Warren Avenue Widening

To the Honorable, the Common Council:

Gentlemen—To your Committee of the Whole was referred the petition of the East Warren Improvement Association (11677), protesting the widening and opening of East Warren avenue to a width of 120 feet between St. Jean and Mack avenues. Your committee begs to report that several hearings have been held with the City Plan Commission, Rapid Transit Commission and various interested property owners and organizations. Your committee is advised that the property owners are at the present time completing their payments for the widening of this street to 105 feet, and that any assessment for the further widening of the street would be an undue burden. After very careful consideration of the proposed widening, and a thorough investigation of all of the circumstances, your committee believes that the present width of East Warren avenue of 105 feet is sufficient to handle traffic for some time to come. In view of the foregoing, your committee recommends that previous action ordering the widening of this street to 120 feet be rescinded.

Respectfully submitted,

SHERMAN LITTLEFIELD,
Chairman.

By Councilman Littlefield:

Resolved, That resolution adopted August 24, 1926 (J. C. C., p. 2555),
