Department of Public Works

June 23, 2023

Honorable City Council:

Re: Approval and authorization to acquire 14049 Joseph Campau Avenue from First Neighbors LLC for $250,000.

The Department of Public Works ("DPW") hereby requests the approval and authorization from your Honorable Body to acquire certain real property located at 14049 Joseph Campau Avenue, Detroit, Michigan 48212 (the "Property") from First Neighbors LLC, a Michigan limited liability company (the "Seller"). In accordance with the requirements of Chapter 2, Article 6, Section 2 of the 2019 Detroit City Code, City Council is required to approve any gift, grant, devise or bequest of real or personal property to be used for any public purpose.

The Property is currently vacant land with a concrete parking lot. The Property is located at the corner of Joseph Campau Avenue and East McNichols Road, where the Joe Louis Greenway will transition from being on-street along Joseph Campau Avenue to being off-street along the former Conrail railway line previously acquired by the City. The City proposes to use the Property as part of the Joe Louis Greenway. This will allow for the construction of a safer off-street route for the Joe Louis Greenway.

The purchase price of the Property will be $250,000. The purchase price and subsequent construction of the Joe Louis Greenway on the site will be funded through the use of Michigan Economic Development Corporation ("MEDC") funds which have been previously dedicated to the Joe Louis Greenway.

The Property is currently zoned B4 — General Business District. This zoning district permits, by right, use of the Property for an outdoor recreation facility.

We request that your Honorable Body adopt the attached resolution to (1) issue findings and declarations consistent with Chapter 2, Article VI of the Detroit City Code with respect to environmental assessments of the Property, (2) approve the acquisition of the Property, and (3) authorize the execution of such documents as may be necessary or convenient to affect the acquisition of the Property.

Respectfully submitted,
RON BRUNDIDGE
Director
Department of Public Works

By Council Member Santiago-Romero:

Whereas, The City of Detroit (the "City"), through its Department of Public Works ("DPW") wishes to acquire that certain property located at 14049 Joseph Campau Avenue, Detroit, 48212, as more particularly described in the attached Exhibit A (the "Property") from First Neighbors LLC, a Michigan limited liability company for the sum of two hundred fifty thousand dollars ($250,000); and

Whereas, In accordance with Chapter 2, Article 6, Section 3 of the 2019 Detroit City Code, except as otherwise provided in the 2019 Detroit City Code, the City of Detroit is required to receive an environmental inquiry and, where necessary, an environmental assessment prior to the purchase of real property; and

Whereas, The City of Detroit, through the General Services Department, previously obtained that certain Phase I Environmental Site Assessment, 14049 Joseph Campau, dated April 3, 2023, and the Phase II Environmental Site Assessment data dated May 23, 2023, each prepared by NTH (collectively, the "Environmental Assessments").

Whereas, The Building Safety Engineering and Environmental Department has reviewed and approved of the Environmental Assessments.

Now, Therefore, It Is Hereby Resolved, In accordance with Chapter 2, Article 6, Section 3 of the 2019 Detroit City Code: (1) the City Council finds that the Property has received appropriate environmental inquiry and assessment in accordance with the review referred to in the preceding paragraph and that the Property is determined to be a "facility"; (2) City Council finds and declares that despite the presence of environmental contamination at the property, acquisition of the Properties is necessary to promote the health, safety and welfare of the public and such acquisition does not pose an unacceptable risk based upon the proposed use of the Properties if appropriate response actions are taken to meet due care obligations; (3) City Council finds and declares that the preservation of the public health, safety, welfare or good outweighs the cost of the environmental inquiry and assessment and, therefore, waives the requirement that the seller bear the cost of the environmental inquiry and assessment; and (4) DPW or the General Services Department shall submit a Baseline Environmental Assessment to the Michigan Department of Energy, Great Lakes and the Environment ("EGLE") with required field work within forty-five (45) days of the City's acquisition of the Property and undertake response actions to mitigate any unacceptable risks with strict adherence to EGLE regulations and will develop a Plan for Due Care and Operations, Maintenance and Monitoring plan to assure that environmental hazards are addressed prior to and in conjunction with development as soon as the city takes on ownership; and be it further

Resolved, That the City Council hereby approves acquisition of the Property from First Neighbors LLC, a Michigan limited liability company ("Seller"), and payment of (a) two hundred fifty thousand dollars ($250,000) to Seller as the purchase price for the Property, and (b) customary closing costs (anticipated to be approximately three thousand dollars ($3,000), each of which shall be funded from Appropriation No. 21241, being Michigan Economic Development Corporation funds which have been previously dedicated to the Joe Louis Greenway; and be it further

Resolved, That the Director of DPW, or his/her authorized designee, be and is hereby authorized (1) to accept and record a deed to the City of Detroit for the Property, (2) to accept, execute, and/or deliver any such other documents as may be necessary to effectuate the acquisition of the Property by the City of Detroit, and (3) to pay the cost of obtaining an owner's policy of title insurance, recording any deeds granting title to the Property to the City of Detroit, and such other necessary and customary closing costs payable in connection with the acquisition of the Property; and be it further

Resolved, That upon acquisition of the Property from Seller, the Property shall be placed under the jurisdiction of DPW for use, operation, and future development in connection with the Joe Louis Greenway; and be it further

Resolved, That the Director of DPW, or his/her authorized designee, is authorized to execute any required instruments to make and incorporate technical amendments or changes to the deed (including but not limited to corrections to or confirmations of legal descriptions, or timing of tender of possession of particular parcels) in the event that changes are required to correct minor inaccuracies or are required due to unforeseen circumstances or technical matters that may arise prior to the transfer of the Acquisition Property, provided that the changes do not materially alter the substance or terms of the transfer.

Department of Public Works

June 23, 2023

Honorable City Council:

Re: Approval and authorization to acquire 14200 Cloverdale, 14300 Cloverdale, 14304 Cloverdale, 14334 Cloverdale, 14344 Cloverdale, 14300 Prairie, 14439 Livernois from Properties America MI LLC for $2,270,000.

The Department of Public Works ("DPW") hereby requests the approval and authorization from your Honorable Body to acquire certain real property located at 14200 Cloverdale, 14300 Cloverdale, 14304 Cloverdale, 14334 Cloverdale, 14344 Cloverdale, 14300 Prairie, and 14439 Livernois, Detroit, Michigan 48238 (the "Property") from Properties America MI LLC, a Michigan limited liability company (the "Seller"). In accordance with the requirements of Chapter 2, Article 6, Section 2 of the 2019 Detroit City Code, City Council is required to approve any gift, grant, devise or bequest of real or personal property to be used for any public purpose.

The Property is located in the northeast corner of District 7 near the convergence of two industrial corridors along Interval Street and Lyndon Street. The property is currently vacant except for the presence of a cellular network tower, and is used by Seller to operate a wood chipping and wood mulching business. The Property is also immediately adjacent the former Conrail railway property that the City of Detroit previously purchased for the construction and operation of the Joe Louis Greenway.

DPW desires to acquire the Property to construct the Joe Louis Greenway along the southern boundary of the Property in order to continue the Joe Louis Greenway off-street along the former Conrail railway line between Livernois and Cloverdale Street. The acquisition of the Property will allow the City to avoid an encroachment issue which might otherwise force the Joe Louis Greenway to be diverted onto either Intervale Street or Lyndon Street, with a short stretch north or south on Livernois Avenue. These on-street routes are not preferable given the significant traffic on such streets. As part of the purchase of the Property, DPW would permit Seller to retain possession of the northern portion of the Property and continue operating its wood chipping and wood mulching business until December 31, 2025, to permit Seller to find a suitable location to relocate its operations to.

The purchase price of the Property is $2,270,000, which falls below the value determined by appraisals that were completed for properties of similar condition, use, and zoning. The purchase price and subsequent construction of the Joe Louis Greenway on the site will be funded through the use of Michigan Economic Development Corporation ("MEDC") funds which have been previously dedicated to the Joe Louis Greenway.

The Property is currently zoned M4 — Intensive Industrial District. This zoning district permits outdoor recreation facilities as a conditional use.

We request that your Honorable Body adopt the attached resolution to (1) issue findings and declarations consistent with Chapter 2, Article VI of the Detroit City Code with respect to environmental assessments of the Property, (2) approve the acceptance of the acquisition of the Property, and (3) authorize the execution of such documents as may be necessary or convenient to affect the acquisition of the Property.

Respectfully submitted,
RON BRUNDIDGE

Petition No. **x2023-230** — The Michigan Department of Transportation (MDOT), request for encroachment within 14th Street, 80 ft. wide, between Dalzelle Street and Marantette Street, and Marantette Street, 60 ft. wide, for the purpose of constructing an electrified public roadway.

The petition was referred to the City Engineering Division — DPW for investigation and report. This is our report.

The request is being made a part of a pilot project making this installation the first electrified public roadway in the U.S. intended to be capable of charging electric vehicles while on the road.

The request was approved by the Solid Waste Division — DPW, and City Engineering Division — DPW, Traffic Engineering Division.

Detroit Water and Sewerage Department (DWSD) reports being involved, but they have no objection provided the DWSD encroachment provisions are followed. The DWSD provisions have been made a part of the resolution.

Re: Petition No. **x2023-093** — DPW, City Engineering Division, request to dedicate land for the purposes of public Right-of-Way for what is now currently known as Martin Luther King Jr. Blvd.

Petition No. **x2023-093** — DPW, City Engineering Division, request to dedicate land for the purposes of public Right-of-Way for what is now currently known as Martin Luther Kind Jr. Blvd., 124-130 Ft. wide.

This is a corrected version of the resolution approved by your Honorable Body on April 25th, 2023 for the dedication of the widening of Martin Luther King Jr. Blvd. Upon review of the legal description included in this resolution an error in the land description was discovered. This resolution is being submitted to provide a corrected land description.

The petition was referred to the City Engineering Division — DPW for investigation (utility clearance) and report. This is our report.

The purpose of this request is to officially dedicate land acquired for the purpose of converting Myrtle Street into Martin Luther King Jr. Blvd. Construction for the conversion of Myrtle Street to Martin Luther King Blvd. occurred in the latter half of the 1980s. It has come to DPW's attention that certain steps to dedicate land owned by the City of Detroit within some parts of the construction area were not completed. This resolution acts to officially dedicate parts of Martin Luther King Blvd.

I am recommending adoption of the attached resolution.

Honorable City Council:

Re: Petition No. **x2023-231** — Music Hall LLC, request for encroachment within the public alley, lying west of and adjacent to the parcel commonly known as 350 Madison Street, for the purpose of renewing encroachment of a fire escape and for the installation of an additional fire escape.

Petition No. **x2023-231** — Music Hall LLC, request for encroachment within the public alley, 20 ft. wide, lying west of and adjacent to the parcel commonly known as 350 Madison Street, for the purpose of renewing encroachment of a fire escape and for the installation of an additional fire escape.

The petition was referred to the City Engineering Division — DPW for investigation and report. This is our report.

The request is being made to comply with fire safety standards.

The request was approved by the Solid Waste Division — DPW, and City Engineering Division — DPW, Traffic Engineering Division.

Detroit Water and Sewerage Department (DWSD) reports being involved, but they have no objection provided the DWSD encroachment provisions are followed. The DWSD provisions have been made a part of the resolution.

All other involved City Departments, including the Public Lighting Authority and Public Lighting Department; also privately owned utility companies have reported no objections to the encroachment. Provisions protecting all utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,
RICHARD DOHERTY, P.E.

Municipal Parking Department

RESOLUTION TO DESIGNATE A RESIDENTIAL PARKING PERMIT AREA

By Council Member Young, II:

WHEREAS, Pursuant to Subsection 46-2-12(a) of the 2019 Detroit City Code, an individual resident or group of residents in a residential district that, in their opinion, is unreasonably impacted by parking congestion caused by the district's proximity to a traffic generator may submit a petition to the City Clerk requesting that the district be designated as a residential parking permit area; and

WHEREAS, Within 10 days after receipt of the completed petition from the Office of the City Clerk, the Director of the Department of Public Works shall determine whether the request is reasonable and merits further analysis; and

WHEREAS, The Francis Grunow petition **(#1167)** was submitted to the City Clerk for the implementation of a residential parking permit area on Second Avenue, in the City of Detroit; and

WHEREAS, Proposed zone 401 contained in Petition 1167, would encompass the west side of Second Avenue, beginning at 2700 Second Avenue and concluding at 2780 Second Avenue, with Ledyard Street bookending the segment to the south and Temple Street bookending the segment to the north as well as a bike lane on the east side of the street and legal parking on the west side of the street; and

WHEREAS, Pursuant to Subsection 46-2-12(c) of the 2019 Detroit City Code, the City may initiate the designation of a residential parking permit area based upon current or future development projects or the existence of a traffic generator impacting a residential district by forwarding a formal recommendation to the City Clerk and City Council; and

WHEREAS, After doing its own analysis, the Municipal Parking Department seeks to expand the parking designation out-

lined in petition 1167, proposed zone 401, to include proposed zones 402 and 403 as detailed in this Resolution; and

WHEREAS, Proposed zone 402 would encompass the west side of Second Avenue between Temple Street and Charlotte Street; and

WHEREAS, Proposed zone 403 would encompass the east side of Second Avenue from the mid-block alley north of Masonic Temple to Charlotte Street, Charlotte Street from the southeast corner of Charlotte Street and Second Avenue to 487 Charlotte Street, Charlotte Street from the northwest corner of Charlotte Street and Second Avenue on the north side of the street to 644 Charlotte Street; and

WHEREAS, Although Little Caesars Arena and the Masonic Temple both have off-street parking available, the parking demand is greater than the available off-street parking within the immediate proximity of Little Caesars Arena resulting in free or metered on-street parking in proposed zones 401 through 403 being occupied at peak periods, thereby making residential parking during event days extremely difficult; and

WHEREAS, Pursuant to Subsection 46-2-13(a) of the 2019 Detroit City Code, a residential area shall be deemed eligible for consideration as a residential parking permit area if, based upon an objective analysis of traffic and parking conditions by the Department of Public Works Traffic Engineering Division and analysis of Municipal Parking Department data as part of the formal recommendation, it is established that the residential parking area is impacted by nonresident or commuter vehicles for extended periods of time during the day or night, on weekends or during holidays; and

WHEREAS, In accordance with Subsection 46-2-12(d) of the 2019 Detroit City Code, the Department of Public Works submitted its formal recommendation to designate residential parking zones 401 through 403 on _____, 2021; and

WHEREAS, In accordance with Subsection 46-2-14(a) of the 2019 Detroit City Code, the City held a public meeting to discuss the proposed residential parking permit area on _____, 2021; and

WHEREAS, In accordance with Subsection 46-2-21(a) of the Detroit City Code, City Council held a public hearing on the proposed residential parking permit area on _____, 2021; and

WHEREAS, Pursuant to Subsection 46-2-21(d) of the 2019 Detroit City Code, City Council shall within 60 days after the completion of the public hearing or hearings on a particular residential parking permit area, by adoption of a resolution, determine whether a residential district shall be designated by the City as a residential parking permit area and set forth the evidence supporting its decision; and NOW THEREFORE BE IT

RESOLVED, That the Cass Park neighborhood, consisting of proposed zones 401 through 403, is significantly impacted by parking activity resulting from events held at both Little Caesars Arena and the Masonic Temple; and BE IT FURTHER

RESOLVED, That during events, specifically at Little Caesars Arena, the on-street parking supply located in proposed zones 401 through 403 is overwhelmed due to the on-street parking cost and proximity to Little Caesars Arena; and BE IT FURTHER

RESOLVED, That there are plans to remove the newly installed meters on the south side of Charlotte Street between Second Avenue and Third Avenue in an attempt to extend the parking area as residential units under construction become available for occupancy in proposed zone 401; and BE IT FURTHER

RESOLVED, That the Municipal Parking Department has found there is a lack of adequate parking for residents living in the area of proposed zone 402; and BE IT FURTHER

RESOLVED, That additional parking pressure is generated in proposed zone 403 from the Founders Brewing Company Detroit, where business from the restaurant is robust and will continue to grow past the pandemic period; and BE IT FURTHER

RESOLVED, That after reviewing the supporting documents which accompanied petition 1167 as well as the City-lead initiative, City Council finds that the area in question has limited on-street parking which is often occupied by patrons and visitors at both Little Caesars Arena and the Masonic Temple; and BE IT FURTHER

RESOLVED, That the geographic area beginning at 2700 Second Avenue and concluding at 2780 Second Avenue that is bookended by Ledyard Steet to the south and Temple Street to the north will be known as zone 401; and BE IT FURTHER

RESOLVED, That the geographic area consisting of the west side of Second Avenue between Temple Street and Charlotte Street will be known as zone 402; and BE IT FURTHER

Honorable City Council:

Re: Lexington Village Preservation II Limited Dividend Housing Association, LLC — Payment In Lieu of Taxes. (PILOT)

Ginosko Development Company and L + M Development Partners LLC have formed Lexington Village Preservation II Limited Dividend Housing Association, LLC in order to develop the Project known as Lexington Village Apartments. The Project is an existing three hundred fifty-one (351) unit mixed-use complex comprised of a 12-story senior-targeted building and multiple 2-story garden apartments and townhomes for families in an area bounded by West Euclid on the north, John C. Lodge Freeway on the east, West Grand Boulevard on the south and 14th Street on the west.

The preservation and rehabilitation Project will include two hundred seven (207) 1 bedroom/1 bath, sixty (60) 2 bedroom/1 bath, sixty-four (64) 2 bedroom/1½ bath and twenty (20) 3 bedroom/1½ bath units. Community amenities include a clubhouse, six (6) courtyards, two (2) playgrounds, laundry facilities, gated access and parking.

Michigan State Housing Development Authority (MSHDA) will issue bonds through its 'Pass Through' that will be converted to Freddie Mac loans serviced by CPC Mortgage Company LLC. The TEL and GAP loans total $43,584,000. Cinnaire will make Capital Contributions of $30,159,558 with the allocation of Low Income Housing Tax Credits. A Seller's Promissory Note from Lexington Village Preservation LDHA, LLC in the amount of $11,322,104 will be provided. Additionally, the Sponsors have agreed to defer $3,736,402 of the developer fee.

Ten percent (10%) or thirty-six (36) of the units will be occupied by households with incomes no greater than forty percent (40%) of the area median income (AMI) adjusted for family size. Ninety percent (90%) or three hundred fifteen (315) of the units will be occupied by households with incomes no greater than sixty percent (60%) of AMI. All three hundred fifty-one (351) units will be subject to the PILOT based on Section 15a of the State Housing Development Authority Act of 1966, as amended. In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of

the State Housing Development Authority Act of 1966 (P.A. 346 as amended, MCL 125.1415A). Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service charge of four percent (4%) of the annual net shelter rent obtained from this housing project.

Respectfully submitted,
ALVIN HORHN
Deputy CFO/Assessor

By Council Member Durhal, III:

Whereas, Pursuant to the provisions of the Michigan State Housing Development Act, Act 346 of the Public Acts of 1966, as amended, being MCL 125.1401 *se seq.* (the "Act"), a request for exemption from property taxes has been received on behalf of Ginosko Development Company and L + M Development Partners LLC, (the "Sponsors"); and

Whereas, A housing project as defined in the Act is eligible for exemption from property taxes under Section 15a of the Act (MCL 125.1415a) if the Michigan State Housing Development Authority ("MSHDA") provides funding for the housing project, or if the housing project is funded with a federally-aided mortgage as determined by MSHDA; and

Whereas, Section 15a of the Act (MCL 125.1415a) provides that the local legislative body may establish by ordinance the service charge to be paid in lieu of taxes, commonly known as a PILOT; and

Whereas, The City of Detroit has adopted Ordinance 9-90, as amended, being Sections 18-9-10 through 18-9-16 of the Detroit City Code to provide for the exemption from property taxes of eligible housing projects and to provide for the amount of the PILOT for said housing projects to be established by resolutions of the Detroit City Council after review and report by the Board of Assessors; and

Whereas, The Sponsors are proposing to undertake the preservation of an existing housing complex known as Lexington Village Apartments consisting of three hundred fifty-one (351) units located on six (6) parcels of property owned or to be acquired by the Sponsors as described by street address and tax parcel in Exhibit A to this resolution, with all three hundred fifty-one (351) units for low and moderate income housing (the "Project"); and

Whereas, The purpose of the Project is to serve low to moderate income persons as defined by Section 15a(7) of the Act, being MCL 125.1415a(7); and

Whereas, MSHDA has provided notice to the Sponsors that it intends to approve federal-aided financing for the Project, provided that the Detroit City Council adopts a resolution establishing the PILOT for the Project; and

Whereas, Pursuant to Section 15a of the Act, being MCL 125.1415a(1), the tax exemption is not effective until the Sponsors first obtain MSHDA certification that the housing project is eligible for exemption, and files an affidavit, as so certified by MSHDA, with the Board of Assessors; and

Whereas, Pursuant to Section 18-9-13(G) of the Detroit City Code, the tax exemption shall be effective on adoption, with the tax exemption and PILOT payment to occur only upon *bona fide* use and physical occupancy by persons and families eligible to move into the project, in accordance with the Act, which must occur as of December 31 of the year preceding the tax year in which the exemption is to begin;

Now, Therefore, Be It

Resolved, That in accordance with City Code Section 18-9-13, the Project known as Lexington Village Apartments as described above is entitled to be exempt from taxation but subject to the provisions of a service charge of four percent (4%) for payment in lieu of taxes as set forth in Act No. 346 of the Public Acts of 1966, as amended, being MCL 125.1401, *et seq.*; and be it further

Resolved, That arrangements to have collections of a payment in lieu of taxes from the Sponsors be established upon occupancy for future years with respect to the same be prepared by the Office of the Chief Financial Officer; and be it further

Resolved, That specific legal description for the Project shall be as set forth in the certification from MSHDA; and be it further

Resolved, That in accordance with Section 15a(3) of the Act, MCL 125.1415a(3), the exemption from taxation shall remain in effect for as long as the MSHDA-aided or Federally-aided financing is in effect, but not longer than fifty (50) years, and shall terminate upon the determination by the Board of Assessors that the Project is no longer eligible for the exemptions; and be it further

Resolved, That the City Clerk furnish the Office of the Chief Financial Officer — Office of the Assessor two certified copies of this resolution; and be it further

Resolved, That this resolution is adopted with a waiver of reconsideration.

Honorable City Council:

Re: Neighborhood Improvement Plan Contracts Funded by Anticipated Bond Proceeds.

The Administration is requesting your approval of the attached resolution, which addresses how the separately submitted Neighborhood Improvement Plan ("NIP") contracts will be funded by anticipated bond proceeds.

The City Council and the voters approved a $250 million bond proposal in 2020 to issue NIP Bonds for the cost of neighborhood improvements in the City through property rehabilitation, demolition and other blight remediation activities. The City previously issued NIP Bonds in 2021 in the aggregate principal amount of $175 million (the "Prior NIP Bonds"). The City intends to issue the remaining $75 million in authorized NIP Bonds by August 1, 2023 (the "New NIP Bonds").

The Administration will separately submit 21 NIP Contracts totaling approximately $60 million (the "NIP Contacts") for City Council's consideration, and the NIP Contracts will be funded by the proceeds from the New NIP Bonds issuance. The attached resolution provides that the Administration will not issue a Purchase Order or Notice to Proceed against such approved NIP Contracts until the proceeds of the New NIP Bonds have been received.

Re: Revel, John vs. City of Detroit. Case No.: 21-013927-NI. File No.: L21-00911 PMC.

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body. We, therefore, request authorization to settle this matter in the amount of Fifteen Thousand Dollars and No/Cents ($15,000.00) and that your Honorable Body direct the Finance Director to issue a draft in that amount payable to John Revel and his attorney, Randolph Law Group, PC, to be delivered upon receipt of properly executed Releases and Stipulation and Order of Dismissal entered in Lawsuit No. 21-013927-NI, approved by the Law Department.

