Dear Craig:

This is to certify that 1650-WHITE Concrete Curing Compound is formulated and manufactured by W. R. MEADOWS, INC., Hampshire, Illinois to meet and exceed the State of Michigan, Standard Specification, Section 903.06.A for White Membrane Curing Compounds. 1650-WHITE for Michigan has the following data for certification:

| PROPERTY                                  | BATCH NUMBERS |            |          | REQUIREMENTS |
|-------------------------------------------|---------------|------------|----------|--------------|
|                                           | M9HD206       | M9HD260    | M9HE073  |              |
| Number of 275 Gal. Totes:                 | --            | 5          | --       |              |
| Number of 55 Gal. Drums:                  | 4             | --         | 20       |              |
| Number of 5 Gal. Pails:                   | 72            | 36         | --       |              |
| Moisture Loss, Kg/m <sup>2</sup> @ 72hrs: | .36           | .36        | .37      | 0.55 maximum |
| Reflectance, %:                           | 66.8          | 66.8       | 66.7     | 60% minimum  |
| Drying Time, Hours:                       | 2.5           | 2.5        | 2.5      | 4 maximum    |
| Date of Manufacture                       | April 2019    | April 2019 | May 2019 | --           |

As indicated by the foregoing test results 1650-WHITE Concrete Curing Compound complies with the test requirements of ASTM C309, Type 2, Class A and AASHTO M 148, Type 2, Class A Pigment Concrete Curing Compounds.

Should field sampling and/or field or laboratory work be required, W. R. MEADOWS, INC. cannot be held responsible for any cost incurred if this product is used prior to receipt of that approval.
