Comments

National Industries began at 8:30 am cleaning structures on John C. Lodge Service Drive between Puritan and Wyoming. Contractor used two trucks with arrows and construction signs to close off exit ramp at Wyoming in order clean drainage structures in ramp right-a-way. All basins were cleaned with a vac truck equipped with high velocity hydro pressure for jetting sewer lines. Each basin was restored to at least 90% of the pipe's carrying capacity as specified in the specifications. Sewer lines when needed were jetted. All debris from All debris from basins were removed from site and deposited of at an approved location. All basins were re-bolted down upon completion. Truck with arrow board and construction work sign was used for traffic control. Site clean and safe at the end of the day.