Honorable City Council:
Re: Request to Amend the Official Compensation Schedule.
Recommendation is submitted to amend the 2023-2024 Official Compensation Schedule:
1. To include the attached pay range adjustments.
Request:
The above recommendation is at the request of the Department of Transportation.
Rationale:
The Department of Transportation seeks a competitive wage so that they can attract, develop, and retain talent for their operations. Recently, pay range adjustments were approved by council for ten union roles, as a result of negotiations with the Teamsters union. Approval of adjusted pay ranges for these positions caused compression issues throughout the remaining two non-union positions within the series.
As a result of the issues noted above, Human Resources Classification and Compensation was asked to evaluate the remainder of the relevant classifications. The evaluations were conducted by completing a market study using data from external sources for comparable positions.
The proposed pay ranges are based on the City of Detroit's ability to fund the increases and are subject to City Council approval.

DPW Construction Pay Range Adjustments July 2023

Historical Designation Advisory Board

June 27, 2023

Honorable City Council:

Re: 501 Third Avenue to be listed a site of the National Park Service/National Underground Railroad Network to Freedom.

The property located at 501 Third Avenue was the former site of the historic Michigan Central Railroad (MCRR) Third Street Depot that was originally part of the Underground Railroad (UGRR) in Detroit. From 1848-1865 the MCRR was a hub for fugitive enslaved Africans and their descendants. Detroit was code-named "Midnight" and the Third Street Depot was an UGRR gateway to Canada. The MCRR Third Street Station was a block from the southern curve of the Detroit River, an international border, which was the closest distance from riverbank to riverbank, between Detroit, Michigan and Canada. Detroit was well known by UGRR operatives as a city where freedom seekers could find safe refuge not only for its proximity to Canada but also its strong and active abolitionist community. The site of the MCRR Third Street Station is now occupied by the City of Detroit property at 501 Third Avenue (also known as Steve Yzerman Drive), the West Riverfront People Mover Station.

Dr. Carolyn Carter, City of Detroit HDAB board member, professional historian, researcher and genealogist has prepared a National Underground Railroad Network to Freedom Application for the Michigan Central Railroad Depot site. The Wayne County Community College/ Detroit Underground Railroad local historic district was enacted on December 9, 2021, based on the research of Dr. Carter.

We are asking for City Council to support the National Underground Railroad Network to Freedom Application for the Michigan Central Railroad Depot site. Additionally for City Council to consent for the property at 501 Third Avenue to be added to the list of the National Park Service/Underground Railroad Network.

I've included a copy of the original map for reference and would be happy to provide additional historical documentation if helpful.

Please note that inclusion in this program will not result in any restrictions or regulations on this property, particularly as the historic former Michigan Central Railroad Depot building is no longer extant. This designation docs not impede any future development on the site.

The Historic Designation Advisory Board (HDAB) is in support of the National Underground Railroad Network to Freedom Application for the Michigan Central Railroad Depot site. We are asking for City Council to support the National Park Service/National Underground Railroad Network to Freedom Application for the Michigan Central Railroad Depot as well as consent for the property at 501 Third Avenue to be included in the Network.

HDAB has provided a resolution for the inclusion of the site's listing in the National Park Service/National Underground Railroad Network to Freedom. If you have any questions regarding this matter, feel free to contact me or staff member, Rebecca Savage.

Respectfully submitted,
JANESE CHAPMAN
Director of Historic
Designation Advisory Board

By Council President Pro Tem. Tate:

Whereas, The City Council supports the National Park Service/National Underground Railroad Network to Freedom Application for the Michigan Central Railroad Depot, and the property located at 501 Third Avenue, the former site of the historic Michigan Central Railroad Depot;

Now, Therefore, Be It Resolved, That the City Council consents to include the site at 501 Third Avenue in the National Park Service/National Underground Railroad Network to Freedom Program.

Planning and Development Department

June 30, 2023

Honorable City Council:

Re: Amendment to Development Agreement 1301, 1312 and 1313 Seward.

On May 31, 2018, the City of Detroit closed on the sale by development agreement of 1301, 1312 and 1313 Seward to S&S Development Group to construct two residential buildings with a total of 54 units (the "Project"). The development agreement was modified and assigned to Merrill Development, LLC (the "Developer") pursuant to a modification, assignment, assumption and consent agreement dated March 12, 2019 ("Modified Development Agreement"). On November 10, 2020, your Honorable Body approved an extension requiring construction to be completed by June 30, 2025.

The Developer has since requested to extend certain deadlines in the Modified Development Agreement to account for complications related to construction financing. The Developer now anticipates closing by September 2023 on construction financing for Phase 1 of the Project, which will include construction of 27 units with 50% of the units being leased at affordable rates. Phase 2 of the Project will include construction of another 27 units with lease rates determined by available financing sources.

The Developer now anticipates that construction of the Project will commence by September 30, 2023 and be completed by September 30, 2027. For this reason, the Planning and Development Department requests to further amend the Development Agreement and to allow additional necessary extensions to the construction dates to be entered into without additional City Council approval.

In support of the Project, we hereby request that your Honorable Body adopt the attached resolution authorizing an amendment to the Modified Development Agreement to reflect the above referenced revised Project completion schedule.

Respectfully submitted,

ANTOINE BRYANT

Director

By Council President Pro Tem. Tate:

Whereas, On May 31, 2018, the City of Detroit, through its Planning and Development Department ("P&DD"), closed on the conveyance of certain property at 1301-1303, 1312 and 1313 Seward (collectively the "Property"), more particularly described in attached Exhibit A, to S&S Development Group, LLC subject to that certain development agreement dated November 30, 2016 ("Development Agreement"); and

Whereas, On February 1, 2019, your Honorable Body adopted that certain resolution that: (1) approved an extension of the construction commencement and completion dates for the development project contemplated in the Development Agreement and (2) authorized a Modification, Assignment, Assumption and Consent Agreement recognizing such extensions and the City's consent to assign the Development Agreement to Merrill Development, LLC ("Developer"). The Development Agreement was amended by that certain Modification, Assignment. Assumption and Consent Agreement dated March 12, 2019; and

Whereas, Developer now wishes to further extend certain dates and deadlines in the Development Agreement, as amended, consistent with a revised project schedule to accommodate recent construction financing to be secured by the Developer: now therefore be it

Resolved, That the P&DD Director, or his authorized designee, be and is hereby authorized to execute an amendment to the Development Agreement that 1) requires construction of the improvements to commence by September 30, 2023 and to be completed by September 30, 2027 and 2) requires that at least 50% of the units constructed at 1312 Seward be leased at affordable rates for a period of time and at levels mutually agreed to by P&DD and Developer based on the available funding sources for the project and 3) allows the P&DD Director, or his authorized designee, to agree to further Development Agreement amendments to accommodate further potential changes which may affect the ability of the Developer to commence construction, without further City Council approval; and be it further

Resolved, That the P&DD Director, or his authorized designee, is authorized to execute any required instruments to make and incorporate amendments or changes to the Development Agreement consistent with the resolution; and be it finally

Resolved, Any amendment to the Development Agreement will be considered confirmed when executed by the P&DD Director, or his authorized designee, and approved by Corporation Counsel as to form.

Honorable City Council:

Re: Resolution Regarding Detroit Land Bank Authority's Occupied Properties Programs.

Council members Latisha Johnson and Mary Waters requested that the Legislative Policy Division (LPD) draft a Resolution Regarding Detroit Land Bank Authority's Occupied Properties Programs.

Please contact us if we can be of any further assistance.

Sincerely,
DAVID WHITAKER
Director
Legislative Policy Division Staff

RESOLUTION REGARDING DETROIT LAND BANK AUTHORITY'S OCCUPIED PROPERTIES PROGRAMS

By Council Members Johnson and Waters:

WHEREAS, The mission of the Detroit City Council is to promote the economic, cultural and physical welfare of Detroit's citizens and residents through Charter-mandated legislative functions; and

WHEREAS, The mission of the Detroit Land Bank Authority (DLBA) is to return the city's blighted and vacant properties to productive use. The DLBA utilizes a variety of sales programs to make home-ownership and land purchases accessible to Detroiters: and

WHEREAS, The DLBA created its Occupied Properties programs to foster home-ownership. The two programs under this umbrella include the Buy Back Program and the Occupied Property Disposition Program (OPDP). The Buy Back Program engages occupants directly, connecting them with financial and home improvement educational opportunities designed to support buyer success. Conversely, the Occupied Property Disposition Program, provide an opportunity for the DLBA to sell occupied properties to entities that are committed to renovating the house and working with the occupant to offer rental, home purchase, or relocation opportunities; and

WHEREAS, However, it has been recently alleged that some occupants of the DLBA Occupied Properties programs and instead the occupied property is being offered to the DLBA 's community partner organizations and/or developers to purchase those properties, without collaborating with the residents who occupy and/or denying eligible Detroiters participation in the program as set forth in the Occupied Property Disposition Program guidelines; and

WHEREAS, There has also been several allegations that some of the occupants of the DLBA homes were defrauded by individuals who had no true ownership of the property resulting in the fraudulent landowner criminally taking the occupant's money and the occupant being in need of assistance under the Occupied Property Disposition Program: and

WHEREAS, The mission of the City of Detroit's Housing and Revitalization Department (HRD) is to finance, underwrite, and administer housing and community investments that enhance the quality of life for the citizens of the City of Detroit and has the ability and resources to assist with the management of the DLBA's Occupied Properties programs: and

WHEREAS, After full and active collaboration between the DLBA and HRD, the Detroit City Council is now providing the instant resolution that lays out the understanding between these entities, and that is for the Detroit Land Bank Authority to work in collaboration with HRD, given the expertise of HRD in community engagement, in the operation and management of the DLBA's Occupied Properties programs, in order to ensure the integrity and viability of these programs: and

WHEREAS, Council recommends with significant consensus with the DLBA and HRD, that the following action be taken in the implementation of the new model:

1) All DLBA-owned, single-family addresses where outreach does not result in DLBA contact by the occupant, are to be sent to HRD's Housing Services (HS) Division for proactive outreach.

2) All DLBA outreach attempts, types (post card, poster) and frequency are to be documented to a shared report with HRD's HS division.

3) Any resident who unsuccessfully exits the Buy Back Program is to be routed to HRD for proactive outreach and re-enrollment.

4) Any resident who does not meet Buy Back Program eligibility is to be routed directly to HRD's HS Division for housing assistance.

5) Housing assistance in the form of

OPDP enrollment must be offered to all residents who do not meet Buy Back Program eligibility, regardless of reason for ineligibility, i.e. failing for documentation, or failing for inspection. This offer will be facilitated by HRD's HS division and supported by the DLBA.

6) Residents who choose to be relocated by HRD's HS division instead of the OPDP option, will have up to six months to vacate the premises with HRD assistance.

7) DLBA will facilitate regular convenings between HRD's HS division and OPDP partners to ensure that residents who choose the OPDP option are given first preference and direct assistance by HRD where needed to rent the home.

8) No DLBA properties will be sold to OPDP partners without documented outreach from both the DLBA and HRD to the address to check for occupancy, and to enroll in the Buy Back Program or assistance if occupied.

9) Referrals for sale to the OPDP partners will occur through HRD's HS division. An OPDP sale will never occur prior to full, complete outreach by both the DLBA and HRD.

10) All OPDP referrals will flow through HRD's HS division. Before the home is offered to an OPDP partner, DLBA and HRD will offer the opportunity to qualify for the Buy Back Program.

NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council urges the Detroit Land Bank Authority to collaborate the operation and management of the Occupied Properties programs to HRD, as a measure to eliminate the circumstances which may have led to eligible Detroiters being denied participation in the program. NOW THEREFORE, BE IT FINALLY

RESOLVED, Copies of this resolution shall be provided to Mayor Mike Duggan, Tammy Daniels, the CEO of the Detroit Land Bank Authority (DLBA), Julie Schneider, the director of HRD.

CONTRACT NO. 2023-0529
FEDERAL PROJECT NO. B-26-0027-4422

MICHIGAN DEPARTMENT OF TRANSPORTATION
CITY OF DETROIT
CONTRACT FOR A FEDERAL/STATE/LOCAL AIRPORT PROJECT
UNDER THE BLOCK GRANT PROGRAM

This Contract is made and entered into between the Michigan Department of Transportation (MDOT) and City Of Detroit (SPONSOR) for the purpose of fixing the rights and obligations of the parties in agreeing to the following undertaking at the Coleman A. Young Municipal Airport, whose associated city is Detroit, Michigan, such undertaking (PROJECT) estimated in detail in Exhibit 1, dated May 31, 2023, attached hereto and made a part hereof.

PROJECT DESCRIPTION: CONDUCT ENVIRONMENTAL STUDY – EA FOR RUNWAY 15/33 EMAS – ENVIRONMENTAL

Recitals:

The PROJECT is eligible for federal funding under the federal Airport Improvement Program, pursuant to 49 USC 47101 *et seq.,* including 47128; and

MDOT has received a block grant from the Federal Aviation Administration (FAA) for airport development projects; and

MDOT is responsible for the allocation and management of block grant funds pursuant to the above noted act; and

Information required by 2 CFR Part 200 is attached to this Contract as Attachment X.

The parties agree that:

1. The term "PROJECT COST," as used herein, is defined in Attachment(s) 8, attached hereto and made a part hereof. The PROJECT COST may also include administrative costs incurred by MDOT in connection with the PROJECT.

THE SPONSOR WILL:

2. Enter into a contract with a consultant for each element of the PROJECT that requires expertise. The consultant will be selected in conformity with FAA Advisory Circular 150/5100-14. MDOT will select the consultant for each element of the PROJECT that involves preparation of environmental documentation. The SPONSOR will select the consultant for all other aspects of the PROJECT. All consultant contracts will be submitted to MDOT for review and approval. Any such approvals will not be construed as a warranty of the consultant's qualifications, professional standing, ability to perform the work being subcontracted, or financial integrity. The SPONSOR will neither award a consultant contract nor authorize the consultant to proceed prior to receiving written approval of the contract from MDOT. Any change to the consultant contract will require prior written approval from MDOT. In the event that the consultant contract is terminated, the SPONSOR will give immediate written notice to MDOT.

3. Make payment to MDOT for the SPONSOR's share of the PROJECT COSTS within thirty (30) days of the billing date. MDOT will not make payments for any PROJECT work prior to receipt of payment from the SPONSOR for the SPONSOR's share of that item of the PROJECT work.

Eligible PROJECT COSTS that are paid by the SPONSOR may be submitted for credit toward the SPONSOR's share of the PROJECT COST provided that they are submitted within one hundred eighty (180) days of the date the costs were incurred or within one hundred eighty (180) days of the date of award of this Contract by the parties, whichever is later. Documentation of the PROJECT COST will include copies of the invoices on which the SPONSOR will write the amounts paid, the check numbers, the voucher numbers, and the dates of the checks. Each invoice will be signed by an official of the SPONSOR as proof of payment. The amount of the SPONSOR billing will be reduced by the amount of the eligible credit, based on documentation submitted, provided it is submitted prior to the date of the billing. Should it be determined that the SPONSOR has been given credit for payment of ineligible items of work, the SPONSOR will be billed an amount to ensure that the SPONSOR share of PROJECT COSTS is covered.

The SPONSOR pledges sufficient funds to meet its obligations under this Contract.

4. With regard to audits and record-keeping:

   a. The SPONSOR will establish and maintain accurate records, in accordance with generally accepted accounting principles, of all expenses incurred for which payment is sought or made under this Contract (RECORDS). Separate accounts will be established and maintained for all costs incurred under this Contract.

   b. The SPONSOR will maintain the RECORDS for at least six (6) years from the date of final payment made by MDOT under this Contract. In the event of a dispute with regard to allowable expenses or any other issue under this Contract, the SPONSOR will thereafter continue to maintain the RECORDS at least until that dispute has been finally decided and the time for all available challenges or appeals of that decision has expired.

   c. MDOT or its representative may inspect, copy, scan, or audit the RECORDS at any reasonable time after giving reasonable notice.

   d. If any part of the work is subcontracted, the SPONSOR will assure compliance with subsections (a), (b), and (c) above for all subcontracted work.

5. Provide and will require its subcontractors to provide access by MDOT or its representatives to all technical data, accounting records, reports, and documents pertaining to this Contract. Copies of technical data, reports, and other documents will be provided by the SPONSOR or its subcontractors to MDOT upon request. The SPONSOR agrees to permit representatives of MDOT to inspect the progress of all PROJECT work at any reasonable time. Such inspections are for the exclusive use of MDOT and are not intended to relieve or negate any of the SPONSOR's obligations and duties contained in this Contract. All technical data, reports, and documents will be maintained for a period of six (6) years from the date of final payment.

6. In the performance of the PROJECT herein enumerated, by itself, by a subcontractor, or by anyone acting on its behalf, comply with any and all applicable state, federal, and local statutes, ordinances, and regulations. The SPONSOR further agrees to obtain all permits that are applicable to the entry into and the performance of this Contract.

The SPONSOR agrees to comply with the General Conditions and Special Conditions set forth in Appendix F, the FAA Assurances, and the FAA Advisory Circulars, attached hereto and made part hereof.

In addition, the SPONSOR agrees to accomplish the PROJECT in compliance with all applicable FAA Sponsor Certifications.

7. The SPONSOR agrees that the costs reported to MDOT for this Contract will represent only those items that are properly chargeable in accordance with this Contract. The SPONSOR also certifies that it has read the Contract terms and has made itself aware of the applicable laws, regulations, and terms of this Contract that apply to the reporting of costs incurred under the terms of this Contract.

MDOT WILL:

8. Bill the SPONSOR for the SPONSOR's share of the estimated PROJECT COST.

9. Upon receipt of payment requests approved by the SPONSOR, make payment for eligible PROJECT COSTS. MDOT will seek reimbursement from the FAA through the block grant issued to MDOT for funds expended on eligible PROJECT COSTS.

MDOT will not make payment for any PROJECT work prior to receipt of payment from the SPONSOR for the SPONSOR's share of that item of PROJECT work.

10. Make final accounting to the SPONSOR upon completion of the PROJECT, payment of all PROJECT COSTS, and completion of necessary audits. Any excesses or deficiencies will be returned or billed to the SPONSOR.

IT IS FURTHER AGREED THAT:

11. The PROJECT COST participation is estimated to be as shown below and as shown in the attached Exhibit 1. The PROJECT COST participation shown in Exhibit 1 is to be considered an estimate. The actual MDOT, FAA, and SPONSOR shares of the PROJECT COST will be determined at the time of financial closure of the FAA grant.

Federal Share	$260,011
Maximum MDOT Share	$5,186
SPONSOR Share	$5,186
Estimated PROJECT COST	$270,383

12. The PROJECT COST may be met in part with federal funds granted to MDOT by the FAA through the block grant program and in part with MDOT funds. Upon final settlement of the costs, the federal funds will be applied to the federally-funded parts of this Contract at a rate not to exceed ninety-five percent (95%) up to and not to exceed the maximum federal obligation shown in Section 11 or the revised maximum federal obligation set forth in a budget letter, as set forth in Section 13. Those parts beyond the federal funding maximum may be eligible for state funds at a rate not to exceed ninety percent (90%) up to and not to exceed the maximum MDOT obligation shown in Section 11.

For portions of the PROJECT for which only MDOT and SPONSOR funds will be applied to the final settlement, MDOT funds will be at a rate not to exceed ninety percent (90%), and the total MDOT funds applied toward the PROJECT COST may be up to but will not exceed the maximum MDOT obligation shown in Section 11 or the revised maximum MDOT obligation set forth in a budget letter, as set forth in Section 13. Any items of PROJECT COST not funded by FAA or MDOT funds will be the sole responsibility of the SPONSOR.

Alternatively, the PROJECT COST may be met in whole with federal funds granted to MDOT by the FAA through the block grant program. Upon final settlement of the costs, the federal funds will be applied to one hundred percent (100%) of the PROJECT COSTS up to and not to exceed the maximum federal obligation shown in Section 11 or the revised maximum federal obligation set forth in a budget letter, as set forth in Section 13.

MDOT funds in this Contract made available through legislative appropriation are based on projected revenue estimates. MDOT may reduce the amount of this Contract if the revenue actually received is insufficient to support the appropriation under which this Contract is made.

13. The PROJECT COST shown in Section 11 is the maximum obligation of MDOT and federal funds under this Contract. The maximum obligation of MDOT and federal funds may be adjusted to an amount less than the maximums shown in Section 11 through a budget letter issued by MDOT. A budget letter will be used when updated cost estimates for the PROJECT reflect a change in the amount of funds needed to fund all PROJECT COSTS. The budget letter will be signed by the Manager of the Airport Development Section of the Office of Aeronautics.

A budget letter will also be used to add or delete work items from the PROJECT description, provided that the costs do not exceed the maximum obligations shown in Section 11. If the total amount of the PROJECT COST exceeds the maximum obligations shown in Section 11, the PROJECT scope will have to be reduced or a written amendment to this Contract to provide additional funds will have to be awarded by the parties before the work is started.

14. In the event it is determined by MDOT that there will be either insufficient funds or insufficient time to properly administer such funds for the entire PROJECT or portions thereof, MDOT, prior to advertising or authorizing work performance, may cancel the

PROJECT or any portion thereof by giving written notice to the SPONSOR. In the event this occurs, this Contract will be void and of no effect with respect to the canceled portion of the PROJECT. Any SPONSOR deposits on the canceled portion less PROJECT COSTS incurred on the canceled portions will be refunded following receipt of a letter from the SPONSOR requesting that excess funds be returned or at the time of financial closure, whichever comes first.

15. In the event that an audit performed by or on behalf of MDOT indicates an adjustment to the costs reported under this Contract or questions the allowability of an item of expense, MDOT will promptly submit to the SPONSOR a Notice of Audit Results and a copy of the audit report, which may supplement or modify any tentative findings verbally communicated to the SPONSOR at the completion of an audit.

Within sixty (60) days after the date of the Notice of Audit Results, the SPONSOR will (a) respond in writing to the responsible Bureau of MDOT indicating whether or not it concurs with the audit report, (b) clearly explain the nature and basis for any disagreement as to a disallowed item of expense, and (c) submit to MDOT a written explanation as to any questioned or no opinion expressed item of expense (RESPONSE). The RESPONSE will be clearly stated and will provide any supporting documentation necessary to resolve any disagreement or questioned or no opinion expressed item of expense. Where the documentation is voluminous, the SPONSOR may supply appropriate excerpts and make alternate arrangements to conveniently and reasonably make that documentation available for review by MDOT. The RESPONSE will refer to and apply the language of the Contract. The SPONSOR agrees that failure to submit a RESPONSE within the sixty (60) day period constitutes agreement with any disallowance of an item of expense and authorizes MDOT to finally disallow any items of questioned or no opinion expressed cost.

MDOT will make its decision with regard to any Notice of Audit Results and RESPONSE within one hundred twenty (120) days after the date of the Notice of Audit Results. If MDOT determines that an overpayment has been made to the SPONSOR, the SPONSOR will repay that amount to MDOT or reach agreement with MDOT on a repayment schedule within thirty (30) days after the date of an invoice from MDOT. If the SPONSOR fails to repay the overpayment or reach agreement with MDOT on a repayment schedule within the thirty (30) day period, the SPONSOR agrees that MDOT will deduct all or a portion of the overpayment from any funds then or thereafter payable by MDOT to the SPONSOR under this Contract or any other agreement or payable to the SPONSOR under the terms of 1951 PA 51, as applicable. Interest will be assessed on any partial payments or repayment schedules based on the unpaid balance at the end of each month until the balance is paid in full. The assessment of interest will begin thirty (30) days from the date of the invoice. The rate of interest will be based on the Michigan Department of Treasury common cash funds interest earnings. The rate of interest will be reviewed annually by MDOT and adjusted as necessary based on the Michigan Department of Treasury common cash funds interest earnings. The SPONSOR expressly consents to this withholding or offsetting of funds under those circumstances, reserving the right to file a lawsuit in the Court of Claims to contest MDOT's decision only as to any item of expense the disallowance of which was disputed by the SPONSOR in a timely filed RESPONSE.

16. Failure on the part of the SPONSOR to comply with any of the conditions of this Contract may be considered cause for placing the SPONSOR in a state of noncompliance, thereby making the SPONSOR ineligible for future federal and/or state funds until such time as the noncompliance issues are resolved. In addition, this failure may constitute grounds for cancellation of the PROJECT and/or repayment of all grant amounts on a pro rata basis, if the PROJECT has begun. In this section, pro rata means proration of the cost of the PROJECT over twenty (20) years if the PROJECT has not yet begun.

