Honorable City Council:

Re: Resolution to Recognize September 11th Through September 15th as Disability Voting Rights Week.

Council Member Fred Durhal, III requested that the Legislative Policy Division (LPD) draft a Resolution to Recognize September 11th through September 15th as Disability Voting Rights Week.

Please contact us if we can be of any further assistance.

Sincerely,
DAVID WHITAKER
Director
Legislative Policy Division Staff

RESOLUTION TO RECOGNIZE SEPTEMBER AS THROUGH SEPTEMBER 15TH AS DISABILITY VOTING RIGHTS WEEK

By Council Member Fred Durhal, III:

WHEREAS, According to the Centers for Disease Control and Prevention (CDC), one in four U.S. adults has a disability[1]; and

WHEREAS, The U.S. Census Bureau estimates 20% of Detroit's population is disabled, higher than the statewide average of 13%, and there are roughly 113,000 disabled Detroiters who are of voting age[2]; and

WHEREAS, The disability community is diverse, and disabilities may affect a person's vision, movement, thinking, remembering, learning, communicating, hearing, mental health, and social relationships; and

WHEREAS, Both Michigan and federal law establish requirements for polling places, which are meant to ensure that the voting process is accessible to disabled voters[3]; and

WHEREAS, Despite legal requirements, surveys of disabled voters in Michigan and across the U.S. consistently identify physical and architectural barriers in polling places, technological barriers with voting systems, and attitudinal barriers from poll workers[4]; and

WHEREAS, As Michigan's largest voting district, the city of Detroit has a duty to do everything possible to ensure that polling places are accessible to disabled voters, who have the right to cast their votes privately and independently; and

WHEREAS, The Detroit clerk's office has made efforts to accommodate disabled voters, such as prioritizing the placement of polling places in buildings that are already ADA accessible and providing the option for curbside voting at polling places; and

WHEREAS, Disability rights activists have recommended further measures to expand voting access, including improved coordination mechanisms between local clerks and the Secretary of State so that the state can allocate appropriate resources, clear labeling of accessible pathways at polling places, more training for poll workers on accessibility, and accessible voting booths at all polling locations that allow for private and independent voting;[5] and

WHEREAS, With the passage of Proposal 2 in 2022, Michigan expanded voter access for all voters by, among other things, providing early voting sites, expanding access to absentee voting, and providing ballot boxes across voting jurisdictions for voters to deposit their ballots; and

WHEREAS, The Detroit City Clerk's Office should consider ways to specifically reach out to the disabled community regarding the recent increased access to absentee voting, as it is an effective and reasonably affordable method of accommodating many disabled voters; and

WHEREAS, Disability Voting Rights Week is a time to recognize and protect the rights of people with disabilities to fully participate in the democratic process equally alongside non-disabled people; NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council hereby recognizes September 11-15 of 2023 as Disability Voting Rights Week.

Re: 7850-4%-1 Limited Dividend Housing Association LLC — Payment in Lieu of Taxes (PILOT) — Amended.

On September 28, 2021, a request for a PILOT Resolution to your Honorable Body was approved for 7850%-4%-1 LDHA LLC. At this time Ginosko Development Company and the Assessments Division are requesting approval for the change to the legal description and unit configuration.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA 125.1415A).

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service charge of four percent 4%) of the annual net shelter rent obtained from this housing project.

Respectfully submitted,
ALVIN HORHN
Deputy CFO/Assessor

Re: 7850-4%-2 Limited Dividend Housing Association LLC — Payment in Lieu of Taxes (PILOT) — Amended.

Ginosko Development Company has formed 7850-4%-2 Limited Dividend Housing Association LLC (the "LDHA") in order to develop the Project known as 7850 East Jefferson 4% Phase 2. The LDHA owns thirty-one (31) condominium units in Building C of the 7850 East Jefferson Condominium, a low-income new modular construction development structured as one hundred fifty (150) separate condominium units. The 4% Phase 2 consists of thirty-one (31) units within a 4-story building of affordable housing for low-income residents. The site is bounded by East Jefferson on the north, Burns on the east, the Detroit River on the south and Baldwin on the west. The Project will include six (6) studio and twenty-five (25) 1 bedroom/1 bath apartments.

The Michigan State Housing Development Authority ("MSHDA") will provide tax-exempt bond construction loan in the amount of $1,750,000 in addition to a permanent MRF loan in the amount of $182,338. The City of Detroit will provide a HOME loan in the amount of $905,781. Raymond James Tax Credit Funds, Inc. will make Capital Contributions of $752,246 which includes the purchase of Low Income Housing Tax Credits. Additionally, the Sponsor has agreed to defer $125,216 of the developer fee.

Rents for all units have been set at or below thirty percent (30%) to sixty percent (60%) of the area median income (AMI), adjusted for family size. Residents in seven (7) units will receive rental assistance from HUD in the form of a Housing Assistance Payment Contract which requires households to contribute only thirty percent (30%) of AMI towards the rent. All thirty-one (31) units will be

subject to the PILOT based on Section 15a of the State Housing Development Authority Act of 1966, as amended.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1966 (P.A. 346 as amended, MCL 125.1415A). Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establish a service charge of four percent (4%) of the annual net shelter rent obtained from this housing project.

Respectfully submitted,
ALVIN HORHN

Whereas, MSHDA has provided notice to the Sponsor that it intends to approve federal-aided financing for the Project, provided that the Detroit City Council adopts a resolution establishing the PILOT for the Project; and

Whereas, Pursuant to Section 15a of the Act, being MCL 125.1415a(1), the tax exemption is not effective until the Sponsors first obtain MSHDA certification that the housing project is eligible for exemption, and files an affidavit, as so certified by MSHDA, with the Board of Assessors; and

Whereas, Pursuant to Section 18-9-13(G) of the Detroit City Code, the tax exemption shall be effective on adoption, with the tax exemption and PILOT payment to occur only upon bona fide use and physical occupancy by persons and families eligible to move into the project, in accordance with the Act, which must occur as of December 31 of the year preceding the tax year in which the exemption is to begin;

Resolved, That the City Clerk furnish the Office of the Chief Financial Officer — Office of the Assessor two certified copies of this resolution; and be it further

Resolved, That this resolution is adopted with a waiver of reconsideration.

Re: 7850-9%-1 Limited Dividend Housing Association LLC — Payment in Lieu of Taxes (PILOT) — Amended.

Ginosko Development Company has formed 7850-9%-1 Limited Dividend Housing Association LLC (the "LDHA") in order to develop the Project known as 7850 East Jefferson 9% Phase 1. The LDHA owns forty-four (44) condominium units in Building A of the 7850 East Jefferson Condominium, a low-income new modular construction development structured as one hundred fifty (150) separate condominium units. The 9% Phase 1 consists of forty-four (44) units within a 4-story building of affordable housing for low-income residents. The site is bounded by East Jefferson on the north, Burns on the east, the Detroit River on the south and Baldwin on the west. The Project will include seventeen (17) studio, fourteen (14) 1 bedroom/1 bath and thirteen (13) 2 bedroom/1 bath apartments. A taxable bond construction and permanent mortgage loan in the amount of $850,145 will be provided by the Michigan State Housing Development Authority ("MSHDA"). Raymond James Tax Credit Funds, Inc. will make Capital Contributions of $8,448,123 which includes the purchase of Low Income Housing Tax Credits. A City of Detroit HOME Loan in the amount of $810,219, a FHLBank Indianapolis AHP Sponsor grant in the amount of $250,000 and an equity bridge loan from Flagstar Bank in the amount of up to $9,500,000 will be provided. Additionally, the Sponsor has agreed to defer $255,712 of the developer fee.

Rents for all units have been set at or below thirty percent (30%) to sixty percent (60%) of the area median income (AMI), adjusted for family size. Residents in eleven (11) units will receive rental assistance in the form of a Housing Assistance Payment Contract administered by the Detroit Housing Commission which requires households to contribute only thirty percent (30%) of AMI towards the rent. All forty-four (44) units will be subject to the PILOT based on Section 15a of the State Housing Development Authority Act of 1966, as amended. In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1966 (P.A. 346 as amended, MCL 125.1415A). Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service of the annual net shelter rent obtained from this housing project.

Re: 7850-9%-2 Limited Dividend Housing Association LLC — Payment in Lieu of Taxes (PILOT) — Amended.

Ginosko Development Company has formed 7850-9%-2 Limited Dividend Housing Association LLC (the "LDHA") in order to develop the Project known as 7850 East Jefferson 9% Phase 2. The LDHA owns forty-four (44) condominium units in Building C of the 7850 East Jefferson Condominium, a low-income new modular construction development structured as one hundred fifty (150) separate condominium units. The 9% Phase 2 consists of forty-four (44) units within a 4-story building of affordable housing for low-income residents. The site is bounded by East Jefferson on the north, Burns on the east, the Detroit River on the south and Baldwin on the west. The Project will include seventeen (17) studio, fourteen (14) 1 bedroom/1 bath and thirteen (13) 2 bedroom/1 bath apartments. A taxable bond construction and permanent mortgage loan in the amount of $850,145 will be provided by the Michigan State Housing Development Authority ("MSHDA"). Raymond James Tax Credit Funds, Inc. will make Capital Contributions of $8,448,123 which includes the purchase of Low Income Housing Tax Credits. A City of Detroit HOME Loan in the amount of $810,219, a FHLBank Indianapolis AHP Sponsor grant in the amount of $250,000 and an equity bridge loan from Fifth Third Bank in the amount of up to $7,676,860 will be provided. Additionally, the Sponsor has agreed to defer $250,381 of the developer fee.

Rents for all units have been set at or below thirty percent (30%) to sixty percent (60%) of the area median income (AMI), adjusted for family size. Residents in eleven (11) units will receive rental assistance in the form of a Housing Assistance Payment Contract administered by the Detroit Housing Commission which requires households to contribute only thirty percent (30%) of AMI towards the rent. All forty-four (44) units will be subject to the PILOT based on Section 15a of the State Housing Development Authority Act of 1966, as amended. In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1966 (P.A. 346 as amended, MCL 125.1415A). Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service charge of four percent (4%) of the annual net shelter rent obtained from this housing project.

Respectfully submitted,
ALVIN HORHN
Deputy CFO/Assessor

Whereas, MSHDA has provided notice to the Sponsor that it intends to approve federal-aided financing for the Project, provided that the Detroit City Council adopts a resolution establishing the PILOT for the Project; and

Whereas, Pursuant to Section 15a of the Act, being MCL 125.1415a(1), the tax exemption is not effective until the Sponsors first obtain MSHDA certification that the housing project is eligible for exemption, and files an affidavit, as so certified by MSHDA, with the Board of Assessors; and

Whereas, Pursuant to Section 18-9-13(G) of the Detroit City Code, the tax exemption shall be effective on adoption, with the tax exemption and PILOT payment to occur only upon *bona fide* use and physical occupancy by persons and families eligible to move into the project, in accordance with the Act, which must occur as of December 31 of the year preceding the tax year in which the exemption is to begin;

Now, Therefore, Be It

Resolved, That in accordance with City Code Section 18-9-13, the Project known as 7850 East Jefferson as described above is entitled to be exempt from taxation but subject to the provisions of a service charge of four percent (4%) for payment in lieu of taxes as set forth in Act No. 346 of the Public Acts of 1966, as amended, being MCL 125.1401, *et seq.;* and be it further

Resolved, That the City Clerk furnish the Office of the Chief Financial Officer — Office of the Assessor two certified copies of this resolution; and be it further

Resolved, That this resolution is adopted with a waiver of reconsideration.

RESOLUTION TO RECOGNIZE SEPTEMBER 11TH THROUGH SEPTEMBER 15TH AS DISABILITY VOTING RIGHTS WEEK

By Council Member Fred Durhal, III:

WHEREAS, According to the Centers for Disease Control and Prevention (CDC), one in four U.S. adults has a disability; and

WHEREAS, The U.S. Census Bureau estimates 20% of Detroit's population is disabled, higher than the statewide average of 13%, and there are roughly 113,000 disabled Detroiters who are of voting age; and

WHEREAS, The disability community is diverse, and disabilities may affect a person's vision, movement, thinking, remembering, learning, communicating, hearing, mental health, and social relationships; and

WHEREAS, Both Michigan and federal law establish requirements for polling places, which are meant to ensure that the voting process is accessible to disabled voters; and

WHEREAS, As Michigan's largest voting district, the city of Detroit has a duty to do everything possible to ensure that polling places are accessible to disabled voters, who have the right to cast their votes privately and independently; and

WHEREAS, The Detroit clerk's office has made efforts to accommodate disabled voters, such as prioritizing the placement of polling places in buildings that are already ADA accessible and providing the option for curbside voting at polling places; and

Honorable City Council:

Re: Extension of review period for Chapter 50 text amendment — Board of Zoning Appeals. Member Increase"

Due to the need for further discussion on the proposed Chapter 50 text amendment relative to the composition and number of Board of Zoning Appeals members, an extension of your Honorable Body's review period for that ordinance is appropriate. The provisions related to the BZA were addressed in the CPC report of May 23, 2023 and were first taken up by City Council on May 30, 2023.

Regarding the 120-day ordinance review period, the Zoning Ordinance specifies the following:

Sec. 50-3-16. — Inaction by review and decision-making bodies; City Council.

Where a petition for a proposed text or map amendment to this chapter is not voted upon by the City Council within 120 days of the time of receipt of the City Planning Commission's report, it shall be deemed to have been denied, unless extended by the City Council. The City Council's receipt of the City Planning Commission report occurs on the first day that the report appears on the City Council's formal agenda.

Please find the attached resolution which extends the ordinance review period for an additional 120 days.

Respectfully submitted,

MARCELL R. TODD, JR.

Director

By Council President Pro Tem. Tate:

Honorable City Council:

Re: Resolution Approving an Industrial Facilities Exemption Certificate for a building located at 9501 Conner Street Detroit, Michigan, in Accordance with Public Act 198 of 1974 on behalf of Lear Corporation. **(Related to Petition #1329)**

On September 17, 2020, the City of Detroit received an application for establishment of an Industrial Development District from NP Conner Avenue Industrial, LLC ("Developer") in the vicinity of Gratiot, Conner, Devine and Corbett Avenue, Detroit, Michigan, and City of Detroit staff began the internal review process for said application. On Thursday, October 29, 2020, after completing an internal review, a public hearing in connection with approving an Industrial Development District on behalf of the City of Detroit was held before your Honorable Body's Planning and Economic Development Standing Committee. After said public hearing, Detroit City Council authorized creation of an Industrial Development District on November 4, 2020.

On November 18, 2020, Developer applied for a Speculative Building Designation in accordance with Public Act 198 of 1974. On December 23, 2020, City of Detroit staff erroneously submitted a resolution for the issuance of a certificate instead of designation of a Speculative Building. On Thursday, January 7, 2021, a public hearing in connection with approving an Industrial Facilities Exemption Certificate request for the above-captioned property was held before your Honorable Body; whereas the public hearing should have been in connection with approving a Designation for a Speculative Building. On January 12, 2021, the Detroit City Council passed a resolution approving issuance of the certificate to Developer and entering into the Industrial Facilities Exemption Agreement.

On September 22, 2022, a correct resolution approving the application for a Speculative Building Designation on behalf of NP Conner Avenue Industrial, LLC for the building located at 9501 Conner Street, Detroit, Michigan was presented before the Planning and Economic Development Committee. On September 27, 2022, the corrected resolution was approved by the Detroit City Council.

On March 22, 2023, Lear Incorporated ("Lear") as the tenant of the industrial facility located at 9501 Conner Street submitted two applications in accordance with Public Act 198 of 1974. The first application is for Lear to step into the shoes of NP Conner Avenue Industrial, LLC with regard to the approved Speculative Industrial Facilities Designation, and cover the exact amount that was spent on the construction of the building; the second application is a New Industrial Facilities Exemption Certificate application and will cover the additional costs associated with the internal build outs and installations within the facility.

On September 7, 2023, a public hearing in connection with approving the Assumption of the Speculative Building Designation request for the above-captioned property was held before your Honorable Body. All interested persons and organizations were given an opportunity to be heard. No impediments to the approval of this certificate were presented during the hearing.

Lear Corporation has submitted satisfactory evidence that they possess the necessary financial resources required to develop this property in accordance with Public Act 198 of 1974 ("the Act").

We request your Honorable Body's approval of the resolution.

Housing and Revitalization Department

August 28, 2023

Honorable City Council:

Re: Annual HOME, CDBG, AHD&PF and ARPA Awards Revised Awards.

The City of Detroit ("City"), through the Housing and Revitalization Department ("HRD"), makes annual funding available for "ready-to-proceed projects" from HOME, CDBG, and ARPA funds allocated to the City through the U.S. Department of Housing and Urban Development ("HUD"), other sources, and U.S Department of Treasury. HRD has continued to work closely with HUD to meet required commitment and disbursement deadlines for new and ongoing projects approved by the City.

In support of affordable housing opportunities, HRD is hereby requesting approval to revise the funding sources for the following previously approved projects:

1. 7850 E. Jefferson (Reduce HOME funding to be $1,000,000; Increase ARPA funding to be $2,532,000) — The previous award of $3,532,000 in HOME funding will be reduced to $1,000,000 in HOME funding and the previous award of $1,500,000 in ARPA funding will be increased to $2,532,000 in ARPA funding. The project will construct 150 new housing units at 7850 E. Jefferson that will be 100% affordable.

2. 150 Bagley (Replace $1,000,000 in ARPA funds with CDBG funds) — The previous award of $1,000,000 in ARPA funds will be replaced with CDBG funds so that a total of $4,000,000 of CDBG funding will be spent on this project to convert the former United Artists Building located in the Downtown Central Business District into 148 residential units, 30 of which will be income-restricted at affordable rates, and over 10,500 square feet of ground floor commercial space.

We hereby request that your Honorable Body adopt the attached resolution that: (1) approves the aforementioned project funding increases/decreases/replacements, and (2) authorizes the HRD Director, or her authorized designee, to execute such documents as may be necessary or convenient to complete the transactions.

Honorable City Council:

Re: Property Sale by Detroit Land Bank Authority, Resurrection Community Development Corporation, Development: Parcel A; Generally bound by W. Outer Drive, Lindsay St., Thatcher Ave. and Ferguson St.

Pursuant to the Second Amended and Restated Memorandum of Understanding ("MOU") between the City of Detroit and the Detroit Land Bank Authority ("DLBA"), approved by your Honorable Body on May 19, 2020, the DLBA may not transfer ten (10) or more parcels of property received from the City to the same transferee within any rolling 12 month period without the prior approval of the Mayor and City Council.

The DLBA is now in receipt of an offer from Resurrection Community Development Corporation, a Michigan Nonprofit Corporation ("Resurrection CDC") to enter into an option to purchase Phase 1 — Fifty-One (51) properties and Phase 2 — Thirty-Nine (39) properties ("the Property") acquired by the DLBA (as described in the attached Exhibit A). The Property is in Council District 2 within the College Park neighborhood.

The Property consists of vacant land and one structure (17559 Biltmore) to be demolished. The Property is zoned R1 (Single Family Residential) and R3 (Low Density Residential) and measures approximately 451,270 square feet (or 10.4 acres) in total. Phase 1 measures approximately 246,435 square feet (or 5.7 acres); Phase 2 measures approximately 204,835 square feet (or 4.7 acres).

Resurrection CDC is in partnership with Park Meadows Village Development I & II Limited Dividend Housing Association Limited Partnership ("Park Meadows"). Park Meadows proposes to develop a Seventy-Six (76) unit senior apartment complex. The project site will be comprised of the Property to be acquired from the DLBA, property owned by Resurrection CDC (7726 W. Outer Drive, 17560 Gilchrist, 17575 Gilchrist and 17558 Biltmore) and additional property to be acquired.

The estimated cost of the project is $11 million. Park Meadows shall adhere to all applicable guidelines and apply for and obtain all applicable zoning changes/variances, permits and/or licenses. Purchaser's proposed use of the Property shall be consistent with the allowable uses for which the Property is zoned.

Conditions to Exercise Option and Execute Development Agreement are to include:

- Finalizing financing for project
- City of Detroit Planning and Development Department ("PDD") Design Review and approvals, as necessary or required
- Zoning compatibility/successful zoning changes and/or conditional land use hearings
- Other approvals as necessary with required City departments and/or agencies

The Planning & Development Department, therefore, requests that your Honorable Body authorize the Detroit Land Bank Authority to enter into an Option Agreement with Resurrection Community Development Corporation, a Michigan Nonprofit Corporation, to sell the Property as more particularly referenced in the attached Exhibit A for $134,990.46 (Phase 1 — $73,920.76 and Phase 2 — $61,069.70); and, upon exercise of the option by the Optionee, to sell such property in accordance with the terms set forth in the Option Agreement.

Additionally, the Optionee may assign any or all of its rights or obligations under this Agreement or with respect to the Property to Park Meadows Village I Limited Dividend Housing Association Limited Partnership or Park Meadows Village II Limited Dividend Housing Association Limited Partnership (collectively, the "Approved Assignees").

Respectfully submitted,

MARC SIWAK

Chief of Staff

By Council President Pro Tem. Tate:

Whereas, The Detroit Land Bank Authority ("DLBA") was created to assemble and dispose of publicly owned properties in a coordinated manner to foster the development of that property and to promote economic growth in the City of Detroit; and

Whereas, Pursuant to the Second Amended and Restated Memorandum of Understanding ("MOU") between the City of Detroit and the DLBA, approved by the Detroit City Council on May 19, 2020, the DLBA may not transfer ten (10) or more parcels of property received from the City of Detroit to the same transferee within any rolling twelve (12) month period without the prior approval of the Mayor and City Council; and

Whereas, The DLBA is now in receipt of an offer from Resurrection Community Development Corporation, a Michigan Nonprofit Corporation ("Resurrection CDC") to enter into an option to purchase properties ("the Property") acquired by the DLBA (as described in the attached Exhibit A). The Property is located in Council District 2 within the College Park neighborhood; and

Whereas, Resurrection CDC is in partnership with Park Meadows Village Development I & II Limited Dividend Housing Association Limited Partnership ("Park Meadows"). The Property consists of vacant land and one structure and Park Meadows proposes to develop a Seventy — Six (76) unit senior apartment complex; and

Whereas, The Option Agreement shall include such provision that Resurrection CDC may assign any or all of its rights or obligations under the Agreement or with respect to the Property to Park Meadows Village I Limited Dividend Housing Association Limited Partnership or Park Meadows Village II Limited Dividend Housing Association Limited Partnership (collectively, the "Approved Assignees"); and

Whereas, The Property is zoned R1 (Single Family Residential) and R3 (Low Density Residential) and Park Meadows shall adhere to all applicable guidelines and apply for and obtain all applicable zoning changes/variances, permits and/or licenses. The Chandler Park Conservancy has awarded a donation of a new stormwater conveyance system, valued at $240,000.00, to the City of Detroit General Services Department, for Chandler Park. There is no match requirement for this donation.

The objective of the donation to the department is to support the Chandler Park Stormwater Conveyance Channel Project. Honorable City Council:

Re: Resolution In Support of UAW President Shawn Fain and Striking UAW Workers.

Council President Mary Sheffield requested that the Legislative Policy Division (LPD) draft a Resolution In Support of UAW President Shawn Fain and Striking UAW Workers.

Please contact us if we can be of any further assistance.

RESOLUTION IN SUPPORT OF UAW PRESIDENT SHAWN FAIN AND STRIKING UAW WORKERS

Honorable City Council:

WHEREAS, On September 15, 2023, the United Auto Workers (UAW) and UAW President Shawn Fain initiated an unprecedented strike against General Motors, Ford Motor, and Stellantis after negotiations between the UAW and the auto makers were not resolved prior to the expiration of the union contracts; and

WHEREAS, Currently, UAW workers are striking at three assembly plants by targeting one facility for each automaker, however the UAW is expected to expand the strike if negotiations do not produce contracts that are agreeable to their demands; and

WHEREAS, The UAW's primary demands are for wage increases, cost of living increases, shorter work weeks, a restoration of defined benefit pensions, and stronger job security as automakers increasingly shift production to electric vehicles; and

WHEREAS, UAW President Shawn Fain has stated that the union is attempting to address the increasingly unequal wage gap between auto workers and executives, as executive pay has increased 40% during the life of the previous contract while worker pay has only increased by 6%; and

WHEREAS, The UAW is demanding a fairer share of the profits that auto workers generate, as the three automakers combined have made over $20 billion in profits in the first six months of 2023 and roughly a quarter of a trillion in profits over the last decade; and

WHEREAS, The UAW was founded in Detroit, Michigan in 1935, largely in response to brutal working conditions in auto factories; and

WHEREAS, Perhaps the most famous and significant event in UAW history was the sit-down strike at the GM Fisher Body Plant in Flint, Michigan, which paved the way for union recognition at GM and shortly thereafter at Ford and Chrysler; and

WHEREAS, The rise of the UAW and other unions in the 1930s and 1940s resulted in the first great expansion of health care for Americans, and throughout the 20th century, unions are credited with gaining vast improvements in the lives of working people, which include the weekend, the 40 hour work week, the end of child labor, the 8 hour work day, unemployment benefits, workers compensation benefits, and the Family and Medical Leave Act (FMLA); and

WHEREAS, The UAW is calling its new strategy a "stand-up strike" in recognition that striking workers are continuing a long legacy of fighting for improved compensation and working conditions for its members and for all workers; NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council supports and stands in solidarity with striking UAW members and UAW President Shawn Fain as they continue to seek a resolution to the strike that results in improved compensation and working conditions for its members working for GM, Ford, and Stellantis; NOW BE IT FINALLY

RESOLVED, That the Detroit City Clerk's Office provide a copy of this resolution to UAW President Shawn Fain.

Adopted as follows:

Yeas — Council Members Benson, Durhal, III, Johnson, Santiago-Romero, Tate, Waters, Whitfield-Calloway, Young, II and President Sheffield — 9.

RESOLUTION TO RECOGNIZE SEPTEMBER AS SUICIDE PREVENTION AWARENESS MONTH AND SEPTEMBER 10TH THROUGH SEPTEMBER 16TH AS NATIONAL SUICIDE PREVENTION WEEK

Honorable City Council:

WHEREAS, Suicide is a serious and preventable public health problem both in Detroit and across the United States; and

WHEREAS, According to the Centers for Disease Control and Prevention (CDC), each year suicide is one of the leading causes of death for individuals age 10-64; and

WHEREAS, The CDC has also found that suicide rates dramatically increased by 36% between 2000 and 2021, and 2022 set a record for suicide deaths with 48,500 people dying of suicide; and

WHEREAS, In 2021, an estimated 12.3 million American adults seriously thought about suicide, 3.5 million planned a suicide attempt, and 1.7 million attempted suicide; and

WHEREAS, Suicide and suicide attempts also affect the health and well-being of friends and loved ones, who may experience grief, shock, anger, guilt, depression, anxiety, and even thoughts of suicide themselves; and

WHEREAS, Research has shown that 46% of people who died by suicide have a known mental health condition; although that number does not reflect individuals with undiagnosed mental health conditions, which highlights the need for increased access to mental health services and treatment; and

WHEREAS, Although mental health is a common factor, there is rarely one single factor causing suicide, and other contributing factors often include personal relationships, trauma, substance use, physical health, and job, money, legal, or housing stress; and

WHEREAS, The stigma associated with mental health conditions and suicide hinders suicide prevention by discouraging at-risk individuals from seeking life-saving help and can further traumatize survivors of suicide loss and individuals with lived experience of suicide; and

WHEREAS, States, cities, and communities can aid in suicide prevention by identifying and supporting people who are at risk of suicide, providing support to people experiencing financial and housing stress, promoting community spaces and activities that build community and connect people with one another, connecting at-risk people with coordinated physical and mental health care, and working to remove the stigma associated with suicide; and

WHEREAS, Since September was first declared as National Suicide Prevention Awareness Month in 2008, September has been a time to acknowledge those affected by suicide, raise awareness, and connect individuals with suicidal ideation to treatment services; NOW, THEREFORE BE IT

RESOLUTION IN MEMORIAM
FOR
SHANI JANAKI PENN
March 3, 1977 - August 15, 2023

By Council President Pro Tem. Tate:

WHEREAS, Shani Janaki Penn was born in Detroit, Michigan on March 3, 1977, to Todd and Sylvia Penn. The Penns raised their daughters Shani and Malika in the Russel Woods neighborhood on Detroit's west side. A family of political activists, Shani grew up listening to her parents tell stories about organizing political sit-ins at Western Michigan University while her mother was a student. Sylvia went on to become a social worker that made a positive impact on so many families. She taught her daughters to treat people with dignity and respect. Todd held various elected positions fighting for the rights of his United Auto Workers Chrysler brothers and sisters before retiring in 2016 after 47 years. The many lessons learned, and relationships created by the elder Penns fortified Shani's love for the City of Detroit, its residents and politics; and

WHEREAS, Shani Penn attended St. Cecilia and then went on to graduate from Martin Luther King, Jr. Senior High School. She earned her bachelor's degree majoring in marketing from Western Michigan University and a master's degree in human resources from Central Michigan University. She completed one year of an Executive MBA program at the University of Michigan Ross School of Business and was most recently studying to become a real estate agent; and

WHEREAS, Shani enjoyed great career success, first working at Daimler Chrysler Financial Services and Chrysler Financial in Michigan, New York and Illinois where she specialized in automotive dealer client management, developing dealer relationships, maintaining dialogue around problems and possible solutions, and ways to improve dealer value. After more than a decade at Chrysler, this daughter of Detroit, planted her footprint on Detroit's political landscape and ran for a seat on the Detroit City Council in 2009. While the first-time political candidate secured more than 3,430 votes within a field of 168 candidates, she did not make it into the General Election but forged relationships with several other candidates on the trail whom she felt were best for the city that she loved so much. Undeterred, she remained in the political world and that same year skillfully led the General Election campaign efforts to elect current Detroit City Council Pro Tempore James Tate, Jr. to the City Council, launching his now 14-year career. A rising star at 32 years old, she was the Chief of Staff to Council Member Tate. When the City of Detroit was appointed an Emergency Manager two years later by the State of Michigan due to outstanding financial obligations, Shani was called-on to help improve City services and restructure its debt. Having a lifelong Detroiter on staff would prove beneficial for residents relying on leadership to look out for their best interest. At age 34, she was appointed Chief of Staff to Detroit's Emergency Manager Kevyn Orr. Among several tasks and accomplishments within that position, Shani led the internal team responsible for streamlining the City of Detroit's solid waste refuge/trash collection initiative that resulted in a massive improvement to trash collection services in the city. She also notably secured $52 million in federal funds for blight remediation. Next, she transitioned to Senior Strategy Adviser to Gov. Rick Snyder at age 37, and interim Chancellor and Chief of Staff of the Education Achievement Authority (EEA) at age 40. In December of 2016, Shani was appointed Trustee of Western Michigan University by the Governor of the State of Michigan. Her term was to expire in 2024; and

WHEREAS, In 2012, she founded and began serving as the President & CEO of JPW Strategics, Inc. — a Detroit-based consulting firm providing strategic planning and business consulting services to fund development for entities of all types. JPW Strategies, Inc. secured a contract from the State of Michigan in 2017 to transition the Education Achievement Authority's school district's 15 schools back to the Detroit Public Schools Community District. The magnitude of the 18-month project taught Shani many lessons. She would later tell Crain's Detroit Business publication in 2022, "I re-evaluated the next chapter of my life and literally put things in God's hands." During the early stages of the COVID-19 pandemic, Shani helped the nonprofit planning and development organization Live6 distribute $25,000 in grants to small black-owned businesses. Those small businesses were able to receive real-time capital and resources that could be used for COVID relief, recovery or investment in business growth. Shani was recently accepted into Goldman Sachs 10,000 Small Businesses program that would have no doubt led to even more growth and impact for her entrepreneurial efforts; and

WHEREAS, In 2014, Shani penned an article for BLAC Detroit Magazine where she wrote of her admiration of icons Sojourner Truth, Rosa Parks, Dr. Maya Angelou, Congresswomen Shirley Chisholm and Barbara Jordan. She credited these women for paving the way for African Americans to "pursue political positions" and noted while she was "often criticized, scrutinized and polarized for being a Democrat that serves under a Republican", she was always confident she made a sound decision, further

explaining "It is important for Democrats and Republicans to work together. Diversity of thought in government and in other areas generates better solutions to shared problems. And, as a native Detroiter, I want to be involved in making decisions that will affect the future of the city I love." 2014 was also the year that she was selected to participate in the American Marshall Memorial Fellowship for the German Marshall Fund of the United States and traveled to Europe with 74 other U.S. fellows. Additional notable achievements include serving as a Congressional Black Caucus fellow and completing the Michigan Political Leadership Program. She sat on several boards including the Girl Scouts of Southeastern Michigan, the Detroit Belle Isle Conservancy, the Detroit Area Pre-College Engineering Program, Detroit Public Schools Foundation and Southwest Housing Solutions. Ms. Penn was named one of Michigan Chronicle's Women of Excellence in 2012 and Michigan Chronicle's 40 under 40 Emerging Leaders in 2013. Crain's Detroit Business recognized her as a member of their 2014 "40 Under 40" class; and

WHEREAS, On August 15, 2023, family, friends, the City of Detroit, and the entire state of Michigan lost Shani Penn. She leaves to cherish her memory her parents Todd and Sylvia Penn, sister Malika Penn and two nephews Malik and Mason Penn whom she adored relishing spending time with and watching mature. She also leaves behind her dear sorors of Delta Sigma Theta Sorority, Inc. Shani was initiated in 2001 into the Inkster Alumnae Chapter, and later joined the Detroit Alumnae Chapter in 2011. She was very active and served in many appointed and elected positions including Chair of May Week and Chair of the Nominating Committee (2019-2021). Shani passing creates an immeasurable void for her sisters, beyond the absence of her friendship, while serving as co-Chair of Founder's Day 2024 Shani was primed to Chair Founder's Day 2025; NOW THEREFORE BE IT

RESOLVED, That on this day, August 26, 2023, President Pro Tempore James E. Tate, Jr., and the entire Detroit City Council, hereby present this testimonial resolution in memoriam to the family of Shani J. Penn as an expression of sincere gratitude and esteem, on behalf of the residents of the City of Detroit, to honor the contributions, sacrifice, but more importantly the love and dedication she provided the City of Detroit and its residents.

