Gentlemen—In the processing of the retroactive social security taxes under the Federal Insurance Contributions Act (F.I.C.A.) for the year 1955 will require the key punching of approximately 30,000 tabulating cards so as to incorporate the earnings on a quarterly basis. The central payroll division, Controller's office, does not have the personnel or machine time to complete this work within the limited time at our disposal. It is therefore the recommendation of this office that Controller be authorized to have this work performed by the service bureau, International Business Machine Corporation, (I.B.M.) on the basis of twenty-five dollars (\$25.00) per thousand cards, each card to include the full year's F.I.C.A. record.

The transfer of \$750.00 to cover the estimated cost is included in the attached resolution which is presented for your consideration and approval.

Respectfully submitted,

E. P. RIEHL, Deputy Controller.
