Honorable Common Council:

Gentlemen—Returning herewith petition of the Fifth Estate (No. 2011), requesting permission to place five newsstands at designated locations in the City of Detroit.

Petition No. 761, was denied by your Honorable Body on April 26, 1966, because of lack of cooperation of petitioner to answer certain questions of the Department in accordance with the City Ordinances regulating this use.

We have again attempted to contact the petitioner in person, and in writing for the needed information, and have again met with failure. We have checked and find that petitioner has already placed newsstands on public property without permission.

We, therefore, recommend that this petition be denied, and the Department be directed to remove four stands chained to various utility poles.

Respectfully submitted,

ROBERT E. TOOHEY,
Commissioner.

By Councilman Connor:

Resolved, That petition of the Fifth Estate to place five newsstands at designated locations in the City of Detroit be and the same is hereby denied, and further

Resolved, That the Department of Public Works be and it is hereby directed to remove four stands chained to various utility poles in accordance with the foregoing communication.

Honorable Common Council:

Gentlemen—In response to published advertisements, two bids were received for the Vehicle Scale—Western Yard, Contract PW-5728A. A tabulation of the bids received is attached.

The bids were taken on an evaluated basis, providing that the successful bidder would later enter into a three-year maintenance contract with the Department of Purchases and Supplies. The low bid, submitted by Fairbanks Morse, Inc. for the construction of the scale, in the amount of \$16,100, is regular in all respects and in accordance with the contract requirements. This firm has agreed to later enter into the maintenance contract at a total additional cost of \$2,610, based on the rate of \$145 for each of the 18 bi-monthly periods.

It is therefore recommended that the construction contract be awarded to this firm at the base bid of \$16,100.

It is estimated that approximately \$17,600 will be required to cover the cost of the contract, as well as advertising, inspection, and minor con-