CONTRACTOR AGREEMENT — ATTACHMENT I
SCOPE OF WORK

Scope of Work
Project: Community Engagement to Strengthen Approaches to Decreasing Syphilis
Site: Detroit Health Department (Michigan)
Funding Amount: $150,000
Period of Performance: August 1, 2023 - July 31, 2024

Project Background

Community engagement is pivotal for public health, and the cornerstone of this project. Involving community members, including people with lived experience, in a community engagement and planning process can identify challenges that contribute to the increases in syphilis and facilitate opportunities to develop or enhance interventions that can contribute to better sexual health outcomes (e.g., decreasing syphilis, congenital syphilis, HIV, and/or other STIs).

Since the community is the recipient of syphilis prevention and control services, their engagement in service design improves responsiveness and effectiveness and promotes service buy-in and utilization. In this case, it also will build community capacity and leadership and an understanding of how to respond to public health needs, especially with regard to syphilis, and it places community advocates in positions where they can learn about the epidemic, how to work with others in the community, how to articulate a position, etc.

In the case of syphilis reduction, community engagement is particularly relevant as health care systems built for the general population often exclude those marginalized and disenfranchised populations that are most disproportionately impacted by syphilis. As CDC's Call to Action: Let's Work Together to Stem the Tide of Rising Syphilis in the United States describes, promoting testing and treatment to providers and performing partner services/intervention activities alone has not worked to curb rising syphilis rates and, therefore, it is especially important that community input is gathered to design systems that work for them.

In partnership with the Centers for Disease Control and Prevention's (CDC) Division of STD Prevention (DSTDP), NACCHO is pleased to offer a funding opportunity to LHDs to engage the community to develop or tailor a plan to decrease syphilis. Through this opportunity, NACCHO will fund up to 8 health departments to examine their local syphilis burden and implement a community engagement process that leads to the development of a plan to reduce syphilis burden in their jurisdiction. Plans to reduce syphilis burden and barriers to sexual health services for uninsured, underinsured, and other populations, disproportionately affected by syphilis, may be considered for implementation if support becomes available.

Scope of Work

NACCHO is funding Detroit Health Department, to develop a community-informed approach to design, adapt, and/or tailor intervention efforts to decrease syphilis cases in local jurisdictions. Funded jurisdictions must engage community members for input and feedback in developing or adapting a plan to reduce syphilis burden in their jurisdiction. Additionally, funded jurisdictions will participate in an evaluation of the project approach and plan development. The evaluation will include interviews with jurisdiction staff-conducted by NACCHO staff to understand how the process worked and what would have made it work better. The results of this evaluation will inform the implementation of the plan and quality improvement efforts for their own and other jurisdictions.

Detroit Health Department will:

- Participate in a virtual project kick-off meeting with NACCHO and CDC,
- Participate in virtual meetings to establish key roles and responsibilities, refine the work plan, validation plan, evaluation plan, discuss data collection and sharing and related agreements, challenges, emergent lessons learned, report out templates, etc.,
- Build community connections to identify, reach and involve populations disproportionately affected by syphilis and mobilize public health partners to actively engage in addressing syphilis.
    - Establish and/or engage with community advisory group(s) that reflect the populations affected by syphilis disparities.
    - Inform community members and stakeholders of the impact of syphilis and public health efforts, by utilizing local data.
- Leverage collaborations with public health partners and other partners that work with uninsured and other populations disproportionately impacted by syphilis (e.g., non-profits, community-based organizations, correctional facilities, academic institutions, social services, etc.) to increase future linkage to support services associated with syphilis risk (e.g., pre-exposure prophylaxis (PrEP) referral, substance use treatment, mental health services, housing instability, etc.).
- Develop a community-informed plan to decrease syphilis that is tailored to the affected community and addresses the issues identified during the community engagement process

- Focus the plan to reduce syphilis burden on the specific subpopulation(s) who were involved in community engagement activities.
- With community members, explore innovative intervention strategies that could be adapted and utilized in syphilis prevention efforts among the prioritized population(s), this may include communication/social marketing strategies.
  - Sites may have the opportunity to receive additional technical assistance to support communication activities as part of the development of their plan to reduce syphilis burden.

- Share resources, such as protocols and education materials, used and developed for this community engagement process,
- Review any site-specific information and contribute to final report development with NACCHO, CDC, and other participants, and
- Participate in dissemination of findings including through possible webinar, conference attendance and sessions, and scientific publications.

The summary of required project deliverables is:

- Final workplan and evaluation plan.
- Clean summaries of any data collected based on evaluation plan.
- Progress reports summarizing project status, completed deliverables, and next steps.
- Electronic copies of any materials developed to implement the model, including standard operating and reporting procedures, a referring patient and treatment algorithm, sample lab requisition forms, educational material for patients, training modules, sample memorandum of understanding (MOU), data sharing, cost sharing, and other legal agreements between the entities.
- Final report documenting methods, results, conclusions, and lessons learned. This also should include documentation of the partnership development process with a partnership logic model (including the results of the evaluation plan).

Honorable City Council:

Re: Zoning Ordinance text amendment, Chapter 50 of the 2019 Detroit City Code to add smoking lounge, cigar; smoking lounge, other; and tobacco retail store as defined specific land uses permissible in certain zoning districts subject to spacing regulations, specific use standards, off-street parking regulations, and nonconforming use provisions. **(RECOMMEND APPROVAL)**

BACKGROUND

Initial Request

Upon receiving numerous complaints from residents and inquiries from members of the substance abuse prevention community, Council Member Scott Benson requested that CPC staff prepare a Zoning Ordinance (ZO) text amendment that specifically identifies hookah and vape shops/lounges as a use. It was initially requested that this use be studied for inclusion in the B3 district, or a more intense district, as a conditional use as the ZO does not currently specifically address smoking-related uses including smoking lounges where tobacco products (includes hookah tobacco) may be consumed onsite or tobacco stores where products may be purchased for consumption elsewhere.

There is a general concern with hookah lounges that they function less as a casual smoking lounge for patrons, like a cigar bar/lounge, but have more intense characteristics and external effects of a night club or an unauthorized after-hours establishment, such as a "blind pig," where illegal alcohol consumption and other activities occur. Additionally, an increase in traffic, noise, loitering, and violence have been expressed as general concerns. These issues are not unique to Detroit as other cities such as Farmington Hills and Cincinnati have dealt with similar criminal activity related to hookah lounges. Below are recent news reports of criminal activity and hookah lounges within Detroit.

• Wimbley, R. and Ainsworth, A. (2022, October 10). *2 Detroit business shut down after murder, non-fatal shooting leads to investigations.* FOX2. link

Zoning Ordinance

Currently, the ZO does not specifically address tobacco-related uses such as hookah lounges or vape/tobacco stores as specific land uses. Based on a May 13, 2022, memo provided by the Law Department to City Council, it appears that the Buildings, Safety Engineering, and Environmental Department (BSEED) has administered hookah lounges under the existing specific land use of "stores of a generally recognized retail nature," which are permitted as a by-right retail, service, and commercial use in the following zoning districts when the use does not include a drive-up or drive-through facility: B2 through B6, M1 through M4, PCA, TM, SD1, SD2, and SD4. Given the specificity in the way the ZO treats many other uses (there are approximately 300 specific land uses in the ZO), especially those that may have problematic external effects, CPC staff and Commissioners agree that it would be appropriate to amend the ZO to address hookah lounges and vape/tobacco stores as specific land uses, instead of administering these uses under general retail.

Smoking Lounge Ordinance and Business Licensing — MDHHS

In staff's research regarding the proposed amendment, we have been made aware of concerns of the Michigan Department of Health and Human Services (MDHHS) that the City of Detroit does not currently require a business license for hookah lounges. This is something that several Metro Detroit communities, including Farmington Hills, that have

had problems with hookah lounges have required through the adoption of smoking lounge ordinances. Therefore, in addition to the proposed amendment, CPC staff has been coordinating with the Law Department and Health Department towards drafting a smoking lounge ordinance and business license requirement for future consideration by City Council that would supplement this proposed zoning amendment.

SUMMARY OF RESEARCH

Census North American Industry Classification System

CPC staff could not locate any national or state resources on zoning best practices for regulating hookah and vape shops/lounges that we could consider or model. This may be due to the relatively small-scale or newness of these land uses. However, the U.S. Census Bureau provides a North American Industry Classification System (NAICS) that is a valuable standardized resource for considering uses and how they may relate to local zoning controls. The NAICS structure indicated in the below tables has been incorporated into the proposed amendment, specifically for use categories; we note that the NAICS does not have any index entry for cigar bars/lounges. The NAICS classifies hookah lounges and vape shops as two separate uses:

459991	**Tobacco, Electronic Cigarette, and Other Smoking Supplies Retailers**
link	This U.S. industry comprises establishments primarily engaged in retailing cigarettes, electronic cigarettes, cigars, tobacco, pipes, and other smokers' supplies.
	Corresponding Index Entries
	Vape shops, Cigar stores, Cigarette stands, Electronic cigarette stores, Smokers' supply stores, Tobacco stores

2022 NAICS	
713990	**All Other Amusement and Recreation Industries**
link	This industry comprises establishments (except amusement parks and arcades; gambling industries; golf courses and country clubs; skiing facilities; marinas; fitness and recreational sports centers; and bowling centers) primarily engaged in providing recreational and amusement services.
	Corresponding Index Entry
	Hookah lounges (except primarily selling food and beverages)

Cigar Bars vs. Tobacco Specialty Retail Stores (Hookah Lounges) — P.A. No. 188 of 2009

In Michigan under Public Act No. 188 of 2009, known as Michigan's Smoke-Free Indoor Air Law, there is a limited number of establishments or locations where indoor tobacco smoking is legal:

1. Cigar Bars that have a state-approved exemption*
2. Tobacco Specialty Retail Stores (hookah lounges) that have a state-approved exemption*
3. The gaming floors only of the three Detroit casinos
4. Any tribal-owned establishment
5. Personal residences (unless HUD Housing or prohibited by landlord)

***Exemptions**

It is important to note that "exemption" is not a newly created status for establishments or applicants but refers to an establishment that was in existence prior to the Public Act No. 188 of 2009 effective date of May 1, 2010. Per the MDHHS, there is a maximum number of 300 exemptions that will ever occur within the State of Michigan: 100 for Cigar Bars and 200 for Tobacco Specialty Retail Stores. These exemptions may be purchased and located within any jurisdiction within the state. This maximum number of 200 Tobacco Specialty Retail Stores is important to note as without local restrictions, there is the potential from the state's perspective for up to 200 Tobacco Specialty Retail Stores to be located within any jurisdiction, including Detroit, though that is extremely unlikely.

From the above list of five, only Cigar Bars and Tobacco Specialty Retail Stores (hookah lounges) would be subject to the proposed amendment given the concerns with hookah lounges. Under the Public Act, there are some key differences between Cigar Bars and Tobacco Specialty Retail Stores, especially when it comes to food, liquor, or restaurant licensing:

Cigar Bars

- Public Act No. 188 of 2009 does not require that an exempt Cigar Bar have either a food, liquor, or restaurant license. Rather, there is no specific mention in P.A. 188 that an exempt Cigar Bar cannot have a food, liquor, or restaurant license.

- MCL 333.12601 (1)(d) defines Cigar Bar as "an establishment or area within an establishment that is open to the public and is designated for the smoking of cigars, purchased on the premises or elsewhere."
- Unlike exempt Tobacco Specialty Retail Stores, P.A. 188 does not specifically prohibit an exempt Cigar Bar from having a food, liquor, or restaurant license.

Tobacco Specialty Retail Stores (Includes Hookah)

- MCL 333.12601 (1)(u) defines Tobacco Specialty Retail Store as "an establishment in which the primary purpose is the retail sale of tobacco products and smoking paraphernalia, and in which the sale of other products is incidental. Tobacco Specialty Retail Store does not include a tobacco department or section of a larger commercial establishment or any establishment with any type of liquor, food, or restaurant license." Food, liquor, and restaurant licenses are specifically prohibited.
- The owner of a Tobacco Specialty Retail Store may allow customers to bring prepacked or single-service style to-go food into the Tobacco Specialty Retail Store. Specifically, patrons are allowed to personally purchase food at a licensed food establishment that has a different address than the Tobacco Specialty Retail Store for personal consumption at the Tobacco Specialty Retail Store.

Existing Detroit Establishments with Exemptions — MDHHS

The MDHHS has provided a list of establishments in Detroit that possess either a Cigar Bar or Tobacco Specialty Retail Store (hookah lounge) exemption to Public Act No. 188 of 2009 as of 2022. Staff is working to obtain information for 2023 that will be provided during presentation of this item. Cigar Bars and Tobacco Specialty Retail Stores provided in the MDHHS list of existing Detroit establishments are grouped by the MD HHS into three categories based on their annual status:

1. Establishments that have had their State exemption approved for use in 2022 (Green)
2. Establishments that have not had their State exemption approved for use in 2022 and are in the process of completing build-outs for potential MDHHS approval, or the MDHHS has yet to review the establishment's renewal affidavit (Yellow)
3. Establishments that have not had their State exemption approved for use in 2022 and the earliest they could possibly be approved is January 2023 (Red)

All establishments must submit for their exemption renewal on an annual basis no later than February 21 of each year. Establishments that did not have their state exemption approved for use in 2022 (2 and 3 above) were permitted to operate as a non-tobacco smoking cigar bar or tobacco specialty retail store with no tobacco smoking permitted until their exemption was approved for use.

Summary of MDHHS List of Existing Detroit Establishments

	TSRS (Hookah)	Cigar Bar	Zoning District	Council District
Exemption Not Approved for 2022	7	3	B4-4 B2-3 B5-1 SD4-1 R1-1	D2-4 D6-2 D5-2 D4-1
Exemption Approved for 2022	1	3	B5-2 B4-1 R2-1	D5-3 D6-1
	3	11	B4-4 B2-3 B5-2 B3-2 B6-1 M4-1	D2-5 D6-3 D5-2 D4-2 D7-1 D3-1
Hookah Lounge Totals (Cigar Excl.)	10	N/A	**B2-5** **B4-4** **B5-1**	D2-5 D4-2 D7-1 D6-1 D5-1

CPC staff findings:

- Exemption Not Approved for 2022: Of these establishments, seven are hookah lounges (TSRS). All seven hookah lounges are zoned either B2, B4, or B5.
- Exemption Approved for 2022: Of these establishments, one is a hookah lounge zoned B4.
- Application/Renewal In Process for 2022: Of these establishments, three are hookah lounges zoned either B2 or B4.

- Hookah Lounge Totals: Of the 10 hookah lounges, five are zoned B2, four are zoned B4, and one is zoned B5. Only one of these lounges had an exemption approved for use in 2022 (B4).
- Cigar bar exemptions are indicated for two sites with residential zoning (Detroit Golf Club and Abick's Bar, a nonconforming use) and one with M4 industrial zoning (Bayview Yacht Club). Private clubs must adhere to the tobacco-smoking prohibition of P.A. No. 188 or receive a state exemption.
- Establishments Not Listed.
  - Google Maps indicates over 20 "hookah lounges" within Detroit. Seven of the establishments indicated on Google Maps are included in the MDHHS's list, with only one establishment having an exemption approved for 2022 (1400 Gratiot Avenue — B4).
  - Other establishments may not be included in MDHHS's list as they are strictly a retail store that does not actually offer indoor smoking but may still loosely refer to their business as a "hookah lounge", and therefore would not be required to have an approved exemption. Or they may be operating illegally as a hookah lounge with indoor smoking without a state-approved exemption to our knowledge (14404 Gratiot Avenue — B4).
  - The proposed text amendment seeks to address this nuance that certain commercial establishments may loosely refer to their business as a "hookah lounge" without actually containing an MDHHS-regulated indoor smoking lounge through the proposed addition of multiple specific land uses that could be administered.

Model Metro Detroit Zoning Requirements

The MDHHS has also provided CPC staff with smoking lounge ordinances from nine Metro Detroit communities that they believe could be used as a model for Detroit. Of the nine Metro Detroit model smoking lounge ordinances provided by the MDHHS for guidance, five municipalities, Canton Township, Dearborn, Dearborn Heights, West Bloomfield Township, and Ypsilanti Township specifically address smoking lounges in their zoning ordinances. Below are CPC staffs findings related to the five zoning ordinances reviewed for this use. These findings informed the structure of the proposed amendment.

CPC staff findings:

- **Definitions.** "Smoking Lounge" is the preferred term used for state-approved smoking lounges (cigar bars or hookah lounges), this term also matches each community's "smoking lounge ordinance" business license requirement. Using the same term between both the zoning code chapter and business license requirement code chapter assists in the administration of requirements as it should be clear that both sets of requirements apply to smoking lounges.
- **Districts Permitted.** There is not consistency between how and where the five model municipalities permit smoking lounges. Canton Township and Dearborn Heights permit smoking lounges as a by-right or conditional use in multiple zoning districts, while Dearborn, West Bloomfield Township, and Ypsilanti Township only permit smoking lounges as a conditional use in one intermediate zoning district (B-3 General Business/B-B Community).
- **Use Standards.** There is some consistency between how four of the five model municipalities permit smoking lounges as a conditional use. While Dearborn may appear to have the most comprehensive set of use standards, many of the requirements included in their ZO would likely be better suited in the business license requirement chapter as they are operational requirements that should be tied to the license, rather than a one-time review requirement that would be of interest to the planning commission or other land use administrators.
- **Spacing and Parking.** There is consistency between four of the model municipalities in that setbacks are required for smoking lounges from certain low intensity uses and other smoking lounges, and affirmation that minimum parking is required to try to mitigate potential impacts on adjacent neighborhoods.

Model Metro Detroit Business Licensing Requirements

Below are CPC staff's findings related to smoking lounge ordinances adopted by the same five municipalities that specifically address smoking lounges in their zoning ordinances/codes. These regulations are contained in code chapters that are separate from each community's zoning code chapter. As previously stated, CPC staff will be providing future information on a draft text amendment to the 2019 Detroit City Code that would constitute a new smoking lounge ordinance and business requirement for Detroit that would work alongside this proposed ZO text amendment, which, again, is something the MDHHS is strongly encouraging for permitting and enforcement purposes.

CPC staff findings:

- Three of the five municipalities provide a maximum number of smoking lounge licenses that may be issued. Dearborn's maximum is flexible at 15 total with additional permitted by City Council. A cap on the maximum number of smoking lounge licenses is something that could be considered for Detroit, though this has not been expressed as a desire to-date.
- All municipalities provide some restriction on hours of operation, generally being closed to the public between 1 a.m./2 a.m. and 8 a.m./10 a.m. daily. Employees are permitted on the site during non-public hours.

- Dearborn permits take-out only food to be brought into smoking lounges. This is the only municipality that specifically permits or addresses this in their smoking lounge ordinance.
- Four of the five municipalities have a similar mechanical ventilation requirement, which refers to ventilation being supplied and exhausted per the Michigan Mechanical Code and prohibits recirculation and natural ventilation.
- Additional operational regulations are consistently required for signage that prohibits loitering, minors on the premises, and other functions. These functions are also consistently addressed as prohibited activities: minors, alcoholic liquor, nudity, and controlled substances.
- Constant visual or video monitoring is something that is consistently required.
- Provisions for exterior lighting and ensuring patrons do not park in adjacent or neighboring parking lots or residential areas is also something that could be considered, though it may be difficult or impossible to determine and enforce if vehicles parked in certain off-site areas are patrons of a smoking lounge, or not.
- Outdoor activities are consistently restricted in the five municipalities. Three of the five prohibit any outdoor activities and require all doors and windows to remain closed. Dearborn and Dearborn Heights permit some outdoor activities, such as smoking in outdoor patio areas. In any case, outdoor activities within any parking areas are prohibited.
- Penalties and enforcement are consistent as a misdemeanor with a maximum $500 fine and/or maximum 90 days in jail. Model ordinance penalties can be reviewed for consistency with existing 2019 Detroit City Code penalties.

SUMMARY OF PROPOSED TEXT AMENDMENT

1. Proposed Zoning Definitions

As discussed during previous CPC meetings, there has been a clear desire to regulate cigar bars/lounges separately from hookah lounges given the noted external effects of hookah lounges. The first step in regulating any specific land use is to clearly define the use and related uses or terms to inform the administrative process. The proposed amendment defines cigar bars/lounges as "smoking lounge, cigar" and defines hookah lounges as "smoking lounge, other." It is common in zoning for "other" to be added to a common land use term to capture uses that may be similar but are desired to be regulated differently when it comes to permissible zoning districts and use regulations. "Other" is also used in this instance to reflect that there are additional uses beyond hookah lounges that are regulated by the MDHHS under the Smoke-Free Indoor Air Law term of "Tobacco Specialty Retails Stores," which includes but is not limited to hookah lounges.

The proposed amendment includes the following definitions that would be added to the ZO as specific land use terms, except for the proposed definition of "hookah" that is only provided to inform the definition of "smoking lounge, other":

1. **Hookah.** A type of water pipe used to smoke tobacco or other legal non-tobacco smoking products or substances, in which air is heated by charcoal or burning embers and passed through the tobacco or other substance to form smoke, and the smoke then passes through a water-filled chamber where it is filtered and cooled, and then inhaled through a tube and mouthpiece by one or more users during a smoking session. At the end of the end of a smoking session, the dirty water is discarded and the water chamber is refilled for the next session. The term "hookah" may also be referred to as a water pipe, narghile, argileh, goza, or hubble bubble.
2. **Smoking lounge, cigar.** An establishment or area within an establishment that constitutes a "cigar bar" as defined by Section 12601 of the Michigan Smoke-Free Indoor Air Law, PA 188 of 2009, being MCL 333.12601. Smoking lounge, cigar, does not include smoking lounge, other, medical marijuana facilities, or adult-use marijuana establishments as defined by this article.
3. **Smoking lounge, other (hookah lounge).** A retail establishment that constitutes a "tobacco specialty retail store" as defined by Section 12601 of the Michigan Smoke-Free Indoor Air Law, PA 188 of 2009, being MCL 333.12601 and that is designated wholly or in part for the on-premises smoking of tobacco products or non-tobacco smoking products or substances, which may include the onpremise use of hookah as defined by this article. Smoking lounge, other, does not include tobacco retail store, smoking lounge, cigar, medical marijuana facilities, or adult-use marijuana establishments as defined by this article.
4. **Tobacco retail store (carry-out use).** A retail establishment in which the primary purpose is the retail sale of "tobacco products" as defined by Section 12601 of the Michigan Smoke-Free Indoor Air Law, PA 188 of 2009, being MCL 333.12601, and that is not designated wholly or in part for the on-premises smoking of tobacco products or nontobacco smoking products or substances. Tobacco retail store does not include smoking lounge, cigar, smoking lounge, other, medical marijuana facilities, or adult-use marijuana establishments, as defined by this article, a tobacco department or section of a larger commercial establishment, or any establishment with any type of liquor, food, or restaurant license.

4. Proposed Specific Use Standards

Smoking lounge, other, (hookah lounges) and tobacco retail store would be regulated as follows. There would be no specific use standards for smoking lounge, cigar, given the noted difference in external effects. Items not addressed below, such as restrictions on hours of operations, minimum age requirements, and allowing take-out food are not included in this proposed zoning text amendment as these operational requirements are better suited within the smoking lounge ordinance/business license requirement that is recommended to immediately follow this proposed zoning text amendment. These standards apply in addition to district permissibility and spacing requirements and apply whether a use is permitted by-right or conditionally.

For purposes of this regulation, "physically separated" means an area that is enclosed on all sides by any combination of solid walls, windows, or doors that extend from the floor to the ceiling.

SEPTEMBER 22 STAFF RECOMMENDATION TO CPC

If approved by City Council, the proposed amendments to the Zoning Ordinance would specifically regulate the three proposed specific land use terms, instead of continuing to administer these uses, specifically hookah (smoking) lounges as a general retail use. In addition to the proposed amendment, CPC staff and the Law Department will be providing future information on a potential smoking lounge ordinance and business license requirement that would supplement the proposed zoning text amendment, which would be considered at future meetings. Based on the above analysis and consistent with the approval criteria of Section 50-3-49 of the Zoning Ordinance, CPC staff recommends approval of the proposed text amendment.

CPC RECOMMENDATION TO CITY COUNCIL

On September 22, 2022, the City Planning Commission voted to recommend approval of the proposed text amendment, as presented in the draft text amendment ordinance

dated September 21, 2022. Additionally, on October 20, 2022, the City Planning Commission voted to add "smoking lounge, cigar" as a by-right use in the newly created MKT (Eastern Market) zoning district. The pending ordinance approved as to form will reflect both actions.

City Planning Commission

September 15, 2023

Honorable City Council:

Re: Request of City Planning Commission to amend Chapter 50 of the 2019 Detroit City Code, *Zoning,* by amending Article XVII, *Zoning District Maps,* Section 50-17-5, *District Map No. 4,* to modify the development regulations for the existing PD Planned Development District zoning district established by Ordinance No. 2020-33, commonly known as the Brush Park Form-Based Code, for development on land generally bounded by Mack Avenue on the north, Beaubien Street, Wilkins Street, and the Chrysler Freeway Service Drive on the east, the Fisher Freeway Service Drive on the south, and Woodward Avenue, Erskine Street, and John R Street on the west, but excluding certain properties abutting Woodward Avenue. **(RECOMMEND APPROVAL)**

RECOMMEND APPROVAL

This matter came before the City Planning Commission on September 22, 2022 and at that time, the CPC voted to recommend APPROVAL of the subject request.

BACKGROUND

Ordinance 2020-33, more commonly known as the Brush Park Form-Based Code (FBC), was adopted in July 2020 after undergoing more than three years of engagement with the Brush Park community and receiving affirmative votes from the City Planning Commission and City Council as well as the formal support of the Historic District Commission.

Form-Based Code History

According to the Form-Based Codes Institute: [1]"a form-based code is a land development regulation that fosters predictable built results and a high-quality public realm by using physical form (rather than separation of uses) as the organizing principle for the code. A form-based code is a regulation, not a mere guideline, adopted into city, town, or county law. A form-based code offers a powerful alternative to conventional zoning regulation. Form-based codes address the relationship between building facades and the public realm, the form and mass of buildings in relation to one another, and the scale and types of streets and city blocks. The regulations and standards in form-based codes are presented in both words and clearly drawn diagrams and other visuals. They are keyed to a regulating plan that designates the appropriate form and scale (and therefore, character) of development, rather than only distinctions in land-use types.

