

### EDITOR'S NOTE

Ordinance 171-D, commonly called the ZONING ORDINANCE, became effective December 25, 1940. The text of this Ordinance and especially the district maps are subject to occasional change by amendment.

This publication includes all amendments to the Ordinance which are effective as of April 1, 1953 and each amendment has been inserted in its proper place.

Information concerning district classifications or regulations pertaining to any specific property can be obtained from the Department of Building and Safety Engineering or the City Plan Commission.

The text and maps of this compilation have been read and checked, and attested to as being a true copy by Charles C. Ludy, Administrative Assistant, Department of Buildings and Safety Engineering, and William H. Floody, Associate Civil Engineer, City Plan Commission.
