General order for Tuesday, February 5.

From the City Plan Commission.

To the Honorable, the Common Council:

Gentlemen: We are in receipt of a communication from the Department of House Numbering suggesting that Philip Avenue between Frankfort and Harper Avenues be changed to Manistique Avenue, and that Marlborough Avenue between Frankfort and Harper Avenues be changed to Philip Avenue.

Upon investigating the matter we learned that these streets were given incorrect names when the property was platted, and do not conform with the street names to the south. Although the streets have been correctly named on certain city maps, we believe it advisable to have the official records clear, and therefore recommend that the street names be changed as listed above.

Respectfully submitted,

T. GLENN PHILLIPS,
Consultant-Secretary.

General order for Thursday, January 31.

From the City Plan Commission.

To the Honorable the Common Council:

Gentlemen—Acting upon the petition of A. Kosakowski et al (6306), and the petition of Nicholas Forys (10023) requesting that Bryden avenue be opened from Warren to Tireman avenues, which petitions were referred to this Commission by your Honorable Body, the matter was considered by the City Plan Commission, and the following is offered for your approval.

The greater portion of Bryden avenue is now open having been dedicated when certain lots in Fox & Quinn's Subdivision were re-subdivided. Four vacant lots would be affected by the opening, as requested, which opening will give residents on this street a direct outlet into Warren avenue.

The petitions have been signed by a number of residents, and property owners in the vicinity. We recommend that said petitions be granted.

All of the above is outlined in yellow on attached blueprint, Plan No. 132-4.

Respectfully submitted,

T. GLENN PHILLIPS,
Consultant-Secretary.

Accepted and placed on file.

From the Recorder's Court.

To the Honorable the Common Council:

Gentlemen—Owing to the great increase in the volume of work of the Recorder's Court since its re-organization, the Journal and Calendar of the Court have fallen behind because the two clerks now employed to keep these records are not able to keep up with the work of the Judges of the Court. It is of great importance that these records be kept up to date. On carefully considering the matter
