From the City Plan Commission

April 12, 1927.

To the Honorable, the Common Council:

Gentlemen—We are returning, herewith, the petition of Joseph F. Schulte (9556) asking that Glenfield Avenue be opened where not already opened between Connors Avenue and Gratiot Avenue.

On October 7, 1925, (J. C. C. 2791) a communication was submitted to your Honorable Body by this Department recommending that Glenfield and Flanders Avenues be widened, and that an outlet be provided for Wilfred Avenue between Glenfield and Flanders Avenues. We were directed to get in touch with one of the property owners on Glenfield Avenue to see if we could get a dedication of land. We have communicated with that property owner, and although an estimate has been promised this Commission for some time, it has never been received. We are of the opinion that the street can be widened through condemnation at less cost than through negotiation with the owner of the land affected.

In view of the above, the City Plan Commission re-affirms its previous recommendation, and recommends

that the petition of Joseph F. Schulte be granted.

Respectfully submitted,  
WALTER H. BLUCHER,  
Secretary.

By Councilman Bradley:

Resolved, That the Corporation Counsel be and he is hereby directed to prepare the proper resolutions for the widening of Glenfield and Flanders Avenues between Connors and Gratiot Avenues, where not already widened, and for the opening of Wilfred Avenue between Glenfield and Flanders Avenues, in accordance with City Plan Commission Plan No. 516-1, and submit same to this Body for approval.

From the City Plan Commission

May 2, 1927.

To the Honorable, the Common Council:

Gentlemen—The City Plan Commission has considered the petition of Archie Bateman (8645), referred to us by your Honorable Body asking that the alley be widened in the block south of the Six Mile Road and east of Helen Avenue. Said petition has been signed by the majority of the property owners in the block. A study shows that this alley widening can be accomplished through the acquisition of vacant property.

It is the opinion of the City Plan Commission that this is a necessary improvement, and we therefore recommend that the petition be granted.

All of the above is shown in yellow on the attached blueprint, Plan No. 310-124.

Respectfully submitted,  
WALTER H. BLUCHER,  
Secretary.
