Department of Police

March 12, 1998

Honorable City Council:
Re: Sponsorship of Hemp Tea Study.
As your Honorable Body is aware, the Police Department is engaged in a major drug testing program designed to identify Officers who might be abusing illegal drugs. The Department is often faced with creative defenses put forth by Officers when they have tested positive for cannabinoid metabolites in the course of drug testing. One of the most recent is the claim that they have merely been drinking hemp tea, which is a legal beverage.

It is our belief that it is not possible for the residue of hemp tea to mimic the effects of smoking marijuana, but scientific evidence is lacking. Wayne State University Medical School has offered to participate with the Detroit Police Department in a co-sponsored scientific study of this hypothesis. When complete, the results of this study will provide us with a solid rebuttal to this defense and strengthen our drug-testing program substantially.

The Department's cost to participate in this study would be \$4,000, which appears reasonable under the circumstances. In order to make this payment, the approval of your Honorable Body is required. A resolution to allow such a payment has been drafted and is attached. Your approval is recommended.

Respectfully submitted,

Honorable City Council:
Re: Petition No. 3027. Economic Development Corporation Eastside Indus-

trial Revitalization Project Street and Alley Vacations and Dedications west of the new Chrysler Engine Plant, and east of St. Jean, between Mack and Warren.

Petition No. 3027 of "Economic Development Corporation" requests the vacation of public streets and alleys to accomplish the "Project Plan" for the "Eastside Industrial Revitalization Project"; also dedications for the widening of St. Jean Avenue. Generally, the "Project" area is east of St. Jean Avenue between Mack and Warren Avenues.

April 1, 1996 (J.C.C. pages 711-12) City Council approved the "Project Plan" for "Eastside Industrial Revitalization Project". July 31, 1996 (J.C.C. pages 1731-40) City Council approved the "Land Transfer and Funding Agreement" between the Economic Development Corporation and the City of Detroit for "Eastside Industrial Revitalization Project".

Arrangements with all city departments and privately owned utility companies are complete. Provisions protecting certain utility installations are part of the resolution. The Economic Development Corporation will process billings for the "Project" in conjunction with the Law Department.

I am recommending adoption of the attached resolution.

Respectfully submitted,
 SUNDAY JAIYESIMI
 City Engineer

36th District Court/State of Michigan

February 13, 1998

Honorable City Council:

Re: Transfer of Funds.

A recent review of 36th District Court appropriations indicate a transfer of funds is necessary to finance a deficit and to provide additional funds for the operation of juror services for 36th District Court. The additional funds will provide services through the end of the fiscal year, June 30, 1998.

The deficit is occurring primarily due to changes in the procedures whereby jurors are processed that occurred under the Court Reorganization enacted by PA 374 of 1996.

Your Honorable Body is requested to authorize a transfer of funds to cover the deficit and fund the appropriation through June 30, 1998 based on the attached resolution.

A Waiver of Reconsideration is requested.

Respectfully submitted,
 JOSEPH N. BALTIMORE
 Chief Judge
