To the Honorable, the Common Council:

Gentlemen—The Board of Education has had under consideration for some time assignments of graduates of the Detroit College of Medicine & Surgery as internes in the different hospitals in the City of Detroit.

A careful investigation made reveals the following facts:

That while the standing of the students in the Detroit College of Medicine & Surgery compares favorably with the standing of other medical schools only a small percentage of the graduates are placed in the Detroit hospitals.

That although the City of Detroit appropriates a large sum of money each year for the purchase of clinical supplies for hospital internes, comparatively few students from the College of Medicine & Surgery are assigned to either the Receiving or the Herman Kiefer hospitals, which hospitals are maintained by the City.

That the Board of Education maintains a teaching staff at the Herman Kiefer Hospital and appropriates funds each year for a laboratory course at the Cass Technical High School for pupil nurses from the different hospital training schools in the City.

That the Board also pays clinical teachers at the Herman Kiefer Hospital and the Children's Hospital. That the different hospitals have the selection of medical internes for the Herman Kiefer Hospital which is maintained by the City and the Welfare Commission distributes city patients among the different hospitals except the Herman Kiefer and Receiving Hospitals.

In view of these findings the Board of Education feels that the graduates from the Detroit College of Medicine & Surgery are not receiving fair consideration. The Board also believes that the graduates from the Detroit

College of Medicine & Surgery and the University of Michigan should be given preference in the selection of internes in the hospitals of Detroit, and therefore authorized at the meeting of October 13, 1927 that the matter be referred to the Mayor of the City of Detroit, to the Common Council, to the Board of Health and to the Welfare Commission with the recommendation that some ruling be formulated whereby the students from the Detroit College of Medicine & Surgery will be given a more even distribution in the hospitals of the City.

On behalf of the Board of Education I am presenting this matter to your Honorable Body for early consideration and action.

Yours Respectfully,
CHAS. A. GADD,
Business Manager.

From the Department of Water Supply

September 29, 1927

To the Honorable, the Common Council:

Gentlemen—At the regular meeting of the Board of Water Commissioners, held July 5, 1927, certain pipe lines were ordered laid within the old limits of the Village of Redford. The resolution was known as Job B-3977.

Since the adoption of the resolution of necessity, an opinion of the Corporation Counsel discloses that

where larger mains are laid within the old village limits of Redford to take the place of smaller mains existing and not in conformity with the resolution and specifications of the Board of Water Commissioners, the property owners abutting on these larger mains are exempt from paying the so-called iron pipe assessment.

The Job known as B-3977 was assessed under a resolution of similar number and it was discovered that part of these lots, namely, lots 238-258, inclusive, and lots 301-306 inclusive, on Beaverland Avenue, between Six Mile Road and Verne Avenue, were within the former village limits of Redford.

Upon securing this information the Board, at its last meeting, held Wednesday, September 28th, passed the following resolution:

"Whereas, Assessment Roll Number 3977 was not made up in accordance with the Corporation Counsel's opinion, recorded in the Board Minutes of October 20, 1926, which exempted the property in the old village of Redford from assessment when larger mains are laid, and

Whereas, a portion of this roll has been assessed, namely, lots Number 238 to 258, inclusive, and Number 301 to 306, inclusive, on Beaverland between Six Mile Road and Verne Avenue, which are to be removed,

Therefore, be it resolved, that the Honorable, The Common Council, of the City of Detroit, be requested to cancel Assessment Roll Number 3977, and approve the revised Roll, which will be known as Roll Number 3977-A."

Respectfully submitted,

D. C. GROBBEL,
Acting Secy.

By Councilman Littlefield:

Resolved, That iron pipe assessment roll No. 3977 of the Board of Water Commissioners be and the same is hereby cancelled, and revised assessment roll No. 3977-A, be and the same is hereby approved and confirmed.
