Honorable City Council:

Re: Petition No. 5176. D. L. Griffis, et al. Conversion to Easement of a portion of the east-west alley in the block bounded by Canton, Helen, Jefferson and Larned.

The above petition requests the conversion of the above described alley; 15 feet wide, into an easement for public utilities. The requested conversion into easement for public utilities was approved by the Community and Economic Development Department, with the recommendation that sufficient land be dedicated for a new alley outlet into Larned. The petition was then referred to us for investigation and report. Our report, accompanied by the original petition is as follows:

The petitioner has made the following deposit with the City Treasurer, which has been credited to the department and account named, for the purpose indicated:

EPMD - Intersection Fund. Receipt No. A 15622 \$95.00 for the original cost of paving Helen Avenue at the intersection of the alley to be vacated. The petitioner has also requested that the paved return at the entrance to the alley to be vacated remain in its present status as the petitioner plans to utilize same, and has agreed by letter filed with the original petition to pay all costs incidental to the removal of same whenever the discontinuance of use makes such removal necessary.

A Warranty Deed has been received from the petitioner, deeding to the City of Detroit, land for the new alley outlet into Larned. This deed was approved as to form and execution by the Law Department and as to description by the City Engineer, and is attached for your Honorable Body's acceptance.

The petitioner has requested that the construction of a new concrete alley return and grading and stoning

of the new alley be done by private contract. The Environmental Protection and Maintenance Department has no objection provided the work is done under City permit and inspection and according to Environmental Protection and Maintenance Department specifications with the entire cost borne by the petitioner.

All other involved City departments and privately-owned utility companies reported that they have no objections to the conversions of public right-of-way into easement provided that proper provisions are incorporated into the vacating resolution protecting their installations located therein.

The adoption of the attached resolution is recommended.

Respectfully submitted,
LOUIS W. KLEI

Housing Department

December 8, 1978

Honorable City Council:

Re: "Across the Park" Housing for the Elderly.

The Department of Housing and Urban Development has allocated the Detroit Housing Department 200 units of housing to be assisted under Section 8 of the Housing Assistance Payments Program - New Construction. Under this Program, the Housing Department was required to advertise for proposals for construction of the allocated units and upon approval of the Developer's proposal by the Department of Housing and Urban Development, the Housing Department was authorized to enter into a Section 8 Agreement with the Developer. Robert Knox and Associates, having submitted a proposal for the construction of 200 units of elderly housing to be constructed at Visger and Annabelle in Southwest Detroit, has been approved by the Department of Housing and Urban Development to participate in the Housing Assistance Payments Program.

The involvement of the Detroit Housing Department is limited to concurrence in the selection of the Developer and acting as the parent entity through which the funds provided under the terms of the Annual Contributions Contract are disbursed to the Developer upon completion of the Project.

In order for the proposed Developer, Robert Knox and Associates, to commence construction he must secure the necessary financing via the sale of Revenue Bonds. City Council approval of the attached Resolution, necessary to obtain the financing required to commence construction of "Across the Park", 200 units of Housing for the Elderly to be assisted under Section 8 of the Housing Assistance Payments Program is respectfully re-

quested. A waiver of reconsideration is additionally requested.
