

mission to negotiate and enter into personal service contracts with four legal advisor interns.

On June 27, 1973 the L.E.A.A., through the Michigan State Office of Criminal Justice Programs, awarded a \$15,120 grant entitled Police Legal Advisor Intern to the Detroit Police Department. The Federal share of the program is \$13,340 and the State of Michigan share is \$1,390. The City of Detroit is required to match the program with \$390 in cash and \$5,680 in personnel time.

This grant is a third-year continuation of an existing program within the Police Department. The purpose of the grant is to hire four advanced law students in the Legal Advisor Section and, while utilizing their talents as law clerks, to train them as future police legal advisors.

It is requested that your Honorable Body accept this L.E.A.A. grant and authorize the Controller to transfer \$390 from the Field Services Salary Account, 118-1005-111, to the Grant Account, 118-8700-681, in accordance with the requirements of this grant. Waiver of reconsideration is also requested so that the program may be implemented as soon as possible.

Further, permission is hereby requested to negotiate and enter into personal service contracts with four Legal Advisor Interns. The term of their employment will be from July 1, 1973 through June 30, 1974.

Honorable Common Council:

Re: Petition No. 5805

SOS Consolidated, Inc.

Conversion to Easement of Anthon Avenue, east of Junction and the north-south alley east of Junction south of Anthon.

The above petition requests the conversion of the above described street and alley into an easement for public utilities. The requested conversion into easement for public utilities was approved by the City Plan Commission with the recommendation that sufficient land be dedicated for a new alley outlet into Morrell Avenue. The petition was then referred to us for investigation and report. Our report, accompanied by the original petition, is as follows:

The petitioner has made the following deposit with the City Treasurer, which has been credited to the department and account named, for the purpose indicated:

DPW Intersection Fund 143-6241, Receipt No. A-455, \$201.00. For the original cost of paving Junction Avenue at the intersection with Anthon Avenue to be vacated.

The petitioner has also requested that the paved return at the entrance to Anthon Avenue remain in its present status as the petitioner plans to utilize same, and has agreed by letter filed with the original petition to pay all costs incidental to the removal of same whenever the discontinuance of use makes such removal necessary.

A Warranty Deed has been received from the petitioner, deeding to the City of Detroit, land for the new alley outlet into Morrell Avenue. This deed was approved as to form and execution by the Corporation Counsel and as to description by the City Engineer, and is attached for your Honorable Body's acceptance.

The petitioner has requested that the paving in concrete of the new alley return and the grading and stoning of the newly dedicated alley be done by private contract. The Department of Public Works has no objection as long as the work is done under City permit and inspection and according to Department of Public Works specification with the entire cost being borne by the petitioner.

All other involved City departments and privately-owned utility companies reported that they have no objections to the conversions of public right-of-ways into easements provided that proper provisions are incorporated into the vacating resolution protecting their installations located therein.

The adoption of the attached resolution is recommended.

Honorable Common Council:

Re: Cancellation of Assessment for Cost of Cleaning Private Lots.

The Department of Public Works recommends cancellation of the following items from Assessment Rolls. These rolls were prepared after the weed cutting bill had been submitted to the known owner and the bills were unpaid after 60 days (per Ord. 397G and 398G). We have been informed by the City Treasurer's Office that all of the following billings to the owners have been paid. We therefore recommend that the following assessments be cancelled.
