Detroit Aviation Commission

July 1, 1938

Honorable Common Council:
Gentlemen—The Detroit Aviation Commission respectfully petitions your Honorable Body that additional City owned land be made available for a heliport and for the expansion of our Detroit Sea Plane Base.

The Aviation Commission has under consideration ten heliport sites of which one is to be located at the Sea Plane Base.

The Sea Plane Base is located on the Detroit River at the foot of St. Jean Ave. in the City of Detroit. The additional land now requested is adjacent to the Sea Plane Base and is located at the Southwest corner of Freud and St. Jean Aves. and comprises approximately fourteen acres of land.

This property was formerly used by the Detroit Housing Commission on which was located a War time temporary housing project. This housing project has been demolished and the ground is now lying unused.

A preliminary conference was held recently with Mr. Blessing of the City Plan Commission and with Mr. Considine of the Parks and Recreation at which time we discussed in detail our need for enlarged aviation facilities for Detroit.

These gentlemen expressed a desire to cooperate with the Aviation Commission, the City Council and with their respective commissions in working out details necessary for the transfer of this property to the Detroit Aviation Commission.

May we therefore respectfully request that your Honorable Body authorize the transfer of this property to the Detroit Aviation Commission for the expansion of our Sea Plane Base and for the establishment of a much needed heliport.

Respectfully submitted,
W. O. WALKER,
Acting Airport Manager

City Plan Commission

June 13, 1938

Honorable Common Council:
Gentlemen—At the request of the Department of Public Works, the City Plan Commission has investigated the possibility of widening Trojan Avenue to a full width between Mansfield and Prevost Avenues.

This section of Trojan Avenue has a present width of approximately 30 feet and there is no doubt that it should be widened to an overall width of 60 feet to conform with the street right-of-way extending east and west of this location. The land necessary to complete the widening belongs to the Roman Catholic Archdiocese of Detroit and is part of the playfield connected with the school of the Immaculate Heart of Mary Parish. The City Plan Commission has contacted the Catholic Archdiocese relative to the dedication of a strip of land for this purpose. They have agreed and the Quit Claim Deed is attached.

It is therefore recommended that the deed be accepted upon approval of the City Engineer as to description and the Corporation Counsel as to form and execution. There is also attached a copy of our plan No. 1019-1, showing the dedicated strip of land.

Respectfully submitted,
FRANCIS P. BENNETT,
