

August 1.

sum of one thousand nine hundred seventy-seven (\$1,977.00) dollars.
Respectfully yours,
CLYDE H. BURROUGHS,
Secretary.

By Councilman Ewald:
Resolved, That the Arts Commission be and it is hereby authorized and directed to enter into contract with Conrad Keller & Co., for building fence around new site of Detroit Institute of Arts, for the sum of \$1,977.00.

Adopted as follows:
Yeas—Councilmen, Bradley, Castator, Ewald, Kronk, Littlefield, Nagel, Vernor, Watson, and the President—9.
Nays—None.

From the Detroit Institute of Arts.
To the Honorable the Common Council:

Gentlemen—In accordance with your request I am submitting to you herewith the design and inscription of a bronze tablet to be placed on the house occupied by General Grant, together with the estimate of Anthony Di Lorenzo, sculptor, for making the model of the tablet, and bids of Gorham Manufacturing Co., John Polachek Bronze & Iron Co., and the Renaissance Bronze & Iron Works for casting of the tablet.

If this inscription and design meets with your approval, we recommend that Mr. Anthony Di Lorenzo be awarded the contract for modeling the tablet for the sum of one hundred sixty (\$160.00) dollars, and the Renaissance Bronze & Iron Works be awarded the contract for the casting of the tablet for the sum of one hundred forty (\$140.00) dollars.

Very truly yours,
CLYDE H. BURROUGHS,
Secretary.

By Councilman Ewald:

Resolved, That the Arts Commission be and is hereby authorized and directed to enter into contract with Mr. Anthony Di Lorenzo for modeling tablet to be placed on house formerly occupied by General Grant, and with Renaissance Bronze & Iron Works for casting tablet, in the sums of \$160.00 and \$140.00, respectively.

Adopted as follows:
Yeas—Councilmen Bradley, Castator, Ewald, Kronk, Littlefield, Nagel, Vernor, Watson, and the President—9.
Nays—None.

From the Department of Recreation.
To the Honorable the Common Council:

Gentlemen—In compliance with your request relative to the amount of money which will be necessary to add to the Department of Recreation Budget for the fiscal year of 1922 and 1923, please be advised

that if two engineers are to be used, both at Clara Bath House and at Elmwood Center, it will be necessary to add to:

Account 2B	\$2,928
Account 3B	730

Total

.....	\$3,658
If one engineer and one boiler room fireman are to be used at each place, it will be necessary to add to:	
Account 2B	\$2,563
Account 3B	400

Total

.....\$2,963
The most economical, without loss of efficient service, would be the latter proposition.

As the amount in our budget for labor, (2B Account), was cut 15 per cent, it was necessary to reduce wages 15 per cent. The school engineers feel that this is an injustice to them and, I understand, have petitioned your Honorable Body to establish the old rates. To do this, it would cost approximately \$2,350 additional.

If the wages of the engineers and school people are to be raised, the wages of the carpenters, laborers and other people in the Department which were cut 15 per cent, should also be restored. This will cost approximately \$3,000.

We did not ask for one cent more than we needed in our Budget and the best way around the difficulty would be the restoration of these items mentioned above.

Trusting that your Honorable Body will authorize the City Controller to transfer the amounts of \$2,963 for engineer and boiler room fireman, \$2,350 for school engineers, and \$3,000 for laborers, to the Department of Recreation Fund. Account 2-B, I am

Yours very truly,
C. E. BREWER,

Commission of Recreation.
By Councilman Littlefield:

Resolved, That the City Controller be and he is hereby authorized and directed to transfer from Available Funds the sum of \$8,313.00 to be placed to the credit of accounts enumerated in the above letter from the Commission of Recreation.