This approach contrasts with conventional zoning's focus on the detailed management and segregation of land uses, and the control of development intensity through abstract and uncoordinated parameters (e.g., FAR, dwellings per acre, setbacks, parking ratios, etc.), to the neglect of an integrated built form. Not to be confused with design guidelines or general statements of policy, form-based codes are regulatory, not advisory. They are drafted to implement a community plan. They try to achieve a community vision based on time-tested forms of urbanism. Ultimately, a form-based code is a tool; the quality of development outcomes depends on the quality and objectives of the community plan that a code implements."

Below you will find the five main elements that Form-Based Codes typically address that are considered the pillars to make a successful ordinance that can accomplish the objectives of a form based regulation. The Brush Park FBC contains all of these elements except the Public Realm Standards.

Five Main Elements of Form-Based Codes

1. Regulating Plan

A plan or map of the regulated area designating the locations where different building form standards apply.

2. Public Standards

Specifies elements in the public realm: sidewalk, travel lanes, on-street parking, street trees and furniture, etc.

3. Building Standards

Regulations controlling the features, configurations, and functions of buildings that define and shape the public realm.

4. Admininstration

A clearly defined and streamlined application and project review process.

5. Definitions

A glossary to ensure the precise use of technical terms.

PROPOSAL

The CPC staff and Planning and Development Department have been administering the Brush Park Form-Based Code for approximately three years now since its adoption in July of 2020. To-date 15-20 Projects ranging from minor modifications and interior rehabs to new construction, have been approved by city staff, consistent with the Form-Based Code.

Since the time of adoption, staff have come across a short list of items that we propose to modify in the code, as we believe it will help to facilitate more developable parcels, while maintaining the original intent, integrity, and protections that Brush Park residents have supported. Please see these proposed amendments below:

1. **Administrative Adjustments:** Adding language to allow the ground floor elevation minimum to be waived if CPC staff authorizes.
   Rationale: There are instances where it may be appropriate to waive the requirement that the ground floor of a structure be elevated.
2. **Building Standards:** Reduce the percentage of principal entrances to a building or structure that must be located on a façade other than the front façade from 100 percent to 50 percent.

Rationale: The original intent of this provision is to require a building's units to be street facing to facilitate pedestrian activity on the public streets and create opportunities for interaction and good design, however there are instances where it is feasible for some of those units not to face the street.

3. **Development Standards-Blank Wall Area:** To limit the applicability of blank wall area standards to building façades that are street facing.
   Rationale: The original intent of this provision is to require a certain percentage of a building to contain architectural features, so that a building avoids blanks wall space and has visual points of interest. This update will only require street facing façades to meet this standard.
4. **Access/Parking:** The 150% parking maximum is proposed to be eliminated and maximum parking limits for specific typologies are proposed to be added.
   Rationale: This particular provision will be eliminated, but maximums will still be in place and found under specific building typologies, instead of the Access and Parking section which currently applies broadly.
5. **Historic House Parking Standard Minimum Elimination:** The .5 parking space per dwelling unit minimum is eliminated for the Historic House typology.
   Rationale: We've found that parking minimums and maximums for building typologies that have a low number of units is not necessary as the nature of these types of developments have a minimal number of units and the sites have limited capacity to become an undesirable influence on the site. The parking min and max for these smaller building typologies has been problematic for some developers to meet. Given the capacity limits that are already present for these small developments, the parking requirements are proposed to be eliminated to allow developers a better chance of making a project work.
6. **Multiplex Typology:** A parking maximum of 1.5 is added.
   Rationale: Since the 150% parking max is proposed to be eliminated under the Access and Parking section, a maximum is added to this specific typology.
7. **Mews Typology:** Reduce the Façade Build-Out minimum percent from 80% to 60%.
   Rationale: This provision lowers the required building width, giving more flexibility to develop a Mews Building.
8. **Townhouse:** Proposing to increase the townhouse maximum unit width from 19′ to 25′.
   Rationale: This increases the maximum width of a unit to be similar to national standards and gives more opportunity for various unit sizes.
9. **Rear Building Setbacks:** Newly requiring setbacks for rear building topologies to ensure adequate space for electric and other utility infrastructure. Allows CPC staff to waive or administratively adjust where setbacks are not necessary.
   Rationale: DTE Energy has requested this consideration due to new safety guidelines required for utility pole installation and required maintenance.

Current Zoning

PD PLANNED DEVELOPMENT DISTRICT

The PD Planned Development District will permit planned developments throughout the City and will be particularly useful in district areas established in accordance with Section 74 of the Michigan Blighted Area Rehabilitation Act, being MCL 125.74, for urban renewal. Such planned developments shall be substantially in accordance with the goals and objectives of the Master Plan, by having a major land use that corresponds to the most general category of land use, which are residential, retail and local services, industrial, mixed use, parks and open space and other, proposed in the Master Plan for the area involved. Such planned developments shall provide a desirable environment for the uses proposed and shall not be out of harmony with their general surroundings.

PLANNING CONSIDERATIONS

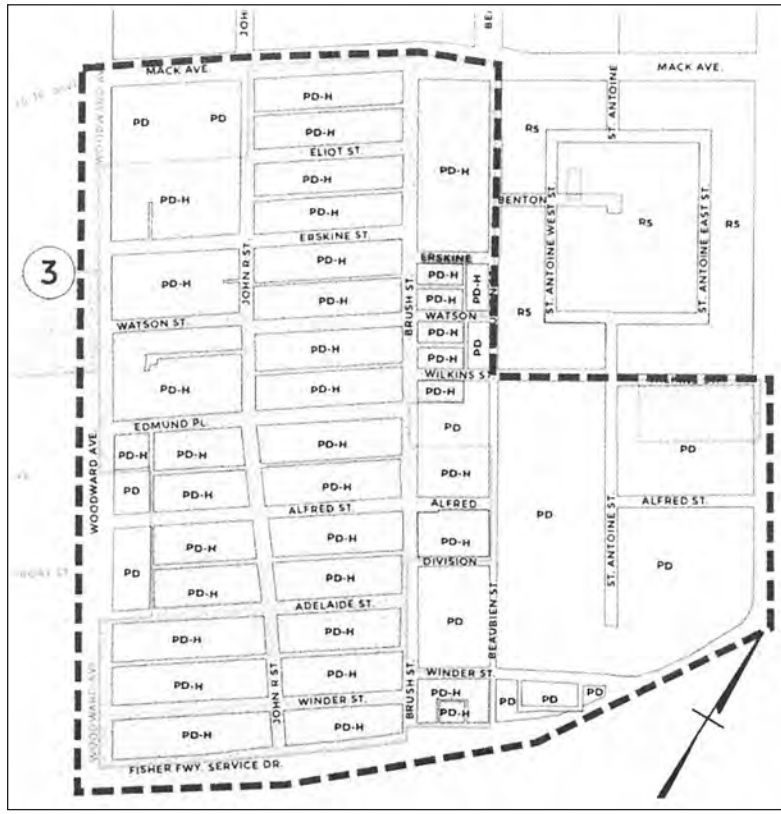
Surrounding Zoning and Land Use

The zoning classification and land uses surrounding the subject area are as follows:

North: PD & R6; Whole Foods, Detroit Medical Center
East: R5; Brewster Homes, Chrysler Freeway
South: Fisher Freeway
West: Woodward Ave.

Master Plan Consistency

The subject site is located within the Lower Woodward area of Neighborhood Cluster 4 of the Detroit Master Plan of Policies (MP). The Future Land Use map for this area shows Mixed Residential Commercial (MRC) and High-Density Residential (RH). The Planning & Development Department (P&DD) provided a Master Plan Interpretation for this matter, confirming that the proposed changes are consistent with the MP.



Community Input

City staffs have met with the Brush Park CDC and larger community on multiple occasions. The subject PD modification proposals were presented at a CDC board meeting and an at-large community meeting. City staff made minor amendments to the original proposal based on the community input so that what is currently proposed reflects community feedback. The Brush Park CDC has submitted a letter of support for the proposed amendments.

CONCLUSION

At the time of adoption of the FBC ordinance, staff anticipated that there would be a need for certain amendments once we learned more after implementation and the facilitation of projects. Staff originally expected to make possible amendments after one year. However, given the number of projects that have successfully been implemented through the code, it seems that the FBC is working well. The proposed amendments will enhance the continued development, ensure the on-going protection of residents and foster the type of cohesive development that the community desires.

The development regulations for the PD Planned Development District zoning district established by Ordinance No. 2020-33, commonly known as the Brush Park Form-Based Code, are modified as follows:

BRUSH PARK FORM-BASED CODE

Sec. 1. Intent.

This Brush Park Form-Based Code ("Form-Based Code") is intended to provide the public with a predictable vision of the built environment in the Brush Park neighborhood. This Form-Based Code regulates land development using form as the primary basis to define the developing character of the neighborhood. This Form-Based Code creates opportunities for medium-density mixed-use development while incorporating elements from the Brush Park Rehabilitation Project Fourth Modified Development Plan, the City of Detroit Master Plan of Policies for the Brush Park neighborhood, and the design guidelines for the Brush Park and Brewster-Wheeler Recreation Center Historic Districts. This Form-Based Code designates civic space for community recreational use, encourages pedestrian-friendly streets and the advancement of a walkable urban neighborhood. The organizing principle for this Form-Based Code is a hierarchy of street types that determine the placement of specific building types and by-right uses based on intensity.

Sec. 2. Purpose.

The purpose of this Form-Based Code is:

(1) To implement the goals and objectives of the Brush Park Rehabilitation Project Fourth Modified Development Plan, the City of Detroit Master Plan of Policies for the Brush Park neighborhood, and the design guidelines for the Brush Park and Brewster-Wheeler Recreation Center Historic Districts.

(2) To provide the Brush Park community predictability in the outcome of development and redevelopment through an efficient administrative permitting process.

(3) To provide a diversity of urban housing choices appropriate to Brush Park.

(4) To place commercial uses within a safe, comfortable walking distance of residential units.

(5) To prevent the establishment of incompatible developments in Brush Park.

(6) To encourage mixed-use development in order to reinforce Brush Park as a walkable urban neighborhood.

(7) To permit the development of attached medium to high-density residential buildings and multi-story, multi-unit, mixed-use buildings that relate to the size and scale of the existing historic district context.

Sec. 3. Applicability.

(a) This Form-Based Code is applicable to all zoning lots that are both located within the area depicted in the regulating maps set forth in Section 7 of this Form-Based Code and shown on Zoning Map No. 4, set forth in Section 50-17-5 of this Code, as having a PD Planned Development zoning classification.

(b) If any provision of this Form-Based Code conflicts with any other provision set forth elsewhere in this ~~Chapter~~ chapter, ~~the provisions of~~ this Form-Based Code control~~s~~.

Sec. 5. Development review.

(a) *Development review.*

(1) All development to which this Form-Based Code applies is subject to development review in accordance with Article XI, Division 2 of this ~~Chapter~~ chapter, and this ~~Section~~ section.

(2) Applications for development review must be made on a form acceptable to the City Planning Commission staff and must contain a complete site plan, prepared in accordance with Article III, Division 5 of this ~~Chapter~~ chapter, as well as construction drawings, building elevations, lighting, landscaping, signage plans, proposed uses, and any additional information reasonably identified by the City Planning Commission staff as necessary to adequately depict the proposed development.

(3) Applications for development review must be submitted to the City Planning Commission staff.

(4) The City Planning Commission staff, upon receipt of a complete application for development review, shall review such application and determine if the development proposed in such application is in accordance with the applicable standards and requirements of this Form-Based Code. If the City Planning Commission staff determines that the proposed development accords with the applicable standards and requirements of this Form-Based Code, it shall issue preliminary approval of the application.

(5) Upon receipt of preliminary approval, an applicant may apply for any other regulatory approvals that may be necessary for the proposed development, including but not limited to a certificate of appropriateness or other approval by the City of Detroit Historic District Commission.

FIGURE 5: Brush Park Development Review Process Diagram.

Sec. 6. Nonconformities and savings provision.

(a) *In General.* The regulations set forth in this ~~Section~~ section govern all nonconformities that are located within the area to which this Form-Based Code applies, notwithstanding any conflicting provision set forth in Article XV of this ~~Chapter~~ chapter.

(b) *Authority to Continue.* Any nonconformity may be continued but must not be expanded, intensified, or otherwise modified except as expressly allowed in this ~~Section~~ section. The ability to continue a nonconformity is not affected by changes in tenancy, ownership, or management thereof.

(c) *Determination of Nonconforming Status.*

(1) A nonconformity may exist if:

(i) A use, structure, or lot legally existed as of the effective date of this Form-Based Code but is not currently in compliance with all applicable provisions of this Form-Based Code, or

(ii) A use, structure, or lot has been legally constructed or established in accordance with this Form-Based Code but is not currently in compliance with all applicable provisions of this Form-Based Code solely as a result of an amendment thereof.

(2) The burden of establishing that any instance of noncompliance with any provision of this Form-Based Code applicable to an existing use, structure, or lot constitutes a nonconformity rests upon the owner or operator of such use, structure, or lot.

(3) The City Planning Commission staff may require an applicant for development review under this Form-Based Code to submit evidence, in the form of a prior permit or other supporting documentation, showing that a use, structure, or lot that is not currently in compliance with all applicable provisions of this Form-Based Code was legally constructed or established and constitutes a nonconformity.

(4) The City Planning Commission staff, with advice from the Planning and Development Department as it may request, shall determine whether the evidence submitted by the applicant adequately establishes that a nonconformity exists. Upon determining that a nonconformity exists, the City Planning Commission staff shall allow such nonconformity to continue in accordance with this ~~Section~~ section.

(d) *Determination of the extent of nonconformity.*

(1) For a nonconforming use, the extent of the nonconformity is the area, measured in square feet, of the building or structure, or portion thereof, in which the nonconforming use operates.

(2) For a nonconforming structure or lot, the extent of the nonconformity is the magnitude of the difference between the actual dimension of any specific feature of the structure or lot and the permissible dimension of such feature as currently set forth in this Form-Based Code.

(e) *Nonconforming uses.*

(1) Any change of a nonconforming use to another use that is permissible according to Table 13 in Section 13 of this Form-Based Code is permissible.

(2) Any change of a nonconforming use to another use that is not permissible according to Table 13 in Section 13 of this Form-Based Code is prohibited.

(3) Any change to a nonconforming use or to the building or structure in which a nonconforming use operates that would increase the extent of the nonconformity

is prohibited. Any change to a nonconforming use or to the building or structure in which a nonconforming use operates that would decrease the extent of the nonconformity is permissible.

(f) *Nonconforming structures.*

(1) Any ordinary repair and maintenance of a nonconforming structure, including but not limited to painting, roof replacement, re-siding, window replacement, and other improvements that are reasonably determined by the City Planning Commission staff to be cosmetic or de minimis in nature is permissible.

(2) Any modification to a nonconforming structure that would cause the structure to conform to applicable standards currently set forth in this Form-Based Code or that would otherwise reduce the extent of the nonconformity is permissible.

(3) Any modification to a nonconforming structure that would cause any feature of the nonconforming structure to become newly noncompliant with the applicable standards currently set forth in this Form-Based Code or that would otherwise increase the extent of the nonconformity is prohibited.

(4) Nothing in this ~~Section~~ section that provides for the modification of a nonconforming structure may be construed as limiting the authority of the City of Detroit Historic District Commission to review and approve or deny such modification.

(g) *Nonconforming lots.*

(1) Any modification of the dimensions of a nonconforming lot or any combination of a nonconforming lot with another lot ~~that would~~ that would reduce the extent of the nonconformity or that would cause the nonconforming lot to conform with applicable provisions currently set forth in this Form-Based Code is permissible.

(2) Any modification to the dimensions of a nonconforming lot that would increase the extent of the nonconformity is prohibited.

(3) For any nonconforming lot, the City Planning Commission staff is authorized to waive or vary any development standard, building type standard, or other numerical standard set forth in this Form-Based Code solely, and only to the extent necessary, to enable the development of a ~~principle~~ principal building type that is permissible for the nonconforming lot according to Table 7(a) in Section 7 of this Form-Based Code.

(h) *Site characteristics not compliant with applicable standards.* All zoning lots subject to this Form-Based Code shall comply with all applicable parking, landscaping, and screening provisions currently set forth in this Form-Based Code. Any zoning lot that is not in compliance with all such current parking, landscaping, and screening standards is in noncompliance with this Form-Based Code and must not be considered nonconforming.

(i) *Casualty.* For any building or structure containing a nonconforming use or for any nonconforming structure that is damaged or destroyed:

(1) If the extent of the damage or destruction is equal to or greater than 60 percent of the assessed valuation of the building or structure at the time the damage or destruction occurred, the nonconformity must not be re-established and any new or restored structure must comply with all applicable provisions currently set forth in this Form-Based Code.

(2) If the extent of the damage or destruction is less than 60 percent of the assessed valuation of the building or structure at the time the damage occurred, the nonconformity may be re-established only if all of the following conditions are satisfied:

(i) The cause of the damage or destruction was not the deliberate action of a person or entity with legal interest in the property or its agent.

(ii) Reconstruction or restoration of the building or structure would not increase the extent of the nonconformity as it existed prior to the damage or destruction of the building or structure.

(iii) Reconstruction or restoration of the building or structure is started within a period of two years following the date that the damage or destruction of the structure met or exceeded the 60 percent threshold. The City Planning Commission staff may, upon written request, extend this two-year period for not more than two additional years.

(iv) Plans for reconstruction or restoration of the building or structure undergo development review in accordance with the procedures set forth in Section 5 of this Form-Based Code and is issued final approval as a result of such review prior to application for a building permit for such reconstruction or restoration.

(j) *Abandonment.* The question of abandonment of any nonconforming use must be addressed in accordance with the procedures and standards set forth in Section 50-15-31 of this Code. Notwithstanding Section 50-15-28 of this Code, the re-establishment of any abandoned nonconforming use is prohibited.

(k) *Savings provision.* Notwithstanding any provision in this Form-Based Code to the contrary, all terms, conditions, and other regulations for development set forth in any of the following ordinances, each having been duly enacted, are incorporated into this Form-Based Code by reference, such that no building, structure or development in compliance with such development regulations constitute a nonconformity:

(1) Ordinance No. 07-16, effective April 23, 2016,
(2) Ordinance No. 24-17, effective September 9, 2017,
(3) Ordinance No. 27-17, effective October 28, 2017,

(4) Ordinance No. 14-19, effective August 24, 2019, ~~and~~

(5) Ordinance No. ~~35-19~~2019-35, effective December 4, 2019~~.~~,

(6) Ordinance No. 2020-8, effective November 14, 2020, and

(7) Ordinance No. 2020-40, effective December 10, 2020.

Sec. 7. Regulating maps.

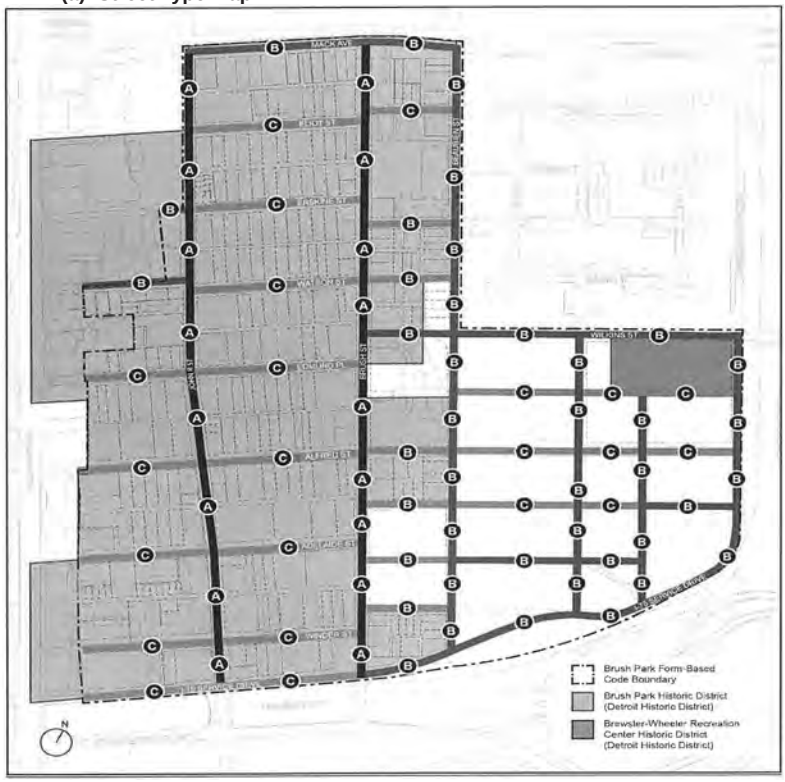
(a) *District boundaries.* The boundaries of the area to which this Form-Based Code applies are shown on Map 7(a) and Map 7(b) of this ~~Section~~ section.

(b) *Street types map.* All streets located within the area to which this Form-Based Code applies are classified by type, being "A" Streets, "B" Streets, and "C" Streets. Such classifications are shown in Map 7(a) of this ~~Section~~ section.

(c) *Civic spaces map.* All areas designated as "civic spaces" are shown in Map 7(b) of this ~~Section~~ section. All zoning lots shown as civic spaces must be used as civic space in accordance with Section 13(c)(5) of this Form-Based Code.

(d) *Permissible building types.* Principal and rear building types are permissible for a zoning lot based on the type of the street that abuts the primary front lot line of the zoning lot. The permissibility of each building type is set forth in Table 7(a) in this ~~Section~~ section, subject to the following:

(1) Where a zoning lot fronts a B or C Street and includes a side lot line that abuts a zoning lot that contains a Historic House, the only principal building types that are permissible for the zoning lot are Single-Family House, Multiplex, and Townhouse.



(2) A rear building is permissible on a zoning lot only if the lot also contains a principal building.

Sec. 8. Civic space standards.

(a) The area of any zoning lot located within the area identified as "Civic Space A" on Map 7(b) in Section 7 of this Form-Based Code must be not less than 44,000 square feet.

(b) The area of any zoning lot located within the area identified as "Civic Space B" on Map 7(b) in Section 7 of this Form-Based Code must be not less than 7,500 square feet.

Sec. 9. Development standards.

(a) *In general.* This ~~Section~~ section establishes the standards for all development located within the area to which this Form-Based Code applies.

(b) *Zoning lot standards.*

(1) *Permissible zoning lot types.* Any newly established zoning lot must be configured as a corner, interior, or key lot. The establishment of a new flag lot or through lot is prohibited.

(2) *Front lot lines.* Every zoning lot must have not more than one primary front lot line. For any zoning lot that abuts a single street, such as an interior lot, flag lot, or key lot, the lot line that abuts such street is the primary front lot line for the zoning lot. For any zoning that abuts more than one street, such as a through lot or corner lot, the primary front lot line must be determined as follows, and all other lot lines abutting a street are secondary front lot lines:

(i) For an existing through lot, the primary front lot line is as designated by the City Planning Commission staff.

(ii) For a corner lot that abuts an A Street the primary front lot line is the lot line that abuts such A Street.

(iii) For all other zoning lots that abut more than one street, the primary front lot line may be determined by the property owner and so designated in the development review application for the proposed development.

(3) Lot dimensions, including lot width and depth, for each building type are required as set forth in Section 12 of this Form-Based Code.

(4) Lot width must be measured as the horizontal distance between two points along the lot lines on either side of the primary front lot line, each 20 feet from the primary front lot line.

(5) Lot depth must be measured as the horizontal distance between the midpoint of the primary front lot line and the midpoint of the rear lot line or, if there is no rear lot line, to the most distant point on any other lot line.

(c) *Building placement.*

(1) Not more than one principal building and one rear building type may be located

on any zoning lot. A rear building may be located on a zoning lot only if a principal building is also located on the same lot. A ~~principle~~ principal building may be located on a zoning lot regardless of whether or not a rear building is also located on the same lot.

(2) Building placement standards for each principal and rear building type, including building setback standards, are required as set forth in Section 12 of this Form-Based Code.

(3) Unless otherwise specified in this ~~Section~~ section, all buildings and structures must be located at or behind any required minimum front, side, or rear setback.

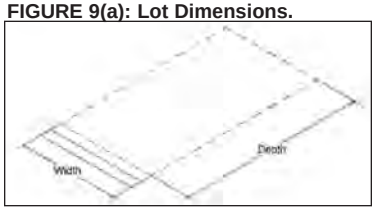
(4) Unless otherwise specified in this ~~Section~~ section, the front façade of each story of a principal building must be located at or in front of any maximum front setback for the building.

(5) Notwithstanding the front setbacks for each principal building type, as set forth in Section 12 of this Form-Based Code, any new development located on a zoning lot that is on the same block face as a Historic House must have a contextual front setback as follows, provided that the maximum front set back must not exceed the distance set forth in Section 12 of this Form-Based Code for the applicable building type:

(i) If the zoning lot is an interior lot or key lot, the minimum and maximum front setbacks must be equal to the actual setbacks for the Historic House that is located on the same block face.

(ii) If the zoning lot is a corner lot, the minimum primary front setback must be the actual front setback of any Historic House located on the same block face as its primary front lot line and the minimum secondary front setback must be the actual front setback of any Historic House located within 50 feet of the zoning lot on the same block face as its secondary front lot line.

FIGURE 9(a): Lot Dimensions.



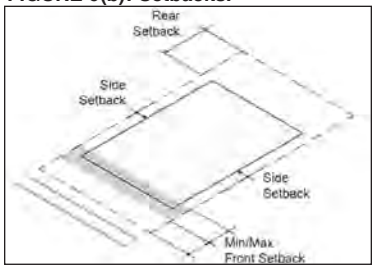


FIGURE 9(b): Setbacks.

(6) Stoops, porticos, porches, awnings, and entry canopies may encroach any distance into any front setback.

(7) Cornices, belt courses, sills, buttresses and other architectural features not otherwise specified in this Subsection may encroach not more than two feet into any setback.

(8) Chimneys may encroach up to four feet into any setback, provided that any chimney must be located not less than two feet from any lot line.

(9) Balconies may project not more than four feet into any front or rear setback and not more than three feet into any side setback, provided that any such balcony must be located not less than two feet from any side lot line.

(10) Building eaves and roof overhangs may encroach not more than three feet into any setback, provided that any such eave or overhang must be located not less than two feet from any side lot line.

and Brush Street on the west, the maximum number of stories is nine and the maximum height is 110 feet.

(12) Story height must be measured vertically from the surface of the finished floor of the story to the surface of the finished floor of the above story. If there is no story above, story height must be measured from the surface of the finished floor to the top of the structural beam or joists above or the top of the wall plate, whichever is higher. Minimum story height requirements are not applicable for half-stories.

(24) Ground story dwelling units must be not less than 20 feet in depth.

Sec. 10. Access and parking.

(a) *In general.* This ~~Section~~ section establishes the parking requirements for all building types, as well as the standards for access to such parking. Use of any parking facility must be limited to the temporary storage of operable private passenger vehicles.

(b) *Construction.* Parking may be provided as surface off-street parking, surface on-street parking, aboveground structured parking, and underground structured parking.

(c) *Number of parking spaces; minimum required and maximum permissible.*

(1) The minimum number of parking spaces required for each principal and rear building type is as set forth in Section 12 of this Form-Based Code.

(2) Any nonresidential use located in a building or structure that does not exceed 3,000 square feet of gross floor area is exempt from applicable minimum parking requirements.

(3) For any building or structure over 3,000 square feet of gross floor area, the City Planning Commission staff may grant a waiver of applicable parking requirements for the first 3,000 square feet of retail, service, or commercial use of such building or structure, if both of the following criteria can be satisfied:

(i) The area subject to the waiver contains a use that is pedestrian-oriented, and

(ii) The waiver will not be injurious to the surrounding areas by creating or increasing traffic congestion or by disrupting traffic circulation.

~~(4) The maximum number of parking spaces permissible for each principal and rear building type is 150 percent of the minimum number of spaces required for that building type, notwithstanding any~~

~~exemptions or waivers to such requirements that may apply to any particular building or structure, except if an alternative maximum number for any building type is set forth in Section 12 of this Form Based Code, such number must control.~~

(d) *Parking setbacks.* Parking setbacks for each principal and rear building type are required as set forth in Section 12 of this Form-Based Code. Unless otherwise specified, no off-street surface or above-ground structured parking may be located within any parking setback. Additionally, all such parking facilities, including associated drive aisles and other paved surfaces, must be set back not less than six feet from any lot line abutting a zoning lot used solely for residential purposes.

(e) *Parking access.* Parking must be directly accessible to a street via a driveway, alley, or vehicular entrance into a building or structure, subject to the following:

(1) The permissible means of access to parking for each ~~principle~~ principal and rear building type are as set forth in Section 12 of this Form-Based Code.

(2) Parking, as well as loading docks and associated service areas, must be accessible from an alley or across a secondary front lot line. Access across a primary front lot line is prohibited.

(3) Parking for multiple adjacent zoning lots may be accessible by means of a shared driveway, provided that the owners of all zoning lots with the benefit or burden of such shared driveway maintain an access easement for its use.

(f) *Satellite parking.* Parking associated with a zoning lot, excluding any required handicapped parking, may be constructed at an off-site satellite location within 1,320 feet of the zoning lot. Such distance between a zoning lot and its satellite parking must be measured radially between the nearest points of the lot lines of the zoning lot and the satellite parking, respectively. Satellite parking is further subject to the following requirements:

(1) Pedestrian access to any satellite parking facility must be via a paved sidewalk or walkway.

(2) The owner of the zoning lot that is served by the satellite parking must have an ownership or leasehold interest in the property on which the satellite parking is located. The City Planning Commission staff may require evidence of such ownership or leasehold interest in the form of a lease, recorded covenant, or other comparable legal instrument as part of the development review process set forth in Section 5 of this Form-Based Code.

(g) *Shared parking facilities.* If a zoning lot cannot feasibly contain onsite the minimum number of required parking spaces, the City Planning Commission staff may authorize the use of a shared parking facility if such facility satisfies the following standards:

(1) *Capacity.* The shared parking facility must have sufficient parking capacity to accommodate the minimum number of required parking spaces for each zoning lot that shares in its use. A single parking space in a shared parking facility may be counted against the minimum parking requirements of multiple zoning lots only if such zoning lots are reasonably anticipated to have distinct timeframes for peak parking demand.

(2) *Location.* The shared parking facility must be located not more than 1,320 feet from the zoning lot, measured radially in accordance with the method set forth in Subsection (f) of this section.