17. Any approvals, acceptances, reviews, and/or inspections of any nature by MDOT will not be construed as warranties or assumptions of liability on the part of MDOT. It is expressly understood and agreed that any such approvals, acceptances, reviews, and/or inspections are for the sole and exclusive purposes of MDOT, which is acting in a governmental capacity under this Contract, and that such approvals, acceptances, reviews, and/or inspections are a governmental function incidental to the PROJECT under this Contract.

Any approvals, acceptances, reviews, and/or inspections by MDOT will not relieve the SPONSOR of its obligations hereunder, nor are such approvals, acceptances, reviews, and/or inspections by MDOT to be construed as warranties as to the propriety of the SPONSOR's performance but are undertaken for the sole use and information of MDOT.

18. With regard to nondiscrimination and Disadvantaged Business Enterprise (DBE) requirements:

a. In connection with the performance of PROJECT work under this Contract, the SPONSOR (hereinafter in Appendix A referred to as the "contractor") agrees to comply with the State of Michigan provisions for "Prohibition of Discrimination in State Contracts," as set forth in Appendix A, dated June 2011, attached hereto and made a part hereof. The SPONSOR (hereinafter in Appendix B referred to as the "contrac-

tor") further agrees to comply with the Civil Rights Act of 1964, being P.L. 88-352, 78 Stat. 241, as amended, being Title 42 USC Sections 1971, 1975a-1975d, and 2000a-2000h-6, and the Regulations of the United States Department of Transportation (49 CFR Part 21) issued pursuant to said Act, including Appendix B, attached hereto and made a part hereof. These provisions will be included in all subcontracts relating to this Contract.

b. The SPONSOR will carry out the applicable requirements of MDOT's DBE program and 49 CFR Part 26, including, but not limited to, those requirements set forth in Appendix C, dated October 1, 2005, attached hereto and made a part hereof.

19. The SPONSOR agrees to require all prime contractors to pay each subcontractor for the satisfactory completion of work associated with the subcontract no later than ten (10) calendar days from the receipt of each payment the prime contractor receives from MDOT or the SPONSOR. The prime contractor also is required to return retainage payments to each subcontractor within ten (10) calendar days after the subcontractor's work is satisfactorily completed. Any delay or postponement of payment from these time frames may occur only upon receipt of written approval from MDOT. These requirements are also applicable to all sub-tier subcontractors and will be made a part of all subcontract agreements.

This prompt payment provision is a requirement of 49 CFR, Part 26, as amended, and does not confer third-party beneficiary right or other direct right to a subcontractor against MDOT. This provision applies to both DBE and non-DBE subcontractors.

The SPONSOR further agrees that it will comply with 49 CFR, Part 26, as amended, and will report any and all DBE subcontractor payments to MDOT with each invoice in the format set forth in Appendix G, dated September 2015, attached hereto and made a part hereof, or any other format acceptable to MDOT.

20. In accordance with 1980 PA 278, MCL 423.321 *et seq.*, the SPONSOR, in the performance of this Contract, will not enter into a contract with a subcontractor, manufacturer, or supplier listed in the register maintained by the United States Department of Labor of employers who have been found in contempt of court by a federal court of appeals on not less than three (3) separate occasions involving different violations during the preceding seven (7) years for failure to correct an unfair labor practice, as prohibited by Section 8 of Chapter 372 of the National Labor Relations Act, 29 USC 158. MDOT may void this Contract if the name of the SPONSOR or the name of a subcontractor, manufacturer, or supplier utilized by the SPONSOR in the performance of this Contract subsequently appears in the register during the performance period of this Contract.

21. With regard to claims based on goods or services that were used to meet the SPONSOR's obligation to MDOT under this Contract, the SPONSOR hereby irrevocably assigns its right to pursue any claims for relief or causes of action for damages sustained by the State of Michigan or MDOT due to any violation of 15 USC, Sections 1 - 15, and/or 1984 PA 274, MCL 445.771 - 445.788, excluding Section 4a, to the State of Michigan or MDOT.

The SPONSOR shall require any subcontractors to irrevocably assign their rights to pursue any claims for relief or causes of action for damages sustained by the State of Michigan or MDOT with regard to claims based on goods or services that were used to meet the SPONSOR's obligation to MDOT under this Contract due to any violation of 15 USC, Sections 1 - 15, and/or 1984 PA 274, MCL 445.771 - 445.788, excluding Section 4a, to the State of Michigan or MDOT as a third-party beneficiary.

The SPONSOR shall notify MDOT if it becomes aware that an antitrust violation with regard to claims based on goods or services that were used to meet the SPONSOR's obligation to MDOT under this Contract may have occurred or is threatened to occur. The SPONSOR shall also notify MDOT if it becomes aware of any person's intent to commence, or of commencement of, an antitrust action with regard to claims based on goods or services that were used to meet the SPONSOR's obligation to MDOT under this Contract.

22. In any instance of dispute and/or litigation concerning the PROJECT, the resolution thereof will be the sole responsibility of the party/parties to the contract that is/are the subject of the controversy. It is understood and agreed that any legal representation of the SPONSOR in any dispute and/or litigation will be the financial responsibility of the SPONSOR.

23. MDOT and the FAA will not be subject to any obligations or liabilities by contractors of the SPONSOR or their subcontractors or any other person not a party to this Contract without its specific consent and notwithstanding its concurrence in or approval of the award of any contract or subcontract or the solicitation thereof.

24. Each party to this Contract will remain responsible for any claims arising out of that party's perfom1ance of this Contract, as provided by this Contract or by law.

This Contract is not intended to increase or decrease either party's liability for or immunity from tort claims.

This Contract is not intended to give, nor will it be interpreted as giving, either party a right of indemnification, either by Contract or at law, for claims arising out of the performance of this Contract.

25. This Contract will be in effect from the date of award (the date of the final signature) through twenty (20) years.

26. In case of any discrepancies between the body of this Contract and any exhibit hereto, the body of the Contract will govern.

27. This Contract will become binding on the parties and of full force and effect upon signing by the duly authorized representatives of the SPONSOR and MDOT and upon adoption of a resolution approving said Contract and authorizing the signature(s) thereto of the respective representative(s) of the SPONSOR, a certified copy of which resolution will be sent to MDOT with this Contract, as applicable.

General Services Department

May 16, 2023

Honorable City Council:

Re: Authorization to rename Lafayette Entrance Park, also known as Park No. 421 located at 1435 E. Jefferson to Elizabeth Gordon Sachs Park.

The General Services Department is requesting authorization from your Honorable Body to rename Lafayette Entrance Park located at 1435 E. Jefferson [Parcel IDs: 07000088-9 & 07000090-2] to honor Elizabeth Gordon Sachs, community activist and founder of the Greening of Detroit.

In 1989, Elizabeth Gordon Sachs founded The Greening of Detroit as a nonprofit organization dedicated to reforestation of the City of Detroit. Gordon Sachs engaged and mobilized Detroit residents, business people and philanthropists raising $100,000 for the first tree planting in 1990 along the median of Larned from I-375 to Mt. Elliott. Thirty-three years later, these trees stand as a testament to her dedication to creating a greener Detroit. Since its inception, the Greening of Detroit has planted 135,000 trees. They maintain the downtown Lafayette Greens Park offering hands on gardening opportunities to volunteers each week. Greening of Detroit also operates a 19-acre tree nursery located in Rouge Park where they grow tree stock for reforestation use and provide specialized workforce training and education programs for youth and adults.

For these reasons, the Greening of Detroit would like to honor the legacy of Elizabeth Gordon Sachs with the park renaming. In support of this renaming, they have aggregated 500+ signatures from community members and others in support of this action.

We respectfully request your authorization to rename Lafayette Entrance Park to Elizabeth Gordon Sachs Park with a Waiver of Reconsideration.

Sincerely,

Legislative Policy Division

June 26, 2023

Honorable City Council:

Re: Resolution in Support of Drive Safe Legislation.

Council Member Gabriela Santiago-Romero requested that the Legislative Policy Division (LPD) draft a resolution urging the Michigan Legislature to pass House Bills 4410, 4411, and 4412 and Senate Bills 0265, 0266, and 0267. These bills are known as Drive SAFE (Safety,

Access, Freedom, and Economy) which will allow individuals above the age of 16 to preregister to vote. The Drive SAFE legislation would allow residents who are unable to show proof of U.S. citizenship or immigration status to obtain a Michigan driver's license and state identification cards.

Please contact us if we can be of any further assistance.

RESOLUTION IN SUPPORT OF DRIVE SAFE LEGISLATION

By Council Member Santiago-Romero:

WHEREAS, The Michigan Legislature has recently introduced House Bills 4410, 4411, 4412, and Senate Bills 0265, 0266, and 0267, also known as Drive SAFE (Safety, Access, Freedom, and Economy); and

WHEREAS, This bill package is meant to allow Michigan residents who are unable to show proof of U.S. citizenship or immigration status to obtain a Michigan driver's license and state identification cards, which was Michigan's practice prior to 2008; and

WHEREAS, The Michigan League for Public Policy (MLPP) estimates that 55,000 of the 110,000 Michigan residents who are unable to prove their legal presence and are of driving age would likely apply for a driver's license if Drive SAFE were to pass[1]; and

WHEREAS, Many Michigan residents are unable to provide proof of legal status for a variety of reasons, whether they are a Deferred Action for Childhood Arrivals (DACA) recipient, an undocumented immigrant, a legal immigrant awaiting verification documents due to bureaucratic administrative delays, citizens born abroad, or foreign adoptees; and

WHEREAS, Regardless of their current immigration status, immigrants and their families contribute to Michigan's vibrant and diverse community in addition to contributing to the state's economy as workers and tax payers; and

WHEREAS, Because of the lack of reliable public transportation in much of Michigan, it is a necessity for most Michigan residents to drive to work, school, church, medical appointments, shop for groceries, and purchase goods and services outside of their immediate areas; and

WHEREAS, Under current state law, Michigan residents who are unable to verify their immigration or citizenship status are prevented from obtaining a driver's license or state identification card, forcing them to either not drive or to drive without a license; and

WHEREAS, Increasing the number of licensed drivers is expected to increase safety for all Michigan drivers, as a study by the American Automobile Association (AAA) shows that unlicensed drivers are far more likely to be involved in a fatal accident and more likely to flee the scene of an accident regardless of the driver's immigration status[2]; and

WHEREAS, Although the potential influx new licensed drivers will create an administrative burden on the state, the MLPP estimates that the 55,000 new licensed drivers will generate $100,000,000 in revenue for the state through licensing and registration fees, gas taxes, and sales taxes on cars and car-related purchases, which does not account for the potential revenue that could result from the drivers' increased mobility and ability to earn wages; and

WHEREAS, Perhaps most importantly, these bills will allow Michigan's immigrant residents to more fully participate in our communities with dignity and without the fear and stigma that results from their inability to obtain a driver's license; and

WHEREAS, Under the proposed legislation package, the Secretary of State is forbidden from sharing any applicant's information with immigration enforcement agencies; and

WHEREAS, Currently, 19 states and the District of Columbia have passed laws similar to Drive SAFE; and

WHEREAS, The Detroit City Council recognizes that allowing Michigan's residents to obtain a driver's license or state ID promotes the interests of public safety, the state economy, and human decency; NOW THEREFORE BE IT

RESOLVED, The Detroit City Council strongly urges the Michigan Legislature to pass House Bills 4410, 4411, 4412, and Senate Bills 0265, 0266, and 0267, also known as Drive SAFE; THEREFORE, BE IT FINALLY

RESOLVED, That the Detroit City Clerk is directed to send this resolution to the Detroit delegations of both the Michigan State House and Senate, in addition to Governor Gretchen Whitmer.

Re: Resolution Establishing Detroit Resident Discount Program for Golf Courses (Revised).

Council President Mary Sheffield requested that the Legislative Policy Division (LPD) draft a resolution establishing a Detroit Resident Discount Program for all city-owned golf courses, similar to the programs that exist in other proximate municipalities.

RESOLUTION ESTABLISHING DETROIT RESIDENT DISCOUNT PROGRAM FOR GOLF COURSES

By COUNCIL PRESIDENT SHEFFIELD:

WHEREAS, According to the Detroit City Charter, the City is responsible for instituting programs, services and activities addressing the needs of our community and providing for the public peace, health and safety of persons living in Detroit; and

WHEREAS, Across the state of Michigan, municipalities commonly provide discounts for their residents at city-owned golf courses; and

WHEREAS, According to a report from the Western Michigan University Journal of Sociology & Social Welfare, the percentage of Detroit residents engaging in adequate physical activity is lower than for Michigan residents generally, which is due to several factors including poor infrastructure and a lack of recreational activities in some Detroit neighborhoods[1]; and

WHEREAS, Individuals who do not engage in adequate physical activity are more likely to experience a wide variety of negative health outcomes over time; and

WHEREAS, The area median income in Detroit is roughly around $30,000, which is significantly lower than in the surrounding areas and in Michigan generally; and

WHEREAS, Providing a resident discount to Detroiters at golf courses owned by the City would help to alleviate some structural barriers for Detroit residents who wish to utilize the City's golf courses but who may not be able to afford current rates; and

WHEREAS, A resident discount at City-owned golf courses would also encourage Detroit residents to engage in more physical activity, which is likely to have a positive impact on public health; NOW THEREFORE BE IT

RESOLVED, The Detroit City Council urges the General Services Department to implement a Detroit resident discount program for all City-owned golf courses; THEREFORE, BE IT FINALLY

RESOLVED, That the Detroit City Clerk is directed to send this resolution to Crystal Perkins, Director of the General Services Department and to Mayor Mike Duggan.

Contract No. 2023-0499
Federal Project No. B-26-0027-4320

MICHIGAN DEPARTMENT OF TRANSPORTATION CITY OF DETROIT CONTRACT FOR A FEDERAL/STATE/LOCAL AIRPORT PROJECT UNDER THE BLOCK GRANT PROGRAM

This Contract is made and entered into between the Michigan Department of Transportation (MDOT) and City Of Detroit (SPONSOR) for the purpose of fixing the rights and obligations of the parties in agreeing to the following undertaking at the Coleman A. Young Municipal Airport, whose associated city is Detroit, Michigan, such undertaking (PROJECT) estimated in detail in Exhibit 1, dated May 25, 2023, attached hereto and made a part hereof.

PROJECT DESCRIPTION: CONDUCT/UPDATE MP STUDY — ALP & NARRATIVE REPORT — PLANNING

Recitals:

The PROJECT is eligible for federal funding under the federal Airport Improvement Program, pursuant to 49 USC 47101 *et seq.,* including 47128; and MDOT has received a block grant from the Federal Aviation Administration (FAA) for airport development projects; and

MDOT is responsible for the allocation and management of block grant funds pursuant to the above noted act; and

Information required by 2 CFR Part 200 is attached to this Contract as Attachment X.

The parties agree that:

1. The term "PROJECT COST," as used herein, is defined in Attachment(s) 5, attached hereto and made a part hereof. The PROJECT COST may also include administrative costs incurred by MDOT in connection with the PROJECT.

THE SPONSOR WILL:

2. Enter into a contract with a consultant for each element of the PROJECT that requires expertise. The consultant will be selected in conformity with FAA Advisory Circular 150/5100-14. MDOT will select the consultant for each element of the PROJECT that involves preparation of environmental documentation. The SPONSOR will select the consultant for all other aspects of the PROJECT. All consultant contracts will be submitted to MDOT for review and approval. Any such approvals will not be construed as a warranty of the consultant's qualifications, professional standing, ability to perform the work being subcontracted, or financial integrity. The SPONSOR will neither award a consultant contract nor authorize the consultant to proceed prior to receiving written approval of the contract from MDOT. Any change to the consultant contract will require prior written approval from MDOT. In the event that the consultant contract is terminated, the SPONSOR will give immediate written notice to MDOT.

3. Make payment to MDOT for the SPONSOR'S share of the PROJECT COSTS within thirty (30) days of the billing date. MDOT will not make payments for any PROJECT work prior to receipt of payment from the SPONSOR for the SPONSOR'S share of that item of the PROJECT work.

Eligible PROJECT COSTS that are paid by the SPONSOR may be submitted for credit toward the SPONSOR'S share of the PROJECT COST provided that they are submitted within one hundred eighty (180) days of the date the costs were incurred or within one hundred eighty (180) days of the date of award of this Contract by the parties, whichever is later. Documentation of the PROJECT

COST will include copies of the invoices on which the SPONSOR will write the amounts paid, the check numbers, the voucher numbers, and the dates of the checks. Each invoice will be signed by an official of the SPONSOR as proof of payment. The amount of the SPONSOR billing will be reduced by the amount of the eligible credit, based on documentation submitted, provided it is submitted prior to the date of the billing. Should it be determined that the SPONSOR has been given credit for payment of ineligible items of work, the SPONSOR will be billed an amount to ensure that the SPONSOR share of PROJECT COSTS is covered.

The SPONSOR pledges sufficient funds to meet its obligations under this Contract.

4. With regard to audits and record-keeping:

a. The SPONSOR will establish and maintain accurate records, in accordance with generally accepted accounting principles, of all expenses incurred for which payment is sought or made under this Contract (RECORDS). Separate accounts will be established and maintained for all costs incurred under this Contract.

b. The SPONSOR will maintain the RECORDS for at least six (6) years from the date of final payment made by MDOT under this Contract. In the event of a dispute with regard to allowable expenses or any other issue under this Contract, the SPONSOR will thereafter continue to maintain the RECORDS at least until that dispute has been finally decided and the time for all available challenges or appeals of that decision has expired.

c. MDOT or its representative may inspect, copy, scan, or audit the RECORDS at any reasonable time after giving reasonable notice.

d. If any part of the work is subcontracted, the SPONSOR will assure compliance with subsections (a), (b), and (c) above for all subcontracted work.

5. Provide and will require its subcontractors to provide access by MDOT or its representatives to all technical data, accounting records, reports, and documents pertaining to this Contract. Copies of technical data, reports, and other documents will be provided by the SPONSOR or its subcontractors to MDOT upon request. The SPONSOR agrees to permit representatives of MDOT to inspect the progress of all PROJECT work at any reasonable time. Such inspections are for the exclusive use of MDOT and are not intended to relieve or negate any of the SPONSOR'S obligations and duties contained in this Contract. All technical data, reports, and documents will be maintained for a period of six (6) years from the date of final payment.

6. In the performance of the PROJECT herein enumerated, by itself, by a subcontractor, or by anyone acting on its behalf, comply with any and all applicable state, federal, and local statutes, ordinances, and regulations. The SPONSOR further agrees to obtain all permits that are applicable to the entry into and the performance of this Contract.

The SPONSOR agrees to comply with the General Conditions and Special Conditions set forth in Appendix F, the FAA Assurances, and the FAA Advisory Circulars, attached hereto and made part hereof.

In addition, the SPONSOR agrees to accomplish the PROJECT in compliance with all applicable FAA Sponsor Certifications.

7. The SPONSOR agrees that the costs reported to MDOT for this Contract will represent only those items that are properly chargeable in accordance with this Contract. The SPONSOR also certifies that it has read the Contract terms and has made itself aware of the applicable laws, regulations, and terms of this Contract that apply to the reporting of costs incurred under the terms of this Contract.

MDOT WILL:

8. Bill the SPONSOR for the SPONSOR'S share of the estimated PROJECT COST.

9. Upon receipt of payment requests approved by the SPONSOR, make payment for eligible PROJECT COSTS. MDOT will seek reimbursement from the FAA through the block grant issued to MDOT for funds expended on eligible PROJECT COSTS.

MDOT will not make payment for any PROJECT work prior to receipt of payment from the SPONSOR for the SPONSOR'S share of that item of PROJECT work.

10. Make final accounting to the SPONSOR upon completion of the PROJECT, payment of all PROJECT COSTS, and completion of necessary audits. Any excesses or deficiencies will be returned or billed to the SPONSOR.

IT IS FURTHER AGREED THAT:

11. The PROJECT COST participation is estimated to be as shown below and as shown in the attached Exhibit 1. The PROJECT COST participation shown in Exhibit 1 is to be considered an estimate. The actual MDOT, FAA, and SPONSOR shares of the PROJECT COST will be determined at the time of financial closure of the FAA grant.

Federal Share	$316,666
Maximum MDOT Share	$8,333
SPONSOR Share	$8.334
Estimated PROJECT COST	$333,333

12. The PROJECT COST may be met in part with federal funds granted to MDOT by the FAA through the block grant program and in part with MDOT

funds. Upon final settlement of the costs, the federal funds will be applied to the federally-funded parts of this Contract at a rate not to exceed ninety-five percent (95%) up to and not to exceed the maximum federal obligation shown in Section 11 or the revised maximum federal obligation set forth in a budget letter, as set forth in Section 13. Those parts beyond the federal funding maximum may be eligible for state funds at a rate not to exceed ninety percent (90%) up to and not to exceed the maximum MDOT obligation shown in Section 11.

For portions of the PROJECT for which only MDOT and SPONSOR funds will be applied to the final settlement, MDOT funds will be at a rate not to exceed ninety percent (90%), and the total MDOT funds applied toward the PROJECT COST may be up to but will not exceed the maximum MDOT obligation shown in Section 11 or the revised maximum MDOT obligation set forth in a budget letter, as set forth in Section 13. Any items of PROJECT COST not funded by FAA or MDOT funds will be the sole responsibility of the SPONSOR.

Alternatively, the PROJECT COST may be met in whole with federal funds granted to MDOT by the FAA through the block grant program. Upon final settlement of the costs, the federal funds will be applied to one hundred percent (100%) of the PROJECT COSTS up to and not to exceed the maximum federal obligation shown in Section 11 or the revised maximum federal obligation set forth in a budget letter, as set forth in Section 13.

MDOT funds in this Contract made available through legislative appropriation are based on projected revenue estimates. MDOT may reduce the amount of this Contract if the revenue actually received is insufficient to support the appropriation under which this Contract is made.

13. The PROJECT COST shown in Section 11 is the maximum obligation of MDOT and federal funds under this Contract. The maximum obligation of MDOT and federal funds may be adjusted to an amount less than the maximums shown in Section 11 through a budget letter issued by MDOT. A budget letter will be used when updated cost estimates for the PROJECT reflect a change in the amount of funds needed to fund all PROJECT COSTS. The budget letter will be signed by the Manager of the Airport Development Section of the Office of Aeronautics.

A budget letter will also be used to add or delete work items from the PROJECT description, provided that the costs do not exceed the maximum obligations shown in Section 11. If the total amount of the PROJECT COST exceeds the maximum obligations shown in Section 11, the PROJECT scope will have to be reduced or a written amendment to this Contract to provide additional funds will have to be awarded by the parties before the work is started.

14. In the event it is determined by MDOT that there will be either insufficient funds or insufficient time to properly administer such funds for the entire PROJECT or portions thereof, MDOT, prior to advertising or authorizing work performance, may cancel the PROJECT or any portion thereof by giving written notice to the SPONSOR. In the event this occurs, this Contract will be void and of no effect with respect to the canceled portion of the PROJECT. Any SPONSOR deposits on the canceled portion less PROJECT COSTS incurred on the canceled portions will be refunded following receipt of a letter from the SPONSOR requesting that excess funds be returned or at the time of financial closure, whichever comes first.

15. In the event that an audit performed by or on behalf of MDOT indicates an adjustment to the costs reported under this Contract or questions the allowability of an item of expense, MDOT will promptly submit to the SPONSOR a Notice of Audit Results and a copy of the audit report, which may supplement or modify any tentative findings verbally communicated to the SPONSOR at the completion of an audit.

Within sixty (60) days after the date of the Notice of Audit Results, the SPONSOR will (a) respond in writing to the responsible Bureau of MDOT indicating whether or not it concurs with the audit report, (b) clearly explain the nature and basis for any disagreement as to a disallowed item of expense, and (c) submit to MDOT a written explanation as to any questioned or no opinion expressed item of expense (RESPONSE). The RESPONSE will be clearly stated and will provide any supporting documentation necessary to resolve any disagreement or questioned or no opinion expressed item of expense. Where the documentation is voluminous, the SPONSOR may supply appropriate excerpts and make alternate arrangements to conveniently and reasonably make that documentation available for review by MDOT. The RESPONSE will refer to and apply the language of the Contract. The SPONSOR agrees that failure to submit a RESPONSE within the sixty (60) day period constitutes agreement with any disallowance of an item of expense and authorizes MDOT to finally disallow any items of questioned or no opinion expressed cost.

