendment by adopting the attached resolution.

Respectfully submitted,  
TERRI DANIELS  
Director of Grants  
Office of Development and Grants

By Council Member Sheffield:

Whereas, The General Services Department is requesting authorization from Detroit City Council to amend its Land and Water Conservation Fund (LWCF) Grant agreement with the Michigan Department of Natural Resources (MDNR) for Riverside Park; and

Whereas, The City of Detroit desires to expand and revitalize Riverside Park to provide new and improved public outdoor recreational amenities for use by the surrounding community; and

Whereas, On July 28, 2015, the Detroit City Council adopted a resolution to approve a Land Exchange Agreement with the Detroit International Bridge Company (DIBC) to facilitate the expansion and revitalization of Riverside Park; and

Whereas, In accordance with the Land Exchange Agreement, the DIBC has agreed to convey to the City 4.71 acres of waterfront property located at 3801 West Jefferson Avenue, to be incorporated into Riverside Park, as well as a \$5,000,000.00 private contribution to revitalize Riverside Park, among other benefits, in exchange for the eastern-most 3.783 acres of the existing Riverside Park to DIBC, identified as Parcels A and B in the survey enclosed in the attached LWCF Grant amendment; and

Whereas, Riverside Park has at various times been expanded and improved using grant funding from the federal LWCF and the Michigan Natural Resources Trust Fund (MNRTF), among other sources, and is thus subject to certain LWCF Grant encumbrances, such that it must be used solely and exclusively for public outdoor recreation purposes in perpetuity; and

Whereas, In fulfillment of the terms of the Land Exchange Agreement, it is necessary to "convert" the LWCF Grant encumbrances from Parcels A and B to 3801 West Jefferson Avenue through an amendment of the City's LWCF Grant agreement with the MDNR; and

Whereas, On June 13, 2017, the City Council adopted a resolution authorizing the City to apply to MDNR for conversion of the LWCF Grant encumbrances at Riverside Park; and

Whereas, On December 2, 2020, the MDNR approved the proposed conversion of the LWCF Grant encumbrances at Riverside Park, subject to execution of an amendment to the City's LWCF Grant agreement with MDNR; now

Therefore Be It Resolved, That the Director of the General Services Department is hereby authorized to execute the attached amendment to the City's LWCF Grant agreement with the MDNR for Riverside Park.

• **Objective 2:** By December 2023, leverage MMVR findings to transform policies, practices and resource allocation in a manner that honors community voices and shares accountability across organizational, local and state-level decision makers by establishing a bi-directional data exchange with the Michigan Department of Health and Human Services to share real-time maternal mortality

and severe maternal morbidity data from the Michigan Maternal Mortality Surveillance Program.

• **Objective 1:** Identify 100 women to share stories of maternal vitality for a multimedia campaign (e.g., blogs, video, social media, etc.) by December 2023 from existing community outreach programs.

**City Council  
Legislative Policy Division**

April 12, 2021

Honorable City Council:

Re: The Right to Recall for Hospitality Workers Laid Off Because of the Covid Pandemic.

Council Member Ayers requested that the Legislative Policy Division (LPD) analyze the "Right to Recall" ordinances recently passed in Minneapolis, Baltimore, and Philadelphia, for the benefit of restaurant, hotel, and other entertainment and travel-related industries' employees laid off during the Covid-19 pandemic in 2020. LPD is tasked with opining whether or not such an ordinance is legal in Michigan and, if so, drafting one. If such an ordinance would not be legal in Michigan, LPD is directed to draft a resolution calling on state and/or federal authorities to adopt this important reform.

**Background**

The Right to Recall seeks to address extremely high unemployment rates in leisure and hospitality sectors of the economy that were restricted, and in many individual cases shut down entirely, by the pandemic. The essential policy these ordinances seek to implement would require that certain laid-off employees in specified hospitality and travel-related industries are offered positions by their employers as those positions become available, under specified conditions involving their previous employer/employee history, and relating to future economic reopening opportunities hopefully to be realized with reduction in Covid-19 infection rates. As such, this seems to be potentially urgent at this time, both because of the large number of severely affected workers and the current volatility in the economy related to pandemic recovery and reopening.