(3) *Required study and analysis.* The applicant for development of the zoning lot shall submit a shared parking analysis to the City Planning Commission staff as part of the development review process that demonstrates the feasibility of use of the shared parking facility. The study must identify the size and type of the proposed development, the minimum number of required parking spaces, the anticipated rate of parking turnover and the anticipated peak parking and traffic loads for all uses to be located on the zoning lot, and the distance between the shared parking facility and the zoning lot; and

(4) *Shared parking agreement.* The owner of the zoning lot must have all necessary rights, in the form of an ownership or leasehold interest in the property on which the shared parking facility is located or a shared parking agreement or other contractual agreement, for use of the requisite number of parking spaces in the shared parking facility. The applicant for development of the zoning lot shall submit evidence of such rights to the City Planning Commission staff as part of the development review process.

(h) All street frontage of any zoning lot along which on-street parking is permissible may be utilized to satisfy a portion of the applicable minimum parking requirement for the zoning lot. Every continuous length of street frontage along which on-street parking is permissible that is at least 23 feet long and abuts the zoning lot may be counted as one space for purposes of satisfying the minimum parking requirement for the zoning lot.

Sec. 11. Perimeter definition, landscaping, fencing, and signage.

(a) Lot perimeter standards for each ~~principle~~ principal and rear building type, including fencing and hedge height standards, are required as set forth in Section 12 of this Form-Based Code.

(b) Any parking lot that is adjacent to a street or an abutting zoning lot must be effectively screened from such street or zoning lot by a perimeter wall or fence in accordance with Sections 50-14-341 and 50-14-342 of this Code.

(c) A fence or hedge row may be placed along the lot lines of any zoning lot, so as to define the perimeter of such zoning lot. Permissible fencing and hedging for each building type is set forth in Section 12 of this Form-Based Code, subject to the following standards:

(1) Chain link fences are prohibited along primary and secondary front lot lines.

(2) Fence posts and supporting rails must face inward toward the zoning lot being fenced and the finished face must be oriented towards the adjacent zoning lot or street, as applicable.

(3) Fences located forward of any maximum primary or secondary front setback must not exceed four feet in height and must be no more than 50 percent opaque.

(d) Fences located behind any maximum front setback must be not exceed six feet in height and may be fully opaque.

(e) *Landscaping.* Landscaping for any zoning lot to which this Form-Based Code applies must be in accordance with the provisions of Article XIV, Division 2 of this ~~Chapter~~ chapter.

(f) *Signage.* Signage located on any zoning lot to which this Form-Based Code applies must be in accordance with applicable provisions of Chapter 4 and Chapter 50 of this Code. All signage must be tastefully designed to be visually appealing, in character with surrounding development and in accordance with the Brush Park Historic District Elements of Design and the Brewster-Wheeler Recreation Center Historic District Elements of Design, as applicable.

Sec. 12. Principal and rear building types.

(a) Permissible ~~principle~~ principal building types are Single-Family House, Multiplex, Townhouse, and Mid-Rise Building, each of which is depicted in Table 12(a) in this ~~Section~~ section.

TABLE 12(a): Principal Building Types and Example Variations.

Sec. 13. Use standards.

(a) *In general.*

(1) The use of any zoning lot within the area to which this Form-Based Code applies is subject to the applicable provisions of Article XII, Divisions 2 and 3 of this ~~Chapter~~ chapter. If any provision in this ~~Section~~ section conflicts with the provisions of Article XII of this ~~Chapter~~ chapter, this ~~Section~~ section, controls.

(2) Uses are permissible on a zoning lot based on the type of the street that abuts the primary front lot line of the zoning lot, according to Table 13 in this ~~Section~~ section. Use categories and specific use types not expressly authorized for any particular street type are prohibited.

(b) *Use categories.* Multiple uses may operate within any building type on a zoning lot, provided that each use is permissible for that building type.

(c) *Understanding the use table.* Table 13 in this ~~Section~~ section is organized as follows:

(1) Use categories and specific use types are identified in the first column of Table 13 in this ~~Section~~ section and are separated by headings for organizational purposes.

(2) The permissibility of each specific use type on zoning lots that are adjacent to each street type are identified in the second, third, and fourth columns of Table 13 in this ~~Section~~ section.

(3) *Uses permissible by-right.* An "R" in Table 13 in this ~~Section~~ section corresponding to a particular specific use type and street type indicates that the specific use type is permissible as a matter-of-right on any zoning lot for which the primary front lot line abuts a street of the specified street type, subject to compliance with all other applicable regulations of this ~~Chapter~~ chapter.

(4) *Uses not permissible.* An "N" in Table 13 in this ~~Section~~ section corresponding to a particular specific use type and street type indicates that the specific use type is not permissible on any zoning lot for which the primary front lot line abuts a street of the specified street type.

(5) *Uses for civic spaces.* Notwithstanding anything in this Form-Based Code to the contrary, the following specific use types are permissible as a matter of right on any zoning lot shown as civic space on Map 7(b) in Section 7 of this Form-Based Code, regardless of the street type that abuts the primary front lot line of the zoning lot. Specific use types that are not expressly authorized as a matter of right is prohibited.

(i) Outdoor recreation facility.

(ii) Outdoor art exhibition grounds; sculpture gardens.

(iii) Urban garden.

City Planning Commission

August 8, 2023

Honorable City Council:

Re: Request of Rose and Jacqueline Cuevas to amend Article XVII, Section 50-17-45, District Map No. 43 of the 2019 Detroit City Code, Chapter 50, Zoning, to show an SD1 (Special Development District, Small-Scale, Mixed-Use) zoning classification where an R2 (Two-Family Residential District) zoning classification is currently shown on the property commonly known as 3260, 3266 and 3274 Junction. **(Recommend Approval)**

RECOMMENDATION

Before this Honorable Body is the request to show an SD1 zoning classification where an R2 zoning classification currently exists on property commonly known as 3260, 3266 and 3274 Junction. At its regularly scheduled meeting on June 15, 2023, the City Planning Commission voted to recommend approval of the subject rezoning.

Subject property as viewed from Junction Ave.

BACKGROUND

The petitioners, Rose and Jacqueline Cuevas entered an agreement with the previous operator of Junction Party Store in 2019 to purchase the properties known as 3260 and 3266 Junction. There is approximately one year and a half left to complete the land contract for the property. The property known as 3274 is owned by the Detroit Land Bank Authority and the purchase of this property by the Cuevas' is expected to close soon. Both landowners have given written permission for the petitioner to pursue this rezoning, which gives them legal interest to proceed.

According to the Buildings, Safety Engineering, and Environmental Department (BSEED), the current legal nonconforming land use of 3260 and 3266 Junction is a 'Residential Single Dwelling combined in structures with permitted commercial uses' and 'Retail with Specially Designated Merchant's, SDM, Establishment'. SDM specifically allows for the sale of beer and wine (not liquor) for consumption off the premises.

A retail space with SDM (2,460 square feet) is located on the ground floor of the existing two-story building and includes a 500 square-foot detached accessory storage structure. The dwelling (1,526 square feet) is located on the second floor of the existing building. The property known as 3274 Junction is currently legally classified as vacant land but is used for parking.

PROPOSAL

The petitioner plans to construct an accessory off-street parking area of approximately nine spaces and to include 3274 Junction in the subject zoning lot. Additionally, the petitioner plans to add a ground-floor dwelling unit within the existing footprint of the building and reduce the floor area of the Retail Store with SDM.

The proposal to expand the zoning lot of a nonconforming use requires a Board of Zoning Appeals (BZA) hearing and approval. This hearing was held in May 2023, and the BZA granted approval of the request outlined above.

The petitioner is now before the CPC with a proposal to add a Specially Designated Distributor's establishment (SDD) (sale of alcoholic liquor for consumption off the premises) to the current permitted uses. The SD1 district would allow for the SDD use conditionally, as well as the mixed-use components of the project, although the BZA grant already allows for everything except for the SDD use.

Current Zoning

R2 — TWO-FAMILY RESIDENTIAL DISTRICT

The R2 Two-Family Residential District is designed to protect and enhance those areas developed or likely to develop with single- or two-family dwellings. The district

regulations are designed to promote a suitable environment for homes and for activities connected with family life. The only principal uses permitted by right are single- and two-family dwellings. Additional uses are conditional.

Proposed Zoning

SD1 — SPECIAL DEVELOPMENT DISTRICT, SMALL-SCALE, MIXED-USE

The SD1 Special Development District is designed to encourage a complementary mixture of small-scale pedestrian and transit-oriented uses that are compatible in a neighborhood setting. It is intended to ensure a neighborhood character and place a proper balance of activities within walking distance of one another while serving the day-to-day needs of residents. Parking requirements are reduced in certain circumstances to promote use of transit and non-motorized transportation; shared parking and a district approach to parking are encouraged to lessen demand for off-street parking spaces. Certain establishments that serve alcohol for consumption on the premises are permitted without a spacing requirement in order to attract increased pedestrian traffic to the area.

PLANNING CONSIDERATIONS

Surrounding Zoning and Land Use

The zoning classification and land uses surrounding the subject area are as follows:

North: R2; Congress of Communities' community garden
East: R2; Single Family Residential
South: R2; Residential, parking lot
West: R5 (Medium Density Residential); St. Hedwig Catholic Church

Master Plan Consistency

The subject site is located within the Condon area of Neighborhood Cluster 5 of the Detroit Master Plan of Policies. The Future Land Use map for this area shows Low/Medium Density Residential (RLM). The Planning and Development Department (P&DD) has reported that the proposal is generally consistent with the Master Plan.

COMMUNITY INPUT & PUBLIC HEARING RESULTS

Community Meeting

The petitioner held a community meeting in conjunction with CPC staff on May 15, 2023. At this meeting the petitioner displayed drawings of their proposed expansion and discussed the proposed SDD use alongside CPC staff. Staff presented on the proposed rezoning and also shared printed handouts of the SD1 district in English and Spanish languages. No opposition was expressed at the meeting. The project was seemingly supported by the majority and some attendees expressed support directly to staff after the presentation. Lastly, the petitioner has submitted numerous letters of support that are attached.

Public Hearing

A representative of the Congress of Communities of Southwest Detroit Neighborhoods non-profit spoke in support of the project during the public hearing.

Letters of support were received from St. Hedwig Parish, Congress of Communities, Southwest Detroit Business Association, Detroit Police Department Sgt. Manny Gutierrez and over 20 other residents of the community.

ANALYSIS

According to Sec. 50-3-70, Approval criteria, recommendations and decisions on an amendment of a zoning map in Article XVII shall be based on consideration of all of the following criteria which is accompanied by CPC staffs analysis:

(1) *Whether the proposed amendment corrects an error or meets the challenge of some changing condition, trend or fact;*

The proposed amendment corrects an error by taking an established use that is currently non-conforming. Amending the map to the proposed zoning classification will make the current and proposed uses consistent with zoning.

(2) *Whether the proposed amendment is consistent with the Master Plan and the stated purposes of this chapter;*

The Planning & Development Department (P&DD) has reported that the proposal is generally consistent with the Master Plan.

(3) *Whether the proposed amendment will protect the health, safety, and general welfare of the public;*

The establishment that the proposed amendment is being requested for has been a part of the fabric of the community for many years. The community has strongly supported this petition, confirming that the proposed amendment will not negatively affect the welfare of the public.

(4) *Whether the City and other service providers will be able to provide adequate public facilities and services to the subject property, while maintaining adequate levels of service to existing development;*

Since the building already exists, there should be no issues related to adequate city services being provided.

(5) *Whether the proposed rezoning will have significant adverse impacts on the natural environment, including air, water, soil, wildlife, and vegetation and with respect to anticipated changes in noise and regarding stormwater management;*

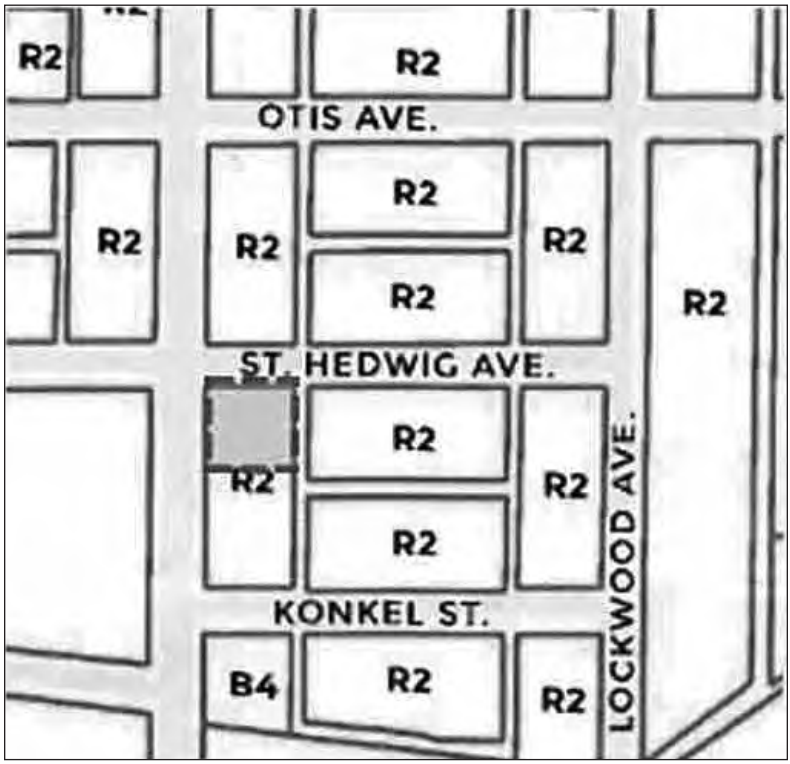
No adverse impacts are expected as a result of this proposal.

(6) *Whether the proposed amendment will have significant adverse impacts on other property that is in the vicinity of the subject tract;*

The proposed amendment will not have significant adverse impacts since it will operate the same as it has for years.

(7) *The suitability of the subject property for the existing zoning classification and proposed zoning classification; and*

The subject property has been proven to be suitable for the proposed zoning classification as it is currently operating as a mixed-use development which SD1 permits. Changing from the current R3 zoning classification will bring the existing use into conformity.



(8) *Whether the proposed rezoning will create an illegal "spot zone."*

The proposed rezoning is not expected to create an illegal spot zone and this has been substantiated by the Planning and Development Department in their Master Plan Interpretation letter.

Honorable City Council:

Re: Approval of Property Transfer between the City of Detroit and Detroit Land Bank Authority.

Pursuant to the Land Bank Fast Track Act, 2003 PA 258, MCL 124.751 to 124.774 (Land Bank Act), the Detroit Land Bank Authority ("DLBA") was created as a separate legal entity in order to assemble or dispose of public property in a coordinated manner, to foster the development of that property, to promote economic growth in the City of Detroit, and to combat blight.

The Detroit Land Bank Authority has implemented a range of policies to provide for the disposition of the properties that it acquires, including sales to owner occupants, sales of side lots and auctions of properties.

In 2014, this Honorable Body initially authorized the transfer of 16,399 properties from the City to the DLBA for the purposes stated. The last such transfer was approved by this Honorable Body on May 16, 2023 at which point 16 properties were transferred by the City to the DLBA. 9 properties were transferred by the DLBA to the City.

As the City and DLBA continually acquire property through various means, a periodic transfer of properties between the City of Detroit and the DLBA is necessary for both entities to conduct land strategies efficiently and effectively.

At this time, the City has identified 64 properties in the DLBA's inventory that it wishes to acquire from the DLBA ("DLBA Transfer Properties") for:

Phytoforest — The DLBA Transfer Properties are within the Delray neighborhood and more specifically described in the attached Exhibit A. The City will utilize the DLBA Transfer Properties as part of the Detroit Tree Equity Partnership. Approximately 4,000 trees will be planted for purposes of advancing a communitydriven recommendation from the Delray Neighborhood Framework process, this initiative will work to mitigate negative quality of life issues within the Delray neighborhood and achieve improved outcomes related to: enhancing the tree canopy, mitigating dust impacts from localized trucking, and repurposing vacant lots for productive reuse.

We hereby respectfully request that your Honorable Body adopt the attached resolution that authorizes the City to acquire the DLBA Transfer Properties, as listed in the attached Exhibit A, from the Detroit Land Bank, a Michigan public body corporate, for no consideration.

Respectfully submitted,
ANTOINE BRYANT
Director
Planning and
Development Department

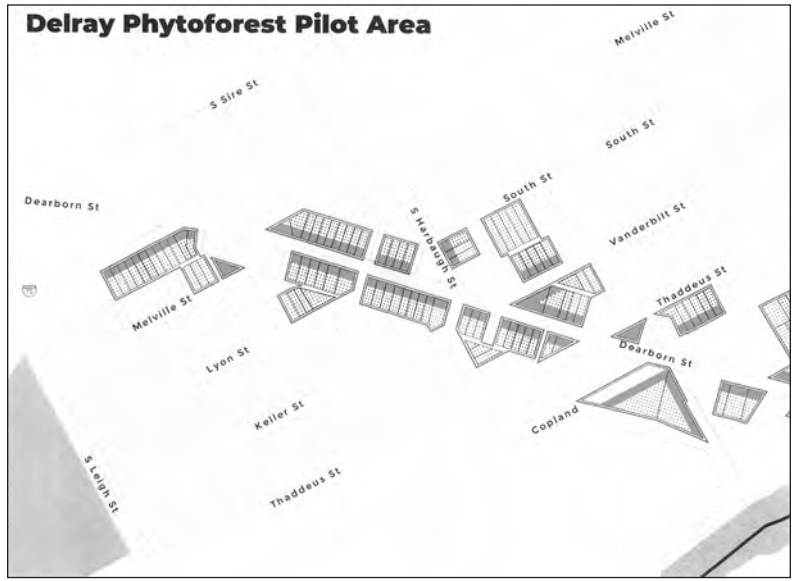
By Council President Pro Tem. Tate:

Now, Therefore, Be It Resolved, That Detroit City Council hereby approves acquisition of those properties ("DLBA Transfer Properties"), listed in the attached Exhibit A, from the Detroit Land Bank, a Michigan public body corporate for no consideration, provided that prior to any such acquisition, the City conduct an environmental inquiry of the DLBA Transfer Properties and, if required, an environmental assessment, to be reviewed by the Building, Safety Engineering and Environmental Department; and be it further

Resolved, That Detroit City Council finds and declares that (1) acquisition of the DLBA Transfer Properties is necessary to promote the health, safety and welfare of the public and (2) that the preservation of the public health, safety and welfare outweighs the cost of the environmental inquiry and assessment, and therefore, waives the requirement that the seller bear the cost of the environmental inquiry and assessment for the DLBA Transfer Properties; and be it further

Resolved, That in accordance with the foregoing, the P&DD Director, or his/her authorized designee, be and is hereby authorized to accept and record deeds to the City of Detroit for the properties, listed in the attached Exhibit A, as well as execute any such other documents as may be necessary to effectuate transfer of the properties from the Detroit Land Bank to the City of Detroit; and be it further

Resolved, That the City may transfer any or all of the DLBA Transfer Properties at any time to the DLBA for no consideration, in order for the DLBA to provide expedited title clearances for such properties at a service fee of $1,000 per property to the DLBA for such services. Further, the City is hereby authorized to accept of such properties back from the DLBA for no consideration following the DLBA's completion of such title clearances; and be it further



Resolved, That the P&DD Director, or his/her authorized designee, is authorized to execute any required instruments to make and incorporate technical amendments or changes to the quit claim deeds (including but not limited to corrections to or confirmations of legal descriptions, or timing of tender of possession of particular parcels) in the event that changes are required to correct minor inaccuracies or are required due to unforeseen circumstances or technical matters that may arise prior to the conveyance of the properties, provided that the changes do not materially alter the substance or terms of the transfers or sales; and be it finally

Resolved, That the quit claim deeds will be considered confirmed when executed by the P&DD Director, or his/her authorized designee, and approved by the Corporation Counsel as to form.

Planning and Development Department

September 22, 2023

Honorable City Council:

Re: First Amendment to Development Agreement 210 E. Bethune, Detroit, Michigan.

On November 20, 2018, your Honorable Body adopted a resolution authorizing the sale of 210 E. Bethune, Detroit, Michigan (the "Property") pursuant to a Development Agreement to EBE Bethune LLC (the "Developer"), a Michigan limited liability company, for the purchase price of Three Hundred Fifty Thousand and 00/100 Dollars ($350,000.00) (the "Purchase Price") to rehabilitate two existing structures on the Property, comprising of one approximately 7,000 square foot building for office space and one approximately 1,000 square foot building for commercial office space (the "Project").

Due to the COVID-19 Pandemic, Developer was unable to secure financing and keep pace of the Project as contemplated. As such, and with the consent of the City of Detroit Planning and Development Department ("P&DD"), Developer now requests an amendment to the Development Agreement.

Under the terms of the proposed First Amendment to Development Agreement ("Amendment"), construction commencement would begin on May 1, 2024, construction completion would take place by November 1, 2025, and P&DD would be authorized to unilaterally grant additional extensions if necessary.

We request that your Honorable Body adopt the attached resolution authorizing an amendment to the Development Agreement to reflect the above referenced revisions.

Respectfully submitted,

ANTOINE BRYANT

Director

By Council President Pro Tem. Tate:

Whereas, On August 9, 2019, the City of Detroit, through its Planning and Development Department ("P&DD"), closed on the conveyance of certain property at 210 E. Bethune, Detroit, Michigan (the "Property") to EBE Bethune LLC, a Michigan Limited Liability Company, ("Developer"), subject to that certain development agreement dated July 9, 2019 ("Development Agreement"); and

Whereas, P&DD and Developer have mutually agreed to amend the Development Agreement consistent with a revised project schedule to accommodate unforeseen project delays due to the Covid-19 Pandemic; and

Resolved, That the P&DD Director, or his authorized designee, is hereby authorized to execute an amendment to the Development Agreement that 1) requires construction of the improvements to commence by May 1, 2024 and to be completed by November 1, 2025 and 2) allows the P&DD director, or his

authorized designee, to grant further extensions of the construction commencement date and/or the construction completion date in its sole discretion; and be it further

Resolved, That the P&DD Director, or his authorized designee, is authorized to execute any required instruments to make and incorporate amendments or changes to the Development Agreement consistent with the resolution; and be it finally

Resolved, Any amendment to the Development Agreement will be considered confirmed when executed by the P&DD Director, or his authorized designee, and approved by the Corporation Counsel as to form.

DTE ACCOUNTABILITY

Whereas, Reliable electric service is what Detroit businesses, consumers, rate payers and elected officials expect and need to survive and thrive in the City of Detroit; and

Whereas, The increasing frequency and severity of electric power outages is unacceptable and an indicator of the need for significant infrastructure modernization; and

Whereas, DTE Energy has not taken the initiative to modernize the Detroit grid and still uses portions of the old City of Detroit electric distribution infrastructure without providing any compensation to the City of Detroit for using infrastructure now managed by the Detroit Public Lighting Authority; and

Whereas, DTE's neglect of the City of Detroit has resulted in Detroit residents contributing modern underground electric distribution in the suburbs while contending with the challenges of an overhead electric distribution infrastructure; and

Whereas, DTE Energy's failings in adequately upgrading infrastructure and achieving a level of tree trimming and removal around electric distribution lines is unacceptable as power outages are occurring too frequently and simply last too long; and

Whereas, DTE Energy repeatedly requests the Michigan Public Service

Commission approve substantial rate relief at an additional cost to consumers while failing to produce an improvement in the reduction of power outage frequency and severity; and

Whereas, Since 2015 DTE Electric's rate increase has totaled nearly a billion dollars increasing the average consumers bill more than $20 per month; and

Whereas, The Detroit City Council wants Detroit consumers and DTE investors to both win as a result of creation, management and delivery of reliable electric service; and

Whereas, While there is evidence that DTE's infrastructure "hardening program" is having a positive impact, their reliability performance remains unstable; therefore

Let It Be Resolved, That the Detroit City Council requests that the Michigan Legislature amend Public Act 286 of 2008 to bring accountability standards for Michigan's electric utilities up to date; and

Be It Further

Resolved, That the Michigan Legislature and Michigan Public Service Commission refrain from supporting or granting any rate increase request to DTE Energy until there is a performance-based rate structure or accountability plan in place; and

Be It Finally

Resolved, That unless there is an improvement in service, the Michigan Public Service Commission and Legislature should hold public hearings on rate reductions for consumers that are in line with national electric service rate averages for utilities of comparable size.

MARY WATERS

Legislative Policy Division

October 2, 2023

Honorable City Council:

Re: Resolution urging the Michigan Legislature to support Michigan Senate Bill No. 228 to repeal Public Act 389 of 2016.

Council Member Scott Benson requested that the Legislative Policy Division (LPD) draft a resolution urging the Michigan Legislature to support SB 228 of 2023 to repeal Public Act 389 of 2016.

Please contact us if we can be of any further assistance.

Respectfully submitted,
DAVID WHITAKER
Director
Legislative Policy Division Staff

RESOLUTION URGING THE MICHIGAN LEGISLATURE TO SUPPORT SB 228 OF 2023 TO REPEAL PUBLIC ACT 389 of 2016

By Council Member Benson:

WHEREAS, The mission of the Detroit City Council is to promote the economic, cultural and physical welfare of Detroit's citizens and residents through Charter-mandated legislative functions; and

WHEREAS, The City of Detroit has long grappled with the environmental and health consequences of single use plastic containers. Single-use plastics are a glaring example of the problems with today's throwaway culture. Instead of investing in quality goods that will last, convenience is too often prioritized over durability and the consideration of long-term impacts. The over reliance on these plastics has resulted in the accumulation of waste at a staggering rate; and

WHEREAS, Reducing plastic use is the most effective means of avoiding this waste and the impacts linked to plastic production and use. Left alone, plastics don't really break down; they just break up. Over time, sun and heat slowly turn plastics into smaller and smaller pieces until they eventually become what are known as microplastics. They end up in the water, eaten by wildlife, pets and inside our bodies. Exposure to microplastics, as well as the chemicals that are added to plastics during processing, harm our health; and

WHEREAS, Many of the chemicals in plastics are known endocrine disruptors, and research has suggested that human exposure could cause health impacts including hormonal imbalances, reproductive problems like infertility, and even cancer. Locally, the Detroit City Council Green Task Force has led the effort to advise the Council on sustainable principles and practices to better serve the City of Detroit, by focusing on Water, Renewable Energy, Energy Waste Reduction, Climate Action, Organics Recycling and Recycling & Waste Reduction; and

WHEREAS, The passage of Michigan Public Act 389 of 2016, prohibited local jurisdictions from regulating the use of single-use plastic containers. Specifically, pursuant to MCL 445.592, the Act restricted a local unit of government in the state of Michigan from adopting or enforcing an ordinance that:

(a) Regulates the use, disposition, or sale of auxiliary containers.
(b) Prohibits or restricts auxiliary containers.
(c) Imposes a fee, charge, or tax on auxiliary containers; and

WHEREAS, In March of this year, the Michigan State Senate introduced Senate Bill (SB) 228, sponsored by State Senators Sue Shink, Dayna Polehanki, Rosemary Bayer, Jeremy Moss, Veronica Klinefelt, Erika Geiss, Stephanie Chang, Mallory McMorrow, Jeff Irwin, Sarah Anthony, Sean

McCann, Mary Cavanagh, Paul Wojno, Winnie Brinks, Sylvia A. Santana, Kevin Hertel, and John Cherry, that aims to repeal PA 389 of 2016. As proposed, this bill would return the authority to regulate single-use plastics back to local jurisdictions like Detroit, who are best positioned to assess and mitigate the environmental and health impacts of such materials within their communities. NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council, expressing our collective belief that municipalities should have the right to enact regulations that are in the best interest of their residents and the environment, strongly urges that the Michigan legislature, and the Governor, support SB 228 of 2023, in order to allow for local jurisdictions like Detroit, to regulate the use of single-use plastic containers. NOW THEREFORE, BE IT FINALLY

RESOLVED, That copies of this resolution shall be provided to the Detroit delegation of both the Michigan Senate and House, the State Senate Committee on Energy and Environment, Governor Gretchen Whitmer, Mayor Mike Duggan, GCSI the City of Detroit's lobbying firm in Lansing, the Detroit City Council's Green Task Force, as well as media and residents.

Adopted as follows:

Yeas — Council Members Benson, Durhal, III, Johnson, Santiago-Romero, Tate, Waters, Young, II and President Sheffield — 8.

Nays — None.

RESOLUTION
RECOGNIZING NATIONAL
HISPANIC HERITAGE MONTH

By ALL COUNCIL MEMBERS:

WHEREAS, Since 1968, the United States has recognized September 15 to October 15 as National Hispanic Heritage Month, which is a time to celebrate Hispanic culture and contributions to our communities and our nation; and

WHEREAS, The date of September 15 is significant because it marks the anniversary of independence for Costa Rica, El Salvador, Guatemala, Honduras, and Nicaragua. Mexico and Chile celebrate their independence on September 16 and 18 respectively; and

WHEREAS, The US Census Bureau estimates that the Hispanic population is more than 60 million, making Hispanic Americans the largest racial or ethnic minority group in the United States; and

WHEREAS, Hispanic Americans have made valuable contributions to every aspect of American society — in medicine, law, business, technology, civic engagement, military service, government, and culture; and

WHEREAS, There are over 375,000 Hispanic-owned businesses in the United States, yielding close to $500,000 annually and employing 2.9 million employees, and Hispanic Americans have the highest participation in the labor force of any racial or ethnic group; and

WHEREAS, There are over 50,000 Hispanic residents in Detroit, and Census data shows that the population continues to rise; and

WHEREAS, Detroit's Hispanic population largely originated in the 1920s, as Mexican immigrants settled in the area seeking jobs provided by Detroit's bustling industrial sector and fleeing political turmoil in Mexico and discrimination in the American southwest; and

WHEREAS, These immigrants began settling in southwest Detroit, which became a haven for new immigrants and refugees, a tradition that continues to this day in the community and through organizations such as Freedom House and the Southwest Detroit Immigrant and Refugee Center; and

WHEREAS, Over many decades, southwest Detroit grew into a vibrant community, which later became known as Mexican Town and continues to be the heart and epicenter of Hispanic business and culture in Metro Detroit; and

WHEREAS, Despite large-scale economic downturns that have negatively affected both Detroit and the United States, Mexican Town is home to hundreds of flourishing Hispanic-owned small businesses that exemplify resiliency, community, and ingenuity; and

WHEREAS, Even as we celebrate Hispanic communities, we must also commit to combating the animosity and xenophobia that continues to be directed at Hispanic Americans and immigrant communities; and

WHEREAS, The incredible contributions and heritage of the Hispanic communities have helped us build a better Detroit and a better Nation; NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council hereby recognizes September 15 to October 15 as National Hispanic Heritage Month; NOW BE IT FINALLY

RESOLVED, That the Detroit City Clerk send copies of this resolution to the Mexicantown Community Development Corporation, Detroit Hispanic Development Corporation, and the Michigan Hispanic Chamber of Commerce.

