

The vacation of said portion of easement was previously approved by the City Plan Commission.

We wish to advise that our investigations are completed.

A proper provision is incorporated into the vacating resolution protecting the City's interests in the sewer located in the easement to be vacated.

All other City departments and privately owned utility companies reported that they will be unaffected by the vacation of the above-mentioned easement or that they have reached satisfactory agreements with the petitioner regarding their installations therein.

We recommend the adoption of the attached resolution.

Respectfully submitted,
GLENN C. RICHARDS,
Acting Commissioner.

Honorable Common Council:

Gentlemen—Your Committee of the Whole referred to this office for investigation and report the petition of the Department of Parks and Recreation for the vacation of a portion of the alley in the block bounded by Arlington, Mackay, Modern and Jerome Avenues, within the limits of a playground site. The vacation of said alley was approved by the City Plan Commission with the recommendation that land be provided for alley widening and dead-end alley turnaround.

We wish to advise that our investigations are completed.

As per our request, an interdepartmental purchase order was issued by the Department of Parks and Recreation in favor of the Public Lighting Commission, Fund Code No. 123-9400, in the amount of \$1,000.00 to cover costs of rerouting Public Lighting Commission facilities from the alley to be vacated.

A proper provision is incorporated into the vacating resolution protecting the City's interests in the sewer located in the alley to be vacated. The resolution also provides for the allocation of land for alley widening and turnaround purposes as per City Plan Commission's recommendation.

In reply to our inquiries, all other City departments reported that they will be unaffected by the vacation of the alley.

We recommend the adoption of the attached resolution.
