Honorable City Council:  
Re: Washington Boulevard Trolley  
To construct the Washington Boulevard Trolley, it will be necessary to use Federally owned property located on the east side of Washington Boulevard between Lafayette Boulevard and Fort Street. It is therefore, necessary for the City to secure a license from the Federal Government for the use of this property.

To grant a license, the Federal Government requires that the City assume all costs incidental to the project and restore and repair Federally owned property upon abandonment or cancellation of the project. Also the City must agree to hold harmless the Federal Government and indemnify it against all liabilities resulting from the trolley line on the Federal property.

To accomplish these purposes the adoption of the attached resolution is recommended.

Respectfully submitted,  
**JOHN P. KANTERS**  
Director

By Council Member Eberhard:

Whereas, The City of Detroit desires to construct a trolley line on the east side of Washington Boulevard which requires the use of property owned by the United States of America, General Services Administration, and;

Whereas, The City of Detroit desires to obtain a license to use such property; and

Now Therefore, be it resolved, that the City of Detroit enter into an agreement with the United States of America to use:

Land in the City of Detroit, Wayne County, Michigan, being the west 30 feet of Lots 6 and 7, lying easterly of and adjacent to Washington Boulevard, 50 feet wide, formerly known as Wayne Street, 50 feet wide, between Fort Street, 100 feet wide, and Lafayette Boulevard West, 80 feet wide, in the "Map of a tract of land granted by an Act of Congress approved May 20, 1826, to the City of Detroit and the same has been divided into lots and numbered by order of the Common Council of said City by J. Mullett, Surveyor, June, 1831, reduced from said Mullett Plat by John Farmer to a scale of 200 feet to an inch December, 1831" as recorded in Liber 5, Page 218, City Records. Said parcel contains 7,500 square feet or 0.1722 acres, more or less, for the construction, operation and maintenance of a trolley line, and