Detroit City Council
Memorandum

September 28, 2023

To: David Whitaker
Director, Legislative Policy Division

Re: Policies for Preserving Historic Buildings.

The Legislative Policy Division previously stated that the one-year interim historic designation resolution would require all permit applications for work to be submitted to Historic Designation Advisory Board (HDAB) and would prevent the issuance of a demolition permit without HDAB review. Please provide an answer to the following related questions.

1. Does the City have any policies or procedures that prevent the demolition of a building before historic designation review?

2. Are there policies or procedures that restrict the issuance of demolition permits before thorough review by all departments associated with the demolition? Which municipalities have such policies?

3. Can historic review be added as a requirement for demolition permits?

Honorable City Council:

Re: CCSEM St. Matthew Limited Dividend Housing Association Limited Partnership — Payment in Lieu of Taxes. (PILOT)

Catholic Charities of Southeast Michigan (CCSEM) and Cinnaire Solutions have formed CCSEM St. Matthew Limited Dividend Housing Association Limited Partnership in order to develop the permanent supportive and affordable housing Project known as The Residences at St. Matthew that will target the chronically homeless population. The Project is two (2) vacant two-story former Catholic school buildings in an area bounded by Harper Avenue on the north, Whittier Street on the east, Linville Avenue on the south and Audubon Road on the west.

The acquisition and rehabilitation of the Project will convert the historic Catholic school buildings into six (6) studio units, thirty-six (36) 1 bedroom/1 bath and four (4) 2 bedroom/1 bath apartments. Twenty-five (25) of the units will be set-aside for Permanent Supportive Housing using the

Housing First model. The project will also include a Health and Wellness area supported by Southwest Housing Solutions — 4,502 square feet of accessible community space and ample free parking.

A permanent mortgage loan in the amount of $1,947,500 will be provided by Cinnaire Lending. The City of Detroit will provide a HOME Loan in the amount of $2,500,000 and HOME-ARP funds in the amount of $1,750,000. Berkadia will provide Capital Contributions of $12,326,837 which includes the purchase of Federal Historic and Low Income Housing Tax Credits. FHL Bank Indianapolis will provide a $500,000 grant. CCSEM will provide a sponsor loan in the amount of $650,000. Additionally, the Sponsors have agreed to defer $240,244 of the developer fee.

Rents for all units have been set at or below sixty percent (60%) of the area median income, adjusted for family size. All forty-six (46) units will be subject to the PILOT based on Section 15a of the State Housing Development Authority Act of 1966, as amended. In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1966 (P.A. 346 as amended, MCL 125.1415A). Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service charge of four percent (4%) of the annual net shelter rent obtained from this housing project.

Respectfully submitted,
ALVIN HORHN
Deputy CFO/Assessor

By Council Member Santiago-Romero:

Whereas, Pursuant to the provisions of the Michigan State Housing Development Act, Act 346 of the Public Acts of 1966, as amended, being MCL 125.1401 *se seq.* (the "Act"), a request for exemption from property taxes has been received on behalf of Catholic Charities of Southeast Michigan and Cinnaire Solutions (the "Sponsors"); and

Whereas, A housing project as defined in the Act is eligible for exemption from property taxes under Section 15a of the Act (MCL 125.1415a) if the Michigan State Housing Development Authority ("MSHDA") provides funding for the housing project, or if the housing project is funded with a federally-aided mortgage as determined by MSHDA; and

Whereas, Section 15a of the Act (MCL 125.1415a) provides that the local legislative body may establish by ordinance the service charge to be paid in lieu of taxes, commonly known as a PILOT; and

Whereas, The City of Detroit has adopted Ordinance 9-90, as amended, being Sections 18-9-10 through 18-9-16 of the Detroit City Code to provide for the exemption from property taxes of eligible housing projects and to provide for the amount of the PILOT for said housing projects to be established by resolutions of the Detroit City Council after review and report by the Board of Assessors; and

Whereas, The Sponsors are proposing to undertake the adaptive reuse of a former Catholic school and outbuilding to be known as The Residences at St. Matthew into forty-six (46) units in two (2) buildings located on one (1) parcel of property owned or to be acquired by the Sponsors as described by street address and tax parcel in Exhibit A to this resolution, with all forty-six (46) units for low and moderate income housing (the "Project"); and

Whereas, The purpose of the Project is to serve low to moderate income persons as defined by Section 15a(7) of the Act, being MCL 125.1415a(7); and

Whereas, MSHDA has provided notice to the Sponsors that it intends to approve federal-aided financing for the Project, provided that the Detroit City Council adopts a resolution establishing the PILOT for the Project; and

Whereas, Pursuant to Section 15a of the Act, being MCL 125.1415a(1), the tax exemption is not effective until the Sponsors first obtain MSHDA certification that the housing project is eligible for exemption, and files an affidavit, as so certified by MSHDA, with the Board of Assessors; and

Whereas, Pursuant to Section 18-9-13(G) of the Detroit City Code, the tax exemption shall be effective on adoption, with the tax exemption and PILOT payment to occur only upon bona fide use and physical occupancy by persons and families eligible to move into the project, in accordance with the Act, which must occur as of December 31 of the year preceding the tax year in which the exemption is to begin;

Now, Therefore, Be It

Resolved, That in accordance with City Code Section 18-9-13, the Project known as The Residences at St. Matthew as described above is entitled to be exempt from taxation but subject to the provisions of a service charge of four percent (4%) for payment in lieu of taxes as set forth in Act No. 346 of the Public Acts of 1966, as amended, being MCL 125.1401, *et seq.;* and be it further

Resolved, That arrangements to have collections of a payment in lieu of taxes from the Sponsors be established upon occupancy for future years with respect to the same be prepared by the Office of the Chief Financial Officer; and be it further

Resolved, That specific legal description for the Project shall be as set forth in the certification from MSHDA; and be it further

Resolved, That in accordance with Section 15a(3) of the Act, MCL 125.1415a(3), the exemption from taxation shall remain in

effect for as long as the MSHDA-aided or Federally-aided financing is in effect, but not longer than fifty (50) years, and shall terminate upon the determination by the Board of Assessors that the Project is no longer eligible for the exemptions; and be it further

Resolved, That the City Clerk furnish the Office of the Chief Financial Officer — Office of the Assessor two certified copies of this resolution; and be it further

Resolved, That this resolution is adopted with a waiver of reconsideration.

Re: Greenhouse Preservation II Limited Dividend Housing Association, LLC — Payment in Lieu of Taxes. (PILOT)

Ginosko Development Company and L + M Development Partners LLC have formed Greenhouse Preservation II Limited Dividend Housing Association, LLC in order to develop the Project known as Greenhouse Apartments. The Project is an existing two hundred nine (209) unit senior-targeted 10-story hi-rise apartment building in an area bounded by West Outer Drive on the north, Lindsay on the east, West McNichols on the south and Southfield Freeway on the west. The preservation and rehabilitation Project will include two hundred eight (208) 1 bedroom/1 bath and one (1) 2 bedroom/1 bath apartments. Community amenities include a business center, clubhouse, library, game room, salon, on-site laundry facilities, barbecue and picnic area.

Michigan State Housing Development Authority (MSHDA) will issue bonds through its 'Pass Through' that will be converted to Freddie Mac loans serviced by Merchants Capital. The TEL and GAP loans total $18,897,000. Merchants Capital will also make Capital Contributions of $13,220,382 with the allocation of Low Income Housing Tax Credits. A Seller's Promissory Note from Greenhouse Preservation LDHA, LLC in the amount of $1,812,728 will be provided. Additionally, the Sponsors have agreed to defer $1,652,500 of the developer fee. Thirty-six (36) of the units will be occupied by households with incomes no greater than forty percent (40%) of the area median income (AMI) adjusted for family size. Three hundred fifteen (315) of the units will be occupied by households with incomes no greater than sixty percent (60%) of AMI. At all times the Low Income Housing Tax Credit regulatory restrictions will remain in place. This development will continue to rent to households with incomes no greater than sixty percent (60%) of the AMI. Two hundred eight (208) one-bedroom units will be subject to the PILOT based on Section 15a of the State Housing Development Authority Act of 1966, as amended. Re: Orchard Village Limited Dividend Housing Association Limited Partnership — Payment in Lieu of Taxes. (PILOT)

CHN Housing Partners and Detroit Blight Busters, Inc. have formed Orchard

Village Limited Dividend Housing Association Limited Partnership in order to develop the Project known as Orchard Village Apartments. The Project is four (4) newly constructed 2&3-story buildings configured in clusters in an area bounded by Santa Clara Avenue on the north, Bentler Street on the east, Orchard Street on the south and Lahser Road on the west.

The Project will feature forty-eight (48) two-bed/one-bath eight hundred twenty-five (825) square foot units along with community space and fifty-two (52) free parking spaces.

Financing for the Project consists of a City of Detroit HOME Loan of up to $2,100,000 and a Churchill Stateside Group permanent loan in the amount of $1,000,000. Cinnaire will make an equity contribution of $10,771,923 which includes the purchase of Low Income Housing Tax Credits. FHL Bank Indianapolis has awarded the Project an AHP Subsidy in the amount of $500,000. Additionally, the Sponsors have agreed to defer $300,000 of the developer fee.

Rents for all units have been set at or below sixty percent (60%) of the area median income, adjusted for family size. All forty-eight (48) units will be subject to the PILOT based on Section 15a of the State Housing Development Authority Act of 1966, as amended.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1966 (P.A. 346 as amended, MCL 125.1415A).

Re: Fiscal Year 2023-2024 Supplemental Appropriations — Debt Service and Bond Proceeds.

The Administration is requesting your approval of the attached Fiscal Year 2023-2024 supplemental appropriations resolution for debt service and capital projects based on our July 2023 Unlimited Tax General Obligation (UTGO) bond issuance.

In July, the City issued $100 million in UTGO bonds, including $75 million of Neighborhood Improvement Plan (NIP) bonds and $25 million of capital improvement bonds. The NIP bonds were approved by City voters in 2020 and authorized by City Council resolution in July 2020. The capital improvement bonds were approved by City voters in 2004 and 2009 and authorized by City Council resolution in October 2018.

The resolution will increase appropriations as follows and as shown in the attached resolution:

- $16.6 million to pay additional UTGO debt service, based on the accelerated principal amortization in the debt structure, supported by additional revenues and fund balances in the UTGO Debt Service Fund
- $26.8 million to finance transportation and recreation capital projects, supported by the capital improvement bond proceeds ($25 million par amount plus $1.8 million premium)

Note that the 2020 NIP bond resolution already authorized appropriation of those proceeds, which is why no further action is required for them. We respectfully request your approval of the attached resolution, with a waiver of reconsideration, to authorize these supplemental appropriations.

Best regards,

Budget Director and Deputy CFO

Re: Neighborhood Enterprise Zone Certificate Application for the construction of a new single-family house at 4443 15th Street in the Core City Neighborhood Enterprise Zone area. **(RECOMMEND APPROVAL)**

The office of the City Clerk forwarded to the City Planning Commission (CPC) an application requesting a 15-year Neighborhood Enterprise Zone (NEZ) certificate for the construction of a single-family house at 4443 15th Street.

The petitioner is Margot Guicheteau who plans to build and reside in the house. The property is vacant land on the west side of 15th Street between Buchanan and West Forest Avenues. Please see map below for reference.

The applicant is proposing to build a single-family house containing 2,028 square feet with 2 bedrooms. There would be a parking pad at the back. The estimated project cost is $370,000 and the estimated value would be $400,000. Proposed plans are attached for reference.

The subject property has been confirmed as being within the boundaries of the Core City NEZ, which was established by City Council on November 16, 2004 and should be eligible for NEZ certificate under the State NEZ Act (Act 147 of 1992) as currently written.

The NEZ Act (Act 147 of 1992) states the application for the certificate must be filed before a building permit is issued. However, the NEZ Act allows a certificate to be filed not later than 6 months following the date the building permit is issued provided the local government allows by resolution. The petitioner indicates the building permit issued on May 30, 2023, and the certificate was applied for on August 10, 2023.

CPC staff has reviewed the application and recommends approval. Attached is a resolution for Your consideration. Please contact our office should you have any questions.

Whereas, Michigan Public Act 147 of 1992 allows the local legislative body to establish Neighborhood Enterprise Zones for the purpose of providing exemption from *ad valorem* property taxes, and the imposition of specific tax in lieu of *ad valorem* taxes; and

Whereas, The Detroit City Council has established a Neighborhood Enterprise Zone for the following area, in the manner required by and pursuant to Public Act 147 of 1992.

Now, Therefore, Be It Resolved, That the Detroit City Council approves the submission of the application to the State Tax Commission, and, if applicable, the City Council concurs with the issuance of the certificate if the application was filed not more than 6 months after the date of the issuance of a building permit for the facility.

Be It Finally Resolved, That the Detroit City Council approve the following for receipt of a Neighborhood Enterprise Zone Certificate for a fifteen-year period:

Honorable City Council:

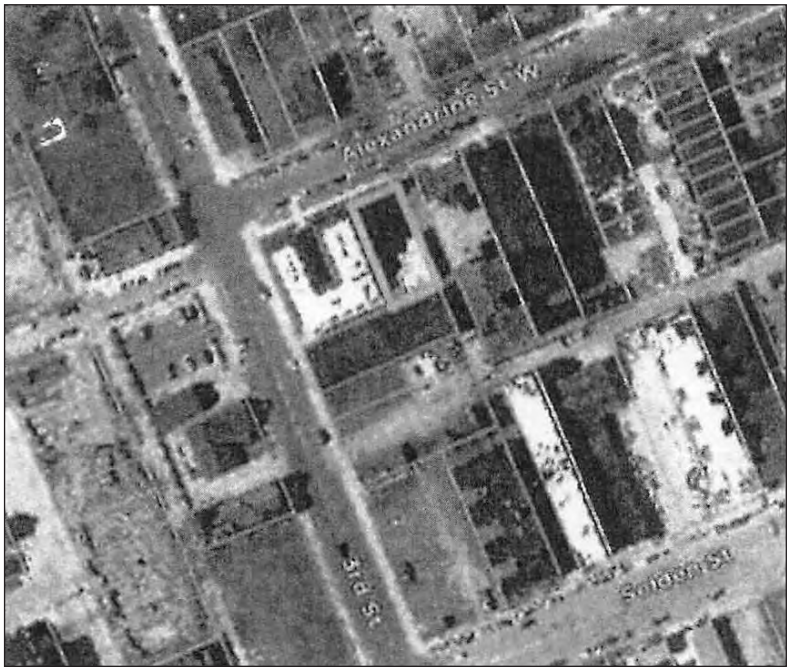
Re: Neighborhood Enterprise Zone Certificate Applications for the rehabilitation of a building into a 2-unit condo located at 691 West Alexandrine in the Midtown Neighborhood Enterprise Zone area. **(RECOMMEND APPROVAL)**

The office of the City Planning Commission (CPC) has received applications requesting a Neighborhood Enterprise Zone (NEZ) certificate for the rehabilitation of an existing building into 2 condominium units located at 691 West Alexandrine.

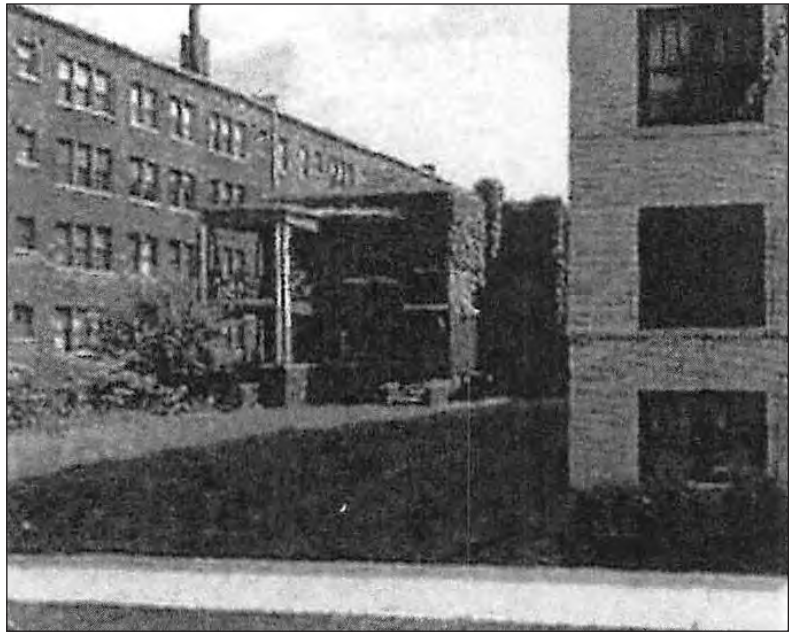
The property is located on the south side of W. Alexandrine east of 3rd Street in Midtown. Below are maps of the location and an image of the building.

The developer for the project is Red Shepard Investments LLC represented by Brad Rottschafer of Mosaic Custom Homes. Mosaic Homes and Properties is a construction and development company founded in 1993 based out of Grand Rapids and now also working in Detroit.

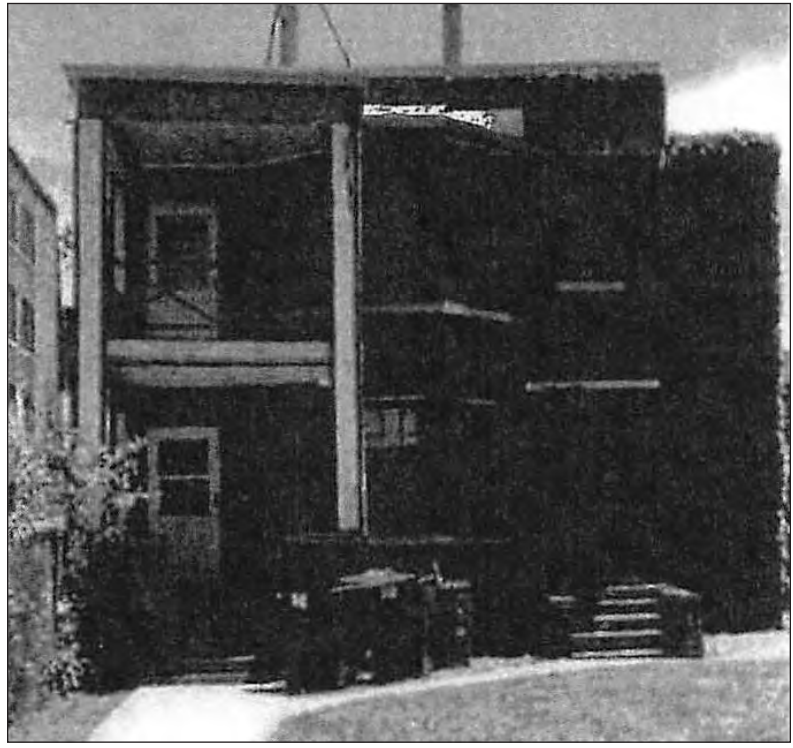
The subject request is for a 15-year abatement to create the 2 condo units. The developer expects renovation to include demo work, doors and windows, mechanical and electrical, etc. The developer is also building a new 3-story apartment in the front yard, which is not part of the NEZ request. A summary of the units is listed below:



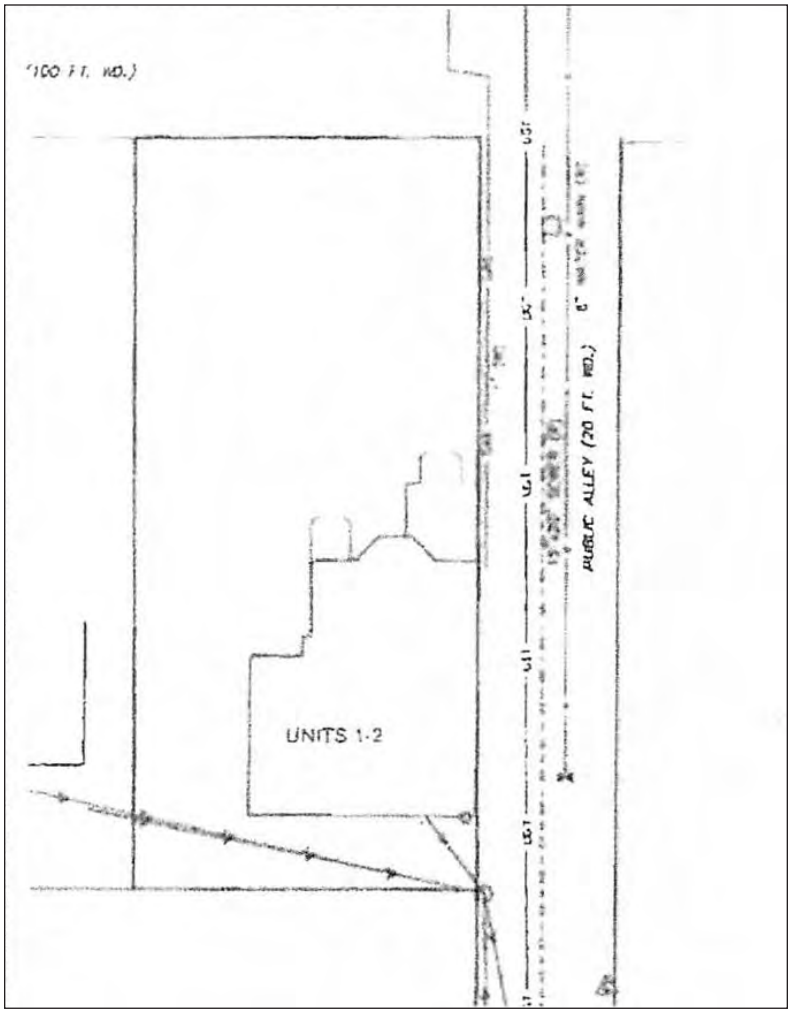
Unit	Square Footage	# Bedrooms	Unit Cost to Renovate	Estimated sale price
1	1,833	1	$230 per sq. foot $421,590	$350 per sq. foot $641,550
2	891	1	$230 per sq. foot $204,930	$350 per sq. foot $311,850



Regarding parking, the developer indicates 2 parking spaces will be provided. The developer indicates the building will not be ADA accessible.



It appears the NEZ certificate applications have been submitted prior to the issuance of applicable building permits — the NEZ Act (Act 147 of 1992) states the applications must be filed before a building permit is issued. The NEZ certificates are dated August 31, 2021. Building permits were submitted dated November 30, 2021.



The subject property has been confirmed as being within the boundaries of the Midtown NEZ which was established by a vote of City Council in March 1999. CPC staff has reviewed the applications and recommends approval. The City Clerk's office is submitting a resolution for Your consideration. Please contact our office should you have any questions.

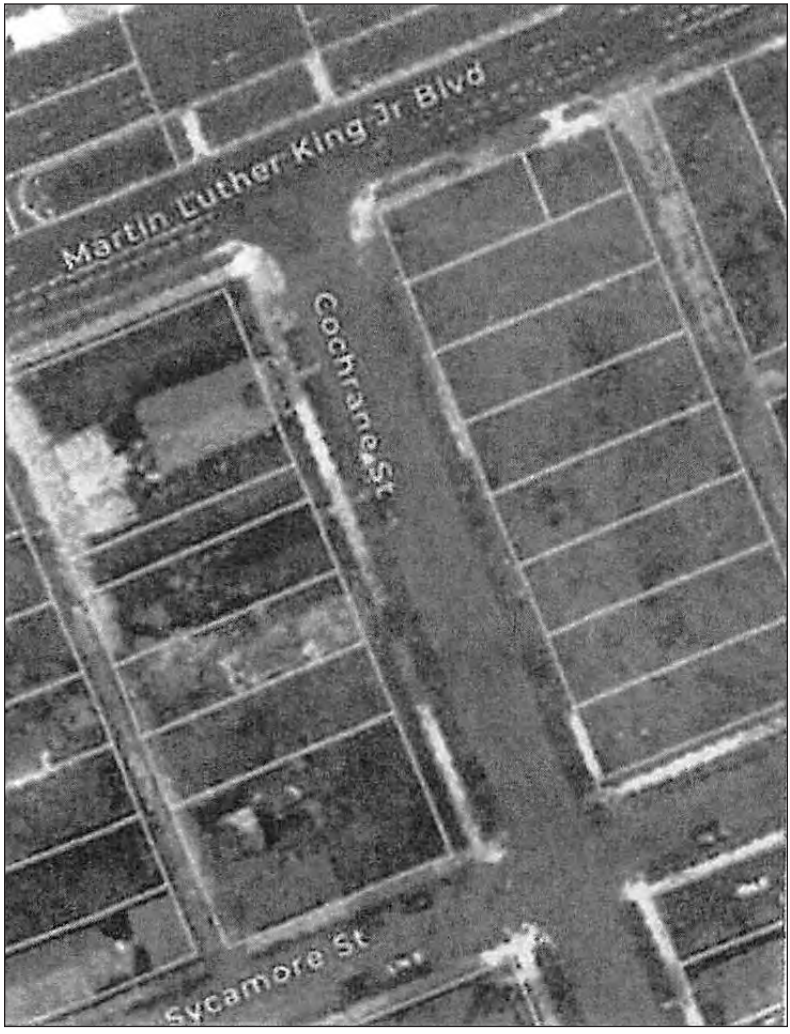
Re: Neighborhood Enterprise Zone Certificate Applications for the new construction of 10 condominium townhouse units located on the east and west sides of Cochrane Avenue south of Martin Luther King Jr. Boulevard in the North Corktown Neighborhood Enterprise Zone area. **(RECOMMEND APPROVAL)**

The office of the City Planning Commission (CPC) has received ten applications requesting Neighborhood Enterprise Zone (NEZ) certificates for the new construction of 10 condominium units at 3408, 3410, 3413, 3414, 3415, 3416, 3417, 3418, 3420, and 3422 Cochrane Avenue.

The applicant requesting the certificates is C&S Towns Development LLC. The developer is Lucas Bondy of Bondyhomes.com, which is a licensed builder who has built and renovated over 50 houses in Southeast MI.

One building with 7 condo units would be located on the east side of Cochrane, and the second building with 3 condo units would be located on the west side of Cochrane Avenue.

Unit	Square Footage	# Bedrooms	Unit cost to build	Estimated sale price or rental price
3408 Cochrane	1,585 sf	3 bedrooms	$325,000	Mid $300 to $400,000
3410 Cochrane	1,564 sf	2 bedrooms	$325,000	Mid $300 to $400,000
3413 Cochrane	1,261 sf	2 bedrooms	$325,000	Mid $300 to $400,000
3414 Cochrane	1,564 sf	2 bedrooms	$325,000	Mid $300 to $400,000
3415 Cochrane	1,261 sf	2 bedrooms	$325,000	Mid $300 to $400,000
3416 Cochrane	1,261 sf	2 bedrooms	$325,000	Mid $300 to $400,000
3417 Cochrane	1,585 sf	3 bedrooms	$325,000	Mid $300 to $400,000
3418 Cochrane	1,280 sf	2 bedrooms	$325,000	Mid $300 to $400,000
3420 Cochrane	1,280 sf	2 bedrooms	$325,000	Mid $300 to $400,000
3422 Cochrane	1,280 sf	2 bedrooms	$325,000	Mid $300 to $400,000



The developer indicates each unit has one garage parking spot and one off-street parking spot behind the garage.

The developer indicates there are no ADA units since it is not required to include ADA units per unit count and the residential building code. However, the developer states it will assist with the accessibility if requested at this project and have worked with others on different projects to do so. The developer indicates the nature of townhomes in general makes it difficult for an ADA buyer due to the nature of the layouts being on multiple levels.

It appears the NEZ certificate applications have been submitted prior to the issuance of applicable building permits — the NEZ Act (Act 147 of 1992) states the applications must be filed before a building permit is issued. The petitioner submitted NEZ certificate applications dated August 31, 2023, to the City Clerk's office.

The subject property has been confirmed as being within the boundaries of the North Corktown NEZ which was established by a vote of City Council in April 2003. CPC staff has reviewed the applications and recommends approval. A resolution is attached for Your consideration. Please contact our office should you have any questions.

City Planning Commission

May 23, 2023

Honorable City Council:

Re: Zoning Ordinance text amendment, Chapter 50 of the 2019 Detroit City Code — to bring the Code into alignment with the State of Michigan's Cemetery Regulation Act (1968 PA 251), to reconcile the provision related to membership on the Board of Zoning Appeals with the same provision in the Detroit City Charter, and to remove provisions related to demolitions that are being newly added to Chapter 8, Article II of the 2019 Detroit City Code. **(RECOMMEND APPROVAL)**

BACKGROUND AND PROPOSAL

This proposed amendment revises regulations, procedures, and definitions in the Zoning Ordinance related to three matters: crematories, the Board of Zoning Appeals, and demolitions.

• The revisions with respect to crematories respond to recent mortuary science graduates (Breonna Ray and Aletia Holloway, Petition 1099), who alerted CPC staff just before the pandemic that our zoning provisions from 2014 related to funeral homes and crematories were inconsistent with state law.

• The BZA provisions are prompted by City Council's intention to expand the BZA from seven to nine members, symmetrical to Council's seven districts and two at-large members.

• The Law Department and the Buildings, Safety Engineering and Environmental Department (BSEED) have recommended that the "demolition" review provisions related to the Planning and Development Department and BSEED be removed from Chapter 50, *Zoning,* and moved to Chapter 8, *Building Construction and Property Maintenance.*

Each issue is described in the following section.

SUMMARY OF PROPOSED REVISIONS

Crematories

The state of Michigan is one of two states in the country that have "anti-combo" laws which prohibit funeral home owners from owning crematoriums. State law also prohibits the co-locating of funeral homes and crematories. The Michigan Cemetery Regulation Act (1968 PA 251) states that a crematory falls within the definition of "cemetery," and the Michigan Occupational Code regulates the ownership and locating of crematories.

Pertinent excerpts of the Cemetery Regulation Act (1968 PA 251) are provided below:

456.522 Definitions, Section 2

(a) "Cemetery" means 1 or a combination of more than 1 of the following:
  (i) A burial ground for earth interments.
  (ii) A mausoleum for crypt entombments.
  (iii) A crematory for the cremation for human remains.
  (iv) A columbarium for the interment of cremated remains.

