

ect is hereby given to you. \*

Mr. Miller firmly believes in all sincerity that the widening of West Grand River avenue as at present intended will prove a boon to all the business interests in the immediate vicinity and of lasting benefit to the City of Detroit from the practical advantages that can not help but accrue therefrom.

I submit to your august and learned body the consideration which is due Mr. Miller's expression principally from the fact that here is a man whose record proves beyond a doubt was one of, if not the very first to foresee the future growth of West Grand River avenue.

Very Respectfully,

J. W. KANE.

For Square Deal Miller.
