City Plan Commission

August 21, 1947.

To the Honorable, the Common Council:

Gentlemen — There is returned herewith the petition of Richman-Ringler Building Company (4654), requesting the widening of Strathmoor Avenue between Pembroke and Chippewa Avenues in order that this section of the street may be improved, thereby permitting the utilization of the lots on the west side of the street owned by petitioner for residential building purposes.

An investigation disclosed that the land necessary to effect the widening as requested involved two parcels, one of which was owned by the McQuade Realty Company and the other by the Board of Education of the City of Detroit. The McQuade Realty

parcel extends from the center line of Pembroke Avenue to the alley northerly of Pembroke Avenue between Strathmoor and Mark Twain Avenues. The Board of Education property extends from the alley north of Pembroke Avenue to the center line of Chippewa Avenue extended, between Strathmoor and Mark Twain Avenues. It was further determined that the Board of Education was negotiating for the sale of their entire parcel which was originally acquired as a school site, but which due to changes in plan and requirements was no longer deemed necessary for that purpose.

Communications were addressed to owners of property involved requesting that the land necessary to widen Strathmoor Avenue between Pembroke and Chippewa Avenues be dedicated to the City of Detroit, with a further request to the Board of Education that the southerly one-half of Chippewa Avenue between Strathmoor and Mark Twain Avenues and also the land necessary to widen Mark Twain Avenue between Chippewa Avenue and the alley north of Pembroke Avenue to a width of 60 feet be also conveyed for street purposes prior to the consummation of a sale of the property to a private party. Both of the parties involved were agreeable to making such dedications and have tendered deeds covering same which are attached hereto.

The City Plan Commission, therefore, recommend that same be accepted, all of the above being shown on attached plan No. 850-1.

Respectfully submitted,

GEO. F. EMERY,
Planning Director-Secy.

City Plan Commission

July 31, 1947.

To the Honorable, the Common Council:

Gentlemen—Transmitted herewith is the petition of Marion A. MacDonald (6261), requesting the rezoning of property on the north side of West Chicago Avenue between Coyle and Terry Avenues from an R1 to a B2 classification.

Investigation of the matter revealed that the property in question is presently vacant. The property across the street is zoned in an R1 classification and is presently developed with a single-family dwelling and a church under construction. Further study of the matter revealed that the property between Lauder and Prest Avenues, a matter of six blocks, is presently zoned in an R1 classification and is entirely vacant with the exception of the aforementioned dwelling and church, and that there was considerable vacant business property on West Chicago Avenue easterly of Lauder Avenue. A hearing was held relative to this

matter which was attended by the petitioner and a number of owners of property in the immediate vicinity thereof. Petitioner stated she was contemplating selling her property for business purposes. The owners of property in the immediate vicinity protested the change of zoning from one-family to business. However, they voiced no objection to a change of zoning from an R1 to an R2 classification. A number of owners of property on West Chicago Avenue voiced approval to a change of zoning from one-family to two-family within the six block area.

It is the opinion of the City Plan Commission that the property on both sides of West Chicago Avenue between Lauder and Prest Avenues would be well suited for low density multiple dwellings as permitted under Section 6.1, Paragraph 2a of the Zoning Ordinance.

In view of the above circumstances, it is the recommendation of the City Plan Commission that the petitioner's request be denied. However, it is further recommended that District Map 70 of the Zoning Ordinance be amended to show R2 classification where R1 classification is presently shown on both sides of West Chicago Avenue between Lauder and Prest Avenues.

Respectfully submitted,

GEO. F. EMERY,

Planning Director-Secretary.

By Councilman Van Antwerp:

And Whereas, The proposed amendment has been submitted to the Zoning Commission and said Commission has made a report thereon to this legislative body. Now, Therefore, Be It

Resolved, That this resolution be published for one issue in the Detroit Legal News, the official newspaper of the City of Detroit, together