**Michigan has Pre-empted Local Regulation of Terms and Conditions of Employment**

As Council Members may recall from previous discussions of community benefits and other preemption of local authority enacted by the Michigan state legislature via HB 4052, the "Local Government Labor Regulatory Limitation Act", prohibits local governments in Michigan from passing any ordinances, local policies, or local resolutions requiring an employer to provide an employee with any specific fringe benefit or any other benefit for which the employer would incur an expense, including but not limited to those specifically enumerated in the statute, or regulating or creating any

administrative or judicial remedies for wage, hour, or benefit disputes.

Whether or not a local ordinance enacting the proposed Right to Recall was specifically intended to be prohibited by this state law, the statutory language seems broad enough that the right to recall probably would be covered by its plenary pre-emptive prohibition against local government action in labor relations matters. There are numerous other potential legal issues that could arise from the "Right to Recall", depending on the specific terms of actual legislation and multiple state and federal legal rules, and Council may wish to request the Law Department's official opinion on this issue, per the Charter. Since the issue is somewhat complex, and arguably very urgent, but preempted by state law, LPD is immediately providing the attached supportive resolution as requested.

If Council has any other question or concerns regarding this subject, LPD will be happy to provide further research and analysis upon request.

**RESOLUTION SUPPORTING THE RIGHT TO RECALL OF HOSPITALITY WORKERS LAID OFF BECAUSE OF THE COVID PANDEMIC**

By Council Member Ayers:

WHEREAS, The Covid-19 pandemic of 2020-21 has wreaked economic havoc in our communities, nowhere more damaging than in commercially related hospitality, entertainment, travel, restaurant, casino and other workplaces serving commerce in public gathering places; and

WHEREAS, In Detroit, leisure and hospitality employment has been down more than forty percent as a result of this public health emergency closing public venues that are places of employment for workers who have been personally and economically devastated by the Covid crisis; and

WHEREAS, Even in Spring 2021, with widespread and increasing vaccination, Covid infection rates have been increasing rapidly in Detroit, continuing to put powerful downward pressure on economic opportunities in the hospitality sectors and even further extending harsh economic pressure on these vulnerable workers who have not been able to live and work normally for over a year; and

WHEREAS, As Michigan state law pre-empts local governments from legislating terms and conditions of private employment in our communities, Detroit City Council directs this resolution to legislators and other public officials at the state and federal levels who have the power to require that these workers are treated fairly as we emerge from the Covid shutdown in the near future, and these workers should be given preference for hiring; and

WHEREAS, Detroit City Council

strongly supports passage of appropriate legislation for the "Right to Recall", modeled generally on ordinances recently passed or proposed in Los Angeles, Minneapolis, Baltimore, San Francisco, Oakland, Philadelphia and other communities for the benefit of restaurant, hotel, and other entertainment and travel-related industries' employees laid off during the Covid-19 pandemic in 2020-21; and

WHEREAS, Detroit City Council strongly believes that this policy of legal protection for recall rights of hard-hit hospitality sector workers is extremely urgent at this time, due to the duration of this economic emergency and the large numbers of long-term unemployed workers and families being harmed; and

NOW THEREFORE LET IT BE RESOLVED, That Detroit City Council urgently requests that the Michigan State Legislature and/or Congress pass emergency Right to Recall legislation with appropriate scope for the benefit of laid off hospitality workers during the Covid pandemic, requiring that their employers to make reasonable reemployment offers to them; and

LET IT BE FURTHER RESOLVED, That Detroit City Council urgently requests Michigan Governor Gretchen Whitmer, United States President Joseph R. Biden, Michigan Attorney General Dana Nessel, United States Attorney General Merrick Garland, and other public officials to take urgent actions to support such Right to Recall relief, including but not limited to executive orders requiring such relief where permissible by law; and

LET IT BE FINALLY RESOLVED, That Copies of this resolution shall be provided to Michigan Governor Gretchen Whitmer, United States President Joseph R. Biden, Michigan Attorney General Dana Nessel, United States Attorney General Merrick Garland, members of the Detroit delegation in the Michigan State Legislature, and members of the Michigan delegation in Congress.