(i) "Crematory" means a building or structure, within which the remains of deceased persons are or are intended to be cremated.

(j) "Cremation" means the incineration of the body of the deceased person.

(r) "Cemetery owner" means a person who has title to the cemetery.

Pertinent excerpts from the Michigan Occupational Code (1980 PA 299) are listed below:

339.1812 Owning and conducting cemetery or burial ground and owning or maintaining funeral establishment prohibited; exception; owning or conducting funeral establishment on property owned or leased by cemetery prohibited; owner of private burial ground owning or maintaining funeral establishment.

Sec. 1812. (1) An individual, partnership, association, municipal corporation, body politic, or corporation which owns or conducts, either directly or indirectly, a cemetery or burial ground in this state shall not own, manage, supervise, operate, or maintain, either directly or indirectly, a funeral establishment, or permit an officer, agent, or employee to own or maintain a funeral establishment. This subsection shall not apply to an elected official of a city, village, township, or county who serves as an ex officio member of a local cemetery board as a result of holding that office.

(2) An individual, partnership, association, municipal corporation, body politic, or corporation which owns or conducts a cemetery in this state shall not allow a funeral establishment to be owned or conducted on property owned or leased by the cemetery and used for cemetery purposes or designated as a cemetery.

(3) This section shall not prohibit the owner of a private burial ground used for the interment of the owner's family or the owner's descendants [*sic*] to own or maintain a funeral establishment under this article.

As part of the 2014 Zoning Ordinance Text Amendment, crematory regulations and procedures were changed. A report submitted to the City Planning Commission contained the following information:

In recent years, permit applicants have noted that crematories are prohibited except where they are accessory to cemeteries. Cemeteries are only permitted on land zoned R1, R2, and R3. CPC staff understands that current technology is such that crematories

can operate off-site without off-site impacts. Many more people are opting for cremation for cultural, religious, and economic reasons ...

With the passage of the 2014 Zoning Ordinance Text Amendment, the fourteen instances where the land use "Mortuary or Funeral home" was mentioned, were amended to read: "Mortuary or funeral home, including those containing a crematory." Crematories were then allowed as accessory uses to both cemeteries and mortuaries/funeral homes, however they remained prohibited as stand-alone, principal uses of the land. This created a discrepancy between state and city regulations, which the proposed text amendment aims to correct.

To bring the 2019 Detroit City Code into alignment with state law, while allowing the development of more crematories in the city, the text amendment proposes to:

- Remove "crematories" as an allowed accessory use to mortuary and funeral homes, by amending all instances where the land use, "Mortuary or funeral home, including those containing a crematory," is mentioned, to read "Mortuary or funeral home." *(Secs. 50-9-52, 50-9-82, 50-9-106, 50-9-136, 50-9-166, 50-10-16, 50-10-46, 50-10-76, 50-10-106, 50-11-116, 50-11-266, 50-12-70, Appendix A, Divisions 3 and 13)*
- Amend the specific use standard for "Mortuary or funeral home," which currently reads, "Mortuaries and funeral homes may contain a crematory on the premises as an accessory use," to read, "Mortuaries and funeral homes may not contain a crematory on the premises." *(Sec. 50-12-234)*
- Create a new principal land use, "Crematory or pet crematory," which will allow for stand-alone crematories by right in the following zoning districts: M1 (Limited Industrial), M2 (Restricted Industrial), M3 (General Industrial), and M4 (Intensive Industrial). *(Secs. 50-10-17, 50-10-47, 50-10-77, 50-10-107, 50-10-137, 50-12-81, Appendix A, Divisions 3 and 16)*
- Adding the following definitions
  - *Crematory:* A building or structure, within which the remains of deceased persons are or are intended to be cremated, whether as a stand-alone facility as a principal use, or within a cemetery as an accessory use. *(Sec. 50-16-153)*
  - *Pet Crematory:* Any land, place, structure, or facility used or intended to be used for the cremation of pets. *(Sec. 50-16-341)*
- Adding a specific use standard for crematories, "Crematories, whether as a principal use, or accessory to a cemetery, shall be located not less than 150 feet from the nearest residential property line." *(Sec. 50-12-234)*

The proposed amendment will not impact the current provision that allows crematories as an accessory use to cemeteries. In Detroit cemeteries are permitted only on land zoned R1, R2, and R3. Similarly, state law allows any or all of the four features that fall under the definition of cemetery (burial ground, mausoleum, crematory, columbarium), to collocate on the same land.

BOARD OF ZONING APPEALS

The Michigan Zoning Enabling Act (MCL 125.3601) states that a municipality's Board of Zoning Appeals must have at least five members where the population exceeds 5,000 people. It also requires the Zoning Ordinance to specify the number of members.

As recently modified, the Detroit City Charter (Sec. 4-201) says that "The Board of Zoning Appeals shall be composed of at least seven members, one each from the non at-large districts." No maximum number of BZA members is mentioned.

The Zoning Ordinance, however, perhaps unintentionally, caps the number of BZA members at seven where it states, "... the membership of the Board shall consist of one member from each non-at-large district. *(Sec. 50-2-63(b))*.

Given City Council's intent to expand the size of the BZA from seven to nine members, the eighth and the ninth members would necessarily violate the one-member-per-district rule. The proposed remedy is to amend this section to say, "... the membership of the Board shall consist of at least one member from each non-at-large district." The resulting BZA membership would then be comparable to that of the City Planning Commission, which includes a commissioner for each district and two commissioners "at large."

DEMOLITIONS

Two Zoning Ordinance amendments since 2005 have aspired, where possible, to protect buildings from demolition in certain situations:

- **Traditional Main Street Overlay (TMSO)** areas have been identified and specially regulated because of their long-standing character as walkable retail corridors. TMSOs have been a part of the Zoning Ordinance since 2005. In hopes of retaining existing commercial buildings built at the sidewalk's edge over their replacement by strip malls, the TMSO regs have required demolition permits for buildings along a designated Traditional Main Street to be referred to P&DD for review in hopes that new development might be facilitated without removal of existing structures. Since 2020, there are 12 designated TMSOs *(Sec. 50-11-382)*:
  (1) **West Seven Mile.** All zoning lots abutting West Seven Mile Road between the zoning lots at the four corners of John R Avenue and the center line of Woodward Avenue.

(2) **Grand River/Lahser Road.** All zoning lots abutting Grand River Avenue between the center line of Greenfield Road and the zoning lots at the four corners of Lahser Road and all zoning lots abutting Lahser Road between West McNichols Road and Santa Clara Avenue.
(3) **Bagley/Vernor.** All zoning lots abutting Bagley Avenue between the center line of 16th Street and the center line of 24th Street; and all zoning lots abutting West Vernor Highway between the center line of Newark Avenue and the center line of Clark Street.
(4) **Livernois/West McNichols.** All zoning lots abutting Livernois Avenue between the center line of the John C. Lodge Freeway and the center line of West Eight Mile Road; and all zoning lots abutting West McNichols Road between the center line of Lawton Avenue and the zoning lots at the four corners of Wyoming Avenue.
(5) **East Jefferson.** All zoning lots abutting East Jefferson Avenue between the center lines of Dickerson Avenue/Gray Avenue and the city limits of Grosse Pointe Park.
(6) **Woodward.** All zoning lots abutting Woodward Avenue between the center line of Temple Avenue/Alfred Street and the city limits of Highland Park.
(7) **Grand Boulevard.** All zoning lots abutting West Grand Boulevard/East Grand Boulevard between the John C. Lodge Freeway (M-10) and the eastern edge of Cameron Street (extended).
(8) **Michigan Avenue.** All zoning lots abutting Michigan Avenue between the John C. Lodge Freeway (M-10) and the zoning lots at the four comers of Vinewood Avenue.
(9) **Vernor/Springwells.** All zoning lots abutting West Vernor Highway between the center line of Clark Street and the zoning lots at the four corners of Woodmere Avenue; and all zoning lots abutting Springwells Avenue between the four corners of West Vernor Highway and the four corners of the Fisher Freeway (I-75) service drives.
(10) **East Warren Avenue.** All zoning lots abutting East Warren Avenue between Audubon Avenue and the four corners of Radnor Street.
(11) **West Warren Avenue.** All zoning lots abutting West Warren Avenue between the Southfield Freeway and Greenfield Road.
(12) **Van Dyke Street.** All zoning lots abutting Van Dyke Street between East Seven Mile and East Eight Mile Roads.

- The **School Building Adaptive Re-use** (SBAR) text amendment, adopted in 2012, aimed at preserving and reviving buildings that were originally built as schools but subsequently have gone vacant by allowing certain uses to be permitted within their confines on a conditional basis even where the zoning district regulations would ordinarily prohibit such uses and where redevelopment would be prevented without a rezoning. The SBAR amendment required additional, separate review of a proposed re-use where demolition was proposed as part of the adaptive re-use. *(Sec. 50-12-138(b)(3))*

This proposed text amendment would remove the TMSO demolition provision from Sec. 50-11-385(b) in Chapter 50, *Zoning,* and move it to the Property Maintenance Code within Chapter 8 of the 2019 Detroit City Code, *Building Construction and Property Maintenance.* This amendment would also remove the SBAR demolition provision from Sec. 50-12-138(b)(3) in Chapter 50 and move it to Chapter 8.

The Law Department and BSEED advise that by reciting these demolition review provisions in Chapter 8, staff that receive and review demolition permit applications and work with the Building Code every day are more likely to note the need for special review than if the provisions remain in Zoning. A separate amendment to the City Code for these proposed Chapter 8 provisions is being prepared for consideration by City Council. (Unlike Chapter 50 amendments, City Council can proceed with an amendment to Chapter 8 without review and recommendation by the CPC.)

CPC MEETINGS

Presentation — May 4, 2023

On May 4, 2023, the City Planning Commission (CPC) heard a presentation on the proposed text amendment, given by CPC staff.

Public Hearing, with same day Recommendation & Action — May 18, 2023

On May 18, 2023, the City Planning Commission (CPC) held a public hearing on this proposed text amendment. The public hearing notice was mailed to our city-wide mailing list of 1,500 people who have expressed an interest in zoning amendments. It was published in the Detroit Legal News on May 3, 2023. It was also sent to our email subscriber list of slightly over 4,000.

There were no public comments on this matter at the public hearing. No correspondence has been received in support or opposition.

The CPC asked a number of clarifying questions, specifically regarding the portion of the amendment relating to crematories. A request was made that staff provide information on the typical size of a building used for cremation purposes.

Finally, the CPC opted to take same day action, no waiver was necessary. The City Planning Commission voted unanimously to recommend approval of the proposed text amendment.

CONCLUSION & RECOMMENDATION

On May 18, 2023, the City Planning Commission voted to recommend approval of the proposed text amendment to Chapter 50 of the 2019 Detroit City Code to change the permissibility of crematories as accessory uses to funeral establishments, to create a stand-alone and pet crematory use, to address the number of members on the BZA, and to remove provisions related to demolitions.

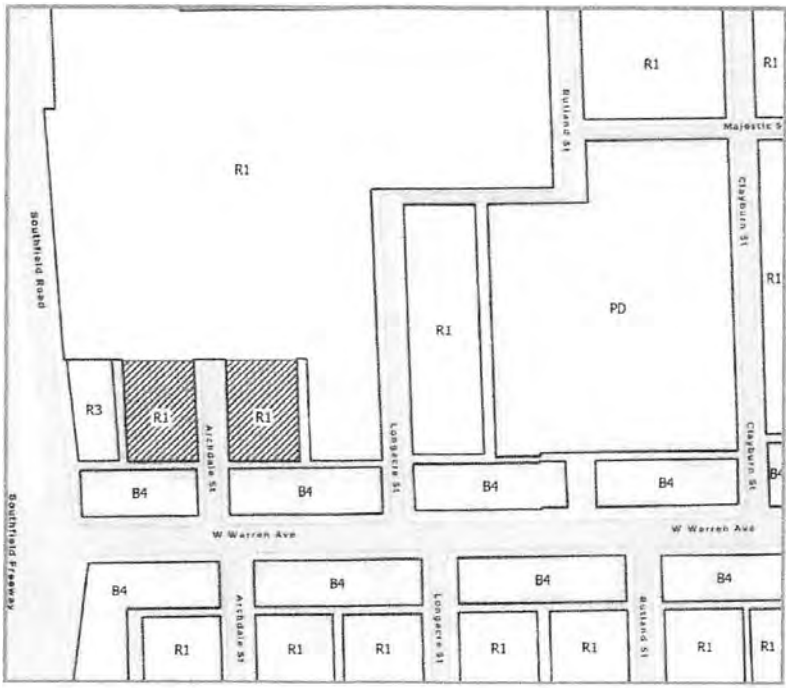
City Planning Commission



September 28, 2023

Honorable City Council:

Re: Request of Michael G. Darga, P.E., Giffels Webster, on behalf of CHN Housing Partners to show a R3 (Low-Density Residential) zoning district where a R1 (Single-Family Residential) zoning district is currently shown for twelve parcels commonly known as 7225, 7235, 7241, 7251,7257, 7263, 7226, 7234, 7240, 7248, 7256, 7262 Archdale Street, generally bounded by Simanek Playground to the north, Longacre Street to the east, W. Warren Avenue to the south, and Southfield Freeway Service Drive to the west. **(RECOMMEND APPROVAL)**

NATURE OF REQUEST

The City Planning Commission (CPC) has received a request from Michael G. Darga, P.E., Giffels Webster, on behalf of CHN Housing Partners to amend District Map No. 40 of the 2019 Detroit City Zoning Code, Chapter 50, *Zoning*, to show a R3 (Low-Density Residential) zoning district where a R1 (Single-Family Residential) zoning district is currently shown for the property located at 7225, 7235, 7241, 7251, 7257, 7263, 7226, 7234, 7240, 7248, 7256, 7262 Archdale Street, generally bounded by Simanek Playground to the north, Longacre Street to the east, W. Warren Avenue to the south, and Southfield Freeway Service Drive to the west. The site is in Council District 7, measures approximately 1.1 acres and the site is currently vacant.

Current zoning classification map, with subject property hatched.

The proposed map amendment is being requested to permit the development of a multi-unit senior citizen housing complex on the currently vacant Archdale subject parcels. The existing R1 zoning classification does not allow for multi-family housing.

STAFF ANALYSIS

Surrounding Zoning and Land Use

The zoning classifications and uses surrounding the subject parcels are as follows:

North: R1 — Playfield and former school site
East: R1 — Single family residential
South: B4 — Commercial
West: R3 — Multi-family residential

View of proposed rezoning

Zoning Ordinance Approval Criteria

Section 50-3-70 of the Detroit Zoning Ordinance lists eight approval criteria on which zoning map amendments must be based. Following are the relevant criteria with CPC staff's analysis in italics:

– Whether the proposed amendment will protect the health, safety, and general welfare of the public. *The proposed amendment will result in protecting the health, safety, and general welfare of the public, specifically for senior citizens, by providing an appropriate zoning classification for new housing for senior citizens.*

– Whether the proposed rezoning will have significant adverse impacts on the natural environment, including air, water, soil, wildlife, and vegetation and with respect to anticipated changes in noise and regarding stormwater management. *It is not anticipated that the proposed rezoning will have significant adverse impacts on the natural environment.*

– Whether the proposed amendment will have significant adverse impacts on other property that is in the vicinity of the subject tract. *No adverse impacts are anticipated because of the proposed rezoning. By allowing the proposed rezoning, the vitality of the neighborhood is anticipated to be improved.*

Master Plan Consistency

The subject site is located within the Brooks area of Neighborhood Cluster 7 of the Detroit Master Plan of Policies. The Future Land Use map for this area shows Institutional (INST) for the subject properties. The Planning and Development Department (PDD) has reviewed this proposed rezoning and determined that it will not change the overall character of the area and is generally consistent with the Master Plan.

Community Input

Community engagement for the proposed rezoning has been completed by CHN and Cody Rouge Community Action Alliance (CRCAA). The community engagement process has consisted of providing information to and soliciting input from specific groups (including but not limited to local neighborhood associations/block clubs, CRCAA's community development corporation (CDC) partners, and local businesses), as well as interested residents in the immediate area. The outreach strategy includes hosting community meetings, focus groups, and gathering survey input. CRCAA will continue to provide information to the broader community by providing project updates in the organization's newsletter.

CHN and CRCAA held a community engagement event on April 13, 2023, which was attended by 130, including block groups, county commissioners, council members, the district 7 manager and other city officials.

Another meeting was held by CHN, CRCAA, and project architect Hiti DiFrancesco+ Siebold (HD+S) on April 27, 2023. This meeting was attended by over 60 seniors from the surrounding community. Attendees were provided with an overview of the organization, with discussions regarding their presence in Detroit, mission, partners, service area and

impacts. Attendees broke out into smaller focus groups facilitated by the organizers to discuss four key topics: 1) Site and outdoor spaces; 2) Interior community and common areas; 3) apartments; and 4) building image. Each group took 10-15 minutes to discuss each topic to ensure all seniors and their input was included.

CPC MEETINGS

Public Hearing — July 20, 2023

On July 20, 2023, the City Planning Commission held a public hearing on this rezoning request. At the hearing, two members of the public spoke. The first speaker was Delorean Holmes, from the Housing and Revitalization Department staff. Mr. Holmes stated that he had been working with CHN and the Cody Rouge Community Action Alliance since the proposal was selected through the RFP process. Mr. Holmes pointed out that CHN has sought to address some of the needs identified in the Warrendale

Cody Rouge Neighborhood Plan, specifically the need for senior housing. The second public commenter did not express support or opposition to the proposed rezoning.

CONCLUSION & RECOMMENDATION

On July 20, 2023, the City Planning Commission voted to recommend approval of the rezoning request to amend Article XVII, District Map 40 of Chapter 50 of the 2019 Detroit City Code, *Zoning,* to show an R3 (Low-Density Residential) zoning district where an R1 (Single-Family Residential) zoning district is currently shown for twelve parcels commonly known as 7225, 7235, 7241, 7251, 7257, 7263, 7226, 7234, 7240, 7248, 7256, 7262 Archdale Street.

Honorable City Council:

Re: Clairmount Redevelopment Brownfield Plan PA 381.

The Brownfield Redevelopment Financing Act 381 of 1996, provides tax incentives (i.e., tax increment financing) to develop brownfield properties in an area at or on which there has been a release (or threat of release) or disposal of a hazardous substance.

Clairmount Apartments, LLC, is the project developer of the Clairmount Redevelopment Brownfield Redevelopment Brownfield Plan at 100 Clairmount. The Property is located at 100 Clairmount Avenue, containing approximately 0.217 acres of land and an existing vacant four-story vacant building, located on Clairmount east of the John C. Lodge Freeway and west of Woodward Avenue.

The developer plans to renovate the building to include all of the modern amenities of a first class building and is projected to house ground floor residential and amenities with residential units on the upper four floors. In addition to the requested brownfield, the building is also in an active Neighborhood Enterprise Zone.[1] Historically, the property was known as the Clairwood Apartments and operated as residential building from 1910 until eighteen years ago in 2005 and has been vacant since.

The building is in extreme disrepair and will require a complete renovation in order to prepare the site for prospective tenants. The project will commence with selective interior demolition and lead/asbestos abatement. Once the demolition is complete, the residential floors will be framed to house approximately forty-two (42) residential units (studio, one, two, and three bedroom units) ranging in rents from approximately 50% to 80% AMI.[2] The developer is requesting a $472,750.00 TIF reimbursement.

With the overall value of the plan estimated at $1,212,507, which includes local brownfield costs.[4] The estimated capital investment for this project is approximately $8.9 million.

Basis of Eligibility

The Property is considered to be "eligible property" as defined by Act 381, Section 2, because it: (a) was previously utilized for an industrial, commercial or residential purpose; (b) is located within the City of Detroit, a qualified local governmental unit under Act 381; and (c) is determined to be "functionally obsolete" as defined by Act 381.

Tax increments are projected to be captured and applied to (i) reimbursement of eligible activity costs and payment of DBRA administrative and operating expenses, (ii) make deposits into the State Brownfield Redevelopment Fund, and (iii) make deposits into the DBRA's Local Brownfield Revolving Fund, as follows:

Taxing Jurisdictions	Reimbursement Costs	DBRA Admin Costs	SBRF Capture	LBRF Capture	Total Capture
School Operating Tax	$178,025	$0	$0	$152,207	$330,232

The following taxes are projected to be generated but shall not to be captured during the life of the Plan:

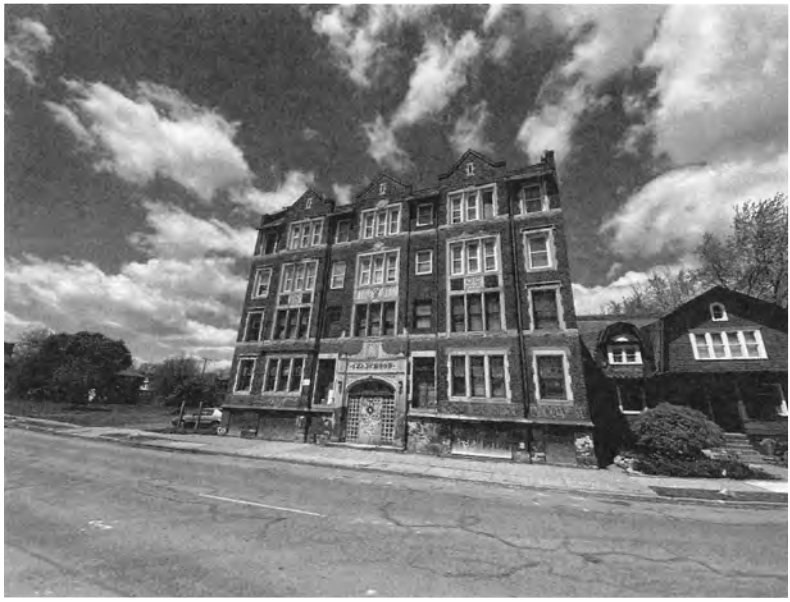
Eligible Activities



The eligible activities that the Developer intends to conduct at the property pursuant to this plan are considered "eligible activities," as defined by Section 2 of Act 381, because they include department specific activities, demolition, lead and asbestos abatement, infrastructure improvements, and the development, preparation and implementation of a brownfield plan and/or Act 381 work plan.

The Property is "functionally obsolete" because it has been vacant for nearly twenty (20) years. There are no usable utilities. The property is uninhabitable in its current condition.

The building is in extreme disrepair and will require an entire overhaul in order to ready the site for prospective tenants. The project will commence with selective interior demolition and lead/asbestos abatement.

Honorable City Council:

Re: 601 Piquette Brownfield Redevelopment Plan PA 381.

The Brownfield Redevelopment Financing Act 381 of 1996, provides tax incentives (i.e., tax increment financing) to develop brownfield properties in an area at or on which there has been a release (or threat of release) or disposal of a hazardous substance.

601 Piquette Holdings, LLC, is the project developer of the 601 Piquette Brownfield Redevelopment Plan at 100 Clairmount. The Property is located at 530 & 601 Piquette, which consists of two (2) parcels and approximately 13.573 acres of land and a 515,000 square foot, 3 to 4 story former factory and warehouse and associated parking on the site, bounded by the property boundary to the north, Hastings Street to the east, the property boundary to the south, and Beaubien Street to the west in the Milwaukee-Junction neighborhood of Detroit.

The developer plans to renovate the building into a modem building that will house high-tech manufacturing, logistics, distribution, and warehousing. The project will also result in the redevelopment of the adjacent paved truck distribution yard and a surface parking lot across the street for tenants of the building. According to the Planning and Development Department, the project will reposition a highly visible, underutilized, and contaminated property for current high tech users in the Milwaukee Junction neighborhood of Detroit. It is projected that the project will annually create 20 full-time equivalent (FTE) temporary construction jobs during rehabilitation of the building, for a total of approximately 60 temporary construction jobs. Upon the completion of the project, the developer will employ 3 FTE jobs, with the average wages for new hires estimated at $42,000 for salary positions. In the long term, it is estimated that the future tenants will create an additional 50+ FTE jobs.[1] The developer is requesting a $11,868,246 TIF reimbursement.

Rationale for a Brownfield Plan

530 Piquette Avenue:

A Phase II ESA was completed by McDowell for the eligible property located at 530 Piquette Avenue in October 2017. Concentrations of PNAs and metals were detected above the EGLE Residential Cleanup Criteria ("RCC") for DWP. VOCs and PCBs were not detected above EGLE RCC. Based on laboratory analytical results, the eligible property located at 530 Piquette Avenue meets the definition of a "facility," as defined in Part 201 of the NREPA.[4]

601 Piquette Avenue:

EMCON and McDowell & Associates (“McDowell”) completed Phase II Environmental Site Assessments (“ESA”) for the eligible property located at 601 Piquette Avenue in June 2000 and October 2017, respectively. Based on laboratory analytical results of these previous subsurface investigations, volatile organic compounds (“VOCs”) were detected in the soil at concentrations above the Michigan Department of Environment, Great Lakes and Energy (“EGLE”) Groundwater Surface Water Interface Protection (“GSIP”). Polynuclear aromatic hydrocarbons (“PNAs”) and metals were detected in soil above the EGLE Residential Direct Contact (DC), Drinking Water Protection (“DWP”), and/or GSIP Cleanup Criteria. polychlorinated biphenyls (“PCBs”) were not detected above laboratory method detection limits (MDLs). Concentrations of VOCs were detected in the soil gas samples above the EGLE Recommended Interim Action Screening Levels. Based on laboratory analytical results, the property located at 601 Piquette Avenue meets the definition of a “facility,” as defined in Part 201 of the NREPA.

Honorable City Council:

Re: Annual HOME, CDBG, AHD&PF and ARPA Awards Revised Awards.

The City of Detroit ("City"), through the Housing and Revitalization Department

("HRD"), makes annual funding available for "ready-to-proceed projects" from HOME, HOME-ARP, AHD&PF, and ARPA funds allocated to the City through the U.S. Department of Housing and Urban Development ("HUD"), other sources, and U.S. Department of Treasury. HRD has continued to work closely with HUD to meet required commitment and disbursement deadlines for new and ongoing projects approved by the City.

In support of affordable housing opportunities, HRD is hereby requesting approval to revise the funding sources for the following previously approved projects:

1. CCSEM — St. Mathew (Remove $2,500,000 of HOME funds; Reduce HOME-ARP funding to be $1,000,000; Add $3,250,000 in ARPA funds) — The previous award of $2,500,000 in HOME funds will be removed, the previous award of $1,750,000 in HOME-ARP will be reduced to $1,000,000 in HOME-ARP funds, and $3,250,000 in ARPA funds will be spent on this adaptive reuse/historic rehabilitation project to construct 46 new housing units at 6021 Whittier Ave that will be 100% affordable with 25 of the units being permanent supportive housing.

2. Orchard Village (Reduce HOME funding to be $250,000; Increase ARPA funding to be $2,185,892) — The previous award of $1,000,000 in HOME funding will be reduced to $250,000 in HOME funding and the previous award of $1,935,892 in ARPA funding will be increased to $2,185,892 in ARPA funding. The project will construct 48 new housing units at 21566 Orchard that will be 100% affordable.

3. Life is a Dreamtroit (Remove $500,000 of AHD&PF funds; Add $2,000,000 in ARPA funds) — The previous award of $500,000 of AHD&PF funds will be removed and $2,000,000 in ARPA funds will be spent on this adaptive re-use project at 1331 Holden to create 81 residential rental units with 57 of the units being affordable.

We hereby request that your Honorable Body adopt the attached resolution that: (1) approves the aforementioned project funding increases/decreases/replacements, and (2) authorizes the HRD Director, or her authorized designee, to execute such documents as may be necessary or convenient to complete the transactions.

Respectfully submitted,

Resolved, That the HRD Director, or her authorized designee, is authorized to process, prepare and execute any and all loan and grant documents necessary or convenient to close, secure and use HOME, HOME-ARP, AHD&PF and ARPA funds according to HUD regulations and as approved by this resolution; and be it finally

3. **Council Member Mary Waters** submitting statement in Opposition to Land Value Tax Legislation. **(Our responsibility as legislators is to act in the best interests of our community and be faithful stewards of the people's money. When radical changes are proposed, ones that impact the pocketbooks of our constituents and our community's financial stability, we must be circumspect, transparent, and deliberative. The proposed Land Value Tax system, Michigan House Bills 4966-4970, could drastically transform Detroit homeowners' and business owners' tax burden and create fiscal instability for our city. Unfortunately, this transformative legislation is being rushed through the legislative process in Lansing, stifling the voices of our community members that are most directly impacted. I cannot support this rapid, opaque process that is orchestrated to disenfranchise voters of their right to make an informed choice at the ballot box. For this reason, I cannot support the proposed Land Value Tax legislation as it stands.)**

Honorable City Council:

Re: Neighborhood Enterprise Zone Certificate Applications for the new construction of 6 condominium units located at the southeast corner of Gladstone and Second in the Central Detroit Christian CDC Neighborhood Enterprise Zone area. **(RECOMMEND APPROVAL)**

The office of the City Planning Commission (CPC) has received six applications requesting Neighborhood Enterprise Zone (NEZ) certificates for the new construction of 6 condominium units at 155, 161, 175, and 177 Gladstone and 8740 and 8744 Second Avenue.

The applicant requesting the certificates is Barr Properties LLC, which consists of two members — Shahin Mustafa and Mustafa Usuf. A site plan and elevation for the proposed building are attached for reference. The table below summarizes details for the subject 6 condo units.

Unit	Square Footage	# Bedrooms	Unit Cost	Estimated Sale Price
155 Gladstone	1758 sf.	3	$330,000	$495,000
161 Gladstone	1741 sf.	3	$325,000	$480,000
175 Gladstone	1761 sf.	3	$330,000	$490,000
177 Gladstone	1485 sf.	3	$220,000	$440,000
8740 Second	1764 sf.	3	$330,000	$485,000
8744 Second	1759 sf.	3	$330,000	$480,000

The developer indicates 12 parking spaces will be provided for the 6 units in attached garages on the first floor.

The developer indicates the entry to each unit is via a straight walkway with just 1 step to the front door. If requested by buyer, we will add handicap accessible features to bathrooms and other areas.

It appears the NEZ certificate applications have been submitted prior to the issuance of applicable building permits — the NEZ Act (Act 147 of 1992) states the applications must be filed before a building permit is issued. The petitioner submitted NEZ certificate applications dated September 15, 2023, to the City Clerk's office. The developer applied for a building permit August 11, 2023, but it has not yet been issued.

