Honorable City Council:

Re: Community and Economic Development Victoria Park Housing Development — Phase Two Streets and Alleys to Vacation in the area bounded by Coplin, Lakewood, Averhill and Freud.

It is advantageous to the city to create a "plat" of Victoria Park. The present residential housing site is (generally) bounded by Dickerson, Lakewood, Averhill and Freud.

A resolution vacating public streets and alleys in Victoria Park Housing Development — Phase One was adopted by City Council on July 31, 1991 (J.C.C. pages 1744-50). To facilitate a "plat" it is necessary to vacate public streets and alleys in "Phase Two." Phase Two is (generally) bounded by Coplin, Lakewood, Averhill and Freud.

All of the public street alignments and various easements are delineated on the proposed Victoria Park/Detroit Subdivision.

Satisfactory arrangements have been made with all city departments and privately-owned utility companies.

An appropriate resolution is attached

for consideration by your Honorable Body.

Respectfully submitted,
WILLIAM L. TALLEY
Head Engineer

By Council Member Cockrel:

Honorable City Council:

Re: City of Detroit v. Michigan Department of Commerce, et al. Case No. 93-314364-CH.

This office has reviewed the litigation referenced above, the facts and particulars of which are set forth in the case memorandum. From this review, it is our considered opinion that settlement of the litigation by means of entry of a consent judgment is in the best interests of the City of Detroit.

There is no exchange of monetary consideration as part of the settlement. The effect of the settlement is to approve the vacation and revision of the plats comprising the Victoria Park-Detroit Subdivision. The Victoria Park development area is being replatted by the City of Detroit Community & Economic Development Department to eliminate confusing and complicated legal descriptions.

The proposed plat has been reviewed and approved by the appropriate City departments as set forth in the Detroit City Code. In addition, the plat has been reviewed and approved by the staff of the City Planning Commission as being consistent with the site plans already reviewed and adopted for the Victoria