MDOT will make its decision with regard to any Notice of Audit Results and RESPONSE within one hundred twenty (120) days after the date of the Notice of Audit Results. If MDOT determines that an overpayment has been made to the SPONSOR, the SPONSOR will repay

that amount to MDOT or reach agreement with MDOT on a repayment schedule within thirty (30) days after the date of an invoice from MDOT. If the SPONSOR fails to repay the overpayment or reach agreement with MDOT on a repayment schedule within the thirty (30) day period, the SPONSOR agrees that MDOT will deduct all or a portion of the overpayment from any funds then or thereafter payable by MDOT to the SPONSOR under this Contract or any other agreement or payable to the SPONSOR under the terms of 1951 PA 51, as applicable. Interest will be assessed on any partial payments or repayment schedules based on the unpaid balance at the end of each month until the balance is paid in full. The assessment of interest will begin thirty (30) days from the date of the invoice. The rate of interest will be based on the Michigan Department of Treasury common cash funds interest earnings. The rate of interest will be reviewed annually by MDOT and adjusted as necessary based on the Michigan Department of Treasury common cash funds interest earnings. The SPONSOR expressly consents to this withholding or offsetting of funds under those circumstances, reserving the right to file a lawsuit in the Court of Claims to contest MDOT's decision only as to any item of expense the disallowance of which was disputed by the SPONSOR in a timely filed RESPONSE.

16. Failure on the part of the SPONSOR to comply with any of the conditions of this Contract may be considered cause for placing the SPONSOR in a state of noncompliance, thereby making the SPONSOR ineligible for future federal and/or state funds until such time as the noncompliance issues are resolved. In addition, this failure may constitute grounds for cancellation of the PROJECT and/or repayment of all grant amounts on a pro rata basis, if the PROJECT has begun. In this section, pro rata means proration of the cost of the PROJECT over twenty (20) years if the PROJECT has not yet begun.

17. Any approvals, acceptances, reviews, and/or inspections of any nature by MDOT will not be construed as warranties or assumptions of liability on the part of MDOT. It is expressly understood and agreed that any such approvals, acceptances, reviews, and/or inspections are for the sole and exclusive purposes of MDOT, which is acting in a governmental capacity under this Contract, and that such approvals, acceptances, reviews, and/or inspections are a governmental function incidental to the PROJECT under this Contract.

Any approvals, acceptances, reviews, and/or inspections by MDOT will not relieve the SPONSOR of its obligations hereunder, nor are such approvals, acceptances, reviews, and/or inspections by MDOT to be construed as warranties as to the propriety of the SPONSOR'S performance but are undertaken for the sole use and information of MDOT.

18. With regard to nondiscrimination and Disadvantaged Business Enterprise (DBE) requirements:

a. In connection with the performance of PROJECT work under this Contract, the SPONSOR (hereinafter in Appendix A referred to as the "contractor") agrees to comply with the State of Michigan provisions for "Prohibition of Discrimination in State Contracts," as set forth in Appendix A, dated June 2011, attached hereto and made a part hereof. July 11, 2023

Honorable City Council:

Re: FCC AFG Burt Road Limited Dividend Housing Association Limited Partnership — Payment in Lieu of Taxes (PILOT).

Full Circle Communities, Inc. has formed FCC AFG Burt Road Limited Dividend Housing Association Limited Partnership in order to develop the Project known as the Dr. Maya Angelou Village. The Permanent Supportive Housing Project is a new construction three-story apartment building that will consist of forty-five (45) family units located in an area bounded by Grand River Avenue on the north, Burt Road on the east, Verne Avenue on the south and Trinity Street on the west.

The Project will include thirty-six (36) 1 bedroom/1 bath apartments, seven (7) 2 bedroom/1 bath and two (2) 3 bedroom/2 bath apartments with intercoms, controlled entry and available free parking. Alternatives for Girls will commit to providing case management on-site and supportive services to all tenants. Amenities will include 3,000 square feet of childcare, a computer learning center, library, activity room, a garden and patio area.

Capitol One, N.A. will provide a construction loan of up to $11,245,000. National Equity Fund Inc will make Capital Contributions of $14,005,599 which includes the purchase of Low Income Housing Tax Credits. The City of Detroit will provide $1,800,000 in Community Development Block Grant CARES Act Funds (CBDG-CV) and $950,000 in American Rescue Plan Act funds (ARPA). Full Circle Communities, Inc. has agreed to defer $550,787 of the developer fee.

Rents for all units have been set at or below 50 percent (50%) of the area median income, adjusted for family size through rent subsidies provided by Michigan State Housing Development Authority (MSHDA) Section 8 vouchers.

All forty-five (45) units will be subject to the PILOT based on Section 15a of the State Housing Development Authority Act of 1966, as amended. In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1966 (P.A. 346 as amended, MCL 125.1415A). Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service charge of ten percent (10%) of the annual net shelter rent obtained from this housing project.

Respectfully submitted,
ALVIN HORHN
Deputy CFO/Assessor

By Council Member Young, II:

Whereas, Pursuant to the provisions of the Michigan State Housing Development Act, Act 346 of the Public Acts of 1966, as amended, being MCL 125.1401 *se seq*. (the "Act"), a request for exemption from property taxes has been received on behalf of Full Circle Communities, Inc. (the "Sponsor"); and

Whereas, A housing project as defined in the Act is eligible for exemption from property taxes under Section 15a of the Act (MCL 125.1415a) if the Michigan State Housing Development Authority ("MSHDA") provides funding for the housing project, or if the housing project is funded with a federally-aided mortgage as determined by MSHDA; and

Whereas, Section 15a of the Act (MCL 125.1415a) provides that the local legislative body may establish by ordinance the service charge to be paid in lieu of taxes, commonly known as a PILOT; and

Whereas, The City of Detroit has adopted Ordinance 9-90, as amended, being Sections 18-9-10 through 18-9-16 of the Detroit City Code to provide for the exemption from property taxes of eligible housing projects and to provide for the amount of the PILOT for said housing projects to be established by resolutions of the Detroit City Council after review and report by the Board of Assessors; and

Whereas, The Sponsor is constructing a housing project to be known as the Dr. Maya Angelou Village, consisting of forty-five (45) units in a three-story building with supportive parking located on one (1) parcel of property owned or to be acquired by the Sponsor as described by street address and tax parcel in Exhibit A to this resolution, with all forty-five (45) units for low and moderate income housing (the "Project"); and

Whereas, The purpose of the Project is to serve low to moderate income persons as defined by Section 15a(7) of the Act, being MCL 125.1415a(7); and

Whereas, MSHDA has provided notice to the Sponsor that it intends to approve federal-aided financing for the Project in the form of Low Income Housing Tax Credits, provided that the Detroit City Council adopts a resolution establishing the PILOT for the Project; and

Whereas, Pursuant to Section 15a of the Act, being MCL 125.1415a(1), the tax exemption is not effective until the Sponsors first obtain MSHDA certification that

the housing project is eligible for exemption, and files an affidavit, as so certified by MSHDA, with the Board of Assessors; and

Whereas, Pursuant to Section 18-9-13(G) of the Detroit City Code, the tax exemption shall be effective on adoption, with the tax exemption and PILOT payment to occur only upon *bona fide* use and physical occupancy by persons and families eligible to move into the project, in accordance with the Act, which must occur as of December 31 of the year preceding the tax year in which the exemption is to begin; Now, Therefore, Be It

Resolved, That in accordance with City Code Section 18-9-13, the Project known as the Dr. Maya Angelou Village as described above is entitled to be exempt from taxation but subject to the provisions of a service charge of ten percent (10%) for payment in lieu of taxes as set forth in Act No. 346 of the Public Acts of 1966, as amended, being MCL 125.1401, *et seq.*; and be it further

Resolved, That the City Clerk furnish to the Office of the Chief Financial Officer – Office of the Assessor two certified copies of this resolution; and be it further

Airport Department Administration

July 5, 2023

Honorable City Council:

Re: Approval and Authorization to Acquire Real Property City Airport — French Road Mini-Take Project. Property: 8273 Mt. Olivet St.; 8245 Dobel; 8220 Nuernberg

The Detroit City Airport hereby requests approval and authorization from your Honorable Body to acquire and purchase 8273 Mt. Olivet St., 8245 Dobel and 8220 Nuernberg (The "Property"), from the individuals and entities as noted in the attached Exhibit A and A-1, as part of the Detroit City Airport — French Road Mini-Take Project ("Project"). In accordance with the requirements of Chapter 2, Article 6, Section 2 of the 2019 Detroit City Code, City Council is required to approve any gift, grant, devise or bequest of real or personal property to be used for any public purpose.

The City of Detroit is pursuing the French Road Mini-Take Project to enhance the safe and efficient operation of the Coleman A. Young International Airport ("City Airport") and to bring the City Airport's runways up to current Federal Aviation Administration ("FAA") standards and guidelines. This includes the acquisition of properties and removal of structures adjacent to City Airport that conflict with FAA setback requirements. These proposed property acquisitions will enhance City Airport protection, reduce environmental impacts, allow for improvements and enhance overall maintenance and City Airport operations.

The Property lies within the Project boundaries, French Rd., Lyford Ave., Gilbo St. and E. McNichols Rd. Any use of the Property by the Detroit City Airport shall be consistent with the allowable uses for which the Property is zoned. The Detroit City Airport shall obtain any zoning compatibility, zoning change or special land use authorizations required.

The purchase price for the Property will be Two Hundred Twenty-Three Thousand Two Hundred Sixty One and 00/100 Dollars ($223,261.00); the price was established based on 125% of appraised market value plus a property tax differential payment, as authorized by law. The purchase price will be paid for using funds previously appropriated to the Detroit City Airport for acquisition purposes.

We, therefore, respectfully request that your Honorable Body approve the acquisition of the Property and authorize the City to acquire the Property from the individuals and entities noted, as listed in the attached Exhibit A and A-1, for the amount of Two Hundred Twenty-Three

Thousand Two Hundred Sixty One and 00/100 Dollars ($223,261.00), by adopting the attached resolution with a Waiver of Reconsideration.

Respectfully submitted,
JASON WATT
Director
Detroit City Airport

By Council President Pro Tem. Tate:

Whereas, The City of Detroit ("City") through the City of Detroit Airport ("Airport") wishes to purchase and acquire that certain property, 8273 Mt. Olivet, 8245 Dobel and 8220 Nuernberg, located within the City of Detroit, MI, from the individuals and entities as noted in the attached Exhibit A and A-1 ("the Property"), for the sum of Two Hundred Twenty Three Thousand Two Hundred Sixty One and 00/100 Dollars ($223,261.00); and

Whereas, The Property is to be acquired as part of the Coleman A. Young International Airport French Road Mini-Take Project. The purpose of the Project is to enhance the safe and efficient operation of the Airport and to bring the Airport runways up to current Federal Aviation Administration ("FAA") standards and guidelines; and

Now, Therefore, Be It

Resolved, That City Council hereby approves acquisition of the Property and payment to the individuals and entities, as noted in the attached Exhibit A, in the amount of Two Hundred Twenty Three Thousand Two Hundred Sixty One and 00/100 Dollars ($223,261.00) as the purchase price of the Property, and payment of customary closing costs from funds appropriated to the Detroit City Airport for acquisition purposes, Appropriation No. 13717, and be it further

Resolved, That Detroit City Council hereby approves acquisition of the Property, listed in the attached Exhibit A and A-1, from the individuals and entities noted, provided that prior to any such acquisition, the City conduct an environmental inquiry of the Property and, if required, an environmental assessment, to be reviewed by the Building, Safety Engineering and Environmental Department; and be it further

Resolved, That Detroit City Council finds and declares that (1) acquisition of the Property is necessary to promote the health, safety and welfare of the public and (2) that the preservation of the public health safety and welfare outweighs the cost of the environmental inquiry and assessment, and therefore, waives the requirement that the seller bear the cost of the environmental inquiry and assessment for the Property; and be it further

Resolved, That in accordance with the foregoing communication, the Director of the Detroit City Airport, or his/her authorized designee, he and is hereby authorized to (1) accept and record a deed to the Property, more particularly described in the attached Exhibit A and A-1, and such other documents as may be necessary to effectuate the transfer of the Property from those individuals and entities as listed in the attached Exhibit A and A-1, for the amount of Two Hundred Twenty Three Thousand Two Hundred Sixty One and 00/100 Dollars ($223,261.00) and (2) to pay the cost of any owner's policy of title insurance, record any deeds granting title to the Property to the City of Detroit, and such other necessary and/or customary closing costs payable in connection with the acquisition of the Property; and be it further

Resolved, That the Finance Director be and is hereby authorized to increase the necessary accounts and honor expenditures and vouchers, when presented in accordance with the foregoing communication and standard City procedures; and be it further

Resolved, That upon acquisition of the Property, the Property shall be placed under the jurisdiction of Detroit City Airport for use, operation and further development; and Be It Finally

Resolved, That the Director of the Detroit City Airport, or his/her authorized designee, be and is hereby authorized to execute any required instruments to make or incorporate technical amendments or changes to the deed and such other documents as may be necessary to effectuate the transfer (including but not limited to corrections to or confirmations of legal descriptions, or timing of tender of possession of particular parcels) in the event that changes are required to correct minor inaccuracies or are required due to unforeseen circumstances or technical matters that may arise prior to the conveyance of the Properties, provided that the changes do not materially alter the substance or terms of the transfer.

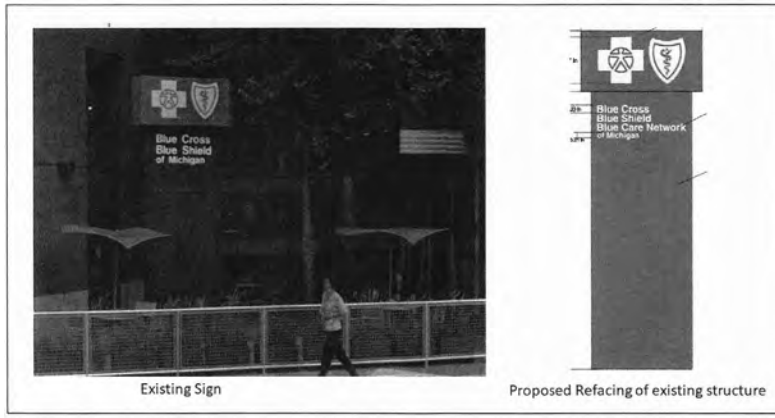
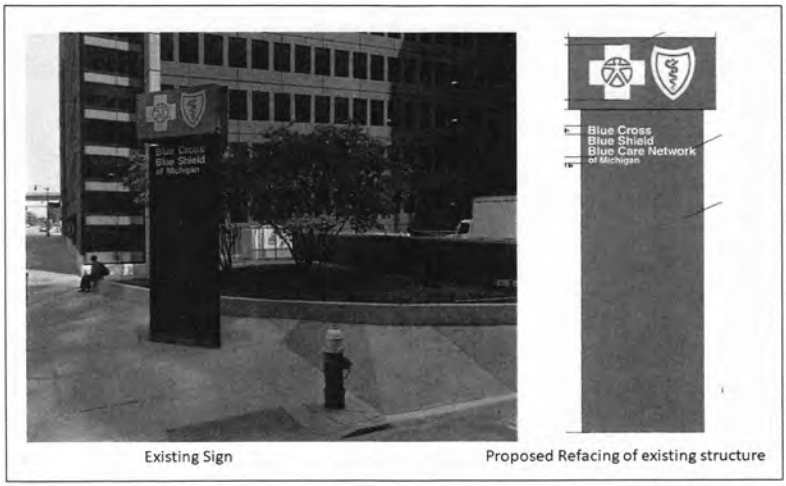
Re: Request of Araneae, Inc. on behalf of Blue Cross Blue Shield of Michigan for PCA (Public Center Adjacent) Special District Review of proposed sign alterations at 415 East Jefferson Avenue. **(RECOMMEND APPROVAL)**

REQUEST

The City Planning Commission (CPC) has received a request from Araneae, Inc. on behalf of Blue Cross Blue Shield of Michigan for PCA (Public Center Adjacent) Special District Review of the alteration of three existing signs located at 415 East Jefferson Avenue. This request is being made consistent with the provisions of Section 50-3-222 of the Detroit Zoning Ordinance.

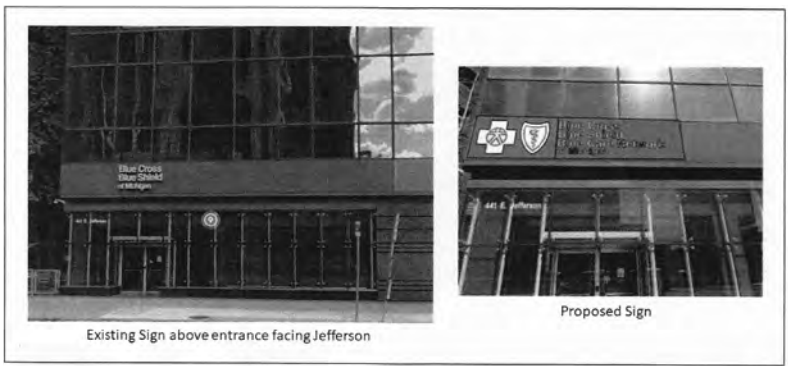


Subject property



PROPOSED PROJECT

Blue Cross Blue Shield is proposing to update three existing signs at its property located at the northwest corner of East Jefferson and Beaubien. Two of the signs are monument style signs and one is a wall sign. The proposed alterations are minimal and comply with the regulations of Chapter 4 of the City Code, Advertising and Signs (informally known as the sign ordinance).



The first sign is a monument sign located adjacent to East Jefferson on the south side of the building. The proposal is to remove the existing letters and faces, patch the holes, and install new letters and faces. A comparison of the existing and proposed signs is below:

The second sign is a monument sign located at the southeast corner of Larned and Brush Streets near the rear corner of the parking garage. Similar to the first sign, the proposal is to remove the existing letters and faces, patch the holes, and install new letters and faces. A comparison of the existing and proposed signs is below:

The third sign is a wall sign located on the south façade facing Jefferson Avenue above the building's entrance. The proposed sign is composed of internally-illuminated channel letters mounted to an aluminum panel. A comparison of the existing and proposed signs is below:

REVIEW AND ANALYSIS — *PCA District Review Criteria*

There are eighteen PCA District Review Criteria listed in Section 50-11-97 of the Zoning Ordinance. The relevant criteria follow with staff analysis in italics:

They convey needed information to both vehicles and pedestrians.*

Re: Application for an Obsolete Property Rehabilitation Certificate by St. Agnes Lofts, LLC (1967 La Salle Gardens) Public Act 146 of 2000. **Petition #1531-D**

The Obsolete Property Rehabilitation Act (OPRA), Public Act 146 of 2000, provides for a tax incentive to encourage the redevelopment of obsolete buildings. This tax incentive is designed to assist in the redevelopment of older buildings, which are contaminated, blighted or functionally obsolete, and to return them to the tax rolls.

St. Agnes Lofts, LLC, is the project developer of the property at 1967 S. La Salle Gardens, which is located in the La Salle Gardens area of Detroit. The project consists of the redevelopment of the former St. Agnes/Martyrs of Uganda Church & School campus, which has been vacant since 2006. The former Roman Catholic church was notable for hosting Mother Teresa in 1979, when she established a Missionaries of Charity convent at the church.

The developer plans to renovate the abandoned and vacant residential building, which has been vacant since 2007. The proposed project consists of rehabilitating the residence, which was constructed in 1916, into two three-bedroom apartments. The building will undergo major renovations including the reconfiguration of the layout, all major mechanical, HVAC, plumbing and electrical systems replacement, new windows and doors, structural repairs, and facade improvements. This particular project is one of the elements of a larger development on the St. Agnes/Martyrs of Uganda Church campus site.

Re: Application for an Obsolete Property Rehabilitation Certificate by St. Agnes Lofts, LLC (1950 Bethune) Public Act 146 of 2000. **Petition# 1531-C**

The Obsolete Property Rehabilitation Act (OPRA), Public Act 146 of 2000, provides for a tax incentive to encourage the redevelopment of obsolete buildings. This tax incentive is designed to assist in the redevelopment of older buildings, which are contaminated, blighted or functionally obsolete, and to return them to the tax rolls.

St. Agnes Lofts, LLC, is the project developer of the property at 1950 W. Bethune, which is located in the La Salle Gardens area of Detroit. The project consists of the redevelopment of the former St. Agnes/Martyrs of Uganda Church & School campus, which has been vacant since 2006. The former Roman Catholic church was notable for hosting Mother Teresa in 1979, when she established a Missionaries of Charity convent at the church.

The developer plans to renovate the abandoned and vacant building, on one parcel totaling approximately 0.23 acres and has a 1,500 square foot improved building, located at 1950 W. Bethune. The building was constructed in 1917, to function as the powerhouse for the campus. The improved building formerly housed the boilers that provided heat to the church campus. The proposed project consists of rehabilitating the building into one approximately 1,500 square foot commercial cafe/coffee house space. The building will undergo major renovations including a reconfigured layout, all major mechanical, HVAC, plumbing and electrical systems replacements, new windows and doors, structural repairs, and façade improvements. This particular project is one of the elements of a larger development on the St. Agnes/Martyrs of Uganda Church campus site.

Honorable City Council:

Re: 10:35 Public Hearing Application for an Obsolete Property Rehabilitation Certificate by St. Agnes Lofts, LLC (1945 La Salle Gardens) Public Act 146 of 2000. **Petition #1531-B**.

The Obsolete Property Rehabilitation Act (OPRA), Public Act 146 of 2000, provides for a tax incentive to encourage the redevelopment of obsolete buildings. This tax incentive is designed to assist in the redevelopment of older buildings, which are contaminated, blighted or functionally obsolete, and to return them to the tax rolls.

St. Agnes Lofts, LLC, is the project developer of the property at 1945 La Salle Gardens, which is located in the La Salle Gardens area of Detroit. The project consists of the redevelopment of the former St. Agnes/Martyrs of Uganda Church & School campus, which has been vacant since 2006. The former Roman Catholic church was notable for hosting Mother Teresa in 1979, when she established a Missionaries of Charity convent at the church.

The developer plans to renovate the abandoned and vacant building, located at 1945 La Salle Gardens. The proposed project consists of rehabilitating one three-story religious structure on one parcel totaling 0.28 acres, consisting of 9,229 square feet and built in 1900, into 23 units, with 13 affordable units (56.5%) at 50%-80% AMI. The building is currently uninhabitable with holes in the roof, fallen plaster and masonry, boarded and missing windows, and inoperable utilities. The building will undergo major renovations including a new roofing system installation, plumbing and electrical systems replacements, new windows, new kitchens and bathrooms with new appliances, structural repairs, and facade improvements. This particular project is one of the elements of a larger development on the St. Agnes/Martyrs of Uganda Church campus site.

Project Description	
The St. Agnes Lofts project will consist of a $14.8 million renovation of the former St. Agnes Church & School campus. The project site is located in the LaSalle Gardens Neighborhood and is walking distance to Henry Ford Hospital, the Motown Museum, and LaSalle Park. Upon completion, the St. Agnes Lofts property will be reactivated into a mixed-use project with over 25,000 square feet of commercial space and 91 residential rental units — 85% of which will be designated affordable at 60%-80% AMI. The current state of the project site contains deteriorating buildings that will require repair and selective demolition. Substantial investment is necessary to rehabilitate the area into a viable, long-term development. The costs associated with the full rehabilitation are prohibitive, and the development would not be possible without the Obsolete Property Rehabilitation Certificate. Re: 10:15 Public Hearing Application for an Obsolete Property Rehabilitation Certificate by St. Agnes Lofts, LLC (7625 Rosa Parks) Public Act 146 of 2000 **Petition# 1531-F**.