The subject property has been confirmed as being within the boundaries of the Central Detroit Christian CDC NEZ which was established by a vote of City Council in January 2010. CPC staff has reviewed the applications and recommends approval. A resolution is attached for your consideration. Please contact our office should you have any questions.

Re: Neighborhood Enterprise Zone Certificate Application for the rehabilitation of a single-family house at 4138 Lincoln in the Woodbridge Estates Neighborhood Enterprise Zone area. **(RECOMMEND APPROVAL)**

The office of the City Planning Commission (CPC) has received an application requesting a Neighborhood Enterprise Zone (NEZ) certificate for the rehabilitation of a house at 4138 Lincoln.

4138 Lincoln is located on the east side of the street between West Willis and West Alexandrine Streets in the Woodbridge neighborhood. Below is a map of the location and an image of the house. The subject request is for a 15-year abatement.

The petitioner for the certificate is the current resident Eric Jones. The estimated project cost is $105,000 to include a new roof, interior renovation, and exterior renovations.

It appears the NEZ certificate application has been submitted prior to the issuance of applicable building permit — the NEZ Act (Act 147 of 1992) states the applications must be filed before a building permit is issued. The petitioner submitted NEZ certificate application dated July 12, 2023, to the City Clerk's office.

The subject property has been confirmed as being within the boundaries of the Woodbridge Estates NEZ which was established by a vote of City Council on September 18, 2001. CPC staff has reviewed the application and recommends approval. The City Clerk's office is submitting a resolution for your consideration. Please contact our office should you have any questions.

Honorable City Council:

Re: Pay Range Adjustment.

1. The 2023-2024 Official Compensation Schedule be amended to include the following pay adjustments:

Class Code	Title	Current Salary Range	New Salary Range	Barg Unit
09-59-39	Reservation Events Coordinator	$34,342 - $43,150	$41,800 - $52,300	9000
01-20-42	Senior Civic Center Event Coordinator	$39,024 - $49,278	$46,300 - $57,900	900

2. The FLSA status of the Senior Civic Center Event Coordinator be changed from Exempt to Non-Exempt.

Request:

The above recommendation is at the request of the General Services Department.

Rationale:

The above recommendation is based on the ability to attract and retain essential personnel in the General Services Department. The department has had difficulties maintaining a qualified person in this position given the number of hours required in the busy season especially with events, event preparation, and programming occurring Monday-Sunday.

It remains difficult to structure a flexible schedule because there are walk-throughs and administrative requirements that happen throughout the week, with the majority of events happening over the weekends. GSD maintains two shifts (8 a.m.-4 p.m. and 4 p.m.-12 p.m.). All other staff that support the operations are non-exempt and can accrue overtime during the events, however, the Senior Civic Center Event Coordinator does not.

Honorable City Council:

Re: A resolution requested by Council Member Coleman A. Young, II, directing LPD/CPC to undertake the research and development of zoning regulations for adult-use marijuana activities unique to the Central Business District and Eastern Market Core area as exceptions to the currently adopted zoning regulations.

During City Council's most recent deliberations over proposed zoning regulations for adult-use marijuana, Council Member Young expressed the desire to provide for certain adult-use marijuana uses with the Central Business District and the Eastern Market Core area, where they are precluded by application of the current regulatory scheme. Recognizing that a significant amount of research is necessary to properly craft such provisions Member Young withdrew his request on July 25, 2023, when the newly enacted marijuana zoning ordinance was approved.

Subsequent to Council's action, Member Young authored a memo requesting LPD/CPC to engage in the research and development of those regulations. He then authored a second memo calling for the preparation of a resolution directing LPD/CPC to conduct that work.

Attached hereto, is the resolution directing the requested work be undertaken.

A RESOLUTION
REQUESTING THE RESEARCH AND
DEVELOPMENT OF
ZONING PROVISIONS TO PROACTIVELY PERMIT
MARIJUANA BUSINESSES IN
THE CENTRAL BUSINESS DISTRICT
AND EASTERN MARKET CORE AREA

By Council President Pro Tem Tate:

WHEREAS, Chapter 50 of the Detroit City Code, Zoning, provides marijuana zoning provisions that are implemented uniformly citywide; and

WHEREAS, The Eastern Market Framework Study Area provides the boundary of the Core Market area; and

WHEREAS, The currently adopted marijuana zoning provisions result in a near prohibition on limited license marijuana facilities/establishments located within the CBD and/or Core Market areas; and

WHEREAS, There is a desire among the City Council to understand and explore the creation of potential opportunities in the CBD and/or Core Market areas given the near prohibition and the unique nature of both areas.

NOW THEREFORE BE IT RESOLVED, That the Detroit City Council supports the creation of opportunity for legacy Detroiters and equity partners in the marijuana industry and the exploration of marijuana zoning standards that provide exceptions to the citywide marijuana zoning provisions to encourage the establishment of a limited number of marijuana facilities within the CBD and the Eastern Market Core area, and directs the Legislative Policy Division/City Planning Commission to engage in such an effort to develop and present findings to this Honorable Body.

BE IT ALSO RESOLVED, That the City Council supports a robust community engagement process that informs the exploration and development of marijuana zoning provisions specific to the CBD and Easter Market Core areas.

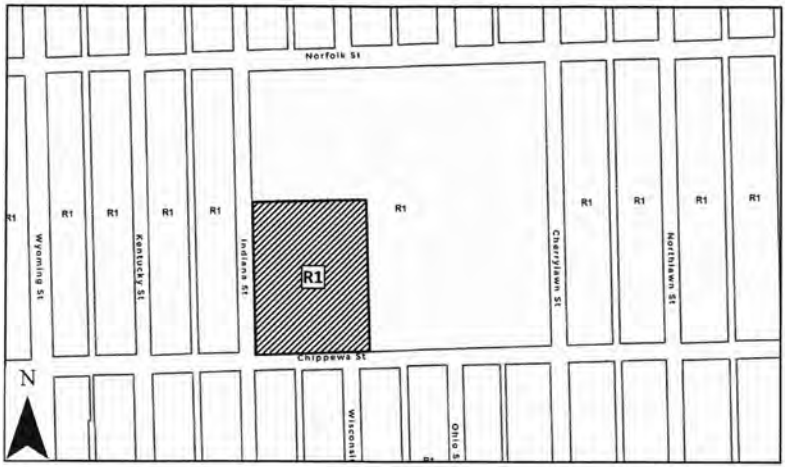
City Planning Commission

October 6, 2023



Honorable City Council:

Re: Request of the City Planning Commission to amend Article XVII, Section 50-17-63, District Map No. 61 of the 2019 Detroit City Code, Chapter 50, Zoning, to show an R3 (Low Density Residential District) zoning classification where an R1 (Single-Family Residential District) zoning classification is currently shown on one parcel commonly known as 20119 Wisconsin Street generally bounded by Norfolk Street to the north, Cherrylawn Street to the east, Chippewa Street to the south, and Indiana Street to the west. **(RECOMMEND APPROVAL — Requesting introduction and the setting of a public hearing.)**

The City Planning Commission (CPC) has received a request from URGE Development Group to amend Article XVII, Section 50-17-63, District Map No. 61 of the 2019 Detroit City Code, Chapter 50, Zoning, to show an R3 (Low Density Residential District) zoning classification where an R1 (Single-Family Residential District) zoning classification is currently shown on one parcel commonly known as 20119 Wisconsin Street generally bounded by Norfolk Street to the north, Cherrylawn Street to the east, Chippewa Street to the south, and Indiana Street to the west.

The proposed map amendment is being requested to support the revitalization of the abandoned Higginbotham School building into approximately 40 new residential units, while utilizing the school's theatre space for nonprofits and community organizations. The development also proposes to construct two multi-family buildings.

The proposed R3 District would conditionally permit the adaptive re-use of the school building and allow for the development of multi-family dwellings with fewer than 50 percent of the units in the structure being efficiency units by right. At this point CPC is acting as the petitioner due to the site's current ownership by the City of Detroit Planning and Development Department, care of the Detroit Building Authority (DBA). The City and Developer are in discussions to finalize the purchase agreement and expect to do so in the near future.

Shaded Area is proposed to be rezoned from R1 to R3

BACKGROUND AND PROPOSAL

History

The William E. Higginbotham School Building was built in 1926 and expanded in 1944 and 1946 by the Detroit Public Schools to house African American kindergarteners through eight graders. A report by the Detroit City Council's Historic Designation Advisory Board stated that the building was deemed eligible for the National Register of Historic Places under the *Public Schools of Detroit Multiple Property Submission* in 2011 and included in the *20th Century Civil Rights in Detroit Reconnaissance and Intensive Level Survey, 2019.* Higginbotham School meets multiple criteria for the National Register due to its local significance as a Detroit all Black elementary school for over eighty years and the unique Mediterranean Revival-style architecture. The school's namesake William E. Higginbotham was one of the partners of Malcolmson & Higginbotham, the architectural firm selected by the Detroit Board of Education as its architect from 1893-1923. Specializing in school architecture, the firm designed more than three-quarters of Detroit's public-school buildings built prior to 1923.

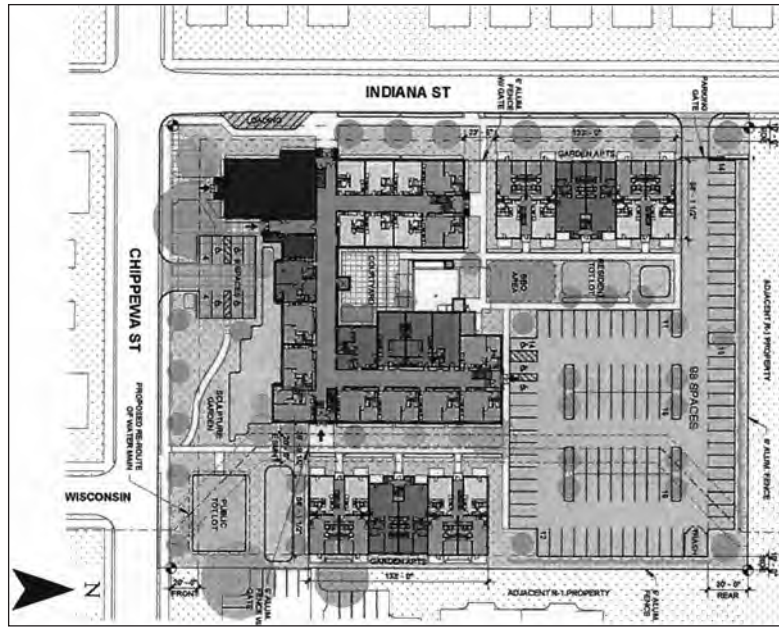
NEW SCHOOL IN N'WEST AREA



Construction work has been started on the new William E. Higginbotham school near Eight-Mile road and Wisconsin avenue. This is the first unit of a standard elementary school and will include 14 class rooms, a conservatory, gymnasium and a power plant large enough to care for double the present needs. Features of the building are the deep pilings of the foundation, and the Spanish tile roof which is to rest on a concrete slab which in turn is supported by a system of concrete beams. The architects are the N. Chester Sorenson company. The builders are the Stubbard Construction company. The cost is said to be $150,552.

Development Detail

As mentioned in the proposal the developer URGE Development plans to develop the Higginbotham School Building into a multi-family residential building with approximately 40 units. In addition to the adaptive re-use of the school building, URGE also plans to construct two multi-family buildings of approximately 60 total units, that would be allowed either by-right or conditionally depending on the percentage of efficiency units. The proposed unit mix for the school building includes 10 studio, 24 one-bedroom and 6 two-bedroom units. The multi-family building includes 24 studio, 24 one-bedroom, and 12 two-bedroom units. The proposed development includes 106 parking spaces for the 100 total units. Below is a site plan for the proposed development.

Community Input

URGE Development has conducted 6 community engagement meetings in 2023 related to the proposed development of the Higginbotham School building. These meetings include a presentation with City Council District 2 in February and Garden Homes Community Group in March and May. There were also online virtual open houses held by the development team to provide additional opportunity for residents to speak directly with the development team and express their thoughts on the proposed development.

PUBLIC HEARING RESULTS

On July 20, 2023, the City Planning Commission held a public hearing on this rezoning request. During the hearing, two members of the public spoke, and one City Department

representative spoke in support of the rezoning. One member of the public submitted a letter via email with concerns. Details on the substance of the comments are as follows:

- The President of Garden Homes Community Organization spoke in support of the rezoning request. They stated that the applicant engaged with their organization on multiple occasions and presented the plans for their site to the organization.
- One member of the public spoke with concerns about the lack of an elevator in the three-story new construction. They supported the redevelopment of the historical school. The applicant responded that the addition of elevators in the new construction significantly increased the scale of the project and to the point that it didn't fit with the character of the community. The units in the proposed redevelopment of the school building will have an elevator.
- Deloreon Holmes from City of Detroit Housing and Revitalization Department (HRD) spoke in support of the rezoning request. HRD initially intended to put a Request for Proposal (RFP) for the site but received an offer from URGE Development and decided to move forward with their purchase agreement.
- A member of the public submitted a letter with concerns about parking for the site and due to the scale of the proposed residential. They also spoke to concerns about overflow parking on the residential streets during future events at the publicly accessible portion of the development.

PLANNING CONSIDERATION

Current Zoning

R1 — Single-Family Residential District

The R1 Single-Family Residential District is designed to protect and preserve quiet, low-density residential areas now primarily developed and those areas which will be developed with single-family detached dwellings and characterized by a high ratio of home ownership. The regulations for this district are designed to stabilize and protect the essential characteristics of the district and to promote and encourage a suitable environment for activities associated with family life. To these ends, development is limited to a relatively low concentration and uses permitted by right are limited to single-family detached dwellings which provide homes for the residents of the area. Additional residential uses such as religious institutions, neighborhood centers, and utility uses necessary to serve the immediate area may be permitted on a conditional basis.

Proposed Zoning

R3 — Low-Density Residential District

The R3 Low Density Residential District is designed as a low-density multi-family district. The regulations are designed to promote and encourage town and terrace house development, courts, and garden apartments. It is intended that this district be used primarily on local thoroughfares thereby encouraging a suitable environment for family life. Among others, uses permitted by right include single- and two-family dwellings, townhouses, multi-family dwellings, and community facilities necessary to serve a residential district.

Surrounding Zoning and Land Use

The zoning classification and land uses surrounding the subject area are as follows:

North: R1 — Single-Family Residential
East: R1 — U of D Jesuit Johnson Recreational Center
South: R1 — Single-Family Residential
West: R1 — Single-Family Residential

Zoning Ordinance Approval Criteria

Section 50-3-70 of the Detroit Zoning Ordinance lists eight approval criteria on which zoning map amendments must be based. Following are the relevant criteria with CPC staff's analysis in italics:

- Whether the proposed amendment will protect the health, safety, and general welfare of the public. *The proposed map amendment will help facilitate the feasibility of the adaptive use of a school building and allow for the construction of new multi-family residential. The current school building has been vacant for many years and the redevelopment of the building will contribute to the stabilization of the neighborhood.*
- Whether the proposed amendment will have significant adverse impacts on other property that is in the vicinity of the subject tract. *CPC Staff notes that the proposed rezoning will have an impact on the traffic volumes and congestion in the community due to the density of the proposed housing in the school (40 units) and the three-story multi-family buildings (60 units). However, the proposed rezoning is not expected to have significant adverse impact on other property and can be reasonably expected to raise the values of property in the neighborhood.*
- The suitability of the subject property for the existing zoning classification and proposed zoning classification. *The existing R1 Single-Family Residential District zoning classification does not allow for the development of multi-family residential. The proposed zoning classification allows for the development of multi-family residential either by-right or conditional depending on the percentage of efficiency units.*

Master Plan Consistency

The subject site is located within the Pembroke area of Neighborhood Cluster 10 of the Detroit Master Plan of Policies. The Future Land Use map for this area shows Institutional (INST) in the Master Plan. The Planning & Development Department (PDD) provided a Master Plan Interpretation and stated that the proposed rezoning is generally consistent with the Master Plan Designation. They stated, "the overall density of the larger area would not increase significantly, and the overall character would not change, as the adjacent recreation center remains as an institutional use."

CONCLUSION

Based on the above analysis and consistent with the approval criteria of Sec. 50-3-70 of the Zoning Ordinance, the CPC voted at its July 20, 2023 meeting to recommend APPROVAL of the rezoning request. The approved-as-to-form Ordinance is attached for your consideration.

RESOLUTION RECOGNIZING CHICANO PEOPLES' DAY (DIA DE LA RAZA)

By Council Member Santiago-Romero:

WHEREAS, Dia de la Raza has a long and complex history dating back to the beginning of the 20th century. While Dia de la Raza was originally celebrated on October 12 to coincide with the arrival Christopher Columbus to the Americas, it has evolved to be a recognition and celebration of indigenous people and the multicultural nature of many Spanish-speaking countries; and

WHEREAS, Many Spanish-speaking countries continue to celebrate each year on October 12, however the holiday goes by many different names depending on the country, and countries are continually changing the names of the holiday to reflect a growing recognition of the devastating effects that European colonization has had on indigenous populations; and

WHEREAS, Similarly, the word "Chicano" originated as a racial slur toward Mexican Americans who were treated as second-class citizens in the United States; and

WHEREAS, In the mid-20th century, activists embraced the term Chicano in what became known as the Chicano rights movement, which is a movement associated with individuals such as Cesar Chavez and which fought for the rights of agricultural workers in the American southwest, cultural recognition and civil rights for Mexican Americans, and for the broader Civil Rights Movement of the 1960's; and

WHEREAS, Although some use the word Chicano to refer to individuals of Mexican and American descent generally, many still associate the word with individuals who share a spirit of social and political activism, and who proudly embrace their traditional Mexican and indigenous heritage; and

WHEREAS, Chicano culture represents a unique identity that is neither fully American nor Mexican, and which has become internationally famous and influential for lowriding culture as well as muralism, visual art, music, poetry, activism and more; and

WHEREAS, Chicano Peoples' Day (Dia de la Raza) is a day to celebrate the multicultural identities of Chicanos and individuals in Spanish speaking countries, and to reflect on the history of colonization and its continued effect on indigenous peoples; NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council hereby recognizes October 12 as Chicano Peoples' Day (Dia de la Raza); NOW BE IT FINALLY

RESOLVED, That the Detroit City Clerk send copies of this resolution to the Mexicantown Community Development Corporation, Detroit Hispanic Development Corporation, and the Michigan Hispanic Chamber of Commerce.

Property Assessment Board of Review

October 12, 2023

Re: 2024 Homeowner Property Exemption (HOPE) Policy and Guidelines in accordance with MCL 211.7u.

INTRODUCTION

The Board of Review is a nine (9) member board appointed by this Honorable Body to act on matters relative to assessments within the jurisdiction of the City of Detroit. The purpose of this communication is to establish through the adoption by resolution the 2024 "Homeowners Property Exemption" (HOPE) Guidelines and Process for the Property Assessment Board of Review to act in accordance with MCL 211.7u.

Additionally, under the "Homeowners Property Exemption" ordinance, the Property Assessment Board of Review is required to file its proposed version with this Honorable Body through the City Clerk by October 15th.

This document contains a point-by-point review detailing that all aspects were properly met.

The document attached to this packet is the final document reviewed and agreed to by the Property Assessment Board of Review prior to submission to this Honorable Body.

Please keep in mind that as you review and consider the 2024 Guidelines, it is crucial to the overall process that this Honorable Body adopt the guidelines prior to December 1, 2023 so that the appropriate time will exist for printing, distribution and access by January 1, 2024.

This application is being respectfully submitted for your approval pertaining to the Homeowners Property Exemption (HOPE) program.

SUMMARY

Each year state law requires that each local governing unit establish a new process

and guidelines in reviewing and determining property tax exemptions in accordance with MCL 211.7u. This portion of the General Property Tax Act provides for an exemption for homeowners who are unable to contribute to the public charges if they have met the required guidelines adopted by the local governing body, in this case City Council, by resolution in accordance with MCL 211.7u.

The Property Assessment Board of Review remains closely engaged in the current matters faced by many homeowners challenged with property tax delinquency and/or at risk of foreclosure. The Property Assessment Board of Review continues to aid the community in considering these challenges, when possible, to help homeowners maintain ownership within the City of Detroit by providing a connected and unified relationship with the Office of the Assessor, City of Detroit Treasury, Wayne County Treasurer and other community-based agencies and organizations to assist as many homeowners as possible under law.

2024 requires your attention due to potential changes in assessing deadlines and level of work that is required at the end of the year. An alternative deadline is requested for your consideration. Generally, the filing deadline has been the day before the actual meeting date of the December Board of Review. With certain changes pending and the level of exemptions being submitted by the deadline date, it is important to consider moving the deadline to a date that will allow the Board of Review and the Office of the Assessor the opportunity to complete its work prior to the December Board of Review statutory meeting date. It is being recommended that you consider November 1, 2024, as the filing deadline for the HOPE application.

As amended and signed into law March of 2020 the PAY AS YOU STAY (PAYS) Program, administered by the Wayne County Treasurer, in relationship with the Homeowners Property Exemption has resulted in saving more than 12,000 homeowners from tax foreclosure. It is important to note that the PAYS program will sunset in 2025 and this may be the one of the few remaining opportunities for homeowners to see the benefit of the combined resources.

Therefore, we are presenting to this Honorable Body the 2024 Homeowners Property Exemption Guidelines and Process in accordance with MCL 211.7u.

DOCUMENTS

TITLE: "Homeowners Property Exemption" (HOPE)

• In 2021 the title "Homeowners Property Exemption" (HOPE) was adopted and should continue as such.

CHANGE IN APPLICATION DEADLINE

• Based on the number of applications received by the Board of Review along with the current discussion relative to the "Tax Reform Ordinance", we believe that it is important to consider changing the deadline date.

• A deadline of November 1, 2024, is requested.

• This will provide an opportunity for the Board of Review and Office of the Assessor to address pending applications so that I may timely close the December Board of Review on the statutorily required date.

On October 21, 1992, your Honorable Body established Neighborhood Enterprise Zones. I am in receipt of one (1) application for a Neighborhood Enterprise Zone Certificate. This application has been reviewed and recommended for approval by the City Planning Commission, a copy of which is attached. Therefore, the attached Resolution, if adopted by your Honorable Body, will approve these applications.

By Council Member Durhal, III:

Whereas, Michigan Public Act 147 of 1992 allows the local legislative body to establish Neighborhood Enterprise Zones for the purpose of providing exemption from *ad valorem* property taxes, and the imposition of specific tax in lieu of *ad valorem* taxes; and

Whereas, The Detroit City Council has established a Neighborhood Enterprise Zone for the following area, in the manner required by and pursuant to Public Act 147 of 1992.

Now, Therefore, Be It Resolved, That the Detroit City Council approves the submission of the application to the State Tax Commission, and, if applicable, the City Council concurs with the issuance of the certificate if the application was filed not more than 6 months after the date of the issuance of a building permit for the facility.

October 12, 2023

Honorable City Council:

Re: Neighborhood Enterprise Zone Certificate Application for the rehabilitation of a building into a 28-unit apartment building located at 1567 Church in the Corktown Neighborhood Enterprise Zone area. **(RECOMMEND APPROVAL)**

The office of the City Planning Commission (CPC) has received an application requesting a Neighborhood Enterprise Zone (NEZ) certificate for the rehabilitation of an existing building into a residential apartment with 28 units located at 1567 Church.

The property is located at the southeast corner of Church and 10th Streets in the Corktown neighborhood which is generally south of Michigan Avenue and west of Trumbull. Below are maps of the location and an image of the building. The site is presently a

vacant 2-story 32,000 square foot former building built in 1984. The building is located within the Corktown historic district.

The developer for the project is Oxford Perennial Corktown PropCo II, LLC. The developer consists of Oxford Capital, Hunter Pasteur, and the Forbes Company, which is developing several projects in the area, including the Godfrey Hotel, the new Perennial Corktown apartment building, and new parking deck just east of the subject building.

During the Community Benefits Ordinance review for the above projects, several members of the community strongly requested that 1567 Church not be demolished as was initially proposed, and the developer agreed to redevelop the building.

The rehab will involve interior and exterior improvements, including wall reconfigurations and improvements to roofing, electrical, mechanical and plumbing. The developer indicates it expects to spend about $427,856 per unit. The developer is proposing the following:

- 13 units on the first floor which includes 12 one-bedroom units and 1 studio
- 15 units on the second floor which includes 10 one-bedroom and 5 two-bedroom units
- 10% of the apartments (3 of the one-bedroom units) would be designated at 60% AMI
- The remainder of the space (10,360 square feet) would be for tenant storage, maintenance room, and amenity space
- Rents are expected as follows:
  - for the 3 affordable 1-bedroom units about $1,023/month
  - for the 1 studio about $2,176/month,
  - for the 19 one-bedroom units about $2,502/month, and
  - for the 5 two-bedroom units about $3,536/month.

Regarding parking, the developer indicates the project will utilize its adjacent 213-space parking garage. Market rate units will have to apply to park at the parking garage. Parking for AMI designated units will be discounted at the same percentage as the AMI rental units.

For handicap accessibility, the developer indicates the following:

- The building will be fully compliant with ADA.
- The building will provide wide, open spans in the common areas for easy moveability through the building and the majority of programming for the residents on the first floor.
- The development will improve the infrastructure around the building, including removing and replacing the sidewalks adjacent to the building, including new ADA ramps at the corner of Church and 10th Street.
- There is one Type A accessible unit (open cabinets, roll in shower, adjusted height of light and switches)
- Lastly, the developer's adjacent apartment building, Perennial Corktown has 10 additional ADA units.

It appears the NEZ certificate application has been submitted prior to the issuance of applicable building permits — the NEZ Act (Act 147 of 1992) states the application must be filed before a building permit is issued. The petitioner submitted the NEZ certificate application dated September 13, 2023, to the City Clerk's office.

The subject property has been confirmed as being within the boundaries of the Corktown NEZ which was established by a vote of City Council in October 1994. CPC staff has reviewed the application and recommends approval. The City Clerk's office is submitting a resolution for your consideration. Please contact our office should you have any questions.

Re: Neighborhood Enterprise Zone Certificate Applications for the construction of 12 condominium units located at the southeast corner of John R and E. Forest in the Garfield Condominium Neighborhood Enterprise Zone area. **(RECOMMEND APPROVAL)**

The office of the City Planning Commission (CPC) has received twelve applications requesting Neighborhood Enterprise Zone (NEZ) certificates for the construction of a new 3-story building with 12 condominium units at 4645 (Unit 1), 4649 (Unit 2), 4651 (Unit 3), 4655 (Unit 4), 4659 (Unit 5), 4661 (Unit 6), 4665 (Unit 7), 4667 (Unit 8), and 4671 (Unit 9) John Rand 116 (Unit 10), 112 (Unit 11), and 108 (Unit 12) E. Forest.

The applicant requesting the certificates is Forest House Midtown LLC which is owned by Brad Rottschafer of Mosaic Custom Homes. Mosaic Homes and Properties is a construction and development company founded in 1993.

The table below summarizes details for the subject 12 condo units.

Unit	Sq. Footage	# Bedrooms	Unit Cost to Build	Estimated Sale Price
1	2030	3	$230 per sq. foot or $302,000	$350 per sq. foot or $710,500
2	1971	3	$230 per sq. foot	$350 per sq. foot or $689,850
3	1971	3	$230 per sq. foot	$350 per sq. foot

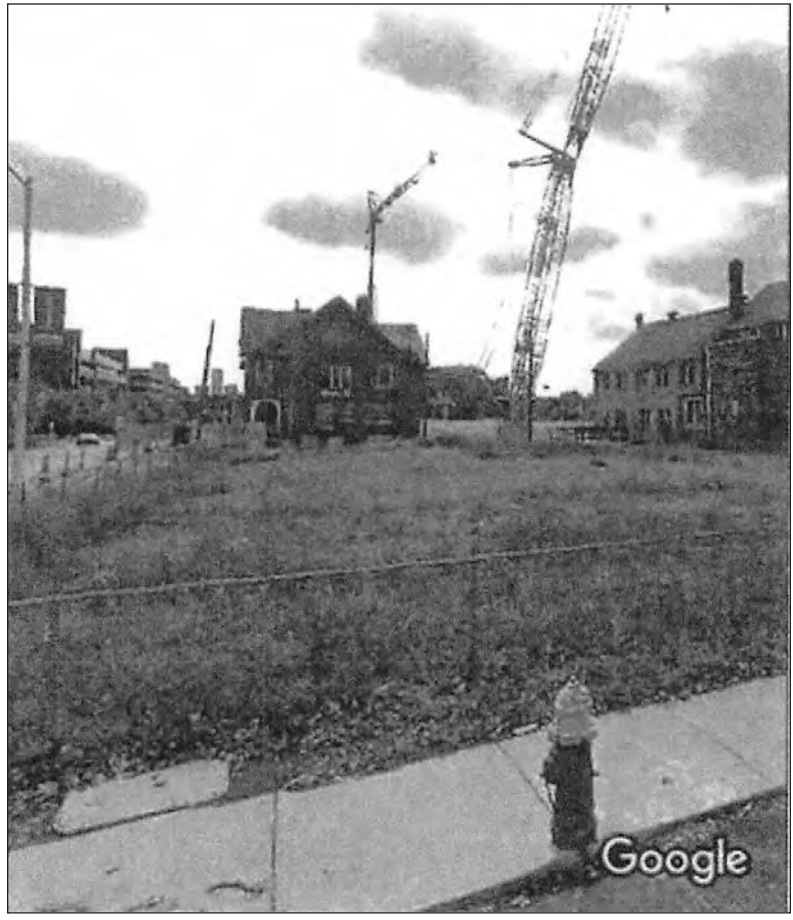
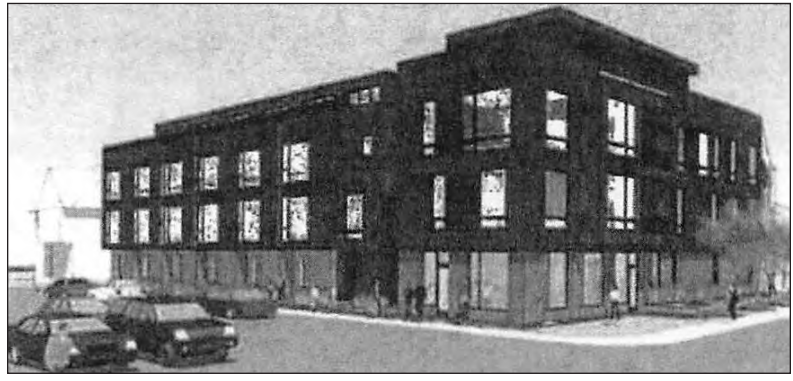
5	1971	3	$230 per sq. foot	$350 per sq. foot
6	1971	3	$230 per sq. foot	$350 per sq. foot
7	1121	2	$230 per sq. foot	$350 per sq. foot or $392,350
8	921	1	$230 per sq. foot	$350 per sq. foot or $322,350
9	962	2	$230 per sq. foot	$350 per sq. foot or $336,700
10	1183	2	$230 per sq. foot	$350 per sq. foot or $414,050
11	929	2	$230 per sq. foot	$350 per sq. foot or $325,150
12	1066	2	$230 per sq. foot	$350 per sq. foot or $373,100

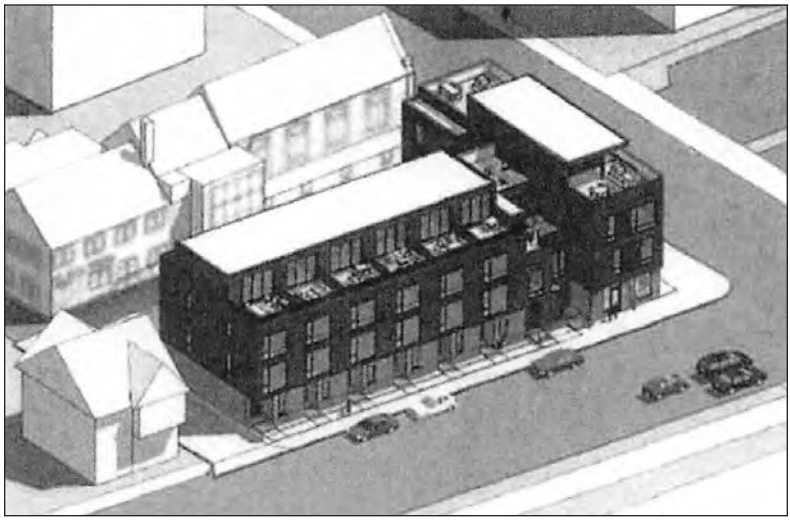
The site plan below indicates there will be seven 2-car garages and four 1-car garages. The garages are part of the condo sale price.



