

Our estimated construction cost for Change Order No. 1 was \$34,000.00; the J. A. Marble Company bid price is \$33,747.00. Presently, the J. A. Marble Company has completed 30 percent of the total installation, and two of the four coal-fired boilers will be converted to gasfiring before November 30, 1972; but without the equipment in Change Order No. 1, the total conversion will only be minimal and the process of awarding another contract is very lengthy.

The Detroit Housing Commission approved awarding the additional work, as specified in Change Order No. 1, to the J. A. Marble Company on June 8, 1972; therefore, to expeditiously process Change Order No. 1 and permit the contractor to immediately order the additional equipment, we are requesting a waiver of reconsideration and your Honorable Body's approval of Change Order No. 1 to Contract No. 988.

Respectfully submitted,
HAROLD R. VARNER,
 Director-Secretary.

Honorable Common Council:
 Re: Contract PL-45; Outdoor Addition - Mistersky Power Plant; Award of Contract.

Gentlemen — In response to published advertisements, four bids were received on September 19, 1972, by the City Engineer's Office, for the Outdoor Addition - Mistersky Power Plant, Contract PL-45. A tabulation of the bids is attached.

The low bid is regular in all respects and in accordance with the Contract requirements. It is the recommendation of the City Engineer,

with which we concur, that the Contract be awarded to the low bidder, Joba Construction Co., Inc., in the amount of \$111,911.

It is estimated that \$136,000 will be required, which will include the cost of advertising, inspection, design engineering, and possible minor contingencies, in addition to the Contract price. Funds are available in Account 195-9610-920.

Department of Public Works
 October 19, 1972

Honorable Common Council:
 Re: Petition No. 3743, Detroit Housing Commission, Alley Vacations and Street Dedications Milwaukee Junction Project No. 2.

Gentlemen — We wish to advise that in carrying out the development plan for the area known as the Milwaukee Junction Project No. 2, which is being undertaken by the City pursuant to Act 344 of the Public Acts of 1945 as amended, the Detroit Housing Commission has requested that certain alleys be vacated and new alley outlets dedicated; also a property dedication for the future widening of Russell Street.

The Detroit Edison Company has replied that they have facilities that will have to be removed. They have submitted an estimated cost of \$2,176.00 to perform this work.

The Michigan Bell Telephone Company has replied that they have facilities that will have to be removed. They have submitted an

estimated cost of \$2,486.00 to perform this work.

A recent Supreme Court decision requires that the private utility companies be compensated for alteration to their facilities in Urban Renewal areas.

The petitioner has requested that the paved returns at the entrance to the alleys to be vacated remain in their present status as the petitioner plans to utilize same, and has agreed to pay all costs incidental to the removal of same whenever the discontinuance of use makes such removal necessary.

Proper provisions are incorporated into the vacating resolution protecting the City's interest in sewers located or to be located in the public right - of - ways to be vacated.

All other involved City departments and privately owned utility companies reported that they have no objection to the proposed vacation or that they have reached satisfactory agreements with the petitioner regarding their installations therein.

An appropriate resolution is attached for consideration by your Honorable Body.

Respectfully submitted,
CLARENCE C. RUSSELL,
Commissioner

By Councilman Rogell:

Whereas, the City of Detroit is undertaking the rehabilitation of the area known as Milwaukee Junction Project No. 2 pursuant to Act 344 of the Public Acts of 1945, as amended, and

Whereas, In order to carry out the development plan for this project it is necessary to vacate certain alleys and to dedicate land necessary for the future widening of Russell Street; therefore be it

Resolved, That all that part of the north-south public alley, 18.6 feet wide, in the block bounded by Russell, Riopelle, Kirby, and Ferry abutting the southerly line of Ferry Avenue, 60 feet wide, and abutting a line 165.58 feet south of and parallel to said south line of Ferry all inclusive of Kanady's Subdivision of Outlot 6 Guoin Farm, City of Detroit, Wayne County, Michigan, as recorded in Liber 4, Page 1, Plats, Wayne County records,

Be and the same is hereby vacated as a public alley to become a part and parcel of the abutting property; and be it further

Resolved, That all that part of the north-south public alley in the block bounded by Russell, Riopelle, Kirby, and Ferry abutting the north line of Kirby Avenue, 60 feet wide, and the southerly line of the east-west public alley, 20 feet wide, in the same block; also
