Honorable Common Council:  
Re: Petition No. 2971, City of Detroit  
Board of Education; Vacation of  
Alley bounded by Otsego, Petoskey, Dumbarton and Grand River

Gentlemen—The above petition requests the vacation of the north-south public alley, 20 feet wide, south of Otsego between Petoskey and Dumbarton. The requested vacation was approved by the City Plan Commission with the recommendation that sufficient land be dedicated for a new alley outlet into Petoskey Avenue.

The petition was then referred to us for investigation and report. Our report, accompanied by the original petition, is as follows:

The petitioner has made the following interdepartmental purchase orders with the City Treasurer, which have been credited to the departments and accounts named, for the purposes indicated: Fire Department, Purchase Order No. 93029, for the

relocation of one fire hydrant from the entrance of the proposed new alley outlet; Public Lighting Commission, Purchase Order No. 93030, for the relocation of poles, lighting standards and overhead standards; Department of Public Works' Street Maintenance Division, Fund No. 143-6241, Purchase Order No. 93032, for the paving of the newly-deeded alley and construction of new alley return; Street Maintenance Division, Purchase Order No. 93031 in the amount of \$252.42 for the original cost of paving the south one-half of Otsego Avenue at the intersection of Otsego Avenue and the alley to be vacated.

The petitioner has also requested that the paved return at the entrance to Otsego Avenue remain in its present status as the petitioner plans to utilize same and had agreed by letter filed with the original petition to pay all costs incidental to the removal of same whenever the discontinuance of use makes such removal necessary.

A Quit Claim Deed has been received from the petitioner, deeding to the City of Detroit, land for the new alley outlet into Petoskey Avenue. This deed was approved as to form and execution by the Corporation Counsel and as to description by the City Engineer, and is attached for your Honorable Body's acceptance.

Proper provisions are incorporated into the vacating resolution protecting the City's interest in sewers located in the public right-of-way to be vacated.

All other involved City departments and privately-owned utility companies reported that they have no objection to the proposed vacation or that they have reached satisfactory agreements with the petitioner regarding their installations therein.

The adoption of the attached resolution is recommended.

Respectfully submitted,

ROBERT E. TOOHEY  
Commissioner
