FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—There is now before the Committee on Streets, referred by your honorable body, a contract with Arthur C. Lloyd for the repaving of Warren avenue, Woodward to Hastings, with cedar block on concrete foundation. At the last meeting of your honorable body, a petition was presented by Ald. Beamer for the widening of Warren avenue, 18 inches on each side, from Woodward avenue to Beaubien street. In making up the estimates for this widening, the City Engineer finds that the estimates of the Lloyd contract for repaving will be materially changed, on account of circles and intersections, etc., if the street is widened. The only solution of the matter now is to abandon the Lloyd contract and instruct this Board to advertise for the repaving and widening in one advertisement. The Board therefore asks that the resolution attached to this communication be adopted in order that the work may be pushed along.

Respectfully submitted,

J. W. MILLEN,

President.

Accepted and leave being granted, the following resolution was offered:

By Ald. Moeller:

Resolved, That the Board of Public Works be, and is hereby requested, to readvertise for proposals for the repaving of Warren avenue, Woodward to Hastings, as well as for the widening of the street 18 inches on each side, from Woodward to Beaubien.

Referred to the Committee on Streets.