The Obsolete Property Rehabilitation Act (OPRA), Public Act 146 of 2000, provides for a tax incentive to encourage the redevelopment of obsolete buildings. This tax incentive is designed to assist in the redevelopment of older buildings, which are contaminated, blighted or functionally obsolete, and to return them to the tax rolls.

St. Agnes Lofts, LLC, is the project developer of the property at 7625 Rosa Parks Blvd., which is located in the La Salle Gardens area of Detroit. The project consists of the redevelopment of the former St. Agnes/Martyrs of Uganda Church & School campus, which has been vacant since 2006. The former Roman Catholic church was notable for hosting Mother Teresa in 1979, when she established a Missionaries of Charity convent at the church.

The developer plans to renovate the abandoned and vacant building, located at 7625 Rosa Parks. The proposed project consists of rehabilitating the building into two commercial spaces totaling 24,000 sq. ft., proposed to include a brewery and an urban market. The exterior of the building will include improved landscaping and enhanced site connectivity to the Rosa Parks Boulevard/12th Street corridor and the La Salle Gardens Neighborhood to become an anchor point for cultural and commercial exchanges. The building will undergo major renovations including structural repairs and replacement of roofing materials, doors, and windows to secure the property against additional scrapping and the weather elements. The building will also receive new utilities including electrical and plumbing distribution systems and new energy efficient heating, cooling and ventilation systems. This particular project is one of the elements of a larger development on the St. Agnes/Martyrs of Uganda Church campus site.

Project Description	
The St. Agnes Lofts project will consist of a $14.8 million renovation of the former St. Agnes Church & School campus. The project site is located in the LaSalle Gardens Neighborhood and is walking distance to Henry Ford Hospital, the Motown Museum, and LaSalle Park. Upon completion, the St. Agnes Lofts property will be reactivated into a mixed-use project with over 25,000 square feet of commercial space and 91 residential rental units — 85% of which will be designated affordable at 60%-80% AMI. The current state of the project site contains deteriorating buildings that will require repair and selective demolition. Substantial investment is necessary to rehabilitate the area into a viable, long-term development. The costs associated with the full rehabilitation are prohibitive, and the development would not be possible without the Obsolete Property Rehabilitation Certificate. For the purpose of economic impact reporting, the investment and tax incentive have been broken out per site. The overall project investment is $14.8M; total acquisition $783K, total hard costs $11.67M, total soft costs $2.36M. The total value of the OPRA abatement to the city is estimated at $880,747. Housing and Revitalization Department

July 11, 2023

Honorable City Council:

Re: (Correction) Request to Accept and Appropriate the Choice Neighborhoods Implementation Supplemental Grant from the U.S. Department of Housing and Urban Development (HUD).

The U.S. Department of Housing and Urban Development ("HUD") has awarded the City of Detroit ("City"), through its Housing and Revitalization Department ("HRD"), a Choice Neighborhoods Implementation Supplemental Grant in the total amount of $5,000,000.00 ("CNI Grant"). The City must meet a five percent (5%) matching requirement that HRD intends to satisfy by investing a minimum of $250,000 in federal HOME Investment Partnership Program funds (Appropriation #10821) into the redevelopment of Clement Kern Gardens, the

target housing site for the Choice Neighborhoods grant within the City's Greater Corktown Neighborhood, subject to applicable underwriting and environmental review requirements.

A resolution was previously submitted and approved by City Council on May 30, 2023, to authorize the increase of appropriation number 20971. We are requesting to correct the previous acceptance resolution and now to accept and increase appropriation number 21270.

The objective of the CNI Supplemental Grant will be to support the transformation of a locally planned and defined geographic area that contains a severely distressed HUD-assisted site into a thriving mixed income and mixed-use community. The CNI Supplemental Grant was awarded to the City specifically to address construction of mixed-income Choice Neighborhoods housing developments in the Greater Corktown Neighborhood, which is generally bounded by M-10, West Fort St., 8th Street, the Detroit River, Rosa Parks Boulevard, West Lafayette Boulevard, 16th Street, the former Canada Pacific Railway, I-75, Martin Luther King Jr. Boulevard, and Grand River Avenue.

If approved, the $5,000,000.00 in CNI Supplemental Grant funding received from HUD will be accepted and appropriated by the City in Appropriation No. 21270.

We hereby request that your Honorable Body approve the attached resolution for the CNI Supplemental Grant as administered by HRD.

Respectfully Submitted,

July 11, 2023

Honorable City Council:

Re: Sale of Wayne County Tax Foreclosed Occupied Homes.

Under the General Property Tax Act (1893 PA 206) (the "Act"), the City of Detroit ("City") has an annual right of refusal to acquire tax foreclosed property from Wayne County ("County") upon payment of a minimum bid or fair market value as determined by the County pursuant to the Act. Such right of refusal allows the City to acquire tax foreclosed properties prior to any sale by the County through auction.

In 2017, the City instituted a pilot program to help stabilize Detroit neighborhoods by providing assistance to those who found themselves occupying a tax foreclosed home (the "Program"). Under the Program, the City acquires certain residential properties that are tax foreclosed by Wayne County and occupied by qualified Program participants vetted by the United Community Housing Coalition ("UCHC"). The City then transfers such residential properties to UCHC for potential transfer to the Program participants.

The success of the Program has helped occupants remain in their homes and worked to stabilize the surrounding community by eliminating the potential for further blight in the respective neighborhoods. Administration of the Program by UCHC has been supported by philanthropic funding and assistance from the Rocket Community Fund, City of Detroit, United Way of SE Michigan, Ford Foundation, JP Morgan Chase, DTE Foundation and others.

UCHC is a Michigan nonprofit corporation that specializes in homeless prevention and has worked with the City through Community Development Block Grant (CDBG) and Emergency Solutions Grant (ESG) funding programs to provide tenants with eviction and other landlord/tenant related assistance, homeless individuals/families with housing assistance and homeowners with mortgage, tax foreclosure and other housing support. UCHC provides housing assistance at all stages, however, its programs are particularly aimed at preventing low-income households from losing their homes by eviction or foreclosure.

To qualify for the Program, residents must either be renters, victims of property scams, those with unsolvable probate issues or those who would have qualified for property tax reductions as verified by the City Assessor. The Program requires participants to sign a statement of commitment to purchase the home for the price paid by the City to Wayne County plus UCHC administrative costs, establish an escrow account with UCHC, pass a police clearance to determine if they were a problem in the neighborhood, agree to and pass a home inspection by UCHC. In addition, participants must agree to occupy the home as their primary residence and continue to live there. The Program also has a zero percent (0%) interest, 12-18 month, land contract option for those participants unable to meet the purchase price requirements. Monthly payment amounts are affordable to each household.

From 2017-2022, 1397 properties have

been transferred to UCHC as a result of the Program. 1359 Program participants have paid in full or are under land contract. Due to the pandemic, UCHC has been flexible and extended payback periods with the remaining participants who have faced financial hardship.

For 2023, the City wishes to capitalize on the success of the Program by transferring to UCHC additional tax foreclosed residential properties acquired by the City under its 2023 right of refusal. UCHC will purchase the properties from the City at the City's acquisition cost, with funding support provided its partners.

At or around the end of July 2023, UCHC will provide the City with a list of residential Program properties (the "Properties") that the City will acquire from the County under its 2023 right of refusal. The City and UCHC will close in escrow for the Properties, with the sales price being the amount of funds required by the County for the City to acquire the Properties under the right of refusal ("Purchase Price"). The City will be allowed, pursuant to an escrow agreement, to release UCHC's purchase money from escrow for purposes of paying the Purchase Price to acquire the Properties from the County. Upon transfer of title from the County to the City, the City's deeds for the Properties will be released from escrow to UCHC.

The attached resolution includes a full list of all the properties available to the City from the County — from which UCHC will select specific Properties for the Program.

We, therefore, respectfully request that your Honorable Body adopt the attached resolution that: 1) authorizes the City to transfer the Properties to UCHC for the Purchase Price listed in Exhibit A to the resolution, 2) authorizes the City to utilize the purchase money from UCHC to acquire the Properties from the County under the City's 2023 right of refusal and 3) authorizes the City to acquire the Properties.

Respectfully submitted,
ANTOINE BRYANT
Director

By Council President Pro Tem. Tate:

Resolved, In accordance with the foregoing communication and in furtherance of the City of Detroit's initiatives to help stabilize neighborhoods and combat blight, the City of Detroit ("City") wishes to transfer certain occupied foreclosed homes acquired from Wayne County ("County") through the City's 2023 right of refusal (the "Properties") to the United Community Housing Coalition ("UCHC"), a Michigan nonprofit corporation; and

Resolved, UCHC will then transfer the Properties to current occupants that qualify under UCHC's program to help stabilize Detroit neighborhoods by providing assistance to those who found themselves occupying a tax foreclosed home (the "Program"); and

Resolved, Attached hereto in Exhibit A is a comprehensive list of all real property available to the City under the 2023 right of refusal (the "2023 ROR List") that includes the acquisition cost to the City (minimum bid or fair market value) for each respective property as determined by the County ("Purchase Price"); and

Resolved, UCHC will provide the City with a list of the residential Properties chosen from the 2023 ROR List that UCHC wishes to acquire from the City in furtherance of the Program; now therefore be it

Resolved, The City is hereby authorized to sell any and all Properties to UCHC for the Purchase Price as determined by the County in such 2023 ROR List, in support of eliminating blight and stabilizing neighborhoods in the City of Detroit; and be it further

Resolved, That conveyance of the Properties to UCHC may be on multiple quit claim deeds that shall each reflect the Purchase Price for the portion of Properties conveyed in the respective quit claim deed; and be it further

Resolved, That the Director of the Planning and Development Department, or his authorized designee, is authorized to execute quit claim deeds to the Properties, as well as execute such other documents as may be necessary or convenient to effect the transfer of the Properties to UCHC consistent with this resolution; and be it further

Resolved, That sale of the Properties to UCHC may close in escrow prior to the City's acquisition of the Properties from the County; and be it further

Resolved, That the City is hereby authorized to acquire the Properties from the County; and be it further

Resolved, That the City may utilize the purchase money from UCHC that is held in escrow to acquire the Properties from the County; and be it finally

Resolved, That the Director of the Planning and Development Department, or his/her authorized designee, be and is hereby authorized to execute any required instruments to make or incorporate technical amendments or changes to the deeds and such other documents as may be necessary to effectuate the sale (including but not limited to corrections to or confirmations of legal descriptions, or timing of tender of possession of particular parcels) in the event that changes are required to correct minor inaccuracies or are required due to unforeseen circumstances or technical matters that may arise prior to the conveyance of the Properties, provided that the changes do not materially alter the substance or terms of the transfer and sale.

A waiver of reconsideration is requested.

Honorable City Council:

Re: Property Sale — 5031 and 5037 E. Nevada, Detroit, MI 48234.

The City of Detroit, Planning and Development Department ("P&DD") has received an offer from Alan Odisho ("Purchaser"), to purchase certain City-owned real property at 5031 and 5037 E. Nevada (the "Properties"). The Properties will be conveyed to the Purchaser for the purchase price of Six Thousand and 00/100 Dollars ($6,000.00).

Alan Odisho recently purchased 5021 and 5027 E. Nevada. Together, along with the prospective purchase of the City-owned Properties, he wishes to develop and open a vegan restaurant to provide access to healthier food options for Northeast Detroit residents. The Properties are located within a B4 zoning district (General Business District). Purchaser's proposed use of the Properties as a restaurant without drive-through facilities is by-right, and their use of the property will be consistent, and comply, with the allowable uses for which the Properties are zoned.

We request that your Honorable Body adopt the attached resolution to authorize the Director of P&DD to execute a quit claim deed and such other documents as may be necessary or convenient to effectuate a transfer of the Properties by the City to Alan Odisho.

Respectfully submitted,
ANTOINE BRYANT
Director

By Council President Pro Tem. Tate:

Now, Therefore, Be It Resolved, That Detroit City Council hereby approves of the sale of certain real property at 5031 and 5037 E. Nevada, Detroit, MI (the "Properties"), as more particularly described in the attached Exhibit A incorporated herein, to Alan Odisho ("Purchaser"), for the purchase price of Six Thousand and 00/100 Dollars ($6,000.00); and be it further

Resolved, That the Director of the Planning and Development Department, or his authorized designee, is authorized to execute a quit claim deed and other such documents necessary or convenient to effect transfer of the Properties to Purchaser consistent with this resolution; and be it further

Resolved, That the following Property Sales Services Fees be paid from the sale proceeds pursuant to the City's Property Management Agreement with the Detroit Building Authority ("DBA"): 1) Two Thousand Five Hundred and 00/100 Dollars ($2,500.00) shall be paid to the DBA from the sale proceeds, 2) Three Hundred and 00/100 Dollars ($300.00) shall be paid to the DBA's real estate brokerage firm from the sale proceeds and 3) customary closing costs up to Two Hundred and 00/100 Dollars ($200.00) as well as any taxes and assessments which have become a lien on the Properties; and be it further

Resolved, That the P&DD Director, or his authorized designee, is authorized to execute any required instruments to make and incorporate technical amendments or changes to the quit claim deed (including but not limited to corrections to or confirmations of legal descriptions, or timing of tender of possession of particular parcels) in the event that changes are required to correct minor inaccuracies or are required due to unforeseen circumstances or technical matters that may arise prior to the conveyance of the Properties, provided that the changes do not materially alter the substance or terms of the transfer and sale; and be it finally

Resolved, That the quit claim deed will be considered confirmed when executed by the P&DD Director, or his authorized designee, and approved by the Corporation Counsel as to form.

Honorable City Council:

Re: Property Sale — 7800, 7821 Bacon Street.

The City of Detroit, Planning and Development Department ("P&DD") has received an offer from The Michigan Department of Transportation ("MDOT") to purchase certain City-owned real property at 7800 and 7821 Bacon Street (the "Property") for the purchase price of Fourteen Thousand Seven Hundred Eighteen and 00/100 Dollars ($14,718.00).

The Property is located near the intersection of West End St. and Bacon St.,

south of I-75 (Fisher Fwy). It is zoned M4 (Intensive Industrial District) and consists of vacant land measuring a total of approximately 5,500 square feet. MDOT wishes to acquire the Property to facilitate the relocation of the nearby rail spur, in the vicinity of the Gordie Howe International Bridge ("GHIB") Port of Entry.

Currently, trains serving the steel plant on Zug Island, or the cement silo at the waterfront, have to back their way down the existing rail spur. Several streets are blocked whenever this maneuvering occurs. The construction of the new spur will alleviate this problem, as the back-and-forth maneuver will no longer be necessary. This benefits the neighborhood as the local streets will not be blocked, access to the GHIB US Port of Entry for individuals arriving departing via I-75 will not be inhibited and emergency service vehicles will not be disrupted.

We, therefore, request that your Honorable Body adopt the attached resolution with a Waiver of Reconsideration and authorize the Director of P&DD, or his or her authorized designee to execute a quit claim deed and such other documents as may be necessary or convenient to effect a transfer of the Property by the City to The Michigan Department of Transportation.

Respectfully submitted,

Resolved, That the Director of the Planning and Development Department, or his or her authorized designee, is authorized to execute a quit claim deed and other such documents necessary or convenient to effect transfer of the Property to the Purchaser consistent with this resolution; and be it further

The DLBA is now in receipt of an offer from The Michigan Department of Transportation ("MDOT") to enter into an option to purchase 7806 and 7817 Bacon St. ("the Property") acquired by the DLBA (as described in the attached Exhibit A). Re: Property Sale — 2488 Meldrum and 6423, 6427, 6435, and 6439 Waterloo, Detroit, MI 48207.

The City of Detroit, Planning and Development Department (“P&DD”) has received an offer from Downtown Boxing Gym Youth Program (“Purchaser”), a Michigan nonprofit corporation, to purchase certain City-owned real property at 2488 Meldrum and 6423, 6427, 6435, and 6439 Waterloo (the “Properties”). The Properties will be conveyed to Purchaser for the purchase price of Twenty-Six Thousand and 00/100 Dollars ($26,000.00).

The Downtown Boxing Gym Youth Program (alternatively “DBG”) is a Detroit-based nonprofit, which operates a youth academic and athletic after-school program focused on providing a safe, nurturing, and empowering environment to assist Detroit-based students in achieving academic success at absolutely no cost to the students or their families. Since their founding in 2007, the program has assisted hundreds of young Detroiters and boasts a 100% high school graduation rate of all its participants. Program alumni have gone on to enjoy careers as Doctors, Lawyers, Engineers, Scientists, Artists, and Entrepreneurs. Cur-

rently, the Purchaser is in the process of expanding their program. They have over 1,000 students on their waitlist, and wish to grow to accommodate even more youngsters. DBG currently owns several adjacent parcels and wishes to acquire the Properties to be able to expand their building, as well as to provide additional parking for parents, volunteers, and staff members.

The Properties are within an M4 zoning district (Intensive Industrial District). Purchaser's proposed use of these parcels for parking is by-right. Additionally, use of the Properties to expand the DBG building footprint or to erect new DBG structures to be utilized as part of the youth program are conditional and will require the Purchaser to obtain appropriate conditional land use approvals. The final use of any and all of the parcels will comply with all zoning ordinance and be consistent with the uses for which the Properties are zoned.

We request that your Honorable Body adopt the attached resolution to authorize the Director of P&DD to execute a quit claim deed and such other documents as may be necessary or convenient to effectuate a transfer of the Properties by the City to Jessica Hauser.

Honorable City Council:

Re: Acquisition of Wayne County Tax Foreclosed Properties Right of Refusal 2023.

Under the General Property Tax Act (1893 PA 206) (the "Act"), the City of Detroit ("City") has an annual right of refusal to acquire tax foreclosed property from Wayne County (the "County"), upon payment of a minimum bid or market value as determined by the County pursuant to the Act ("Purchase Price"). Such right of refusal allows the City to acquire tax foreclosed properties prior to any sale by the County through auction.

Based on the City's review of the properties available from the County, the City has identified certain properties that we wish to acquire (the "ROR Properties") for the purposes of stabilizing communities and curtailing the potential for further blight in the City of Detroit. Provided with the attached resolution is a list of the ROR Properties that includes a total Purchase Price. Funding for this proposed acquisition was included in the Housing and Revitalization Department budget approved by your Honorable Body for this current 2023-24 Fiscal Year.

We hereby respectfully request that your Honorable Body adopt the attached resolution that authorizes the City to acquire the ROR Properties from the County for the Purchase Price.

Respectfully submitted,
ANTOINE BRYANT
Director
Planning and Development Department
JULIE M. SCHNEIDER
Housing and Revitalization Department

By Council President Pro Tem. Tate:

Whereas, The General Property Tax Act (1893 PA 206) (the "Act") allows the City of Detroit ("City") an annual right of refusal to acquire tax foreclosed property from Wayne County (the "County") upon the City's payment of a minimum bid or market value as determined by the County pursuant to the Act; and

Whereas, The County has provided the City with a 2023 list of available properties that is updated by the County from time to time (the "2023 ROR List"); and

Whereas, The City will utilize funds from Housing and Revitalization Department Appropriation No. 20507 (FY24) to acquire properties from the County under the aforementioned right of refusal (the "Acquisition Funds"); and

Whereas, Attached hereto in Exhibit A is a list of the properties that the City wishes to acquire (the "2023 ROR Properties") through its right of refusal for the purchase price stated by Wayne County for each respective property on the list (the "Purchase Price"); now therefore be it

Resolved, That Detroit City Council hereby approves acquisition of the 2023 ROR Properties from the County in exchange for the City's payment of the Purchase Price; and be it further

Resolved, That Detroit City Council finds and declares that acquisition of the 2023 ROR Properties necessary to preserve and promote the public health, safety and welfare of the City of Detroit, therefore the City Council hereby approves of the acquisition of the 2023 ROR Properties without any further contingent requirements; and be it further

Resolved, That the Purchase Price shall be paid by the City with funds from Appropriation No. 20507 FY(24); and be it further

Resolved, That in the event the County modifies the 2023 ROR List prior to July 30, 2023 by either adding or removing properties from such list, then the P&DD Director may modify the final 2023 ROR Properties by either adding or removing properties at the P&DD Director's sole discretion provided that the total Purchase Price docs not exceed the Acquisition Funds amount; and be it further

Resolved, That in accordance with the foregoing, the P&DD Director, or his authorized designee, be and is hereby authorized to accept and record deeds to the City of Detroit for the 2023 ROR Properties, as well as execute any such other documents as may be necessary to effectuate transfer of the 2023 ROR Properties from the County to the City of Detroit for the Purchase Price; and

Be It Finally Resolved, That the Finance Director is hereby authorized to increase the necessary accounts and honor expenditures and vouchers when presented in accordance with the foregoing communication and standard City procedures.

July 5, 2023

Honorable City Council:

Re: Resolution Supporting Proposed Legislation Banning Source of Income Discrimination

Council Member Angela Whitfield-Calloway requested that the Legislative Policy Division (LPD) draft a resolution

supporting proposed legislation banning source of income discrimination in Michigan.

Please contact us if we can be of any further assistance.

Sincerely,
DAVID WHITAKER
Director
Legislative Policy Division Staff

RESOLUTION SUPPORTING PROPOSED LEGISLATION BANNING SOURCE OF INCOME DISCRIMINATION

By Council Member Whitfield-Calloway:

WHEREAS, Under the Fair Housing Act, the federal government prohibits discrimination in housing because of race, color, national origin, religion, sex, familial status, and disability; and

WHEREAS, Current federal housing discrimination laws do not prevent landlords from discriminating against tenants who receive income from government subsidy programs like Social Security, housing vouchers, or veterans benefits, nor does it protect individuals who receive income from a contract, legal settlement, or child support; and

WHEREAS, Currently, 19 states and the District of Columbia have passed laws prohibiting source of income discrimination in housing, and 9 cities in Michigan have passed ordinances prohibiting source of income discrimination; and

WHEREAS, The City of Detroit also has an ordinance which prohibits housing discrimination based on "public benefit status" for individuals who are recipients of public benefit programs; and

WHEREAS, The Michigan Legislature has recently introduced House Bills 4062-4063 and Senate Bills 205-207 which, if passed, would prohibit source of income discrimination across the state of Michigan; and

WHEREAS, Under the proposed laws, "source of income" explicitly includes "benefits or subsidy programs including housing assistance, public assistance, emergency rental assistance, veterans benefits, Social Security, supplemental security income or other retirement programs, and other programs administered by any federal, state, local, or nonprofit entity"; and

WHEREAS, In Michigan, an estimated 225,000 households rely on federal housing assistance, according to the nonpartisan Center on Budget and Policy Priorities, including 53,900 who receive housing choice vouchers; and

WHEREAS, Advocates of the legislation say that in many Michigan communities, it is difficult for recipients of state and federal housing vouchers to find rental housing because of discrimination by landlords despite the fact that housing vouchers are a reliable and consistent form of income; and

WHEREAS, Because recipients of Section 8 housing vouchers have only 60 days to locate a place to live before the voucher expires, the prevalence of landlords who refuse to accept vouchers makes it very challenging for many voucher recipients to secure housing in the limited time period; and

WHEREAS, The housing voucher process often takes years and can be difficult to navigate for individuals who are homeless or housing insecure[1], therefore discrimination based on source of income is an unnecessary additional barrier that inhibits the effectiveness of programs meant to alleviate homelessness and housing insecurity in our communities by turning away individuals who rightfully qualify; NOW THEREFORE BE IT

RESOLVED, The Detroit City Council urges the Michigan Legislature to pass House Bills 4062-4063 and Senate Bills 205-207 which, if passed, would prohibit source of income discrimination across the state of Michigan; THEREFORE, BE IT FINALLY

RESOLVED, That the Detroit City Clerk is directed to send this resolution to the Detroit delegations of both the Michigan State House and Senate, in addition to Governor Gretchen Whitmer.

Honorable City Council:

Re: **Petition #2022-207** — On behalf of Trident Checker, LLC, Parkstone Development Partners, request for conversion of a portion of Brooklyn Street from one-way to two-way in the block located between Plum Street and West Elizabeth Street.