The developer representative indicates there are no handicap accessible units.



It appears the NEZ certificate applications have been submitted prior to the issuance of applicable building permits — the NEZ Act (Act 147 of 1992) states the applications must be filed before a building permit is issued. The petitioner submitted NEZ certificate applications dated September 19, 2023, to the City Clerk's office. The developer applied for a building permit, but it has not yet been issued.



The subject property has been confirmed as being within the boundaries of the Garfield Condominium NEZ which was established by a vote of City Council in November 2005. CPC staff has reviewed the applications and recommends approval. A resolution is attached for your consideration. Please contact our office should you have any questions.

PRIVILEGED AND CONFIDENTIAL MEMORANDUM

August 24, 2023

Honorable City Council:

Re: Request for representation and indemnification pursuant to City Code Section 35-2-104, regarding the lawsuit Kennedy Shannon vs. City of Detroit, Katerli Bounds and Ryan Friedrichs, Wayne County Circuit Court case number No. 19-009435-CD.

Plaintiff Kennedy Shannon has sued the City of Detroit and individual defendants Katerli Bounds and Ryan Friedrichs in Wayne County Circuit Court related to the termination of Kennedy Shannon's employment by the City in June 2019. Plaintiff claims that she was terminated due to alleged whistleblowing activities in violation of the Michigan Whistleblowers' Protection Act. The court denied Defendants' Motion for Summary Disposition in November 2022. The case is set for trial, to begin on September 11, 2023.

At the time of her termination, Plaintiff worked in the City's Office of Development and Grants. Katerli Bounds was, at the time of Plaintiff's termination, Director of Grants and Plaintiff's direct supervisor. Ryan Friedrichs was the City's Chief Development Officer, serving as the director of the Office of Development and Grants.

Plaintiff's employment was terminated as a result of violations of numerous City policies and guidelines including: misrepresentation and falsification of time records; performing personal work for another employer during scheduled work hours; improper use of City resources by storing inappropriate photographs and other materials on City equipment; and violations of the City's Ethics Standards by improper use of official position. The Law Department concludes that Katerli Bounds and Ryan Friedrichs were acting in good faith, and within the scope of their employment, when, for these reasons, they made the decision to terminate Plaintiff's employment. The City's Chief Financial Officer, Jay Rising, likewise recommends that City Council provide representation and indemnification.

Sincerely,
CONRAD MALLETT, JR.

GRANT

This is Grant # E20240018-00 between the Michigan Indigent Defense Commission (Grantor), and City of Detroit (Grantee), subject to terms and conditions of this grant agreement (Agreement).

1.0 Statement of Purpose

The purpose of this Grant is to provide funding to assist the Grantee (also referred to as local funding unit) to comply with the Compliance Plan and Cost Analysis approved by the MIDC for the provision of indigent criminal defense services through the minimum standards approved by LARA and the process described in the Michigan Indigent Defense Commission Act (MIDC Act). The funding for this grant is contingent upon an appropriation by the Legislature that is signed by the Governor. Consistent with the MIDC Act, in the event that the funds appropriated apply to less than all of the minimum standards, the funding unit will not be required to fully comply with all of the minimum standards. In the event that an appropriation is insufficient to fully fund this grant, the amount of the grant will be reduced by the Grantor and the funding unit will not be required to fully comply with the minimum standards the original approved grant was designed to allow.

1.1 Definitions

A. Budget means the detailed statement of estimated costs approved as the Grantee's Cost Analysis and required to implement the Compliance Plan.

B. Budget Category means the aggregate of all funds in each of the high-level categories within the approved Cost Analysis.

C. Compliance Plan or Plan is the plan submitted by the local funding unit and approved by the MIDC that specifically addresses how the Grantee shall meet the approved minimum standards established by the MIDC.

D. Cost Analysis is a statement of the types of expenditures and funding necessary to bring Grantee's indigent defense system into compliance with the approved minimum standards established by the MIDC, including a statement of the funds in excess of the Grantee's local share as defined under the MIDC Act and as outlined in the Compliance Plan.

E. MIDC Act means the Michigan Indigent Defense Commission Act, Public Act 93 of 2013, MCL 780.991 *et seq.*, as amended, enacted for the purpose of creating the Michigan Indigent Defense Commission and creating minimum standards for the local delivery of indigent criminal defense services that meet the constitutional requirements for the effective assistance of counsel.

F. Subgrantee means a governmental agency or other legal entity to which an MIDC subgrant is awarded by the Grantee. Attorneys representing indigent defendants, including both public defenders and attorneys contracted to represent indigent defendants, public defender office employees, judges, magistrates, court personnel, and professional service contract vendors shall not be considered subgrantees.

G. "Substantial Change" to a Compliance Plan is a change to the Plan or Cost Analysis that alters the method of meeting the objectives of the standard(s) in the approved Plan.

1.2 Statement of Work

The Grantee agrees to undertake, perform, and complete the services described in its approved Compliance Plan and in accordance with the MIDC Act, specifically all approved MIDC Standards. The Parties to this Agreement enter into this Agreement to facilitate the process described in the MIDC Act, which controls or supersedes any terms of this Agreement. Consistent with the Act and when applicable, an indigent criminal defense system shall comply with the terms of this Agreement in bringing its system into compliance with the minimum standards established by the MIDC within 180 days after receiving funds from the MIDC. Grantee may exceed 180 days for compliance with a specific item

needed to meet minimum standards as set forth in the Act. Grantee's Compliance Plan, as submitted and approved by the MIDC, addresses the prescribed methods Grantee has chosen to provide indigent criminal defense services pursuant to MCL 780.993(3). Any substantial changes to the work described in the Compliance Plan must be submitted to the MIDC for approval as set forth in this Agreement prior to any changes being implemented. All provisions and requirements of this Agreement shall apply to any agreements the Grantee may enter into in furtherance of its obligations under this Agreement and Grantee shall be responsible for the performance of any Subgrantee work, as defined in subsection 1.1.

1.3 Detailed Budget

A. This Agreement does not commit the State of Michigan (State) or the Department of Licensing and Regulatory Affairs (LARA) to approve requests for additional funds at any time.

B. If applicable, travel expenses will not be reimbursed at rates greater than the State Travel Rates, without the prior written consent of the MIDC.

C. The Grantee agrees that all funds are to be spent as detailed in the Budget, unless a budget adjustment request is approved. See section 1.3(E).

D. Grantee will maintain a restricted fund within their Local Chart of Accounts for the sole purpose of accounting for the expenses and revenue sources for operation of this grant and the local adult indigent defense system.

E. All requests for a budget adjustment or substantial changes to the Grantee's Compliance Plan will be submitted quarterly with the Grantee's quarterly report. MIDC staff shall respond to a request in writing within 30 days of receipt.

1) Budget adjustments less than or equal to 5% of the Budget Category total, including adjustments between Budget Categories, do not require approval by MIDC staff, but must be reported quarterly in the next financial status report.

2) A Budget adjustment involving greater than 5% of the aggregate of all funding within a Budget Category requires prior written approval by MIDC Staff and must be reported to the MIDC as soon after the Grantee is aware of the necessity of the Budget adjustment and reported in the Grantee's quarterly report.

3) Any substantial change to a Compliance Plan requires prior approval by MIDC staff and MIDC Commission.

1.4 Payment Schedule

The maximum amount of grant assistance approved is $3,210,620.55 (Three Million Two Hundred Ten Thousand Six Hundred Twenty and 55/100).

Grantee must report and certify to Grantor by October 31st of each year the balance of any unexpended indigent defense grant funds from the prior fiscal year grant plus any interest earned on the advancement of the state grant funds in the previous fiscal year. Any funds from the previous fiscal year contained in an approved extension of the previous fiscal year's grant for projects that will be completed after September 30, 2023, will be carried over into the current fiscal year and shall not be considered unexpended funds, nor be included in the balance of unexpended funds. The current fiscal year indigent defense grant funds advanced will be reduced by the amount of unexpended funds from the prior fiscal year's grant by reducing the 2nd and 3rd disbursement equally. The maximum amount of grant assistance approved includes the unexpended funds reported from the previous fiscal year.

An initial advance of 25% of the State Grant shall be made to the Grantee upon receipt by the Grantor of a signed Agreement. The Grantor shall make subsequent disbursements of up to 25% of the total state grant amount in accordance with the following schedule:

Initial Advance of 25% of total grant — Within 15 days of receipt of executed agreement

25% disbursement — January 15, 2024

25% disbursement — April 15, 2024

25% disbursement — July 15, 2024 (final payment)

The above schedule of disbursement of funds is contingent upon receipt of quarterly reporting as addressed in this section and section 1.5 of this document. Any disputed matters shall not cause delay in remitting any disbursements or in issuing a grant contract and funds for the next fiscal year. Disputed matters shall be acted on independently from undisputed matters. The financial status report (FSR) report must be submitted on the form provided by the MIDC/LARA and indicate:

Grant funds received to date;

Expenditures for the reporting period by budget category; and;

Cumulative expenditures to date by budget category;

The quarterly FSR must be supported and accompanied by documentation of those grant funded expenditures incurred for the reporting period, including but not limited to:

• The general ledger for the restricted local indigent defense fund, including a detailed expenditure report with all expenditure detail within the budget categories, which must include documentation of payments to contract attorneys either by individual invoice or by report of payments made, by attorney;

• All invoices related to experts and investigators;

• All invoices related to construction; and

• Personnel detail including full-time equivalency of any grant funded positions, including total compensation for that position;

Invoices are to be provided by contract or non-employee Managed Assigned Counsel Administrators and for all contract attorneys providing direct service representation in the manner or rate in which the service is approved in the cost analysis for the indigent defense system, to track time in hourly increments where hourly rates are provided and provide specific details regarding the services performed for the billing period.

Upon request, Grantee shall provide the MIDC with additional documentation/verification of expenditures under the grant within 30 days of the making of the request. PART II — GENERAL PROVISIONS

2.1 Project Changes

Grantee must obtain prior written approval for substantial changes to the compliance plan from Grantor.

2.2 Delegation

Grantee must notify the MIDC at least 90 calendar days before any proposed delegation with reasonable detail about Subgrantee and the nature and scope of the activities delegated. If any obligations under this Grant are delegated, Grantee must: (a) be the sole point of contact regarding all contractual project matters, including payment and charges for all Grant activities; (b) make all payments to the Subgrantee; and (c) incorporate the terms and conditions contained in this Grant in any subgrant with Subgrantee. Grantee remains responsible for the completion of the Grant activities and compliance with the terms of this Grant.

2.3 Program Income

The grant award shall not be increased by the amount of interest earned. Any grant funds attributable to interest and not spent at the end of the grant period shall be returned to the State or included in future grant awards from the MIDC consistent with MCL 780.993(15).

2.4 Share-in-savings

2.6 Accounting

Grantee must establish and maintain a restricted indigent defense fund in its local chart of accounts to record all transactions related to the Grant. The restricted fund will not lapse to the local general fund at the close of Grantee's fiscal year. Grantee shall adhere to the Generally Accepted Accounting Principles and shall maintain records which will allow, at a minimum, for the comparison of actual outlays with budgeted amounts. Grantee's overall financial management system must ensure effective control over and accountability for all indigent defense funds received. Where

the Grantee uses a nonprofit entity to provide indigent defense services as contemplated in its compliance plan and cost analysis, the Grantee shall ensure that the contract or agreement defining the nonprofit entities relationship allows for reasonable access, in its sole discretion, to financial records for monitoring by the Grantee and its representatives. Accounting records must be supported by source documentation of expenditures including, but not limited to, balance sheets, general ledgers, payroll documents, time sheets and invoices. The expenditure of state funds shall be reported by line item and compared to the Budget.

Any remaining balance must be reported by Grantee to Grantor by October 31 of each year as required under the MIDC Act.

This Section applies to Grantee, any parent, affiliate, or subsidiary organization of Grantee, and any subgrantee that performs Grant activities in connection with this Grant.

2.8 Competitive Bidding

Grantee agrees that all procurement transactions involving the use of state funds shall be conducted in a manner that provides maximum open and free competition, consistent with Grantee's purchasing policies. Sole source contracts should be negotiated to the extent that such negotiation is possible. Attorney contracts for representation of indigent or partially indigent defendants, and contracts for managed assigned counsel coordinators, are exempt from a competitive bid process but must meet standard internal procurement policies, as applicable.

3.0 Liability

The State is not liable for any costs incurred by Grantee before the start date or after the end date of this Agreement. Liability of the State is limited to the terms and conditions of this Agreement and the total grant amount.

3.1 Safety

Grantee and all subgrantees are responsible for ensuring that all precautions are exercised at all times for the protection of persons and property. Safety provisions of all Applicable Laws and building and construction codes shall be observed. Grantee and every subgrantee are responsible for compliance with all federal, state, and local laws and regulations in any manner affecting the work or performance of this Agreement and shall at all times carefully observe and comply with all rules, ordinances, and regulations. B. Termination for Convenience

Grantor may immediately terminate this Grant in whole or in part without penalty and for any reason, including but not limited to, appropriation or budget shortfalls. If Grantor terminates this Grant for convenience, Grantor will pay all reasonable costs for approved Grant responsibilities. If the parties cannot agree to the cost to be paid by the Grantor, the parties shall attempt to resolve the dispute by mediation pursuant to MCL 780.995. Grantee's duty to comply with MIDC standards is limited to funding covering the cost of compliance as set forth in the Act.

Breach of this covenant is a material breach of this Grant.

3.6 Unfair Labor Practices

Under MCL 423.324, the State may void any Grant with a grantee or subgrantee who appears on the Unfair Labor Practice register compiled under MCL 423.322.

3.7 Force Majeure

Neither party will be in breach of this Grant because of any failure arising from any disaster or act of God that are beyond its control and without its fault or negligence. Each party will use commercially reasonable efforts to resume performance. Grantee will not be relieved of a breach or delay caused by its subgrantees except where the MIDC determines that an unforeseeable condition prohibits timely compliance pursuant to MCL 780.993, Sec. 13(11) .

4.0 Certification Regarding Debarment

Grantee certifies, by signature to this Agreement, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this Agreement by any federal or state department or agency. C. Grantee shall require that the language of this certification be included in the award documents for all grants or subcontracts and that all subrecipients shall certify and disclose accordingly.

The State has relied upon this certification as a material representation. Submission of this certification is a prerequisite for entering into this Agreement imposed by 31 USC 1352. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

Grantee certifies, to the best of its knowledge and belief that no state funds have been paid nor will be paid, by or on behalf of Grantee, to any person for influencing or attempting to influence an officer or employee of any state agency, a member of the Legislature, or an employee of a member of the Legislature in connection with the awarding of any state contract, the making of any state grant, the making of any state loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any state contract, grant, loan or cooperative agreement.

4.4 Assignment

Grantee may not assign this Grant to any other party without the prior approval of Grantor. Upon notice to Grantee, Grantor, in its sole discretion, may assign in whole or in part, its rights or responsibilities under this Grant to any other party. If Grantor determines that a novation of the Grant to a third party is necessary, Grantee will agree to the novation, provide all necessary documentation and signatures, and continue to perform its obligations under the Grant.

Honorable City Council:

Re: City Council Recess: Wednesday, November 22, 2023 through Monday, January 8, 2024.

Chapter 17, Article V of the 2019 Detroit City Code requires the approval of your Honorable Body for the purchase of goods and services over the value of $25,000.00, all contracts for personal services renewals or extensions of contracts, or the exercise of an option to renew or extend a contract. Chapter 17, Article IV of the 2019 Detroit City Code requires approval of your Honorable Body of an application for a federal, state or grant to be awarded, in whole or in part to fund any City program, service or activity.

Based upon the above scheduled Recess, there will be a delay in obtaining your approval. As a result, we will be unable to meet our obligation to obtain needed goods and services, approve Donations, Grant Applications and accept Grant Awards for the user agencies, and they, in return, will be unable to meet their obligation to supply mandated services to the people of the City of Detroit. Therefore, during the Recess, we request that your Honorable Body approve our purchases of Goods and Services requiring your approval in the manner limited by the attached resolution.

The first list under the Recess procedures will be prepared by the Office of Contracting and Procurement on Wednesday, November 29, 2023.

Department of Public Works

October 16, 2023

Honorable City Council:

Re: Resolutions to Continue the Issuance of Outdoor Dining Permits on a Street, Alley, or Public Easement, until March 31, 2024.

Throughout the progression of the novel corona virus (COVID-19), the outdoor dining program supported businesses by providing additional opportunities to maximize customer capacity while meeting public health guidelines. The program has since become a popular and successful means for the City of Detroit to support local businesses. The Department of Public Works (DPW) now seeks to continue supporting this effort by extending the streamlined process for eating and drinking establishments to obtain permits for outdoor dining spaces on streets, alleys, or public easements, to help ensure that these areas remain active and bustling. Previous resolutions allow for the current streamlined process to continue through November 15th, 2023.

To continue this program, DPW is submitting the attached resolutions, which if approved by City Council shall serve as legislative authorization to extend the expedited issuance of outdoor dining café permits and for the temporary closures of a street, alley, or public place by DPW during the 2024 winter period until March 31st, 2024.

During the seasonal extension through November 15th, a working group was convened in partnership with City Council, to determine the feasibility of a permanent program and develop any procedures and legislation necessary to implement a permanent program beyond the extension period. DPW is currently working with the Law Department and Council Member Santiago-Romero's office to draft an ordinance that will establish that objective. The requested extension will provide additional time to develop the ordinance, prior to the 2024 Outdoor Dining season that is scheduled to begin on April 1st, 2024.

These resolutions acknowledge that businesses will still be required to request permits for individual outdoor cafés, and that these requests will still be subject to approvals by all applicable city agencies, including DPW, DPD, BSEED, Health, Housing and Revitalization, as well as the Michigan Liquor Commission, if alcohol is to be consumed in the seating area, and Health's Food & Safety Division, if outdoor grilling of food is desired. These resolutions, if approved by City Council, will eliminate steps that will have to be repeated for multiple businesses, helping to ensure that all businesses that desire to have outdoor cafés have approved permits in place in time for the upcoming season.

Respectfully submitted,
RON BRUNDIDGE
Director
Department of Public Works

By Council Member Santiago-Romero:

Whereas, Outdoor dining cafés are designated areas on a street, alley, or public easement where customers may retrieve and/or consume food and/or beverages provided by an abutting food service establishment. Such establishments may provide either table service in the outdoor dining area or sell take-out items to be consumed in that area; and

Whereas, Winter outdoor dining cafés generally operate during the months of November to April; and

Whereas, Pursuant to Chapter 43, *Streets, Sidewalks, and Other Public Places,* Article 8, *Encroachments and Obstructions,* Section 43-8-23, *Temporary Encroachments,* of the 2019 Detroit City Code, states that "the City Council shall only approve an encroachment after receiving a report from the Department of Public Works and the Planning and Development Department"; and

Whereas, The 2019 Detroit City Code indicates that the permit application must also be reviewed by various City departments, including the Department of Public Works, Police, Health, Buildings, Safety, Engineering, and Environmental, as well as the Historic District Commission and Michigan Liquor Commission; and

Whereas, The food service establishments in the City of Detroit operate on increasingly thin margins as the local, state, and national economies continue to rebound in the wake of the COVID-19 crisis; and

Whereas, The City established an expedited permit process for the issuance of outdoor café permits as a response to

the COVID-19 crisis, and has continued such program which allows for additional space for businesses to maximize customer capacity; and

Whereas, The City of Detroit is in the process of developing a more permanent and streamlined process for the evaluation and approval of temporary encroachments; and

Whereas, The coordination of overlapping local, county, and state jurisdictions necessitates additional time and consideration in the development process; and

Whereas, The City of Detroit is eager to continue supporting the active operation of businesses in a safe manner that protects the patrons and employees of the restaurant industry by continuing the expedited permitting process; and

Whereas, The Department of Public Works and the Planning and Development Department have created a report, attached to this resolution, identifying the criteria that must be met in order for an outdoor café permit to be approved; and

Whereas, The Department of Public Works shall regularly inspect businesses operating under an Outdoor Café Permit to determine compliance with the permit requirements to enable their continued operation; and

Whereas, This Honorable Body acknowledges the City's objective to support local businesses and allow for such businesses to maximize their use of available outdoor space; and Now Therefore Be It Further

Resolved, That the Detroit City Council approves an expedited permit for this streamlined process and grants approval of all outdoor café permits submitted for outdoor dining café seating areas for all licensed food service establishments for the 2024 winter season that meet the criteria in the attached report; and Now Therefore Be It Further

Resolved, That upon fulfillment of the criteria to operate an outdoor dining café in a street, alley, or public easement, and the accurate completion and submission of the application for an outdoor café permit, the food service establishment shall receive a permit from the Department of Public Works to operate within the street, alley, or public easement so identified; and Now Therefore Be It Further

Resolved, That the Department of Public Works shall provide a report to the Detroit City Council commencing thirty (30) days from the adoption of this resolution, and every thirty (30) days thereafter, identifying any outdoor café permit issued for the preceding thirty (30) days; and Now Therefore Be It Finally

Resolved, That the expedited process authorized by this resolution, and the grant of approval by this Honorable Body, shall only apply to licensed food service establishments and shall expire on March 31, 2024.

Economic Development Corporation

October 26, 2023

Honorable City Council:

Re: Music Hall Expansion Project — Request for Approval of Project Area and Project District Area (through Planning and Economic Development Standing Committee).

The Economic Development Corporation of the City of Detroit (the "EDC") was established by the Detroit City Council in 1976 pursuant to the Economic Development Corporations Act of 1974, Act 338, Public Acts of Michigan, 1974, as amended (hereinafter called the "Act 338"). Under Act 338, the EDC has the authority to undertake certain of its statutory powers, including but not limited to the issuance of revenue bonds, only when a duly adopted project plan is in place.

The Music Hall Center for the Performing Arts ("Music Hall"), a Michigan 501(c)(3) non-profit DC issue revenue bonds in an estimated amount of $80.0 million on its behalf for certain renovations of its existing building and the construction of a new 108,000 square foot building on an adjacent vacant parcel currently used by the Music Hall for outdoor events and programming (the "Project"). Through the Project, which will include a rooftop special events venue, state of the art concert venue, revolving music exhibition space, conference space, music academy, recording studio and several restaurants, Music Hall expects to increase its cultural and community programming in its Jazz Café, 3Fifty Terrace and Main Hall as well from approximately 300 annual events (250,000 attendees) to 650 events (600,000 annual attendees). Further, in addition to its current 278 employees, it expects to add 446 new jobs following the completion of the Project.

On September 26, 2023, the EDC Board of Directors adopted a resolution (Attachment 1) approving the preliminary steps in the process of establishing a project plan for the Project in accordance with Act 338. More specifically, the EDC Board approved the designation of a Project Area and Project District Area and authorized staff to request that the Mayor appoint two Special Directors to the EDC Board with respect to the Project and that City Council approve the designated Project Area and Project District Area and confirm the Mayor's appointments.

Housing and Revitalization Department

October 30, 2023

Honorable City Council:

Re: Third Amended and Restated Memorandum of Understanding City of Detroit and Detroit Land Bank Authority.

The City of Detroit ("City") has engaged the Detroit Land Bank Authority ("DLBA") to perform certain services for the City, which the DLBA is well suited to address by its structure and powers granted under Public Act 258 of 2003, to meet the evolving needs of the City and its residents in stabilizing Detroit neighborhoods, addressing challenging market failures, fighting blight and promoting economic growth. To define the scope and manner of the services, the City and DLBA entered into that certain Memorandum of Understanding dated March 14, 2014, that was amended and restated by a First Amended and Restated Memorandum of Understanding approved by Detroit City Council on May 5, 2015, and was further amended and restated by a Second Amended and Restated Memorandum of Understanding approved by the Detroit City Council on May 19, 2020.

The City and DLBA now wish to further amend the MOU with a Third Amended and Restated Memorandum of Understanding to extend the term of the MOU and recognize certain updated DLBA programs and policies that will assist the City in managing surplus residential real estate. Among the updated programs and policies are: (1) working with the City's Housing and Revitalization Department to expand outreach and relocation efforts for people occupying DLBA-owned houses, (2) acknowledging that the DLBA-operated demolition program is concluded, and (3) conducting City-wide blight surveys. The extension of the term shall be to December 31, 2026, and as the end of that term approaches, the City will work with the DLBA to reevaluate its services to the City and define its future role.

For the reasons stated above, we hereby request that your Honorable Body adopt the attached resolution that approves the Third Amended and Restated Memorandum of Understanding.

Respectfully submitted,

STANDING COMMITTEE REPORTS

BUDGET, FINANCE, AND AUDIT STANDING COMMITTEE

Office of the City Clerk

October 20, 2023

Honorable City Council:

Re: Application for Neighborhood Enterprise Zone Certificate for Corktown.

On October 21, 1992, your Honorable Body established Neighborhood Enterprise Zones. I am in receipt of one (1) application for a Neighborhood Enterprise Zone Certificate. This application has been reviewed and recommended for approval by the City Planning Commission, a copy of which is attached. Therefore, the attached resolution, if adopted by your Honorable Body, will approve this application.

Respectfully submitted,
ANDRE P. GILBERT, II
Deputy City Clerk

City Planning Commission

October 19, 2023

Honorable City Council:

Re: Neighborhood Enterprise Zone Certificate Application for the rehabilitation of a single-family house at 1615 Church in the Corktown Neighborhood Enterprise Zone area. **(RECOMMEND APPROVAL)**

The office of the City Planning Commission (CPC) has received an application requesting a Neighborhood Enterprise Zone (NEZ) certificate for the rehabilitation of a house at 1615 Church.

1615 Church is located on the south side of the street just west of 10th Street in the Corktown neighborhood. Below is a map of the location and an image of the house. The subject request is for a 15-year abatement.

The petitioner for the certificate is from Cassandra Lee-Casner, a consultant, on behalf of current resident David Ryan Garret. The estimated project cost is $46,950.

It appears the NEZ certificate application has been submitted prior to the issuance of applicable building permit — the NEZ Act (Act 147 of 1992) states the applications must be filed before a build-

ing permit is issued. The petitioner submitted NEZ certificate application dated October 3, 2023 to the City Clerk's office.

The subject property has been confirmed as being within the boundaries of the Corktown NEZ which was established by a vote of City Council in October 1994. CPC staff has reviewed the application and recommends approval. Attached is a resolution for your consideration. Please contact our office should you have any questions.

Respectfully submitted,
MARCELL R. TODD, JR.
Director
City Planning Commission
CHRISTOPHER J. GULOCK, AICP
City Planner

By Council Member Durhal, III:

Whereas, Michigan Public Act 147 of 1992 allows the local legislative body to establish Neighborhood Enterprise Zones for the purpose of providing exemption from *ad valorem* property taxes, and the imposition of specific tax in lieu of *ad valorem* taxes; and

Whereas, The Detroit City Council has established a Neighborhood Enterprise Zone for the following area, in the manner required by and pursuant to Public Act 147 of 1992.

Now, Therefore, Be It Resolved, That the Detroit City Council approves the submission of the application to the State Tax Commission, and, if applicable, the City Council concurs with the issuance of the certificates if the application was filed not more than 6 months after the date of the issuance of a building permit for the facility.

Be It Finally Resolved, That the Detroit City Council approve the following for receipt of a Neighborhood Enterprise Zone Certificate for a fifteen-year period:

Honorable City Council:

Re: Horizon Case Management (Robin Gardner) vs. City of Detroit Dept. of Transportation. Case No.: 23-144905-GC. File No.: L23-00166 (PP).

We have reviewed the above-captioned lawsuit, the facts, and particulars of which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body. From this review, it is our considered opinion that a settlement in the amount of Three Thousand Five Hundred Dollars and No/Cents ($3,500.00) is in the best interest of the City of Detroit.

We, therefore, request authorization to settle this matter in the amount of Three Thousand Five Hundred Dollars and No/Cents ($3,500.00) and that your Honorable Body direct the Finance Director to issue a draft in that amount payable to Horizon Case Management Corp. and their attorney, Varnum LLP, to be delivered upon receipt of properly executed Releases and Stipulation and Order of Dismissal entered in Lawsuit No. 23-144905-GC, approved by the Law Department.

Respectfully submitted,
PATRICIA PORTER
Attorney
