From the Public Lighting Commission.

To the Honorable the Common Council: Gentlemen—Whereas a contract with the Ontario Hydro-Electric Commission, for furnishing electrical power to the City of Detroit, is under consideration, and the proposed term of such contract is for a period of ten years, it is respectfully recommended that your Honorable Body propose an amendment to Chapter XI, Section 7, Paragraph L, of the City Charter, to be submitted to the electors of the City of Detroit, which will permit the Public Lighting Commission to make a contract for a period of not to exceed ten years, if this shall be found desirable.

The amended paragraph would then read as follows:

Chapter XI, Section 7.

"L" May make, with the approval of the Common Council, a contract for the lighting of public buildings, streets, avenues, parks, public grounds and places for any period not exceeding ten (10) years, and all contracts to carry out the objects and purposes of the commission as herein provided;

The only change, from the original, would be to change the term for which a contract may be made from three to ten years.

From the Fire Department Pension Committee.

To the Honorable the Common Council. Gentlemen—At a meeting of the Fire Department Pension Committee this morning, the following pensions for dependents of deceased firemen were approved:

Mrs. Catherine Thornton, Ispeming, Mich., dependent mother of former Ladderman James S. Thornton, who died of injuries received in the performance of duty, death occurring March 5, 1921. Salary paid to March 31st. Pension to date from April 1, 1921.

Mrs. Theresa F. Doemer and Anthony Doemer, Jr., 5-months-old son—widow and child of former Ladderman Anthony J. Doemer, who died as the re-

sult of injuries received in the performance of duty. Pension to date from August 1st, 1921.

The recent deaths of two fire department pensioners leaves sufficient funds to cover payment of the pensions cited above, so it will not be necessary to appropriate additional money for this purpose.

Yeas—Councilmen Bradley, Castator, Kronk, Littlefield, Nagel, Simons, Vernor, Watson and the President—9.

From the City Plan Commission.

To the Honorable the Common Council: Gentlemen—This Commission has considered the matter of the openings

of Cranshaw and Burlington avenues, which were ordered by your Honorable Body, May 20, 1919. At that time, we recommended the opening of Burlingame, and the above mentioned streets, from their existing termini, to Belletere avenue.

Burlingame, the most important of these streets, has been opened, thus providing an outlet for the residents in that locality.

We find that the present cost of opening Cranshaw and Burlington avenues would be far greater than the estimated cost when our recommendation was made and we are informed that due to the close proximity of the three streets mentioned above, considerable difficulty would be encountered in the making of fair assessment districts to pay for the cost of these improvements. We would further advise that no petition signed by the residents in the vicinity of these streets, asking for the recommended openings, was ever submitted to our Commission or to your Honorable Body.

In view of the above stated facts, we would recommend that your Honorable Body rescind your previous action (May 20, 1919), directing the Corporation Counsel to prepare the necessary resolutions for the opening of Cranshaw and Burlington avenues; and that a hearing be held at which the interested property owners may express their views on the matter, before further action is taken.

Respectfully submitted,
T. GLENN PHILLIPS,
Consultant-Secretary.