On June 24, 2022, Department of Public Works (DPW), Traffic Engineering Division (TED) received the above request under Petition #2022-207 from City Clerk's office for our investigative report regarding the subject matter. Upon the receipt of the request, TED conducted review of the above request and below are our findings and recommendations:

Background information

On behalf of Trident Checker, LLC, Parkstone Development Partners is requesting the conversion of a portion of Brooklyn Street, a 280 ft. long block located between Plum Street and West Elizabeth Street from one-way to two-way traffic. The purpose of the conversion is to allow better access to an upcoming development located on the adjacent block.

Existing and Proposed conditions: Brooklyn Street (32 feet wide paved) from Plum to Elizabeth

Existing Condition: Brooklyn Street has existing 50 ft. Right of Way with 32 ft. paved width and 6 ft. sidewalks on either side. Currently Brooklyn St. is operating as one-way(southbound) with no parking restrictions.

Proposed condition: Brooklyn St. will be converted to two-way with one lane in each direction with no parking restrictions.

Recommendation

DPW agrees to recommend two-way conversion of Brooklyn St. between Plum and Elizabeth.

Our recommendation is based on the fact that this recommended traffic operation will improve traffic flow and provide better circulation for the upcoming development located on the adjacent/abutting block. Moreover, conversion will not adversely impact the on-street parking facilities as parking will be maintained wherever feasible.

By Council Member Santiago-Romero:

Traffic Engineering Division (TED) of Department of Public Works (DPW) has met with the stakeholders and development team to discuss the request and the impact of the changes. The proposed change will require signage revisions along the stretch of Brooklyn St. between Plum and Elizabeth which will be implemented by DPW Sign Shop. A notification letter was sent out to all the addresses directly impacted by the two-way conversion and TED has received letters from the following property owners consenting to the conversion of Brooklyn Street from one-way to two-way as described in Petition 2022-207:

Department of Public Works

July 14, 2023

Honorable City Council:

Re: City of Detroit to accept funding from the Michigan Department of Transportation to permanently close to all traffic the railroad crossing located on Selkirk Street, between Mount Elliott Street and Foster Street. Also, for the acceptance of funding to facilitate improvements to Selkirk Street for said closure.

The City of Detroit ("CITY") has negotiated an agreement with the Michigan Department of Transportation ("MDOT"), that will result in permanent closure to all traffic over the Selkirk Street railroad crossing located over the Consolidated Rail Corporation tracks, between Mount Elliott Street and Foster Street, within the City of Detroit.

Whereas, the Department of Public Works has surveyed railroad crossings within the City of Detroit, MI with respect to the safety of said crossings, and

Whereas, MDOT has agreed to issue funding from the Local Grade Crossing Closure Program in the amount of $125,000 to the CITY, conditioned upon the closing of the Selkirk Street railroad crossings, and

Whereas, it appears that closing the crossing Selkirk Street at the Consolidated Rail Corporation right of way is indicated to be in the interest of the safety and welfare of the inhabitants of the City.

A resolution is attached for consideration by your Honorable Body.

Respectfully submitted,
RON BRUNDIDGE
Director
Department of Public Works

By Council Member Santiago-Romero:

Resolved, That the Department of Public Works is hereby authorized and directed to permanently close to all traffic the Consolidated Rail Corporation right-of-way located on Selkirk Street, between Mount Elliott Street and Foster Street, within the City of Detroit; further described as land being within the City of Detroit, Michigan;

Selkirk Street, lying northerly of and adjacent to lots 134 through 136 and lying southerly of and adjacent to lots 139 through 141 of "Kosciuszko Subdivision" as recorded in Liber 32, Page 91 of Plats, Wayne County Records.

Whereas, The City/County has surveyed railroad crossings within the CITY with respect to the safety of said crossings, and

Whereas, MDOT has assured the City of Detroit of certain funds, conditioned upon the closing of the Selkirk Street railroad crossings, and

Whereas, It appears that closing the crossing Selkirk Street at the Consolidated Rail Corporation right of way is indicated to be in the interest of the safety and welfare of the inhabitants of the CITY.

Be It Further Resolved, That this closure be contingent upon the execution of a contract for the CITY to obtain certain funding in the amount of $125,000 from MDOT which can be used for the costs of performing the closure and other transportation purposes within the CITY jurisdiction.

Whereas, Upon contract execution a $10,000 payment will be made to the CITY to assist with upfront closure expenses, with the balance of the award payable upon MDOT's satisfactory inspection of the closure treatment.

Whereas, The balance of the awards shall be released by MDOT upon confirmation that vehicle traffic is prohibited from crossing, and permanent physical barriers and/or the eradication of the roadway on each approach will suffice to prohibit vehicle traffic.

Department of Public Works

July 14, 2023

Honorable City Council:

Re: Resolutions to Continue the Issuance of Outdoor Dining Permits on a Street, Alley, or Public Easement, until November 15, 2023.

Throughout the progression of the novel coronavirus (COVID-19), the outdoor dining program supported businesses by providing additional opportunities to maximize customer capacity while meeting public health guidelines. The program has since become a popular and successful means for the City of Detroit to support local businesses. The Department of Public Works (DPW) now seeks to continue supporting this effort by extending the streamlined process for eating and drinking establishments to obtain permits for outdoor dining spaces on streets, alleys, or public easements, to help ensure that these areas remain active and bustling. Previous resolutions allow for the current streamlined process to continue through July 31st, 2023.

To continue this program, DPW is submitting the attached resolutions, which if approved by City Council, shall serve as legislative authorization to extend the expedited issuance of outdoor dining café permits and for the temporary closures of a street, alley, or public place by DPW during the 2023 seasonal period until November 15th, 2023.

During the seasonal extension through July 31st, a working group has been convened in partnership with City Council to determine the feasibility of a permanent program and develop any procedures and legislation necessary to implement a permanent program beyond the extension period. The working group has provided initial recommendation including the development of an ordinance to update the Outdoor Dining program based on group's feedback. The requested extension will provide adequate time to develop the ordinance, in partnership with City Council, in anticipate of the 2023-2024 Outdoor Dining seasons that would begin on November 15th, 2023.

These resolutions acknowledge that businesses will still be required to request permits for individual outdoor cafés, and that these requests will still be subject to approvals by all applicable city agencies, including DPW, DPD, BSEED, Health, Housing & Revitalization, as well as the Michigan Liquor Commission, if alcohol is to be consumed in the seating area, and Health's Food and Safety Division if outdoor grilling of food is desired. These resolutions, if approved by Council, will eliminate steps that will have to be repeated for multiple businesses, helping to ensure that all businesses that desire to have outdoor cafés have approved permits in place in time for the upcoming season.

Respectfully submitted,
RON BRUNDIDGE
Director
Department of Public Works

Re: Resolution Supporting Investment in Substance Abuse Prevention for Youth.

Council Member Scott Benson requested that the Legislative Policy Division (LPD) draft a resolution supporting investment in substance abuse prevention for youth.

Please contact us if we can be of any further assistance.

Sincerely,
DAVID WHITAKER
Director

RESOLUTION SUPPORTING INVESTMENT IN SUBSTANCE ABUSE PREVENTION FOR YOUTH

By Council Member Benson:

WHEREAS, According to the Detroit City Charter, the City shall provide for the public peace, health, and safety of persons within its jurisdiction, which includes a commitment to the development and welfare of our youth; and

WHEREAS, Along with a growing number of states and municipalities, Detroit allows licensed facilities to legally sell marijuana to adults above the age of 21 for medicinal and recreational purposes; and

WHEREAS, While marijuana purchasers must be over the age of 21 to purchase from licensed facilities, the City should implement strong and effective safeguards to prevent substance abuse by our youth; and

WHEREAS, According to the Centers for Disease Control and Prevention ("CDC"), marijuana use before the age of 18 may negatively and permanently impact brain development in terms of attention, memory, and learning[1]; and

WHEREAS, Marijuana use may impact educational achievement for youth, and the Detroit Regional Chamber's 2022 State of Education Report shows that there are already significant challenges to educational achievement in Detroit, with only 53% of graduates enrolling in post-secondary education and only 34% of those students graduating with a degree or certificate[2]; and

WHEREAS, Educational achievement is strongly correlated with better financial outcomes, as the Detroit Regional Chamber's report also found that about 86% of occupations that require a postsecondary credential offer a family-sustaining wage (just over $60,000 for a family of four), while nearly 83% of occupations earning less than $39,810 require only a high school diploma or have no requirement; and

WHEREAS, The City has a duty to protect its youth population by investing in programming focused on substance abuse prevention, education, treatment and research initiatives to ensure that our youth are well informed about potential risks of substance abuse and have access to necessary support services; NOW THEREFORE BE IT

RESOLVED, The Detroit City Council urges the Detroit Wayne Integrated Health Network ("DWIHN") to allocate significant funding to programs designed to provide substance abuse prevention, education, treatment, and research for the City's youth; NOW BE IT FURTHER

RESOLVED, That the allocation of DWIHN funds towards these critical initiatives reflects our steadfast commitment to the health and wellbeing of our city's young people; THEREFORE, BE IT FINALLY

RESOLVED, That the Detroit City Clerk is directed to send this resolution to the DWIHN Board of Directors and to Mayor Mike Duggan.

WHEREAS, Within 10 days after receipt of the formal recommendation from the Office of the City Clerk, the

Director of the Department of Public Works (DPW) shall determine whether the request is reasonable and merits further analysis; and

WHEREAS, The City's proposal was submitted to the City Clerk for the implementation of a residential parking permit area on Selden Street and Second Avenue, in the City of Detroit; and

WHEREAS, Proposed zone 405 would encompass the south side of Selden beginning at the end of the Cass Community Social Services property (Beginning at 439 Selden Apartments) where four diagonal parking spaces are located; and

WHEREAS, Pursuant to Subsection 46-2-13(a) of the 2019 Detroit City Code, a residential area shall be deemed eligible for consideration as a residential parking permit area if, based upon an objective analysis of traffic and parking conditions by the Department of Public Works Traffic Engineering Division and analysis of Municipal Parking Department data as part of the formal recommendation, it is established that the residential parking area is impacted by nonresident or commuter vehicles for extended periods of time during the day or night, on weekends or during holidays; and

GRANT AGREEMENT

This Grant Agreement ("Agreement") is made as of June 20, 2023 ("the "Effective Date"), and entered by and between Delta Dental Foundation, with its principal place of business at 4100 Okemos Road, Okemos, Michigan 48864, (hereinafter referred to as "DDF"), and City of Detroit with its principal place of business at Two Woodward Avenue, Suite 1200, Detroit, MI 48226 (hereinafter referred to as "Grantee") (collectively the "Parties").

Whereas, Grantee has submitted a proposal to DDF received on June 12, 2023 (the "Proposal") to fund the Detroit's Self-Driving Dental Shuttle described therein (the "Project"); and

Whereas, DDF agrees to make a grant to Grantee for $206,000 to fund the Project, subject to the terms and conditions set forth herein (the "Grant").

Now, Therefore, The Parties agree to as follows:

1. **Scope of Project.** Grantee shall perform the Project as set forth in the Proposal, a copy which is provided as Attachment A, and which is incorporated by reference herein. Grantee shall contract

with a third party to purchase, maintain, operate, and insure the shuttle contemplated in Attachment A ("Shuttle"). Any variations in the Project or the use of Grant funds from that described in the Proposal requires the advance express written approval of DDF.

2. **Project Period.** The Project has been approved for a period of 18 months beginning July 1, 2023 and ending on December 31, 2024 (the "Project Period").

Should Grantee desire to extend the duration of the Project Period, Grantee shall submit a written request to DDF no later than sixty (60) days prior to the Project Period end date. If DDF approves the extension, the Parties shall execute an amendment to this Agreement. An extension of the Project Period will not result in an increase in funding.

3. **Expenditures.** All expenditures of Grant funds by Grantee must be spent within the Project Period and must be consistent with the project budget as set forth in the Proposal (the "Project Budget") and as approved by DDF, a copy of which is attached hereto as Attachment B.

Any deviation from the Project Budget, such as under-spending or overspending Grant funds requires prior written approval of DDF and may require an amendment to this Agreement, at the discretion of DDF. Deviations from the Project Budget are not authorized retroactively.

4. **Shuttle Wrapping.** The Shuttle purchased by the City of Detroit contemplated in Attachment A shall be wrapped in generic oral health branding to be agreed upon by both parties.

5. **Records and Reports.** Grantee agrees to keep a record of all receipts and expenditures relating to this Grant and to provide DDF with any requested interim reports in addition to a final written report summarizing the Project ("General Grant Report") promptly, but no later than thirty (30) days following the end of the Project Period. A copy of the report is available online at *www.deltadental.foundation/general-grant-requests*. Grantee report(s) should describe the progress in achieving the purposes of the Grant and include a detailed financial report and project status reports along with any other information reasonably requested by DDF in a format acceptable to DDF. If Grantee's organization obtains any audited financial statements covering any part of the Project Period of this Grant, please provide a copy to DDF as well. Grantee is required to keep the financial records with respect to this Grant, along with copies of any reports submitted to DDF, for at least four (4) years following the end of the Project Period.

6. **Disbursement Schedule.** DDF will disburse Grant funds according to the following schedule. Some disbursement dates may be contingent on receipt and approval of financial and project status reports.

Amount	On or About
$206,000.00	July 2023

DDF, in its sole discretion, reserves the right to alter the above disbursement schedule at any time and to impose such conditions upon disbursements as it may, in its discretion, deem necessary.

7. **DDF Right to Review and Evaluate.** DDF shall have the right to review and conduct an evaluation of the Project funded by this Grant, which may include one or more visits from DDF personnel to observe the Project, discuss the Project with Grantee's personnel and review financial and other non-patient records and materials connected with the activities funded by this Grant. All financial and other non-patient records relating to the Project shall be made available at Grantee's regular place of business for inspection by DDF, or its designated representative, at reasonable times with advance written notice to Grantee. In the event DDF finds non-compliance by Grantee related to the Project, at the discretion of DDF, Grantee will be given an opportunity to correct any non-compliance issues. If Grantee fails to correct identified non-compliance issues within an agreed upon timeframe, DDF may terminate this Agreement as set forth in Section 13 of this Agreement.

8. **Title to Property Acquired with Grant Funds.** Title to all tangible personal property, fixtures or equipment purchased with DDF funds ("Grant Funded Property"), shall be vested in Grantee. However, DDF shall have a purchase money security interest in the Grant Funded Property until the General Grant Report has been accepted by DDF. Grant Funded Property must be used for carrying out the Project as set forth in the Proposal.

9. **Intellectual Property.** Grantee owns any intellectual property it produces within the scope of this Grant. Grantee agrees that all original material produced pursuant to this Grant will be made available to DDF under a perpetual, irrevocable, royalty-free, nonexclusive, worldwide license to DDF. Grantee assumes the burden and expense of clearing all third-party rights associated with such material, including but not limited to copyrights, trademarks, and rights of privacy and publicity.

10. **DDF's Right to Return of Funds or Property.** Any DDF funds not used by Grantee for the purposes of the Project as approved in the Project Budget remain the property of DDF and shall be promptly returned to DDF at the conclusion of the Project Period. Any DDF funds misused by Grantee shall be repaid to DDF. If Grantee fails to repay any portion of the Grant due, DDF may take possession of the Grant Funded Property. Nothing contained in this paragraph shall limit or prevent DDF from

taking legal action to seek repayment of unexpended Grant funds or Grant funds which were not applied in accordance with the terms of this Agreement.

11. **Publicity.** Grantee agrees that DDF may include information about the Grant award for the Project, including the name of the Grantee, a description of the Project and the amount of the Grant on DDF's website and in reports, press releases, documents, presentations, studies, tax returns and other public disclosures. All materials, reports, press releases, documents, presentations, studies, etc., that are generated by the Grantee in connection with the Project shall need to be submitted to DDF for review with a minimum of fifteen (15) business days prior to date of submission for publication and shall make reference to Delta Dental Foundation and include DDF's name and logo as supplied by DDF.

12. **Use of Project Results.** If Grantee desires to publish the results of this Project, DDF shall have a minimum of fifteen (15) business days to review and comment upon the draft publication before submission for final publication. DDF shall have a perpetual, irrevocable, royalty-free, nonexclusive, worldwide license to make, use, reproduce, distribute, display or make derivative works of all or any portion of the project results by any and all means and in any medium or format, now known or later developed.

13. **Releases.** Grantee agrees that he/she shall execute all of the necessary Authorization Waiver and Release form(s) provided by DDF for any and all organizations or individuals whose images will be used as part of the Project.

14. **Termination.** DDF may, in its sole discretion, immediately terminate this Agreement upon written notice to the Grantee. In the event this Agreement is terminated pursuant to this paragraph, DDF shall have no obligation to make any contributions to the Grantee following the effective date of the termination.

15. **Compliance with Laws.** In carrying out the Project, Grantee will comply with all applicable laws, regulations and rules and will not infringe, misappropriate, or violate the intellectual property, privacy, or publicity rights of any third party.

16. **Indemnification.** To the maximum extent permitted by law, Grantee agrees to indemnify and hold DDF and all of its officers, board members and employees harmless from and against all liability, damage or expense (including reasonable attorney's fees) which we may incur as a result of the Grantee's acts or omissions, or those of any of the Grantees employees, consultants, contractors or agents, in connection with the program or any breach by the Grantee of this Agreement.

17. **Authority and Validity.** Each individual executing this Agreement on behalf of Grantee warrants that he has full power and authority to execute this Agreement on behalf of such organization. Grantee further warrants that this Agreement constitutes the valid and binding obligation of Grantee, enforceable in accordance with its terms.

18. **Nondiscrimination.** Grantee affirms that Grantee will not discriminate on the basis of race, color, sex, religion, national origin, age, disability, sexual orientation, gender identity or veteran status either in its employment practices or in its policies and procedures concerning access to services.

19. **No Guarantee of Future Funding.** Allocation of this Grant does not imply any future funding commitment by DDF.

20. **Entire Agreement.** This Grant Agreement and all attachments constitute the entire Agreement between the Parties regarding the Project and supersede all previous related understandings or written form and must be signed by an authorized representative of both DDF and Grantee.

21. **Amendment.** Unless otherwise permitted herein, any alteration in the terms of this Agreement must be in written form and must be signed by an authorized representative of both DDF and Grantee.

22. **Applicable Laws.** The provisions of this Agreement shall be construed and enforced according to the laws of the State of Michigan. Any lawsuit, action or proceeding resulting from, or related to this Agreement, shall be commenced in a court of competent jurisdiction located in Ingham County, Michigan.

23. **Assignment.** Grantee may not assign or delegate obligations under this Agreement, either in whole or in part, without DDF's prior written consent.

24. **No Agency.** The Grantee is solely responsible for all activities supported by the Grant. Nothing in this Agreement creates a partnership, agency, joint venture, employment, or any other type of relationship. The Grantee shall not represent itself as an agent of DDF for any purpose, and no authority to bind DDF in any manner whatsoever.

NATIONAL ASSOCIATION OF COUNTY AND CITY HEALTH OFFICIALS
MODIFICATION OF AGREEMENT — ATTACHMENT I

SCOPE OF WORK

Project: Leveraging Pharmacies for STI Services and Care

Site: Detroit Health Department (Michigan)

Funding Amount:

$74,146.53 (original) +

$29,652.09 (modification) =

$103,798.62 (total)

Period of Performance: August 1, 2022 - July 31, 2024

Justification: Modification to allow for additional time and funding to complete the project and add a second pharmacy partnership.

Project Background

Although pharmacists and pharmacy staff are not specifically trained to provide traditional specialty STI care, pharmacies are well positioned to deliver basic patient care services and clinical referrals, and their roles have expanded over the past 30 years to reflect this need. Practicing pharmacists are highly trained healthcare professionals. They are the most accessible healthcare professional in the United States (95% of Americans live within five miles of a community pharmacy). Pharmacists have a long history of consistently contributing to improved outcomes when included as a full member of the healthcare team. There is a long history of public health engaging pharmacies in TB testing, Hepatitis vaccination, HIV management and care, safe syringe programs, and more recently pre-exposure prophylactics (PrEP) services for HIV prevention and COVID-19 testing and vaccination as well as antiviral dispensing and monoclonal antibody administration. The COVID-19 pandemic has served to showcase the collaboration between public health and pharmacies. To fully embrace a holistic approach to ending the syndemics of HIV, viral hepatitis, substance use disorders, and STIs, pharmacies should consider ways to integrate STI services.

Pharmacies, already highly integrated into vaccination and disease testing, are well positioned to consider innovative ways to contribute to addressing STI prevention and care. A growing evidence base consistently demonstrates that patient-centered, team-based care that includes pharmacists consistently improves patient health, with less fragmented, well integrated care and reduced costs for care over time. Some pharmacy practices have moved to more patient-centered care approaches where trained providers deliver counseling and offer clinical referrals for a variety of health conditions. Through a framework of collaboration, coordination, and communication, pharmacy practices can offer sexual health solutions by improving access to STI care and diverse treatment options and referring patients to other safety net and community resources.

Pharmacy practices with a private and confidential space/room could offer STI/HIV risk reduction counseling, specialty referrals, and testing via self-collection (point-of-care testing is possible if a pharmacy has a valid CLIA waiver). Pharmacist-prescriber collaborative practice agreements, enabling an array of patient care services, are permitted in 49 states. Optimizing these partnership relationships promises improved patient care and outcomes. Pharmacists are well positioned for every phase of this collaborative model, from primary prevention through vaccination, to early disease detection through testing, to timely treatment interventions to prevent the sequalae and the spread of disease, all the way to linking people to appropriate public health and clinical medical providers. When within their legal scope of practice, pharmacists can administer vaccines, including non-vaccine injectables, thus providing opportunity for administration of injectable antibiotics for some STIs (e.g., ceftriaxone, Benzathine penicillin G), as well as for PrEP (Apretude [cabotegravir extended-release injectable suspension]). Pharmacies may also contribute to better community-based STI surveillance — data sharing could help monitor trends in STI therapies and their sequalae. New infrastructure will be critical to future success including addressing cost, billing, reimbursement, health information technology, digital data sharing, and communication. Additionally, new, and enhanced health care professional training and patient care settings will be key factors for optimizing care.

To establish models of practice, NACCHO, with support from the Centers for Disease Control and Prevention (CDC) Division of STD Prevention (DSTDP), will fund 5 LHDs up to $75,000 to design, pilot, and evaluate implementation of a partnership model with local pharmacy settings to explore how they can work together. A variety of innovative models are needed to address how best to optimize collaborative STI services and care between LHDs and pharmacy settings. This project will offer essential information about the provision of expanded STI patient care via pharmacy settings and findings will demonstration and evaluation effort to identify replicable models and best practices for expanded working relationships between local health departments and community pharmacies across the US to address STIs.

Scope of Work

In support of the project, NACCHO has selected, Detroit Health Department, as one of five (5) local health departments for funding in partnership with at least one pharmacy site. Each will act as pilot site with the local pharmacy(s) to design a model of collaboration to serve their community's needs for STI testing and treatment jointly.

The Detroit Health Department and/or their partnering pharmacy(s) will:

- Participate in a virtual project kick-off meeting with NACCHO and CDC,
- Participate in virtual meetings to establish key roles and responsibilities, refine the work plan, validation plan, evaluation plan, discuss data collection and sharing and related agreements, challenges, emergent lessons learned, report out templates, etc.,
- Create a partnership and implementation model to leverage the relationship for STI services and care,
- Plan evaluation of project implementation with process and outcome measures to answer the evaluation questions:
  - How operationally feasible was it to expand STI services/referrals in the pharmacy setting?
  - What barriers and facilitators affected implementation?
  - How feasible and successful was the partnership itself?
  - To what extent will the partnership be sustained beyond the funding period?
- Implement the partnership and assess short-term outcomes proposed in the implementation plan,
- Share resources, such as protocols and education materials, used and developed for this partnership,
- Review any site-specific information and contribute to final report development with NACCHO, CDC, and other participants, and
- Participate in dissemination of findings including through possible webinar, conference attendance and sessions, and scientific publications.