Honorable City Council:

Re: City of Detroit Redevelopment Project Area — Public On-Premises Liquor Licenses Recertification of Investment Information in Real and Personal Property.

On September 11, 2018, your Honorable Body adopted a resolution that designated a Redevelopment Project Area in the City of Detroit ("City") under Michigan law to allow for the Michigan Liquor Control Commission ("Commission") to issue public on-premises liquor licenses ("Redevelopment Area Licenses") to businesses that are determined by the Commission to be engaged in dining, entertainment or recreation related activities (each an "Eligible Business") pursuant to MCL 436.1521a (1) (a).

As part of an application to the Commission for a Redevelopment Area License, Eligible Businesses must include an affidavit from the City's Assessor, as certified by the City Clerk, stating the total amount of investment in real and personal property within the City's Redevelopment Project Area during the preceding 3 years ("Affidavit"). At this time, the City's Affidavit needs to be updated and recertified to reflect current available data.

We therefore hereby request that your Honorable Body adopt the attached resolution that accepts and certifies an updated Affidavit reflecting the most cur-

rent real and personal property investment data so that Eligible Businesses may continue to apply to the Commission for a Redevelopment Area License.

**RESOLUTION AUTHORIZING THE ESTABLISHMENT OF A SECONDARY STREET NAME IN HONOR OF MR. MARVIN GAYE AT THE INTERSECTION OF W. OUTER DRIVE AND MONICA STREET NEAR 3067 W. OUTER DRIVE**

By COUNCIL MEMBER MCCALISTER, JR., joined by COUNCIL PRESIDENT JONES:

WHEREAS, The Detroit City Council has received a request from Motown Museum and Councilman Roy McCalister, Jr. — District 2, to assign a Secondary Street Name to Mr. Marvin Gaye, to be located at the intersection of W. Outer Drive and Monica Street in northwest Detroit, Council District 2; and

WHEREAS, 3067 W. Outer Drive located at the intersection of W. Outer Drive and Monica Street is historically significant, being both the historical home of Marvin Gaye and Anna Gordy (the sister

of Motown Records founder Berry Gordy), and the location where the majority of the "What's Going On" album was written. Berry Gordy resided at this residence until gifting this property to his sister Anna Gordy and Marvin Gaye as a wedding gift in 1963. The couple resided in this property from 1963 through 1977, noting that the "What's Going On" album was largely pinned between 1969 and 1970; and

WHEREAS, The honoree Mr. Marvin Gaye has met the approval criteria for the assigning of a Secondary Street Sign as outlined in Section 43-3-41 of the City Code; and

WHEREAS, The assignment of a secondary street sign is for purposes of honorary recognition only for an individual who has achieved prominence as a result of his or her significant, positive, and extraordinary contributions to the City of Detroit, State of Michigan, the United States of America, or the international community; in reviewing the biographical and supporting documentation provided by the applicant, Motown Museum, the Legislative Policy Division and Historic Designation Advisory Board find that the cultural contributions of Mr. Marvin Gaye made through his transformative music featured on the "What's Going On" album which ushered in an era of political and social conscience musical story telling which still resonates today far exceeds that requirement. The significance of this contribution is further punctuated by Rolling Stone Magazine naming Marvin Gaye's "What's Going On" album as the greatest album of all time in their September 22, 2020 issue ahead of the albums 50th anniversary, which is being celebrated throughout 2021. NOW THEREFORE BE IT

RESOLVED, That the City Council finds the above-mentioned individual and the proposed location meets the criteria for Secondary Naming of a Street in accordance with Article III, Section 43-3-41 and Section 43-3-43 of the 2019 Detroit City Code; BE IT FURTHER

RESOLVED, That the intersection of W. Outer Drive and Monica Street be assigned the secondary street name "Marvin Gaye Drive" in celebration of his noteworthy achievements; BE IT FURTHER

RESOLVED, That the projected cost of designing, producing, erecting, replacing and removing the necessary signs and markers shall be paid, in advance, to the street fund by the petitioner requesting the secondary name; AND BE IT FINALLY

RESOLVED, A certified copy of the resolution shall be transmitted by the City Clerk to the fire department, police department, department of public works and its city engineering and traffic engineering divisions, department of transportation and the United States Postal Service.
