General order for Monday.

From City Plan Commission.

To the Honorable the Common Council: Gentlemen—Acting upon the petition from the Michigan Investment Company (7730) referred to this Commission by your Honorable Body, asking that Minnesota, Madeira and Stender avenues be opened from Orleans street to the alley east of Orleans, this matter was thoroughly considered by this Commission, and it is apparent that such openings are necessary in order that these streets may be continuous as far east as Dequindre street, (Minnesota will then be continuous as far east as Ryan road and Stender will be continuous to McDougall). Such openings will not only provide for better fire and police protection, but will also aid other public utilities.

These improvements can be accomplished by taking only three lots, that is one lot for each opening, and we are informed by the Michigan Investment Company, who are the owners of the lots in question that they are willing to dispose of said lots at the selling price they are now asking for adjoining lots.

We would therefore recommend that Minnesota, Madeira and Stender avenues be opened to a width of fifty feet (50 feet) from Orleans street to the alley east of Orleans.

All of the above is outlined in yellow on attached blue-print, Plan No. 199-1.

Respectfully submitted,

T. GLENN PHILLIPS,
Consultant-Secretary.