The summary of required project deliverables is:

- Final written project model and implementation plan.
- Final evaluation plan.
- Clean summaries of any data collected based on evaluation plan.
- Progress reports summarizing project status, completed deliverables, and next steps.
- Electronic copies of any materials developed to implement the model, including standard operating and reporting procedures, a referring patient and treatment algorithm, sample lab requisition forms, educational material for patients, training modules, sample memorandum of understanding (MOU), data sharing, cost sharing, and other legal agreements between the entities.
- Final report documenting methods, results, conclusions, and lessons learned. This also should include documentation of the partnership development process with a partnership logic model (including the results of the evaluation plan).

Reimbursement

Recipient will submit invoices according to the below schedule with the following deliverables:

Honorable City Council:

Re: Request to accept an increase in appropriation for the Reopening Schools Health Resource Advocates (HRA) Grant.

The Michigan Department of Health and Human Services has awarded an increase in appropriation to the City of Detroit Health Department for the Reopening Schools Health Resource Advocates (HRA) Grant, in the amount of $19,000.00. This funding will increase appropriation 21149, previously approved in the amount of $186,668.00, to a total of $205,668.00.

The objective of the grant is to provide front-line support for COVID testing and reporting, help districts identify emerging COVID-related health concerns, and amplify best health practices. The funding allotted to the department will be utilized to hire a Health Resource Advocate.

I respectfully ask your approval to accept the increase in appropriation funding in accordance with the attached resolution.

The Property is a former railway spur track which is adjacent to the former Conrail railway line on which the Joe Louis Greenway is being built. The total area of the Property is 0.24 acres. PDD has received an offer from Purchaser, to purchase the Property for the purchase price of Twelve Thousand and 00/100 Dollars ($12,000.00).

The Purchaser is developing a marijuana growing facility and proposes to utilize the Property for ingress, egress, and parking for its adjacent business at 405 Midland, Detroit, MI 48203. The Property is within an M4 zoning district (Intensive Industrial District). The zoning district permits, by right, use of the property for a parking lot or parking area. The Purchaser has also previously received approval from the Buildings, Safety Engineering, and Environmental Department through to conditionally use the adjacent property as a marijuana growing facility following a special land use hearing.

We request that your Honorable Body adopt the attached resolution to (1) authorize the transfer of jurisdiction of the Property from DPW to PDD, and (2) approve the designation of the Property as surplus real property and authorize the sale of the Property to Purchaser, and (3) authorize the execution of such documents as may be necessary or convenient to affect the sale of the Property.

Kinloch began his ministry at the age of fourteen, beginning, under the tutelage of Rev. Robert Smith, Jr. at the New Bethel Baptist Church in Detroit, Michigan. As a teenager, Kinloch worked for the late civil rights leader former Chairman of the Board of the Southern Christian Leadership Conference (SCLC), Executive Producer and host of the highly acclaimed local cable television show, "Health, the Bible and You" and proclaimed Honored Citizen of Detroit, Dr. Claud Rudolph Young, Sr. Brothers Pastor Ralph and Minister Ronald Godbee are among Kinloch's circle of brotherhood having driven him from Detroit to American Baptist Theological Seminary (ABT) in Nashville when he began his collegiate journey; and

Pastor Kinloch currently serves on the Board of Directors for the Detroit Promise Zone Authority, the Detroit Riverfront Conservancy and the Belle Isle Conservancy as well as the Skillman Foundation. He serves on the Board of the Black Male Educators Alliance (B.M.E.A.) and is the past President of the National Council on Men & Boys. Kinloch previously served on the Board of Directors for the Southern Christian Leadership Conference. He has been recognized as one of "The New Generation of Black Leaders" by the Detroit News and "Contemporary Pioneer" by the Michigan Chronicle. He was inducted into the Martin Luther King, Jr. College of Ministers and Laity at the MLK Jr. International Chapel at Morehouse College in Atlanta, Georgia. Additionally, Pastor Kinloch has been recognized with numerous awards including Comcast Spotlight "Newsmaker," Pastor of the Year from the SCLC, one of twelve "Dynamic, World Changers" by Gospel Today Magazine, and one of the "20 Young Preachers to Watch" by the African American Pulpit. In 2013, he was honored with a Herald Award by the Metropolitan Christian Council: Detroit Windsor for his service in the community. In 2014, the Michigan Chronicle named him to the Power 50 list, a collection of metro Detroit's 50 most influential leaders. Notably every year since 2016 the Michigan Chronicle readership has voted him as the top Pastor and Triumph Church as the top church in their annual Best in Black Detroit awards. Albeit a revered leader in the Black church, Pastor Kinloch's ministry transcends race and gender. He is the recipient of accolades from mainstream platforms. In recognition of his work in the community and ministry outreach, Pastor Kinloch was named a 2018 Michiganian of the Year recipient by the Detroit News. In 2020, WMUZ "The Light" — Detroit's Bible Radio listeners nominated and selected Pastor Kinloch for Pastor Appreciation Month. And, at least once a year, Pastor Kinloch heeds the call of the Detroit City Council and blesses the Council Body, residents and all those tuned in to Council's Formal Session with an invocation; and

WHEREAS, Pastor Solomon Kinloch Jr. serves as senior pastor of Triumph Church in Detroit. Triumph Church is one of metro-Detroit's oldest predominantly African American churches and long-standing congregation having marked 100 years of service and ministry in 2020. In 1954, under the leadership of Rev. A.D. Boone, Jr., members marched into a new underground edifice, located at 2550 S. Liddesdale in Detroit, MI. When Pastor Kinloch accepted the assignment to Pastor Triumph Church in 1998 the membership numbered fewer than fifty. Under Pastor Solomon Kinloch, Jr.'s visionary leadership, Triumph Church blossomed into a multi-site phenomenon, with eight campuses hosting fourteen weekly services for more than 40,000 members (and counting). Every year since 2008, the Christian publication Outreach Magazine, has named Triumph Church one of the "Fastest Growing Churches in the United States. Since

2012, the same publication has named Triumph Church one of the Top 100 Largest Churches in America. Triumph's expansion led to the creation of what is called the "Spiritual Beltway". There are no signs of that trend slowing down as the church continues to welcome nearly 400 new members each month. Triumph Church has been listed as high as #1 on the Fastest Growing Church list and #25 on Overall Largest Church list. Throughout the year, Pastor Kinloch and Triumph Church hosts special services with world-renowned musical guests filling Detroit's Aretha Amphitheater, Huntington Place Convention Center, and Little Caesars Arena.

Extraordinary growth and dynamic leadership have helped drive Triumph's community outreach and ministry initiatives, which include providing tens of thousands of free meals, offering annual scholarships to teens, and various free community workshops that promote healthy financial, mental, physical and spiritual living. Former U.S. Rep. Brenda Lawrence, D-Southfield shared, "Rev. Kinloch is not only a great preacher, but he is a man of great character who took his message and spiritual duty beyond the pulpit, beyond his congregation and into the community." "Rev. Kinloch doesn't just wait for people to ask for help. He is one to seek out people in need," she exclaimed to The Detroit News. Recently in 2020, Pastor Kinloch demonstrated his impactful civic and community leadership during the COVID-19 global pandemic. Under his leadership, Triumph Church distributed FREE groceries to 1,000 families each week, with particular attention given to senior citizens, the unemployed, disabled, and single parents. As the pandemic's shelter-in-place State mandate took effect, Triumph Church was the first community resource to address the looming digital divide in the city of Detroit. Recognizing the importance of mitigating the disruption of students' learning, Triumph Church distributed 1,000 free tablets each week to students in need — providing them with the technological resources they desperately needed to stay on task educationally. In an effort to help stop the COVID-19 spread and practice social distancing, Triumph Church implemented two additional methods of sharing the message of hope and redemption by: 1) creating 'Drive-In Church', at the Southfield location, whereby worshipers could experience a life-changing worship service in their vehicles while remaining safe from the spread of COVID-19; and, 2) livestreaming six worship services each week on four social media platforms. Pastor Kinloch and Triumph Church also hold regular prayer calls to help our community and membership remain hopeful during some of life's most challenging times. In addition to multiple live, in-person, weekly sermons, Pastor Kinloch also ministers through weekly television broadcasts on local ABC, CBS and NBC affiliates as "Live TRIUMPHantly with Solomon Kinloch, Jr." Triumph Church's ministry growth continued to be explosive, both during the pandemic and since — with nearly 500 new members committing to the church in the first weeks of the 2020 crisis, while broadcasting platforms have reached more than 100,000 people; AND

WHEREAS, The year 2023 marks a milestone birthday for Pastor Kinloch as he turns 50. When asked about his proudest accomplishment, he speaks of his family — "the jewels in his crown". He met his wife, best friend, partner for life Robin on a blind date. They married in 2010, and to their union was born their son Kadin Elijah, currently a student at Xavier University in Louisiana studying pre-med. A man of many talents, Kinloch's family adores his culinary skills calling his New York style strawberry cheesecake "excellent".

A visionary who's not slowing downing any time soon, Rev. Kinloch is steadfast as he works to bring additional affordable housing options to the City of Detroit, provide job training programs to the un-and-underemployed and those impacted by the justice system. Renowned for bringing thousands together in fellowship, Pastor Kinloch and Triumph Church recently acquired a former 184,500 square feet movie theater situated on 22 acres in Southfield, Michigan. This site is the newest addition to Triumph Church's land portfolio, which includes two campuses in the City of Detroit. NOW THEREFORE BE IT

RESOLVED, That on this day, Sunday, July 30, 2023, President Pro Tempore James E. Tate, Jr., and the entire Detroit City Council, hereby present this testimonial resolution as an expression of gratitude and esteem in honor of Pastor Solomon W. Kinloch, Jr.'s 50th birthday, on behalf of the residents of the City of Detroit, to honor the time, talent, and treasure Pastor Kinloch has provided to the City of Detroit and beyond.

TESTIMONIAL RESOLUTION
IN MEMORIUM
FOR
MILDRED RENETTA
THOMAS MADISON
Sunrise: June 5th 1926 thru
August 16th 2023: Sunset
A Phenomenal Woman of Extraordinary Excellence Honoring 97 Years of Life of this American Civil Rights Heroine

By Council Member Young, II:

WHEREAS, Mildred Renetta Thomas Madison was born on 5 June 1926, as the second of four daughters in Milwaukee, Wisconsin to Edgar Thomas, a physician,

pharmacist, business owner and civic leader and Anna Perry Thomas, a musician, poet, playwright, business leader and recognized authority on pre-school education. Mildred's 3 sisters — Lois, Winnie and Connie — all grew up in a household parented by forward-thinking, brilliant and fun parents, who instilled in them the great importance of education.

WHEREAS, Mildred Renetta Thomas Madison graduated from Howard University with a degree in marketing and accounting. She was an accomplished member of the Howard University Choir and the Howard Chapter of the Alpha Kappa Alpha Sorority. At Howard, Mildred met Julian C. Madison, her future husband, who was an engineering student and later co-founder of Madison-Madison International.

WHEREAS, Mildred Renetta Madison and Jay, as she fondly called Julian, settled in his hometown of Cleveland, Ohio, where they were blessed with four children: Julian Jr., Sharon, Carol, and Roberta. Mildred's mission was to provide equality in educational opportunities for Black children in her community. She became President of the PTA and from there moved on to local, state, and national positions in politics and education. She served on the Ohio State Board of Education, the Cleveland City Council and the Cleveland Board of Education where she became the first woman President; and

WHEREAS, Mildred Renetta Madison was a delegate to two Democratic National Conventions serving as a Whip and a member of the Rules and Platform Committees. Her political activities in the 1960s, 70s and 80s put her at the sharp end of the challenges faced by Women, Black People and Black Women seeking to lead political change. In order to encourage more Black Women to consider a life in public office Mildred founded (with her friend Doris Rankin) the Ohio Black Women's Leadership Caucus. She continued to encourage and mentor Black women interested in running for elected positions well into her 90s; and

WHEREAS, Mildred Renetta Madison Throughout her political career, during which she was also raising four children, Mildred committed herself to civic and volunteer work in many other areas. She led fundraising workshops for volunteers from the United Way, the YWCA and the March of Dimes, and she was President of the Cleveland YWCA. She served on a plethora of civic organizations included, but not limited to the Ohio Advisory Committee for the United States Civil Rights Commission, the Women's Committee for WVIZ of the Public Broadcasting Station in Cleveland and the committee for the State of Ohio studying the prison system; and

WHEREAS, Mildred Renetta Madison flourished in her Professional Career as an Elected Official. She took on the challenge of breathing new life into the Cleveland League of Women Voters; which was so successful that, Cleveland was selected for the October 28th 1980 United States Presidential Debate between Jimmy Carter and Ronald Reagan. The realization of this effort highlighted another cause dear to her heart — supporting the City of Cleveland in its time of need. To accomplish this mission, she happily worked with Honorable George V. Voinivich, Republican Mayor of Cleveland (1980-89). She demonstrated her focus on her political mantra *"No permanent enemies, no permanent friends, just permanent goals;"* and

WHEREAS, Mildred Renetta Madison, in 1989, tragically lost her husband, Julian, and moved to Detroit, Michigan where her daughter Sharon was living. In Detroit, she began a second activist career as President of the Detroit League of Women Voters. Mildred Renetta Madison was nearing her 80's and sought to identify and encourage younger women who might take her place. Mildred Renetta Madison became a major figure in the area, of voting rights and voter engagement in Michigan. She spoke out against barriers to voting, particularly for senior citizens. She also was vocally against efforts to discourage Detroit voters from exercising their political rights. In 2003, as a Vote Challenger for the League, she learned of intimidation at polling places and witnessed the harassment of the election staff. Mildred Renetta Madison persisted in warning of the dangers to Democracy of Voter Suppression and Intimidation. To ensure Voter Freedom she backed initiatives for Voter Education and Registration for High School Students.

WHEREAS, Mildred Renetta Madison was a tireless, lifelong advocate for participation in the Political Process and especially the Civic Duty to Vote. At age 94, Mildred Renetta Madison's, 600 mile round trip (driven by her son Julian), to Vote in the 2020 Presidential Primary went viral, internationally on the internet. She was interviewed by Oprah Winfrey who had arranged for then, Democratic Candidate and now, President Joe Biden, to also appear. Mildred Renetta Madison told the future United States President that her support for him was based on his experience and compassion, but also on his selection of her Alpha Kappa Alpha Soror and fellow Howard University Alumna, the Honorable Kamala Harris, as his running mate, to become the future First Woman Vice-President of the United States.

WHEREAS, Mildred Renetta Madison passed away on August 16, 2023 in Detroit, Michigan at the age of 97. She was a Devoted Wife and Loving Mother and Grandmother. She is survived by her

children: Dr. Julian C. Madison Jr. and his wife Riezl of Zion, Illinois; Sharon Madison and her husband Michael Steinback of Detroit, Michigan; and Carol and her husband George Graham of London, England. Her youngest child Roberta predeceased her. She is also survived by her grandchildren: Robert J. Madison, Maria Madison and her husband Thomas Zengel, Julian C. Madison III, Philip Madison, John Graham, Julian Graham, Shammara Pope, her husband Michael Pope and children, Selah and Savannah Pope; Cameron Steinback, brother in law Robert P. Madison, and many other nieces, nephews and many friends and colleagues.

There is something to be said when one leads a ballot initiative to affect the way City Council Members are elected. Mildred Renetta Madison successfully accomplished this Great Feat and Won this Challenge in both Cleveland, Ohio and Detroit, Michigan! She is indeed a Phenomenally Great Woman and Astounding Civic Leader!

"The only worthwhile thing I can leave my children and grandchildren is a proud heritage." — Mildred Renetta Madison

Honorable City Council:

Re: Neighborhood Enterprise Zone Certificate Applications for the rehabilitation of a duplex at 1218 and 1247 West Euclid in the Herman Kiefer Neighborhood Enterprise Zone area. **(RECOMMEND APPROVAL)**

The office of the City Planning Commission (CPC) has received applications requesting Neighborhood Enterprise Zone (NEZ) certificates for the rehabilitation of a duplex at 1218 and 1247 West Euclid.

1218 West Euclid is located on the north side of the street, and 1247 West Euclid is located on the south side of the street, west of the Lodge Freeway. Below are maps of the location and images of the buildings. The subject request is for a 15-year abatement.

The developer for the project is 360 Detroit Inc. which is a non-profit Community Development Corporation established in 2014 serving the Virginia Park Community.

The developer indicates each unit is anticipated to include: a new roof and renovations to plumbing, electrical and mechanical systems, windows, kitchen, bathrooms, etc. Each duplex would be sold to one owner for about $150,000, and the 2nd unit would be rented out by the owner. Details for the four units are listed below:

Unit	Square Footage	# Bedrooms	Unit cost to renovate	Estimated sale price
1218 W. Euclid	1,000 square feet	2	$125,000	$150,000
1220 W. Euclid	1,000 square feet	2	$125,000	
1247 W. Euclid	1,000 square feet	2	$125,000	$150,000
1249 W. Euclid	1,000 square feet	2	$125,000	

Regarding parking, the existing houses do not have driveways, but appear to have parking access from the rear alley. The developer indicates street parking is also available. The developer indicates there are no handicap features.

It appears the NEZ certificate applications have been submitted prior to the issuance of applicable building permits – the NEZ Act (Act 147 of 1992) states the applications must be filed before a building permit is issued. The petitioner submitted NEZ certificate application dated August 1, 2023, to the City Clerk's office.

The subject property has been confirmed as being within the boundaries of the Herman Kiefer NEZ which was established by a vote of City Council on September 24, 2019. CPC staff has reviewed the applications and recommends approval. The City Clerk's office is submitting a resolution for your consideration. Please contact our office should you have any questions.

Request:

The above recommendation is at the request of the Department of Public Works.

The Department of Public Works seeks a competitive wage so that they can attract, develop, and retain talent for their operations. DPW is requesting that all Foreman roles within their department be paid equitably, both union and non-union. Maintaining a consistent pay range for all Foreman roles within the department is essential to retain employees.

The proposed pay ranges are based on the City of Detroit's ability to fund the increases and are subject to City Council approval.

City Planning Commission

July 21, 2020

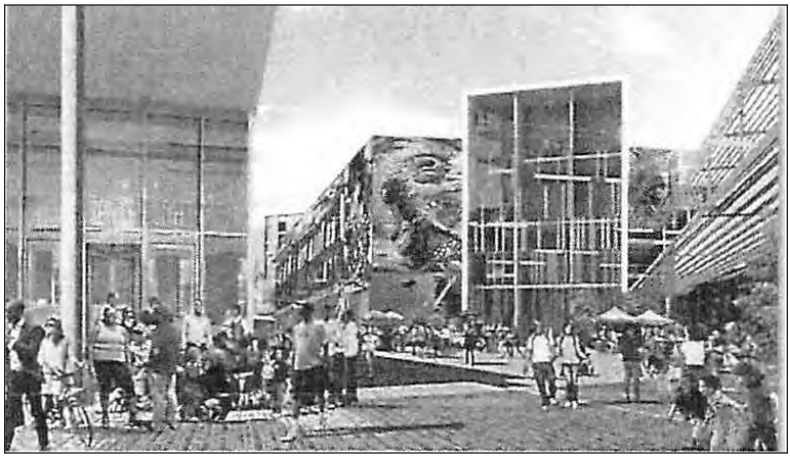
Honorable City Council:

Re: Request of Parkstone Development Partners on behalf of Develop Detroit, to amend Article XVII, Section 50-17-3, District Map No. 2 of the 2019 Detroit City Code, Chapter 50, Zoning, to re-establish the plans, terms and conditions of the PD (Planned Development) zoning classification where a PD zoning classification currently exists on land generally bounded by Gratiot Avenue, Russell Street, and Maple Street. Additionally, to show a PD zoning classification where the B4 (General Business District) and M3 (General Industrial District) zoning classifications currently exist on parcels commonly referred to as 1340 Gratiot Avenue and 1385 Maple Street. This portion of the request is being made to correct an error for two parcels that were inadvertently omitted in the legal description for the original request but were included in the plans.

This request is to re-establish a lapsed PD, established by Ordinance 2019-32, to allow for multiple mixed-use buildings that will host over 200 multiple-family dwelling units, retail, commercial and institutional space. The proposal also includes a parking structure and additional off-street parking spaces. **(RECOMMEND APPROVAL)**.

Before this Honorable Body is the request to re-establish a lapsed PD and rezone additional parcels.

PROPOSAL



This request is from petitioner Parkstone Development Partners on behalf of Develop Detroit to reestablish a lapsed PD, established by Ordinance 2019-32, to allow for multiple mixed-use buildings that will host 207 multiple-family dwelling units, and 41,000 square feet (sf) of retail, restaurant and office space. The proposal also includes a parking structure and additional off-street parking spaces. The subject parcel is approximately 2.8 acres and lies along the Gratiot corridor, one of the gateway radial thoroughfares into the downtown Central Business District.

The project now goes by the name, The Hive, but was originally referred to during the entitlement process as Eastern Market Gateway. There are four buildings within the scope of the project. The Russell building (57,786 sf), the Gratiot building (146,675 sf), the warehouse building (26,837 sf) and a parking structure (64,635 sf).

This request is to re-establish the PD that was already approved through the public hearing process via CPC and City Council but has since lapsed. According to Sec. 50-3-98 of the Zoning Ordinance, a PD shall lapse three (3) years from the effective date of approval where the PD has not been completed or an extension granted by the CPC. Ordinance 2019-32 was approved and became effective in October 2019, thus requiring it to be re-established.

Additionally, the request is to show a PD zoning classification where the B4 (General Business District) and M3 (General Industrial District) zoning classifications currently exist on parcels commonly referred to as 1340 Gratiot Avenue and 1385 Maple Street. This portion of the request is being made to correct an error for two parcels that were inadvertently omitted in the codified legal description for the original request. At the time of the original rezoning, there were factors such as lot combinations and other moving parts that inadvertently caused the aforementioned properties to be omitted from the legal description, even though they were represented in the plans during public hearings and all meetings on the matter. This allows a chance for this matter to be reconciled.

Lastly, staff views this proposal as being consistent with the approved plans that have come before the City Council in the original entitlement process. The components of the project remain the same.

PUBLIC HEARING RESULTS (June 2023)

In order to re-establish the PD that was approved by this Honorable Body in 2019, a public hearing was held on June 29, 2023 before the CPC. The petitioner presented the same exact plans that were codified via ordinance 2019-32 explaining that the proposed site plans and elevations have not changed.

The petitioner also explained that the reason for the delay in breaking ground is due to unforeseen obstacles related to financing and other issues that were faced during the COVID-19 pandemic, that followed their 2019 approval. They are now seeking to begin this project and are looking to finalize the financing.

During the public hearing, three people representing the ownership of Ergo Stroh Properties LLC which is an adjacent neighbor spoke in opposition to the project. Their stated reason for opposition is due the condition of the site and unaddressed blight tickets.

Staff did confirm, that numerous blight tickets did exist for the site. The petitioner was in the process of rectifying them and has provided blight clearances for the properties (see attached). The petitioner stated that, the project being allowed to move forward, and complete rehabilitation of the buildings will ultimately resolve the blighting influence of the dilapidated buildings on the properties and that their goal is to revive the site with the proposed project.

BACKGROUND (Original 2018 proposal and information below)

Develop Detroit requests the CPC to consider approving its multi-structure infill project known as Eastern Market Gateway on a site that sits along the Gratiot corridor. The site is a 2.8 acre swath of land that lies between Eastern Market and Lafayette Park bounded by Gratiot Avenue, Russell Street, and Maple Street.

To summarize the project, the total project estimated cost is $65 million, and its plan includes 41,000 square feet (sf) of retail and commercial uses such as galleries, shops, restaurants, 207 residential units which are expected to create an anchor development on this major radial thoroughfare. The plan also includes a parking structure and additional off-street surface parking. The project includes structures currently known as the Russell Building (6 stories, 65′), the Gratiot Building (5 stories, 65′) and the Warehouse (2 stories, 35′).

Two of the buildings would function as multi-family apartment buildings with approximately 87 units ranging from 435-438 sq. ft. each, 124 one-bedroom units ranging from 649-739 sq. ft., 31 two-bedroom units ranging 880-1,463 sq. ft. each, five three-bedroom units at 1,257 sq. ft. each and six live/work units at 1,176 sq. ft. each.

