City Plan Commission

June 29, 1955.

Honorable Common Council:

Gentlemen—There is returned herewith the following petitions which have been referred to the City Plan Commission for investigation and report.

2435, 3377, 4650, 4998, 5150, 5308.

All of these petitions request that certain residential alleys in various sections of the City be converted into easements for public utilities only.

We have been unable to obtain the signatures of 100% of the owners in any of these cases but in every case we have signatures for more than two-thirds of the property abutting the alleys to be closed.

A field check was made of each

of the alleys concerned and a determination made as follows:

1. The alley does not serve as a means of ingress or egress to any of the garages on the abutting property.

2. The alley is not paved and apparently is used only for waste collections that could be made from the street.

3. Public utilities located in the alley can be properly serviced if it is converted to an easement.

The City Plan Commission believes that the closing of these alleys would be beneficial to the City as well as the property owners involved and therefore recommends that all of the petitions listed above be referred to the Corporation Counsel for processing through Circuit Court in accordance with the provisions of the State Plat Act as amended in 1953.

Respectfully submitted,

CHARLES A. BLESSING,

Director-Secretary.

By Councilman Smith:

Whereas, The Common Council has received the following petitions, praying that the alleys described therein be vacated, provided a public easement for public utility purposes be retained:

2435 — Ardmore, Eaton, Freeland, Lynden.

3377 — Ardmore, Freeland, Margareta, Pickford.

4650 — Florence, Littlefield, Snowden, Verne.

4998—Mound, Rowley, Rupert.

5150—Glenco, Thatcher.

5308 — Asbury Pk., Davison, Glendale, Mettetal.

And Whereas, each of the above petitions was signed by more than 2/3 of the property owners, whose property abuts on the alleys in question; and

Whereas, none of the above alleys serves as a means of ingress or egress to any of the garages on the abutting property; and

Whereas, the above alleys are unpaved and are only used for waste collections which could be made from the street, and

Whereas, The Common Council recognizes that alleys are all too frequently places of accumulated filth and dirt, are rodent infested, and are often places of concealment for criminals, all to the detriment of the public peace, health, safety and welfare of the people of the City of Detroit; now, therefore, be it

Resolved, That the Common Council considers it necessary, in the interests of the peace, health, safety and welfare of the citizens of the City of Detroit that the alleys described above be vacated, and be it further

Resolved, That the Corporation Counsel be and he is hereby directed to institute proceedings in the Circuit
