Widening Holden Ave.

To the Honorable the Common Council:

Gentlemen—To your Committee of the Whole was referred the communication from the City Plan Commission of August 5, 1924, recommending that Holden ave. be widened to a width of 106 feet between Third and Fourth avenues. Your committee believes that the widening of this portion of Holden ave. would materially aid in the handling of traffic from Second Blvd. to Twelfth st. and would help to eliminate the bad jog at Third and Antoinette. After further consultation with the City Plan Commission, your committee concurs in the recommendation, and recommends that the Corporation Counsel be instructed to prepare the proper resolution to widen Holden Ave. from Third to Fourth to a width of 106 ft. by taking 40 ft. on the south side of the street in accordance with City Plan Commission blueprint No. 479-1, and submit same to this body for approval.

Respectfully submitted,
J. J. MURPHY,
Chairman.
