From the Board of Fire Commissioners

January 8, 1929.

To the Honorable, the Common Council:

Gentlemen—In the matter of installation of elevators for the new Fire Headquarters Building, a committee of three, consisting of Mr. L. L. Smith, of the firm of Smith, Hinchman & Grylls, together with Architect Gehrke and Superintendent Burgess of the Department Building Bureau, recently visited the plant of the Shepard Elevator Company at Cincinnati.

The four points in which the proposal of the Shepard Company does not agree with the specifications were discussed at length.

From the report submitted by the committee, it appears that the Shepard Company has agreed to make all changes necessary to provide a satisfactory installation, although the one agreed to be furnished does not correspond with the specifications upon which the bids were taken. Should there be objection on the part of those whose bids were rejected, the matter will necessarily be

referred again to your Honorable Body.

Respectfully,

HARRY BRABYN,
Secretary.

Accepted and placed on file.
