Honorable City Council:

The development plan for the Milwaukee Junction Project No. 2 made provision for the widening of Russell Street from Farnsworth Avenue to Ferry Avenue. On October 31, 1972, J.C.C. Pg. 2719-21, your Honorable Body set aside for street purposes the westerly 20 feet of the land between the above mentioned streets.

The section of Russell between Warren Avenue and Farnsworth Avenue (as platted) was not widened at that time. This portion of the street extends through the property acquired for the Department of Transportation Administrative Offices and garage facilities.

The Public Lighting Department, in order to properly service the new DOT Maintenance Facility and the new Detroit General Hospital, is preparing to construct a duct run in the widened portion of Russell Street from Warren to Kirby. Provision for this installation and for the widening of Russell from Warren to Farnsworth has been arranged by DOT in their development.

An appropriate resolution setting the additional land for the widening aside is attached for your consideration.

Respectfully submitted,
JAMES W. WATTS,
Director

Re: Petition 7091 — General Motors Corporation, Vacation of F Street west of Vinewood.

The above petition of General Motors requested the vacation of all streets and alleys in the area bounded by the Penn Central Railroad, Greenspan, Hubbard, and Vinewood.

On March 12, 1975 (J.C.C. Pages 476-77), your Honorable Body granted the vacation of all of the streets and alleys requested with the exception of F Street between the Penn Central Railroad Right of Way and Vinewood Avenue. General Motors, at that time, did not own all of the property on the north side of F Street. They now own all of the property, and the remaining portion of the petition can be completed.

All City departments and privately owned utility companies have replied that they have no objection to the vacation, or that they have reached satisfactory agreements with the petitioner.

The adoption of the attached resolution is recommended.

Respectfully submitted,
JAMES W. WATTS,
Director

Honorable City Council:

Re: Substance Abuse Grant — Prevention Project.

The City of Detroit has been offered a grant in the amount of \$35,130 by the Attorney General of Michigan Public Health Trust for the period ending March 31, 1978. The grant will provide for epidemiologic field teams which will attempt to slow the spread of addiction by bringing into treatment persons in the process of becoming addicts.

Working under the supervision of a professional treatment specialist, the field teams will identify and contact active addicts and experimenters. They will obtain needed data, encourage entry into treatment and conduct follow-up interviews.

The above services will be provided through a contractual arrangement with an existing community organization, Kirwood Hospital, which is active in the treatment of substance abusers.

May we therefore request that your Honorable Body approve the acceptance of this grant in the amount of \$35,130 from the Attorney General of Michigan Public Health Trust for period ending March 31, 1978 for the purposes outlined above.

Re: Reimbursement to Luigi A. Miele-Employee Public Lighting Dept. for Loss of Personal Property.

We are attaching a list submitted by Luigi A. Miele of personal tools which were stolen from City Code No. 75 6673 assigned to him. The theft occurred on the night of December 29, 1976 while it was parked in the driveway at his home. He places the time between 8:00 P.M. and 11:00 P.M. Snow started falling around 11:00 P.M., but there were no footprints around the truck when Mr. Miele entered it at 7:00 A.M. to go to work. Entry had been gained through the window vent which had been forced open.

Mr. Miele is requesting that he be reimbursed for these personal tools in the amount of \$125.75.
