General order for Friday.

From the Civil Service Commission.

To the Honorable the Common Council: Gentlemen: In the printing of the Classification it was estimated at the time the bids were submitted that the same could be done for approximately \$789. This was based on the estimate of a given number of pages. There proved to be considerable more pages of matter to be printed, and the bill rendered amounted to \$1,189. After considering the matter carefully in conference with the Purchasing Department and Controller's office, it appeared that the price asked for the work done is reasonable, and the proper action seemed to be to petition your Honorable Body to appropriate to the credit of this fund \$400, being the difference between total amount charged, and the \$789 on hand in this particular account, if this transfer may be made. The work already having been done, this transaction will be closed.

Respectfully submitted,
FRED W. SMITH,
 Secretary.
