Honorable Common Council:
Gentlemen—Contract PW-3117 is for the Paving of Concrete Sidewalks and Driveways in Group 108. J. J. Barney, Inc. is the Contractor. This Contract is on a unit price basis with estimated quantities of various items of work stated in the Proposal.

Since the award of this Contract on May 24, 1960, certain additional work has been requested by petitions, while certain other items of the original work is not now required. This additional work would increase the 6-inch driveways from the original estimated quantity of 9,100 square feet to 23,100 square feet. The original estimated quantity of 4-inch sidewalks would be decreased from 50,700 square feet to 38,800 square feet. The 8-inch driveways would also be decreased from the original estimated quantity of 1,200 square feet to none.

It is, therefore, recommended that the additional work be added as an extra to Contract PW-3117 in accordance with the Contract provisions for changes in the work. The net increase in the Contract price by reason of the changes in work is \$1,546.00. Funds are presently available to cover the increase in cost.

Respectfully submitted,
GLENN C. RICHARDS,
Commissioner.

Approved:
R. S. REASON,
Deputy Controller.
By Councilman Rogell:

Resolved, That the additional work described in the foregoing communication in the amount of \$1,546.00 be added as an extra to Contract PW-3117, Paving Concrete Sidewalks and Driveways in Group 108, and be it further

Resolved, That the Controller be and is hereby authorized and directed to honor vouchers when presented covering this additional work.

Honorable Common Council:
Gentlemen—We wish to advise that in carrying out the Neighborhood Betterment Plan in the Mack-Concord Conservation Project Michigan R-1, the Detroit Housing Commission has requested the vacation with the reservation of easements for public utilities of Canton and Garfield Avenues and certain alleys within the area known as "Garfield Park." The vacation with the reservation of easements of said streets and alleys was approved by the City Plan Commission with the recommendation that sufficient land be set aside for new alley outlets. The petition was then referred to this office by your Committee of the Whole for investigation and report.

We wish to advise that our investigations are completed. In reply to our inquiries, all City departments and privately owned utility companies reported that they will be unaffected by the vacation with reservation of easements of said streets and alleys provided proper provisions are incorporated into the vacating resolution protecting their interests in underground installations only located in the above-mentioned streets and alleys.

We recommend the adoption of the attached resolution.

Respectfully submitted,
GLENN C. RICHARDS,
Commissioner.

Approved:
WALTER E. VASHAK,
Acting Corporation Counsel.
