Honorable Common Council:

Gentlemen—We are returning herewith the petition of the Firestone Tire and Rubber Company, No. 6226, requesting the vacation of certain alleys in the block bounded by Twelfth Street, Michigan Avenue,

Eleventh Street and Church Street. The vacation of said alleys was approved by the City Plan Commission with the recommendation that sufficient land be dedicated for a new alley outlet into Eleventh Street. The petition was then referred to this office by your Committee of the Whole for investigation and report.

We wish to advise that our investigations are completed

As per our directive, the petitioner paid into the City Treasury, the sum of \$113.28, Receipt No. A-37055, credited to the Public Works Street Maintenance Fund Code No. 143-6241, said amount being the original cost of paving the west one-half of Eleventh Street at the intersection of the alley to be vacated

The petitioner also deposited with the Permit Division of the Department of Public Works, the sum of \$1,933.00, Receipt No. GR-10684, said amount being the estimated cost of removing a paved alley return, constructing a new concrete alley return, and stoning and grading the newly deeded alley.

Proper provisions are incorporated into the vacating resolution protecting the City's interest in the sewer located in the alley to be vacated.

We are in receipt of a Deed from the Firestone Tire and Rubber Company to the City of Detroit deeding land for alley purposes. Said deed was approved as to form and execution by the Corporation Counsel and as to description by the City Engineer and is attached for your Honorable Body's acceptance.

All other City departments and privately owned utility companies reported that they will be unaffected by the vacation of said alleys or that they have reached satisfactory agreements with the petitioner regarding their installations therein.

We recommend the adoption of the attached resolution.

Respectfully submitted,
GLENN C. RICHARDS,
Commissioner.

Honorable Common Council:

Gentlemen—Your Honorable Body, on February 4, 1964, J.C.C. Page 208, accepted Contract PW-4603 for the Concrete Paving of Fenelon from Hilldale to East Seven Mile Road. This acceptance was based upon a final adjusted contract price of \$21,481.93. Inadvertently an omission of quantities occurred on this project that now must be corrected.

The paving of Fenelon-Robinwood intersection and the alley returns were designed as part of the project and were constructed as part of the project as indicated on the paving contract drawings. However, the pavement area was inadvertently omitted from the contract proposal.

The cost of this paving is \$1,346.95 and is to be added to the City portion of the contract. There is no change in the assessment portion and no change in the assessment is required. The corrected adjusted contract price is \$22,828.88.

It is requested that the necessary corrections be made.

Respectfully submitted,

GLENN C. RICHARDS,
 Commissioner.