Of these, 20% of the total number of units will be at or lower than 60% of the area median income (AMI) rent, and 23% at or below 80% AMI, leaving 57% of the units at market rate rents. This would amount to 51 units being low-income units and 58 being moderate-income units. The proposed parking plan consists of 294 parking spaces with approximately 238 of those spaces being contained within the planned parking structure and 56 of those being spread across the site as surface parking spaces.

PUBLIC HEARING & COMMUNITY INPUT

Public hearing

During the public hearing for this matter held on August 2, 2018, one person from the community spoke. That person was Mr. Grosinger of Kap's Wholesale foods, who desired to have his statement placed on record regarding operating hours, traffic, noise, etc., as it relates to how the new development meshes with existing entities. His sentiment was that the new residents should recognize the existing context and know the nature of the community, so that they do not later complain about his establishment.

Commissioners had many comments and questions for the development team that covered a spectrum of issues. Many of those questions or concerns were answered during the meeting. However, there were some items that could not be addressed during the public hearing and were to be answered subsequently. Staff worked with the developer to receive answers to those questions and concerns.

Community meetings

The development team hosted a series of outreach events in order to engage the surrounding community on the proposal. The group contacted known entities in the community such as the Eastern Market Corporation, Detroit People's Platform, the 7th Precinct Police Community Relations Board, Holy Trinity Church and other businesses as well as individuals.

The following community meetings were held as follows (does not include other types of efforts):

Eastern Market – October 3, 2017
Eastern Market – February 14,2018
1300 Lafayette Community Room – July 25, 2018

Support letters

A number of support letters for the project were submitted to CPC at the time of the public hearing.

PLANNING CONSIDERATIONS

Surrounding Zoning and Land Use

The zoning classification and land uses surrounding the subject area are as follows:

North: B4; Take Out Hookah Lounge and other retail businesses
East: B4; St. John Luke United Church
South: M3; DFL Logistics
West: B6 Behavioral Health Professionals Inc., Trinity Lutheran Church, Aetna

Master Plan Consistency

The subject site is located within the Lower East Central area of Neighborhood Cluster 4 of the Detroit Master Plan of Policies (MP). The Future Land Use map for this area shows (MRI- Mixed Residential Industrial) for the subject property. According to the MP these areas offer live-work opportunities for artists and tradespeople to create a lively mixture of new residential commercial, light industrial and/or entertainment opportunities. The Planning and Development Department (P&DD) provided a letter stating that the proposal is generally in conformance with the City's Master Plan.

CONCLUSION

On June 29, 2023 after hearing all of the information related to the project and public comment, the CPC **RECOMMENDED APPROVAL** of the proposed PD reestablishment and rezoning of two parcels that were omitted requiring resolution of the blight tickets.

The approved as to form ordinance effectuating this PD reestablishment and rezoning is forthcoming from the Law Department and should be available when the Council returns from recess.

Historic Designation Advisory Board

August 21, 2023

Honorable City Council:

Re: Brewster-Wheeler Recreation Center Historic District (June 10, 2015), 657 Brewster Street, Corrected East-West Boundaries.

The Brewster-Wheeler Recreation Center Historic District was officially designated by the City of Detroit as an official historic district on June 16, 2015 (Ord. No. 18-15, effective June 10, 2015). The district is comprised of a single property at 657 Brewster Street. The district is located at the southwest intersection of Wilkins Street and the Walter P. Chrysler Service Drive (Interstate I-75).

Our historic district boundary description and map of 2015 contained an error. The corrected boundaries of the Brewster-Wheeler Recreation Center Historic District are outlined in blue on the attached map and described below.

The Historic Designation Advisory Board motioned and approved the correction to the boundary at its board meeting on July 13, 2023.

The incorrect boundaries included a larger parcel to the north, east, and the west. The correct boundaries have a reduced size that surrounds the Brewster-Wheeler Recreation Center. The correct boundaries are as follows:

On the east, the eastern property line of Lots 3 through 7 of the plat of the "Subdivision of Charles Moran Farm," as recorded in Liber 1, Page 254 of Plats, Wayne County Records;

on the south, the centerline of vacated Brewster Street;

on the west, the western property line of Lots 3 through 7 of the plat of the "Subdivision of Charles Moran Farm," as recorded in Liber 1, Page 254 of Plats, Wayne County Records;

on the north, the centerline of the vacated alley, as extended, running east-west between Lots 3 through 7 of the plat of the "Subdivision of Charles Moran Farm," as recorded in Liber 1, Page 254 of Plats, Wayne County Records.

Staff is available to answer any questions you may have in regards to this historic district.

Respectfully submitted,

Housing and Revitalization Department

July 11, 2023

Honorable City Council:

Re: Request for Authorization to Accept and Appropriate the U.S. Department of Housing and Urban Development (HUD) Community Development Block Grant — Disaster Recovery (CDBG-DR).

The U.S. Department of Housing and Urban Development (HUD) has allocated and approved the City of Detroit, through its Housing and Revitalization Department (HRD), $47,591,000 in Community Development Block Grant — Disaster Recovery (CDBG-DR) funding to support long-term recovery efforts following storm events from the 2021 Presidential Major Disaster Declaration (federal disaster declaration FEMA #4607 — Michigan Severe Storms, Flooding and Tornadoes) with no matching requirements. These funds were allocated through the publication of the Federal Register, Vol. 87, No. 100, May 24, 2022. The allocation was made available through the Disaster Relief Supplemental Appropriations Act Public Law 117-43. CDBG-DR funding is designed to address needs that remain after all other federal assistance has been exhausted.

The primary objectives of this plan are to directly serve income eligible households in most impacted neighborhoods impacted by the June 2021 flood event, either directly or indirectly.

Use of additional allocations will be determined through the required HUD Action Planning process and subsequent amendments to the approved Action Plan.

We respectfully request that your Honorable Body's authorization to accept the CDBG-DR funding by approving the attached resolution for the stated purpose.

2. Grantee Use of State Data. Grantee is provided a limited license to State Data for the sole and exclusive purpose of providing the activities outlined in the Agreement's Statement of Work, including a license to collect, process, store, generate, and display State Data only to the extent necessary in the provision of the Agreement's Statement of Work. Grantee must: (a) keep and maintain State Data in strict confidence, using such degree of care as is appropriate and consistent with its obligations as further described in this Agreement and applicable law to avoid unauthorized access, use, disclosure, or loss; (b) use and disclose State Data solely and exclusively for the purpose of providing the activities described in the Statement of Work, such use and disclosure being in accordance with this Agreement, any applicable Statement of Work, and applicable law; (c) keep and maintain State Data in the continental United States and (d) not use, sell, rent, transfer, distribute, commercially exploit, or otherwise disclose or make available State Data for Grantee's own purposes or for the benefit of anyone other than the Department without the Department's prior written consent. Grantee's misuse of State Data may violate state or federal laws, including but not limited to MCL 752.795.

3. Extraction of State Data. Grantee must, within five business days of the Department's request, provide the Department, without charge and without any conditions or contingencies whatsoever (including but not limited to the payment of any fees due to Grantee), an extract of the State Data in the format specified by the Department.

4. Backup and Recovery of State Data. Grantee is responsible for maintaining a backup of State Data and for an orderly and timely recovery of such data. Grantee must maintain a contemporaneous backup of State Data that can be recovered within two hours at any point in time.

5. Loss or Compromise of Data. In the event of any act, error or omission, negligence, misconduct, or breach on the part of Grantee that compromises or is suspected to compromise the security, confidentiality, or integrity of State Data or the physical, technical, administrative, or organizational safeguards put in place by Grantee that relate to the protection of the security, confidentiality, or integrity of State Data, Grantee must, as applicable: (a) notify the Department as soon as practicable but no later than 24 hours of becoming aware of such occurrence; (b) cooperate with the Department in investigating the occurrence, including making available all relevant records, logs, files, data reporting, and other materials required to comply with applicable law or as otherwise required by the Department; (c) in the case of PII or PHI, at the Department's sole election, (i) with approval and assistance from the Department, notify the affected individuals who comprise the PII or PHI as soon as practicable but no later than is required to comply with applicable law, or, in the absence of any legally required notification period, within five calendar days of the occurrence; or (ii) reimburse the Department for any costs in notifying the affected individuals; (d) in the case of PII, provide third-party credit and identity monitoring services to each of the affected individuals who comprise the PII for the period required to comply with applicable law, or, in the absence of any legally required monitoring services, for no less than 24 months following the date of notification to such individuals; (e) perform or take any other actions required to comply with applicable law as a result of the occurrence; (f) pay for any costs associated with the occurrence, including but not limited to any costs incurred by the Department in investigating and resolving the occurrence, including reasonable attorney's fees associated with such investigation and resolution; (g) without limiting Grantee's obligations of indemnification as further described in this Agreement, indemnify, defend, and hold harmless the Department for any and all claims, including reasonable attorneys' fees, costs, and incidental expenses, which may be suffered by, accrued against, charged to, or recoverable from the Department in connection with the occurrence; (h) be responsible for recreating lost State Data in the manner and on the schedule set by the Department without charge to the Department; and, (i) provide to the Department a detailed plan within 10 calendar days of the occurrence describing the measures Grantee will undertake to prevent a future occurrence. Notification to affected individuals, as described above, must comply with applicable law, be written in plain language, not be tangentially used for any solicitation purposes, and contain, at a minimum: name and contact information of Grantee's representative; a description of the nature of the loss; a list of the types of data involved; the known or approximate date of the loss; how such loss may affect the affected individual; what steps Grantee has taken to protect the affected individual; what steps the affected individual can take to protect himself or herself; contact information for major credit card reporting agencies; and, information regarding the credit and identity monitoring services to be provided by Grantee. The Department will have the option to review and approve any notification sent to affected individuals prior to its delivery. Notification to any other party, including but not limited to public media outlets, must be reviewed, and approved by the Department in writing prior to its dissemination. The parties agree that any damages relating to a breach of this section are to be considered direct damages and not consequential damages.

6. Surrender of Confidential Information upon Termination. Upon termination or expiration of this Contract or a Statement of Work, in whole or in part, each party must, within 5 Business Days from the date of termination, return to the other party any and all Confidential Information received from the other party, or created or received by a party on behalf of the other party, which are in such party's possession, custody, or control. Upon confirmation from the State, of receipt of all data, Grantee must permanently sanitize or destroy the State's Confidential Information, including State Data, from all media including backups using National Security Agency ("NSA") and/or National Institute of Standards and Technology ("NIST") (NIST Guide for Media Sanitization 800-88) data sanitization methods or as otherwise instructed by the State. If the State determines that the return of any Confidential Information is not feasible or necessary, Grantee must destroy the Confidential Information as specified above. The Grantee must certify the destruction of Confidential Information (including State Data) in writing within 5 Business Days from the date of confirmation from the State. Any requirement on the Grantee's part to retain data beyond the end of this contract must be authorized by the State

Q. Non-Disclosure of Confidential Information

1. The Grantee agrees that it will use confidential information solely for the purpose of this Agreement. The Grantee agrees to hold all confidential information in strict confidence and not to copy, reproduce, sell, transfer or otherwise dispose of, give or disclose such confidential information to third parties other than employees, agents, or subcontractors of a party who have a need to know in connection with this Agreement or to use such confidential information for any purpose whatsoever other than the performance of this Agreement. The Grantee must take all reasonable precautions to safeguard the confidential information. These precautions must be at least as great as the precautions the Grantee takes to protect its own confidential or proprietary information.

2. Meaning of Confidential Information

For the purpose of this Agreement the term "confidential information" means all information and documentation that:

a. Has been marked "confidential" or with words of similar meaning, at the time of disclosure by such party;

b. If disclosed orally or not marked "confidential" or with words of similar meaning, was subsequently summarized in writing by the disclosing party and marked "confidential" or with words of similar meaning;

c. Should reasonably be recognized as confidential information of the disclosing party;

d. Is unpublished or not available to the general public; or

e. is designated by law as confidential.

3. The term "confidential information" does not include any information or documentation that was:

a. Subject to disclosure under the Michigan Freedom of Information Act (FOIA);

b. Already in the possession of the receiving party without an obligation of confidentiality;

c. Developed independently by the receiving party, as demonstrated by the receiving party, without violating the disclosing party's proprietary rights;

d. Obtained from a source other than the disclosing party without an obligation of confidentiality; or

e. Publicly available when received or thereafter became publicly available (other than through an unauthorized disclosure by, through or on behalf of, the receiving party).

4. The Grantee must notify the Department within one business day after discovering any unauthorized use or disclosure of confidential information. The Grantee will cooperate with the Department in every way possible to regain possession of the confidential information and prevent further unauthorized use or disclosure.

R. Data Privacy and Information Security

1. Undertaking by Grantee. Without limiting Grantee's obligation of confidentiality as further described, Grantee is responsible for establishing and maintaining a data privacy and information security program, including physical, technical, administrative, and organizational safeguards, that is designed to: (a) ensure the security and confidentiality of the State Data; (b) protect against any anticipated threats or hazards to the security or integrity of the State Data; (c) protect against unauthorized disclosure, access to, or use of the State Data; (d) ensure the proper disposal of State Data; and (e) ensure that all employees, agents, and subcontractors of Grantee, if any, comply with all of the foregoing. In no case will the safeguards of Grantee's data privacy and information security program be less stringent than the safeguards used by the Department, and Grantee must at all times comply with all applicable State policies and standards, which are available to Grantee upon request.

2. Audit by Grantee. No less than annually, Grantee must conduct a comprehensive independent third-party audit of its data privacy and information security program and provide such audit findings to the Department.

3. Right of Audit by the State. Without limiting any other audit rights of the Department, the Department has the right to review Grantee's data privacy and information security program prior to the commencement of the Agreement's Statement of Work and from time to time during the term of this Agreement. During the providing of the Agreement's

Statement of Work, on an ongoing basis from time to time and without notice, the Department, at its own expense, is entitled to perform, or to have performed, an on-site audit of Grantee's data privacy and information security program. In lieu of an on-site audit, upon request by the Department, Grantee agrees to complete, within 45 calendar days of receipt, an audit questionnaire provided by the Department regarding Grantee's data privacy and information security program.

4. Audit Findings. Grantee must implement any required safeguards as identified by the Department or by any audit of Grantee's data privacy and information security program.

S. Cap on Salaries

None of the funds awarded to the Grantee through this Agreement will be used to pay, either through a grant or other external mechanism, the salary of an individual at a rate in excess of Executive Level II. The current rates of pay for the Executive Schedule are located on the United States Office of Personnel Management web site, http://www.opm.gov, by navigating to Policy — Pay & Leave — Salaries & Wages. The salary rate limitation does not restrict the salary that a Grantee may pay an individual under its employment; rather, it merely limits the portion of that salary that may be paid with funds from this Agreement.

IV. Financial Requirements

A. Operating Advance

An operating advance may be requested by the Grantee to assist with program operations. The request should be addressed to the Contract Manager identified in Part 1, Section VIII. The operating advance will be administered as follows:

1. The operating advance amount requested must be reasonable in relation to factors including but not limited to program requirements, the period of the Agreement, and the financial obligation. The advance must not exceed 16.67 percent of operating expenses. Operating advances will be monitored and adjusted by the Department relative to the Agreement amount.

2. The operating advance must be recorded as an account payable liability to the Department in the Grantee's financial records. The operating advance payable liability must remain in the Grantee's financial records until fully recovered by the Department.

3. The reimbursement for actual expenditures by the Department should be used by the Grantee to replenish the operating advance used for program operations.

4. The operating advance must be returned to the Department within 30 days of the end date of this Agreement unless the Grantee has a recurring agreement with the Department. Subsequent Department agreements may not be executed if an outstanding operational advance has not been repaid.

The Department may obtain the Michigan Department of Treasury's assistance in collecting outstanding operating advances. The Department will comply with the Michigan Department of Treasury's Due Process procedures prior to forwarding claims to Treasury. Specific Due Process procedures include the following:

a. An offer from the Department of a hearing to dispute the debt, identifying the time, place and date of such hearing.

b. A hearing by an impartial official.

c. An opportunity for the Grantee to examine the Department's associated records.

d. An opportunity for the Grantee to present evidence in person or in writing.

e. A hearing official with full authority to correct errors and decide not to forward debt to Treasury.

f. Grantee representation by an attorney and presentation of witnesses if necessary.

5. If the Grantee has a recurring agreement with the Department, the Department requires an annual confirmation of the outstanding operating advance. At the end of either the Agreement period or Department's fiscal year, whichever is first, the Grantee must respond to the Department's request for confirmation of the operating advance. Failure to respond to the confirmation request may result in the Department recovering all or part of an outstanding operating advance.

B. Reimbursement Method

The Grantee will be paid for allowable expenditures incurred by the Grantee, submitted for reimbursement on the Financial Status Reports (FSRs) and approved by the Department. Reimbursement from the Department is based on the understanding that Department funds will be paid up to the total Department allocation as agreed to in the approved budget. Department funds are the first source after the application of fees and earmarked sources unless a specific local match condition exists.

C. Financial Status Report Submission

The Grantee must electronically prepare and submit FSRs to the Department via the EGrAMS website http://egrams-mi.com/mdhhs.

FSRs must be submitted on a monthly basis, no later than 30 days after the close of each calendar month. The monthly FSRs must reflect total actual program expenditures, up to the total agreement amount. Failure to meet financial reporting responsibilities as identified in this Agreement may result in withholding future payments.

The Grantee representative who submits the FSR is certifying to the best of their knowledge and belief that the report is true, complete and accurate and the expendi-

tures, disbursements and cash receipts are for the purposes and objectives set forth in the terms and conditions of this Agreement. The individual submitting the FSR should be aware that any false, fictitious or fraudulent information, or the omission of any material facts, may subject them to criminal, civil or administrative penalties for fraud, false statements, false claims or otherwise.

The instructions for completing the FSR form are available on the EGrAMS website http://egrams-mi.com/mdhhs. Send FSR questions to FSRMDHHS@michigan.gov.

D. Reimbursement Mechanism

All Grantees must register using the on-line vendor self-service site to receive all state of Michigan payments as Electronic Funds Transfers (EFT)/Direct Deposits, as mandated by MCL 18.1283a. Vendor registration information is available through the Department of Technology, Management and Budget's website: https://www.michigan.gov/sigmavss.

E. Final Obligations and Financial Status Reporting Requirements

1. Obligation Report

The Obligation Report, based on annual guidelines, must be submitted by the due date established by and using the format provided by the Department's Expenditures Operations Division. The Grantee must provide an estimate of unbilled expenditures for the entire Agreement period. The information on the report will be used to record the Department's year-end accounts payable and receivable for this Agreement.

2. Department-wide Payment Suspension

A temporary payment suspension is in effect on agreements during the Department's year-end closing period. The Department will notify the Grantee of the date by which FSRs should be submitted to ensure payment prior to the payment suspension period.

3. Final FSRs

Final FSRs are due 30 days following the end of the Agreement period. The final FSR must be clearly marked "Final." Final FSRs not received by the due date may result in the loss of funding requested on the Obligation Report and may result in a potential reduction in a subsequent year's Agreement amount.

F. Unobligated Funds

Any unobligated balance of funds held by the Grantee at the end of the Agreement period will be returned to the Department within 30 days of the end of the Agreement or treated in accordance with instructions provided by the Department.

G. Indirect Costs

The Grantee may use an approved federal or state indirect rate in their budget calculations and financial status reporting. If the Grantee does not have an existing approved federal or state indirect rate, they may use a 10% de minimis rate in accordance with 2 CFR 200 to recover their indirect costs. Governmental Grantees with an existing cost allocation plan may budget accordingly in lieu of an indirect cost rate. Non-governmental Grantees may use a cost allocation plan only if the plan was in place prior to December 26, 2014.

V. Agreement Termination

This Agreement may be terminated without further liability or penalty to the Department for any of the following reasons:

A. By either party by giving 30 days written notice to the other party stating the reasons for termination and the effective date.

B. By either party with 30 days written notice upon the failure of either party to carry out the terms and conditions of this Agreement, provided the alleged defaulting party is given notice of the alleged breach and fails to cure the default within the 30-day period.

C. Immediately if the Grantee or an official of the Grantee or an owner is convicted of any activity referenced in Part 2 Section III. D. of this Agreement during the term of this Agreement or any extension thereof.

D. Immediately if the Department determines that Grantee fails or has failed to meet its obligations under Part 2 Section III.

VI. Stop Work Order

The Department may suspend any or all activities under this Agreement at any time. The Department will provide the Grantee with a written stop work order detailing the suspension. Grantee must comply with the stop work order upon receipt. The Department will not pay for activities, Grantee's incurred expenses or financial losses, or any additional compensation during a stop work period.

VII. Final Reporting Upon Termination

Should this Agreement be terminated by either party, within 30 days after the termination, the Grantee must provide the Department with all financial, performance and other reports required as a condition of this Agreement. The Department will make payments to the Grantee for allowable reimbursable costs not covered by previous payments or other state or federal programs. The Grantee must immediately refund to the Department any funds not authorized for use and any payments or funds advanced to the Grantee in excess of allowable reimbursable expenditures.

VIII. Severability

If any part of this Agreement is held invalid or unenforceable by any court of competent

jurisdiction, that part will be deemed deleted from this Agreement and the severed part will be replaced by agreed upon language that achieves the same or similar objectives. The remaining parts of the Agreement will continue in full force and effect.

IX. Waiver

Failure by the Department to enforce any provision of this Agreement will not constitute a waiver of the Department's right to enforce any other provision of this Agreement.

X. Amendments

Any changes to this Agreement will be valid only if made in writing and executed by all parties through an amendment to this Agreement. Any change proposed by the Grantee which would affect the Department funding of any project must be submitted in writing to the Department immediately upon determining the need for such change. The Department has sole discretion to approve or deny the amendment request. The Grantee must, upon request of the Department and receipt of a proposed amendment, amend this Agreement.

XI. Liability

The Grantee assumes all liability to third parties, loss, or damage because of claims, demands, costs, or judgments arising out of activities, such as but not limited to direct activity delivery, to be carried out by the Grantee in the performance of this Agreement, under the following conditions:

A. The liability, loss, or damage is caused by, or arises out of, the actions of or failure to act on the part of the Grantee, any of its subcontractors, or anyone directly or indirectly employed by the Grantee.

B. Nothing herein will be construed as a waiver of any governmental immunity that has been provided to the Grantee or its employees by statute or court decisions.

The Department is not liable for consequential, incidental, indirect or special damages, regardless of the nature of the action.

XII. State of Michigan Agreement

This Agreement is governed, construed, and enforced in accordance with Michigan law, excluding choice-of-law principles, and all claims relating to or arising out of this Agreement are governed by Michigan law, excluding choice-of-law principles. Any dispute arising from this Agreement must be resolved in the Michigan Court of Claims. Complaints against the State must be initiated in Ingham County, Michigan. Grantee waives any objections, such as lack of personal jurisdiction or forum non conveniens. Grantee must appoint an agent in Michigan to receive service of process.

Re: Authorization to execute Automobile Theft Prevention Authority (ATPA) Agreements and Memorandums of Understanding for FY 2023.

Each year, the Michigan State Police awards the City of Detroit Police Department with various Auto Theft Prevention Authority (ATPA) Program grants. These grants are also awarded to various police departments, in partnership with the Detroit Police Department. The Michigan State Police require the various Police Departments to sign a Memorandum of Understanding (MOU) for each grant program and require the approval of each municipal government's Council or Commission to authorize executing these MOUs and Agreements. Therefore, the Detroit Police Department is requesting authorization to execute Auto Theft Prevention Authority Grant Agreements and MOUs. Each MOU and Grant Agreement will not be signed without the approval of the Law Department. Each fiscal year, the various grant programs are approved by Detroit City Council in the adopted budget prior to acceptance.

The Auto Theft Prevention Authority (ATPA) Grant Programs include: (1) the Southeast Auto Theft Team (SEATT) Grant; (2) the Oakland County Auto Theft Unit (OCAT) Grant; and (3) Preventing Auto Theft (PAT) Grant. The objective of these grant programs is to implement innovative programs to address auto theft and fraud in partnership with various municipal police departments in southeast Michigan. The funding allotted to the department will be utilized to pay for salaries, fringe benefits and overtime for Detroit police officers.
